

School Board Election Tuesday To Fill Posts On Body, Pass Budget

Nine Candidates In Running For Three Seats To Be Filled On Board Of Education; Voters Must Also Pass On Expenditures For 1956-57

Belleville voters will go to the polls Tuesday for the purpose of electing three new members to the Board of Education and approving the school budget for the 1956-57 school year. The three posts to be filled on the Board of Education are for three year terms.

Nine candidates are in the running for election to the three School Board seats. They are Dr. Frank DiRuggiero, Mrs. Charles Cassaday, George Meagher, all sponsored by the Belleville Conference, and Ralph Finelli, Nuncio E. Pico, James Salmon, Anthony Mori, William L. Kintzing, and Gary Vanderbilt.

\$10,080 COLLECTED TO DATE DURING MARCH OF DIMES

Final Report To Be Made Sunday To County Chairman; Mother's March Tops \$3,800

Loesner's Term Expires
Of the three vacancies to be filled in Tuesday's election, two are the result of last February's School Election when Belleville voters decided to enlarge the School Board from five to seven members. The third vacancy is to fill the seat of Walter Loesner whose five year term expires.

Newly elected Board members will be officially installed in their offices the week after election when the full Board meets to reorganize and elect new officers. The full seven member Board will sit for the first time when the change was authorized last year.

In last year's election, William Allison, Mayor, became the elected member of the Board of Education when he defeated five other candidates. Mayor's term was for five years. With the three newly elected members on the Board plus Allison, a majority of the Board will now be composed of trustees elected by residents of Belleville. Only Board president Mrs. Edward Rochau, Dr. Frank DiRuggiero, and Eugene Kelly are Board members serving out their appointed terms.

The Belleville Conference, as in the last election, has been playing a major role in the nomination and support of candidates. In last year's election the Conference had supported the winner, Boyd, and Conference officials are hopeful that the group's support in this year's election will be as successful.

STREET PARKING PLAN SUGGESTED BY TRAFFIC GROUP

Plan Would Ease Parking Situation In Conested Areas Of Multiple Family Dwellings

During the past three months, the Traffic Safety Committee has been in co-operation of the Department of Public Safety in enforcing existing parking regulations with the thought that if garage facilities are not available in certain sections of the community alternate side parking could be resorted to.

Nuncio E. Pico, chairman of the committee, said the system would allow parking on one side of the street on the odd days of the month and on the other side of the street on the even days of the month. According to the committee, the plan would facilitate cleaning of streets and enable the police to spot stolen or abandoned cars with greater ease.

The committee recommended these streets be included in the program: Branch Brook Drive, Main Street, Belle Terrace, Carpenter Street, Howard Place, Hackett Street, Napier Avenue, Frederick Street, Watchung Avenue and Florence Avenue for their

Polling Places For School Vote Released By Daniels

The following information has been released from the Business Office of the Board of Education to enable voters to know their ward and district numbers and their polling places as designated by the annual school election to be held on February 14. All voters will be checked in the Signature Copy Register books of the Town of Belleville. The records in these books are kept in accordance with the registration of wards and districts.

To discover where you vote in the school election, find the polling place you ordinarily use in municipal elections in the left hand column. Follow that line across to the right and the school election polling place will be shown.

Polling places used for Municipal elections:	Ward District	Polling places used for annual school election:

COINING QUESTION COMMISSION INTRODUCES \$2,251,333 BUDGET

\$7.98 Tax Rate Needed To Meet Expenditures

\$2,251,333

That's the amount of the 1956 municipal budget which Belleville Town Commission tentatively approved Wednesday night in a special budget session.

The proposed budget shows an increase of \$207,766 over actual expenditures for the 1955 fiscal year.

In view of the sharp rise in the municipal budget combined with increased school and county appropriations, the tentative budget calls for a tax rate of \$7.98 per \$100 of assessed valuation. The record high tax rate is necessary to meet the increased expenditures outlined in the budget and represents a jump of 66 tax points over the 1955 rate of \$4.62.

Public Hearing
A public hearing will be held on the proposed budget on Wednesday night at 8:00 p.m. in the Commission chamber. At that time public comments will be heard on the budget and any necessary changes will be made.

The new budget is comprised of an appropriation of \$1,001,409 for municipal expenditures, and an appropriation for \$1,249,929 as a reserve for uncollected taxes, which gives the \$2,251,338 figure.

Anticipated revenues other than current property taxes have been estimated at \$904,650, which would leave \$1,346,688 to be raised by local property taxes. The amount to be raised by local residents in 1956 is an increase of \$236,416 over last year.

An additional \$1,720,226 must be raised by local taxation to cover the town's school budget, a \$240,677 raise; and \$788,908 must be collected for the local share of county costs, a \$65,398 increase.

Broken down, this means that the \$7.98 tax rate is comprised of the following: \$2.12 for local purpose tax; \$3.84 for local schools; and \$1.92 for county purposes.

Operating Section
The \$207,766 overall increase over last year's budget is mainly attributed to the operating section of the budget, which shows increases in salaries and wages of \$128,705. This is accounted for by salary increases of at least \$400 each to all municipal employees.

Although formal resolutions to this effect will not be adopted until the regular meeting of Commissioners this coming Tuesday, provisions were made for the wage hikes in the Budget. The engagement of eight additional policemen and three more firemen are included in this figure also.

Other major increases in the operations section are \$36,835 for the new garbage removal contract and \$43,250 for the property revaluation survey. The reserve for uncollected taxes has also been increased by \$40,000.

TOWN TO TAKE PART IN CIVIL DEFENSE TESTS

Chairman Nicholas Maunelle To Tell About Defense Testing Program In Area

Nicholas Maunelle, chairman of Civil Defense and Disaster Control, announced yesterday that Belleville will participate in a series of three test exercises during the first half of 1956, including a surprise exercise for control center personnel late in February.

Maunelle said that the tests will be statewide in scope and have been designed to augment the operational training program started in 1955.

"Operation Surprise," the first statewide Civil Defense and Disaster Control test for 1956, will be held in the evening sometime during the last ten days in February.

There will be no public participation and no sirens will be organized.

VANDERBILT LAUDS SCHOOL BUDGET IN ELECTION PLEDGE

Candidate For Board Gives Praise To Present Members; Appraises School System

Gary Vanderbilt, candidate for election to the Board of Education, announced this week that he favored passage of the recently adopted school budget for the coming year. In praise of the present board he says, "They are to be congratulated for their tireless efforts to provide the finest education for our children at the lowest possible cost to our taxpayers."

He pointed out that our public school system is larger and more complex than generally realized. The school plant is worth ten to twelve million dollars on a replacement basis, he said. With 31 employees and more than 5,400 children trained daily in the classrooms, our school system becomes the largest single enterprise in the community.

He said, "We all deplore the increasing cost of city government and to provide modern education facilities for our children more expensive today than for

(Continued On Page Two)

An Editorial:

Know Your School Board Candidates

With Board of Education elections being held Tuesday, the Belleville Times-News feels that an enlightened citizenry is the only way to assure a wise selection of three new School Board members. To give each candidate a fair chance to tell the voters what he supports and why he is running, the Times is printing a statement from each of the nine candidates on his qualifications.

Each statement follows:

Gary Vanderbilt

I have submitted the following five-point program upon which I am seeking election to the Board of Education:

1. I will seek reasonable and economical expansion of facilities to relieve overcrowding.
2. I will encourage continuation of Parent-Teacher conferences and active P.T.A. organizations.
3. I will advise continuation of a lay advisory committee.
4. I will urge that a survey be completed in all schools to determine the need for curriculum improvements, child guidance techniques, and other specialized services.

DR. DI RUGGIERO EMPHASIZES LOCAL SCHOOL CONTROL

Board Candidate Believes Members Are Responsible To Community's Citizens

"Emphasis on local control of the schools is paramount in my mind," said Dr. Frank DiRuggiero this week. "The citizen should always be alert to take action if at any time local control, such as formation of school programs based on local needs, is infringed upon by the State or Federal Governments," he said.

