## So What?

Ed Littig, well known Belleville bicycle and roller-racer, was on Channel 13, WATV, yesterday afternoon with a memory program. He recently completed a course in memory culture under Dr. Bruno Furst, eminent psychologist, and was demonstrating his skill in public for the first time. We didn't catch the show, but we hope he didn't forget his lines.

Signs of the times are carefully noted in the Police Blotter. For the past four months there have been frequent notations where policemen have been detailed to stop baseball playing in certain streets. The season has changed and the most recent entries now read "to stop football game in blank street."

Arthur Leytham of the Belleville office of the Fidelity Union Trust Company is a member of the committee arranging the fifth annual flower show to be presented by the company's employees on Tuesday and Wednesday in the Lobby of the Main Office at 755 Broad street, Newark.

A woman's cape was left in the Belleville Pharmacy recently. The owner may claim it by giving a description of it.

Mrs. Charles E. Glass told police Monday that her son Gary, 13, was hit in the chin by a B-B shot while riding his bicycle on Columbus avenue. No trace of the person who shot the air gun could be found.

John D. Uzzolina, of 35 Magnolia street reported to the Police on Monday that someone had stolen his Nash sedan which had been parked in the lot at 29 Magnolia street. The theft took place between 2 a.m. and 6 a.m.

## HIBERNIANS WILL BUY ST. PATRICK CHURCH WINDOW

Plan Card Party to Raise Funds for New St. Mary's Church Memorial Window

A stained glass window in honor of St. Patrick was given this week by The Ancient Order of Hibernians, of Nutley and Belleville, to the new St. Mary's R. C. church now nearing completion. In accepting the window dedicated to the patron saint of Ireland, Msgr. James J. Owens invited the Hibernians to take part in the dedication of the church as the first Catholic organization chosen to participate.

### Coming From Ireland

The memorial window will be made in Ireland where other windows for the Nutley church are now being completed. It is expected that structural work will have advanced sufficiently to allow the installation of the windows to begin next month.

Antique-tinted red tile have been put in place wholly to roof the church and with the exception of the campanile, the exterior construction is about completed. Work will proceed next on the monumental entrance to the church. The limestone walls of the interior have already been put in place.

### Hibernian Plans

The Hibernians have named a committee under the chairmanship of William Cox of 30 Melrose Street to sponsor a card party and social in St. Mary's Church hall on October 12 to finance the window to Saint Patrick. Monsignor Owens has accepted the honorary chairmanship of the committee.

Others, prominent in Hibernian affairs, who have been named to committees for the affair include: John H. Liddy, co-chairman; John H. Lucy, chairman of committee on arrangements; William C. Cooper, finances; Joseph Planer, refreshments; Thomas T. Cavanagh, publicity; and James J. Reilly, tables. Liddy and Reilly are from Belleville, Cavanagh from Bloomfield, and the others from Nutley. The Hibernians announced the initiation of a large class of new members next December or January, bearing the designation of "Monsignor Owens' class," and it is expected that 100 new Hibernians will be created at that time.

## Westinghouse Veteran Employees Plan Outing

The Westinghouse Veterans' Association, made up of 750 members from the company's Division plants will hold its 12th annual summer outing Saturday at Crystal Lake Casino West Orange from noon until 6 p. m. Miss Elsie Wisman is president of the group and Raymond West and Thomas Cromie head the committee for the outing.

## PONTIAC AGENCY TO ERECT \$100,000 SHOWROOM HERE

New Structure Will Put Sales And Service of All Cars Under One Roof

An automobile sales room, repair and body shop which will cost \$100,000 will be erected by Arrowhead Pontiac, Inc., at 629 Washington Avenue, according to a permit issued by Building Inspector Thomas P. Greco this week. The permit includes a main building and a storage shed. Arrowhead Pontiac, Inc., now occupies quarters at 320 Washington avenue and has two used car and storage lots in the vicinity. The new setup will combine the company's operation on one plot of ground, near the Riviera Park Roller Skating Rink.

Other permits this week included three for one family houses to be erected by the Ka De Associates Inc., at 48-52 and 56 Princeton terrace, at a cost of \$8,500 each. Frank Cufone was given a permit to erect a bakery and story at 84 Harrison street, at a cost of \$3,000.

Alteration permits were granted to Antrom Goglia of 67 Harrison street who will erect a new rear porch and stairway; Patrick Greco of 87 Carner avenue, who will construct a concrete patio over a garage approach; Nicholas Spina of 185 Cortlandt street, who will convert from one to two family dwellings; Alexander Lalica of 15 Belleville who will relocate a window and Ben Lapinski of 11 Van Rensselaer place, who will enclose a porch.

## ERIE TRAIN KILLS STANLEY JENNINGS ON BRIDGE HERE

Train Crew Charged With Manslaughter as Aftermath Of Saturday's Accident

Stanley V. Jennings

Stanley V. Jennings, 51, of 169 Franklin Avenue, who was walking across the bridge over Franklin Avenue on the Greenwood Lake Branch of the Erie Railroad on Saturday, was hit by a westbound diesel locomotive at 11:40 A. M. and died at Columbus Hospital at 12:25 without regaining consciousness. Mr. Jennings' death was listed by the county medical examiner as due to shock. His house is adjacent to the tracks.

Technical charges of manslaughter were lodged against members of the train crew composed of Russell Nicely of 8 Ayer place, Rutherford, the fireman, who was operating the diesel at the time; Michael M. Tarkenton of 179 Clinton avenue, Clifton, the engineer and Francis L. McDonough of 210 Highland avenue, Kearny, the conductor. They were turned over to the Prosecutor's office for the fixing of bail and appearance before a Grand Jury.

### Mass Offered at St. Peter's

A high mass of requiem was offered yesterday morning in St. Peter's Church for Mr. Jennings. The funeral was from the Kierman Funeral Home, 101 Union Avenue. Burial was in Cresthaven Memorial Cemetery, Clifton. Born in New York City, he lived in Belleville about 30 years. He was employed by the Pennsylvania Railroad for 38 years. Surviving are his wife, Mrs. Hazel M. Jennings; five daughters, the Misses Carol and Edna Jennings, at home, Mrs. Rita Rensing of Bloomfield, Mrs. Beatrice Smith of Newark, and Miss Dorothy Jennings; a son, Thomas Jennings, at home; two sisters, a brother and 5 grandchildren.

### In Construction Battalion

Pvt. Rocco Cerami, son of Mr. and Mrs. Charles Cerami of 9 Hilton Street, is now stationed in Seoul with the 453rd Engineering Construction Battalion. The local soldier received his basic training at Fort Dix, where he completed Leadership School in June.

## Backbone of Belleville High's Grid Squad Get Pointers

These lettermen from last year's Belleville High Varsity grid team, which finished the season as one of the hottest teams in the county, will form the backbone of the 1951 combine being readied by Head Coach Edward J. Berlinski in workouts at Clearman Field. This group also includes the squad's biggest boys, Charlie Antrim, No. 40, at 245 and Bob Haight, No. 35, at 230. Left to right are: Ronnie Thompson, Don Miller, Alan Riffin, Pete Spera, Bob Haight, Charlie Antrim, Carman Earl and Coach Berlinski.

