### So What?

About this time each year Belleville's shade tree department trots out its spraying truck and therein lies a tale. The truck was purchased in 1918 by the Town as a fire truck and was used for 17 years until it had become outmoded as a fire apparatus. Instead of trading it in on the new truck for next to nothing, the spraying equipment was mounted in the hose compartment, and has been used by the shade tree department for another 17 years. The original solid rubber tires were outlived in the state many years ago with a provision that they can be used as long as they are good, but cannot be replaced. So not only is the tree department using a piece of rather ancient vintage, but the tires too are aged, but still good.

Police received a report on Monday morning that 20 names of girls had been broken in the Eastwood Nealley Plant over the weekend. The window breaking appeared to be the work of boys throwing stones.

The town ambulance was called to the third hole of the Hendricks Field Golf Course, operated by the county. Saturday, when Jimmy Walling, 61, of 182 Park Avenue, East Orange, apparently suffered a heart attack and collapsed while playing golf. He was taken to the Columbus Memorial Hospital.

James LeBreton of 255 Nutley Avenue, Nutley got a little surprise on Saturday when he tried to turn from Franklin Avenue into Liberty Avenue. Rains had softened the dirt in the trench of the newly laid storm sewer and as the front wheel of Mr. LeBreton's Nash sedan hit the trench, it sank to the axle. A towing truck had to pull it out, and until the contractors, the New Construction Company could get men to the scene to put new dirt in the trench, Liberty Avenue was blocked off at Franklin Avenue.

### Woman Injured In Early Morning Crash at Washington and Rutgers

The accident took place at Washington Avenue and Rutgers Street at 1:12 a.m. Sunday.

Those receiving honorable mentions in oils were: Lorena Clark of Belleville, Doris Faber, Claire Ananieff, and Jack Gibbs, president of the Associated Artists. Second and third awards in watercolor went to:

Mary Thompson and Frederick J. Griffin, respectively.

More than 350 people signed the guest book at the exhibit. Special interest was displayed in the ceramic demonstration given by Mrs. Mabel Russell of 54 Leech Street.

The following members of the group acted as hostesses: Mrs. Phyllis Wazman, Mrs. Helen Del Grosso, Miss Dale Vesten, Mrs. Gladys Sherman, and Mrs. Mary Cooper. The A.A.'s wish to acknowledge gratefully all those who helped make this exhibit possible and all those who contributed their paintings. The fine quality of all the pictures made it difficult for judges George Schwacka, Jane Oliver and Albert Heintz to choose the winners.

John and David Karrer arrived in Belleville early Sunday morning to spend five weeks with their aunt and uncle, Mr. and Mrs. Charles Thomson of 190 Overlook Avenue. David, 12 and John, 14, left Houston, Texas, alone Thursday and rode by Greyhound bus for 71 hours to reach Belleville. They arrived complete with Stetson hats and cowboy boots. Their parents, Mr. and Mrs. Percy Karrer, now of 1701 Pine Village Drive, Houston, moved to Texas a year ago when the Prudential Insurance Company opened a branch office there.

John and David will spend two of their weeks in Belleville and the rest of their vacation at the Sea Girt cottage of the Thomsons. The boys had a fine time this week showing off their western clothes to school friends. Many of the boys and girls have expressed themselves as wishing their fathers would be transferred to Texas, so they too could wear big hats and high-heeled boots with authority.

If Miss Carolyn Pohl of Grade Three, School No. 28, wondered who all the whispering was going on in her class last week, she soon found out on Thursday when the children, with the help of the mother, tendered her a surprise party. The affair was a well-kept secret, from the expression on Miss Pohl's face when the children yelled, "Surprise." Miss Pohl assumes new duties in the fall. As a remembrance from the class, she was presented with a very pretty brooch and a farewell card signed by all the children.

Mrs. Louis Sussman of 66 Van Ruyper Place, a member of a national committee on leadership training for the National Women's League of the United Synagogue of America, attended a conference of the organization at the Hotel Esplanade in New York City on Tuesday and Wednesday. On Tuesday evening she was a dinner guest of Mrs. Emanuel Siner, national president, at her home on Long Island.

### Farm League Rained Out Tries Again Tomorrow

Because of last Saturday's rain out, the schedule for the Recreation Department Farm Baseball League has been set back one week. Tomorrow, at 7:30 in the time and the Main School Stadium is the place. All of the young men who were unsuccessful in their trysts for the Little League will have another chance to play ball with the Farm League. All youngsters from age eight to thirteen are encouraged to report to Ralph Baker tomorrow for registration.