DiRuggiero said he felt that a Board member should interest himself with the educational problems as well as the business and financial affairs of the school.

"I believe that the Board should also be concerned with the well-being of the community and the personnel policies that would be

(Continued On Page Two)

Cooking Class Open To Men And Women

How would you like to attend a gourmet's paradise where all the tempting dishes that you have always wanted to prepare will now be part of your cooking repertoire? How would you like to find out about the economic use of the oven in cooking, and about interesting lunch suggestions? How would you like to learn to entertain the easy way featuring hot hors d'oeuvres and fancy sandwiches that can be prepared a day ahead? Herman Knappell, director of the Belleville Adult School, has the answers to these questions.

This is your opportunity to learn all the tricks about making fancy parties that men enjoy and cakes and frostings. Knappell said, "There are many other attractive and interesting ways of preparing foods which I taught at Adult School."

The "Helping Hand Day" canvass has a goal of \$125,000 in the immediate area of Essex and Hudson, to be applied toward the operating budget of the Central Jersey Council on Aging. The new CP fund is needed for maintenance, staffing, and operation of the new CP Center over-riding Branch Brook on the Newark-Belleville line, where therapy will be given to more than 200 cerebral palsy youngsters.

The fund also helps support the Occupational Center of Essex County in Maplewood a sheltered workshop for handicapped adults. At that Center, training programs are conducted which help individuals learn skills so that they can lead useful, productive lives.

(Continued On Page Two)

Local Family Awarded YM-YWCA Membership For Largest Family

by Gytelle Bloom

Don't let it be said that Belleville doesn't boast the biggest and best of everything. Added proof of this was given last week when the family of Mr. and Mrs. Thomas Godfrey, 23 Valley Street, won a free YM-YWCA membership. The Godfreys, with their 16 offspring, won "hands down" the "largest family" contest sponsored by the Newark area YM-YWCA. The membership was offered as a symbol of the family approach to recreation.

To those harassed mothers with two and three children, Mrs. Godfrey says that managing 16 is much the same as once you get used to it, "It's just a matter of getting organized."

The Godfrey children range in age from 28 years to five months old. The older ones have regular duties and even the smaller children try to help to assist Mrs. Godfrey. In their seven-and-a-half room house, almost everything but sleeping is done in shifts and it takes cooperation to run things smoothly.

A large family like the Godfreys, doesn't have to look for entertainment and recreation. The Godfreys love to dance among their relatives and with friends. Mrs. Godfrey thinks it's best to let their children entertain at home.

Each member, one, and she insists she has spare time, Mrs. Godfrey relaxes by reading, "any time I can get away from the kids." With the free membership in the Newark YM-YWCA, Mrs. Godfrey would like to take a sewing course.

Defeated By
2-1 Majority
3,025-1,640

Kiernan Intending To Submit New Petitions For Another Election

The proposed Kiernan amendment to the town's zoning laws was decisively defeated in Tuesday's special referendum.

An almost 2 to 1 majority of voters turned out at the polls to cast their ballots against the controversial change which would have allowed the establishment of a new Class A residential area of Belleville.

The final vote showed 3,025 people voting against the proposed amendment, while 1,640 voted in favor of the change. A total of 28 percent of the town's registered voters turned out for the controversial ballot. Although the percentage of voters was not high in comparison to general elections, the total was higher than the 1950 election when the percentage of voters or principals in the case had expected.

Carey Takes Words
Much credit for turning out the heavier than expected vote has been given to the newly formed Belleville Citizens Zoning Protective League which actively campaigned against the amendment. Many local citizens had become interested in the issue when they learned that Town Commission had appropriated an additional \$4,000 to cover the cost of the election.

Opponents of the proposed zoning amendment, which is the town's fourth ward, with only the first ward, consisting mainly of the Valley, voting in favor of the ordinance by a 225 to 160 majority. About 22 percent of the voters cast ballots in this ward.

Opposition to the amendment ran its highest boost from the third ward, which is perhaps the largest residential area in town. The proposed change was turned down here by a vote of 1,295 to 294, with about 38 percent of the registered voters casting ballots.

Fourth Ward
The fourth ward defeated the amendment by a 751 to 394 count, with only about 10 percent of the voters going to the polls here. The first three wards, which include the entire town except the Silver Lake section voted in favor of the amendment, while the fourth ward, voting districts comprising the Silver Lake section, turned down the question.

The second ward, which is a smaller majority than the other two wards. Here the vote was 818 to 240, or about 37 percent of the voters turning out.

By individual voting districts, opponents of the amendment won 15 of the town's 21 districts, with the remaining eight voting in favor of the amendment.

Strongly Opposed
As was expected, districts in the immediate vicinity of the town's home on Holmes Street voted strongly against the measure. The first ward, which is the largest residential area in town, the fifth district here turned in a heavy vote in favor of the amendment, while the sixth district, which is a residential area, was strongly in this voting area.

Although Kiernan was not available to comment on the results had been received, his secretary stated that Kiernan expected to submit the same petition next year in the hope of bringing the issue to another referendum.

Belleville Conference Aims Outlined By Group's Head

by William Bennett

The Belleville Conference is the culmination of an idea, held by many civic minded persons, of discarding an appointive Board of Education and obtaining one elected by Belleville citizens. These are the people who have been trying for many years to improve our school system and found themselves hampered by the intervention of political figures. The people of the community are now showing their approval by overwhelmingly voting for an elective Board.

The Conference is composed of delegates from all interested organizations in town, exclusive of political clubs. These delegates and any other interested person may submit a nomination for any position on the Board of Education. The Conference then appoints a committee on information who has duty it is to gather all information on the persons whose names are submitted. This data is put in writing and delegates to the Board of Education are familiarized themselves with the qualifications of these nominees.

After the delegates have had ample time to study the qualifications of the nominees, they select those who it is felt would make good candidates for the Board. This selection is made by secret ballot and in order to be selected, a person must receive a majority vote.

16 Children Take Honors For Godfrey Family

Shown above are the 16 members of the Godfrey clan, of 23 Valley Street, who recently won the Newark YM-YWCA "largest family" award. Members of the family are back row, left to right, Clifford, Sylvia, Russell, Barbara, Ronald, Robert, Thomas, Jr., Claire, William, directly behind Mr. Godfrey is Selena and daughter-in-law, Lillian. Seated are Mrs. Godfrey holding granddaughter Francine and Mr. Godfrey holding baby Sharon. Seated in front are John, Marjory, Mary Ann, Arthur, and Kathleen.

Town Budget

(Continued From Page One)

Total revenues will be increased by approximately \$35,600, largely due to an increase in local tax rates of over \$1 million.

By Department

Taking the five departments individually, Commissioner Joseph King's Department of Public Affairs is taking a \$231,159 share of the total budget. This represents an increase of \$48,482 over last year.

Commissioner Kenneth D. Smith's Department of Public Works is asking for \$193,411 this year, or an increase of \$8,711 over last year.

Commissioner Harry Sullivan's Department of Public Safety is asking for \$721,485 from the budget, a total which would be a hike of \$94,110 over the previous allocation.

Commissioner Elmer S. Hyde's Department of Parks and Public Property is taking a \$155,268 share of the budget, a \$11,222 jump over the previous year.

Mayor Isadore J. Padula's Department of Revenue and Finance is asking for \$207,654 or an increase of \$62,778.

Shown by functions, the budget breaks down accordingly: current operations, \$1,509,977 of which salaries and wages take \$1,000,000; capital improvements, \$5,000; municipal debt service, \$240,000; deferred charges and statutory expenditures, \$15,925.

Civil Defense

(Continued From Page One)

sounded, Acting Director Thomas Dignan disclosed.

