Call For Playground Plan

Mrs. Alan Lundy of Cortlandt Street started a discussion which got a little personal between Mayor Tully and Commissioner Elmer Hyde. Mrs. Lundy asked the Commission to appropriate funds for the improvement of No. 9 playground. Mayor Tully advised her that the proper way to request for capital improvement funds is to be brought before the recreation committee, through the chairman of the committee. Mayor Tully countered with a remark that the suggestion, but a plot at the corner of Ralph Street and Belle Avenue, both paper streets at this point, be released from recreation dedication so that it can be sold by the town to the Hoffman Rigging Company. Although the piece is separated from the balance of the School No. 9 playground by a strip of private property, Commissioner Hyde said he was against releasing a single inch of property dedicated to recreation.

During the discussion it was suggested that Commissioner Hyde come back with a plan for the development of this playground at the meeting on July 14, and that the matter will be thoroughly discussed then. Mr. Hyde accused Mayor Tully of trying to "pull through a deal," which the Mayor denied by citing his previous discussion of the matter with the public.

Ask Traffic Light

A petition was received from employees of the Edison Industries plant in Belmont Avenue pointing out that since Bloomfield Avenue has been improved it is almost impossible to get out of Belmont Avenue after working hours, and asked that a traffic light be installed there. Commissioner Sullivan said he had already taken the matter up with the county and a traffic count will be made to determine the necessity and type of light to be installed.

Wants Curbs Returned

Ralph Riolo, of Silver Lake made an request of the Commissioners, both of which will be looked into. One was that curbs be installed in Florence Street to

replace those taken away when a WPA sewer project was in progress in 1938. The other was that Newark Avenue be renamed Zarro Avenue in honor of the late Frank Zarro, a community leader in the section. Deputy Commissioner Hugh Welsh revealed that the curbs were taken away during the WPA project and that the project was abruptly terminated before the curbs could be put back. He was told to prepare figures on the cost of replacing the curbs as a general improvement. Mr. Walsh also suggested that an ordinance be in the works for a number of changes in the Newark Avenue vicinity in connection with the Clara Mass Hospital, and suggested that the name change be included in the same ordinance.

Seek Girl Stone Throwers

Erie Railroad and local police are on the lookout for a group of girls in their early teens who have been throwing stones at the 9:14 P.M. train into the Belwood Park Station as it passes through Branch Brook and Belleville Parks. Dispatcher J. E. O'Connor of the Erie told police that the engineer of the train was uncertain whether the throwing occurred in Newark or in Belleville.

418 Union Ave. Belleville

## We need 3¢ more a day per telephone...

# ...and we want you to know why

**NO** business can go on paying more and more for the things it takes to do business without raising its prices. So we have asked the New Jersey Public Utility Commission to approve an increase in telephone rates.

For the average telephone the increases we seek would amount to **three pennies a day**. On the average residence telephone the increase will be even less.

As you well know, the cost of almost everything has gone up over the past years. Your cost of living has gone up 88% since the beginning of World War II. Yet the cost of telephone service has gone up, on the average, only 18%.

### LET'S LOOK AT THE FACTS:

1. **WAGES** are the biggest single item in our cost of providing telephone service. They take about 70% out of every dollar we spend - other than taxes - to give service. And wage rates have more than doubled in the last 10 years.

2. **EQUIPMENT AND MATERIALS** used in the telephone industry have increased in price steadily. Raw materials such as copper and lead cost 2 1/2 times what they did in 1940.

3. A **\$500,000,000 CONSTRUCTION PROGRAM** since 1946 - paid for by investors. Telephone rates must allow a reasonable profit to pay these investors for the use of their money.

**AND WHAT DOES THIS MEAN TO YOU?**

Since World War II, New Jersey Bell has carried on a construction program of over 385 million dollars to expand and improve telephone service in New Jersey. Nearly 900,000 more telephones are now served, and service is better, more dependable than ever.

Thousands of people in New Jersey are still waiting for telephone service. And thousands more apply each month. We must take care of them and at the same time keep service dependable and efficient for everybody. More telephone service is needed. Many people want and need telephones. Many want one-party lines! More dial service must be provided.

**A \$500,000,000 CONSTRUCTION PROGRAM NEEDED**

A \$500,000,000 construction program is needed between now and the end of 1961 to give New Jersey the best in telephone service. This program depends on telephone rates that will pay all expenses and leave enough profit to attract the investment money. Without that, New Jersey's telephone service cannot progress.

