School Ten	167	190	160
TOTAL	1977	2527	2320

Belleville voters sprung a few surprises on local political observers in Tuesday's school election as Michael V. Albertine topped all candidates with a total of 2,527 votes and both school budget items were approved by substantial margins.

The current expense item was approved 1,333 to 940 while the repair and replacement item went through 1,588 to 895. The only school district which voted negatively on the issue was School Seven where 171 "no" votes and 166 affirmative votes were counted on current expenses.

School Board President Frank N. DiRuggiero finished second with 2,320 votes and Dominic A. Lally completed the three-year term positions with a total of 2,058 votes. Nicholas Juliano finished out of the running with 1,977 votes.

Richard Drake defeated Mrs. Grace Coronato 1,729 to 1,440 for the two-year unexpired term. Mrs. Mary Kelly Coronato was defeated in the race for the one-year term with 1,764 votes to 1,438 for Mrs. Ethel Roeloffs.

Albertine's greatest showing was in the School Five district where he pulled in 524 votes, the most given any candidate in any polling place. He finished first or second in every school district with the exception of School Eight and Three and the High School, where he ran third.

DiRuggiero found his strongest support coming from School Seven where he polled 372 votes. He ran last only in School Ten. Lally did best in the James G. Shawger School district where he received 391 votes.

School Three gave Drake his biggest boost, with 372 to 276, shattering the record of 316 to 276 which he took from Mrs. Maehusa in Shawger School.

Mrs. Mary Kelly Coronato made her best showing in Shawger School with 316 votes while her opponent, Mrs. Ethel Roeloffs, garnered her highest tally in the School Three.

The Board will hold its organizational meeting Monday when officers will be elected. A total of 4,988 votes were cast, about 700 more than last year.

Successful Candidates Express Gratitude

The five winning candidates in the school election Tuesday today made the following statements concerning their respective victories.

Michael V. Albertine: "I wish to take this opportunity to thank the many people who worked so hard for my election to the Board of Education. The increased interest shown in the Board of Education election, as indicated by the total vote cast, shows that the people of Belleville are becoming more aware of school and school problems."

"I view my election as a mandate to do all in my power to work with the members of the Board of Education to improve the quality of the education of the people and children of Belleville."

Dr. Frank N. DiRuggiero: "I am grateful to all the people who voted for me to serve another term on the Belleville Board of Education. It shall be my guiding purpose to be worthy of the public trust that has been placed in me. Members of boards of education should aim to be educational leaders in the community."

"I shall do my very best to serve all the people of Belleville and to forget their obligation to freedom and trust. The election is now over, and all of us must now move on."

Budget To Be Introduced

The municipal budget will be introduced at a special Commission meeting Thursday at 8 p.m. in the meeting room at Town Hall.

Mayor Isadore J. Padula said he was at this point unable to make any definite statement as to budget figures. Previously, however, the Mayor indicated a decided rise in the present tax rate.

The school budget, which was approved by the voters in Tuesday's election, calls for an increase of 16 tax points in itself. In addition, the Mayor indicated that the Civil Defense budget will be increased to about \$5,000 as opposed to last year's \$1,700 appropriation.

However, CD Director Henry Minahan has stated that present needs for Civil Defense would require \$10,000 in order to do an adequate job.

Richard Shafter Found Not Guilty Of Assault

Judge Grady Rules That No Concrete Evidence Of Assault And Battery Was Offered During Trial; Witnesses Deny Seeing Blow Struck At Time

Richard A. Shafter, of 131 Bremont Street, was found not guilty of a charge of assault and battery leveled at him by James R. Golden, of 62 Tappan Avenue, at Wednesday's Municipal Court hearing before Judge John W. Grady of Carlstadt.

The assault was alleged to have taken place at a meeting of the Belleville Citizens Council for Better Government on Thursday, January 22, in the Recreation House. Golden testified that, as he was addressing the group of about 15 people at the meeting, Shafter arose from his seat, came at him, struck him in the jaw.

Golden, who represented himself, called as witnesses, his wife, Mrs. Lillian Golden, and Donald S. Brown, of 211 Woodlawn Avenue, who testified that Golden showed signs of having been struck when they saw him after the meeting.

James B. Galbraith, of 14 Madison Place, stated he saw Commissioner George F. Kierman and Mayor Grady restrain Shafter at the time of the alleged assault, and that Golden said that he had just been struck. Grady later testified that he had not touched Shafter at any time during the alleged incident.

Galbraith added that he did not see a blow struck. Shafter testified that, at the time of the alleged assault, Golden came toward him "flailing wildly." He said, "I stepped in and brushed his fists aside, and I may have accidentally struck him in doing so."

Shafter said that just before the incident, Golden had been making accusations against himself and Commissioner Kierman in regard to Kierman's abandoning the charter school movement. He said that he had arisen from his seat to warn Golden against continuing his accusations, whereupon Golden came toward him.

Kierman testified that he did not see Golden approach Shafter because he was looking at a magazine at the time. Shafter testified that he was at this point unable to make any definite statement as to budget figures. Previously, however, the Mayor indicated a decided rise in the present tax rate.

Eugene C. Barnett

BARNETT NAMED TO TOWN CLERK POST BY MAYOR

To Complete Term Of Mrs. Mary Anderson Who Retired Because Of Ill Health

Eugene C. Barnett, of 33 Van Houten Place, has been appointed town clerk by Mayor Isadore J. Padula.

