

Happy Time is Keynote of Soldier's Lounge Open House

Shown receiving liquid refreshments from Mrs. Clifford White at the festive Open House affair held recently at the Soldiers' Lounge are, left to right: Lt. Col. Charles S. Fleming, Lt. Williams, Lt. Col. Gerhard Brown, Lt. Col. John M. Rossnagel, and B. Thomas Aitken. Looking on are Rev. Thomas E. Ellis, Elmer S. Hyde, and Mrs. Earl Jensen.

Soldiers' Lounge, The Proud Product Of Red Cross Efforts

Fine Example Of Community Cooperation, It Provides Recreation For Local GI's

By Betty Steiner

There are soldiers stationed at Belleville Park. What are you going to do about it? These prophetic words uttered by our Mr. Pierson last year to Miss Dorothy Nell Darby of the Belleville Chapter of the American Red Cross commenced a chain reaction that resulted ultimately in the establishment of our fine Soldiers' Lounge. Belleville, providing wholesome recreational activities for the servicemen stationed in the local area.

More hostesses are needed and any interested young ladies are requested to contact the Belleville Red Cross for further information, and to secure information blanks.

At least some get the impression that the rigid restrictions successfully quell any breath of romance, let me make a statement to the contrary. Several romances originating at the Lounge are blossoming brightly, even to the point of matrimony.

Community Project

This is an excellent example of a community project in which organizations and individuals have made their contributions toward the success of the venture. A gift of a box and records was donated by Robert Harvey of Belleville. Donations of money have come in from many sources, ice cream, cookies and cakes are contributed regularly, and the Women's Auxiliary of the Belleville Chapter of the American Red Cross has been very helpful.

Open House

An Open House was held recently at the Soldiers' Lounge to afford all interested people of the community an opportunity to view the Lounge and its activities. Entertainment was provided by the hostesses and all had a gay time. Among those attending were Elmer Hyde, Lt. Col. Charles S. Fleming, Lt. Williams, Lt. Col. Gerhard Brown, Lt. Col. John M. Rossnagel, and B. Thomas Aitken. The lounge is located at the 36th AAA Bn, now stationed in Belleville Park, and Lt. Col. Gerhard E. Brown and Lt. Col. John M. Rossnagel, both of Fort Hancock.

Hostesses Screened

Each of the hostesses is screened by the Red Cross to determine whether she meets all the requirements necessary for the role. She must be at least 18 years of age and of good moral character. The rigid restrictions govern-

GRANT PERMISSION FOR TEST BORINGS ON TOWN PROPERTY

Commissioners Accepted To Request Of Board Of Ed. On Alternate Location

The Board of Commissioners, on Tuesday night, granted the Board of Education permission to take borings and soundings on a five-acre piece of property adjacent to the Municipal Stadium, as a possible alternate site for the proposed new secondary school. Board Attorney Max N. Schwartz appeared at the Commission's caucus and pointed out that in the Columbia Survey two sites, near the center of the town's school property, had obtained appraisals well in excess of \$100,000. The other is the town-owned property.

Mr. Schwartz pointed out that the property owners have been acquainted with the appraisal figures for each of their properties and it is doubtful that the Board can acquire the necessary land for anywhere near the appraisal figure.

Would Save \$100,000

"Ever mindful of the necessity of saving taxpayer money," Mr. Schwartz said, "the board has decided to investigate the possibility of using the alternate site. We do not ask for the transfer of title to the property, now, but to be given permission to take borings and soundings to determine if the property is fit and what extra foundation costs might be involved."

He declared that the Board of Education would stand all the expense of the borings and would relieve the town of any responsibility for any damages resulting from the tests.

Mr. Schwartz pointed out that he was before the board once before but didn't press the matter when Commissioner Elmer S. Hyde pointed out that the prop-

Dope Addict On Crime Spree After Annandale Escape

Edward Devine, Jailed for House Burglaries Here in April, Joins Six Other Youths in Many Jobs

A needy, happy Belleville youth, who escaped from Annandale Reformatory on July 9, is back in the hands of police and charged with participation in a widespread crime wave. Edward Devine, 19 who roomed at 76 Greycliff Avenue, when arrested in April, was sent to Annandale on an indeterminate term for breaking and entering, as a result of a series of robberies here, which netted him more than \$1,400. At that time Newark police picked him up on a charge of being a dope addict and Detective Mariano and Holly obtained an admission that he had committed the Belleville jobs.

His arrest on Monday, again came about on a dope charge before his connection with the crime wave was revealed. Devine was arrested by police in Brooklyn, who found a needle and spoon for administering heroin in his possession.

Threw Book At Him

Newark Police, who were unable to get Devine to confess to anything in April used different tactics this week. This time they threw the book at him as they connected him with six other dope-addicts, one a 17 year old juvenile, who have been on a crazy wave of crimes, covering the entire county.

One of the places robbed was apartment 10 at 1000 10th Avenue. Weller of Newark where they stole two revolvers as well as cash and jewelry.

"Just how much ground they covered," the commissioner said, "we don't know. But we've been able to get them to confess to many different municipalities to come here and have a look at them in the hope that some of their crimes repeated in many other cities since July 9 might be cleared up."

Weller quoted one of the youths who came from Czechoslovakia in 1939, as saying: "It's a great thrill when you take the 'stuff' to be a leader."

The commissioner reconstructed their larcenous career in this way: "They came to Newark on July 9, Devine and Gilson broke out of the Annandale Reformatory, concealed their phis, and under various which they swiped from a nearby excavation company shack and forced entry to an East Orange television store, where they allegedly stole \$800.

From then on, said Weller, the "sky was the limit." The various members of the band of outlaws gathered quickly and most of them allegedly "shot" themselves full of heroin. The band of outlaws taken from the TV shop and sums subsequently stolen elsewhere.

When they had the "stuff" in their veins, Weller said, "they thought they were a gang of Dillingers. But when it wore off they were just a bunch of kids."

Weller said they stole 20 automobiles, took \$20 from a gas station on Highway 3-3, July 10, and \$1,000 from a bank in an apartment between 10 and 11-A-1. July 16 when he was at Police Headquarters, he said, he saw a man carrying a briefcase full of miscellaneous jewelry from a home at 52 N. Munn Ave., Newark, on July 20.

He said that Devine, who scooped up the cash on the last job, tried to short-change his head money and his wife who only found \$300. They were burned up, the commissioner said, when Devine admitted under

MAYOR REQUESTS DISCUSSION OF TOWN HALL WORK

Declares Some Renovating Should Be Charged To Current Expense, Not Bonded

Mayor James J. Tully on Tuesday night directed a letter to his fellow commissioners asking the department of Public Works in particular to designate what parts of the work now being done on the Town Hall constitute alterations and what part is maintenance. During Mayor Tully's absence an ordinance was drawn designating the work of alterations and providing for the issuance of temporary bonds to be used for the purchase of bonds to pay for the work.