The exercise, designed to evaluate internal procedures, will specifically test the Attack Warning Communications System; to implement and test control center mustering plans at all levels; to activate and test the adequacy of control center staffs on short notice and to determine the efficiency of local plans designed to alert key agencies and industries.

The alert will be touched off by the assumption that unidentified aircraft have been detected by remote control radar indicating that a definite strike appeared imminent.

"Operation May Day" on May 1, has a two-fold purpose, Maun-

in the country. It cost \$400,000, entirely a subscribed by industrial firms, organizations, and individuals who contributed to CP drives over the past few years.

Area Captains

Area captain for the Belleville CP drive are Mrs. Edward C. Park, Mrs. Carol Vander Zwan, Mrs. Rudolph Garbely, Charles Rembert, Mrs. A. H. Verheggen, Nicholas Maunelle, John McGovern, Jr., Mrs. Henry Lewis, Mrs. J. Cozzarelli, Mrs. Louis Domini, Mrs. S. V. Coronato, and Mrs. Harold Bate.

Belleville teen-agers will also forego their usual Sunday activities to lend a helping hand in the one-day drive. Movies, dates, sports and TV will be shelved as the teenagers pitch in as volunteer canvassers for the Central Fair Campaign on "Helping Hand Day."

In an activity believed to be among the most extensive of its kind in the country, the leaders will play a major role in the intensive one-day campaign of Central Fair of Essex and West Hudson. Participation by a similar group in last year's CP drive was so successful that the project is now a permanent campaign fixture, according to Charles E. Garabrant of Short Hills, president of the organization.

Cooking Class

(Continued From Page One)

School special classes.

Students will also receive mimeographed copies of recipes used and will taste all the foods that are prepared. The group's preference will be used as a guide for the class programs, he explained.

The "Cooking Is Fun" come will be taught by Mrs. Beverly Morris, one of the most qualified home economists in this area. Mrs. Morris is a graduate of Tusculum College, Tennessee, and a former dietitian at Schraft's Restaurants, New York; St. Mary's Hospital, Orange; St. Barnabas Hospital, Newark; Nutrition Director for

the Newark Red Cross; and Instructor of Nutrition and Diet Therapy at Rutgers University Extension.

This course is open to anyone or woman interested in learning the secrets of cooking and baking. Knuppel said. The charge for the course is \$8 and it will run from March 6 to May 15 in the cooking room of Belleville High School from 7:30 to 9:30 p. m.

Registration is on Monday, February 27; Tuesday, February 28; or Friday, March 2 at the High School. Registration can also be made by mail, using the application blanks in the brochures which will be distributed throughout Belleville next week.

Conference

(Continued On Page Two)

taining good candidates to run for the Board of Education, the people could find that their choice might be limited mostly to candidates with personal political ambitions.

The Belleville Conference has selected Dr. Frank Di Ruggiero, Mrs. Charles Cassidy, and George Muehrer.

The Conference unanimously selected and endorsed these candidates, and recommends that the people of Belleville carefully examine the qualifications of all candidates and vote for those they feel will best serve all the people.

The candidates selected by the Conference, if elected to the Board, will owe no favors or obligations to any person or group of persons, but will be entirely free to make their own decisions based on the facts available.

Street Parking

(Continued From Page One)

full lengths.

Also, Belmont Avenue from Lawrence Street to Bloomfield Avenue; Lincoln Avenue from Raleigh Street to Division Avenue

and Lake Street from Honis Street to Jerald Street.

Fine stated that such plans are now being tried in several communities in New York state and two in Pennsylvania. It is his hope that subways or parking facilities are available off the street, it will not be necessary to institute alternate parking.

If such recommendations are made, it is the committee's opinion that it will only effect certain streets in Belleville in multiple family zones. From the facts now available to the committee, it is apparent that in one-family zones ample parking or garage facilities are available but are not being utilized by the residents.

In his statement Pico amplified the fact that the plan of alternate parking would only be recommended in those areas where there is apparent lack of facilities.

three new school trustees, townspeople will also pass on three phases of the proposed school budget.

By law, residents may vote on current expenses, \$1,931,732; repairs and replacements, \$166,998; and capital outlay, \$23,200. The remainder of the \$2,121,930 budget is left under debt service.

Mrs. Rochau described the budget as "realistic and cautious." She said it was an accurate picture of proposed and necessary spending. However, if the budget is turned down at the polls, it will be up to the Board to draft a new budget and present it to the voters. Last year's budget squeezed by voters, but for a while, Board members feared it would not pass.

Di Ruggiero stressed that the most important responsibility of the Board member was his responsibility to the citizens of this community. "In this he should continually try to interpret public opinion and lend his efforts to carry it out with fairness to all groups concerned," he stated.

Dimes Drive

(Continued From Page One)

James J. McMahon, of Montclair, chairman of the Essex County March of Dimes, in a message to Tully asked him to pass along to Belleville contributors and volunteer workers the highest praise and appreciation for "exceptionally gratifying cooperation in the 1956 drive for funds to fight polio."

Tully pointed out that "the annual campaign officially ended with the wonderful Mothers' March on Polio." However, dime

cards are still being mailed in, several benefit social and sports functions are still to be held and coin containers must still be collected," he said.

"We feel sure that if all those who have not yet returned their dime cards will send them in promptly or send their dimes and dollars care of 'Polio, Local Postmaster,' contributions will match the \$11,805.41 record established by Belleville residents in 1955," Tully said.

Holy Family Rosary Society To Hold Cake Sale On Sunday

The Holy Family Rosary Altar Society, of which Rev. Francis J. Blake is moderator, will have a cake sale in the school cafeteria, on Sunday, after all the masses.

Chairman for the sale is Mrs. Frank Barro, assisted by Mrs. Dominick Verrina, co-chairman. All cakes are to be donated by members of the society.

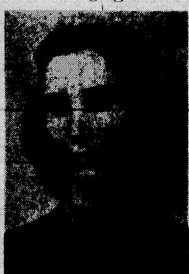

And Mrs. B. L. Frotton, of Beaver Avenue, North Arlington. The wedding took place at the Post Catholic Chapel, at Fort San Houston, Texas. Rev. G. M. Phillips officiated at the double ring ceremony and celebrated the Nuptial Mass.

The bride wore a ballerina length gown of Chantilly lace and tulle, styled with a fitted bodice, pointed at the waistline, scoop neckline and long sleeves, pointed at the wrists. Her fingertip veil of illusion, scalloped at the hem, fell from a tiara of seed pearls.

Miss Gwendolyn Coulter, of San Antonio, served as the maid of honor, and Francis J. Frotton, of North Arlington, was best man for his brother.

Mrs. Frotton is a Nutley High School graduate. Her husband, a graduate of St. Benedict's Preparatory School, Newark, also attended St. Peter's College, in Jersey City. He entered the Army in January, 1955, and is stationed at Fort Sam Houston, where the couple is at home, following a wedding trip.

Miss Orsulak Sets Engagement

Miss Pauline Elizabeth Orsulak

Announcement is made of the engagement of Miss Pauline Elizabeth Orsulak, daughter of Mr. and Mrs. Stephen Orsulak, 56 Dow Street, to James T. Sullivan, son of Mrs. Ellice Sullivan and the late John Sullivan of Newport, Rhode Island.

Miss Orsulak, a graduate of Belleville High School, received her B.S. degree at Newark State Teachers College and her M.A. degree at Seton Hall University. She is a member of the faculty in the Belleville Public Schools. Miss Orsulak is also a member of the Petrean Club of Belleville. Mr. Sullivan attended Seton Hall University and is an alumnus of Benjamin Franklin University, Washington, D. C., where he received his B.A. degree in accounting. He served with the Navy during World War II and is employed by Curtiss Wright, Caldwell.

SPOTLIGHT on SPORTS

By Bob Gorlin

Belleville Draws Tough Tourney Opponent

The Blue and Gold basketball team will waste little time getting its feet wet in the 10th edition of the Essex County Tournament as action in the popular post season classic gets underway tomorrow night at the Seton Hall University gymnasium.

