GIRL SCOUTS HOLD ANNUAL BREAKFAST AT ST. PETER'S

More than 300 guests attended the annual Mother and Daughter Communion Breakfast sponsored by the eight Girl Scout and Brownie Troops of St. Peter's R.C. Church, last Sunday. The Scouts and mothers received Holy Communion at the 8 o'clock Mass, celebrated by the Right Rev. Monsignor Joseph J. Kelly, Pastor.

Following Mass, a Girl Scout Flag Ceremony preceded the breakfast in the old school auditorium which was beautifully decorated with spring blossoms for the occasion. The impressive affair was enjoyed not only by mothers and members of the parish troops, but also by visitors from several other local troops. Among the specially invited guests were the officers of the Belleville Girl Scout Council: Mrs. William Long, President; Mrs. Leslie Finch, Vice-president; Mrs. Joseph Tremblay, Secretary; and Mrs. Louis Rosania, Financial Secretary; also Mrs. Stanley Kash and Mrs. Edward J. Lotz of the Nutley Council.

Mrs. Lotz, as guest speaker, wove an interesting tapestry on Scouting in its many aspects, touched on the joys of camping and particularly emphasized the capacity of Scouting to unite girls not only of neighboring towns, but through its common ideas and ideals to speak the language of friendship and understanding with girls of all nations. Rev. Albert F. Wickens, Girl Scout Moderator, in his brief talk stressed the beauty of unity not only in Scouting and in Christian living, but in perfect friendship with God through the frequent reception of the gifts of the Holy Eucharist. He also thanked Miss Dorothy Keown for her untiring toast-mistress and all others who participated in making the affair a success.

Forming the Color Guard during the Flag Ceremony were Scouts Eileen Flagg, Jacqueline Melville, Eileen Coray, Claire Tortorello and Joan Tremblay.

BROWNIE SCOUTS PLAN "PLAY DAY"

The Brownie Scouts of Belleville will have a "Play Day" at the Girl Scout Camp, South Mountain Reservation on Saturday, April 28. In case of rain during the night or morning, the trip will be on May 5. Chartered buses will leave at 9 a. m. and return at 4 p. m. It is expected that about 500 Brownies and Leaders will attend. Upon arriving at South Mountain there will be a Flag Ceremony, the repeating of the Brownie Promise and the singing of a few songs.

The group will be divided into four circles with a member of the program committee in charge of each circle. Many singing games will be played, followed by several quiet games, songs and a "nose-bar" lunch. After lunch there will be time for free play, then dramatics and relay races. A nature walk and singing will bring the "Play Day" to a close. Because of money received from the Community Chest, the Girl Scout program committee of the Council is able to plan a rounded out program for the Girl Scouts of Belleville.

Rita Giordano Is Wed To Carmine Silvestri Saturday

St. Peter's Church was the scene Saturday of the wedding of Miss Rita Giordano, daughter of Mr. and Mrs. Alphonso Giordano, 21 Smith Street, to Carmine Silvestri, son of Mr. and Mrs. Mario Silvestri, 42 Eugene Place.

Rev. Francis Ignacino officiated at the ceremony and a reception for 500 guests followed at the Irvington House, Irvington.

The bride's poise de soie gown had a fitted bodice with an off the shoulder neckline trimmed with pearls and iridescent. Her bouffant embroidered skirt was decorated with scattered pink rosettes, pearls, and iridescent. The train terminated in a cathedral train with hem ash. A crown of pearls held her three tiered French illusion veil.

Miss Lucille Restaino was honor attendant for her cousin and wore a cocktail length gown with white imported lace bodice and nile green bouffant of nylon tulle. Her circular tulle veil fell from a green pill box hat and she carried orchids trimmed with lemon leaves in streamers.

Bridesmaids were Lois and Antonette Silvestri, sister of the bridegroom, Valerie Giordano, sister of the bride, Gaeveye Petrillo, cousin of the bridegroom. They wore similar hued and gowns with nile green bodices, and carried orchids with lemon leaves in streamers.

The bride's mother wore a gown of champagne lace and tulle trimmed with iridescent and a corsage of white orchids.

The groom's mother was attired in an orchid sheath of imported lace with a flared hem and had a wrist corsage of white orchids.

John Itanaldi was best man. John Morillo, Roberto Castelli, Jerry and Enid Luciano, cousins of the bridegroom, served as ushers.

The couple are on a two week trip to Florida.

For the County Board of Freeholders, Republicans have elected Eliza G. Wright, Frank S. Harts, and James A. Curie. Democrats selected Elizabeth C. Rutherford, Norman N. Schiff, and Raphael J. Means.

For Governor, the GOP locally voted for John M. Dabney, Alfred A. Blom, and Carl J. Schopler. Democrats nominated Edward J. Hannan, Robert B. Martin, and Andrew W. Flood.

The total vote showed 1,923 Republicans casting ballots in town, as against 1,212 Democrats. The total vote was 3,135. 21 per cent of the registered electorate.

Belleville's Girl Scout charter for Belleville, she went to National Headquarters and succeeded in getting the Girl Scout charter renewed. She is still Area Chairman in the Girl Scout Council.

Despite her numerous activities, Mrs. Rochau also finds time for fund raising work in her busy schedule. For the past three years, she has been vice president of the Community Club and has also served several years as chairman of the women's division of the March of Dimes.

To make sure she is really busy, Mrs. Rochau teaches Sunday School at Montgomery Presbyterian Church and sings in the church choir.

During the summer months, she directs the Daily Vacation Bible School and has been its director four years.

Mrs. Rochau has been happily married 27 years and raised three adopted girls. The youngest is now in the eighth grade at school No. 7, where Mrs. Rochau has been very active and served twice as president of the P. T. A. Her voice sounded very happy when she spoke of her children and two grandchildren.

