

## Here We Go Again A Complicated Will Sue On Zoning Decision

### Attorney Joseph Slifkin Notifies Board Of Intentions To Appeal Walton's Express Variance Denial

The Board of Commissioners on Tuesday night turned down an application for an exception to the Zoning Ordinance, sought by the Walton Express Company in North 7th Street near the Newark line, by a unanimous vote of the three members present. The application of the Walton Company, now in Bloomfield, was for the erection of an office and a garage for the storage of five trailer trucks, on a plot of ground zoned for business, and only a few months ago approved for parking lot for persons using the Newark Subways cars from Franklin Avenue. Two hearings on the matter were held by the Board of Zoning Adjustment, which on a 3 to 2 vote recommended that the exception be made.

Attorney Joseph Slifkin of Bloomfield argued for the Walton Company, pointing out that the nature of the property is of a heavy business or manufacturing, citing the Stanley Lumber Company, at the end of the street, and the nature of the property would preclude the erection of a store on a dead end, dirt street, and that no lending institution would grant a mortgage on a single or multiple family house in the neighborhood.

**Appears on Complaints**  
Attorney Leonard D. Ronco of Belleville, appearing for the complainants cited the heavy traffic congestion of Franklin Street and Franklin Avenue on N. 6th street as it is called in Newark, and said the trailer trucks would add to the hazards there, he pointed out that the junk yard is operated by an old man with a push cart.

"Silver Lake should be burdened with more of its type of traffic for the safety of its adults and its children," he declared.

Mr. Ronco disagreed that the property was not suitable for residential purposes and pointed out that the house on the corner of North 7th and Franklin Avenue is being moved to North 7th Street, and that Mrs. Bagnole plans to erect a multiple family house on the property.

Mr. Slifkin asked that the Commission make its vote clear by resolution, because he said he intends to appeal the matter to the courts.

**Explains FBI Report**  
James R. Golden, who comments on things of the day at almost every meeting, asked Commissioner Sullivan why Belleville was listed as one of the four cities in the country which had failed to file a report on the activities of the Police Department with the F. B. I.

Commissioner Sullivan replied that the records were kept in accordance with the F. B. I.'s instruction but due to an oversight on the part of the records clerk they were not mailed before the deadline. Mr. Sullivan said the records have been sent to the F. B. I. and will become part of the next FBI report.

**Eisenhower North Office  
Moves To North Belleville**  
The Belleville Republican County Committee after having its headquarters in the south end of the town for the month of September, will move to the North end next week, locating at the Eisenhower-Nixon headquarters at 563 Washington Avenue, opposite the Food Fair. A crowd assembled at the headquarters on Tuesday night to hear Senator Richard Nixon's coast-to-coast broadcast. Yesterday Rudolph P. Ziegler, Republican County Chairman, dispatched a telegram to National Headquarters, urging that Senator Nixon be given full endorsement by the National Committee to continue as vice-presidential candidate.

**Fidelity Union Employee Will  
Hold Annual Picnic Saturday**  
Employees of the Fidelity Union Trust Company of Belleville, Newark, East Orange and Irvington, will hold their annual picnic for Saturday at the Old Cider Mill Grove in Vaux Hall from noon to 7 o'clock.

Highlights of the day will be a baseball game, as well as various other games and races, with prizes to be won. All hands and wives are invited. Sal Licordia and Edgar Neville are co-chairmen and will be assisted by the various departments and branch offices of the bank.

**Rally Day** Sunday at the Belleville Reformed Church. A combined church and church school service will be held at 10:45 a.m. Rev. John A. Struck will deliver an address on "Talents."

## Present Check To Help Defray Building Costs

Michael Dacy, chairman of the Columbus Institute and Mark J. Grady, Grand Knight of Belleville Chapter Knights of Columbus presented a check for \$500 to Rt. Rev. Msgr. Joseph M. Kelly as Rev. Francis Ignacius, chaplain of the Knights looks on. The two organizations joined in contributing towards the cost of the new school addition which will soon be ready for occupancy. In presenting the check, the two lay leaders expressed the appreciation of the membership to Msgr. Kelly for the excellent educational facilities which he has provided for the children of the parish. ## Town Gains \$34,059; Other Benefits From Tax Sales

### Eighty Lots Sold, 46 Acquired by Foreclosure; Up Ratable, Reduce County Taxes and Reduce Amounts to be Reserved for Delinquent Taxes

The Town of Belleville is rapidly going out of the real estate business, according to Mayor James J. Tully, director of the revenue and finance department. So far this year 80 lots acquired by the town through taxforeclosures have been sold with a return of \$34,059 to the town. These tax foreclosures and tax title sales serve a four fold purpose to improve the town's financial position. First the revenue goes into the surplus revenue account from which the Commissioners may appropriate funds to reduce the amount to be reserved by taxation. Secondly the lots are put back into the ratables, third the foreclosures reduce county taxes, and fourth as the loans are reduced it reduces the amount which must be included in the budget for reserve for delinquent taxes.

**One Sale Brought \$5,600**  
The largest sale of the year was for property from 2 to 18 and from 1 to 15 Memphis Avenue which brought in \$5,600. These lots bought by Mrs. M. E. Moore, now have four family houses on them, nearing completion. The original offer for the state was \$2,000 but in the spirited bidding at the Tax Sale, Mr. Di-Meupped the price by \$3,600.

Of the lots sold 65 were by decree deeds and posted titles. The other 15 were with "In Rem" titles.

**46 Being Acquired**  
So far this year 24 lots have been acquired by the town, 23 of them by "In Rem" foreclosures and one by deed. At the start of the year there were 84 properties on which the town had tax title liens amounting to \$39,447.74. The four parcels acquired reduced this amount by \$9,393.75; eight other parcels were returned to the extent of \$17,763.65 leaving 58 plots and liens of \$19,298.33 remaining. There are 22 more lots upon which liens of \$11,825.26 are in the process of being foreclosed under the "In Rem" act, which will leave the town with an excellent position at the start of next year. At that time there will be only 30 lots and liens of \$7,487.07 outstanding.

