Plans Being Made For United Fund Drive In October

Budgets from the 13 participating agencies in the United Fund organization of Belleville have been submitted, and the goal for the 1960 drive probably will be more than the \$80,000 quota in last year's campaign, according to Harry T. French, chairman of the campaign committee.

A total of \$52,000 was raised last year. Mr. French told the Times-News he felt the campaign would go better this year, since the group is better organized and the United Fund was new last year.

Previous to the formation of the United Fund, annual fund raising in Belleville consisted of drives by the Red Cross and Community Chest, as well as other assorted and independent drives.

The United Fund drives incorporated the Red Cross and the following Community Chest drives: Sister Elizabeth Kenny Foundation, Girl Scouts, Boy Scouts, U.S.O., Family Counseling Service, Essex County Service for the Chronically Ill, and the Visiting Nurses Association as well as five other agencies. The New Jersey Association for Retarded Children, Cerebral Palsy Association, Arthritis and Rheumatism Association, New Jersey Mental Health Association and Muscular Dystrophy Association.

Other Requests Received
French also told the Times-News that the Times-News would go to the

FLOOD CONTROL AT THIRD RIVER ASKED IN NUTLEY

Commissioner John H. Lucy, director of public works, Nutley, introduced an ordinance at a recent Town Commission meeting to acquire property for widening the Third River near the Belleville line to improve flood control conditions. The general improvement will cost about \$50,000.

Commissioner Lucy said, "While flood control problems along the Third River have been greatly improved since the completion of the second section of the river walls, the project must still be carried to the Nutley-Belleville town line."

"We feel that because of the present extensive building ac-

"V" FOR VICTORY: No matter how you spell it, a "hazard" is still a hazard. These residents of Rutan estates showed up at the Town Commission meeting Tuesday night to register objections on lack of fire boxes, on bad water conditions, poor streets and high taxes. A petition with 150 signatures complained of conditions at Rutan.

Rutan Residents Appear En Masse At Meeting Of Town Commissioners

Residents of Rutan Estates appeared in a mass meeting at the Town Commission on Tuesday night. They complained of bad water conditions, no fire boxes, no sidewalks, high taxes and the need of a traffic light.

John Sweat of 83 Rutan Road, who said he represented the Belleville Taxpayers' Association, acted as one spokesman.

He asked if anything were going to be done about the drainage condition on Jerusalem Street and Rutan Road. He said either the town had not put in adequate storm drains or the pitch of the street was off.

He also inquired about the

lack of fire boxes. There would be no way for a passerby late at night, discovering a fire, to notify the fire department immediately, he said.

In response to the query on water, Commissioner Robert Grubis, director of public works, said that Town Engineer Raymond F. Daly had looked into the situation and that the present 30-inch line was apparently not adequate.

Grubis said he would try to get another 30-inch parallel line to drain off the water. At the present time, he said, he was not sure whether it was the obligation of the town or the Rutan developers to pay for the pipe.

Commissioner Harry Sullivan, director of public safety, answered the question on the lack of fire boxes and said that the ordinance appropriating money for them had passed two weeks ago and that all preliminary stages were done and that he would keep in touch with the group on the progress.

Sweat declared that as the Rutan Estates was getting larger, the sidewalk situation was getting deplorable and he requested that something be done to protect children going to school.

Sweat suggested a traffic light, with a hand signal, for pedestrians, at the corner of Bernice Avenue and Jerusalem Street.

On taxes: "I feel taxes have just about gone crazy. I bought

my home two years ago and was told my taxes would be \$350. I'm now paying \$553."

Sweat said that if that taxes go any higher he would be forced to sell.

He said he wanted to check on assessments and appropriations and find out why taxes were so high.

He started to read the tax rate, as broken down, and recited 2.73 for town and 3.48 for schools, and then said the schools would be the next category checked.

Sweat concluded by saying the Belleville Taxpayers' Association would align with any "legal organization" in fighting taxes if they go higher.

Burdzy Statement Asserts He Wants To Avoid Strife

Edward Burdzy, in a signed statement to the Times-News this week, declared he did not wish "to become involved in a controversy with a person who obviously is not aware of the qualifications of employees engaged in the field of public health, nor knows the functions of such employees."

Burdzy was referring obviously to James Golden, whose letter to State Commissioner of Health Dr. Roscoe Kandle resulted in a promise of a State investigation into Golden's charge that Burdzy, a sanitarian, was serving improperly as the town's health officer.

Burdzy's statement further said, "However, I would like to inform all responsible citizens that I have completed all the public health courses that are required by the New Jersey State Department of Health, at Rutgers University in the year of 1950, and I am qualified to carry out a responsible public health program to protect the health and welfare of the citizens of our community."

Doesn't Mention Health Officer
No part of the statement mentions the job of health officer, the point at issue. The Times-News last week spoke to Kenneth Carhart, Chief, Bureau of Examinations and Licensing of the State Department of Health.

Mr. Carhart declared that on September 18, 1958, Burdzy

Chief Hundertpund said the

Conflict In Maass Vacation Schedule Stalls Water Action

The second reading of an ordinance which would have established a 90 cent per 1,000 cubic feet rate for water for Clara Maass Hospital was postponed again Tuesday night as the ordinance was tabled for the second successive time.

Reason for the tabling was because of a conflict in the vacation schedule of the Maass Board of Directors committee, which was to meet with a committee of three Town Commissioners to discuss possibility of payment of a back water bill of more than \$5,000. A tentative meeting scheduled between the two groups was called off because of the vacation conflict, the Commissioners were told.

