

Mayor Will Attend Public Meeting May 22 On Gas Pipeline

Padula To Study Proposed Construction Of Pipeline Through Belleville; Natural Gas Line Will Hit Belleville Near Nutley Line

Mayor Isadore J. Padula told the Belleville Times News Wednesday that Town Attorney Lawrence Keenan and he will attend a public meeting of the Board of Public Utilities commissioners Friday, May 22, at 11 a.m. in Newark on the issue of the gas pipeline construction scheduled to take place in Belleville.

The Transcontinental Gas Pipe Line Corporation has applied to the Board for a permit to lay a pipeline from Somerset County to Lyndhurst which will pass through Belleville. Padula said he is studying the matter to see how properties in town will be affected and to uncover any possible danger that might arise due to the nearness of some of the homes to the line.

Plans call for the pipeline to pass through Belleville along the Public Service tower line right of way, which is close to the Nutley boundary. The pipe will then probably be installed under the Passaic River between Belleville and North Arlington.

The pipeline is part of a national hookup transporting natural gas from Texas and Louisiana.

In a statement last week, the Corporation assured property owners of a minimum of disruption, and compensation for any temporary damage. Some of the streets that might be affected by the construction are Franklin Avenue, Newark Place, Forest Street, Mary Street, Memphis Avenue, Hilton Street, Moore Place, Passaic Avenue, Emmett Street, Sunset Avenue and White Oaks Terrace.

SPRING CONCERT SET WEDNESDAY AT HIGH SCHOOL

Music Group To Participate In 30th Annual Affair Directed By Samuel Peck

Belleville High School will present its 30th annual Spring Concert Wednesday evening in the High School auditorium.

Samuel W. Peck, director of Music in the Belleville Public Schools, is in charge of the production. Herbert A. Matlack will direct the instrumental numbers.

Featured on the program will be a cantata, "Ballad for Americans" and music from "Oklahoma." The Girls' Choir will be one of the main songs of the night. The Baker's Dozen will sing both serious (Brahms) and light (Bertini) music.

The dance band, under Matlack's direction, will open the program. Victor Lombardo, a singer who accompanies himself on the guitar, will be heard in his own compositions. Shirley Sica and Pat DiGirolamo, protégés of Josephine Rossi, a noted Belleville voice teacher, will join forces in a duet.

Other soloists and ensembles include the Delantes, the Debonaires, Fred Wananmaker, dancing star Barbara Glick, baritone Joseph Dopart, mezzo soprano Janice Reynolds, contralto Betty Watt, dancers under the direction of Evelyn Ray, and the High School orchestra.

Tickets may be obtained from any high school student. The program will begin at 8 p.m.

Tells Of Assault On Belmont Ave

Genevieve Sonalski, 41, of New York City, told police that she had been assaulted by a man in an automobile on Belmont Avenue early Saturday morning.

Mrs. Sonalski was found at the corner of North Belmont and Franklin Street by Walter Sherman of Newark, a driver for the Newark News. Sherman took Mrs. Sonalski to a police phone where he called Bloomfield police, who in turn notified Belleville officers. The woman said that she had been picked up in New York by her attacker and driven to Berk by a motor Avenue where the assault allegedly took place. She was taken to Columbus Hospital for treatment and subsequently released.

Weekend Weather

Showers are forecast for Saturday and Sunday, clearing at Sunday. The afternoon temperature is expected to be in the mid 70's.

Students of Belleville High School are given a rundown of procedures during meetings of the Town Commission by Mayor Isadore J. Padula in the Town Hall meeting room. Occasion was Youth Day program sponsored by the Elks Club during which a BBIS social studies group of the Belleville town government facilities. Nicholas Mauncele, of 122 Garden Avenue, was recently elected president of the Colony Club.

Other officers are Pat Calabrese, vice-president; Louis J. Bruno, treasurer; Joseph Baccio, financial secretary; and Nicholas Marola, sergeant-at-arms.

The Club is composed of local businessmen who take part in charitable activities. At present they sponsor an annual picnic and Christmas party for St. Anthony's Orphanage in Kearny. They also present an award to the outstanding Belleville High School athlete every year.

Burglary Nets Chicken Feed

Pauitryman Pete Zippo, of 10 Mulvey Street, has been having his difficulties with thieves who seem to have intentions of getting into the poultry business themselves.

Last Friday Zippo reported the theft of 100 pounds of chicken feed from a metal drum in the back yard of his place of business at 93 Franklin Street. As if that wasn't enough, the chicken-hearted thieves returned early Monday morning and flew the coop and two dollars in pennies.