Music and dramatics have been Mrs. Rochau's hobbies for many years, but recently have taken a background position in order for her to continue all her community activities. Yet she studied voice and at one time was dramatic chairman of the Women's Club. Her dramatic interests led her into little theater work in New York and she participated in little theater plays there.

Mrs. Rochau says she doesn't know how she finds time for her outside work. She says, "I was just meant to be a busy worker." We should try to do whatever we can in this world to help, and I try not to say no.

After studying community work in school, Mrs. Rochau's niece returned home and said, "I know what you are Aunt Vi, we studied about people like you in school today—you're a community worker." And nothing could be said that would better describe this week's personality.

The custom of flower viewing is an old one with the Japanese, having originated in the third year of Kanin (812 AD) when Emperor Saga visited the noted Shinsen-en Garden in Kyoto and there viewed the cherry blossoms. From that time on, flower viewing parties were given by the Imperial Court, and the function is now held annually at the Imperial Gardens in Shinjuku, Tokyo.

"Hanami" is one of the chief customs in the life of the Japanese. People's guide books and floral calendars are published telling where and when to see the flowers at their best. Townsfolk, young and old, go out in gala attire to visit noted gardens, cherry groves, and temple compounds where "sakura" trees are in bloom.

Belleville High School has sponsored a crew since 1945 and has consistently placed high in regional and national competition both with other high schools and college junior varieties. Coach William Bennett of the local squad feels the addition of the new shell would give the crew a tremendous lift. At present, he pointed out the school uses two shells, one of which is in poor condition, having sunk last summer. Approximately 115 boys came out for the meet at Belleville High this spring, Bennett pointed out, with about 50 of them being kept on

MILITARY RESERVE WEEK

PROCLAMATION

WHEREAS: the Congress of the United States has enacted legislation known as the Reserve Forces Act of 1955; and

WHEREAS: this legislation provides the youth of our Nation with an excellent opportunity to fulfill their military and patriotic obligations to our Country in that it provides for a Ready Reserve in accordance with the finest in American Tradition; and

WHEREAS: it is appropriate that a Special Week be set aside to give recognition to the Reserve Forces Act of 1955;

NOW THEREFORE, I, ISADORE J. PADULA, Mayor of Belleville, New Jersey, do hereby proclaim the week of 22-28, April, 1956, as Military Reserve Week and call upon my fellow citizens to assist in the continued maintenance of well trained and organized Reserves in our Armed Forces in order to uphold and defend our democratic way of life.

Poor Sam...

HE FORGOT TO ASK ABOUT THE HEATING UNIT

You really can't blame Sam. When he bought his house, he took a lot of things for granted. Like the heating equipment.

The other night at 2 A.M. his heating unit "conked out," leaving Sam and his family to freeze. Three days later he had bills from the doctor. Now he will give careful consideration to the selection of a new unit.

Before you buy a new home or modernize your present one, learn a lesson from Sam's mistake.

THE car that speaks as well of you as you will speak of it

Of the many pleasures of owning Lincoln, none is more satisfying than what this totally new car says about you.

For here is the fine car that says you have a feeling for trend-setting style—that you admire the sweep of clean-flowing lines... the scant five feet of lowness... the sleek new length that is so unmistakably Lincoln. And, as so many others now turn to this Lincoln—making it the most sought-after of all time—this superb new car says that your judgment is of the kind others follow.

This Lincoln says that your heart lifts to spirited performance—the kind that comes from teaming 285 high-torque horsepower with Lincoln's incomparably smooth

Turbo-Drive. And yet it also says that you expect such great power to be beautifully balanced—with comfort-to soothe you, stability to ease your mind, and a feel of the wheel to put you completely in control.

There's so much more that Lincoln says—and so much you will say. But why not let this new fine car speak for itself?

Sit in tomorrow—or today if you can—and slip into the driver's seat. Make your own appraisal of this Lincoln that's so long—and so longed-for!

LINCOLN
Unmistakably... the finest in the fine car field

SUPERVISES CP SOCIAL SERVICE

The appointment of Mrs. Isabelle L. Andersen as Supervisor of Social Service of United Cerebral Palsy of Essex and West Hudson was announced today by Julian G. Stone, Executive Director.

Formerly Supervisor of Social Case Work of the Youth Consultation Service of the Episcopal Diocese of Newark, Mrs. Andersen comes to Cerebral Palsy with many years of supervisory experience in the fields of medical and psychiatric social work. In her new position, she will supervise the counseling program for cerebral palsy victims and their families. She will also serve as a member of the medical and psychological evaluation team of both the Cerebral Palsy Center in Belleville and the Occupational Center of Essex County in Maplewood, a sheltered workshop for cerebral palsied and mentally retarded adults.

Scout Notes

By Ethel Moore

Brownie Troop 33 and Intermediate Troop 11 with their Leaders, Mrs. Leslie Swain and Mrs. Elmer Felsing and several adults, spent the day in Manhattan, New York on April 2. They attended the Easter show at Radio City Music Hall, had lunch at the "Floridian" and ended the outing with a stroll through Woolworth's 5 & 10 cent store.

Michael Biselli, chairman, Ralph Longe, James Cofano and Thomas Gingerelli, William Cordace will serve as master of ceremonies for the evening. Refreshments will be served by the women of the Bessy Society and St. Lucy Filippini. Seditally Rev. Francis Blake is the spiritual director of the Society.

