

School Board To Get Proposal Consolidating Business, Education

Board President William A. Boyd Reveals Resolution To Be Introduced Uniting Authority Under Superintendent Of School Evan Thomas

Board of Education members last week received word that Board President William Allison Boyd intended to introduce a resolution at the regular Board meeting on November 26 which would consolidate all administrative responsibility in the system under Superintendent of Schools Evan H. Thomas.

It is Boyd's desire to operate the system under a "unit control system" rather than under the dual administrative control system presently in force.

Under the present system, the Board has responsibility for educational matters only, while Ruel E. Daniels, Board Secretary and Business Manager, has responsibility for maintenance, purchasing, and business transactions. If Boyd's resolution is adopted, Daniels, who is now in Columbus Hospital with a heart ailment, would retain his duties as Secretary of the Board of Education, but the maintenance, purchasing, and business responsibilities would come under Thomas' jurisdiction.

Greater Efficiency
It was explained that the proposed plan would permit the Board to operate with greater efficiency and economy than is possible under the present system. The Essex County Board of Education said last week that the condition of maintenance

The proposed change in method of operation is being suggested following comments by Board members that school maintenance is not what it should be. Dr. Frank DiBartolo said last week that the condition of maintenance

BELLWOOD GROUP SEEKS PLAY AREA

To Ask Freeholders For Site On Hospital Grounds

A proposal to establish a play area for the group of children who live in the Bellwood Park Homeowners' Association. The group intends to present their proposal to the County Board of Freeholders shortly. A play and outing area for children in that section of town is being realized by the Recreation Department, but is located at the end of Overhill Road. This site is planned for use next spring, but the association feels the facilities will not be adequate.

The need for additional recreation space in the area was one of several matters discussed by the association at their meeting last week.

Arthur Bloemke, president of the organization, said he and William Minkling, another member, will present the recreation proposal to Belleville Freeholder Elwood C. Russell within 10 days to determine if such a recreation area is feasible. Bloemke said the group is particularly interested in a section of the hospital grounds, fronting on Carpenter Street, which is now used as an unofficial play area.

Seven Sets Of Twins At School No. 5

Seven sets of twins answered the photographer's call at School No. 7 when he appeared there this week on the Times-News roundup of look-alikes throughout the school system. Standing in back are Alfred Findlay, Jeanne Travers, Julie Travers, Sharon Levitt, Lynn Levitt, and Richard Christiano. Kneeling in front are Harry Findlay, Rose Borkowski, Joyce Costa, Patricia Costa, Diane Giordano, Donna Giordano, and Rita Borkowski.

The People Have Spoken: Let Congress Support The President

In re-electing Dwight D. Eisenhower to a second term by an overwhelming popular vote, on Tuesday, the United States gave its President a timely vote of confidence. The effect will be felt around the world.

In a troubled world torn by internecine struggle, crushed by the armored might of a proletarian dictatorship and angered by the inept bravados of an ambitious but unskilled and unelected ruler who sought, by exploiting racial and religious bigotry, to dominate the Middle East, the United States, under President Eisenhower, stands out as a pillar of decency, a guide upon which all honest peoples in this world can align themselves.

To Democrats as well as to Republicans, the electoral victory of President Eisenhower can only mean a tightening of American opinion and action in a world of undeclared wars. For the good of all, the bitterness of an unusually blatant campaign had best be quickly forgotten. America must close her ranks quickly against a Soviet Russia too eager to spread a conflict into a new world war.

Twice defeated, Adlai Stevenson should withdraw for the good of his party and the nation. He should never run again. Stevenson was a disappointment, vastly changed from the earnest, honest candidate

Teterboro Pilots Get List Of Suggestions In Order To Avoid Excessive Noise

National Air Transport Coordinating Committee Orders Teterboro Pilots To Avoid Unnecessary Low Approaches To Field Whenever Possible

The National Air Transport Coordinating Committee, acting on a complaint of Nutley, Belleville and other Essex municipalities that many planes bound to or from Teterboro Airport fly over these valley towns at less than the required 1,200 feet, distributed to pilots at that airfield, this week, a list of suggestions which are designed to reduce the annoyance of low-flying aircraft.

The committee acted upon a report of the Belleville municipal committee, of which Norman Lauterette is chairman, which spotted 128 planes within a period of one week

FUND CAMPAIGN FOR RETARDED CHILDREN STARTS

Drive Will Continue Until Thanksgiving Day; Kenneth Smith Chairman

Commissioner Kenneth D. Smith, chair of the 1956 campaign for the Essex Unit of the New Jersey Association for Retarded Children, today issued an appeal for additional volunteers to assist in the door-to-door drive for funds. The campaign will begin this Sunday, and continue until Thanksgiving Day.

"All too often we have a tendency to shirk our responsibility by saying 'Let George do it,' and assume that the job will be done," Commissioner Smith said. "And the people of Belleville have always responded wholeheartedly when called upon to help their neighbors in need."

Applicants are being interviewed at 434 Washington Avenue, 117 William Street, and 134 Franklin Street.

An interesting and informative training schedule has been set up to be put into effect when the unit has reached its maximum desired strength.

DRUGSTORE ROBBED MONDAY NIGHT

Washington Avenue Store Held Up By Two Men

Two armed robbers Monday night held up a local drugstore and escaped with the day's receipts from the store's cash register, which has been placed at an undetermined amount by police. While the two were staging their holdup, a customer walked into the store, and the pair nonchalantly offered to wait on him.

The robbery occurred at 10:30 p.m. at the Corner Pharmacy 106 Washington Avenue, a scant block from police headquarters. Harold Berson, of 95 Oakview Avenue, Maplewood, one of the proprietors, told police the two walked into the store when he was alone. One of them, with his hand in his trenchcoat pocket as though he had a gun, announced, "I'm sorry but this is a holdup."

NEW CLARA MAASS NURSING SCHOOL OPENS NEXT YEAR

Will Afford Local Girls Opportunity To Train For Nursing Career At Home

When the new \$50,000 Clara Maass Memorial Hospital opens its doors to patients next year, the relocation of the institution's School of Nursing will afford Belleville girls an opportunity to train for a nursing career under the auspices of the hospital that serves their home community.

The school, organized in 1893, was the first of its kind in the Newark area. Its most illustrious graduate, Clara Louise Maass, the girl who gave her life for a nursing cause, completed her training in 1895.

The class, now in the first months of a three-year course, comprises 28 girls and is the largest in the school's history. The 12 New Jersey girls in the class are from Newark, Ridgewood, Montclair, Hopewell, West Orange, Mountaineer, Passaic, Linden, and Irvington. Other states and countries represented are New York, Connecticut, Massachusetts, Pennsylvania, Ohio and Brazil.

Like To Help People
The majority of the 28 girls said they chose nursing as a career because they "like to help people" and because "nursing makes you feel as though you are doing something."

Rodino Pledges To Work For Peace

Congressman Tells Of Past Support To President's Policies

"I pledge myself to work for peace in this world and for the defeat of the nefarious practices of Communism, as manifest by the Kremlin Moslems in supporting by force upon an enslaved peoples its selfish will," Congressman Peter W. Rodino, Jr., said, yesterday, in an exclusive interview with The Times-News following his re-election to a fifth term in the 10th District.

"On every occasion, in the past four years, when Congress was called upon to give support to President Eisenhower's foreign policy I voted with and for him. I am convinced that his views on world affairs and my own, as well as those of all my constituents, concern perfectly. I anticipate that it will be possible to continue, during the next two years, my full support of the President's positive action for peace."

Fatigued by a hard campaign, Congressman Rodino, his wife and children, Peggy and Peter III, are spending several days at the Jersey shore. He plans to return to his Newark office next week and to return to Washington later next week for sessions of the Judiciary Committee's sub-group in charge of a Congressional investigation of monopolies.

Republicans Sweep Town By Record Victory Margin

COMMISSIONERS BEGIN WORK ON NEW FIRE HOUSE

Golden Attacks Board On Charges Of Holding Closed Caucus Sessions

The first steps in securing a new fire house here were taken by Belleville Town Commissioners at their meeting last night. Acting on a letter from Fire Chief Harry T. White, Commissioners agreed that the town has grown additional fire house is needed.

Chief White's letter recommended to Commissioners that a new fire house be built in the northwestern section, the Bellwood Park area, of town. He specifically recommended that consideration be given to erecting the fire house on land presently owned by the Essex County Insulation Company.

Commissioners voted to accept the letter and to have Town Attorney Lawrence E. Keenan draft a letter to the Essex County Board of Freeholders, stating the town's case, and requesting that the board take action to acquire the land. Mayor Isadore J. Padula further suggested that a delegation of Commissioners attend a Freeholder meeting personally to present the case.

