

So What?

"That ain't the way I hered it!" was the reaction of Hugh Welsh, when he read the Belleville Times-News story given to us by Mayor Waters in the presence of several members of the Board of Commissioners. Mr. Welsh, who returned on Thursday from his vacation to take care of a few matters at Town Hall, says someone misunderstood when he had a discussion with Mayor Waters about the defense co-ordinator job. He was of the impression that he was going to assist Commissioner Sullivan, since the Commissioner had developed all the necessary contacts during World War II, and knew his way around. A hurried conference was called and the next day Mayor Patrick A. Waters came out with an announcement that Commissioner Sullivan would fill the post and be assisted by Hugh Welsh and Miss Marion Malcolm, as deputy director and secretary respectively.

We had a call this week that reminded us of that old story about the youngster riding around the block on his bike saying on the first trip — "Look dad, no hands." And finally it was "no teeth." A woman asked Mrs. Anita Conway if anyone had reported finding a set of false teeth. Of course Mrs. Conway referred her to the item in last week's paper where an upper plate had been found on Belleville Avenue.

"Oh, they can't be the teeth I'm hunting for. My husband didn't get his from the dentist until Saturday. On the way home they hurt him so he took them out and put them in his pocket. When he got home — no teeth!"

But it's not FUNNY!

Another Belleville woman doesn't think too much of the honesty of some people, but she is not quite sure who the people are. Wednesday she went to Reed's Drug Store to make a purchase. She took her wallet out of her pocketbook and apparently left it on the counter. Some unkind person took the wallet containing \$14 and failed to turn it in to the clerk in the store. She hopes the finder has had a chance to think it over. She'd be glad to get it back the next time she shops.

Organizations and individuals seeking publicity for various functions do not seem to realize that weekly-newspapers and job printing shops are brothers under the skin. In many places weekly newspapers count on half their revenue from the job printing department. The Belleville Times-News in addition to printing a newspaper, prints anything from business cards to advertising brochures. Our friends who think of us when they have printing to be done are our real friends, and are treated accordingly.

There seems to have been an epidemic of "Benefits" staged by Belleville youths last week. For instance Janice Kleiner, Helen Dorner, Elaine Mindrinos and Joyce Bennet sold lemonade on street corners on three different days to raise about \$5 for the Polio fund.

Six other children, Geanne Faucett, Annette Kurz, Christine Kurz, Diane Owen, Vicki Owen and Kathleen Strain, ranging in age from 5 to 11 years raised \$5.00 for the Cancer Drive by putting on a show consisting of home made puppets, tap dancing and magic tricks, to which mothers and children of the neighborhood were invited. During intermission lemonade and pop corn were sold to help swell the fund. The children wish to thank their neighbors and friends for their contributions.

FIRE CHIEF TO GET DATA ON FIGHTING ATOM BOMB FIRES

Dunleavy Will Join Chiefs From Nearby Towns On Trip To Grand Rapids

Fire Chief William E. Dunleavy in company with chiefs from other Essex County and West Hudson municipalities will leave Penn Station, Newark, in a special Pullman car at 5:10 o'clock Sunday to go to the International Convention of Fire Chiefs at Grand Rapids, Mich. The convention which will start Tuesday morning and run for four days will be keynoted by discussions and demonstrations on how to combat fires started by A-Bomb blasts. The chiefs are expected to pass the information on to their regular department members and fire wardens upon their return from the convention.

In the party which has hired the special Pullman are Fire Chiefs Burnett of Newark, Gussner of Bloomfield, Bibby of Montclair, Wanders of Kearny and Carty of Glen Ridge. The train will return the chiefs to Penn Station by 6 a.m. Saturday of next week.

Playground Treasure Hunt Was Big Thrill For 250 Youngsters

Some of the 250 children who took part in the Treasure Hunt of the Belleville Playgrounds, last week at the Municipal Stadium. More than 100 prizes from free hair cuts to cokes were donated by merchants and individuals. Cards listing the prizes were hidden in various places in the stadium and at a signal the children swarmed out of the stands and onto the playing field.

HARRY SULLIVAN WILL REASSUME DEFENSE POST

Wartime Civilian Defense Coordinator Takes Over Non-Salaried Position

Mayor Patrick A. Waters, of Belleville, on Friday announced the appointment of Public Safety Director Harry J. Sullivan as Belleville Civilian Defense Coordinator and Deputy Director of Public Works and Public Safety. Hugh Welsh as Assistant Coordinator, without salary. This announcement countermands one made last week namely Welsh as Coordinator.

Director Sullivan succeeds Deputy Police Chief Kenneth D. Smith who has returned to his duties with the Police Department after a leave of absence of six months as Coordinator.

Aims To Save Taxes

Mayor Waters stated that his main interest is his endeavor to save tax dollars, especially in view to the 1952 budget. He stated, "I feel that the appointment of Director Sullivan is an excellent one in view of the fact that he served in the same capacity in our town during World War II. Director Sullivan is very well acquainted with Civilian Defense work and having served as Belleville's Coordinator from 1942 to 1943 and as Deputy Area Administrator of Civilian Defense from 1943 to 1945." Sullivan served in the area composed of Essex, Bergen, Passaic, Hudson, Union, Middlesex and Somerset Counties. He was also a lecturer at the N. J. State Chemical Warfare School.

Welsh To Be At Town Hall

Waters stated that Deputy Director Welsh would operate from his office at the Town Hall with Miss Marion Malcolm serving as Secretary to the Defense Council. "In this way" Waters stated, "the citizens of Belleville can be assured that the Defense program will be continued at the highest possible level and without any cost in tax dollars since the three new appointees will serve without additional compensation. With the international situation being as it is we are all aware that our defense efforts must be continued at a very high level and every possible improvement must be put into operation in preparation for any eventuality. I am confident that Director Sullivan and Deputy Director Welsh, both of whom have the requisite experience as the result of service throughout World War II, will devote their efforts towards the successful operation of the civilian defense program."

\$15 Stolen From Cash Register At Ray's Tavern

Ray's Tavern at 258 Mill Street, operated by Raymond Antoinette of 18 Howard Place, was broken into sometime Monday night and about \$15 in silver and pennies taken out of the unlocked cash register. However the thief overlooked a glass jar containing about \$30 in pennies which stood about 10 feet from the cash register. The jar contains "swear fines" assessed against customers for using unbecoming language while patronizing the place.

Entrance was apparently gained by cutting a screen and opening a window in the ladies room on the north side of the building. Although a dog was in the tavern overnight, apparently he didn't make any noise, for a family living upstairs over the tavern didn't hear any disturbance.

Mrs. Holloway Attends Advisory Group Meeting

Mrs. Hermine Holloway, bookkeeper of the Belleville Board of Education, on Tuesday attended a meeting of an advisory committee to the State Commissioner of Education at the state department's office in Trenton. Mrs. Holloway is the only bookkeeper on the committee which will function on all matters referred to it for study either by the commissioner or the business division. At the present time the committee is working on a set of rules and regulations to govern the auditing of the books of school districts. Most of the members of the committee are School Board presidents, superintendents and district clerks. Everett Zabriskie, Nutley district clerk, is chairman of the advisory committee.

HEIMRICH FAMILY VISITS BLINDED SON IN ILLINOIS

Edward's Eyestigh Destroyed By Red Burp-gun Bullet In Korean Engagement

Mr. and Mrs. H. A. Heimrich and their son, Harry and daughter, Doris, of 10 Fairview Place, this week returned from Maywood, Illinois, where they visited their parapetrop son, Sergeant Edward J. Heimrich, who was shot in the head by a Communist burp gun, in Korea on June 1st. Sergeant Heimrich was in a foxhole and as he put his head up to talk to another GI in an adjacent hole, a bullet entered his right temple and came out through his left eye.

He has lost the left eye and at the present time Army doctors are doing all they can to explore the possibilities that he might restore sight to the other. He is in the Hines Hospital, at Maywood. He originally was taken to a hospital at Taegin, Korea, and later flown to a hospital in Texas before landing at Hines Hospital. In Korea he was unconscious for four days. After his parents had received a telegram from the government saying he was seriously wounded, they received a letter from Edward, laboriously printed, in which he said he lost his eyesight.

End On 1946 Grid Team

The Belleville youth is 21 years old. He was born in Kearny and came to town with his family when six years old. At Belleville High School he played left end on the 1946 football team. He completed a three year enlistment with the Paratroopers in July. After several combat jumps with his paratroop buddies he was serving with an infantry company when he was wounded.

His folks had an opportunity to take Edward out of the hospital for visits with relatives in a nearby town. During their visit, he said that things were not too bad in his nine months in Korea, at least no worse than he expected, and that he has no regrets even though he may never see again.

Spirit Is Wonderful

His mother says, "his spirit is wonderful and his optimism has convinced us that his injury which looked so bad to us two months ago, might have been worse. He is going to school learning Braille and how to get about by himself."

Both of Edward's brothers, served in the Navy during World War II and came home safely. Walter, now 24, was in the Navy Air Force and Harry, now 27, was a seaman first-class. Mr. Heimrich is with the Standard Oil Company of New Jersey.

COMMISSIONER IS PREPARED TO FIX STREET ORDINANCE

Motor Vehicle Department Engineer Asks Technical Change On Stop Streets

Public Safety Director Harry J. Sullivan is prepared to offer a change in the all-inclusive one-way - stop - street and play-street ordinance, at the meeting of the Town Commissioners, Tuesday night, to comply with the wishes of the State Motor Vehicle Department. He is prepared to offer one resolution striking the stop-street and play-street paragraphs from the ordinance which passed first reading on July 24, and to introduce a new ordinance which instead of stop streets, will designate certain through streets, and secondly designate individual streets as play streets.

The State Motor Vehicle Division keeps a close check on what municipalities do about traffic and Arnold H. Vey, traffic engineer of the department has informed Commissioner Sullivan that to designate individual intersections as stop streets is contrary to the accepted practice. Actually the designation of "through streets" accomplishes the same purpose. The play-street section of the ordinance is not specific enough for Mr. Vey, who advised the Director of Public Safety that the ordinance will have to be amended every time a street is added or taken off the list of those closed at certain times for play purposes.

Treated For Shock After Union Ave. Head-on Crash

Mrs. Josephine Bottge, 25, of 40 Preston Street, was held at Columbus Hospital Saturday night and Sunday morning to be treated for shock, after a head-on collision between a car driven by her husband, Raymond, and a car driven by Mrs. Margaret E. McKown of 844 Mt. Prospect Avenue, Newark. According to a statement on file in police headquarters, Mrs. McKown had stopped, preliminary to turning into a driveway at 52 Union Avenue, at 11:05 p.m. Saturday night when her car was struck by Bottge's.