Holy Name Society Will Hold Annual Card Party

The Holy Name Society of Holy Family Church, will hold its annual card party on Saturday evening, at 8 o'clock, in the school auditorium, for the benefit of the School building fund. Frank Malizia is the committee chairman. Other Holy Name men assisting are: tickets, Carl Galena; chairman, Joseph Restain and Anthony Biselli; prizes,

WHAT DO YOU MEAN, "JUST FACE LIFTING"?

EVERY NOW AND THEN, we run across someone who seems to think that 1956 cars do not offer anything really new—just a little face lifting from the year before.

We won't try to speak for the automobile industry. But we certainly can speak for Buick.

And let us announce in no uncertain terms—it's the newest thing on wheels.

The Styling is New

Sure it looks like a Buick. But it has a new V-prowed grille that says 1956 and no mistake. The hood's new—the fender ports are new—the sweepers are new—and it all adds up to a new sweep-ahead look that ends in a sassy new slant to the rear contours.

But that, friends, is only the beginning.

The 1956 Dynaflo® is New

It introduces what the engineers call "double regeneration"—which means a double-action take-off. It gives you new,

split-second response in the first inch of pedal travel—plus the "switch the pitch" at full acceleration, which no one else has yet approached.

The Ride is New

To coil springs on all four wheels, a brawny X-braced frame, and torque-tube drive, the engineers have added deep-oil shock absorbers to give new softness, new buoyancy, new comfort, and a brand-new "sense of direction" handling response.

The Power is New

All 1956 Buicks have new 322-cubic-inch V8's—with record highs in power and compression—with unique new double "Y" manifold to step up efficiency—with new carburetor "deicing"

—and a host of other new features to make owning a Buick pure pleasure.

The Thrill is New

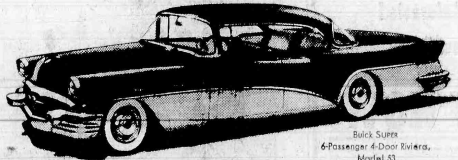

And the surest way for you to find out how right we are, is to sample a 1956 Buick yourself.

As we said before, this is the best Buick yet—by a wide measure—and when you learn the prices we're quoting, you'll know why this Buick is one of the three best sellers in today's market.

It takes a lot more than face lifting to produce such a winner as this.

*New Advance Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM.

The Wayfarers

Robin and oriole,
 We moved forth;
 When the sun's warmth grew whole
 We winged north,
 Following springtime
 Up the coast;
 We flew from clime to clime,
 Host on host,
 Greeting llamas' rebirth
 At Charleston,
 And apple-tree blooms in earth
 Of Maryland;
 Essex's cherry thrills,
 Cactus the best
 On Massachusetts hills;
 In our nest
 We can remember how
 On the wing
 We came from bough to bough
 With the spring.

The Teacher Shortage

There are many diverse and conflicting opinions on problems affecting the educational system and the teaching profession. But on one point something close to unanimity seems to exist—that we are on the verge of a severe teacher shortage. In the comparatively near future we will need a great increase in the rolls of active teachers, all the way from the elementary schools to the graduate colleges. But we are told, the number of young people preparing for and entering the profession is dangerously small.

At the same time, there has been a growing impression that teaching is undesirable as a career, and is mainly attractive to people who are unwilling or unable to make the grade in the tough, competitive fields of trade and commerce. As an educator of long experience, Samuel B. Gould, president of Antioch College, puts it: "The teacher is all too often portrayed in the American scene as a fumbling, impractical, neurotic individual, living on starvation wages and seeking refuge in his profession as an escape from the world". Dr. Gould feels, and strongly, that this is a gross misrepresentation. He believes that teaching is not only among the greatest of professions but that it offers material as well as spiritual rewards.

It is almost universally said that teachers are underpaid. Dr. Gould agrees—but points out that what is usually left unsaid is that the situation is steadily improving. Salaries of \$6,000 for classroom teachers are not uncommon now and state after state has raised the minimums. Also he said, "In many other walks of life the financial returns are not as great as one might suppose. There is a great plateau at about the \$7,000 to \$9,000 a year level for employees in business and industry which only a comparatively few manage to get beyond". As for the teacher, Dr. Gould is convinced that economic progress will continue and at an accelerated rate—and that improvement in

teacher quality will do much to speed and increase financial return.

He finds small merit in the common statement that most of the teachers work sheer drudgery—grading, check correcting, preparing for classes, etc. All professions—medicine, chemistry, the law, whatever—require great amounts of plodding labor. He says: "Teaching has as much drudgery and routine in it as other professions, but no more".

Then he disputes the equally common claim that the teaching profession has comparatively little recognition and status in this country. Teachers who have entered into and demonstrated leadership in civic and cultural affairs have won marked admiration and respect. He states: "As an individual the teacher has and will continue to have all the opportunities which others have for service and prestige".

Dr. Gould ends his discussion on an optimistic note: "The teacher of tomorrow will be carefully selected, broadly trained and adequately paid. He will be the powerful force by which this nation will achieve the maturity of mind and the serenity of spirit that are the hallmarks of true greatness. He will have a new awareness of destiny and a new sense of calling... Most of all, he will be recognized and honored among men as one to whom God has given a priceless opportunity to serve".

Man Of Rare Courage

President Eisenhower in vetoing the "Agricultural Act of 1956", this week, has accepted the challenge of those cynically minded leaders in Congress who have hatched him what can only be described as a travesty on farm legislation, relying with serene confidence on the impudent assumption that no President in an election year would dare to withhold his signature from any bill that bore the label "farm relief", even though the label was counterfeit and the contents of the package a spurious and dangerous imitation of what they purported to be.