The Farm League actually serves two purposes, in addition to giving a second chance to the lads who try out for Little League. It offers training and experience which will go a long way toward insuring these players a berth on one of next year's Little League teams or on their school teams.

Belleville now offers its youth a complete pattern of baseball training: at the early age levels there is Elementary School, Little League, and Farm League; all of which are under the supervision of the Recreation Department, next there is the Little Brierley League run by the P.A.L. with the cooperation of the Recreation Department, from there the next step is High School baseball.

# Demons Tumble Clippers To Take Little League Lead

## Ronnie Valante Clouts Two Homers; Score Eight Runs in Third Against Aces; Yanks, Giants Win in National

The Demons took over the lead in the American division of the Little League this week when they handed the Clippers their first loss of the campaign by a 7 to 4 score and then spanked the Aces 12 to 8. In the National Division the Yanks beat the Cubs 14 to 12, and the Giants trounced the Dodgers 12 to 1 to remain tied for first honors.

The Demos took advantage of the wildness of Ray Mastrandrea after Ronnie Valante got the team off to a good start with a home run in the first. Valante also clouted a homer to open the fifth inning for the Demons. He finished the day with three for three and had three runs.

In beating the Aces the Demons sent 12 men to bat in the third inning, and scored eight runs on four walks, a hit batter, and five singles. It was enough. The Aces came back with seven in the fourth on three walks a hit batter and four singles. Bartell and Olson hit triples.

Tom Laterza was the hitting hero for the Yanks when in true Yankee fashion he clouted a homer and two singles in five trips to the plate to lead his mates to a 14 to 12 victory in a wild and woolly contest. Most of the runs were concentrated in the first three innings, the score standing at 11 all at this point. The Yanks then won 6 to 2 in the fourth on four runs and two singles.

George Cutler of the Giants didn't need all the runs his mates got for him against the Dodgers. The young Giant had one hit and except for wildness in the second, when after Ed Crude doubled, one of his pitches got away from Bivona and then he balked the runner home. Phil Bivona with two hits led the Giant attack. The Giants scored nine runs in the fifth when five safeties were mixed with a hit batter and four Dodger errors as a dozen batters trotted to the plate.

### ST. ANTHONY'S LOSE TO MT. CARMEL

Winners Get Six Runs In One Inning From Bob Doyle; Two More CYO Games On Sunday

St. Anthony's, Belleville, lost a 6-0 verdict to Mt. Carmel, Montclair, Sunday at Branch Brook Park in the Essex County CYO Intermediate baseball league.

The Mounties gained all of their winning runs in the fifth frame, when Sam Bonito hit a home run with the bases filled. Paul Marone's fielding prevented any further slaughter of the Belleville nine. Winning pitcher Vinnie Nicastro was nipped for five hits, as was losing hurler Bob Doyle. The decision came as a surprise, since St. Anthony's defeated the Mounties 14 to 5 in a recent exhibition game. Mt. Carmel is the defending Intermediate champion, while St. Anthony's won last year's Junior title.

St. Peter's, Belleville, won a Junior League forfeit victory from St. Mary's, Nutley, on Sunday. St. Anthony's plays St. Stanislaus, Newark, at Branch Brook. Game time is 3:30 p.m. St. Peter's meets North Plainfield, Bloomfield, at Watessing Park starting at 1 p.m.

### DODGERS TOP CARDS IN LITTLE BIGGER LEAGUE OPENER

Spectacular Catch In Final Frame Saves Day; Joe Prieto Stars With Homer, 2 Singles

The PAL Little Bigger League started league play Tuesday evening at Municipal Stadium with the Dodgers defeating the Cardinals in a thrilling game by a score of 5 to 4. Jim Brady started for the Dodgers and went the distance allowing seven hits. Joe Prieto pitched all the way for the Cards also giving up seven hits. The Dodgers jumped off to a 1 run lead in the first inning on a single by Mike Domenick, an error and an infield out. The Cards forged ahead in the third inning with 3 runs on successive singles by Cardinals and Long, and a home run by Joe Prieto. In the fourth half of the third the Cards blew their lead allowing two runs to score on an error, and four hits accounting for two additional runs gave the Dodgers the ball game. A desperate rally in the last inning by the Cards fell one run short because of a spectacular catch by Luongo in left field with two men on base, bobbing Joe Long off at first and a two-bagger and saving the game. Joe Prieto garnered three of the Cards seven hits for batting honors of the evening, while Mike Domenick, Jim Perelli and Joe Cox connected for two safeties each for the winners.

Last night the Giants met the Phillies and tonight at 6 o'clock the Dodgers will meet the Braves. Games next week will be played on Wednesday, Thursday and Friday evenings at Municipal Stadium starting at 6 o'clock.

