DR. DIRUGGIERO NAMED TO HEAD RED CROSS DRIVE

Annual Campaign Will Be
Conducted During March;
Goal Set At \$25,000

The Board of Directors of Belleville Red Cross announced today the appointment of Dr. Frank DiRuggiero as General Chairman of the 1957 Fund Drive. The new chairman will form the organization which will conduct the annual campaign for funds in March. As a native son of Belleville, Dr. DiRuggiero brings to the Red Cross Fund Drive broad knowledge of the community and enthusiasm to have a job well done.

The Red Cross fund goal is \$25,000 for local use and \$9,500 for use in the national work. Assisting in organizing to reach the fund goal will be a planning com-

Map Community Chest Strategy

Planning the strategy for the 1957 Community Chest drive are some of the division leaders. Seated left to right are: Raymond P. Williamson, chairman of the campaign; Mrs. Edward A. Rochau, chairman residential; Henry Lewis, co-chairman of the campaign, and George E. Miller, chairman commercial.

Standing in the usual order are: Harry Bennett, chairman Washington Avenue stores; George Toto, co-chairman corporations and employees; Dr. Palmer D. Burde, chairman professional; Charles Tedesco, chairman government, and Ambrose Wasdyke, assistant co-chairman of the campaign.

Community Chest Drive Underway; Leaders Hopeful Of Topping Goal

BELLEVILLE UNIT OF NATIONAL GUARD HAS 60 MAN GOAL

December 5 Set As Date
For Inspection By First
Army Headquarters Team

What makes the National Guard tick? How does it operate? From whom does it receive its orders? Where does its clothing and equipment come from? These, and many more questions, are bound to be asked by citizens in towns where National Guard units are located.

The National Guard of the United States is headed by the National Guard Bureau, located in the Pentagon. The bureau, which is currently headed by Major General Edgar C. Erikson, a veteran Guard officer from Massachusetts, is the successor of the old Militia Bureau created in 1916.

Each National Guard unit has a headquarters or parent unit. In the case of Battery "B" 109th Anti-Aircraft Battalion, the local National Guard unit located at Branch Brook Park, its headquarters unit is headquarters 109th Anti-Aircraft Battalion located at Vauxburg Park, Newark. This unit is controlled by headquarters 254th Anti-Aircraft Battalion.

Campaign To Run Through November 9

Belleville's 1957 Community Chest drive opened Monday with a burst of enthusiasm as drive leaders optimistically predicted the drive would go over the top. The goal for this year's campaign has been set by Chest directors at \$34,722.

Campaign chairman Raymond Williamson based his enthusiasm on several factors. "The needs this year are as great as ever before," he said. "If the seven participating agencies are to continue to render their community services, it is imperative that the Community Chest surpass its goal." Not only is the need great this year, he said, but the residents of Belleville are aware of these needs and will not let us down.

Williamson also praised the Chest organization working with him this year and said he was highly gratified by their spirit and eagerness to work hard to put the drive over its quota.

October 18, 19, 20

Residential chairman Mrs. Edward A. Rochau reminded residents that the house-to-house canvass would take place October 18, 19, and 20. She emphasized the importance of making this phase of the drive a success. In spite of the large contributions from business and industry, the Community Chest could not possibly succeed without the donations of every local resident who stands to benefit from Chest supported agencies," she said.

She also announced the appointment of four additional zone captains since last week. They are Mrs. T. J. Edwards, Mrs. J. C. Rallo, Mrs. A. M. Lilloia, and Mrs. H. G. Allen.

It was revealed that a loud-

CEREBRAL PALSY TREATMENT CENTER NOW OPERATING

Cerebral Palsied Youngsters
Offered Elementary Education
Program At New Center

This year a special elementary education program has been made available to cerebral palsied children in Essex County and surrounding areas through the cooperation of various local Boards of Education and Cerebral Palsy of Essex and West Hudson, it was revealed by Mrs. John R. Harder, vice president in charge of the treatment center.

This program is being offered at the new Cerebral Palsy Treatment Center, at 7 Sanford Avenue, and combines classroom instruction by specially trained teachers on the staff of the Belleville school system, with physical, occupational, and speech therapy, medically prescribed according to individual needs, and given by qualified members of the Center's staff, Mrs. Harder said.

Cerebral palsied children eligible for these special education classes are being referred by their local school districts which

The Face Is Familiar:

Red Cross Is Headed By
Geologist, Collector, Artist

By Rita Knoll

Belleville's Red Cross chapter is headed by a lady who majored in geology in college, always had a secret desire to become a lawyer, paints and collects antiques and glassware for a hobby, and whose friendly attitude is making it easy for her to "get to know more people in town," as she puts it. Miss Marjorie Leuly's many and varied interests have made it that much easier for her to head an organization which involves working with some five to six hundred people each year.

Born and raised in Wehaken, Miss Leuly still makes her home in the town "just above the Lincolnton." After graduation from Smith College and Katherine Gibbs Secretarial School, Miss Leuly became a member of the board of directors of the North Hudson Chapter of the Red Cross, and she served for many years on its executive committee.