In the two years since Clara Maass has been in Belleville, the hospital has paid no money for its water, and a controversy has arisen on the issue.

Even while not paying anything, the hospital had been billed at 69 cents per 1,000 cubic feet, which was the rate the Essex County Hospital had been billed.

A new five-year contract with the City of Newark was signed recently by Belleville, in which this municipality agreed to purchase water. However, the price paid to Newark for water, under the new contract, is higher than it has been.

The 90 cent rate per 1,000 cubic feet is estimated to be the current cost of water to the town, not including other

Belleville Family Adopts 11-Year-Old Polish Girl

On Monday night at 9:40, a special little girl enroute from Poland, boarded Flight 545, Sabena Airlines, at Brussels. At 8:10 the next morning she stepped off the plane at Idlewild Airport.

Waiting for her were her new parents, Mr. and Mrs. William Lapham of 19 Fairway Avenue, who have been wending their way through two years of Iron Curtain red tape to get 11-year-old Theresa here. What makes Theresa special is that she has had the rare privilege of being adopted, sight unseen, over a distance of 4,000 miles. And, although an ocean separated the Laphams from their new daughter, a strong bond has grown between them over the two years.

Everything that the couple, who are over the U. S. adoption age limit, have done in this time has included Theresa in their plans.

They heard about Theresa through Mrs. Lapham's uncle, who was visiting in the States two years ago. A roundabout connection with the little girl was established through the uncle's two sons, who were attending the Polish University, and Theresa's aunt, who taught there.

At that time, Theresa was living with her aunt. Her father died in 1948 and her mother works as a registered nurse.

A family meeting was called to discuss the proposed adoption and Theresa, who was nine-years-old at the time, was asked if she would like to come here. At first she was reluctant.

(Continued On Page Two)

HELLO! 11-year-old Theresa Lapham steps off the plane at Idlewild Airport and to a brand-new life. The little Polish girl came to this country as the legally adopted daughter of Mr. and Mrs. William Lapham of 19 Fairway Avenue. The Laphams have been trying to get Theresa here since 1957.

WOMEN'S UNIT IS ORGANIZED BY TAX GROUP

The Womens Division of the Citizens' Tax Council of Belleville was officially organized at a tea sponsored by the Council at its new headquarters, 569 Washington Avenue, last Monday evening.

All areas of town were represented, and according to the publicity release of the organization, the consensus of the group was that taxes were too high and that only the Citizens' Tax Council offered all citizens an opportunity to fight for a change.

"Crippling taxes, divided responsibility and lack of broad realistic planning have brought Belleville to a point of decadence," the release added.

Mrs. Mildred McGill was elected temporary president of the Women's Division. At the next meeting of the group, regular elections will be held to appoint a full slate of officers.

Sal Calabro Speaks

Sal Calabro, a trustee of the Tax Council, was chief speaker and explained the aims of the group. He asserted deficiencies of the commission form of government and the benefits to be derived from adopting the council-manager form.

Other trustees explained the origin and growth of the Citizens' Tax Council and explained that besides the Riviera Park Civic Association, which is a sectional group, the Citizens' Tax Council was the only town-wide civic association that has been active over the past four years and constantly increased its membership.

Joel Richard Kondreck Winner Of Scholarship

Joel Richard Kondreck, 17, the son of John and Helen Kondreck, members of the Professional Photographers of America, Inc., and operators of a studio at 577 Washington Avenue, has been awarded a scholarship at the Rochester Institute of Technology, Rochester, New York.

Joel has grown up with photography for the past 15 years. He started working at photography after school hours and gained experience by photographing news and sports activities for the local newspaper. With his brother John, he has taken many of the photographs used in the Belleville High School year book. Joel is a graduate of the 1958 Class of Belleville High School.

Both Joel and John are graduates of the 1958 Commercial Photography Course at Winona School of Photography, Winona Lake, Indiana. Joel will enter RIT as a photography major in September.

Vandals Try Hand At Fire

Belleville Police answered a call on August 19, in the evening, regarding teenagers who were attempting to set fire to the swings in the playground of School One. When the police arrived, the vandals had left. The police stated that only "a little" damage had been done to the swings.

The members of the committee

Torre Resigns Rec Post To Become M. V. Agent

upgraded to special activities assistant, at an annual salary of \$3,400.

Before being appointed to his town job, Torre was a teacher at Pope Pius High School, Passaic, for a year where he taught courses in law, economics, speech and bookkeeping.

He has an LL.B. degree from Rutgers University and a Secondary Teaching Certificate for New Jersey.

He took a special course recently in driver education at Montclair State College, which also dealt in motor vehicle law.

Torre has been a real estate broker and a builder. He is now working on obtaining his insurance brokerage license.

He is married to the former Mary Josephine Burde of Belleville, who is a third grade teacher at School 5. The couple have two children, Jo-Ann, 13, a seventh-grade student at School 7 and Marilyn, 9, a fourth-grade student at School 7.

The Torres reside at 4 Moore Place.

SCHOOL SEPT. 10

Superintendent of Schools Evan H. Thomas announces the opening of Belleville Schools on Thursday, September 10th. Orientation day for new teachers is planned for Tuesday, September 8th.

