

## Belleville Eleven Ready For Nutley

THE BELLEVILLE ELEVEN that will face the Nutley Maroon and Gray team Saturday at the Municipal Stadium in the finale of the season for both teams, before an anticipated crowd of 6,000. Reading from left to right: Greco, r.e., Pudney, r.t., Del Grosso, r.g. France, c., Klein, l.g., Cook, l.t., Naturale, l.e. The backfield is Del Vecchio, John and Joe Distasio and Don Smith. Missing from the picture but slated to see action is fullback Rocco Cerami.

## Close Contest On Tap As Belleville And Nutley Ring Down Curtain On 1945 Gridiron Season

### 6,000 Grid Fans Will See Rivals Battle At Municipal Stadium: Passing Duel Forecast

Before an expected crowd of 6,000 rabid fans, Belleville and Nutley meet Saturday in the neighborhood battle that is awaited all season by both elevens. The two teams are pretty evenly matched and a red hot ball game should develop with the kick-off scheduled for 2 o'clock at the Municipal Stadium.

The Bellboy chances for revenge after last year's 6-0 defeat were given a good shot in the arm this week when it was revealed that Rocco Cerami, veteran fullback, who has been out this year since the opening game of the season, will be back in action, his injured leg pronounced fit and ready.

Nutley's record for the year to date is not impressive, three wins, three defeats and two ties. But injuries have hampered the Maroon team, and they are expected to be at full strength for Saturday's brawl. With a new coach, Vince Commisa, Nutley has not lived up to advance notices, having had 11 veterans from last year around which to build a team.

The visiting Kernels will outweigh the Bellboys on the forward wall, with the two backfields stacking up about even. Nutley boasts one of the outstanding linemen in the state in guard Rudy Dangelmajer, who has blocked four kicks this season, and plays a terrific defensive and blocking role. At the ends, two bad hawks in June San Giacomo and Sal Sasso give the Maroon a potent aerial attack, and they are expected to go around on the defense.

The Nutley backfield features George Kappeler and Rudy Novak, with Bob McDonald also a threat with his running. Kappeler is a better than average passer, and has tossed aerial bombs for 50 yards on several occasions this year. Novak, a hard runner, is usually able to pick up a few yards when necessary, and is one of the leading scorers in the county.

Nutley started off like a house afire, winning their first two games by top-sided margins. But perhaps their press clippings went to their heads, for they were unable to win again until last Saturday, when they had to stage a last period rally to defeat a weak Kearny eleven.

On comparative scores, (which you might as well disregard), Belleville has the edge. Bloomfield, a mutual opponent, beat Nutley by a decisive 14-0 score, while they nosed Belleville by an 18-13 count, by virtue of a last minute touchdown. Another indication of the Bellboy edge is their win over Barringer, 19-7, the latter team tripping by the same score that Belleville beat Barringer. East Side trounced Nutley 26-13. The other comparison is Kearny, the Bellboys winning 26 to 14, Nutley losing 26 to 14.

## AMVETS ADD TEN NEW MEMBERS

### Urge Raising Age Limit For Veterans To 35 Years On Police and Fire Jobs

The second meeting of the John J. Daly Post of the Amvets was held Monday night at the Recreation house with 50 in attendance. Ten new members were admitted to the newly organized post.

A resolution was adopted and forwarded to the state headquarters of the Amvets, recommending that the age limit for appointment to the Police or Fire Departments for veterans be raised from 30 to 35.

Post Commander Edward J. Dunn appointed an executive committee, and it was agreed by a unanimous vote that incorporated into the constitution of the group will be a statement that the Amvets are a non-political organization, and will not endorse any candidate for an elective office.

## VETERANS ADVISED TO CONTINUE G. I. INSURANCE

### Foundation Survey Shows Many Are Allowing Their Insurance To Lapse

One of the lesser known, but relatively important projects of the Belleville Foundation is the Veterans Advisory Insurance Committee, which strongly recommends that due to the low cost in relation to the benefits received, it is extremely advisable for the veterans to continue their G. I. insurance. Members composing this committee are Harry C. Naylor, chairman, 231 Jorammon street, P. Arthur Haas, 32 Van Houten place, Joseph Bowden, 239 Greylock parkway and George Milne, 30 Crescent terrace.

According to the committee, a survey has disclosed that a number of servicemen and women are allowing their National Service Life Insurance policies to lapse upon their release from the armed forces. The majority of these interviewed during the course of this survey were not fully aware of the advantages in keeping and converting these policies upon their resumption of civilian life.

Gen. Omar Bradley, Administrator of Veterans Affairs, recently stated, "The American Life Convention, the Life Insurance Association of America and the National Association of Life Underwriters, through a representative group of the life insurance business, have all gone on record indicating their willingness to cooperate wholeheartedly with the Veterans Administration in protecting the interests of servicemen and women. Other insurance should supplement, not replace, National Service Life Insurance."

The committee is cooperating with Veterans Guidance Director Joseph McGreevy in an attempt to enlighten and educate the veterans on this insurance question. Servicemen and women are invited to address any inquiries to the committee, both having available the necessary conversion forms, rates and cash value tables.