Kondreck Studios

## Veterans Will Collect Paper, Rags on Sunday

The regular monthly paper collection conducted by the Frederick-Scott Ship No. 5653, V. F. W., will be held Sunday. Belleville citizens are requested to place newspapers and rags in front of their homes as early as possible as the veterans' trucks will start collecting at 9 a. m. The boys again wish to thank all those who have contributed to their drives in the past.

## FAMILY SERVICE PUT 29 CHILDREN IN SUMMER CAMPS

Camp Fees Paid by Parents; Scholarships and Private Donations; 82 Camp Weeks

Eighty-two weeks of camping have been completed by 29 Belleville children, marking the end of the 1951 season for Family Service Camp Program. These youngsters have returned to town in healthy physical condition, some having gained up to 7 lbs. What's more important, is that they enjoyed a happy experience of everyday living, playing and sharing with other children in organized camp settings. To hear their excited stories of camp life would make any one wish he, too, had been able to go vacationing with them.

Seven children attended Camp Ro-Li, eight went to Bonnie Brae Camp for Boys, one to Goodwill Industries and 14 to Blue Horizon and Star Lake Camps. Eight children were unable to attend after placements were arranged for physical reasons. Other requests could not be met as the applications came in after the camp enrollments were filled.

The selection of the camps was made on the basis of the individual child's age and particular needs which could be met by the camps. Each year Family Service, a Red Feather agency, located at 334 Washington Avenue, sponsors this program as an adjunct to its regular year round service of counseling on personal problems. The Community Chest provides administrative funds to maintain the agency.

The camp fees are paid by parents, scholarships or private donations. This year, Family Service wishes to thank the following organizations for their contributions to the program: PTA of Greylock School, Younginger-Alden Post Jr. Auxiliary No. 275, Past Presidents Club of Veterans of Foreign Wars Auxiliary No. 275, American Legion Auxiliary Unit No. 105 and the Camp Ro-Li Committee. In addition, appreciation also goes to Salvation Army and Bonnie Brae Camp for the scholarships made available to the agency.

### Going To Technical Institute

Richard T. Gabriel, son of Mr. and Mrs. John W. Gabriel of 104 Overlook Avenue, will report to Vale Technical Institute, Blairsville, Pa., where he will study air force auto preventive maintenance.

## SEEK ARTICLES FOR BOOTH AT LYONS HOSPITAL CARNIVAL

Mrs. Elsie Lundy Will Have Charge of One Game Open To Veteran Patients

Contributions of candy bars, men's combs, socks, handkerchiefs and writing paper to stock a booth at the annual carnival for the patients of the U. S. Veterans Hospital at Lyons, are being sought by the Auxiliary of Younginger-Alden, Jr. Post Veterans of Foreign Wars. The Post is also donating \$25 toward the purchase of prizes. The carnival will be held on the grounds of the hospital on September 15.

The event is sponsored by all the veterans organizations and the Red Cross Chapters, which service the hospital with volunteer workers and contributions to the patients there. Each one sets up a booth, and the 2,300 patients are given strips of tickets which substitute for money, with which to try their luck at the various articles on display. Some of the tickets can be exchanged for refreshments. No patient goes away from a booth without a prize, for if he receives nothing.

(Continued On Page Two)

## GRAND OPENING FOR BELLEVILLE CAMERA SHOP

Newest Business Enterprise Invites Public to Event Friday; Treasure Chest

Belleville's newest business enterprise, the Belleville Camera Shop at 163 Washington Avenue, will stage a Grand Opening on Friday from 9 A.M. to 9 P.M. at which time visitors will be invited to share in a treasure chest. The chest containing a number of excellent and valuable articles in the photographic line will be opened by about five keys in a bowl from which visitors at the store will draw.

### Owns Bloomfield Store

The new store in the heart of Belleville's modern shopping area and next to the Sears-Roebuck store, is owned by Fred Spatola of 181 Ridge Avenue, Bloomfield, who has operated the very successful Bloomfield Camera Shop at 277 Broad Street for six years. The Belleville Camera Shop will carry a complete line of photographic equipment and supplies for amateur and professional photographers. It will do developing and printing of snapshots on a plane never before offered to the people of Belleville. The process is known as Panel-Art printing.

## Join Community Chest's Group of Division Heads

William H. Glover, Jr., 1952 Community Chest campaign chairman, has announced the appointments of Louis Logan as chairman of the Commercial division and T. Russell Sargeant as chairman of the Town Employees division, for the forthcoming drive, scheduled for October 17 through November 14.

Logan, manager of the Belleville business office of the New Jersey Bell Telephone Company, was chairman of the Advance Gifts division during the 1950

drive. He has also served as chairman of Advance Gifts for the Oranges - Maplewood Red Feather campaigns of 1950 and 1951.

Logan, a graduate of the University of Connecticut, is a member of the Belleville Rotary Club. During World War II, he served as a Lieutenant Colonel with the Second, Third and Fifth Air Forces and was stationed for two years in New Guinea and Australia. Logan resides with his wife and family at 24 Watson Avenue, East Orange.

Sargeant, treasurer for the Town of Belleville, has served on

(Continued On Page Two)

## Grid Squad Numbers Small But Linemen Pack Plenty Weight

Coach Berlinski Has 50 Candidates Including Ten Veterans; Tough Schedule Starts in Two Weeks

Unless a large number of candidates report for football practice after high school classes start today, Coach Eddie Berlinski will have practically every member of his current squad inside those 40 new uniforms which have been purchased for this season's play. When practice equipment was passed out on Friday and when practice started the next day, Coach Berlinski had exactly 50 candidates out for the club, and after the first practice session his squad had been reduced by one at least temporarily, by injury.

With an important scrimmage on Saturday with Montclair High and the opening game of the campaign, with East Orange only a few days more than two weeks away, the Belleville coaching staff, consisting of Berlinski, Jitty Wische and Ray Smith, has its work cut out.

### Ten Veterans

Ten boys on the squad earned their letters last year, but one of them, Tom Galante, a halfback, is already on the injury list. Whether his leg will recover in time for him to see action in the first game, remains to be seen. He is being treated by Dr. Brown. The vets include two huge boys, Co-captain Bob Haight at 230 and Charlie Antrim at 245. The rest of the squad does not measure up to these proportions, but the linemen at least won't have to give too many pounds to their opposition. Other veterans are Co-captain Pete Spera, quarterback; Al Riffin, veteran tackle; Ralph Chimento, guard; Don Miller, a line-man; Carmine Earl, halfback; Ronald Worthington, last year's back but this year's center, and Ronnie Thompson, end.

### Count on Sophs

Many members of the squad are graduates of last year's unbeaten freshman team and Coach Berlinski is hoping that enough of them will develop to give him depth in every position.

Linemen on the squad at present are: Ralph Vara, Gerald Skidmore, Nick Long, Frank Scarpelli, Clint Interwies, Dom Pomponio, Bob Tobia, Ed Bucciarrelli, Chris Dotterweich, Nick Cocco, Ed Decepoli, Lou Zicaro, Frank Corsi, John Yocum, Frank Tutza and Ramon Marrone.

