## Community Chest Leaders

Evan H. Thomas

Norman Thompson

Evan H. Thomas has been named co-chairman of the Schools division and Norman Thompson has been appointed Chairman of the Civic and Fraternal Organizations, that was announced by William H. Glover, Jr., campaign chairman for the Belleville Community Chest drive, scheduled for October 17 through November 14.

Thomas is supervisor of schools in Belleville and served as co-chairman of the Schools division in the 1950 and 1951 campaigns. He also served on the Special Gifts Committee for the Chest drives in 1950 and 1951. He is a member of Rotary Club, secretary of the District Committee of the Boy Scouts of America, and is president of Camp R-11. Thomas is also president of the Belleville Community Chest, is an Elder of First Presbyterian Church, and has been an active volunteer for American Red Cross campaigns in Belleville.

## CLEARMAN WINS FIELD DAY BUT IS PRESSED BY NO. 5

Has Ten Winners to Eight For Second Place Playground; Ray Smith at Camp Kilmer

Clearman field was given a run of honors in the closing feature of the Belleville Summer Playgrounds, last week when its ten winners were challenged for first place by eight winners from Playground No. 5. Playground No. 3 with four winners, Recreation House with three, Memorial and William Street with two each also figured in the championship field day events.

A very successful season, filled to the brim with activities on 12 playgrounds came to a close with the field day events at Clearman Field. Each playground had its favorite sport and the results of the championship day showed it in the spirited competition.

Raymond Smith, who directed the summer playgrounds, left immediately after the playgrounds closed to spend a two-week tour of duty as a member of the U. S. Army reserves at Camp Kilmer.

### Jacks and Checkers

Winners of the various contests were: Jacks—Girls to 10, Beth Costello, Recreation House; to 13, Grace McDermott, William Street. Checkers—Girls to 16, Teresa Fitzpatrick; boys to 16, Larry Remes, both of William Street. In the rubber horseshoes Playground No. 5 took all but one place and that went to No. 3. In this event the girls' singles winner was Barbara Metcalf and the doubles winners were Pat Witke and Camille Kalact. The boys' singles went to William Kalacy and the doubles team was composed of Anthony Pratola of No. 5 and Michael Duclaux of No. 3.

In iron horseshoes, Robert Canfield won the singles for boys under 12 for Clearman Field. James Leonard and William D'Amico, both of Memorial, were tied for the 12 to 16 age group. In table tennis, Joan Carch of Recreation House won the under 12 singles and Janice Westby, also of Recreation House won the 12 to 16 singles. In the doubles Camille Perilli and Pat Witke of No. 5 were champs. In the boys' division Ted Blaser of Clearman won for under 12; Frank Ceaser of No. 3 the 12 to 16 singles; John Cullen and Andy Suppa the doubles for boys under 12 and Ronald Kabot and Fred Nichollas the 12 to 16 doubles. These with the winning mixed doubles team of Ted Nicholls and Maureen Hennessy represented Clearman Field.

In basket foul-shooting for girls, Pat Witke of No. 5 took first honors. For boys up to 12 it was Robert Brady of No. 3 and Anthony Pratola for boys 12 to 16, also of No. 3. The slow bicycle race for girls was won by Stella Laskovics of Clearman and William Ellis, also of Clearman won the slow bicycle race for boys.

## Two Men Held in \$7,500 Bail on Moral Charges

Two men accused by the same 9-year-old Belleville girl have been released in \$7,500 bail each by the Essex County Prosecutor's office on charges of carnal abuse. A third man, charged with lewdness, will be given a public hearing in the local Magistrate's Court this morning. He is out in \$1,000 bail.

## Change Baby Clinic Schedule

The Belleville Health Department has announced a change in the hour and day of the Baby Keepwell Station.

Starting September 4 clinics will be held Tuesday mornings from 9:30 to 10:30 in the Town Hall and School No. 4. A doctor will be in attendance at the Town Hall the first Tuesday of every month, and at School 4 the third Tuesday of every month.

## WALTER KIDDE CO. SALES, PROFITS DOUBLE '50 MARK

Firm Has \$20 Million in Unfilled Orders; Future Limited by Facilities

Sales of Walter Kidde & Company, Inc., and its domestic subsidiaries, for the first six months of 1951 amounted to \$9,604,000, compared to \$5,092,000 for the same period of 1950. Earnings for the six months, after estimated taxes, were \$444,000, compared to \$210,000 for the similar period a year ago. Earnings per share of common stock, after preferred dividends, amounted to \$2.10.

In a communication to stockholders John F. Kidde, company president, said sales for the second quarter (1951) amounted to \$5,500,000 compared to \$4,100,000 for the first quarter (1951). However, he cautioned that while "bookings continued to run well ahead of billings, further increases in sales will be limited by our facilities and our ability to subcontract."

Kidde has on hand unfilled orders amounting to approximately \$20,000,000. About 75 per cent of this volume is represented by orders connected with the national defense program.

## Manages Air Force Nine Against Spanish Teams

Technical Sergeant Charles Phillips Leads Mates To Victory in Games at Madrid and Barcelona; 10,000 See All-Star Contest

RHEIN MAIN AIR BASE, Rhein-Main, Germany—Technical Sergeant Charles Phillips of Belleville, has just returned from Spain with other members of the Rhein-Main Rockets who tangled with the best baseball teams that country has to offer. Sgt. Phillips, who is the team manager, was in Spain 10 days, touring Madrid and Barcelona. The Rhein-Main Rockets went to Spain at the invitation of the Federacion Espanola de Pelota-Base, Spain's Federation of Baseball. This was the first time in history that an American pitcher could be seen curving a slowball in the middle of the land of bull-fighters.

### 10,000 at Game

The first game, held at the Metropolitan Stadium in Madrid,

T/Sgt. Charles Phillips

thrilled nearly 10,000 spectators as the Rockets took on Spain's top team, the Madrid All Stars, and beat them 7 to 1.

Color and pageantry preceded the game, with each team trotting onto the field carrying the flag of the opposing team's country. The national anthems were played, the teams exchanged gifts, and the first ball was thrown from the mound by Stanton Griffis, U. S. Ambassador to Spain.

The Madrid All Stars, hand-picked players from 60 teams of the Spanish Baseball Association, never seriously threatened the Rockets, three-time winners of the U. S. Air Force League in Europe. The second game in Barcelona against the Selecciones resulted in a score of 13 to 4 in favor of the Rockets. Although Spain offered little real competition, baseball is beginning to grow out of its shorts pants in Spain, and with practice its team will soon be able to give any ball club a run for its money.

The last game was an exhibition match held in Madrid. The Rockets split into two teams and

## Spirits in Collecting As Well as in Bottles

Detective Harry Winfield Has About 200 Miniature Bottles Of Whiskey and Liquor Brought From All Over Country and World

Kondreck Studios

"What's the fun of collecting all that stuff without drinking any of it?" is a question often asked of Detective Harry Winfield, by visitors at his home, 233 Ralph Street. Detective Winfield, in charge of records and identification at police headquarters not only hasn't tasted the stuff in some 200 miniature bottles in his collection, but can't even identify the contents, because of the limitations as a linguist.

About two years ago as a joke a friend gave him a miniature bottle of whiskey, and since that time his collection has grown through the efforts of his friends who pick up odd bottles in their travels throughout the world.

Recently he added 28 bot-

tles to his collection 22 of them delivered by a radioman aboard an ESSO Standard Oil tanker, who just returned from a trip to France. The same man is now on a trip to South America and promises bottles from his stops there. Two other bottles were delivered direct to Mrs. Charles Chariar, who brought two bottles of Scotch direct from Dundee, Scotland.

Another friend, a chief engineer on a ship, now enroute to India and Indo-China, has promised an armful of bottles when he comes back.

Each of the bottles is in the style of a sample and contains from one to two ounces. Many have odd shapes, such as the egg shaped bottle from Italy, which contains egg-nog. He has them from many parts of the United States, from Mexico, from most of the countries of Europe and a few from South America. The top of each bottle is carefully dipped in sealing wax to prevent the contents from evaporating.

Mr. Winfield's collection has grown without a lot of effort on his part. Until such a time as he may have to build a special display cabinet, the collection is pushing Mrs. Winfield's stem near the edge of her cabinet.

While there is no doubt other people have such collections, Mr. Winfield knew of only one other locally, that owned up until a short time ago by James Parrillo, who has sold it.

## Three Building Permits Issued in Last Week

Whether it is too close to winter, or whether government restrictions are taking affect, the building permit situation has been on the down grade for the last several weeks. This week for instance only three permits were issued by Building Inspector Thomas Greco, one to Belleville Properties, Inc., of 137 Washington Avenue for a \$750 neon sign; another to Carl Mangiaracina of 26 Harrison Street to allow the expansion of a store thereby the elimination of living quarters in the rear at a cost of \$450 and one to Vincent Cimino of 119 Harrison Street who will install a new window, at a cost of \$50.

## Local Plants Join Chemical Society In Diamond Jubilee

Commemorative Stamp, Waldorf-Astoria Dinner Will Mark Seventy-fifth Year of Group

Contributions of New Jersey chemists to modern standards of living will come in for special recognition at the forthcoming diamond jubilee meeting of the American Chemical Society, September 3-9, in New York. In honor of the occasion, Governor Alfred E. Driscoll of New Jersey will deliver the keynote address at this, the 75th meeting of the society, which is expected to attract nearly 1,000 chemists from all parts of the world.

"It is a great pleasure to acknowledge the many achievements of our New Jersey chemists," said Governor Driscoll, commenting on the coming meeting. "It is safe to say that the scientific contributions have affected our way of life in almost every conceivable aspect."

### Members of 70,000

"Among these are the modern drugs and pharmaceuticals, new metallic alloys and finishes resulting from chemical research, chemical fertilizers to improve crops, synthetic rubbers, insecticides, better automobile fuels and greases, synthetic fibers, phosphors in television tubes, and a host of other developments."

Governor Driscoll pointed out that of the 70,000 chemists who are members of the national American Chemical Society, more than 10,000 live in the metropolitan New Jersey-New York

area, with nearly 4,000 working and living in northern New Jersey in the over-all chemistry profession.

President Truman who has declared the week of September 2-9 as National Chemistry Week, has authorized a commemorative stamp issue in its honor. In addition, the President has been invited to address the group at its formal banquet at the Waldorf Astoria, September 5. Other leading speakers include Dr. N. Howell Furman of Princeton University, president of the American Chemical Society, and Dr. James S. Conant, president of Harvard University.

### Local Chemical Plants

One of these is the National Yeast Corporation of Mill Street, which also has a plant at Crystal Lake, Ill. It is engaged in the production of essential materials for the baking industry. The company represents a capital investment of about one and one-half million dollars. It employs 250 persons, of whom ten are in the scientific and professional category.

Compressed yeast, active dry yeast, baking powder, and malt syrup are important items in the daily food supply of both civil- and the armed services. The company also produces food yeast and dried yeast products for the use of the pharmaceutical industry.

