

Town Pays Tribute To Its War Dead

Honors 73 Dead Of World War II And Those Who Gave Lives In Past Conflicts

Belleville paid tribute yesterday on Memorial Day, to those who have made the supreme sacrifice in defense of their country in this and past wars.

While civic organizations joined forces in a parade to visit the cemeteries where graves were decorated for servicemen who gave their lives in other wars, an impressive ceremony at the North Belleville Honor roll on Union avenue typified the town's tribute to those who have died in defense of this country's democratic ideals against the onslaught of Nazi and Jap oppression.

A service held at Grace Baptist church on Sunday morning also commemorated the four soldiers, members of the church, who have died in action.

Seventy-three Belleville boys have laid down their lives in this conflict. Of the total of 248 casualties reported, 107 have been wounded, thirty have been taken prisoners, fourteen have been reported missing and seven have died while not in combat.

At the Honor Roll dedicated on November 12 of last year and which lists about fifteen gold stars in a roster of 1,200 names, the Rev. O. Bell Close gave the invocation at the ceremony held yesterday at 2 o'clock.

Fifty members of the State Guard were present and officiated at the flag raising ceremony. The Rev. Joseph M. Kelly gave the address which was followed by a symbolic wreath placed at the foot of the honor roll by representatives of the Boy and Girl Scouts.

This was followed by a formation of the State Guard and benediction by Rabbi Herman Schwartz. The committee in charge of the service was composed of Fred Handlon, Robert M. Hayes and Joseph Stein.

Service at Grace

An appropriate memorial service on Sunday morning at the Grace Baptist church, gave tribute to the town's war dead.

The choir, gowned in their robes, rendered "Sun Of My Soul," an anthem directed by Mrs. Ruth Chesley.

Four members of the service committee, gowned in choir robes, read short biographies of the boys to whom tribute was paid. Miss Marguerite Crippen read Donald Hartley, who was Seaman 1/c with the U.S.N.R. Mrs. Naomi Miller, read the biography of her nephew, Pfc Albert E. Pole who enlisted with the U.S.M.R.

Miss Ruth McLaughlin read a similar tribute to Pfc. William Thetford who was with U. S. Army and Miss Flora Longcore also gave a reading about the late William White who was Q.M. 3/c with the U.S.N.R.

This was a prelude to the Rev. Marshall Whitehead's message. He spoke of the "Great Emancipator" and repeated the "Lincoln's Gettysburg Address." Following the message the congregation stood in silent prayer. The closing hymn was "America."

The service was attended by many parents of soldiers. There were also a good number of service men and women present.

Miss Helen Colehamer and Miss Nan Chesley ushered. Rev. Whitehead and Miss Colehamer, who are chairmen of the service committee, planned the program.

Award To Schools For Bond and Stamp Sales

FIRST OFFICIAL CITATION to be awarded to any schools in Essex, Morris and Sussex counties by the War Finance committee in recognition for their outstanding work in the sale of war bonds and stamps was made this week to Belleville schools by Frank J. McFadden, executive vice-president of the First National bank and vice-chairman of the War Finance committee. Wayne R. Parmer, superintendent of schools received the citation for the public schools and the Rev. Joseph Kelly, for St. Peter's parochial school.

Schools Get First Citations Awarded For Bond Sales

Given By War Finance Committee as Town Reaches 36% of Drive Quota

Official citations were awarded this week by the War Finance committee to Belleville public and parochial schools in recognition of their outstanding work in the sale of war bonds and stamps. Since the schools inaugurated the bond and stamp selling program through the pupils, they have accounted for sales aggregating more than \$800,000. They expect that their efforts in the Seventh War Loan drive will result in total sales greater than in any of the preceding drives.

The award was made this week as it was learned that the town has now reached 36 percent of its quota in the present drive with sales totaling \$502,072 in E bonds and an over-all figure of \$909,178. This is ahead of the state and county percentages. The local quotas are \$1,400,000 in E bonds and \$4,000,000 overall, a 75 percent increase over the Sixth War Loan. Philip Dettelbach, drive chairman, has stated.

The certificates to the schools were presented by Frank J. McFadden, executive vice-president of the First National Bank, Superintendent of Schools Wayne R. Parmer accepted the award for the public schools while the citation for St. Peter's school was presented to Rev. Joseph Kelly.

First In Three Counties

The Belleville citations are the first that have been awarded to schools by the Banking and Investment Division of the War Finance Committee of Essex, Morris and Sussex counties. McFadden is a vice chairman of that organization. W. Paul Stillman, president of the National State Bank, Newark, is chairman, while the executive vice chairman is Russell W. Lynn, manager-examiner of the Newark Clearing House Association.

A. M. Pico Holds Silver Star, Is Promoted to Major's Rank

Reported Instances of Courage And Leadership Told In Citation

Mrs. Arthur M. Pico of Montclair yesterday reported her husband's promotion to the rank of Major in Austria on May 1. Major Pico's parents are Mr. and Mrs. John Pico of 93 Heckel street who have four other sons in service.