BELLEVILLE GIFTS FAR SHORT OF RED CROSS FLOOD GOAL

Paul M. Kelley Reports \$384 Collected Toward Town's Quota Of \$1,200 In Drive

Paul M. Kelley, Flood Relief Fund Chairman for the Red Cross in Belleville reports that \$383.91 has been contributed so far in Belleville. Of this amount \$64.91 has been collected from coin boxes placed in local business places, with the remainder being direct contributions to the Fund.

As Mr. Kelley points out, the goal of \$1,200 is still far from being reached. He urged every wage-earner to send in a contribution so that the aggregate gift from the community will be of material help in the rehabilitation of those thousands affected by the floods.

Old Booklet About Belleville of the 19th Century Is Gem Compared With Cold Facts in Most Histories

Passaic River Was Fishermen's Paradise With Variety Of Fish Caught

An ancient book of undetermined date of publication, written by an H. Holmes, one of Belleville's leading citizens of the previous century, is included in a folder which contains all the known history of Belleville, in the files of the Belleville Public Library. The booklet is entitled "Brief History of Belleville," but is in fact the personal reminiscences of an elderly gentleman whose boyhood reached back to the 1820's.

Printed entirely with handset type and generously amended with the author's own blue pencil corrections, the booklet is a gem for anyone interested in the background of this municipality. Cold facts, as found in other histories, pale in comparison with the wording, detail and imagination of the author. It is illustrated with line drawings of Belleville, when it had 21 of 101 streets: Main Street, Brook Road (now Mill Street), Winham Street and Barriek Lane (now Joralemon Street).

Printed About 1890

As far as we can determine the book was published between 1890 and 1895. Parts of the cover and some of its pages have broken off because the paper has dried out. But it is a remarkable volume and Mr. Holmes appears to have been a remarkable man, civic minded and a true prophet. These things will be revealed as we divide his historical tome into several parts for repetition on

these pages. Because the booklet is written along the lines of an after-dinner speech, liberally peppered and interspersed with jokes, the material in a series of stories will not be a complete reprint of the booklet, either in form or in sequence. Instead it will be a digest version of Mr. Holmes' story.

Quite A Prophet

"The writer feels thankful that his life was, and is with this generation," Mr. Holmes wrote, "that he has been permitted to witness with his own eyes such great results, and while he is lost in such review, asks what will the coming generation see. They will perhaps be as much surprised over the present as we are over the past."

"Can we doubt but that all our mails, which now travel 60 miles an hour by train, will be placed in tubes and with electric speed

Expects to Clear \$64,000 In Tax Title Liens Off Town Record This Year

"In Rem Foreclosure Act" Saves Time and Money For Municipality In Wiping Out 20 Year Old Bad Debts; 51 Tracts Acquired, 40 Sold In 1951

Proceeding under the "In Rem Tax Foreclosure Act of 1948" Belleville's Revenue and Finance Department, under Acting Mayor Patrick A. Waters, is well on its way to cleaning up the town's bad debts, most of which stretch back to the depression days of the early 1930's. Starting the year with nearly \$94,000 on the books as Tax Title Liens, the department plans foreclosures of some 77 tracts this year, to bring this amount down to less than \$30,000 by the start of 1952.

Almost any business enterprise has some bad accounts and Belleville like all New Jersey municipalities is no exception.

In any municipality, property owners who pay their taxes promptly have always carried more than their share of the cost of local government, in two ways, first because budget appropriations covering the

Tuesday was Children' Day for Town Ambulance

THIRTEEN LEAVE FOR INDUCTION IN STEPPED UP DRAFT

Only Two From Belleville Inducted Since May; Get Gifts Before Leaving

Thirteen Belleville youths gathered at the Red Cross Headquarters at 260 Washington Avenue on Tuesday morning to report for induction in the stepped up draft into the armed services. Only two youths were inducted in June and none in July. At the Red Cross Chapter Headquarters each of the young men received a package containing cigarettes and candy from the Red Cross and a fountain pen from the Women's Auxiliary of the American Legion.

Members of the Motor Corps drove the inductees to the Sussex Avenue Armory in Newark, and waited for them to finish their final physical examination, to take them on to the station where they were entrained for camp.

In Tuesday's group were: Peter Biase, Jr., of 123 Heckel Street, Henry R. Blekeski of 29 Division Avenue, Louis J. Calvano of 140 Academy Street, Joseph J. Cancelliere of 186 Franklin Street, Charles A. Cerami of 9 Hilton Street, Andrew F. Griffin of 140 Rutgers Street, Paul J. Malague of 6 DeWitt Avenue; Joseph Matia of 29 Myrtle Street, Julius T. Michnowski of 59 Beech Street, Vito Orto of 285 North Belmont Avenue, Edward A. Pelczynski of 31 Belleville Avenue, John Simonsky of 9 Continental Avenue and Robert L. Sweeney of 169 Beech Street.

The June inductees who reported directly to the Armory are Robert G. Gridley of 120 Rutgers Street and Louis Talligiani of 58 Smith Street.

Two Strangle, One Scalds Self With Coffee; Young Lady Has Hemorrhages

Tuesday was a bad day for Belleville children. Four of them ranging in age from three months to 14 years required first aid or trips to the hospital in the town ambulance.

Margurite Williams, three month old daughter of Mr. and Mrs. J. S. Williams of 118 Cortlandt Street was rushed to the Columbus Hospital by Firemen Schaugnessy and Sciassa after her mother called the police headquarters and said her daughter was strangling. Doctors at Columbus Hospital removed mucus from the child's throat. Later the baby was taken to Baby's Hospital in Newark at the direction of the family doctor.

Calvin Stone, 2½, son of Mr. and Mrs. Calvin Stone of 9 Hughes Place, Maplewood, who was visiting his grandparents at 194 Hornblower Avenue, choked on a button. Police were called but by the time they arrived the child's father had removed the button. The youngster was treated for shock by Dr. Robert Underwood.

Phillip Maguire, 4½, son of Mr. and Mrs. Justus Maguire of 94 Van Houten Place, tried to remove a pot of coffee from the gas stove in the kitchen, and in doing so spilled the coffee over the upper part of his body. The youngster was taken to the St. Mary's Hospital in Passaic, by Firemen Thalheimer and Burns, accompanied by Mr. Maguire. The child was treated for burns and returned home.

Annette Petrillo, 14, of 87 Magnolia Street had a tooth extracted by a Bloomfield dentist on Monday. Tuesday she began to bleed profusely. She was taken to a doctor and after treatment began to hemorrhage again. She was taken to the Columbus Hospital, where she had the gum cavity packed and received an injection for the loss of blood.

tax title liens and property obtained by deed or decree since the first of the year will just about equal the amount budgeted for "In Rem" proceedings during the year. The budget appropriation was \$12,700 and as of July 31, \$12,225 has been received through the sale of 40 parcels of land with a total assessed valuation of \$18,350. Of these 40, three were "In Rem" titles, sold for \$2,200.

So far this year, the town has acquired 51 parcels of land, 46 by "In Rem" and five others by the purchase of deeds for a minimum amount. The assessed valuation of the "In Rem" parcels is \$13,395 while those obtained by deed have a book value of \$3,700, or a total of \$17,095.

\$187,000 Worth Of Property

The assessed valuation of all town owned property including that which is salable and also including plots on which veterans emergency housing and playgrounds are situated was \$186,950, as of January 1.

This amount has been reduced by only \$1,350 since that time because of a number of factors, first the number of new parcels acquired and secondly, because most of the better pieces obtained by the town by tax foreclosure had been sold off in prior years. Last year, for instance, when very little property was claimed by foreclosure, more than \$73,000 was taken off the total figure through sale of several extensive tracts of land. Few large parcels are left and those which are being sold are well distributed and not particularly adapted to advantageous development for resale.

Schuyler's Slave

"Nor to go back as far as when Schuyler's slave found the piece of copper ore and his master being so highly pleased said he might make three wishes for something which should be granted him. His first wish was that he might remain with his good Massa all his life. His second was for as much tobacco as would last him all his life. His third was for a silk gown like his Massa's. His master found the wishes so moderate that he gave him another, his fourth wish. After thinking for a long time the slave said, 'Well, Massa, I'll take a little more tobacco.'"

Part Of Bloomfield

Seventy years ago (about 1825) he finds the beautifully

(Continued On Page Two)

percentage of the previous year's unpaid taxes must be made and secondly, property listed in the Tax Title Liens remains as assessed valuation on the town's books, and as such is paid for in county tax assessments.

The state law provides that the day real estate taxes become due they are a lien against the property taxed. If they are not paid within a year and a half, the municipality has the legal right to sell the lien at a tax sale. If the property is not purchased by a private bidder, the municipality acquires the lien, which is then known as a "tax title lien."

Liens A Headache

Disposition of tax title liens have been a municipal headache. It was particularly so in times past, when a long and circuitous legal foreclosure was required. This procedure known as "Suit in Personam" required a 90 year search together with notification of all persons having interest in the property. Each suit cost the town about \$250, so in the past the town proceeded against only large plots where it was possible to get the \$250 plus the back taxes out of a sale.

Although the "In Rem" act was passed in 1948, Belleville didn't proceed under it until the constitutionality was upheld by both the Superior Court and the State Supreme Court. Recently, the first insuring of titles under the act were reported.

"In Rem" Shortcuts

The "In Rem" act allows municipalities to circumvent the cumbersome requirements of the "In Personam" act. This allows the municipality to foreclose against the property itself, instead of the individual. It therefore eliminates the search and cuts the foreclosure cost to about \$85 per parcel, a saving of more than \$170. A decree by the Chancery Division of the Superior Court bars the interest of all persons. In addition to the money factor there is a substantial saving in time.

State Total \$32,000,000

The total of all tax title liens held by New Jersey municipalities as of January 1, was \$32,737,771. In some municipalities the tax title liens totaled more than the annual tax levy. Belleville was in fair shape as of that date with a total of \$93,802, even though not a great deal of effort has been expended in recent years to foreclose under the old act. As of July 31, this figure had already been reduced by \$40,000 to \$53,812.

tax title liens and property obtained by deed or decree since the first of the year will just about equal the amount budgeted for "In Rem" proceedings during the year. The budget appropriation was \$12,700 and as of July 31, \$12,225 has been received through the sale of 40 parcels of land with a total assessed valuation of \$18,350. Of these 40, three were "In Rem" titles, sold for \$2,200.

So far this year, the town has acquired 51 parcels of land, 46 by "In Rem" and five others by the purchase of deeds for a minimum amount. The assessed valuation of the "In Rem" parcels is \$13,395 while those obtained by deed have a book value of \$3,700, or a total of \$17,095.

\$187,000 Worth Of Property

The assessed valuation of all town owned property including that which is salable and also including plots on which veterans emergency housing and playgrounds are situated was \$186,950, as of January 1.