Motor Service

At the beginning of the war years, Miss Leuly was appointed motor service chairman. She and her unit spent the war years welcoming the incoming ships at New York harbor, which carried American and British servicemen into the United States. "My job here was highly confidential," she said, "as I was the only one who knew when ships were coming, in and going out of the harbor."

After the war, inspired of a desire to go abroad, Miss Leuly stayed in this country and became a field representative for the

Clara Maass Cornerstone Laid Sunday; Equipment Fund Drive Leaders Named

Bart And Freck Head Campaign In Belleville

Raymond S. Perry, president of Federal Telephone and Radio Company, who is directing the drive to equip the new Clara Maass Memorial Hospital, announced today that Siegfried G. Bart, president of Bart Manufacturing Corporation, and Stanley G. Freck, manager of personnel and community relations, Walter Kiddle & Company, Inc., have accepted appointments as co-chairmen for the equipment fund in Belleville.

Both co-chairmen have long been prominently identified with civic and community activities. In their appeals to industry and to friends and neighbors of the nearly completed "Hospital in the Park," they will lay considerable emphasis on the fact that the equipment needs for the new 324-bed facility are large and varied. Estimated as the cost of the equipment covers a range equal as wide as varied, any contributions—large or small—will be welcomed. The equipment fund drive began Monday and continues throughout October.

Co-Chairman Bart, who became president of Bart Manufacturing Corporation in 1943, has been a local manufacturer since 1936. He is also president of American Sound Corporation, a newly organized record pressing plant owned jointly by Bart and the Allied Record Company of California.

A native of Zurich, Switzerland, and a graduate of Rensselaer Polytechnic Institute, he is a member of the Electro-Chemical Society, the American Electrochemical Society and the American Society for Mining and Metallurgical Engineering. As chairman of the activities committee of the Belleville Rotary Club, Bart arranged for the club to loan the Clara Maass Hospital building.

Bart, who is also a member of the Montclair Golf Club and the Rockaway River Country Club, lives in Smoke Rise, with Mrs. Bart. Their three children are associated with Walter Kiddle &

Record High Registration Expected, Although Final Figures Not Yet Available

Requests For Absentee Ballots Are Still Being
Accepted By Town Clerk Mrs. Florence Morey;
Total Registration Is Looked For Next Week

Although final figures on voter registration are not yet available for either Belleville or Essex County, election officials feel certain that near record registrations will be shown by the time final tabulations are compiled. Deadline for New Jersey residents to register for the November 6 presidential election was last Thursday.

The registration office in Newark's Hall of Records was so swamped with new registrations, that Essex County

Commissioner of Elections John B. Keenan predicts it will be at least another week before final figures are available. Although large numbers of new registrants were handled, there can be no conclusive count for at least a week, he stressed.

On the local level, Town Clerk Mrs. Florence Morey reported that her office handled 1,265 new registrations. She said this was an exceptionally high figure, probably due to the keen interest in the presidential race. Lines of people were waiting in Town Hall to register right up to the deadline, she added.

Absentee Ballots Still Taken

Mrs. Morey reminded residents, however, that absentee ballots for students, servicemen, and others away from home were still being accepted by her office. These applications must be in the hands of the county clerk at least eight days before the election date. Large numbers of these requests for absentee ballots have been received, she added, and they

Gov. Meyner Delivers Main Talk Sunday

The need for wide diversification of medical services and facilities was pointed out by Governor Robert B. Meyner in his address at the Clara Maass Memorial Hospital cornerstone dedication here Sunday afternoon. He said that general hospitals are "more and more playing an expanding role in the more comprehensive services than ever before."

The Governor and other speakers addressed 200 persons who attended the cornerstone dedication ceremony. The event, held in a circus tent set up for the occasion in front of the new seven story building on the Newark-Belleville line, was a feature of the hospital's weekend Dedication Festival.

Another speaker, John F. Kiddle, President, Walter Kiddle & Company, Inc., and Chairman of the Clara Maass Memorial Hospital Building Fund, reported two \$25,000 gifts for equipment. One is from the Belleville Foundation, the other from the estate of a friend.

Dr. William D. Crecea, President of the Medical Staff, said that with the momentous strides in medicine in the last 50 years, "it is absolutely necessary now to have well equipped hospitals."

Dr. Bruce Palmer, President of the Mutual Life Insurance Company and of the Greater Newark Medical Center, lauded the program for a combined hospital project. He said that "a great deal of work has been done in the past few years to make it unnecessary for patients to go to another state for the finest medical care."

The new Clara Maass Hospital is the core of the proposed Medical Center. Already functioning on the 17-acre tract is a cerebral palsy center for West Hudson and Essex County.

Harry A. Trotter, Vice President, Fireman's Insurance Company and President of the Hospital's Board of Trustees, applauded the project.

RED CROSS NETS
44 PINTS OF BLOODCharrier And Greene Get
Star Pins For Donations

When the Essex County Bloodmobile came to Belleville High school last week, two local men received star pins for their donations. Charles H. Charrier, of the Crescent Press, donated for the twenty-first time, and Edwin Greene, an engineer with Eastwood-Neally, donated his twenty-fifth pint of blood. However, since Greene has been here for just a short time, this was his second pint to the local program. His previous contributions were made in other communities.

