

Foundation To Study Possibility Of Aiding United Fund Group

Belleville Foundation To Confer With United Fund Officials On Financial Problems Of Fund Group; Payments To Be Made To Agencies

The Belleville Foundation will study the possibility of giving financial aid to the United Fund to help the organization solve its present problems, it was learned this week.

At Monday's United Fund meeting, William P. Orchard, president of the Belleville Foundation, requested data on the Fund's situation to present to the Foundation. A conference between representatives of both groups will be subsequently held.

The Fund is seeking aid in order to meet the additional expenses incurred during the transition from the Community Chest organization to United Fund.

Max N. Schwartz, United Fund president, announced that the Fund will make a quarter payment to the participating agencies, so that by this week one half the monies due the agencies will be paid.

Schwartz also criticized the practice of permitting what he termed "promissory agencies" to come into Town and conduct drives in competition with United Fund. One of the basic purposes of the Fund is to combine all charitable efforts into a single drive.

Schwartz added that the organization will meet in June to elect a chairman for the forthcoming campaign and to set up committees. It has been requested that the individual agencies turn in their budgets by June 15.

This year's plans call for a county-wide solicitation among industries, involving voluntary pay-to-donations. Each community would get the full amount collected within it, but the unified collection would save money.

BOARD TO BUY 520 AUDITORIUM SEATS FOR B.H.S.

Close Vote Decides Issue Of Soft vs. Hard Seats; Contrasts Awarded

A heated controversy concerning the issue of wooden vs. foam rubber auditorium seats for Belleville High School was settled by the Board of Education by a 4-3 vote, in favor of the soft chairs.

The Board awarded a contract for \$15,852 to the American Seating Co. of New York for 520 seats and 200 writing arms. The chairs will cost \$28.75 apiece plus the cost of the arms.

Objections were raised to the selection of the foam rubber chairs by local resident Lee H. Carson who said that the cost of upkeep on the chairs would be higher than on a wooden chair, and that soft seats were a deterrent to the use of the auditorium is now used.

Board members: Dominic Lally, Richard Drake and Michael Rubino favored the expensive wooden seats, and Board President Frank DiRuggiero, Michael Albertine, Mrs. Violet Rochas and Mrs. S. John Coronato voted for the upholstered chairs. Mrs. Rochas pointed out that it has been proven that repairs to soft chairs are cheaper than to wooden seats.

A motion by Dominic Lally to table the resolution awarding the contract for the seats was defeated by a 4-3 vote with Lally and Drake voting to table and the remaining five voting "no" on the motion. The resolution to award the contract was passed by the same voting lineup as occurred on the vote on the type of seat.

The Board also awarded contracts totaling \$8,348 for office furniture, educational equipment and miscellaneous items.

Kiwians Give Sport Equipment

The Kiwanis Club of Belleville has purchased and donated to the Congregation Ahavath Achim sporting equipment for use in their "You Center."

Equipment consisted of: heavy duty ping pong table and accessories, volley balls and court stanchions, basketballs and extra volleyball, complete badminton court set and miscellaneous sporting goods.

Among the other youth services in Belleville supplied this month was the 51st Scout Council of Belleville furnishings for the Cabin in So. Mountain Reservation with a linoleum floor laid and tables and chairs at a cost of \$175.00.

SCHOOL BOARD WILL CONTINUE PRIVATE SESSIONS

Move To Exclude Public From Conferences, See Press Coverage Sufficient

The Board of Education moved to continue its policy of holding conferences open only to the press in addition to its regular public meetings.

The issue came up for discussion at Monday's meeting when Board member Dominic Lally suggested that the individuals who had attended the meeting be allowed to remain for the ensuing conference. Dr. Frank DiRuggiero, president, said that such a move would set precedent for future conferences.

Michael Rubino disagreed, saying that the particular agenda for that night, which had given people the impression that certain items, such as the proposed bond issue, were to be discussed in public warranted the presence of the public at that conference.

