

Light Vote Expected In Tuesday Primary

Republican Split, Five Local Contests For Democratic County Committee Highlight Voting In Primary; Seven Offices Are At Stake

A light turnout of voters is expected in Tuesday's primary election despite a bitterly contested Republican fight on the county level and five Democratic contests for district leader in Belleville.

Voters within each party will nominate candidates for state senator, assembly, sheriff, surrogate, freholder, coronor and county committee.

Rival tickets within the Republican ranks are headed by Alfred C. Clapp, State Senator, chairman of the County Government ticket, and Charles V. Webb of the Regular Republican.

On the local scene, no contests arise for leaders in any district within the Republican ranks. However, five Democratic contests were noted.

In Ward One, District 2, Thomas W. Smith, of 131 Main Street, Regular Organization Democrat, will be opposed by Frank P. Dilligrosso, of 30 North Street, Edith H. Marshall, of 118 Cortlandt Street, Regular Organization, will be opposed by William J. Pernicola, of 28 Bayard Street.

Pico stated that according to information received by the local health authorities from the State Department of Health, New Jersey has not had a case of rabies in humans since 1955, and very few cases of rabies in dogs during this period.

Health officials and specialists in animal diseases, transmissible to man, say that the most widespread immunization of dogs. They also say that unvaccinated dogs are not immunized constitute a potential reservoir of infection.

Causes of rabies among dogs would be cured quickly, and from them to care for pets which have been immunized against the disease.

The Health Department urged that all dog owners, in order to protect themselves and their pets, bring their dogs to be vaccinated with anti-rabies vaccine at the free clinic at the time and places above designated.

An Editorial Resignations Are In Order

The Board of Education has, in its own inimitable fashion, rung down the curtain on the Minasian-Calabro case. We would, however, by no means say that the matter has been resolved. As a result of the Board's weird activity—Monday night, Henry Minasian has neither the confidence nor the censure of the Board. It is as though the debate that has raged for the past four weeks, during which the Belleville school system was dragged through the mud, has gone for naught. We are, in other words, back where we started, with none of the many questions which arose during the controversy having been answered.

The Board has still not decided whether or not a school principal has the right to discipline his school as he sees fit. We have not yet been told by the Board whether it is proper for a school employee to organize a pressure group to come and create disorder in his behalf at a public meeting. If the Board's action of Monday night is considered a victory for Henry Minasian, it is certainly a shallop one.

However, what we are most concerned with at this point is the future of the Belleville school system. The recent controversy has widened the split on the Board to a such a degree that there is no hope of the two factions coming together in the foreseeable future.

On one side there is President Frank DiRuggiero, Dominic Lally and Mrs. S. John Cornato. On the other is Michael Rubino, Richard Drake and Mrs. Violet Rochau.

Ordinance Calls For Rise In Town Water Rates

Commissioners Also Introduce Ordinances On Civil Service Survey, Appropriating Funds For Air Conditioning In Town Hall Offices

An ordinance calling for an increase in water rates was passed on first reading by the Board of Commissioners at Tuesday's meeting.

Homeowners will now be billed quarterly instead of semi-annually. The minimum quarterly rate will now be \$3.75 per 1,000 cubic feet under 3,000 cubic feet. For amounts over 3,000 cubic feet the rate will be \$3.25 per thousand.

The present rate for homeowners is \$3.10 for the first 2,000 feet with an additional charge of \$2.20 for each additional 1,000 feet.

For quantity users, the rate will be \$8.75 per thousand for the first 3,000 cubic feet; \$3.25 from 3,000 to 32,000; \$2.65 from 32,000 to 323,000; and \$1.95 for the excess of 323,000.

The present quantity rate is \$2.20 up to 30,000; \$1.95 30,000 to 150,000; and \$1.55 over 150,000.

The rise in rates was occasioned by the increase in the rate charged by Newark which supplies Belleville with water. The Newark rate was raised this year from \$85 per million gallons to \$120.