Total donations for the day reached 44 pints. Eastwood-Neally accounted for 18 pints of blood with contributions from their employees, six pints were received from Eastern Tool Company, and five from Wallace and Fernan. Ten unaffiliated Belleville residents donated, along with two members of the Knights of Columbus, one Elk, one member of the Belleville Teachers' Association, and one from the Newark Post office.

The Bloodmobile later came to the Walter Kilde Company where 117 pints of blood were taken. Theodore Leish gave his 90th pint and William Pfeneis gave his 25th pint of blood. Although the total pints received was 44, only 10 certificates will be available for the Chapter's use. This means that between now and November 16 when the next bank is held in Belleville High School, Belleville residents may have to pay for their blood for the first time or get donors for the hospital. Industry and organizations handle their own certificates for their members. The Chapter handles only those for the rest of the community.

Weeks To Preside Over
Legion Executive Meeting

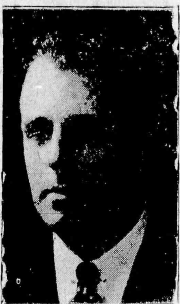

Harry N. Weeks of Belleville, World War II Navy veteran, recently elected Department Commander of The American Legion in New Jersey, will preside at a meeting of the Legion's state executive committee, to be held at the War Memorial Building, Trenton, tomorrow at 1:30 p.m. Executive committee members and county commanders from twenty-one counties and chairmen of some of the five standing committees will assemble at Trenton where Weeks will outline the American Legion program for the ensuing year, to be adopted as the result of actions taken at the national convention in Los Angeles, September 3-6, and the state convention at Wildwood, September 13-15.

YOUNG GOP HOLDS
ORGANIZATIONAL
MEETING HERE

A meeting to organize a Young Republican chapter in Belleville will be held at the home of William Carter III, 193 Franklin Avenue, at 8 p.m. Sunday.

Several officers of the Essex County Young GOP group are expected to be present at the meeting. Carter has been active in the Nutley Young Republican group where he has been serving as alternate delegate to the county Young GOP executive board. Recently he was named to head the Nutley booth committee for the Torchlight Rally for the being sponsored by the Essex County Republicans at the West Orange emory on October 13.

Urging a clean campaign, the Nutley group is planning a "mud slinging" tour of the area where a slight fee, those who feel the urge to indulge in mud slinging can do so without having to feed. Members of the Nutley chapter will serve as targets. Slogan for the booth will be "Keep this a clean campaign. Sling all your mud here."

Mrs. Miller In Charge

Mrs. George E. Miller of 27 Clearman Place, is in charge of the 90th Happy Birthday Luncheon-Card Party of the Guild of St. Barnabas Hospital in Newark. It will be held October 12.

AT THE
FRANKLIN CASINO338 Franklin Avenue
Belleville
PL 9-2111Shafter Honorary Member
Of Navy Destroyer Force

With the consent of the officers and men serving in destroyer type naval craft in the Atlantic and Mediterranean, Richard A. Shafter, of 131 Bremont Street, has just been appointed an "Honorary Member of the Destroyer Force, U.S. Atlantic Fleet" by Rear Admiral J. C. Daniel, commanding officer.

The certificate, bearing the seal of the Navy Department, entitles Shafter "to all the privileges of destroyer sailors afloat" and enjoins officers and enlisted personnel "to heed his counsel and advice." Shafter is one of the few civilians ever so signally honored by the Navy, inasmuch as the appointment as honorary member of the Destroyer Force is usually restricted to retired officers who during their tours of active duty served with outstanding distinction and merit under "Comdeslat" (Commander, Destroyers, Atlantic).

Fitting Climax

The appointment came to Shafter as a fitting climax of a recent ten-day visit to Newport, Rhode Island, where he was the personal guest of Admiral Daniel aboard his flagship, the destroyer tender "Yosemite". He was given the opportunity to study the latest developments in electronics and guided missiles used by destroyers in anti-submarine warfare as well as on radar picket duty. The visit also included a tour aboard the gunnery training ship "Hale" during firing practice on the high seas.

Shafter, an associate member of the U. S. Naval Institute, and a frequent contributor to the Institute's monthly "Proceedings," also is the author of "Destroyers in Action," a book published during World War II and dealing with the development of the United States destroyer weapon from the embryonic torpedoboats of Civil War days to the super-destroyers of today.

In his invitation to Shafter, Admiral Daniel wrote: "The Destroyer Force has always appreciated your book, 'Destroyers in Action.' We value and need your continuing interest."

Shafter has been a resident of Belleville for the past six and a half years and during that time has taken an active part in many

DE WITT ASSETS
NEAR \$11 MILLION

A financial statement released this week by the DeWitt Savings and Loan Association, after their merger with the North Belleville Savings and Loan Association, shows the total assets of the institution to be close to the \$11 million mark.

Joseph King, president of the merged institutions, placed the exact figure at \$10,953,428. King said of this amount, the DeWitt assets accounted for more than \$9 million, while North Belleville added an additional \$1.5 million. Monday was the first business day the merger was effective and King stated that the office was very busy, with members of both institutions.

