Barbone Mosco Post Holds Annual Picnic

The Barbone Mosco Post No. 7 recently held their annual Orphan's Day at General Motors Field on Franklin Street. Four hundred and twenty-seven children were in attendance. Children invited were 25 Cerebral Palsy children from Essex County and West Hudson; 33 from special classes at School Four. The rest of the children came from St. Lucy's in Newark, St. Mary's in Newark, St. Anthony's in Arlington, and the Sons of Italy in Nutley. Trans-

"Thank you so very much for inviting the cerebral palsied children to this picnic," said one of the children last Wednesday.

They came back tired, but very happy and excited. The staff members who went along to help the children, told me that only one child in the entire group cried. The others including some whom we thought were timid, were delighted with the large ferry wheel.

This is the first time the children as a group have been to a carnival and it was a thrilling experience for them.

Thank you again for your kindness and generosity in inviting them.

Assisting Raino, who is National Scout Vice Commander of Barbone Mosco were: Joseph Bartolotta, operator of the ferris wheel; Babe Vivona, Frank Kane, Pat Parke, Commander; Ray Potenzoni, Frank Simini, scout chaplain; and Heltons, operator of the kiddie rides.

GRIESE SPEAKS AT CONFERENCE

Residents in Belleville were urged today to control the growth of weeds, especially ragweed and poison ivy, by cutting or spraying both with weed killers. Health Officer Edward G. Burdzy points out that preventable distress, irritation and even disability are visited upon thousands of New Jersey residents because of poison ivy, ragweed, and other obnoxious plants.

Hay fever and asthma, the products of airborne pollens from weeds cause many persons to be chronically ill. Effective means of eradicating such weeds are now available. Eradication produces aesthetic, economic and health benefits. To be effective, the effort ought to be community-wide. Control on highways between communities will aid those who travel. It would be gratifying if this activity were to become more generally state-wide in scope.

Each resident of our community can do much to help himself and his family by controlling weeds on his premises. All our residents should give encouragement to local officials in their efforts to control weeds in parks, playgrounds and along streets and highways.

Presented Scholarship

Kenneth Peter Ooms of 162 Academy Street was presented with one of two \$500 annual scholarships given by the Newark Chapter of the National Office Management Association. The award was presented by Mrs. Irene M. Menner, Assistant Secretary of Scandia Manufacturing Company of North Arlington. Mrs. Menner is Director of Education for Newark NOMA. Ooms will attend Fairleigh Dickinson University in the fall where he will major in Business Management.

Participants in the Orphan's Day Carnival held by the Barbone Mosco Post No. 7 are (left to right) front row: Joseph Bartolotta, Babe Vivona, Nicholas Raino. Standing in the rear are (left to right): Frank Kane, Pat Parke, Ray Potenzoni, and Frank Simini. Kneeling next to the wheelchair is Red Brittons. The two children are from the Cerebral Palsy Center of Essex and West Hudson County.

Mental Health Fund Asks Public Donate More Money

Appealing to campaign workers and the general public to put the New Jersey Mental Health Fund over its \$375,000 goal, State Chairman Walter Reade, Jr., of Red Bank reported today that 60% had been collected.

In his first report of results he said that donations now total \$220,000 in the Drive held last month to advance the New Jersey Association for Mental Health's fight against mental illness.

He pointed out that in many of the Association's 15 County Chapters, up to 50% of the Bell-Ringer residential collectors have not turned in their kits.

Appealing to the Bell Ringers, Mr. Reade urged: "Please take or mail your kit to your Chairman or to the County Mental Health Association office. If you have been delayed in your assignment, please finish your collection. We need every penny to reach our goal."

The Chairman also called upon business, industry, special groups, and clubs to make a donation if they have not already done so. These groups, he said, accounted for 40% of the Drive total, earned to "Mental Health Fund, last year."

To the general public, he pointed out that donations can still be of local postmaster. He urged families not home during the Bell-Ringer Drive to use the blue reply envelope left at their doors.

The Chairman expressed his appreciation to the State Highway Department who voluntarily participated in the campaign and to the public for its generosity. He also praised the efforts of his State Vice Chairman, Mrs. Robert B. Meyner of Princeton, Residential Walter L. Kilde of Montclair, Business Industry; Mr. Kenneth C. Foster of Summit, Special Gift; and Mr. Joseph Napolitano of Bloomfield, Special Events.