Know Your Town - People, Places and Things

Belleville During The Revolution Had Peaceful Existence Disrupted

When New Jersey became the theatre of the Revolutionary War, Belleville, like many other peaceful settlements, found its quiet existence disrupted by the tread of marching and counter-marching men, the shouts and curses of foragers and the blazing of skirmishing guns. Although it was not a strategic location, the little town drew the wrath of British many times. The inhabitants, mostly of Dutch stock, openly embraced the cause of the revolution. For all the grievances the American colonials had against the English crown, there were added special Dutch grievances. The promises of unhindered free trade with their native Holland and of duty-free imports were forgotten as soon as they were made. Even their church did not always enjoy that measure of self government that had been granted them. Neither the Dutch nor the English-Bellevillians entered into the conflict heartily. Nobody could foretell the outcome. Despite the Stamp Act and the Port Bill, cause could hardly seem to warrant the effort.

During the war, there was a deep cleavage between the Second River people which broke them up into two opposing camps. The New Jersey Council of Safety declared that Abraham Van Gieson, a substantial landowner of the Third River Section, "went over to the enemy."

His lands were ordered removed from his control while this claim was being looked into.

Edmund W. Kingsland, as well as his wife and father, Captain John Richards, were openly hostile to the Revolutionary cause and could "not stay within American lines."

Even some of the Schuylers were British sympathizers, although the head of the clan, Philip Schuyler, steadfastly served in the Revolution as brigadier general in Washington's army.

The New York Gazette and Weekly Mercury in January 27, 1777, reported that rebels had robbed the house of Captain John Richards of the Second River "and carried off seven young slaves with sheep, oxen, cows, horses, etc."

During the war, Belleville barely escaped becoming the scene of a major engagement during Washington's retreat from Fort Lee. It was reported that the whole of Washington's army marched from Clove by the Second River bound for Philadelphia. There were 4500 men with four pieces of cannon in the party.

Cornwallis, afraid of an ambush being laid for his forces, pursued the colonials forces cautiously. In November, 1776, the Americans rested at the Second River, Washington was reported to have slept in the grist mill close to Newark, probably the Kingsland gristmill.

Sporadic guerilla warfare was witnessed by Belleville as the American and British forces faced each other across the Passaic River and frequently threw sallies into each others territories.

A small detachment guarded Belleville. The detachment was part of the New Jersey militia which had been raised for the "Defense of Frontiers," Commander Abraham Speer, a native of the Second River section, had a guardhouse located near the ferry which crossed the Passaic.

This strategy was not so much because the ferry was owned by Speer's father, John, but because the flat-bottomed boat was the only permanent means of communication between the two shores.

Eramo Clarifies Statements On Guards In Local Schools

Christopher Eramo of Magnolia Street, security representative for the Aegis Detective Agency of Newark, told the Times-News this week he wished to offer a clarification of a story that had appeared in a recent issue pertaining to his proposal before the Board of Education for placing guards in Belleville schools.

There was nothing factually wrong in the story, Eramo declared, but he did want to get across certain points he felt should go on record.

Regarding School Board member Mrs. Mary Conato's statement that the Belleville Police Department was paid by the taxpayers to do such a job, Mr. Eramo stated that as a resident of Belleville, he was "certainly acquainted with the fine record of the Belleville Police Department."

However, he went on, the protection offered by individual school guards was a specialized form of security service "especially organized to combat the hit and run vandalism which has been plaguing Belleville schools."

"The question of security," Eramo said, "can be safely put off for so long as we choose to ignore it."

Mr. Eramo said there had been incidents recently regarding the molesting of school children after school hours, and this would result into a situation which could not be ignored.

A check by the Belleville Times-News with Belleville Police Department records revealed that of any such recent cases being reported to police.

Mr. Eramo added that the cost of guard services is more than compensated for by the insurance against serious property damage such as the recent \$40,100 school fire in Newark.

In addition to this, the rebates on insurance premiums, which are granted to buildings having guard protection, are factors which support the advisability of his proposal, he declared.

LEGION TAKES RUBBER GAME FROM FRANKLIN

The Belleville American Legion Team took the rubber game from Franklin last Saturday after having split with them in two previous games.

Score of the latest tilt with the Franklin team was 9-8, and it was won in the tenth inning by virtue of a 400-foot home run by left fielder Frank Anachirico.

Starting pitcher for the local squad was Jack Throckmorton, on trial from the Recreation Junior League. Jack pitched so well, coach Mark Marx declares, that he was allowed to remain for six innings, in which he allowed no runs. Belleville was ahead 4-0 when Throckmorton was taken out.

Ed Chelie relieved Throckmorton. The game was tied in the ninth. Hatch went in in the ninth inning.

Suprise of the game was George Sheridan, who normally plays second base. Sheridan asked to catch to fill in for Nick Del Guercio, who usually does the mask but who is working out now for football. Sheridan caught one of the finest games of the season, Marx declares.

The Legion squad had the fortune of having a good host again this week. Franklin's American Legion fed the boys after the game. Some stayed on to watch a pro-football game that evening at Franklin. The Franklin Collegiates beat the Washington Miners, 14-13.

Obituaries

John J. Miller

John J. Miller Sr. of 141 Floyd Street died August 23 at his home after a six month illness. He was 72.

Mr. Miller was born in Newark and lived in Nutley before moving to Belleville ten years ago. He was employed as a machinist by William Crabbe and Company, Newark, for 42 years. For the last three years, he had been a maintenance man for George H. Mead, Inc., Belleville auto agency.

Mr. Miller's wife, Mrs. Carrie Kuehler Miller, died in 1943. He is survived by two daughters, Mrs. Gertrude D. Comer of the Floyd Avenue address; Mrs. Evelyn Rosa of Howell Township; three sons, John Jr. of Bloomfield, Frank of Newton and Clifford of Irvington.