**Can Close Account in 1953**  
If the Board of Commissioners sees fit to include \$3,000 in next year's budget, the title to the remaining lots may be acquired next year and the tax title lien account completely washed out. Under "In Rem" the average cost for title foreclosures is \$88, but occasionally a deed can be acquired for a few dollars more. At the present time the town still has 188 lots. These lots are carried on the town's records at their assessed valuation, and it is upon this valuation that the Commissioners usually base the reasonableness of any offers submitted. If a reasonable offer is made then the parcel is advertised in the Belleville Times News with a date for the public sale. At that time, anyone can attend and bid upon the property. This bid is by no means final until accepted by the Commissioners, who have been known to reopen the bidding during the caucus preceding the regular business session.

haver this time. That does not mean a Republican victory in Virginia, however, despite the vigorous opposition of Sen. Harry Byrd to the Truman administration. Past experience should warn that although there is a majority of those who express a preference for him now they swing back to Eisenhower.

**Masses Still Democratic**  
Similarly, it is not expected that the action of Governor James Byrnes in South Carolina, in announcing a swing to Eisenhower's personality, prestige, or the Republican column until the victory in that state. The Democrats can lose a great many votes in both states and still win because the mass of voters, despite the opposition of Sen. Harry Byrd and the Byrneses, will vote Democratic.

Only in Texas is there a chance of a Republican victory and the margin in every poll available here still favors the Democrats. There is a Republican victory there, although, until last week, Eisenhower was gaining ground. Don't write any Southern state in the Republican column until the full returns from Texas are in.

**Writers Prefer Adlai**  
Washington political writers who were home over the weekend from tours with the principal candidates were agreed that

## YOM KIPPUR WILL START SUNDAY EVE

### Congregation A.A.A. Will Have Traditional Kol Nidrei Chant Beginning At 5:20 O'Clock

The most revered day of the Jewish year, Yom Kippur, of the Day of Atonement begins Sunday evening, Rosh Hashanah, has reached down to the annual workers' level with several complete teams ready to take to the job on week end of October 10, 11 and 12. Mrs. Isadore Goldenberg for instance has a complete team of 16 workers, prepared not only to solicit but to sell the Community Chest idea in the vicinity of Garden Avenue and Jerusalem Avenue. Members of her team are: Mrs. S. MacPherson, Mrs. R. P. Zoeller, Mrs. Elizabeth Groer, Mrs. Harry Turken, Mrs. Frank Cook, Mrs. Leonard Cowan, Mrs. Henry J. Paganelli, Mrs. Isabel Rochan, William Hood, Mrs. Nuncio Piant, Mrs. Lawrence Mazzy, Mrs. L. Wasserman, Mrs. Anthony Grinnell, Mrs. Sidney Lane, Mrs. Edward Short and Mrs. Harry Warvel.

A brand new captain, Mrs. Herbert V. Tucker has already begun his campaign. The team is composed of Mrs. B. Revill, Mrs. W.

## Hazel Ellsworth Appointed Organist In Bethany Church

Miss Hazel L. Ellsworth, formerly organist at the Belleville Reformed Church, has been appointed as organist and music director by Bethany United Presbyterian Church in Bloomfield, succeeded Ralph C. Diller. A member of the American Guild of Organists, Miss Ellsworth also serves as organist for the Newark United Church.

A graduate of Belleville High School, she has studied music for many years and for two years served as accompanist for the Nutley Ontario Society. She gave two organ recitals in Grace Church last year. Miss Ellsworth could meet a Republican caucus preceding the regular business session.

According to the Peter Wendel, Flood Donor Chairman, Belleville chapter, American Red Cross, recruitment of volunteer donors for the next Blood Donor Assembly in Belleville is proceeding very slowly.

Scheduled for Friday from 1 p.m. to 4 p.m. at the Elks Club, Belleville, the seventh such assembly in Belleville under the National Defense Blood Program since inception in October, 1951.

To date, Mrs. Wendel reports a total of 32 volunteer donors registered (as of Sept. 23). The recruitment committees from the Elks and local industry have not completed their task. It is imperative that a total of 150 donors be registered to insure the goal of 125 pints of blood. Belleville has only reached its goal twice since last November out of a total of 10 blood donor assemblies scheduled.

According to this tabulation, the local chapter is 149 pints short of its goal. It is imperative that the chapter redouble its recruitment efforts, increasing contact with the employees of Belleville and the DeFens Blood Program. It is imperative that the chapter processing an intensive solicitation of our own townspeople to

## J. P. DEMOTT NEW OWNER OF WHITE OAKS HARDWARE

### Rutherford Man Has Wide Experience In Retail Merchandising, Promotion

J. P. DeMott

J. P. DeMott of Rutherford has taken over the ownership and management of the White Oaks Hardware Store. The business was established in 1946 by Mr. and Mrs. Felton Heacock and their son Eugene. Originally the store was across the street and the present modern building above into which the firm moved in 1950 was built to provide greater space and modern conveniences.

Mr. DeMott, who hopes to move to Belleville or Nutley in the near future, has had wide experience with organizations noted for their merchandising and promotional operation on the retail level. He extends a welcome to regular customers and to those who have yet to shop in his modern store.

Mr. DeMott says, "It's all always been our policy to bring to the customers and patrons of White Oaks Hardware, quality merchandise, properly priced. No effort shall be spared to provide the best service. We shall endeavor to be partners with our patrons in changing houses into homes and in making homes more comfortable."

## Kidde Engineers Will Advise Board On Value Of Bog

### Conflicting Reports On Use Of Land For New School Will Be Settled By Qualified Report

Foundation Engineers of the Walter Kidde Constructors, Inc., of New York; met with Superintendent of Schools Evan H. Thomas yesterday afternoon, to study the test borings taken at the Municipal Stadium and to visit the site proposed by the Lay Advisory Committee for Belleville's new secondary school. Mr. Thomas was instructed to seek the expert opinion of the New York firm, through its local affiliate, the Walter Kidde Company, Inc., of Main Street; after two conflicting reports on the suitability of the property were received by the Board at a special meeting Monday night.

At the Board meeting President Eugene Kelly said he had a report from Town Engineer Matthew Sheehan that the property was suitable for a building, on the strength of the report submitted by the Heller Engineering Laboratories of Plainfield.