In other business, the Commission passed on first reading an ordinance appropriating \$25,000 for air conditioning in Town Hall.

Commissioner Robert C. Grubin voted "yes" on the ordinance but said he expected other bids to be obtained.

An ordinance recommending compensation by Civil Service Commission salary ranges and titles within the Department of Revenue and Finance was passed on first reading with Grubin abstaining.

Deadlocked Board Settles Minasian, Calabro Matter

The Vote On Two Resolutions Permits Minasian To Remain In Present Status; Action Ends Case Before Packed House At School Eight Auditorium

As a result of the vote on two School Board resolutions governing the disposition of the Minasian-Calabro controversy Monday, Minasian's position as principal of Schools Ten and Two remains unchanged.

The first resolution would have dropped proceedings against the principal and would have given him a vote of confidence. On this measure, affirmative votes were cast by Board President Frank DiRuggiero, Dominic Lally and Mrs. S. John Cornato, negative votes were voiced by Mr. Violet Rochau, Michael Rubino and Richard Drake, Michael Albertine abstained.

The vote on the resolution went 3-2. The vote on the second resolution which would have transferred Minasian to School One and brought the present School One principal, Paul Brennan, up to Schools Ten and Two, was 2-3.

Immediately after the vote, Board Counsel Mrs. N. Schwartz stated that since both resolutions were defeated by a tie vote, the legal position was that there was no change in Minasian's present status.

The action took place before an audience of over 2,000 people in the School Eight auditorium. As in the meeting of the previous week, the proceedings were punctuated by heated verbal clashes among members of the audience and Board members.

Both sides of the issue were brought out once again at the meeting, the Minasian argument being presented by Frank Hayden, a Newark attorney, and opposing view given by Salvatore

AGRESTA SEES DISTRICT LEADERS AS 'GRASS ROOTS'

Anthony Agresta Running For County Democratic Committee In Ward Two, District Five

Anthony N. Agresta, of 39 Washington Avenue, candidate of the Regular Democratic Organization for district leader in Ward Two, District 5, today stressed the importance of the County Committee post as the "grass roots" element of political parties.

Agresta urged increased voter participation in Tuesday's primary.

A supervisor at Congelone Naim, Agresta has been a Belleville resident for 15 years. He lives at his Washington Avenue address with his wife Jean and two children, Nick and Irene, at Belleville High School.

Construction Down Slightly

Building activity during the month of March showed a slight decline according to a monthly report of the Building Department by Building Inspector Thomas P. Green.

The report showed that \$495,570 worth of construction was done in March, including 10 new single-family homes totaling \$160,000, two two-family houses at \$18,000 each, and additions and alterations to two commercial buildings at \$29,570. In February, 16 one-family homes were constructed at a total of \$160,000, and two two-family houses at \$30,000.

SISTER KENNY FUND REPORTS LOCAL FIGURES

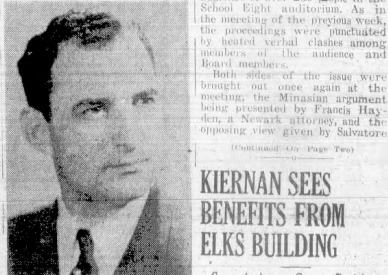

Amount Raised In 1958 Drive As A Participant In United Fund Shows Rise Over '57

Belleville's share in the 1958 Sister Kenny Fund Appeal in New Jersey came to approximately \$950, according to the Sister Kenny Foundation.

In the 1957 drive the amount raised was about \$825. A Foundation spokesman told the Belleville Times-News: "In 1958 the local drive was included in the United Fund Campaign. The amount originally requested by the Sister Kenny group from United Fund was \$1,000. It was raised, however, that although it is generally possible to raise more money with an independent drive, the amount saved on campaign expenses by going with United Fund, usually makes up the difference."

United Fund figures show that 1.85 per cent of the United Fund total was stated for the Sister Kenny Appeal.