Wallace & Tiernan Another is Wallace & Tiernan's related industries at Mill

## "BUN" DERBYSHIRE APPOINTED TO NEW PLAYGROUND POST

Baseball Umpire Will Be Watchman and Caretaker At Municipal Stadium

In a step aimed at curbing the destruction of town-owned facilities at the Municipal Stadium and other playground areas, Parks and Property Director Elmer S. Hyde announced this week he was appointing Alexander "Bun" Derbyshire as a combined watchman and caretaker at the Stadium. Derbyshire will also be required to tour other play areas and keep Commissioner Hyde apprised of physical conditions throughout the entire playground system.

The commissioner pointed out that each year extensive damage is committed by juveniles at the Stadium amounting to several thousands of dollars.

"Inasmuch as the town has a very substantial investment in the Stadium, I believe it sound business to protect it as much as possible from vandalism," Hyde declared.

Continuing, the commissioner said: "Since I have taken over this department, we have made extensive improvements at the Stadium. We plan to continue the project, but the town cannot keep on spending money to repair damage that is entirely unnecessary. The new running track has already been hit by irresponsible elements and we propose to keep this damage at a minimum, through Mr. Derbyshire."

The new appointee is a life-long Belleville resident and well known in civic and sports circles. Popularly known as "Bun", Mr. Derbyshire was a prominent baseball player and umpire and recently acted as official umpire for Belleville Little League games.

## Pal Youngsters Invited To See Wrestling Show

Ten Buses Will Leave Clearman Field at 7:00 O'Clock Friday Night for Trip To Meadowbrook Bowl; Australian Tag Team Match Tops Card

Members of Belleville's PAL organization are invited to attend the wrestling bouts at the Meadowbrook Bowl, Newark, tomorrow night. Public Safety Director Harry J. Sullivan, president of the PAL has arranged with four transportation companies to furnish ten buses for the occasion. The buses will leave Clearman Field at 7 o'clock.

Every member of the PAL is urged to wear his "PAL-TX" shirt and to bring his membership card. Members of the Belleville Police Department will act as big brothers accompanying the youngsters.

### Buses Donated

The Public Service Co-ordinated Transport is furnishing four buses while the City Service Transportation Company, the Interstate Bus Company and the Vanderhoof Bus Company of West Orange are furnishing two each.

Babe Culnan, promoter of the Meadowbrook Bowl, and a Belle-

## Magistrate Smith Finds Westmont Violates The Law

Says Unless and Until Variance Is Granted Truck Storage Is An Illegal Use of Service Station

Magistrate Everett B. Smith has informed Town Attorney Lawrence E. Keenan and Attorney Newton H. Porter, Jr., representing the Westmont Service Center, Inc., at Belleville and Smallwood avenues, that he has found that the storage of trucks on the Westmont Service Center property is a violation of the zoning ordinance of the Town of Belleville and that he will pronounce sentence in the matter at the Magistrate Court session this morning.

In his letters to the two attorneys, Magistrate Smith said:

"The complaints in the above matter arise out of the facts which have been stipulated: 1. That commercial dump trucks are stored overnight on premises of the defendant. 2. That these trucks are brought in for the purpose of being serviced and greased but the station closes at 11 P. M. to 7 A. M. during which time the trucks are stored on the premises. 3. That the acts alleged in the complaints would not be violations if the premises were zoned for business.

### In Residential Zone

"According to the zoning ordinance of the Town of Belleville the premises of the defendant which are situated at the southwest corner of Belleville avenue and

Smallwood Avenue are in a residential zone."

After referring to previous litigations involving the same property, Magistrate Smith said, "The Board of Commissioners have not seen fit to amend the local ordinance to provide for a business zone. There has never been tested by application to the Board of Adjustment the question of whether or not the storage of trucks on the rear of the property and facing Smallwood Avenue would be contrary to public health, safety, morals or welfare and whether or not a refusal to issue a certificate of occupancy, for example, would constitute an arbitrary unreasonable and capricious exercise of power. It is not within the jurisdiction of this court to determine that proposition.

### Not Necessary Use

"Certainly the storage of these trucks is not a necessary part of the business, or a concomitant of a gasoline service station, for which the permit was issued under resolution of the Board of Commissioners on August 10, 1948.

"The defendant has the right to apply for a variance to the Board of Adjustment. At all events unless and until a variance is allowed, or the ordinance amended, the present storage of trucks constitutes a violation of the zoning ordinance."

Last week we erroneously reported that the briefs of both attorneys in the case had been filed with Magistrate Smith. The brief of Mr. Porter had been received before last week's Commission meeting, but that of Mr. Keenan's, while in process, was not delivered to the Magistrate until after the meeting.

## ONE-WAY STREETS MOVE BAM'S CROWD

25,000 Attend Event at Huge Franklin Street Warehouse; Part Here

Three streets off Franklin Street were made one-way streets on Saturday to facilitate the movement of traffic in the vicinity of the Bloomfield Warehouse of L. Bamberger and Company, the scene of a million-dollar fire sale. It was estimated that 25,000 people flocked to the warehouse for the sale. Two regular policemen and two members of the auxiliary force from Belleville kept traffic moving in town. The major portion of the police at the scene was supplied by Bloomfield. About 20 per cent of the structure is in Belleville.

### Rented Parking Space

Many Belleville people, with parking space in their yards, took advantage of the situation and rented out the space at 50 cents per car. Vendors with balloons and food gave a holiday atmosphere to the occasion.

Many people did not wait to have the firm deliver the merchandise, but drove their cars to the loading platform and strapped large articles of furniture on the roofs. A delivery charge of \$1 was asked on small items and \$5 on such items as refrigerators and washing machines.

### Thousand Clerks

A staff of 1,000 clerks was on hand to handle the crowd. About 600 people were let in when the doors opened in the morning and about every 10 minutes another 600 were allowed to enter. In the morning the crowd was about two blocks long and four deep, waiting for entrance.

### Found Binch of Keys

Miss Viola Salama of Belleville, 26741 found a bunch of keys at the corner of Continental avenue and Parkway avenue and would like to know who they belong to if he can properly identify them.

## Chairman

Martin Malague

The Petrean Club of St. Peter's parish, Belleville at a recent meeting named Martin Malague of 6 DeWitt Avenue chairman of the annual Communion breakfast to be held in the parish hall on September 16, following the eight o'clock Mass. A group Holy Year Pilgrimage will be held the Friday prior to the affair. All Petreans their family and friends are urged to attend the breakfast and pilgrimage.

The caterer for the breakfast will be Marty Malack. Other committee members are: secretary, Helen Kuhn; ticket, Peggy Frey; arrangements, Pete Noll; reception, Regina Thieme; decorations, Bill Brickell; printing, Bob Dayton; and publicity, Rita Reuther.

### Building Permits in July

During the month of July a total of 34 permits with a total value of \$250,128 were issued, including \$94,200 worth of additions to industrial buildings seven new one family dwellings valued at \$73,500 and the new post office building worth \$70,000.

Except Tues. and Sat. 6 P. M.

## Richard Taggarts Return From Trip To Evansville

Mr. and Mrs. Richard G. Taggart and their daughter, Susan, have returned from Evansville, Indiana, where they were the guests of his mother, Mrs. Muriel J. Taggart, formerly Executive Director of the Red Cross in Belleville. While there the couple were entertained at several dinner and cocktail parties given by Mrs. Taggart and residents of Evansville. They were also the guests of Mr. and Mrs. Hugh Cook Cummins at a dinner held in the Evansville Country Club.

Mrs. Taggart recently returned home to Indiana after attending the Red Cross Convention in Atlantic City and visiting relatives and friends in New York and New Jersey.

William Bendix of Hollywood, motion picture star who recently appeared in "Detective Story" at the Princeton Summer Theatre, and his wife were recent guests of Mr. and Mrs. Howard Kuscher of Basking Ridge, formerly of Belleville. Mrs. Kuscher is the daughter of Mrs. Catherine E. North of 48 Division Avenue.

Miss Gertrude M. Shea, daughter of Mr. and Mrs. William A. Shea of 240 Greylock Parkway, sailed last Thursday aboard the SS Puerto Rico for a 12-day cruise. She will tour San Juan, Puerto Rico and Ciudad Trujillo in the Dominican Republic.

Mr. and Mrs. Chester Aitken of 302 Union Avenue have returned from a 14-day vacation. The couple spent a week in Niagara Falls and Canada and a week in Atlantic City, where they stayed at Haddon Hall.

Mrs. Leonard J. Friscia of 139 Little Street left last Thursday for Chicago where she is visiting her son, Leonard Jr., who is taking his boot training at the Great Lakes Naval Station in Illinois. She is staying at the Hotel Stevens.

Mr. Friscia traveled to Bainbridge, Md., last weekend to visit the couple's other son, Aurelio, who is at the U. S. Naval Training Station there.

Mr. and Mrs. Anthony Caruso of Lyndhurst, formerly of Belleville, and their daughter, Gloria, recently returned from an 8-day motor trip to Ogunquit, Maine, and a tour of the New England states. They spent several days in Maine, Indian Head and the Catskills.

Mr. and Mrs. H. J. Jirak of Cedar Hill Avenue and daughter, Jean, accompanied by Miss Lynn Dickinson, also of Cedar Hill Avenue and Mrs. T. Malarky of Hornblower Avenue, have returned home after spending a two week vacation in Belmar.

Mr. and Mrs. F. Douglas Wadsworth, their son, Jim, and Mrs. Frank Wadsworth of 74 Rossmore Place, accompanied by Mr. and Mrs. Herbert Smith, of 36 Van Houten Place, recently spent a weekend in Westport, Conn. While there they stayed at Compo Beach.

Mr. and Mrs. A. Breen of Washington Avenue recently spent a weekend in Hasting-on-Hudson, N. Y., where they were the guests of their son and daughter-in-law, Mr. and Mrs. Donald Breen.

Miss Linnea Andree of 242 Washington Avenue recently attended the American Red Cross Training Center for adult Junior Red Cross leaders at Hood College, Frederick, Maryland. The purpose of the training center is to analyze the present-day structure and service of the American Red Cross and to re-examine the world-wide activities of the Junior organization.

David Davis was guest of honor recently at a birthday party given in the home of his parents, Mr. and Mrs. D. Davis of 58 Malone Avenue. Present were Mrs. Raymond Boxer and her son, Robert, Mrs. Milton Bober and her niece, Marilyn Mitchell, Mrs. Harold O'Reilly and her daughter, Diane, Mrs. F. Kaufman and her son, Freddie, Mrs. Harry Rose and her daughter, Margie, Mrs. William Cole, her son, Billy, Teddy Bober and Artie Davis.

## ARTHUR L. TIRICO JOINS TEXAS CO.

Belleville Man Recently Resigned as Head of RCA Patent Section; Wife Sings

Arthur L. Tirico of 46 Fairway Avenue, recently resigned his position as head of the patent section of the Radio Corporation of America has become associated with the Texaco Company with offices in the Chrysler Building, N. Y. Mr. Tirico has been retained as a consultant by the RCA and also by Sarks Tarzian Company.