Michael Albertine and Mrs. S. John Coronato pointed out that the press gave sufficient coverage to the meeting and that the public could possibly hamper the work of the Board during a conference. Mrs. Violet Rochas said that the Board should not bow to threats such as an alleged statement by a citizen that if the public was excluded, "the loud-

Promise Steps To Clean Unsanitary Condition

Residents Of Riverdale Avenue Area Complain Of Illegal Dumping On Property In Rear Of Homes; Say Condition Has Persisted 7 Years

The residents of the Riverdale Avenue-Overhill Road section were told at Tuesday's Commission meeting that steps were being taken to clean up what the residence called an unsanitary condition on a large tract of property in the rear of their homes.

Mrs. E. J. DiGiacomo, of 25 Riverdale Avenue, speaking for a group of people from the area, complained that trucks dumping on the property were not following regulations which call for clean fill only. She said that there is a health hazard stemming from the fact that the property is not leveled off after dumping, and a danger to children because of the trucks going in and out.

Mayor Andrew J. Padula promised the residents that Town Attorney Lawrence Keenan would contact Krugman and DePetro of Clifton, owners of the property, and inform them that no dumping, except for clean fill, would be permitted. In addition, the owners would be told that they must level off the property for sanitary reasons.

Mrs. H. Jones, of 10 Riverdale Avenue, and Mrs. J. G. Calvo, of 14 Riverdale Avenue, told the commissioners that the storm drains on the property had been removed some time ago, and that the area now becomes flooded during rainy weather, which has led to problems with rats and other vermin. Commissioner Robert C. Grabin, director of Public Works, said that his department would investigate the situation immediately.

The controversy began last Friday when a group of residents set up a human blockade to prevent any more trucks from dumping. Subsequently, the Public Works Department closed off the street leading into the tract and the commissioners had an opportunity to look into the matter.

Padula added that the Board of Commissioners would continue efforts to have the Essex County Park Commission eventually put a park in the property.

Firm Honors Snyder

Wallace N. Snyder, of 134 Brook Drive recently was honored on completion of 35 years of service with P. Ballantine & Sons, Newark.

Snyder, a pioneer with the Ballantine as an office boy, was presented with a 35-year pin of three rings of gold with diamonds by Carl W. Ballantine, president of Ballantine.

Gathered around the art exhibit in School Seven last week are, left to right, Miss Helen Simpson, supervisor; Mrs. Vic Calhoun, Miss Elizabeth Forgnone, teacher; Seymour Grossman, principal; Evan Thomas, superintendent of schools; Dr. Frank DiRuggiero, School Board president; Mrs. Heiler; Mrs. Lockhart; Mrs. Ed Carney, and Mrs. Weidner, teacher.

REV. LA MANNA TO BE ORDAINED IN SACRED HEART

To Celebrate First Mass In St. Anthony's Sunday May 24; Lived On Franklin St.

Rev. John J. La Manna, son of Mr. and Mrs. J. La Manna, of 35 Franklin Street, will be ordained to the priesthood Saturday, May 23, at Sacred Heart Cathedral, Newark, by Archbishop Thomas A. Boland, S. T. D.

He will celebrate his first Solemn Mass at 12 noon Sunday, May 24, at St. Anthony's Church, where he was a parishioner. Assisting during the Mass will be Rev. Titian P. Monegas of St. Anthony's, Archpriest; Rev. Joseph L. Affonso of Holy Roly Jersey City, Deacon; Rev. Mr. Robert T. Leahy of Immaculate Conception Seminary, Subdeacon; and Rev. Thomas A. Gillick of St. Rose of Lima, South Hill, Preacher.

Friends and parishioners of St. Anthony's have been invited to the first Priestly Blessing and reception be held from 6 to 8 p.m. in the St. Anthony School Hall May 24.

Rev. La Manna attended Seton Hall Prep School, South Orange and Seton Hall University where he received his A.B. degree. His seminary training took place in Immaculate Conception Seminary, Darlington.

He has two sisters, Mrs. G. Magliandro and Mrs. D. Magliandro.

Rev. La Manna is one of 75 members of the ordination class of 1959, 28 of which will be ordained for the Archdiocese of Newark.