A graduate of Pratt Institute and the Traffic Managers' Institute, Mr. Giese lives with his wife and four children at the Belleville home.

Child Guidance Elects Officers

The Belleville Child Guidance Association has announced its officers for the coming year.

They are: President, Mrs. Michael Albertine; Vice-President, Mrs. Seymour Perak; Secretary, Mrs. V. J. Weissel; and Treasurer, Mrs. Charles Asher.

Mrs. Albertine has appointed the following chairman of the standing committees: Membership, Ernest Arvidson; Finance, Thomas D'Avella; and Publicity, Mrs. John Noonan.

The next meeting of the Child Guidance Association will be held on Thursday at the Woman's Club, 25 Lincoln Place, at 8 p.m. John Grey, psychologist for the Belleville schools, will be guest speaker and will show films of case studies.

The Association is planning a fund-raising event for the fall and urges all of its members, as well as other interested people, to attend this meeting.

All releases, news and social, given to the Times-News, must include the name of person or persons issuing releases. Deadline for all copy is Tuesday at 4:30 p.m.

Operation Alert, 2nd Phase, Starts Tonite

Public Will Not Participate In Civil Defense Exercise; Booklet On Home Protection Tips Distributed In Schools; Units On Parade

The second phase of "Operation Alert 1959", a nationwide Civil Defense exercise, will be held this evening. Thomas S. Dignam, acting state CD director, announced yesterday.

This phase will not involve the public and sirens will not be sounded. The Belleville unit's personnel will activate control centers at about 7:30 p.m. and enter into problems based on the attack pattern and radio-logical situation used in a similar exercise a year ago.

The play at the local level will be to determine: to what extent major operational and resource requirements could be met in 14 days after such an attack; where outside support will be necessary; to what extent resources could be made available to state for use in other areas; and recommend changes in policy and regulations to make the post-attack job more manageable.

Through the courtesy of the Board of Education, Henry Mianasian Civil Defense director, has distributed throughout town to over 5,000 students attending our schools, copies of the Federal Civil Defense Booklet titled Home Protection Exercises.

This method of distribution was thought to be the most comprehensive plan with the greatest possible coverage. Persons who did not receive a copy may have one mailed to them by calling PL 9-4400 and giving their name and address.

The booklet is divided into eight home protection exercises that are the foundation of the home defense action program.

The eight sections in the booklet are:

What to do when the signals sound; Preparation of your shelter; Home fire protection; Home fire fighting; Emergency action to save lives; What to do if somebody is trapped; Provisions for food and water in emergencies; Home nursing.

All Essex County Civil Defense units were invited to parade Saturday. Through the cooperation of the Belleville Fire Department the local unit sent a pumper truck, a 5 k.w. light truck and an ambulance. The Belleville Auxiliary Police were represented by a group that also marched in the parade.

Eastern Star Show Tonight

Miss Charlotte Stillwell

Miss Charlotte Stillwell will direct a musical revue, "Around the World in a Day", to be presented by the Eastern Star, 292, Order of the Eastern Star, tonight and tomorrow evening, in the High School auditorium.

Miss Stillwell, a graduate of Kansas City Dramatic School for Directors, has been interested in Little Theatre work, radio and TV, and the promotion of entertainment in both music and the drama.

"Around the World in a Day" centers around a TV quiz show and its winners whose prizes are trips around the world. 24 teenagers were selected to appear in the show, and a number of outstanding acts will include musicians, singers, dancers and impersonators, mostly Belleville residents.

Mrs. Doris Sackles, of 255 South Street, assisted Miss Stillwell in selecting the talent.

Accordianist To Represent US In World Competition On June 20th In NY City

Donald Hulme and his teacher, Charles Nunzio, returned recently, after an exciting and eventful weekend in Tulsa, Oklahoma. Nunzio had entered Donald in the Accordion Teachers' Guild National Championship Play-offs held Sunday in Tulsa Municipal Theater. As his choice piece, Donald played his teacher's arrangement of the first movement of Tchaikovsky's Violin Concerto. Donald placed first, received an impressive trophy, presented at the gala concert that evening. At the concert he performed his "own choice" number.

Hulme will represent the United States in the World Accordion Competition, Coupe Mondiale, on June 20th at the Prince George Hotel, New York. It is open to the public. This is the first time the world contest has been held in the United States, and the American Accordionists' Association and the Accordion Teachers' Guild, co-hosts, are going all out to make this a memorable affair. The list of contestants includes representatives from the Western Hemisphere, Europe, Australia, and South Africa.

