The committee pointed out in the statement that it will go before the Town Commission when it is in a position to offer a solid financial structure and a clear structural and policy plan. A town ordinance will be necessary to clear the way for actual construction, the committee said, and added that such a large project required that such step be taken in order, with time and study.

## On Record

The "Operation Splash" Committee went on record approving the construction of the pool, two weeks ago, after hearing reports from subcommittees, made up of various residents here.

Peter J. Wendel, reporting as chairman of a subcommittee, recommended the proposed pool, a 50 by 100 steel structure, with a 35 by 35 diving "L" and a 20 by 30 foot wading pool. Walks surrounding the pool would be 25 feet wide.

The bathhouse would be of delicate interior design. The pool site is to the west of the present Stadium site, running parallel to Passale Avenue.

Use would be restricted to residents, with the exception that residents could bring guests at a larger fee. Hours of operation are planned for 1 p. m. to 4 p. m. for children and adults and 5 to 9 p. m. for adults or children accompanied by parents.

A permanent governing board is proposed to set rules. Other organized activities such as swim and life-saving lessons are planned.

## WOULD RENEW VETS' HOUSING

A resolution adopted by the Town Commission this week and introduced by Commissioner Palmer Hyde would have Belleville continue the temporary emergency veterans' housing units here.

The resolution will be sent to the Administrator. It emphasized that existing housing will be safe for occupancy.

The resolution requests extension for the Brighton Avenue and the Stephen Street units.

## Lauterette

(Continued From Page One)

In other development on the political front, Mayor Isadore J. Pajula declined the offer of a number of spots on the Democratic party ticket.

And former Mayor Joseph Tully came out in support of the Barnes' faction in the Republican primary fight.

He said: "I am endorsing Bill Barnes because over the many years I have known him personally, both before and since his career of service to the public, he has always shown the qualities of dependability, trustworthiness, understanding and

exceptional ability that have made him an outstanding civic executive and leader in our county and state."

Meantime James R. Golden is running as an independent for the Senate seat.

Lauterette, on his Primary nomination, said that Belleville has not been represented in the state legislature for some years. He said he wants to have the town have the representation which it justly deserves. He urged voters to get out on Primary Day, and to endorse the entire Barnes ticket.

Lauterette, who lives at 22 Elena Place, has been active in town affairs.

He was former head of civil defense here, headed the wartime transportation committee during the war; is chairman of the Mass residential hospital drive; a trustee and member of the Belleville Foundation and is a member of the recently-organized traffic committee, under Nuncio R. Pajula.

He is married and has a 17-year old daughter.

A social hour followed and Mrs. George Jaglowski was assisted by Mesdames Edward Carr, Richard O'Toole, William Gilchrist, John Fitzgerald, Rudolph Zoeller, William Bradican, Donald Johnson and Miss Francis Hanna.

CHARLES E. BROWER... one of the members of the original Nereid Boat Club, with his dog "Spot" on the float of the Nereid Boat Club. This picture was taken sometime in the early 1890's.

## Nereid Club Participated In Big 1892 Parade

(M. C. Albee, long-time resident here, loaned these pictures with this story.)

In 1892 Belleville had a big parade in honor of the 40th anniversary of the landing of Columbus on this side of the Atlantic.

This was the largest parade that Belleville had ever seen up to that time. All the organizations in town took part in it, including the school boys from the old public school No. 1, and the boys from St. Peter's Parochial School.

Included among the organizations was the Nereid Boat Club. One of the features was the dog "Spot," who carried a large transparency reading:

"I am Spot, the Club's Mascot. And all those fellows are the friends I've got."

And here is a picture of "Baby" Bennett before he ever dreamed of some day becoming a splendid oarsman and later a famous coach.

## Girl Scouts To Celebrate 43rd Birthday With Party

The 43rd anniversary of the Girl Scouts, celebrated this week, will be climaxed with a birthday party tomorrow at Belleville High School from 2 to 5 p. m.

More than 650 Scouts will participate in a tableau on the life of Juliette Gordon Low, founder of Girl Scouting in this country.

A representative of each troop will then present a contribution to the Juliette Low fund, to be placed in a basket next to a huge birthday cake.

During the week, the Scouts have featured window displays in the following stores: Brownie Troop 23, Mrs. Arthur Moore, leader, Arts and Crafts, Literature, Music and Games, Agriculture, Health and Safety, and Homemaking, at the Bell Beauty Shop, Washington Avenue and Rutgers Street.

Brownie Troop 8, Mrs. Walter Nass, leader, and Intermediate Troop 31, Mrs. Helen Reynolds, leader, Arts and Crafts, at the Taylor Shop, Passaic Avenue and Joralemon Street.

Intermediate Troops 2 and 34, Mrs. Uno Anderson, and Mrs. A. Earl Austin, leaders, respectively, Arts and Crafts at the W & W Sweet Shop, 579 Belleville Avenue.

Intermediate Troop 9, Mrs. Andrew Verhagen, leader, Camping scene at the Crescent Press, 126 Washington Avenue. Scouts in charge of this exhibit included Barbara Prosper, Diane Lewis, Estelle Macowski and Shirley Royce.

The exhibits will continue through Monday.

Dr. Shapiro To Speak

The Parent-Teacher Association of School Two will meet Tuesday at 8 p.m. and Dr. R. N. Shapiro will discuss "Believing Problems." A film on cancer, "Swift Sword," will also be presented.

Thomasina Hamilton.

A tap-dance featured Phyllis Walker and Mattie Lamb. Accordion solos were presented by Joanne Revell, Carol Ruckinski and Donna Kimble.

In a Flute-O-Phone duet were Danielle McCarthy and Dolores Vetro. A piano selection was given by Diane Lewis, a violin solo by Olivia Schlecker, and trumpet solo by Kathleen Garis.

A play, "Hearth Fires," included in its cast Alice Svenson, Wilma MacEachern, Lois Thery, Judith Zillig, Nancy Fritts, Carolyn Moore, Margaret Jerge, Mattie Lamb, Nancy Worze and Olivia Schlecker.

## HOTTEST BUICK IN HISTORY

No wonder you see so many 1955 Buicks on the highway—they're riding on bigger sales than ever before. In history—topping the popularity that has already made Buick one of the "Big Three" in total sales.

Did you think you couldn't afford the price of a new 1955 Buick?

You certainly can—if you can afford any new car. And we proudly show our price here to prove it.

For the delivered price of the Buick SPECIAL Sedan shown here is sharply competitive with those of the three best-known smaller cars—lower, in fact, than some models of those same cars.