This amount has been reduced by only \$1,350 since that time because of a number of factors, first the number of new parcels acquired and secondly, because most of the better pieces obtained by the town by tax foreclosure had been sold off in prior years. Few large parcels are left and those which are being sold are well distributed and not particularly adapted to advantageous development for resale.

Starts Electronics Course

ANSON D. Baker, airman apprentice, USN, son of Mr. and Mrs. A. A. Baker of 9 Bellevue Avenue, recently began a 28-week course of instruction at the Aviation Electronics Technician-Electronicsman School, U. S. Naval Technical Training Center, Memphis, Tenn.

\$3,000,000 Hospital Planned For Area Work Starting Soon

Dr. Whelan Of Nutley Will Be Advisor Of 290 Bed Institution To Serve Many Municipalities

Approval of plans by the Clifton City Council last week cleared the way for the construction in October of a \$3,000,000 hospital with 290 beds in Chittenden Road, near Grove Street, Clifton, which will serve residents of Belleville as well as those of other nearby towns.

Dr. Edward C. Whelan of Nutley, who has been a practicing physician there for the past 41 years and is at present director of surgery at St. Mary's Hospital, Passaic, has been called in in an advisory capacity.

The hospital, which will be one story in height, with a basement, will occupy a 14-acre tract near the Montclair town line. With construction scheduled to start in October, it is expected the building will be finished in a year.

An unusual feature of the institution will be a research laboratory which, according to present plans, will provide facilities for the most advanced medical research in this part of the country.

Officers of the institution, which was chartered last March, are the following: President, Jean U. Koree, a New York industrial engineer; treasurer, Edward R. Hoffman of the New York tax consultant firm of Edward R. Hoffman Company, and executive vice president and administrator, Paul Meyer, Jr., a former administrator of the Jewish Hospital in Brooklyn.

selected in Clifton, Mr. Meyer said, because it is the largest city without a hospital. He said he had surveyed the area, including Paterson, Passaic and Montclair, and estimated there is a shortage of 700 to 800 hospital beds. There are, he said, 1,795 beds in about six hospitals and several sanitariums in this area.

Non-Profit Institution
The hospital will be a voluntary non-profit institution, it was explained by Mr. Meyer, who described the design of the building as "resembling a snowflake" in that it will have a central core from which will radiate six wings like the spokes of a wheel.

Mr. Meyer said plans call for two medical wings, two surgical, one obstetrical and one for pediatrics. The operating, labor and delivery rooms, doctors and nurses lounges will be in the central core.

Two unusual features of the hospital, Mr. Meyer stated, will be the contagious disease unit, with 12 beds for the care and treatment of infectious diseases of children, and the inclusion of extensive medical research laboratories. A cardio-vascular unit is planned for the diagnosis and treatment of cardio-vascular diseases, of which there is only one other unit in the state.

Provisions have been made for a snack bar, a flower shop and gift shop on the first floor of the building. The basement will

house the central supply room, cafeteria for hospital help, administrative offices and a chapel. There will also be a doctors' library near their basement lounge, where lectures will be given to the public weekly during the winter months on all questions of health.

All Private Rooms
Dr. Whelan said yesterday that the day of the ward has gone, therefore all patients' rooms will be private, either double or single, and each will have toilet facilities.

Dr. Whelan also stated that there will be no training school for nurses and the hospital will be staffed entirely by registered nurses. There is a plan, he said, after the hospital opens, to train women in the area in the art of bedside nursing. This, he pointed out, will enable them to care for members of their families in the hospital, if they should become ill, and thereby reduce the cost of nursing care. These women, Dr. Whelan added, could volunteer their services to the hospital after they become proficient.

The staff of physicians and surgeons will be recruited from the surrounding towns, including Belleville, Passaic, Paterson, Montclair, Rutherford and Lodi. Dr. Whelan said eventually a commissioner from each of the towns the hospital serves will be invited to serve on the board.

In incorporation papers for the proposed hospital were filed March 13 in Trenton and a building permit was taken out in Clifton's City Hall late Tuesday afternoon. S. J. Kessler & Sons of 118 East 228th Street, New York, are the architects and engineers.

Church Sponsors Tour
The officers and members of the Second Baptist Church, of which Rev. H. E. Goldstone is pastor, will sponsor an educational tour to the Museum of Natural History on Saturday, August 11.

Proposed \$3,000,000 Hospital to Be Constructed in Clifton

The architect's sketch above shows the proposed \$3,000,000 hospital which will be constructed on a 14-acre tract in Chittenden Road, near Grove Street, Clifton, and the Essex County line. Construction of the 290-bed hospital will be started in October, and it is expected the building will be completed within a year. Described as "resembling a snowflake," the building will have a central core housing operating rooms from which will radiate six wings which will have facilities for obstetrics, pediatrics, medicine and surgery. It was explained yesterday that the hospital will be a voluntary, non-profit institution. The staff of physicians and surgeons will be recruited from Belleville, Nutley, Clifton, Passaic, Paterson, Montclair, Rutherford and Lodi.

Playground Activities Build For Championship Field Day

Wednesday's Event at Clearman Field Will Complete Playground Season; 100 Winners At Last Week's Spectacular Treasure Hunt

Belleville's playgrounds

have one more week to go, closing next Wednesday with the biggest event of the year — The Championship Field Day at Clearman Field. This event offers an opportunity for the playground youngsters to find out just how good they are at their favorite activity. Inter-playground tournaments have been planned in jacks, ping-pong, checkers, rubber horses, iron horseshoes and a number of other events. Events will start at 9:30 and continue throughout the day.

The treasure hunt last week was a huge success with some 250 youngsters scoring every inch of the Municipal Stadium, in search of the precious cards that would entitle them to a prize. The local merchants and individuals who donated more than 100 prizes are to be thanked for furnishing a million dollars worth of thrill to the successful winners.

Recreation House
Recreation House beat No. One 4 to 1 in a softball game featured by the pitching of Russel Purdue. The Teen-Agers Dance last week was a huge success. At the treasure hunt Tommy Joyce came through with a ticket for a free haircut. The softball team suffered two big losses this week. Ernest

Thomas Ferraiolo, Vera D'Ambola, Romeo DeBenedetto, Dom Klein, Joe Casta and Irving Carver. The ping-pong King is Paul "Chirp" Marrone, who has defeated all comers. The Queen is Sandra Riccio. Leading the field in the doubles games are Andy Rowjohn, Rocco Sinopoli, Joe Marano and Charles Vitale. Phyllis Sinopoli and Vicky Risoli have won the opening round of the girls' doubles. Vera D'Ambola and Lucy Scanniello look like the finalists in the checked tourney with Clem Badalamenti and Sal Lo Coco leading the "men's" division.

Playground No. 10
Our long awaited basketball backboard and rim has finally arrived and it will mean added interest for our older playgrounders. Our thanks to Mr. Babb. We had a fine time at the treasure hunt and a few of our youngsters won prizes.

Memorial Field
The Memorial Field girls' softball team is making up for its late start by some extended practice sessions. Coaches Billy D'Ambola and Joe Andriano are helping the directors put the girls through their paces each evening. The team traveled to Clearman Field Tuesday night to play a strong team from No. 10. Betty Stefanelli is working hard around shortstop to develop the pivot on the double play. Her pegs to Lucy Squiteri on first base, have been a little less than accurate, so far. Suzy Bisacchi's chatter behind the plate has been responsible for the successful practice performances of Theresa Inauguato, who has been blazing them in for the Memorial team.

Several of the Memorial children joined the Friendly House group on their picnic at the treasure hunt. They came home with such prizes as a carton of cokes, chocolate bars, and candy.

Playground No. 9
Our playground had visitors again this week, when two young ladies from New York City were our guests. They were Jean Louise and Linda Gail Santansiero. They were visiting their cousin Andrew Santansiero of Little Street. Welcome back, Danny Smilie, we're glad to see you feeling fine after your appendicitis operation. Gwen Wilson, the little visitor from Rhode Island has written us a letter thanking us for the swell

time she had at our playground.

Playground No. 2
New contests were staged and new champions crowned at No. 2 playground last week. Rose Marie Ryan is the ball bouncing champion. Ann Carney is the Jack champ. Michael Rinaldi is the master mind of the checker board. Bingo is popular with the youngsters. We played 20 games one afternoon last week. In our marble hunting contest Barbara Bilensky, Ann Monica, Carol Marone, Joe Sasso and Tom Graham, were the best hunters. Each found more than 75 marbles.

No. 1 Playground
Our senior softball team ran roughshod over the boys from No. 10, 23 to 10. Henry Yochum twirled for our gang and turned in a nice performance. He was ably assisted by Stanley Mumford, who made a couple of great catches in center field and also by the heavy bats of Jacquin and McNally. Our senior basketball team defeated a senior team from the Irvington "Y" by a score of 78 to 43. Jimmy McConnell,

Deanie Hatcher and Joseph Brosius garnered 59 points which is a goodly number in any league.

William Street Playground
Welcome back JoAnn and Walter Coulther, we hope your vacation was a pleasant one. Our playground is a bee hive of activity these days, and you can bet your life we are going to bring back some of those championships from the Field Day.

Why Wait Another Day?

There's no reason under the sun why you should postpone the extra satisfaction of owning a Pontiac.

Stop in as soon as you can, we'll work out a deal—and then you'll appreciate the extra satisfaction of a Pontiac!

You'll notice it first in the pride you take in your Pontiac's distinctive beauty, for there's nothing else like it.

You'll notice it every mile you drive, for your Pontiac will perform brilliantly, year after year.

You'll notice it, too, in the admiring glances of others, for Pontiac is always sought after, always valuable.

But best of all you'll notice it on the price tag—for the extra satisfaction of a Pontiac costs nothing! If you can afford any new car you can afford a wonderful new Pontiac!

Equipment, accessories and trim illustrated are subject to change without notice.

1022 BELLEVILLE FOLKS VISIT ERIE CENTENNIAL TRAIN

Attendance Holds Up Train's
Departure For Newark
By Full Hour

The Erie Railroad 100th Anniversary train which made its stop at the Essex Street station of the Erie on Monday attracted 1022 persons, according to Station Master Clyde Dietrich. The train was about 15 minutes late pulling in from Nutley and was scheduled to stay here for one hour. Instead it was in Belleville for almost two hours, for it was 1 o'clock when it pulled out for its seven hour appearance in Newark.

The train was so long that it would not fit in the siding and had to be broken in two, with the museum car and the display of ancient cars and freight cars on the siding.

The diesel engine, the cutaway diesel, the classroom car, pullman, dining and coach cars all modern coaches, parked on the main line. Erie Railroad police under Chief Sterns and Captain Pierce handled the crowd and passed out leaflets to those who attended.