More than 20 countries will be represented. A concert has been planned at Carnegie Hall for the same evening, presenting a galaxy of outstanding artists and of outstanding artists and groups. Many accordion celebrities from all over the world will be on hand for the day's events.

On April 26, Donald passed the final auditions for the Music Educators' Association of New Jersey, and was recommended for public appearance during their next concert season.

Salk Clinic Set Up For Wed. In Schools; From 9 to 11, 1 to 3

First Of Series To Be Administered In Schools Four And Eight; Clinic Organized After School Board Requires Polio; Diphtheria Immunization

In response to the Board of Education's recent resolution making immunization against both polio and diphtheria a requirement for attendance in kindergarten and first grade beginning September, special clinics will be set up Wednesday for the first Salk inoculations, according to Superintendent of Schools Evan Thomas.

Through the cooperation of the Health Department and the School Board, the clinics have been set up for two groups of children who have had no polio shots. The first series will be administered Wednesday from 9 to 11 a.m. in School Eight, and from 1 to 3 p.m. in School Four.

The second shot of the series of three will be given in the same buildings at the same time on June 10. The third shot will be given six months later. Any child who has had the first two shots will be eligible for admission to school.

Thomas said that if the demand for the clinic's services exceeds expectations, more school centers for the immunization will be set up and announced before Wednesday. Children in Schools Ten, Two and four districts will be cared for in School Four, and all others in School Eight.

The clinic will not provide for diphtheria immunization. Thomas suggested that parents consult their family physician to make sure the child has been inoculated. A doctor's certificate of both immunizations must be presented for school entrance in September. These are in addition to the small-pox vaccinations.

Edwin Cropley of Cuspsaw Lake today was named circulation and subscription manager of the Belleville Times-News. Cropley has handled several newspapers nationally. He was first president of the Ringwood Educational Fund, present chairman of the Memorial Day Parade and Field Day for Ringwood Borough, and is active in the Lions Club.

REPORT RESULT OF SALK PROGRAM AT SCHOOL TEN

260 Belleville Residents Take Advantage Of Shots; Second Shot On May 27

On Wednesday evening, April 29, the Belleville School Number Ten Parent Teacher Association offered the first of three Salk Vaccine Clinics to the entire population of Belleville at a very nominal fee. The clinic was held in the school auditorium where 260 adults reported to have their first Salk shot.

On Wednesday evening, May 27, at 8 p.m. in the auditorium of School Ten Health Chairman Henry Mianasian announced the second Salk Vaccine inoculation will be given for a fee to cover the cost of the vaccine and services of a doctor. Through the cooperation of the Health Department, all of the equipment necessary is loaned to the PTA.

The third required shot will be given seven months later, sometime in December.

Board To Meet

The Board of Education will hold a special meeting Monday at 8 p.m. in the School Eight offices.

Planning Group Spokesman Criticizes Pistol Range

Moore Says He Will Approach Nutley Planning Board On Police Pistol Range Danger After Proposed Park Development In That Area

John Moore of the Passaic Valley Citizens Planning Association told the Belleville Times-News this week that he is approaching the Nutley Planning Board to renew efforts in the Association's campaign to have Nutley request that the Belleville commissioners turn over the police pistol range property to the County for park purposes.

Moore said he is pointing out instances where such ranges in other towns have proven to be a definite danger to neighboring homes. At the last Commission meeting several Belleville residents complained of the possible danger caused by the pistol range.

One of the individuals claimed he had been hit in the chest through the air near his home. Commissioner Harry J. Sullivan, director of Public Safety, told the Times-News that an investigation of the complaint established that the complainant did not live in the immediate vicinity of the range.

Moore said that with the development of a County park in the immediate area, the danger to children would increase. He stressed the advisability of incorporating the land into the park development.

Sullivan said that present plans call for the widening of the pistol range as such. However, a solution to the overall problem is being sought, Sullivan said, and the best possible use for the land will be decided upon.

Recently the Town purchased a 25-foot lot adjacent to the range. Sullivan said the lot would act as a buffer and also prevent a private citizen from buying it and building a home, which is undesirable on a 25-foot lot.

SPOTLIGHT ON SPORTS

By FRANK JONES

The victory-starved Bellboy varsity baseball crew managed to win their second game of the season last week by upsetting a good Nutley team. We hope it may prove to be the turning point of the season for Belleville since they certainly have a better team than their record would indicate. By putting together a few wins before the end of the regular season, the Blue and Gold might be able to get themselves a berth in the annual Greater Newark Tournament.