## Buick Sales Are Soaring

That's one big reason why Buick production and Buick sales are hitting all-time record highs today—and why Buick is outselling all other cars in America except two of the best-known smaller cars.

But an even bigger reason is this fact:

The price you pay for a Buick buys you a lot more automobile than the same money buys elsewhere.

It buys you big-car room and size and comfort and brawn. It buys you Buick styling,

Buick power, Buick handling, Buick ride steadiness—and the fun and pride and satisfaction of bossing the hottest car of the year.

And it buys you the widest choice in the industry today. For there's a Buick to fit any price range you name—the low-price SPECIAL, the high-powered CENTURY, the extra-foamy SUPER, and the custom-built ROADMASTER.

So why not come in and see how easy it is to swing the Buick beauty you've got your heart set on? Then you'll see why the thrill of the year is Buick in a lot more ways than one.

DID YOU KNOW—

—that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-inch wheelbase—  
—that the Buick SPECIAL is priced below some models of the three best-known smaller cars?  
—that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

## DiFilippo To Speak At Hoop Banquet

With the date for holding the ninth annual Basketball Banquet, honoring the Belleville High School quintet set for Saturday, March 19, chairman of the dinner Pat Pastore told me this week that the guest speaker for the evening will be Vic DiFilippo, director of health and physical education at Seton Hall University. Sponsored by the Varsity Club, the banquet will be held at O'Hara's Riverside Grill in Arlington.

DiFilippo since graduation from Seton Hall, when it was still called a college away back in 1935, has always been associated with athletics. He is now head coach of the Eastern Golden Gloves team and is a member of the New Jersey State Athletic Commission. DiFilippo, however, still manages to find time to serve as an official in basketball. His favorite hobby is teaching swimming to lots of two-year-olds.

The physical education director got his start in athletics while as a student at Central High School, in Newark. While at the High Street school DiFilippo starred in football basketball and track and continued on with the three sports at Seton Hall. He played end in the grid sport, forward in basketball and ran the longer distances and threw the javelin in track.

Tickets for the Varsity Club banquet that will have DiFilippo as the principal guest are still available and may be purchased at Andersen and Pohl's Texaco Service Station at Graylock Parkway and Washington Avenue; Belleville Rosery Florists, 302 Washington Avenue; Graylock Pharmacy, 302 Washington Avenue; and at the home of Mrs. M. J. Steffanelli's Service Station. The tickets may also be purchased from any Varsity Club member.

## Oarsmen To Face Busy Slate

Belleville High School rowing candidates Wednesday afternoon when presides at an open meeting for all prospects in the High School auditorium. All 1954 crew aspirants whether they are newcomers or returning veterans will be there. The meeting will get all the boys together for the first time. At the after-school session, Bennett will explain plans for the seven-meet campaign. Actual workouts will commence a week from Monday, March 21. The entire Blue and Gold squad will hold daily sessions long with Nutley High School on the Passaic River. Both schoolboy rowing organizations will use the Nereid Boat Club as its home base of operations.

Along with the announcement concerning the start of the 1955 crew schedule, Coach Bennett also released Belleville's 1955 crew schedule. The Blue and Gold squads will have only three weeks to get in top condition because April 9 finds Belleville playing host to Columbia University's lightweight eight varsity on the Passaic. Sharing the early season's spotlight with the Lion squad will be a meet against the M. I. T. freshmen. The Bennettmen will travel to Cambridge, Mass., and race the Engineers two weeks later. The Nutley varsity will also make the overnight trip with the two squads being the guests of M. I. T.

In addition to the college races, to help get into form, Belleville competes against most of the top high and prep school crews in the east. Following the two college races Belleville will be host to the Rutgers freshmen and LaSalle High School of Philadelphia, in a three-shell event.

Then for four successive weeks Belleville will "hit the road". The Blue and Gold will travel to Philadelphia to race Lower Merion, then northward to Poughkeepsie, N. Y. On the Hudson the Bellboys will battle it out along with Nutley against three New York schools. New Jersey's only two public high school crews will race Poughkeepsie, Roosevelt and Arlington high schools. Then comes a trip to Kent, Conn., to row the Kent School.

The climax of the spring schedule will occur when Belleville races in the National Scholastic Rowing Championships on May 27 and 28. This year the Nationals will be held on the Schuylkill River, in Philadelphia. In 1954 the Nationals were rowed at Worcester and in 1953 were held at Buffalo. The crew slate will come to a close on June 4 when Belleville's freshmen match strokes with Nutley's yearlings in the annual meeting of ninth graders. Last June Nutley captured the race for the first time.

## The 1955 Belleville crew schedule follows.

|           |  |              |
|-----------|--|--------------|
| April 9   | Columbia Univ. lightweight                       | Home         |
| April 23  | M. I. T. freshmen                                | Cambridge    |
| April 30  | Rutgers frosh & LaSalle H. S.                    | Home         |
| May 1     | Lower Merion, of Westmore, Pa.                   | Home         |
| May 14    | Roosevelt, Poughkeepsie & Arlington high schools | Poughkeepsie |

## Diamond Team To Play 18-Game Slate

Belleville High School's baseball team, coached by veteran pilot Ed Berinski, will play an 18-game varsity schedule commencing April 20 and continuing for six weeks. Released this week, the slate lists eight games for the home confines of Municipal Stadium with the remaining 10 tilts carded for foreign diamonds. The 1955 diamond slate lists four more games than played a year ago.

The new schedule shows all teams that a year ago still carded with two new opponents being added. New foes are Our Lady of the Valley of Orange, and Garfield. Another game was added when Belleville and Kearny agreed to play a home-and-home series. Our Lady of the Valley will be met twice. At the helm of the Orange school is Bill Murphy who is well known to Belleville fans. Last summer Murphy organized an independent team and was sponsored by the Recreation Department with home games conducted at Municipal Stadium.

For Belleville and Berinski, 1955 will mark the third year of participation in the Big Ten Conference and all prospects point to the most successful season in the circuit since it became into being. Last year the Bellboys finished in fourth place and with a veteran team returning will be choiced for all the marbles, come the start of the pennant race in April.

The regular campaign for Belleville will begin on April 20 at Municipal Stadium against Columbia and end on June 3 with a fray at West Orange. Of the 18 games, all but seven are against Big Ten foes. Each loop rival will be met once with the exception of Kearny and Columbia.