Growth Pointed Out
Chief White pointed out that no new fire house has been built in town for the past 20 years, during which time the town has grown considerably. He said that in times of heavy traffic or bad weather, a considerable amount of time is now needed before fire

(Continued On Page Two)

DRIVE STARTED TO DETECT DIABETES

Belleville's Public Health Department is one of the many departments throughout the state which will be cooperating in New Jersey Diabetes Detection Week, from November 11 through November 17. The drive features the testing of 50,000 citizens in the state who have diabetes and aren't aware of it.

Local health departments have been asked to participate in the drive to acquaint as many people as possible with the causes and symptoms of diabetes. Free diabetes tests are being supplied to any resident who calls the Health Department at Town Hall.

The health department pointed out the following symptoms which usually mean diabetes: an individual who is constantly tired, hungry, or thirsty; one who is losing weight; impairment of eyesight; body aches; and a slow healing of cuts.

They also pointed out, however, that people with such diabetes do not have any complaints. For positive check, the department urged local residents to take advantage of the free tests.

Rodino Only Democrat Elected Locally In Face Of GOP Win; 86 Percent Of Voters Turn Out

With Belleville voters going to the polls in near record number, the Republican party registered a practical sweep of all offices at stake to go along with the overwhelming national trend. Swept into office by an even greater majority than he polled in 1952, President Eisenhower ran up a total of 9,526 votes in Belleville.

The President enjoyed a clear margin of 4,473 votes over his Democratic opponent Adlai E. Stevenson who polled only 5,053 votes locally. As for percentages, the President re-elected a whopping 84 percent of the vote here which was considerably higher than the national picture.

TWO ADDITIONAL APPOINTMENTS TO PARKING GROUP

Walter P. Weiss And James Hart Campbell Are Named This Week

Makeup of a special committee to study the parking situation in business areas of Belleville was practically completed this week. Two more appointments to the group were announced, in addition to the two previously made. By terms of the resolution setting up the investigative body, it will be comprised of five men, one each appointed by the five Town Commissioners.

This week's appointments to the committee were Walter P. Weiss, of 242 Ralph Street, and James Hart Campbell, of 55 Van Houten Place. Weiss was named by Director of Public Safety Harry Weisner, and Campbell was appointed by Public Affairs Director Joseph King.

Weiss, a construction engineer, has lived in Belleville for 34 years. He is a lieutenant in the Belleville police auxiliary organization and a member of the traffic safety committee.

Campbell, a lifelong resident of town, is a registered representative with an investment banking firm in New York. He has been active in various civic and social groups and is one of the organizers of the local Veterans Club.

Previously Named
Previously appointed to the special study group were William L. Roemmel, of 93 Beech Street, and Sam Smoller, of the Mary

Couple Ask Permission For Building Street

Mr. and Mrs. Albrecht Jaeger, of 406 Joralemon Street, asked Passaic Valley Water Commissioner for permission to build a street over a subsurface commission right of way near their home at a meeting of the group in Clifton on Wednesday. The commission withheld a decision, pending reaction from the city of Newark and the North Jersey District Water Supply Commission, which has rights-of-way on the same strip.

(Continued On Page Two)

KIDDE EXPANDS ENGINEERING PLAN

Announces Acquisition Of Large Plant In Clifton

Interests associated with Walter Kidde & Company, Inc., manufacturers of aviation fluid pressure systems power sources and accessories, fire detecting and extinguishing equipment, have purchased the American Colorone plant at Brighton Road and Bloomfield Avenue in Allwood.

Kidde has taken a 20-year lease on the 32-acre property whose 267,000 square foot space is jointly occupied by its Engineering & Research Division, as well as by Curtiss-Wright, Continental Can and Eastern Color Company. Its selection of the property near Route 3 was based on the modern factory, laboratory and office space available on the premises.

Due to its business it has made in previous contracts leading to the development of secondary power sources for military and manned aircraft, Kidde has obtained millions of dollars worth of additional development contracts. As a result it has greatly expanded its engineering and technical personnel and planning extensive further growth in the application of new mechanical devices, new fuels, new power sources and new use of electronics to the rapidly growing needs of the aviation field.

This acquisition does not affect the company's operations at other plants laboratories and offices in Belleville, Bloomfield, Orange, and Roseland.

Weekend Weather

The unreasonable Indian Summer will finally come to an end this weekend with temperatures taking a sharp drop. Skies will be cloudy.

Congressman Peter W. Rodino, Jr., Mrs. Rodino and their children, Peter III and Peggy, were photographed in their Newark home yesterday, for The Times-News, in the flush of victory which returns him to Washington for a fifth term.

GIACOBBE GETS MILK AWARD

Robert R. Giacobbe, of 86 High Street, received one of five Agricultural Leadership Awards from Dr. Arthur Fay, of Boston, chairman of the College Relations Committee of the Milk Industry Foundation, during an Award Luncheon at the 49th annual MIF convention in Atlantic City, last week.

Giacobbe and four other young men received \$100 cash prizes and all-expense-paid trips to the Atlantic City convention. Giacobbe is 21, a senior student at Rutgers University in New Brunswick, where he is a member of the Alpha Chi Omega Fraternity and the Agricultural Club.

Kiwanis Club Elects President For Year

Commissioner Kenneth D. Smith was elected president of local Kiwanis Club for 1957 at the club's weekly luncheon meeting this week. Others elected to office were Charles R. Tedesco, vice president; Herman Edlin, second vice president; Frank Bolen, treasurer; Thomas J. McLaughlin, secretary; William Kirk and Russell Hopkins, three year trustees, and Andrew Provence, two year trustee.

Edward J. Abramson, as outgoing president, was named as immediate past president.

Rodino's Pledge

George Addonizio, of Belleville, formerly of Nutley, Rodino's total in the 10th District was 71,213 compared to Addonizio's 66,050. In Nutley, Rodino's majority dropped from about 1,100 to about 400 and in the other Hudson and Essex towns of his district, his majorities were also cut in the Republican landslide which saw many candidates ride to high totals on the Eisenhower coalition.

It is likely that when the new Congress convenes in January, Rodino will improve on his seniority status. In the past session, he was the fourth ranking member of the important Judiciary Committee. With the Democrats retaining control of Congress, they will also retain the chairmanship of that committee in the person of Rep. Emmanuel Celler. There is a possibility of Rodino gaining one rank, by seniority, under Celler. Rodino is now the ranking member of the Anti-Trust Subcommittee in the House, and will be its chairman.

"President Eisenhower's tremendous victory should strengthen his prestige in the world as a moral leader," Rep. Rodino said to The Sun.

"I am deeply grateful to the people of the 10th district for entrusting me with another term in Congress. I also ask support for their prayers and action in the difficult days that lie ahead for our beloved country."

"At no time in history has our government faced the responsibility of such great decisions affecting the peace and survival not only of this nation but the entire world."

"A great election campaign has ended. Our President will need all the assistance we can give him. It is a time for unity and it is time for prayer that our nation's leader be given the wisdom and discernment to guide this nation and the world to security and a just enlightened peace."

"I pledge him my fullest cooperation in this great objective and pledge to the people of my district that I shall continue to recognize my responsibilities to all the people, over putting principle above party."

"It is hard for Soviet Russia to compete with the President's political morality in the United Nations where, I hope, Moscow will be brought to the bar to be judged by world opinion on her actions in Hungary where, while pretending to negotiate the withdrawal of her troops, she acted with duplicity and turned her tanks against the citizens of Hungary who were only asking for the freedoms to which they are entitled."

"The prestige of America never has stood higher than during this past fortnight, and I can but approve our stand on events in the Soviet Union and the suppression of the Hungarian nationalist manifestations by the Russians."

GOP

(Continued From Page One)

than in 1952. This year, the President polled 64 percent of the vote, while four years ago he received only 56 percent of the total vote.

Democratic Town Chairman Ralph Vann said after the election that a President had been elected by the American people, and that the important thing now was to stand united behind him.

Republican Town Chairman Frank Bangert was naturally jubilant.

Robbery

(Continued From Page One)

They asked him to lie on the floor behind the counter, and as he did, the customer, whom police have not identified, walked in. He became suspicious when the man wearing the trenchcoat offered to wait on him, and dashed off to call police.

Police arrived on the scene a few minutes later to find the holdup men already gone. The cash register was empty and the phone wires cut.

Appointments

(Continued From Page One)

Oliver Dress Shop. They had been discussed by Commissioners Kenneth D. Smith and Elmer S. Hyde respectively.

Mayor Isadore J. Padula has yet to announce his appointment to the parking committee, but has indicated that this should be forthcoming within the week.

The resolution recommending the establishment of an off street parking committee was unanimously adopted by Commissioners at their March 27 meeting.