Mr. Tirico, who was born and raised in Upper Montclair, comes from a family of physicians. His father practiced in Montclair for years and a brother, Dr. Joseph Tirico is a physician in California. Altogether there are 16 doctors in the family of Mr. and Mrs. Tirico. The Belleville man is a member of Phi Beta Kappa, outstanding honorary fraternity. He holds degrees from Harvard, Massachusetts Institute of Technology, Rutgers and Fordham Law Schools and has studied at Columbia and LaSorbonne of Paris.

Mrs. Tirico is the former Georgiana Bourdon, a former opera singer, now director of the Belleville Choral Society.

## MISS ANNA BYRNE BECOMES BRIDE

Wed Saturday in St. Peter's Church to Howard Cullen of Belleville Avenue

St. Peter's Church was the setting Saturday for the marriage of Miss Anna G. Byrne, daughter of Mr. and Mrs. Martin Byrne of 397 Union Avenue, to Howard Cullen, son of Mr. and Mrs. William Cullen of 140 Belleville Avenue. Rev. Francis Ignacino performed the ceremony. A dinner for the immediate families was held in Parrillo's.

Mrs. Margaret Dacey of Belleville, sister of the bride, was matron of honor, and Gilbert Cullen, brother of the bridegroom, served as best man.

A Nile green summer suit with luggage tan accessories was worn by the bride. She had an orchid corsage. The honor attendant was attired in a pink suit with navy blue accessories. She wore a corsage of red roses.

The bride is employed with the Prudential Insurance Co., Newark. Mr. Cullen is with the Federal Leather Co. of Belleville. They are on a wedding trip to Atlantic City.

## MARIE DAVIS IS "MISS CHARG-IT" FOR BANK'S PLAN

Belleville Miss Voted Honor By Fellow Employees at National Newark & Essex

Miss Marie Davis

Employees of the National Newark & Essex Bank, in Newark, Montclair and Caldwell have voted Miss Marie Davis of 126 Malone Avenue, Belleville, as "Miss Charge-it" in inaugurating the bank's new shopping plan "Charge-it," which the bank is offering to shoppers and retail stores throughout Essex County. Miss Davis joined the National Newark & Essex Bank in June 1950 following her graduation from St. Michael's High School, Newark. She is a graduate of St. Peter's grammar school here. Carrying out her role as Miss Charge-it she is in charge of a special booth erected outside the bank to inaugurate the plan.

Charge-it gives the shopper one charge account, which he can use in any store joining the plan. The bank approves a credit line for the shopper and provides a Charge-it account plate for use in any of the Charge-it stores up to the credit limit approved. Sales slips are sent to the bank by the stores, which immediately receive cash for their Charge-it sales. The bank

## Appreciated Playground Publicity Co-operation

To the Editor, Times-News:

Just a few words to let you know we sure appreciate the fine publicity you have given us this past summer. We fully realize the success of our program depends largely on the publicity it receives. The space you gave us kept the public informed as to our program and added greatly to its effectiveness.

Thanks again for everything!

Ray Smith,

Playground Supervisor.

charges the retailer a fee in return for complete credit department facilities including credit investigation, bookkeeping, billing, collection and assuming the entire credit risk. National Newark operates Charge-it in Essex County under an exclusive franchise from Retail Charge Account Service, Inc., of Paterson, copy-righter of the plan.

R. G. Cowan, president of the bank, in announcing the new plan said: "Charge-it is designed to assist the shopper by offering him one credit application, one charge account, one monthly payment covering purchases in many stores. The shopper can select Regular Charge-it and pay his account in full each month or Revolving Charge-it and pay one-sixth of his total credit line each month. Under either plan the shopper's total credit line is always available to him. The plan offers retailers the means of eliminating the expense of a credit department and enables the cash store to compete with charge stores by offering a charge account service. In addition it relieves the store of risk of credit loss and gives it immediate cash for operating purposes.

"While we are the second bank in the United States to sponsor this new service we know that Charge-it has been widely accepted by the public and by stores in Passaic and Bergen Counties. We have indications that it will be equally well received in Essex County. The bank will administer the plan through its Time Sales Department and has a booth set up on its main banking floor where credit applications are received. Applications are also available at any of the bank's offices in Newark, Caldwell and Montclair, as well as at Charge-it stores throughout the county."

## ESSEX HOLY NAME GROUP TO MEET

County Delegates to Attend Session in Holy Family School Next Thursday

The Holy Name Society of Holy Family Church on Brookline Avenue in Nutley will be hosts to a meeting of the Essex County Holy Name Federation on Thursday evening, August 30, in the auditorium of the new Holy Family School. Delegates from various Catholic parishes throughout the county will attend the session.

At the meeting plans will be discussed for the annual Holy Name parade in Newark on Sunday, October 14, in which all Catholic parishes participate. Announcement will also be made of the forthcoming annual national convention of Holy Name Societies to be held in Detroit the first week in October.

## Local Sister And Brother Have Double Engagement

Miss Anderson Bride-Elect Of Newarker; Miss Ruddick Fiancee of Mr. Anderson

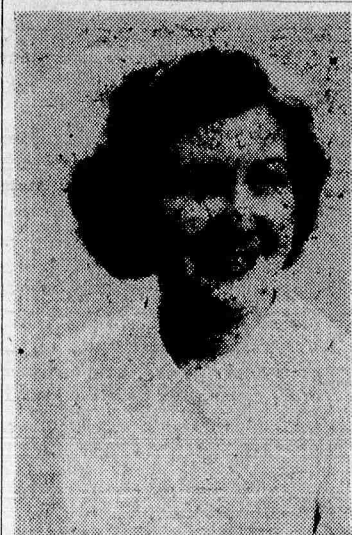

Announcement has been made of the engagement of Miss Catherine Anderson, daughter of Mr. and Mrs. William Anderson of 165 Hornblower Avenue, to Bruce H. Winterbottom, son of Mr. and Mrs. Harold L. Winterbottom of 807 Ridge Street, Newark, and Miss Frances Mary Ruddick, daughter of Mr. and Mrs. James Ruddick of 296 Hickory Street, Kearny, to George W. Anderson, Miss Anderson's brother.

A graduate of Belleville High School, Miss Anderson is employed by the Western Electric Co., New York. She is a student at Washington Square College of New York University, Evening Division. Mr. Winterbottom, an alumnus of Central High School, is with Seither and Ellis Co., Newark. He served with the Air Force in Germany during World War II.

Miss Ruddick was graduated from Kearny High School and attended Drake Secretarial School. She is a secretary in the law offices of John J. Bracken and Xavier Del Negro. A graduate of Belleville High School, Mr. Anderson attended Newark College of Engineering. He served in the Army and is employed by the Parco Design Corp., New York.

Mr. and Mrs. Arthur Gaudet of 125 Branch Brook Drive have returned from a three-week trip to Titusville, Florida, where they were the guests of her mother, Mrs. Julia Lent, formerly of Yonkers.

## Betrothed

Kresge-Newark

Miss Marilyn Schoeber

Mr. and Mrs. Ludwig E. Schoeber of 106 Brookdale Avenue, Nutley, announce the engagement of their daughter, Marilyn Lillian, to Leonard Hicken Jr., U.S.N., son of Mr. and Mrs. Leonard Hicken Sr. of 182 Garden Avenue.

Miss Schoeber is a graduate of Nutley High School and will graduate from Presbyterian Hospital School of Nursing, Newark, on September 12. Her fiancé, a graduate of Belleville High School, attended Rutgers University in Newark and is now in the Medical Corps of the U. S. Navy.

## Prospect Hill Students Make Outstanding Record

The class of June 1951 of Prospect Hill Country Day School of Newark made an outstanding record for college acceptance. The 16 class members received a total of 28 college acceptances. Of these, 13 were from the leading women's colleges, including three from Smith, two from Vassar, two from Bryn Mawr and two from Skidmore.

**Red Cross Food Sale August 30**  
A food sale, sponsored by the local Red Cross chapter for the benefit of flood relief, will be held next Thursday in the home of Mrs. A. W. Clark, 25 Van Houten Place. Slogan for the event is "Bring Something and Buy Something." The public is invited to attend.

**Fewsmith Memorial Church**  
Sunday, 11 a.m. - Dr. Charles Lee Reynolds of Newark, well known for his interest and participation in Fewsmith Church events, will be guest minister. Dr. James K. Morse and his family are vacationing at the Jersey Shore.

Blood Needs Emergencies When Essex Bank Is Empty

Three Instances in Last Week Require Red Cross to Hunt Up Volunteers

While many residents of Belle- ville are vacationing and life in the town seems to have slowed to a more casual tempo, the Blood Donor Recruitment Committee of the Belleville Chapter, American Red Cross, has been working at top speed for the past two months to meet emergency demands for blood donors.

Eugene Barnett, as chairman of the committee, with the assistance of Mrs. Charles L. Jaeger, Blood Donor chairman, Mrs. Oscar E. McEntee, chairman, Volunteer Services; Mrs. Howard G. Ryer, chairman, Motor Corps; Mrs. John Walsh, chairman, Staff Aides, and other staff volunteers, have made hundreds of calls to enlist the aid of emergency blood donors in Belleville. It is with considerable pride that this same group are able to report complete success in providing the necessary blood in these emergencies, when the sup- ply of the particular type blood was exhausted from the Essex County Blood Bank.

Typical of the numerous re- quests for blood, Mrs. McEntee, on duty at Red Cross headquarters last Saturday, received a call from an agitated Belleville family. The mother was in Presbyterian Hos- pital. An operation was eminent. The Essex County Blood Bank lacked the A-Positive blood needed. Could the Belleville Red Cross do anything?

Mrs. McEntee checked with the Essex County Blood Bank, the hospital and the attending physi- cian. She learned the operation would not be scheduled until cer- tain treatments were completed. Sunday morning the hospital called. The blood was needed quickly. On the first call to a volunteer donor of this type—suc- cess. The Motor Corps was alerted and the volunteer taken to the hospital and returned after the donation. A Belleville family was truly grateful, and a Belleville mother sincere in her thanks to the Red Cross. What does the volunteer blood donor receive? The thanks of the patient and her family, and that wonderful feel- ing inside of having done some- thing truly worthwhile. What does the Red Cross receive? Thanks and appreciation, too, and that same feeling to those in- volved—knowing that the Red Cross is doing its job well in Bel- leville, helping those in need of help in meeting the hundred and one problems which arise so unex- pectedly, so quickly.

On Monday morning two more special calls for blood. The first was for a patient at St. James' Hospital. The Essex County Blood Bank was dry—as so often it is during the summer after a week- end of tragic accidents. A pint of O-Positive blood—the most com- mon type—was needed. It re- quired five calls to reach a volun- teer donor who could go to St. James' Hospital immediately. The

volunteer was a mother of five children—one who well-knew how important that pint of blood could be—and one who was willing and anxious to do her part in helping someone else in such an emer- gency. Again the Red Cross motor corps provided the transportation, and the volunteer donor the much- needed pint of blood. Happiness for some family and the safe re- covery of one of their number.

The second call involved only the utilization of the motor corps. Employees of Walter Kidde Company had donated six pints of O-Positive blood for a fellow em- ployee at Paterson General several weeks ago. Only five pints were used and the patient was well on the road to recovery. But that sixth pint was not long idle. By Monday another Kidde employee in St. Vincent's Hospital, Mont- clair, needed that pint.