Today there's too little left after expenses are paid to give investors a fair return on their investment - too little to attract the new dollars needed to keep service good and make it better.

A reasonable increase in telephone rates is necessary if we are to continue to expand and improve telephone service - insure the reliability and dependability you expect of your telephone. Better equipment, improved methods, greater efficiency are all at work - but they are not enough to meet the pressure of higher costs.

**YOUR TELEPHONE IS A BIG BARGAIN**

We are sure you recognize that your telephone is one of today's biggest bargains when you compare its great usefulness to its small cost. Any way you look at it, your telephone serves you better than ever before.

Even with the small increase in rates we are asking, your telephone would still be one of the best buys in your family budget.

# Clippers & Yanks Regain Little Loop Division Top Spots

Arrangements Made To Take Members To Various Sports Events During Summer Months; Phillies Win Little Bigger League Game On Home Runs

The Clippers climbed back into first place in the Belleville Little League's American division through a combination of their victory over the Bombers by a 9 to 3 count and the Bombers' triumph over the Demons 8 to 4. In the National division the Yanks moved ahead of the Giants by taking a 6 to 4 decision, while the Cubs clubbed the Dodgers 13 to 7.

Jim Dattoli was the hero all the way as the Bombers beat the Demons. He put his team ahead with a two run homer in the first and after the Demons had tied the score won out when his mates put together a walk, two singles and a triple by Bob Vasele for four runs in the fifth frame.

Bob Bloemeka was the winning pitcher when the Clippers topped the Bombers. He allowed two runs on three hits in the first inning but finished up with a five hitter. A triple by Joe Caffrey and a single by Bob Vasele in the fifth were the only other blows by the Bombers, but they produced a run. The Clippers piled up runs in all but the first frame and made the most of seven safeties, including a triple by Mike Cuniff.

There was little doubt as to the winner of the Cubs-Dodgers game. The Cubs sent 14 batters to the plate in the first inning, and although they got only three hits they scored ten runs. Gene Deibers started but couldn't get around and Jim Misarovich followed and did no better, but Ken

## ST. ANTHONY'S WIN, ST. PETER'S LOSE IN CYO BASEBALL LOOP

Tony's Win 3 to 1 In Five Innings, While Pete's Are Bombed 25 to 1 By St. Vals.

St. Anthony's of Belleville defeated St. Stanislaus of Newark 3 to 1 in the intermediate baseball league of the Essex County CYO last Sunday at Branch Brook Park. In the junior loop, St. Peter's suffered a 25 to 1 thrashing from St. Valentine's of Bloomfield, at Watessing field.

St. Anthony's won the game on a two run outburst in the fourth frame, adding an insurance marker in the fifth. St. Stanislaus scored a single run in the bottom of the fifth. The game was called then because of rain. Ralph Conte was the winning pitcher. The win put St. Anthony's in a tie for third place with four other clubs, including the defending champions, Mt. Carmel of Montclair. St. Anthony's will meet Holy Cross of Harrison this Sunday at Branch Brook. Game time is 1 p.m.

St. Peter's loss put them in fourth place, tied with St. Valentine's. The Vals turned the big game on Petrean hurler Jim Ward from the opening frame and scored in every inning. The shelling reached its peak in the second inning when the Vals put eight runs across, and again in the sixth, when seven markers were added. Frank Zolcinski held the Belleville nine to a single hit in the fifth. The Petreans scored their only run in the first inning, and committed two errors. The Bloomfield club banged out 17 hits and made two errors.

St. Peter's plays Sacred Heart of Valsburg this Sunday at Watessing at 1 p.m.

## PAL Sketch Class Will Try Hand At Reformed Church

A group of about twenty children will sketch the First Reformed Church, one of Belleville's outstanding landmarks, at nine o'clock on Wednesday. This is the first Belleville scene to be sketched by the Police Athletic League sketch class under the direction of Robert Valentino. Other Belleville scenes to be sketched by the group will be a landscape of Branch Brook Park, an industrial site, and St. Peter's Church. Anyone interested in sketching with this group, should contact Patrolman Jack McNish.