In general, the schoolboy diamond picture, especially the Big Ten situation, has seen some unexpected developments. Bloomfield's Bengals have shown far more power than most observers had looked for before the season began. On the other hand, teams like Nutley and Irvington have been slow in getting started and have yet to really live up to their pre-season expectations. At this point it looks like a Montclair-Bloomfield battle for the Big Ten crown unless Columbia, Nutley or Irvington suddenly catch fire, which seems unlikely in the light of Bloomfield's recent 16-run avalanche against the Campers.

From our own selfish point of view, the major league baseball season begins to look better and better. As a result of the weekend's battling, the despised Yankees are, thankfully, mired in seventh place, the lowest they have been since Casey Stengel played his last game of hope, and our chosen favorites, the Detroit Tigers, were largely responsible for this pleasant state of affairs with their sweep of Sunday's doubleheader against the New Yorkers.

Over in the National League, another dog-fight seems to be in the making between the Braves, Giants and Dodgers, although we expect the latter to drop out of sight before too long. However, we do look for our favorites to move up on the leaders pretty quick and continue the tight end-tuck action. Pittsburgh pitching, which was a sore spot last season, looked greatly improved this weekend as the Bucs won a pair of squeakers from the Cardinals by scores of 2-1 and 4-3.

Belleville Nine Snaps Six Game Losing Streak

Coach Thomas Testa's Squad Dropped A Very Tight 51-48 Decision To Nutley But Took A Very Close, Exciting 55-53 Win over Kearny

Belleville High's varsity, coached by Edward Berlinski, broke its six-game losing skein in fine fashion as they nipped Nutley 3-2, and whipped Kearny 5-3.

Jim Dattoli, Berlinski's ace lefty, got credit for both of the wins as he posted a four hitter against powerful Nutley and a five hitter against Kearny. In the two games Dattoli struck out 15 men, but he also walked 15 men.

Belleville opened the scoring in the Nutley game when in the top of the first second sacker George Sheridan tripled to right center-field and came home with the score on Den Debruyck's double over the center-fielder's head.

Nutley evened the score in the bottom half of the first when Dattoli walked Steinmeyer and San Giacomo, and Jim Ippolito singled to lead the sacks. Then the Maroon scored when right-fielder Debruyck misjudged a fly.

Belleville went ahead in the second inning as they pushed across two runs on three hits and a base on balls. Ron Valente singled as did Fred Riccio, and then George Vitale walked to fill the bases. Sheridan then singled to left to score Valente and Riccio.

Nutley managed to get to Dattoli in the eighth, but that was the only score they could manage as the big lefty took a 3-2 decision for his first win of the season.

The Bellboys also opened the scoring in the Kearny game as they took a two run lead on single runs in the second and third innings. In the second inning Dattoli opened with a base hit, went to second as Roger Mamay walked, and scored on a single by Vitale. In the third inning Mike Morano came through with a hefty out that was good for four bases and a 2-0 lead.

Kearny went ahead 3-2 when in the fifth inning they put together four hits that were good for three markers. Clark singled, moved to second on a sacrifice, and scored on a single by Grabowski. Then Grabowski stole second, and scored when Wynne doubled to right-center. Wynne then scored Kearny's first run as Gillespie tripled to left.

In the sixth Belleville went ahead 4-3 as they scored two runs on one hit and one error. Dattoli singled, and went all the way around on a Kearny error that put Mamay on second. Mamay advanced to third on a ground out and scored the deciding run on a sacrifice fly by Skip Grude. The team scored an insurance

73-Year Old Man Kills Self

William Lynch, of 444 Washington Avenue, committed suicide by shooting himself with a rifle Wednesday morning, police reported.

Lynch, 73 years old, was a long-time resident of Belleville. He was an officer with the Duquesne insurance and real estate firm, located at the same address.

The police were notified of the suicide at about 11 a.m. Wednesday. A suicide note was subsequently found.

According to police, Lynch had been under a doctor's care and had been depressed.

Track Squad Splits In Two Meets Against Nutley And Kearny

Coach Berlinski's Boys Win 2 Games This Week As They Beat Nutley 3-2 In A Nine Inning Big Ten Affair And Kearny 5-3 In A Seven Inning Fray

Coach Thomas Testa's Belleville cindermen split two decisions this week as they lost to Nutley 51-48 on Friday and nipped Kearny 55-53 on Tuesday.

Bob Harvey was Belleville's high scorer in both meets as he notched 13 points against Nutley and 15 points against Kearny. In the Nutley meet Harvey took first in both the high and low hurdles, and he placed second in the broad jump. Against Kearny he again took first in both hurdles events and came through with a jump of 19' 5½" to win the broad jump.