Many Women and Children

A large part of the crowd was made up of women and children. A number of the town's businessmen were taken in a special group through the cars while workmen directed stairways and platforms to facilitate handling of the crowd.

Including the Belleville stop the exhibition train has been visited by 187,313 people since it set out from Hammond, Indiana on June 18.

Old Booklet

(Continued From Page One)

situated Town of Belleville on the westerly side of the Passaic River united with all of Woodside from the Cemetery up, and all of the Township of Franklin was included in the Township of Bloomfield. He remembers well of having for years to go up the Old Bloomfield Road to pay his father's taxes. This continued as such until 1839, when the township was divided, leaving all that which was called Woodside and all of Franklin Township in the Township of Belleville. In 1869 Woodside was taken off as a township by itself, and in 1874 Franklin became a township by itself, leaving Belleville as it is now.

"At the commencement of this short history, there were but 75 dwelling houses from Barrick Lane south to Mt. Pleasant Cemetery, including all the streets. They can now be counted by the thousands. Two of them were called taverns. One was kept by John Williams, a stone house on the corner of John Street, which was the stage house for passengers to New York. The other was kept by Thomas Farrand on the corner of William Street. There were five stores, kept by the following persons: William M. Sanford, William Holmes, John Dow, William H. Brant and William Dow.

"There were but few places docked out, only enough for vessels to deliver freight; all an open and beautiful shore which made it very pleasant to look upon the river.

"Commencing from Barrick's Lane, running north, was one long hill, 20 feet high, with apple trees, and where Mr. Eastwood's work now are, was a deep creek in which at high tide vessels could float. The writer well remembers this, for when 14 years of age he saw three ducks alight. He took his gun, crawled slyly through the reeds, got them in range, fired and shot them all. But to his

BROKEN HEART END TO LONG ROMANCE OF MRS. PUCKHABER

Survived Mate Of 60 Years By
About Seven Months; Lived
Here For 28 Years

The final chapter of a romance which lasted more than 60 years was written Sunday when death called Mrs. Katherine Puckhaber of 56 Bell Street, at the home of her daughter in Staten Island. Mrs. Puckhaber was the widow of the late Harry C. Puckhaber, who died in December of 1950. In the fall of last year the couple celebrated their 60th wedding anniversary. Although the official diagnosis was that Mrs. Puckhaber, in her 83rd year, had died of cerebral hemorrhage, those who knew her best say the cause was a "broken heart."

Mrs. Puckhaber, who lived in Belleville 28 years, is survived by two daughters, Mrs. Louise Smith and Mrs. Henrietta Burger of Staten Island and Edward H. Puckhaber of Belleville.

Funeral services were held at Staten Island Tuesday evening and burial was in the Moravian Cemetery, Staten Island, Wednesday morning.

Vito Parillo

A solemn high requiem mass was offered Friday at 9:30 a.m. in St. Anthony's Church for Vito Parillo of 99 Harrison Street, who died July 20 in St. Vincent's Hospital. The funeral was from the Zarro Memorial Home, 145 Harrison Street, Bloomfield, and burial took place in the Holy Cross Cemetery, North Arlington.

Mr. Parillo, a retired employee of the Belleville Copper Rolling Mill, was born in Italy 85 years ago. In 1892 he came to this coun-

try and lived in Belleville the last 52 years.

He is survived by four sons, Dr. Anthony Parillo of Bloomfield, Frank of Orange and Cadmus and Martin of Belleville; four daughters, Mrs. Theresa Dauster of Bloomfield, Mrs. Concetta Merlauto of Glen Ridge, Mrs. Jeanette Sandora of Montclair and Mrs. Bridget Tamburro of Newark; 18 grandchildren and six great-grandchildren.

Mrs. Salvatore Prezioso

Mrs. Salvatore Prezioso of 41 Naples Avenue, died at her home Sunday after a short illness. Services were held this morning at 9:30 at the Zarro Memorial Home, 145 Harrison Street, Bloomfield and burial was in Restland Memorial Park, Hanover.

Born in Italy 91 years ago, Mrs. Prezioso came to New York in 1905 and lived in Belleville for 30 years. She is survived by four sons, Generoso, Salvatore and Sabino, all of Belleville, and James of Flushing, L. I.; two daughters, Mrs. Jennie Fanelli of the Bronx, N. Y. and Mrs. Grace

Pelosi of Belleville; 29 grandchildren, 23 great-grandchildren and three great-great-grandchildren.

Miss Marion Barnett

A high requiem mass was offered Wednesday at 9 a.m. in St. Peter's Church for Miss Marion Barnett, daughter of Mr. and Mrs. Howard A. Barnett of 29 Montgomery Street, who died Sunday at her home after a long illness. The funeral was held at 8:30 from the Kiernan Funeral Home, 101

Union Avenue, and burial was in the Immaculate Conception Cemetery, Upper Montclair.

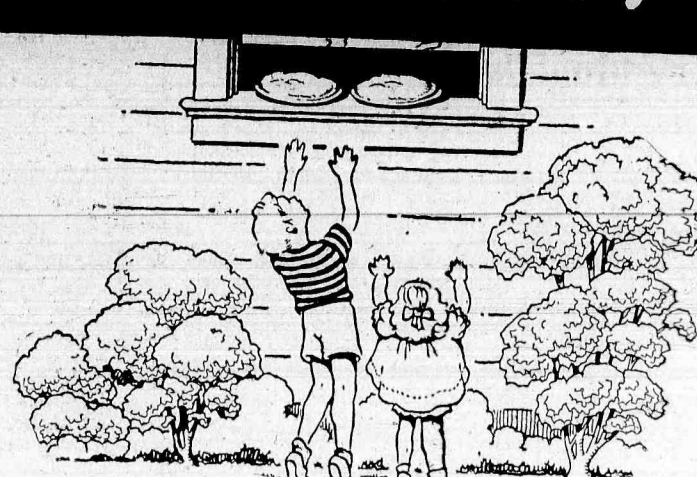

Miss Barnett was born in Newark 22 years ago and lived in Belleville since childhood. She

was a graduate of Belleville High School and was employed by the Westinghouse Lamp Division, Bloomfield.

Besides her parents she is survived by eight sisters, Mrs. Ann

Senatore of Bloomfield, Mrs. Jane Chamberlain of Belleville, and the Misses Dorothea, Mary, Alice, Gloria, Carol and Lorraine Barnett and a brother, Howard Barnett, all at home.

OUT OF REACH?

Is everything always just out of your reach? . . . That profitable partnership you could have gone into, but didn't have your share of the spot cash . . . that Buick you could have bought at half price . . . if only you had the cash!

You can fill in the words in your own case. So can we all. We have all lost opportunities.

However, another will come your way, and you will be able to reach up and nail it down if you start this pay day to save a certain amount for your future.

Westinghouse Elevators Land So Smoothly You Can't Tell You've Stopped

START OF A SMOOTH LANDING. Bernard Johannsen, at our Jersey City elevator plant, tests the multi-fingered magnetic equipment that is the heart of our Synchro-Glide landing mechanism. Westinghouse elevators with Synchro-Glide landing system are ideal for every vertical transportation service.

CALLING ALL CARS. From this pulpit, the starter in the Crowell-Collier Publishing Company's New York building sets up the operating program for the eight Westinghouse elevators. Our Selectomatic control calculates in split seconds when and where the cars are needed.

BIG STORE CONVENIENCE IN SMALLER STORES. This electric stairway is an economy unit, developed by Westinghouse, which alert merchants are finding a great goodwill builder for both small and large stores.

Twenty inches from the floor, your elevator car is traveling 250 feet a minute. In the last half-inch, it barely moves—seven feet a minute. It brakes so smoothly, you can't tell the exact moment when it stops.

That's the Synchro-Glide landing system, one of the newest Westinghouse contributions to safe, fast, comfortable elevator service. It follows close on the heels of our development of Se-

lectomatic controls. These controls give a bank of elevators a "brain" that sends cars to the floors where they are most needed.

Ever since Westinghouse designed a heavy duty gearless traction motor in 1914, major improvements in the design and control of elevators and moving stairways have borne the Westinghouse name. Whether you're going up or coming down, you can be sure . . . if it's Westinghouse.

MODERN ELEVATORS FOR MODERN PROJECT.

Westinghouse will install \$1,500,000 worth of Selectomatic elevators, equipped with Synchro-Glide landing systems in the first three buildings of Pittsburgh's Gateway Center. Ability to handle all patterns of traffic efficiently makes the Westinghouse Selectomatic system ideal for office buildings, hotels and stores.

BIGGEST in Hip Room

Yes, Ford, with over five feet of hip room, is roomier than any other car in its class. And Ford alone in its class offers Automatic Posture Control.

BIGGEST Shoulder Room

Ford in the low-price field gives you the most shoulder room—room for three big people to sit in comfort. You ride in comfort, too, with Ford's Automatic Ride Control.

BIGGEST in Luggage Compartment Volume

Ford offers over 24 cubic feet of usable storage space—biggest by far in the low-price field.

You can pay more but you can't buy better

BIGGEST in Savings

For the biggest savings in the low-price field, you can't beat Ford's V-8 and Six engines. For both feature the Automatic Mileage Maker, a fuel-saving system that gives you high compression performance on regular gas!

Robert A. Woodman Is Control Room Operator At Generating Station In Jersey City

Robert A. Woodman, control room operator, Marion Generating Station, Jersey City, of Public Service Electric and Gas Company, completed 25 years' service with Public Service recently and was presented a gold service emblem in honor of the occasion.

When Mr. Woodman started with the company he worked in the office at Marion Station several months and then was transferred to the turbine room as an oiler. In 1925 he was assigned to the pipe shop, later being transferred to the load dispatcher's department of the company's general office in Newark. In April 1930 he returned to Marion Station and was assigned to the electrical department and became control operator in September, 1946.

Mr. and Mrs. Woodman and their three children live at 27 Hunkele Street, Belleville.

TWO CONTRACTS FOR S-3 SPEED-UP AWARDED BY STATE

Ramp To Route 17 and Widening At Hackensack River Bridge Aid To Drivers

State Highway Commissioner Ransford J. Abbott awarded contracts this week for two road construction jobs on S-3 which directly concern Belleville motorists.

To Increase Safety

The major contract for the resurfacing of the Hackensack river bridge and the widening and dualization of the roadway on either side of the bridge towards Secaucus and towards Rutherford was awarded to Peter W. Kero, of Lyndhurst, on his bid price of \$256,621. The improvement covers about nine-tenths of a mile but is expected to reduce greatly congestion at a point where 40,000 cars pass daily.

The roadway, now 40 feet wide, will be doubled in width with a six-foot center safety island. To lessen travel interference during construction, Abbott is requiring that a minimum of three lanes are to be open at all times. Under this arrangement two lanes will be reserved for traffic in the direction of the

heavier flow and at least one lane in the opposite direction. The contractor has been allowed 75 working days for completion. Dependent upon weather conditions it is expected that all items will be finished about December 1.