# Grosso Plays Good Ball at Bloomfield

He, Mack And Caruso, All Former High School Players, Take Key Roles In Helping Small College Knock Off Bigger Schools—Follows In Footsteps Of Brother

When Bob Nichols took a look at the Bloomfield College squad at the start of this, his first season as a coach, he liked what he saw in Pat Grosso, son of Mr. and Mrs. Patsy Grosso of 64 Franklin Street.

"He'll have to correct a few bad habits he picked up in playground ball," he said, of the former Belleville athlete, but he's a good competitor. He could be one of the best all-around players in this section."

And as this season showed, Nichols hit the nail right on the head, both in his estimate of Grosso as a die-hard competitor and his general all-around play.

Grosso's scoring abilities showed themselves to best advantage in the small college play when he chalked up 50—more than 50 points against Paterson State Teachers.

And his hand play was best evidence in the school's game Saturday against Montclair State, when Grosso suffered a severe sprained ankle running full tilt into one end of the court, but got before he passed off to teammate Pat Caruso for a 2-point play and a hard-fought win over the bigger school.

Grosso, Caruso, whose 42-point scoring spree was high for a freshman, and Tommy Mack, who lighted the college's five-game win streak, after Bloomfield had lost 14 straight, led the highest win streak in the history of the school.

And there are ex-Belleville players, with Caruso and Mack performing under "Jittery" Wische in the '52-'53.

## Fighting Spirit

The game against National College of Agriculture showed what fighting spirit these lads have. Down 36-30 with four minutes left, Pat Caruso made five straight points to cut their lead to 36-35.

Then Grosso scored a goal, and settled the score 37-35 by adding two free throws with three seconds left. Grosso scored 31 and Caruso 32 in the same contest.

The Grosso ability seems to run in the family. Grosso started playing ball when he was eight years old, following in the footsteps of his brother, Joe, now a teacher in the James G. Shawer school.

And Pat found these "hoos" his share of highlights in his play with Belleville, high hitting for 20 points in one game against Hulsdale, and winning another in the final seconds against West. Grosso played with a crucial foul conversion.

Put Bloomfield On Map—With Caruso, Grosso and Mack playing for Bloomfield, the college stands a good chance next year to continue to knock off the bigger schools with their larger male enrollment.

At least, they've put the Deacons squarely on the athletic map.

# SERRITELLA GETS "WEIGHTLIFTER-OF-YEAR" TITLE

Sixteen-year-old Joe Serritella proved to be the most improved lifter, showing a gain of 255 pounds in his total six different lifts in the weightlifting championships of the Belleville Barbell Club last Friday night at the Municipal Stadium. Many of the club records were swept under with all of the lifter, showing great improvement over last year.

Joe was pushed all the way to the final lift by Henry Sienkiewicz, who netted a gain of 242 1/2 pounds in his six lifts. The "Weightlifter-Of-Year" award of a wristwatch and a gold medal was given to Serritella for his lift. Actually Sienkiewicz lifted the heaviest total weight in the contest, hoisting 1,470 pounds in his six different lifts.

The contest to settle the cham-

# Intertown Junior Rifle Club Formed; Girls' Unit Added

An inter-town Junior Rifle Club has been formed here, through efforts of the Junior Rifle Club of Belleville, the Recreation department announced this week. It announced also that a girls' division has been added to the Junior Rifle Club.

The League consists of teams from Belleville Recreation Department, Belleville American Legion, East Orange Y.M.C.A. and Bloomfield Boy Scouts.

Matthew J. Callahan, the department's rifle instructor, said the prime mover in the organization of the new league, Caubman is assisted by Frank Logudice and Philip Newsome.

The Junior Rifle Club itself was organized a year ago and Harold Brand, assistant recreation superintendent. Originally meeting on Tuesday evenings the club has grown to such an extent that it now meets in three groups on Tuesdays, Fridays, and Saturdays.

Because of many requests, the department said, a girls' division to the club has been organized. John A. Boyd is instructor for the girls' division.

Plans are to start the girls' activity within the next month. The department would like to hear from all teenage girls who would be interested in taking part. The group will meet on Wednesday evenings. Participants will purchase their own ammunition.

Many improvements and the latest in safety devices have been built into the department range during the past week, the department said, calling it one of the prettiest and safest ranges in the entire area. Citizens are invited to visit this installation in the Municipal Stadium.

Youngsters who take part in activities at the recreation department range are taught and re-taught all of the safety rules of handling firearms by instructors who are certified by the National Rifle Association, the department said.

Bert Castelli, handicapped by a first operation, lifted only first attempts in each lift to post a winning total of 1,270.

Will Get Medal—Each of the Champions will be presented a medal by Commissioner Elmer S. Hyde, director of the Recreation Department.

All of the lifters who competed in last year's contest showed gains in their power and an average of 13 pound increase in muscular build. Sienkiewicz, who is 27 years old, gives evidence that physical gains from weightlifting are not restricted to youngsters.

Anyone in the Town of Belleville is welcome to take part in this bodybuilding activity, the recreation department said. Regular workouts are conducted at the Municipal Stadium each Monday, Wednesday and Friday from 7:00 p.m. to 9:30 p.m.

# BISHOPS TO PLAY SWEET SHOP FOR CHAMPIONSHIP

Dolphins Lose: 40-39 In Semi-Finals Upset; Puleo Leads Winners With 19 Points

The Bishops and the W & W Sweet Shop teams will meet next Wednesday evening at the High School for the championship Trophy of the Intermediate Basketball League.

In the upset of the year, the third place Bishops knocked over the first place Dolphins 40-39 in the semi-final play off Wednesday evening. The Dolphins boasted two victories over the Bishops in regular league play.

The winners pressed for three stanzas were out from 35-27 at the end of the third stanza.

# LESCAPROYS WIN; BECOME NEW GALS' LEAGUE CHAMPIONS

Pat Witke's Play Highlights Team's 26-25 Unset, Dethroning Seniores For First Loss

The Girls' Basketball League has drawn to a close with the crowning of a new champion.

Lescaproys eased the Seniores out of the championship 26-25 to give the Seniores their first loss in two seasons of play.

The new champs gained an early lead when Pat Witke, Grace Alford and Carol Travers all chipped in for Seniores for But foul shooting wasn't working, for Seniores and Randall missed four shots and Eddie Newsome each missed one.

Finally, Schreiber hung in two from the field and Newschwander followed suit. Randall tallied and Newschwander chalked up three from the free line to give Seniores an 11-10 lead at the end of the opening period.

Rose Schreiber hit all that kept her team in the game in the second period but she seemed more than satisfied with a 13-10 lead at the end of the first half.