Frank A. Orechio

The stock of the corporation reverted to Mr. and Mrs. Russell Hay on August 14, 1958, by virtue of an agreement entered into by Ralph Haysen, the former Editor and Publisher. The Hays sold all their right, title and interest in the Times-News, 251 Washington Avenue, as a cash transaction, for an undisclosed amount.

Mr. Orechio is the publisher of another weekly newspaper, The Little Falls Herald, and last week purchased a second weekly newspaper, The Valley Sun, operation in the same location.

In addition to purchasing control and management of The Times-News, Mr. Orechio also purchased The Nutley Sun building. His present plans provide for a consolidation of The Valley Sun operation in the same location.

SURVEY SHOWS B.H.S. GRADUATES GET HIGH MARKS

High School Guidance Dept.
Compiles Statistics From '58
Grads' College Transcripts

A recent study of the first semester grades compiled by members of the Belleville High School Class of 1958 who are currently attending college revealed that 84 percent of the grades were the equivalent of "C" or better.

The results were compiled upon receipt of official transcripts from the colleges by High School Guidance Director Samuel Slikin. The number responding included 79 of the 90 students enrolled in college.

A further breakdown of the figures indicated that of the 496 grades included in the survey, 44 or 11% were "A" equivalent grades; 141 or 35% were listed as "B" equivalent, and 155 or 38% were included in the "C" category. The above accounted for 340 of the grades.

cleaning. Unless trash and rubbish is to be placed in containers at the curb on regular pick-up days. Extra trucks will be furnished to remove it. No stones, plaster, soil or tree trunks will be picked up.

Minasian

Calabro, father of the School Ten pupil over whom the controversy originally arose. Hayden brought out that, if any element of the Calabro matter was injected into the proceedings on Minasian, the Board was leaving itself vulnerable to a charge of

abuse of discretion. He brought out that there were no formal charges against the principal and he held that Minasian had not been given the opportunity to properly defend himself against alleged criticism.

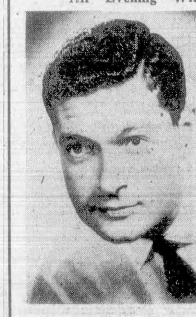

Calabro repeated his early contention that he had dropped formal charges against Minasian after Counsel Schwartz had advised the Board not to accept written charges. In return for this, Calabro declared, Minasian went ahead with his threatened suit.

The resolution to transfer Minasian was the result of recommendations made by Superintendent of Schools Ezra Thomas who stated in his recommendation that the transfer would ease the "factionalism, bitterness and prejudice" that had arisen in School Ten. Thomas was asked by several members of the audience how Minasian could be expected to do a good job in one school and not the other. He replied that Minasian's ability as an administrator had never been questioned, and that it was not necessary that his difficulties in one school should follow him to another.

Dominic Lally stated that Thomas had had opportunities before to take action concerning Minasian's difficulties, but had waited until now to do so. Lally said that if it became necessary for the sake of the future of the Board of Education, he would resign his post if the other members would follow him.

Guidance Clinic Group Elects Hewitt Treasurer

The regular meeting of the Board of Trustees of the North Essex Child Guidance Clinic was held at Clara Mauds Hospital on April 7, with Dr. Frank Durkee presiding.

The nominating committee, headed by Rev. C. Hewitt, report the nominated and then elected officers for the coming year. They are President, Mrs. Frances Romney of Nutley; Vice President, Mr. Fulton MacArthur of Glen Ridge; Secretary, Mr. Richard Nagy of Bloomfield; and Treasurer, Mr. John Hewitt, of 324 Stephens Street. Rev. Hewitt took the opportunity to express appreciation for the leadership provided by the officers of the year now ending. A special vote of thanks was extended to the re-nominated, staffed, and established as a service-performing agency in the short space of one year. That so much has been accomplished in so short a time is largely the result of the contribution which Dr. Durkee has made. The entire Board of Trustees are grateful and wish to make recognition of these splendid services.