The second contract is for a ramp from S-3 to Route 17 at Rutherford to permit an additional turn directly between the two roads for northbound traffic. George M. Brewster & Son, of Bogota, won the contract with a bid of \$22,727. The contract calls for completion within 35 working days without interfering with traffic.

New Officers To Be Honored

The Colored Women's Welfare Council of Belleville will honor the newly elected officers of the N. W. District of the N. J. State Federation of Colored Women's Clubs, September 11 at the home of Mrs. G. A. Paterson, 29 High Street. The report of the annual convention held in Bordentown in July will be given by the club's delegate, Mrs. G. E. Dickinson.

Louis Nolls' Spend Week-End With Friends at Lake Mohawk

Belleville Families Vacation At Bayberry Inn
Mrs. E. Costenbader Returns From Bermuda
Mrs. W. P. Adams Celebrates Birthday

Mr. and Mrs. Louis Noll, of Rutgers Street, spent last week-end with Mr. and Mrs. James Howe, of Bloomfield, at their summer home on Lake Mohawk. Their son Tony was the guest of Dr. and Mrs. William MacCarthy and their daughter, Mary Beth, of Bayonne, who are also at the Lake for the summer. While he was there Tony attended the Hawaiian Dance given annually at Lake Mohawk by the Junior Club.

Mr. and Mrs. Joseph Calenda of 219 Garden Avenue, sons Anthony and George and niece Miss Connie Calenda, and Mrs. M. Giannetti of 201 Garden Avenue, have all returned from a month's vacation at Lavellette. They were staying at the Bayberry Inn. Other Bellevillites now at the Inn are Mr. and Mrs. E. J. Kerins and son of Washington Avenue.

Mrs. Edward Costenbader of 152 Fairway Avenue returned August 3rd from a 6-day trip to Bermuda. She and her father, Mr. Michel Danaher of Brooklyn, made both the trip down and back by plane. Mr. and Mrs. Costenbader are now on a motor trip through Maine with two of their sons, Frank and Jack. They will return on Friday.

Mrs. William P. Adams, of 34 Rossmore Place, celebrated her 36th birthday on August 8th. The family and friends, Mr. and Mrs. A. C. Adams and Miss Joan King of Verona, and Mr. and Mrs. J. E. Taylor of Caldwell, were entertained at her home Wednesday evening.

Mrs. John Struyk of 341 Little Street, celebrated her birthday on August 7th, with her three sisters and their families, Mr. and Mrs. Charles Arnold and daughter, Carol of Hawthorne, N. J., Mr. and Mrs. Albert Sagner, also of Hawthorne, and Mr. and Mrs. George Appleborn of Prospect Park.

Mr. and Mrs. Peter J. Sibilia and daughter, Daisy Ann, of Bell Street, have recently returned home from a two-weeks' visit with their daughter and her husband, Mr. and Mrs. R. A. Cordasco in Quantico, Va. Lt. Cordasco has been stationed at Quantico since the 1st of January.

Janette Rudder, daughter of Mr. and Mrs. J. W. Rudder of New Street, is spending the month of August at Enfield, Maine. She is the guest of Mr. and Mrs. Ernest Farland, of 254 New Street, who are at their summer home in Enfield.

Robbie Crisp, son of Mr. and Mrs. Allan H. Crisp of 238 New Street and Billy Watt, son of Mr. and Mrs. John Watt, also of New Street, are at Camp Kiamesha, near Culver Lake.

Mrs. William V. Irvine, Jr., of 76 Washington Avenue, is spending a few weeks with Mrs. William V. Irvine, Sr., in Belmar.

Surprised On Birthday
A surprise birthday party was given to Mrs. Eliza B. Goldstone, president of the Colored Women's Welfare Council of Belleville, Monday, August 6, at the home of Mrs. Nettie Brannon, 159 Main Street. Mrs. Ida M. Wynn, vice president of the council, presented the gifts to Mrs. Goldstone.

Awarded Honor Scholarship
Miss Mary Elizabeth Gerard, daughter of Mr. and Mrs. Cecil W. Gerard, 146 Cedar Hill Avenue, has been awarded an honor scholarship to Marietta College, effective in the fall.
The scholarship carries a grant of \$100 in tuition each semester, potential total of \$800 for the four years. It was awarded to Miss Gerard on the basis of high scholarship and leadership, as a member of this year's graduating class of Belleville High School.

Girl Born To Cordascos
Lieut. and Mrs. R. A. Cordasco announce the birth of their first child, a girl, Linda Grace, at the S. Naval Hospital, Quantico, Va., on July 19. Mrs. Cordasco is the former Lois Sibilia of Belleville.

Recent Bride Of Newark Man

Mrs. Joseph Perrotta

Miss Ann Del Russo Is Wed To Joseph Perrotta, USA

Daughter Of Mr. and Mrs. John Del Russo Married Saturday In St. Anthony's

St. Anthony's Church was the scene Saturday of the wedding of Miss Ann Del Russo, daughter of Mr. and Mrs. John Del Russo of 473 North 10th Street, and Joseph Perrotta, USA, son of Vincent Perrotta of 705 North Eighth Street, Newark. Rev. Thomas Gillick performed the ceremony. There was a reception at North Newark Academy.

Honor attendant was Mrs. Jennie Rizzo and Misses Grace Cusso, cousin of the bride; Ellen Burke, Cecile Grate and Dorothy Lauter were bridesmaids. John Perrotta was best man for his brother and ushers were Italo Perrotta, another brother; John Meola, Frank Feleveno, brother-in-law of the bridegroom and Vincent Martino, Richard Del Russo, brother of the bride and John Feleveno, nephew of the bridegroom, were ring bearers.

A graduate of Belleville High School, Mrs. Perrotta is employed by the Prudential Insurance Co. Her husband is an alumnus of Central High School, Newark, and is now stationed at Camp Rucker, Alabama. The couple will take a two weeks' trip to the Poconos.

Cited For Honors

Three Belleville students, John M. Combs, 191 Branch Brook Drive, Albert H. Gassman of 83 DeWitt Avenue and Hollister C. Sugo, 41 Mt. Pleasant Avenue, have been cited on the Rutgers University College Honors list for the term ending May 25.

MISS MOHR IS A RECENT BRIDE

Her Marriage To James Peter Gilmartin Took Place August 4 In St. James' Church

Miss Marjorie Catherine Mohr, daughter of Mr. and Mrs. Michael J. Mohr of Tower Drive, Springfield, was married Saturday to James Peter Gilmartin Jr., son of Mr. and Mrs. Gilmartin of Beech Street, at a nuptial mass at St. James Church. Rev. Francis J. Mohr, uncle of the bride, officiated. There was a reception at the Hotel Suburban, Summit.

Mrs. Harold Burke of Long Island, sister of the bride, was the matron of honor and the Misses Grace Catalane of West Orange, Helen Morrison and Eleanor Majeski of Newark, were the bridesmaids. Best man was John P. Smith of Irvington and Walter Barrot of Belleville, cousin of the bridegroom, John H. Connors of Newark and Frederick Ritter of Irvington, ushers.

The bride was attired in a gown of nylon tulle. Her fingertip veil fell from a petal cap. She carried a bouquet of white lilies. Her attendants wore organdy gowns of different pastel colors and they all carried bouquets of mixed flowers.

The bride graduated from Oak Knoll School, Summit and Seton Hall University College. Her husband is a graduate of South Side High School, Newark, and Montclair State Teachers College. He received his M. A. at Syracuse University and is a member of the Cranford Junior High School faculty.

Police Shoot Dog Which Showed Signs Of Madness

Sergeant Fred Singer and Patrolman Francis Gilroy didn't waste much time on Saturday when they received a report that a dog was going mad at 135 Chestnut Street. With the permission of the dog's owner, Arthur E. Mittlestadt, the dog was dispatched with a bullet in its head. The dog had not bitten anyone, but was acting strange.

To Dance

Patricia Fitzsimmons, sophomore at Belleville High School and daughter of Mr. and Mrs. Matthew J. Fitzsimmons of Elmwood Avenue, has been selected for the third year to demonstrate acrobatic dance routines for a national dancing teachers convention in Washington, D. C. Patricia studies with Mr. John Plaza in New York and with Miss Joan Voorhees of Orange and has danced the leading parts in the "Golden Goose" and the "Pas de Trois" in the spring performance of the N. J. Civic Ballet Guild. She is known in local communities for her benefit performances for the American Legion, Shriners, Masonic and Elk lodges. She also danced at the Seton Hall basketball tournament.

Girl To Mr. and Mrs. Yingling

Mr. and Mrs. James Yingling of Madison, Wis., formerly of Cleveland Street, announce the birth of a daughter, Mary Lou, on August 5 at St. Mary's Hospital in Madison. The couple also have a son, James Jr. and another daughter, Florence Marie.

MAUREEN BUCKLEY IS LATE JULY BRIDE

Local Girl's Marriage To Anthony DeFuria Took Place At Holy Family Church

Miss Maureen Buckley, daughter of Mr. and Mrs. William Buckley of 213 Passaic Avenue, Belleville, formerly of Nutley, became the bride on July 28 of Anthony DeFuria in Holy Family R. C. Church. Monsignor Anthony Di Luca, pastor, performed the ceremony, which was followed by a reception at the home of the bridegroom's parents, Mr. and Mrs. Joseph DeFuria of 62 Jannarone Street, Belleville.

Carried White Roses

Escorted by her father, the bride wore a gown of white marquisette, designed with illusion neckline and finger-tip-length veil attached to a cap trimmed with seed pearls. She carried a bouquet of white roses with orchid center.

Mrs. Arthur DeFuria of Belleville was matron of honor. She was attired in a gown of pink lace and marquisette with matching headpiece, and carried a colonial bouquet of mixed flowers. Natale Di Gangi of Belleville served as best man.

After a two weeks' motor trip to Florida, the couple will reside at the Jannarone Street address.

The bride is a graduate of Nutley High School and the bridegroom attended Belleville High School. He is employed by the Federal Telephone and Radio Corporation, Clifton.

Cover More Than 400 Miles On Weekend Bike Tour

Three prominent cyclists, Bob Sneckenberger of Nutley, Charlie Logan, six day rider and one of Little's gang of roller riders, a former Belleville lad, now living in Cedar Grove, also Clark Alhey, former motor pace rider and one of Little's gang, now living in Lincoln Park, are back from a trip on their wheels over the Catskill Mountains as far as Cooperstown, N. Y.

Starting out at daylight Saturday morning they wheeled to Port Jervis, then along the Delaware to Hancock, from there to Oneonta and on to Cooperstown, coming back over the Catskill through Ellenville and on back to Jersey, where after three beautiful days they ran into rain at Pompton Lakes.