Also two sisters, Mrs. Elizabeth Schuchman of Newark and Miss Agnes Miller of Connecticut; a brother, Joseph of East Orange and eight grandchildren.

to those down the street herself. The subject of the Belleville Taxpayers' Association, William Mishkind said he had received many applications for membership in the group the night of the meeting. He declared that any person wishing to join or get information may do so by writing him at his home, 49 Berkeley Avenue, enclosing their telephone number.

Flood Control Family Adopts

(Continued From Page One)

activities in the area between the end of the second section and the Belleville line, it is of the utmost importance that, while these are still available, we acquire the necessary funds which are needed for the future widening and deepening of the Third River."

United Fund

(Continued From Page One)

News that requests from "six or seven" agencies which desired to be listed as part of the United Fund had been received, but turned down, not because of the nature of the organizations, but since the United Fund itself it should support its own local groups before accepting other applicants.

The fund drive is expected to start October 12th and is scheduled to last through October 26th, although it may continue beyond that date to complete all the work that is necessary.

President of the United Fund is Max Schwartz, local attorney who also is counsel for the Board of Education.

Mr. French, a retired Boy Scout executive, is serving on the campaign committee for the second year. Last year he was vice-chairman.

The following are the names of chairmen for the various categories of the drive: Industrial, James Fox, plant manager of the Westinghouse Corporation; church organizations, T. Edward Anderson, president of the Belleville Church Council; purveyors out-of-town businesses; Robert Horsfield, Belleville manager of the New Jersey Bell Telephone Company; school, Ivan Thomas, Superintendent of schools; municipal employees, Mayor Isadore Padula; special gifts, Thomas Aitken, president of the People's National Bank; Washington Avenue stores and businesses, co-chairmen, Edward Cantwell, executive vice-president of the DeWitt Savings Loan Association and Norman Thompson, of the Norman Thompson Real Estate and Insurance Office.

Public relations chairman is Stanley Freck, of the Clara Maass Hospital.

Mr. French said that a "very important" meeting of the group will be held September 8th at the home of Allan H. Cridg, 238 New Street, to set up the residential campaign. At that time, 21 district leaders will be selected, one from each election district.

Each district leader will name five zone leaders. Each zone leader is to select five section leaders and each section leader will name five team workers. If all the appointments are made, there should be a total of 2,625 people working on the residential campaign.

Hard To Get Volunteers

Mr. French declared that the basic reason the United Fund did not raise enough money last year was that it was difficult to get volunteers to do the job.

French said he did not think the people of town realized that when the United Fund was formed last year it saved them from annoyance of many campaigns. Even with that, he went on, contributions were

(Continued From Page One)
The cooperation of parents of kindergarten children is requested. Mothers are urged to call for their children who are attending the morning session at 10 a.m. and for those who are attending the afternoon session at 1:45 p.m. Any details regarding this plan will be cleared up by contacting the building principals.

The school session for special classes, slow-learning children, will again be a continuous one from 9 o'clock on, since the board of education has approved an early closing of the school day for these pupils. Special class children will be dismissed from the James G. Shawger School at 2:30 p.m. daily. According to previous practice the board of education provides bus transportation to children enrolled in these classes. A state-approved school psychologist, employed by our board, has as one of his important duties the conferring with teachers and supervisors in screening special class children and overseeing necessary testing services.

Orientation Day

(Continued From Page One)
program will continue under the direct supervision of each building principal in his respective building. Board members and a group of veteran teachers, joined with the administrators in welcoming the newcomers and easing their transition to new duties and responsibilities. Speaking on the importance of the Orientation Program, Superintendent Evan J. Thomas says: "This year Belleville is employing 20 new teachers out of a total staff of 254. We are fortunate that we have been able to fill each of our vacancies this year with personnel whose professional training fully meets the standard requirements of the state board of education."

Mr. Thomas states the Orientation Day has importance in making possible in effect two days of local training by the experienced personnel who are opening of school on Thursday. At ten o'clock a.m. on September 9, there will be a conference of all principals and staff members in the superintendent's office. Following the principals' conference, there will be a general teachers' meeting presided over by Mr. Thomas and attended by all principals, supervisors, and teachers in School Eight auditorium at 11 a.m. At 2 p.m. each building principal will hold faculty meetings with his respective staff, and supervisors and teachers of special subjects will meet with the elementary supervisor and the assistant superintendent for instruction and curriculum.

The total instruction staff will number 254, an overall increase of one over last year. New personnel hired for the coming year include: High School, Charles S. Buchesky, graduate of Trenton State College, assigned to teach English and history; Miss Barbara O. Decker, graduate of Douglass College, mathematics; Alan H. Estey, graduate of Springfield College, Springfield, Massachusetts, driver education; Miss Angela M. Fusaro, graduate of Montclair State College, social studies; Miss Ann Marie Gole, graduate of Montclair State College, English; Miss Mary Jamgochian, graduate of Boston University, Boston, Massachusetts, speech and drama; Mrs. Arlene J. Levy, graduate of Montclair State College, typing and stenography; Stanley Scher, graduate of New York University, physical education, taught in New York; Charles J. Travers, Jr., graduate of Seton Hall University, physical education; Jerome Weiss, graduate of Newark State College, shop, taught in Clifton, New Jersey; Mrs. Mary B. Wilkin, graduate of Montclair State College, Latin, taught in Fair Lawn, New Jersey.