Barnett was named acting town clerk in September after the former clerk, Mrs. Mary Anderson, retired because of ill health.

It had been rumored that Padula had agreed to give Kierman the library in return for which Kierman would abandon his campaign for a second year in office.

In addition, Kierman was supposed to have gained the Mayor's support for the purchase of the Elk's Building for the Recreation Department.

Kierman previously denied any knowledge of a deal in his statement to the press. Padula said that the reason for the transfer was that the library was more properly in the jurisdiction of the Recreation Department than Revenue and Finance.

"By statute the appointment of the trustees of the library Board is under the authority of the Mayor. As director of Revenue and Finance, as well as the Mayor, I sought to determine whether the library represented a source of revenue or whether it was a recreation activity. Under the law, I transferred the library to the Department of Recreation and Finance. A study of the library's activities is being made at the same time with recreation then required."

It then sought to return it to the Department of Parks and Public Property.

"The Director of that department had expressed a willingness to receive it, since all other forms of recreation are under his authority, and reading and study is for many a type of recreation. I am sure that the library is a public building and public property. While the library Board was under my jurisdiction, I made one appointment. I appointed John D. Boyd to the vacancy created by the resignation of A. Stanley Miller. Mr. Boyd is not a close personal friend of mine, but a good citizen and a person of high character."

"The entire transaction has been more or less routine, with no occasion for secrecy or collusion and I would like to emphasize the fact that the Library Board and other Board organizations for the administration of town affairs do not represent political parties or groups of public spirited citizens. The utmost consideration is given to the public interest and the citizenry alike."

Memorial Set For Erection

Bids will be received for the erection of a permanent veterans memorial located on Union Avenue by Tuesday at 8 p.m. by the town of Belleville.

The proposed memorial will replace the present one which is constructed of wood. The new one will be of durable material such as concrete or granite.

The new memorial will have on it the names of all town residents who served in the military or naval forces. Plans for the new monument were set in motion recently by the Veterans Council. Funds for the memorial had been set aside some time ago in the Department of Parks and Public Property.

Mayor Padula Denies 'Deal' Involved In Transfer Of Library

Library Board Transferred From Revenue And Finance To Department Of Parks And Public Property; Says Library Belongs In Recreation

Mayor Isadore J. Padula denied this week that the transfer of the Library Board from the jurisdiction of the Department of Revenue and Finance to the Department of Parks and Public Property, headed by Commissioner George F. Kierman, was part of a "deal" between himself and Kierman.

It had been rumored that Padula had agreed to give Kierman the library in return for which Kierman would abandon his campaign for a second year in office.

Theft Case Adjourned Until Wednesday Night

Mayor Padula Cautions Against Making Political 'Capital' Out Of Incident; Says Precautions Now In Force Will Guard Against Similar Cases

The case of Mrs. Irene Petrocilli, 43, of 669 Mill Street was adjourned until Wednesday at the Municipal Court hearing.

Mrs. Petrocilli, employed in the Department of Revenue and Finance as a bookkeeping machine operator since 1941, walked into Police Headquarters Friday and confessed that she had embezzled \$5,000 from the town since September. She returned from Florida when a brother telephoned her that she was being sought by police.

The brother of two children told police she took the money for "food and clothing." She is separated from her husband.

In regard to the incident, Mayor Isadore J. Padula made the following statement:

"It is my opinion that this most unfortunate incident of payroll fraud is not the product of any commission on vigilance in any sphere of operation, but in a number of places subject to a trust common to small communities, where everyone believes that he or she knows the caliber of everyone else."

"The fraud which was detected by the town treasurer and his assistant could have been detected by the bank or auditors, which it is not for this usual community reliance. There is a certain measure of freedom given to employees in any department of business, and the same department become familiar with the habits of their fellow employees in the discharging of their respective duties."

"In the present case, the suspect, without authority, called for bank statements, from which he removed checks, were missing. However, I issued a blanket bond for all town employees, which prevention had never been taken before. Such a bond is not intended to insure leniency for an employee who may decide to commit theft within the bounds of the bond, but merely to safeguard the interests of the community. The legal consequences of his or her offense against the town."

"I have further ordered that, from now on, regardless of precedence, no one in my department is to be given a measure of freedom given to employees in any department of business, and the same department become familiar with the habits of their fellow employees in the discharging of their respective duties."

Taking part in last Thursday's dinner and lecture sponsored by Clara Maass Memorial Hospital for 50 area doctors enrolled in the postgraduate program at Seton Hall's College of Medicine were, left to right, Rev. William Nor Field, Seton Hall director of public relations and development, Dr. Richard B. Cattell, director of the Luby Clinic, Boston, Clara Maass Executive Director, Alvin H. St. Catharine's, of Newark, and St.
Charles, of Newark, took over the
lead, three games ahead of the
St. Mary's. St. Catharine's has won
the title two in a row.

St. Mary's was smothered in the
opening, 81-566, but rallied to post
678 on the strength of a 186 ef-
fort by Terry Inaugurino. St.
Mary's took three from St. An-

Heart Murmurs Not Always Dangerous Says Association

In conjunction with the drive now being conducted in
Belleville and surrounding communities by the Essex County
Heart Association, the Association released the following
information on heart murmurs.

Each year in September and October terror runs ram-
pant through the families of the country as the school
physicians send home notes to unsuspecting mothers telling
them that their progeny has been found to have "a murmur
of the heart." The telephone takes
too long to dial. The trip to the
doctor's office is endless, and the
wait for the verdict is an eternity.
Is this fear and concern child?