They covered in all more than 400 miles and hit into cold weather in the Catskills. Their wheels were equipped with two-speed shift gears, which were necessary in climbing the hills through the Catskills.

Belleville Reformed Church

Sunday, August 12, 10 a.m. — Rev. John W. Slater, professor in the Seminary of Bloomfield, will conduct the services.
The church will be redecorated during the month of August while Dr. Struyk is on vacation.

Federal Leather Gets Contract

Among recent defense contracts awarded by the government was one to the Federal Leather Company of Main Street for \$35,091 for olive drab impermeable cotton cloth.

May we suggest a Sitting?

NO doubt about it—you'll make a mighty handsome picture in a strapping new '51 Buick. But it isn't the way you look, but the way you feel that's really important.

We'd like you to discover a Buick's ease and comfort, a Buick's power and performance, a Buick's steadiness and control—just to see if maybe you have been missing a travel treat.

We'd like you to discover what a valve-in-head engine, as Buick builds it—tingered with Fireball combustion—can mean in pulse-pounding thrill and in big miles-per-gallon figures.

We'd like you to learn what coil springs on all four wheels—not just in front—can do in the matter of smoothing a

rough road and keeping you on an ever-level keel.

We'd like you to see what generous roadweight and a rigid torque-tube mean in solid steadiness of ride—what Dynaflo Drive* does for you in downright comfort and convenience—what a breeze it is to handle so big and roomy and impressive a car.

Most of all, we'd like you to note the

easy-to-take price tags our cars wear—what a whale of a lot more automobile you get for your money in today's Buicks than you'll get elsewhere.

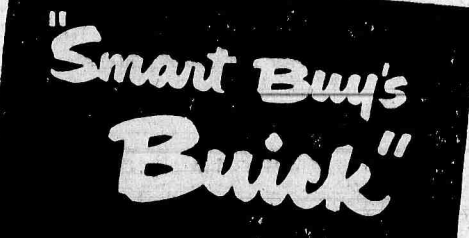

So—come in for a sitting soon, won't you? Whether you try a SPECIAL, SUPER or ROADMASTER, you'll find it the top buy in its field—and a beauty from any angle.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

No other car provides all this:

DYNAFLO DRIVE* • FIREBALL ENGINE
4-WHEEL COIL SPRING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
BODY BY FISHER

When better automobiles are built BUICK will build them

BELLEVILLE-NUTLEY BUICK COMPANY 66 Washington Avenue, Nutley, N. J.

DENNIS A. BAILEY NEW MANAGER OF SEARS-ROEBUCK

Succeeds Al Gerolskin Who
Will Manage New Irvington
Outlet; Was At Paterson

Dennis A. Bailey, newly ap-
pointed manager of the Belle-
ville Sears Roebuck Store, of-
ficially takes over his duties
here on Tuesday, but has
been in town this week get-
ting acquainted. He succeeds
Al Gerolskin, who has been
appointed manager of the
new Irvington store, now un-
der construction. The Irving-
ton store will open in November
and Mr. Gerolskin will continue to
make his headquarters here, un-
til it is possible for him to move
in his new quarters.

Philadelphia Man
Mr. Bailey has been in the Sears
Roebuck organization for 18 years
and comes here from Paterson and
Union City, where he served as
assistant manager in each instance.
He makes his home in the West
Englewood section of Bergenfield.
He is originally from Philadelphia,
where he played halfback on the
Catholic High School team and
then graduated from Temple Un-
iversity.

Mr. Bailey says, "but that's old
stuff. I'd rather talk about the
new stuff, the storeful of good
values obtainable at the local Sears
Roebuck store, or our new fall cat-
alogue just issued, containing some
100,000 items."

HIGHLIGHTS

By DON BRAY
"PREVENT FAMINE!"

When half the world is facing
famine, the other half must
then examine all its stores;
check its resources; marshal all
its strongest forces. This we
shall do, but we must hurry, if
we would banish fear and
worry. We cannot fail to pay
scant heed to all those folks in
urgent need.

We can't afford to pay scant
heed to our Graduates. They
deserve recognition for their
long, faithful duty to study. I
am sure that a basket of flow-
ers would climax the thrill of
Graduation. You'll be thrilled
too, when you see the exquisite
floral arrangement we will
create for your favorite Gradu-
ate. Place your order now by
calling Belleville 2-1636 or
drop in at Don's Flower Shop,
266 Washington Avenue.

Customers' Corner

Have you noticed that chickens gener-
ally are plumper, meatier than they were
a few years ago?

The principal reason for this is the
"Chicken-of-Tomorrow" breeding pro-
gram, sponsored by A&P with the cooper-
ation of the poultry industry.

This six-year program has resulted in
chickens that mature when they are
ounger and more tender, and have more
meat in relation to bone.

Why don't you try the superior chickens
at your A&P and let us know what you
think of them? Please write:

Little League All-Stars Beat Bloomfield, Passaic, Rahway

The All-Star team selected from Belleville's four Little League teams compiled a record of three victories in the last week. In a game against the Bloomfield Pee Wees at Clearman Field, three Belleville hurlers limited the Wright Midgets to three hits and won by a 3 to 0 score. At Passaic the Belleville boys won 8 to 4 and at Rahway won 10 to 7.

Win In First Inning
Belleville bunched all its hits in the first inning and together with a walk and an error scored three runs in the Bloomfield game. Thereafter, Wissen, the Bloomfield hurler, was untouchable. He set 13 batters down by strikeouts out of a possible 15 outs in the five innings Belleville hit against him.

Belleville's trio of hurlers
Brady, Tortorella and Grausam needed a little help in one inning to gain their shutout. In the fifth a perfect throw to the plate by Latoré in right field, cut off a runner trying to score from second.

Richie Lowak Hot
Richie Lowak supplied the spark at Passaic as the Bellboys came up with two big innings to drub the Carroll Post, Passaic Little League champs. The Passaic boys took the lead on a first inning unearned run and clung to it until the fourth, when four miscues and two timely hits gave Belleville five runs and the game. Four hits and three runs were scratched from the record as Belleville's sixth inning was cancelled because of darkness.

Snap PAL Streak
The victory over Rahway was the acme of success, since it marked the first time in 17 games that the Junior PAL team of that town had lost. Fine defensive play on the part of Belleville's outfield made the difference. Kimble, Paccelli and Cullen all made outstanding throws to cut off potential rallies. The Bellboys unlimbered their bats in this contest with 13 safeties, including three doubles.

Dial

Seeing the moon grow rounder and more bright
And the four seasons pass and come again,
Earth move away from darkness into light,
Ourselves a part of that unending chain,
We read no deeper meaning into these
Mercurial moments than the daily sum
Of time's illusion, than complexities.
Of clicking cog and swinging pendulum.

So hands are faithful to a dial, and towers
Answer with brazen bells in full accord,
And we obey the strictly measured hours,
Heeding with humble diligence that word
We coined for something on whose whim
we wait,
That chides us with Too Early or Too Late!

—Leslie Nelson Jennings.

The West Point Affair

It is, admittedly, regrettable that 90 young men, and perhaps more, will have to bear the stigma of a discharge from the rank of cadets without honorable rating. More and more, however, the role of a general officer in the United States armed forces is not merely that of a field soldier. As negotiators of cease-fire agreements, as at Kaesong, they play a difficult diplomatic role. As commanders of occupation forces they play the role of administrators of lands and peoples, as did Generals Clay and MacArthur. In many instances, they have stepped into functions of State, as did General Marshall.

Our general officers must be prepared honorably to fulfill such functions. At West Point, under the honor system long in force, we trained boys to become men of honor. General Eisenhower is typical of the West Point officer.

There has been, alas, the other side, the sorry side. There are political "Generals," such as Harry Vaughn, who win their stars by hocus pocus in some politico's smoke-filled back room. They smear their chests with unearned ribbons, such as the Argentine decoration which Dictator Peron gave to Vaughn for no other reason than to curry favor at the White House. We know that Harry Vaughn saw no wrong in peddling his influence, directly for deep freezers or indirectly through the recently-jailed Maragon, one-time bootblack.

Now, more than ever, our West Point graduates must be men of honor. There can be no quibbling with honor or with the code of

honor which every cadet knows about when he enters the Academy. If he does not want to abide by the code, he should not ask entrance to the military school. No football victory is worth the price of blemished honor. The need for an efficient corps of general officers, decent, dependable and dignified, men of honor and men of broad education, never has been greater. This is no time to produce a crop of Harry Vaughns under the proud banner of West Point.

Reducing Bad Debts

The efforts of the Revenue and Finance Department to clean up the town's bad debts, known as "Tax Title Liens" through the foreclosure under the "In Rem Act of 1948" should have a long-range effect on the town's financial stability. These tax claims, many of them dating back to the 1930's have kept these properties out of the town's ratables. They have produced no income in 20 years, thus placing an additional burden upon those who have paid their taxes. Once acquired by the town, the revenue from their resale is added to the surplus revenue account and at the same time the value of the property goes back on the town ratables.

The problem of tax title liens is not Belleville's alone. The state reports that some municipalities have more liens than total their operating cost of government. Hudson County leads all of the counties in the state in the amount of liens.

Present day mortgage reduction plans which include municipal taxes as part of the monthly payments, has resulted in a higher percentage of tax collections than in former years. As a result the amount of foreclosures in future years should be negligible. So far this year, the town has collected something like 95 per cent of the first half taxes levied for 1951. The days of the wholesale realty tax dodging on unimproved property ended with mortgage reforms inaugurated during the depression. Very few pieces of improved property get on the Tax Title Lien list. The direct reduction mortgages are usually on this type of property.

It is conceivable that with a little effort the Town can be entirely rid of its Tax Title Liens, and can also go out of the real estate business.

Postscripts

Someone passing near the Erie railroad station here yesterday saw one of the few surviving morning commuting trains of antique coaches roll by. "I thought the Erie centennial train was to have been here on Monday," he said. Any commuter can tell you he was not so wrong at that. . . . Recordings of owl hoots, played from the trees late at night, have failed to scare away the mob of starlings which infest the trees of Montclair and The Oranges. They might try that latest entry in the Hit Parade, "Come on To My House, To My House, Come on!" Only the squirrels can like anything that nutty.

Sea Scouts on Cruise To Sandy Hook Over Weekend

Crew Of SSS Walter Kidde Gives Its Catch Of 31 Fish To Folks At Pleasure Bay

Five Belleville boys, members of the Sea Scout Crew of the SSS Walter Kidde, Ship 303, took a trip to Sandy Hook over the weekend. They left the Rutherford dock Friday night and went to the Robins Reef Yacht Club in Bayonne, where they tied up for the night. Saturday morning they headed for "The Hook." They stopped just off Sandy Hook to do some fishing, bringing in 31 flounders, a number of sea robins and blowfish. The mate also caught a sand shark.