Mike Smith was also a high scorer for the Belleville team in the Kearny meet as he took first in the shot put and the discus which were good for ten points. Smith did not participate in the Nutley meet and his points were sorely missed.

In the Nutley meet Rich "Crusher" Koch set a school record in the discus as he heaved the disk 138' 2". Koch was also the only Belleville man that placed in the Newark Invitational Meet on Saturday.

Excitement was caused in the Nutley mile run when the baseball team's Roger Mamay decided to run the long event. Tom Simpson and Bob Daddis finished one two in the race, for Belleville, but Mamay just missed placing third in the event.

Today the Belleville team will run against East Side on East Side's home grounds, and Tuesday they will play host to North Arlington.

A May Morning

Now the bright morning star, Day's
harbinger,
Comes dancing from the East, and leads
with her
The flowery May, who from her green lap
throws
The yellow cowslip and the pale primrose.
Hall, bounteous May, that doth inspire
Mirth, and youth, and warm desire;
Woods and groves are of thy dressing,
Hill and dale doth boast thy blessing.
Thus we salute thee with our early song,
And welcome thee, and wish thee long.

By John Milton

Mother's Day

One day out of the year is officially set aside in honor of a person, a word, an institution, a force, collectively known as "Mother". In our present society, the day has become a cheap commercialization of what should be something so sacred that to blatantly profane it in the manner that we have become accustomed becomes nothing short of hypocrisy. What happens on Mother's Day? Mother gets taken out for dinner, she gets flowers and a card or two which is supposed to be a token of gratitude for the untold self sacrifice that goes along with the idea of "Mother" in its highest form. Isn't this a rather easy way of paying a debt that can really never be paid. Wouldn't a kind smile, a word or a gesture every once in awhile throughout the rest of the year go a lot farther than the pre-packaged, vacuum packed sentiments that abound on this one particular day.

There is, of course, another side to the story of "Mother" and the various interpretations given the word by our society. It is a tragic fact that an unfortunately large number of people delude themselves with the idea that the essence of motherhood is left behind in the maternity ward. Yet, it should go without saying that, once the God-given natural processes have run their course, it is then that motherhood reaches its finest and most vital stage. This is the molding of character, the guiding, the understanding and teaching that will one day combine in the formation of a complete, individual personality, whose traits and whose attitudes will be a direct reflection of the sincerity, or lack of it with which the word "Mother" was regarded in that person's crucial childhood years. No responsibility in the world has such magnitude. It is a privilege that cannot be abused, and a spiritual force that cannot be dismissed with a trite saying in a flowery card.

The Commission Meeting

The Commission meeting of last Tuesday night was a significant one in several respects. First of all, an overflow crowd filled the meeting room as a result of publicity given to the meeting by the Citizens Tax Council. Now, having seen what can happen when large numbers of Belleville residents come together in one place with hot issues at stake, we were somewhat apprehensive that the gathering might easily

get out of hand. Thus, we were pleasantly surprised to see that it did not.

We would, therefore, like to commend the citizens who attended the meeting for, with certain notable exceptions, conducting themselves with a reasonable amount of decorum and concentrating on raising questions pertinent to the issues at hand.

We were also gratified to see the ordinance limiting persons addressing the commissioners to ten minutes finally invoked. We have been urging its use for several weeks as insurance that no single individual could monopolize taxpayers time with irrelevant speechmaking. It is our hope, now that the precedent has been set, that this ordinance will be actively enforced from now on.

F.J.J.

A Summer School In Belleville

At last week's Board of Education meeting, a proposal was brought up for the establishment of a full-scale summer school to be run by the Belleville school system. Undoubtedly such a move would be a step forward for the Town. At present local school children seeking additional academic instruction must go to the Bloomfield summer school and pay tuition. In Belleville we have a summer remedial reading program which runs for six weeks, and is conducted by three teachers at a salary of \$450 apiece. According to Superintendent of Schools Evans Thomas, 112 pupils registered for the courses last summer and attended with regularity.

It seems to us that, if school officials deem it wise to spend money on summer courses limited to remedial reading, which is, of course, of unquestioned value to the pupils, why not go all the way and give Belleville children a complete summer program? By putting it on a tuition basis the program could be established without too much added strain on the budget, and would more than pay for itself in the additional facilities made available to the pupils.

Thus, we hope that within the next few months the Board will take the proposal under serious consideration and make provision for an expanded summer program in 1960.

