

Over 600 Attend Outing Of Padula Voters Association

Country Fair Atmosphere Prevails At Crystal Lake Park On Sunday With Entertainment Games And Refreshments; Notables Attend

The five hundred and fifty men and women, together with about seventy-five children who attended the Second Annual Outing of the Isadore J. Padula Voters' Association at Crystal Lake Park, Sunday, September 27th, found it to be everything in the way of enjoyment promised by the Association officials.

The atmosphere was more like that of a County Fair than what is usually found at such gatherings. An orchestra played for the day, giving the leadership of Joseph Cardillo. From time to time, groups of enthusiastic youngsters sang the popular songs as the orchestra played. Many competitive games were played by Jerry Belmont for which prizes were awarded. A great deal of excellent talent turned up at the Amateur Hour contest, and the winners received attractive prizes. The children were well considered in plans of the Association, and an area was set apart as playland. Youngsters could obtain as many sandwiches, sodas, and lemonades as they desired, and cones full of hot baked beans.

The outing, between 10 and 11 a. m., was held on the grounds of the Association. Among the out of town guests to greet the Association's leader was Judge Andrew J. Connelley, for the 10th District; Hugh Addonizio, Congressman for the 11th District; Salvatore Bonanno, a Commissioner of the City of Newark; together with Mrs. M. A. Darby and the late Rev. M. A. Darby, of Waco, Texas, to Mr. Dennis Gibbins, son of Mrs. H. P. Hemby of Crockett, Texas, has been made by her mother.

Miss Dorothy Darby, a graduate of Baylor University and has completed one year's graduate work at the School of Social Service, University of Chicago. For the past three years, she has worked as Executive Director of the Belleville Chapter, American Red Cross. Prior to that time, she was a teacher in the Texas City, Texas schools and served with the American National Red Cross in Military Hospital, Mr. Gibbins was graduated from the University of Texas and is associated with M. W. Kellogg and Company.

Commenting on the splendid turnout, Mr. Padula, standard-bearer of the Association, declared that it was the result of team work, where every member of the Association did his or her full share, for which he was deeply grateful. Anthony Sebastiani of the Irving Transit Company gave unstintingly of his time to make certain that no one was out on transportation.

Persons who took out snapshots to enter them in the contest are urged to forward their pictures to Mrs. Robert Laterza, 528 Union Avenue, not later than October 15. The winners will be announced thereafter.

Prosecutor Admits Investigation Of School Department

Cautions That No Inferences Should Be Drawn As To Guilt Or Innocence Of Anyone Until Facts Are Known

Prosecutor Edward Gaultin, yesterday, admitted to the Belleville Times, that his office has been conducting an investigation into the practices of the business office of the Belleville Board of Education for about a month, but he cautioned that no inferences should be drawn as to the guilt or innocence of any person until the investigation is completed.

While the Prosecutor will not divulge the progress of the investigation the town is ripe with rumors of all kinds, most of them about matters of purely political nature and others which happened so long ago that even though they may be true, are immaterial because of the statute of limitations.

While rumors of the investigation have been circulating in town for two or three weeks, Mr. Gaultin would not release the information officially until the Belleville Times contacted him at his office yesterday.

In the meantime Rust E. Darwick, business manager of the Board of Education, had been ill at his home throughout the month of September. This week he had sufficiently recovered to leave Belleville to attend the National Council of School Business Officials at Cleveland, Ohio. His expenses for these conventions were approved by the Board of Education, last week.

MOST FIRE DEATHS OCCUR IN HOMES SAYS FIRE CHIEF

Fire Losses Amount To 2 1/2 Million Dollars Per Day, 12,000 Will Die In Fires

"More people are killed by fire in their own homes than in all other types of occupancies combined," Fire Chief William Dunleavy declared yesterday in connection with Fire Prevention Week, which begins on Monday. The campaign is sponsored locally by the Fire Department, and nationally by the National Fire Protection Association.