In an effort to obtain all the latest information on the question of National Service Insurance, McGreevy and members of the committee have attended several recent meetings of the Life Underwriters Association.

## Neighbors Meet In Japan, Visit Japanese Homes

### Sgt. Warren Johnson And Cpl. George Balthaser Separated In Philippines, Meet In Nagoya; Have Interesting Experiences

Sightseeing and visiting the homes and families of prominent Japanese in Nagoya, Japan, has been the lot of S/Sgt. Warren M. Johnson and his buddy, Cpl. George Balthaser. Both are residents of Belleville, Johnson living at 83 Bell street and Balthaser at 421 De Witt avenue. The information was contained in a letter to S/Sgt. Johnson's wife, Ruth, who is living with her 2½ year old son, Warren W. at the Bell street address.

One of the most interesting days in his life is the way S/Sgt. Johnson describes his visit to the homes of several of the Japanese residents. His first stop was at the home of a former president of the Japanese Imperial Bank, Ohi by name, who was also a director of the National theatre and one of the largest department stores in the city. He had an excellent collection of phonograph records, among which were recordings of Ave Maria by Deanna Durbin and the Blue Danube Waltz. After an hour of pleasant entertainment, the two soldiers left to visit another localite.

The second stop was at the home of a prominent importer-exporter, whose name was Hochiga. Before the war, he transacted business with the United States, China, and many of the South American countries. He also maintained an office in Brazil, and during the visit served coffee, which came from Brazil, and both Johnson and Balthaser stated it was the best they drank since leaving the states.

Hochiga presented them with several pieces of excellent china, which was reported to be the second best made, and promised to give Johnson some toys for his youngest back home. During their stay at Hochiga's they sat crosslegged on the floor in front of a small table, typical Japanese style.

The last place they visited that day was a large restaurant and estate owned by one of the tallest Japanese seen by the two American soldiers. His name was Segundo and he was over 6 feet tall. He presented them with pictures of the estate, and both soldiers were awarded the highest honor that can be paid a foreigner, that of being present at a tea ceremony.

One of the pictures given to Johnson was an exact replica of the tea ceremony, showing the lady of the house and the two maids. Seated at a table, with their shoes removed, the maids brought the tea to those present in bowls. When they were ready to drink the maids handed them the bowls, and took them from them.

## COAST GUARD AND LOUD SPEAKERS SOLICIT BONDS

### Two Trucks Start Touring Town Today To Make Bond Buying Easy

Service at the door to make Victory Bond buying painless and easy, will be inaugurated this afternoon when two coast guard trucks equipped with loud speakers cruise about town between 4 and 9 o'clock soliciting bond purchases. The trucks will cover all parts of town in their tours this afternoon, Friday, and Saturday during the same hours.

Ronald G. Brunner, drive assistant, said yesterday that the trucks will be manned by personnel from the First National Bank who will issue the bonds to residents of Belleville is believed to be the first town in the county to use this method of solicitation in the present drive. Members of the American Legion will also accompany the tour.

E bond purchases climbed to \$155,000 this week, still far from the \$500,000 goal. The over-all bond total of \$2,080,237.50 was swelled this week when Homer Zink of 26 Rossmore place, commissioner in the state department of taxation and finance, credited Belleville with a state purchase of \$1,500,000 in bonds from the roads and bridges sinking fund. The over-all goal is \$3,500,000.

Boy Scouts were urged by Brunner at a rally in School No. 8 this week to redouble their efforts in bond sales. In previous drives they sold bonds equivalent to the purchase of 20 ambulances. In this drive troops are competing in the financing of hospitalized vets, the average care of one of whom is estimated at \$3,000.

Posters and classroom discussions are being used throughout the school system to stimulate interest in students, according to Superintendent Wayne R. Farmer. A report of November sales will be issued next week.

## CSB CHANGES TO 'FAMILY SERVICE'

### Moves To Legalize Change In Conformity With National Move By Welfare Agencies

A second reading of the resolution offered last Tuesday evening to change the name of the Community Service Bureau to Family Service will be made by the board of trustees of that organization on December 18. By constitutional amendment the new title will then be legalized. This will be done in accord with a nation wide alteration of titles of the 225 member agencies of the Family Welfare Association of America.

Trustees of the local organization, of which Rev. Marshall Whitehead is president, concur in the nation wide opinion that a uniform title will make the significance of the bureau better understood in all communities where it is hoped the name will rank in familiarity with such titles as Red Cross and Boy and Girl Scouts.

It is also felt that the use of "community" will lay greater stress on the real function of the organization and attract more residents of the town to avail themselves of the services of this group in family matters.

The board of trustees voted to communicate through its executive secretary, Mrs. Julia Reinert, with John Kilde, chairman of the medical clinic research committee of the Belleville foundation. The Community Service Bureau will furnish statistics which will substantiate the foundation's claim that a medical-clinic could be established to advantage here. It is with difficulty that the bureau secures care for needy Belleville individuals in New York clinics, already crowded to capacity.

The trustees also listened with interest to the report of one of its case workers on progress made in the case of a young child who has been placed under competent psychiatric care for an emotional disturbance which might have otherwise led to her confinement in a mental institution. This was in substantiation of the bureau's policy that, working with parents and teachers, it can be of help to young children and check disturbances which at a later age may be irremediable.