## Picnic For PAL Soccer And Court Teams, June 27

The Belleville PAL annual picnic for all players in the Belleville PAL soccer and basketball leagues will be held tomorrow afternoon at the Belleville Police pistol range. Refreshments will be served and trophies awarded to each player on the winning teams of each league. Trophies will also be awarded to the most improved player and high scorer in the Minor soccer league. Commissioner Harry J. Sullivan, President of the PAL will present the awards. Films will be shown of the Belleville PAL soccer teams in action in the recent Hudson County and State tournaments.

Arrangements have been made for 500 members of the PAL to attend the stock car races at Roosevelt Stadium on the evening of July 25th. Three-hundred members will attend the baseball game at Ebbets Field on August 15th between the Brooklyn Dodgers and Milwaukee Braves. On August 27th, 300 members will attend the New York Giants-St. Louis Cardinals game at the Polo Grounds. Arrangements are now being made for a game at Yankee Stadium during July. In all above trips transportation will be provided and registration will begin two weeks before the games.

Last Thursday and Friday evenings the Phillies and the Braves won their opening games in the Little Bigger League. Jackie Culkin pitched a one-hitter for the Phillies in defeating the Giants 5 to 0. The Phillies were allowed only two hits on the offerings of Giant pitchers Brady and McCumber but both were home runs which were hit with men on base. The Braves won their opener on Friday evening defeating the Dodgers 7 to 4. Joe Barone was the winning pitcher while Tom Keady was the loser.

Tonight at Municipal Stadium.

## Falling Ladder Damages Car But Owners Each Blame Other

When police investigated a story that a ladder had fallen and damaged a Cadillac car parked at 23 Liberty Avenue, on Sunday, they found a difference of opinion as to just what had happened. Mrs. J. Gialanella of 247 Highland Avenue, Newark said the ladder fell on her car while it was parked. Joseph Velletri of 19 Liberty Avenue, to whom the ladder belonged, said Mrs. Gialanella knocked the ladder down. Police informed both that it was a civil matter that would have to be decided between the interested parties and their respective insurance companies.

## Sullivan Is Speaker At Dinner For Newark Mayor

Public Safety Director Harry J. Sullivan, who enjoys a well deserved reputation as a public speaker, was one of the speakers at the dinner of the Newark Police Anchor Club, for two of its charter members, last Thursday at the Robert Frost Hotel. Honored were Mayor Carlin and Safety Director Keenan. Commissioner Sullivan, who owes a great deal of his popularity as an after dinner speaker to his ability to twist current events into a humorous vein, gave the audience its biggest laugh when he quoted Benjamin Franklin and

# De CAMP BUS

## Service Improvement

This month the offices and entire operating facilities of the De Camp Bus Lines have moved to new headquarters along Route 3 at Clifton.

This move, which includes our acquisition of the Atlantic Transportation Co. of Clifton, is another forward step in bringing our riders the kind of service that is traditional with De Camp . . . regular bus schedules . . . on-time departure and arrival . . . riding comfort . . . safety-checked buses.

Now, with our garages centrally located in Clifton, buses will be fed to all routes more rapidly and efficiently . . . extra buses can be put into service on a moment's notice . . . all of which means better service to De Camp riders.

IMPORTANT—Note new timetable for changed schedules.

Master Councilor Of Suburban  
Chapter On Tuesday

Wayne Kramer

Wayne Kramer, son of Mr. and Mrs. John Kramer, of 88 Rhoda Avenue, Nutley, was installed as master councilor of Suburban Chapter, Order of De Molay, at an installation ceremony on Tuesday evening, at the Masonic Temple. He has been active in the Nutley High School band, Rhythmaires, Slide Rule Club, Golf Team, Senior Benefit, and a member of the Saint Paul Youth Fellowship.

The Order of Honor was bestowed at the same time on Robert Anderson, of 5 DeWitt Avenue, Belleville, one of the chapter's members.

There was, also, an investiture of the Chevalier degree upon Allan Kammerer, a past master councilor of Suburban Chapter, and Robert Jones, treasurer.

Other officers to be installed with Kramer are as follows: senior councilor, William Chapman; junior councilor, Robert Bartlett; senior deacon, Ralph Bartlett; junior deacon, Larry Koster; senior steward, Robert Lower; junior steward, John Greulich; scribe, Robert Quinlan; treasurer, Robert Jones; chaplain, Jerry Van Duinen; orator, Michael Wysocki; marshal, Richard Gomez; sentinel, Robert Day; standard bearer, Robert Quick; almoner, Harold Kammerer; first preceptor, Nick Christos; second preceptor, John Bishop; third preceptor, Robert Thun; fourth preceptor, Robert Greulich; fifth preceptor, Henry Glass; sixth preceptor, Robert Sime; and seventh preceptor, John Benjamin.