Declaring that "the U.S. dollar loss from fire in 1952 amounts to exceed the record high of \$250,000,000 in 1925," the chief said, "this means we are burning our property at a rate of about two and one-half million dollars per day. The dollar loss is tremendous, but the toll of death and injury is even worse. Before the year is over, fire will have killed more than 12,000 Americans and burned or disfigured more than twice that number."

"Shocking as these figures may be, we fail to see the real tragedy, until we appreciate the fact that the great majority of fires are prevented. We in the Fire Department are anxious to help you make your home safer."

- Chief Dunleavy specified seven principal hazards that he says account for most home fires:
1. Careless smoking and handling of matches—make sure cigarettes and matches are put out, never throwing them away, and never smoking in bed.
 2. Misuse of electricity, faulty wiring, faulty operating directions for appliances and know the "safe load" limits of your electrical circuits.
 3. Defective and overheated equipment, stoves and lanterns—inspect and clean periodically, always keep these items in good working order.
 4. Careless handling of kerosene, gasoline and other flammable liquids—never kindle stove or furnace fire with kerosene, use only approved maintenance oil—flammable liquids must be stored in the house and dry tools safely.

Fourth Graders Start Early Study Shakespeare

The 4A class of Passaic Avenue School, under the direction of their teacher, Mrs. Marie Anna, has been studying Shakespeare's plays.

Using Newbit's book, "The Children's Shakespeare," as their guide, they have enjoyed The Winter's Tale, Romeo and Juliet, The Taming of the Shrew, Hamlet, King Lear, and A Midsummer Night's Dream. The group's enthusiasm led them to research on Shakespeare's life, illustrations of the famous characters, and the famous school scenes, making for dramatization of the plays.

Number On PTA Meets

An Executive Board meeting of School No. One P. T. A. was held on September 24 at the school. The purpose of the meeting was to discuss the Fire Prevention Week is to show the way and it's up to the individual to follow through.

The Right Way To Give

Hundreds of Belleville people have enrolled in an all out effort to raise \$38,885.15 for the needs of the agencies of the Belleville Community Chest. Their job is not an easy one, because they know that the people they call upon are asked repeatedly for money for one good cause or another. But they know that the one real way to raise money for organizations of local service and high purpose is to do so without the duplication of effort and repeated calls. In every case there can be no price set on their services. There is no way of measuring the sacrifice they are making in an effort to collect gift money from their neighbors.

But there is a way to know where the money goes that is collected. Each of the six agencies submits a proposed budget to the Community Chest Trustees, and after careful consideration, it is determined how much can be given to each out of the funds that can be expected in our community.

For instance the Family Service of Belleville, a 100 per cent local agency, is in the budget for \$18,435. The agency stands ready to help people solve their personal or family problems, such as: difficulties between husband and wife; children's behavior or disturbed parent-child relationships; unmarried parenthood; concern over management of the family income; physical or mental illness; problems of the aging person; individual personality adjustment, or any other personal or family problems which may lead to more serious breakdown, if no attempt is made to find a solution. The Family Service is staffed with professionally trained caseworkers, who discuss the problem with the client and together try to find a workable solution. When necessary a psychiatrist is available for consultation.

The Visiting Nurses Association, which operates in Newark and in Belleville renders professional nursing service to all who need it. All the nurses are registered and have Public Health experience. They give general bedside nursing; pre-natal care; care of mother and newborn, child health guidance and counselling, counselling and comfort to the aged and infirm, rehabilitation through physical therapy for all ages. Their share of the Belleville Community Chest funds is \$2,850. Their services are available to all on three financial levels, free, part-pay service and full-pay service.

Belleville has a big stake in its young people and in the Chest budget for 1954 is \$7,390 for the Boy Scouts and \$2,000 for the Girl Scouts. In Boy Scouting the Belleville area is one of the districts of the Robert Treat Council. The council provides guidance and service to institutions using the scouting program; provides training for volunteer leaders; organizes activities and maintains extensive camping facilities at Scout Acres near Boonton and Camp Mohican near Blairstown. It is important that it be realized that except in few instances, privately supported, each Boy Scout through his parents, pays for his own equipment and contributes to the operation of his troop. The Chest appropriation is used to pay Belleville's share of the expenses of Robert Treat Council. As for the Girl Scouts, troops in Belleville have operated as "Lone Troops" individually registered with National Headquarters, without getting the services and training that is necessary and can be supplied only by a council. Through the efforts of people active in Community Chest work, Belleville's Girl Scout Council charter definitely will be restored on January 1. Nearly 1,000 girls between the ages of 7 to 18 are affected.