Mrs. Helen Vreeland, R. N., plant nurse at Walter Kidde, and a staunch supporter of the Essex County Blood Bank and the Red Cross in Belleville, called chapter headquarters, asking for help in getting that pint of blood from Paterson to Montclair. Enter the motor corps again. Mrs. Ryer soon had one of her volunteer drivers on the way to Paterson, and the blood was practically de- livered to St. Vincent's.

You can help in this drama of saving lives, of regaining health, by volunteering as a blood donor. Just call Red Cross headquarters, Belleville 2-2705-R, and tell them you want to help.

RETURNS FROM RED CROSS TRAINING

Miss Linnea Andree Attends Sessions on Junior Red Cross Adult Leadership

Miss Linnea Andree of the Belleville Chapter, American Red Cross, has just returned from Hood College, Frederick, Mary- land where she represented the local Junior Red Cross during an eight-day adult training center for volunteer leaders. Seventy- five delegates from ten eastern states were enrolled under the supervision of Joseph L. Graham, Director of Junior Red Cross, Eastern Area, Alexandria, Vir- ginia. Among these were Junior Red Cross chairmen, committee members, and many school admin- istrative personnel.

The leadership training center- the first Red Cross center of this type—was designed to give an in- clusive picture of the nature, the philosophy, and the scope of the Red Cross movement. Through experience gained at the Center, Miss Andree, as a volunteer teacher-sponsor will continue to advance the services of school children through the channels of Red Cross in Belleville.

National and Eastern Area di- rectors lectured and discussed such activities of Red Cross on international, national and chap- ter levels, including the role of volunteers in civil defense. Special interest meetings were held on such services as Disaster, Vol- unteer, Safety Services, Nursing, and the Blood Program, with stress on the junior membership's schools participation. Emphasis was given to Services to the Armed Forces and Veterans, and a report of a junior members who had been one of twenty study visitors sent to Europe last summer as guests of the League of Red Cross Societies. Lectures and discussions were held either as an assembly or in small groups, indoors and on the cam- pus.

Besides study, the delegates, while at the training center, en- joyed informal recreational sports, tours of nearby historical points, and other planned enter- tainment.

Through the fellowship of shar- ing new and old experiences, the delegates achieved the knowledge of the aims of Junior Red Cross in the schools and what benefit they might be in the community.

Receives Emblem

George J. Baldwin

George J. Baldwin of 152 Crest Drive, has received a gold service emblem from the New Jersey Bell Telephone Company for 25 years of con- tinuous service.

Presently auditor of dis- bursements at the company's headquarters in Newark, Mr. Baldwin began his career with the Western Electric Com- pany, became a bookkeeper with the New York Telephone Company in 1927 and worked with the general books of the New Jersey Bell Telephone Company at the time of its organization in the same year.

The local man is a member of H. G. McCully Chapter, Telephone Pioneers of Amer- ica.

James F. Gallagher

Funeral services for James F. Gallagher of 15 Agnes Street were held Wednesday afternoon in the Kiernan Funeral Home, 101 Union Avenue. Burial was in Crest Haven Memorial Park, Clifton. Mr. Gallagher died at his home Sunday night after a long illness.

Born in Newark 37 years ago, Mr. Gallagher lived in Belleville for 15 years. He had been em- ployed as a meter assembler with the Westinghouse Meter Divi- sion, Newark, since 1933 and was financial secretary of Local 426, UE, CIO, Newark.

Surviving are his wife, Mrs. Edna Happle Gallagher; a daugh- ter, Miss Lynne Gallagher, and two sons, Brian and Jeffrey, all at home; his mother, Mrs. Wil- liam Gallagher of Belleville; five sisters, Mrs. Christine Ryan, Mrs. Helen Griffin and Mrs. Lucille Coon, all of Belleville; Mrs. Marie St. Thomas of Nutley, and Mrs. Alma Sarge of Newark, and a brother, James Gallagher of Grand Rapids, Michigan.

Mrs. Dennis Cullen

A high mass of requiem will be offered this morning in St. Peter's Church for Mrs. Mary McDonald Cullen of 237 William Street, who died Monday after a week's ill- ness. The funeral will be from the Kiernan Funeral Home, 101 Union Avenue. Burial will take place in St. Peter's Cemetery.

Born in Mullinara, County Ca- van, Ireland, 86 years ago, Mrs. Cullen came to this country when a young woman. She had resided in Belleville for 65 years and was a member of the former A.O.H.

Surviving are a daughter, Mrs. Edward Hassan of Belleville; a sister, Mrs. Bridget McGuin of Ireland, and five grandchildren.

35 Years Service

George W. Carter, Jr.

Reaching the 35-year mark of service, George W. Carter, Jr., of 193 Franklin Avenue, was honored recently by the New Jersey Bell Telephone Company.

Mr. Carter began his career in Newark with the New York Telephone Company, later serving as helper, installer and switchboard wireman. In 1927 when the N. J. Bell was formed he was an insideman, and was appointed wire chief in 1930. Mr. Carter has also served as staff assistant, chief clerk and test bureau fore- man.

# Death, Doctors and Divinity of Century Ago Covered in Hugh Holmes Booklet on Belleville

## Sexton's Job Was To Dig Graves and Notify The People In Case Of Death

Life had its complications in the early days of Belleville as revealed by the writings of Hugh Holmes, Belleville historian of the 19th century, whose old booklet "Brief History of Belleville" is one of the treasured items in the folder on Belleville in the archives of the Public Library. Mr. Holmes, writing about the time when Belleville was part of Bloomfield discussed death, doctors and divinity in a series of related paragraphs.

"At this early date there was no professional undertaker; if a relative died they would convene and make a muslin or linen shroud, the carpenter, A. P. Sanford, would make the coffin, which was generally of pine, stained. Sometimes those who could afford it would have walnut, and some wealthy ones mahogany. The sexton would dig the grave, and he would go from house to house and notify the people, and if the burial was to be in the place the dead were carried on biers, and the mourners and friends would form in procession on foot to the grave. If to be buried elsewhere the coffin was placed in some suitable wagon and the neighbors who had horses would send them with their carriages and wagons to convey the mourners and friends.

"But now the living relatives need have no anxiety about these matters, the undertaker comes and he assumes all their responsibilities, which is certainly a great relief to mourning friends.

Dr. Samuel L. Ward

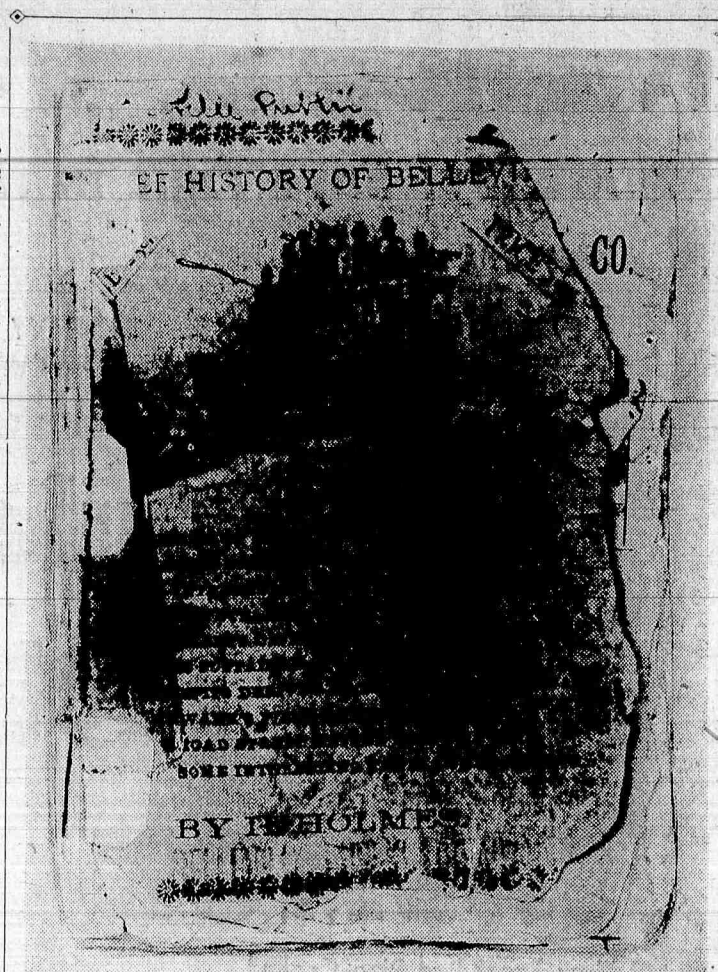

"And now speaking of funerals and of professional undertakers, suggests physicians and while the writer has been calling to mind many whom he remembers being in business when he was but a child, there are none he remembers more distinctly and with more pleasure than his venerable old friend, Dr. Samuel L. Ward. And it would be a shame and disgrace to any one writing what purports to be a history, be it even as short as this, that did not make some mention of Dr. Ward.

"As the writer has often said, he made more sacrifices and did more for this town without compensation, than any other gentleman who ever lived in it. He was always ready, by night and day, in the coldest winter and in the hottest of summer, in storm as in sunshine, to the poor as the rich, to the colored as well as the white, to attend to any and every call, week end or as quick to relieve the sick when he knew he would not get one cent, as he would where he thought a good fee awaited him. When he called, you did not risk dying before a prescription was obtained from a drug store, perhaps one mile away. No, no, it was always with him in his little chest.

"If on the first of January you had generosity enough to call for your year's bill, for he would not ask you, 'Oh my friend,' he would say, 'I do not know, I have no charge.' And if you were mean enough to offer \$20, \$10 or even \$5 he would say, 'Thank you' and give you a receipt in full. If he had a bookkeeper at \$100 per annum, and had given an account of his medicines left and calls made, he would have been a much richer man when he left us.

First School

"The only school in the town

was a two-story stone building, standing on the street just in front of the present lecture room of the Reformed Church. In the lower part a school was kept by I. I. Brower and the parents paid a certain amount per quarter for their children. The second story was for public meetings and for undenominational Sunday schools. There were also two small private schools kept by a Mrs. Leslie and Miss Wallace in their own dwellings, for small children.

"The free school system was adopted in 1852 when the citizens assembled and an apportionment was made of \$5,000 to erect the front or easterly side of the present building (School No. 1), and the whole grounds were purchased of the writer for \$800. A contract was made with Timothy Underwood as carpenter and Herman Lyon as mason. The trustees at that time were Theodore Sanford, Dr. Arthur Ward and Andrew Arthurs.

"In 1890, finding that the building was entirely too small to accommodate the children an apportionment of \$5,000 was made and a contract was made with John Cobyman for the westerly side to be completed.

Parochial School

"There was a parochial school some time after the date of the commencement of this history, by

the present church was finished. "St. Peter's Church was built in 1838 and the Rev. Father Senes was its first pastor. Such has been the increase of the congregation that they have been compelled to keep enlarging it from time to time. It is now very commodious, having much more seating capacity than any other in the place. In 1871 they bought ground and erected the present beautiful Gothic Church at Avondale.