## High School Band Presents Concert On School 3 Lawn

With the cooperation of Mr. Paul Jones, Principal of School Number Three, and under the direction of Mr. Herbert Matlack, the Belleville High School Band presented a very enjoyable concert to the students and faculty of the school.

This was the first concert presented at School Number Three in a number of years and to make it more unusual and outstanding, it was given on the sloping terrace in the rear of the school building. Because of the layout of the school grounds at that particular point it is almost like an outdoor amphitheatre.

More than forty-five high school students are in the band, and they have been doing some excellent work in presenting these musicals throughout the town of Belleville.

## Small Boy In June

Where is he now? Lying down in the clover,  
Reading the news of the world there, line  
by line,  
Hearing the wind whisper to him over and  
over,

"Wait for the moment; I will give you a  
sign."

How can you hope that he will ever hear  
you,

Though you may call him he will not reply.  
Like the fox he is over-cautious; he may be  
near you,

But still as a fieldmouse he has learned to  
lie.

Where is he now? Why not question the  
willow?

The willow that gave him a whistle and  
a dream,

That pointed the way to the mossy hidden  
pillow

Where a flashing brook wove a line like a  
crooked seam.

Where is he now, He is here, but how can  
you tell

Whether or not he is under summer's spell?

## Was It A Real Riot In Berlin?

This week's rioting in East Berlin is  
suspicious, doubly so because even though  
the Russians used tanks and troops in a four  
hour battle with the Berliners, there was  
only one casualty — the victim of a hit-and-

run driver. Had the battle been real, hun-  
dreds surely would have died.

It, doubtless, is true that the Germans  
still bear the hatred of the Russians which  
they have shared as a national characteristic  
since centuries. The average German con-  
sider the Russian as an inferior and it is un-  
thinkable to Germans that even though they  
lost the war, the Russians are their masters.

If the rioting was phony, it would serve  
the purpose of setting the stage for German  
unification. Malenkov can now turn to the  
West and say: "You see, the East Germans  
have a free mind; trust them at the polls in  
a national election".

## The O'Henry Touch

The arrest last week of a Newark youth  
who admitted planning to hold up a local in-  
dustrial payroll, definitely has an O'Henry  
touch, but nevertheless was one which brings  
credit upon the Belleville police force. O'Hen-  
ry fans will remember his story about the  
character who tried to be arrested so that he  
could spend the winter in a nice warm  
jail, but was finally taken before the judge  
when he obviously was doing nothing wrong.

In the Belleville case Patrolman Hugh  
O'Toole saw a car double parked, but instead  
of making an arrest on the motor vehicle  
violation, was a good fellow and directed the  
driver to pull to the curb. The patrolman  
circled the block and when the car was prop-  
erly parked exercised a hunch, a faculty  
which is often very effective in police work,  
and asked for the driver's credentials.

Then things broke fast. It was found that  
the youth was in a stolen car. That a gun in  
the car was also stolen and had been used  
in two Hotel stickups, and that the youth  
and an accomplice had planned to hold up the  
messenger carrying the payroll of the  
Thompson Materials Company.

It was a good arrest. The circumstances  
are immaterial.

## One Man's Opinion

EDC Loses Ground, Moscow Muffles Titoism  
And Germany Looks To Moscow Instead Of  
To Washington For Her Unification

BY RALPH E. HEINZEN

If "Red" Buttons may be quoted outside of the burlesque  
halls and the sound-stage of television, "strange things  
are happening".

Moscow proposes to Belgrade that normal diplomatic  
relations be resumed between Soviet Russia and Yugoslavia  
and, without even setting a price, Marshal Tito hastily  
agrees.

Moscow proposes to put the unification of Germany at  
the top of the agenda if and when the Big Four sit down to  
talk over their problems. Yet only a few months ago when  
Stalin was still alive, Moscow turned down our suggestion  
that we seek a solution of the German problem.

If it all had not come so  
sudden as to arouse our sus-  
picious, Moscow's desire for  
peace might be good news.  
But, in the light of happen-  
ings of the past six years,  
since the war ended, the  
strange things which are hap-  
pening would appear to be  
merely a skillfully concentra-  
ted peace offensive intended  
more to snare an unwary foe  
than to indicate any real  
disunity in the West than,  
really, to solve the problem of  
Communism and Capitalist co-  
existence.

The next day, June 10, the  
Austrian Government announced  
that Moscow had agreed to es-  
tablishing full diplomatic rela-  
tions with Vienna. Ivan L. Ilyi-  
chev, the newly appointed Soviet  
High Commissioner, was named  
Ambassador to Vienna.