The third quarter was the difference. Witke, definitely the heroine of the evening, hit four for four free throws and added a dence. Schreiber answered for Seniores with two foul shots and a goal. But Lescaproy Sis Sayre had the last word with two crucial goals, and the Lescaproys moved ahead for good 25-22.

A "do or die" fourth quarter opened with a Newschwander jump shot from 30-feet out, closing the gap to one point. Witke then led and made good, pushing the Lescaproy lead to two points and keeping them control of the apple.

The girls went into a beautiful freeze for almost two and half minutes. Then Arlene Wychell broke it up and was fouled with two minutes to go in the game. Schreiber made the shot and the Seniores took control of the ball.

They passed it around like a hot potato, Schreiber drove in and was fouled reaching for the lay-up, but missed both shots. Seniores still had control with 45 seconds of play remaining.

Travers Steal Ball—Schreiber tried again and was fouled and again she missed both tries from the foul line. Seniores took the ball out once more, but this time it was stolen by Carol Travers and the game ended with Lescaproys in control.

# Plenge, Taylor Lead Teams To Wins In Fewsmith Keg

Horman Leads In Individual Averages With 175; Hilltoppers Still Remain Team To Beat

John Plenge's 55th series and Sam Taylor's 554 led the Farmers and Spoilers to wins over the Cubs and Busters, respectively in Fewsmith Bowling this week.

The Aces took the odd game from the Old Timers and Hilltoppers took the odd game from the Muffins.

Herman Horman leads in individual averages with 175, followed by Bob Taylor and Emory Goody with 172.

Art Greason had 201; Jim Swartz, 205; Herman Horman, 210; Bob Taylor, 214; Sam Taylor, 220 and John Plenge 237 for high games during the week.

| Cubs        | 22  | 44   | 758  |
| Busters     | 19  | 47   | 747  |

Last week the league-leading Hilltoppers, having the combined efforts of Horman, body, 170, and Bill Koehler, 560 series, took two from the dangerous Old Timers and led by four games.

The Busters and Cubs took two from the Aces and Muffins, respectively, while the Farmers and Spoilers took a one game lead on Tuesday night due to pinbogs going to the Essex County Tournament game.

Herman Horman had 210, Bill Koehler 202 and Emory Goody 202 and 213 for high games during the week.

**DINNERS CLIMAX WESLEY DRIVE**

A budget and building campaign at Wesley Methodist Church will be climaxed with two dinners Thursday and Friday to be attended by 400 guests.

The drive is expected to provide funds for a new stairway and exit at the rear of the church, according to Rev. Clifford Hewitt, pastor.

The dinners will follow a "town meeting" when members of the congregation will present their pledges, to be dedicated at a Victory service March 20.

Members of the Methodist Youth Fellowship will provide baby sitters and Allan H. Crisp will act as toastmaster. Speakers will include Rev. Hewitt and Herbert V. Ryan, campaign chairman.

municipalities, and urged that the school budget be placed on a calendar year basis, like the town's for purposes of economy.

McGreavy, former town employee, criticized the lack of a short-hand reporter for the budget meeting and urged that the hearing be postponed another night and be held in the high school, so residents would be accommodated.

At the nine-minute mark in Golden's discussion, Town Attorney Lawrence Keenan intervened reminding the Commission of the time limit, and intervened again another minute later.

But Golden was permitted to continue, on a resolution introduced by Commissioner Harry Sullivan.

**THOMPSON NAMED TO REAL ESTATE APPRAISAL GROUP**

Norman H. Thompson, who with his father, Harvey B. Thompson, conducts a Real Estate and Insurance business at 302 Washington Avenue, was named to the American Institute of Real Estate Appraisers, a national organization, as a professional appraiser.

Thompson, an associate member of the Board of Realtors of Bloomfield, Glen Ridge, Nutley and Belleville, was graduated from Muhlenberg College, Pa., in 1941 and completed post graduate work at Temple University and the University of Pennsylvania.

During World War II he served in the Signal Corps at SHAEF Headquarters, Frankfurt, Germany. He is on the Board of Directors of the Belleville Chapter, American Red Cross, acting as disaster chairman, and serves in the Communications section of the Civil Defense group.

County contributed \$211,229 with \$8,367 coming from Belleville.

Of 14 funds raised, 25 per cent will be allocated to the national organization to help defray the costs of research which seeks a cause and cure for cancer as well as discovering more modern methods of diagnosis and treatment.

Locally, the contributions will finance the society's programs of service to cancer patients and maintenance of the cancer clinics in six Essex hospitals.

In addition to fund raising, the crusade has as its co-objective an intensive education program which will attempt to reach every household in the county with literature about the malady and how the society is combating it.

wards the end of the hearing, there is a standstill. I'll introduce no resolution, and you're wasting your time."

King, whose ouster of Greco brought out a flood of complaints, stood steadfast in his opinion that the dismissal was an economy move.

Mayor Isadore Padula, who deplored the ouster last week, repeated during the hearing that a permanent building inspector is needed. Engineer Matthew Sheehan has been ordered to take over the duties, without more money.

Padula said, however, that he would accept Greco in his department if other commissioners wanted it. His suggestion died without a resolution to that effect being introduced.

Greco called it "unjustified."

Richard A. Shafter of the Riviera Park Civic Association which has been protesting the dismissal, called the firing "unjustified and illegal."

"The law is still on the books," he said, referring to the ordinance setting up the building inspector's department here.

He pointed out that the position was important because there were large building projects planned, including one by Federal Life Co., Smith's employer.

Shafter also questioned the "economy" motive in the dismissal, stating that Smith had put three men on, since the dismissal.

"Of course I hired them," replied the Commissioner. "A great many employees are in court," referring to the trial in County Courthouse in Newark involving some town officials on conspiracy charges.

"Don't you think I have a right to replace people?" he said, in view of the many streets in town.

The department budget is still \$650 less than it was last year.

Smith also asked Shafter if it wasn't true that he, (Shafter) had asked Commissioner Joseph King in the past to dispose of Greco, Shafter replying in the affirmative.

Sciarillo speaks

Discussion of the Greco incident died for a time, then, when Thomas Sciarillo of 65 Lake Street, questioned Commissioner Harry Sullivan about ordinance enforcement and the police department.

Sullivan said, after certain specific questions regarding hours and motorcycle that he did not want police information to be handled about in public, and invited Sciarillo to discuss any matters in the police headquarters after the meeting.