By terms of the resolution, the new committee would be empowered to study the off street parking situation in Belleville business district. They would determine if there was a need for changes in the present parking system, and if so, they could investigate possible sites and make recommendations to the Commissioners.

The resolution was originally introduced by Commissioner Smith.

Association, the Hospital Service Plan of New Jersey and the Associated Hospital Service of New York. Candidates for election to the school must be at least 17 years of age and a graduate of an accredited high school. Applicants are chosen from those who rank in the upper half of their high school class. Preference is given to those who have had college preparation.

The Clara Maass Memorial Hospital Nursing School program, now being conducted under the general chairmanship of Raymond S. Ferry, President of Federal Telephone and Radio Company will not only provide the 5,678 items of equipment and furnishings that will be required for the operation of the new hospital, located on the Newark-Belleville boundary, but will also enable the School of Nursing to offer a more comprehensive training course.

Drive Starts

(Continued From Page One)

serious school, recreation, and vocational guidance of retarded children to make the town-wide solicitations, Smith added.

"We need at least one volunteer for each town block to completely cover the town, which means an additional 150 workers. Ask a friend or neighbor to join with you and volunteer your services today," he said.

Any one wishing to volunteer their services to help the drive may contact Smith at PL. 9-5454. "Even any one hour of some one's time," concluded Commissioner Smith, "will do much to alleviate the plight of the mentally retarded in Belleville."

Clara Maass

(Continued From Page One)

Planes should turn as soon as possible after takeoff, when by turning they can avoid a heavily populated area.

Pilots should maintain an altitude of 1,200 feet for as long as possible before beginning their descent to the runway for landings.

Heavy or fast planes (other than single engine types) shall stay above 1,200 feet before landing until they are east of Route 17.

Takeoffs from certain runways, planes shall head north up the Hackensack River valley (over unpopulated area) until they reach 1,200 feet altitude before turning onto their course.

Simulated instrument approaches shall be kept to a minimum and used for pilot qualification and instrument tests only.

The NATCC said, in part, in its reply, "We are having printed this recently amended list of noise abatement procedures for distribution among pilots, aircraft owners and airport operators."

You will see that they contain a number of steps designed to minimize aircraft noise. All pilots, owners and operators have promised maximum adherence to this program, and we believe you will soon note an improvement in the air traffic situation over Belleville."

Association, the Hospital Service Plan of New Jersey and the Associated Hospital Service of New York. Candidates for election to the school must be at least 17 years of age and a graduate of an accredited high school. Applicants are chosen from those who rank in the upper half of their high school class. Preference is given to those who have had college preparation.

Commission

(Continued From Page One)

apparatus can reach an alarm in the northwestern part of town. A site specifically in the mind of Commissioners is located on Franklin Avenue between Franklin and Berkeley Avenue. It is in the midst of a large, newly developed area.

Mayor Padula agreed with Chief White's request and pointed out that as far back as 1936 he recommended the construction of a new fire house in the area, either at the expense of the town or county.

In other business, Commissioners heard Heart K. Golden ask them of a lack of consideration of the citizens in town. The latest attack was prompted by a presumably closed conference. Commissioners held before last night's meeting. This was the third consecutive meeting in which Commissioners held a closed caucus session in Mayor Padula's office prior to the regular meeting.

Could Attend

Up to three meetings ago, preliminary caucus sessions had been held in Commission chambers, where the public and press attended if they wished.

Golden said it would appear that the Board had something to conceal, and that if there was nothing to hide, the caucus meetings should be kept open.

Mayor Padula replied, "The press will always be invited to these conferences." To which Golden asked if he also could attend the preliminary meetings.

Again the mayor answered, "Yes, these meetings are open to everyone."

Golden then questioned why the meetings were not held up stairs, as in the past. The mayor replied that it was quieter down stairs and work could be conducted more rapidly.

Receive Petition

Commissioners also received a petition signed by 172 residents protesting the proposed garden apartment development between the Third River and Overhill Road. The petition was opposed to any change in the present zoning regulations which do not permit apartments or other developments in a class "A" residential zone.

The tentative plans of Nutley builder Karl Zimmerer had been revealed after the last Town Commission meeting. Residents of the immediate area, led by Frank D'Arc, of 217 Putnam Avenue, moved to protect the plan and secured the signatures of neighbors on the petition.

In reality, Golden raised a last night's meeting by Golden Commissioner Smith explained the proper answer for not holding up such a development. He said the first step was to secure a building permit, and if there was a violation of zoning regulations, the Zoning Board of Adjustment would have to rule on the matter.

The petition about the last night's meeting was filed to any department. The only way in which the matter could be handled by the Board, Mayor Padula explained, was if Zimmerer requested Commissioners for an amendment to the zoning laws, rather than just a variance.

Speaking individually to the other Commissioners, Mayor Padula, along with Commissioners Smith and Elmer S. Hyde, said they would be opposed to the plan if it were presented to them.

Who says dream cars never come true?

Dynamite from Detroit

Coming! America's first production dream car—it will influence the shape of cars for years to come.

The old Detroit rule was to introduce new features gradually, to make little changes each year. Sometimes a new grille, an engine improvement, or new colors and trim.

We broke that rule. In fact, we broke all the rules. This is dynamite!

For you are not the only one who has dreamed of a totally modern car, a car that has everything you find at automobile shows, in illustrations, and in custom-built experimental cars.

Detroit has had that dream, too. And that's why the 1957 Mercury is the car that has honestly excited the most car-jaded, the most sophisticated of Detroit's automotive experts.

When you see the new 1957 Mercury, you'll see America's first full-production dream car—a car that will influence the shape of cars for years to come.

You'll see a dream car you can own and drive—a car that has far more than startling years-ahead beauty.

THE BIG M for '57 boasts dream-car features never before found outside a designer's dreambook: a Keyboard Control that makes ordinary push-button driving old-fashioned; an exclusive Floating Ride with a revolutionary new cushioning action you have to feel to believe. There are Mercury "firsts" everywhere you look. A Power-Booster Engine Fan in the Montclair series that saves horsepower other cars waste. And many more Mercury exclusives.

You'll see THE BIG M—the new Mercury for 1957—soon. You'll see it. You'll drive it. The first dream car that can be yours. The dynamite is on its way from Detroit to your dealer's—now!

Miss Goettert To Visit Olympics

Local Fireman, Doris Koch To Wed In Spring

About to become a world-wide traveler is Miss Lieselotte E. Goettert, of 108 Garden Avenue, who left yesterday on the first stage of her trip to faraway places. First stop will be Hawaii where she will make a three-day air tour of the islands, then a twenty-four flying trip to Sydney, Australia.

After a day there, Miss Goettert will go to Melbourne, where she will be met by a pen-pal, the oldest of whose two daughters is Miss Goettert's school friend. Highlight of the trip will be a four-day stay at the Olympic Games, after which Miss Goettert will visit a wheat ranch in Victoria. Then she will return to Sydney, fly to Honolulu, and back to Los Angeles where she will visit her brother Karl and his family of Hawthorne-Gladis, formerly of Belleville. She will return home December 11.

Miss Doris Koch

Mr. and Mrs. Albert H. Koch of 69 Montgomery Place, formerly of Bloomfield, have announced the engagement of their daughter Doris Conley to Nicholas C. Berigan son of Mrs. Cornelius F. Berigan and the late Mr. Berigan of 183 Belleville Avenue.

Miss Koch is a graduate of Belleville High School and New York University. She is assistant treasurer of Canadian mining companies, at their head office in New York City. Locally she is active with the evening membership department of the Woman's Club.

Thursday, November 15

12 noon — Luncheon — Woman's Club.

Miss Brady's Engagement Is Told Saturday

Miss Anne K. Brady

The announcement of the engagement of Miss Anne Kathleen Brady, daughter of Mr. and Mrs. Hugh V. Brady, of 43 Walnut Street, and Robert W. Mallick, son of Mr. and Mrs. James H. Mallick, of 37 Fairway Avenue, was made by her parents on Saturday at a party held at the American Legion Hall.

Miss Brady is a graduate of Our Lady Queen of Peace High School, in North Arlington. She attends Seton Hall University College, and is employed by the Walstein Company.

Mr. Mallick is a graduate of St. Benedict's Preparatory School of Newark and attended Seton Hall University. He is employed by the Andrew Jergens Company.

Miss D'Angelo, Plan To Wed Irvington Man

Miss Eleanor D'Angelo

Mario's in Milburn was the setting of a family dinner party at which Mr. and Mrs. Louis P. D'Angelo, of 20 Belmont Street, announced the engagement of their daughter, Eleanor Loretta, to Patsy G. Frazzi of Irvington.