As chairman of the finance committee, Mayor Tully took the matter up with Reed, Hoyt and Waddell, bonding commissioners, who gave him an opinion that only those portions of the work where walls are torn down and should be paid for out of current expense accounts.

In his letter to the Commissioners Mayor Tully cited the opinion and suggests that there is ample funds in the budget item for alterations and repairs in the public buildings account.

Playground Progress

Mayor Tully reported that the Board of Commissioners, manager of the General Motors Plant in Bloomfield, informed the town of the availability of a conference on the acquisition of Memorial Field for playground purposes, has been referred to the Board of Commissioners.

Mayor Tully also reported that representatives of the company have been in town looking over the property and the next move is up to the General Motors.

Attorney Robert Gruhn pointed to a group of Silver Lake men in the Council Chamber and said, "You can realize that these people have a lot of money and are interested in the acquisition of this property."

Before the next commission meeting, I will gladly sit down with them and discuss the matter, Mr. Gruhn declared.

Enthusiastic Division of 178 Floyd street talked to the Commissioners in caucus and urged that the Commission should acquire the property. Elmer S. Hyde study the possibility of acquiring property in the vicinity of the stadium.

Mr. Hyde said that he had made some inquiry and had been informed that the Public Service Company has agreed to its right of way in that vicinity, would be glad to lease its property at a nominal price.

At Mayor Tully's request, Town Engineer, Matthew Erwin, was instructed to confer with the county road department the possibility of acquiring the property at the corner of Belleville Avenue and Fairway Avenue, to relieve a bad traffic condition. It was pointed out that the three-fourths of the cost of the improvement would be borne by the county. In the past the county has delayed the rounding off of the corner because of the possibility of the widening of Belleville Avenue.

Grant Kennel Permit

Upon the assurance of Victor Allet, who will construct soundproof buildings, the Commissioners agreed to allow Mr. Allet to use the property at the corner of Belleville Avenue and Fairway Avenue, to relieve a bad traffic condition. It was pointed out that the three-fourths of the cost of the improvement would be borne by the county. In the past the county has delayed the rounding off of the corner because of the possibility of the widening of Belleville Avenue.

People's Bank Declares A Special Dividend On Stock

B. Thomas Aitken, president of the People's National Bank and Trust Company, has announced that at the semi-annual meeting of the Board of Directors, last week, a dividend of \$1 plus a special dividend of 50 cents was declared on August 1st. At the same time the August 1st dividend was paid on August 1st. At the same time the August 1st dividend was paid on August 1st.

Rent Controls Are Extended By Action Of Commissioners

Pass Resolution to Extend Control Through April 30 in Accordance With Stop Gap Stabilization Act

The Board of Commissioners on Tuesday night passed a resolution proposed by Mayor James J. Tully, to extend rent controls in Belleville until April. Federal rent controls expire on September 30 and in areas where housing is acute the local governing body has the power to continue the controls upon passage of a suitable resolution. The resolution was agreed upon during a pre-meeting caucus.

Later during the regular meeting James R. Golden of Tappan Avenue asked permission of the Mayor to speak. His remarks concerned the advisability of the passage of a rent control resolution and pointed out that Newark and other Essex County municipalities were not waiting for the deadline but had already taken the necessary step.

Mr. Golden was informed that the resolution had been agreed upon in caucus and Town Attorney Kenneth J. Kessler read the following resolution aloud:

Resolved by the Board of Commissioners of the Town of Belleville, New Jersey, that a substantial shortage of housing accommodations exists in the Town of Belleville, and that, by reason thereof, it is hereby declared that a continuation of Federal Rent Control in the Town of Belleville is required in accordance with Section 201, Paragraph (1) (B) of the Amendments to Housing and Rent Act of 1942, as amended, approved June 30, 1952.

Be It Further Resolved, that a notice, in writing, of the adoption of this resolution shall be sent promptly to the President of the United States, pursuant to paragraph 2 of Section 201, aforesaid.

Playground Olympics To Be At Clearman And Memorial

Belleville Placed Fourth in Statewide Contest Last Year; Clearman Teams Eat Watermelon After Copping Titles in Softball Jamoree, Last Week

The United States Olympic Team will have nothing on the youngsters of Belleville, because they too will compete in their own little games on Monday, July 28th. The affair will be held at Clearman Field and Memorial Field and all playgrounds will compete at these two centers.

The State Recreation of which the Belleville Department is a member, sets up the events and encourages the winners as all take part in the playgrounds in the State as members of the State Championship. The winner receives a bronze plaque emblematic of the State Championship. Last year Belleville came in fourth in the State, which is quite an accomplishment when you consider that some 200 playgrounds enter each year.

There are four divisions, midget boys, midget girls, junior boys and junior girls. Sixteen is the age limit, and the events are determined by the age of the youngsters. The events include: chinning, softball throw for accuracy and for distance, basketball free shooting, and a relay race. The winners will receive a prize, and many others.

The registration started at all the playgrounds on Tuesday. There will be local prizes awarded to the winners in each division.

The first Annual Softball Jamoree of Belleville's playgrounds was held at Clearman Field. There were two divisions, the midget and the junior and have 200 teams in charge of the play was as hot and furious as the weather, and the competition was really keen. Games were played in the morning and in the afternoon and the tournament lasted four days.

The Clearman Field Midget team won their final game from No. 1 by the score of 8 to 6 and the Clearman Field Junior team won their final game from No. 1 even though they didn't gain the lead until the last inning. The Clearman Field Midget team was a hot and furious as the weather, and the competition was really keen. Games were played in the morning and in the afternoon and the tournament lasted four days.

Something new has been added to the Clearman Field Midget team in our town to move out of the Little League Fair Circuit and right into the "big time." The Clearman Field Midget team was a hot and furious as the weather, and the competition was really keen. Games were played in the morning and in the afternoon and the tournament lasted four days.

Director: Joe Berger

SWISS YOUTH'S EXPERIENCES Traffic Jam On Road Number 23 Amazes Victor

Sees Inside Of Verona Jail And Shoots A 96 On Police Pistol Range

By Willi Hoerni

I left Montclair Saturday evening and Mr. Hiss brought me to Verona, where Mr. and Mrs. Grant expected me. In my new home I spent a nice weekend, together with my new sponsors. First of all, I was glad to rest and to relax, as the past week had been rather busy. Sunday evening, we went for a ride to the country, as the Grants kindly wanted to show some Swiss looking spots with lakes and mountains, in the neighborhood. There were really some beautiful lakes between these hills. I do not speak of mountains unless their height is at least 1,000 feet.