There will be eight double headers in three days but Coach "Ditty" Wische's boys will not get a chance to show its wares until the nightcap on Tuesday with the fray scheduled to be run off at about 8:45 o'clock. And when that time does roll around Belleville will be up against some very stiff competition when it encounters third seeded East Orange.

This has not been a good season for Belleville. It is unusual when a Wische coached squad is not selected as one of the eight seeded teams selected to take part in the jamboree. There is one consolation, however. Running the tourney this year is Wische. He is the first coach to ever be selected as general chairman for a second time.

Belleville fans are still keeping their fingers crossed hoping the Blue and Gold will turn in a couple of upset victories. The Bellboys have two legs on the sterling silver cup and need only one more title in order to gain permanent possession of the coveted award, but this doesn't appear to be Belleville's year for taking all the marbles. Partisan fans have only one other thought in mind though. They don't want either Seton Hall or Orange to win the tourney since each school also has two legs on the cup.

Seton Hall will enter the tourney as the favorite after being seeded the No. 1 entrant but that means little when it comes to playing before big crowds. The Poney Phrases have won 14 of 16 games but right after being chosen for the top berth, tiny Our Lady of the Valley, coached by Bill Murphy, recorded the upset of the scholastic season when the Irish scored eight points in the final two minutes and snatched almost certain victory from Seton Hall's grasp. Our Lady of the Valley must be classified as the tourney's "dark horse".

For the first time the tourney committee decided to select only the top 16 teams and stop right there. In past seasons the officials have given some schools a break here and there and set up playoff games for an extra team or two. As a result, two usual competitors, West Side and West Orange are on the outside looking in. It's an unusual spot for West Side to be in since it won the tourney championship last year.

How many Belleville fans will ever forget that game pitting the Blue and Gold against the Newark five with the West Siders swooping out on top by a hair in a sudden death triple overtime fray. West Side has won only five games while dropping nine.

In tackling East Orange, Belleville will have to be on its toes if it entertains any thoughts of registering an upset. The Panthers have two of the best players in the county in the persons of LeRoy Curry and Lee Sager. Curry is a good board man and a prolific scorer while Sager, a lean "bag of bones" is probably one of the finest foot shooters in the entire state.

Belleville will have to be operating on all cylinders to overcome the Panthers. East Orange got stronger as the season progressed and finished in second place behind undefeated Montclair in the Big Ten Conference. Wische will have to have his charges wile up for the tourney opener with John Bartell and Joe Long expected to carry the brunt of the scoring attack. The Blue and Gold pair will have to keep up in the scoring department with Sager and Curry.

Once the Blue and Gold gets a wiff of that tournament competition it may be just what the doctor ordered. Belleville has a knack of coming through when the chips are down. They could pull a surprise on Tuesday.

LITTLE LEAGUE LIFE

by Larry Remes, James Elting, and Bill Ellis

The Little League program in Belleville has helped many boys to keep out of trouble. Through the program, the boys spend a lot of their spare time practicing and playing instead of roaming the streets and getting into trouble. The coaches and advisors, of not only baseball, but all the Little League programs have done a great deal to curb this juvenile delinquency.

The importance of Little League is not fully realized by many. This is mainly because they don't take into consideration that the youth of today are the citizens of tomorrow. Remember, "As goes the youth, goes the country."

It is truly a shame that more people haven't awakened to the fact and volunteered their services to this fine organization. Many people think that the Little League means a lot of work. In reality, the work is nothing compared to the enjoyment that is derived from helping the boys.

As spring and the baseball season are drawing nearer, plans for the coming year's activities must be laid down. Therefore, we are renewing our appeal for women interested in organizing a Little League Women's Auxiliary to get in touch with this column in care of the Belleville Times.

Cagers Topple Cougars, 60-50; Defeat South Side By 69-59; Plan For Essex County Tourney

by Dave Thaler

Using the Cougars of Columbia and the South Side Streaks as stepping stones, the Bellboys climbed to the .500 level this week. On Friday they downed Columbia 60-50; and Tuesday they won a 69-59 game from South Side.

The South Side game was the season's finale for the Blue and Gold, and the win enabled the Belleville cagers to bring an 8-8 record into the Essex County Tournament. The Streaks, however, were playing without their three high scorers, who were victims of mid-year graduation.

Joe Long started the scoring with his familiar jump shot. While Bartell led it up for South Side but the Bellboys started driving with tremendous success, and at the end of the first quarter they had compiled a nine point lead 19-10.

Long, Bartell Hot In the second stanza the Blue and Gold continued to drive through the South Side defense with Long and Bartell having a field day. Bartell was the big man, winding up the first quarter with 10 points, long wasn't lagging far behind, netting 12 points during the half.

Long, Bartell Hot In the second stanza the Blue and Gold continued to drive through the South Side defense with Long and Bartell having a field day. Bartell was the big man, winding up the first quarter with 10 points, long wasn't lagging far behind, netting 12 points during the half.

Big Ten

	W	L	Pct.
Montclair	9	0	1.000
East Orange	7	1	.875
Nutley	6	3	.667
Bloomfield	5	3	.625
Belleville	5	4	.556
Bloomfield	3	5	.375
Columbia	2	5	.286
Irvington	2	6	.250
Kenilworth	1	7	.125
West Orange	1	7	.125

The Streaks tightened their defense in the third period, and as a result they sliced their deficit. The Belleville lead, as much as 15, was chopped to six midway through the third period. But Long widened the gap to ten points with two well aimed shots. Torre cut it to eight, but Prieto put it back to ten with his free throws. Then Bartell came in with the prettiest basket of the night. Finding himself under the basket with the ball and two defenders, he jumped straight up, stuck his hand out, and neatly banked the ball into the nets. That shot instantly defeated the Streaks, and the Blue and Gold finished the period with a 51-38 margin.

Ten Point Gap The fourth period saw the Streaks make their final bid to win the Bellboy. But this time Long combined with Bartell and Prieto to open the gap to ten points again. Long and Bartell led the Blue and Gold in scoring. Long racked up 28 points, while Bartell counted 20.

Friday the Belleville aggregation traveled to South Orange where they encountered the Cougars of Columbia.

Bartell had tallied off in recent games, but it looked as though he was going to make it up against Columbia. The Bellboy toward wasn't missing many shots as he accounted for 12 of his mates' 14 points in the first period. Long loaned him a helping hand in the second stanza, as Belleville put seven points between them and the Cougars.

Bartell, who had finished the first half with 17 points, saw Long take over when he had left off. Everybody got into the act, and when the final buzzer sounded, the Cougars were ten points from a victory.

The two forwards had hit for 41 points, only nine less than the entire Columbia team. Their percentage was 50 percent, as it bordered the 50 per cent mark.

SCHOOL NO. 1 AND NO. 5 TAKE HONORS IN COURT ACTION

Two Schools Lead Northern And Southern Divisions Of Elementary Basketball League

The School No. 1 basketball squad, coached by Leo Hood, captured the mythical crown in the first six-game round of the Elementary School Basketball League by compiling a record of six wins without a defeat. They led the Southern Division all the way with their captain Frank Wendling scoring a total of 86 points to lead in that department.

Schools No. 8 and No. 3 followed with identical three and two records, while School No. 10 has yet to taste victory.

Following Wendling in scoring was Tom Worley of School No. 8 with 71 points. Vin Matricola of No. 10 with 66, Richard Boyce of No. 1 with 56, Ronnie Edwards of No. 1 with 41, and Clifford Godfrey, also of No. 1 with 37.

School No. 5 has topped the Northern Division with five wins and only one loss. School No. 4 trailed them with a four and two record. School No. 9 with a two and four record and School No. 7 with one win and five losses followed.