The bride-elect was graduated from Belleville High School and attended the New York Institute of Finance. She is employed by Baker, Weeks & Co., of New York. A member of the Petrean Club, Miss D'Angelo has taken part in that club's musical productions.

Mr. Frazzi, the son of Mr. Frank Frazzi and the late Mrs. Frazzi, was graduated from Irvington High School and attends Newark College of Rutgers University. He is employed by The Texas Company in Linden.

Local Choir Members To Appear On Sunday

The Senior Choir of Old First Church, at 820 Broad Street, Newark, will sing "The Creation" by Josef Hayden on Sunday at 7:30 p.m. Miss Jane Buck, of 57 Van Ryeer Place, and Miss Beth Brew, of 15 Belle Terrace, are members of this group.

school section of School No. 3 P.T.A. meeting on Wednesday at 8:30 p.m. Hostesses for the evening will be Mrs. Thomas Winship, Jr., and Mrs. J. H. Kieferdorf.

Dixielanders To Entertain

Tomorrow night will be the big night for dixieland fans when the Garden State Five will appear at the Elks Club. Sponsored by the Ladies Auxiliary, the proceeds will go to charity. General chairman is Mrs. Margaret Hoffman. Co-chairman is Mrs. Thomas McNair. Hostesses for the affair which will start at 9:00 p.m. are: Mrs. Thomas Kiernan, Mrs. Alberta DelGrosso, Miss Ann Donovan, Miss Donna Miller, Mrs. John W. Miller and Mrs. Marion Burns.

Sixth Graders Get The Bird

Jimmy Crow went to school last week, and got both an education and a free ice cream cone. Mrs. Klein's sixth grade class at School No. 1 enjoyed the visit too, as class was interrupted to take care of Jimmy who was a bit injured. Jimmy belongs to a former student at the school, Brady Stevens, whose father came to take care of the bird after his visit to school. Principal Paul Brannan treated Jimmy to ice cream.

Mrs. Thetford To Give Book Review Tuesday

Mrs. J. V. Thetford will review the book "Doctor Kate" by Adele Rogers Place will attend the convention of the National Women's League of the United Synagogue of America, this weekend at the Concord Hotel, Kiamochia Lake, New York. Mrs. Sussman is president of the group.

Mrs. Sussman Attends New York Convention

Mrs. Louis Sussman, of 66 Van Ryeer Place will attend the convention of the National Women's League of the United Synagogue of America, this weekend at the Concord Hotel, Kiamochia Lake, New York. Mrs. Sussman is president of the group.

Mrs. Biancardi Chosen

Mrs. Joseph G. Biancardi, has been named to the bridge committee of Mt. Saint Dominic Academy in Caldwell. Bridge will be played tomorrow at 1:30 p.m. The big event will be the publication of "The Lumen", Academy yearbook.

SPOTLIGHT on SPORTS

Recreation Basketball Getting Underway

Harold "Bud" Brand, of the Belleville Recreation Department, announced the first meeting dates of the Boys Junior and Intermediate Basketball leagues and a change in the Junior League schedule.

Last year the Junior League played Saturday mornings, but this year the league will play Monday evenings. There are openings in this league for eight clubs and any Belleville boy who has not reached his 16th birthday can compete. Team representatives must be at the "Rec" House, Wednesday at 7:45 p.m. for the initial meeting.

The Intermediate League is open to any Belleville boy who has not reached his 20th birthday. This league is also an eight club loop and will play Wednesday evenings at the High Schools. The first meeting is scheduled for 7:45 p.m., next Thursday at the "Rec" House.

Mike Swatch, Freddie Riccio, Jerry Dominick, Gene Pinadella and Gene Barra received the King A.C. to win the Junior League championship, and Ted Nicholls, Nick Cetrulo, Jack Dalton, Joe Ganteaume, Frank D'Angelo and Danny Riordan formed the Nationals to win the individual championship trophies in the Intermediate League, last year.

Brand told me that both leagues are tentatively slated to begin regular scheduled play the first week in December. But also adds that these two leagues are highly successful operations which necessitate a first come, first served basis. So it is advisable that all club managers or representatives attend these formation meetings and present a team roster.

Varsity Club Dinner Chairmen Named

With the Varsity Club rapidly making plans for its nearing football banquet to honor the Belleville High grid team on November 29, Joe Grosch, general chairman, this week, named his committee for the 12th annual affair to be held at the Robin Hood Inn, in Clifton.

Serving on the general committee are Ralph Casale, Mark O'Connell, Fred McQuiklin and Ed O'Neill. Heading the ticket committee is Nick Landolph and in charge of engaging speakers for the dinners is Jerry Bonavita.

Crystal Gazing

At long last, I finally got that crystal ball of mine over the pedigree, 700 mark but it was a long time coming. Last Saturday I called eight of ten correctly to bring the percentage up to .703. That Nutley upset that I predicted over Clifton never did materialize as the Mustangs connected consistently through the air-planes. Also gazing the crystal gazing poll was Bloomfield's 13-12 victory over Irvington. I backed the up-and-coming Campdowners in that one. The season is rapidly growing short but let's see if I can edge that average up in the neighborhood of .750.

Belleville to squeeze by Kearny. The Bellboys have finally found themselves after getting off to a miserable start. Coach Ed Berlinski's boys have taken their last two games in succession and will go on to make it three in a row.

Nutley to edge Bloomfield. This will be a close one right down to the wire but I predict that the Maroon Raiders will jump back into the win column by the closest of margins. The Nutley forward wall will stall the Bengals.

Barringer to take Orange. Barringer is the cream of the crop in the City League. Although usually outclassed when taking on suburban opposition, the Big Blue will take the Tornadoes into camp.

St. Benedict's to romp over Central. This game shouldn't be too much of a contest. The Bees have been rolling right along while the High Streeters have been going no place in particular.

East Orange to turn back Columbia. This fray shapes up as one of the better attractions of the day. The Panthers have a good backfield, sparked by quarterback Bob Paris and halfback John Amos. East Orange to win by six points.

West Side to trounce South Side. It looks like West Side will have to settle for second best in the City League. The Streaks will capture this City League rivalry.

East Side to blank Weequahic. The Indians will never get out of the City League cellar this year. East Side will win by at least a couple of touchdowns.

Montclair to defeat Clifton. Clifton fans have been waiting for the big day when the Mustangs will beat Montclair. The Mounties have won every game since the series was started 10 years ago and I am willing to wager that the streak will continue. Clifton is undefeated so far this season and so is Montclair but I like Gary Anderson's boys all the way. Both teams have good running and passing attacks but the Haines twins, Richie and Bob, will outshine Clifton axes, Roger Fardin and George Telesh.

Irvington to trim Hillside. The Campdowners will make up for their loss at the hands of Bloomfield a week ago and will take it out on Hillside.

West Orange to get by Morristown. Look for an extra point to decide this encounter with the Cowboys escaping with a close victory.

COSTUME CONTEST HELD SATURDAY AT MUNICIPAL STADIUM

After being postponed from Halloween night the Recreation Department Halloween costume contest was finally held Saturday morning. Because of the postponement and a week of bad weather the turnout was considerably less than hoped for. However there was no lowering of quality in the costumes of those who participated. As always Belleville's youngsters went all out with originality. Four girls reached the winners circle for their costumes and took home well-deserved prizes. Dressed

niff, of 38 Maple Avenue, Bonnie Claire Cook, of 96 Tappan Avenue, fooled everyone with her disguise as a badly battered Football Little Leagueer. Alana Truesdale, of 491 Greylock Parkway, was a most beautiful queen and JoAnn Antonelli, of 9 Fairway Avenue was a princess.

Among the boys Joe Grosch, of 5 Nulton Place, was selected as a delightful run-down bum. John Pignatello, of 33 Center Street, came as a robot with flashing lighted head projecting tubes. Ben and Pakowski of 495 Greylock Parkway, came as the inevitable Elvies Presley, with sideburns, motorcycle jacket and guitar. Commissioner Elmer S. Hyde, presented prizes and congratulated the winners and other participants. Every child present was given a

South Side Fails As Second Victim Of Year For Gridders

Bellboys Down Visitors, 21-13, In Last Home Game Of Year; Put End-Around To Good Use

The return of Belleville's most lethal weapon, the end-around, enabled the Bellboys to rack up their highest score of the season as they made the Streaks of South Side their second victim of the year, Saturday. This was the Blue and Gold's last home game of the year, and they made it an enjoyable one. Dave Schoner scored twice on the end-around, and Gene Pinadella, playing at full, scored one touchdown and three extra points - the first time this year that Belleville has scored more than one extra point in a game.