Within a 72-hour period, the  
Soviet Union had renounced  
some of its control powers which  
it had imposed on Austria since  
the end of the war. It had  
renounced the right to station  
its troops in Austria.

The surprise was all the greater  
when on June 10, the East  
German Government published a  
number of decrees which in some  
respects halted and in others  
completely reversed the hitherto  
existing policy of rapid Sovietiza-  
tion.

According to these decrees, col-  
lectivization of farming was to  
be given state credits, and those  
who have been forced out

of business will be allowed to  
reestablish themselves; returning  
refugees are to be given back  
their confiscated property, and  
all those, mostly members of the  
bourgeoisie, who have been  
deprived of their ration cards are  
to get them back.

These steps are exactly the op-  
posite of what the Soviet Union  
western observer would have  
devised. Together with the  
East German Government's di-  
plomatic announcement of an  
agreement with the Protestant  
Church, they have taken the  
wind out of the sails of op-  
ponents of German unification.

They have dealt a severe blow  
to Chancellor Konrad Adenauer's  
foreign political program of close  
cooperation with the Atlantic  
Pact powers and to the prospects  
for his coalition to win the par-  
liamentary elections, next Sep-  
tember.

## Appealing To Germans

Should a majority of West  
Germans feel, as many of them  
do, that it is now safe to  
start negotiating with the  
East German Government or  
with Moscow on German uni-  
fication and on establishment of  
an all-German government, there  
is hardly any politician in Ger-  
many who could stop such a  
trend.

Even before the excitement  
about the East German move-  
ment, rumors of a Soviet move  
concerning relations with  
Turkey began to spread June 11.  
It has been confirmed since,  
semiofficially, that Moscow in-  
formed Ankara of its willing-  
ness to renounce its territorial  
claims to three Turkish districts  
at the southwestern border of  
the Soviet Union and to nego-  
tiate the Montreux Agreement  
about the Dardanelles without  
insisting on the right to station  
military bases on the shores of  
the Straits.

That was followed on Monday,  
of this week, by the offer to  
restore full diplomatic relations  
with Tito — the most hated of all  
who ever broke with the Krem-  
lin.

## Could Reverse Anytime

Each of the four moves, in  
Austria, East Germany, Turkey  
and Yugoslavia, has touched one  
of the West's most sensitive  
spots. All four can be presented  
to the world as concrete evidence  
of the Kremlin's endeavor to re-  
lax international tension by re-  
treating from the foreign political  
lines drawn by Stalin. Four  
have in common that they are  
reversible.

Nothing is easier than to re-

erect zonal barriers in Austria  
and stop the flow of goods from  
East to West. Nothing is easier  
than to write and proclaim a  
new set of decrees in East Ger-  
many that will reopen the farm  
collectivization drive, take away  
business from private owners,  
call in bank loans, and cancel  
food ration cards for any sec-  
tion of the population. A dip-  
lomat could be recalled from Bel-  
grade by the next train.

The zigzagging of domestic  
policies in the Soviet Union and  
the satellite countries is a mat-  
ter of record. And so are about-  
faces in Soviet foreign policy;  
that is why even Moscow's most  
solemn renunciation of its claims  
to Turkish border districts is of  
questionable value.

## Attractive To Europeans

Yet despite these facts it prob-  
ably would be a grave mistake  
for us to underestimate the psy-  
chological impact of the latest  
Kremlin's bids. To Europeans the  
dangers inherent in the East-  
West tension are something tan-  
gible, especially to the Austrians,  
Germans, and Turks who have  
been under the thumb of Soviet-  
controlled countries touching their  
own borders. The prospect of an  
end of the tension, the profes-  
sion of a settlement that seems  
to guarantee a reasonably long  
period of peace, is bound to ex-  
ercise a powerful attraction.

The Kremlin, without doubt,  
hopes the attraction will be  
enough to lure the four  
countries away from the western  
block. The gain for the Soviet  
Government would be enormous.  
The defection of Germany

would all but wreck the western  
defense system, apart from in-  
calculable profits Moscow could  
expect.

Turkey's defection, or even its  
full neutralization, would render  
worthless the West's present  
blueprints for securing the Medi-  
terranean flank. In Austria, cre-  
ation of a climate more friendly  
toward Russia might allow the  
Kremlin to further delay the  
peace treaty and maintain a foot-  
hold in a strategic key spot.

All this western diplomacy will  
have to take into account before  
deciding on how to reply to the  
latest Soviet challenge.