Board To Decide Course of Action On School Building

School Board To Call In Expert To Make Survey On School Situation As Ball Gets Rolling On Possible Bond Issue In Near Future

The first step in a proposed bond issue for a building program by the Belleville school system was taken at Monday's Board of Education meeting when it was decided to call in an expert from Rutgers University or New York University to survey the present situation and determine the most advisable action.

The report will indicate the suggested extent of any building project and determine whether a new high school or an addition would best suit the Town's needs. If a new high school is built, it is probable that present high school will be used as a junior high.

The survey will bring up to date one made in 1950 by Columbia University, which recommended the construction of a new high school. A referendum to appropriate \$3,645,000 for the building was defeated in 1954.

Dr. Frank DiRuggiero, board president, and the town's school building program has been delayed too long and that some action should be taken.

A parcel of land near the manufacturing store would be a likely site, according to Dr. DiRuggiero. He said, however, that the survey might recommend other locations or building proposals.

The board will meet May 21 with the commissioners to discuss the proposal for a new high school.

Three Residents Named To Board

Peter Calabrese, Andrew J. Padula, Jr., and Ralph Ricci were named to the Board of Trustees of the Belleville-Sussex Tuberculosis Association.

Calabrese, a local real estate and insurance agent, is a member of the American Legion, the Knights of Columbus and the Preferred Realty Board of Belleville. Di Pietro, a Bloomfield, G. I. Ridge, Public is assistant town treasurer. Ricci is deputy registrar with the Town and secretary to Commissioner Nuncio R. Pico.

HOWARD SAVINGS JUMPS DIVIDEND TO 3 1/4 PER CENT

First Savings Institution In New Jersey To Increase Interest In June

The Board of Managers of New Jersey's largest savings bank, The Howard Savings Institution, has announced that an increased dividend at the rate of 3 1/4 per cent will be paid on savings accounts with balances of \$10 to \$25,000 — for the three-month period beginning June 1.

According to William L. Maude, president, "The Howard is the first savings bank in New Jersey to increase its dividend to this higher rate."

"In addition," Maude said, "Howard depositors will continue as they have for many years to enjoy the benefits of receiving dividends computed from day of deposit and compounded quarterly."

"The safety of our depositors' savings has been of paramount importance since the day 102 years ago when The Howard served its first customer," Maude continued.

"Dividends are paid only after our bond and equity investments have provided a sufficient provision for contingencies, based upon national as well as local conditions. Each year the Board of Managers reviews the trend of bank earnings and decides how much can be made available for dividends while maintaining a contingency reserve sufficient to protect the savings of more than 285,000 Howard depositors."

Maude also said that the higher dividend rate, like the Howard's liberal method of computing dividends, has been made possible by a continuous program of careful re-investment of savings deposits which has resulted in increased earnings.

"It seems appropriate," he said, "to note that the largest part of these earnings on our depositors' savings comes from our mortgage loans. These loans now amount to over \$268,000,000, every dollar of which is invested in the State of New Jersey."

APPROPRIATION MADE FOR LOCAL IMPROVEMENTS

Commissioners Plan Work Amounting To \$55,000 Plus State Aid; Land Bought

The Town Commission appropriated \$55,000 at Tuesday's meeting to finance improvements on several Belleville Streets.

It is anticipated that the Town will benefit from state aid in the matter so that the entire extent of the project will come to about \$72,000.

The planned improvements are curbs, grading, concrete sidewalks, storm sewers and concrete gutters on Menchen Street from 140 to Newville Place from Menchen Place to Newark Place, to the Nutley line, on Moore Place from Clifton to the Nutley line, on Burton Place from the Nutley line to the dead end, on Kensington Street from Newark Avenue to the dead end, on 140th Street from the dead end, and North 7th Street from Franklin Street to the Newark line.

A Shaggy Dog Story

Among the several civic problems peculiar to the Town of Belleville is that of dogs. The dire predictions of local political seers that Belleville is "going to the dogs" has become too literally true to be funny. Serious dog bite incidents are now daily occurrences. On all sides we hear complaints of Belleville residents that their property is constantly subject to annoyances caused by stray dogs, and at least one homeowner has come before the Commission within recent weeks with a plea that concrete steps be taken to "curb" the negligence of dog-owners.