Sciarillo at one point said he would go to the prosecutor's office concerning ordinance enforcement.

Patsy Greco then took issue with Smith on the building inspector's dismissal, questioning the economy move and explaining his point of view.

He brought out also that Greco had been dismissed while men under indictment were still working.

James R. Golden then spoke against the dismissal, citing back-ground and stating Greco had got a run-around when he first applied for the job.

In Golden's comments, on a relationship between Smith and King, it was brought out that Smith's wife is the niece of King's wife. King himself clarifying the relationship.

Differences

Golden's statement that Smith had intervened when Greco was trying to get the job and had called Greco about it, brought a direct difference of opinion between Smith and Greco, who was in the audience.

Golden also charged it was a "false economy" because efficiency was involved.

Here an unidentified speaker got up to state that Golden's views on economy were contradictory.

Golden also blasted King on the dismissal, stating at one point: "there's a number of people in his department who don't do a lick of work all day."

King again, denied there was any malice on his part in transferring Greco to the public works department, where he was fired two days later.

Padula, asked to explain his vote on the transfer, said he did not know Greco would be discharged. He said Greco had once told him he desired a transfer to Smith's department.

Greco intervened here, stating: "I also told you that Smith told you that Smith told me I was getting a dirty deal in King's department," and he would give me a raise and a secretary."

## School Happenings

### Primary Problems Workshop

Mrs. Mary Gilroy, recorder of the primary problems workshop of the school system has reported that it was decided to evaluate various samples of seatwork that were contributed by teachers of the first grade.

The meeting, under Miss Carolyn Pohl, and the workshop was held in the Teachers Room of School Three. It was decided to buy large scrapbooks, one for each building to put the sample of seatwork in. The books will be mailed in each individual school when they are completed.

### Art Workshop Held

On Wednesday, Thursday and Friday, February 23, 24 and 25, a private company had Mayville Dudley Sloan as an art consultant for Belleville teachers in various sessions in the high school cafeteria.

The theme for the workshop was, "Creative Hands Make Happy Charts". Some of the different phases of art worked on by the teachers were: finger painting, crayon etchings, paper mache figures, modeling clay, water color, poster paint, use of perma kraft, and paper sculpture.

For the next few years it is the intention of Thomas C. Gryczka, coordinator of visual aids, to build a collection of films that will fit into the current curriculum. At the present time a collection of films is being built around the fourth grade geography course of study.

**Trips To Washington**  
Many of the eighth grade students of the Belleville Public School System have a treat in store for them as they work on the plans for a trip to our national capital. Schools One, Four, Eight, Nine and Ten make this trip an annual event of the school curriculum. For the first time School Seven will also travel to the District of Columbia. The students have completed most of the preliminary plans.

A film has been shown to the eighth grades, entitled, "Welcome to Washington". School Eight, under the leadership of Miss Kathryn Conlin and Mrs. Betty Rossmiller, is leaving on March 21.

**A Creative Experience**  
The fifth grade pupils at Passaic Avenue School, under the direction of their teacher Mrs. Dorothea Behan, are studying Florida. After studying pictures and books to gain

information about this vacation state, the boys and girls made a model of Miami Beach.

A committee of sixth grade girls arranged a display of these projects in the school library. An invitation was extended to the pupils of the primary department to visit the library and see "Life in Florida". Over four hundred pupils viewed the exhibit.

**Driver Education Teachers**  
The New Jersey Driver Education Teachers' Association will hold a conference on teen-age driving problems in Kendall Hall, Trenton State Teachers' College tomorrow from 9:30 A. M. to 4:00 P. M. Herman Knapp, president of the association, and teacher in Belleville High School, has announced that the program committee under the direction of Scott Johnson of Ocean City High School has arranged a program.

### Social Security Talk

"Latest Social Security Benefits" was discussed by Miss Carolyn Holden at the Parent-Teacher Association meeting of School Nine on Tuesday.

## ROTARIANS JOIN IN ANNIVERSARY OF 50TH BIRTHDAY

Rotarians from the Nutley and Belleville Clubs joined with others from clubs in Essex, Morris, Warren and West Hudson Counties for a dinner-party celebrating Rotary's Golden Anniversary last Saturday in Hotel Essex House, Newark. Leading the groups were Frederick H. Young and Harry J. Berger presidents of the Nutley and Belleville clubs respectively.

Governor Robert E. Meyner, a charter member of the Philadelphia Rotary Club, was the principal speaker of the evening. He was introduced by George C. Barnes, president of the Philadelphia Club.

About 500 Rotarians and their wives attended the affair, one of the largest ever held in the club's 26th District. William M. Penfield, of the Newark Club, was general chairman, assisted by a committee including Berger and Young and Emil Barabeta, of Nutley, and G. R. B. Symonds of Belleville, chairman of the two clubs' Golden Anniversary Committee.

Attending from Belleville were: S. G. Bart, Wm. Bennett, Harry Berger, Wm. L. Boss, Jos. C. D'Angelo, Peter B. Delebach, Past Dist. Governor; A. A. Florentine, Stuart Grant, John B. Greulich, G. Mrs. Sarah Abramson, of 33 Floyd Street, died March 1. She was 69. She is survived by her husband, William Abramson, two daughters, Mrs. Irving H. Garson and Mrs. S. P. Fisher, of Belleville, and a son, Dr. Maurice Abramson, of Philadelphia.

She also leaves a brother, Martin Pollack, of Newark, and six grandchildren.

A charter member and past officer of the Sisterhood of Congregation Ahavas Achim, Mrs. Abramson was active in Jewish affairs, and was a member of the Belleville-Nutley chapter of Hadassah.

Born in Newark, she had lived in Belleville 42 years. Funeral services were held at

the Apter Funeral Home, Newark. Rabbi Albert L. Raab officiated. Interment was in King Solomon Cemetery.

### Ernest Gargas

Ernest Gargas, 85, widower of Anastasia Gargas, died March 4 after a short illness. He was retired from his own import-export business and lived with his son, Michael Gargas of Franklin Street.

A service was held in St. Panourios Church, Newark. Burial was in Woodlawn Cemetery, Newark.

He leaves his son, Michael, at home, and two other sons, Peter, of Newark and George, of San Francisco.

### Alfred M. Cairo

Alfred M. Cairo, of 178 Belleville Avenue, died March 2 in East Orange General Hospital after an illness of about a month. He was 23.

Mr. Cairo, a lifelong resident of Belleville, attended Belleville High School.

He is survived by his parents, Mr. and Mrs. Alfred T. Cairo and two sisters, the Misses Mary and Anne Cairo, both of the home address.