The Essex County Service for the Chronically Ill, Inc. which renders the following services to people in Belleville: fact-finding with regard to existing facilities for the chronically ill; referral work to physicians, agencies and lay people; co-ordination of services for the chronically ill and home-maker service for patients; is in the budget for \$500.

The Sister Elizabeth Kenny Foundation, which provides full Kenny treatment at the Sister Kenny Institute in the Jersey City Medical Center for any polio victims who require it, without regard for race, creed, color or ability to pay, has a local budget of \$1,000. And for our many young men and women in the armed forces, the United Defense Fund, a national organization, is being allotted \$2,500. The United Defense Fund includes the USO, United Community Defense Services, the American Hygiene Association and the special defense program of the National Recreation Association. These organizations have banded together to prevent waste and duplication to render effective service in meeting the needs brought about by defense mobilization. For the Armed Forces are USO clubs, lounges and camp shows; and for areas with defense impact problems, there are day care centers for children, health services, recreation programs, family services, travel-ers aid and programs to prevent interracial misunderstanding.

In order to keep the Community Chest going from year to year and to conduct the campaign itself \$4,200.15 has been set aside for expenses. If each of the six agencies conducted its own drive it is safe to estimate that the costs to the contributors would amount to at least four times that much.

Each adult called upon by a canvasser is asked to examine his conscience as to whether a token contribution will suffice, or a contribution of sufficient size so that there is a generous offering to each agency is more in keeping with the spirit of community giving.

Bellboys Hope To Redeem Prestige Against Bloomfield

One defeat does not presage an unsuccessful season, so the Blue and Gold club members of Belleville High are looking forward to tomorrow when they mix with the Bloomfield Bengals at Municipal Stadium in an effort to get on the winning track. Because the Bellboys had done well last year and East Orange just so-so, the Berlinski lads entered last week's game the favorite, but no one knew that "Junie" Walker of the Panthers was going to have the best day of his career. But Walker did and he scored three touchdowns on his own runs and passed for two more, as East Orange won 30 to 14.

The speedy East Orange boy has played in two previous seasons but was just another ball player. He either had a year or two on the backbench of a great season. He ran for 21, 46 and 83 yards and kicked 10 punts that covered 47 and 25 yards.

His 24 yard run came in the opening drive of the first half. He moved in front in the next drive. Walker, who ran the 24 yard pass to Calone, plunged for 20 yards and Calone plunged for 20 yards.

In the third period Walker took a punt on his own 35 and line. After the kickoff, Belleville had to kick again to tie the score. Walker tossed a 35 yard pass to Mumford, who ran the other 22 yards to the goal line. Belleville kicked again to tie the score. Walker tossed a 35 yard pass to Mumford, who ran the other 22 yards to the goal line.

Belleville bounced back with a 30 yard scoring play with Terry Galt throwing to Calone. Calone climbed through center for the extra point. But before the game ended, Walker chalked up another TD on a 24 yard pass to Steve Thomas.

A free disappointing start against East Orange, Coach Berlinski used almost two complete hours of the afternoon session to review the game.

Old Times, Multies Sweep In Fawcett Mens League

The Fawcett Mens Bowling League swung into action last week. Rev. James E. Moore on Alley 1 and Fred Onchener on Alley 2 rolled the first balls in the league. Under way in games during the week the Old Times swept over the Aces and the Multies took three from the Hottentots. The Cubs and Busters won two-to-one decisions from the Fawcett and Synthes, respectively. Harman topped all bowlers with a 580 series and average, with 201 and Harman with 205 set the pace in the exclusive 200 circle.