## Hold Liquor Applications Due To Heavy Influx

### All liquor license applications will be held over for two weeks until the next commission meeting.

This decision was reached, according to Mayor Williams, to allow the board to adopt a plan fitted to meet the heavy influx of applications for liquor licenses. Six requests for licenses were scheduled to be considered Tuesday night, but all were held over. The Mayor stated that the board will meet sometime before the next meeting to set up their program.

## Estimates And Specification Due On Veterans Proposed Garden Apartments

### OPA UPHOLDS FOY EVICTION NOTICE

#### Decision For Landlord At Corbin Gardens; Ordinance Changes Garbage System

An eviction notice from the OPA against Thomas Foy, chairman of the tenants association at Corbin Gardens, was upheld last week, according to Michael Pecora, area rent director of the OPA. Pecora stated as far as the OPA is concerned, the case is closed, and further steps taken by Louis Kaye, owner of the apartments, are beyond their jurisdiction. He further stated that the OPA investigation disclosed Kaye to be abiding by the necessary rules and regulations, therefore he could not grant the appeal filed by the tenants who protested the eviction.

One of the disputed points in the landlord-tenant relations at Corbin Gardens was the garbage disposal system. Commissioner Mertz revealed yesterday that Kaye is installing sunken garbage cans on the property, and up to the present time there are twelve in use. As soon as more cans are available, Kaye intends to install them, until there are enough to handle the entire garbage disposal, said Mertz.

This was the result of a town ordinance passed recently, which forced Kaye to abandon the present garbage disposal set-up, consisting of the storing of the cans beneath a shedlike structure at two points on the property.

The eviction of Foy, according to Kaye, is to make an apartment available for a resident superintendent. It was stated by the OPA that their investigation disclosed the present superintendent to be committing from New York, whereas he was hired on a salary plus quarters supplied arrangement.

## Appropriate \$3,500 To Pave Greenwich Street

An ordinance was passed on first reading last night providing for an appropriation of \$3,500 for the paving of Greenwich street from William street to Belleville avenue.

The cost of the improvement will be assessed against abutting property owners. Mayor Williams stated that merchants had suggested the improvement of the street, which is a dirt road running parallel with Washington avenue.

## Site Selected For Construction Of Apartments But Possible Snag Arises On Choice

At a meeting held in the town hall Monday afternoon, Paul West, architect, was given the "go-ahead" to draw up estimates and specifications for the proposed garden apartment project by a group of veterans. It was also agreed that the town attorney would inquire into the legal aspects of the acquisition of the land and that the veterans group would appear shortly to bid on two pieces of property where they propose to erect the first two units.

## REPORT TWO MORE SOLDIER DEATHS

### Presumed Dead Are Sergeant Harry Ward Jr., and Lt. Ernest Alden Jr.

Two more Gold Stars were added to the 89 already suffered by Belleville citizens, when two local members of the armed forces, previously reported missing, were officially presumed to be dead. Notifications from the War Department to that effect were received by next of kin recently, naming Sgt. Harry Ward Jr., of 70 De Witt avenue and First Lt. Ernest H. Alden Jr., of 58 Prospect street as being killed in action.

### John F. Coogan Jr. Named Chairman And R. William McMullen Assistant To Raise Polio Funds

The Sister Elizabeth Kenny Foundation Fund to raise money for the training of nurses in the technique of the Kenny Method for those stricken with infantile paralysis is now under way, John F. Coogan Jr., local chairman, announced this week.

The National drive is under the chairmanship of Bing Crosby, and the New Jersey chairman is former Governor A. Harry Moore. Heading the Essex county group is William S. Doyle.

The local drive will be for only a short period, and a house to house canvass will not be conducted. Posters and coin boxes at advantageous places will be distributed, particularly in local stores. Another page of this paper contains a coupon for the mailing of contributions.

Assisting Coogan in the drive will be R. William McMullen, whom Coogan has named co-chairman, and Mrs. Margaret Patterson as secretary. Both are associated with Coogan in his real estate business and all contributions are to be sent to the business address, 140 Washington avenue.

Sister Kenny, an Australian nurse, developed the method of treatment which has proven to be one of the most successful in the relief and cure of polio victims. Her remarkable success has prompted this nation-wide effort to raise funds in order that greater numbers of personnel may be trained and available to administer the treatment when and where needed.

## St. Benedict's Coach Guest At Football Banquet

The Belleville Varsity this week announced that another speaker has been obtained for the dinner in honor of the high school football team on Saturday, December 8.

A former All-American football star at Oregon State and football and baseball coach at St. Benedict's Prep, Joseph Kasberger, will on hand to give an interesting talk on his experiences as a coach and player. He has been at St. Benedict's for the past 13 years, and his football and diamond aggregations have always been well up in prep school standings.

The other speaker, announced a week ago, will be Judson (Judd) Timm, Princeton university backfield coach and head track member.

## Rescued By Crew Mate After Crash Landing

Jap Fighters Down Bomber In South Pacific;  
Capt. Howard R. Holmes Back  
Home With Discharge

Capt. Howard R. Holmes arrived home last week after being separated from the Army Air Forces at Santa Ana, Calif. With him are his wife, the former Phyllis Mary Bone of Pasadena and their 21-month old son, Mark.