This situation has been permitted to go on entirely too long without action of any kind on the part of local officials. There is no reason in the world why a taxpayer must be victimized simply because someone abuses the ownership of dog and refuses to carry the responsibility entailed.

It goes without saying that the dog-owners are primarily to blame. It is hard to believe that an adult individual can be so lacking in consideration of his neighbors that he can sit idly by while his pet runs loose, spoiling the property of others and creating a definite nuisance to passersby, as evidenced by the outbreak of dogbite incidents.

Police Chief Spatz recently issued a warning to Belleville dog-owners that there are very definite regulations governing the control of dogs and that violators of these regulations are subject to prosecution. However, it is up to the governing body itself to see that teeth are put into these laws, and to live up to their own responsibility to the taxpayers by relieving them of this needless annoyance.

A Question Of Survival

There are forces at work which tend to drain off the purchasing power of our citizens. This situation adversely affects our merchants and in turn every Belleville taxpayer. Vacant stores cannot be expected to carry a fair share of our tax burden.

We rode down Washington Avenue yesterday and counted fifteen vacant stores. This is quite a number of vacant stores to view at a time when the nation is enjoying its highest period of prosperity since its birth. Throughout the other business districts of our town there are more vacant stores. Unless checked, this trend can only result in increased real estate taxes for the homeowners of Belleville.

The aggressive, enterprising Newark merchants are making it more attractive for our citizens to shop in Newark. Adequate parking facilities are being constantly made available to Newark shoppers. Special "sale days" are being held. Traffic is being regulated to permit a constant flow of cars to parking areas. With the completion of Route 21 the trip to Newark is made easier and additionally, out of town drivers normally using Washington and Union Avenues, will now have reason to use the riverside speedway, thus eliminating the possibility, such as exists, for local merchants to benefit from location on a main thoroughfare.

Our local merchants have a problem to solve. For some their very survival is at stake. For others it means staying in business just to make ends meet. One of the aids to keeping business in Belleville is the creation of an alert, imaginative Chamber

of Commerce or Retail Merchants' Association. There are few bargains that out of town stores can offer to our Belleville residents that cannot be met or bettered by our local merchants. This message can and must get through to our Belleville citizens. A Merchants' Association can be the vehicle.

But this only provides half the answer to our problem. The other half involves our Town Commission and its leadership or lack of leadership in the field of off street parking and the critical, collateral problem of traffic control. Here too, imagination, initiative, and bold steps are required to produce the relief required. On balance, we have a responsible Board of Commissioners, with successful businessmen making up the Board. It is for them to recognize the plight of local business, arising in part from inadequate parking facilities, and take decisive measures to remedy the problem. Belleville is a good town. Let's all pitch in and make it better.

Government By Duress ???

Any Belleville or Nutley resident who has visited Clara Maass Memorial Hospital must still be wondering why the Belmont Avenue entrance to the hospital remains a one-way street. Perhaps our officials responsible for continuing this one-way street may want to provide hospital visitors with an enforced sight-seeing opportunity to explore the streets of southwest Belleville. Whatever the reason, it's time for a change.

We clocked the distance from the hospital parking lot to Franklin Avenue, first continuing south on Belmont Avenue to Franklin Street to Heller Parkway and north to the hospital entrance and, in the illegal alternative, exiting from the parking lot in the same manner as we entered. In the first instance, a person is required to travel 1.2 miles to reach the point of beginning as compared to a couple hundred feet of travel if the street were changed to accommodate traffic in either direction. The south Belmont Avenue exit is required for visitors.

Now let us consider the problem of doctors, nurses, and volunteers. There exists a special parking area for their use located on the west side of the hospital. Because the Belmont Avenue hospital entrance is one-way, persons traveling north or east are required to travel one mile from the parking lot to the traffic light at Mill Street and Franklin Avenue. Compare this with the three-tenths of a mile required to reach the same intersection were the Belmont Avenue hospital entrance converted to a two-way street.