The Blue and Gold took the opening kick-off from their 30 to the South Side end zone in eleven plays. The key play was a pass from Bruce Mcumber to Ray Kimble. The play started on the Belleville 40-yard line and wound up on the South Side 12. Pinadella then carried the ball four times in the next six plays, reaching the goal from the five. The junior fullback then slammed off guard for the conversion.

Belleville Dominated. From the point on, Belleville dominated the play. South Side couldn't get the ball out of their part of the field until late in the second quarter they couldn't rack up a first down in the first quarter as the Bellboy defense was immovable.

Belleville's second drive started as the first period was drawing to a close. John Vitell, playing safety, returned a punt to the Belleville 45. Pinadella then carried the ball four times, bringing it to the South Side 43. One play later, Ray Kimble carried on an end-around, getting to the end zone. The drive was brought down. The Blue and Gold then slowly worked the ball to the 11, where Schoner Cook it to the end-around, picked up a beautiful block from Pat McCabe, and scored.

Pinadella smashed off guard again for the extra point, and Belleville led 14-0. It looked like the pickings for the Blue and Gold. But one bad play put the Streaks back in the ball game. The Streaks had made their deservitory, being camped on the 41. Then Lebo, the quarterback, pitched out to Borre, the halfback, who threw to Jones, an end. The play took the ball to the Belleville five, and Jimmy Graham took it over to the next play. Bill King booted the extra point for the visitors, and the score was 14-7, Belleville. That was the way the half ended.

South Side Scores. This time it was South Side who took the kick-off and went all the way. The kick-off was returned to the South Side 37. In four plays the score was 14-13. Graham slammed off tackle, made a right turn, and went fifty-four yards for the touchdown. The attempted conversion, however, was short.

Belleville led the game in the early part of the last quarter. The drive started on the Belleville 20. Belleville's attack mixed up nicely by Mcumber, was clicking. But after the ball was on the 48, Mac was hurt. His substitute, Lou Long, fumbled on the next play. But he atoned for his sin, intercepting a pass two plays later. The Bellboys, back to the 48, where Schoner scored on a 52-yard end-around, reversing his field one, and following his blocking like a pro. Pinadella scored his third point-after-touchdown on the same play as the others. That was how the game ended, 21-13. It was quite obvious that South Side either neglected to scout Belleville or did in a very poor job in doing so. Every team that Belleville has faced this year was ready for the end-around, and the Blue and Gold had to put in storage. But it was quickly brought out Saturday.

CHAPLAIN SPEAKS AT LIONS MEETING

Chaplain John A. Olshewski, Lieutenant Colonel in the United States Army, was the main speaker at this week's Lions Club meeting.

He is post chaplain at Fort Monmouth and is a graduate of Hobart College in Geneva, New York, and Auburn Theological Seminary. He was serving the First Presbyterian Church in Attica, New York, when he was called to active duty in 1941. Chaplain Olshewski spent overseas in England in June, 1942, and was in on the invasion of North Africa. He was wounded in battle at Camp Pione, Italy, after serving with the 24th Infantry Division, and was then assigned to his present position at Fort Monmouth.

Among his decorations he wears the Bronze Star for valor with an Oak Leaf Cluster, the Purple Heart, the Combat Ribbon, the French Croix de Guerre with the Silver Star.

Hopkins Heads Kids Day

Russell Hopkins, of the local Kiwanis Club, has just been named chairman of the National Kids Day Committee. It was announced this week by national

KIWANIS, SCHOOL BRING SPEAKERS

Last Thursday, Doctor M. M. Bree of Nulley spoke to an interested Belleville High School group of juniors and seniors on veterinary medicine. Doctor Bree described this necessary training, requirements for entrance, and cases in his field.

A question-answer period was held. This program is one of several to be offered to the juniors and seniors on vocational guidance.

The Belleville Kiwanis Club through its Educational Committee Chairman, Robert Laterza, secured Doctor Bree for this program.

Kiwanis has offered this service to the Guidance Department of Belleville High School. In addition, several other vocational consultants will meet with interested juniors and seniors during the year. The purpose of this program is to give young people specific information by experts on vocations of their choice.

The students that attended the conference on veterinary medicine were James Amos, Barbara Carpenter, William Ellis, Anna Hillerhaus, Thomas Lamb, Bruce LaMura, Sandra Niles, Jack Perlman and Joseph Rega.

Fairway Golf Club Crowns Winners

Winners in the Fairway Golf Club's first annual tournament were presented trophies at a dinner-dance held last week. Those receiving awards were, left to right, Dick Dacey, low net winner, Bert Thomas, winner in flight "C", Tom McLaughlin, club president, Myles Monaghan, club champion, Ernest "Babe" Christian, sponsor, Angelo Pucci, winner of flight "A", and Charles Molinaro, tournament chairman.

by Harold Brandman, Bob Katz and Bill Hensinger

Even "Little League Life" must stand on the sidelines when there is a presidential campaign. Now that the campaign is over, and Ike has won the election, things can go back to normal and this column, which was omitted last week due to lack of space, once again will be published.

Bringing you up to date, on Oct. 27, Federal Industry donated the Bears 12-2. The lightweight game saw the Elks and Lions play to a 0-0 tie. Up until this week's games the Elks had their opponents scoreless three out of five contests, winning one and tying two.

COMMUNITY CHEST DRIVE COLLECTS \$20,868 TO DATE

Represents 60 Percent Of Quota; Campaign Extended To Top Goal

With more than \$20,000 collected already, campaign leaders of the 1957 Community Chest Drive in Belleville feel certain their goal will be topped within a short time. Campaign chairman Raymond Williamson set at \$20,868 with more money coming in all the time.

The total amount collected represents 60 per cent of the quota which had been set by the drive this summer. The ultimate goal is \$34,722.

Williamson said there was still quite a lot of territory to be covered in the various divisions of the campaign. However, the money collected to date, he said, indicates that this year's drive is running ahead of last year's appeal for a comparable period. He added that follow-up letters were being sent out in the various divisions and that it was hoped to finish up all loose ends within a short time.

Although the drive was to have officially closed today, Williamson stated that the campaign would continue until all volunteer workers had sufficient time to finish their districts. "When these final reports are all turned in, I feel sure that our drive will be over the top," he stated. Townspeople have been cooperating with

the volunteer workers very well, he added, because they realize the serious needs of the Community Chest.

Residential Drive

In the residential drive, chairman Mrs. Edward Rodau reported that \$2,827 had been collected already. This is still an incomplete figure, she said, as only one zone has been finished to date. There are still some streets that have not been covered, she said, and workers are urgently requested to complete their territory as soon as possible.

Mrs. Rodau also thanked those residents who have either mailed their contributions to campaign headquarters or brought them in personally because of the shortage of volunteer workers. She further requested residents who have not yet been contacted, to send their contributions to Chest Headquarters on Washington Avenue.

Secretary Mrs. John Keller reported that to date 591 coin folders have been returned to headquarters. This spring, 10,000 of the folders were sent to local residents for their convenience in making a contribution. More than \$1,000 has been collected in the folders received, she said. This phase of the drive has been more successful this year than previously, and drive leaders hope the coin folder idea is taking hold among local residents.

Music Director Takes Alumni Club Presidency

Dr. and Mrs. Samuel Peck, of 21 Clearman Place, have been named officers of the New Jersey Boston University Alumni Club, it was announced recently. Dr. Peck is the group's new president, while Mrs. Peck is its corresponding secretary. Elected to the club's board of directors was Miss Helen Coska.

Parade

(Continued From Page One)

by Rabbi Albert L. Raab of Congregation Ahavath Achim and the benediction will be given by Rev. Pascale. Commissioner Harry J. Sullivan will be the main speaker.

A choir from the Wesley Methodist Church under the direction of Mr. Slicker will sing during the program. At the conclusion, the famed ritual team of American Legion Post No. 106 will perform.

The service is being planned by George Mitchell and Henry Flagg.

The parade on Monday night has been termed one of the biggest to be held in Belleville for the occasion. At least six different musical organizations, along with military outfits, and a float will be in the parade. So far, drum and bugle corps from Blessed Sacrament, St. Joseph's, St. Mary's and St. Rose's have agreed to participate. The Belleville High School band and the Grammar School band will also march in the parade.

The 108th Fighter Group from Newark is sending a float as their part of the parade. A jet fighter has been mounted on the float to emphasize their part in the country's service.

Parade At 8 P. M.

The parade is scheduled to get started at 8 p.m. from Washington Avenue and Greylock Parkway. Marchers will proceed down Washington Avenue to William Street where they will disband. A reviewing stand will be set up in front of Town Hall.

Other units in the parade include marchers from the Knights of Columbus Color Guard, Petreans, Girl Scouts, Boy Scouts, Fire and Police Departments, Little Leaguers, Shriners, a detachment from Newark's Sussex Ar-

mory, from Belleville's own Branch Brook Park National Guard unit, and from the 50th Armored Unit of Newark.