Doubtless support the programs of the County, New Jersey, and National Associations for Mental Health, the only citizens now combating the total problem of mental illness.

Bids Are Received For Extending Route 21

Bids were received this week by the State Highway Department for extending construction of the Route 21 Freeway from Highland Lane in Nutley to South Parkway in Clifton, Essex and Passaic Counties.

The new 1.8 mile long construction section will be on the west shore of the Passaic River and will provide a complete interchange with Route 3. The work area will extend northward as far as South Parkway. State Highway Department plans call for future extension of the Freeway to Interstate Route 80 near Paterson.

The new Route 21 Freeway will have two three-lane 37-foot wide roadways with ten foot shoulders of bituminous concrete. A center island of varying width will dualize the two roadways. Double faced steel guard rails in the center of the island will add extra safety. At places where the highway and

Three Delegates To Go To Rutgers Boys' State

Belleville Post #105 of the American Legion in cooperation with two of the Service Clubs in town are sponsoring three delegates to attend the one-week's session of Boy's State to be held at Rutgers University, New Brunswick from June 21st to June 28th. The purpose of this activity is to "develop good citizens in the U. S. of America by inspiring the youth of New Jersey to take a more active and intelligent interest in the operation of our State and Nation and in the privileges and responsibilities of citizenship."

The following delegates, Belleville High School Juniors selected by High School Principal Hugh Kittle by virtue of their high scholastic record, will attend: Richard Tabak, Abner of 21 Lighth Street, Sponsored by Belleville Post No. 105; William Watson, 1110 of 10 Belleville Court, Belleville Lions Club; Charles Macaluso, 462 Washington Avenue, Belleville Rotary Club.

John Williams Named Times Art Director

Times - News Publisher, Frank A. Orechio today announced the appointment of John Williams, of West Orange as art and make-up director of The Times-News.

Williams was graduated from the School of Practical Arts in Boston. He was art director of the Kolman Manufacturing Co. in Gardiner, Me., following which he transferred to the main branch distribution, in New York City, serving as art director for branch sales promotions in Connecticut and New York.

Williams later opened his own art studio as a free lance artist in Newark, for art and lay-out work for Newark papers. He was also associated in the graphic field of silk screen arts, having worked with advertising department heads for Yale-Town, Schick Shaver, Cates, Bonington Rand and Electrofax.

For the past few years, Williams has had his own studio as a free lance commercial artist, serving the newspaper, advertising agencies and silk screen fields. A U. S. Navy veteran, he served during the Second World War.

In making the announcement of his appointment, Mr. Orechio stated, "We are making avail-

able to our advertisers and users of our printing department at no cost, the services of an artist well known in his field. Mr. Williams will be available daily for customer consultations and will supplement the activities of our advertising manager, Ernest Whycall."

Moore Offers Plan To Study Removal Of Pistol Range

John Brewer Moore, Associate Planner of the Passaic Valley Citizens' Planning Association, this week offered a professional staff of the organization to study the possibility of relocation of the police pistol range.

He made this offer in a letter to Commissioner Harry Sullivan, director of the department of public safety.

"If you are sincere about relocation suggestions, we may be able to assist you. Not so long ago we worked with Mayor Padula at no cost to the town of Belleville in preparing a proposed map plan for the area along the Third River.

"If it is your wish, our professional staff could study the pistol range relocation problem and come up with a technical report. "I feel that such an agreement can be reached involving no expense to Belleville, provided the Town Commission agrees to turn over the police pistol range and all the municipally owned property in the vicinity thereof to the Essex County Park Commission for incorporation in the new county park."

"I have no firm hold on wanting it to stay there," he said. He added, however, he would like to see a range where the local police practice.

Not Really No Cost
It said that the "offer" by Moore did not really amount to no cost to Belleville, since there were costs involved and it would mean giving up the range, as well as an additional piece of property adjacent to the range, to the Essex County Park Commission.

Sullivan also asserted that Moore was only offering a technical report, rather than an exchange of property. He declared the offer was worded "cagily."

Before His Term
On the question of the highballs being a Residential "A" property, Sullivan, who has been a commissioner nine years, said the bill was agreed upon before his term of office began.

"I don't know what arrangement was worked out. I just accepted what I found there. As to highballs 'beautifying' the area, Sullivan declared he did not say any such thing.

Further, about the incomplete

Letter Follows Article
The letter to Sullivan followed an article in last week's Times-News in which Moore had brought out that highballs were located on town-owned property next to the pistol range, and that Commissioner Sullivan, who Moore said was an employee of United Advertising, was in conflict of interest as far as the highballs were concerned.