After the fishing the SSS Walter Kidde headed for the Pleasure Bay Yacht Club where they tied up for the night. Like most pleasure fishermen, the Sea Scouts gave their fish to people gathered on the float dock of the club to bid them welcome. The SSS Kidde met an old friend there, the SSS Cutty Sark from Pleasure Bay. The boats had been tied up at the same dock last year at Eton's Neck Coast Guard Station, Staten

Island. The Kidde crew went to Long Branch Saturday night. Sunday morning the boat returned to Sandy Hook for some more fishing. This time only two flounders were caught. The boat returned to Rutherford Sunday evening.

On the crew were Thomas Gangerelli, yeoman; Allen Bessemer and Richard Lambert, crew leaders; George Waters and Gilbert Johnson, crew members, all of Belleville; Mr. Dukro, skipper from Newark; Mr. Weyman, first mate and Melvin Goldstein, a member of the crew, both from Bloomfield, completed the ship's compliment for the weekend.

NORTH ARLINGTON TOTS ROB HOUSE WHILE ON SPREE

Brothers, 6 and 7, Entered Stephen Street House and N. A. Gas Station

Two North Arlington brothers 6 and 7 years old had their fling at crime on Monday. They left home early in the morning and after they had failed to show up for dinner their frantic mother notified police there and they were put on the missing person's list. Early Tuesday morning they were found asleep in a parked car on River Road in North Arlington. In the meantime they had ransacked a home in Belleville and robbed a gas station in North Arlington.

Belleville police first learned of the robbery at 5:28 Monday afternoon when Officers Carl Juliano and John Vreeland went to the home of Mrs. Grace Abbott of 210 Stephen Street who had phoned that her house had been robbed.

Find Watch In Street
As Patrolman Juliano stepped out of the police car into Stephen Street he saw a wrist watch lying

ONE MAN'S OPINION . . .

If You Know What We Mean, Stalin Does Not Want War and He Does Not Want Peace; He Wants Us To Worry.

By RALPH E. HEINZEN

One more Russian "peace" bombshell has proven to be a dud.

There is no reason to believe that Nikolai Shvernik, president of the Presidium of the Supreme Soviet, can go behind Stalin's back to make any sort of permanent peace with us which Stalin would not want. Shvernik is just another of Stalin's agents, like Molotov, like Andrei Vishinsky, like Malik. Joe Stalin is the only Communist who can order and carry out the reforms in Kremlin and Cominform policy which can make peace possible.

Apparently, our own State Department saw clearly that Joe speaks through many mouths, and at the very hour that Shvernik was writing to Harry Truman about a basis of peace, Molotov was on his way to Moscow to insult us in the usual vein and in East Berlin two million delegates to the Russian-inspired "World Festival of Youth and Students for Peace" were taught to sing violent anti-American songs and were told by hundreds of speakers that only America was guilty of disturbing the peace.

Treating the Shvernik letter as a "propaganda trap," the State Department pointed out rightly that diplomatic relations have not been broken between Moscow and Washington and that if Stalin really wants a peaceful understanding he should move through channels.

Stalin a Paradox

Looking at it from our angle, Stalin does not want war and Stalin does not want peace.

If that would seem to you to be a paradox, realize that everything about Stalin is a paradox.

The strategy is to keep the world on tenter-hooks, on shaky ground between war and peace, while trying to conquer the world for Communism without firing a shot.

Master Plan Defined

In conformity with that strategy, Stalin has a Master Plan. It can be defined in three points:

1. Keep Russia strong and ready, but out of war;
2. Let the satellites fight along the fringes, engaging us on as many widely-scattered fronts as possible;
3. Using boring-in tactics in all non-Communist countries to soften them for swift capture if political, economic or moral conditions create the opportunity.

You can say that Stalin's Master Plan has paid off. Six years ago he was the Dictatorial ruler of over 193,000,000 people, all within the confines of the Soviet Union. Today he bosses an empire of more than 800,000,000, which, if war ever comes, will supposedly, be on his side.

Aside from the number of mil-

lions of people he rules, look at the economic wealth of the lands he has grabbed. On the Eurasian land mass over which Moscow's red flag flies today live nearly four-fifths of the world's population and much more than half of the world's raw materials.

With his own armies intact, Stalin has been generous with the blood of his puppets. Korea is an example. Not one Russian has died in that war and yet Stalin has succeeded in tying down there the full strength of our war potential outside of our minor commitment to European defense. It was the Chinese Communists who fought and died, not the Russians. Red Russia has not been weakened one iota, although Red China is going to need a complete military overhauling when the holocaust ends.

How are we meeting such a challenge?

NATO Making Progress

Under Eisenhower, NATO is making great progress in Europe and war production has kept up with the expansion of trained armies and air forces.

By direct negotiation, we have added Spain to our defense plans and we already are making use of Spanish air and naval bases which have materially strengthened the defenses of Greece, Turkey and of Asia Minor and the Mediterranean in a few short days.

The United States itself is re-arming and compared to a year ago, we are a tougher people than we were.

Our diplomacy is seeking to

close the gaps in anti-Communist defenses. The widest gap is in India and we have been able to do nothing there, but as we have succeeded in preventing a debacle in Iran we may still convince India to side with us.

When our strategy is ready, what then?

Might Try Offensive

It is not impossible that at that time we will quit our defensive and take the offensive, and try to break up the satellite empire. It has its weaknesses, as we have learned from recent escapees from Poland, Mass arrests and trials in China, in Czechoslovakia and in the Balkans prove that all is not well in lands where the Communists are and have been for several years the undisputed masters.

The Shvernik message to Truman must be examined in its real perspective as part of an over-all mid-summer "peace drive," one of the periodic "peace drives" which Russia has staged — always with her tongue in her cheek. It must be studied in juxtaposition to the Molotov speech in Warsaw, and it must be weighed along with the Malik statement which provoked the current Kaesong armistice talks, the appearance in the Moscow "News," an English-language fortnightly which no Russians read, of an editorial on friendship between Russia and the West, and the more recent Malik statement to a delegation of visiting Quakers that Russia is not trying to "export Communism" and that, in his opinion, Communism and Capitalism could coexist.

They are all pieces on the Soviet propaganda checkerboard. The only peace offers of any value whatsoever would be those coming directly from Stalin, and even they would have to be thoroughly subjected to the treatment of a grain of salt.

If Stalin truly wanted the world to be at peace he would order his Chinese allies to buy it at Kaesong at truly bargain rates.

Car and Truck Stolen From Driveways Last Saturday

Saturday night was a bad night to leave cars in driveways here. John Trusey reported to the police that he parked his 1941 green panel GMC truck in the rear of 577 Washington Avenue at 4 p.m. He saw it parked there at 10 p.m.

BLOOD ASSEMBLY IS SHORT FIVE PINTS

Mrs. C. L. Jaeger, Blood Donor Chairman, Blames Heat and Vacations For Shortage

In reporting on the results of the Town-Wide Blood Do-

nor Assembly August 2nd, at the High School, Mrs. Charles L. Jaeger, Chairman, Red Cross Blood Donor Service, advises that 45 pints were added to the Essex County Bank.

Of 49 volunteer donors, only 4 were rejected. Of these four, two were suffering from colds, one had just recovered from hay fever, and one — a G.I. — had had malaria in service.

While the quota of 50 pints was not reached, Mrs. Jaeger felt that weather conditions and vacations were opposing factors. Mrs. Jaeger expressed her gratitude to Frank Bangert for able assistance in recruiting ten of his fellow employees among the Belleville school custodial staff.

but at midnight it was gone. Tito J. Sinopoli of 32 Wilber Street, reported that he parked his 1942 Chevrolet sedan in his driveway at 9:30 o'clock Saturday night and the next time he looked it was gone. A teletype description of both cars was sent out over the state network.

He's been serving you for 43 years!

In one more year, W. L. Sansom, lineman driver of Irvington, will be retiring after 44 years of service. And his is a record to be proud of in these years of driving over all kinds of roads, in all kinds of weather.

Bill Sansom is a lineman driver. In the past 5 years, he and other telephone men have driven the Company's 2500 cars and trucks 90 million miles. That's a lot of traveling! . . . and there's a lot to show for it, in the increasing value of your telephone service.

For one thing, these men have added more than 1,500,000 miles of wire—underground and overhead—to give you more service. In all, more than 700,000 new telephones have been added—nearly doubling the number of people you can call or who can call you. Every telephone added has made your service that much more useful.

ON A PARTY LINE?
Allowing time between your calls makes it easier for people to reach you — gives others on the line a chance to make and receive their calls.

NEW JERSEY BELL TELEPHONE COMPANY

Believe Me - I'm happy -

SUE: "That's how I feel about getting rid of this garbage and dirty dishes business, Jane. They spoiled all the pleasure I took in cooking, so Sam invested in this electric dishwasher and disposal unit. Now every day I say 'Bless Electricity!'"

JANE: "Don't they cost a lot to operate?"

SUE: "No, but if they did, it would be worth it to me. Actually our electric bills are surprisingly low. Sam says the dishwasher and disposal unit work for two and a fifth pennies an hour. Imagine getting those fiendish jobs done for that. Easy on dishes, too."

JANE: "Well, it's nice to know that electricity costs so little when everything else is so high."

REDDY: "How right they are! I can do a lot of housework for them, yet my wages, as an electric servant, have been downward for a long time."

Electricity - Does So Much - Costs So Little

PUBLIC SERVICE

BELL PEALS

By PIERSON

Football Reserved Seats

Encouraged by the demonstration of adult support of the High School's sports, as demonstrated in the Essex County Basketball Tournament, Harry Ziegler, president of the General Athletic Council, has announced that books of reserved section tickets for this fall's four home football games, have been placed on sale at a number of business places in town. The list may be found on another page.

In the basketball tournament at Seton Hall, where reserved seats were available, Belleville's adult fans turned out in such numbers that they put to shame the attendance figures of any team which has entered the tournament. Two weeks later, when Belleville was in the State Tournament, where reserved seats were not available, Belleville's adult attendance fell off to almost nothing.

On this basis the Athletic Council has set aside a section of the Municipal Stadium, between the 40 and 50 yard lines, where admittance will be by these special tickets only. The tickets are in a book form, with a single ticket for each game. The book of four tickets, including all taxes, will be \$4. Tickets for the fifth home game with Orange will be distributed on a reserved seat basis only, and are not included in the season package.

This experiment on the part of the Athletic Council has been sought by many of the town's businessmen for many years. Adults do not want to arrive at noon for a 2:30 game, in order to get a good seat, any more than they wanted to get to the state basketball tournament at 6 o'clock in order to see a 9 o'clock contest.