"The colored people having organized a society and held their meetings from time to time from house to house, decided to purchase a lot, which they did on Stephen Street and in 1886 bought a building and moved it there for their place of worship, called the African M. E. Church.

## JOHN WILLIAMS OF CARACAS TO WED NUTLEY RESIDENT

Mrs. Doris Van Iderstine to Be Married Tomorrow at St. Mary's Church

Mrs. Doris Van Iderstine, daughter of Mr. and Mrs. John F. McLaughlin of 3 Terrace Avenue, and John Williams of Caracas, Venezuela, son of the late Mr. and Mrs. John Williams, will be married tomorrow in St. Mary's R. C. Church. A reception will follow the ceremony at the home of the bride's parents.

The couple will leave on September 7 on the Santa Paula for Caracas, where they will make their home.

Mr. and Mrs. Walter G. H. Ryan of Elm Place and Mr. and Mrs. Charles A. Schultze of Adams Court spent the weekend motoring through Pennsylvania. Mr. Ryan's sister, Miss Elsie Ryan, left Tuesday for Chapel Hill, N. C., where she will visit her brother and sister-in-law, Dr. and Mrs. W. Carson Ryan, until Labor Day.

Arthur L. Manchec of Satterthwaite Avenue has joined Mrs. Manchec at their summer home at Craigville, on Cape Cod, Mass., until after Labor Day. Their daughter, Mrs. Harry Wortman of Warren Street, and her two sons, who spent six weeks there, have returned home.

Everett Zabriskie of Ridge Road has joined his family at their summer place at Seaside Park, where he will remain until after Labor Day. Mr. Zabriskie is district clerk and business manager of the Nutley Board of Education.

## Voice of Belleville in Alaska

Seaman Pat Liloia, who spreads the "Voice of Belleville" over the Alaskan air is disc jockey of Station WVCQ at Kodiak, Alaska, is pictured at his microphone.

Pat Liloia, a Nutley High School graduate in 1941, whose mother, Mrs. Mary Liloia, now lives at 128 William Street, in Belleville, is a disc jockey for radio station WVCQ at Kodiak Island, Alaska, where he is stationed with the U. S. Navy.

A seaman 2nd Class, he has a three-year war-time hitch in the U. S. Navy behind him, as a member of the crew of the USS Cuyana, a tanker which refueled the fleet in landing operations from Guadalcanal to Iwo Jima,

where his brother, Emil, a former football player at Nutley High School, was killed in action with the Marines.

Pat went back into the service last September and was assigned to the Alaskan island outpost where, in the vast lonely area, the radio station is often the only constant contact with the outside world.

His wife and 5-year-old son, named after his brother Emil, joined the Nutley sailor at Kodiak last April, traveling by boat from Seattle. For Pat, the monotony of Alaskan service was broken recently when he participated in the rescue of the 12 survivors of a ship caught in an Arctic storm whose rescue was aided by the radio station.

Mr. and Mrs. Wilbur Whitten and daughter, Mary Lynn, and son, Carrington, of Lynchburg, Va., were guests this week of Mr. and Mrs. E. H. Artz of 160 Hillside Avenue. Carrington Whitten and Edward Artz Jr. are roommates at Virginia Military Institute, Lexington, Ky. They will both enter their junior year in civil engineering in September. Young Artz has received his orders to report back September 4. Thomas Artz is spending two weeks with relatives in the vicinity of Chariton, Iowa.

Mrs. Millard Farr of Elm Place and her daughter, Mrs. David Hughes of Herbertsville, are spending this week motoring in Canada.

## VALERIE WINTERS GETS SCHOLARSHIP

### Awarded \$450 To Study Under Nurses Training Program At Fairleigh Dickinson

A Nutley girl, Miss Valerie Winters, daughter of Mr. and Mrs. Harry Winters of 443 Franklin Avenue, has been awarded a full tuition scholarship of \$450 to study under the newly established nurses training program at Fairleigh Dickinson College, Rutherford. She is entering the college-hospital program with advanced standing, having already completed her Associate in Arts Degree in June.

Miss Winters will be a member of the first class to study under the new nursing education plan. At the end of four years, a student in the program receives certification as a registered nurse, a diploma in nursing, and the Bachelor of Science degree. The hospital affiliation is with the School of Nursing of Beth Israel Hospital in Newark, a nationally accredited nursing school.

Miss Winters was graduated from Fairleigh Dickinson College with first place honors among the Associate in Arts scholarship awards. She had attended the Rutherford college under scholarship, awarded on the basis of her outstanding academic accomplishments at Nutley High School.

This spring, Miss Winters was voted Campus Queen, a much-esteemed honor, at the college.

# "E.O." Means Expanding Operations To Ed Otto

Newark Promoter Now Big League With Events in Six Major Cities, Plus Spots

The initials E. O. have a double meaning in the life of Edward Otto, the "otto-mobile" racing promoter. They not only are the first letters in his name but they also stand for "Expanding Operations".

Otto has been in the auto racing game for nearly a quarter of a century and today is rated as one of the biggest in the nation. It wasn't until two years ago that Otto moved into a major domo's role in this area when he leased the Ruppert Stadium, in Newark, formerly a home for ball players who climbed into major leagues. He had, however, prior to the Newark venture operated tracks in many places from here to Miami.

In Six Cities

But give Otto a foothold and look what happens. This season, after the huge success at Newark, Otto converted Roosevelt Stadium, Jersey City, into a racing plant. They gave him a ball park in Baltimore and today the place is a successful Saturday night operation weekly. He also holds events at Pittsburgh, Rochester, and Erie weekly and on the side runs spot shows.

His next spot promotion will be at the Morrisown Raceway Friday night when the NASCAR 100-mile grand national championship will be contested. Joe Soriano, weekly promoter there, will be partnered with Ed. Then he has grand national events at Pittston, Pa., and Worcester, Mass.

Likes Ruppert Best

His favorite spot is Ruppert Stadium where the stock will roll in a 25-lap feature event Saturday night. Otto likes the Newark place because he rented it against the advice of everyone whom claimed Ruppert had been turned into a Ghost City.

Otto's latest gimmick is a race between cabbies, slowly developing. He expects to put the event on at Newark and Jersey City before long.

## ADVISED TO STOP RED ALERT TESTS SATURDAY NOONS

Local Directors Must Clear All Warning Drills Through State C-D Headquarters

Civil defense directors in New Jersey were told today that they must not blow red alerts on their air raid warning sirens at noon-time tests at Saturdays.

Deputy State Director Thomas S. Dignan, in a bulletin to all municipalities, ordered such practices stopped immediately. He said Saturday tests should be confined to "short blasts of the sirens—just to see that they are working." Any other siren test must be cleared through state headquarters, he ordered.

At the same time, local directors were reminded not to set up local tests of the air-raid communications warning system. Dignan pointed out that several instances had been reported to state headquarters where local directors had initiated tests and red alerts had been relayed from one municipality to another.

He said the only time communities are to use the warning network are in drills ordered by state headquarters. Such drills are held at regular intervals.

## TOM PALMA BOWS IN TENNIS TOURNERY

Was Sensational in Early Rounds of New Jersey All-Amateur Test; Fast Service

Tom Palma, 16-year-old 200-pound youth from Belleville, bowed out at the quarter final round of the New Jersey All-Amateur tennis championship Tuesday at Warinanco Park, Elizabeth, after being hailed as the tourney's sensation for his early round play. Palma was playing in pretty fast company and although unseeded reached the quarterfinals before losing to Frank Bowden, veteran tennis player from Chatham in straight sets 6-2 and 6-1. Bowden, a former state champion, is fourth seeded in the competition. His experience was too much for Palma's hard smashing.

On Sunday Palma played his best game when he mastered Harold Jahnke, No. 3 man of the Elizabeth Town and Country Club team, and 12th seeded in the tournament. Palma won 6-2 and 6-3. Tom, who was a baseball player until he injured his pitching arm, decided to take up tennis last year after seeing Pancho Gonzales play at Forest Hills, L. I. With the help of some of the veteran players at Branch Brook Park, he learned the fundamentals of the game and this year came into his own as one of the best players on the park court.

He all but blasted Jahnke off the court with his fast service. Time and time again, Jahnke stood helplessly by as Palma's service whizzed by. Jahnke tried to slow him down by coming to the net, but Palma invariably took advantage of the situation by passing him with low flat drives to the back court.

**Sgt. A. Marsh**  
Sgt. A. Marsh, son of Mrs. Marsh of 2 Carpenter Terrace, participated in the joint emergency rescue operation to flood stricken Kansas last month. A senior aircraft mechanic with Flight "B", 4th Air Rescue Squadron.

**Pvt. Raymond A. Siberine** of 10 Bloomfield Avenue recently joined the Seventh Division's 48th Field Artillery Battalion, which has fired its 100,000th round into the Communist enemy.

In joining the "Hourglass" division, he has become a member of the most traveled unit in the Far East. In 10 months of Korean action, the Seventh has made two amphibious landings, fought the Manchurian border and gained on both coasts of the Korean peninsula.

**Sergeant-Pellegrino Melchionne**, son of Mrs. Jennie Melchionne of 33 Little Street, was recently transferred from the Pacific Theatre to Kirtland Air Force Base, New Mexico. He is presently assigned duties as a radio mechanic with the Airways and Air Communications Service Detachment.

**First Lieutenant Arlene J. Eichorn**, Army Nurse Corps, daughter of Mr. and Mrs. William Eichorn of 274 DeWitt Avenue, is at Brooke Army Medical Center, Fort Sam Houston, Texas, completing basic military training in the Women's Officer Basic Course at Medical Service Field. She will report for duty to the Army hospital at Fort Hood, Texas.

**Pfc. Thomas G. Mawhir**, son of Mr. G. E. Mawhir of 548 Franklin Avenue, recently reported to Keesler Air Force Base, Miss., where he will take a 28-week training course in radio operation.

**Second Lieut. Charles P. Hannon**, son of Mrs. W. F. Hannon of 26 Perry Street, is also stationed at Keesler Field. He is taking a 22-week course in airborne electronics.

**Cpl. Daniel C. Marshall Jr.**, CE-USAR of 614 Passaic Avenue, Clifton, who is employed by American Dyewood Company, Belleville, reported Sunday for 15 days of Summer Field Training at Pine Camp, New York.

While at camp, Cpl. Marshall will participate in the training program of the 328th Engineer Combat Group, a Reserve unit of the New Jersey Military District.

**Pvt. Richard L. Fodor**, son of Mr. and Mrs. Louis Fodor of 14 Perry Street, has successfully completed the radio communication course with the 28th Field Artillery Battalion, a unit of the famed 9th Infantry Division stationed at Fort Dix.

**Alfred W. Seberini**, airman apprentice, USN, of 10 Bloomfield Avenue, visited Izmir, Turkey, recently when the aircraft USS Oriskany anchored at the Asia Minor port for a five-day call.

The most important town in Asia Minor and a principal port of the Turkish Republic, Izmir is one of the earliest homes of the Christian Church and the site of many Roman ruins.