To answer this question we must
consider several other questions.
What is a murmur? Essentially a
murmur is a type of abnormal
sound heard either over one of the
valves of the heart, or over some
of the blood vessel leading from
the heart. No educated ears are
needed to hear the normal heart
sounds, but only the ear with long
and careful training can detect
the slight difference in accentua-
tion of the sounds, or the abnor-
mal sounds called murmurs that
may be associated with deranged
action of the heart, with damaged
valves, weakened heart muscles or
which may be the result of an-
aemias, rapid flow of blood and
other causes of no serious con-
sequence whatsoever.

This is the important point, not
every murmur means that the
heart has heart disease. It is
true that valves that do not close
tightly or valves that are narrow
are responsible for vibrations that
are not normally present and when
we hear them we call them mur-
murs. But many times a perfectly
normal heart may present a mur-
mur as well. It is the separation of
the murmur that is significant of
heart disease from the murmur that
may signify nothing that demands
all the skill of the physician.

A murmur can only be detected
by the use of the stethoscope. None
of the other instruments such as
the electrocardiograph or fluoro-
scope can detect this abnormality.
We do have electronic stethoscopes
of use of help, but they too are
nothing but adaptations of the
stethoscope itself. One may hear
all kinds of murmurs, such as blow-
ing ones, soft ones, harsh ones,
rumbling, crescendo, decrescendo,
long, short, systolic, diastolic, and
presystolic. They all mean differ-
ent things, and they are very dif-

ment other than the town treasurer
or assistant town treasurer will
be allowed to pick up Bank State-
ments and even they will sign a
receipt with the bank as to the
time and date the statements were
taken. The town's representative,
namely treasurer or assistant
treasurer, will then check through
the statement to determine the
presence of a cancelled check for
every payment received. Other-
wise, the short time between col-
lecting the bank statements and a
check for lunch could allow a
theft of cancelled checks.

"I trust that the punishment of
the culprit will be left to the
legal authority of the Prosecutor's
office, and ensure confined to the
culprit, instead of being used as
a fire-brand by opportunists."
"It is not my idea of good po-
litical practice to use the mis-
adventure of an individual as
group as a spring-board for ad-
vantage in any field. I trust that
no one in Belleville will resort to
the morally unclean act of making
capital of this tragedy in human
weakness."

by a competent physician who
shall try to evaluate the signifi-
cance of the murmur. This is not
always simple. It may take obser-
vation over a period of time, or
it may demand certain special
tests, such as x-rays, fluoroscopy,
electrocardiograms and even car-
diac catheterization to decide
whether a given murmur has sig-
nificance. So remember, that every
murmur does not mean heart dis-
ease, and that many of them dis-
appear, and others though present
for the lifetime of the patient have
little if any significance.

Fund Drive Community Dinner Opens

A Free Community Dinner
marked another step toward fund-
ing the Clara Mass Memorial Hospi-
tal last Tuesday evening when
hundreds of local citizens turned
out to observe the official open-
ing of the current \$750,000 build-
ing fund drive to construct and
equip a School of Nursing and
residence.

Climaxing the evening program,
crowds cheered when the fund-
raising announcement came from Henry C.
Pfaff, General Campaign Chair-
man, "that just over \$280,000 has
already been contributed to date."

This total has been contributed
entirely by those who are closely
connected with the hospital and by
those who are most aware of the
critical problem facing the School
of Nursing. Hospital employees
alone have contributed a total of
\$22,000, while the medical staff
has committed themselves to 20
per cent of the total or \$150,000.
The Board of Trustees followed
by pledging 10 per cent of the
goal over a three year period or
a total of \$750,000. Mrs. Elmer
Mason (Women's Auxiliary of C.M.M.H.) announced their gift
of \$10,000, while Mrs. R. Samuel
LaMonica, President of the Hospi-
tal Guild pledged \$25,000 on be-
half of the Guild.

"We hope," Pfaff said, "that
this 38 per cent total already
received will set an example for
the community to follow. The
spirit and enthusiasm has been
shown by the contributions re-
ceived by those so closely con-
nected with the hospital."

Two Seniors Commended

Two Seniors at Belleville High
School have been commended by
the National Merit Scholarship
Corporation for their scholastic
performances on a nationwide test
of educational development, ac-
cording to Principal H. D. Kittle.

The seniors honored are Christo-
pher Corcio and Michael Sussman.
The Belleville High School stu-
dents were the New Jersey win-
ners-up in the 1958-59 Merit
Scholarship competition. Each has
been sent a letter of commenda-
tion by National Merit Schol-
arship Corporation, John W. Sil-
maker, President of NMSO, believes
that the 10,000 students who re-
ceived the commendation rank in
the top two or three per cent in
ability of the senior students in
their respective states and should
be given every encouragement to
continue with their education.

"While the students receiving
this commendation did not quite
reach the finish of the 1958-59
Merit Scholarship competition,
each of them has demonstrated
highly superior ability and out-
standing promise to benefit from
higher education."

"I hope that every one of them
will make it special effort to ob-
tain a college education. With fur-
ther education, these young people
can play a vital role in our na-
tion."

The annual National Merit
Scholarship competition offers the
largest system of privately fi-
nanced scholarships in the United
States. The program is open to all
high school seniors in the United
States and its possessions.

Over 478,000 students in 14,000
high schools entered the 1958-
59 competition, which began with
the National Merit Scholarship
Qualifying Test on April 29, 1958.