Saul Eisenberg, Clinic Coordinator, gave a full report for the month of March, and stated that admissions were just about capacity and it was difficult to tell people on the waiting list how long they would have to wait before they could be given treatment. Attempts are being made to find additional psychiatric personnel, in the form of longer working hours by a psychiatrist, in order to meet the ever increasing demands for service. Eisenberg also reported that accepted cases have been opened up proportionately on a community basis.

St. Peter's Church Holds Mission

St. Peter's Church began a two-week mission for members of the parish beginning Sunday, April 19, and ending Saturday, April 25th. The mission will be given by Fathers Joseph Burns and Father Benedict McNamara of the Passionist Order of Union City. The first week was for the women of the parish and high school girls, and the second week will be for the men of the parish and high school boys. Services are held each night of the week-long mission, consisting principally of a sermon and Benediction of Blessed Sacrament, will begin at 7:45 p.m.

A mission is a period of concentrated spiritual reflection and meditation, the purpose of which is to renew fervor in the practice of the Faith and to restore worthy resolutions. A Parish ordinarily will conduct a Mission every three or four years. One of the principal exercises enjoyed upon the faithful at this time is the receding of the Sacrament of Penance, that is, the making of a Confession. A Catholic is obliged to confess at least once a year under pain of serious sin. Those making the Mission are also encouraged to attend daily Mass during the week.

One who gives a Mission strictly speaking is one who is 'sent' for this is the meaning of the word. In the case of a Parish Mission, he is not so much sent to introduce the Faith, as would be the case in a new land, but rather to renew the conscientious practice of it. A Mission is a time of great grace, given by God to all who make the sacrifice to come.

Believe it or not, the baseball season is officially underway, and who cares? The opening games of the past two years have only led to this writer the full impact of a modern tragedy, the departure of the National League from the metropolitan area. Moreover, as a dyed-in-the-wool Giant fan, we naturally feel the poignancy of their absence far more than the average baseball fan, especially the arrogant, smug Yankee fans. After all, what do we have to go out and look at any more but the Yanks? It's absurd. They always win. Who wants to go out and watch a team that always wins.

Perhaps there would be some consolation if we could be assured of watching some real major league baseball after making the trek to Yankee Stadium, but let's face it. The American League is not a major league. Except for the New York club, it is composed of teams manned by players that hardly make a triple A classification. Where the National League boasts of powerful, colorful club, what can the junior circuit point to except..... you guessed it, the Bronx Bombers.

And not only do the Yanks win with nauseating regularity, but they do it with ridiculous ease and nonchalance like a group of automatons. There is no color, no class, no daring. What's the point of it? What can we do? All that can be done is to hold out a vague hope that one day the powers that be may decree a return of National League ball to the pitiful abandoned Giant and Dodger fans, so that once again, opening day will be the exciting significant event it should be. We'll take anything; we'll even take back the Dodgers.

Belleville made the headlines of the sporting world this week, but in case you didn't hear about it, it's little wonder. The Belleville we're talking about is a good many miles away in Ontario, Canada. Last week the whole town turned out to welcome back the Belleville Macfarlands, the local hockey team which made its mark in the international picture by winning the world hockey championship in Prague. The Canadian Bellevilleites staged a cavalcade through the city to honor the players.

Local girls who have passed their 16th birthday are eligible to enter the Queen of Ice Contest to be held at the Annual South Mountain Ice Carnival Saturday, April 25. The deadline for applications is April 24, and entry blanks may be obtained at the South Mountain Arena, Northfield Avenue, West Orange. Several outstanding figure skating champions will be featured at the Carnival.

Local fishing enthusiasts will be pleased to hear that the County Park Commission has established areas for bank fishing at Verona, Branch Brook and Weequahic Lakes. About 1,600 feet along the eastern shore of the Branch Brook Lake was selected.