Those working on the parade this year are John Casey, Mrs. Walter Weiss, Mrs. Peter Johnson, Mrs. Arthur Sharrock, Mrs. Viola Hassler, Henry Flagg, Mrs. Theresa Singer, Mrs. Frances Mackinnon, Mrs. Elsie Lundy, Leo Hood, Richard Fodor, Arthur Sharrock, and Pat Tommasio.

Bellwood Park

(Continued From Page One)

way Avenue. Bloomer indicated that petitions against the project signed by residents of the area, would be used in the formal protest.

Members of the association will also seek a meeting with Public Safety Director Harry J. Sullivan to discuss general traffic conditions in the area and stricter enforcement of existing traffic laws there.

School Board

(Continued From Page One)

in the schools was a "disgrace." He made the comment in response to questioning by James R. Golden concerning the Board's intentions of hiring a maintenance supervisor. This past summer the Board created the position of maintenance supervisor and this past month has been interviewing applicants for the job. Golden contends the new position was designed to strip Daniels of his maintenance duties and would be a burden to taxpayers.

Boyd has explained that the resignation of school electrician Frank Bangert several months ago left a vacancy on the maintenance staff which it is hoped can

be filled with a combination electrician and supervisor. The maintenance staff presently consists of six mechanics and three laborers.

Special Meeting

At Wednesday night's special School Board meeting, a resolution was adopted appointing Mary B. Shader as acting secretary during the temporary absence of Daniels, in view of his illness.

In other matters, Board members also voted to formally approve the Saturday morning instrumental music program under the direction of Dr. Samuel W. Peck, director of music. Dates for the program were set from November 19 through the end of the current school year.

The Board awarded contracts for supplying bread and ice cream to the high school cafeteria for the balance of the school year and discussed awarding of milk contracts, although no formal action was taken on the latter.

Boyd also reported to the Board that School No. 3 would not be put in full operation starting Tuesday. The renovation project has been sufficiently completed to allow use of the facilities, he said. Minor omissions and defects can be corrected while the school is in session, he stated, in order to prevent further delay in the use of the building.

THE NEW Pontiac is Completely New from Power to Personality!

Fresh from 100,000 miles of road tests, the '57 Pontiac is on display!

Even a brief once-over of Pontiac's sleek new lines tells you that you're in at the start of a styling revolution. And that glistering sheath conceals a carload of engineering "firsts"—all polished to watch-work perfection in the toughest test ever given a new car.

This '57 Pontiac pounded the road through 100,000 miles of tests . . . through it all Pontiac engineers refined and perfected every feature of this great car.

They made Pontiac's big, new power plant even more efficient than its predecessor, the engine that set over fifty new world records and led all eight in miles per gallon! They perfected the new suspension system, new controls and new Strato-Flight Hydra-Matic* to give you the smoothest riding, easiest handling—and safest—new car ever to hit the road!

See and drive this new '57 Pontiac before another gun sets. Sample in a single mile all that's been proved by 100,000 miles of testing.

AND THE FIRST CAR AT ANY PRICE WITH . . .

STAR FLIGHT BODY DESIGN—a Pontiac Exclusive—longer and lower than ever before—the year's most distinctive new automotive styling.

NEW INTERIOR STYLING—WITH THE "OFF-THE-SHOULDER" LOOK—a fashion "first" for '57—perfectly color-matched with the exterior.

NEW STRATO-STREAK V-8—270 h.p. in Star Chief and Super Chief, 252 h.p. in the Chieftain—with smoother Strato-Flight Hydra-Matic.

CLOUD-SOFT, LEVEL-LINE RIDE—the ride sensation of the year—a new suspension system based on a big 124- or 122-inch wheelbase.

THREE POPULAR-PRICED SERIES—Star Chief • Super Chief • Chieftain.

See America's Number 1 Road Car—On Display Today!

"FEEDING MILLIONS FOR A PENNY"
is the food chain industry's contribution to THE STRENGTH OF A GREAT AMERICA

ONE PENNY OF YOUR CHANGE represents the amount food chains on the average take as profit to do business for you. AFTER PAYING FOR MERCHANDISE and overhead expense, one penny is left from your sales dollar to pay our stockholders for their investment. SELF-SERVICE, CASH AND CARRY, large volume, fast turnover, constant vigilance over costs make this possible. BETTER EATING FOR YOU and your family is thus achieved by the food chain industry whose motto is:

"BETTER LIVING AT LOWER COST"

Grocery, Dairy, Frozen Food Prices, Effective through Wed., Nov. 14; all others effective through Sat., Nov. 14

The People Have Spoken: Let Congress Support The President

(Continued From Page One)

We knew four years ago. The Stevenson, 1956 model, was insincere, inept, mean in his personal attacks on the President as a "do-nothing President, unwilling and unable". In the final weeks of the campaign, there was not a single Stevenson speech devoid of smear, chiefly of the President and of Vice President Nixon.

In his mad anxiety to be elected, Stevenson threw away common sense and his apparent opinion of the electors' intelligence was not flattering. He blamed the Republican administration for today's high prices. Yet there are historical records to show that living costs rose 27 1/2 per cent under Democratic President Harry Truman in the four years after World War II, and only 3 per cent further during the four years of the Eisenhower administration.

In his eagerness to win, Stevenson offered programs, pensions and price supports that could only greatly increase the costs of government. Yet he promised to reduce taxes at the same time. The only way to reduce taxes at the same time would have been to increase the national debt by gigantic borrowings and the inevitable consequence of such spending, a la Roosevelt, could only have been tragic inflation and a rising cost of living.

Stevenson orated, flatly, in favor of negotiating a cessation of all H-bomb tests with Russia, without any form of controls. Judging the value of Russia's word and her intentions, even with the new look given the Kremlin by Bulganin and Khrushchev, by her actions this week in Hungary, would Stevenson's proposal be intelligent or safe or just plain stupid?

The defeated Democrat sought the easy vote, the sucker vote, by offering to end the draft—at a time when Russian tanks crushed the honest aspirations of a non-Russian people, the Hungarians, for freedom and free elections. President Eisenhower took the difficult but honest way out by declaring that the suppression of the draft in today's perilous world would be to involve our security and our freedom in an unnecessary risk.

Re-elected by the vote of the people, President Eisenhower sees imposed upon him the mission of continuing his tireless and patient search for peace. Not a peace that can be bought by appeasement of a dictator, but a peace that will involve the sacrifice of no freedoms by any people.

The re-election of President Eisenhower must be interpreted as a vote of confidence in his policies. That implies, too, a vote of confidence in the United Nations where the President has won, in recent days, a denunciation by the free world of Russia's murderous suppression of the Hungarian patriots who dared to ask for the very freedoms which the UN has promised.

It implies, too, approval of President Eisenhower's military policies based on the theory that strength is a deterrent to possible aggression by dictators and regimes which would destroy us if they could.

It implies, too, approval of his tightening of the budget strings, his protection of the American dollar against further inflation. He ran the risk and lost votes in the Midwest farm belt, where selfish motives inspired some farmers to support Stevenson and his generous promise to fatten their pockets by price supports at the cost of inflation for the rest of the nation.

We pledge ourselves to support the Eisenhower program for the next four years and we call upon our elected representatives in the Senate and the Congress, in Washington, to support completely the President—as our electorate, at the polls, did by a vast majority.

R.E.H.

One Man's Opinion

If French, British and Israeli Operations In Progress Tumble Nasser, A Lasting Peace May Come To The Middle East

By Ralph Eric Heinzen

Colonel Nasser, president of Egypt, learned quickly and comparatively painlessly the tragic lesson which Mussolini learned the hard way as he was hung by his heels in death and Adolf Hitler learned in his concrete dugout with Berlin crumbling over his head—that there is no room for a bully boy in today's family of nations.

Chances of a lasting peace in the Middle East, which might have followed full occupation of the Suez Canal zone and the retreat of all Egyptian troops from the Sinai peninsula, were blasted by the sudden decision Tuesday, taken in Paris and London, to "cease fire". Only new disorders can follow such confusion because Nasser is given a new lease on life.

Nasser begged for everything that happened to him and to Egypt. Like so many dictators, he could not take glory. The cheers of the crowds, the adulation of the masses went to his head. A professional soldier, he forgot that in the world of diplomacy and foreign relations he was a rank amateur.

He earned the hatred of France by fomenting from Cairo France's troubles with Arab nationalism in Tunisia, Algeria and Morocco.

He earned the hatred of Britain by grabbing the Suez Canal which, by contract, was not his but is the property of the Compagnie Universelle de Suez until 1966.