Name Kennedy To Heart Fund

Appointment of Robert Kennedy
of the Peoples National Bank and
Trust Company of Belleville as
treasurer of the Heart Fund Com-
mittee in Belleville was an-
nounced today.

The local effort will be high-
lighted by a Heart Sunday cam-
paign on February 22 as part of
the \$100,000 county-wide door-to-
door effort on that day. A corps
of several thousand volunteers will
ring doorbells in 21 communities
as the climax of the Essex County
Heart Association's annual
fund drive.

The Heart Fund helps support
an intensive program of research,
professional and lay education,
and service, all aimed at combat-
ing heart disease and its after-
effects. Of the money contributed to
the Essex County campaign, 57 1/2
per cent remains in the county,
and 17 1/2 per cent is allotted to the
New Jersey Heart Association.
The American Heart Association,
the national heart fund drive.

The substantial sums which re-
main in Essex County support re-
search programs and clinics in
hospitals through the county,
passing by trained nurses to heart
patients, and provision of free

ADVERTISER AT WORK!

Whether it's to aid distraught mothers, busy retailers or manufactur-
ers, advertising is ready with a helping hand. On the pages of this news-
paper, right on through the classified, you'll see ads that are working
hard to help advertisers sell their products or services.

Advertising helps by spreading the word throughout the length and
breadth of the land. As more people are informed, more products are
sold. The demand snowballs and causes greater production, resulting
in constantly improved products at lower cost.

Nowhere else in the world is advertising used so effectively and exten-
sively - and nowhere else is there such a high standard of living. Adver-
tising helped to bring on this high standard of living. Thus, you are the
one who benefits from advertising!

School and PTA Notes

Student Canteen Popular

The School Three Canteen for seventh and eighth graders has its regular sessions on the first and third Friday of each month from 7:30 to 10 p.m. The students enjoy such games as badminton, shuffle board, checkers, chess, pool, and ping pong. During the second period of the evening dancing is the activity with dance music provided by the "Debonaires", who have been sponsored by the two graduates of School Three.

The Canteen is sponsored by Mrs. Geneva McCumber, assisted by Mrs. Gilda LaVecchia, Miss Roseann Passarigo, and Miss Rose Ann Parigiano, who alternate as volunteer to serve the light refreshments.

A Canteen Council made up of two representatives of each of the 7th and 8th grade classes, scheduled the games and general work of the canteen. Elected as home-eclassians, they are: Judy Scarfi, Jeanne Buiat, Charles Buiat, Charles Brennan, Jack Scott, John Vago, Karen Tomassio, Kathy Bailey, and Pauline Rabino.

Joyce Coleman, Of B.H.S. Homemaker Of Tomorrow

Belleville High School's 1959 Betty Crocker Homemaker of Tomorrow is Joyce Coleman. She received the highest score in 50-minute written examination on finance taken by graduating senior home-making knowledge and girls. She will receive a home-making pin which represents the slogan, "Home is Where the Heart Is." Her examination paper will be entered in competition with those of other school winners in the state to name the state Betty Crocker Homemaker of Tomorrow. The test is designed and judged by Science Research Associates.

Each state Homemaker of Tomorrow will receive a \$1,000 scholarship from General Mills, an educational trip April 4-10 with her school advisor to Washington, D. C., colonial Williamsburg, Va., New York City and Minneapolis, and she will be a candidate for the title of All-American Homemaker of Tomorrow. The school of each state winner will receive a \$1,000 scholarship. General Mills will award a \$500 scholarship to each state runner-up.

The scholarship of the All-American Homemaker of Tomorrow will be increased to \$5,000. The national runner-up will receive a \$4,000 grant, third place winner a \$3,000 award and fourth place a \$2,000 scholarship.

School Budget Explained

At the last meeting of PTA School Ten, Kenneth Broo, one of the group's members, gave a detailed account of the school budget. A Funder's Day program, directed by Miss Jean Daley, a third grade teacher, was presented. Members taking part were Mrs. A. Lillo, Mrs. John Warren, Mrs. Donald Woodman, Kenneth Broo and A. Calabrese.

Important PTA history dates were reviewed by Mrs. Agnes McManis. Mrs. Jean Reilly, Mrs. Gomez and Mrs. Daley. Refreshments were served by the third grade mothers.

School 7 Sixth Graders Combining Subjects

Three sixth grade classes of School Seven have been working on an interesting unit correlating English, social studies, and art. While studying about the Far East in social studies classes, they have been learning the correct way to write a business letter in English classes.

As a supplement to their text books and in order to get the very latest information on Far Eastern countries, they have written letters to various agencies which distribute free of charge valuable data, maps, charts, etc. of China, Pakistan, Malaya, Korea, Indonesia, Burma, Japan, Thailand, Cambodia, Laos, Vietnam, and India. As an art project the boys and girls have made intricate block-prints in oriental design to use as covers for the booklets they are making.

Recently the children reported that one of the questions asked on the TV show "This Week" was as follows: "Into what nation was the former nation of Indochina divided?"

The contestant did not know the answer, but the sixth graders did and were exceedingly proud of themselves. Sixth grade teachers are Mrs. M. Isabel Wiedner, Mrs. Ann Robinson, Mrs. A. Mazza and Seymour Grossman, principal in case you do not know the answer is Cambodia, Laos, North Vietnam and South Vietnam.