(Sullivan in his reply last week, denied he was in conflict of interest, and that he was not an employee of United Advertising, but was employed by the Outdoor Advertising Association of New Jersey, of which United Advertising is one of 12 members.)

Moore's letter this week dealt into other aspects of the pistol range and highball problem.

ness of the screening effect of the billboards, Sullivan asks: "What does he want us to do? Put up more billboards?"

Sullivan repeated his statement of last week that it was his understanding that the signs were put up as an accommodation.

Talked To Chenoweth Sullivan also said he had talked to Mayor Harry W. Chenoweth of Nutley and "I don't think Mr. Chenoweth is pushing this."

"I can't understand why he (Moore) is talking in this manner. The director of public safety said he did not recall conversations at Princeton. 'It couldn't have been too serious.'"

As far as his statements Ernest Erber of the Passaic Valley Citizens Planning Association was concerned, the conversation

amounted to Sullivan complaining about Moore tactics in releasing statements about the safety of the pistol range without first discussing the matter with him or other commissioners.

Sullivan pointed out that the range was in a natural ravine which made for safety, and that there had been no incident due to the operation.

Sullivan said that Moore's letter was the result of "childish pique."

Moore

Moore raised certain questions: "It is interesting to note," he says, that the commercial billboards on Town property agreement, which you seem to recall, (1) to minimize danger to children and pleasure seekers attracted to the new Essex County Park and (2) to enhance the appearance of that wonderful old Southern Nutley - Northern Belleville neighborhood, which recently has been experiencing a period of growth."

It is at this point in the letter that Moore goes into his offer of a study of relocation possibility and the offer of a technical report.

Billboards Prohibited

Moore's letter goes on to state that an "A Residential" Zone, billboards are prohibited.

"Residents of the bi-municipal neighborhood are entitled to an explanation as to how the situation came into being and continues to exist."

"Your opinion and mine will always be far apart when it comes to the notion that five gigantic commercial billboards, beautify the entrance to a charming suburban town or add to the quality of an established neighborhood."

"However, if the purpose of the group United Advertising fence is to screen police pistol range activities from the view of curious automobile drivers, then the job is incomplete."

Billboards effectively screen the area to the south at the intersection of Jerusalem Street (Bloomfield Avenue Nutley) and Beaver Avenue but not to the north. Anyone driving along North Avenue driving along Jerusalem Street can look directly into the pistol range, a statement based upon personal experience.

Question Of Location

"You have raised the issue of proper location for the Belleville Police Pistol Range. To date I have taken a public stand based only on two objectives: (1) to minimize danger to children and pleasure seekers attracted to the new Essex County Park and (2) to enhance the appearance of that wonderful old Southern Nutley - Northern Belleville neighborhood, which recently has been experiencing a period of growth."

PUBLIC SERVICE

The Senate Balks But A Senator Takes A Stand

The Senate Judiciary Committee's refusal to act favorably upon Governor Meyner's nomination of Ned J. Parskian as Motor Vehicle Director and Brendan T. Byrne as Prosecutor of Essex County is unwittingly playing into the hands of the Democrats. Ned Parskian is a competent public official. His appointment should be confirmed promptly.

Youthful Brendan T. Byrne, of West Orange, is a man of great integrity and ability. As Deputy Attorney General, he has served our state well. The fact that he is a Democrat should not disqualify him from holding office. The fact that he is opposed by Dennis Carey should be a point in his favor. Some political sources suggest the roadblock to a Byrne confirmation is a deal between the Essex County Chairman, Dennis Carey, and the Republican Senators from the South Jersey counties.

Senator Donat C. Fox has been working very hard to obtain the confirmation of both these appointments. It was Fox who, in the first instance, recommended Byrne. His desire to select and endorse highly qualified individuals for public appointment is good government and politically smart.

While on this subject, Senator Fox has recommended the reappointment of Horace K. Corbin to membership on the Port of New York Authority. Mr. Corbin happens to be a Republican. Fox's endorsement of Parskian, Byrne and Corbin certainly can't hurt his chances for re-election in November.

A Good Deed Remembered

In a town that is as politically minded as Belleville, it very often happens that the good deeds of a civic organization are swept away into a corner and forgotten.

Sometimes that good deed is one which brings a good bit of joy into the lives of those who have very little joy.