340 Children Attend Opera  
Performance At Passaic

Three hundred and forty chil-  
dren of grades four through eight  
from the nine elementary schools  
of Belleville attended the perfor-  
mance of Humperdinck's opera  
"Hansel and Gretel" given at the  
Central Theatre, Passaic recently.  
The opera was presented by  
the New York Youth Concert  
Association. Singers from the  
Philadelphia, La Scala, Cincin-  
nati, and San Carlo Grand Opera  
Companies were heard. Wheeler  
Beckett conducted the performance.

Misses Ingrid Bryant, Shirley  
Bode and Margaret Bunce, music

supervisors of the Belleville Ele-  
mentary School, arranged the  
entire trip, and made the plans  
for the transportation of the stu-  
dents. The teachers of the nine  
schools acted as chaperones.

Mrs. Naomi Galley and Mrs.  
Mrs. Elizabeth Rossmid, seventh  
grade teachers at Number Eight  
School, accompanied fifty-six boys  
and girls on a trip to Monroe,  
New York.

Monroe, New York was original-  
ly called the Museum Village of  
Switz, New York, and is located  
near the historic town of Blooming  
Grove, Orange County, New York.  
The students had the opportunity  
of seeing: General Grant's  
coach; John Quincy Adams' piano;  
Governor Clinton's sleigh; a part  
of the great chain stretched across  
the Hudson River in 1778 to block  
British warships; grandmother's  
candy making boxes, and a  
task of the ice age, dug up near  
the Museum Village and a ball  
room elevator from the Grand Uni-  
on Hotel at Saratoga Springs, New  
York.

vision of Miss Elsie W. Sanford,  
Miss Virginia Mac Gilveray, and  
Miss Bernadette M. Colaneri visit-  
ed the Franklin Lakes Dairy as a  
part of their work on a farming  
unit.

Local Business Teachers  
Attend Paterson Workshop

Harold Dufford, Miss Alma  
Gray, Charles F. Schultz, and Mrs.  
Anne Sneider, members of the  
business education faculty of  
Belleville High School, were among  
the more than 300 business teach-  
ers, school administrators, and  
prospective business teachers who  
attended the 10th Annual Business  
Education Association and the  
business education department of  
the college.

Without any advance indica-  
tion, all the restrictions concern-  
ing the Americans have now been  
lifted. People and goods may  
move freely between eastern and  
western zones. And the first re-  
ports from the crossing points  
indicate that even the checking  
of gray-card-carrying foreigners  
is being waived.

But the lifting of the frontier  
barriers was only a beginning.  
On June 9, the Soviet occupation  
authorities informed the Austrian  
Government that they no longer  
would insist on jurisdiction in  
Austrian police matters.

## Clever, Not Clumsy

This Russian peace offensive  
is different than any other we  
have seen. It would seem to  
come from a "reformed"  
Communist regime, but, as far  
as the Kremlin knows, nothing  
fundamental has been changed  
at the Kremlin either in policy or  
in the reform, if there is  
any, lies only in the method  
used.

Unlike all previous peace of-  
fensives, there is nothing clumsy  
about this one. This offensive  
has been executed with fine  
skill that we have not noted, hitherto,  
in the Kremlin's maneuvers. And,  
this far, it has hit us in four  
spots where it can hurt — Austria,  
Germany, Turkey and Yugosla-  
via. If they refuse to join the  
Western powers in a common de-  
fense and refuse to underwrite  
the European army, EDC will be  
doomed. Without Turkey, Yugosla-  
via, and the Dardanelles, without  
Germany to force arms and to fur-  
nish 20 divisions, without Yun-  
goslavia as an outpost in the Bal-  
kans, our hopes will collapse.

## Began In Vienna

This is, clearly, a carefully  
planned offensive, with nothing  
of an operation organized or im-  
provvised in haste to take advan-  
tage of Stalin's passing. It all be-  
gan, simply enough, in Austria.

Late, on June 8, Soviet sol-  
diers at the frontiers between So-  
viet-occupied eastern Austria and  
the western zones under Ameri-  
can, British, and French occupa-  
tion suddenly tore down the  
zonal barriers.

For more than eight years,  
since the country's liberation in  
April, 1945, every Austrian who  
wanted to cross the East-West  
zone border on business or  
pleasure had to show identifica-  
tion cards stamped with five  
stamps, those of his own govern-  
ment and of the four occupation  
powers. The food grown in  
eastern Austria and nothing pro-  
duced in a factory there could  
be taken to the western zones  
unless export documents, always  
difficult and often impossible to  
get, were attached to it.

Overnight Changes  
But the lifting of the frontier  
barriers was only a beginning.  
On June 9, the Soviet occupation  
authorities informed the Austrian  
Government that they no longer  
would insist on jurisdiction in  
Austrian police matters.