Ends, where the team is badly in need of help include besides Thompson, Vince Nardiello, Jim Kelly, Fred Westry, Mike DeFilippo, Carl Colucci, Allan Bessemer, Howard Ryer and Harold Sutlers.

Backfield candidates are Bill Dunleavy, Richard Racioppi, Joe Sorrentino, Anthony Vitale, Tom Hedgepath, Vince Vitelli, John Carpel, William Rock, Tom Appicelli, Len Giannetti, Bob Doyle, Bill Chapman, Bob Jacquin and Rocco Cafone.

Freshmen will report for football some time next week.

Local fans may expect Coach Ed Berlinski to take advantage of the Federated High School rules which will be in vogue this fall, for they give a razzle-dazzle attack, such as he teaches, a greater latitude than the collegiate version. One of these rules allows two forward passes from behind the line of scrimmage, making it no longer necessary to throw a backward pass to a man out on a flanker, if he is going to throw the ball again. In fact the ball may be passed forward from the back man in the T to the quarterback, after a direct pass from center, and then heaved over the scrimmage line.

A restoration of the fair catch and the right of either team to run with a fumbled ball are other changes brought about by the new code. They should make for an interesting game.

## Arrested for Riding Sans Tire, Wanted as Hit and Run

James F. Romer, 31, of 17 Madison street, Montclair had his troubles on Monday. He was arrested by Sergeant Finn in Rutgers street for driving with a tireless rim on the left front of his car. When he got to police headquarters, it was noted that his license number jibed with one on a teletype, reporting a hit and run accident in Jersey City. Later two additional complaints came in, another from Jersey City and one from Kearny. His case was to come up in police court last night, at which time police from Jersey City and Kearny expected to be on hand to serve him with summonses for court appearance there.

## The A-Bomb And You!

## Russians Have "Know-How" Of Horror Warfare

State Civil Defense Chief Says Russians Are Stockpiling A-bombs

Russia has stockpiled a supply of Atomic-bombs and has the "know how" to use them, as well as stockpiles of all the world's worst poison gases and enough concentrated cultures of microbes to wage a lethal germ warfare, Leonard Dreyfuss, State Civil Defense Director, said in an interview yesterday with The Times-News to point up the urgency of maintaining an airtight civil defense line-up despite the action of Congress in slashing out all Federal credits for the defense of the non-military population of the thousands of American towns and cities.

Exposing for the first time the known secrets of Russia's armaments, Dreyfuss warned that because of flight distance between

## Questions And Answers Concerning Your Defense

(In an interview with The Times-News, carried in the form of exceptionally frank Questions and Answers, Leonard Dreyfuss, State Civil Defense Director, discloses many startling facts concerning YOUR defense against modern Atomic, gas and germ warfare. These Questions and Answers, of vital importance to you and to your family, will be printed in a series of eight weekly sequels, of which this is the first.)

By LEONARD DREYFUSS, State Civil Defense Director.

Q—What Type of Weapons Is the Enemy Most Likely to Use—and How Will These Weapons Be Employed Against Us?

A—We know Russia has atomic bombs. We know Russia is able to wage biological warfare. It is horrible to contemplate yet true that Russia has the scientific "know-how" to spread disease. She has trained secret agents who could do it. We also know Russia has the major war gases. Atomic bombs can be delivered by enemy aircraft. So can disease or poison gas.

Q—Will Biological Warfare Destroy Us?

A—The possibility of this happening is so remote that it is not even considered. But biological warfare could weaken us to such an extent that we would be more vulnerable to atomic attack. This type of warfare is no secret super-weapon for, even without help from man, germs have entered every military campaign. The best protection against it lies in alert and strong public health and agricultural services.

Q—What Effect Will the Atomic Bomb Have on Our Cities?

A—Many persons would be killed instantly. Many others would be wounded and in need of immediate care. Many more would be trapped or buried in the wreckage. Every street within the major damage area would be blocked with rubble. Fire would start within a matter of minutes in many places at once. A large part of the food supply would be cut off or destroyed. The water supply might be knocked out. Regular communications might stop entirely. Much of the transportation system would be halted. Thousands of survivors would suddenly find themselves homeless, without food, clothing, shelter or money.

## Safety of Civilians Depends Upon Themselves, Dreyfuss Said in Interview

Russian bases and American targets, the Communist High Command, in the event of war, would be obliged to attack with atomic weapons instead of the conventional high-explosive bombs.

Dreyfuss warned that Russia has ample supplies for gas and germ warfare but, again because of the distance of her targets, might depend upon a "fifth column" of saboteurs rather than air war. He pointed out that the Russian TU-4, the Kremlin's "steal" of our B-29, copied from originals that made forced landings in the Soviet Union during the war, in a stripped-down version could fly only 5,000 miles with a five-ton bomb load. For that reason, every Soviet bomber that would be sent against us would be a "suicide" plane, doomed never to return.

### Types of Red Bombs

Russia's A-bombs, he said, are no more powerful than our own, but it is believed that at the center of explosion the Communist A-bombs would generate from 40,000,000 to 70,000,000 degrees (centigrade) of heat and that for a split-second the ground temperature under the burst would reach 7,000 degrees—enough heat to carbonize everything human and metallic.

By tactical use of our own military forces, Dreyfuss said, we may eventually destroy an enemy's power to use atomic, gas or germ warfare against us, but the defense of the 150 million American civilians can, directly, depend only upon their ability to help themselves through an organized civil defense force.

"Civil defense, although designed for use in the event of an enemy attack, is just as valuable in 'casetime emergencies,'" Dreyfuss explained. "Under the New Jersey plan, which has become a model for many other states, programs are being developed that

# SUGGESTS WAYS IN WHICH TEACHERS CAN HELP SIGHT

Dr. M. Roachvarg Lists Helps For Improvements of Seeing Conditions in Schools

"If teachers understand the importance of eye health," declared Dr. M. Roachvarg of 132 Washington avenue, "they will be eager to co-operate in maintaining an optimum visual environment in the classroom at all times. Dr. Roachvarg listed the following suggestions for the improvement of seeing conditions in classrooms:

"Keep upper portions of windows unshaded, except when the sun is shining directly on them. "Draw shades over the lower portions of the glass area only when necessary to diffuse direct sunlight or to reduce glare from snow, sky or adjacent buildings. "Make special seating arrangements for left-handed pupils so that light will fall over the right shoulder.

"Arrange seats and desks so that no pupil will face a window or work in his own shadow. "Plan the daily program so as to alternate periods of close eye work with activities less demanding visually.

"Switch on artificial lights whenever brightness levels fall below standard in any part of the room.

"Stand and sit in positions which direct pupils' vision away from the windows.

"Plan for periodic adjustments of seats and desks to provide for best use of available light.

"Place pupils with eye difficulties in the best-lighted places from the standpoint of their specific defects.

"Allow pupils to change their seats whenever they desire more light or less light.

"Select work places to make best use of available light.