"The complete breakdown of assets and liabilities, and a list of the officers and directors of the merged institutions appears on an inside page."

Shafter is the public affairs chairman of the Riviera Park Civic Association and was campaign manager for the Belleville Civic Congress several years ago in the attempted revision of the municipal charter and the placement of the commission form of government with a council-manager administration. He is presently serving as a member of the new Jay Advisory Committee to the Board of Education.

It's a question whether an auto is really controlled by its driver, or by the horn of the car behind it.

I Would Be Ashamed

To say that I was the Cheapest Insurance Agent in the Town, because if I did, it would be either a prevarication or I would have to resort to methods that would be detrimental to my policyholders who trust me with protecting their families, homes, businesses and possessions.

PERFORMANCE OF THE MIKADO OPENS GRIFFITH SERIES

A performance of "The Mikado" with a cast composed entirely of Japanese will be the novelty offered by the Fujiwara Opera Company of Tokyo, when it appears at the Mesite Theater, Newark, on Monday evening, October 25, under the auspices of the Griffith Music Foundation. Most popular of all the Gilbert and Sullivan comic operas, the famous work, will, of course, be sung in English to give full play to its impish Gilbertian humor, but the artists themselves and the colorful settings and decor will be authentically Japanese and not mere make-believe.

Satoshi Nakamura, a leading baritone and motion picture star of the Orient, will be the Poo-Bah of the comic proceedings. Hatsumi Kikuchi, another popular Japanese singing actor, will have the role of Nanki-Poo. Sumito Tachikawa, one of Japan's leading comedians, will be the Lord High Executioner. Other principals in the cast will be as follows: Yum-Yum, Masako Tada; The Mikado, Takao Tada; Kaisha, Kimiko Saegusa; Pish-Pish, Tatuo Saito; Pish-Pish, Yasuko Kosono; and Pish-Pish, Saez Abe.

The Fujiwara Company, now on a coast to coast tour of the United States and Canada, is accompanied by its founder and one time leading tenor, Yosie Fujiwara, who formed the company in 1934, shortly after its own triumphant debut as Rudolfo in "La Boheme" at L'Opera Comique in Paris. New in its twenty-third season and boasting a repertoire of twenty-four grand operas, it is paradoxically, one of the youngest opera companies in existence and the oldest in the Orient. It is interesting to note that many of its stars, besides Fujiwara himself, have studied and sang, extensively, in Italy, France and Germany as well as in America.

R & S

(Continued From Page One)

Evidence for the prosecution was based on testimony given by Edward Stein, a former employee of Roth-Schlenger, who testified to purchasing goods at the store in June and August, and making payment for the goods by checks made out to the defendant, Salzein, allegedly deposited them in his personal account. The amounts on the checks were \$64.95, on June 12, and \$150 on August 21, both of this year. Stein testified that the checks had been made out to Salzein personally, rather than Roth-Schlenger, at the request of the defendant. A third amount of \$100, taken on June 1 of this year was admitted by Salzein in a signed statement taken from him prior to his arrest, by Roth-Schlenger's attorney, Harry V. Osborne, Jr.

The five complaints dismissed by Almonson covered a period between December of 1954 and August of 1956.

speaker truck had been hired to drive through residential sections of town before the house-to-house drive to remind citizens of their part in the campaign.

Coin folders, which had been mailed to all local residents, early this summer, have netted the

Chest drive \$781 to date, it was announced. Folders are still being received at Chest headquarters and free dry cleaning certificates are still being issued for the specified contributions.

The seven agencies which receive support from the local Community Chest are The Boy Scouts, Girl Scouts, Visiting Nurses Association, Family Service, USO, Sister Elizabeth Kenny Foundation, and the Chronically Ill.

Other division leaders in the local drive are Henry Lewis, chairman; George Maugher, advance gifts; George Teto and Kenneth D. Smith, industrial corporations and employees; George F. Miller, commercial; Dr. Palmer Burde, professional; Evan H. Thomas, schools; Ruel Daniels, school maintenance; Charles Tesco, government; William C. Smith, civic; Harry Bennett, Washington Avenue Rev. James K. Morse, church; C. R. Horsefield, purveyors; Mrs. Rochau, residential; and Arnold Bloom, publicity.

At their Monday night meeting, Chest directors elected three new trustees for three year terms to fill vacancies which existed. The three are Dr. William H. Foot, of 264 Holmes Street; Henry Lewis, of 22 Elmwood Street; and Ambrose Wasdyke, of 8 Tremont Avenue.

Red Cross

(Continued From Page One)

Fund Drive as a distinct honor and a great opportunity for service," commented Dr. DiRuggiero, "Without the contributions of many people to Red Cross, there could be no organization of volunteers, working with professionals, to promote the Blood Program, service to veterans and servicemen on a 24-hour daily basis, motor service to aid the sick and physically handicapped, disaster preparedness, and relief to aid any community in the United States, gray lady service in the hospitals, programs to train children and youth in water safety, first aid training, nursing services, and many other services to the community. I know that all people on whom I may call for assistance will gladly help in

this important cause," he said. Dr. DiRuggiero is a graduate of Muhlenberg College and the University of Pittsburgh School of Dentistry. He is a member of the American Dental Society and the Essex County and State of New Jersey Dental Associations.