## Beck's Television Column

We continue to receive num-  
erous calls about poor and er-  
ratic reception on channel 2  
and ghosts on 4 and 7 which  
customers never had before.  
This condition was mentioned  
here repeatedly.

The trouble started a few  
months ago when the trans-  
mitting power on channel 2 was  
increased considerably. One  
should think that the result  
would be a better picture on  
this station. But it did not turn  
out to be that way in many  
cases. A large number of sets  
with insufficient automatic  
gain control (AGC) overload-  
ed, the picture became black  
and unstable and could not be  
adjusted to come in clear. Of-  
ten it was only necessary to  
attenuate the signal strength of  
the antenna for the picture to  
be clear. The more we over-  
load and the difficulty could be  
overcome. Sometimes we had  
to make changes in the antenna  
sets. The most baffling problem  
was the appearance of ghosts  
on channels 4 and 7 and also  
on 2 when there were no  
ghosts before. In some cases it  
was impossible to clear up this  
condition by other means we had  
to change the whole antenna  
system. Apparently there is  
still a problem being done on  
transmitters, because reception  
may be perfect one day and  
the next it is very poor. Be-  
cause of this it is very difficult  
for a repairman to do some-  
thing about this condition. If  
you are affected we would sug-  
gest to wait a while before you  
call your repairman. Under  
the present receiving condi-  
tions he just can't guarantee  
that your trouble will be elimi-  
nated.

### TEACHERS HEAR ADDRESS ON CEP

Columbia U. Representative Outlines Techniques For Teaching Citizenship Here

Dr. Ronald Doll of Columbia University spoke to a group of Belleville teachers in the school library last week. Dr. Doll outlined the techniques and practices of teaching citizenship to the seventh and eighth grade teachers in the system, the department chairmen in the high school, and the social studies department of Belleville High School.

Dr. Doll represents the Citizenship Education Project of which Belleville recently became a collaborating school. The project is financed by the Carnegie Foundation and requires that at least one teacher from the system attend a series of workshops, before membership will be considered. Michael Rosamilia of the high school social studies department, in attending these workshops, has become the contact person.

The meeting with Dr. Doll was arranged by Dr. Frank Dufke, general supervisor, as one of the services offered to collaborating schools. Much of the meeting time was devoted to an explanation of the various teaching materials now available to teachers.

### FINAL WORKSHOP BOOKLET ISSUED

"Shop Talk" Publication Has Familiarized Teachers With Programs Of Other Schools

The final issue of the Workshop—Council's booklet, "Shop Talk," which is prepared by Dr. Frank M. Dufke, General Supervisor of the Belleville Public Schools, was distributed to all teachers and administrators of the school system during the week.

"Shop Talk" has served a variety of useful purposes by acquainting teachers throughout the system with the programs being used in other schools. It has given all the teachers an opportunity to secure ideas about methods of teaching; it has provided excellent plans for teachers who are interested in taking classes on field trips; and it has provided a liaison between the workshop groups and the teachers who were not members of a committee.

The final issue of "Shop Talk" will contain a report on each of the Workshop committees, and will present some of the plans for next year.

Richard Abbott (extreme right above) is demonstrating the proper use of reflective tape on a bicycle for safer riding after dark. Looking on are, left to right: Robert Elliott, Dominic Colaninno, Patrol Captain; Richard Kuszon, Patricia Paganelli, Catherine Chieffo, Judith Buono and Louis Long. Other members of the patrol include: Richard Kuszon, co-captain; Michael Ecker, Robert Gaccione, Joseph Gafamella, Joseph Rega, Alvin Roth, Robert Savare, Michael Swetell, Jay Wartell, Ronald Zeller, Carl Colombino, Gary Tobia, Joseph Catenacci, Joseph Di Biase, Vincent Caldaro, Charles Kase, Anthony Gaeta, and Joseph Palmieri. The students were treated to the sight of a flock of Purple Finches sporting their crimson summer caps. They found the song of the Brown Thrasher amusing. One of their favorite sights was the appearance of the Mourning Dove butterfly coming out of hibernation.

Mrs. Newman's class was recently delighted to receive a personal "thank you note from Warren Hull of "Strike It Rich" television program for their Brotherhood Week contribution to the Heart Line Fund.

Air Conditioning on wheels\* comes of age!

Now you can have a car that's as comfortable on hot days as your air-conditioned home, office or favorite theater.

Now you can ride in draft-free coolness at the temperature level you choose—even when the outside reading is 110° and more.

Now you can take a full complement of passengers through the thick of traffic on a sweltering day—and each one of you will keep looking and feeling fresh as a daisy at dewtime.

Grilles in Buick's exclusive dual-roof ducts insure draft-free distribution of conditioned air—and also provide individual control of air direction as desired.