"Select and use only posters, textbooks, maps, charts, etc., that have non-gloss surfaces, appropriate type size and desirable contrast.

"Develop in the children a sense of responsibility for assisting in the maintenance of good seeing conditions.

## Dreyfuss

(Continued from Page One)

should have been thought of and carried out years ago.

"For instance every teacher in our public schools is required to take a first-aid course; every industrial plant is required to establish a trained protective and safety organization; all persons are to be blood-typed; first-aid stations are being set up, particularly in the larger cities and in many of the smaller ones.

"These are just a few of the things that will pay off in a peace-time emergency. The value of auxiliary police and auxiliary firemen has been demonstrated in a number of recent catastrophes such as the South Amboy explosion, the hurricane and others.

## Seek

## Kimble Klickers Kut Kapers

The "Kimble Klickers," a comedy song and dance foursome composed of Belleville and Nutley teenagers, was a featured attraction of the annual convention of the National Association of Dance and Affiliated Artists, Inc., held last week in New York, which Bob Kimble of 543 Washington Avenue attended.

The four young entertainers were Richard and Harry Nowakowski and James Landon of Belleville and Greg Joseph of Nutley, pictured, left to right, above.

There were 642 teachers attending the New York convention

this year from all parts of the country. Faculty members for this summer included Alexandra Danilova, considered the most versatile of today's ballerinas and America's "first lady of the ballet." For the past 12 years she has toured the United States and Canada as the Prima Ballerina of the Ballet Russe de Monte Carlo.

Another famous member of the faculty was Leon Danielian, who has established himself as America's greatest male dancer of today. Other outstanding teachers who served the convention were Nick Castle, director of choreography in Fred Astaire's latest movie, "Royal Wedding"; "Aennchen," Hindu teacher, and president of the Dance Educators of America; Joe Price, who has one of the largest and best schools in New York; Royce Dodge, television star, and Bernice Holmes. Pat Rooney Sr. was guest of honor and entertained for the members and faculty at the banquet on Sunday evening.

Kimble took various types of dance instruction at the convention and intends to instruct his students this fall with the material he acquired at the New York meeting.

## Mrs. Lester R. Martin

A high requiem mass for Mrs. Anna W. Martin of 202 William Street was offered Friday morning in St. Peter's Church. The funeral was from the Kiernan Funeral Home, 101 Union Avenue. Interment was in St. Peter's Cemetery.

Mrs. Martin died a week ago Monday in St. Michael's Hospital.

Newark, after a brief illness. Born in New Haven, Conn., she had been a resident of Belleville for 40 years.

Surviving are her husband, Lester R. Martin; a son, Raymond L. of Belleville; two daughters, Mrs. Vincent Cullen of Norfolk, Va., and Mrs. Thomas Lombard of Pompton Plains; a brother, George J. Ward of Belleville; a sister, Mrs. James McGowan of Belleville, and three grandchildren.

## Mrs. George T. Wirtz

A solemn high requiem mass was held last Thursday morning in St. Peter's Church for Mrs. Mary Barrett Wirtz of 110 Division Avenue who died August 26 in Presbyterian Hospital after an illness of several months. The funeral was from the Kiernan Funeral Home, 101 Union Avenue. Burial was in Holy Cross Cemetery, North Arlington.

Mrs. Wirtz was born 79 years ago in Doylestown, Pa., and lived in Camden prior to coming here 49 years ago. A member of the Youngster Alden Jr. Auxiliary, VFW, she also belonged to Court Sancta Maria, Catholic Daughters of America, and the Rosary and Social Societies of St. Peter's Church.

Surviving are her husband, George T. Wirtz, retired Belleville police captain; a daughter, Miss Irene Wirtz, at home; two sons, George F. and Edward J.

#### Preservation Aim of Rod & Gun Club

Preservation as well as sport is the aim of the Belleville Rod and Gun Club which owns and maintains a lodge along Flat Brook in Walpack Center, Warren County. The club which by constitution is limited to forty members owns twelve and one half acres of ground on both sides of Flat Brook, a famous fishing stream, and although a good part is posted for the exclusive use of members, all the land on the side opposite the cabin is open to any licensed fisherman or hunter.

The cabin, the rear of which is shown, with the brook barely visible in the background, is 64 feet long, faced with cedar logs on the outside and finished with milled cedar on the inside. There are two bunk rooms with 18 bunks, a modern kitchen with both gas and oil for cooking, a complete shower room and lavatory. The front porch, which is screened in the summer is 32 feet long and about half as wide. The cellar of the building is under the porch. The rest of the lodge is set on footings with airspace underneath.

#### Reforestation Work

In the spring members of the club assisted the State Department of Conservation and Development in a reforestation project, by planting thousands of seedling trees on the club property and adjacent public lands. The trees were supplied by the state and planted free by club members. A letter of appreciation from the Department of Conservation and Development well repaid the members for their hours spent.

At the club's suggestion the state planted part of the property as a food patch for wild game. The club also planted multi flora rose bush plants along the borders of its property, which will grow into bramble thickets and a haven for small birds and animals. In addition to the state sponsored tree planting the club members have also planted a large number of evergreen seedlings on the club property. In about 15 years the acreage will resemble the forests from which the Warren County farms were carved hundreds of years ago.

Club meetings in the spring, summer and fall are held at the lodge, with the winter meetings held here in town. The lodge is also used from time to time by Belleville Boy Scouts under the leadership of Harry Nees and Bruno Greulich.

#### Public Outing Sept. 16

Each fall the club throws open its grounds to the public in the form of an annual outing. This year's event will be staged on Sunday, September 16th. At that time in addition to refreshments on hand all day, there will be small bore shooting and clay bird shooting. The clay birds will be sent skyward by hand since the club's plans for a complete trapshooting installations have not as yet been completed. This will be followed by an old fashioned chicken dinner, prepared and served by the women of Walpack at the Methodist Church, not far from the lodge.

Last year more than 100 people attended the outing. Tickets for this year's event may be obtained from any member of the club or at Roy's Sport Shop, 445 Washington Avenue. The price is five bucks, per.

#### Belleville Members

Belleville members of the club include: Harry Nees, president; H. A. Schweiker, treasurer; Frank Bangert, Malcolm Budd, J. Hart Campbell, Dr. Joseph D'Angelo, James Davidson, John DeNike, Fred Fischer, John B. Greulich, Henry Haffner, William Irvine, Joseph King, Joseph Kristen, Charles Nutt, Herbert Schmutz, Clifton Smith, Everett Smith, Ralph Smith, Henry Squier, Roy Stocker, George Worthington, John Young, and Homer Zink. Peter Deckenback is the club's only honorary member, which makes the honor just that much more important.

#### Wrestling Party A Success

With 450 members of the Belleville PAL cheering wildly between mouthfuls of peanuts, Public Safety Director Harry J. Sullivan was the only casualty at the boxing bouts at Newark's Meadowbrook Bowl, Friday night of last week. Not that the youngsters cheered when the Commissioner was a casualty, but what happened was that some fan threw a stone at one of the wrestlers or the referee and was such a poor shot that it passed all three and hit Commissioner Sullivan in the arm. The Belleville PAL members filled ten buses for the trip to the South Orange Avenue sports arena, and consumed 150 pounds of peanuts provided for the occasion. No one was lost and the party was a huge success.