Holmes was a bombardier on a B-24 Liberator and flew 36 combat missions in the South Pacific. On his 27th mission, while bombing Kahili Airfield on Bougainville Island in the Solomons, his plane was attacked by a superior force of 30 Jap fighters and after battling them in a running fight for an hour or more and shooting down two of the enemy zeros, his crew attempted to make home base on the single remaining engine, three having been shot out in the fight. Finding it impossible to make Munda airbase and being unable to bail out for fear of being strafed in the air, they crashed in the first available open space. In the landing three of the crew were killed and the others injured. Holmes was unconscious but fortunately was pulled from the burning plane by the radio operator, 1st Sgt. Harry Hall of Bozeman, Mont. After hospitalization and recuperation for several months, he returned to combat and completed his missions. He returned to the States in June 1944 and since that time has been the Assistant Classification Officer of A. A. F. Redistribution Station No. 3 at Santa Monica, Cal.

Capt. Holmes entered the service in March 1941 and served with the Field Artillery as a sergeant until 1942 when he was appointed an Aviation Cadet. After training with the Second Air Force at Tuscon, Ariz., and at Fort Belvoir, Washington, he was commissioned 2nd Lieutenant, A. C. Reserve, December 1942.

In addition to the Purple Heart, Holmes has received the Air Me-

on the Mindoro Islands in the Philippines on December 21, 1944, while serving with an Engineering corps. Entering the Army in January 1943, at the age of 18, Sgt. Ward received basic training at Camp Phillips in Kansas, and was sent overseas in January 1944. He took part in the invasions of New Guinea, the Solomons and Leyte. He was awarded the Purple Heart posthumously.

A graduate of St. Peter's Parochial school and Belleville High school, the late Sgt. was employed with the Eastwood-Neally corporation prior to entering service.

Survivors include his parents, Mr. and Mrs. Harry Ward of the local address and a sister, Miss Dorothy Ward.

A navigator and radar operator on a B24 bomber, Lt. Alden was reported missing on a flight over Austria in March. Notification of his death was received by his wife, Mrs. Nora Stevens Alden of Phoenix, Ariz., on Armistice Day, the lieutenant's 25th birthday.

Lt. Alden was a graduate of Belleville High school and had two years of college at Newark College of Engineering, prior to entering service. A member of the Essex Troop, he entered service when the troop was federalized, and later transferred to the Army Air Forces. He was commissioned a second lieutenant and received his wings at Ellington Field, Tex. in January 1944, and shipped overseas the following June.

Stationed with the 15th AAF in Italy, the Lt. won the Air Medal with cluster, and was awarded the Purple Heart posthumously.

In addition to his wife, the late Lt. is survived by his parents, Mr. and Mrs. Ernest Alden and a sister, Mrs. Jack Vogel, all of the local address.

that when trucks came to pick up the garbage, they could drive right through the roadway in front of the apartments and pick up the garbage at each distribution point.

Commissioner Noll, who is head of the town recreation program, brought up the question of the playground that was earmarked for a portion of the land needed in the proposed construction. After a lengthy discussion, Noll agreed to accept a one acre piece of land in the rear of the first apartment structure in approximately the center of the tract of land on the other side of Celia terrace.

## Town Assistance

Mayor Williams stated that in order to expedite the completion of the project as soon as possible, the town engineering department would begin drafting plans for necessary improvements, such as sewers, water mains, roads and sidewalks. This expense will be a general assessment.

Under the proposed plan, two separate corporations will be formed by the veterans, operating on a non-profit basis. They will conduct the entire business of the two units, electing officers and a board of directors. The plan was submitted by members of the Amvets last week, and received enthusiastic support from town officials and businessmen.

The recent card survey, appealing to home owners for information on any available housing, has been "very disappointing," according to McGreevy, who is in charge of the program. Of 10,000 questionnaires sent to property owners, less than 50 have been returned, and only 20 rooms have been found available.

## Silver Lake Community House Board Of Managers Meet

### First 1946 Ford To Veteran

There was one order for a new car that George Mead, owner of the local Ford agency, did not forget or file in a secluded place. Back in January, 1942, a young man came to Mead and said, "I want to place my order for a new car, to be delivered when I am released from service."

The young man who made that statement had his new car delivered this week, and he received the first 1946 model automobile delivered to a customer in Belleville. Veteran of over four years in service, Capt. Charles H. Charrier, accompanied by his wife, drove off Monday afternoon in his new Ford.

Capt. Charrier entered the Army as a staff sergeant in 1941 when the Essex Troop, of which he was a member, was federalized. After attending OCS, he went overseas as a second lieutenant, and attained his present rank in 1945 while in France. He received his honorable discharge last week at Fort Monmouth.

After a two week motor trip,

Charrier will return to business in town with his father, Henry, of the Crescent Press.

In business at his present location for 20 years, Mead stated that he had made up his mind that a local resident, preferably

a veteran, would get the first car delivered. He stated that Charrier's order was the oldest he had on file, and he was delighted to be able to sell the first car delivered in town to a returning serviceman.