Board Member Charles Youcin said he had taken the matter up with engineers at his plant, which recently underwent a protective piling job on the edge of the Hackensack marsh. He was advised that piling or matting could not fix the footings of anything but the lightest building, being subject to cracks and shifting with the waves.

**Lay Committee's Report**  
On the other hand the Lay Advisory Committee to the Board of Education in a lengthy letter said engineers had been consulted and the bog area would be suitable for building, and that the piling could be installed for about five per cent of the estimated \$250,000. This committee also was emphatic that the site was the best for many reasons, a few under \$100,000. The Lay Committee also was emphatic that the stadium, on a light traffic street and would not deprive the town of its producing property.

Members of the Board were advised by Max N. Schwartz, Board attorney that for a matter of a few hundred dollars between the cost of the foundations and the cost of acquiring the land, the Board should take, first that the foundations would cost less, and secondly that the cost of some \$2,600,000 or \$2,600,000 of taxpayers' money would not be wasted because of unsatisfactory footings.

**Suggests Third Site**  
Mr. Youcin suggested that if it is classrooms that are needed instead of playgrounds and parking, then the Board should avail itself of the property it owns, next to the present High School, the drive to the Elks Club.

The discussion eventually led to a recommendation by Mr. Thomas that the Board should consider the site might be brought to a head by the appointment of an architect. It was agreed to seek the services of a professional architect obtainable and to hold a special meeting on October 6 to consider the matter. Mr. Thomas suggested that the Walter Kidde Constructors, Inc., were both local and competent to give an opinion on the site, and that he was advised to make the contact.

John Kidde, head of the Constructors, in the spirit of civic cooperation, not only accepted the assignment but promised that his best engineers would postpone other work to come to Belleville immediately to prevent further delay.

**Award Contract**  
Bids on the erection of a wall at No. 10 in the city were accepted and a contract to the Carmine Maglione Company of Bloomfield was issued for the job of \$880. Because this bid was more than the original estimate Mr. Krahmer, the architect was questioned as to the reason. So the estimated board that since the estimate was received the specifications had been changed by his office.

## Grid Tickets On Sale At Opening Contest

Belleville High School's football team opens its season on Saturday at the Municipal Stadium, with East Orange furnishing the opposition. Tickets for the reserved section, in front of the press box are \$1 per game, and for the grandstand, \$1 for the season. The regular price of adult tickets, not in the reserved section is 75 cents. Belleville plays six games at home, and if they are officially the home game of Passaic High.

When the picture looked so "black" on Tuesday, and only a few donors were scheduled, the chapter recruitment committee called upon potential volunteer and member of the Board of Directors of the chapter were contacted, about 140, and asked to recruit only one blood donor for Friday. The procurement of blood to be an essential National Defense Blood Program. It cannot be synthetically. YOU NEVER KNOW WHEN YOUR FRIEND NEEDS YOUR BLOOD

**Emergency Donor Program Uncovers Just Such An Example Here On Sunday**

Mrs. John Walsh, Chairman of Town Blood Donors and Emergency Donors, Belleville Chapter, American Red Cross, advised this week that calls for emergency blood donations are being continually received by the local chapter.

At 5 p.m. Sunday afternoon a call was received from Presbyterian Hospital for a pint of blood. The patient was Mr. Frederick Wolfhorst, a local resident. Mrs. Walsh began to call volunteer "walking" donors and in the process contacted Mr. Arthur Denzler. When told for whom the blood was required, Mr. Denzler said it just couldn't be for Fred Wolfhorst. "Why, he'd spoken to him at church that same morning." But it was true. The need for an emergency operation had arisen in that short space of time and the blood was needed quickly. Needless to say Mr. Denzler, who is not only an enthusiastic blood donor but a member of the Board of Directors of the Belleville Chapter, ARC, gave the pint of blood.

And to carry the coincidence even further, both Mr. Denzler and Mr. Wolfhorst had registered as volunteer donors for the Defense Blood Bank scheduled for tomorrow.

As Mrs. Walsh points out, there is a definite moral in this incident. You could very easily be needed to give a pint of blood to meet just such an emergency. The blood flowing in your veins is today's most amazing medicine.

To be sure a supply of this wonderful life-giving medicine will be ready when needed, every healthy person, ages 21 to 59 should donate blood. Less than an hour of your time may save a life in your community or a soldier overseas. Call Red Cross Headquarters, Be 2-4000, and register for a blood donor appointment on Friday afternoon from 1 to 7 p.m. at the Elks Club. This is a Defense Blood Donor Assembly with the blood earmarked for shipment to our Armed Forces in Korea.

Taft's active entry into the campaign will both help and hurt Eisenhower but that it will help him more than it will hurt him, Eisenhower could not carry the Middle West without full-hearted aid from the Ohioan, but too much Taft can hurt Eisenhower in Illinois, New York and Massachusetts. Stevenson's success in a Solid South can be offset by Eisenhower's strength picked up in the Middle West where the voters are particularly bitter about corruption. That means that the seven states with a total of 195 electoral votes that they can pick a winner. It only takes 266 electoral votes to win.

**Taft's Price**

Until Senator Taft struck his bargain with Eisenhower, Ohio was doubtful. Most of the political writers who have come back from the Middle West now write Ohio in the Republican column although they insist that a vast majority of the Taft campaign leaders will not follow him on his speaking tour. Men like David Ingalls, who managed the last campaign, have not yet forgiven and forgotten.

Most all of the political writers felt, at the weekend, that the Dewey forces in New York State have more to lose by abandoning Eisenhower now than they would gain. They may not like Senator Taft's big role in the campaign and they may resent that as part of the bargain to win Taft's participation. Eisenhower had to consent to allow the Ohioan to pick or, at least, exercise a right of veto on the eventual choice of a Secretary of State, but they stand to pick up a big share of

patronage by going along. "The general belief is that Eisenhower leads Stevenson about 5-to-4 in New York.

**Battle in Michigan**

As things stood before the Nixon bombshell, Pennsylvania was in Ike's column despite a very costly campaign being waged in Stevenson's behalf by the CIO-PAC. Eisenhower is returning to Pennsylvania during the campaign and that should clinch the state's 35 electoral votes.