Cascades, Workettes, And Losers In Three-Way Tie For Girl's Cage Honors

By Evelyn Hannon

Carol Fredericks looped in eight baskets to put the Res Ames at the come-back trail last Thursday night as the Res Ames grabbed their second win in the Recreation Department Girls League, defeating the Battling Belles 24-15.

At the start of the game, Fredericks hit for three baskets in a row and missed a fourth which was followed up and made good by Marlene Gruehlich. The only answer the Belles could make was a two-pointer by Kay Chieffo. The Res Ames were left at the end of the first period with a comfortable 8-2 lead.

The following quarters saw that margin grow wider as the Res Ames jumped ahead 14-7 and 18-11 and finally won the game 24-15.

Scoring Honors The Belle squad went to Helen McGraw with seven points, Kay Chieffo with six points, and Joan Milgate with two points.

Carol Fredericks was high scorer for the Res Ames with 16 points. She was supported by Marlene Gruehlich with six points and Terry Vitale with two points. Standouts in the final period for the Res Ames were Anna Hiltnerhaus, Grace Ferrigno, and Joan Kosinski.

Both teams hit a blank in the second period. They were a little nervous and neither could charm the ball into the basket. In the third quarter the picture changed, Finn and Ridyard collaborated for three points to put the Bell Aires ahead 6-4. But the picture changed right back in the final period when Kay Chieffo scored two goals and Eleanor Steffensen scored two goals and a foul shot to win the game for the Losers 14-8.

Steffensen was high scorer for the Losers with nine points; Chieffo four points. For the Bell Aires, Finn, Schlecker and Ridyard each had two points. The Aquettes are still singing the "Goodbye Blues" as their failure to score more than three points for the second week in a row made them easy prey for the Cascades. Joan Postlewait put in two long one-hand push shots and a foul shot while Gloria Barnett still Cascade high scorer, hit three goals, DiAvanzo added a free throw, and the Cascades trounced the Aquettes 12-4.

Slow Start The Workettes got off to a slow start and the game was close until the fourth quarter. The Workettes began the last period with only a 12-7 lead over the Ten Tears. Then Schneider hit five points and a foul shot and Bennett added two more goals to raise the Workette total to 27. The Ten Tears were held scoreless for the entire second half.

Ten Tear scoring was shared by Nancy Ritter with two points, captain Frank Wendling scoring a total of 86 points to lead in that department.

Schools No. 8 and No. 3 followed with identical three and two records, while School No. 10 has yet to taste victory.

Following Wendling in scoring was Tom Worley of School No. 8 with 71 points. Vin Matricola of No. 10 with 66, Richard Boyce of No. 1 with 56, Ronnie Edwards of No. 1 with 41, and Clifford Godfrey, also of No. 1 with 37.

School No. 5 has topped the Northern Division with five wins and only one loss. School No. 4 trailed them with a four and two record. School No. 9 with a two and four record and School No. 7 with one win and five losses followed.

Weightlifters In Show At Millburn

Friday a trio of weightlifters from the Belleville Barbell Club were featured in a show at the Wyoming Church, in Millburn. A group of about 200 Cub Scouts and parents attended.

Roger Crowell, an eight-year-old senior student, showed off by lifting a pair of dumbbells weighing 20 pounds to arms' length overhead. He also demonstrated a barbell lift, of 20 pounds pressing this weight to arms' length after which he showed the audience an exercise lift.

Bob Cook, who coaches the Barbell Club, did his favorite strength stunts. As many boys as wanted to come onto the stage, the boys were challenged to try to bend Cook's arm at the elbow. Twenty boys tried but failed. Next, while lying on his back, Cook pressed to arms' length a pair of 20 pound weighing 24 pounds, this he did five times in succession. Then to demonstrate a fast lift, Cook hoisted 195 pounds to his shoulder with one hand, followed by doing three sit-ups with 265 pounds held at his head.

Joe Serritella, middle-weight champion of the Belleville Barbell Club, started out with an exhibition of biceps power by curling a pair of dumbbells weighing 120 pounds. He did five repetitions of this lift. Then, to prove that lifters must be fast as well as strong, Serritella snatched 195 pounds from the floor to arms' length in one quick move while sitting in the weight. Next he pressed 215 pounds to arms' length two times with an ease that brought a great ovation. In another fast lift, he hoisted 265 pounds from the floor to his chest. For the final Serritella performed five repetitions in a lift known as the "dead lift".

Food Fair Stores Honored For Quality Advertising Food Fair Stores, Inc., has been honored by McCall's magazine and the Super Market Institute for distinguished service through advertising, it was announced today.

Food Fair received two citations in the categories of community service and national brand advertising.

Advertising entries representing more than 2,000 supermarkets in the United States and Canada competed for the annual awards.

Weekend Weather

Sunny skies are forecast for Saturday with temperatures expected to be about five degrees above normal.

Mayor Explains Dedicated Water Utility Budget

Statement by Mayor Isadore J. Padula, Director of Revenue and Finance, for salaries and wages regarding Water, Sanitation, Storm Sewer, and Water Capital, Special Deposit and Storm Emergency.

In response to citizens' requests for information regarding the revenue audit, and the sale of water in Belleville, and the expenditures for salaries and wages involved in maintaining the water system of the town, I have undertaken to compile an accurate report in answer to the request, as it is my firm belief that all money is disbursed through the various departments of government. Since the water system is the tax payers, as much as the business of the officials, who are charged with the management of such monies, whether in large or small sums.

I am of the opinion that more citizens than the few making the request should be made aware of the water system, without having to

The following is a record of the money spent on salaries and wages by these two departments from January 1953 through 1955.

DEPARTMENT OF REVENUE & FINANCE — 1953

Amount charged to the Department's Fiscal Budget	\$72,784.42
Amount charged to the Dedicated Water Utility Budget	28,750.20
A Total of \$28,750.20 drawn from the Dedicated Water Utility Budget and not included in the Department's Fiscal Budget.	

DEPARTMENT OF PUBLIC WORKS — 1953

Amount charged to the Department's Fiscal Budget	\$85,784.46
Amount charged to the Dedicated Water Utility Budget	57,748.40
Amount charged to the Water Capital Budget	1,000.28
Amount charged Special Deposit—Trust	175.25
A Total of \$58,983.93 drawn from above accounts and not included in the Department's Fiscal Budget.	58,983.93

DEPARTMENT OF REVENUE & FINANCE — 1954

Amount charged to the Department's Fiscal Budget	\$28,663.52
Amount charged to the Dedicated Water Utility Budget	12,496.83
5-16-54 TO END OF YEAR	
Amount charged to the Department's Fiscal Budget	45,516.79
Amount charged to the Dedicated Water Utility Budget	19,777.97
A Total of \$32,214.70 drawn from the Dedicated Water Utility Budget and not included in the Department's Fiscal Budget.	

DEPARTMENT OF PUBLIC WORKS — 1954

Amount charged to the Department's Fiscal Budget	\$36,111.48
Amount charged to the Dedicated Water Utility Budget	21,551.42
5-16-54 TO END OF YEAR	
Amount charged to the Department's Fiscal Budget	55,138.03
Amount charged to the Dedicated Water Utility Budget	56,359.44
Amount charged to the Special Deposit—Trust	91,249.51
Amount charged to the Storm Emergency	33,503.00
Amount charged to the Water Capital	350.40
A Total of \$79,952.17 drawn from above accounts and not included in the Department's Fiscal Budget.	79,952.17

DEPARTMENT OF REVENUE & FINANCE — 1955

Amount charged to the Department's Fiscal Budget	\$73,021.96
Amount charged to the Dedicated Water Utility Budget	36,630.34
A Total of \$36,630.34 drawn from the Dedicated Water Utility Budget and not included in the Department's Fiscal Budget.	