Armed Forces Week

In a proclamation by Mayor Padula, the week of May 9 to May 16 has been proclaimed Armed Forces Week. The week will be, of course, highlighted by tomorrow's observance of what President Eisenhower has named Armed Forces Day.

It is undoubtedly fitting that, after we have analyzed and sifted through the negotiations, the proposals and the counter-proposals made in the name of peace, we should take time out to honor that force which stands as the ultimate safeguard against aggression. It is hoped that the dilemmas besetting the nations of the world can be solved at the conference table instead of the battlefield for perhaps the first time in history, but the fact remains that only by dealing, so to speak, from a position of strength can our national interests be safeguarded from those who would take advantage of any weakness to further their selfish aims.

Our armed forces insure this position. In the years following the close of World War II, the presence of our armed might has thus far prevented another world-wide holocaust, hence the slogan for this year's observance, "Power for Peace". Let us hope that this power remains with us as long as necessary, and that it become unnecessary as soon as possible.

LETTERS
To The Editor

To the Editor of the Times-News

I am deeply indebted to the voters of Ward Two, District 5, who supported me in my campaign for Democratic County Committeeman. At this point all I can promise is that I will do my utmost to live up to the responsibility placed upon me to uphold the principles and goals for which the Democratic Party stands.

Hit And Run Car Fells Newarker

Albert Leon, 37, of Newark was the victim of a hit-and-run accident at about 2 a.m. Wednesday morning, police reported.

Witnesses told police that Leon was struck by a green and white sedan in front of 402 Condit Street. He was taken to Clara Mass Hospital and released Wednesday afternoon.

Fortunately, most child spills and tumbles produce no more harmful effects than ruffled childish dignity. However, a survey by the Institute for Safe Living of the American Mutual Liability Insurance Company indicates that more than 250,000 children are seriously injured each year as a result of falls on stairways or from household furniture. Parents should be particularly alert to protect their children from fall sources.

Never take the condition of your car's brakes for granted, warns the Institute for Safe Living off the American Mutual Liability Insurance Company. Even on newer cars brakes sometimes fail suddenly. If this happens, try pumping your brake with short, quick applications of the pedal. Stop off the roadway and send a repairman. To avoid trouble have your brakes checked at regular intervals.

Beware of soft shoulders after a heavy spring rain, the Institute for Safe Living of the American Mutual Liability Insurance Company advises. If forced off the pavement, or if necessary to stop along the road, slow down gradually, do not attempt to turn wheels too sharply to right or left. Take it slowly when starting, try not to spin wheels, and ease your way back on pavement when traffic is clear.

Swett Elected By American Tag

The election of Robert W. Swett as president and treasurer of American Tag Company of New Jersey, Belleville, was recently announced.

He succeeds A. H. Swett, Jr., who has retired from active management of the company.

Robert W. Swett was vice-president in charge of sales and is a member of the board of directors of the parent American Tag Company of Chicago. His career with

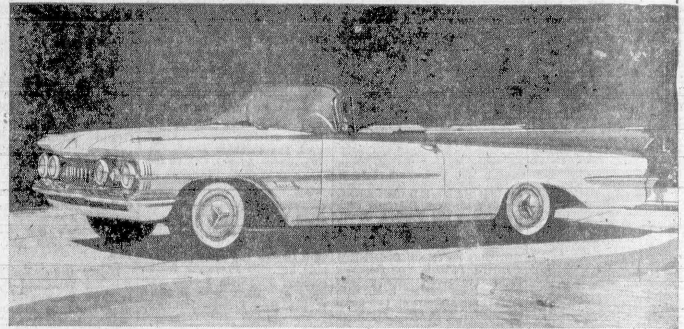

the company began in 1926 when he was employed in the sales department in Chicago. He was made a division manager in 1941 and became director of product development in 1945. He was elected a director and corporate secretary in 1944. He transferred to Belleville in 1954 as vice president of that operation.

Swett attended the University of Wisconsin and received his degree from Babson Institute in 1936. He married Carol Cheney of Chicago in 1939. They reside with their three children in Butler.

He is a member of Pal Updell, a member of the Board of Education of Kinnelon Borough, and is second vice-president and chairman of the finance committee of the Tag Manufacturers Institute, able for the growth and development of the Belleville operation to its present size.

A. H. Swett, Jr., the retiring president of American Tag Company of New Jersey will continue as director and chairman of the board of both corporations. He has been with American Tag for forty-three years and was responsible for the growth and development of the Belleville operation to its present size.