We started first for the Hopalong Lake and on the way up to it I made the acquaintance with "Good Humor". I liked them very much. Afterwards we went to Glenwild Lake. Mr. Grant frequently studying the map looked

thing. A few days later, returning from New York at 5:30 p.m. by the Lincoln Tunnel, I saw how right he was.

The road problem also exists in Switzerland, especially on Sunday. It gets more important from week to week, as the number of automobiles has increased very much in the last few years and still is increasing.

The Week's Program

Monday morning I was pleased to take a look over in a very small factory, J. P. Glasby Manufacturing Co., Inc. Mr. Glasby showed me the plant and the factory. Palmer explained the system of cost accounting to me. Mr. Palmer invited us to lunch at Fort Hills. In the afternoon, Mr. Glasby serving in the police reserve of Verona, brought us to the police headquarters. He showed us the first time in my life, I looked around the four walls of a jail as I never had the bad luck to put in a Swiss jail, nor did I have the privilege to take a look at one.

## Local Residents Take To The Hills And Other Resort Areas

The Horans Visit Daughter in Nebraska; Mrs. Martino Vacations at Seaside Park; The Rengas Stop at Virginia Beach; Others Tour North States

The season of vacations is in full swing, motivating all with the overpowering urge to move into the hinterlands, breathe the sea air, or travel to some remote locale offering beautiful vistas, cool springs, and shady climes.

This summer's record July heat and, need I add, high humidity, gives further impetus and extraordinary vitality to the usual "get away from it all" feeling welling within us. Many of Belleville's residents have answered the surging call, endeavoring to bring a modicum of soothing relief to overheated brows.

Mr. and Mrs. James W. Horan of 572 Washington Avenue returned this week from a three-week visit with their daughter and son-in-law, Mr. and Mrs. Lee Willis at Gibson, Nebraska. Mrs. Horan left again this week to spend some time with her sister-in-law, Mrs. Carl Johnson at Watertown, Conn.

Mrs. Mary Martino of 336 Franklin Avenue, who spent a week's vacation with her Franklin Avenue neighbors, Mrs. Jane Netta and Mrs. Charles Montel at Seaside Park, will return to join them over the week end. Mrs. Netta and Mrs. Montel are spending a two-week vacation there.

Mr. and Mrs. James Maffie of 104 Fairview Avenue and their daughters, Elaine and Jan, spent a week's vacation in North Woodstock, New Hampshire. Harry Misner of Elizabeth accompanied them.

Mr. and Mrs. Albert E. Clawson and daughter Barbara just returned from a two-week trip through the mid-west, visiting relatives in Chicago, Mokena, and Joliet, Illinois, and Ogema, Wisconsin. Barbara brought her Chicago cousin, Judy Gruver, back with her for a two-week stay in Belleville. They are planning several trips to New York and through the New Jersey area to show Judy the interesting sights here.

Mr. and Mrs. F. V. Curtis of 507 Washington Avenue, returned on Monday from a two-week vacation spent at Bayshore.

Mr. and Mrs. C. C. Carter of 286 Franklin Avenue arrived home on Monday after a motor trip to Quebec, Canada and a tour of the New England States.

Mrs. Fred Schoemer of 305 Franklin Avenue spent a week with Mr. and Mrs. Philip Thomas, and son, of Cranford, at Seaside Heights. Mrs. Thomas is Mrs. Schoemer's daughter.

Mr. and Mrs. John Kaldy of 72 Charles Street just returned from a week's trip through the mountains of New Hampshire and Maine. They are making plans for another trip of a week's duration.

Ruel Daniels, district clerk of the Belleville Board of Education, went to Wilkes Barre, Pa., over the week-end. On Monday he was initiated into membership of the Hiram Temple, Order of the Mystic Shrine, a Masonic organization. Mr. Daniels' father has been a member of the Hiram Temple for many years.

Mr. and Mrs. J. C. Wolf and children, Donald, Raymond and Marilyn, returned on Friday from a 10-day vacation at Belmar.

**Hit Big Time**

Belleville's Little Leaguers hit the big time this weekend when two All-Star aggregations representing the National and American Leagues, made their respective debuts in national Little League tournament play. Twenty-eight players, fourteen from each loop, will square off against formidable opposition as sixteen teams from surrounding towns bracketed in Section 2, Area 1, begin eliminations, that will eventually lead to regional, state and finally the Little World Series at Williamsport, Pa.

Tomorrow night, at Clearman Field, the Boy's Club of Newark visits here against the National All-Stars in a twilight fracas, starting at 6 o'clock. Art Bloemke and Al De Clare, managers of the Clippers and Demons, respectively, will guide the youngsters. The following players have been selected to play with the National's pitchers Jack Cullen, Demons; Steve Bojczak, Clippers and Jimmy Eustice, Cubs; first base Tommy Collins, Demons and Ernest Niederer, Clippers; second base Frank Nash, Jr., Clippers; third base Bob Valenti, Clippers; shortstop Bob Bloemke, Clippers; left field Dick Balour, Clippers; center field Nick D'Angelo, Cubs, right field Kuss Valenti, Demons; catcher Frank Praxada, Demons and Tangredi, Clippers. In reserve will be George Kirk, Giants.

The American All-Stars will travel to Metcalf Field, Orange, on Saturday afternoon to play the All-Stars of that town. Eddie O'Neill and Frank Van Dyke of the Aces and Bombers will manage the Belleville boys who will get under way at 2:30 o'clock.

In the lineup for the American Stars will be: pitchers—Joe Malizia, Yanks; Ray Mastrandia, Dodgers; first base—Lou Iannelli; second base—Larry Remes, Bombers; third base—Dennis Wells, Yankees; shortstop—Mike Iannelli, Aces; left field—Paul Sandamini, Bombers; center field—Joe Garamella, Aces; right field—Ron Valse, Bombers; catcher—Pat McCabe, Aces. Reserves will be Bill Bartoli, Aces; Frank Godleski, Dodgers; Pete Graffeo, Yankees and Dick Shaw, Dodgers.

**Young Performers**

"When the Belleville PAL played the American Shops team at the Stadium, Friday, the team manager, George 'Butch' Colovito, son of one of the team coaches, put on an exhibition of big-league stars at bat, running the bases and sliding. He wears a uniform like the New York Yankees and was on the Preamble show of the Yankee-Brooklyn game at the Yankee Stadium, Monday night. This three year old youngster will be back in Belleville when the two teams meet again in the near future.