Mrs. Pico has also just learned of the circumstances surrounding the awarding to Major Pico of the Silver Star in January. The citation read, "for gallantry in action against the enemy in Eastern France from October 24, 1944 to December 4, 1944." Major Pico went overseas in September last year.

His "conspicuous leadership, personal bravery and invulnerable fighting spirit" were cited as a "continuing source of inspiration to the men of his company. Further, 'On November 17, 1944 while in command of his own unit and attached, he led an attack the success of which was largely due to his fearless and inspired leadership.'"

On two other occasions when he suffered relatively minor wounds he refused evacuation and continued to lead his company on December 4, 1944. Major Pico was wounded in the leg by artillery fire; although hardly able to walk he refused aid until he made sure that all the other wounded had been treated.

Service for Sgt. Rankin Sunday; 2nd Lieut. Noto, Cpl. Guzik Lose Their Lives

Rev. Oliver W. Chapin will conduct a memorial service Sunday afternoon in Montgomery Presbyterian church for Sgt. Frank Rankin, son of Mr. and Mrs. Frank Rankin of 18 Hornblower avenue who was killed in France March 6.

A letter from the War department has informed the Rankins and Sgt. Rankin's wife that he was lost in a plane crash at the conclusion of his seventeenth mission as an engineer-gunner when his plane was separated from the squadron in a haze and is believed to have crashed against a hill.

He was buried with military honors in Henri Chapelle cemetery in Herze, Belgium. The Air medal has been received by his family who have also been notified that two oak leaf clusters and the Purple Heart decoration will be forwarded to them. Sgt. Rankin was killed exactly two years from the day he entered the Air corps.

His wife is the former Miss Ann Apito of Bloomfield who makes her home with her parents-in-law. The couple's daughter, Gail Catherine, was born nine days before her father was killed in action.

Word of two more soldiers killed in action has been received this week by their families. 2nd Lieut. Anthony Noto, 26, son of Mr. and Mrs. Vito Noto of 40 Frederick street, was killed April 28 en route to Rome for a furlough after having completed his thirty-fifth mission.

A navigator on a B-24, he was a passenger on a plane which, encountering dense fog, crashed into a mountain. All of the passengers and crew were killed and Lieut. Noto, according to Chaplain Allen Flohr of the 459th Bomb Group of which he was a member, was buried in an American military cemetery.

Trained Police Reserves

"In addition to my duties as head of the Traffic department, Mayor Williams, as chairman of the Defense committee, appointed me to that committee to instruct the civilian police, which duties I performed in addition to my regular duties for a period of over one year from 1942 to 1945, with the result that the town can now call upon an auxiliary police force which is well trained and of which it can well be proud."

"In addition to the regular duties of the department, approximately 100 men are being trained as police reserves."

Jr. Achievement Plans For More Rapid Expansion

Joint Sponsorship, Simultaneous Operations at Headquarters Streamline Set-up

Expansion of Junior Achievement in Belleville was given new impetus Thursday evening at a meeting of the Central Committee at Resistoflex corporation when G. Crosby Hiss, new committee chairman, participated in a discussion which resulted in the adoption of a new form of sponsorship for the program.

Containing that additional sponsors and advisors could not be acquired as rapidly as new companies can be put to work in headquarters at 210 Belleville avenue, Mr. Hiss sought a solution from the committee members present who included Edgar Central Committee at Resistoflex corporation, Siegfried Hart Laboratories, Richard Thompson of Eastwood Nealley Corporation, Rev. Oliver Chapin of Montgomery Presbyterian church, J. Claude Powers and William Outcalt, shop supervisors, and David Gossweiler of State Junior Achievement headquarters in Newark.