Colonels Come From Behind To Beat Belleville

Nutley Scores Three Runs In Ninth Without A Hit To Steal 7-6 Verdict; Oriole Pitchers Issue 13 Bases On Balls

The Nutley Colonels made its first start in the Essex County League a winning one, Sunday afternoon at Park Oval, when the host team came up with three runs in the bottom half of the ninth inning without the aid of a base hit to steal a 7-6 decision from the Belleville Orioles.

Commissioner Carl A. Orechio, director of parks and public property, tossed out the first ball for the "Rec" sponsored team as both squads were raising the curtain on the County League schedule.

Nutley was in action on Saturday afternoon at the Oval with Fort Monmouth supplying the opposition and will be out to keep its Essex League record unblemished on Sundays with a game slated at South Orange. The game will be played at Cameron Field.

MENTAL HEALTH CAMPAIGN FOR FUNDS STARTED

The Mental Health Association of Essex County is conducting its annual campaign for funds this month to help emotionally disturbed children who are excluded from attending public schools.

In October, 1956, the Garden School project for severely disturbed children was opened as a day-care program, sponsored by the Mental Health Association of Essex County.

In the beginning the School was located in the Paul Neighborhood House, Newark, but now has a building of its own on the grounds of Essex County Institution Hospital, Belleville.

The school rally got a big boost when Jim Fialague, Jake Edelstein, Pete Codella and Ed Mantley received walks to force in one run. Bruce Montgomery received a hit when he batted two runs in the top of the ninth to take a 6-4 lead.

Belleville took a quick 2-0 lead in the first inning on a walk to Joe Valente and a sacrifice fly by Mike Goodman and Nick Petri. Goodman is a former Nutley High outfielder.

Valente came back with two runs in the seventh on a homer. Mantley, walks to Sharkey and Tom Culmine and a fielding error by Tom Morris.

C.W.V. SPONSOR ESSAY CONTEST

Eighth Grade Students At St. Mary's School Participate In Annual Event

For the fourth consecutive year, Sister Anna Celeste, principal of St. Mary's School, is conducting the annual essay contest, sponsored by the Catholic War Veterans, among the eighth grade students.

The winner of the contest, titled "The Value Of A Catholic Education," will receive a wrist watch from the C.W.V. The two runners-up will receive Missals containing personal epigrams of Rev. Seymour R. Ryan, chairman of the St. Mary's C.W.V. The awards will be granted at the graduation exercises in June.

The Danger In Letting Your Sincerely Become "Infectious"
Question: What travels faster than a rumor?

Answer: The "office cold." The offender who so generously shares his watery-eyed sniffles and hacking cough with his co-workers often does so with no malice aforethought. He or she is, in many cases, a sincere and devoted employee.

This very sense of responsibility, as a matter of fact, can be the motivating force behind the virus peddler's philanthropic activities. He prides himself on his attendance record. He's likely to boast: "Haven't missed a day in five years, except when we put Aunt Jezebel to rest one Wednesday in '33."

A platinum-plated label but signifying five years' lack of attention may rival the Medal of Honor in the eyes of the recipient. But it's little consolation to those whom he bestows his cold. Measured in terms of production, the office cold costs industry billions of dollars every year. Those who place a lesser premium on the label button have no aversion to staying home once they've been infected.

Take the word of your doctor of chiropractic: You'll be doing everybody a disservice yourself included—if you go to work on those days you "should have stayed in bed."

SENATOR CASE WILL SPEAK AT CITRINO DINNER

Nutley Attorney Served As Personal Aide During 1954 Campaign

Sen. Clifford P. Case

Commissioner Carl A. Orechio, chairman of the testimonial dinner, honoring Robert J. Citrino, Jr., in recognition of his admission to the New Jersey bar, announced that Senator Clifford P. Case will be the principal speaker.

The dinner will be held on May 20 at the Hotel Essex House, in Newark.

Citrino has been active in politics and during the 1954 senatorial campaign served as personal aide to Case.

Citrino, a life-long resident of Nutley, opened a law office in January at 345 Center Street, the home of his parents, Dr. and Mrs. Robert J. Citrino, Sr.

Nicholas Cundari will be the toastmaster and James DiGiovanna, 3900, 6th Ave., Newark, will act as an advance gifts meeting follow.

Aldrich Orechio as co-chairman and Nicholas A. Caruso, Dr. Phillip J. Santora, Michael A. Quercus and Ralph D'Amboia.

ITT FEDERAL GETS \$11 MILLION JOB

Air Force Awards Contract For Missile And Aircraft Ground Equipment

The Air Force has awarded an \$11,000,000 contract for missile and aircraft ground support equipment to be used in the North American Sage defense network to ITT Federal Division, D. L. Mills, president, announced.