Return air grilles on package shelf help maintain continuous circulation of conditioned, pollen-free air.

What's more, these exclusive roof ducts have individually controlled air directors above the side windows. So each window-seater passenger can guide a gentle breeze of conditioned air exactly where he wants it.

Of course, the Buick AIRCONDITIONER is automatic.

You switch it on, choose the temperature setting you want—and that level of coolness is maintained constantly. It thoroughly conditions the air around you—automatically. It carries off heat, stale air, tobacco smoke—automatically. It continuously introduces outside air into the system—automatically.

It's fast-acting, too. Even after an hour or more locked up under summer's hottest sun, the car interior can be brought to a delightfully cool comfort in a matter of minutes.

And it's really compact. The cooling unit itself fits neatly on a narrow shelf in the big trunk compartment—leaves plenty of room for luggage and the like.

Why not drop in on us and try a demonstration?

You'll find that the Buick AIRCONDITIONER with its exclusive dual-roof ducts is the ultimate comfort in hot-climate driving.

\*Buick AIRCONDITIONER available in 1953 Roadmaster and Super Riviera and Sedan models at extra cost.

### Life at BHS As We See It

Peggy Kelly and Evelyn Hannan

"We believe that on this graduation night, though we depart," well, the class song has been picked and the valedictorian, salutatorian, and Honor List, which consists of all those people who have attained an average of 90 or better during their four years of high school, have been named. The class of 1953 has graduated. "I Believe" was the song of the year as far as the seniors are concerned, and was the one to which they marched off the field at Commencement. The words to the song were written by our (favorite) columnists, Peg and Ev.

The brains of the class, led by Joan Cavanaugh, valedictorian, and Keith McEligott, salutatorian, are Peggy Kelly, Ned Garland, Marie DeFalco, Estelle Denner, Barbara Clawson, Elizabeth Grier, Bob Kittle, Fred Kraft, Bill Lane, Johanna Liberti, Ann Mc Cann, Jo Ann Mohler, Evelyn Niederer, Harriet Spotts, and Evelyn Hannan. These geniuses were a gold cord on their gowns at Commencement. Congratulations to all of you and lots of luck in the future!

While we're on the subject of the Class of 1953, how about that Mount? Say, have you got your tickets for the dance?

Congratulations to the staff for the terrific book, but what else? It does belong to the Class of 1953. And in case you are running out of things to write next to your picture, we have a very little book with numerous sayings from Kittle, Kraft, Lane, and Spotts. It's only one dollar per copy. We also have some left over elevator tickets and passes to the swimming pool which we would be only too happy to donate to next year's senior class.

Through the voluntary band and arm action of Fred Kraft, Joan Cavanaugh, Keith McEligott,

Bob Kittle, Mary Whitfield, Jack Denner, Ken Kraft, and Evelyn Hannan, members of the National Honor Society who were tapped last year, the Society gained some new members. May 29 proved the big day for thirty-one students of our lovely high school who experienced the thrill of being tapped for the Honor Society. The "hand-picked" group consisted of Barbara Clawson, Doris Dassbach, Marie DeFalco, Ned Garland, Alice Hiltner, Peggy Kelly, Joanne Lewis, Johanna Liberti, Ann Mc Cann, Jo Ann Mohler, Sarah Sue Posta, Mary Prieto, Jane Rhodes, Mary Lou Salandra, Beverly Spotts, Jo Ann Zawadzki, Don Clark, John Friel, William Lane, Joe Monahan, Ken Targart, Harold Sutphen, and Roland Worthington, seniors, and Eleanor Long, Elaine Wiche, Jack Hart, Robert Kwie, John Love, Harry Valante, and Bill Chapman, juniors. Congratulations to all those who experienced the thrill!

Not long after the tapping assembly the senior members of the society met and voted for the officers for next year's group. Harry Valante was elected president; Jack Hart, vice-president; and John Love, secretary-treasurer. Congratulations, again, to these three swell kids!

Well, the Awards Assembly really got going soon after when that crazy Hannan, my columnist, pranced up to the stage again. But what was this? Oh, she's presenting instead of receiving. It is the formal presentation of the "Golden Key" to Mr. John Heffernan, its distinguished recipient. Congratulations, Mr. Heffernan, "our teacher of the year."

Also on the program for the day were awards to the basketball, crew, baseball, golf, track, cross country, bowling, and swimming teams for their respective coaches. And, in turn, the Coaches were presented with gifts by their teams. Congratulations to friends and helpers that had been to the boys.