Kiwanians To Be Honored At Congressional Dinner

One-sixth of the members of the 66th U. S. Congress are Kiwanians, according to Frank Rosen, president of the Kiwanis Club of Belleville, who is sponsoring the dinner.

Kiwanians occupying important posts in the executive branch of the government will be honored by a luncheon international at the Statler Hotel in Washington, D. C. Wednesday evening, February 18th.

About 800 people are expected to attend the colorful affair which will be held at the largest Kiwanis Meeting. Principal speaker will be Kenneth B. Lohed, Toronto, Ontario, Canada, President of Kiwanis International.

Strumolo Group Installs Officers At Dance Last

The Vincent T. Strumolo Association sponsored a Valentine dinner-dance, tomorrow evening, at Christians Lounge, Sandy and Joy Rodas, young TV singing stars, will be on hand to sing the latest song hits. All the ladies attending will receive a gift from their husbands or sweethearts.

SPOTLIGHT ON SPORTS

By FRANK JONES.

Top headline-getter on the bowling front this week was Vince Sebastiani, who rolls in the Recreation Monday Bowling League for the Belleville Political and Social Club. Vince bowled games 619 and 241 to ring up a total of 683 pins in the three-game series. His squad took advantage of his stellar performance and won two games from the league leading Reservoir Club.

The tight race in the Recreation Senior Basketball League shows no signs of letting up. As a result of last week's action three teams are tied for first place, Chet's Sweet Shop, the Dolphins and the Kiernan Association. The Dolphins had managed to hold a precarious lead until Chet's 53-48 victory last week.

Belleville basketball fans must have been both surprised and happy to hear that the Bellboys were given a foot in the door of the Essex County Tournament. The Blue and Gold were scheduled to face Newark Academy last night, the winner of which game was to play Nutley tomorrow at 2 p.m. at the Seton Hall University gymnasium.

On the subject of the County tournament, the gentlemen in charge of seedings have been living through a few taken place since the seedings were announced. Second-seeded Nutley, who did manage to give Bloomfield their only loss, was embarrassed by a mediocre Garfield team last week. Meanwhile, seventh-seeded West Side was slaughtered by unseeded Irvington. One could almost say that if it weren't for those Bloomfield guys, it would be a very interesting tourney.

Sportsmanship To Be Factor

The Essex County CYO, this week, announced it would honor 15 of its more than 115 basketball teams for outstanding sportsmanship at the end of the season in March. Commending for team honors will be squads from St. Mary's and Holy Family.

One team from each league will be selected for the award, the CYO said. The CYO operates leagues in six classifications but because of the heavy entry it was forced to set up as many as four leagues in certain divisions.

Parishes sponsoring the award-winning clubs will be given a plaque at the CYO Night of Champions in May. In addition, each member of the team will be given a certificate.

The award, the CYO stressed, is not to be decided on ability but on the manner in which the team behaved on the court toward other players, their coach and the referees. Selections will be made by the coaches in each league. Also participating in the balloting will be the referees who handled CYO games during the season.

Outstanding Player Award. That award is given by the CYO to the top player in scholastic ranks on the basis of ability and sportsmanship. Purpose of that award is to promote excellence and fair play among the county's high school players.

P & S CLUB PULLS REC. LOOP UPSET, SWEEPS LEADERS

Belleville Political and Social Club Wins Two From 1st Place Reservoirs

The first place Reservoir Club of the Recreation Monday Bowling League dropped two games to the Belleville Political and Social Club in last week's action at Branch Brook Lanes.

The P & S boys ganged up behind a great 683 series by Vince Sebastiani to top the League leaders. Pots of the Reservoirs posted a 624 series in this same battle.

The second-running Centerville took a three game sweep from the Vince Sebastiani Association while third place Federal Engineering bowed to Palma Realty two out of three. In the other game of the evening the M & C Sheet Metal topped the Meteors, two out of three. In spite of dropping two games the Reservoirs posted the high total of the evening with 2817. Sebastiani of the Belleville P & S hung up the two highest games for the evening with a 244 and a 259.

Belleville Bowlers Post 900 And 913 In Topping Wayne

Richie Lowack And Bob Alessi With 447 And 407 Two Game Totals Pace Coach Lee's Belleville Boys To Fourth Straight Victory

In the past two weeks, Belleville High's keplers, coached by Mr. George Lees, have been the hottest team in the North Jersey Interscholastic Bowling League as they defeated Nutley 720-705 and 858-755 last week and Wayne this week with two tremendous 900 games. The Bellboys beat Wayne 900-763 and 913-752.

In the Nutley match the Belleville koglers took the first game despite their comparatively poor 720 series. Bill Van Ness was the high man for the Bellboys in this game with a 170 while most of the others had trouble with The Towser's allies.

The second and evening game saw the Bellboys finally catch fire, and they rolled a fine 858 series. Lou "Skip" Crudele was the big gun for the game with a very fine 213 game. This was also high game for the day for the entire league. For Lou and Bob Alessi also posted good games with 184 and 176 scores.

The match against Wayne was no contest as the Belleville five men aggregate total went 900 or better in the two games. Richie Lowack and Bob Alessi were the high men in the scoring column as Lowack posted 211 and 236 for his two games, and Alessi notched 196 and 211. Joe Novack had 125 and 145 while Skip Crudele had 161 and 168.