He is one of the three newly elected members to the Board of Education, having been supported by the Belleville Conference. He is a past member of the Lay Advisory Committee to the Board of Education, a member of the Board of Directors of the local Kiwanis Club, a member of the Knights of Columbus, and a past president of the town's Optimist Club.

AAA

(Continued From Page One)

craft group, located at Dotlar Field, Elizabeth. This group receives its orders direct from Major General James F. Cantwell, chief of staff, department of defense, state of New Jersey.

Each unit is governed by a table of operation and equipment. Every type of unit, regardless of its function, has one of these tables applicable to the specific unit.

This authorizes the number and grade of officers and enlisted men each unit may have, plus the type of individual weapons carried by each individual. It also lists and authorizes the type and quantity of ordinance that a unit may procure.

Annually each National Guard unit is inspected by a regular Army inspection team from the Army area in which they are located. Battery "B" will be inspected by a team from Governor's Island, headquarters First Army, on December 5. This will be the Battery's first federal inspection. The reasons for these inspections are so that the War Department, National Guard Bureau, and state department of defense may ascertain to what degree of proficiency a unit has progressed and to find out what individuals have absorbed from the training received.

The inspection consists of three phases: records and administration, inspection of individuals in

ranks, and inspection of classes of instruction given by non-commissioned officers of the battery. A goal of 60 men by December 5 has been set for Battery "B" by their headquarters unit. The battery now has a total of two officers and 41 enlisted men in its ranks. Anyone desiring information concerning enlistment in the local AAA unit may visit the site or call there and speak to either Lt. A. J. Biviano or M/Sgt. Christian.

FROM A NEW 'INNER CAR' PROVED IN ACTION

came the magic that made possible so wonderfully different a Ford. In the toughest over-the-road tests ever given to a car, this "Inner Ford" demonstrated that a '57 Ford rides you sweet and low... that it takes the bumps without a bobble, the curves without the pitch... and, that in power, it "takes nothing from nobody!" Nothing on wheels hurries, handles or holds up like a Ford!

A new kind of FORD with the mark of tomorrow

You're in for a thrill when you see this new knock-out named Ford! But save your superlatives till you drive it! That's where the fun really starts. It's fun just knowing that others who see you wish they were you. For you're commanding the longest, lowest, heaviest, biggest car ever to sport such a low price tag. There's head room to spare for a new tall bonnet... stretch-out space for a "Daddy Longlegs."

You'll find that the tough and ready new "Inner Ford" is built to take the roughest road you'll care to travel. New outboard rear springs and ball-joint front suspension let Ford take the turns without the tilt. New sweep-back control arms help take bounce out of bumps.

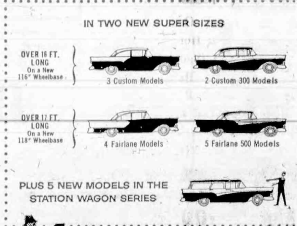

Best of all, Ford library-like quiet is built in. And the new "Inner Ford" is why. For never be-

fore in Ford's field has there been a body with so much extra bracing so firmly anchored to its foundation. And you can choose from three big Silver Anniversary V-8's with up to 245 horsepower. There's also a new Mileage Maker Six with 144 horsepower, the most modern Six in the industry.

You can pick your Ford tailored to your desires and your budget, too! Choose from nine Fairlane or Fairlane 500 models or from five Custom or Custom 300 models. Or take your pick from Ford's five longer, lower, new station wagons. Whichever model you select, you'll get a car that's been re-invented from the wheels up!

So there's the new kind of Ford. Big! Gracious! Spacious! A luxury car true—but one that any new-car buyer can easily afford. Come in! See what wonder-car you can buy now at low Ford prices.

The Fairlane Fords for '57, like the Fairlane 500 models, have no equal... no counterpart, in the low-price field.

SPOTLIGHT on SPORTS

By Bob Gorlin

Belleville Having Its Troubles

Belleville High School's varsity football team can't seem to get rolling this season. The Blue and Gold went down to their second successive defeat of the young scholastic campaign when they bowed to Bloomfield, 21-6, last Saturday at Foley Field.

With halfback Frank Malfatto sitting out the Bengal game because of an injury he suffered early in the East Orange opener, the Belboys had trouble getting their offensive track rolling. At half time Bloomfield was in front, 7-0, but Belleville came on to narrow the gap in the third quarter.

Frank D'Angelo scored on an off-tackle play from six yards out. That cut the margin down to 7-6 but Joe Passerelli's placement try to deaden the contest was blocked by the Bengal forward wall. Belleville was in the game but not for too long. Bloomfield came on to score two touchdowns in the all-important last period to ice the contest for their second victory. The week before Bloomfield turned in an impressive triumph over Seton Hall Prep.