Those are our sentiments, exactly. They are, too, the exact words of an editorial in Tuesday's New York Times, the greatest of all the Democratic newspapers in the country. Even the Times had to admit that the Democratic party was guilty of the lowest form of political strategy—the effort to capture the farm vote in November regardless of the effect of the legislation on the farmer or on the consumer.

It took a courage born of the decency and dignity of the President's military up-bringing to have vetoed a bad piece of legislation. A politician in the White House might have gone along with the bill born of political expediency. President Eisenhower could not.

Yet this is the President that Harry Truman, the "red herring" fall guy, dared, with customary arrogance and stupidity, to call, this week, a "do-nothing President".

Do nothing, do you say, Harry? He did something. He stopped overnight the war in Korea which you brought on by your stupidity and which, once you started, you couldn't stop. Do nothing? By one courageous veto he leaves no doubt where the responsibility lies for any failure to defend the farmer against the price-depressing surpluses which were his inheritance from your administration.

One Man's Opinion

"Happiness Boys", now in London, can alone save U.N. disarmament conference from collapse on issue of controls

By Ralph Eric Heinzen

The arrival in London yesterday of Moscow's two "happiness boys", Premier Nikolai Bulganin and Nikita Khrushchev, First Secretary of the Soviet Communist Party, on their state visit, was, from our point of view, perfectly timed. Soviet Deputy Foreign Minister Andrei Gromyko is over a barrel at the London disarmament consultations of the UN Disarmament Sub-committee where, in turning down both the American and the Anglo-French proposed working papers, he has reestablished the unity of the West.

It is to be expected that the "happiness boys" will use England as a convenient sounding board for voicing their views on America's "war mongering", but after Gromyko's flat rejection of the West's various disarmament proposals it will be difficult for Bulganin and Khrushchev to make their protestations of pacific intentions ring true.

At the London disarmament conference where the next move is up to the Russians, there is very little hope left of ending a 10-year stalemate and of making any actual progress toward actually reducing armed forces or an agreement on any kind of serious controls which would encourage us to put a ceiling on armed manpower—at 2,500,000 for the United States, Soviet Russia and Red China under our proposal, or at between 1,000,000 and 1,500,000 for each of the three top powers by Soviet suggestion.

Armies Now Obsolete

Despite the American demand that the powers deal first with nuclear disarmament before going deeper into the fixing of ceilings for armies, Russia has been eloquently silent at the London conference.

Our position in the matter is that big armies as such are out of date and that atomic warfare is now so destructive that armies, like civil populations, would be hard put to survive a jet age H-bomb attack.

"With modern planes and modern weapons either America or Russia can deliver too big a punch, too far and too fast to risk further years of 'cold war' without any agreement on international disarmament controls", America told the UN London conference.

On that basis, we have insisted on both ground and aerial controls from the outset of any disarmament agreement and we are now vague, subsequent date.

Await Speeches

As Russia's spokesman, Gromyko has not answered. It will be interesting, therefore, to see whether the arrival of "B and K" will change anything. In their ten days in England they will make many speeches. The future of the UN disarmament conference could hinge on what, if anything, they

Lenin Plotted Here

He, too, found his way to the coffee house and it was there that,

in 1993, he edited and published his famous revolutionary newspaper "Iskra" (Spark) until, Czarist Russia being ripe for revolution, he slipped away to neutral Switzerland during World War I.

It is no secret that it was in Switzerland that the German Kaiser's agents struck their bargain with Lenin. It is no secret, either, that he was hurried across Germany in the locked car of a German train, shaken all day and dumped into St. Petersburg from which the November, 1917, revolution emerged to bring death to the Czar and his family.

You can still find the coffee house today, now a Marx memorial library and a club place hardly the kind of room where you would have expected the three great architects of world revolution and international communism to have spewed their doctrine of violence and hatred.

As End To All

Lenin went on to glory, but Engels died in London in 1895 and his ashes were scattered in the sea. Marx is poor that he was thrown out of his Chelsea rooming house for non-payment of rent, was to grow rich and to buy three houses in London. In one of them, a vulgar capitalist in spite of himself, he died. That house, a crumbling Victorian monument, stands in Midland Park Road.

Except for the aging houses and the coffee house museum, there is little to show for the vast effort at world revolution hatched by the three men. There is a bust of Marx, in a garish, realistic lined niche, at the museum.

There is also a plaque which says that in 1903, in that room, Lenin planned the 1903 Party Congress which saw the emergence of the Bolsheviks. But try as you will, you cannot find where Lenin roomed while he lived in London. The life of a revolutionary, in those days, was a precarious one and "Nick Lion", for obvious reasons, kept no records of his own doings.

Socialists Say "No"

I find it interesting, therefore, that only a few days before the Russian leaders' arrival in London

dou, yesterday, the executive bureau of the Socialist International—the Second International, the Communist being the Third and the late Trotsky's ill-fated anarchist offspring from Bolshevism being the Fourth International—fired a salvo in a new battle to regain full integrity and independence of action by rejecting Moscow's proposals for a Communist-Socialist alliance.

The Soviet Union has ever claimed to be a Socialist state. The new smiling Soviet line is that all that separated Soviet socialism from any other kind was the personal dictatorship of Stalin. This could present democratic Socialist parties in England and in Italy, France, Germany and the low countries with their most serious challenge for many years.

Two immediate tasks are seen ahead for democratic Socialists in England and in Western Europe. One is to strengthen party discipline. The other is to rectify their own conceptions of socialism.

Stress The Differences

"The road ahead is not easy. Even such a statement as that issued in London several days ago following the meeting of the executive bureau does not come easily.

The statement declared: "We believe in the rights of men; we believe in the rights of nations" (the Soviet Russian Communists) mock them. This is not changed by the refutation of Stalinism.