## CLEARMAN GIRLS WIN TWO GAMES

Defeat Greylock Softball Team 9-5; Memorial Girls Beaten by 7 to 4 Score

The Clearman Field Girls' Softball team scored an upset over the heavily favored Greylock Girls' team last week at Municipal Stadium, winning by a score of 9 to 5. The game was featured by the clutch pitching of Dolores Condon who went the route for the Clearmans, allowing nine hits, one a third-inning homer by Mary Terrieri of the Greylocks. The winners took advantage of some first-inning miscues by the Greylock team to score six runs, all they needed to win. The insurance runs were supplied by some well-placed fifth inning hits by Anne Brady, who got three for three, and Stella Liskowicz, who drove in two runs. Pat Wittik pitched for the losers.

The Clearman girls continued their victory streak with a win over the Memorial girls on Wednesday night at Clearman Field. Sue McKinstry hurled a three-hitter for the 7 to 4 win and contributed to her cause by driving in two runs with a single in the third inning. Margaret Caron, Genevieve DiAngelo and Joan Caron each got two hits for the Clearman team. The Memorial pitching was shared by Grace Cuozzo and Theresa Inaugurato. The win by the much-improved Clearman girls balances an earlier defeat by the Memorial team and the rubber game will be scheduled for the near future.

## BELLEVILLE CARDS CLINCH PAL LOOP

Defeat Newark Brewers 4-0 To Give John Bartell His Fourth Straight Victory

The Belleville P.A.L. Cardinals remained undefeated in league competition when they defeated the Newark P.A.L. Brewers Thursday morning at Branch Brook Park, by a score of 4 to 0. This victory assured the Cardinals of the league title because they are two games in front of the second place Brewers with only one game remaining to be played. John Bartell again pitched a brilliant game, allowing Newark only three hits for his fourth win. In the four games that he pitched Bartell allowed a total of 12 hits and 3 runs and finished with an earned run average of .75 per game.

## PAL Soccer Candidates Invited to Practice

Rain and the long week end cut into the attendance of candidates for the PAL Soccer Team at Belleville Park Sunday, so Coach John Hughes has again announced plans for practice, again at Belleville Park at 10:30 Sunday morning. Any members of last year's team who have PAL jerseys are asked to turn them in at this time so that the team can be properly fitted for the fall campaign. Coach Hughes expects registration forms for entrance into the Northern New Jersey Junior Soccer League. Dover, Paterson, Passaic, and four teams from Harrison are in the league at the present time.

## State PAL Playoffs, Summit Saturday Afternoon, Sunday

Belleville Faces Newark While Irvington Tangles With Summit in Semi-final Game Saturday; Winners Will Play-off Sunday

The playoffs of the New Jersey State Baseball League will be held at Memorial Field, Summit, on Saturday and Sunday. On Saturday, Newark will play Belleville and Irvington will play Summit. The winners of these games will meet for the championship on Sunday.

All four teams are evenly matched. During the regular season Belleville defeated Newark and Summit, while also losing a game to these teams. Irvington had four games with Belleville, the first two were ties, and the last two won by Irvington, one game going 11 innings.

Belleville will go into the playoffs with its two ace hurlers ready for duty, Bob Mallack and Jim McConnell. Other members of the team who will see action will be: Mike Del Tufo, Bob Smith, Cy Moreno, Roger Hansen, Bus Wilkerson, Gene Westlake, Sami Graziano, Bob Gashlin, Nick Petti, Paul Weinstein, Pete Spera, Ed Buckley, Charlie Costenbader, and John McKhann.

## RIVIERA ROLLER RINK OPENS 24TH SEASON FRIDAY

Big Timers in Speed and Fancy Skating Circles Developed Here

William Mishkind, proprietor of the Riviera Park Roller Skating Rink at 701 Washington Avenue, announces that the regular schedule of the rink, will go into effect Friday night, when the rink opens for its 24th season. The fall and winter schedule provides for roller skating on Tuesday, Friday, Saturday and Sunday evenings and Saturday and Sunday afternoons for the children. The evening hours are from 7:03 to 11 and the matinee hours from 2 to 5 o'clock. Races are held every Saturday night and Saturday and Sunday afternoons for the youngsters.

Riviera Park Rink is unusual in that it has both a flat and a banked track, all on one floor. Most rinks have flat surfaces only. A number of young people who have learned to skate at the local rink have graduated into the big time. Several have been in fancy skating exhibitions at Madison Square Garden, while a Nutley girl and two Belleville brothers are skating with the New Jersey Team in the Roller Derby. Derby racing is done on banked tracks.

## Playoff Spots Set in Industrial Loop

Playoff opponents in the Recreation Sponsored Belleville Industrial Softball League were decided by drawing from a hat, Tuesday night when the Viking Tool, Federal Leather game which was a playoff of first place was called on account of darkness before a decision could be reached. The game ended in the seventh inning with Viking ahead 9 to 6, but Federal had the bases loaded when the umpires ruled it too dark to continue. The teams may still play off for the league championship trophy.

In the draw Viking Tool drew Continental Can for its first opponent, Friday, at Passaic River Park. Federal plays Wallace and Tiernan tonight at the same park. Winners of these games will meet next week in a best two out of three series for the playoffs title. There is trophy at stake in this competition—too.

Final Standing	W.	L.	Pct.
Viking Tool	14	1	.933
Federal Leather	14	1	.933
Wallace & Tiernan	12	3	.800
Continental Can	11	4	.733
Walter Kilde	9	5	.644
Squire & Shilling	8	7	.533
Fada	8	7	.533
Hanson-Goodman	6	6	.500
Wilbur Driver	6	7	.462

Pittsburgh Glass	2	10	.167
Resistoflex	1	11	.083
American Tar	1	13	.071

## Powder Puff Wrestlers in Two Meadowbrook Bouts

Two matches, not one, between the powder puff wrestlers and the first appearance in the East of the Rocky Mountain champion will spice the weekly wrestling card at Meadowbrook Bowl, Newark, Friday night.

The contests between the lady maulers involve Carol Cook and Ella Waldek and Lilly Bitter and Mars Bennett while the champion will be Leo Ojathan, who totes around 245 pounds of solid flesh. The wrestling kingpin will be opposed by Aldo Bogni.

Cook was stupendous in her battle with Nell Stewart which co-featured the last Bowl program. It was that showing that prompted the promoters to immediately re-book her. And those who know their wrestling girls certainly are aware of the ability of Nell as one of the foremost challengers for Mildred Burke's championship. Ella is no softie. She has had her share of good experience and figures to give Cook as much trouble as Carol gave Stewart. Bitter is a Newark girl. She was born in the vicinity of Laurel Garden. Thus, it can be said she grew up in the wrestling ring. A little more than a year's wrestling activity Lilly has climbed within distance of the challengers. Bennett is a roughster, thus the name Mars.