Old Coast Guard records from Cape Cod tell of great resistance to the building of Nauset Light house in 1839 because of the threat to the wrecking and salvage business.

## To Marry

Miss Claire E. Yenny

Mr. and Mrs. Joseph F. Yenny, of 585 Monroe Avenue, Elizabeth, announced this week the engagement of their daughter, Miss Claire E. Yenny, to Arthur C. Hopkins, son of Mr. and Mrs. Arthur Hopkins, of 218 Fairway Avenue, Belleville, who formerly lived for many years here at 115 William Street.

Miss Yenny is a graduate of St. Mary's High School and Drake Business College and is employed in the plant engineering department of the Singer Manufacturing Co., Elizabeth.

Mr. Hopkins is a graduate of Nutley High School and Pace College, New York. He served in the Navy for two years and is employed in the advertising and sales promotion department of General Electric Supply Co., Newark.

The bride was a gown of nylon tulle over satin. Her finger-ring veil was carried with seed pearls. She carried a white orchid on a prayer book.

The maid-of-honor was a yellow net gown over taffeta, a picture hat and carried an old fashioned bouquet. The bridesmaids wore orchid gowns over taffeta, and each wore picture hats and carried old fashioned bouquets.

The couple will return home over the week end from a trip to Florida and will take up residence at 15 Brown Street.

Mr. Walsifier attended Nutley High School and was employed at the Alcoa Aluminum Company of Newark.

# MARTIN F. TIERNAN GIVES \$100,000 TO ROCHESTER UNIV.

Member Of Class Of 1906,  
Trustee Of University, Has  
Previously Established etalon

A farm-boy from the Town of Greece who worked his way through the University of Rochester and is now a nationally-known industrialist has made a gift of \$100,000 to the University's Development Fund Campaign. It was re-

ported Tuesday by Mercer Brugler and Bernard E. Finucane, co-chairmen of the Special and Memorial Gifts Division.

He is Martin F. Tiernan, of the class of 1906, president and treasurer of Wallace & Tiernan Co., Inc., water purification system manufacturers, and nine subsidiary corporations. He has been a trustee of the University since 1928, and with his partner, Walter J. Wallace, established the Martin F. Tiernan Prize Scholarships at the University of Rochester. He has contributed substantial sums over the years. The scholarships pay a maximum annual stipend of \$800 each. Their gifts in the past also provide loan funds for deserving students who

are earning their way through college.

Known as an industrial statesman and a pioneer in the field of sanitation, Mr. Tiernan has long been a benefactor of youth and of education. His contributions include generous gifts to the Theta Delta Chi Educational Foundation established by his college fraternity to aid under-graduate members in all parts of the country.

The water purification systems which his firm makes are used in cities throughout the United States, Canada, South America and other parts of the world, and for their contribution to public health and welfare as a result of college fraternity to aid under-graduate members in all parts of the country.

time." In 1946, the Associated Alumni gave Mr. Tiernan its award as an outstanding alumnus of the Men's College in recognition of his industrial achievement, his interest in the social welfare, and conspicuous service to the university.

The seventh son in a family of nine children, Mr. Tiernan worked at various jobs to earn his college expenses, and as a result of winning a place on the honor roll, was named by a college scholarship during his last three years.

He later took a course at Massachusetts Institute of Technology, and in 1909 met Charles Wallace with whom he formed a partnership to make sanitation devices for the waterworks field.

ness, once described the partners as "quite frankly business men who exemplify the simple idea that individual profit and social welfare ultimately add up to the same thing."

"Rarely seen by the public," the article stated, "their sanitation device is a lifesaver, as surely as the surgeon's knife or the shot of penicillin."

Second Busiest Day  
Traffic on the New Jersey Turnpike on Sunday hit 84,200 vehicles, the second highest since opening of the turnpike. The peak was 85,333 on February 24, 1952.

## Return

Perhaps when afternoon is gold and blue  
In some far-off September I shall find  
This quiet place again, and walking through  
The browning grass where little footpaths  
wind  
Shall come to the quiet arbor where we stand  
Today. It may be marigolds will flower  
As sweetly then, and I shall brush my hand  
Along the fence, remember this hour.