He earned the hatred of Israel by raiding across the borders from bases in the Sinai peninsula where his Arab fedayeen or commando troops were based with the sole mission of tormenting Israel and by banning Israel's ships from the Suez Canal.

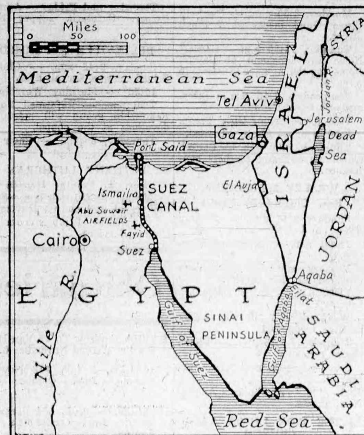

Egypt has been the sole troublemaker. It is no secret that he roused the other Arab nations

to wage a war of nerves on Israel. It is no secret that he furnished money, arms and agitators to liberate French North Africa. In grabbing the Suez Canal ten years before the expiration of the Suez Company's lease, Nasser defied both France and Britain.

Timed With Uprising

Only time will tell whether the Anglo-French landing in the canal zone was coordinated with the Israeli drive across the Sinai peninsula to the canal. Only time will tell, too, whether the canal operation was coordinated with the uprisings in Poland and Hungary which kept Soviet Russia pinned down in Eastern Europe and made it impossible for the Kremlin to move in the Middle East.

In this One Man's Opinion, there was coordination. Proof will have to come when all of the historical facts are known. It seems to have been more

The above map pinpoints the setting for the crisis in the Middle East. Israel has grabbed and now controls all of the Gaza strip and the Sinai peninsula, an area four times the size of Israel. Anglo-French landings took place at both ends of the canal, Port Said, at the Mediterranean end and Suez, at the head of the Red Sea.

than Providence that the national communist groups in Warsaw and Budapest would have timed their uprisings so perfectly. It seems to have been more than fate that the Israeli army crossed the Sinai desert and arrived at the canal zone just as Anglo-French troops were landing from transports at both ends of the canal, this week.

As in the Far East, with the Japanese, "face" means a great deal to the Arabs. Unless Nasser can take advantage of today's hiatus and of Eden's about-face and the confusion of the

French and the British to change a defeat into a victory, he will have lost face from the Red Sea to the Atlantic. As a leader of the Pan-Arab nationalist movement, he will have been eclipsed. Nasser's fall would set the Pan-Arab movement back many years.

Nasser The Troublemaker

Pan-Arab nationalism is based upon extremism and revolution. There is no other way the Arab Moors and Berber populations of North Africa can throw off their French rulers than by violence. Nasser preached that violence and his agitation upset

the quiet of the Middle East.

For Israel, the opening of the Suez Canal to her shipping was a matter of life or death. Nasser had pronounced an ultimatum. No Israeli ships could pass through the canal and no other shipping which had called at or was destined to call at a port of Israel could use the canal. Obviously, he had no right to make such an edict.

When the question was brought before the Security Council of the UN last month, Egypt's Foreign Minister Mahmoud Fawzi said flatly in New York City that the Egyptian Government refused to lift its ban against Israeli vessels.

Thus on three counts, Nasser's ban on the use of the canal by Israel, his campaign among the Arab nations to annihilate the Jewish state and his use of fedayeen attacks and commando raids from shifting bases in the Sinai desert, Egypt invited the "calculated risk" of Israel invasion.

As operations stood yesterday, Nasser had lost on all three counts. Only the surprise decision of Paris and London to "cease fire" under Moscow's bluffing threats, saved his job for him, temporarily.

The Egyptian army has been routed from all of its positions north and east of the Suez Canal. Israel is in full control of the Sinai peninsula and of the Gaza strip and the northern territories of the Cairo railroad. Announcements, last night, in Tel-Aviv make it clear that Israel considers the captured Sinai peninsula as a conquest either to keep or to

(Continued On Page Three—2nd Section)

LETTERS To The Editor

Editor, Belleville Times-News:

There are some things in life that God made possible for a selected group only, and one of those is the feeling of pride and tremendous exhilaration a parent experiences when his child has accomplished some undertaking. In many cases it is felt when the youngster excels in sports or scholastically or when public notice is made of a community effort on the child's part. To the parent the sensation is beyond comparison and description and in his mind it is absolute.

But as God has endowed only parents with this greatest of sensations, he has also taken this group and selected a portion of those parents to know an exhilaration above and beyond what man knows as absolute. These parents, who have been blessed with this rare privilege, are the parents of a retarded child. A day doesn't go by that the parent of a re-

tarded child doesn't experience this greatest of all blessings because even the smallest accomplishments of these exceptional children, such as learning to hold a fork, to tie a shoelace or to say "daddy" is enough to raise the common sensations of man above the plane of every day life.

Even these smallest of accomplishments require hours of training and guidance that are not needed in the development program of the normal child but that are so essential to the progress of the retarded youngster. In many instances, this training and

guidance must be done by trained specialists in the field of education for the mentally retarded children, and although Belleville ranks high with other communities in providing much of this training in the special classes conducted by the public school system, there are many of these children who still are not accepted in these classes because of age or because they are too severely retarded. These children and their problem have been accepted by the New Jersey Association for Retarded Children, and it is only

Newest Buick Yet

YOU know all that talk you've been hearing about the 1957 new car models being really new?

Well, in the case of the 1957 Buicks it's true—gospel true.

We mean these 1957 Buicks are new in the precise and literal sense. We mean new from the ground up, and from gleaming grille to sassy taillights.

We mean new lowness, new styling, new bodies, new windshields, new controls, new safety-padded instrument panels, new safety steering wheels, new seating, new fabrics, new colors.

We mean new front end, new rear end, new frame, new braking, new steering, new handling, new riding, new roadability—a whole new chassis of greater solidity and safety.

We mean V8 engines new from the crankshaft up—engines that deliver an all-time high in horsepower and

compression from their 364-cubic-inch displacement.

And we mean, most of all, an advanced new Variable Pitch Dynaflo®—so instant in the starting range—so utterly smooth and so totally full-range in "Drive"—that your need for "Low" is practically eliminated.

So come take in these low-silhouette, these boldly beautiful, these instantly obedient Buicks for 1957.

Then you'll see why you can't blame us for being so fired up about it all—and how catching this excitement can be.

*New Advanced Variable Pitch Dynaflo® is the only Dynaflo Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Opinion

(Continued From Page 2, 2nd Section)

become the subject of peace negotiations.

Air-borne operations followed by landing of French and British forces from transports can cost Nasser the major source of Egypt's income. The Egyptian government treasury is largely dependent upon canal revenues. No ships have been going through the canal for the past week and there is little likelihood that there will be any transits until the fighting stops.

Once the French and British occupy the canal zone and control the passage of shipping, if they do, they, not Nasser, will dictate what is to be done with the Suez. It is certain that the French and British shareholders will be paid off first.

In that connection it is a matter of historical record that the British royal family owns the largest single block of shares in the Compagnie Universelle de Suez.

When De Lesseps, the French engineer who built the canal, organized this company in Paris he sold 400,000 shares for a total capital of 200,000,000 gold francs. Half of the shares were sold in France; about one-fourth were grabbed by the Ottoman Empire, Britain, Russia and the United States would have nothing to do with it.

Twenty years later, however, when the canal was open and a paying venture, De Lesseps, the Queen's great Prime Minister, learned that the Khedive of Egypt had lost heavily at gambling and was badly bent if not broke. He went at midnight to the palace and convinced Queen Victoria to buy the Khedive's entire holding of 85,000 shares and 71,096 other shares for a total of \$3,976,582 pounds sterling — to give England control of the canal as well as a golden source of income for the royal household.

Belleville Youth Nipped By Large Water Snake

A three foot long brown water snake, which apparently came from the Third River, was killed in a lot in the rear of the Joramom Pharmacy, 531 Joramom Street, last week after it bit a 17 year old boy.

The snake, later identified as non-poisonous by the Newark Museum, bit Ronald Cipriano, of 26 Smallwood Avenue, on the right index finger while he and other boys were trying to capture it.

LETTERS To The Editor

(Continued From Page 2, 2nd Section)

This week a canvasser representing the local chapter of the New Jersey Association for Retarded Children will call on the people of Belleville for their personal donations. I extend my personal pleas for this worthy cause so that we in Belleville can proudly say that these children shall not be forgotten.

Kenneth D. Smith
Editor, Belleville Times-News

I am sure we are most anxious to know when the double sessions at School No. 7 will end and why we have not yet held our first regular business meeting of this term.

