Lally Drops Plans For Field House

After a month-and-a-half hassle with the members of the Belleville Board of Education, Dominick Lally has abandoned his plans for the reconversion of the New Street Field House into locker rooms for the football team. He failed to receive the support of the other members. The field-house was formerly used for storage space.

Last year, the board went to Drake, Tuthill Con-

Gina Wants To Be Alone

GINA

Two and a half-year-old Gina Benicene got bored the other day and decided to take a walk around town. Not telling anyone, she left the porch of her home on 11 Prospect Street and began to walk.

A few minutes later she was missed by her grandmother, Mrs. Margaret Cavalla, and her mother, Mrs. Charles Benicene. They searched all over the place, but no Gina. They called the police.

Within 15 minutes Belleville police had recovered little Gina, who was sauntering down Washington Avenue. Under loud protest from her, they took her into the car and brought her home.

It is the second time in two years that the Benicene family has had an occasion to thank the Belleville police for prompt action. The first time, little Joseph Benicene came down with the Asian flu and went into a convulsion. A phone call to the police brought immediate ministrations with oxygen and revived him.

very, and Cuman, a firm of architects and engineers from Summit, and asked them for preliminary plans upon which they could act if they wished. The plans never went into the bidding stage.

Lally, this year asked the board to appoint him chairman of a committee to look into reconversion. His chairmanship terminated early this month.

When he bought the plans up before the board in conference this week, he received no support from the other members. Dr. Frank DiRuggiero, president of the Board, pointed out that the Board should hold any action on the field house until the Rutgers School Survey is finished.

His feeling was that the survey may recommend that something "else be done with the field house. The other members of the board were in agreement.

Lally alleged that each time he attempted to go ahead with plans to study the reconversion, "obstacles" were put in his way.

PHYSICAL ED. TEACHER ADDED TO H.S. STAFF

Charles Travers, Jr. was hired by the Belleville Board of Education this week as a physical education teacher for the high school. His salary will be \$4600.

Travers' recommended appointment touched off a debate by several of the Board members, ending in their unanimous decision to hire him.

"To Lighten Load" Superintendent of Schools Evan Thomas stated that the purpose of hiring Travers would be to lighten the load on the present physical education instructor and enable them to provide better supervision and also teach hygiene.

Mrs. Violet Rocheau asked the Board if it had the money to appropriate for the appointment. Dominick Lally stated that "just because the board has the money is no reason to spend it."

Thomas answered Mrs. Rocheau.

Where is the Town? Five-year-old Jimmy Zicaro of 326 Washington Avenue, stands on the corner of Passaic Avenue and Joramelon Street. . . a corner which will, unless curbing is installed, become a menace to children attending School Seven. The corner, once a driveway, has no curb and passing cars, while turning, may careen onto the sidewalk. Although school officials state they have repeatedly asked the town to put up a light and a curb on the busy, dangerous intersection, no action has yet been taken. Cars come from three different directions on this corner. Automobiles making a right turn from Passaic Avenue onto Joramelon Street cannot, oftentimes, see oncoming traffic.

(This picture was set up with the aid of Jimmie's mother, Mrs. Dominick Zicaro to illustrate the danger at the corner.)

No Curb Or Light At School 7 Presents Dangers to Students

At this week's Board of Education meeting, Dr. Frank DiRuggiero, president, declared that the town has not yet taken action on putting a curb at the corner of Passaic Avenue and Joramelon Street. On this corner is School Seven and the lack of a curb on a dangerous intersection is hazardous to the children coming and going to the school, Dr. DiRuggiero said.

Dr. DiRuggiero stated he had written to Robert C. Gruhin, director of Public Works, asking for a curb there and has received no answer as yet. The letter was dated July 6.

Sy Grossman, principal of School Seven, asserted this week that he has asked the town for a light and for diagonal crosswalks at the corner. He said he was told the State was to erect a light at the intersection.

Dr. DiRuggiero stated that last year he had gone to the commissioners and "pleaded" with them to put up a curb on the streets. After several discussions, a curb was put up on the Passaic Avenue side of the school. No curb has been put up on the corner of Joramelon Street and Passaic Avenue.

The corner was a driveway

DR. DI RUGGIERO Cites Dangers

prior to the erection of the school's new addition. Grossman stated the danger existing to the children is "severe." "Suppose," he continued, "that a car did not complete a turn and jumped onto the sidewalk. One of our children would be killed or seriously injured."

Grossman also pointed out that in order for a child to get

across the street on to the Joramelon Street side, he must cross twice.

He must cross from one side of Passaic Avenue to the other and then across the street to Joramelon Street. With Grossman's proposed diagonal markings the child would have to cross only once.

He said he had asked Commissioner Harry Sullivan, director of Public Safety, to take action on this proposal. To date nothing has been done.

Commissioner Sullivan asserted that his department has "done all it can" to remedy the situation. The rest, said Sullivan, is up to the State Department of Motor Vehicles, who must determine whether or not the light is needed.

"We would like to have a light there," Sullivan declared.

Regarding diagonal crosswalks, Sullivan said "they are generally frowned upon." However, he went on, this too would be up to the State Department of Motor Vehicles. According to Sullivan, the light and the markings would be a "package deal" when and if they are approved.

Commissioner Gruhin was out of town and unavailable for comment.

Times Signs 5300th Subscriber; Now Printing On A Rotary Press

Increased circulation, improved equipment, better news coverage and more effective advertising.

These are some of the points in the Belleville Times - News' campaign to turn out a better, more readable newspaper for the citizens of Belleville.

The Times-News is proud to announce that it has signed its 5300th subscriber, Mrs. Charles Weber, of 178 Malone Avenue. New subscribers are coming in daily, pleased with the new Belleville Times-News. Circulation is climbing rapidly.

Printed On Rotary Press This issue and last week's were printed on a new rotary press, obtained recently by the Times-News. The new press prints much more rapidly and reproduces type and pictures more clearly.

The rotary is capable of handling 32 standard size pages at a maximum rate of 24,000 papers an hour.

Last week's paper was printed at the rate of 17,500 papers an hour.

The Times had previously —

and for years — been printed on an older-style Duplex flat-bed press, which printed directly from type.

Maximum speed on the Duplex was 4,000 papers and hour, but the press usually ran at 2,500 an hour.

From Curved Casting The rotary prints from a curved lead casting made of the locked-up type in the page form.

The new Times, clear looking and easier to read, also has another advantage. Two inches have been reduced from its width, making it easier to handle and better looking, giving it the "modern, slim look."

More improvements are in the process of being made in the Belleville Times-News. The fine local newspaper they deserve.

A full page of pictures on the improvements and the increase in circulation appears on page 7. All the pictures on that page were made into Fairchild plastic cuts for use in this issue.

Golden Charges "Giveaway" Of Water to Clara Maass

"Extremely Short" Of Cash at Maass; Never Bought Water

Alben Oberg, executive director of the Clara Maass Hospital, said this week that the hospital had not paid for the water it has used since it is "extremely short of cash" and also since the hospital had not paid for its water in its almost 90 year history.

Clara Maass has been in Belleville since 1957. Previous to that it was in Newark.

Oberg said that when Clara Maass opened, hospital representatives had met with Town officials and asked that the water be given free of charge. No answer has been received as yet, said Oberg.

Newark Supplies "Free Water" Oberg said that Newark supplied water free to its hospitals. He asked if it were any more of a "giveaway" for Newark to supply water to hospitals than it was for Belleville.

Furthermore, Oberg went on, Clara Maass provides clinic care for indigent patients and also medical care to the medically indigent on the town rec-

ords at less than half what it costs the hospital.

"If the town gave us free water, free taxes and free garbage collection, it would be compensation," said Oberg.

"Ask Mr. Golden," Oberg went on, how many times in the past year he may have had reason to use the police or fire departments. He pays his taxes for those facilities — why not for the standby facilities of a hospital?

Payment in Taxes

The Clara Maass hospital pays about \$1,500 in taxes yearly on all land over five acres. There is a total of some 16 acres of property, including that in use, as well as the undeveloped land. Oberg surmises there are "eight or nine" acres in taxes.

Taxes, water and garbage collection costs come up to \$5,800 a year, said Oberg. The taxes and garbage collection costs are paid, he asserted.

This \$5,800 is that much (Continued On Page Two)

Town critic James Golden this week charged the Town of Belleville with a "giveaway" of water to the Clara Maass Hospital.

Golden renewed charges he made last week at the Town Commissioners' meeting that Clara Maass had not paid for their water since the hospital opened in Belleville in August of 1957.

To back up his charges, he obtained a list of figures on the cubic feet of water consumed monthly by the hospital, as well as the monthly figures on non-payment.