A High Requiem Mass was offered at St. Peter's Church. The funeral was from the Riemann Funeral Home. Burial was in Holy Cross Cemetery, North Arlington.

**Informal Spring**  
Of all the charms of spring,  
I choose to sing  
Its informality.

Makers of calendars  
Record a certain date.  
"On such and such a day,"  
They state,  
"The spring arrives to stay."  
Then they  
Presto! and the wind turns winter cold  
Or summer hot.  
The spring has not  
Arrived to date.  
But I have known,  
Slipping between the snow and the west  
wind,  
A breath of daffodils,  
A sigh of crocus-threaded grass,  
Lasting an hour, no more.  
And I have heard,  
Breaking upon a January dawn  
A bird  
Flashing his song as if the sun had sprung  
Out of an April sky.  
Let no one say,  
"The spring arrives on such and such a day."  
However dull the weather, or unkind,  
For those who keep an open mind  
The first sweet burst will be  
All informality.

## Praise The Lord But Stop The Castigation

The recent displays of rough and unruly tactics at Town Commission meetings point up the need for some kind of orderly procedure to be followed, particularly when there seems so many tender and controversial issues. Arguments and clear thinking lose out in the welter of emotions which are permitted to ride roughshod. The people themselves are the losers.

First, let us stress that this is not an attempt at restricting free speech; nor is it an attempt to throttle any reasonable amount of fury which even some of the best speakers possess. If a man wants to get something off his chest, fine. The public forum is the place to do it. If he bellows a little; well that's all right too. Everybody's entitled to a little holler once in a while.

But there's no room for bitter personality attacks; even if inadvertent; nor any malice or vindictive language. And it's up to the chairman, in this case the Mayor, to stop such violence. Like a good referee, he'll clamp down before the game and the players get out of control and the contest gets to be a series of personal feuds and fouls.

First, let's take up the talking time limit, apparently fixed at nine minutes according to the last count. It's silly to have a fixed rule on the time a man should talk, particularly when some issues, like budget hearings and special meeting and controversial town problems are before the Commission.

By the same token, however, a man should be asked to stop his talk if he has made his point, is starting to repeat himself, or appears to be starting a one-man filibuster. Again, this is largely a matter of judgment for the Mayor; depending on the circumstance, the hour, and the number in the audience. At some meetings in neighboring Essex municipalities, the governing body gets together before the session, to determine a time-limit on all speeches.

Another way for the governing body to save time and perform more effectively for the people, is to permit say, one, or a fixed number of people from an organization, or the "pro" or "con" side of a question, to speak for all in his side. Others of the group may speak also, provided they have something new to add or something different to say. There's no stopping a man who insists to be heard, even after four or five people have already said the same thing, but the Commission might point out, at the very start of the meeting, just what they want to see followed.

Now for the third and most important point: all questions and statements should be directed to the board as a whole, through the mayor's chair. No commissioner should be subject to personal abuse, nor to an on-the-spot cross-examination, and pillorying. We hold no brief with the theory that they can't stand criticism and correcting — but we've never seen any of the pillorying at any municipal meeting we've attended as goes on in Belleville.

As for the devout prayer at the start of each meeting, it struck us as a fine idea when we first heard it.

But after some of these bitter personal exchanges at recent meetings, the prayer is twisted into near-irreverence by the following turbulence. It's like the grace said before the meal, where everybody but the offerer has one impatient hand on the fork and an anxious eye on the main dish.

There's nothing wrong with the purpose, intent of the prayer, nor the prayer itself. However, praise the Lord, Mayor, but stop the castigation.

J. J. H.

## Thank You, Mr. Albery

Probably some of you readers have read part or all of a recent three-story series here on a relatively untouched chapter in the history of the town, Ye Old Belleville Taverns.

If you haven't, you've missed out on a memorable living page of Belleville history, deftly written with the sparkle and wit of the storyteller. As the author, (who has presented this paper with other lore of a more serious nature) points out, the "saloon history" wasn't exactly a topic for parlor conversation, even though taverns did play a large part in the social life of Belleville of yore.

Thank you, Mr. Albery, for the contribution, and your other contributions in the past. We're sure the reader got some ear-to-ear smiles and a few belly laughs and reminiscences from your text.

We'd appreciate contributions from other readers, including old pictures and fine post-cards. History is a lot of fun, particularly when it takes place in our time.

## "Gear Within Gears"

The schism within the Republican Party, here in Nutley as throughout Essex County, is regrettable but, perhaps, necessary evil. It is a consequence of the flagrant disregard by the GOP county machine the Essex executive committee, of the wishes and the thoughts of those many Republicans who should be consulted on party matters but who have been studiously ignored in the machine's smooth operations of its "gears within gears".

Now, perhaps, with the long-threatened schism a reality, the county leaders will realize the errors of their ways and change their tactics. There is yet time. This schism concerns only the April Primary. Between April and November there will be a half year within which to restore party harmony. The party can be united behind a Republican ticket in November, or it can be split wide open by winter.

If the schism is allowed to widen and to worsen, after the Primary, there is a grave danger of Essex losing seats in the county delegation in the Assembly. If the Democrats break into the Essex legislative delegation, the Republicans stand a better-than-even chance of losing control of the legislature in November.

There was ample time to have negotiated a working agreement between the county executive committee and Clean Government Republicans. That the agreement was not reached, and that this sorry state of affairs came to a head this week with rival Republican slates in the April Primary is, primarily, the fault of County Chairman John Cash. For the good of the party, Cash should go!

It is too evident that the coterie of the few refused to share with the many in writing the Republican slate. Those entrenched in party power and in fat-paid jobs refused to recognize the rights of other Republicans to help choose the party candidates. To us, that smacks of transplanted Tammany, not of decent and modern, efficient partisan endeavor. Too many hacks fill the places on the county committee's slate, hacks who happen to have pulled the right strings. The Republican party, to win back the ground lost in Essex County last November, must present a slate of the best Republicans available, not a ticket of well-worn hacks. It was the hacks who lost the ground last November.

We, here in Nutley, are pleased that recognition has been given in the Barnes' slate to our constant demand, in The Nutley Sun, for representation in the Assembly, in Trenton, and on the Board of Freeholders in Newark. In Mrs. Ellen Berger and Robert B. Anderson, the two primary candidates on the Republican citizens' slate, we have excellent representation.

Mrs. Berger has proven in her first term that she is an efficient defender of our interests. She has fought hard to overcome the hardships that the blind errors and the stupidity of our Essex hacks in Trenton created. No hack, she.