Last week, the Barbone Mosca Post No. 7 held their annual Orphan's Day in General Motors Field. Not only did the good natured post invite many orphans, but they took the trouble and time to arrange the

festivities for children in the special classes at School Four and those children afflicted with Cerebral Palsy.

The members of the organization paid for transportation in some cases and paid for the refreshments for 427 children. To say that the children had fun would be an understatement. For the Cerebral Palsy children it was the first time that they had been invited out as a group.

It is indeed laudable that members of much pride and interest in their community. This is one good deed which occurs annually and should not by any means be forgotten.

It would also be a good idea for the National legislature which sets aside various days honoring particular events to mull over a new day... one especially for orphans.

On Fathers Day

The dandelion one was selected as the appropriate flower for Father's Day because "the more it is trampled on, the more it grows."

That about sums up the plight of Father. Once a year we throw him a bouquet—or a tie—and chalk up another duty well done.

But the old man surely is worthy of better treatment because, as The World Book Encyclopedia points out, his name is a title of honor given to those who establish anything important in human affairs.

Take George Washington, for example, known as the Father of His Country. Washington shares that title with such illustrious Romans as Cicero, Julius Caesar and the emperor Augustus.

Homer is called the Father of Epic Poetry because of his "Iliad" and the "Odyssey." Geoffrey Chaucer, whose "Canterbury Tales" established a standard form of English verse, is known as the Father of English Poetry.

Every physician honors the Father of Medicine when he takes the oath devised by the Greek physician honors the Father of Medicine when he takes the oath devised by the Greek physician Hippocrates. And any man who ever baited a hook knows that Izak Walton, author of the "Complete Angler," is the Father of Angling.

The age of the atom has ushered in even more "fathers." J. Robert Oppenheimer has been called the Father of the Atomic Bomb, while Dr. Edward Teller is credited with being the Father of the Hydrogen Bomb. Admiral Hyman Rickover is known as the Father of the Atomic Submarine.

That's enough to put any father's head in the clouds. But lest he begin to feel giddy from these associations, let him remember that Satan is called the Father of Lies.

BELLEVILLE BOY BUOYS BALLOON

A student at James G. Shawger School made his debut into the field of experimental aerostatics last week. Peter Fineso of 10 Naples Avenue launched a helium-filled balloon with a message in a cylinder attached to it at 7:15 p.m. and sixty-five minutes later it was found at 5th Avenue and 42nd Street in New York City. The finder, Mr. Rodney Howarth of 8 Claremont Drive in Short Hills, New Jersey, notified Pete of the time and place he found the balloon by sending back the postcard which was in the message cylinder off the balloon.

Experimental Balloon
The purpose of the experiment was to discover how far and fast an average wind current would carry a helium-filled balloon. Before the experiment could be carried out the problem of designing a balloon which would descend after a period of time had to be solved. After much experimentation with balloons, parachutes and various other gadgets, Pete discovered that two balloons were needed.

One filled with helium in order to make it rise quickly to great heights and another balloon filled with ordinary air to gently lower the message cylinder to the earth after the helium balloon burst. The problem of sustaining the helium was solved by visiting a carnival which was going on in the Silver Lake section of Belleville and requesting a man selling helium-filled balloons to fill the experimental space and with a sufficient number of vessels. After much preparation his avid classmates as spectators, Dr. Werner Von Fineso's (Pete to his friends) launched his space vehicle.

When last seen by them, it was a tiny speck in the sky rapidly traveling in a northwest direction. It was found in New York at 8:20 p.m. by Howarth. The self-addressed postcard in the message cylinder was received by Pete two days later with data and a little note to Pete wishing him luck in his future experiments.

When informed of the successful experiment Mr. Daniels, Pete's seventh grade science teacher at the Shawger School, exclaimed, "The army launches thousands of weather balloons and get very few of them back. You launch one and get an answer back in record time!"

Besides Pete's interest in science, he is a key scout of Troop 387, a member of his school's airplane club, and a member of the grammar school band. He would like to study to be a chemical engineer.

CASH AWARDED TO EMPLOYEES FOR SERVICES

Mr. Joseph P. J. Mayer, District Director of Internal Revenue Service, Newark, presented three thousand, two hundred and twenty-five dollars in cash awards to seventeen employees for their sustained work performance and use of ideas which contributed toward improvement and efficiency of Internal Revenue Service operations.