Check of Records

At the Commission meeting last week, Golden stated that the hospital owed "close to \$10,000" for water. A check of the records at the session showed the bill came to \$7,769.

Golden also said this week he had been informed at Town Hall that Clara Maass was billed at 69 cents per 1,000 cubic feet of water. This rate, said Golden, was below that paid by Belleville for the water.

Under a new five-year contract authorized with the City of Newark, Belleville pays \$120 per 1,000,000 gallons of water. Under the old, previously existing contract, the rate was \$85 per 1,000,000 gallons of water.

"Based on 69 Cent Figure" Golden asserted that the figure of \$5,769 owed the town by Clara Maass was based on the 69 cent figure. The amount owed, he continued, should have been based on the previously existing rate of \$2.20 per 1,000 cubic feet of water consumed.

At this rate, computed Golden, the hospital would owe \$13,394. Even with this figure, Golden went on, the hospital was billed at 69 cents for May and June of this year, while an ordinance raising the basic rates was passed in the latter part of April. Thus, even with the new higher rates the hospital continued to be billed at 69 cents per 1,000 cubic feet.

"Taxpayers Sult" Warranted Golden said he questioned the propriety of billing the hospital at a lower rate and said a "taxpayers sult" would be warranted, since rates are established by law and lowering the rates or making special grants would be contrary to law.

He added that he himself did (Continued On Page Two)

69¢ Rate Was Given After Talks, Says Mayor

Clara Maass Hospital is charged the 69 cent per 1,000 cubic feet of water rate based on the outcome of meetings held before members of the Belleville Board of Commissioners and executives of the hospital, according to Mayor Isadore Padula.

Mayor Padula said the meetings were held about the time the hospital was being built. It was agreed at the meetings, Mayor Padula said, that Clara Maass would be charged the same rate that the Essex County Hospital was charged. No figure was mentioned, said the Mayor.

Computations made by Tax Collector William Friel and by Treasurer Frank May reveal that based on the rate of \$2 per 1,000,000 gallons of water bought from the City of Newark, the cost to Belleville per 1,000 cubic feet of water was approximately 64 cents.

However, Belleville has just entered into a five-year contract with the City of Newark for water, at the rate of \$120 per million gallons.

At this figure, it will cost Belleville 90 cents per 1,000 cubic feet of water.

Mayor Padula said he would (Continued On Page Two)

Story on the \$59,000 Purchase Of Equipment for Works Dept.

The above photo shows Public Works Department equipment which will be replaced with the purchase of equipment approved recently by the Town Commission.

The truck at left, used by the Sewer Division, has its second motor, which is shot, according to Hugh Welsh, Department foreman. Also, the body is rotting and there are holes inside, Welsh says. This truck has more than 110,000 miles on it, and with the truck on its right, was bought in 1946.

The second truck, used by the Water Division, has more than 80,000 miles on the speedometer, and also has a

body which is shot, Welsh asserts, and is in generally poor condition.

The motor is "not bad" on the water truck, says Welsh, and will be repaired. This truck will be used as a spare.

About the case loader (the tractor) "nothing can be done," says Welsh. This piece of equipment was bought in 1949 and has seen three hurricanes.

The case loader has no compression, and workers in the department had trouble starting it to line it up for the photo.

Also, the bucket is damaged and the front end pushed in. Welsh will recommend a trade-

As for the dump truck at the far right, a Dodge, "It's completely gone," says Welsh. Bought in 1947, the truck is "worn out," according to one of the Department employees.

"Just like me, when I get old, I'm worn out," the employee added.

(Continued On Page Two)

Mayor Seeks Negotiation On Range Billboard Lease

Mayor Isadore Padula told the Times-News this week he would seek a renegotiation of the billboard lease with United Advertising in which United pays the town \$1 a year for five large billboards on the perimeter of the police pistol range.

The billboards and the rate paid the town have been the subject of a recent controversy.

Checking Other Spot

Mayor Padula also said he has ordered the investigation of whether there are any billboards located on town property across from the National Raceway on Hill Street. Town engineer Raymond Daly was to make a survey of Morris Canal property there.

Other agreements on billboards have come to light, the Times has learned.

A lease for \$50 a year was signed in June, 1952, between then Commissioner Patrick Waters and United Advertising for signs to be erected at Old Stone Bridge and Mill Street.

The signs were never erected, and the lease was never actually in effect.

The property on which the signs were to have been placed was later dedicated as playground property and is now part of the Montgomery Street Playground.

Another lease with United Advertising was signed in August, 1950, between Deputy Mayor William Tully and United for \$25 a year for a billboard at 729 Washington Avenue. A billboard was erected at that spot.

The lease was cancelled when the property was sold in June, 1954.

Citizens Tax Council Opens New Headquarters

The Citizens Tax Council of Belleville has set up headquarters at 569 Washington Avenue. The group, according to President Edward Carney, is primarily concerned with a reduction in taxes.

Carney goes on that if the only way to reduce taxes is by changing the form of municipal government to council-manager, the group favors that change.

If on the other hand, the commissioners can show tax reduction and economy under the present system, the group

would be willing to keep on the commission form.

Vice-president of the group is Emil Casale. Treasurer is Chris Albanese. Secretary is Louis Donato.

At a meeting held last week at the new headquarters, some 35 persons were present. Carney declares there are 550 paid-up members. Goal of the organization is 5,000 members.

A petition calling for a referendum is being circulated by members of the group. The last (Continued On Page Twelve)

Back From Trip Out West
Mr. and Mrs. Louis J. Siderman are returning after an extensive tour of the west. While out on the west coast, they visited Los Angeles, Las Vegas and San Francisco.
The Siderman's reside at 390 Union Avenue.

R. Simon Attends Confab

Rita L. Simon of 3 Riverside Avenue, attended a one-week workshop for Community Leadership in Intergroup Relations, held recently at the Rutgers University Summer Session.
The ninth annual workshop brought together persons from staffs of schools, community organizations, law enforcement units and others with a need for understanding intergroup problems and up-to-date methods for their solution.
It is one of three human relations education workshops being offered this summer by the Rutgers School of Education in cooperation with the New Jersey and Philadelphia regions of the National Conference of Christians and Jews and the Division Against Discrimination of the State Department of Education.

Teen Canteen

The Recreation Department's Teen Canteen started their summer program recently at the Recreation House. In the midst of the fun the girls and boys organized an editorial staff for their own newspaper, "Canteen Comments".
Members of the editorial staff this year are: Jimmy Niswocda, editor; John Kelly, Bob Guber, Rich Pentimone, Lefty Sheldon, Dickie Niswocda, Nick Perrelli, Clair Austin, Carol Cook, Ginny Cuzzi, Betty Corrigan, Mary Corrigan, Jeanie Golden, Kathleen Mulcahy, Joan McCabe, Sarah Posta and Marianne Schmon.
Any Belleville girl or boy between the ages of 14 and 18 are eligible to join the "Teen Canteen", if their parents will serve as chaperons two nights this summer.
The Canteen meets Tuesday and Friday evenings at the Recreation House, 407 Joralemon Street.
7:00 p.m. — Recreation Senior Barbell Club — Stadium

Miss Nancy A. Oswald Wed To Thomas Iannicelli

Miss Nancy A. Oswald, daughter of Mr. and Mrs. Walter P. Oswald of 109 Tappan Avenue was married this Saturday to Thomas Iannicelli at St. Mary's Church, Nutley. The Rev. John Golding officiated at the ceremony.
The reception was held at the Rock Spring Corral, West Orange.
Escorted by her father, the bride wore a full-length nylon gown designed with a sashina neckline outlined with iridescent sequins and pearls.
A lace motif was embroidered throughout the gown. A crown of pearls and sequins held her two-tiered silk illusion veil.
She carried white orchids trimmed with stefanotis on a prayer book.
Mrs. Joan M. Jiracek of Point Pleasant, sister of the bride, was matron of honor.
Bridesmaids were Mrs. Betty Werner of Point Pleasant, a sister of the bride and Miss Eleanor Rodenkirchen of Nutley.
Peggy Oswald, another sister of the bride, was a junior bridesmaid.
Attendants wore white nylon gowns with alternating pastel trim. They carried carnations dyed to match the trim.
Louis Iannicelli, of Belleville was best man for his brother. They are the sons of Mr. and Mrs. Frank Iannicelli of 75 Mount Prospect Avenue. Ushers were Henry Makymko of Newark, Brad Thomas of Bloomfield and Frank Musto of Newark.
George Ferise of Newton, cousin of the bridegroom, was a junior usher.
Mr. and Mrs. Iannicelli are both graduates of Belleville High School. Mrs. Iannicelli is with the Bank of Nutley. Her husband is serving in the United States Army and is stationed at Fort Sill, Oklahoma.
The couple will honeymoon in Cape Cod for one week. Mr. Iannicelli will return to Oklahoma for eight weeks of additional training. Mrs. Iannicelli will reside with her parents.