The aforementioned figures relate only to distance. The time-consuming problem is most critical. God help the visitor, the indispensable doctor, nurse, or volunteer who must leave the hospital at the morning or evening rush hours. The one-way street appears to us to be intolerable as it is indefensible.

Overnight, visitors, doctors, nurses, volunteers, and patients could easily obtain a petition for a change containing at least a thousand signatures. But, is this a necessary requirement for progress and common sense? Is there not someone in our official town family who understands the problem and is willing to eliminate a ridiculous situation which is making outlaws of otherwise respectable citizens?

We refer to the scores of professional and business people who use the Belmont Avenue one-way entrance as a means of egress, knowing full well they are in violation of the law. Our town officials, by taking decisive action now could prove to us all that progress is really their business and that our townspeople need not be recipients of change by duress.

LETTERS

To The Editor, The Times-News:—
Sometime back the Belleville Times, in an editorial, suggested that in the best interests of education in our town, the Board of Education resign. I at the time reserved my decision, but after the disgraceful occurrences at the Board meeting on Monday evening, I must second that motion, and this in spite of the fact that messrs. Lally, Drake and Rubino put up a valiant fight for better education and the taxpayers' pocketbook.

At that meeting the Board, by a four to three vote, adopted a resolution purchasing chairs with rubber cushioned seats interspersing seats and rubber cushioned backs for the auditorium in the High School. They voted to spend \$15,000 to purchase fancy cushioned chairs when they could have bought sturdy, comfortable iron and plywood chairs for \$7,000. The chairs purchased will be wonderful for relaxation and rest but not for study. To back up my suggested resignation I give the reasons given by the four members for voting as they did.

Mr. Albertine voted for the cushioned chairs because he wanted something beautiful to show his friends when he took them through the High School.

Mrs. Coronato voted for them because she felt it would help teach children to respect and preserve beautiful things.

We suggest to Mrs. Coronato that this should be a responsibility of the parents and not the parents and not the School system or the taxpayers.

Mrs. Rochau voted for them because she felt the children would be quieter in plush chairs. How true. They can fall asleep much easier.

Mr. President voted for them because he said he was a heavy taxpayer and liked the looks of the plush chairs in Nutley Junior High. But he did not tell the public that in Nutley the plush chairs are used primarily for assemblies and social affairs while in Belleville they are used mainly for study purposes. Neither did he tell the public what

the amount of his taxes had to do with the purchase of plush chairs. The President of the Board received many votes when sound track. This statement was made after the resolution had passed but Mrs. Rochau felt it was a threat to the Board in an attempt to influence their votes. Why is Mrs. Rochau so afraid of the public knowing how she voted. Could it be that she is ashamed of ignoring educational needs and the public interest to further her own personal desires such as took place when she advocated the Evan Thomas High School in the bog?

I have always been in favor of a bond issue to, among other things, build badly needed all purpose rooms and for making permanent repairs rather than the costly yearly temporary repairs. But how can I or any civic minded citizen work for a proposed bond issue conceived in secrecy and defeated by the same four to three vote. Mrs. Rochau, who has

Again I say, let the Board of Education resign so that we can elect or appoint a board that will put the education of our children and the taxpayers' pocketbook first and their own selfish personal likes and dislikes second.

C. M. Hospital Presents Annual Volunteer Awards

The second Annual Awards Presentation for Volunteers of the Clara Maass Memorial Hospital, was held Tuesday evening at Graulich's, Orange. One of the highlights of National Hospital Week, the ceremonies were attended by approximately 400 Volunteers, their families and friends.

Words of praise for their sincere and dedicated service were expressed by both Mr. John F. Kilde, President of the Board of Trustees, and Albin H. Oborg, Director of the hospital. Praise and service have been presented by Miss Marie D'Alessandro, Director of Volunteers.

The highest award went to Mrs. M. Holter of 902 Broadway, Newark, who had completed a total of 3000 hours of service to her credit since January, 1958.

In addition to individual service awards certificates of appreciation were presented to groups and individuals for service performed outside the hospital. This year a special certificate was awarded to the school children of Belleville School Eight because of their help on many varied projects.