Miss Violet Bernard of 87 Linden Avenue received \$120 in recognition of superior service and performance.

Personal presentation ceremonies of these awards were made by the District Director at the Headquarters office, 106-60 Broad Street, Newark.

Miss Tartaglia Graduates

Dorothy Tartaglia of 133 Washington Avenue has completed the Adult Technical Degree Assistant course at the Essex County Technical School.

Foundation Gives To Fund Drive

The Clara Maass Memorial Hospital School of Nursing, Newark, to raise \$700,000 held its final report meeting of Corporate and Advance Gifts at For-Hills Park.

A gift of \$25,000 was reported as a contribution from The Belleville Foundation.

Reporting and turning over the gift to hospital officials was William Orchard, President of the Foundation. Orchard said, "The Belleville Foundation is in full accord with the acute need for a School of Nursing to supply nurses for not only Clara Maass Hospital but other hospitals in Northern New Jersey as well as industrial concerns and schools in the area."

According to John P. Riddle, president Board of Trustees, "Upon return of the recent mailing, the campaign total should be a substantial enough sum to break ground for the School of Nursing by this fall. We have high hopes that the people of this area will band together 100% and support this worthy project, thereby allowing an adequate supply of nurses for their community and family."

Shaw Promoted In Local Firm

Morris Shaw has been promoted to general sales manager of the Ever Ready Label Corporation.

Formerly New York District sales manager, Shaw joined Ever Ready as a sales trainee in 1945 after returning from a tour of duty with the Air Forces during the Second World War. In 1951 Shaw was made office manager of Ever Ready's New York sales office, and in 1955 he was promoted to district sales manager.

Shaw is a member of the New York Sales Executive Club.

**ASSEMBLY DEFEATS
BILL ON LOWERING
TOLL TO 15 CENTS**
Vote Is 26-17 In Favor But 31
Is Needed To Pass Garden
State-Toll Charge
The attempt to gain toll
relief for Nutley and other
Essex County motorists who
use the Garden State Park-
way again met defeat in the
Assembly on Monday.

The House failed to produce
a majority for a bill by As-
semblyman Richard A. Lynch,
of Bloomfield, to permit driv-
ers using the Watchung Avenue
and Hooper Avenue exits north
of Bloomfield Avenue to bypass
the Bloomfield toll plaza for 15
cents. The present charge is 25
cents.

The vote was 26-17 for passage,
but 31 votes were needed to pass
the bill.

The 15-cent provision repre-
sented an amendment to last year's
opposition in the House when free
access to those streets was pro-
posed. Last year, the bill failed to
determine.

Foes of the bill said it would
not ease congestion, would burden
the Parkway with the \$500,000
cost of new exit facilities and
would violate the Parkway Au-
thority compact with its bond-
holders not to change toll sched-
ules.

Lynch argued that the Parkway
originally had promised a free
drive across Essex County and that
the traffic entering and leaving
the free section at Bloomfield Ave-
nue produced numerous accidents
and injuries as well as congestion
in the streets.

**LEAGUE ENTRIES
ARE VICTORIOUS**
For the first time in three
years, both Belleville entries in
the Essex County CYO Inter-
mediate Baseball League record-
ed victories on opening day.

St. Peter's whipped Immaculate
Conception, Montclair, 7-1 behind
Ed Szep and St. Anthony's
defeated St. Patrick's, Newark,
10-2, with Don Klein, veteran
hurler, getting the victory.

Neither game was much of a
contest. St. Peter's scored one run
in the first, three in the second
and two in the third to take a 6-0
lead which Szep had little trouble
disposing of.

St. Anthony's made it seem
even easier by touching Charles
Torres of St. Patrick's for six
runs in the very first frame.
Off their opening-day per-
formances, both teams must be
given consideration in the title
race, especially since St. Peter's
Newark, has withdrawn from the
league. St. Lucy's had won the
last two games but pulled out
almost on the eve of the open-
ing games.

A little more about local cham-
pionship possibilities will be
known after Sunday's games. St.
Peter's is scheduled to play out
Lady of Lourdes, West Orange, at
1 p.m. at Newark Schools Sta-
dium, and St. Anthony's will
tangle with St. Joseph's Spanish
Newark, at 3:30 at Branch Brook
Extension. Both teams have been
up with the contenders in recent
weeks.