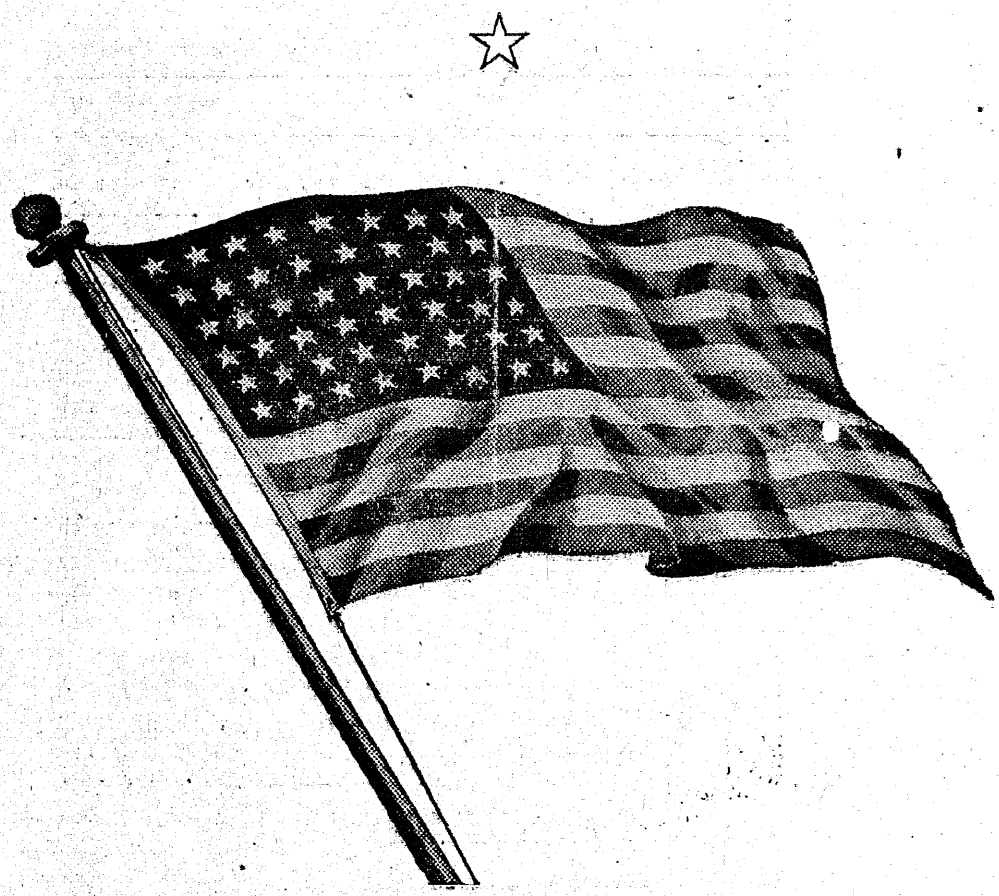

When the project was housed at 562 Washington avenue each of Belleville's five young companies occupied the building one evening a week and with its individual sponsors carried on a miniature manufacturing. Production of some article for wholesale distribution, such as wall plaques or window boxes, or fulfillment of a subcontract for a local industry, went on in the capacity of financial or sales coordinators. A production, however, will be essential for each young company.

Community House

Continued from page one

Nina Robertson in 1932 and found seven organizations in existence. In one of her recent pre-war reports Mrs. Herkins pointed to forty clubs and groups meeting in the house: a men's group, two mothers' groups, Girl and Boy scouts; an aggregation of thirty children from three to five years of age and many intermediate girls and boys clubs. The baby clinic then, and now, operates under the supervision of the Belleville health department.

The fact that practically every organization within the Community House has been operated as a club with members conducting activities under some degree of Parliamentary rules has been pointed to as the feature which has transferred to their individual lives a sense of fitness and restraint. This in turn has favorably altered the aspect of the community.

Looked On As Club House

Mrs. Herkins says, "The house is looked upon by most of the population not as a social welfare or charitable institution," but rather as a club house in which the boys and girls feel pride in membership."

Summer programs, too, are adapted to train and discipline children for better man and womanhood. Athletic contests, soft ball and volley ball; hikes, tournaments, campfires and dramatic productions are featured. The grounds are supervised from 9:30 to 5:30 daily.

Evenings affairs in the house are often co-educational. Music and dancing is provided for the young people. Throughout the winter season a regular assistant helps Mrs. Herkins with girls' programs of sewing, cooking, handwork and many others. A part time boys' worker is also employed.

Mrs. Herkins, who has supervised the center for thirteen years, brought a rich background of social work to the assignment. Her successor was a personal friend and supervised some of her earliest settlement work in New York.

The present director was born in Harrisburg, Pa. but considers "home" a picturesque rural settlement near Youngstown, O. where her family later settled and where her mother and sister now reside. She came to Columbia university to study music and her interest in settlement work began as a sideline.

In 1917 she took the place of the director of the Jan Huss Neighborhood house in a New York Bohemian area while she served the YWCA in Russia. An organist and pianist, she then directed the music school of another settlement house on Sutton place. During this time Mrs. Herkins made a special study of recreation and social work in university settlements.

After working in adult work with the Urban League for many years, she later became assistant superintendent of the Joint Application bureau which served homeless men and women of the city. This led to a post with the Institute for the Crippled and Disabled where Mrs. Herkins performed factory investigation and case work.

Several years before coming to Belleville she returned to her native city of Youngstown and became executive in a venture for the blind launched by the Junior League of that city. Those who were suffering from other disabilities also worked at the manufacture of rugs, fine handwork chair caning and in the broom factory there. A shop was established to dispose of the materials.

Mr. and Mrs. Herkins live at the Community House, Mrs. Herkins is a member of the Belleville Woman's club.

ately fifty percent of all the usual complaints received by the Police Department in the daytime are handled by the Traffic Department; two school crossings and one factory crossing are covered by the Traffic department; as well as the answering of all fire alarms.

"All the signs that are placed about the town for safety reasons are made by me. The markings on the streets for public safety reasons are taken care of by the Traffic department. From the time of the creation of the Traffic department to July 1944, all its work was done by the regular members of the Traffic department. Last year a chanceman was hired to help in the performance of some of this work.

Animosities Inevitable

"If in the performance of our duties, the Traffic department has created some animosities, it must be realized that such things are inevitable considering the amount of work performed and the violations uncovered by this department."