A car-pool for work?
Why not one for church?
Invite your neighbor to join you at church this week.

If your organization or activity is omitted from the schedule below, it is due to the fact that we did not receive notice from your publicity chairman. The Belleville Times solicits notice of meetings and activities for inclusion in the Town Bulletin Board. Copy must be in our office this week by Tuesday at 3 p.m.

Mrs. J. Peter Sencevicky

MISS GENERAZIO IS MARRIED TO J. SENCEVICKY

Miss Arlene Generazio, daughter of Mrs. Anita Pulice of 617 Belleville Avenue and the late Frank Generazio, was married recently to J. Peter Sencevicky, at the Montgomery Presbyterian Church.

The Rev. Oliver Chapin, pastor, officiated. Mr. Sencevicky is the son of Mrs. Alexander Sencevicky of 9 Spring Street, South River and the late Alexander Sencevicky.

Miss Flo Gorski of Somerville, a former college roommate of the bride, was maid of honor. The bridesmaids were Mary Celuso of Belleville and Hope LaMagna of Rutherford. Emily Winn of Princeton, Emma Sussman of Springfield and Howard Hokrein of Newark were best men. Ushers were David Coss and Harold Brandman, both of Belleville. James Veneziz of Newark, cousin of the bride, was ring bearer.

The couple both attended Belleville High School and are graduates of Trenton State College. Mr. Sencevicky served two years in the United States Army. Both he and his wife will teach in the Rockaway Public School system this fall.

The couple honeymooned for two weeks in Miami Beach at the Fountainbleau. They will reside in Rockaway.

Miss Conklin on Tour Of Canada and Alaska

Miss Kathryn N. Conklin, teacher at School Eight participated recently in an educational tour of the Canadian Rockies and Alaska. Miss Conklin lives at 14 Montgomery Place, Belleville.

Teachers from various states throughout the country were in the party of 25 making the tour, which was sponsored by the National Education Association.

Experiences gained on the tour were expected to and the teachers in furthering their professional careers and to provide materials of value to them in their classroom work with students.

The journey was by rail and by steamer up the Inside Passage from Vancouver to Skagway. From Skagway, the teachers entered the Yukon Territory over a narrow gauge railroad. The party returned to Chicago July 19.

Mr. and Mrs. R. King Leave For Europe Trip

Mr. and Mrs. Russell King, of 826 Joramelon Street are among eighty employees of the Westinghouse lamp division plants in Bloomfield, Belleville and Trenton taking a two-week vacation trip to Europe.

The trip has been organized by the Westinghouse Employee Recreation Association. The group landed in London, England.

Miss Dorothy Stacey, of 210 Sprigdale Avenue, East Orange, a Westinghouse secretary and chairman of the Recreation Association made most of the arrangements for the tour.

SURPRISE PARTY FOR THE ZIMMERS

Mr. and Mrs. Charles Zimmer, of 69 Baldwin Place were given a surprise party by their three children in honor of their 35th anniversary. Thirty people attended the party.

The couple's children are Charles, Jr. and Rita, both of Belleville and Mrs. Michael Flynn of Nutley.

It took some 70 years after the invention of the telephone before the New Jersey Bell Telephone Co. hit the 1,000,000 mark in number of telephones served — (1876-1946). The second million was achieved in just eight years.

The Stork Club

A baby girl, Joanna, was born to Mr. and Mrs. Michael Baglione of 14 Prospect Street on July 3 at the Clara Maass Memorial Hospital. The couple have four other children.

Mrs. Baglione is the former Eve Freda.

A baby boy, Michael Charles, was born to Captain and Mrs. Donald V. Phillips of 8C Bellevue Court on July 11 at the Clara Maass Memorial Hospital. The baby joins a brother, Jeffrey and sister, Mary Ann.

Mrs. Phillips is the former Brooke Seidenberg of Newark.

Pfc. Nicholas Landolfi of 212 Forest Street, has arrived at Fort Dix for fifteen days of active duty training. Pfc. Landolfi has been assigned to the 74th Transportation Corps, Staging Station, USAF.

A boy Jeffrey, was born to Mr. and Mrs. Thomas Mack of 19 Oak Street on July 18 at the Clara Maass Memorial Hospital.

Mrs. Mack is the former Marilyn Teicher of Belleville.

A girl was born to Mr. and Mrs. Paul Watkeys of 54 Branch Brook Drive last week at the Clara Maass Memorial Hospital. The infant, Theresa Suzanne, joins a sister Donna, 6.

Mrs. Watkeys is the former Donna Masterton.

A son, Craig Joseph, was born to Mr. and Mrs. Joseph Heck of 20 Belleville Court last week at the Clara Maass Memorial Hospital. This is the couple's first child.

Mrs. Heck is the former Iona Pettalko of New York.

Mr. and Mrs. Peter J. Cetti Honeymooning In New England

Mrs. Peter J. Cetti, Jr.

Miss Shirley Ann Richter, daughter of Mr. and Mrs. Rudy Richter of 57 Wilson Street, Boonton, exchanged wedding vows on July 18 with Peter J. Cetti, Jr., son of Mr. and Mrs. Peter Cetti of 71 Cortlandt Street. The ceremony was held at Our Lady of Mt. Carmel Church, Boonton, with Father Daley, pastor, officiating.

A reception was held at The Peacock House.

Local Girl Weds Oregon Man At Christ Episcopal Church

Mrs. Calvin J. Postlewait

Miss Linda Jean Ibbott, daughter of Mr. and Mrs. Wellie Ibbott of 234 Joramelon Street was united in marriage with Calvin J. Postlewait, son of Rev. and Mrs. Wade Postlewait of Freewater, Oregon.

The couple were married at the Christ Episcopal Church by the Rev. Fredrick Long, pastor. The bride was given in marriage by her father, Wellie Ibbott. A reception was held at the Branch Brook Manor.

The bride wore a hand-embroidered silk organza gown designed with a sabrina neckline, taffeta bustle and streamers. Pearlized orange blossoms held her elbow-length veil. She carried roses and lilies of the valley on a satin and lace fan.

Miss Lynn Zborowski of Belleville was maid of honor. She wore a dotted Swiss ballerina-length gown with yellow taffeta-trim and streamers and carried a basket of white daisies.

The bridesmaids were Rosemary Moreale and JoAnn Yancee, both of Belleville. They wore gowns similar to that of the maid of honor. The

bridesmaids also carried baskets of white daisies.

Frank Bortor of Albany, the bride's cousin, was best man. The ushers were Ralph Yancee and Ronald Montrose, both of Belleville.

Mrs. Postlewait attended Belleville High School and is with the American Insurance Company, Newark. Mr. Postlewait attended school in Oregon and Missouri. He served with the United States Army and is presently with Federal Leather Industries, Nutley.

The couple are motoring to Canada and Niagara Falls for a week. Upon returning they will reside in Nutley.

Located on Satterthwaite Ave. this stone front colonial home was designed with you in mind. Two bedrooms, fireplace, enclosed rear porch and well maintained grounds. \$21,000.

CHARM SCHOOL IN SESSION

The Recreation Department's Charm School for girls got off to a start last week at the Recreation House.

Miss Norma Mele, director, talked to the girls about their posture, sitting, standing and walking. She also held a general discussion on teenage beauty problems.

In future weeks, the girls will learn how to take care of their nails, hair, and eyebrows, what cosmetics they should use and how to use them and the types of clothes they should wear.

There are still a few openings in this class. Any teenage Belleville girl interested should contact Mrs. Catherine Popko of the Recreation Department, PL 9-3142. There is a charge of two dollars to cover expenses for the course.

Back From Hospital

Al Grossman, six, has returned home from the Clara Maass Hospital this week after having been admitted due to a freak accident at home. Allan is the son of Mr. and Mrs. Sy Grossman of 15 Tremont Avenue.

The first telephone exchange in New Jersey was established in Camden on August 15, 1879—nearly 80 years ago.

DAVID MARGOLIS JOINS COMPANY

The appointment of David I. Margolis as assistant to the president of International Telephone and Telegraph Corporation was announced today by H. S. Green, president.

Mr. Margolis joins ITT from the Raytheon Company, where he had been assistant treasurer. Before that, from 1952 to 1956, he had been security analyst for Josephthal and Company of New York City.