"Reputation is what you, whether in fear of their lives or in genuine complicity, previously helped in Stalin's crimes and praised his sins has not fundamentally altered the character of the Communist regime."

"Even with collective leadership the Soviet Union yet remains a dictatorship. What they now call 'Leninism' is nothing but an earlier edition of the misconceptions and misdeeds of Stalinism."

"We note the professed desire of the Communist Party of the

Letters To The Editor

Editor, Belleville Times-News:

We wish to express our sincerest thanks to the people in the Fourth Ward, District One who came out to vote at Tuesday's primary, therefore making our reelection possible as members of the county committee.

We will continue to dedicate ourselves to the same decent and adequate representation to the people in this district as we have done in the past.

Sincerely,
 Benjamin and Mary Maglia

Editor, Belleville Times-News:

Belleville is fortunate in being treated each Spring to one of Nature's finest spectacles in the form of the resplendent display of picturesque pagoda offered by the Branch Brook Park extension Cherry Blossom Festival which surpasses in splendor the world famous Washington Tidal Basin exhibit.

Added to the color and enchantment of this year's radiant show is the beautiful effect produced by the new water fountain and floodlight system which brings out the nocturnal grandeur and fascination of the resplendent pagoda and Oriental grandeur.

Much appreciation is due those who by their kind philanthropic and generous offerings made possible such a splendid contribution to the beautification and aesthetic development of Belleville. Mrs. Felix Paul, the Essex County Park Commission and the many other responsible are to be recognized for their contribution. The silent, ineffable

beauty of their endowment stands as a lasting tribute.

We who have benefited by this gorgeous show in our midst must feel proud of the Mecca that our community becomes each Spring with Nature's reawakening. The endless trek of camera enthusiasts to photograph the beauty should do much to swell the pride of Belleville.

Respectfully submitted,
 James K. Golden

Editor, Belleville Times-News:

On Sunday, April 15, the New York Herald-Tribune published a special 24-page supplement devoted to Spain. In it, it seems to me, the staffers of the Trib. have made a broad if misguided attempt to rehabilitate one of the Western World's most contemptible thugs, Generalissimo Francisco Franco. Before you dismiss this letter as special pleading however, let me state immediately that there are a couple of important points to be drawn from the Trib's supplement that the piece itself and which are I think, worth the attention of any politically-conscious American.

There is little doubt in refighting the Spanish Civil War: it is over and done with these seventeen years, and friends of Spain can only wish the country a successful recovery through whatever means may lie at hand. And, especially as Franco is now our ally, I suppose we can forgive him such non-Communist Convention exuberances as the annihilation of Guernica, the use of semi-barbaric Moorish cavalry

as weapons of terror as well as of war, the execution after the cessation of hostilities of Heaven-knows-how-many thousand Republican soldiers and non-combatants, including numerous "collaborationist" priests and nuns.

Unfortunately, Spain, one of the first countries to rise against Fascism—the Civil War in July 1936—was yet to be rid of it, the Trib's pious myopia notwithstanding. As recently as last summer, when I spent five weeks there, covering some thousand miles talking to several hundred people, Spain was still very much a Fascist police state: communists, socialists and leftists were, the universities emasculated, personal travel (for Spaniards) restricted, every city, country-side and border infested with armed men.

In any city you will see gaudy representatives of the new Fascist bourgeoisie lolling away the afternoon in cafes and behaving obnoxiously to the peons unfortunate enough to be working nearby—many of the peons having to hold down two or even three jobs in order to provide for their families. (The class lines are desperately clear, and if you are at all sensitive to these things you must choose your side, as I have chosen mine). Alcohol, bad movies, and the bells are the only relief for the oppressed majority: even the Church—a State Church—widely regarded as the special province of the rich. Although reports since then indicate a general loosening of controls, I cannot believe that it is time yet for Americans to begin tolerating such tactless apologies as the Trib's of last Sunday. No matter how much we need the funds now a-bubbling in Spain.

LETTERS To The Editor

(Continued from Page 2, 1st Section)

While it is not true that the Franco dictatorship is being perpetuated with the lives of American citizens and money—it would have continued in any case, two and a half years of war and several hundred thousand dead in battle being quite sufficient to kill the spirit of a people even as brave as the Spaniards—you would not realize this from the Tribune's articles and photos. This is a question of public morality, which is rather easily ducked, because the practical national interest, which is not. For if we Americans are willing to accept without complaint the unwashed bedfellows as Franco, and to appear to support him, there are other countries where national honor, being a relatively new and hard-won possession, is still taken seriously. I'm thinking of a country like a whitewash should it become general, on the South American states, bound to Spain, blood and culture, and already dubious of many of the motives of the U. S. Of course, our military alliance with Spain is a fait accompli of some duration, so there is little reason to suppose that they will be surprised at this late and somewhat fraudulent attempt at self-justification.

Something else about this ill-conceived supplement bothers me, and I think should bother everyone. I, at least, recent have been propagandized. For I believe that it presents nothing less than a particularly blatant example of the way which the history of our times is getting itself re-written to accord with current political expediency; by any other name, propaganda. One grows sick of fudge after a while, or does not. Sincerely, Ronald C. Newton.

Born in Messina, Italy, Mr. La Scala was brought to this country and Newark at the age of 5. He lived in Newark until a few months ago, when he went to live with his daughter, Mrs. Geraldine Marone, at the Belleville address. Before retiring 30 years ago, he was a barber in Newark for many years.

Mr. La Scala is also survived by two other daughters, Mrs. Anna Buonopane of Newark and Mrs. Ivan Macio of Belleville; five sons, Thomas N. of Caldwell, a plainclothesman with the Essex County Park Police; Salvatore of Nutley, Nicholas of Miami, Joseph Jr. and Frank, both of Newark; 12 grandchildren and two great-grandchildren.