But if the asters and the goldenrod -  
That you and I have deeply loved are gone,  
Oh will I press my face against the sod  
Lying in silence on the sunwarm lawn.  
Or only pause in passing by and say,  
"The maple leaves are falling fast today."

of all time to the most dangerous antagonist  
the United States have ever confronted. The  
Russians, doubtless, would, in time, have  
solved the problem of atomic fission but  
through the Rosenbergs and other spies,  
Moscow obtained the secrets which advanced  
by at least five years her possession of the  
atomic weapon.

That is the major matter of the Rosenbergs  
affair. The rest is window-dressing. The fact  
that they were of Jewish origin, but not  
of Jewish faith, being agnostics, should not  
enter into consideration of the affair.

No one can say positively whether Mrs.  
Rosenberg's brother lied or told the truth  
as the state's witness. One thing is certain,  
however, the Rosenbergs could have talked,  
because whether the brother spoke the truth  
or not, they both were involved in an espionage  
ring and they could have exposed its  
manifestations. That they did not choose to  
speak, to save their own lives, can make  
them heroes in the eyes of the Kremlin but  
magnifies their crime under our conception  
of justice.

The prompt action of Chief Justice Fred  
Vinson in invoking the Supreme Court after  
a single Justice, Douglas, had moved for a  
stay of execution is in the great American  
tradition of free justice. Any other solution  
would have been a parody. Many hundreds  
of Communists in Prague and elsewhere have  
been executed for alleged espionage for the  
West since the day of the Rosenbergs' arrest.  
When Moscow cries out her protest against  
the execution of the Rosenbergs, there is a  
false note in her voice. The killings of the  
Gottwalds, the Slavskys are too fresh in  
memory.

## One Man's Opinion

The Lesson Of Last Week's Premature Revolt In  
East Berlin Is That No People With Any  
Pride Ever Accepts Military Occupation

BY RALPH E. HEINZEN

The better to understand how the Germans turned  
against the Russians in East Berlin last week, just imagine  
that the Japanese had been able to fulfill Tojo's threat to  
dictate peace between Japan and the United States in the  
White House and that our land was occupied by an army of  
yellow Orientals playing a game, unfamiliar to them, of  
conquerors.

I lived for two and a half years in occupied France,  
among a Latin people whose land was split in half with an  
army of Teutons sprawled out over the countryside as conquerors.  
I did not take long for a French underground to be  
born and I was an eye-witness to the Nazis losing battle of  
wits and guts against a very determined French people.

What happened in Germany was bound to happen, be-  
cause it has happened to foreign occupation forces every-  
where. It should prove to us that the Russians, woefully ig-  
norant in the ways of the outside world, are led astray by the  
beauty of their own uniforms, red flag and inflated by  
their own importance. The awakening has been rude, but  
should be salutary.

I know the Germans from having lived among them as  
an unwilling captive in mid-war. During my quarter cen-  
tury abroad as a United Press war and foreign correspond-  
ent, I got to Germany every year. I saw a crushed Ger-  
many in 1918, and I saw a Germany that had risen from  
ruin in 1938, when Hitler defied the world at  
Munich. The Germany which had risen from its ashes in  
1933 was a nation of 77,000,000 people, a nation of  
their fierce pride, their great tradition as warriors, their  
racial ego, their sense of superiority over their neighbors,  
the Slavs like the Latins.

## French Showed How

I am surprised, only, that the  
German revolt did not come sooner.  
The Germans are excellent  
copyists. They had only to copy  
the French routine and they could  
have made the Russians' lot very  
unpleasant. The German army in  
its retreat from France, in 1944,  
lost more casualties to the French  
underground than it lost to our  
arms. Two whole German divisions  
were decimated in central France  
trying to make a run for  
safety behind the Rhine from  
their posts of occupation south  
of the Loire river.

Compared to the Germans, the  
Russians are a slow-witted people.  
They are comparatively un-  
educated, few of the masses ever  
conflicted with the Germans. Their  
education to read and write. They  
have been accustomed, since  
1918, to a dictatorship of the  
Bolshevik Communists which has  
been all their thinking for them.  
Long ago, they lost all sense of  
reality. Their ego was planted  
in their minds by their aggressive,  
ambitious leaders who wanted  
only to take from them the massed  
strength of their bodies.