Michigan can be written into the Democratic column, barring accidents. There are many reasons but one of them happens to be the activity of interim-Senator Blair Moody, a former Washington correspondent who is filling the shoes of the late Arthur Vandenberg. Moody is staging a one-man show in Michigan where he has whipped up for the Governor powerful liberal and independent strength. It would take a great deal of doing to capture Michigan for the GOP.

Massachusetts has a chance of going Republican. There is a purely local problem there, growing out of popular dissatisfaction with the decisions of the state Democratic majority to push pay raises and pensions through the state legislature for party faithfuls. Unless the Nixon affair neutralizes the Dever affair in that state, Ike may pick up 18 useful votes there.

**Powerful Chicago Machine**

Illinois, the sixth of the seven key states, can be expected to go along with its favorite son and Governor. There will be a protest vote against Democratic state and national corruption but it will not be enough to overcome the heavy vote which the Democratic machine is capable of rallying in Cook county.

In the last of the key states, California, the Nixon affair surely will have its gravest impact. Normally Ike could have turned his attention elsewhere and have allowed Nixon to stump the state for the ticket. Now, he may have to find time for another personal appearance there because the political writers who rode with Stevenson through California report that he came away with an excellent press and with a united Democratic party. Having healed the breach which split the pro and the anti-Jimmy Roosevelt wings.

One positive impression which is even though it may be hard to kill nearly 90 years of tradition, the South is extremely hostile to

### The Opening Game

Belleville High School opens what can be a very successful season on Saturday at the Municipal Stadium, when the Bellboys' tangle with East Orange. Not that the Bellboys will overpower its foes, but with a few breaks here and there they can do much better than wind up with a 30-50 mark for the campaign. We have stated before and have not changed our opinion, that the Bellboys with the proper attitude and barring injury to key players can get off on the right foot, not only this Saturday but can get a good bulge on the season in the first three or four games.

Coach Eddie Berlinski has about 15 or 16 boys who can play a fair brand of football. They are hepped up for the opener and while there are few real replacements in line positions they have the satisfaction of knowing that they might be outweighed, but can't be outguffed. This year's team, although light in the line should be faster than last year's outfit. The passing attack should be better and in the kicking department, the team has a secret weapon. We will let it be unveiled at the game and if it is used three or four times it will be well.

The team is ready! The Band is ready! The Twirlers are ready! The Cheerleaders are ready! How about you?

Frank Spotts, secretary of the Athletic Council announces that the reserved section tickets will again be available at a dollar per game. Student tickets have been distributed to all schools, at a dollar for the season. In addition through the courtesy of Tom Aitken of the Peoples Bank and Trust Company, schedule cards listing all of Belleville's games have been printed and are available in many places in town, and will be distributed at the opening game.

### Belleville High's Soccer Team

Belleville High's soccer team opens its season Monday at Clearman Field against St. Cecilia of Kearny, and under a new coach, Ray Ward, former recreation director in town. Mr. Ward walked into something when he took the coaching job. He had courses in soccer and played some at Panzer College but does not profess to know as much about the game as the fathers of some of the boys and some of the boys themselves.

When he called practice 18 lads, mostly freshmen, sophomores and juniors reported for the team, but when he went to give out the equipment he found a mess. Last year's team, the first in school history, played its last game in rain and water. Most athletic equipment is sent away at the season's close for reconditioning, but not so the soccer shoes. The first couple of days of practice was spent in oiling the shoes to get rid of the hard rock finish they had accumulated in 10 months. Both of last year's balls were useless, because they had not been deflated or properly cared for. The schedule was incomplete and only by persistent effort was brought up to ten games.

But all was not dark, thanks to John and Joe Hughes, who organized the PAL soccer team here two years ago. Every one of the candidates have had the benefit of the Hughes' coaching and all know a thing or three about the game. Fortified with a veteran team which will remain almost intact for another campaign at least and probably for two more, Coach Ward stands a pretty good chance of posting a good record in his first year at the helm.

Leading the team will be co-captain John Hughes, Jr., and Joe Hughes, white stars among the players. Coach (pronounced Chawser) and young Joe Hughes, a freshman. The team will scrimmage against Rutherford this afternoon. The rest of the schedule includes paired games with St. Cecilia, Irvington, Montclair and Edison of Elizabethtown and single games with Kearny and Cranford. The Kearny game will be part of a double-header attraction at Kearny High Stadium on October 18 with the soccer game preceding the meeting of the West Orange Cowboys and the Kearny Kards.

### CYO Bowling League Gets Underway Saturday

The Essex County CYO bowling season gets underway this Sunday when the senior boys' and girls' leagues begin their schedules at the Star Recreation Academy in Newark. The deadline for rosters was on Monday night when a planning meeting was held for the captains. The weekly league sessions, which will continue until early April, will be held on Sunday evenings at 7:30.

The league's director, Joseph Lyons, revealed that it had been decided to require all CYO bowlers to take part in the bowling program to join the Senior Catholic Youth Council. Teams not represented on the Council have been supplied for membership. Lyons said that the 26-year age limit for players in the senior leagues would be waived in cases of hardship. Where this was the only reason barring a team from the league, Lyons said an exception would be made, upon application in writing to the Rev. John J. Kiley, Essex County CYO director.

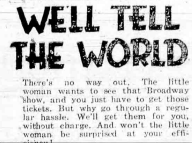

Following the Essex County competition, there will be an Archdiocesan playoff in April. Two Newark squads, Hessed-Sacrament

and St. Charles, are the reigning boys' and girls' champions.

### Cost Accountants Hold Golf Tournament in Springfield

The annual golf tournament of the Newark Chapter of the National Association of Cost Accountants was held last Thursday at the Baltusore Country Club in Springfield. The weekly league sessions, which will continue until early April, will be held on Sunday evenings at 7:30.

Addis, Mr. Robert Stivers, Jr., and Mrs. Ward Lay are directing the Kindergarten Group. Mrs. Marjorie Holand is directing the First and Second Departments at the eleven o'clock hour. Mrs. Werner Tietze is superintendent of the Bible Study.