"I take pride in what has been accomplished in the five years that this Traffic department has been in existence, and notwithstanding criticism in a certain 'throw away', I feel that the record of the Traffic department can be matched against that of any comparable municipality and it is undoubtedly superior to the Traffic division of most Police departments.

"So that you can have a comprehensive idea as to what the Traffic department, under my supervision, is doing, I list the activities of the Department during the past year and have itemized the various violations that the Traffic department handled."

They are as follows: 18 stolen cars recovered; 4 drivers apprehended by Traffic men; 537 Motor Vehicle violations; 176 accidents; 290 speed violations; 589 parking tickets; 22 careless driving; 57 cutting red lights; 7 one-way street violations; 17 no driver's license in possession; 9 drunken driving; 7 failing to pull to curb; 8 improper plates; 11 driving to left of center lane; 6 driving after revocation of driver's license; 4 conditional driver's license violations; 1 on crosswalk; 1 change of address; 2 driving no tire on wheel; 1 leaving scene of accident; 2 littering the highway; 1 failing to obey Police Officers; 3 faulty lights; 4 allowing unlicensed drivers to drive.

forward and meetings of the young executives with regard to methods of marketing their product and keeping their books were conducted with the help of the advisors of the individual firm.

More Than One Operation

At 210 Belleville avenue a different situation presents itself. Floor space is ample there for more than one company to operate simultaneously. This the committee is anxious to achieve because some evenings in the week are occupied for high school students with their own activities and progress in establishing new companies is blocked on those evenings.

Under the new plan several companies, the present aim is three, will be at work on each of three evenings a week. Although an adult production manager will work with each company, the three little firms will be advised on sales and financing by the same individual.

It was pointed out that sponsorship of Junior Achievement would be possible to many more Belleville manufacturers and private businesses when the requirement was reduced from four advisors to one.

Mr. Peierls, who preceded Mr. Hiss as chairman and founder of the committee, commended Mr. Gossweiler on the plan of interviewing candidates for juvenile firms. High school students who desire to enter small companies will become acquainted with another phase of adult business life when they participate in an interview designed to acquaint with the field they are about to enter and determine their suitability for it. Mr. Gossweiler will serve on the membership committee.

Mr. Hiss has named Mr. Peierls and Robert T. Browning of Wallace & Tiernan company as vice-chairmen of the central committee; Mr. Bart to continue as treasurer; Dr. Thomas J. Brosnan, high school vocational guidance teacher, as secretary. Mr. Johnson as chairman of membership in the companies. Mr. Johnson's resignation from the central committee was accepted in view of his departure from Belleville to accept the post of principal of the Tenafly High school.

Public Relations

Public relations were placed in the hands of Mr. Peierls, Mr. Chapin and Rev. Benedetto Pascale; Arthur Dent of National Grain Yeast corporation will work with Mr. Browning to secure sponsors. Mr. Thompson will oversee their training program. Mr. Hiss assigned Mr. Powers to continue in the capacity of supervising the companies at headquarters and Mr. Outcalt to care for maintenance. He will also continue to outline projects. Mr. Bart will be in charge of a committee on awards.

Future Central Committee meetings will be held at the Walter Kilde plant. Junior Achievers, as the young members of companies are known, serve this movement to advantage as well as enlarging their own capabilities when they become members of the Speaker's corps trained at Newark state headquarters. Lawrence Keenan jr of 32 Mertze avenue, whose father is town attorney here, recently addressed an audience of businessmen in Berlin, Conn. at a dinner to introduce Junior Achievement there.

Young Keenan is a charter member of Belleville Junior Contractors which was organized in October, 1943. He is a high school junior.

In a letter written the day before his death, the navigator told his wife that he would visit his aunt in Rome before returning home. He held the Air Medal and two Oak Leaf clusters for his exploits.

The lieutenant entered service in July 1943 and went overseas last October. He was a graduate of Belleville High school and attended Essex County Vocational school in Newark. He was employed by the Federal Shipbuilding and Dry Dock company in Kearny in civilian life.

In addition to his wife and parents, he leaves a brother, Saverio, an army private stationed in Germany and two sisters, the Misses Vita and Jean of the Frederick street address.

They heard from him infrequently while he was a prisoner, his last letter having been written on December 24. Although he has given little description of life in camp, he said that "things were pretty tough" and praised the Red Cross packages they receive regularly, as their principal source of food. Since he was a non-commissioned officer, he expected work details, he said.

Pfc. Louis Fusaro

Although the War department telegram confirming the safe return to military control of her son, Pfc. Louis Fusaro, did not come to Mrs. Julia Fusaro of 42 Mitchell street until Sunday, Mrs. Fusaro had already received two telegrams from her son saying that he was well and safe and expecting to see her soon.

Pfc. Fusaro went overseas with his Infantry unit a year ago and was wounded in Germany last July; after he returned to service he sent his mother a magazine clipping showing a German town that marked the entrance of his division into Germany and even the little house in which he was bivouacked. This she did not receive until after a War department telegram had notified her of his capture by the Germans.