Known as the duplex high-power radio amplifier, the equipment will be used to transmit guidance information for aerial defense throughout the SAGE network.

The duplex amplifier, developed by International Telephone and Telegraph Corporation engineers, is similar to units already being supplied by ITT Federal for control of Boeing's Bomarc missile.

An outstanding feature of the equipment is its reliability. Mr. Mills explained. Each installation includes a standby amplifier and associated radio equipment which take over automatically if an operating unit fails.

Designed for frequency shift keyed operation to meet specifications of the AF Air Materiel Group, Rome, N. Y., the new ground support units will use proven transmitting principles employed in ITT's many high-powered radio and television broadcasting links and commercial radio-telegraph transmitters.

Talman waved to Plainclothesman Andrew Guglielmo and Charles Catino, who were in unmarked police cars at New Washington Sts., and the three policemen ran to the building. While Talman climbed to the roof, Guglielmo covered the front of the building and Catino the rear.

Di Modica was arrested at gun point by Catino. Police said Di Modica may have accomplished Di Modica at first gave a false name and a Newark address.

He admitted he had parked a car in New Street, police said. If the three policemen found the car on which there were dealer's license plates, Police said Di Modica had no driver's license or car registration on him, but had the car keys.

After being booked and fingerprinted, Di Modica gave his name as Vincent Di Monica of Franklin Street, Belleville, police said. His records list his name as Vincent J. Di Modica. Police said that when arrested in November, he gave another address in Belleville.

Don't Let It Come As A Shock!
Every school-age boy and girl learns about Thomas Edison and the miracle he wrought in harnessing electric current. They should also be taught, as soon as possible, the dangers that lurk in mishandling electrical appliances.

The following list of "Don'ts" should be made a part of every youngster's education when he watches the age of understanding.

1. Don't insert a fork in the electric toaster to remove a slice of bread.

2. Don't place the toaster on a metal surface or near a water faucet on the kitchen sink.

3. Don't have the radio or portable TV set near the tub while taking a bath—or dial it when your hands or feet are wet.

4. Don't tinker with any type of electrical appliance without unplugging it first.

5. Don't touch appliance cords that are not well insulated.

6. Don't use electrical tools, especially out of doors or in damp locations, without grounding them.

Each year more than 1,000 persons—many of them children—die from shock caused by electricity. Your doctor of chiropractic points out the importance of teaching young people to respect all appliances, electric or mechanical, and to use them with convenience and enjoyment, not tragedy.

Pictured above is a "small" Redwood log which is scheduled to pass through Belleville sometime Tuesday morning as part of a national exhibition.

Drive Nets \$303,500

Campaign officials of the Clara Mass Memorial Hospital \$700,000 School of Nursing Campaign announced recently at the advance gifts third report meeting that to date, the official audited total of the campaign is \$303,500.

According to Henry C. Pfaff, campaign general chairman, "The \$300,000 mark was reached when, at an advance gifts meeting follow, a corporate gifts report meeting, some \$8,000 was reported as the result of one week's effort from the group. This together with the \$225,500 previously pledged brought the grand total to \$303,500."

Camping Officials of the Clara Mass Memorial Hospital \$700,000 School of Nursing announced today several new volunteer leaders to head the Women's Division under the general Chairmanship of Mrs. E. A. Rouchau, 53 Fairview Place.

The leaders consist of three section leaders who are responsible for the recruitment of several division captains. Division major officers who in turn are responsible for many workers. Upon complete recruitment down the echelon, the Women's Division will have several

HOLY FAMILY CYO LEADS IN CONTEST

Forges Ahead In Contest To Choose Outstanding Parish Award Winner

With participation of 20 of 26 events already tabulated, Holy Family has forged into the lead in Division 1 of the Essex County CYO's participation contest.

The contest determines the winner of the CYO's annual outstanding parish awards, one of which is given in each of three divisions based on parish population. This year there will be awards also for the parishes placing second and third in each class.

Object of the contest is to spur participation by parish groups in county-sponsored activities. Points are awarded based on the extent of participation in each activity.

Holy Family, which tied St. Thomas the Apostle, Bloomfield, for Division 1 honors last season, already has accumulated 86 points.

The log will pass here on the final leg of its national tour which will continue for the remainder of this year. It started at 8 a.m. in California in March, 1958 and has been viewed by over six million people across the nation. In many places, school children have lined the streets to watch the log pass. With it are special displays showing the history and special products of Redwood, its manufacture into lumber products and a description of Georgia's Pacific Corporation.