**Cat-Tails**

Now is the time for cat-tails by the stream,  
Time for the goldenrod and steeple bush,  
Time when the summer turns from making green  
To making gold and pink and cat-tail plush.  
If it is something lasting you are after,  
Go to the marsh where cat-tail plumes arise  
And see them pointing at the August skies  
As silent as a lucky-bug on water.  
Stand where the flagroot and the rushes stand  
And gather red-brown cat-tails in your hand  
Not for a torch as your grandfathers did,  
But to retain the summer when it's fled,  
To catch ahold of August and contrive  
Through fall, through snow, to keep it still alive.

ELIZABETH JANE ASTLEY.

**Keeping the Record Straight**

Get it clear on the records: If Red Russia strikes without warning and without a formal declaration of hostilities, as all recent wars since Pearl Harbor have begun, the fault will lie with Congress if Belleville is helpless to rise from the ruins and save its victims.  
The same Congress which has thrown money around on foreign aid and on Truman's socialistic projects, suddenly grew parsimonious and cut the Federal civil defense funds by 88 per cent. In dollars and cents, civil defense appropriations were cut from \$535,000,000 to \$62,255,000.  
In showing absolutely no concern for the safety of the civil populations in strategically vital key centers such as this town, Congress has failed in its purpose. Civil defense is not a burden for town or state to bear alone. It must be shared by our national authority.  
Not one city in the whole United States is ready to withstand an atomic attack or a mass sneak air-raid. Belleville has gone as far as any town can go in assuring its own protection. There is a defense corps, on paper, and unit training has been carried on. But there are no shelters, no equipment stockpiled to handle radioactive debris, no medical supplies to provide emergency treatment of atomic burns. Those are costly investments, and Belleville, like other towns, was waiting upon the Federal government to help pay for it.

The saving of something less than \$470,000,000 would be worthy if Congress was inclined to cut 88 per cent of its spendings all along the line. But in the same despatches which reported the slashing of \$470,000,000 from the civil defense budget, there was another report that President Truman had asked Congress to vote another \$400,000,000 for aid to the flood-battered Missouri valley. Is it more vital to help Truman's hometown neighbors than it is to protect Belleville and thousands of other key centers against the most terrible consequences of all military action—death and destruction by atomic explosion and radiation?  
God willing, the United States may escape a war in this world crisis. If it does, the foolhardy "economy" which Congress has voted will be of no importance. If, however, war comes and, as all our military strategists have warned us, Russia throws all her air might and her atomic stockpile at us, Congress alone must bear the responsibility for the tremendous casualties which must ensue.

**Contribute To Modern Living**

The contribution of at least four Belleville industrial firms to the modern standard of living, which depends a great deal upon the contributions of chemistry is graphically illustrated as the American Chemical Society plans the celebration of its diamond-jubilee year. Wallace and Tiernan, Walter Kidde, National Yeast Company and L. Sonnenborn, each contributes greatly to the health, welfare and comfort of a large section of the American population, as well as to that of foreign countries.

The history of epidemics caused by water borne bacteria is a sad one in parts, but thanks to the efforts of Wallace & Tiernan engineers, water sterilization, and sewer and industrial waste neutralization, is now standard practice. The firm's contribution is machinery for injecting the chemicals into the water in proper proportions.

The contribution of carbon dioxide under heavy pressure, as produced by Walter Kidde Company is also far reaching, as a safety precaution. Fire detecting and prevention are but a few of the firm's contributions to the life of the times.

L. Sonnenborn & Sons, refiners of mineral oils and lubricants and National Yeast Company, manufacturers of bakers' and pharmaceutical yeasts and allied products, in their own way, contribute to our health and comfort.

Add to this the payrolls of the firms, hiring more than 4,000 people and you have a considerable impact upon the commercial aspects of the community.

Belleville's diversified industries enjoy a growing importance. And employees of these firms can well be proud of their contribution to modern living.

**ONE MAN'S OPINION . . .**

**Back of Red Russia's Coming To San Francisco Is Her Fear of Revived Industrial and Military Strength in Japan**

By RALPH E. HEINZEN

Six days before the end of a four year's war with Japan, Russia declared war on the Emperor. A fortnight before the signing of the Japanese peace treaty in San Francisco on September 4, after one year of patient diplomatic "salesmanship" on the part of John Foster Dulles, Russia decided to send a delegation to the California conference.

Russia reaped a rich loot from the war—Sakhalin and the Kuriles along with Port Arthur and Dairen, under the terms of the Yalta accord; 300,000 Japanese prisoners of war with all their equipment when the Army of Manchuko surrendered. That equipment has served to arm the Koreans and the Chinese Communists. The prisoners of war are still slave laborers in some Siberian Uranium mine or working at double-tracking the Trans-Siberian railroad.

Now, in belatedly accepting our invitation to come to San Francisco next month, Russia is set on holding all she has gained but upsetting everything that the treaty provides for Pacific security. Above all, Moscow wants to prevent us from getting occupation rights and military, naval and air bases in Japan as she already has opposed our trusteeship, through the United Nations, over the Ryukyus, including Okinawa. In the back of their minds, the Russians were to compel Japan to hand over Formosa to Red China, thus completing the destruction of our carefully laid Pacific defense plans.

Understandable is Russia's fear of seeing Japan reestablished as a top rank military power and regain her economic position as the "workshop of Asia." A strong Japan, closely allied with the United States, can be the worst kind of medicine for Communism in the Far East. In fact, as General MacArthur has said repeatedly, the bases which we seek and which Tokyo is prepared to give us in Japan would neutralize all of the military advantages which Russia accumulated by the Communist coup in China.

**Deprived of Veto**

This definitely will be one conference without a veto. Moscow may have overlooked the fine print at the bottom of the invitation to San Francisco, but the bid definitely said that the conference is for the purpose of signing the agreed text of the treaty with Japan. There was nothing said about discussing a text. That has been taken care of by the State Department's "travelling salesman."

We questioned the press section of the State Department by telephone this week and were informed that regardless of what Gromyko does at San Francisco, the treaty will be signed within a few days after September 4 and the text will be virtually the same as that distributed about three weeks ago to about fifty nations.

**Gromyko Helpless**

The Russian delegation, we were told by the press section, is welcome to state at San Francisco its reasons for not signing the treaty. Undoubtedly Gromyko will do just that. He will demand representation for Red China he will flay our "militaristic ambitions"

ippines in return for American military aid.

**Long Defense Line**

This will be completed by two other military agreements: a pact between the United States and Japan enabling us to maintain air, land and sea forces in Japan after the treaty is ratified, and a tripartite pact between the United States, Australia and New Zealand that follows almost the same wording as our pact with Manila. When all three agreements are ratified, we will have air, land and naval bases from the Antipodes to the northern tip of the Japanese home islands—our Western defense wall against Communism which as Washington has repeatedly said runs through Formosa.

It is expected that all three agreements will be signed in San Francisco, during the conference, and their military effect will take the edge off of Gromyko's propaganda oratory.

**Japan Informed**

There was one important happening this week in Tokyo when the Japanese Premier Shigeru Yoshida, told the Diet that Japan will request the United States to keep its military forces in Japan after the conclusion of the peace treaty which restores full sovereignty to Japan. Yoshida, who doubles as Foreign Minister, will be the principal Japanese delegate at San Francisco next month.

The Japanese request will be made, Yoshida said because, "irresponsible militarism has not yet been driven from the world" and the withdrawal of the occupation forces that had garrisoned Japan for the last five years would "create a dangerous vacuum" in Asia.

The Soviet Union was not named in Yoshida's speech, but few doubted he referred to international communism as an "irresponsible" military movement.

While it has been generally expected that Japan, in line with

the treaty, would provide Allied bases and looked to the retention of United States ground, air and naval forces. Yoshida's statement was the first public and official notification given to the Diet that implementation of the agreement already was under way.

One important consequence of the Premier's frankness before the Diet was to clear away any doubts that Japan will agree to give us bases. The Premier is a "Liberal." Combined in the opposition are the "Conservatives" and the Socialists.

Some of the Opposition has been very critical of the cessation of Sakhalin and the Kuriles to Soviet Russia and demands also the return of the Bonin and Ryukyu islands which we want to hold

under UN mandate. Yoshida told the Diet frankly there is no hope of changing those conditions now, pointing out that Japan had surrendered unconditionally to end the war.

The outcome of the debate was a victory for Yoshida and the announcement that the Conservatives would accept the proffered places on the Japanese peace delegation that leaves this weekend for San Francisco. Any hopes the Kremlin may have had of stirring up parliamentary opposition to our military alliance with Japan have been blasted. We are on the eve of our greatest politico-military victory a vital drawing of our own "steel curtain" up and down the Pacific beyond which Communism cannot advance.

**Only Female Mosquitos Sting But There's Far Too Many**

**Trap Set Here Shows 65 Females Whereas 10 Would Be Normal In Summer**

Pity the poor male mosquito. He is sprayed, swatted, squashed and smashed. But, though he buzzes, he does not bite.

Employees of the Mosquito Exterminating Commission set a trap here this week and caught 65 female mosquitoes — the only kind that bite. In a normal year, during the past decade, an average count would have been under ten. That shows the extent of this year's mosquito plague, blamed on a combination of progress and regression. The progress is the building of the New Jersey Turnpike. The regression is the destruction of the drainage ditches in the meadows by the fill needed by the Turnpike and by last November's storm.

In an unrelenting battle against the notorious "Jersey mosquito," which began back in 1914, the Mosquito Exterminating Commission of Essex, Bergen and Hudson Counties had succeeded in reducing the mosquito population to a point where the discovery of one of the pests was an uncommon occurrence.

**Blame the Storm**

Then came last November's storm. Some 35,000 or 40,000 feet of dikes built along banks of the Hackensack River to dry out the meadows were washed away by high waves. The storm also lessened the effectiveness of miles of ditches dug to drain the meadows and carry surplus water into the river through the gates that closed at high tide.

Much of the damage to the dikes has been repaired and by the end of July only about 6,000 feet remain unrestored. It will take another two years however, to repair damage in the northern part of Bergen county, where hundreds of trees were felled to serve as dams in drainage ditches.

The main complaints have come from Belleville, Nutley and the towns directly bordering the meadows. Belleville, the area between North Arlington and Hackensack, particularly, has become infested

with the pipien mosquito, a species that breeds in both fresh and salt water and enjoys living indoors at night.

**Too Much Pollution**

The multiplication of the pipiens has been encouraged by pollution from sewage plants at Lyndhurst and North Arlington. Normally, the killifish, popularly known as "killies," swim the meadow channels and consume the mosquito larvae. But they won't go in polluted waters.

A constant census of mosquitoes is maintained by fourteen "light traps" scattered throughout the county. These traps, which are checked every twenty-four hours, are about thirty inches high and consist of an electric light under the top to attract bugs and a fan which directs the insects into a can of cyanide gas.

Recent counts in Rutherford, Teterboro and Hasbrouck Heights, like Belleville, have been as high as sixty-six female mosquitoes.

These checks reveal to the county exterminating commissions what species are most common.

"Since all mosquitoes have their own particular kind of breeding habits," Mr. Conant, chairman of the Bergen County Commission, explained to The Times-News yesterday, "we can know where to look for them if we know what kind we are confronted with."

Of the more than 2,000 species in the world, twelve are found here and in the three counties

and thirty others with less frequency.