Pfc. Fusaro's battalion was cut off from American lines while defending Drusenheim, France. He sent a form postcard and Mrs. Fusaro heard no more until she received a clipping from the Chicago Daily News where, in a column from one of that paper's war correspondents, her son's name was mentioned among the liberated. His telegrams followed two weeks ago.

The Chicago paper told that German guards had deserted the prison camp several days before Americans arrived to rescue their comrades. Americans there were quartered in barracks and had access to a stream which they bathed during sunny hours although the waters were of icy Alpine snow origin. They lived on thin soup and bread; but found themselves and British prisoners much better treated than Russians and French.

Pfc. Fusaro was born here and attended Belleville High school. Twenty-four, he was with Samuel D. Wasserman, Inc., Cortlandt street plumber, before entering service.

Sgt. Charles Phillips Receives Cluster To Air Medal

S/Sgt. Charles W. Phillips, 30, of 221 Holmes street, gunner of a B-17 Flying Fortress of the 95th Bombardment Group, has been awarded the Oak Leaf Cluster to the Air Medal for "meritorious achievement" while participating in Eighth Air Force bombing attacks on vital industrial targets in Germany, and on Nazi airfields, supply dumps and gun emplacements in conjunction with advances by Allied ground forces on the continent. The presentation was made by Col. Jack E. Shuck of Casper, Wyoming, group commander.

Sgt. Phillips is a member of the Fortress group, which was cited by the President for leading the first American bombing attack on targets in Berlin, in March, 1944, and was cited previously for its outstanding bombing assault on railroad marshalling yards at Munster, Germany, in October, 1943.

As a component of the distinguished Third Air Division, the group also shared in a Presidential citation given the entire division for its historic England-Africa shuttle bombing of an important Messerschmitt fighter plane plant at Regensburg, Germany, in August of 1942. While flying more than 300 combat missions, the 95th has dropped over 17,000 tons of bombs on Germany and German-held targets.

Bellevillites In Uniform

Pfc. Vincent J. DelliBovi, son of Mr. and Mrs. Frank DelliBovi of 68 Garden avenue and husband of Mrs. Jean DelliBovi of the same address, is currently stationed at the Redistribution Station, Camp Butler, N. C., where he will spend two weeks before reporting to his new assignment in the United States.

Pvt. DelliBovi was returned recently to the United States after having served 25 months in the European theatre of operations, where he served as a clerk. He holds the European Theater Ribbon with one star and the Good Conduct medal.

1st Lieut. Eli Schanes of town has reported to the AAF Redistribution Station No. 1 at Atlantic City after eight months of service in the European theater of war.

Lieut. Schanes served as a navigator on a B-24 while overseas and engaged in 30 combat missions. He wears the Air Medal with four oak leaf clusters. He is the son of Mr. and Mrs. Isador Schanes, who reside at 579 Belleville avenue.

Entering the service on February 28, 1943, he underwent training at Selman Field, La. prior to his shipment overseas on July 20, 1944.

Margaret M. Looby, Navy nurse, has been commissioned lieutenant junior grade at Bethesda, Md., where she is training in anaesthesia. Lieut. Looby arrived there in January after eighteen months on a hospital ship in the Pacific.

The nurse, who is the daughter of Mr. and Mrs. Michael J. Looby of 174 New street, was graduated from Belleville High school in 1938 and trained and worked in Newark City hospital before entering service.

Pfc. Marirose T. Hanlon, USMC, WR, daughter of Mr. and Mrs. Francis Hanlon of 13 Bell street, has been promoted to the rank of corporal, it has been announced at Post Headquarters, Marine barracks, Quantico, Va.

Thomas J. Gallagher, 19, ship's cook, third class, USNR, whose

parents live at 34 Hornblower avenue, is returning to the United States following a tour of duty with a Navy air squadron in the Atlantic Theater.

Albert Likos, 31, soundman, first class, USNR, of 34 Mt. Pleasant avenue, is serving aboard an Atlantic Fleet destroyer. He is married to the former Helen Carroli of Newark. They recently celebrated their sixth anniversary. He is a son of Mr. and Mrs. Likos of 45 West Market street, Newark, who have two other sons in the service, John, seaman first class, serving in the Atlantic, and Andrew, machinist's mate, first class, in the South Pacific.

Before joining the Navy, Likos worked for the Westinghouse Manufacturing company in Newark and attended Central High school.

Likos wears the Presidential Unit Citation with one star, American Theater ribbon and the European Theater ribbon, with four stars.

Among those graduating recently from an intensive course of fundamental radio training at service schools at Great Lakes, Ill., was Bernard Robert Lindenbaum, 19, son of Mr. and Mrs. Samuel Lindenbaum of 436 Cortlandt street. This Bluejacket was selected for his specialized training on the basis of his recruit training aptitude test scores. Graduates from the ten specialized courses taught here at the Service Schools are sent to sea, to shore stations, or to advanced schools for further duty.

David B. Martin jr., gunner's mate 3/c, son of Mr. and Mrs. David B. Martin of 164 Washington street, was aboard an Essex class aircraft carrier when her planes battered Okinawa prior to the Marine and Army landings.