Mr. Margolis is a graduate of The City College, New York (CCNY), from which he holds the degrees of bachelor and of master of Business Administration. He is a member of the New York Society of Security Analysts.

Mr. Margolis and his wife, the former Barbara A. Parker of Boston, Massachusetts, reside in New York City.

JOSEPH E. ZIPF

Joseph E. Ziff of 206 Fairway Avenue, observed his 30th anniversary of service with the New Jersey Bell Telephone Company this week. He is a line foreman in the company's Plant Department in Newark. Ziff is a member of Newark Downtown Council of H. G. McCully Chapter, Telephone Pioneers of America.

Engaged

Miss Marilyn A. Ingalls

Mr. and Mrs. Kenneth S. Ingalls of 34 Overlook Terrace have announced the engagement of their daughter, Miss Marilyn Ann Ingalls to Charles William Maguire, son of William M. Maguire of Belleville and the late Mrs. Maguire.

Miss Ingalls was graduated from North Arlington High School and attended Rutgers University, Newark. She is employed by the Prudential Insurance Company, Newark.

RO-LI CAMPERS LIVING IT UP

The Camp Ro-Lo girls arrived at Glenwild Lake three weeks ago. Upon arrival, the girls, were checked by the camp nurse and then tested and grouped according to their swimming ability. The waterfront program at Ro-Lo is conducted in accordance with National Red Cross procedures and may safely aid such as kick boards and ring boys have been loaned to the camp by the Belleville Red Cross chapter.

Among the activities that the campers participate in are archery, boating, nature, crafts, hiking, cook-outs, sleepouts and various sports. The camp is run by the Rotary Club and the Lions Club.

The Belleville girls at Ro-Lo are Kathleen Gussalio, Eileen Symons, Leslie Thoma, Barbara Carbone, Angela Serio, Jane Lay, Kathy Autin, Andrea Thoma, Helen Poole, Joanne Sidmore, Brenda Borden, Vicki Lou Holloway, Suzanne Mulligan, Phyllis Ciofarietti, Trudie Katz, Cynthia DeBoris, Laura Jane Baker and Judy Caranai.

Also Mary Jean Finnegan, Gail Ritchy, Barbara Weston, Barbara Caltagirone, Judy Cor, Karin Epelien, Linda Cochran, Bonnie Brehm, Donna Skiff, Cheryl Southwell, Ruth Ann Long, Elinor Mostello, Ann Marie Finnegan, Kathy Gruber, Rosamund Morton, Diane Murphy, Linda Tourian, Joan Berzon, Wendy Chaiken, Ellen Chester, Kathy Allen, Lauretta Eglisen and Gail Guth.

Editorial

Thanks, Folks!

It is with a heart full of appreciation that we draw our readers' attention to the fact that our paid circulation this week exceeded 5300. This is a tremendous jump in our circulation statistics since we became owners of the Belleville Times-News just three short months ago.

We are indeed grateful to the citizens of Belleville for their support of this newspaper as reflected in the increased circulation figures. We are trying to express our appreciation by giving to the people of Belleville what they rightfully deserve -- a first-class newspaper for a first-class town. We have added a full-time social editor to our staff. To service the merchants, we have added a full-time advertising manager and a full-time art and makeup director to assist them in getting their message through to the people of Belleville.

Beginning with last week's issue of the Belleville Times-News, we are using more expensive facilities upon which to print the newspaper. These facilities make it easier for the reader to read the paper. In the process, we have reduced the width of our page by approximately two inches. This makes it easier for the reader to handle our pages. Last week we acquired our own engraving equipment permitting us to include "last minute" pictures in our editions, thus providing better coverage for our citizens and organizations. We are planning to increase the number of pages contained in each issue.

We promise the people of Belleville that the day of the six-page paper for the Town of Belleville is no more. Our editorial and news policy will continue to be to call the shots straight and let the chips fall where they may. We subscribe to the philosophy that in truth there is strength.

From time to time there undoubtedly will be legitimate disagreement with our editorial policy, but we trust a fair and impartial news policy will receive your continued support.

F.A.O.

Mr. Gruhin Is Wrong

Last week, Commissioner Robert Gruhin, Director of the Department of Public Works, stated that the Town of Belleville refused to issue 19 permits for further development of the Rutan Estates. This refusal precipitated legal action on the part of the applicant. Mr. Gruhin further stated to the Board of Commission that Building Inspector Thomas Greco's refusal to issue the building permits was upon his advice.

This is a startling disclosure. As an able attorney, Mr. Gruhin well knows that the sole authority as to whether or not a building permit should be issued rests in the domain of the Building Inspector. Mr. Gruhin has no right to influence the Building Inspector in the issuance of permits.

A politically-motivated Director of Public Works, in whose department the Building Inspector is assigned, could abuse this influence with personal advantage to himself. Mr. Gruhin should never leave himself open to this charge. If word got around among builders that Commissioner Gruhin is the man to see to get a building permit, one's fancy can well conjure up in his mind all kinds of opportunities presented to a politically-motivated Gruhin.

There is nothing in the record to indicate that Mr. Gruhin is attempting to influence the Building Inspector for personal gain and any such conclusion would

be unfair and false. That he did influence the Building Inspector to deny an applicant a building permit is admitted by the Commissioner. The decision should have been the Building Inspector's and not the Commissioner's. We think Mr. Gruhin is wrong in attempting to influence the Building Inspector and the precedent he has established is a bad one for the Town of Belleville.

Those Turnpike Surplus Millions

As we go to press, releases from the Governor's office indicate the Legislature on Monday, July 27th, will be asked to approve Governor Robert B. Meyner's plan to submit to the voters of New Jersey in November the question of whether or not New Jersey Turnpike surplus millions shall be used to subsidize railroad deficits.

We believe this proposal is absolutely asinine and unworthy of consideration by the Legislature. We insist the chief beneficiary of this political scheme will be Hudson county and not the New Jersey commuters and/or New Jersey taxpayers. Ninety per cent of all railroad taxes are levied by Hudson County municipalities. This statistic is not in dispute by anyone.

While Governor Meyner proposes that the taxpayers of New Jersey subsidize railroad deficits, we will have no right to determine whether or not we are also subsidizing excessive salaries and expense accounts paid to railroad executives, nor will we ever know whether or not we are subsidizing other railroad mal-practices which contribute to operating deficits.

We believe the taxpayers of New Jersey will be better served if the Legislature asks the people to vote on a referendum which would merge the Garden State Parkway and the New Jersey Turnpike with the State Highway Department.

Recently, D. Louis Tonti, Executive Director of the Garden State Parkway, made the shocking disclosure that the Garden State Parkway is expected to operate in the red in 1965. The State laws require that such a deficit can only be met with income from two sources -- increased taxes on gasoline and/or increased real estate taxes. This possibility alone should present enough concern to the legislators of New Jersey to steer clear of Governor Meyner's proposal to divert Turnpike surplus millions for railroad use.

Essex County has a twelve member Democrat Assembly Delegation which will represent it and the people of the Town of Belleville in Trenton this Monday. The eyes of Belleville will be on its twelve member delegation to see whether or not they will act in the best interests of the Belleville taxpayers, or be "railroaded" into serving the political purposes of a presidential-minded Meyner.

A Possible Answer To Our Parking Problem

In municipalities throughout the country parking lots are operated by privately held corporations. Since we are already overburdened with necessary municipal expenditures resulting in a bulging tax bill, we can ill afford to erect, operate and maintain parking lots operating in the red.

However, there is a possibility that we might very well interest a private parking lot company in taking over municipal parking lots on an annual lease rental basis. The annual rental charged need not be one established to produce a profit for the town, but merely to give us at least a break-even point. If this can be accomplished, the town can move forward with dispatch in erecting parking lots and turning them over to a private parking corporation to operate.

The objection to erecting, maintaining and operating municipally owned parking lots which operate in the red is a valid one. Perhaps this suggestion may be an answer.

The Slim, Modern Look

Yesteryear In Belleville

5 Years Ago

Carl Hundertpfund, acting Deputy Fire Chief, announced that the residents in the fourth ward would be visited by town firemen in the first phase of the Muscular Dystrophy drive.

The town commission held a special hearing to decide on a proposal to abolish rent control in Belleville.

The New Jersey Police Square Club held their fourth annual dinner at the Fountain. Commissioner Kenneth D. Smith, president of the organization and Detective Harry Winfield, secretary, also attended.

The new A & P passed out roses. First on the list were Mr. and Mrs. Casper Gilbert, of 6 Continental Avenue. As first customers they received breakfast cereal and soap along with the rose.

The town commission adopted an ordinance changing the name

of Clark Street to Clark Terrace. It was a mystery why the name was changed.