Tonight when the PAL and the Nutley American Legion tangle George Debrovski, four year old son of Frank Debrovski of Crescent Terrace will give an exhibition of pitching and batting. George is well known by the New York Yankees and last Saturday pitched to Hank Bauer at Livingston. George will also be on TV on 'We the People' or Ed Sullivan's 'Toast of the Town' soon.

**New Metropolitan Junior Champ**

Jimmy DePiro of Belleville is the new Metropolitan Junior Golf champion, having won the North Hills Golf Course in New York last week by defeating Murray Vernon of Greenwich Conn., 2 up in the final. He succeeds Billy Edwards, five-time winner, who was ineligible for competition because he had passed the age limit. DePiro, former Belleville High School golf star and a consistent player over the Hendricks Field course, was three-up at the end of the sixth hole, but had to rally to win. He shot a birdie on the 17th to go one up and won the final hole when his opponent shot a six.

**Alpine Wheelman Races**

Alf Goulett, former six-day bicycle champion and Commissioner Elmer S. Hyde have an appointment, once postponed, to look over the Municipal Stadium as a site for a bicycle track where the Alpine Wheelmen, who have their clubhouse in Joe DeBacco's store at 326 Washington Avenue, can stage weekly races for Belleville youngsters, using stock bicycles. Right now the Wheelmen hold their races at Cameron Field, South Orange, and most of the youngsters who take part in the stock bike races are either relatives of members or South Orange youngsters. A track here may do the same thing for bike racing as the Little League is doing for baseball.

In last week's races Bill Holle won the three lap handicap followed by Clark Albee, Ray Frate and George Kirsch. Holle had a 100 yard handicap on Albee and Frate, who rode from scratch. The one mile race was won by Albee followed by Frate, Kirsch and Holle. The two mile race was also won by Albee, followed by Bernie Vandervalk, Bill Lanonen, Homer Johnson and Tom Cogan. Miss Gloria Piazza gave another exhibition of both speed and charm in a two lap performance.

**Softball Attraction**

Sports fans who have heard marvelous tales of the prowess of the Dow Chemical team of Midland, Michigan and the pitching of Roy Stephenson of the Long Island Grummen, will be able to see them in action on Tuesday at the Newark Schools Stadium when the Dow team meets the Megaros of Newark, with Stephenson pitching, in the feature half of a double header program. Last year Stephenson, in the semi-final game of the world tournament, lost to the Dow's in a 21 inning game. The first game will feature a contest between the Newark Helweggs and the Cobby Nesto's Kearney Pool team. The proceeds of the program will be donated to the Newark PAL.

**Softball Jamboree Champs Eat Prizes**

Members of the Clearman Field Midget softball team, winners of the playground softball jamboree last week took their prizes home with them in their stomachs. Each member of the winning team received a nice big slice of watermelon. Above are, front row: Frank Senior, Bruce Lukowiak, Richard Lowack, Louis Iannelli; back row: Mike Iannelli, Bob Tangredi, Larry Remus, Frank Lawake and John Brady.

**PAL Senior Team Hits Stride; Jrs. Lose No Hitter**

**League Record Now at Three Wins, Two Losses and One Tie; Cardinals Open With Win Then Lose Two.**

Belleville's PAL senior bal team has at last hit its stride after losing two games to Newark by scores of 5-3 each time. Belleville now has won three, lost two and played one tie.

Last week Belleville traveled to Summit and played a 2 to 2 tie. Joe Daniels pitched a very good game, giving up four hits on a very hot night. Summit took the lead in the second while McClelland fielded Belleville to two hits until the sixth. Then with two out Kraft walked, Pusey ran for Kraft; Daniels singled, Graziano singled and Spera singled to make it 2 to 1. In Summit's half, Biggs walked, Kidey sacrificed and Petracco hit a double over Weinstein's head to score Biggs. Petracco was out trying for a triple, on a throw from Weinstein to Del Tufo to Pett.

Summit came to the Belleville Stadium for a return game and with Lefty McClelland pitching with one day rest gave up only three safeties. Terrell, who started for Belleville gave three hits until relieved by Fortunato in the fourth. Summit scored in the first on a single by Biggs and a double by Petracco. They got another in the second without a hit and still another in the third. Biggs tripled and was out at the plate on a fielder's choice on a groundout to Graziano. Terrell walked the next three batters to force in Petracco.

Belleville went ahead in the third with four runs. Smith was safe on Mahahn's error. Westlake fled out to left; Pett was safe on Kidey's error and Raymond on Terrell's error. Graziano walked to force in Pett and Spera singled to score Raymond and Terrell.

The Summit team is the same Summit High School team that went far in the Greater Newark Tournament. Belleville meets Summit in two more scheduled games which will also play off the tie. McClelland is being scouted by the big leagues.

**Beat American Shops**

Friday night Phil Kitzmeyer's American Shop Team met the PAL at the Stadium. The visitors are one of the best uniformed teams around. The PAL won by a 7 to 1 score with Buckley and Fortunato pitching four hit ball.

The PAL started in the first when Spera was safe on an error; Weinstein hit a long triple to right; Del Tufo singled; Pett got on a fielder's choice and Westlake and Kraft walked. With the bases loaded Jerry Skidmore hit a triple to center to run the score to 5 to 0.

On Friday the PAL will meet the Nutley American Legion at the Stadium. Nutley won the first game 8 to 7 at Nutley. The PAL will travel to Harvey Field on Saturday to meet the Kearney PAL in the fourth of a series of games.

**Hits Grand Slam Homer**

In the State PAL Junior Baseball League, the Belleville Cardinals won their opening game on Saturday at 17 to 0. Joe Long started at bat with a home run with the bases loaded. The Cardinals

round performance as he limited St. Peter's to four hits and the single tally. Patsy Grasso did the backslapping for St. Anthony's Steve McCarthy went the distance for the Potens. Part of the heavy scoring was due to the five misuses his mates committed.

St. Anthony had been figured to win on the strength of their performance over the past several years in the league as well as their record this year when they had already scored in double figures twice to stamp them among one of the real powerhouses of the loop. St. Peter's, on the other hand are newcomers to the league with a squad brought up from their grammar school combine. They are gaining experience for the future rather than aiming for this year's pennant.

St. Peter's will take on another heavy-hitting club, Sacred Heart of Valleyburg, on Sunday while St. Anthony's is due for their biggest test against second-place St. Stanislaus of Newark.