It is regrettable that the schism had to happen, but if the wound is cleansed and cured, if strong candidates replace party hacks, then it will not have been in vain.

## One Man's Opinion

### The H-Bomb May Have Rendered War Obsolete As Scientists Contend, But G I Joe Is Still Much Alive

By Ralph E. Heinzen

We are in that strange moment during daybreak when it is no longer night and not yet dawn. We are told that the H-bomb has made war obsolete and that just one H-bomb dropped here in this metropolitan area could cast a deadly pall over a territory as large as all of New Jersey.

Yet, in the same breath, officials in Washington are clamoring for a more costly military establishment to install and maintain a radar screen from here to the North Pole, with interceptor air bases in the frozen North, as the best means of warning plus a powerful attack force, on land, on sea and in the air, to carry deadly retribution to any who attack us.

What our scientists mean, doubtless, is that war with tanks and machineguns, with rifles and bayonets, with grenades and rockets, is obsolete. It doubtless is true that we never will again fight great land battles as we did in World Wars I and II, but there will continue to be armies, navies and air forces and, for the next ten years at least, we will continue to operate on the theory that "a big stick" is the best protection.

### Watched Nine Wars

In my career as a war correspondent for United Press, I have nine wars behind me, including both World Wars, the war in Ethiopia, the Spanish Civil War and colonial wars in Syria, Tunisia, Morocco and way-points. From my days as a war correspondent with General Pershing in Mexico, chasing Pancho Villa back into his mountain lair, to my last assignment as a reporter in Berlin, I have seen the new Tiger tank and I was shown, under oath to preserve the secret, the Patton tank then in process of building as the answer to the Tiger—even before the Tiger had struck the first time.

I was also taken to Orlando, Florida, where, to my astonishment I met with the Air Force bomb squad and I saw the new Tiger tank and I was shown, under oath to preserve the secret, the Patton tank then in process of building as the answer to the Tiger—even before the Tiger had struck the first time.

In World War I, I saw trench warfare, the most frustrating of all types of combat when artillery hammers away at men in holes in the ground and neither side was adverse to mixing in poison gas shells with the shrapnel.

### It Took Foot Troops

In World War II, I saw serial destruction at its maximum and as a prisoner of war of Hitler, in a camp in the Black Forest, I saw the German Luftwaffe drop 127 air raids in one and a half years. Yet, despite the terrible bomb destruction in Germany, World War II ended only when Russians and American G.I.s and British closed a pincer, at the Elbe River, around the rest of the German army.

I never saw a colonial war that was not fought with strategy cooked up on the field of battle. Once, in North Africa, I was on the receiving end of 250,000 French troops, including the famed fighters of the French Foreign Legion, all on their haunches while one French colonel, a military intelligence officer named Gomez, went on foot into the Rif mountains and talked Abd el Krim into surrender to end 16 months of war.

That is why I am not overly impressed with the assertion of nuclear physicist Dr. Robert Oppenheimer that war is "obsolete."

### Wars Grow Worse

I am not convinced that we cannot devise a civil defense plan which will take the sting out of an H-bomb attack if we are warned enough in advance to take our prepared defensive positions. When the Chinese invented gunpowder and modern ar-

## Vital Seconds

If he decides one day that approaching unidentified aircraft are hostile, the real thing, he may not have time in those crowded minutes, when aerodrome are what count, to pick up that secret telephone and consult with the White House. A President may not be available at that precise moment. There won't be that much leeway.

Presumably there would be sufficient warning reaching American intelligence so that the White House, and the military, would be forewarned within days or weeks of an impending air attack.

Under such a condition of alert the air defense commander would be in constant touch with the Joint Chiefs of Staff and the President, and would not be compelled to assume the responsibility alone.

## Push-Utton Action

But the risk of giving the air defense commander the authority to take action immediately should he need it, is too great not to be granted provisionally. In pressing the button, General Banfill, or any air defense commander, would simply ratify the conclusion of his division commanders that this was the crucial hour. Interceptor aircraft already would be on station—

at 50,000 feet or more—and the identity of approaching aircraft determined as hostile. General Chidlaw does not give the impression he expects any such drastic action. He remarked recently, no man expects his nose to catch on fire or be robbed, and it doesn't happen in a vast percentage of cases. But if it does, he wants the fire and police departments, and he wants them immediately. That's the way it is with the air defense, which the United States now has undertaken seriously.

## Exceptional Powers

The decision to invest General Chidlaw with powers second only to those of President Eisenhower to throw our defense planes into action on split-second notice was a long time in preparation in Washington. The moment that President Truman declared in 1949, that the Soviets had exploded an atomic device, the need was foreseen by men in the defense and State Departments. It became mandatory when the United States confirmed, in 1953, that the Soviets had detonated a hydrogen bomb.

A series of committees studying the problem all approved an air defense program. But it was not until 1954 that the decision became firm and real money, upward of a billion dollars, began to be spent. Undoubtedly this was the outstanding decision by the White House and subordinate wings of the administration. Defense matters in 1954. It came quietly with so little hoopla in that the mass of Americans probably are still unaware of what a tremendous step has been taken.

## Can Be Defended

### Reader Urges Citizens Contemplate "Recall" Action; Another Gives Views Of Free Speech

Recall?

Editor, Belleville Times-News:

The cautious, uncompromising stand taken by the local Board of Commissioners in refusing to move the reinstatement of Building Inspector Greco, notwithstanding the overwhelming clamor from an aroused and irate public who refuses to accept the pretext of "economy" as the true cause of his dismissal, marks the cavalier arrogant contempt shown the wishes of the public.

The refusal of the governing body to effect at least a modified reduction in the precipitant 69-point tax jump which has been made by applying my recommendations is further evidence, if any is needed, to mirror the indifferent disregard these officials hold for the public's welfare.

Present indications point to a continued observance of these objectionable practices, the citizenry in its own protection might give serious thought to the possibility of exercising its powers of recall to avenge these continuing and execrable indignities and insults.

The chariot call should now be sounded marshaling all forces devoted to the cause of right-

eousness and decency to rally in a concerted effort to end and correct the tyranny and misrule which pervades in our beleaguered community. May we yet be free to breathe the fresh air of confidence that is inspired by the observance of the principles of simple honesty and common decency in our local government.

The futile attempt of Commissioners King and Smith to vindicate their flagrant and unethical removal of town building inspector Greco for what they call "economy" reasons is so fraught with inconsistencies which are contrary to the routine administration of their departments as to appear ridiculous.