DEPARTMENT OF PUBLIC WORKS — 1955

Amount charged to the Department's Fiscal Budget	\$87,171.99
Amount charged to the Dedicated Water Utility Budget	83,804.60

LETTERS To The Editor

Editor, Belleville Times-News:

Belleville can be proud of the fact that the vote in Tuesday's referendum finally buried the Kiernan funeral home issue.

The sad part is that the referendum was brought to the forefront at the exorbitant cost of \$4,000 and it doesn't seem fair that the Belleville taxpayers should be forced to foot this bill.

It is going to cost a few in our town hall a lot more than \$4,000 when our next election rolls around. We do not want to see a commission who ride a seesaw. Their ears must have been burning last night.

Russell E. Lanning
269 Union Avenue

Editor, Belleville Times-News:

In the February 3 issue of the Belleville Times, Mr. N. Merola has taken it upon himself to distort my name in such a way as to represent a very feeble attempt at defamation. In the future, if Mr. Merola decides to use my name in any publication, it will be written as follows: Mr. Thomas Benjamin Merola, who will tolerate no other way by Mr. Merola or anyone else.

It is very interesting to note that Mr. Merola "favors" the three Conference candidates by publicly stating in his letter that the candidates have not taken an active part in civic enterprises.

Civic enterprises relate to civil affairs which means political or relating to the politics of a city or state.

If Mr. Merola's analytical mind went further he would have definitely and very quickly ascertained the fact that the Conference candidates are not affiliated with any political organization whatsoever.

Mr. Merola says that the P.T.A. "requirements" etc. Does Mr. Merola not know that these so-called requirements are only "suggestions" as to requirements and not as Mr. Merola tries to convey the law pertaining to potential Board members?

Mr. Merola's candidate for the Board of Education is involved in political affairs way over his head and it certainly is a pity that Mr. Merola is being duped by this candidate into signing his name to materials which he didn't compose of a free mind.

If what I have said so far is not the truth, then I would welcome the opportunity to apologize to Mr. Merola at a public desk, concerning town problems, between Mr. Merola and me.

This is, I believe, the second or third time Mr. Merola has voiced his sentiments via the press and it certainly would be interesting to me to know exactly what, if anything, has Mr. Merola contributed toward the removal of the caustic and destructive forces which have slowly but surely enveloped our town into one of fear through

hate-mongers and name calling citizens.

As a suggestion, Mr. Merola, I wish to say that if you're being duped into signing press releases which you have not written, discontinuing this practice because you will undoubtedly find yourself in a predicament which, quite possibly, won't be resolved by your "friends" who will leave you holding the bag.

Thomas B. Sciarillo

Editor, Belleville Times-News:

The results of Tuesday's referendum were gratifying to the citizens of Belleville who are interested in a zoning system which protects our residential sections, and which they supported by an overwhelming vote. However, the fact that an election was held at all, forced by a combination of politics and greed, and at a cost of about \$4,000 to the taxpayers should be a matter of grave concern to all.

Would Mr. Kiernan have persisted without the expectation of political support? Would political support to one individual, at the expense of the many, have been expected with no thought of return?

If that the type of information the commissioners picked up in Atlantic City at the Convention of the League of Municipalities, which they attended at a cost of several hundreds of dollars to the taxpayers? We were told they got lots of pointers. Valuable to whom?

Margaret K. Harris
234 Holmes Street

Editor, Belleville Times-News:

Referring to the letter by Mr. N. Merola in Feb. 3 issue, I wish to correct a misunderstanding of the activity of the P.T.A. The Belleville High School Parent-Teacher Association does not issue requirements nor set rules or limits on educational background for any person running for any office or position in our town or anywhere.

The high school P.T.A. sent to each candidate for the office of member of the Board of Education, a list of questions we thought, if answered, would help local citizens to know a little more about each candidate and help the voter decide the best qualified person for the office, since so much is at stake and a great deal of our future educational facilities depend upon the persons elected. This questionnaire, approved by our county chairman, is in accordance with P.T.A. policies and if answered and published as is, would be the best and most impartial method of showing a person's qualifications for office.

Fred W. Och
Vice-President P.T.A.
Belleville High School

Editor, Belleville Times-News:

I would like to offer the following comments concerning the recent meeting of the high school P.T.A. The behavior of some of the people in attendance was really disgraceful. The meeting opened with the remarks that P.T.A.'s do not endorse candidates yet it is common knowl-

edge that seven P.T.A.'s have already publicly endorsed three Conference candidates. Then one of the Conference officials deliberately asked leading questions from an independent candidate. Following this the husband of the President of the Board of Education purposely quizzed another non-Conference candidate. This was finally topped off by a High School teacher and nonresident of the town asking a loaded question that could only be answered by one specific candidate.

The audience was strictly partisan paying no respect to the views of other aspirants. It is extremely hard to believe that the American principles of fair play could be so violated in this modern age. I sincerely believe that this type of meeting should be discontinued or radically revised to ensure just treatment to everyone.

Alex Calamai

Editor, Belleville Times-News:

I should like to quote from an editorial in the January 31st "Newark Evening News" titled "Science Teachers' Reserve."

"The insistent warning that Soviet Russia is surpassing us in development of technical brains is the cause of the reserve of official, educational and industrial circles. Necessity for urgent measures to increase educational facilities and to stimulate scientific study in high schools and colleges is under intensive study."

"The proposal made by David Saroff, chairman of the National Security Training Committee and chairman of the board of RCA, for creating a national reserve of teachers of science and engineering, illustrates the seriousness with which the problem is considered."

"Gen. Saroff's proposal contemplates just such an effort. He sees the shortage of teachers in science and technology as partly due to the fact that many teachers have been lured into industry by the higher rewards."

This brings me to the fact that in Belleville we should be particularly proud that our teachers have been brought up in salary to the point where they are all on the salary guide. The board of education should be commended for this service to the community and the nation.

Com. Smith in the Jan. 26th "Newark News" mentioned the board's eliminating salary inequities. Com. Smith is behind the times. The salary inequities have been eliminated.

"More, Not Less, Zoning"

Editor, Belleville Times-News:

We want to express our heartfelt thanks to those who worked so hard to oust their fellow townspeople of the threat presented by the amendment to permit motorists to conduct their business from their residences in residential zones.

We did our best to concentrate on issues and to avoid personalities, and we are grateful to The Belleville Times-News for presenting the issues so clearly and fairly in last week's front-page editorial.

After this special referendum, even those who voted "Yes" can rest easier, secure in the knowledge that our zoning regulations provide equal protection for all. In this spirit, may we all unite to fight for better government in Belleville, and more, not less, zoning in the years to come.

Amerigo R. Vico

Philharmonic To Appear In Concert Series

For the first time in several seasons the New York Philharmonic-Symphony Orchestra will give a concert at the Marine Theater, Newark, in the Griffith Foundation's symphony series on Tuesday evening, February 14. The famed musical organization will be conducted by its brilliant director, Dimitri Mitropoulos, in a symphonic program which will consist of Von Weber's "Der Freischuetz" overture; Schumann's Symphony No. 2 in C major, and Brahms' Symphony No. 2 in D major.

Recognized as the dean of America's great musical organizations, the New York Philharmonic has preserved an unbroken record of music making since 1842 and has numbered among its conductors the greatest that have appeared since then, from Theodore Thomas to Toscanini. One of its greatest is its present musical director, Mitropoulos, who was appointed to that post in 1951 after appearing as guest conductor in several previous seasons. A Greek by birth and American by adoption, Mitropoulos is an outstanding figure in the musical world. A brilliant European reputation preceded his first American appearance as guest conductor of the Boston Symphony in 1936. From 1937 until the spring of 1949 his activities were centered in the Mid-

In Service

Charles J. Terrell, son of Mr. and Mrs. James Terrell of 272 Forest Street, has just been promoted to rank of pfc. Pfc. Terrell has attained the position of Gunner First Class through his performance on the recent "NATO" "Gordon Blue" maneuvers.

He is now serving with the 9th Division which is due to rotate in August 1956.