The Belleville total of 913 was a record for the League, but it did not hold up for long as Bloomfield rolled 914 in the third game of its 2-1 victory over Seton Hall. Bloomfield and Belleville are currently tied for first place with 4-0 records. Montclair took two matches in the first two weeks but were whipped by Arlington and Nutley. Verona and Caldwell beat St. Benedicts and N. Arlington last week as it was Verona's second win in four tries while it was Caldwell's first victory against three previous losses. St. Benedicts and North Arlington are at the bottom of the league with identical 0-3 records.

Registrations In Pre-School

Registrations are still being accepted for the Recreation Pre-School Play Program at the Recreation House.

Any child entering kindergarten in the fall is eligible to join this group.

The program consists of handicrafts, stories, games, songs, art, outside play, hot rest period and occasional parties on holidays. The mothers of the children take an active part in the program serving a duty day about once every ten days. This program is designed to introduce the child to group play and produce a pleasant social adjustment for their first years at school.

Jayvees Trounce St. Benedicts In Tourney Opener

Belleville High School's Junior Varsity squad coached by Thomas Testa, made its appearance in the Essex County Junior Varsity Tournament Saturday, and came out on top, with 58-46 first round victory over St. Benedicts.

Red Higgins paced the Bellboys with 20 points in the fray, but totals of 10, nine, eight and six points by Sal LaCoco, Frank Ammichiaro, George Sheridan, and Mike "Spud" Sandomeho backed Higgins up in the win. Armi chiorio also did a tremendous job under the boards. Other boys who hit the scoring column for Belleville were Joe Buttol, two points; Ed Moro, Larry Latore, and Howie "Boo" Ellis, single scores.

In the opening quarter the Belleville team held a 11-3 lead as Higgins, Ammichiaro, and Sandomeho collaborated for all 11 Belleville tallies. However, before the quarter ended, the Gray Bees managed to cut the Bellboys lead to five points as the first quarter score stood at 15-10.

Higgins opened the second session with a duce to make it 17-10, but St. Benedicts ran off four straight markers to cut the Bellboys margin to three points. The Belleville five then countered this string with an eight point streak which broke the game wide open with Belleville leading 25-14.

Later in the quarter the Gray Bees knived one point off of this lead when the score was 29-19, but Higgins and LaCoco dumped three apiece to make it 32-19.

Tomorrow at 10:15 a.m. the Jayvees are scheduled to play Immaculate Conception of Montclair in the second round of the tourney. The Montclair team whipped West Side 55-44 in their opening round game.

Election Notes

Tuesday's school election provided a few interesting and perhaps unexpected developments. Most political prophets had just about given up the school budget for lost, but Belleville voters showed remarkable good sense by approving the measure by wide margins. This was the first time in three years that the school budget had been passed the first time around. We hope that this vote indicates to the Board of Education members that Belleville residents might just be a little more interested in high quality education than they had expected, and that they take their cue from this by giving the voters the most for their money.

As far as the race for School Board positions was concerned, Michael V. Albertain, running for the second time, surprised everyone by sweeping in with the top vote total. Dr. Frank DiRuggiero ran a close second in his successful bid for re-election.

Interest will be centered Monday night on the re-organization meeting when Board officers will be elected by the members themselves. At this point we'll go out on a limb and predict that Dr. DiRuggiero will be re-elected to the president's position.

The voting turnout was slightly better than last year but still pitifully small.

F.J.J.

"Am I My Brother's Keeper?"

As a moral concept, the ideal of human brotherhood has its roots in the ages. It finds expression in the implicit answer to Cain's exasperated question: "Am I my brother's keeper?" It has imbued the acts of true brotherhood which have graced the relations of the human beings who have occupied this earth from the dawn of civilization.

Nutley is, indeed, fortunate because it has none of today's problems of conflicts of race or creed which, too often, have harmed human relations. We are a community of Christians and Jews, of whites and of negroes. None is denied, here, his place or his rights because he may be of a minority. Our schools are not segregated.

Under those circumstances, unchallenged

by the conflict of hate and fear and prejudice, a Brotherhood Week observance here so limited in scope would be mere lip service to an ideal. It would serve a vastly more useful purpose if, next week, dedicated to brotherhood, we were to take stock of our position as a nation in this world of hostility and brutal tyranny.

It would not suffice to thank God that we Americans live in freedom while hundreds of millions of other humans live in the bondage of Communism, an anti-religious creed based on the very principles of hate and envy which are the antithesis of human brotherhood. We are realists enough to know that, beautiful as that would be, the peoples of this world cannot, yet, live together as one family of man in sympathetic brotherhood.

In taking stock of reality we should realize that the best way to brotherhood, to human peace and to freedom is to face the world with strength, with confidence in the cause of our Christian faith in any conflict with atheism, with our eyes wide open to the treachery of Communism and with a determination to fight to protect our democratic civilization which, despite its admitted imperfections, comes closest, by our interdependence, to the fulfillment of the common goal implied in Cain's question: "Am I my brother's keeper?" R.E.H.

Nothing Should Delay Fox Choice

Now that it is virtually certain that Governor Meyner will name his secretary, Brendan Byrne, to succeed Charles V. Webb, Jr., as Prosecutor of Essex County with John F. Crane, of Nutley, as his First Assistant Prosecutor, there should be no further loss of time in naming Senator Donald C. Fox to head the Democratic ticket in Essex County.

In his freshman term in Trenton, Senator Fox has had an outstanding record. The legislative scorecard in the Senate shows that he was third among all the Senators in the number of bills presented which were enacted into law. Only Wayne Dumont and Robert Crane had better records and they are both Republicans in a house controlled by their party.