Three species are the most numerous this year. While the pipien is giving the trouble in the communities near the meadows, the canadensis and the sticticus, which breed in fresh-water swamps and pools, are plaguing the residents in the northern section of Bergen County.

The sticticus is being observed for the first time in the county this year. Conant explained that both the sticticus and the canadensis "winter over" in egg form and said that the eggs will keep from three to five years. The pipien, on the other hand, passes the winter in adult form, lurking in garages, houses and cellars.

Conant said that a large mosquito-like insect, which many believe to be the "Jersey mosquito," is actually not a mosquito, but is a crane fly. It can't bite, he added, because it has no proboscis.

The real "Jersey mosquito" is a daylight-biting species known as the sollicitus and is not now a serious problem for the exterminators. It is somewhat larger than the smallest pipien and is identified by striped legs and back.

To speed the reduction of the current plague, Bergen county officials are considering dusting the meadows by airplane. This depends upon joint action by Hudson County. Essex County is not planning to participate.

Bergen County used a plane to spray the meadows in 1945, but it was found that high weeds prevented the liquid from reaching the larvae-breeding pools. The chemical antidotes this summer have consisted of the continuous spraying of pools that can be reached and the use of a fog machine which fells the mosquitoes on the wing.

**240th CONSECUTIVE DIVIDEND**

The Board of Managers has declared a quarterly dividend for the three months ending August 31, 1951, payable on and after September 1, to all depositors entitled thereto under the by-laws, at the rate of 2% per annum.

The present law requires the payment to the State Treasurer of unclaimed bank deposits, which (generally speaking) are accounts which have been "dormant" for 20 years, in the names of persons as to whom the bank has no current information. It is, therefore, particularly important that depositors, in person or by mail, promptly present their passbooks at the bank for crediting dividends, and keep us advised in writing of any change of name, address and other means of identification.

### July Set Record at Branch Brook

With at least four good months of golfing left in 1951, Branch Brook Public Golf Course stands a good chance of setting a new record for play this year. According to Maurice Maurie, O'Connor, Belleville resident and pro there for the past 22 years, the month of July was the largest in history with 10,090 people paying fees to follow the white pillets around Hendricks Field. So far August bids fair to equal if not exceed July, and if the record of previous years gives a hint, the grand total for the year may well be better than 65,000 rounds of golf.

For the first seven months of 1951 the figure stands at 40,297. Last year's 12 month total was 58,462. And figures for 1949 and 1950 show that not a single day went by without someone on the course, come wind, rain, snow or high water. Weekdays get the biggest play with some golfers showing up in time for only a few holes before dark.

While figures for other courses, private as well as public, are not available, Maurice O'Connor is of the opinion that few courses in the country can boast of anywhere near as much golfing. The Essex County Park Commission, in addition to operating Branch Brook, also has a nine hole layout in Weequahic Park, Newark. But play there is a mereittance to the activity here in Belleville. At one time it planned a third course in West Orange, but that community offered another proposal.

### Park Commission Gets Fees

The Park Commission gets all the fees paid for golfing, for registration of anyone living in Essex County, plus greens fees of 50 cents on week days and \$1.25 on Saturdays, Sundays and Holidays for registered golfers; plus \$1.25 on week-days and \$2.50 on week-ends and holidays for non-residents. It also owns and gets the rental of the bag carts, which substitute for caddies.

Out of these fees are paid the upkeep of the course, which is entirely separate from the regular county park maintenance, and Mr. O'Connor's salary as course manager, greenkeeper and golf pro.

Maurie, now in his 44th year, has had only two jobs. He broke into the golfing business as a caddy and then as assistant professional at the Glen Ridge Country Club under Bob Thompson in 1922 when 16 years of age. He also served as assistant under Jim Crabb until 1928. When Branch Brook's present layout succeeded the nine hole course of the old Fort Hill Field Club, in 1929, Maurice O'Connor was named professional. It was not exactly a prize package then, in comparison to what some of the private clubs had to offer, but clubs and pros have disappeared from the scene as Maurice's job gained in importance. Today there isn't a professional in the state who wouldn't gladly swap with the Belleville professional. Only Maurice isn't in the swapping frame of mind.

### Dime Store Turnover Good Business

He finds that the "dime store" turnover at Branch Brook has its advantages. First he is envied by his fellow professionals in the security of his position. The Essex County Park Commission employees are not under Civil Service, but to enjoy the benefits of a pension plan which permits them to retire at 60 years of age after 20 years of employment or at any age upon the completion of 35 years of service, whichever comes first. On this basis he can, if he chooses, retire at half pay in 13 years, or when he is 57. That's not bad!

The huge turnover at Branch Brook doesn't do him any harm, inasmuch as he operates the food concession there and each golfer has to visit his pro-shop to register before he is allowed to step on the first tee. And when you are selling golf balls, clubs, bags and wearing apparel, to have more than 10,000 folks walk in your place of business in a month, is no minor matter. As professional he gives some golf lessons, but not nearly as many as he used to give up to three years ago, when he was injured in an automobile accident and underwent three operations.

Originally from Montclair, Maurice has been a Belleville citizen since he started his duties here 22 years ago. Fifteen years ago he bought a house at 18 Fairview Place, just a step off the golf course. He lives there with his wife Estelle and daughters, Barbara and Joan. Barbara, who graduated from Belleville High School in June, will attend Cornell University, Ithaca, N. Y., starting next month and Joan is a member of the sixth grade class at School No. 7.

### Is Fine Golfer

Maurie long ago established his reputation as a golfer. In 1935 he beat the famed Byron Nelson in a play-off for the state Open championship, and for the last two years he has been runner-up in the open. He also won the Connecticut Open in 1943. Three times he teamed with Mike Cestone, the Montclair Mailman, to win the state Pro-Member championship and twice teamed with Johnny Kinder of Plainfield, to win the Pro-Pro title. His biggest thrill was in 1943 when he teamed with two members of the Spring Lake Club to beat all the big shot golfers in the country in a Calcutta Tournament, by setting a course record of 65. The prize plus a gift from the Calcutta Pool Winners gave him the biggest purse any New Jersey pro has ever won.

Today the work attached to scheduling record numbers of golfers off the first tee and his other duties does not give Maurice O'Connor a great deal of time to tour the tournament circuit, but he still manages to make and finish high in all the important tournaments in the state. Last week in the famous Hole-in-One tournament at Forest Hills he was one of less than a half dozen golfers out of more than 300, who put all five tee shots on the green, although none of them were in the money circle.

His many friends will await the outcome of the next two big tournaments in the state, the State PGA tourney and the Metropolitan Open, both in September, hoping that he will be high among the money winners. The Met tournament will be at Forest Hill Field Club.

# Football Uniforms To Be Distributed On August 31 At 10

## Twice-a-Day Practice Sessions Planned by Coach Berlinski In Preparation for Early Opener

Football Coach Edward T. Berlinski, recently returned from a two week tour of duty with the Army at Camp Kilmer, announces that football uniforms will be issued to candidates for the Belleville High grid team, at 10 o'clock next Friday morning. A state rule bans practice before September 1st, but allows coaches to issue equipment a day before. Coach Berlinski will be assisted in the distribution of uniforms by Line Coach Herman "Jitty" Wische, who will return to town on Wednesday from his job as head counselor at a boys' camp in New York State. Assistant Coach Raymond Smith, followed

Coach Berlinski to Camp Kilmer and will be unavailable until September 10th. Ray Smith is a first lieutenant in the Reserves, and is in the Transportation Corps.

### Fresh Report Later

Freshmen will not be included in those to whom uniforms will be issued next week. Coach Wilho Winkla will announce the date of the opening of Frosh practice after school opens on September 5.

Coach Berlinski plans twice-a-day practices starting Saturday at 9 o'clock until school opens, and then extensive drills after school. He has a tough month ahead with the first game with East Orange on September 22. In the three weeks before the curtain raiser he expects to have at least four practice games, the first of which will be held at Clearman Field on September 8 with Montclair's great team furnishing the opposition. Coach Clara Anderson has informed Coach Berlinski that he will run all his plays from the single-wing and double-wing formation. Demarest of Jersey City, another single-wing team, will furnish the test for the boys in the second scrimmage. Other scrimmages will be arranged with East Rutherford and a Newark school. The emphasis is on single-wing in these practices, because East Orange operates from that formation.

### New Uniforms

Co-captains Pete Spera and Bob Haight are the only two boys who have an inside track on the 40 brand new uniforms purchased for the team this year. The "New Look" for Belleville teams will be blue pants and white jerseys and white and blue helmets. The game suits will be passed out a week before the opening game.

"There are a lot of positions on the team wide open," the boys who want to play football," Coach Berlinski says. "A determination to make the team is going to be an important factor in deciding just which players will wear the new uniforms."

## LITTLE LEAGUERS ATTEND YANK TILT

Two Bus Loads of Belleville Boys Join 6,000 Other Little Leaguers at Game

Members of the Belleville Little League journeyed to Yankee Stadium last Saturday as guests of the Yankee Juniors, Inc., and watched the Bronx Bombers pin a 5-1 defeat on the Philadelphia Athletics. The junket was arranged by Public Parks and Property Director Elmer S. Hyde, whose Recreation Department sponsors the local Little League.

Two busloads of the youngsters made the trip under the supervision of Art Bloemke, Lou Bartell, Jim Landon and "Bun" Derbyshire. Upon arrival at the Stadium, the Belleville contingent joined about 8,000 other Little Leaguers from the Metropolitan area who also were guests of the Yankee Juniors.

The Belleville Little League All-Stars have piled up five victories against two defeats in outside competition. One of the losses came at the hands of a veteran Lyndhurst aggregation, which won the regional playoffs in the Little League World Series elimination. Belleville will conclude its season this week, stacking up against a Nutley Junior League All Star team.

### Olympic Park Baby Parade to Take Place on Saturday

Olympic Park's traditional baby parade, now New Jersey's largest contest for pretty children, is expected to attract hundreds of competitors and thousands of spectators Saturday afternoon. The parade has been an August feature at the Irvington-Maplewood park each year for more than three decades.

There are 15 cash prizes—three each in the five divisions. Entries are permitted until just before the parade starts. Six years is the maximum age. There are separate divisions for blondes, brunets and red-heads. Three prizes also are available for the best floats, which often represent many months of work by fond parents. The fifth category of competition is for best decorated carriages, many so elaborate they also could be classified as floats.

## ELEVEN RUNS SINK BOTH CYO TEAMS

St. Anthony' Dumped 11 to 5; St. Peter's Topped by Good Counsel by 11 to 4 Score

Two Belleville CYO teams, St. Anthony's and St. Peter's, were shellacked by almost identical scores in a couple of games played at Branch Brook Park last Sunday. St. Anthony's, playing a consolation second round contest, was dumped 11 to 5 by St. Stanislaus, Newark, and St. Peter's, involved in a first half postponement, was topped 11 to 4 by Our Lady of Good Counsel, Newark.

Prepping for its next game, St. Anthony's, which has at least a share of the first round crown, put on a poor showing. Ralph Conti was rapped for five hits and three runs in the first inning. The locals came back with a pair in the second, but four runs by St. Stanislaus in the third took the game out of reach. Bob Doyle, regular starting hurler, mopped up in the sixth and seventh.