With other units of the Pacific Fleet, his ship sent out her planes in a long series of sweeps and strikes that blasted enemy aircraft, shore installations and shipping from the Ryukyu Island to the Japanese homeland.

Veteran Pacific fighters aboard the ship consider the recent action among the severest of the war in the Pacific. Sometimes day and night were broken by only short pauses for food and rest. Planes were fueled, armed, launched, then landed and at once prepared to fight again.

Cpl. Vernon O. Hoover, of town, has eighteen months overseas service in the European Theatre of Operations chalked up to his credit. During this period he has been working in the sheet-metal department of Col. A. W. Reed's 491st Bomb Group, a component of the Second Air Division, commanded by Maj. Gen. William E. Kepner.

Patching up wounded Liberators after they return from combat operations is Cpl. Hoover's main occupation. Sometimes it's just a small bullet hole and sometimes it's a large gaping tear in the fuselage or wing cut by a piece of jagged enemy flak. Whichever it may be, after Cpl. Hoover and his associates finish putting in their licks on the damage, the Lib is once more ready to go out and dump destruction on some other enemy targets.

Cpl. Hoover is a former employee of the Benedict Miller corporation. His parents, Mr. and Mrs. Norman B. Hoover, live at 125 Tappan avenue.

M/Sgt. Robert L. Morgan, 23, of town, a mechanic with a Fourth Marine Air Wing fighter squadron, has returned to Miramar, Calif. from the Pacific for furlough and reassignment.

The son of Mr. and Mrs. J. A. Morgan of 21 Prospect street, he was graduated in 1942 from Belleville High school where he played football.

He was based in the Gilbert and Marshall Islands. Prior to enlisting in October, 1942, he was employed by the Belleville Pharmacy. He was promoted to his present rank in December, 1944.

Pfc. Alexander R. Carrione, of town, a supply clerk in an AAF depot in the Marianas, has been awarded the Good Conduct Medal.

At this huge depot, B-29 Superfortresses are overhauled and repaired for their aerial assaults against Japan. Through its warehouses move tons of equipment for combat aircraft in the Western Pacific.

Pvt. Carrione, whose parents, Mr. and Mrs. Morton Carrione, reside at 13 Belleville avenue, was employed by the Department of Commerce in Washington, D. C., prior to his entry into service in August, 1942. He went to the Pacific Ocean Areas in June, 1944.

George F. Kiernan Elected Head Of Funeral Association

George F. Kiernan, funeral director at 101 Union avenue, was elected president of Essex and Union counties Funeral Directors association Saturday at Cresmont Golf club, West Orange where the association held a golf tournament and dinner meeting. Mr. Kiernan formerly served as vice-president.

Established at the Union avenue address for nine years, Mr. Kiernan came here from Newark. He and Mrs. Kiernan are the parents of five sons. He was one of the prize winners Saturday with a score of 101.

Other officers of the directors' association are Robert E. Cole of Newark, first vice-president; Alfred G. Engel of Elizabeth, second vice-president; John H. Broemel of Newark, secretary and Arthur L. Sayre of Newark, treasurer.

T-Sgt. Rocco Milano In B-25 Unit Cited For Second Time

At a V-E Day ceremony the 321st B-25 Mitchell Bomb Group of the 12th Air Force in Italy was presented its second War department citation, highest honor attainable by a combat unit. Among those sharing the honor is T/Sgt. Rocco F. Milano who has served as crew chief with the twice-cited group. His parents, Mr. and Mrs. Angelo Milano, live at 97 Passaic avenue.

The official citation published in Washington lauds the B-25 unit for an attack against shipping in Toulon harbor three days following the invasion of southern France. The giant battleship 'Strasbourg,' cruiser 'La Galissonniere' and a submarine had been moved into position to use their heavy guns against the Allied invading forces. In one smashing attack Mitchell bombers of the 321st sent all three warships to the bottom, an unprecedented feat in medium bombing annals.

One of the oldest bomb groups overseas, the 321st began combat in March, 1943, and played a major role in bringing about the final defeat of the German armies in Italy. In 897 missions the 321st sent out more than 18,000 Mitchell bombers to attack the enemy in Tunisia, the Mediterranean islands, Italy, the Balkans, France and Austria.

Joseph Gartlan In Training For Farm Work This Summer

Joseph Gartlan of 170 Delavan avenue is one of four boys from Essex county and one from Bergen who are learning details of milk production at the State, Dairy Research station in Beemer, N. D., as part of a training project designed to prepare them for summer work on Sussex county farms.

The boys were released from school to take two weeks of practical training to prepare them for usefulness on Essex county farms to learn methods of individual farmers.

Recruiting for the training project and summer work on dairy farms is being continued through the office of Essex County Agricultural Agent Raymond E. Harman, 244 Bloomfield avenue, Caldwell. Vocational advisors or principals in most high schools also have details of the plan.