Also School Three, Mrs. Patricia W. Harrington, graduate of Montclair State College, assigned to teach fourth grade; School Five, Mrs. Bess Efstathiou, graduate of Wilkes College, Wilkes-Barre, Pennsylvania, upper grade science. School Nine, Miss Rose M. Candiloro, graduate of Montclair State College, social studies; Phillip Pazzino, graduate of Seton Hall University, upper grade mathematics and science, taught in Newark.

Special Teachers are Miss Marian M. Gower, graduate of Newark State College, assigned to teach remedial reading in elementary schools, taught last year in Irvington, New Jersey; Mrs. Iris K. Ross, graduate of Montclair State College, corrective speech in elementary grades and Miss Jeanne T. Tansie, graduate of University of Michigan, assigned to teach corrective speech in elementary grades.

Schools To Open

(Continued From Page One)
The School Law clearly states: "Children who shall have not attended any public or private school may be admitted to a public school during the ten days immediately following the opening of said school and at no other time except by a majority vote of all the members of the board of education of the school district in which said school shall be situated." Interested and wise parents will recognize the importance of having their children registered promptly and on the very first day.

The first session of our high school begins at 9 a.m., Thursday, September 10. The following room assignments should be carefully observed by each student: Several buses leave Silver at 8:40 a.m. and one leaves School at 8:40 a.m. to accommodate those pupils within the school district who are transported to high school. Promptness in being at the starting points is requested of those who are transported.

Children who are five years old, or will be five years old on or before December 31, 1959, may be admitted to kindergarten in September 1959. Children who are six years old, or will be six years old on or before December 31, 1959, may be admitted to the first grade in September 1959. The board of education wishes to state that there will be no deviation from this policy which has been in force for twenty years.

All new entrants to the Belleville schools must present a vaccination certificate by October 19 in accord with a long-standing policy of the board of education. Also by board of education ruling a parent of a child going into kindergarten or first grade must present a doctor's certificate indicating that the child has had at least two shots of polio immunization vaccine. There will be no exceptions to this ruling.

Mr. Thomas cautions parents against overlooking the importance of kindergarten for their children. Each year a new child who have not had the advantage of kindergarten are registered in first grade and the adjustment to the full day's program only with the greatest difficulty.

Superintendent Thomas says, "To deny a child kindergarten advantages is not only unfair to the one so unfortunate, but it is also unfair to the rest of the children who attend kindergarten, since it requires of the teacher time to care for such an individual which normally could be spent on the whole group. To deny a child the advantage of kindergarten training places him at a distinct disadvantage. That it is unfair to a child is putting it mildly, for after all, parents will likely need to share, eventually, in the misfortune imposed on children by such negligence. It is enough to say here that it has been universally established by extensive educational experimentation and research that kindergarten training is fundamental to a child's progress in school and through life."

Most children were registered for kindergarten in the closing months of the past school year. If your child is not registered, we respectfully request that you register your child for kindergarten on the very first day of the school year, on the very first

Polio Vaccine

(Continued From Page One)
the vaccine; however, they have not received any as yet "since the early part of July." Lytle Cook, Distributor of Biologicals for the State Health Department, stated that "the state of New Jersey has done everything humanly possible to procure the vaccine. However, the materials ordered have been diverted by Washington and sent to those parts of the country where an epidemic is occurring."

Cook indicated that a shipment of the vaccine could be expected on or before September 9.

The Belleville Department of Health has scheduled a Polio Clinic for September 23 at Town Hall. The clinic will give injections of poliovaccine to pre-schoolers. There will be no fee for this service.

Fidelity Union

(Continued From Page One)
The street level Banking Floor has two large entrances on Broad and on Bank Streets.

A total of 29 banking windows border the spacious banking floor in a layout designed for swift, convenient customer service.

From street level a special elevator provides access both to the lower level Safe Deposit Vaults and to the second floor Officers' Platform, and an open staircase also serves these three floors exclusively. Four high-speed elevators serve all floors of the building.

Fidelity's new Vault, covering more than 3,000 square feet, is one of the larger constructed in the United States since World War II and by far the most modern constructed for a bank in New Jersey. In contrast to most bank vaults, it is completely air conditioned. Custom-built for Fidelity, it is of high-quality steel and masonry construction, equipped with the latest electronic devices for complete security, and its lining is comprised of 200 tons of alternating layers of high-quality steel for maximum protection.

The building's top floor is surrounded on three sides by walls of vacuum-sealed plate glass. Architects were Voorhees Walker Smith Smith & Haines of New York City, working in liaison with Robert A. Howie, Jr., Sons, of Newark, long construction and remodeling consultants to Fidelity. General contractor was Walter Kidde Constructors, Inc. of New York City. The new building represents the first stage of a two-part construction program. An adjoining section is scheduled for completion in 1961 and will provide Fidelity substantial space for expanding facilities.

A man's life may stagnate as literally as water may stagnate, and just as motion and direction are the remedy for one, so purpose and activity are the remedy for the other.

Town In Distress . . .

Mayor Isadore J. Padula, has been charged by law with the responsibility of a town of approximately 40,000 persons. This responsibility also includes looking out for the safety of these same persons.

When the Civil Defense Director, however, resigns in June and no public announcement is made . . . one could readily question whether the mayor were indeed looking out for the welfare of his legal charges. Such has been the case in Belleville.

Mayor Padula saw fit to neglect to inform the public, the press, the commissioners, and the state and country of Minasian's resignation. He has not taken action on the matter as of the Times interview with him on September. The press certainly could have aided him in publicizing his supposed search for a capable appointment for the position of director of Civil Defense.