Special awards were presented to Beverly Spotts and Ken Kroth for their contributions to BHS in the field of music. A wonderful year as Student Council president, and to Cookie Kimmle went a very special award for his immense contributions in the way of Service to BHS. This last award is to become an annual one at the high school.

Just so the girls could get into the act Miss Pettito mounted the platform and presented the cheerleaders with their medals and certificates, and then came the mistake! Your (trust?) columnist was called to the stage to accept the annual "Leader" Club awards. Something must have gone wrong because they were supposed to be presented to the two most outstanding girls in the club. First mistake our two superb gym teachers, Miss Thomson and Miss Pettito, ever made.

How did you like that terrific carnival at Hannan's estate recently? Everyone who is anyone was there, including Tony Bonetti, Frankie Laine, Joni James, and many other celebrities who provided entertainment. From what we hear and say, "Strange things were happening!" The Nereid Boat Club raced

### Local Youths To Take Exams For Westinghouse Lamp Course

Three Belleville youths are among the candidates for the four-year Westinghouse Lamp Division machinist apprentice training course to start shortly in July. They are: Arthur L. Peterson of 547 Washington Avenue, Howard W. Smith of 81 Jefferson Street, and Gilbert H. Stout of 5 Ver-

race Place. The candidates will be given written aptitude and intelligence tests. Those who pass will be eligible for personal interviews.

Attends "N" Institute  
Jean Tasselli of 9 Columbus Avenue, representing Caldwell College for Women, is one of 86 student delegates from 65 U. S. colleges attending the Eighth Annual Intercollegiate Institute on the United Nations sponsored by the Collegiate Council for the United Nations in New York City throughout the week.

The New York A. C. last week, as usual, they won. As their reward each member of the crew was presented with a gold trophy. Congratulations, fellows!

That was some terrific dinner dance last week. The dinner was sensational, we never had such marvelous food. With a member of the senior class supplying the music for dancing, meaning Mike DeFilippo and his band, how could the dancing be anything but the best.

Since this marks the termination of our travels as columnist together may we thank all of the students who have aided us in our endeavors, and then all of the members of the faculty and the student body with whom we have joked now and then and who we have so often kidded along. May we also take time out to thank The Belleville Times which has so graciously printed our work and aided us in many ways.

It has been swell writing for all of you and we only hope you have enjoyed it as much as we have.

"Now the time has come when we must say good-bye" not only to Belleville High but to you and to each other. Be real!

### DR. FRANK DURKEE WILL SERVE ON STATE COMMITTEE

Group To Prepare Bulletin  
On Supervision Practices In  
Education; Confab Wednesday

Dr. Thomas J. Durrell, Assistant Commissioner of Education, has begun a study of supervision in the New Jersey schools, and has asked Dr. Frank M. Durkee, General Supervisor of the Belleville Public Schools, to serve on the committee as a representative of the Curriculum Coordinators of New Jersey. The committee will include three elementary school supervisors, three helping teachers, and Dr. Durrell's assistant, Miss M. Hoppock.

The group will prepare a Bulletin on the place of supervision in education, stating the philosophy pertaining to the principles underlying sound supervision. The bulletin will outline some of its important services, and describe some successful practices of supervision.

This study is an outgrowth of the Cooperative Project on Educational Administration sponsored by the Kellogg Foundation, and State Department of Education. In this study of education, the administration of the Belleville schools expressed a need for better work in the field of supervision.

Dr. Milton Steinhauer of Rutgers University was the OPEA Coordinator, and he took the problem of supervision to the State Department of Education. He and his students at the university will continue to work with the committee and Dr. Durrell in preparing the new bulletin. Dr. Durrell's committee on supervision held their first meeting on Wednesday on the place of supervision.

Named To Honorary Society  
Hollister C. Suge of 41 Mt. Pleasant Avenue, an undergraduate at Rutgers University, was recently elected to associate membership in the State University chapter of Sigma Xi, national honorary scientific society.

## Teen of the Week

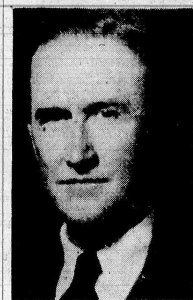

"Admiral" Warren Kimble, more commonly known as "Cook" Kimble, fills the picture to the left of this write-up. A real worker for four years, this boy is one of the most deserving of the term "Teen of the Week."

To list all of the things this popular guy has done during his high school career would be impossible; however, President of the class in his junior year, Vice-president of the class in his sophomore year, PMC of the Suburban DeMolay, member of the Naval Reserve, chairman of the magazine campaign, and last year's Elks Youth Leadership contest winner, are a few of the things which have taken up his time. Thanks and congratulations go to this well-known dancer and clown who has done so much for Belleville High.