## May Influence Kremlin

The German people, on the  
other hand, are laborious, whether  
on the farm or in the factory. They  
are a very intelligent people.  
They were very badly beaten  
in 1918 and in 1945. They bear  
a grudge, but they never  
let that grudge blind them to re-  
ality. As long as Russian occupa-  
tion served their purpose, they  
accepted it and played off the  
Russians against the West.  
When it no longer served their  
purpose, they ripped down the  
red flag and gave Ivan the  
shock of his life.

The East Berlin episode was  
spasmodic, not nurtured. It was  
not the work of an organized  
underground. It was an episode  
in which German tempers flared.  
The Germans are capable  
of organized resistance is now  
evident. It should hasten the  
Kremlin's consent to a Big Four  
consultation about German uni-  
fication. If the Russians want to  
stay in East Germany as masters  
it will take far more intelligence  
and military strength than they  
have invested thus far.

The story of the French under-  
ground is worth a second exami-  
nation in the light of these re-  
cent events in Berlin.

## How French Began

I saw the French underground  
born in 1942, less than two years  
after the most humiliating defeat  
in France's long history. In fact,  
when I was arrested at Pierre  
Laval's orders in Vichy, on Novem-  
ber 8, 1942, I presumed it  
was because they had learned  
that I had just spent a week with  
the budding French underground  
in the central highlands near  
Lyon.

That first unit of the French  
secret fighters was composed of  
a mixture of young priests,  
young Communists from the red  
cells in the suburbs of Paris,  
boys AWOL from the forced  
labor youth camps which Vichy  
had organized and demobilized  
soldiers and officers of the  
French army who still wanted to  
fight.

It took time to arm those fight-  
ing French but the British did  
it by dropping arms and ammu-  
nition in the suburbs of Paris,  
military equipment and ex-  
plosives from planes at night,  
always raining their drops at ap-  
point spots in hills. All such  
nightly deliveries were carefully  
scheduled, as happened.

## Fighting By Radio

In organizing this fifth column,  
the British used BBC's nightly  
news transmissions to convey  
coded messages to the under-  
ground. Every night, at the end  
of the 9 o'clock news broadcast,  
you could hear a whole series of

on men's backs, to the agencies  
to which it was assigned.  
To slowly, patiently, France's  
power to resist was steadily built  
up. The underground grew from  
a handful to several hundred  
thousand. There was not a mile  
of French territory that was not  
under constant surveillance.  
Traitors among the French were  
caught, tried by a drumhead  
court-martial and shot. Thus did  
the underground keep alive a  
hope, until the landing in Nor-  
mandy gave the signal for open  
war.

## Poles Also Revolted

It is a matter of record, too,  
that the Polish underground in  
Warsaw rose against the German  
occupation army in 1945, but,  
alas, the Polish patriots were de-  
stroyed by the Russian Red Army  
and thousands of them were  
slaughtered by the Germans as  
the Russians held off their help.

It is all written into the pages  
of history that when the Poles  
of Warsaw rose against the Ger-  
mans, the Red Army was just  
across the Vistula. It was ex-  
pected to make its entry into  
Warsaw from minute to minute.  
Impatient after years of suffering,  
the Poles rose, prematurely, and  
the Germans retaliated and set fire  
to whole quarters of Warsaw and  
then ran riot in the ghetto, slay-  
ing men, women and children.

The Polish patriots' leaders  
radioed for help and begged the  
Russians to march forward. But  
instead, the Russians stood still  
for four days and nights. By the  
time the Russians finally moved  
forward, the revolt was ended and the  
patriots had paid with their lives  
for their crime in rising. The  
German people know all the  
gory details of the resistance  
in France, in Belgium, Holland,  
Greece and Bohemia. In their  
armies of occupation, it is to be  
expected that, some day, they  
will take their revenge on the  
Russians for whom they have  
held for centuries only disdain  
and ridicule.

## Beck's Television Column

With due apologies to our  
readers who expect to find in-  
formation on TV in this spot,  
we would like to write once  
more about air-conditioning.  
This is the only kind of mer-  
chandise which we sell besides  
radio and TV of course.