A Real Benefactor

The country faces a wholesale nervous breakdown unless something is done to abate noise, according to William Phelps Eno, founder of the Eno Foundation. To a conference of traffic experts, Mr. Eno declared that experiments had shown that "the sounds resulting from the bursting of a blown-up paper bag raised the pressure within the human brain higher than morphine or nitroglycerine, the two most powerful drugs for increasing such pressure."

We never heard of Mr. Eno before, but clearly he is one of the world's great benefactors. Anybody who makes a study of unnecessary noises and takes steps to have them abated is the man for us.

The news account of Mr. Eno's discovery did not indicate what he was going to do about it, if anything. However, we see no reason why the campaign against noise should be left entirely to this great man. Abatement of raucous sounds is a cause in which we all could enlist.

One of the first things we could do, it seems fairly obvious, is to train human voices, especially those of women, who use their voices more than men. Completely unofficial estimates, formed from nothing more tangible than long personal suffering, indicate that most of the suicides, violent crimes, nervous breakdowns, divorces, juvenile delinquency and melancholia can be traced to the effects on the human system of women's voices. One woman's voice is a peril, but the combined voices of two women talking on a bus or commuting train, especially in back of a business man trying to read his newspaper, are said by scientists to be the most excruciatingly painful of life's experiences. Sometimes they have been known to lead to murder.

The evils of noise vary with time. A radio

playing swing music in a neighbor's house at midnight raises the pressure in the human brain to the bursting point. The noise of birds at 5 o'clock in the morning outside one's window has been known to send the human barometer soaring. Women's voices, however, are declared by scientists to be timeless, a twenty-four hour peril. If Mr. Eno is not prepared to do something about that particular noise, we know somebody who is.

Something Missing

To the historian of some distant future our behavior in these days of hard-won victory will doubtless seem odd and inexplicable. We have just fought the greatest of all wars, in which millions have died, and over vast surfaces the earth has been made a wasteland; yet among the victors there seems to be no disposition to lay bare and eradicate the evil that caused this great disturbance.

True, our statesmen are busy as beavers setting up a new house, which, they say with some head-shaking, will prevent future wars—at least for a time, anyway. But while they are making their elaborate plans, the doctrine that brought on the catastrophe, even though it appears momentarily out of fashion, still remains, awaiting its opportunity to emerge from the ruins.

We had sort of hoped that there would be another gathering of leaders, with press conferences, loud speakers, protocol, secret steering committee sessions, and all the rest of the stuff that goes with international conferences. This dream meeting of ours would show the world all the different sides to Fascism and make arrangements so it would have no recrudescence. But there doesn't seem to be any such meeting in the cards right now. Possibly this is an oversight. Possibly, too, it is just that nobody is eager to probe too deeply into the things that made Fascism so attractive to many men.

There's not a drop of cynicism in our blood, but somehow we can't help suspecting that for some of the boys Fascism had its points. Even a great war hasn't dimmed for these lads the fascination of the philosophy that the people ought to be ruled by a carefully chosen few. It's an old idea, of course, and it has never worked. But you never can tell—maybe the next time. Who knows?

At any rate, nobody seems to be greatly concerned about rooting Fascism out of men's thinking. So the little men at San Francisco need not be surprised a few years from now if some new Fuehrer, probably not so comic-looking the next time, tries to kick over their carefully-built structure of agreements.

Ask Householder to Return Fuel Oil Forms Promptly

OPA Mails Applications Today; Early Orders will Alleviate Transportation Problems

Today North Jersey's 55 War Price and Rationing boards mail out to 290,000 fuel oil consumers the application form with which to apply for renewal of their fuel oil ration for the 1945-46 heating season. This was announced today by District OPA Director Richard J. Tarrant, who urged consumers to fill out the simple forms and to return them immediately by mail to the ration boards.

Tarrant explained that the forms are being mailed first to consumers with central heating plants, since they have large storage tanks.

"The purpose of this," he said, "is to permit dealers to fill household tanks this summer, and to re-fill their own storage tanks in readiness for winter service. The industry still remembers last winter's distribution difficulties, complicated by excessive snow and sleet, lack of manpower and equipment, and wishes to take every precaution to anticipate similar problems this coming season."

Early Distribution

OPA is cooperating by an early distribution of ration coupons. Consumers can help by returning the forms promptly and by ordering their tanks filled as soon as they get their ration coupons. The fuel oil supply this year is as tight as last year, and may become tighter as a result of stepped up operations in the Pacific.

When boards receive the applications from consumers, they will be processed immediately, and sent to the OPA Mailing Center where coupons will be mailed to applicants.

The application form, Tarrant said, is far simpler than last year's. The consumer merely fills in his name and address, indicates if there are any children under six years old, whether fuel oil is used to heat water, and how many persons live in the house. The 1945-46 fuel oil ration, he added, will be the same as last season's basic ration. He warned consumers against using any of the 1945-46 oil until September 1, when the heating season officially starts.

OPA ACTS AGAINST BLACK MARKET

Meat And Poultry Violators Receive Injunctions In Price Control Drive

Progress of the fight against the meat and poultry black market in the Newark area was summarized today by District OPA Director Richard J. Tarrant in a statement of enforcement and compliance actions taken by his office and the 55 North Jersey War Price and Rationing Boards during the past few months.