This marked the second time Powell had been arrested on the same offense. In May, 1944, he was brought up on the same charges by his wife, received a suspended sentence and was put on probation for 2 years.

## We haven't forgotten this boy...have you?

He hasn't forgotten.

We haven't forgotten, either, soldier.

Not you—or the hundreds of thousands of other veterans who have sweated and bled and given their hands, legs, eyes, minds—yes, and their lives—while we sat at home, cheering.

ON OCTOBER 29TH, the last—and the most important—Bond drive yet made in this war begins . . . the great Victory Loan.

Secretary of the Treasury Vinson has directed a message to every firm in this city—just as he did to us—asking for co-operation in this—your chance to express your thanks to the boys who won this war.

He is asking labor and management, working together, to contribute once more, as they have

done so successfully in the past, to the achievement of E Bond goals.

The only way this can be accomplished is by accepting a definite quota—and then meeting it. Both the men and women on pay-rolls and the plants themselves should accept these quotas.

The great Victory Loan will help provide cash for many purposes.

It will help raise the money to get our boys home. It must raise the money to give them their mustering-out pay and veterans benefits—educational and all the rest.

It will help pay for war goods already used and take care of contract terminations.

Most important, it will do everything money can do to help patch up the broken bodies and lives of men like this.

For this is the loan with a heart. Of all loans in this war, it is the most human. It pays for healing instead of killing—mercy instead of pain.

Can any businessman look a Victory Bond salesman in the eye and say the Victory Loan is less important than the others—or that he cannot pledge his firm to meet the quota which the Treasury asks him to accept?

We think not. And so we here sign our names in pledge that we accept our quota and will do everything in our power to meet it.

We know we can count on other Americans to do the same.

LET'S ALL MEET OUR QUOTAS IN THE VICTORY LOAN

## Plunge By Joe Distasio Gains Extra Point For Last Period Win

Belleville eked out a 7-6 decision over Lyndhurst Saturday, in a contest that had been postponed on Thanksgiving Day. As is the custom in this traditional battle, form went by the board, and old Mister Mud, who is a great equalizer in the gridiron game, stymied a heavily favored Belleville eleven.

For three periods, neither team was able to penetrate beyond their opponents 20 yard line. Lyndhurst broke into the scoring column midway through the final quarter. Taking the ball after the locals lost it on a fourth down penalty, four plays later the visitors tallied.

Two tries at the line failed for the Golden Bears, and on third down, Fred Cardillo whipped a pass to right end Al Carucci. Here some fancy ball handling, with a lateral from Carucci to Mike Cerrone who in turn lashed to Hal Heffernan, moved to the Belleville 9. Into the game rushed Ed White, light but speedy sub back, who took the ball on the next play, and scooted over the goal for the touchdown. On the try for the extra point, the Belleville line broke through to block the attempted placement.

Getting possession of the pigskin after an exchange of punts, with less than five minutes to play, the Yellowjackets started to roll. Putting the ball in play on the Lyndhurst 48, Coach Chapman sent in Al Ferrara, a sub back. With a couple of yards to go for a first down, the Bellboys gambled, and elected to pass on fourth down. Ferrara heaved a bullet toss that was snagged by Tony Greco on the 25, and he carried down to the 13. Joe Distasio and Pete Del Vecchio lugged the leather for a first down on the 2, and then Del Vecchio dove across for the tying counter. With the fans holding their breath, Joe Distasio ran across for the extra point and the winning margin.

The contest closed the season for the Lyndhurst eleven, whose record was 4 won and 5 lost. The Bellboys have four wins, two losses and a tie, and will close their campaign Saturday at the Stadium with the traditional contest with the neighboring Nutley team.

## St. Peter's CYO Quintets Meet St. Leo's Here Sunday

St. Peter's CYO basketball team will meet St. Leo's on the local parish court Sunday. Junior teams will play at 7 and the feature game will be between intermediate teams; there will be dancing after the games.

This will be the third time this fall that St. Peter's has played host to other teams; first when the youngsters of the intermediate team defeated the Oldtimers on November 4 and again when the Intermediates defeated St. Cecilia's intermediate team on November 18.

The game with St. Cecilia's team was a nip and tuck affair for three quarters. It was not until the final quarter that the home team managed to forge off to victory, winning with final score of 40 to 34.

PLANS FOR CAMP RO-LI ANNOUNCED

Camping Period Set; Will Name Director Next Week

At a meeting of the Ro-Li camp committee on Tuesday, plans for the 1946 season were discussed. The committee has arranged to operate a 4-week camping period. The director for the camp will be named next week.

The camp season calls for a 4-week period being set aside for the girls extending from June 29 to July 27. The balance of the camp season will be for the boys, running from July 27 to the closing date, August 31.

A minimum of two weeks has been decided upon by the committee, for every boy and girl with the boys eligible to sign up for 2, 3, or 5 week periods. The tentative rate per week has been set at \$15.

The camp is one of the projects of the Belleville Foundation, sponsored jointly by the local Rotary and Lions clubs. The Foundation acquired the site, which was formerly Camp Demarest, and has agreed to underwrite the cost of operation for the first two years. The 1946 season will be the first year under the new arrangement.