Craftsmen Move Into Tie In Masonic Bowling League

The Belleville Craftsmen moved into a tie for second place in the Masonic Bowling League at the Branch Brook Lanes last Tuesday when they won a two to one decision from Northern. But the Belleville Masonic team, usually one of the league leaders, still couldn't find the winning groove, and are now tied for last place. With Bill Irvine hitting .002 in the last game Belleville finally won the "third game" of the St. Albans had clinched the match.

Beck's Television Column

Whenever a customer comes to the store to inquire about a TV set, almost invariably one of the first questions is: Does this set have a built-in antenna? There seems to be a widespread misunderstanding regarding the built-in antenna. Ever TV set today has a built-in antenna of one kind or another, usually labeled in some fancy name like "rotorbeam" or "rotoscope" or others. According to the advertising claims, these antennas are supposed to be good in 80% of all cases. This of course is pure nonsense. Antennas are just no good in most cases.

If you are in an exceptionally good location you may get a few stations far or even good. There simply is no TV set that brings in all stations good on built-in antenna. In fact, many live somewhere in New York in a very high building, it may be possible to get the near New York stations on the built-in antenna. But what about Channel 13? This transmitter is here in New Jersey, or Channel 9, also on this side of the river? They just won't come in good. Unfortunately there is no substitute for an outside antenna as reliable as the free air.

For some reason you can not have an outside antenna of the type usually called "Y" or rabbit ear antenna. It depends entirely on the location and little on the quality of the set. In other words if one make set works good in a certain house, most likely another set will work just as good under the same conditions. Of course there are some differences, but not much. We hear of a few people tell that they saw a set in so and so's house and it worked perfect on an inside antenna. Chances are they looked at a station that came in good. If they would have tried all stations they would have found out that others did not come in. Those same people visited other friends and they tried to get a channel with poor reception. Right away they told everybody: John's set is perfect, brings every station on an inside antenna. John's set is no good, don't ever buy that make set, you will be stuck. In reality John's set was most likely would work just as good in John's house as John's would work bad in Joe's house. It depends entirely on locations. So if somebody wants to tell you "all about it," take it with a grain of salt. Don't be influenced by what "they say." In the first place, everybody thinks that his set is the best, regardless how good or bad it is. If you want to buy a set, go to a reliable dealer, but don't buy ask for a demonstration in your home, and ask the right to try several sets, not just one make as the high pressure boys on the radio try to tell you. Compare different brands in your home. That's the only way to buy a TV set.

To Hold Service Sunday;
Convention At Jersey City

In cooperation with the National Council of Churches and Christians everywhere, the congregation of Wesley Methodist Church will celebrate the second of Holy Communion on Sunday, Oct. 5, in a unique service. The service, presiding the administration of the sacrament, itself will consist of a symbolic representation of the scene in the upper room where Christ instituted the sacrament shortly before his crucifixion. Lighted candles will represent Jesus and the disciples as the text of the story is read from the Gospels. Members of the Youth Choir will assist the pastor in the Service of Lights, in the administration of the sacrament. The Rev. Mr. Hewitt will be assisted by four local preachers of the congregation: the church's Harry Brumback, Mr. Joseph Cassidy, Mr. Robert Conklin and Mr. Paul McDowell.

On this day, Christians join in a fellowship which provides for a continuing celebration of the sacrament around the clock and around the world. It is literally true that the sun never sets on the administration of the sacrament for these twenty-four hours.

In the afternoon at 3:30 p.m., representatives of the church will attend a Missionary Institute at Simpson-Grace Methodist Church, Jersey City. Those attending will attend the pastor will be Mrs. Ned Garland and Mrs. Ruth Whitfield.

Police Sergeant Wins Marble Game

Sergeant John J. Monahan of the Belleville Police department has been around and is a marble-shooter. He went away back, so it was not just a guess that enabled him to collect a \$25 check from Ken Johnson, sales manager of the Boss Motors, for coming closest to the number of marbles in a jar, during a three day car-a-thon promotion held by the Boss Motors last week. Sergeant Monahan figured out that there were 931 marbles in the jar, when the actual count was 930.