**TEEN CANTEN
TO OPEN SOON**
Commissioner George F. Kier-
nan announced this week that
plans for the Teen Canteen as
part of the Recreation Depart-
ments summer program are com-
pleted. This activity is open to
all Belleville girls and boys be-
tween the ages of fourteen and
eighteen. The Canteen will meet
twice a week, Tuesdays and Fri-
days. Among the activities will
be dancing, games and Teen
Newspaper.

Parents of all the young
people will be required to serve
two evenings during the summer
as chaperones, in order for their
children to enroll.

Good standards of dress and
behavior will be mandatory. The
Canteen is designed for the ma-
jority and nonconformists will
be subject to loss of privileges.
Registration night will be
Tuesday, June 30th.

has retired after more than 28
years of service.

Captain Hanna was born in
Belleville and received his edu-
cation in the Belleville Public
Schools.

On March 12, 1936, Hanna was
transferred to Troop "D", New
Jersey Turnpike, and assigned as
Commanding Officer, his
present assignment. He is mar-
ried and resides with his wife,
Jane Elizabeth, at Church Lane,
East Brunswick, N. J.

PTA to Install Officers
Raiston Joseph, newly elected
president of the School Eight
PTA, was installed at a meeting,
on Monday evening, May 25th, at
the home of Mrs. Fred Schneider,
vice president. Thomas Gryzka, vice
president; Mrs. L. Taylor, record-
ing secretary; Mrs. Frank Drucker,
corresponding secretary; and Jo-
seph Gills, treasurer, took office
at the same time.

First Lieutenant and Mrs. A.
Kammerer of Alexandria, Virginia
have announced the birth of their
second son, Keith Allen, at the
DeWitt Army Hospital at Fort
Belvoir, Virginia. Mrs. Kammerer
is the former Doris Duss-
bach of Belleville.

HOW TO PLAY

Read the "Hints Across" and fill in the words you think fit best on the official entry blank (or an exact hand drawn facsimile, no carbon or mechanical reproduction accepted). All the words you need are in the "word list" box. Check in your dictionary all the words given to be sure you use the correct word to fit the meaning in the hint. Use the better or more apt word fitting the hint. No entries in parentheses are needed. No

To be eligible for the **Bonus Prize**, have the Acme Markets' cashier stamp your entry blank, when you purchase 1 16-oz. or 32-oz. jar Ideal Salad Dressing or Mayonnaise, OR 1 can Ideal Solid Pack Tuna, 7-oz.

The hints numbered 6, 8, 10 and 12 must be correctly answered before the rest of the puzzle will be judged. ^aWinners and correct solution will be posted in your Acme Market. Entry blanks for Game No. 1 must be received by 8:00 A. M. on Monday, June 29, 1959. Correct solutions are to be held in sealed envelopes by the New York Trust Company, New York, N. Y. Patent applied for, Copyright 1958-1959 by Words, Inc.

JUDGING

All judging will be done by the Reuben H. Donnelley Company, a nationally known contest judging organization, and their decisions are final. This is a contest of skill with only one correct solution.

A prize will be awarded to the contestant with the most nearly correct solution. Thirty 2nd prizes will be awarded and 386 third prizes to contestants in order of the correctness of their solutions.

ties will be broken in favor of the contestant with the correct solution to the first hint, then the second, the third, etc., until the tie is broken. If a tie still exists, the contestants will be sent a new puzzle to solve—however, we reserve the right to award the prize to the first contestant to solve it. In the first place, those not receiving first prize will be awarded second place prizes. The same system will be used for second place prizes.

*Green Grow The Savings
In Our "Garden State!"*

\$400,000,000

*Now On Deposit In
The Howard Savings Institution*

Are we proud? Emphatically, yes! Proud of our bank, New Jersey's largest savings bank . . . prouder still of you New Jersey men and women who have made it so, and who have entrusted us with \$400,000,000 in deposits.

Size and strength are, of course, not everything. But, in the case of The Howard, they mean something very important to you and your neighbors. The greater part of savings deposited at The Howard are invested in the financing of homes—all of them in New Jersey. Practically every township in the state is represented among the many thousands of families The

Howard is now helping to own their own homes.

When you bank at The Howard, you get more than the generous dividends your savings always have earned there. You get more than protection against inflation (your savings account is your best defense). You get more even than safety, convenience and "big bank" prestige. You actually are staking a profitable claim in the growth of our "Garden State," to your benefit and that of all New Jersey. That's why we of The Howard Savings Institution count it an honor and a privilege to help you save—and to make your saving worth while.