It is not only a logical answer to declining gate receipts but a means of insuring guarantees to visiting teams in the event of rain. Many people wonder why the New York Yankees start some of their games when it is obvious that the rain has held back attendance, little realizing that their "nut" is well covered by the season sale of box seats, every one of which have been paid for, even though not occupied.

Another Sports Scandal

The unfortunate part of all sports scandals is that many people lose sight of the fact that the footballers among the 90 cadets fired from West Point represent only a small percentage of the thousands who participate on the grid on a college level each fall, just as the 20 or so basketball players involved in recent fixes, represent an even smaller percentage of the basketball players in the country.

Most of these scandals have stemmed from one source, "overemphasis." In the case of the basketball players, each of the schools involved has parlayed its basketball team into the "Big Time," while its other sports activities have been strictly minor league. West Point's great football record in recent years, possibly was too much for the grid stars, who knew they owed their appointments to the Military Academy to their athletic prowess, rather than their studies.

While cheating of any kind should not be condoned, it seems to us the same purpose might have been accomplished at West Point with a great deal less fan fare. The basic reform must come from the population as a whole instead of from the athletes alone. As long as businessmen brag about beating the government on income taxes, of evading the paying of duties on articles brought in the country from Canada, Bermuda, and abroad and as long individuals in the government can get away with actual treason with the blessings of our top-most leaders, there is no reason to expect that a similar proportion of athletes are not going to stray from the straight and narrow.

Scandals have rocked sports in this country periodically for a hundred years. About 60 years ago professional foot racing thrived until a scandal killed it off. Single skulking was the victim of a notorious fix, which ruined the game with hundreds of thousands of suckers taken to the cleaners.

That is why we are a confirmed Amateur and High School sports fan. Most of these events have only local followings, not large enough or influential enough to make it worth while for anyone to sell his soul and his future. In performance they may not measure up to the high calibre of the professionals, but in spirit and endeavor they more than make up for this shortcoming. Some counties class professional athletes as performers, and persons are expected to pay to see the show, not necessarily an honest effort.

There is little doubt in most fans' minds that some collegiate sports are at least on a semi-professional basis, and some schools of higher learning are more professional than others.

Hole-in-One Tournament

Covering a hole-in-one tournament such as was held at the Forest Hills Field Club, Thursday and Friday by the World-Telegram and Sun, is like watching excavators prepare the groundwork for a new building. Every once in a while a little dirt goes up in the air. At the end of two days of "hole-in-oneing" the special tee at Forest Hills was practically denuded.

Although we stopped at the club four times during the tournament and spent quite a few hours, reclining in the grass and in the shade, we didn't see a thing worth reporting. A half hour before we arrived on Thursday, Tommy Harmon put one 27 inches from the cup. Friday night we arrived just as Ed Petrosky, stepped off the tee after firing his winning shot. Petrosky was No. 146 on Friday and we saw 147, 148, 149, 150, 151, 152 and 153, all of whom did practically nothing. The winning shot was not particularly good and if it had not hit the target on a bounce it would have gone like the rest of Petrosky's shots, well over the green. As it was, it hit the metal bulls-eye, and dropped dead 13 inches from the hole.

In 18 years of tournament play and including all who shot at Forest Hills, 13,670 players have hit 63,350 shots for only six aces, making the official hole-in-one odds 11,392 to 1.

PAL Junior Cardinals Are Unbeaten

Members of the Belleville PAL Cardinals of the Junior Baseball league at the present time sport an unbeaten record, as a result of victories over Irvington and Kearny. Pictured are: left to right, front row: Albert Johnson, Vincent Conley, Pete McDermott, Doug Pusey and Malcolm Condon; rear row: Patrolman John McNish; Charles Cerami, Nicholas Petti, John Bartell, Charles Costenbader, Patrolman Thomas Dunn, Fred Crafft, Mike Swinarski, Jack McCabe, Gary Burman and Patrolman James Anderson.

Newark PAL Team Snaps Belleville Victory Streak

Rhubarb Halts Tilt 15 Minutes; Nutley Legion Here Sunday

Belleville's Senior PAL team met with its Waterloo in Newark last week when it bowed to the Newark Police Athletic League team 5 to 3, at West Side Park. The Newark team appears to be the best in the league and is made up of all-city, all-county and all-state players from Newark's six high schools, plus two from Seton Hall Prep. Belleville played well and Bob Mallack, although he did pretty good, was not at his best after he was hit on the left knee by a line drive single in the second inning.

It was the hardest fought game of the season and even the coaches, Officers McNish and Dunn got in to a fifth inning rhubarb which lasted 15 minutes but prevented Newark from one or two additional runs.

15 Minute Rhubarb

It all came about when after two had scored and a runner was on third, Laccilio hit an apparent home run. In circling the bases he failed to touch first and Roger Hansen called for the ball. The umpire called Laccilio out. This brought a squawk from the Newark manager. Belleville got into the act when the plate umpire ruled the man on third as safely home. The Coaches and Belleville players questioned that decision because Laccilio technically, never reached first base. Belleville finally won its point, but it was not enough, for Newark held a two run bulge then and at the end of the game.

Graziano at short was outstanding, going both right and left to rob Newark batters of safeties. Fans Three With Three On Belleville got one of its runs in the third when Moreno walked. Mallack was safe on Sirakides' error. Graziano beat out an infield hit to load the bases and Gashlin lined a sharp single to right to score Moreno. With three on base Sirakides then struck out the next three batters.

Doodlebugs and Thrills At Jersey City Track

The weeks kept getting busier where Ed Otto promotes auto competition. For instance, his two New Jersey tracks, Ruppert Stadium, Newark, and Roosevelt Stadium, Jersey City, will have the busiest slate of the year since two stock car shows, Wednesday and Saturday are slated for the Newark stadium and a midjet program Thursday night followed by a Friday night thrill show is on tap for Jersey City plant this week.

The perennial stock car favorites will be on deck for the pair of Newark shows while the stars of the American Racing Drivers Club will hold forth for the doodlebug competition and the Joie Chitwood Auto Daredevils will perform at the Jersey City bowl.

LOCAL TEAMS BOW IN CYO'S MISS AND OUT CONTESTS

St. Anthony's Fate In First Half Play Awaits Decision On Dispute Of Forfeit Win

St. Anthony's and St. Peter's opened skirmishing in the second round of Junior CYO baseball competition last Sunday and the results were disastrous for both clubs. St. Anthony's was beaten 12-1 by Mt. Carmel, Montclair, and St. Peter's fell before Mt. Carmel, Newark, 2-1. The losses eliminated both teams from second half play, which has been set up on a one-loss-and-out basis.

End Of Road For Petreans

The defeat marked the end of the road for the Petreans for they were not in contention for first half honors with a two and three record. Their final first half game was the initial part of a double header with the Newark nine. Mt. Carmel took that by a 10-3 count. St. Anthony's also, participated in a twin bill but the result of the first encounter with the Montclair club is still up in the air. The game was halted after four and a half frames with the local nine holding a 9-8 margin. Depending on official reports from the umpire and coaches the game will either be re-started from the suspended point or be awarded to St. Anthony's. Should the game eventually wind up in St. Anthony's win column it will insure the locals of at least a tie for first half honors. A loss would eliminate them and shove Mt. Carmel to the fore.

Bobby Doyle Blasted
Bobby Doyle, on the hill for the Silver Lakers in the second tilt, was pushed around early in the game when the Carmels scored five runs in the first. He wasn't scored on again until the fifth when two runs came across. The Lakers got their first marker from Jim Pignatello in the bottom half of the last stanza after Mt. Carmel had pushed five more over the dish.

In their first game the Petreans were stymied by Jim Funesca who gave up three hits and three runs. A 2-0 lead taken in the second inning went down the drain in the fifth when Charley Costenbader gave up four runs. The Newarkers piled it on in the sixth when six more runners scored.

In the second tilt Costenbader

was behind the plate calling the pitches for Dick Raymond and again the Petreans scored first. Their third inning counter was equalized by Mt. Carmel in the fifth. The winning tally was scored in the bottom of the seventh.

Bibber McCoy and Mario DeSouza Head Mat Card

The spectacular performances by Bibber McCoy in recent weeks has prompted Promoter Babe Culman to book Bibber for the sixth straight week as the headliner for the weekly wrestling bill at Meadowbrook Bowl, Newark, Friday night. His opponent will be Mario De Souza, who earned the spot by virtue of a sensational triumph over Nick Roberts last week. Bibber's performance in the

There's More Than Meets The Eye!

A sudden hush falls over the crowded grandstands... from the far side of the track there's the clear brring of the starting bell... and the big race is on! Mighty hoofs beat the turf with a sharp, staccato rhythm! Anxious spectators nervously clutch their penciled programs!

Yes, that's racing... one of New Jersey's most active warm-weather sports. On the surface it's gay, glittering and as colorful as a three-ring circus. Yet beneath the surface there's a sound structure of business management. This same management has been responsible for \$49,047,154.74 paid to the state government in racing taxes and fees during the past five years by the Licensed Racing Associations of New Jersey.

State schools and colleges, institutions for the mentally and physically handicapped, hospitals, child and maternal health aid, correctional and penal institutions... these, and many more, are direct and tangible benefits realized through revenue on racing and other New Jersey enterprises. In addition, racing provides employment for thousands of native residents each year and acts as a powerful impetus in attracting millions of annual visitors to New Jersey. Think of these facts when you think of racing... there is truly MORE than meets the eye!

PAL Cards Win on Conley's No-Hit-No-Run Kearny Tilt

Bloomfield Hurler Fans 13 Bellboys in Five Innings but Three Local Boys Blank His Teammates; Snap Rahway Streak at 17

The PAL's Gashouse Gang, the Belleville Cardinals, are leading the Junior PAL League along with victories during the past week. At Irvington they defeated the Irvington PAL Cubs by a score of 7 to 1. John Bartell pitched all the way for Belleville allowing only 5 hits. Nick Pettit was the batting star with a home run and single for two trips to the plate.

Thursday the Belleville Cardinals traveled to take on the Kearny Junior PAL's. Vince Conley pitched a no-hit no-run game, not one ball being hit out of the infield. Belleville scored two runs, one in the second inning and one in the fifth.

The Belleville PAL Giants were not as fortunate for they lost two games during the past week. At Municipal Stadium they lost to the Newark junior team by a score of 7 to 2. The Giants out-hit the Newark team, getting 8 hits to Newark's 5, but Newark had them when they needed them. Norwood and Rinaldi did the twirling for Belleville while Higgins and Grasso divided the catching chores.

At Irvington the Irvington PAL Cubs trounced them by a score of 5 to 2. Norwood started the game for Belleville but was relieved by Rinaldi in the sixth inning. Belleville again out-hit their opponents but failed to produce with men on base.