Highlights of the summary show that the District OPA Enforcement division has instituted more than 300 criminal, civil, and administrative actions against meat and poultry dealers at slaughterers, wholesale and retail levels the first four months of this year. These include 48 suspension proceedings, 73 police court actions under local ordinances which resulted in fines of \$25 to \$100; 153 triple damage actions which brought payments of \$25 and \$50 to the U.S. Treasury for each violation; seventeen arrests and arraignments of slaughterers on price violations; eighteen injunction stopping sales over ceiling; fifteen referrals to the U. S. Attorney for criminal action; eight criminal informations on price and rationing violations; and three criminal contempt proceedings.

In the past two weeks, Tarrant said, nineteen additional injunctions have been secured. Fifteen of the injunctions stop slaughterers from selling meat without keeping proper records; and four restrain meat and poultry retailers from selling over ceiling. A dozen more cases against slaughterers selling

YOUR COOPERATION IS A VITAL PART OF NEW JERSEY'S TELEPHONE SERVICE

The boy with an algebra problem...

... calls his pal for help, but hangs up as soon as he gets it.

Everywhere, thoughtful New Jersey people are making each call count—making fewer unnecessary calls, and making each call shorter—because they know this helps everyone get better service these busy days.

NEW JERSEY BELL TELEPHONE COMPANY

When your line is "busy"—others can't reach you. That's another reason why it's important to keep calls brief—and make few unnecessary calls.

MIGHTY 7th WAR LOAN

HELP YOUR COMMUNITY TO MAKE ITS
QUOTA BY MEETING YOUR PERSONAL QUOTA

By this time last year Victory Volunteers in this community had made the rounds twice to get out fighting dollars for War Bonds. So if you've wondered why no one has called on you yet in 1945, here's the reason... The Mighty 7th War Loan (starting May 14) will be TWO GREAT DRIVES COMBINED IN ONE!

And think what that means. All the old rules of buying you set for yourself in the past are out. America's growing battle might is costing more dollars every hour. Only by your purchase of MORE BONDS AND BIGGER ONES in this double drive will you be doing right by the men who fight.

Remember that your community has a quota it will be proud to make. It's made up of all the *personal* quotas of you... your neighbor next door... the people up and down your street... EVERYBODY in this vicinity. So it's EVERYBODY ALL OUT... buy *bigger* bonds and *more* of them when the Victory Volunteer calls. Our fighting men are watching what you do!

Girl Scout Campfire Program at Stadium Tomorrow

This and Reception for Scout Aiders closes Activities; Council Schedule Busy, However

Although two major events within the coming week will close the formal activities of Belleville Girl Scouts for the summer, a full camping schedule in South Mountain reservation will occupy many of the Scouts; and a good deal of planning and surveying of Scout needs will keep standing adult committees busy until fall.

A campfire program in Municipal Stadium tomorrow evening will embrace all intermediate and senior troops; a reception Wednesday evening at the Woman's clubhouse will give Council members an opportunity to be hosts to all in Belleville who have aided scouting during the past year; Brownies were rounded up Saturday afternoon in Belleville Park

the campfire, under the direction of Mrs. Leo Wysocki, leader of troop 6, will get under way. The girls will have a box lunch and at 6:30 will open the program to which parents and friends have been invited.

The campfire signifies general friendship and will give an opportunity to troops, widely scattered over all sections of town, to become acquainted. Members of Troops 11 at Montgomery Presbyterian church, 2 and 6 at Ralph street church, will gather firewood; senior Troop 19 of Belleville Reformed church will serve refreshments.

Community singing will follow the salute to the flag; several skits, an Indian dance, choral selections, a minstrel and gypsy songs will follow and the event-tomorrow evening at 5:30 where

and prayer.

Mrs. Wysocki will be assisted by Miss Gertrude Barnett of Troop 4 at St. Peter's church; Mrs. A. B. Carruthers of Troop 11 and Mrs. Morris Bennett of Troop 2.

Plan Summer Work

The scout organization committee, major unit which has been formed and trained within the past year, met last Thursday night to plan spring and summer work and to welcome its newest recruit, Mrs. Lawrence Willette of 137 Stephens street.

The unit will devote the summer to a survey of the needs of the town regarding the formation of new troops. The membership committee, newly organized under Mrs. Allan Crisp, is their coordinating unit and will supply leaders, troop committeewomen and other

adult assistants for Girl Scouting.

Monday evening these women met at Mrs. Crisp's home and selected seven candidates throughout the town for a program committee which will act as consultant and contact agent between scouts and the community. Any scout program which can be infused into community life will be arranged for by them. They will also serve as year round program arrangers for individual troops if the service is required.

Mrs. Irving Carson, Mrs. George Bennett, Mrs. Felix Gantemue, Mrs. John Carrough and Miss Elizabeth Bardagly were present Monday evening. Mrs. Albert Van Dusen is also a committee member.