10 Years Ago

The Board of Trustees of Family Service held an Open House in their new office at 834 Washington Avenue to acquaint residents of Belleville with the services available to them through the organization.

Police were searching for armed bandits who robbed an all-night gas station at Main and William Streets. They escaped with \$25.

Anthony M. Pico, of 93 Heckel Street, former major during World War II, was appointed to the Belleville Public Library Board of Trustees by Mayor Tulley.

15 Years Ago

Mrs. Robert Fitzgerald, of 215 Franklin Avenue received a German battle flag from her husband, a field artillery corporal

with the fifth army on its advance to Rome.

The Belleville School students held back on public solicitation of war bonds. This was announced by Phillip Dettelbach, chairman of the drive.

Harry Sullivan, of 2 DeWitt Avenue was named chairman of the out-of-town solicitations for the War fund and Community chest.

25 Years Ago

Police Chief Flynn asked for an ordinance to license "soda pop" places so the police could

SCHOOL SYSTEM TO PURCHASE NEW TESTING DEVICE

A resolution introduced by Mrs. Mary Coronato at this

raid suspect speakasies.

Peter Igoo was elected president of the First National Bank.

The Board of Education authorized blanket insurance policies for the school system.

James L. DeRossett, of 54 Smallview Avenue was elected to the Board of Education.

50 Years Ago

The John Hunkle farm, at Jorammon Street and Garden Avenue, was sold to Enos Willett who organized a company to exploit the tract for home building.

The patrolmen on the Belleville police force handed in a petition to the police committee for an increase in salaries. There were five patrolmen each receiving \$60 a month.

Bread was selling for 8 1/2 cents a loaf and seven loaves for 25c. Porterhouse steak was selling for 14c a pound and a package of spaghetti sold for a dime.

A minstrel show was given by the Belleville Lodge of Elks at the new Auditorium, Newark. Walter C. Smith was director of the show.

The total number of days lost through truancy since the opening of schools in September, 1909 was 1,733. This was reported in December of that same year. A full-time truant officer was appointed immediately.

J. W. Klein, druggist and Dr. D. S. Tillou, dentist, returned from a week's gunning trip to Stockholm, Pennsylvania; they bagged several quail and 12 rabbits which they distributed among friends.

PL. 9-1685

week's special meeting of the Board of Education and seconded by Mrs. Violet Rochon called for the purchase of an audiometer and was passed unanimously.

The audiometer, to be purchased from the Maico Hearing Center for \$335, is to be used to test the hearing of pupils. This audiometer is to replace an old one and will become the third audiometer in the Belleville school system. According to Mr. Evan Thomas, superintendent of schools, this device is the "most scientific and accurate way of testing hearing."

Both the student's ears are tested and the intensity of sound can be controlled so that the tester can tell how hard a hearing a pupil is. The machine is used by the school's doctors and nurses.

Mr. Thomas stated that bad hearing in a student can seriously impair his academic growth. If a pupil has a severe hearing problem, the school will recommend that he either be sent to a special school or be fitted with a hearing aid.

New Jersey Bell Telephone Co. is the youngest of the operating companies in the Bell System. It was formed October 1, 1927.

Times-News Forges Ahead in Circulation, Appearance and Production

• 5300th Subscriber

SUBSCRIBER NUMBER 5300: Mrs. Charles Weber of 178 Malone Avenue had the distinction recently of being the 5300 subscriber to The Belleville Times-News. Mrs. Weber is shown being congratulated at the office of Publisher Frank A. Orechio, who is at left. Circulation Manager Ed Cropley, in charge of the subscription campaign, is at right. Circulation is climbing . . . rapidly.

• First Paper Off Rotary Press

NUMBER ONE OFF THE NEW PRESS: Production superintendent Walter Buchko looks on as pressman John Anderson inspects the first paper off the recently acquired rotary press. Note clarity of new paper, even in picture. Looking on are stereotyper John Ackerman and shop foreman Bob Ackerman. New Belleville Times is two inches thinner in width, to make for easier reading.

• Stereotyper

ROUND CASTING: Stereotyper John Ackerman works on a casting produced for the rotary press. The casting is curved, and fits over a cylinder on the press, allowing for greater speed in production.

• Operating Fairchild Scan-A-Graver

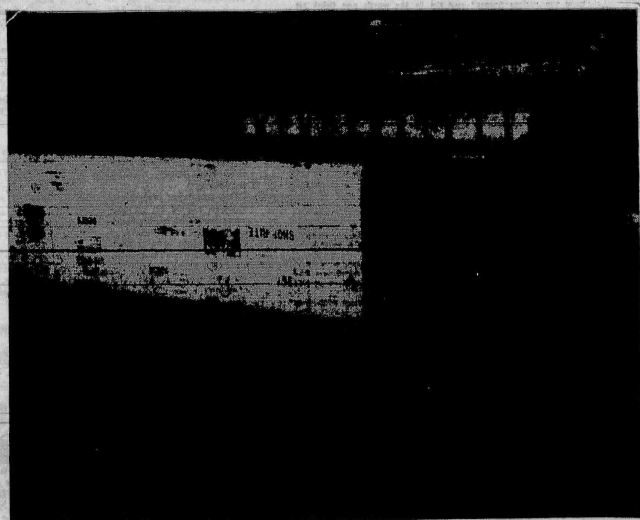

OPERATING NEW ENGRAVING EQUIPMENT: Art Director John Williams is shown operating the Belleville Times' new Fairchild engraver, which produces plastic engravings and allows for increased use of pictures and a later deadline for photos. All pictures on this page are made with Fairchild plastic engravings.

• Compositor

WORKING ON FORM: Compositor James Cooper is shown working on a form — type locked within a steel frame. A mat will be rolled from the form and a curved stereotype will be cast for the rotary press.

• The Old . . .