One of the unusual features of the evening was the awarding of certificates to 68 teen-agers who had just completed a course of instruction for Baby Sitters. This course was under the direction of Mrs. Frank Durkin.

Belleville residents receiving awards are: 1000 Hours: Mrs. Elizabeth Alby, Mr. Ernest Koehnle, Mrs. John Hoenner, Mrs. Helen Laux, 500 Hours: Mrs. Marion Baird, Mrs. Rose Clarke, 250 Hours: Mesdames Frances Basile, M. Mrs. Edward Rochau will install the following officers; President, Mrs. Dominick Frates; Vice-president, Seymour Grossman; Treasurer, Mrs. Edward Carney; Recording secretary, Mrs. John Pignatelli; Corresponding Secretary, Miss Mae Arallone. The new officers will be greeted by Dr. Frank DiRuggiero, president of the Board of Education.

County Vocational Schools To Be Reviewed by PTA, 3

A program of particular interest to the parents of seventh and eighth grade school children has been planned for the evening of May 19 by the Parent Education Group of School Three PTA. The subject of the meeting will be opportunities offered our school children through the Essex County Vocational High School system. A film describing the vocational high schools will be shown, and a discussion, led by Dr. Edward J. Coughlin, formerly a teacher at School Eight, now the supervisor of guidance and placement for the Essex County Vocational schools, will follow.

All interested persons are invited to attend. It is hoped that as many parents as possible will take advantage of this excellent opportunity to learn about the fine education offered by the county vocational schools. The meeting will be held at 8:30 p.m. in the teacher's lounge of School Three on Union Avenue and Jerusalem Street.

Let's Bonus To Be Topic

Local Residents

In R. C. Pageant
Local women, members of the Belleville Chapter of Red Cross, participated in the pageant, staged last week in Orange High School, by the Red Cross Nursing Council of Essex County. Mrs. John DeVice portrayed Clara Barton, the founder of Red Cross; Mrs. Ludwig Foss, a Navy nurse and Mrs. Walter Singer, the Army Nurse of World War II.

The students of the Clara Maass School of Nursing depicted the life of Clara Maass. Other Belleville residents taking part were: Mrs. and Mrs. T. J. Stinson; Mrs. Robert G. Glick, RN; Miss Mary Ahern, RN; Mrs. Jean Foster; Mrs. Frank Durkee and Mrs. Herbert Tucker, all nurses aides.

Miss Filomena Maioran
Miss Filomena C. Maioran of 184 Belmont Avenue, died Saturday in Columbus Hospital, Newark, of a brief illness. She was 58.

Miss Maioran was a lifelong resident of Belleville, where her father, a builder who died in 1941, was the first postmaster in the Silver Lake section, and heir of Lullid that section's first school house and St. Anthony's Church. He also organized the first Fire Department.

She attended the Belleville schools and graduated from Drake's Business College and attended Brooklyn Conservatory of Music.

She was employed as bookkeeper and stenographer for over 20 years for the Jarego Coal Co. of Belleville and also did office work at Columbus Hospital. She had served as organist in St. Anthony's Church.

Surviving are her mother, Mrs. Concetta Maioran of Belleville; five sisters, Mrs. Louis Stefaneli and Mrs. Michael Galia, both of Newark; Mrs. Domenic A. Lally.

The Commission also appropriated \$50,000 for a bookkeeping machine for the Welfare Department. Passed on final reading was an ordinance providing for the purchase of a portable trash chopper from the North Jersey Equipment Co. for \$3,310.

Based on first reading was an ordinance providing for the acquisition by the Town of premises located at 206-224 Division Avenue at a cost of \$4,000. The ordinance also provided that a half acre tract will be used for the installation of sewage facilities.

During this meeting Mrs. Hazel

speaker would be brought out. She added that frank discussion during conferences could be impaired by the presence of the public. Superintendent of Schools Evan Thomas agreed that the Board should have the opportunity to discuss matters such as salaries and personnel in private, and that even the press should, on certain occasions, be excluded.

After the discussion on the public at conferences, the Board voted unanimously to permit citizens to address the Board at public meetings before the agenda is acted upon.