Bowlers Win Holy Family Second Spot Makes Finals

Couch George Lee's Belleville High School Bowling Team whipped the Mounties in a play-off match 811-703, 799-818, and 801-7.

The Bellboys also placed second in the North Essex Inter-scholastic Bowling League Tournament. The Belleville team rolled 2,875 which was second in Bloomfield's 2,701.

Richie Lowack, who had placed third in the individual averages for the season, came through with a fine performance to take the net individual title with a three game total of 569. Lowack rolled 181, 171, and wrapped things up with a final score of 207 to share the trophy.

Holy Family, first-place team in the Newark Division, won the semi-finals in the Essex County CYO Bowling League by beating St. Mary's, first-place team in the Suburban II Division, two games at Monroeville.

St. Mary's took the first game with a 776 led by Paul Drangy who rolled a 181 and Frank Gilbert who rolled a 172. Holy Family took the next two games despite a 48-pin handicap given to St. Mary's.

Holy Family's second game totaled 773 led by Al Battaglia's 208 and Gary La Motta's 170. The third game 748 was again led by Al Battaglia with a "186" and Gary La Motta with a "166". High series were rolled by Al Battaglia "507" and Gary La Motta "489".

Belboys Fall In Two Of Season's First Three Frays

Coach Edward Berlinski's Belboy nine dropped two of its first three games of the year. The Belleville team nipped Lyndhurst 1-0 in the season's opener, but then dropped games to West Orange, 2-1, and Seton Hall, 3-0. The West Orange loss was a Big Ten game.

In the Lyndhurst game, Coach Berlinski found himself a capable hurler in Richie Magyaris. Magyaris pitched four hit ball for five innings, but he was pulled in the sixth when he seemed to be tiring. John Dattoli, Belleville captain, came in and saved the win for Magyaris.

The game winning score came in the first when George Sheridan, Belboy second, singled, singled, second base, and went to third on Mike Morano's single to short left. With Dattoli at the plate, Morano attempted to steal second and was safe when the Lyndhurst second baseman dropped the ball. While all this was taking place, Sheridan, who at first hesitated, broke for the plate and scored the games only run when the catcher dropped the ball.

The West Orange game saw Dattoli pitch the four hit game, but he suffered on errors in the first and second innings which gave the Cowboys their scores. Dattoli was also hurt by the lack of runs scored by his own team. Belleville made hits, but they couldn't seem to put them together.

West Orange opened the scoring in the last half of the first when Barry Greenwald and Earl Aasen singled to put men on first and second with two outs. Greenwald then scored on an error by the Belboy catcher, Nick DeGuercio.

Belleville got one run back in the top of the third when Sheridan, walked, went to second on George Vitale's single, and came home on Belleville's second, Don DeBrowski, singled through the hole at short. Then Vitale was caught napping as he was hung up on a fly ball by Morano.

In the top of the seventh Roger Munnay batted for Fred Riccio and was safe on an error. Pat Bivona was also safe on an error to put men on first and second with no outs. Then Sheridan forced Munnay at third, and Vitale was out on an infield fly. DeBrowski ended the game with a solid drive which he hit right at the West Orange leftfielder.

Seton Hall scored all of their runs in the third inning at the expense of Magyaris when two walks, two base hits, and an error led to three tallies. Magyaris pitched but two innings in taking his first loss. Eric Hatch came in during the third and pitched five scoreless innings.