The enrollment of the school is larger than last year according to Mr. Tietze. The church school has been recruited and trained for the new quarters curriculum on the subject of "The Bible." Parent-Teachers magazines, reading books and activity packets have been distributed. Dr. James K. Moore, pastor will officiate at the consecration ceremony Sunday.

Mr. F. Mark Siebert, Director of Fewsmith Memorial Presbyterian Church which announces the formation of a Junior membership committee of all High School students who are interested. Auditions are being held this Thursday at 7:30 in the church social hall. The choir will sing each Sunday morning at the public worship and plans are being considered for a number of social activities. Membership is open to all High School young people.

### 60 Boys Report For PAL Soccer Team And League

More than 60 candidates reported to Belleville Park Sunday afternoon for Belleville PAL soccer teams. Of the number last year's Juvenile team reported intact so they will again be entered in the Hudson County Juvenile League. The remaining boys will be used in the Belleville PAL soccer league. There are enough boys to now form a four team league. However, it is the desire of the PAL to form a six team league if possible. Any candidate who wishes to play may yet do so by reporting to Coaches Joe and John Hughes Sunday afternoon at 1:30 p.m. at Belleville Park.

### Hoffman, Jr. And Frate Alpine Wheelman Champs

Herb Hoffman, Jr., and Ray Frate were crowned "sprint champions" of the Alpine Wheelmen on Sunday when the annual sprint championships were held at Johnson Park track, Sunday morning. Hoffman in the junior division and Frate in the senior ranks took first in each of the three events which decided the title, half mile, mile and two mile. In the junior races Hoffman and Bill Helle in all three events. In the senior events, Harold Down, George Kirch and Ernest Smith followed in the same order.

### Wesley Men Begin Year With Outdoor Roundup

The Wesley Men will begin their fall and winter season on Saturday with an outdoor roundup of members, their families and their friends, at South Mountain Reservation. Cars will leave from in front of the Wesley Methodist Church, Washington Avenue and Academy Street at 1:30 p.m. The committee has planned games for all ages, including volleyball and basketball for the more active. There will be cream and soda in addition to the food taken along by the various family groups.

## LETTERS To The Editor

To the Editor, Times-News  
Dear Sir:  
The following is a copy of a letter I have sent to Commissioner Sullivan in appreciation of the fine transportation services provided for my wife.  
Dear Commissioner Sullivan:  
Please accept my grateful thanks for the wonderful transportation facilities provided on September 10, 1955, by your Police Officers rendering ambulance service to and from my summer home, at Ashbury Park, for my wife, Mrs. Emily Gilby, at the time she was suffering from a heart attack.

The prompt, courteous and efficient work performed by your men in the Safety Department is to be commended highly and deeply appreciated by myself and Mrs. Gilby.  
Sincerely yours,  
Walter Gilby

## STEVENSON LAUDS RODINO SACRIFICE AS HOUSE PROBER

Governor, In Telegram Read At Opening Of Campaign HQ, Praises Role In Inquiry

Governor Addis Stevenson, in a telegram to Rep. Peter W. Rodino on the occasion of the opening of campaign headquarters for the 10th District Congressman, at the Hotel Berwick, in Newark, on Monday, lauded the Democratic candidate for re-election for "the sacrifices you are making of your personal interests in order to carry forward the important improvements being made in the Department of Justice by you and your colleagues of the Chief committee."

Rep. Rodino did not hear the reading of the Stevenson telegram because he was on his way back to Washington where, on Tuesday, the Judiciary sub-committee resumed its hearings by calling back in F. Lamar Caudle, fired head of the Justice Department's tax prosecution division, who, in his testimony last week, accused Supreme Court Justice Tom Clark of interfering in the prosecution of an OPA case.

Rep. Frank L. Chelf, the Kentucky Democrat who serves as chairman of the probing committee, lauded the Newark attorney's role in the investigation of the Justice Department in a telegram which was also read at the formal opening of the campaign headquarters.

In his telegram, Chairman Chelf said:

"Your conscientious and intel-

ligent service to our committee investigating the Justice Department has been an outstanding contribution to the country. You are to be everlastingly commended for your regular and faithful attendance of our committee hearings here in Washington during a campaign year.

"Your good people should know that, notwithstanding your nervous to be re-elected by your own political fortunes in the interest of good, sound government."

"Any candidate for reelection who puts his country above his own personal ambitions, surely deserves to be re-elected by an overwhelming majority. Your people have every right to be proud of the record made by you here in Congress."

"The nation needs more public servants like you," Stephen A. Mitchell, chairman of the Democratic National Committee, told Congressman Rodino in the first of two telegrams received during the opening ceremonies.

Mitchell's telegram, coming two hours later, informed Rodino, that Governor Stevenson asked Rodino to inform Rodino of his "warm interest" in Rodino's candidacy adding that he realizes fully the need for your support of the Stevenson program in Congress.

The Illinois governor in his testimony last week commended the excellent support you are giving and the sacrifices you have made and are making of your personal interests in order to carry forward the important improvements being made in the Department of Justice by you and your colleagues on the Chief Committee."

Congratulatory telegrams were also received from Mayor Harry Monahan and Commissioner John Lucy.

Introduced by his campaign manager, Dr. Rush C. Bauman, Rodino expressed his regrets that "the business of helping to clean up what has been called

the mess" in Washington, does not permit me to take the active part in my own campaign that would like to play.

"However," he declared, "I know that during my absence in the national capital my political fate lies in good hands, in the hands of the people of the 10th Congressional District."

If re-elected, he said, he would continue to serve all the people of the 10th District, whether Democrats or Republicans, regardless of race, color or national origin.

Endorsement of Rep. Rodino by the N.J. State Legislative Board of the Brotherhood of Railroad Trainmen, an independent labor group, was also announced at the Monday meeting by Dr. Bauman.

A telegram from C. J. Sheridan, Jr., State representative of the Legislative Board of the Brotherhood of Railroad Trainmen, an independent labor group, was also announced at the Monday meeting by Dr. Bauman.

The Brotherhood unanimously endorsed his candidacy.

### Mrs. Anna Leo Brucato

## Here's a money-earning opportunity for you!

Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!