**Dump Ammunition In River**

A Belleville man called Police on Saturday to say that his son had found some ammunition near the Passaic River, and it looked as if it had been taken from an industrial plant. Patrolmen McEnery and de Hagara examined the material and said it looked like the firing caps from anti-aircraft shells. Whatever they were, the policemen disposed of them into the Passaic.

Members of the Clearman Field Midget softball team, winners of the playground softball jamboree last week took their prizes home with them in their stomachs. Each member of the winning team received a nice big slice of watermelon. Above are, front row: Frank Senior, Bruce Lukowiak, Richard Lowack, Louis Iannelli; back row: Mike Iannelli, Bob Tangredi, Larry Remus, Frank Lawake and John Brady.

**ST. ANTHONY'S TOPS ST. PETER'S 18 TO 1**

Hammer Out Fifteen Hits To Remain Undeleted In County CYO Baseball Loop

Form held true when the two Belleville entries clashed in the CYO Junior baseball league Sunday at Branch Brook Extension. St. Anthony's hammered out fifteen hits to smother St. Peter's by an 18 to 1 score. The win was the fifth in a row for the Silver Line nine who are leading the league with their unopposed record.

St. Anthony's started right off with a pair of runs in the first inning and added three more in the third to put the game on ice. Bob Doyle turned in another good

best to the Kearney PAL at Kearney 1 to 0 with Vinnie Connelly pitching a one hit game. Behrman of the winners had a triple and a double.

Thursday the Cardinals went to Carteret and lost a hard fought game 1 to 0 in 11 innings. Johnny Bartell pitched five hit ball for the Cards but that wasn't good enough. Bill Smith who pitched for Carteret pitched a 10-hit no-run game for eleven innings. It was one of the best games played by 15 year old boys. Carteret's third baseman, Wahls had 15 assists without an error.

Carteret will be at Belleville on August 7. Rahway plays here today. The Cards go to Newark on Tuesday and entertain Kearney next Thursday.

**One Undeleted Team In Amvets Golf Tournament**

Phil Bottaciovella and Angelo Domenic defeated Joe Bruno and Anthony Garamella in Amvets Golf tournament. This defeat to Jon and Anthony leaves only one team undefeated in the A division. This match was settled on August 7. In another match Ed Squitieri and Jim Ferrara defeated Sal Russo and Harry Errico one up and this was settled on the 18th green.

In the B Division John Marotti and Al Zaccaro kept the right on rolling as they defeated Angelo Caione and Frank Petracco and kept undefeated. Mike Marotti and Elliott D'Angelo defeated Jack Franzl and George Benny 5 up in their 18 hole match.

**THREE SHUTOUTS REGISTERED IN LITTLE LEAGUE**

**Cullen Continues Mastery Of Clippers With One Hit Shutout; Bojczak Blanks Cubs**

Three shutouts were registered in the Belleville Little League last week. Cullen of the Demons continued his mastery of the league and especially the Clippers. In his fourth start against the Clippers Friday he limited his rivals to one safety. In the four games the Clippers have scored only two runs. He struck out 15 and walked three. His opponent Bojczak fanned 11 and didn't walk a batter. Collins and Valenti were the big guns in the 4 to 0 victory. In the second Collins tripled and Valenti singled him home. In the fourth Cullen struck out and Valenti tripled.

The Yanks beat the Bombers 3 to 0 behind the five hit hurling of Malizia. His opponent Colonio allowed only two hits and was scored on when his mates coupled three errors with two walks in the fourth inning. Malizia speeded his hits and got good support. Bojczak pitched two hit ball as the Clippers downed the Cubs 2 to 0. The Clippers scored on an error, a single by Niederer a hit batter and a long fly by Bojczak. Singles by Nash and Niederer

produced the other tally in the fifth. The Bombers downed the Aces 5 to 4 with a big fourth inning. The Aces started the scoring with three runs on four hits and a fielder's choice in the first. They added a run in the third and then the roof fell in on McCabe. Valerio opened the fourth for the Bombers with a home run. Three singles, two walks, a hit batsman and a double by Dunn changed the complexion of the game.

In a wild and woolly game called after five innings by mutual consent the Demons outlasted the Giants 8 to 3. Three pitchers went on and the support on both sides left much to be desired. The Giants sent eight men to bat to score twice in the first. The Demons scored four times in the third on three hits, and a catcher's interference. Ten batters scored Cetrulo in the fourth and four runs crossed the plate without the benefit of a hit.

4-Door 6-Passenger Riviera Sedan Model 52	\$3381.83
ROADMASTER	\$3381.83
2-Door 6-Passenger Riviera Model 78	\$3381.83

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly. In calculating communities a shipping charge. All prices subject to change without notice.

Power Steering now available on Super as well as Roadmaster—optional extra cost.

**THIS is to coin a phrase—a "shopper's market."**

Folks are taking a keen look at what they get for what they pay—and they're taking a double look at price tags.

That's the kind of market where Buick really shines.

Do you know why?

Buick prices are down within easy reach of the folks who buy what's known as "the low-priced three."

Fact is—a big chunk of Buick sales comes from the folks who trade in one of this low-priced trio.

For very few extra dollars, they're getting a lot more automobile.

They're getting more power—

and the thrill that goes with it.

They're getting "big-car" comfort. They're getting a ride that cost a million dollars and more to develop.

They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflow Drive.\*

They like the way it handles. They like the way it's engineered. They like the belt they get out of touching off the power of its Fireball 8 Engine—and they like the miles they get from a gallon of fuel.

So Buick sales are booming. Not just the SPECIAL—but also the SUPER and ROADMASTER. Folks find that each one is the buy in its field.

When we tell you that business is great, we can back up that statement with figures: More people are buying Buicks than any other car at their price or above.

Why don't you come in and see for yourself what's behind this popularity?

If you can afford a new car, you can be the proud owner of a Buick.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series.

# THREE POLIO CASES IN COUNTY INDICATE NEED FOR CAUTION

William F. Tully Cites  
Five Rules To Help Prevent  
Spread Of Crippling Disease

William F. Tully, Chairman of Belleville March of Dimes for the National Foundation for Infantile Paralysis today declared that the appearance of the first case of polio in this county reemphasizes the need for observance of precautions contained in the 1952 Polio Pledge issued by the March of Dimes organization. "Faithful following of these common-sense rules," the Chairman declared, "does not provide any assurance against contracting polio, but we are confident that they can play a large part in reducing the extent of incidence, and they may reduce the severity of attacks."

hundreds of "silent" carriers of the disease. These are people who have become infected with the polio virus but who are not sick. But there are hundreds of borderline cases among men, women and children; to whom the observance of these rules may make the difference between non-paralytic or sub-clinical polio and the tragedy of crippling, Mr. Tully said. To date there have been three cases reported in Essex County, one each from Newark, Montclair and Bloomfield. This compares with eight for the same period in 1951. The record for New Jersey is 27 to July 12, 1952 compared to 51 for the same period last year; while for the U. S. the figures are 5,352 to 3,855 in 1951.