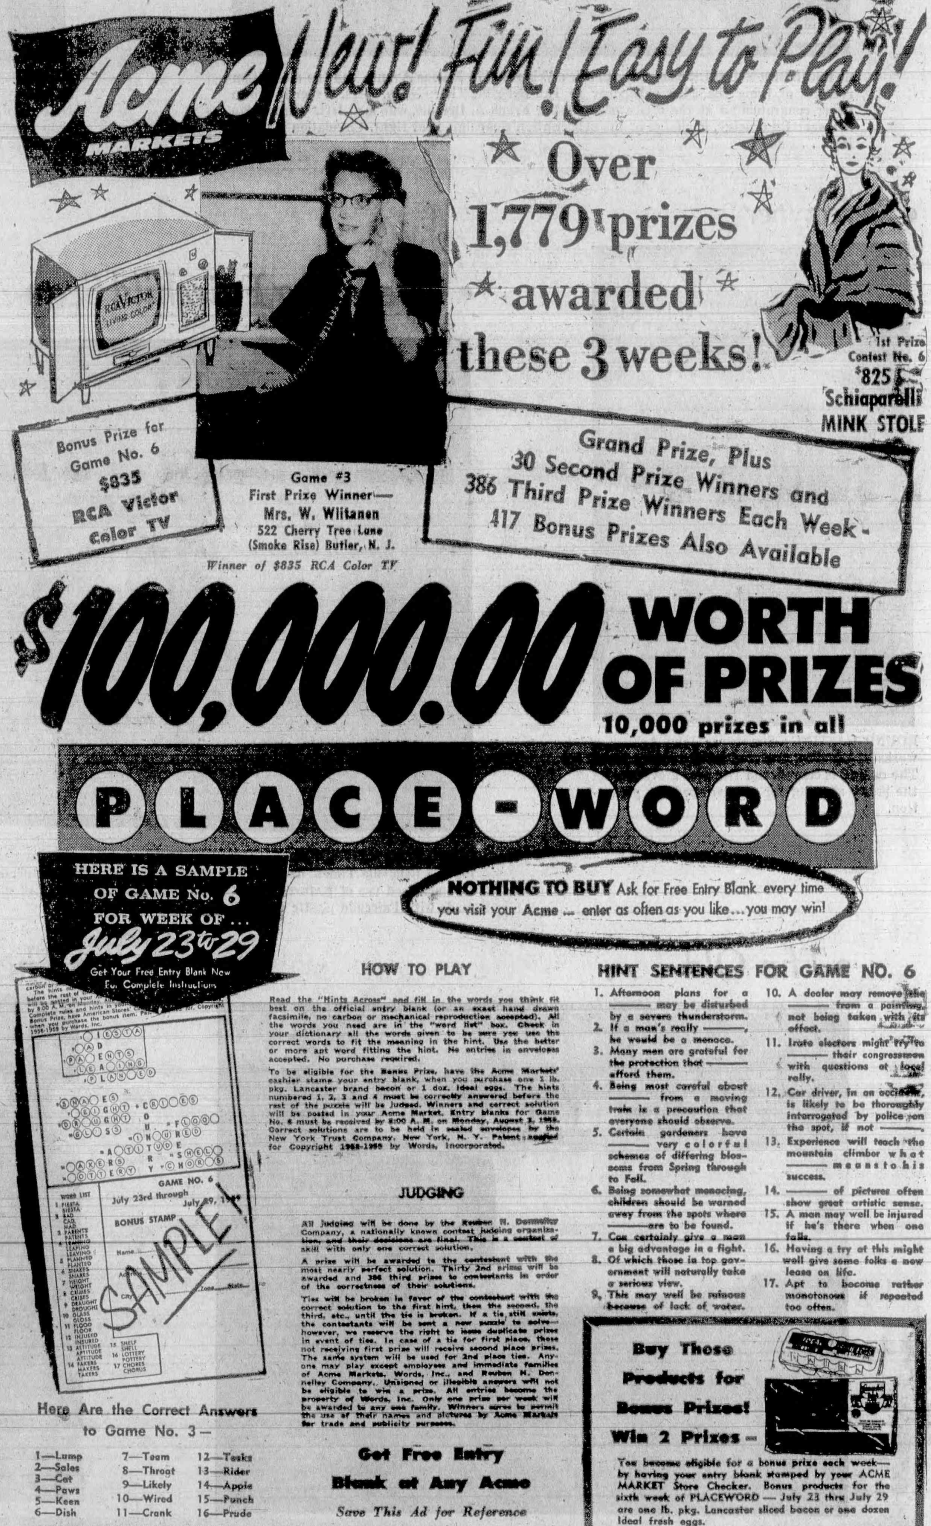

OLD PRESS: Duplex press put out the Belleville Times for years at 2,500 issues an hour.

• The New . . .

NEW PRESS: Rotary press can handle 32 full standard size pages and run at a maximum speed of 24,000 issues an hour. Last week's issue ran at 17,500 an hour rate.

AREA STUDENTS ON HONORS LIST

1568 Is Beginning For Town

Town History

This is Chapter 1, Part 1, of "Know Your Town — People, Places and Things," and tells of the history of Belleville.

In 1568, a group of hardy pioneers beached their canoes on the western shore of the Passaic River not far from Main and William Streets. There is no doubt that they were probably Dutch settlers.

History records no more about this period until 1707. However, according to research done by the Belleville Times, there is historical evidence that "Van Cortlandt" house was erected in 1683 between the Passaic River and Main Street. It served as a stronghold against the Indian raids and it is reported that several Indian skirmishes took place here.

Below the house, several tunnels were built to provide for

escapes if this was necessary. In 1776, it is reported that Washington used the house as sleeping quarters. There are no historical documents to prove this however.

In 1726, The First Dutch Reformed Church was opened to worshippers. Newark had donated the site. There were 128 persons in attendance at the church and 30 families. Other denominations held their services here until their churches were completed.

Belleville acted independently as of 1746 having provided for its poor and transacting business beneficial or otherwise for the community. In that same year, King George of England granted the Christ Church a charter. By means of a lottery, the church was built and conducted its first service in 1761.

From 1793 until 1797, Belleville was known officially as the "Second river section of Newark." On July 4, 1797, the town adopted the name of Belle (beautiful) Ville (city). This town is bounded on the

north by Nutley, on the south by Newark, on the east by the Passaic River and on the west by Bloomfield.

In 1812, Captain Decatur leased land on Mill Street near Washington Avenue and began to erect buildings for the purpose of making gunpowder. Two years later, an explosion completely destroyed the building and injured many workers.

Later the same land was used for buildings which manufactured umbrellas, furniture, etc. An explosion in 1841 wrecked the bridge into Passaic.

School One was built in 1851. A law making Belleville a city was passed in 1874. The fire department was established in 1892 on John Street. Four years later, Newark and Belleville absorbed Woodside, north of the canal, which became the part of Belleville known as the Soho section.

In 1914, the cornerstone of Town Hall was laid and the commission form of government was established.

Even Webster Might Be "Bugged"

Even Noah Webster might become of the words and phrases "bugged" today if he ran across that entered our language in a traxle. . . . And what could 1958. Americans seem to manufacture design in which the words like these for every transmission is in the rear ing-dog or social trend they pre-stand against the engine. For the benefit of the man. "Hooper" is a person, usually a woman who doesn't read dicy a child or his weight-worried tionaries, The World Book En-mother, who uses a hula hoop.yclopedia has compiled a list of Economists have brought

MOTHER JENNIE BROWN

SHE'S 91: Mother Jennie Brown of 20 Valley Street celebrated her 91st birthday recently and was honored at services at Little Zion U.A.M.E. Church. A story in a recent issue of The Times-News gave Mother Brown's age as 90. 'Tisn't so, readers. Mother Brown is 91.

clarity and imagination to the mysterious workings of supply and demand with the phrase "bottoming out" which means reaching the lowest point in a recession.

The hotel has graduated from motel to "hotel" — that's a motel built over the water, where people can moor their boats during the night.

If you have a heavy foot on the gas pedal, you obviously suffer from "roadomania." And if you wheel your groceries out to the car and forget to return the cart to the store, you're guilty of "cartnapping."

Science has introduced the word "megacorpse," meaning a million dead persons, such as could result from nuclear warfare.

An example of making a silk purse out of sow's ear is "informational site." That's the area at the side of the road where a billboard exists. "Mother Malone's Pickled Preserves" or welcomes you to town with "Warning: Speed Controlled by Radar."

The height of simplicity is "pinch effect." That's the contraction that results from the magnetic interaction set up by a parallel flow of currents in plasma (highly ionized gas).

"bug — v.t., to annoy or confuse; coined by the 'Beat Generation.'"

* KITCHEN NOTES

By MARIAN KEMP, Home Economist, Ann March

ICED TEA TIME... is anytime you are hot and thirsty and a thrifty way to solve the summer cold drink problem. An easy way to make it is to bring 1 quart of fresh water to a full rolling boil in an open saucepan. Remove from heat, immediately add 6 tablespoons tea. (3 tea bags equal 1 tablespoon). Brew 3-5 minutes depending on how strong you want it. Strain into pitcher holding 1 quart cold water. To serve, put 2-3 ice cubes in glass, fill with tea. Keep at room temperature to avoid chilling. It will retain a good flavor for 4-6 hours. If you make it for lunch in the afternoon or if you make it for dinner, you may have some left for the evening.

LEMON ICE CUBES — Cut thin strips of lemon rind into 1-inch lengths, place one in each ice cube section. Mix 8 tablespoons lemon juice with

2 cups water, pour into tray. Freeze. Serve 12 lemon and 12 regular ice cubes in each glass. Lemonade concentrate may be reconstituted with water and frozen in cubes for those who like sugar and lemon.

PINEAPPLE NUT BREAD — 3 cups sifted flour 4 teaspoons baking powder 1/2 teaspoon salt 1 teaspoon cinnamon 2 tablespoons butter 1/2 cup sugar 1 egg 1 cup evaporated milk 1 tablespoon lemon juice 1 can crushed pineapple (8 1/2 oz.)

Mix together flour, baking powder, soda, salt and cinnamon. Cream butter and sugar thoroughly in a large mixing bowl. Beat in egg. Stir in evaporated milk, lemon juice, pineapple with its syrup and nuts. Add flour mixture all at once and stir just until dry ingredients are dampened. Turn into a well-greased pan 8 1/2 x 4 1/2 x 2 1/2 inches. Bake in preheated oven (375° F.) about 30 minutes. Cool in pan 5 minutes, turn out on cooling rack. Makes 1 loaf.

CYO Swimming Club

With a seasonal membership of 260 boys between the ages of 7 and 14, the Essex County CYO Swimming Club is enjoying one of its most successful years. However, the CYO reminded today that while registration for the season is no longer open, daily and weekly memberships are still being accepted.

The club is using the facilities at Seton Hall University daily from 9 a.m. to noon, Monday through Friday. Non-seasonal members will not be accepted for the swimming classes now being held, but all other club privileges are available to them.

To date, an average of 25 youngsters a day have been taking advantage of the limited membership, which will be available through August 21. The club will close its season that day with a swimming meet for beginning, intermediate and advanced swimmers.

Directing the club for the CYO is James Fetter, swimming coach for both Seton Hall Prep and University.

"Hey, Sport"

A Reader Writes

The writer of this column is in receipt this week of a letter from T. Edward Anderson of 34 Division Avenue, who takes us over the coals for wondering in print whether anyone still collects matchcovers.