A Solemn High Mass of Requiem was offered Thursday in St. Michael's Church, Newark. The funeral was from the Del Prete Funeral Home, 185 Clifton Avenue, Newark. Burial was in Holy Sepulcher Cemetery.

Mrs. Ann Orinick

Mrs. Ann Orinick, wife of Myron Orinick, died April 11 at her home, 65 Fairview Place. She was 41.

Born in Pittsburgh, Mrs. Orinick came to Newark 20 years ago. She had been living in Belleville five years. Besides her husband she is survived by a brother, John Sopko of Newark, and two sisters, Mrs. Sue Senko of Linden and Mrs. Mary Drexler of Newark.

The funeral was Saturday from the Spolaia Funeral Home, 240 Mt. Prospect Avenue, to St. George's Church in Warwick Street, where a Requiem Mass was said at 9 A. M. Burial was in Holy Cross Cemetery, North Arlington.

What's he doing?

He's making your telephone grow in value!

This lineman is putting in a line to a new home. When he's through, another New Jersey family will be enjoying telephone service.

It could be someone you know, for this scene is being repeated daily in all parts of the state. Last year alone over 150,000 phones were added. The number of people you can call or who can call you is growing steadily. And that makes everyone's phone service grow in usefulness.

To us, making sure you can phone anyone you wish, easily and economically, is our biggest job—and one we're working at the hardest.

Rees To Practice Saturday

It won't be long now. The Belleville Rees, managed by big Bill Murphy, will get their first taste of strong Essex County League competition when the local semi-pro team travels to nearby Nutley to play the powerful Colonels in the loop opener on Sunday, May 6, at Park Oval.

In preparation for the nearing campaign Murphy is getting all set so that he will be able to field a strong squad that will be able to hold its own in the eight-club suburban circuit. The Rec manager has issued his first call for candidates and will hold the first of a series of practice drills on Saturday starting at 1:30 p.m. at Municipal Stadium.

"I'm looking for players, there is no doubt about it," said the popular pilot who guided the Rees to an undefeated season last summer while competing in independent ball. "We have to strengthen the squad a lot in order to keep up with the strong competition and put Belleville back on the baseball map. All former high school and college baseball players are welcome to try out."

Murphy doesn't know who he will have on the squad but you can be sure of one thing, he will field a well balanced team by the start of the season. "In the way of pitching there is only one thing I am sure of and that's the return of hurler Bob Mallack who played for me last year. Mallack won seven games while the team won 23 without tasting defeat. As matters now stand Mallack will be probably be my string pitcher when we take on Nutley in the season opener."

Although Murphy isn't saying much as to what material he will have out for the club on Saturday he tipped his hand slightly when he said he may have a couple of players from Seton Hall University seeking a berth on the Rec squad.

The Recreation Department is cooperating with Murphy 100 per cent in an effort to restore semi-pro baseball in town. Bill, who also coaches Our Lady of the Valley baseball team, has been working closely with Bud Brand, Bob Cook and Commissioner Elmer Hyde, director of parks and public property. The Recreation Department has agreed to allow the Rees to use Municipal Stadium for its pre-season drills and for its home field during the regular season. Commissioner Hyde has already accepted an invitation of Nutley manager Ernie Lantz to attend the Nutley-Belleville curtain raiser.

If all goes well Belleville and Nutley should build up quite a rivalry within a short period of time. The next door neighbors, in addition to clashing in the first game of the season, will also visit Municipal Stadium for holiday appearances on the Fourth of July and Labor Day. Nutley is one of the strongest teams in the league. Lantz' aggregation has won two championships and finished third last year since the team was re-organized three years ago.

For the first year of operation in the Essex County League the Belleville nine will play most of its 35 league games on foreign diamonds. The schedule calls for seven home games to be contested at the Stadium with the Colonels providing the opposition on the two big holidays.

Town Softball League A Question Mark

The Recreation Department reports that up to yesterday only four teams have definitely expressed a desire to participate in the Town-wide Senior Softball League. The four clubs are, the West Ends, Silver Lakers, Manno-Dining Car Co. and Vuhons Restaurant.

Harold "Bud" Brand, of the Department, states that a minimum of six clubs are needed to promote a successful softball season. Bud adds that if two more clubs do not enter the league this year it will be disbanded until there is an overall town-wide demand for its resumption.

The third and final meeting will be held this coming Wednesday at 8 p.m. at the Recreation House on Joralemon Street. Any interested groups are invited to have a representative present.

Rollins Loaded With Bennett Proteges

Nutley and Belleville have played an important role in making the Rollins College in Winter Park, Fla., one of the top small college varsity shells in the country.

Over the past five years Nutley and Belleville have been the most abundant supplier of Rollins rowing talent. Coach Bill Bennett has sent a total of eight boys from Nutley and Belleville high schools well tutored in the art of rowing. Seven of the eight oarsmen are partly responsible for giving Rollins three straight Florida State rowing championships.

The string of titles started with Don Weber ('54), Louis Fusaro ('54), Norm Gross ('55), Frank Thompson ('56), Bud Bilenski ('56), Cox Joe Dalanegra ('56), and as of last year, Ed Gray.

Not to break the Belleville-Nutley tradition, Tom Dolan joined his high school cohorts this year. Even as a freshman, Tar crew coach Dr. U. T. Bradley, the dean of small college rowing, thought so highly of Tom that, though he placed fourth in the JV event, he also selected him for stand-by reserve duty with the veteran varsity eight. This year's junior varsity crew, with Dolan pulling the number six oar, is undefeated in three dual races against LaSalle, Amherst and American International College.