Basically, the Polio Pledge rules are:

"Don't get over-tired by hard play, exercise or work."

"Don't get chilled by long baths or swims in cold water and don't sit around in wet clothes."

"Follow your doctor's advice about having mouth or throat operations."

"Avoid having children mix with new groups, especially in the close daily living of a home."

"Be sure that children wash their hands carefully before eating and always after using the toilet."

Mr. Tully declared the local Chapter of the National Foundation is prepared to provide financial assistance to all those needing such aid. Anyone desiring information or literature may obtain it by phoning the Essex County Chapter: Market 3-1317.

## Named Delegate To Convention Of Veterans Of Foreign Wars

At the regular meeting of Younginger-Alden Jr. Auxiliary No. 275, last week, Mrs. Jennie Holly was elected as delegate to the National Convention of the Veterans of Foreign Wars to be held in Los Angeles, California in August. Mrs. Clara Daw was chosen as alternate.

The Auxiliary will sponsor a party at Lyons Hospital for Ward No. 57 next Monday. The Department Hospital Chairman, Mrs. Elsie Lundy, is in charge of arrangements. Members will meet at the Red Cross Headquarters at 8 p.m.

The next regular meeting of the organization will be August 13.

# Park Commission Will Again Go To Voters For Extra Funds

Referendum Will Seek Extra Maintenance Funds To Carry On Many Park Facilities

Voters of Essex County will be asked on election day, November 4th to decide by referendum, whether additional maintenance funds should be made available to the Essex County Park Commission by the Board of Freeholders. The referendum was approved by the Park Commission at its meeting last week and was filed with the county clerk this week.

A similar referendum was defeated last November by a vote of 51,592 to 48,502. Referenda of the same nature were successful in both Hudson and Union counties last year.

Under the present law, the Park Commission is limited for maintenance funds to three-fourths of a mill of each dollar of county rates. As a result of the defeat of the referendum last fall the Commission has had to curtail many of the services usually made available to the citizens of the county.

If approved the referendum would permit the freeholders to increase the maximum limit to a full mill, or one tenth of a cent, per dollar of county rates.

Used sectional bookcases with glass fronts. Telephone Nutley 2-1312.

participants although everyone enjoys both playing and watching it.

The big event of the week was the birthday of one of our three sets of twins, yes, The Fudley Twins celebrated their ninth birthday on Saturday.

In our checker tournament this week, Margie Giles came out on top. She had plenty of competition though and will have to really hustle to keep her top position.

Our newcomer of the week was Billy Shadler. His favorite pastime is playing horseshoes and riding on the merry-go-round.

Our handicraft section is still going "full blast" and we are really turning out some truly "works of art" in the form of "pot holders", bracelets, pins, and a raft of other things.

Our basketball team is looking for games and would like to challenge any of the teams in the town. See "Canute" Mayer at the Recreation House.

There was plenty of activity at our playground this week. Two softball teams were in action at Clearman Field playing in the Junior League, our good win against "Biddle Engle" and his boys, our ping pong table saw very few idle moments.

Next week we are going to start practicing for the Playground Olympics so that we will be able to gather in as many prizes as we did last year when we carried off top honors in two divisions.

Recreation House Playground  
"Dean Bag Returns" Yes, the old game originating in "you know when" has returned to our playground. Mrs. Virtue, one of our directors, made up some five bean bags, and taught us the game "monkey in the middle". It sure has had great success and is enjoyed by youngsters of all ages.

Our basketball team is looking for games and would like to challenge any of the teams in the town. See "Canute" Mayer at the Recreation House.

There was plenty of activity at our playground this week. Two softball teams were in action at Clearman Field playing in the Junior League, our good win against "Biddle Engle" and his boys, our ping pong table saw very few idle moments.

Next week we are going to start practicing for the Playground Olympics so that we will be able to gather in as many prizes as we did last year when we carried off top honors in two divisions.

### The Word for Summer

Not heat, but greenness is the word for summer—  
Not heat alone, but heat's investiture.  
Leaf is the season's longing to endure.  
And now the stream is moving greenly  
through green shadow,  
And in the garden spray green jewels flash.  
Once I knew a land that lay like ash.  
Beneath the summer's incandescence,  
Yet even there, a few lone drops of rain,  
Flown  
Far by the wind to where a seed was sown,  
Could bring a blade of grass to the shade of  
a stone.

Roland English Hartley

### Compromise In Chicago

A mealy compromise has saved the Democratic national convention from the sorry spectacle of a walkout or the bouncing of the die-hard Southern states but the fundamental fact remains that the northern big-city wing of party liberals has grabbed control of the party as Franklin Roosevelt did 20 years ago. It would be foolish to believe that any Southern Democrats will bolt the party to throw themselves into the Republican camp, but even if they do vote the Democratic ticket, their hearts will not be in it. The men they send to the Senate and Congress will not share the liberal views of the northern big-city chieftains.

Trouble, too, lies in the angry enunciation of CIO-PAC leaders by Vice President Alben Barkley, injecting the issue of "union domination" in withdrawing his candidacy. Barkley has only said out loud what many other Democrats have felt right along, and down-below the Mason-Dixon Line where the CIO never has been able to penetrate in strength his exposure of the extent to which organized labor has penetrated party leadership can only help to weaken the party's structure.

It is useless to deny that although the convention has been spared the spectacle of

a schism, the Democratic party is badly split. The split is wide and deep, apparently incurable in the atmosphere of this convention. There are few Democratic conservatives in the North, and even fewer Democratic liberals in the South. It is obvious that with such a divided representation in the House and Senate, such Democratic platform planks as that calling for the scrapping of the Taft-Hartley law are just so much wind up an alley.

It is to be expected that the Republican party will make the most of the Barkley denunciation of CIO domination. It is still fresh in memory how valuable was the alleged expression: "Clear it with Sidney", referring to FDR's close working arrangement with labor leader Sidney Hillman, in pre-war days.

It was obvious from the televised sessions of this week's conventions that the Democratic party is on the defensive for the first time in 20 years. One speaker after another strode to the rostrum and yelled his defiance of the Republicans. There were few words of praise for Democratic accomplishments or platform; only bitter criticism of the Republican party and its platform. A party on the defensive is a party only half strong. A vigorous Eisenhower whistle-stop campaign can keep the Democrats on the defensive until November.