Alas, Senator Fox has held his distinguished distance from those who hold the control strings of his party. They control, also, the naming of the slate of candidates which must be filed by March 5. It was from that side that the suggestion was advanced that Senator Fox should succeed Webb — thereby opening the post of head of the ticket to someone more in high favor at the county headquarters.

It is the contention of The Nutley Sun that Senator Fox must be named to succeed himself if there is to be any assurance of Democratic retention of the Senate seat for Essex County. Fox can be assured of support almost as great from within the Republican party as from the Democratic voters. He comes as close to bi-partisan representation as it is possible to achieve. R.E.H.

LETTERS

To the Editor, The Times-News:

Four more years of commission form of government under the leadership of Mayor Padula is intolerable. It must be recognized under his leadership our tax rate is mounting higher and higher, and that commission form of government has outlived its usefulness and must be discarded. I am not only speaking for myself, but for the hundreds of taxpayers who are made the suckers to pay the bill. What happened to the promises made during the campaign to slash taxes. You can't cut taxes by padding the payroll, by creating unnecessary jobs at fancy salaries to relatives and special friends.

When taxes go up the landlord is forced to raise the rent of the tenant. The increase in the water rate is one example that something is wrong in the Town Hall. Every year the Water Department shows a good profit. What really happens to that money, no one knows. The commissioners have now banded together and are pulling every political trick to stop the change. Under the new form of government, salaries paid to the manager and council must be set by the people and at no time will they have the power to raise their own salaries like in the City of Newark. Retail business in Belleville has fallen off, and many stores have closed their doors due to high rents and taxes.

Unless we unite now and make the change, Belleville will become a ghost town. Industry will move out. People will leave the city, our future is at stake. Protect your homes, your property, your jobs and your pocket book. I am not seeking glory or any kind of a political job, but just an honest

to goodness administration with a reasonable tax rate. Also Lincoln was right. You can't fall all the people all the time. Vote for the change.

Correction

In the issue of January 30, the Times-News incorrectly stated that James Golden was defended by Judge Edward J. Abramson several years ago. The fact is Judge Abramson represented Golden in a legal matter.

The story in which the misstatement occurred was concerned with the hearing on January 28 on charges of assault and battery by Golden against Richard Shaffer.

Scouting Roundup

Girl Scout News

On Sunday, 164 intermediate and senior girl scouts and 18 adults enjoyed ice skating at Branch Brook Park Rink, which was reserved for use by Belleville Girl Scouts. Transportation to and from the rink was by chartered buses. This is becoming an annual event in Belleville scouting and the girls look forward to it eagerly.

The Girl Scout Council of Belleville, through its President, Mrs. Andrew J. Verhagen, announce the election of the following to the annual council meeting: Vice President, Mrs. J. Patterson; Secretary, Mrs. C. Pietri Organization, Mrs. E. Rochat; Publicity, Mrs. H. J. Kraft.

Membership Nominating Committee: Mrs. D. McCarthy, Mrs. J. Manning and Mrs. L. J. Cowan; Training Chairman: Mrs. H. Minahan; Members at Large: Mrs. R. W. McKeef, Mrs. H. Anderson, Mrs. E. Powers were appointed by Mrs. Verhagen to be chairman of the membership nominating committee as she still has an unexpired term to serve.

The training committee of the Belleville Girl Scout Council has set up a Basic Training Course for leaders and committee members and for new members who are thinking of taking troops at a later date.

The course will be given at Girl Scout Headquarters, 51 Rosemont Place, starting February 17, 9:15-11:15 a.m. and will continue for three weeks: February 17, 24, 26 and March 3 and 5, all morning sessions.

For the convenience of those must bring small children, a babysitter will be provided. To register for this Basic Training Course please telephone Mrs. Henry Minahan, telephone 9-3031.

The Leaders Club, will hold a meeting Wednesday evening, February 18, at 8 p.m. at the Recreation House, Jonathon Street and Garden Avenue. A film, furnished by the Essex County Park Department, will be shown and Mrs. Camilla will narrate. All the recreational facilities, etc., which include ice skating rink, will be shown and described. An important business meeting, which will include area council business, will precede the film. All registered adults are requested to attend.

After a short meeting of the Board of the Girl Scout Council Wednesday evening, a delegation from the Board drove down to the Newark Girl Scout Headquarters, where a farewell party to honor Mrs. T. Voorhies, who is retiring as President of the Newark Council after 30 years service in scouting.

Reid Stationed in Texas

Thomas J. Reid, son of Mr. and Mrs. B. P. Reid, of 35 Mertz Avenue, enlisted in the US Air Force on January 21 and is stationed at Lackland A. F. B., San Antonio, Texas.

University Of Scouting

The University of Scouting, under the direction of Robert Butler, headmaster of Newark Academy, got underway Thursday evening at West Side High School for more than one hundred adult members of the Robert Treat Council Boy Scouts of America. Mrs. Nicholas, Scout President, announced the program which is designed to orient new members and present four basic courses on the following six consecutive Monday nights, to all adult members of the scout movement. The program is open to all adult leaders in the Newark, Irvington, and Belleville areas. Adult leaders in the Cub Scouts, Boy Scouts, Explorers as well as Commissioners for all groups will participate in the six week program.

Lemberger To Receive Stamp Merit Badge

Alan Lemberger of Boy Scout Troop No. 339, having passed the test to receive the Scout Stamp Merit Badge has received it at his troop headquarters during Boy Scout Week which is from February 6-13.