ARE YOU one of those patriotic citizens who began buying—and holding—U. S. Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your U. S. Series E Bonds to continue earning for ten years longer than was originally planned. For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$35 in 1952. But if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds. Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost.

The cash you have in bond savings is safe and solid and it's steadily growing toward a sum big enough to buy a dream—something really worth while—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer—just all back and let them go on making money. Meanwhile keep adding to your savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—the new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2½% per year. For full details, ask at any Federal Reserve Bank or Branch.

Look how your maturing bonds go on earning under the new law! (This table shows \$25, \$50, and \$100 bonds as examples of how ALL Series E Bonds grow.)

## Local Navy Veteran Joins Marines

Private First Class Robert J. Martino (left) had his desire fulfilled when he was sworn into the U. S. Marines recently by Lieutenant John W. Slagle, Marine Recruiting Officer at 346 Broadway, New York City. Martino, stepson of Mrs. Mary F. Rinaldi of 25 Columbus Avenue, previously served with the Marine Corps while a Navy Hospital Corpsman from 1947 until his discharge in April of this year. He liked the Marine Corps so well, he applied at the Marine Corps Recruiting Sub-station in Newark. The new Marine was transferred to Parris Island, S. C., "boot" camp for Marines, where he will undergo intensive training for eight weeks.

## North Newark Adult School Photography Class Resumes

A workshop in photography at the North Newark Adult School will be conducted for the second year by the Elliott Camera Club, starting Monday, Peter Lennon, of 30 Maple Place, club president, announced. The course, designed for beginners and advanced amateurs, will run for ten Monday nights. It will include such topics as what pictures to take, how to take them, and where to find them; types of cameras and their uses; night photography; lighting; color and stereophotography; developing, printing and enlarging; and print finishing and presentation.

Guest lecturers and demonstrators will be drawn from among experts in various fields. Among the lecturers, Robert Worth, of 67 North Road, president of Pictorial Photographers of America, will demonstrate methods of print finishing and mounting. Mail registrations are over at the Elliott Street School, 709 Summer Ave., Newark. Tuition is \$8.00, which includes membership in the club and use of its facilities.

## JOERG SUSPENDS YOUTH'S LICENSE FOR SIX MONTHS

Terrell Hallman Of Belleville Also Pays Fine Of \$33 On Speeding Charge

Terrell Hallman, 18, of 61 Heckel Street, Belleville, found guilty of speeding 60 miles an hour on River Road, had his drivers license revoked for six months Monday by Magistrate Edwin J. C. Joerg. In addition he was fined \$33.

Newark Man Loses License. Joerg also suspended the driver's license of Alden Veit, 23, of 246 Broadway, Newark, for 60 days on a charge of speeding 55 miles an hour on Washington Avenue. He also paid a fine of \$22.

Six other speeders were fined a total of \$103. Two drivers were fined \$13 apiece for passing a red traffic light and another paid a similar amount for operating a car without a driver's license in his possession. Four motorists were fined \$8 each for failing to stop at a designated intersection.

## IUE-CIO Plans Intensive Drive In Electronics Plants

Milton Weirauch, President of District No. 4, International Union of Electrical Radio & Machine Workers CIO, which is the bargaining agent for 5,000 workers at the Federal Telephone and Radio Corporation, announced yesterday the opening of a sub-divisional office at 625 Main Street, Passaic, as a base of operations for an intensive organizational drive in Essex, Bergen and Passaic Counties.

In making the announcement, Weirauch said the drive to extend the scope of the IUE-CIO will be concentrated in the electronics industry in northern New Jersey.

Weirauch also announced the appointment of Ermen Tabasco,

of Nutley, business manager of Local 447, IUE-CIO, to head the union drive and take charge of the new Passaic office.

The Griffith Music Foundation opens its new season at the Mosque Theatre, Newark, on October 23 with the albums of Ball and their Gaminel Orchestra.

The company of forty-five is headed by the 18-year-old girl star "ballerina" Ni Gusti Raka, and by Samph, leading male dancer. The orchestra consisting of twenty-three musicians who extract music from an assortment of instruments that includes gongs, bells, chiming cymbals, xylophones, bamboo flutes and drums. The conductor is Anak Agung Gde Mardera, who is also the mayor of the temple-town of Pliatan in Bali.

Besides the dancers and musicians there are clowns, mimics, dragons, witches, nymphs, masked demons who mirror the folk lore and customs of their far off land.

## PARDON MY GUST!

BENEATH that big broad bonnet is the reason for this headline. It's a four-barreled automatic carburetor—Airpower by name—which has a way of gulping in what the dictionary defines as "a sudden blast of wind" when extra power is needed.

And the way this gorgeous performer can step out as this occurs is something you'll always remember.

For ordinary driving, two barrels are all you need—and two barrels are all that are working. They give you an extra thrifty flow of fuel for round-town cruising.

When extra power is wanted in a hurry—the "reserves" swing into action—feeding extra fuel and extra air in an ever-thrifty mixture, which delivers the greatest horsepower in Buick history.

This is one of many distinctions that endear ROADMASTERS to fine-car owners. It's a car as rich in finish as it is in power—a car of expansive room—restful silence—level in gait—beautifully responsive to your mood and will.

And it offers the effortless ease of Power Steering\* especially engineered by Buick to save your strength in

parking and slow-motion maneuvers, and still let you feel a proud sense of command and a sure sense of control on the highway.

There's just one question we'd like to ask: When are you going to come in and enjoy the ride of your life?

Equipment, accessories, trim and models are subject to change without notice. \*Optional at extra cost on Roadmaster and Super only.

I gave my heart to Fall in the land where  
the leaves were red.

And some were beaten gold, and all  
Slept still and white when the days were said  
And gray December came to take  
The color of the earth away—  
But even here the warm trees shake  
The rusty leaves, and some are gay,  
Some are gold, and few are flame—  
And Autumn comes at least in name,  
And Indian summer stays a winter while

## After Listening to Nixon

In accepting \$18,000 in gifts towards a  
"slush fund", Senator Nixon showed ex-  
tremely poor judgment.