Exactly as we wrote in this  
column a few weeks ago, every-  
body wanted an air-conditioner  
on Friday, Saturday and even  
Sunday. The writer happened  
to pick up a small item in the  
store on the way out to the  
country, and what do you  
think, the telephone was ring-  
ing and somebody wanted an  
air-conditioner right away,  
regardless of cost. Since none  
of our mechanics was available  
on this scorching Sunday, we  
were unable to help the cus-  
tomer until Monday.

Once again we would like to  
point to those of our readers  
who want an air-conditioner  
this year, to get busy soon.  
There is not one wholesaler in  
Newark or New York who has  
air-conditioners in stock, and  
they are not going to get any  
more from the factories. Only  
the retailers have a few units  
left. The last weekend certainly  
cleaned many stocks. When  
we have the next spell of hot  
weather, probably everybody  
will be sold out. The reason  
for this condition is the fact  
there was a prolonged period  
of abnormally high tempera-  
tures in the middle west. The  
demand in these sections was  
so large that all factories gave  
these parts of the country pre-  
ference, which is understandable.

N. J. BELL ASKS  
UPWARD REVISION  
OF PHONE RATES

Company Will File Petition Today  
In Trenton Asking Hike  
In Home, Office Rates

The New Jersey Bell Tele-  
phone Company office here  
announced last night that it  
will file in Trenton today a  
proposal for a general upward  
revision of telephone rates  
which it said is required to  
guarantee the financing of a  
new \$500,000,000 expansion  
and service improvement pro-  
gram throughout the state.

The revisions filed with the State Public  
Utilities Commission increases  
in the basic rates of both business  
and residential telephone and a 10  
cent coin box rate.

Also included in the revisions  
are increases in extension rates,  
changes in the initial and over-  
time calling periods on some toll  
calls and revisions in some mis-  
cellaneous items.

"The amount of the increase  
will of course vary, the company  
said, "depending upon the type  
and amount of equipment each  
customer has but on the average

the increase will amount to less  
than 30 per cent per telephone."  
Citing a \$385,000,000 construc-  
tion program since 1945, the com-  
pany said it is planning an addi-  
tional \$500,000,000 in construction  
over the next 8 years in ex-  
panding its facilities and providing  
New Jersey subscribers with ad-  
dial service, both local and long  
distance.

The company estimated the addi-  
tional gross income from the  
proposed tariff revisions at \$18,  
250,000 a year. Of this amount  
2 1/2%, or \$9,490,000, will revert  
to the government in federal in-  
come taxes, the company pointed  
out, leaving the company \$8,760,  
000.

The \$18,250,000 awarded the  
company in two postwar rate ap-  
peals have been more than offset  
of wage increase alone," a com-  
pany spokesman explained. "Seven  
general postwar wage increases  
for our employees have left the  
company's wage bill \$43,654,000  
higher than it would be at 1945  
wage levels."

and Clifton and the Federal  
Telecommunication Labora-  
tories in Cortlandt Street  
will close next Thursday for  
the annual summer vacation  
to resume full activity on July 20.

In announcing the reopen-  
ing for July 20, the company  
spontaneously added one day to  
the fortnight vacation to make  
up for July 4, normally a paid  
holiday which falls within the  
period of plant closure.

During the shutdown all  
production in the two plants will  
be at a full halt. Only per-  
sonnel on the huge grounds will  
be a skeleton maintenance force.  
At the same time the company  
officials announced the vacation  
period it was announced that  
the former Yountak Country Club  
swimming pool would be open to  
stay-at-home employees.

State Unemployment Benefits  
Unemployment insurance pay-  
ments made during May amount-  
ed to \$5,091,880, reflecting an  
improvement in employment over  
the month of April when there  
were 7,000 more claims filed.

# EVELYN HANNON EARNS EXCELLENT RECORD AT B.H.S.

Member Of Honor Group, Veep  
Of Leaders Club, Monad Ed.;  
Has Won Numerous Awards

This is a story of achievement,  
a story of a senior and graduate  
of Belleville High School this  
year, a girl who would be an im-  
portant entry for a Miss Belle-  
ville High School contest, Miss  
Evelyn Hannon, daughter of Mrs.  
Evelyn C. Hannon, of 26 Perry  
Street, was graduated from Belle-  
ville High School in the Honor  
Group, and gave the class address.  
Her achievements and accomplish-  
ments during the past four years  
are outstanding. She will attend  
New York University on a \$2,500  
scholarship, which is renewable  
each year.