Louis Giandonato
Louis Giandonato, Airman, USN, son of Mr. and Mrs. Anthony Giandonato, of 44 Belmont Avenue, has been honorably discharged from the Navy at Nor-

west where he was musical director of the Minneapolis Symphony.

folk, Va.

Pvt. James E. Lewis, son of Mr. and Mrs. E. H. Lewis, of 42 Stephens Street, is a mechanic with the 16th Ordnance Company, Pusan, Korea. He arrived in the Far East in November.

Donald A. Miller, son of Mr. and Mrs. Ernest D. Miller, of 227 Stephen Street, returned to France Tuesday after spending the holidays with his family. He is stationed there as Chief Clerk with Company 7331.

Frank Galante, metalmith second class, USN, son of Mrs. Susan Galante of 204 Stephens Street, is serving aboard the Atlantic Fleet Destroyer USS Perry, one of eight ships now on a good-will tour of Europe and the British Isles.

Army Pfc Richard A. Florcak, 20, son of Alex Florcak, 133 Academy Street, is partici-

pating in amphibious training with the 25th Infantry Division in Hawaii.

Attending the Basic Tradesman School at the Naval Air Technical Training Center, Memphis, Tenn., is Michael Wysocki, airman apprentice, USN, son of Mr. and Mrs. Leo Wysocki, of 386 Stephens Street.

Freck Elected President

Stanley Freck, assistant to the president of Walter Kilde & Company, Belleville, and director of industrial relations, has been elected president of the Industrial Chamber of Commerce, North & West Essex. The election was held last week at a meeting of the Board of Directors.

They Torqued it up for the

**BEST
TAKE-OFF
YET**

First thing you need in a car, of course, is power to spark performance.

And you get that in a 1956 Buick in plenty — from big 322-cubic-inch V8 engines that hit new highs in horsepower and compression.

But the power under the hood must be carried to the rear driving wheels in the form of twisting force on the drive shaft.

That's torque — the end-product of your transmission. And the higher the torque build-up — the greater the "torque multiplication" in starting and accelerating — the better the getaway and response.

So if you want to feel take-off that leaves your breath behind you, come try a '56 Buick with Variable Pitch Dynaflo.*

For in this airplane-principled transmission, Buick engineers raised the ceiling on torque to give you the best getaway yet.

They did it with something they call "double

regeneration" — a new way to make flowing oil add to its own velocity.

And when you use the full torque of a Buick beauty like the one pictured above, you're using the highest torque multiplication to be had in any standard-production American automobile today.

Come see for yourself what that means in new thrills and new safety.

You'll find brilliant new getaway response in the first inch of pedal travel — plus greater gas mileage to boot.

You'll find an electrifying new safety — surge of full-power acceleration when you floor the pedal and switch the pitch.

And you'll find this spectacular performance blended into the smoothest-traveling, the sweetest-riding, the highest-powered and the easiest-handling Buicks yet built. Drop in on us this week — today, if you can — and judge things firsthand.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

Best Buick yet

Know School Candidates

(Continued From One Page)
Ralph Risoli

In the last few weeks I have done everything possible to present to the people of Belleville my views and my platform as a candidate to the Board of Education. They have been submitted for the people to examine and approve. If you are seeking the best education for your children and the most for your dollar, I believe that I could represent those interests with efficiency and enthusiasm. I also favor a junior high school in the best way we can get it. With new funds soon to be available from the state and Federal government, Belleville should be able to get a new junior high school.

Mrs. Elsie Cassaday

I believe in public school education and feel that it is the bulwark of democracy. "Today's Children are Tomorrow's Citizens." For that reason I want the finest schools for our children that we can afford. A new Board should carefully evaluate the needs of the school system anew, and base any building program upon its needs and resources. Careful consideration should be given to possible future needs and no school should be built without anticipating those needs inasmuch as buildings are relatively permanent and unchangeable.

George E. Meagher

I have been asked why I am a candidate for the Board of Education. Here are my answers:

1. I feel my 15 years' experience in business administration and the knowledge gained working with youth groups would be helpful.
2. I consider it a privilege to serve the community and work for better education for our children.
3. I would work for:
 - a. A teaching staff and curriculum of the highest quality to give our children the best training in every subject.
 - b. Better classroom facilities and equipment.
 - c. A building program geared to meet present and future needs.

Nuncio R. Pico

I am submitting the following comments concerning my candidacy for the Board of Education.

Although it is imperative that school facilities be expanded, serious consideration must be given to the fact that the tax burden of the local citizen continually increases. Therefore, it is the duty of every member of the Board to establish efficient and economical policies, so that the children of Belleville can be given the education required to meet the needs of our modern way of life.

In view of my experience in engineering, education, and civic enterprises, I feel sure that as a member of the Board, I can successfully cope with any problems that may arise.

James J. Salmon

With regard to cost for instruction in our schools, I cannot see any future decrease. I would work for a manual training course to be started in grammar school, and a broader curriculum in high school. I would work for a junior high school if it were the wish of the voters. If we contemplate having a new high school, we will have to have substantial aid on either a state or federal basis. I do not feel the bog area is the best location for a new high school and do not feel we should lose ratables by acquiring sites that now bring revenue to the town. If elected to the Board, my only responsibility would be to the taxpayer.

Anthony F. Moro

As a citizen of Belleville for 40 years and the father of four children now attending Belleville Schools, I have had ample opportunity to familiarize myself with problems confronting our educational system.

I am a building contractor and can give invaluable suggestions for saving the taxpayers hard-earned dollars.

As one who worked for an elective board, my responsibility would be only to the citizens of Belleville and any statement to the contrary should disqualify a candidate.

If elected, by "honesty and hard work" I will dedicate myself to acquiring:

1. Better educational facilities.
2. The same, if not a higher standard for any teacher who may be employed in the system.
3. Improved building conditions where necessary.

William L. Kintzing

I am a candidate for the Board of Education because I have a real stake in the affairs of Belleville and in the education of our young people.

During my 40 years as a resident of Belleville, I feel that I have been close to the "heart beat" of our community. My children have attended and are attending the Belleville schools. In fact, whatever success I have had thus far in life was in part given to me by the schools of Belleville.

I honestly and sincerely believe Belleville is my town! Its interests are most certainly my concern!

Happy Birthday, Scouts

We salute the Boy Scouts of America on their 46th birthday, now being observed during Boy Scout Week, February 6 to 12.

Scouting is a program for all boys everywhere. It is successful in the wildest rural areas and in the most congested cities. It possesses an inherent appeal for the healthy, vigorous, normal American youth and also offers fields of achievement for the handicapped.

It has often been said that a boy can always find something to do. It is when he finds something to do that does not measure up to reasonable standards that he may get in trouble. Scouting offers a steady hand that often tips the scales away from delinquency.

Scouting has three program parts to meet the needs of boys of different age levels.

Over one million families, together with their eight-to-ten-year-old sons participate in Cub Scouting, said to be America's largest and most dynamic parent-and-boy program. Today there are 1,430,000 Cub Scouts in 36,000 Cub packs.

Boy Scouting provides for eleven-, twelve-, and thirteen-year-old boys an outdoor program that helps them grow in character and citizenship. Today 1,160,000 Boy Scouts are active in 54,000 troops.

Exploring serves the boy of fourteen and over with a rich program filled with high adventure and opportunities to practice good citizenship. Today 440,000 Explorers are members of 14,000 Explorer Units or are Explorers in Boy Scout troops.

Let's Do Something About That Tollgate

The New Jersey Highway Authority gloated, in its annual statement published yesterday, that its income for the first half year of its operation, \$9,309,869, far exceeded the estimate for its first full year of operation, \$12,003,000.

Under those conditions, there is no longer a financial argument against removing the disputed tollgate at Belleville Avenue which violates the pledge of toll-free traffic inside of Essex County. If the tollgate cannot be wholly removed, the tolls collected there can be cut from 25 cents to a symbolic dime. Let the Essex legislative delegation take steps now.