The final test in receiving the Scout Stamp Merit Badge is an exhibit of a qualifying nature. Lemberger's exhibit was at The Peoples Bank of Belleville.

Commissioner Spurs "Together" Meeting

Police Commissioner Harry J. Sullivan will make an active role in the Scout movement. The Scouts, to be held February 23, in the American Legion Hall, 621 Washington Avenue. Being Belleville District Scout Chairman, puts Mr. Sullivan in a position to know the answers to many of the questions confronting residents which pertain to boy activity, development and education. Boy education should not be left to the schools alone, but should be a part of the concern of parents and those interested in community growth and improvement. Many of the things learned by growing boys are not picked out of textbooks; rather they are learned from his close associations with friends and other associates.

The "Together" meeting will use Mr. Sullivan's experience and ability in the position of consultant to the various groups gathered.

Three age groups will be represented—the 8-10 Cub Scout age group, the 11-14 Scout age group and the Explorer groups, comprised of boys 14 years and older. By working together, the parent, leader and consultant hope to expand Belleville's present Boy Scout program to afford a larger number of boys the variety of activities offered in the Scout-involvement.

Receive Scout Award

Boy Scouts William Baker, of 209 West Street and Henry R. Kane, of 16 Arthur Street, received Altiare Dei Medals at Sacred Heart Cathedral, Newark, on Boy Scout Sunday, February 8. The medals are one of the highest honors awarded the Catholic Scout.

Scout Monthly Roundtable

Scout Week, February 7th through 13th, was "kicked off" with a roundtable of all scouts on Monday evening, February 9, at School Number Eight. The roundtable featured programs for both boy scout and cub scout leaders and was presided by a "coffee-break" social at which the scouts renewed old or made new acquaintances.

The roundtable was the first of a series of monthly roundtables promoting the theme of unity and activity among Belleville's scouting family. The roundtables will be presided over by Joe Gilchrist, District Commissioner, with the aid of P. J. O'Connell, Cub Scout Coordinator, and Harry Winfield, Explorer Coordinator. Troops and Packs will aid in presenting the programs on a rotating basis. The roundtables are open to the public and all persons interested in the scouting program may attend.

McConnors Host 1st. Friday Club

Mrs. James McConnors, of 33 Dow Street, has announced that the First Friday Club is still holding their monthly breakfasts at her home following 8 a.m. Mass at St. Peter's Church.

The club, comprised of 22 students from St. Peter's 4th to 7th grades, who live some distance from the school, have met every first Friday of the month for breakfast at the McConnors since 1955. Mothers donate toward the food and the students contribute to charitable projects. Last month they entertained children in St. Michael's Hospital, Newark, with songs and dancing. Their current project is helping blind children.

Through an item, concerning the club, published in the Advocate, the Rev. Richard Leahy, of Baltimore, Md., paid the group, a visit last summer and was guest of honor at an outdoor picnic for 60 people.

Science Made Interesting At James Shawyer School

James G. Shawyer School has met the challenge of Russia's "Zoutnik" with the organization of a Science Club. The purpose of the club is to provide students with a better understanding and knowledge of science. This is done by capturing their interest through participation in scientific experiments and field trips to industries producing electronic equipment observe science in operation.

Under the guidance of David Daniels, upper grade science teacher and moderator of the club, the new organization has already delved deep into the study of

"science" by studying and experimenting with such items as resistors, capacitors, electron tubes, transformers and loudspeakers. The seventh and eighth grade students of which the club is composed, are looking forward to a further study of electronics, the special field in which the club's activities are centered for this year.

In order to combine a little of science with the study of the club, the group recently attended a concert of the "Yale Orchestra Society of New York" at the Mosque in Newark. Appropriately, the program included a dance interpretation of the construction of a grand piano by the ballet company of the Metropolitan Opera Company.

Senator Case To Speak At Brotherhood Meeting

Local School System

Using Educational TV

The Belleville Public Schools have been provided with an important supplementary tool of learning the television. The Board of Education has furnished each school with a movable television set.

Although all persons may not agree on the educational value of television in the home, there can be no doubt in the minds of parents and educators that the educational programs on elementary, secondary, and college levels televised daily by Metacast Channel 11 are of great value as an aid to students and teachers.

In the James G. Shaw High School, for example, this medium has been utilized in connection with many subjects and with various sized groups.

On Friday the eighth grade social studies classes had the opportunity to attend the televising of President Eisenhower's State of the Union message. These classes, under the supervision of Mrs. Mayne Martivelli have been studying the branches of government and the work of each of these branches. They also viewed films on our Congress and its work. Just as the film was an excellent visual aid, so too, was this televised speech.

The English department is using these educational programs in its other field. Many of the eighth grade students will study a foreign language in Belleville High School. This program is televised daily from 12:30 to 1 p.m. and the interested students report fifteen minutes before the opening of the regular school session. These lessons are followed by short discussion periods conducted by their teacher, Mrs. Emma Miller, who is certified to teach French, in addition to English.

An excellent program in music "The String Quartet" was viewed by the seventh grade music classes with their teacher, Miss Mary Murray. In the follow up discussion period in music class Miss Margaret Dance, the music supervisor for this school, elaborated on this lesson.

Although this medium may be used to great advantage in the classroom today as an aid to teaching, we must use it as any educational aid should be used—as a tool or supplementary device. There must be a genuine purpose to be served and a definite end to be gained by its use. In order to do this the television program must be preceded by careful background teaching and followed by a period in which the vital points are discussed and summarized.