The varsity, with senior lettermen Bilenski and Dalanegra and complemented by sophomore Gray are maintaining the Belleville-Nutley reputation for presenting Rollins with accomplished oarsmen. The Tars started the always powerful University of Wisconsin crew in the season's opener by forcing the Badgers to go all out for its six-foot victory. Then, unaccountably, the Rollins varsity was upset by Florida Southern at the Foreman Day Regatta at Lakeland, Fla. Since these early-season losses the varsity has settled down to defending its rowing honors by defeating a favored LaSalle eight. This win preceded two more victories over Amherst and A.I.C.

Coach Bradley feels that each win is an improvement over the last one, and with each win Bradley and the towns of Belleville and Nutley are just a little closer toward presenting Rollins its fourth straight Florida State rowing championship.

Cullen Tosses Three Hitter For First Win

by Dave Thaler

Coach Eddie Berlinski, looking ahead to the Bloomfield game, said a fervent prayer Tuesday, and sent his sophomore hopeful, Jack Cullen, to the mound to open the season against Our Lady of the Valley, one of the stronger non-league teams. The Belleville team was trying to save Tortorella for the Bloomfield game, and was forced to take the risk with the inexperienced sophomore.

The prayer was answered though when Cullen limited the Valley to three hits, whiffing eight, as he went the route in a 5-0 shutout victory.

Encouraging Effort

The fine effort was very encouraging. Lack of depth in the pitching department seemed to be the team's main weakness. The team was a veteran one, with but one junior in the field. Tortorella, however, was the only pitcher with experience. Cullen, and Cullen was a question mark. But the question mark is now an experienced mark, and the depth could be there.

The hitting will take care of itself. Remes, Landon, and Cullen counted for two hits apiece. Except for Remes and Landon, that was not the trio that was supposed to send opposing pitchers to the showers. Apple, Long and Prieto were supposed to be the big guns for the Blue and Gold, but they were not. The team was the all-important Bloomfield game.

Bloomfield will not be as easy as the Valley. The visiting team, however, the Belleville team. The six misuses that they committed were supplemented by several errors of omission. They were not covering bases and the brand of ball was definitely not heads-up. Belleville took full advantage of their mental lapses, as the score indicates.

The carelessness is never more obvious than in this play. Remes dragged a bun down the first line. As he tore down the first base line, the catcher, catcher, and first baseman charged the ball. The first baseman was there first, and as he started to throw to first, saw nobody on the bag except Remes.

Gleaned From The Spikes

The right side of the Belleville infield committed two errors, one by Hunge and one by Remes, but the first game jitters must have had something to do with that.

With good pitching rare around the Big Ten, Berlinski was counting his lucky stars that he has two pitchers who can successfully go on mound.

With the hits, runs, and errors so numerous, there was only one extra base hit in the entire contest - Landon's two bagger.

Two of the runs batted in were by Mel Ott while with the Giants may be tied in 1956. If Stan Musial can drive in more than a hundred runs, he'll be Ott's National League record of nine years of producing 100 runs or more. Of Ott's nine years eight were in succession. Duke Snider of the Dodgers can tie that mark if he can rap in a hundred runs in 1956. His string now is seven.

REC DEPARTMENT TO RESUME SCHOOL BASEBALL LEAGUE

The Recreation Department under the direction of Commissioner Elmer S. Hyde, announces that next week the Elementary School Baseball League will get under way for the 1956 season.

On Tuesday afternoon, No. 1 School meets No. 4 School and No. 2 School is set for No. 8 School. Thursday afternoon No. 5 School engages No. 3 School and No. 10 and No. 7 Schools meet. All games will be played at Clearman Field and starting time is 3:40.

Last year No. 8 and No. 7 Schools were declared co-champions when they finished the season with identical 6-1 records. Early reports from the different schools this year point towards a well balanced league, with No. 1 School given a slight edge in pre-season predictions.

WEINSTEIN STARS FOR COAST GUARD

Seaman Paul R. Weinstein, USCG, 21, and the son of Mr. and Mrs. Edward S. Weinstein, 57 Forest Street, finished his second "red-hot" season with the USCG Receiving Center Basketball Bears recently.

An injured left ankle kept the former Belleville High School star from placing higher than third in team scoring. Nevertheless, Paul was high scorer against the league-leading Philadelphia Naval Receiving Station as he threw in 20 points. This game was the Bears only win against the Philadelphia Naval Receiving Station.

As his ankle permitted, Paul was a regular starter. Coach Roatwain's Mate First Class "Bob" Nielsen looks forward to having him around for another campaign next fall.

Three seasons at Belleville High School, Paul captained the squad in his senior year. At Wake Forest College in North Carolina, he played football, joined the Coast Guard and the Bears for two seasons this year. Attached to the Center's Training Division, Paul works aboard the Center's training barque, the Curlew.

FENCING TOURNEY IN THIRD ROUND

The Belleville Recreation Department is sponsoring the annual girls' fencing championship. The tournament is being held at the Belleville High School gym on Thursday night at 7:00 p.m.

In the first round the winners were Janet Kone, Susan Bado, Bonnie Cook and Anne Kennedy.

The 1956 fencing championships are being decided by a round robin tournament in which every fencer meets each other. Pat Harrison, director of girls activities, observed that the girls have all displayed excellent sportsmanship and have seriously applied themselves to the contest.

FORMER BHS STAR ON SERVICE TEAM

Nick Petti

From Goeppigan, Germany, comes news and Special Services, Headquarters Ninth Division, has named a former Belleville High School basketball player to its ball team. The team was selected by the A. & K. Officers, and the coaches of every team in the league. Two squads were chosen.