As you will see by reading the letter, which we reprint below, people still do collect matchcovers. We are happy to print the letter, and we may say, slightly embarrassed that we failed to mention the Garden State Matchcover Collector's Club. However, in our own defense, we were referring more to collecting of matchcovers by youngsters.

But here's Mr. Anderson's letter:

July 17, 1959

The Belleville Times
To The Editor:

After just finishing reading the "Hey, Sport!" column on page 8 of today's Times, my blood pressure jumped forty points! Near the end of the column, the writer states: "Matchcovers—nobody saves them anymore to my knowledge. Gone are the days when matchcovers were a prized possession."

Look alive, hit the deck, on your feet, my friend! Read your paper! Periodically in The Belleville Times I have had printed or published the regular meetings of the Garden State Matchcover Collector's Club held in the social hall of Wesley Methodist Church on the third Sunday of Sept., Nov., Jan. and March at 2 p.m.

There are four active members of this hobby club here in Belleville, namely: R. Wesley Schneckas, 170 Union Ave.; Roland J. Brule, Jr., 651 Mill St., yours truly and our own Commissioner Pico.

Brother Schneckas has thousands of regular size covers in his collection. Mr. Brule specializes in railroad covers, Brother Pico has an assortment from all over the world and I have over 100,000 covers, every size and shape ever printed from all over the world having added to my collection for the past 21 years.

We are also members of an International Club, the Rathkamp Matchcovers Society, with members from all corners of the globe.

In August 1958, I had a picture and story of my collection in the Newark Star-Ledger and am still receiving mail as a result of this publicity. In the July 5, 1951 issue of the Belleville Times, I was featured on the front page with picture and story relating to my hobby!

You have rubbed my fur the wrong way, my friend—but of course there are no hard feelings. I like my hobby and the only way you can square yourself, is to dig up some good unused (full books) covers for Garden State's next meeting in Sept.

Just so that you will be well advised, according to statistics, matchcover collecting is now second only to stamp collecting.

Happy hunting,
T. Edward Anderson
34 Division Ave.

Fans Letting Legion Team Down

Belleville Legion Manager John Kay, up and around, dropped in and visited us at our offices this week. John had been hobnobbing about on crutches as a result of being hit on the leg by a batted ball on July 4th when he was throwing in a few practice pitches.

John feels that the fans from Belleville are letting the local Legion team down. The team needs support, says John, especially in this, its first season. Kay goes on that the team plays better away from home—where on occasion there are more rooters for Belleville than there are in home games.

Let's go, fans! Support the team! The next game is tonight at 6, when Belleville meets Nutley at the Belleville Municipal Stadium.

Then, there's the double header tomorrow (Saturday) starting at 2 p.m. against the first-place West Orange team.

John will attend a meeting Saturday at 8 p.m. at the White Eagle Hall in Bloomfield, at which time the Essex County Legion All-Star candidates will be submitted.

Good possibilities from the local squad are classy second baseman George Sheridan, a likely candidate; Eric Hatch, a pitcher who doubles in center field and bats third in the line-up; Pat Antonelli, third baseman; Ed Chole, a relief pitcher; and Freddy Riccio, called by Kay "one of the smoothest shortstops in the league."

Sheridan, only 15, batted 333 for Belleville High School and is now hitting 321.

The All-Star team of Essex County Legion teams will meet its corresponding All-Star team from Union County at Elizabeth in the latter part of August. The game will be played under the lights.

Veith Signs With Cincinnati Reds

Richie Veith, called affectionately "Big Stick" Veith by some of his young fans (we heard "em) has signed for a \$10,000 bonus with the Cincinnati Reds team. Richie, who presently plays third base for the Belleville Orioles semi-pro team, will report next year (1960) to Florida.

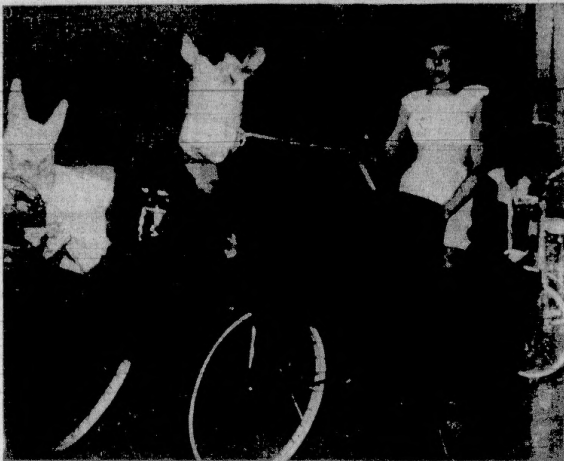

Richie's "biggest rooter" is his father, Henry Veith. "I know Richie will make good down there," says dad.

The elder Veith said that Detroit also was interested in his son. The Cincinnati scout who signed Richie told the elder Veith that Richie "has the makings of a major leaguer."

"He's a good kid all around and you've got to like him," says the child's rooter.

Richie is 22 and a graduate of Niagara University and Belleville High School. At Belleville, he played first base and also starred on the basketball team, where he was All-State in his senior year.

When Richie's dad was younger, he was interested in sports, but was more active in the fight game. At one time he had "eight or nine" fighters.

What has two wheels, a handlebar and a horse's head?

A bike, of course! Ten-year-old Jean Cypolati is pictured here with her bike shortly before a bicycle contest at the Recreation Hall playground on Joramale Street-Wednesday. Both she and her sister,

Daria, whose bike was "dressed up" as a devil, copped third prize in the contest.

First prize winner was Sue Cair 11 and second prize went to Karen Berendt. The children decorated their bikes with crepe paper, paper bags, old blankets and any other material they could get hold of.

Even six-year-old Michael O'Brien got into the act. Mike came onto the playground with his bike, not knowing about the contest and the children helped him decorate his bike.

The "brainstorming" decorating session made Madison Avenue look like amateur work.

Three Crucial Games For Belleville Legion Today, Tomorrow

The Belleville Legion team will play three games between now and tomorrow night—each permitting three games which may be the deciding ones in determining first place positions in the second half of the season's play.

At 6 p.m. tonight, (Friday) John Kay's Legion squad, will jam Cleffi spinning the ob, will tangle with Nutley at the Belleville Stadium.

Tomorrow (Saturday), a doubleheader starts at 2 p.m., also at the Belleville stadium, against the first-place West Orange squad. Eric Hatch and Bob Laird are slated to start for Belleville.

Manager Kay, the coaches and the team would like to see a good turnout at these games to give the boys boost in morale.

Lack of attendance at the home games is more a boot in the pants than a boost in morale, Kay indicates, without saying so in so many words. The team would play much better at home.

If more fans turned out to wish them well, Kay says.

Games scheduled after these are Belleville at Irvington on Monday, July 27th. On Wednesday, July 29th, Belleville plays at Caldwell. On Thursday, Montclair plays here in the final game of the regular season.

Games start at 5 p.m.

Winner of the first half play was Irvington, with a 10-2 record. Belleville was in last place in last place in the first half, with a 3-8 record, but came up sharply in the second, winning their first three games and moving into second only when they dropped their most recent game to Caldwell at Belleville, 7-1, with Eric Hatch pitching.

The Belleville squad, judged by baseball observers to be the strongest team in pre-season play, still has a chance to cop honors. Kay feels that if the team comes through in the second half it can take on and take over the Irvington squad in the play-offs.

First Place St. Peter's Hoping For Championship

Belleville entries in the Essex County CYO Intermediate Baseball League, prepped for this week's intra-city battle by scoring victories last Sunday.

St. Peter's bested St. Rose of Lima, Newark, 2-0, in a pitching duel while St. Anthony's outlasted St. Aloysius, Newark, 7-4.

St. Peter's, with Ed Sepp pitching a three hitter, retained its hold on first place by scoring twice in the fifth inning.

Ray Cazzarelli drove in both runs with one of the two hits the Petreans were able to get off. Bob Pappin, Sepp fanned nine in one of his best performances of the year.

The victory was the fifth against a single loss for St. Peter's, which hopes to win its first summer baseball championship in history.

Dean Klein of St. Anthony's and Jack Gavin of St. Aloysius also were locked in a duel in their game, neither team scoring until the fourth when each broke through for a run.

But that was just a start for St. Anthony's, which collected four more in the next inning a three-run rally by St. Aloysius and two in the sixth to make in the seventh a futile bid. Klein gave up four hits.

St. Anthony's has been in and out this season but has a good pitcher in Klein and despite its 2-3 record could not lose the skids, under St. Peter's this Sunday. The game will be played at Branch Brook Extension starting at 3:30. Klein and Sepp are the probable starters.