The defeat was more galling because St. Stanislaus had won but three of eight previous tilts and had absorbed a 10 to 1 licking from the Silver Lakers earlier in the year.

In taking St. Peter's over the coals Good Counsel scored in every inning except the sixth. The big outbursts came in the first and third with three runs coming across in each frame.

The Petreans got all of their hits in the fourth, but only one run came across in the inning. Single markers in the fifth, sixth and seventh were unearned.

St. Stanislaus 3 0 4 1 2 0 1-11 10 4  
St. Anthony's 0 2 0 1 2 0 0-5 7 3  
Natalowitz and Herman; Conti, Doyle (6), and Grosso.  
Good Counsel 3 2 3 1 1 0 1-11 12 2  
St. Peter's 0 0 0 1 1 1 1-4 3 5  
Keegan and Ryan; Pusey, Chesto (6) and Parkinson.

## JUNK DEALER FINED \$100 IN COURT HERE

Man Who Objected to Diner Check Pays \$25; Florida Man Sentenced to Time Served

Samuel Gruppiso of 51 Salter Place paid a fine of \$100 in Magistrate Everett B. Smith's court on Thursday, for violation of the town's junk license ordinance. Gruppiso was charged with picking up waste paper, after his local license had been revoked.

Theodore S. Mullaney of 20 East Park Street, Newark, paid a \$25 fine as a disorderly person, as a result of a disturbance he caused at the Short Stop diner on Washington Avenue. Patrolman Henry McEnery was called by the counterman when Mullaney after eating a meal refused to pay for it. Mullaney abused the officer for interfering in what he thought was a private matter.

Jesse W. King of Florida, arrested when he could give no explanation of why he was hiding behind Cliff's Diner on August 11, was sentenced to the five days he had already served in the local cell and was advised to get out of town. He was charged with being a disorderly person.

### Boats 490 Pound Tuna Off Wedgeport, Nova Scotia

Karl Hiltterhaus of 219 Holmes Street, fishing off Wedgeport, Nova Scotia, on August 12, boated a 490 pound tuna at Soldier's Rip, famous tuna "hot spot" where the bluefins are being taken by rod and reel in great quantities by sportsmen from all over the United States and Canada. The day was the biggest of the season with 14 fish being taken, one a 675 pounder by a New York City resident.

### Rutgers Newark Colleges Plan Four-Year Nursing Program

Establishment at Rutgers Newark Colleges of a four-year collegiate nursing program leading to the Bachelor of Science degree was announced this week by the president of the state university. The curricula will begin this fall if a sufficient number of qualified students apply. The new program will be conducted under the administration of the Newark College of Arts and Sciences in co-operation with participating hospitals and clinics. Detailed information may be obtained from the Director of Admissions at the Newark colleges.

## Members of PAL Junior Baseball Team

Members of the Belleville Giants, representing the town in the PAL Junior Baseball League are pictured left to right: front row: Vince Dente, Steve McCarthy, Jerry Li-lore, Joe Long, Ron Chelel; back row: Patrolman John McNish; Joe Casale, Don Rinaldi, Marvin Norwood, Patrolman Thomas Dunn, Pat Grosso, Bob Higgins, Frank Close and Patrolman James Anderson.

## Belleville PAL Trounces Newarkeers Behind McConnell

Triple Play Squashes Only Hope of Visitors; Playoff Spot Sure; Date Uncertain

The Belleville Senior PAL baseball team played one of its best games of the season, Friday at the Municipal Stadium, when it defeated the Newark PAL, leaders in the state league by a 9 to 0 score. Newark, loaded with all-city—all-county—and all-state players, beat Belleville in an earlier game 5 to 3.

On Saturday Jim McConnell was at his best. Although he struck out only three men, he did not give up a single base on balls and the only time he was in trouble his mates came through with a triple play to kill off the Newark rally.

On the other side of the picture Mike Del Tufo had a double and two singles, Graziano and Nick Petti two singles. Graziano was

threw to Wilkerson to get him at home.

In Belleville's half of the same inning Westlake walked, Wilkerson singled, Graziano walked, Petti got his second hit to score Westlake and Wilkerson. Graziano and Petti moved up on a passed ball. Del Tufo singled to score Graziano and to put Petti on third. Del Tufo then stole second and scored with Petti as Moreno lined a sharp single to left field.

McConnell gave up five hits in seven innings and was backed up by perfect support.

Belleville's record is now nine and five and a sure spot in the playoffs. Just what spot and when the playoffs will begin depends upon two postponed games which Newark and Irvington have to play. Summit and Carteret vie for the fourth spot in the miss-and-out playoff competition. The playoffs may be held at Ruppert Stadium, Newark.

McConnell didn't threaten until the sixth when Fortson singled and Mirakides hit a slow roller down the third base line. McConnell fielded the ball but threw poorly to first to put runners on second and third with no one out. Sherlacker hit to McConnell, who held Fortson on third before tossing Sherlacker out at first. Smith then threw to second to trap Sirakides off the bag. Westlake cut across the field to try to get between Fortson and third base and when the latter tried to score,

again tops at shortstop.

Two Runs in First  
Belleville got off to a two-run lead in the bottom half of the first when Petti singled, Hansen walked and Del Tufo lined out a long double. This was upped in the third when Graziano led off with a single, went to second on Petti's sacrifice and scored on Del Tufo's one-base clout. Another tally was chased across in the fourth when Westlake singled and McConnell doubled to right-center.

Newark didn't threaten until the sixth when Fortson singled and Mirakides hit a slow roller down the third base line. McConnell fielded the ball but threw poorly to first to put runners on second and third with no one out. Sherlacker hit to McConnell, who held Fortson on third before tossing Sherlacker out at first. ## CARDS NIP KEARNY FOR 7TH STRAIGHT

Petti Squeezes Cerami Home With Winning Run in Last Inning; Bartell Does Well

The Belleville Cardinals won their seventh straight game in the PAL Junior league Tuesday morning at Municipal Stadium, when they defeated the Kearny PAL team by a 5 to 4 score. Johnny Bartell pitched all the way for Belleville, allowing five hits. Kearny started the scoring in the third with two runs on two walks, a sacrifice and a hit. Belleville came back in the fourth with four tallies on a hit by Krafft, an infield out and successive singles by Costenbader, Pusey, Swinarski, Conley and Bartell. Kearny tied it up in their half of the seventh, but Petti squeezed Cerami across the plate with the winning run in Belleville's half of the inning.

## Cost Accountants Plan Golf and Stag Dinner

The annual golf tournament and stag dinner of the Newark Chapter, National Association of Cost Accountants will be held at the Knoll Golf Club, Boonton, on Friday, September 14. The program calls for golf playing members to compete for the President's Trophy and other prizes in the afternoon. Dinner and entertainment will be furnished in the evening. The committee expects over 200 members and guests representing many of the large industrial and financial firms in North Jersey.

## S. J. Larken Marks Ten Years With Tide Water

Simon J. Larkin of 557 Washington Avenue was recently awarded a long-service emblem and certificate to mark his 10 continuous years of service at the Bayonne refinery of the Tide Water Associated Oil Company, it was learned today. Larkin is with the plant's electric shop.

Ever buy a car from this angle?

SURE, a trim new Buick makes a mighty pretty picture when you see it in your driveway, or watch it wheel by.

But if you could get a mechanic's-eye view of this big, broad beauty as it sits on a lift, you'd see an impressive picture of rugged brawn that makes good-to-look-at Buicks give such a good account of themselves on the road.

You'd see the full-length torque-tube drive that firms the whole power relay system, and steadies your going like a giant hand beneath you.

You'd see big sturdy wheels with really wide rims that provide surer footing, give better car control, make tires last longer.

You'd see all four wheels cushioned by stout coil springs that are completely service-free, practically breakproof—and a principal reason for the ever-level Buick ride.

But mainly, you'd see the massive foundation that backbones every Buick—

the deep, wide, X-member frame that's rugged as a rock, and a brute for strength.

So when you look at the beauty of a Buick—the big mileage power of its valve-in-head Fireball Engine—and the moneysaving ability of its Dynaflo Drive\*—don't overlook the tough stamina that goes with it all.

And don't overlook the fact that a new '51 Buick, with all its heft, costs less per pound than any other car of comparable size, structure and weight.

Better come see us first chance you get—and find out what a smart buy this is—from every angle.

\*Equipment, accessories, trim and models are subject to change without notice. \*Standard on ROADMASTER, optional at extra cost on other Series.

### No other car provides all this

NUTLEY, N. J.

APPEL RESIGNS,  
CRANE TAKES OVER  
TOWN DEMOCRATS

Lawyer, Chairman Since 15  
Years, Accepts \$7,000 Job  
With OPS

John Crane, 32-year-old veteran of Iwo Jima and other Pacific campaigns, of 34 Warren Street, assumed the succession, yesterday, of Benjamin S. Appel as Democratic town chairman for Nutley.

Rewarding 15 years of faithful town leadership, Colonel William Kelly, Essex County Democratic chairman, announced the appointment of Appel to the Office of Price Surveillance in Newark in his capacity as a lawyer. The post pays \$7,000 annually and will leave Appel time to carry on his private law practice. He had been town chairman since 15 years and in his tenure he had seen Democratic strength gain to a point where Congressman Peter W. Rodino polled 4,337 votes here last November, only 334 below the Republican candidate, William Rawson.

**Committee Approves**

When Appel accepted the OPS appointment this week, after consulting with Colonel Kelly, Congressman Rodino and party stalwarts here, he was compelled to resign as town chairman, in conformance with the Hatch Act. The Democratic Municipal Committee was convoked to accept the resignation of Appel and to approve the designation of Crane. Mrs. Kathryn Eastment, who shared the town leadership with Appel, continues as vice chairman.

Mr. Crane is treasurer of the Nutley Democratic Club and the Nutley County Committee, and is county committeeman from the Second Ward, Fifth District.

**Harvard Law School Alumnus**

Born in New York March 5, 1919, he was graduated from Rutger Junior High School, Bergen Junior College, Rutgers University in 1942 and Harvard Law School in 1948.

He enlisted in the U. S. Navy in May 1942 and was commissioned an ensign the following January. He served aboard the Aircraft Carrier Lexington in the Pacific area and was awarded the Silver Star. He was released to inactive duty in October 1945 with the rank of lieutenant.

**Member of Amvets**

Mr. Crane is treasurer of the Nutley Citizens Housing Association and is a member of Nutley Post 30, Amvets. He is a member of the Essex County and Passaic Bar Associations, the Rutgers Club of Newark and the Harvard Club of New Jersey. He is vice president of the Harvard Law Forum.

**SURROGATE'S NOTICE**

ESTATE OF HELENE C. WATTS, deceased.

Notice of Settlement

Notice is hereby given that the accounts of the subscriber, Administrator of the estate of HELENE C. WATTS, deceased, will be audited and stated by the Surrogate and reported for settlement to the Essex County Court, Probate Division, on Tuesday, the 2nd day of October next. Dated: July 27, 1951.