# YOUR PROPOSITION

... and the Banker who can grasp it

The Banker with whom you wish to deal should have had long experience with every phase of your business. He should know its trends and language. He should have his fingers on its pulse. Then his advice is of value.

The officers of the Peoples National Bank and Trust Company have had life-long contact with Belleville business, and are always available when you wish to consult them.

**P. A. CALABRESE**  
**OFFICE MANAGER**  
**FOR CLIFTON FIRM**  
 Belleville Veteran Studied  
 Business Administration and  
 Real Estate and Insurance

Peter A. Calabrese, Belleville  
 war veteran who jumped from the  
 South Pacific Air Force to college  
 student, moved up this week to  
 office manager for Krugman &  
 DePetro, Clifton realtors.

Calabrese came out of the war  
 a sergeant and set out to make up  
 the time he had lost, by showing  
 how a G. I. could study. He  
 started with Santa Monica (Calif.)  
 City College, came back East to  
 Seton Hall, and graduated there  
 last year in business administra-  
 tion.

That wasn't enough. He started  
 work then with Krugman & De-  
 Petro but went on with graduate  
 study at Vales Business College in  
 Newark, to learn real estate and  
 insurance. And since real estate  
 work involves appraisal, he tutored  
 in other spare time with John Lin-  
 nard of Rutgers University in that  
 subject. He now has completed  
 the basic and advanced courses of  
 the American Institute of Apprais-  
 ing.

Besides all this, Calabrese has  
 found time to be a member of  
 Elks Lodge 21 in Newark and to  
 serve two years ago as commander  
 of the American Legion Post in  
 Belleville.

# Miss Ruth Rudge's Bridal To Take Place Saturday

Arthur E. Mayers To Entertain Lions Club Today; Mr. and Mrs. Marsch Celebrate Anniversary; Lt. Ruth Shannon Spends Holiday At Shore

Miss Ruth Rudge, daughter of Mr. and Mrs. John H. Rudge of 10 Lloyd Place, will become the bride Saturday of Robert Kretzmer, son of Mr. and Mrs. Henry Kretzmer of 333 Elm Street, Kearny. Rev. James K. Morse will perform the ceremony at 5 P.M. in Fewsmith Memorial Church. A reception will be held in O'Hara's, Kearny.

The bride-elect was honored recently at a bridal shower given in Haffner's Restaurant by four of her bridesmaids, the Misses June Platner, Doris Allaire and Margaret Crystal and Mrs. James Kretzmer. Mrs. Cornelius Halma, another bridesmaid, also entertained in her honor.

Mr. and Mrs. Arthur E. Mayer will entertain the Belleville Lions Club today at their farm in West Milford. About thirty members will attend. Edward Lister, committee chairman, has announced that an elaborate program is planned. Dinner will be served at 2 P.M.

Mr. and Mrs. Charles J. March of 380 Franklin Avenue marked their 25th wedding anniversary August 28 with a party given recently at Camp Pleasant, Mountainside. Among the guests were Mr. and Mrs. Charles Miller, Mr. and Mrs. Percy Roycraft, Mr. and Mrs. Robert McGough, and Mr. and Mrs. Harold Dufford, of Belleville. The couple also celebrated by taking a four-week trip to California in June.

Lieutenant Ruth E. Shannon, daughter of Mr. and Mrs. Richard Shannon of Bremond Street spent Labor Day at her parents' summer home in Breton Woods. Among the twenty-five guests who attended a holiday celebration there, were Miss Jean Shannon and Seaman First Class John C. Kuehl, both of Belleville, Dwight Woodruff of Whippany and Mr. and Mrs. Richard Quade and their children, Beverly and Richy, of East Paterson. Mr. and Mrs. Pat Grosso and

their son, Pat, of 64 Franklin Street, have returned from a trip to Wildwood, where they were the guests of Mrs. Mary Milano. While there they celebrated Mr. Grosso's birthday on Labor Day. Jerry Cordasco, Tom Corino and Joseph Grosso, all of Belleville, have returned home after spending a week's vacation in Seaside, Wildwood and Atlantic City.

Mr. and Mrs. Bert Bi Lauri of Morristown were guests of Mr. and Mrs. Al Coppola of 48 Honiss Street last weekend.

Miss Blanche MacDonald of 120 Rutgers Street returned Monday from French Creek, Va., where she spent the summer with her mother, Mrs. J. A. MacDonald.

Mr. and Mrs. Robert Barnett of 228 Stephens Street, spent Labor Day weekend at the shore.

## GOP Women to Hold Meeting

The Belleville Women's Republican Club will resume its activities with a social meeting to be held next Thursday at 1:30 p. m. in the Woman's Club, 51 Rossmore Place. The group will discuss plans for the coming year. Mrs. Ruth Fredericks will preside.

## Wed Sunday In Nutley Church

Mrs. James Di Ruggiero

Joseph's of Nutley

The marriage of Miss Joyce Agnes Cofone, daughter of Mr. and Mrs. Patrick Cofone of 60 Bremond Street, to James Di Ruggiero, son of Mr. and Mrs. Joseph Di Ruggiero of 324 Joralemon Street, took place Sunday in St. Mary's Church, Nutley. Rev. Gerald Walsh performed the ceremony. A reception followed in the Belleville Elks Club.

Miss Grace Di Miceli was non-attendee. Bridesmaids were the Misses Angela and Marie Di Ruggiero, sisters of the bridegroom. Thomas Slater served as best man. Ushers were Fred Ciavarrro and Robert J. Duddy.

A candlelight satin gown with a French lace bodice and a matching peplum, which fell into a full-length train, was worn by the bride. Her tiered fingertip illusion veil was attached to a Juliet cap of French lace. She carried a cascade of white orchids and gladioli blossoms.

The maid of honor was attired in a nylon tulle ankle-length gown in a new shade of orchid, and a matching tiara. Similar gowns and headpieces in mint green and gold were worn by the bridesmaids. The bride attendants carried cascade bouquets of Fall flowers trimmed with streamers to match their ensembles.

Both are graduates of Belleville High School. The bride also graduated from the Washington School for Secretaries, Newark, and is with the Hyatt Roller Bearing Division of General Mo-

tors Corp., Harrison. An alumnus of the New York School of Dental Mechanics, Mr. Di Ruggiero is a dental technician in Belleville.

Following a motor trip to Florida the couple will make their home at the Joralemon Street address.

## Edmund Lukens Zapp Jr. to Nursing School in Reading

Miss Jacquelyn Short of Quakertown, Pa., formerly of Belleville, has entered the School of Nursing at Reading (Pa.) General Hospital. Miss Short attended School No. 10 here for one year. A graduate of Quakertown High School, she was co-captain of the girls' basketball team and vice president of her class.

## CLUBWOMEN PLAN BRIDGE PARTY

First Project of Season to Be Held October 10 in the Forest Hill Field Club

The Woman's Club of Belleville will hold a luncheon and bridge, Wednesday, October 10, in the Forest Hill Field Club, Bloomfield.