R. E. H.

Everyone's Problem

The special committee to study juvenile delinquency published, this week, its preliminary report which is a shocking indictment to today's society and of parental failure. The inadequacy of preventive action is exceeded only by the inadequacy for treating juvenile delinquents for what they are — not criminals, but children in need of stern parental control. The inadequacy is indicated by the fact that only eight of New Jersey's counties have facilities for detention of juvenile delinquents. The others throw them in jails with hardened criminals.

The preliminary report stresses that of 6,993 children appearing in juvenile courts and 25,000 whose cases were handled by local police or juvenile conference committees, eighty per cent of them were in trouble for the first time. Their average age was 15 years, 4 months; boys outnumbered girls in a ratio of 5 to 1. Yet of the 4,130 prisoners in our state correctional and penal institutions, 576 were graduate juvenile delinquents.

Blaming school teachers as well as parents for a let down of delinquency, the preliminary report recommends to the state legislature that greater corporeal punishment rights be granted to teachers. It recommends, also, that the legislature pass effective curbs on sex stimulating and crime provoking literature on the magazine shelves and for the prevention of ownership and operation of automobiles by minors.

The report stresses the need for swift action. The child population of New Jersey in 1960 will be double that of 1950. Juvenile delinquency is on the ascendancy and will continue to rise beyond all proportions unless the parents, the teachers, the public officials, the legislature and the general public do something about it.

R. E. H.

One Man's Opinion

It's Almost Certain That, Under British Pressure, We Will Talk With Chinese Reds Before End Of Year

By Ralph Eric Heinzen

Write it down in your date book for not too long after the November Presidential elections — Secretary of State John Foster Dulles will sit down with Chinese Communist Foreign Minister Chou En-lai and try to work out a basis of understanding which could lead to a resumption of diplomatic relations with Peiping and lift the present trade embargo.

That is the most apparent, and perhaps the weightiest, consequence of the Eden visit to Washington. An agreement on Germany's future and a discussion of possible means of preventing the present "cold war" in the Middle East developing into a "hot war" between Israel and the Arab states — such, for example, as despatching a task force of American and British troops to the troubled borders — were secondary results although each, in its own, is a major problem.

In exchange for President Eisenhower's promise to explore the problem of the two Chinas, once the political phase of the November elections is behind us, Prime Minister Sir Anthony Eden agreed to help us enforce our present almost-unenforceable trade embargo until November, at least. That is as long, apparently, as the British Government is willing to wait.

Question Of U. N.

One reason why Eden pressed so hard for a settlement of our differences with the Chinese Communists is that the question of the Chinese membership on the Security Council and in the Assembly of the United Nations is certain to come up at the next Assembly session. The British, who are the first to recognize the Red regime of Peiping, are pledged to support the seating of Communist China as long as it also recognizes Nationalist China.

Tokyo Must Act

Nevertheless, signs are increasing that, in the face of an increasingly intensive Peking campaign, the first move Japan, Tokyo is not going to be able to delay much longer a fundamental re-evaluation of its China policy.

Shigenimi himself is reported to have said that the existence of "two Chinas" probably would become the "biggest problem in the world this year," and that Japan, too, in view of its growing relationship to China, has reached the time when it must come to grips practically with this problem.

Hitherto Tokyo, committed, as Premier Ichiro Hatoyama said in his state of the nation address, to "cooperation with the United States as a basis of national policy," has tended to wait for Washington to give the lead before embarking on formal negotiations with Peiping.

Recent newspaper comment in Tokyo, however, suggests that Japanese public opinion is becoming impatient about this wait-and-see attitude.

Slowly Resume Relations

Meanwhile, at the informal level, 1955 showed a great increase over 1954 in Tokyo-Peking interchanges. More than 600 Japanese went to Communist China — five times as many as during the previous year. More than a hundred Chinese Communists came to Japan — ten times as many as in 1954. An informal trade agreement was concluded; a Chinese Communist trade fair in Japan was held; deputations of scholars were exchanged.

The level of trade between the two countries remains fairly low, however; exports and imports totalled about \$60,000,000, compared to a trade of \$150,000,000 with Nationalist China.

Furthermore, Japan imported twice as much from Communist China as it exported to it. But the hope of substantially increasing this level is still highly attractive to business and manufacturing interests, which have been pressuring the government to gain United States approval for a relaxation of the ban against export of strategic goods to Communist China.

Restore Diplomatic Relations

Despite its campaign pledge for "normalization of relations with Communist China, the Hatoyama government has refrained scrupulously from any interchanges at the official level with the Peking regime. Travelers from Peking reported last July that Chou En-lai wished to meet either Hatoyama or his proxy; and in October another report came that Mao Tse-tung, chairman of the Peking regime, said Communist China was ready for ambassadorial talks with Japan.

As the Hatoyama government continued to ignore these reports, newspapers and magazines began to take up the cry that Japan might become the "orphan of Asia" unless some rapprochement with Peking was attempted.

Then, in December, came the dramatic United Nations meeting in which Japan, along with Outer Mongolia, failed to gain admission to the world organization.

Analyzing reasons for this Japanese political observers, including some professional diplomats serving under Shigenimi, argued that Japan's future to gain the support of leading Asian nations was an important factor.

Most of these countries, including pro-Western nations such as Pakistan and Ceylon, recognize Communist China. And the feeling appears to be growing in Tokyo that the Hatoyama government, in order to win the support of these countries, must demonstrate a greater flexibility and independence of Washington in its foreign policy, even though it remains faithful to its basic commitment to the Western camp.

In this climate, Red China's latest proposal for "normalization of relations, which was coupled with a complaint that Japan had made no reply to two earlier Chinese Communist proposals, is believed bound to strengthen the arguments of those within Japanese political circles who say the time is ripe for direct negotiations with Peking.

Letters To The Editor

Editor, Belleville Times-News:

On "Helping Hand Day" this Sunday, hundreds of volunteers from our town will be visiting their neighbors to pick up contributions to the Cerebral Palsy Campaign. May we ask your help in appealing to all residents to support this worthy cause by welcoming their neighbor and having their contribution ready?

We have volunteered to help in this campaign because we believe in it. Here in Essex County there are hundreds of cerebral palsied persons — many of them in our own area — for whom this money will provide the care and treatment they need. Anyone who has ever seen a little child, crippled with cerebral palsy, trying bravely to walk despite heavy braces on his legs, knows how desperately this help is needed.

The United Cerebral Palsy organization of Essex County is providing this help by conducting a complete program for the cerebral palsied. The UCP organization maintains a treatment center where cerebral palsied boys and adults by offering vocational guidance and recreational programs and supporting the Essex County Occupational Center in Maplewood, which is a sheltered workshop for handicapped adults.

With the aid of all residents, we can supply the funds which will keep this wonderful program going. Won't everyone help?

Mrs. Margaret Connelly

Editor, Belleville Times-News:

In answer to the man who fears that the Belleville Conference is telling him what to do: When he enters the voting booth he is a free man. He has a choice of nine candidates for election to the Board of Education. It is up to him to vote according to his knowledge and his conscience.

How does he decide for whom he should vote? Whose advice does he take?

Delaporte & MacKinnon

Quite a bargain, isn't it...

all the way to Frisco
for only \$2.00*

It's an even greater bargain when you think that 20 years ago the same call cost \$5.25!

With today's low rates—modern families use the phone regularly just to keep in touch. It's so much easier, more personal.

What a difference in service, too. Calls that once took many minutes are put through in seconds. And your conversation is as clear as though you were sitting in the same room.

*minute station rate after 6 P.M. and all day Sunday, 10% Fed. tax not included.

Bringing you modern phone service... is the full-time job of 25,000 New Jersey men and women. This includes 10,000 operators like Phyllis Silano of Newark, who make sure your calls go through quickly, provide information and other assistance.