R. E. H.

### Our Fingers are Crossed

An old story that the old peat bog upon which the Municipal Stadium and play area is situated has no bottom and will not support a structure, will be proven either true or false, in the very near future. The Board of Education has obtained consent of the Board of Commissioners to take borings and soundings on the five acres of ground lying between the stadium grounds and Division Avenue. The Board of Education has its eyes on the town owned property as an alternate site for its proposed secondary School and the borings will enable engineers to determine whether the subsoil will support a building and the approximate cost for the additional foundations needed.

Any amount that can be saved from about \$150,000 will be a saving for the taxpayers, for it now appears that it may cost the board almost that much to obtain the five parcels of land on the south side of Joralemon Street, listed in the Columbia survey as the most suitable location for the structure.

We have our fingers crossed!

## ONE MAN'S OPINION . . .

To Avoid a Dangerous Vacuum in Our Conduct of our World Relations, a Republican Proposes a Bi-partisan "Watch-Dog"

By Ralph E. Heinzen

We are in the center of a dangerous vacuum in the conduct of American foreign policy. Until November, our foreign relations will be paralyzed by election polemics. Only the bare essentials will be accomplished. There will be no initiatives; we will coast along, at Panmunjom as in Washington. Obviously a real truce in Korea, between now and November, would strengthen the hands of the Democrats but unless the Chinese Communists capitulate on the prisoner of war issue that has deterred peace, there is little hope.

Moscow, always an alert observer of American politics, knows very well that for the next four months Washington will be engrossed in the great national pastime of our Presidential election. It is an ideal time, for the Kremlin, to pull some rope or to throw a sneak punch. The field of operation is plenty: Korea, Berlin, the Middle East, the Indian Frontier, Indochina.

Timely, therefore, is the calm proposal by Senator Alexander Wiley, of Wisconsin, the ranking Republican member of the Senate Foreign Relations Committee of a bi-partisan effort to keep our guard high. Senator Wiley's proposal is that President Truman and Secretary of State Acheson invite the Republican presidential nominee, Dwight Eisenhower, to "authorize leading Republican foreign policy experts to confer—

with the administration regarding basic and continuing international problems and challenges that may arise between now and next inauguration day."

#### What Wiley Proposes

Senator Wiley's suggestion has nothing to do with denaturing the presidential campaign, taking foreign policy out of the debate or mouse-trapping the Republicans into an improper agreement. The Wiley plan, which is getting the most sympathetic consideration in Washington and in Denver, will nationally meet the perils of a campaign vacuum in foreign policy.

It is well hedged on two points:

It would leave to Democrats and Republicans alike freedom to debate foreign policy issues in the election. "The Democrats," he says, "should not expect and would not get any immunity from the Republican Party. I presume that the Democrats would continue to criticize what they regard as Republican shortcomings in foreign policy."

It would leave all participants completely free to break off the discussions in the event it was found that either party was not acting with good faith or responsibility.

#### Been Done Before

There is some precedent for such consultations. After the 1932 election, President Herbert Hoover

valent in the military academies of Europe that was about to start in the early summer. There are several reasons for that: firstly, it was strategy to invade a country just before the harvest so as to be able to cut the crops for the use of the invading armies, and secondly it was considered advisable to try and win a war before winter.

There is another reason, right now, why it is unlikely that Russia will move before Autumn, election year or not. Harvest is in progress in the Communist lands and reports reaching Washington seem to indicate that the peasants are less cooperative than ever before in harvesting and handing over their crops.

#### Harvesting in Hungary

Reports are reaching our State Department from Communist Hungary that there are as many secret police as farmhands in the fields while harvesting is going on under the watchful eye of the police, officials of the Communist Party, and members of the Communist Youth Organization, DIZS.

The reason is that Hungarian farmers no longer are interested in growing and gathering as large a crop as possible. Their chief concern is to try to withhold enough from the state to enable them to exist through the period until next year's harvest.

The present situation results from the Communist system of compelling farmers to deliver the greater part of their crops to the state at prices which are not remunerative.

The official decree dealing with the matter permits both collective farms and villages to do what they like with any part of the crop left after they have fulfilled their compulsory quota. But the share claimed by the state is so big that generally there is not enough left to carry the farming community till the following harvest.

So, inevitably, all classes of farmers are intent on circumventing the government's exactions. The government for its part is determined to force the farmers into submission.

The government's plans for this year's harvest were issued in the form of decrees, the first of which appeared on June 9. It began declaring that "since the working peasantry is complying with its obligations towards the state with an increased sense of duty, the regulations restricting agricultural produce to a less extent than in the previous year."

State Crops First

All the farmers know, however,

is that the amount of trade they can do with their produce depends not so much on legal restrictions as on the amount of produce government's exactions leave in their hands, or which they can prevent the government from taking.

The surrender decrees cover bread grains, fodder grains, corn, sunflower seeds, and potatoes and their derivatives. Every person, whether an actual producer or someone who is paid in kind, is bound not only to hand over to the state the quota allotted to him, but also to pay back in kind any loans or advances from the state credit institutions and for the hire of the state's agricultural machines.

Meanwhile, the movement of all crops throughout the country

has been frozen until the harvest collections are over.

A decree of June 16 provided that the grain must be surrendered in the state "directly from the threshing machines." Collection is supervised by the Minister of the Interior and the Minister for Agriculture Supply acting through special local councils and committees whose representatives are supposed to watch the whole proceeding and guard against attempts to avoid complying with the regulations.

That's life, this July, in one of the lands "liberated" by the Communists, but it's the same story in Russia itself and in Poland, in Czechoslovakia, in Rumania and Bulgaria where the sickle is a political symbol, not a harvesting tool.

The consistent, continuous, constructive and concerted efforts of the Board of Realtors, Bloomfield, Glen Ridge, Nutley and Belleville are reflected in the growth of home ownership in these communities. It is dedicated to the advancement of every factor that contributes to the commercial and residential welfare of the community.

In any real estate problem deal with a Realtor Member of The Board of Realtors, Bloomfield, Glen Ridge, Nutley and Belleville.

"The New Jersey peach crop is one of the most bountiful we have had in years . . ."

says Willard H. Allen,  
Secretary of Agriculture of New Jersey.

When it's Peach Time in New Jersey

Make the most of it. And extend it. Enjoy peaches all year long. Freeze them for future use. We'll tell you how. We have prepared a booklet on freezing and we'll be glad to mail you a copy. The coupon below is for your use. Just fill it in and mail it.