Mrs. John T. de Groat, chairman of the affair, will be assisted by a committee composed of Mrs. Matthew J. Atkinson, Mrs. A. Malcolm Budd, Mrs. William Chapman, Mrs. Arthur Clark, Mrs. John E. De Nike, Mrs. William J. Herb, Mrs. Harry C. Naylor, Mrs. Louis A. Noll, Mrs. Daniel T. O'Connor, Mrs. Chris Peterson, Mrs. John W. Rudin, Mrs. Herbert V. Ryan, Mrs. William Shea, Mrs. Ralph H. Smith and Mrs. Dwight N. Streeter.

Reservations may be obtained from the chairman or any committee member.

Mrs. Arthur E. Mayer will entertain the group at her summer home at Pine Cliff Lake Monday. Cars will leave the clubhouse at 10 a.m. Members who plan to attend are requested to contact Mrs. Floyd M. Haring.

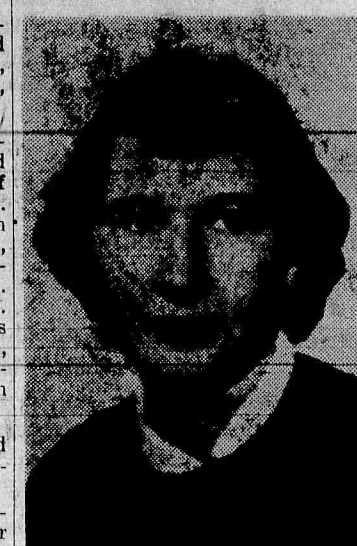

## Edmun Lukens Zapp Jr. to Enter College of Osteopathy

Edmund Lukens Zapp, Jr., formerly of Belleville, research biologist for the Schering Corporation, has been accepted for enrollment in this year's freshman class at the Philadelphia College of Osteopathy. He will start his four year course leading to the D. O. degree Wednesday.

Zapp, who lives at 4 Norman Road, Upper Montclair, is a graduate of Palmyra (N.J.) High School and Upsala College. Born in Newark, he attended grade school in Belleville, had his secondary education in South Jersey, then served in the Naval Air Force between high school and college.

## MISS M. ACKERMAN TO STUDY ABROAD

Foreign Language Major Will Spend a Year at the Ecole Normale d'Institutrices

Miss Marilyn Ackerman

Miss Marilyn Ackerman, daughter of Mr. and Mrs. Edward J. Ackerman of 43 Lloyd Place, will sail for Europe aboard the Ile de France, September 15. Following a two-week stay in Paris she will travel to Brittany, where she will study at the Ecole Normale d'Institutrices in Rennes for one year. The Montclair State Teachers College Senior has been awarded a Foreign Exchange League Scholarship and grants from the Chapin Memorial and Edward Russ Scholarship Funds of the college.

A graduate of Belleville High School, Miss Ackerman is a foreign language major. She has been active in campus affairs for the past three years and has served as vice-president of the World Federalist Chapter and on the staffs of the college newspaper and the senior yearbook. The local girl is also a member

## Rosemary Conley Becomes Fiancee of Lee Truseak

At a cocktail party given in their home recently, Mr. and Mrs. Edward T. Conley of 18 Bremond Street announced the engagement of their daughter, Rosemary Margaret, to Lee Francis Truseak, son of Mr. and Mrs. Leon M. Truseak of 122 Shaw Avenue, Newark.

An alumna of St. Michael's High School, Newark, the bride-elect is employed in the engineering department of the New Jersey Bell Telephone Company. Her fiancé, a member of the R.O.T.C., was graduated from Weequahic High School and is a junior at Seton Hall University.

## Curries Have Daughter

Mr. and Mrs. John Currie of 168 East 21st Street, Paterson, announce the birth of a daughter, Janice, Tuesday in St. Joseph's Hospital, Paterson.

of the French Club, International Relations Club and Dramatic Club.

During the summer of 1949 she studied at Laval University in Quebec, under a scholarship awarded her by the foreign language department of Montclair State Teachers College.

Dr. and Mrs. Robert Underwood of 343 Union Avenue announce the birth of a daughter, Susan Patricia, August 30 in St. Barnabas' Hospital. Mrs. Underwood is the former Mildred Kinstein. The couple have two other daughters, Barbara, 7, and Judy, 5.

## Insurance Agents Meet

A meeting of Local No. 59, Insurance Agents' International Union, AFL, will be held at 1 p. m. on Thursday, September 13, at Ulster Hall, Bergen Avenue and Chestnut Street, Kearny.

RALPH E. HEINZEN, EDITOR AND PUBLISHER

## Horror Warfare and You!

Congress by its action, last week, in cutting Federal appropriations for Civil Defense across the land from \$535,000,000 to \$62,255,000, a slash of 88 per cent, exposed millions of American civilians to all the risks of horror warfare. In a most timely, exclusive interview with The Times-News, this week, Leonard Dreyfuss, N. J. Civil Defense Director, warned that despite the action of Congress there must be no let-up in the voluntary civil defense set-up of our towns because it has been definitely established that Russia is not only stockpiling Atomic bombs but has the full "know-how" of gas and germ warfare.

Read every word of the questions asked of Mr. Dreyfuss and his exceedingly frank answers published today by The Times-News. There is no intention to frighten you. Quite the contrary, the purpose of his frankness is to bring home to you the realization that the A-bomb is not, in itself, unbeatable. Given proper preparedness, Belleville could take the shock of an atomic bombing and survive. Whether we survive depends only upon ourselves. Apathy and fear are our own worst enemies.

Do not laugh off the threat of war. Those nations of Europe which thought that by diplomatic dexterity they could stay out of World War II soon realized, to their sorrow, that in their state of unpreparedness they were doomed. Only an alert America, a forewarned America, a prepared America can face tomorrow's uncertainty with courage and with an even chance for survival.

## The Lowdown on Ike

General Eisenhower is willing to run for the Presidency. His pick is the Republican ticket, but, failing that, he'll run as a Democrat if the nomination is offered. And it is possible that he could be persuaded to run as a third-party candidate.

That is the gist of a very interesting lead article in the September American Mercury. According to Mercury, General Eisenhower will not announce his intention so long as he wears the uniform. Short of war, he will complete his job of getting Western Europe's military program rolling early next year. At that time, a declaration may be expected.

General Eisenhower didn't always feel this way, says Mercury. He honestly didn't want to be President or anything else that would keep him solidly in the public eye. He wanted to retire and take it fairly easy. The job as head of Columbia University looked like just what the doctor ordered. But disillusionment came quickly. Eisenhower found that, like all university chiefs, he must give his principal efforts to raising money. As Mercury puts it, "He was a cross between a traveling salesman and a professional after-dinner speaker, and didn't enjoy it a bit."

Apparently he now realizes that he will be a public figure all his life, regardless of personal inclinations, and so, as one of his friends has said, "He might as well go out for the big job." His military reputation is, of course, completely secure. And most important of all, Mercury says, "Eisenhower

## ONE MAN'S OPINION . . .

**Signing of Japanese Peace Treaty Strengthens Our Hand Against Communism in Asia, But Weakens the United Nations**

By RALPH E. HEINZEN

The setting in the San Francisco opera house is the same, most of the participants are the same, but 1945 is a long time ago and whereas six years ago, at San Francisco, the United Nations was born with a hope that cooperation of the Communists and the Democracies would be possible, this week's Japanese peace conference in the same setting is predicated upon the conviction that cooperation has failed and that only by force can the Democracies hope to keep the peace of the world against Communist Imperialism.