Regardless of whether or not his action  
was corrupt or legal, it was inept and it was  
indiscreet. For that reason, The Times-  
News believes that the young Californian  
has disqualified himself for the Vice Presi-  
dency. This year, more than ever, the na-  
tional Presidency and Vice Presidency call  
for men above reproach, men of undeniable  
integrity and men whose own clean hands  
will enable them to clean out the horrible  
mess which, Truman's denial notwithstanding,  
stains our national government.

Without judging this specific case on its  
merits or its demerits, The Times-News be-

lieves that Candidate Nixon should resign. It  
is evident from his use of the "slush fund"  
and from his radio explanation of his rea-  
sons that he is naive and inept. It is evi-  
dent that he has suffered that strange tor-  
tured mentality, so prevalent in Washington,  
which considers everything legal which is  
not illegal. Slush funds are nothing new  
to Washington where the present Vice  
President of the United States never has  
hesitated to go out professionally as a lec-  
turer and pocket a \$1,000 fee for a \$50  
speech.

It is our contention that Senator Nixon  
will not be qualified to judge what is  
right and what is wrong, nor could he clean  
house with authority. He would be a bur-  
den to General Eisenhower in the latter's  
effort to restore morality to national affairs.  
By his own cupidity, Senator Nixon has lost  
all the value which he brought to the Re-  
publican ticket—his proven ability as a Sen-  
ate investigator to point out flaws in the  
national government, as he did so ably in  
the Hiss case.

It has long been our belief that in na-  
tional affairs as elsewhere in life, there are  
few bargains. You get just what you pay  
for; no more, no less. It is hard to believe  
that for the present salary we pay a U. S.  
Senator we could recruit the best brains in  
the land. Long ago we could have raised  
the pay of our national legislators so as to  
insure their moral and financial security.  
Pay them enough to make theirs a full time  
job and ban slush funds, \$1,000 fees for  
after-dinner speeches and any other paid  
labor except in the functions of their na-  
tional office.

This country needs a moral shakeup, but  
there is a world of difference between a  
shake-up and a shake-down, and we, here  
on The Times-News are convinced that  
Richard Nixon is no longer the man to do it.

## One Man's Opinion

### Retention of Powerful ex-Jap Naval Base at Port Arthur is Russia's Answer to Japanese-American Security Pact

BY RALPH E. HEINZEN

In a geographical phase of the world struggle of free-  
men against Communism, this week, there were two de-  
velopments of tremendous scope—the belated announce-  
ment by the U. S. Government of the establishment of a  
"farthest north" military base almost within the shadow  
of the North Pole, at Thule on the Arctic side of Green-  
land, and, secondly, the pact which Chinese Premier  
Chou En-lai negotiated in Moscow with Red Russia enab-  
ling the Kremlin to maintain its control over the vital  
Manchurian naval base at Port Arthur.

Thule is a naval and aerial outpost pointed at Siberia  
and Russia across the Polar seas. Thule is closer to Mos-  
cow across the Pole than is New York along the Atlantic  
bomber lanes. But Port Arthur, as built up by the Jap-  
anese during the forty years they held Manchuria, is the  
most powerful naval base in Communist hands. Fleets  
of submarines operating out of Port Arthur and nearby  
Dairen would have the seas around Korea, Japan and  
China at their mercy. And Red Russia is known to have  
twice as many subs as we have.

The extension of control over Port Arthur, which Rus-  
sia was to have turned back at the end of this year to  
China, is part of Stalin's global strategy aimed at neu-  
tralizing our strength everywhere possible in the world.  
Port Arthur is Russia's answer to the military bases and  
air concessions which Japan gave us.

By the same token, Thule is our answer to the build-up  
of Russian air strength in Siberia where, across the nar-  
row Behring straits from Alaska, the Communists have  
laid out a network of bomber bases.

#### Oil For China

In Washington, talks over the weekend with old friends in the  
State Department disclosed that the continued Russian use  
of Port Arthur was the price Red China had to pay for military  
supplies and planes for the costly war in Korea and for oil for  
the tanks, and the industries, of China. Russia is China's only  
source of oil, as a result of the tight blockade we are imposing.

China imported 15,000,000 barrels of oil in 1947, with no  
war on her hands. Her needs are now about double that amount.  
China's own domestic production was barely 1,300,000 barrels last

Department officials emphasized,  
they were never expected here to  
pull out. They solved their  
problem by making a deal with  
Communist China.

It is believed likely that the  
Soviet intends to maintain troops  
in Manchuria which were sent  
in from Siberia in early 1951,  
and to maintain the Soviet-  
staffed Army, Navy, and Air  
Force training schools which are  
scattered about in such cities as  
Port Arthur and Harbin.

One thing Washington observ-  
ers are certain about, however,  
and that is the fact the new  
Sino-Soviet agreement is directed,  
at least in part, against Japan.  
This is implicit in the statement  
made by Chinese Premier Chou  
En-lai on Sept. 16 that "condi-  
tions have arisen dangerous for  
peace and favorable for a re-  
tention of Japanese aggression."

This could be a prelude to  
further military pressure in Ko-  
rea, aimed ultimately at Japan;  
it could be merely an excuse for  
the fact that Russia still is re-  
maining in Manchuria; and it  
conceivably could be the opening  
gamit in an early Sino-Soviet  
attempt to wean Japan away from  
the West with offers of a peace  
based on the reopening of some  
of the lost markets on the Asi-  
atic mainland.

of Dodge cars over billions of driving miles is your sure guide to  
extra value, lasting pleasure.

You'll find proof, too, in such engineering features as the extra-  
rugged double-channel frame and staunch Safety-Steel body,  
cushioned against road shock. You'll find it in the solid sound of  
the doors when you swing them closed, and the sure response of  
big Safeguard hydraulic brakes to a touch of the pedal.

We'd like you to come in and discover for yourself how much  
more a Dodge offers in the solid, substantial qualities you're after.  
It's the best investment you could make.

Specifications and Equipment subject to change without notice.

DEMONSTRATED DEPENDABILITY

**DOUBLE-channel side rails**  
of massive strength and  
rigidity to the sturdy Dodge chassis. Rubber  
mountings cushion body from shock. Your  
Dodge stays new longer.

**Oriflow ride control is SEALED IN**  
or the life of the shock absorbers. You get a  
smoother, safer ride right from the start and  
on through the miles. Reduces wear, stretches  
car life.