So now Belleville has two defeats to its credit and is still seeking its initial victory. This Saturday the Blue and Gold will play host to arch rival Nutley High School and on the line will be the Varsity Club-Nutley Third Half Club game trophy which goes annually to the winning team. Nutley is currently in possession of the coveted award as the result of last year's 21-6 victory at Park Oval.

Coach Ed Berinski and his charges would like nothing better than to bring back the Varsity-Third Half trophy to Belleville. Nutley turned in an impressive 26-6 victory over Orange in their opener last Saturday as they gained 322 yards on the ground and recorded 20 first downs.

Belleville faces an up-hill task but in this heated series there is no telling what may happen. More often than not the underdog usually comes through with the victory. We'll know the outcome tomorrow afternoon.

Rec Twirlers Add Color

Recreation Football Little League games, this year, will be dressed up at the half time this year with the Recreation Department Girls Twirling Corps. The girls, who range in age from five to thirteen, will be uniformed in blue sweaters and navy blue skirts. The twirlers have been training under Miss Martha Worthington and Miss Grace Casale since the beginning of the summer season and at the present time all thirty-six girls know the routine very well.

Another Football Little League feature provided by the girls is a squad of girl cheerleaders who will add much to the fun of the crowd. The youngsters, this year, are expected to draw a goodly number of spectators, both parents and other boys and girls.

If this year's crowds are as large as anticipated and as enthusiastic as last year's, everyone will be guaranteed a barrel of fun.

Members of the twirling group are: Head Majorette, Mary Jane Richter; mascot, Jean Ann Tromel; Co-Captains, Alice Whitney and JoAnn Thathheimer. Squad leaders, Dotti Fiordine, Virginia Triopetti and Betty Gabrielson.

The other girls on the squad are Kathy Monaco, Barbara Raceoppi, Joan Prezewodes, Francine Antonelli, Cynthia Richter, Carmella Carraino, Jean Goglia, Gloria Goglia, Elizabeth Gallin, Marilyn Gaccione, Barbara Luzzi, Betty Gabrielson, Kathy DeFuria, Ruth Boehner, RoseAnn Robinson, Mary Dacey, Ellen Eklage, Mary Jean Finnegan, Roberta Moore, Pat Heid, Elaine Berinski, Barbara Vavano, Carol Valvano, Nancy Verdon, Barbara Verdon, Freddy Pskowski, Alana Truedell, Patty Grosh, Virginia Kassing, Rita Marterazzi, Toni Ann Hendrickson and Chris La Forte.

Crystal Gazing

Nutley to turn back Belleville. Coach Sandy Phillips' charges displayed a strong running attack and a good defensive unit in the one-sided 26-6 lacing of Orange. Belleville is still looking for its first win of the season. Nutley will enter the game as the definite favorite but when these two teams meet on the gridiron one can never be too sure of the outcome.

Bloomfield to stymie Clifton. This will be a popular inter-county attraction. The Bengals predicted by many to have only a mediocre season, have been off to a very fast start and have defeated Seton Hall and Belleville. Clifton is the strongest in Passaic County but that will not be able to stop Bloomfield.

Police Captain Honored

William Tompkins, assistant United States Attorney General, will serve as toastmaster at the dinner being given for Capt. Dominic A. Spina, Wednesday evening at the Essex House. The dinner is in honor of Spina's elevation to captain on the Newark police force. Harvey G. Foster, district chief of the FBI, will be one of the speakers.

Beilboy Gridders Ready For Strong Nutley High Team

Hope To Rebound Tomorrow After Losing 21-6 Contest To Bloomfield; Two Injuries Hurt

by Dave Thaler

As Belleville turns its back on the stinging 21-6 shellacking administered by Bloomfield Saturday, and prepares for battle against Nutley tomorrow, the mystery of the lost line continues. The line, supposedly the Blue and Gold's biggest asset, with veterans from tackle to tackle, has been the culprit in Belleville's two defeats. In the East Orange game, the right half of the forward wall was porous during the first half, then stiffened for the second portion of the game. In the Bloomfield game, the entire line fell apart in the second half of the fray, enabling the Bengals to tear a close game apart at the seams.

The backfield has been a surprise—this one pleasant. The senior backfield, with one veteran in back of the line, Frank Malfatto. After the first quarter of play, the backfield contained no veterans. Malfatto was injured the second time Belleville got the ball. But, except for a possible demoralizing effect, the backfield has not felt Malfatto's absence as much as had been anticipated. But the other injury, the one belonging to Gene Barra, has hurt. The only other fullback is Frandella, who normally plays end. Frandella has proven himself an excellent pass receiver, and Belleville's aerial attack suffers when he has to fill in for Barra.

Depend On Line

The return of these two would certainly change the Blue and Gold's chances for a major upset tomorrow. But there is little hope among the coaching staff. Even if they played, it would have to be for a limited amount of time.

With things the way they are, the Belboys' chances for victory depend on the line. If the line can play the game that experts think they are capable of playing, Nutley will have a battle on its hands. If they don't find themselves going to be a mighty disappointing season for Belleville fans.

Belleville's one chance to turn this season into a successful one will be tomorrow. It was the Mason Talters, the Blue and Gold's senior line, who upset the Belboys' pleasant last year. Belleville had entered the fray a fifteen point favorite with an undefeated record, only to have Nutley hand them their first and last defeat of the season.