In four years of high school,  
Evelyn has belonged to the Lead-  
ers Club, Student Council, Band,  
Chess Club, Volley ball and Basket-  
ball Clubs, French Club, Debat-  
ing Club, Officials Club, Spotlight  
Staff, National Honor Society, and  
member of the Play Day team re-  
presenting Belleville High.

She has been the secretary of  
the Chess Club, vice-president of  
the Leaders Club, sports editor of  
"Spotlight," editor of the "Mon-  
ad," publicity chairman for the  
senior play, and school reporter  
for the Belleville Times-News.

Outside of school, Evelyn was  
editor of the CYO newspaper for  
four years, helped organize the  
CYO girls basketball team, re-  
ceived the outstanding Catholic  
Youth of the Year Award for three  
years, and was captain of the  
PAL softball team and coach of  
the PAL softball team.

Evelyn won a television set,  
and record player from Paul Brenner's  
television show, the Belleville  
Eks Award of \$25 for leadership,  
and she is still eligible for state  
honors. She won the Belleville  
VPW Award of \$25 and the New  
Jersey VPW Award of \$100 for  
her essay on "Democracy Is What  
We Make It."

She represented Belleville in the  
American Legion Oratorical Con-  
test, took second place in Journal  
American Oratorical Contest in  
Essex County, and because of this  
was a hostess at the finals in  
Carnegie Hall. Her life during the  
past four years would make her  
an eligible candidate for, "This  
Is Your Life," television program.

# Arrives In Korea To Serve With Senior American Division

Pvt. William M. Taylor, son of  
Mrs. Emma Taylor, 6568 Carner  
Avenue, recently arrived in Korea  
for duty with the 25th Infantry  
Division. Taylor entered the Army  
in December 1961, and was last  
stationed at Fort Dix. Now the  
senior American division on the  
Korean peninsula, the 25th In-  
fantry landed there in July 1950  
shortly after the Communists  
launched their attack against the  
Republic of South Korea.

According to Coast Guard re-  
cords, several of the early light-  
houses built in the American col-  
onies were financed through lotter-  
ies, among them New London and  
Sandy Hook. Upkeep was paid by  
imposition of a tax on vessels en-  
tering and leaving port.

Twenty-five years ago, the  
whistle marking Nantuxet  
Shoals Lightship Station broke  
loose and, according to Coast  
Guard records, drifted thirty-three  
circling between Bermuda and the  
hundred miles in nineteen months,  
Atlantic Coast, and sounding its  
whistle all the time.

The word "Eskimo" means fish-  
eater and was applied as a term of  
derision by the Algonquin Indians  
in speaking of natives of Southern  
Labrador.

# STUDENTS SCORE HIGH ON DRIVER EDUCATION EXAM

Four Students Get Almost  
Perfect Ratings; Many Over  
90; Nest Garland Wins Award

In the state-written examination,  
which was given in the Belleville  
High School auditorium recently,  
the driver education students in  
the high school showed good re-  
sults. Out of 62 boys and girls who  
took the examination, only one boy  
failed to pass. Four students, Nest  
Garland, Maureen Schurr, Miah  
Sweeney and William Darrah  
scored 98 out of a possible 100.

Nest Garland was also awarded  
a medal by the Essex County In-  
surance Agents Association,  
through the local representative,  
Norman Thompson, for her excel-  
lence in the theory part of driver  
education.

The following students scored 90  
or above in the final test which  
was given by the Traffic Safety  
Bureau of the Department of Law  
and Public Safety: Kenneth De-  
cker, Evan Thomas, Aggie Domin,  
George Watters, Doty Dillon, Pa-  
tricia Connolly, Patricia Smith,  
Ray Morrison, Kenneth Taggart,  
Ann Wendt, Fred Nichols, Carl  
Hurley, Margaret Wastdyke,  
Elaine Silki, Alice Hiltnerhaus,  
Norma Hood, Yvonne Hiltnerhaus,  
Joan Burkee, Kathryn Marafino,  
Lois Bloemke, Betty Lou Stutts,  
John Hughes, Arthur Sessler, Jo-  
seph Ganteune, Sylvia DeRooy,  
John Steffenson, Marie Rossi, and  
Michael Capozzi.

In 1790, the allotment for pay  
and rations on Coast Guard re-  
venue cutters, was nine cents per  
day.