With the worsening world situation, Belleville citizens are certainly entitled to have a strong civil defense. Everything that could humanly be done ought to be done to provide them with one. Belleville has always been lax on this score.

If anything were to occur in the nature of a catastrophe, there would be total chaos in Belleville. Although the mayor professes to know "10 big men" who turned down the position of director, it is almost certain that in a town of this size there is someone who is civic minded enough and capable enough to be appointed.

We are hopeful that the Mayor will be reminded of his responsibilities and duties and make an appointment as soon as possible. It is both urgent and necessary that this be done. We are also sure that he will have the utmost cooperation of the press, and the county civil defense officials to perform this work.

Youngsters In Trouble

With the atrocious outbreak of violence in New York City, local residents of this municipality are fortunate that they have not experienced equal situations.

However, the local teenagers in this town have shown their disrespect for the law, education and religion by wrecking, this summer, whatever they could possibly get their hands on. Nothing has been sacred to them.

With the increasing crime rate due to

part youngsters, a New York newspaper recently came out with an article asking that night sticks be put in the hands of the police. They stated that "police are hired to be police and not social workers . . . let them act the part."

It is the type of idea that might readily occur to any citizen who were fearful and wished to quell any sort of violence.

But let us not forget that if certain people are given the power to wield a weapon such as the night stick they might use it unnece-

And if this were the answer to juvenile delinquency, which has been around longer than most of us, someone would have hit upon it a while back. And it would be in use now as a solution.

Also, let us not forget that Poland put night sticks in the hands of its police to maintain order and Poland fell. Germany also used the same tactics and developed a militant attitude toward its young. Germany fell.

When a youngster finally commits a crime, it is an almost certainty that he has exhibited prior to this urgent warning signals.

In the case of Ronald Marrone, who two years ago murdered a 15 years old girl, it was predicted that he would do this by expert psychiatric personnel. However, his parents refused to listen to listen to that psychiatric stuff.

We need a better understanding of psychiatric help and of the urgent warnings that youngsters emit before they get in trouble.

When your younger enters school this fall, watch for behavior signals. If his school work is lacking try to find out why. Don't let these things go to long or you may end up in a juvenile court too.

If your feel that your youngster needs help contact the Family Counseling service in Belleville and let them advise you. Don't be embarrassed at this kind of service . . . be grateful.

John Williams, Art Director

Dear Sir:

Civilian Defense is a very important phase of community safety. Although it is more generally associated with enemy attack in war-times, the new Defense Law for New Jersey takes in other disasters not associated with war, such as fires, floods, hurricanes, etc. For this reason the title "Civil Defense and Disaster Control" replaced the old title of "Civilian Defense." The state has set up the mode of organization and operation which, when properly carried out, requires a great amount of time on the part of the Director.

Belleville has had some very fine men at the head of its Civil Defense and Disaster Control Center, but they eventually resigned, due to the conflict of the work involved with their permanent, salaried jobs, necessary for maintaining their families.

Mr. Minasian, my latest appointee resigned some months ago, and I had hoped to be able to name a successor simultaneously with an announcement of his resignation, which was through no fault on his part and no dissatisfaction on my part. However, finding a capable person who would be willing to accept the responsibility of Director of Belleville's Civil Defense and Disaster Control Center is a difficult job for reasons mentioned. I am still trying, and despite criticism, I will not make any hasty appointment.

Civil Defense has been among my chief interests before and since I became Mayor. When I was appointed Director of the Division of Medical and Fire Aid, by Mayor Tully, I set about my mobilizing all medical and drug resources. A survey was made

of schools, churches and hospitals to determine what Belleville had to offer in the way of facilities for the sick and injured, in the event of war or disaster. Dr. Failing and his committee did an excellent job of research. I also submitted to the state Civil Defense Coordinator an overall plan for conducting a program of Civilian Defense in all its categories. Public apathy has been a factor in the lagging of defense work on all levels. The best of people cannot succeed unless the people join forces with the authorities to make the plans work.

War does not have the same meaning for us as it has for the average European. So much time has passed since the war fought on American soil, that the devastation and horrors of the conflicts have become overshadowed by memories of past victories, won abroad. The grim realities of what war means in material and human waste could be emphasized if municipalities would make Civil Defense a part of their 4th of July celebration.

Fire and police units could go into action along with Red Cross and volunteer groups, as their 4th of July fireworks graphically simulated bombing, fall-out, and incendiary bomb fires. The noise and activity would contribute far better than all brochures and directives Washington or Trenton could issue. Training the various civic groups for this annual defense demonstration would be a task, but it would be worth the effort.

This year Commissioner Kieran was enthusiastic about including some phase of civilian and despite criticism, I will not make any hasty appointment. Civil Defense has been among my chief interests before and since I became Mayor. When I was appointed Director of the Division of Medical and Fire Aid, by Mayor Tully, I set about my mobilizing all medical and drug resources. A survey was made

of schools, churches and hospitals to determine what Belleville had to offer in the way of facilities for the sick and injured, in the event of war or disaster. Dr. Failing and his committee did an excellent job of research. I also submitted to the state Civil Defense Coordinator an overall plan for conducting a program of Civilian Defense in all its categories. Public apathy has been a factor in the lagging of defense work on all levels. The best of people cannot succeed unless the people join forces with the authorities to make the plans work.

Mayor Isadore J. Padula (Ed. note: This release from Mayor Padula was received three days after the Times interviewed him regarding Minasian's resignation.)