This year it will be the Blue and Gold who will be looking to sell a few apples. Nutley will be a heavy favorite on the basis of their wallowing of Orange and Belleville's record. An upset would be just what the doctor ordered for the ailing Belboys. But it's all up to the line. They will be the deciding factor tomorrow. It's their game to win or to lose.

PETTI RETURNS TO SCHOOL AFTER ARMY BALL CAREER

Nick Petti, son of Mr. and Mrs. John Petti, of 362 Greylock Parkway, recently returned from Germany after his discharge from the U.S. Army. While serving with the army, Petti played baseball with the 34th Regiment Falcons, the team which recently won their second successive USAREUR baseball championship.

Petti was the hitting star of his

last game with the Falcons. The speedy outfielder got three hits, including one home run and two doubles to drive in two runs. In the field he made four putouts. No other player had more than one hit. Petti was named MVP of the game. The Falcons are presently competing in the All-Army tournament which started September 16 at Fort Dix.

be a heavy favorite on the basis of their wallowing of Orange and Belleville's record. An upset would be just what the doctor ordered for the ailing Belboys. But it's all up to the line. They will be the deciding factor tomorrow. It's their game to win or to lose.

LITTLE LEAGUE FOOTBALL SEASON OPENS TOMORROW

Rec Department Activity Features Eight Teams And Girl Baton Twirlers

Commissioners Elmer S. Hyde announced this week that the Recreation Department Football Little League will open its season tomorrow morning at 9:00 a.m. at the Municipal Stadium.

The first game will see the Elks Club eleven pitted against last year's champions, the Lions. The second game tomorrow, the Varsity Club will be matched with the Kivans Club. The girls will take a part in all this when the Recreation Twirlers perform at half time offering much of the spectacle of a big game.

Football Little League is designed to give boys from 10 through 13 years of age an opportunity to play organized football. Recreation Superintendent Robert Cook said. The League is formed into two divisions, a heavyweight and a lightweight with four teams in each. There are 22 boys on each squad. Tomorrow's games will feature the heavyweights while the lightweight boys begin their action next week.

The Recreation Twirlers is a squad of 36 girls ranging in age from 6 to 13 plus a group of seven cheerleaders, Cook explained.

Parents who attended last year's Football Little League games were unanimously delighted with what they saw. There is nothing quite so thrilling as to see these young people perform, and they really perform with clean, hard blocking and tackling, well-run plays, and noise that would do credit to Varsity players, Cook said. It is hoped that many more parents will take the time to watch these youngsters play, he added.

The program will offer many types of handicraft, such as wood carving, copper enameling, wood carving, plastic sheet craft, mosaic tile, shell craft, block printing, glass etching, candle making and various other forms of crafts. With Christmas not too far away, the items which can be made by hand are charming and make delightful gifts, not to mention the very nominal cost. Recreation Superintendent Robert E. Cook said.

KIDDE CO. WINS REC INDUSTRIAL SOFTBALL CROWN

Sunday afternoon at Passaic River Bank Park, Walter Kidde softball team came from behind and downed Federal Leather 4-3, in the finals of the play-off series to become the 1956 champions of the Belleville Recreation Department Industrial Softball League.

Federal Leather went out in front in the first inning when Sal Lazara and Dave Mann walked and both scored on fielder's choices. Federal added another run in the fourth when Dick Mazzilli opened with a triple and Ros Rizzo singled him in.

The count remained Federal 3-0 until the bottom of the fifth when the victors Rocky Zarra singled, Ed Manis reached first on an error and Rocky Zammarro doubled both home.

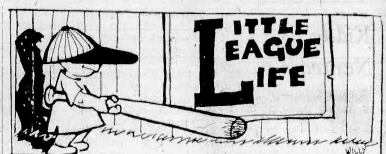

Federal went down in order in the top of the sixth and then Walter Kidde won the ball game in their half of the inning when they scored two more runs on no hits. An error put Andy Maffucci on. Joe Maffucci walked, both men moved up on a double steal. Ed Manis scored Andy on a sacrifice fly and Joe came home on an infield error.

The winning pitcher Andy Maffucci and the losing pitcher, Dick Mazzilli both pitched two hit balls.

NEW HANDICRAFT PROGRAM OFFERED

The Belleville Recreation Department is offering a new handicraft program for adults with the first meeting to be held Wednesday evening, October 17 at 8:00 p.m. in the hall of the Recreation House at 407 Jernammon Street.

The program will offer many types of handicraft, such as wood carving, copper enameling, wood carving, plastic sheet craft, mosaic tile, shell craft, block printing, glass etching, candle making and various other forms of crafts. With Christmas not too far away, the items which can be made by hand are charming and make delightful gifts, not to mention the very nominal cost. Recreation Superintendent Robert E. Cook said.

by Harold Brandman and Bob Katz

Even though the big news now is the World Series, there is no disputing the fact that the football season is here. And, accordingly, the Football Little League will have its initial game tomorrow with the lightweight teams going into action. Last year's champions, the Lions, will play their first game against a tough Elks team. In the second game, the Kivans will field a strong team against an equally strong and well-balanced Varsity Club team.