In an earlier game, St. Peter's two top rivals for county honors will battle it out on the same field so that the Petreans will have an idea as to who their chief competition will be the rest of the way.

BY ED WARD

The American League champions for 1959 are the Clippers, sponsored by Wallace and Tiernan. Their record to this point is 12 wins and 3 losses, which makes it impossible for the Bombers, who have but 4 games to play, to catch up on the "won" side of the register.

Congratulations to all the men and the boys on the Clippers. The National League champion is still to be determined, but the Cubs, with 3 losses and 5 games to play, seem to be headed for another title, which they have successfully defended in 1958.

The Giants also have 10 wins, but have 6 on the loss column to the Cubs 3. The standings to date:

American League	W	L	TP
Clippers	12	3	4
Bombers	7	7	4
Acas	6	8	4
Demons	5	12	1
National League	W	L	TP
Cubs	10	3	5
Giants	10	6	1
Yankees	6	11	1
Dodgers	4	10	4

The National League All-Star roster, managed by Ben Pincus, of the Cubs and Mike Marotti of the Giants, is composed of Roger Crowell, Robert Paterson, Salvatore Tiabi and Frank Ray III of the Giants, Joseph Mino, Kenneth Trotter, of the Yankees, Anthony Landoff, Richard Longo, Leonard Luongo, Raymond Jeannotte and James Ristini of the Cubs. They travel to Livingston for their first game.

The second game, should they be successful, will be played at a field to be determined. This information will be available at the paper's office tonight.

The American League All-

Helping Hand

Sometimes nature needs a helper. Out in the rain-drenched Douglas fir forests of the Pacific coast where trees root easily but take 70 years to grow, impatient lumbermen seed logged areas using helicopters. Seed used comes from special processing plants, is selected and planted according to area from which it was taken.

Willner's Turned Down On Transfer of License

The Belleville town Commission, sitting as an Excise Board, voted 5-0 last week to turn down the application for a place-to-place transfer for Willner Liquors from 199 Washington Avenue to 73-79 Washington Avenue.

The Board received a petition signed by 17 owners of taverns and package goods stores in the area objecting to the proposed transfer.

Appearing for Willner's was Samuel W. Lucas, an officer in the corporation and attorney for the firm.

Not Voluntary
Mr. Lucas declared the application for transfer was not a voluntary one and was prompted by action taken by the present landlord, who wanted the premises at the expiration of the lease. The lease expires in about a year.

Mr. Lucas said Willner's had been in Belleville 14 years, had always been a "good neighbor" and had been never evicted or charged with any liquor violations.

He went on that the store was first located at 163 Washington Avenue but in 1951 was forced to move when the landlord of those premises split the store.

"We're not opportunists," Mr. Lucas said. "We're just trying to find a home and stay in business."

Mr. Lucas said Willner's had a contract to buy the property at the 73-79 Washington Avenue address contingent upon approval of the application.

Discussing the signatures on the petition, Mr. Lucas noted that many were of tavern owners and should be disregarded or cross-examined.

"I don't know whether they want us out of business," Mr. Lucas asked.

Joseph McGreavy of 15 Cleveland Street, one of the signers of the petition, said that Willner's was coming in very close to the expiration of its liquor licenses, two of which were for liquor stores and 13 for taverns.

"We're not trying to drive them out of town," Mr. McGreavy said about Willner's, adding he believed the spirit of the law was for equal distribution throughout the municipality.

More Than Enough

H. J. Byrne of Byrne Liquors, has a store 250 feet from the proposed location and suggested there were more than enough liquor stores in the area.

J. A. Byrne, executive secretary of the New Jersey Tavern Owners' Association, said he represented 50 per cent of the tavern owners of Belleville, and indicated he did not want to see the transfer go through.

Number of Licenses
There are presently 43 planar consumption licenses, 11 distribution licenses and eight club licenses in Belleville.

J. A. Byrne went on to ask if the Commission was going to allow a "chain operation" to come along and "affect the livelihood of the people."

Lucas said he could not understand why tavern owners were objecting and added he couldn't understand the fear of chains.

As far as the petition went, one would be easy to get up and if he had been aware of the petition, he could have gotten one with "a hundred signatures."

He asserted the Board should only consider the signatures of package goods owners.

Seeking Purchase

Lucas said that Willner's had been seeking to purchase a piece of property and this was the best they had come up with. He suggested that if nothing were done, the license might go by default.

Commissioner Robert Gruhn then stated he thought the

Board would see to it that Willner's would not be put out of business, and if time passes and they do not find a place, they would be given consideration.

Puts Out Own Labels
Mr. Byrne, owner of the liquor store, rose to state that Willner's put out their own labels in competition with the other liquor stores.

McGreavy also stated that taverns sell package goods and would be in competition with Willner's.

In answer to the remark about their own labels, Mr. Lucas asked: "Did you ever taste Circle Coffee? It's good and it costs less and it's a private label."

Mr. Lucas, contacted by the Times-News, said he "doubted Willner's would appeal the decision, inasmuch as the decision against the transfer was unanimous."

Willner's operates 18 package stores throughout the state.

ZONERS APPROVE TWO APPLICATIONS

The Belleville Zoning Board approved two applications for variance by 4-0 votes at its last meeting.

Philip Guardabascio of 61-65 Magnolia Street was given permission to erect a one-story masonry addition to a one-family dwelling for an additional family unit. The building will encroach on the required side yard area in violation of the zoning code. The premises are in the Residence "C" zone.

Appearing before the Board was the applicant's nephew, Chris Albanese of 53 Fredrick Street. Albanese advised the Board that his uncle, Mr. Guardabascio, was retired and living with Mrs. Guardabascio on a social security pension as his only source of income.

His uncle and his aunt needed the addition, Mr. Albanese said, to keep the house and cover taxes and expenses. The section is 90 per cent two-family, added Mr. Albanese.

Board member J. John Coronato made a motion that the application be granted due to undue hardship of the applicant.

Louis and Angelo Marrone of 89 Linden Avenue applied for permission to erect a frame addition on the second floor of a two-family dwelling 10x10 feet to be used for a bedroom extension. The addition will encroach on required front and side yards.

The premises are situated in Residence "B" zone.

Mr. Marrone declared he had a small room and couldn't get a bed in it. He said he had a 13-year-old son and 11-year-old daughter and wanted to make the small room larger to allow additional room for them.

Mr. Coronato moved that application be approved.

Tax Council

(Continued From Page One)
announced number of signers, mentioned publicly two months ago, was 1,200.

A total of 3,200 signatures is necessary to call a referendum. This figure is based on a percentage of the persons who voted in the last municipal election.

A referendum calling for a change to Council Manager form was defeated in Belleville five years ago. According to law, Carney says, four years have to elapse before another such referendum may be held in the community.

FOR PIONEERING EFFORTS: Samuel Bagno, left, receives plaque from Frank Guibert, president of the National Burglar and Fire Alarm Association, which includes some 150 member companies in the United States, Hawaii and Puerto Rico. This is the first award ever presented by the industry for pioneering inventive achievements.

Samuel M. Bagno, chief engineer of Walter Kiddie Ultrasonic Detection Alarms, Inc., Clifton, was presented with a plaque recently in recognition of his development of electronic devices for the electrical protection industry.

The award, made by the National Burglar and Fire Alarm Association, was presented at the Sheraton Ritz Carlton Hotel, Atlantic City, by Frank Guibert, outgoing president of the Association.

The plaque reads: "Presented

there was a movement for a change in government. The movement originally was spearheaded by the Riviera Park Civic Association and called for a council-manager form.

Much of the impetus was taken away from the movement, it is reported, when Commissioner George Kiernan, one of the backers, pulled away from the group and came out in favor of a strong mayor council system. Since that time the Riviera group joined forces with the Tax Council.

As to the number of signatures on the new petition being circulated, Carney states that he personally is in favor of putting the question on referendum only if a much greater number than the minimum is received.

Previous to the new headquarters, the group met in the Belleville Recreation Hall on Joralemon Street. Trustee meetings were held at board members' homes. At the meeting last week Paul Francisco was named recording secretary and Donald Touch was named as trustee of the First Ward.

There are seven trustees, one from each of the four wards and three trustees at large.

Mr. Carney states that officers of the Tax Council have no "taxes to grind" and have no political ambitions.

Individual members may not speak for the Tax Council unless authorized by the group, he added.

Physical Ed

(Continued From Page One)

Rochau, stating that the Board had the money, Mrs. Rochau said that if the appointment would provide "a better program" then she was for hiring Travers.