Famous Pianist

Rudolf Serkin

Rudolf Serkin, great Czech pianist who will appear at the Mosque Theatre on Sunday afternoon, under auspices of the Griffith Music Foundation, was a child prodigy, but his great talent was allowed to develop slowly and surely instead of being plucked early to fade quickly—the fate that too often befalls prodigies who are prematurely transplanted from the classroom to the concert stage.

At five Rudolf played well well enough to have been able to add an appreciable sum to the family income had his parents chosen to exploit the boy. But each time he was urged to launch his gifted young son on a career, the elder Serkin staunchly resisted the temptation. When Rudolf was eight the eminent Viennese pianist, Alfred Gruenfeld heard him play, and recommended that the boy be sent to Vienna for a period of hard training. It was not until a good many years later that he set forth as a mature artist on his first concert tour.

His program is as follows:

- Phantasie, Op. 77 Beethoven
- Polytechnique, Op. 89 Beethoven
- Phantasie, Op. 15 Schubert
- Three Caprices, Op. 16 Mendelssohn
- A minor, E major, E major Four Preludes Debussy
- (... Danseuse de Delphes)
- (... ce qu'a vu le vent d'Ouest)
- (... les collines d'Annapur)
- Bourgeois, Op. 19 Chopin
- Bolero, Op. 19 Chopin

### Three Years' Progress

The work of the Belleville Foundation in the stimulation of town activities and projects since its inception three years ago shows marked progress in a period when plans have been hampered by the stress and strain of war.

With its primary purpose declared to be the meeting of social needs in the post-war years, the Foundation maintains a policy of direction, stimulation and organization only, withdrawing as soon as each new project is under way and able to function independently.

Working on this axiom, the Foundation organized without funds three years ago, now has a fund approaching \$200,000 contributed by its members and local industries. Interest on this money is used to launch the new projects and is usually repaid when the projects become self-sustaining.

Worthwhile stimulus provided by the Foundation thus far is seen in the youth training project which has created unprecedented enthusiasm in the Boy, Girl and Sea Scout organizations now boasting of greatly increased membership. In addition, through Foundation activities, Camp Ro-Li has been acquired for use of local scouts and non-scouts and its operation is now in the hands of the Belleville Rotary and Lions clubs.

A long-range town recreation program has been set up through the Foundation's suggestion that the National Recreation Association make the survey which is to be used in a fifteen year plan. A committee is now at work selecting the first projects to be put into effect next year.

Creation of the post of veterans' guidance director to correlate all town aids to returning servicemen and implement to Foundation's plan as outlined in its booklet, "The Open Door to Belleville" also came about at the organization's suggestion.

Just formed is a committee to advise servicemen and women on the continuation of their National Service life insurance because of its low cost in comparison to the benefits received. The committee is working in co-operation with the veterans' guidance director, who is available in town hall to answer these and other queries plaguing returning vets.

A start has been made in the musical education field with two concerts by local artists already presented in the high school under Foundation sponsorship, as well as many church concert programs.

A medical clinic for industrial employees and a dental clinic with facilities available to school children are now under discussion by Foundation trustees. If these are established they may form the nucleus of a local hospital, the need for which has been established by Foundation surveys.

Other projects yet to be started include adult education and social development

through forums, dramatic entertainment and discussions, homes for the care of the aged and infirm and child welfare.

This roster of things accomplished through the war years is no small advancement in providing for the social needs of Belleville. As new needs arise they will be considered and incorporated in the Foundation's program which should enjoy a great impetus in the peace-time period ahead.

### We Can Read

The Congressmen and Senators who are trying to make us believe the American government provoked the war with Japan, thus causing Pearl Harbor, not only reveal a singular contempt for American intelligence but also a curious lapse in their sense of timing. If they had hoped to make their charges stick they never should have permitted the Pearl Harbor inquiry to be conducted simultaneously with the trial at Nuremberg or while American Army Intelligence was still active in Tokyo.

Every day the news dispatches from Nuremberg and Tokyo contradict them. In Nuremberg German documents show the schemes of Hitler to conquer the world. In Tokyo other documents show the plots of the Japanese High Command. One has only to read these dispatches and documents to realize once more how inevitable the war really was.

The American people want the truth about Pearl Harbor, but they certainly don't want any American attempt to whitewash the Japanese Imperial Government. When Senators and Congressmen tell us that Togo and Kurosu were provoked into war they're merely being insulting. We can read as well as they can.

### Character

If there is another war within the lifetime of those now living the American people can blame themselves and their lack of character—nothing else.