To the Editor The Times-News:

I wish to express my thanks to you for the vote of confidence which you gave to me in last week's editorial. I assure you and the people of Belleville that the health and welfare of the citizens of our town will never be compromised in the interest of expediency. It is my avowed purpose to seek the best for the Town of Belleville at the most economical method. I am sure that the future will show that this has been my accomplishment. Once again, my warmest thanks.

Don't Add To Death On Highway

Yesteryear In Belleville

One Year Ago

The Family Service and Child Guidance Center was struggling for existence under a cut budget and staff due to the unsuccessful fund drive of the Community Chest. Hopes ran high for a better year when James Gardam of 330 Washington Avenue, was elected president of the Board of Trustees.

Belleville Post 105, American Legion, held its 40th birthday party on March 24th at the Post Home, 821 Washington Avenue. Mayor Isadore J. Padula presented the newly formed Boy Scout Troop 315 with their charter. Past Commander Shannon made a presentation of colors.

Rev. Peter Deekenback, rector of Christ Episcopal Church, was guest of honor on March 28th at a dinner held for over 375 persons at The Fountain when he was singled out as "The Citizen of the Year."

Edward Berliniski, Head Football Coach at Belleville High was guest speaker at the annual Recreation Department's Football Little League Award Day at the Elks Club on December 28th.

Five Years Ago

Science achieved another milestone New Year's Day when the "Tournament of Roses," held in Pasadena, Calif., was transmitted across the continent on color television sets. In hurling the country from west to east, the show marked the first outdoor program presentation of color TV and the fourth experimental broadcast in the medium's infancy.

Three town organizations joined home owners in the Union Avenue, Jorammon and Holmes Streets area in a fight against the proposed amendment of the zoning ordinance which would allow four more classes of businesses and professional men the right to conduct business in their homes in any residential area.

The ground-breaking ceremony for Saint Anthony's parochial school took place on June 13th at North Street. Among the guests were Congressman Peter Rodino, Mayor Isadore Padula,

and Commissioners Sullivan, Hyde, King, and Smith.

The Essex County League of Municipalities was formed under the leadership of Mayor James J. Tully. Its goals were tax relief, greater state aid to municipalities and protection against unnecessary state and county encroachments.

Ten Years Ago

Dr. John F. DeGroot of 244 Gueylock Parkway was among the N. J. ophthalmologists honored for twenty-five years of service at a dinner held at the Hotel Sheraton in Newark.

School Number Eight organized a PTA for the first time on March 28th. Key officers were Mrs. John Fedison, President, Majom Condon, vice-president, and Miss Viola Broadbent, second vice-president.

The first case of polio hit Belleville when Miss Dorothy Donohue was admitted to Essex County's Isolation hospital for treatment. Her case was termed as "light".

A sharp increase in construction was revealed in the quarterly report filed by Building Inspector Thomas Greco. Twenty-seven one family houses with garages and the building of Saint Peter's Convent caused the rise, while real estate prices were expected to decrease.

Fifteen Years Ago

The newly formed Belleville Foundation made its initial concert at Belleville High School. It was formed with the purpose of providing recreational facilities for Belleville children as well as contributing to the advancement of music.

A new plan of self-aid in the event of gas attacks was announced by Defense Coordinator Harry J. Sullivan. He offered a list of rules to follow in order treatment effectiveness.

Residents of New Jersey were urged to join a common effort to subscribe \$585,000,000 in War

Bonds in the Third War Loan Campaign. Every citizen was brought to the awareness of need to finance the war and raise the economy of the nation.

Belleville attained prominence in the field of scientific psychological investigation as a result of the report made by Dr. Earl Seibert, guidance director for the Board of Education, regarding the photography of eye movements.

Twenty Years Ago

The biggest worry before the Town Commission was the relief problem. It was expected, according to Mayor Joseph King, that approximately \$100,000 would be needed for relief during the year.

The Town Commission, Acting Police Recorder Charles A. Gebhart and a committee of members of Private George A. Younginger, V.F.W., decided in Town Hall to organize a Bicycle Safety Club in town. Each child was asked to register his bicycle with officials of the club.

About 100 veterans and wives attended an "Old Times Night" under the auspices of George A. Younginger Post, V.F.W., in Veterans Hall, Belleville Avenue.

Mayor William H. Williams was swamped with telegrams and letters of congratulation for his untiring efforts in bringing the Andrew Jergens pharmaceutical firm to Belleville.

Twenty-Five Years Ago

A Monster Rally was held in honor of Elmer S. Hyde, candidate for commissioner, at the Elks Club. Many prominent Bellevillians attended and they were entertained by professional performers, dancing, and a presentation of awards.

"The Russian people seem free of cares and are not suffering from starvation," stated R. B. Anderson at a meeting of the P.T.A. of School No. 3 after returning from a business trip in the Soviet Union. He compared unfavorably the drawn, worried faces of New Yorkers with the happy faces of Russians who are well provided for by the State.

A tax rate of about \$3.96 for Belleville for the year of 1954 was foreseen by Finance Director William H. Williams after the budget had been slashed \$46,000.

The Belleville Times jointly with the Nutley News announced that it would back up the President's recovery plan, and that it would maintain the highest of principles by neither publishing or printing cheap advertising schemes.

Fifty Years Ago

Forerunner of Public Service lighting was George Nixon of 10 Bridge Street, who turned Main Street into a great White Way with the operation of six street lights along the thoroughfare. He controlled the switch box, run by an Edison two pole battery dynamo battery, 10 years before Public Service was organized.