Nick Petti, former Blue and Gold court and diamond player, was elected to the second team of the Ninth Division All-Star Squad Squad. He was especially outstanding with his playmaking and quick hands.

At present, young Petti is training with the 3301 Infantry Falcons basketball team, which last year were the champions of Europe, and were flown back to the States to appear in the F. I. World Series at Fort Belvoir, Virginia.

Petti is the son of Mr. and Mrs. John Petti, 382 Greylock Parkway.

Prior to entering the service, he had played professional basketball with the Crowley Millers in Louisiana.

Varsity Eight And Four Lose Two Thrillers

by Dave Thaler

The Belleville crew took on Lower Merion of Pennsylvania Saturday on the Passaic. Once again the Bellos dropped all of their races, but what a way they dropped them!

The varsity eight, which got off to a lead that they seldom relinquished, came tearing down the stream with the energy right by its side. The Belleville shell drifted slightly, and Lower Merion was able to catch it. Blue and Gold in a photo finish. So close was the contest that many fans thought that the Bellos had won their first race of the season.

The most surprising part of the meet was the race in which the varsity four, Belleville, was a heavy favorite to lose. But when Coach Bill Bennett saw his four winning at the half way mark, he almost snapped his neck turning around. (The varsity eight and four races were run simultaneously in opposite directions.)

Belleville's luck was not with them however, as the four lost the race on the last stroke. Another photo finish, but another loss.

The varsity eight was clocked in 4:19, 54 seconds better than last year's time.

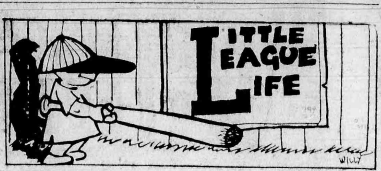

The J.V. shell lost by but a quarter of a length, while the J.V. four was a quarter of a mile behind at the finish.

In order to accommodate the teams, CYO baseball director Bill Smith, of Nutley, has announced that five divisions will probably be set up. Divisional winners will take part in a playoff round to determine the county winner.

A meeting of all CYO baseball coaches will be held at the CYO office, Montclair, on May 4 at 8 p.m. At that time Smith will explain CYO rules and regulations. The league season will extend through June.

Players in the league must be under 14 years of age and members of the parish which they represent. Regulation fields and equipment will be used at all times. The use of protective helmets while batting will be mandatory.

The CYO has also announced that it will sponsor summer leagues in the junior and intermediate divisions for boys of high school age.

by Larry Remes, James Etting, and Bill Ellis

The first day of try outs last week received a response beyond anyone's expectations. It is estimated that 800 boys were processed.

During the processing the officials of the league were questioned many times by parents and children with questions such as "What do we do now?" "When do I hear?" "How will I hear?" and did I make the team? The answers to these questions are as follows:

1. During the try outs, each boy is classified as to either his physical or potential ability in fielding, throwing, and running. As a norm the Little League judges use an average boy presently on a Little League team in each of the age brackets; for example, a 11 year old applicant will be compared with a 11 year old average Little League player and 11 year old versus 11 year olds, 10 versus 10 etc., down through the 8 year old group. The ratings that are used would be the units 1 to 4, with 4 being given to a boy who is equal in ability in each category to the average with his age group.

2. After all the applicants have been given a try out and have been judged, the applications are sorted according to ages and ratings. The manager and coaches of the Little League then hold a meeting at which time the vacancies on each team are filled in by the process of auction. Each Little League team is assigned 10,000 points by the President of each League for this purpose. If a boy is selected or purchased he will be notified by his Little League manager through the mail and told where to report to pick up his uniform and attend necessary practice. He will also be given his schedule of games.

For the boys who are not selected, their applications are turned over to Ralph Baker who supervises the operation of the farm league. These applications are used by him for the organization of the various teams. The ratings assist Baker in making the 16 teams of equal strength. It should be definitely understood that every boy that appeared for try outs and is still desirous of playing baseball will be assigned to a farm team.

Throughout the season, as vacancies occur on each Little League team, the boys are procured from the farm teams through their coaches and managers. The vacancies occur when the season due to vacations, extended illness or disciplinary measures demand need by the Little League managers. Once a boy is selected for the Little League he cannot be dropped from the Little League for lack of ability but only for disciplinary purposes.

REC COED BOWLING IN FINAL PHASE

The Belleville Recreation Department Coed Bowling program conducted at Grace Baptist Church each Monday, Tuesday and Wednesday evening is now going into the final phase with one more week left for the program. For this week there will be no bowling on Tuesday night.

Totalling high averages as of last week were Don Colomino with 73 for four games, Jerry Barretto 163 for six games, Tony Nigro 154.1 for five games, Lou Crudele 157 for five games, Bob Sharkey 142.3 for six games, Frank Miele 148 in six games.

The girls also have some very nice averages with Nancy Worthington holding high average of 120 for five games, Judy Anderton 118.2 for four games, Ellie Steffenson 106.1 for six games, Harriet Worthington 103.4 for five games and Kathleen Ventura with 91.4 for five games.

Jerry Barretto has remained boys high scorer with a 233 game. However, the girls have a new high score of 140 rolled by Judy Anderton last week.

Rec Girls Gym Program Still Has More Openings

The Belleville Recreation Girls Gym program which meets Thursday night at 7:30 at the high school is now full swing.

In this program teen-age girls are offered an opportunity of actively participating in the sports they enjoy. Robert E. Cook pointed out. The leaders of the program Miss Evelyn Hannon and Miss Grace Casar, under the direction of Miss Pat Harrison, Director of Women's Activities, said this week that there is still room for more girls in the program and that all high school age girls are welcome.