The joint statement issued by them only tends to confirm further the suspicion of a preconcerted plot to out an essential, efficient public servant whose only fault was his unwavering discharging of the duties of his office in an impartial, honest and conscientious manner. That he may have had to "step on the toes" of political powers never deterred Mr. Greco, but it did infuriate them as has been evidenced by the harsh treatment meted out to him, not only in this instance, but throughout the entire period of his term.

(Continued on next page)

United States attain a reasonable air defense? If the answer is yes, which is the administration's view? The next question is: Can the United States maintain a reasonable air defense over many years? And here, too, the answer seems to be yes, while several "ifs, ands, and buts" are included.

The system will be extended not only into Canada, where there is effective cooperation already, but one presumes, into Mexico. Up to now there has been virtually no air defense south of the Rio Grande, the Albuquerque, N. M., area being the guardian of the nation's southern extremities. But introduction of some early radar warning system into Mexico seems inevitable, though on a lower priority than extensions in the north.

Washington makes no secret of its hope to integrate the Canadian air defense system into that of the United States as one operating unit, directed by a single commander.

The logic of events probably will bring about this step naturally as more and more United States radar stations are built in the Canadian Arctic and as the need grows—as it will—for interceptor squadrons to be placed farther and farther away from the United States and Canadian target areas.

The Soviet Government has not overlooked this development. Its professional people undoubtedly know much more about American air defense than the American people themselves as yet, for that, is the business of governments.

If this intelligence has a restraining influence in Moscow, which is the hope in Colorado Springs as well as in Washington, that will be immensely beneficial.

# HOSPITAL DRIVE CONTINUES; "VERY HEARTENING" SUM

The campaign for the building fund of the Clara Mass Memorial Hospital, through the house-to-house solicitation, is still under way and results to date are very heartening. Evan Thomas, general co-chairman of the campaign committee stated today.

Norman D. Lauterette, chairman of the residence committee has issued an appeal to all campaign co-workers and co-chairmen to continue their efforts to insure the success of the drive.

"Each of us connected with the effort to bring this modern hospital facility to Belleville is full and appreciative of the work put forth by our workers and especially to those of our friends and neighbors who contributed to make this dream come true," Lauterette said. "Many good citizens have not only stated that they will re-activate their original pledges but have agreed to pledge anew. This is the spirit that will build the hospital."

According to Mr. John Kiddle, president of the Walter Kiddle Co. who is the Building Fund Chairman, it is planned to actually break ground for the Clara Mass Memorial as soon as good building weather is assured—probably in April or early May of this year.

Charles Natt, Business and Professional Committee Chairman has advised Thomas that his drive is now organized and ready to swing into action. This also applies to the organizations committee headed by Eugene Barnett.

## LETTERS To The Editor

(Continued from Editorial Page)

The statements of Commissioners King and Smith are designedly distorted and misleading to the public, but will not withstand the searching eye of close scrutiny in regards to their presentation as it applies to the Greco case.

The stand of James R. Golden is, contrary to the misrepresentation alluded to in their statement, inflexibly consistent in demanding economy and efficiency. The attempt to imply that the unprincipled removal of Greco is economy is absurd and a misnomer. If Comm. Smith will permit me to point out "actual" economies that could be practiced in his Dept. without any semblance of impairment to essential services I'm well prepared to do so. The removal by Smith after the transfer of the Dept. by King can only be interpreted as a vindictive ruse, no matter what they call it. It appears Comm. King didn't like Greco's contradicting his statement regarding Mr. McCall's service to the town. Comm. Smith's action can perhaps best be answered by doubts if the real motive was economy, as he alleges.

Editor, Belleville Times-News:

Many people have expressed a desire that I answer several questions, one of which is: "Do you, in your various speeches before the Board of Commissioners, represent anyone?"

My answer is, "the only person I represent is myself. I am personally motivated by my words and actions and it should not be interpreted any other way."

The same thing is true when I attended the Board of Education meeting several weeks ago.

In answer to the man who had asked Mayor Padula to answer a personal question concerning me. The answer I give him is, "it is none of his concern."

I do not belong to any political organizations, town-wide, county-wide, state-wide or on a national level.

As a matter of fact, whatever I have to say is my business, and I definitely will not be intimidated by anyone who feels that my views are contrary to theirs. I am exercising my privilege as given me under the First Amendment to the Constitution of the United States of America, and I defy anyone, with the exception of Almighty God, to take this away from me.

## WASHINGTON IS REAL GEORGE

The eighth grade of School 1 presented a program for Washington's Birthday which consisted of a minuet danced by six girls and a play called "Prelude to Victory" by Graham DuBois. The setting of the play was a colonial home in Trenton on Christmas Eve, 1776. The story was of the plans for Washington's crossing of the Delaware and the tolling of the Hessians by some of Washington's men.

The minuet was danced by Roberta Brown, Doris Beverly, Thomasia Hamilton, Ruth McBride, James Morton and Eva Rock. Nunzio Cernero accompanied them on the piano.

The cast of the play was as follows: Patricia Eggstone, Linda Thompson, Myra Hatcher, Nunzio Cernero, Charles Burdick, Joe Paulin, Edward Martin, Chris Coccio. The prompter was Carol Denner. Roy Hollar was in charge of the tolling of the bells. Nakashian was the announcer.

## GIRL SCOUT NOTES

Nine Girl Scout and Brownie Troops received badges and pins Monday night at St. Peter's Church. Rev. John P. Hourihan made the presentations. Troops included 21, 27, 32, 37, 38, 39, 41, 42 and 44.

Brownie Troop 15 held election of officers at School Five with Betty Grosch, president; Andrea Kost secretary; Christine Poutura, treasurer; Joy Palmure, scribe; JoAnn Thalheimer, first patrol leader and Jane Wittek, second patrol leader.

Thinking Day was observed February 11 by Brownie Troop 23 in honor of the birthday of Lord Robert Baden-Powell, founder of Scouting. Troops 13 and 40 were guests and Nancy Webster took part in the candlelight ceremony. Others participating were Bonnie Sue Jones, Donna Alfieri, Kathy Auten, Bonnie Cook, Mary Goodenough, Marilyn LaMura, Susan McGill, Roberta Moore and Karen Murray.

World pins were presented to each Brownie.

## PTA Family Night

Family night was celebrated Thursday by the Parent Teacher Association of School Ten. A cake sale was conducted in the gymnasium and the fourth and fifth grade mothers acted as hostesses.