Needless to say we are aware of the fact that construction is still underway and will be for a few more weeks. There is still much detail work to be done, such as the floors which must be allowed to set-up and dry thoroughly in order to withstand the many years of constant wear. Plaster walls must also be completely dried before painting. In view of all this, plus the fact that the furniture for the new classrooms is stored in the gymnasium where the meetings are held, we thought it best to postpone the October date to a November meeting.

Our principal, Mr. Seymour Grossman, took our executive board members on a tour of the new addition and may we assure the parents who were affected and inconvenienced by the double sessions—they shall be more than amply compensated in the knowledge that their children will have the ultimate in a modern, well-lighted, individually best conditioned, fully equipped classroom, and above all one that can provide the best in health and better education because of the alleviation of the overcrowded conditions that existed before.

May I, on behalf of my Parent-Teacher Association, take this opportunity to thank the people of Belleville for approving the referendum and also express our sincere gratitude to the Board of Education, and to Superintendent of

Schools Evan H. Thomas for making it possible.

As the landscaping is nearing completion, it is with great pride that we view the beautiful, conservative lines of this new structure which is truly a tremendous compliment to the town of Belleville.

May we look ahead to a most successful year of Parent-Teacher work with the same pleasant spirit of fellowship we had last year.

Notices will be sent home with the date of our November meeting which is pending the ending of the double sessions.

Respectfully yours,
Mrs. Sidney Bjugen,
President School No. 7 PTA

Editor, Belleville Times-News:

Learning from what has happened to me recently it seems that one need not worry about losing things in Belleville. A few months ago I was foolish enough to leave an expensive camera on a seat in a No. 13 bus. I did not expect to see it again but somebody in Belleville picked it up and turned it over to the driver who passed it to the "Lost and Found" office.

Last week I recovered a notebook which had fallen from my car on Holmes Street. It was not only immediately turned in to your office but a lot of people went to a lot of trouble to locate the owner. Your office decided that it might belong to someone attending night classes at Belleville High School and turned it over to them. A certain efficient girl at the High School (Miss Amato I believe) decided that the notes had nothing to do with anything being given at the High School but noticed some notes from a lecture series being given at Hillside School in Montclair and she notified the sponsors. The book had other valuable notes in it and I am grateful to Alan Talmadge who picked it up in the first place.

So the conclusion must be that it is safe to lose something on the buses or streets in Belleville because somebody is sure to go to some trouble to see that the owner gets it back. It also might be a good idea to put one's name in books and camera cases.

Carter Receives Service Award

George W. Carter

George W. Carter, Jr., of 193 Franklin Avenue, a chief switchman with the New Jersey Bell Telephone Company, marked his 40th year of telephone service.

He was guest at a luncheon in the Forest Hill Field Club, Bloomfield, where Otto R. Richter, division plant manager, presented New Jersey Bell's gold service emblem. Carter is a member of H. G. McCully Chapter, Telephone

Sullivan Appointed To Pedestrian Study Group

At the regular monthly meeting of the Municipal Police Administrators Association of Essex County, Dr. Walter T. Gutowski, president of the Association, appointed Mayor Russell A. Riley of Orange, Charles Deibel, Trustee of the Village of South Orange, Harry J. Sullivan, Director of Public Safety of the Town of Belleville, and William F. Mullins, Police Commissioner of Milburn, to make a study of the laws relating to pedestrian traffic.

The appointments were prompted by the increase in pedestrian fatalities. The committee was authorized to make a study of the existing laws relating to pedestrian traffic and the right of the local police officer to enforce the existing state laws.

AANJ Suggests Increase In Accident Prevention Clinics

As a means to pinpoint the causes of traffic ailments in New Jersey, the Motor Club of America (AANJ) today recommended that the state increase the number of Accident Prevention Clinics, and also establish a rehabilitation program for accident and violation repeaters.

Asserting that traffic safety today demands a broad form of "preventive medicine," Bernard Burstein, MCA Safety Director, said research in driver behavior could uncover some of the factors involved in the sickening toll of traffic deaths and injuries.

"New Jersey, through its Accident Prevention Clinics, is ahead of the rest of the states in research on driver behavior," Burstein said, "but its limited facilities cannot encompass all that should go through the clinic. There is no reason to stop the research program at this point, but there is every reason to increase the number of clinics, and locate them at strategic areas throughout the state."

Not only must the state broaden the clinic program, he added, "but those who have been exposed to it and showed no improvement should not be allowed to continue along their destructive paths of killing and maiming others. Instead, an attempt should be made to rehabilitate them and help them prevent future accidents. Outstanding psychologists and authorities agree that a 30 percent improvement can be achieved among such 'incurables' through a rehabilitation program."

Burstein said, "the rehabilitation program would require drivers who were determined to be 'incurables' to attend a 20-hour course at the rate of not more than two hours an evening. Further, they should be required to take another attitude scale test

after completing the course.

"The fact that the involved driver is required to attend the rehabilitation courses," Burstein said, "should act as a deterrent to others on our highways as this becomes known."

Burstein explained there was no way to determine how many 'traffic fatalities and injuries have been caused by violations and

after completing the course.

"The fact that the involved driver is required to attend the rehabilitation courses," Burstein said, "should act as a deterrent to others on our highways as this becomes known."

BAURHENN RETIRES FROM POST OFFICE

George F. Baurhenn, of 301 Union Avenue, retired as Post Office Inspector on October 31, after nearly 32 years of service. The Post Office Department held a dinner in his honor last Tuesday in Philadelphia.

Born in New Orleans, Baurhenn started as a clerk in the New Orleans Post Office in 1904. He received his commission as Post Office Inspector in 1918. He served in Florida and South Carolina from 1918 to 1921; in Pittsburgh, and northern New Jersey from 1923 to 1928 and in Washington, D.C. from 1928 to

Baurhenn has lived in Belleville 23 years and is a member of the Belleville Lodge of Masons. He is married to the former Marie Etienne and has one son, George M. of Nutley, and two grandchildren.

INSTALL 10 000 ALUMINUM UNITS

Demand for aluminum storm windows and screens in this area is illustrated by the performance of many small business units. King of Belleville is an example. Known prior to July 1 as King of Belleville, the store has been at 164 Washington Ave. in the North Essex town six years. Harold Bishop, former salesman for Kotz in Hackensack, where he lives, heads the Belleville unit. According to John Dondoro, district sales manager, King distributes and installs the products of a half dozen leading manufacturers and thus far has record of more than 10,000 installations.

The company put up more than 100 storm windows on the Belleville Town Hall and two of the municipality's firehouses in months ago and did a similar job for the W. Market St. firehouse in Newark. Also, it has done work at the East Orange Veterans Hospital.

Principal activity this year, however, has been in the installation of storm sash and screen combinations on homes in developments. Dondoro estimates about 7,200 windows and 200 doors stuck in this year in more than 600 dwellings.

Principal activity this year, however, has been in the installation of storm sash and screen combinations on homes in developments. Dondoro estimates about 7,200 windows and 200 doors stuck in this year in more than 600 dwellings.

Through the Oven Door by your Heckers REPORTER

Roll out your pie dough between two sheets of waxed paper. It's easy to handle and the dough won't stick to the waxed paper.

Speed is the keynote in modern-day kitchens. We'll soon have ranges which will cook a roast thoroughly in only a few minutes!

But some of the fine things in life — like Heckers' flour — still take time. Just as aging is required to prepare the finest wines, so it takes more time to produce Heckers'.

Unlike flours which are bleached, we allow Heckers' to "spend its own sweet time" in turning its own SNOWY WHITE — the NATURAL WAY. That's why Heckers' brings nature at its very best to you — in the form of more flavorful, better textured, and more appealing cakes and baked goods everywhere.

The UNBLEACHED, NATURAL WHITE flour, Heckers' costs no more.

Don't hesitate to use nonfat dry milk solids in your baking. You don't have to combine them with water before adding. Just mix the dry milk along with the other dry ingredients — then add the water as you would milk.

Hearty fall appetites call for a welcome return to plenty of home baking — here's just the thing: A delightful combination of apricots and pears in a treat called "Pecanoid Bread." Your family will love it.

Pecanoid Bread

Ingredients

1 cup dried apricots (soak 1 hr. in warm water — cut into small pieces)
1 cup sugar
4 teaspoons butter (softened)
1 egg (beaten)
1/2 cup orange juice
1/4 cup water
2 cups Heckers' unbleached flour
2 teaspoons baking powder
1/4 teaspoon soda
1 teaspoon salt
1/2 cup chopped pecans

Blend sugar and butter together, add eggs, orange juice and water — mix well. Sift flour, baking powder, soda, and salt together and add. Blend well; add apricots and pecans. Let stand 20 minutes. Bake at 325° 1 hour.

Heckers' UNBLEACHED Naturally White FLOUR