**TWO hydraulic cylinders**  
in each front wheel brake give surer, safer  
stops over more miles. Cyclebond linings give  
up to double the lining life! Extra value is  
built in.

**Does YOUR  
Program Bring Out a Crowd?**

"Let's have a live program this year," you say. "Let's put some pep  
into our meetings." But how? Perhaps we can be of help. Our pro-  
motion department is at your service. We have a number of sound-  
motion pictures which we think would be of interest to your mem-  
bers. Civic, church, fraternal and business groups call upon us  
frequently. They find that visual presentation of a subject is of great  
interest to an audience.

Why not get in touch with your local Public Service office?  
Have someone there tell you about the different films we have.  
Arrangements can be made for a showing of any of our films. There  
is no charge for this service.

Life at BHS . . . . . As We See It

A long pass downfield, a play-officers. The new wheels which around end, a sensational run, a sleeper, a touchdown, the hands blowing out football songs, the cheering, the screaming, the aroma of hot dogs, peanuts, and pretzels, all these are football—the kind of football those who attend will see Saturday when Belleville lays down its first victory against East Orange. We hope everyone will be there to cheer on the sensational Belleville team which we have this year.

All students of the high school will no doubt be in the mood for such a performance after the pep assembly which is to be presented on the Friday preceding the game. Remember, upper classes, don't let the freshmen out cheer you, we hear they are pretty good. Hats off to the freshmen boys—they cheer. This amazing fact was discovered at the assembly given last Friday. This assembly offered something new to acquaint the freshmen with facts about the high school, the faculty, and important personalities in the school. Charles Maguire, president of the student council, was master of ceremonies for the program. Other officers of the student council and Cookie Kimble also participated. Mr. Slikin introduced Miss Condon, freshman guidance advisor, who gave the underclassmen some important advice. Our cheerleaders added a little diversion to the show by leading the class in cheers and songs which were played by our able organist Ken Kroth.

Mr. Correll and his class seemed to have been uninvited guests as they trooped into the assembly amid the freshmen. They were not spies, freshmen!!! No more getting up and straining vocal chords at eight o'clock in the morning the Baker's Dozen troyans are finally over. The results show that the schools top the thirteen song birds are Connie De Copoli, Elsie, Joyce, Mc Shane, Barbara Clawson, Carol Travers, Elaine Maffie, Alice Baur, Sandra Smith, Marilyn English, Beverly Spotts, Patricia Dimole, Rosalind Parlapiano, Doris Dassbach.

The first meeting of the Leaders' club was held Thursday, September 18. The girls discussed the present point system and elected

### Summer Weekend

We went out to the country again this past weekend. Summer is still here, but there was a feel in the air that told me that it wouldn't be with us much longer. To be sure, the growth is as luxuriant as it will ever get. The trees are thick and full, and in untended fields the weeds and grasses are lush. Even the weather is summery, with hot days full of heavy sunshine that shimmers on the dusty roads. The dogs lie in the shady spots and their tongues still hang from the heat. But somehow there's a touch of change in the air. It may not come for another month, but the advance notices are there. I can't put my finger on any of them. Perhaps it's in the way the nights fall earlier, with twilight coming on where a while ago the sun was still strong. Perhaps it's in the coolness of the nights. A few weeks ago the night's cool was the cool of summer after-noon—the relief from the day's heat that you always get in the country. But now it's a different coolness. It has the feel of autumn to it, and—maybe it was

my imagination—but I thought I even smelled the elusive aroma of October.

On Saturday morning, after a modest breakfast, we took a long walk—"modest breakfast" in the country means juice, wheatcakes and sausages, eggs, coffee and toast. I wonder what a heavy breakfast consists of in the country.

The beginning of our walk, because of the modest breakfast, was more work than pleasure. After a while, climbing the hills caused the midriff pressure to ease, and we began to look around.

This was a narrow country road—none of your asphalt or concrete super-highways. An honest, unsophisticated road this was, with no tar topping—just plain dirt worn by cartwheels, hooves, and an infrequent car. Like all country roads, this one didn't believe, like Euclid, that a straight line is the shortest distance between two points.

It was in no hurry to get anywhere. It just meandered along, curving around a hill, dropping into a valley, wandering along meadows and pastureland. It seemed to me to have a personality, this road, somewhat like that of an elderly but still hearty man who will not be hurried, who enjoys a good long walk and wants to see everything there is to see.

We followed it, falling in with the spirit. We took it slowly, stopping once to sit on a small rocky bridge that crossed a lively little stream. All around us it was quiet. The long shadows were that of the water rustling and bubbling over the rocks, and an occasional bird or squirrel who perched nearby watching us.

with eyes beady and indignant at our intrusion.

After a while we went on. The road went down into a small valley and passed by a fenced field where a large herd of cows was grazing. Those near the fence looked up as we passed, their large liquid eyes scanning us with mild detached interest.

One of them, a heifer, came up to poke her snout through the fence. I held out my hand and she unrolled her long raspy tongue to give my fingers an affectionate slurp. Finding them good, she decided to take a nibble. I withdrew my hand quickly and counted my fingers to make sure I still had them all. The heifer, like many animals, didn't know her own strength, and I think she could have chomped off a few fingers with as much ease as she cropped blades of grass.

We followed the road as it climbed up the hill. At the top we paused to look back across the valley. Through the middle of it ran the broad band of a silver river which disappeared into the woods near the base of the hills. Two farms were laid out like large brown patches on a green blanket.

From the house of one of them came a plume of smoke, and I could imagine the farmwife busy over her stove, preparing the meal that her menfolk, after a morning in the fields, would devour like starving animals. Down our road, as it dropped from the crest of the hill, I saw a little white dog. He had emerged from the woods, and now, probably feeling hungry, was trotting back home with that funny, three-legged-four-legged run that dogs sometimes have.

We turned and slowly walked back to the house where we were spending the weekend. I felt warm inside—not weather-warm but spiritually-warm. I've been accused of being childish about some of my pleasures. Coming back from a walk such as this, I can talk about it as if I've just returned from the Riviera. My listeners—some of them—wonder what all the commotion is about.