Their game, as will be all games, will be played in this manner. The Lions and Elks will play half a game, and then rest. While they rest, the Kivans and Varsity Club will play the first half of their game; then while they rest, the first two teams will play the last half of their game. At the conclusion of their game, the Kivans and Varsity Club will finish their games. This is a very important detail of the way the league is set up. One of the prime purposes is to insure the safety of the boys who play the game. It is a known fact that a fatigued person is much more susceptible to injury than a well-rested one. Thus a rest is provided between the halves.

An added feature of this year will be the twirlers and cheerleaders. During the summer months, 36 twirlers and seven cheerleaders were picked. These girls, who will be uniformed, will perform at all the games.

Once again we would like to state the purpose of the Football Little League. It is to teach the boys that the important thing in life is to give your best. Sure it's nice to win; but if you go to the best you can, that's all that anybody can ask of you. These few sentences sum up the reason why the league was founded, why it is a success, and why it will be a success for many years to come.

Football Little League is proud. Let's get out and show these boys you're behind them. We promise you thrills galore watching the 1956 B.H.S. football team.

Kidde Executive Face Is Named Trustee

(Continued From Page One)

South Jersey area of Red Cross chapters. Her job was that of setting up effective communication between the local chapters and national headquarters in Washington and area headquarters in Alexandria, Virginia.

Several years in Jersey in this capacity were followed by work as a field representative in Boston and later in the state of Vermont. "But after a while, I just got tired of the unsettled living in hotels and attending meetings every night," said Miss Leuly, "and I decided that I'd come back to my home town."

Came To Belleville

Last July, Miss Leuly accepted the position of executive director in Belleville, "and I certainly plan to stay," she said.

"For many years I was active in girl scouting," Miss Leuly told us, "I was on the Hudson County Scout Commission for seven years, while leading a troop at the same time. I was also camp director at Bear Mountain Park for three years," she said.

When asked about her interest in geology, Miss Leuly explained that when entering college, it was the only course whose subject matter she just couldn't figure out, and to this day, she has a great interest in it. Her local interests were inspired by her father who was a lawyer.

Fellowship Chairman

Organizational work has always appealed to Miss Leuly, especially where working with people is part of the job. Most recently, she has completed two years as chairman of the fellowship committee of the College Club of North Hudson, a committee which provides scholarship funds for deserving students. Although no ship funds for deserving students, longer the head of the committee, Miss Leuly is still devoting much of her time to it.

"When I have time to relax," Miss Leuly told us, "I go up to Vermont and do a little painting and watercoloring, but I'm not very talented," she modestly claimed.

Miss Leuly had only one criticism of her duties with the Red

Robert L. Dickson

NEW FILMS FOR SCHOOL SYSTEM

Thirteen new films were purchased by the Board of Education for its school system, making a total of 156. All are sound except four silent ones which will soon be turned in for customary trade-in.

All fields of the curriculum are covered by Audio-Visual Aids, but geography and history predominate since they lend themselves easily to photography.

The Film Center is located at School Number Eight. All requisitions sent from the various schools are processed here by boys and films are sent to the requesting teachers.

The most popular film is "Autumn on the Farm".

Registration

(Continued From Page One)

will be handled as quickly as possible.

The Town Clerk also cautioned New Jersey residents not to be confused by radio and television announcements that registrations were still being taken in New York state. Their deadline is later than ours, she said, and these announcements do not apply to residents living in this state.

For a basis of comparison, Mrs. Morey stated that for the primary election this past spring there was a total of 14,869 voters registered in Belleville. This figure, plus the registrations received from the County Registration office should place the voting lists near a record high.

She pointed out that for the 1952 presidential election, the local voting lists numbered 17,090. However, of this figure Mrs. Morey said, only 15,249 bothered to cast their ballot.

CP Center

(Continued From Page One)

are sharing the expenses of this program and providing transportation for their own pupils to the Center.

Not Yet Aware

As it has been estimated that there are 500 cerebral palsied children of school age in Essex County, there must be parents who are not yet aware of this opportunity for their handicapped children, Mrs. Harder stated. She added that those interested in this program should contact Miss Dorothy Richards at the General Palsy Treatment Center here for more detailed information on enrolling their children.

Mrs. Harder pointed out that since this was the first time a cooperative program of this nature, planned especially for cerebral palsied children, has been made available in the area, the help of all those concerned was required to make the program operate with a maximum of beneficial results.

Gov. Meyner

(Continued From Page One)

accepted the cornerstone on behalf of the board and Miss Evelyn R. Hamilton, directress of nurses, pledged the nurses to maintain the high standards of their profession.

Albin H. Oberger, Executive Director of the hospital, formally listed the contents of a lead box that was put into the cornerstone. The contents included a Bible, a biography of Clara Mace, the heroic nurse for whom the hospital is named, and various other hospital memorabilia.

The Rev. Bohuslav D. Tuhý, hospital trustee, blessed the stone and it was formally sealed by Dr. William D. Greco, The Rev. John R. Weber, hospital trustee,