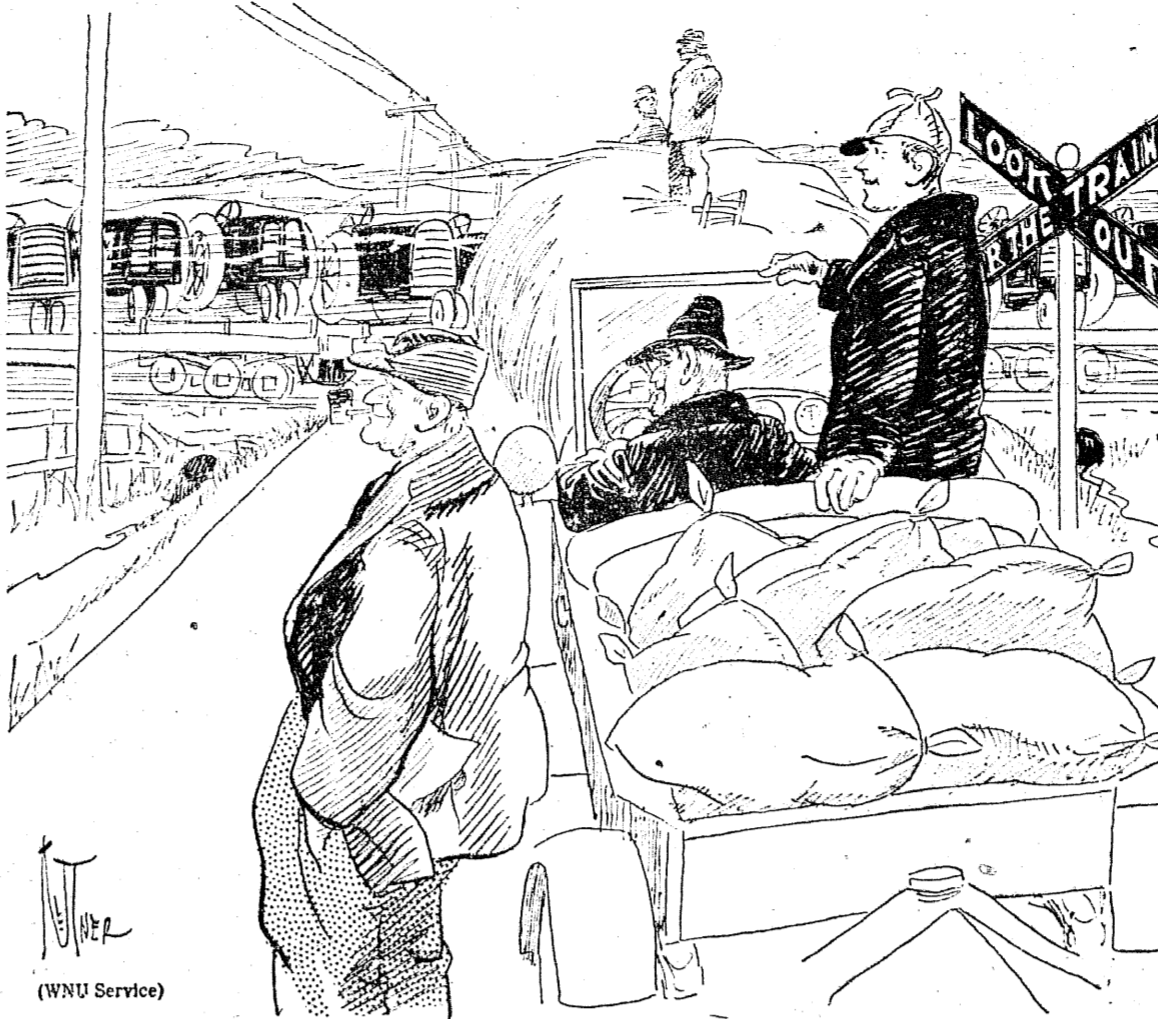

We are the most powerful nation in the world. No other country can compare with us either in military might or economic resources. The world is ours to shape for generations to come.

We say we are a peaceful nation, and that above everything else we want peace on earth. Peace, however, is not a passive thing. It is not just minding one's own business. Peace, we should have learned by this time, is something that must be built with others, like a house. Peace is costly, too, and if we want it we must pay for it with toil and money.

Although the horror of war is fresh in our minds, there are already signs that we are unwilling to meet the price. We are wrecking our armed might, although it has been established that our military weakness was one of the factors contributing to the last two wars. We are shirking our obligation toward feeding Europe, although starvation abroad can only mean future trouble for us. We are acting like bankers in extending financial aid to foreign nations, although a rehabilitated world economy is necessary for a stable world. In short, we are behaving very much as we did in the 20's, when we turned our back on the world, and let a new war grow up around us.

Because of its wealth America is today the first world power. Let us not confuse wealth and character, however. They are not the same, and are not synonymous. We have wealth and power. The next few years will determine whether we have character.

"His courageous actions, calmness under fire and unswerving

### CITIZENS PROTEST LOCAL HORSE RACE

Sport Of Kings Wrecking Lawns and Gardens On Smallwood Avenue

A strong aroma of horseflesh permeated the town hall Tuesday night, when a group of citizens from Smallwood avenue appeared to protest the use of their street and Greenwood Lane, which runs in back of Smallwood, as a fairway for horses.

According to the spokesman, Alexander Ross of 161 Smallwood avenue, Saturday and Sunday in their neighborhood takes on the appearance of a miniature Hialeah Park racetrack. Horses run back and forth, throw their riders and run amuck through backyards, hurling and trampling lawns and hedges.

The riding stable in that vicinity is owned by the Ricco Brothers, and they were represented by brother John.

According to the latter, the horses doing the damage and endangering the lives of children and grown-ups are not from his stable, but from other riding academies in the vicinity.