Six years ago, too, in the Bay of Tokyo, Japan surrendered. It was an unconditional surrender, the kind that only a badly beaten, prostrate enemy would sign. Had Russia shown the slightest desire to cooperate with us in shaping the destinies of the world, on the basis of the Potsdam and Yalta agreement, it is doubtful if Japan would be arising once again this week as an embryo military power.

It is the contention of our State Department that had Russia wanted peaceful cooperation, and had she shown in Poland, Czechoslovakia, the Balkans and in Berlin that she was willing to work out that peace with us, Japan could have been crushed and confined forever to her four home islands. Russia violated the Potsdam agreement when she refused to allow free Democratic elections in Rumania, in Bulgaria, in Poland and in Czechoslovakia. She violated the agreement when she slapped down the Berlin blockade which it took our air lift to defeat. This week in San Francisco, Gromyko mouthed the usual mealy accusation that we were violating the Potsdam and Yalta agreements in rearming Japan. Of such flimsy material, alas, are international relations made.

The United States drafted virtually single-handed this peace treaty with Japan but its terms are Russia's responsibility. The Communist "grab" of China is to blame. At Yalta, Stalin pledged to help Chiang Kai Shek hold on to China against aggression. He never kept that pledge. Now, to pierce the red wall of China we are building a Japanese wedge. It is our answer to Stalin's challenge when he set about to subjugate Asia as he already subjugates the whole of Europe east of Berlin.

**Memories of San Francisco**  
I reported the San Francisco United Nations conference of 1945 for United Press, spending the 13 weeks between the formal opening and the formal signing in constant attendance at all the sessions. Previously, I had sat in at the birth of the League of Nations at Versailles and its death at Geneva. I had 20 years of attendance meetings behind me as a basis of judgment.

As a young newspaperman in Paris, during the peace talks at the Hotel Crillon, in 1919, I wanted to believe that men had had enough of wars. I was fresh out of Ohio and naive enough to believe the horrors of war had impressed others as they had impressed me.

**Inborn Weakness**  
My hopes were shattered in the early meetings of the League. I saw nations play party politics, just like any ward heelers. I saw the Assembly laugh down

**HIGHLIGHTS**

By DON BRAY  
FREE SPEECH!  
The right of man to speak his mind, whenever he is so inclined is such a priceless gift that he should treasure it eternally. It prospers best when rightly used and withers if it is abused. And, that is why we all should be alert to see that speech stays free.  
When you want to make a better impression on the girl friend, send her flowers. Not just ordinary flowers . . . but a bouquet selected and arranged by the experts at Don's Flower Shop, 266 Washington Avenue. Phone BELleville 2-1686. Free delivery for your convenience.

solini, which no one had the slightest intention of keeping. I saw Russia stalk out of the League because she was criticized for invading Finland, and I saw Germany ejected for her attack on Bohemia.  
When the world had been shattered by a second world war, I approached the San Francisco charter conference with a new hope that perhaps this second lesson might bear its fruit. "The conference had barely begun before Molotov planted his bomb-shell of the Big Four veto power, and I knew from that point on that the United Nations would not succeed where the League of Nations had failed."

**Signs of Failure**  
There are many who still believe in the United Nations as an omnibus of peace. The UN success in the first Iranian-Russian conflict, back in the days when the Council sat at Hunter College, every minute of which I watched, gave rise to new hopes. They have been shattered, in this one man's opinion, by Russia's 24 uses of the veto to prevent the seating of nations not within her orbit, by the failure to halt the aggression in Korea, now in its fifteenth month, and by the division of the UN assembly into three cliques - - Russian, Western and PanArab dominated by Egypt.

**Japan's Role**  
So now, outside of the UN, we are proceeding, with as many other nations as will follow us, to make peace with Japan. We are aiming this treaty at Communism, at Red Russia and at Red China. There is no doubt in anyone's mind that in asking bases in Japan we intend to use them against Communism, and if we re-arm Japan it will be to use Japan too against Communism.

In that, we have no choice. In five years, Russia has thrown us out of the Balkans, out of Poland and Czechoslovakia. We have lost our markets there;

our trade has dwindled to the point where it is now being used as a political weapon for threatening purposes. In five years, Russia will have us completely squeezed out of the markets of Red China.

**Yoshida's Position**  
That is where Japan will come in. It became apparent in the corridors of San Francisco this week that Premier Shigeru Yoshida of Japan reserves for Japan the role of the West's wedge to pierce China's wall.  
The Yoshida view is that the West, having lost all contact with Peiping, may welcome the possibility of having an Asiatic ally which could act as an agent for the democracies, particularly if that ally could become the leader of Asia on a solid, militarily non-aggressive basis.  
To those of the West, who are concerned over Russian influence in China, the estimates of

Premier Yoshida may give some sense of reassurance. They are based on 40 years of diplomatic experience, plus the honor of having been imprisoned by the Japanese Military Police during the war for not being a military supporter.

**TRAIL BLAZER - with plenty on the ball**

**How long since you lifted the hood of a car, and took a good look at what's beneath?**  
We like to have folks do that with a Buick.  
You'll find that broad bonnet isn't put there for show. It's packed with horsepower—high, wide and handsome—more horsepower than normal drivers will ever use in full. And—if you're up to date on modern features—you'll find that this bonnet is packed with these too.  
Do you know, for example, that every new engine introduced or previewed in recent years is built on the valve-in-head principle?  
Score one for Buick. No Buick engine has ever been built in any other way.  
Do you know what it takes to make full use of high compression? A valve-in-head engine!

**Score two: Buick has been stepping up compression ratios for years.**  
But Buick has blazed one trail which other engines still haven't followed—don't ask us why.  
Every Buick has a Fireball Engine which, as we've said before, is like having a string of comets by the tail. Fact is, in every flame-packed cylinder there is a comet—rolled into a swirling ball by a special turbo-top piston—touched off by a flashing spark every 5 inches you travel in a Buick.  
That's why we're proud to show folks that Buicks have a Fireball Engine—and prouder still to have them take one of these thrilling performers out on the road.  
Want to try it? Come in and see us soon.

*Equipment, accessories, trim and models are subject to change without notice.*

**"Smart Buy's Buick"**  
**BELLEVILLE-NUTLEY BUICK COMPANY**  
66 WASHINGTON AVENUE NUTLEY, N. J.

The secret of Fireball Power is in the use of dome-and-dip design of the piston shown above.  
Here's the piston inside the cylinder. As it moves down, the fuel charge rushes in—sets up a swirl when it hits the piston top.  
The piston moves up—compresses the swirling fuel into the comet shape shown here. "Compression ratios" are simply a measure of how much the fuel is compressed.  
The ball of fuel is compressed around the spark plug—lets loose its pent-up charge when the spark is fired—delivering a higher percentage of power from each charge of fuel.