In the third, Bill Wolff walked, Wally Metrone was safe on an error, and Bill Regan got an

Surprise Gift
For Mrs. Revill

Mrs. Bertram Revill, of 47
William Street, a resident of
Belleville since 1912, was the re-
cipient of a unique and unex-
pected "birthday present" from her
two daughters, Mrs. Lillian
Goerke and Mrs. Margaret Jorje.
Mrs. Revill, who celebrated her
72nd birthday February 26, was
given a long distance telephone
call to her three brothers and four
sisters in Sheffield, England, her
original home. This, for a few
minutes at least, the large Eng-
land family was reunited as Mrs.
Revill was visited a "Happy
Birthday" by her sisters Mrs. Lil-
lian, Mrs. Mily Senot, Mrs.
Winifred Brooks, and her brother
John, John W. England, Wilfred
England and Debra England.
The call was arranged between
the two daughters and their
sister, Mrs. Hirst, at whose home
the call was received. The whole
idea came as a complete surprise
to Mrs. Revill.
Mrs. Revill's husband, also origi-
nally from Sheffield, passed
away two years ago. On Christ-
mas Day, 1956, the Revills cele-
brated their golden wedding an-
niversary. Celebrating with them
were four of their five children,
seven grandchildren and six
great-grandchildren.

What Is A Realtor?

"A Realtor is not just any real estate broker. The term is a registered trademark which can be used only by an active member of the local real estate board who thus is pledged to abide by a strict code of ethics," Howell S. Cogan, President of the Board of Realtors of Bloomfield, Glen Ridge, Nutley & Belleville, said today.

He issued the statement to stress the importance of the Realtor's Pledge which is being emphasized during the celebration of Realtor Week, April 12-18, by that board and hundreds of others throughout the country.

Mr. Cogan said it isn't the fact that a man is licensed and sells real estate that makes him a Realtor. It is his acceptance into membership by the local board and the National Association of Real Estate Boards.

"His signature on his application for membership pledges his willingness to abide by the rules and adherence to the Code of Ethics," the board president explained. "He affirms that his every undertaking shall be in the interest of his client and the community."

"Despite the success we have enjoyed in 'policing' the manner in which our own members conduct their business, we are blamed frequently for the mistakes and malpractices of others in the business who are not members. This situation could be eliminated virtually if the public could be made to understand the true distinction of the term 'Realtor,'" he added. Mr. Cogan said it was a pleasure to recite the Pledge because "in effect, it reaffirms to the public the obligation their Realtors owe them."

The Realtor's Pledge follows:

"I AM A REALTOR — I Pledge Myself:

To protect the individual right of real estate ownership and to widen the opportunity to enjoy it; to be honorable and honest in all dealings; to seek better to represent my clients by building my knowledge and competence; to act fairly towards all in the spirit of the Golden Rule; to serve well my community, and through it my country; to observe the Realtor's Code of Ethics and conform my conduct to its lofty ideals."

Proclamation

WHEREAS, the Board of Realtors of Bloomfield, Glen Ridge, Nutley and Belleville, in cooperation with hundreds of other Boards of Realtors throughout the country and the National Association of Real Estate Boards, is observing "Realtor Week" from April 12 - 18; and

WHEREAS, the Realtors of Belleville have taken a leading part in the development of our Town by serving with professional competence in the promotion, planning, building, sale and purchase of all types of real property; and

WHEREAS, Realtors have always been in the forefront of those willing to donate of their special talents for the betterment of civic life as shown by their leadership in service clubs, citizens' organizations, various advisory commissions, and particularly in their "Build America Better" program for the arrest of urban blight and the elimination of slums; and

WHEREAS, the motivating spirit of Realtor activity is well expressed in the strict code of ethics based on the Golden Rule to which every Realtor is pledged; and

WHEREAS, every Realtor has available to him, in serving our citizens in any field or real property — whether it be commercial, industrial, or residential — the specialized knowledge of organized real estate; and

WHEREAS, above all, Realtors have played a most beneficial role in helping increasing numbers of our people to achieve home ownership status to the great betterment of our civic well-being;

NOW, THEREFORE, I, Isadore J. Padula, Mayor of the Town of Belleville, in the County of Essex, New Jersey do hereby proclaim the week of April 12 - 18, 1959, to be "Realtor Week" and urge our citizens to join with the Board of Realtors of Bloomfield, Glen Ridge, Nutley and Belleville in its celebration.