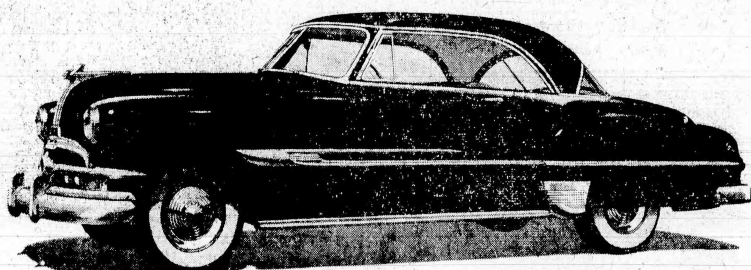

While fruits and vegetables are plentiful and at their best, stock your freezer. The crisp vegetables, the delicious berries and the luscious peaches you'll enjoy next winter will make you think again of the sunny days of summer.

PUBLIC SERVICE ELECTRIC AND GAS COMPANY  
Room 8309, 80 Park Place, Newark, N. J.

Please send me a copy of your booklet on freezing food.

# Middle Eastern Girl To Be Bride Of Joseph Fucetola Jr.

Palm August Wedding After Arrival from Cyprus Of Bride-Elect, Miss Ismini Serghidon, Future Groom Home From Service with Consulate

Joseph Fucetola, Jr. of 82 Columbus Avenue, recently returned from service with the armed forces in the Middle East is again with nuptial arrangements in anticipation of the arrival of his fiancée, Miss Ismini Serghidon, of Nicosia, Cyprus. The young couple plan to be married on August 2 here in Belleville.

The bride-elect is flying to the United States via British Overseas Airways and is due to arrive at Idlewild Airport on Saturday. The pair met when Mr. Fucetola, who has been discharged from the Army, worked with the American Consulate in the Cyprus area. The future bridegroom is now employed by Bell Laboratories, Inc. of Broomfield, as an electronics technician.

# HEIMRICH PARTY A SUCCESS; PLAN FUTURE DINNER

Well Attended Garden Party Results In \$207 Profit For Fund; Get Other Donations

The Eddie Heimrich Garden Party proved an outstanding success financially as well as socially. It was attended by 150 people and a net of \$207.00 was realized.

In addition, Berlioz Bearing Co. of Belleville gave a donation of \$100.00 and the Joseph Tahi Post of Silver Lake donated \$51.00 derived from the proceeds of their rat display. The total amount in the fund to date is \$11,800.00.

The Garden Party was under the chairmanship of Mrs. Jacob Zander, ably assisted by Mrs. Paul Wille, Mrs. Ann Chown, Mrs. John Little, Miss Ginny Zander, Miss Ruth Reuter, Mrs. Kathleen Little, and Mrs. Edward J. O'Connor.

The next dinner party is scheduled for August 14 at 5:30 p.m. at the Recreation House at 407 Joraniem-St. Mrs. Thomas Dillon will serve as chairman for the affair, assisted by Mrs. Maurice Conway and Mrs. Paul West.

The following companies will again furnish their products and cooking utensils: Borden's Frozen Food Division, M. Augenblick, A. & B. Butcher, Fischer Baking Co., Tetley's Tea, Westinghouse and National Pressure Cookers.

Added features of the affair will include fortune telling by means of reading cards or handwriting specimens. Arrangements are being made for door prizes.

# Tully organized a tour for me in the Town Hall of Belleville. It was especially interesting to take a ride in a police car and to get an idea of the American police. We had lunch together with Mayor or Tully at the China Clipper. I preferred however to eat American food as it is still a little more similar to ours than Chinese food.

In the afternoon I had the pleasure to accompany Mr. William Tully to New York as he did some business there. We took a short walk in the very large hall of the Waldorf Astoria and had a cocktail afterwards in the restaurant. After a short ride through New York and a half an hour walk at Times Square, Mr. Tully brought me to an Italian restaurant, "Nestor" for dinner. It was a small, but nice place and the meal was all right, as I like Italian food very much.

Thursday, John Daley invited me for a visit in Wallace and Siemann, Inc. Mr. Grant of the section spent the whole day with me, explaining all points of interest of this large factory. I had lunch with Mr. Daley in the golf club "Forest Hill." I have never seen such a place before and was enjoyed to take a look around after lunch.

Friday was reserved for New York. Mr. and Mrs. Grant joined me in this fourth visit of the Metropolitan City. We parked the car next to the Bus Terminal Building and went to Wall Street by subway. We took a walk through Wall Street, a dark and narrow road with large buildings to the right and to the left. An immense quiet seems to flow from these skyscrapers. The unexpected contrast of the 200 year old Trinity Church and the World Center of Money had a powerful effect on my first view of that famous part of New York.

From the gallery of the Stock Exchange we watched the busy scene in the vast hall. We had lunch in the Longhams restaurant of the Empire State Building. The sight on the top of this huge construction was unfortunately very bad, but I hope to come again up here and see more on another occasion. The air was very pressing and did not the lightest breeze was blowing. For the first time since my arrival I did not feel so well, due to the hot and humid weather, I was afraid of. We visited the Metropolitan Museum and saw very interesting astronomical demonstration in the Hayden Planetarium. We drove home by way of the Washington bridge and I was very much impressed by the bridge construction and architectural science.

Arriving at Verona, I got a letter from home telling me that

# rehabilitation process over a period of time was the result. Another serviceman walked up to one of the hostesses one evening and asked gravely, "Is it all right to hook and holler in here?"

The devotion to duty of the staff of the Soldiers' Lounge may well be compared to that of the mail carriers who allow neither rain nor sleet, etc., to keep them from their appointed rounds.

Smashed Apartment On July 18 Wolf, Devine and

# O'Brien tried to pick up two girls who had just emerged from an automobile which they parked on Orange St., Newark, according to Weller. The girls ignored them. In revenge, the youths allegedly broke into the car, took the keys and registration certificate, went to the address noted on the latter, forced an entrance and looted the house.

"They don't know how much they took," said Weller. "They were pretty well hopped up during most of this time and they're crazy on a lot of details. So far we have only gotten a few of the jobs they actually did out of them. There's no telling how many more they pulled."

of yours. I had to travel 5,000 miles to do so. He then started for the Verona Police Range and did some shooting with Mr. Glasby's Colt, 22 and 38 calibre. We do a lot of shooting in Switzerland, especially with our army guns, as every soldier has not only his personal army equipment, but also his personal rifle at home. Furthermore he is obliged to shoot a certain program every year and besides that, target shooting is a very popular sport in Switzerland. I had a good shoot with the 38, this Colt lay not so good in my hand. Tuesday morning, we went for a ride to Passaic and I did some shopping in the afternoon. Wednesday morning Mr. William