When queried by the commissioners, Ricca stated that he is powerless to stop the other riders and their animals from trespassing on his property. In spite of all his efforts to keep them from riding through, which included calling the police and posting signs, the latter being torn down, they still continue to cross his property.

The matter was referred to Town Attorney Keenan to ascertain what steps can be taken to stop the Paul Revere rides that are taking place on Smallwood avenue, and Commissioner King stated that a police car will be assigned to make a check on the doings up that way.

## MOVING AHEAD

... toward a greater service for a greater New Jersey

Day after day, New Jersey's telephone system is being enlarged and improved to serve more who are waiting—and make service better for everyone.

Over 11,000 "held orders" have been filled in the last two months. Switchboards are being enlarged—many miles of local and long distance circuits are being built.

Here's another step toward better service. Next Spring, the telephone

numbering system used in most of northern New Jersey will be extended to nearly 200,000 more telephones, served by 83 central offices.

This paves the way for wider use of swift, flexible dial service by telephone users for local and nearby calling, and by operators for dialing Long Distance calls through to distant telephones. A greater service is truly in the making!

## NEED YULE GIFTS FOR SERVICEMEN

### Red Cross Camp and Hospital Group Appeals For Contributions

Red Cross Camp and Hospital committee, under the chairmanship of Mrs. Raymond E. Mertz and Mrs. Everett B. Smith, has by letter notified all organizations of their opportunity to furnish Christmas gifts for hospitalized and encamped servicemen in New Jersey. The Lions club, as an example, has agreed to furnish 25 such packages.

Individual responses will also be welcomed and Mrs. Mertz this week released specifications for the packages which must be delivered on or before December 1 to Red Cross headquarters at 258 Washington avenue.

In order that uniformity may be observed the packages are divided into four groups and persons are asked to conform to the specified contents. Package No. 1

should contain wallet, pocket novel and cigarettes; package No. 2, pipe and tobacco and pocket novel; No. 3, pocket photo folder (for identification card, etc.), pocket novel and cigarettes; package No. 4, fountain pen, pocket novel and cigarettes.

Each item should be gift wrapped and then the entire package gift wrapped and the number, indicating contents, marked on the outside. The cost should be from \$1 to \$1.50. The donor's name and address may be enclosed and the name of the organization represented, if there is one.

Junior Red Cross continues to contribute holiday cheer to a Northport, L. I. servicemen's hospital for which they supply nut cups, paper napkins, place cards and tray favors in the amount of 250 each prior to each holiday.

Magnolia street school furnished Hallmark decorations, which were especially acclaimed; Cortlandt Street school supplied Armistice Day tray trimmings; Ralph Street school is at work on Thanksgiving favors and Jerusalem Street school will wind up the year with Christmas favors.

## \$5,000,000 ELIZABETH KENNY INSTITUTE CAMPAIGN

"NO LITTLE CHILD ON EARTH SHOULD BE ASKED TO SUFFER PAIN, HUMILIATING DEFORMITIES OR OTHER COMPLICATIONS UNNECESSARILY"

SISTER KENNY

# Infantile Paralysis

# The Ruthless Enemy of All Our Children

Our help is needed to protect our own and other children, in training more nurses in the technique of the Sister Kenny method to make available—when and where needed—the Kenny treatment in saving infantile paralysis victims, from lives of deformity by restoring them to normal healthy lives.

In British countries chief nurses are called "Sister."

Sister Elizabeth Kenny's method, developed by her while a nurse in Australia, is accepted by many medical authorities as the most successful treatment for those struck by this dreaded affliction.

The Mayo Clinic sends students to her Institute for a course of study.

## OUR CONTRIBUTIONS ARE NEEDED!

We, as parents will all share the sentiment expressed by Bing Crosby—National Chairman of the Sister Kenny Foundation.

"As the father of four children, I have a deep appreciation of the great work being done by the Sister Elizabeth Kenny Foundation. With the generous support of the American people, the benefits of Sister Kenny's treatment can be made available to every boy and girl in the land."

Bing Crosby

# Lives Like "White Unwritten Books"

WHEREVER A CHILD PLAYS in a school yard today, there lives an "unwritten book"—a book that can be written in letters of gold or of blood.

Which way it is written is largely up to you. Here's why:

With forces like the atomic bomb loose in the world, we face either a glorious future or one too horrible to contemplate. If America is sound, prosperous and progressive, it will probably be a bright future, literally glowing with opportunity for those too young to have faced the tragedy of this war. But if America is unsound financially, the total effect will not be just a tragedy for America, it may well be the final curtain on civilization, on religion, on everything

that has made our lifetimes worth the living.

And that is the way their book will be written.

What has that to do with the Victory Loan? Just this:

If this Victory Loan is a success—it will mean that our national credit has been kept sound, that reconversion can proceed unhampered by doubt concerning that credit, that inflationary forces have been retarded and reduced, that our men still overseas will be brought back and given a decent chance in life. It will mean, in short, that we have taken one mighty important step on the path of national sanity.

You, of course, know your own obligation—to your nation, your family and yourself. Will you invest fully—this last\* and supremely important time?

*\*Following the Victory Loan, the sale of E, F, and G U.S. Savings Bonds will continue through regular authorized agencies and through the Payroll Savings Plan.*