A copy of the Belleville Times cost two cents. And a year's subscription cost \$1.00.

The patrolmen on the Belleville police force handed in a petition to the police committee for an increase in salaries. There were five patrolmen, each receiving \$60 a month.

CANCER SOCIETY AIDS PATIENTS

Volunteers Make Dressings, Help Transport, Make House Visits

Volunteers of the American Cancer Society, enrolled in 1,136 units, made a total of 1,911, 850 dressings for cancer patients in the past 10 months, according to reports received by the New Jersey Division from the service chairman in the 21 counties of the state.

The dressings were used by 3,506 patients while 546 received transportation to and from their homes and clinics or doctors' offices. Another 1,063 obtained articles from loan closets maintained by the different chapters.

A total of 14,506 visits were made to the homes of 1,174 patients by visiting nurses while 113 were provided with nursing home care; 53 with housekeeper assistance and 126 were given care by practical nurses.

An important part of the county service programs is the providing of medications, most of them very expensive, to eligible patients. A total of 660 received this service during the 10 month period.

The Burdzy Issue

As the Times-News reports this week, State Health Commissioner Dr. Roscoe Kandle has assigned a member of the Department of Health to investigate the status of Edward Burdzy, who has been serving Belleville the past year as "Health Officer."

Now, Mr. Burdzy is a sanitarian, and claims that many other nearby communities do not have accredited health officers. This may or may not enter into a State investigation.

The issue at hand is whether Mr. Burdzy has the qualifications — as required by law — to serve as Health Officer.

The question will be settled by the State Health Department.

In the meantime, we are expressing our faith in Commissioner Nuncio Pico who is in charge of that department, we feel he will continue to keep the health and welfare of the local citizens as the primary consideration in any decision he makes.

A Job Well Done . . .

Commissioner George F. Kiernan is to be congratulated for the fine job he and the Department of Recreation have done in supplying wholesome recreation over the summer for the children of Belleville. All the youngsters in town were invited to participate in the program, and many of them did. Those who did will attest to the overall excellence of the summer schedule.

The regular playground season closed this Tuesday.

However, with few exceptions, most children will remember the summer playground program as a well-directed and successful one.

Congratulations again to Commissioner Kiernan, and also to his recreation director, Robert E. Cook, and to the recreation supervisors.

A job well done!

Do-It-Yourself Dangers

Safety experts, probing the current trend to "do-it-yourself," which the American public is fast accepting, have found that the dangers encountered by Mr. Fixit include many sprays, power tools, new insecticides, and so on.

It was noted that almost every spray, paint, enamel or lacquer which blows out in mist form when a button is pressed on a can or bottle, is highly inflammable. Many users do not take this into consideration.

Accident-types which seem to have resulted in the most casualties are amateur carpentry, replacing broken window panes, painting the exterior of one's home, cleaning awnings or repairing gutters.

These are old dangers, but new dangers include aluminum ladders, where shocks are often involved, the use of power tools, including carpentry hand tools and new inflammable sprays.

August

Buttercup nodded and said good-by,
Clover and daisy went off together,
But the fragrant water-lilies lie
Yet moored in the golden August
weather.
The swallows chatter about their flight,
The cricket chirps like a rare good
fellow.
The asters twinkle in clusters bright,
While the corn grows ripe and the
apples mellow.

POLIO CLINIC AT TOWN HALL SEPTEMBER 23

Commissioner N. R. Pico, director of the department of Public Affairs, announced this week that the Department of Health is planning to conduct a Poliomyelitis Clinic at Town Hall on Wednesday, September 23rd from 9 a.m. to 11:30 a.m. The clinic will be held for children from one through six years of age.

At this time all children, accompanied by an adult will receive Salk vaccine shot. The clinic will be giving first shots to the pre-schoolers. No child will be permitted to enter school this fall without a certificate either from the health department or from his own family physician stating that he has been inoculated. This is in addition to the small pox inoculation.

If the child has received his first shot from a family physician, and desires to receive further shots from the department of health, he must bring with him a statement from his physician releasing him to the Board of Health.

All shots are free and no appointment is necessary. There will be no fourth shots given at this time. The second shot will be given on October 28 and the third injection will be given seven months from that date.

Domenick Predicts Successful Picnic

Anthony Domenick, chairman of the committee sponsoring the 9th annual family picnic of the Harry J. Sullivan Association, state that indications are that a large crowd will participate in this year's affair.

Domenick said buses will leave the Town Hall on Sunday, September 13th, 1959, at 11:45 a.m. and will stop at the Silver Lake Firehouse for passengers planning to attend the affair at Gistly's Grove, 833 Grove Street, Clifton.

The picnic will be held from 1 p.m. to 8 p.m. and will feature a full-course picnic menu with liquid refreshments. Games will be held for children and entertainment will be furnished. Domenick also announced that prizes will be offered to friends of the Association.

Little Zion U.A.M.E.

154 Stephen Street
Rev. Mary A. Farnar, pastor
11:00 a.m. Morning worship.
Guest preacher will be the Rev. Beulah F. Dodson of Norfolk, Virginia, pastor of the Christ Pentecostal Church, Norfolk, Virginia.

3:30 p.m. Guest speakers will be the Rev. R. C. Kirby, pastor of the First Baptist Church, Woodbridge, N. J. The Rev. Kirby will be with his church. Missionaries are in charge. All are invited.

URGES ACTION ON PLANSOEN

Runezio Caraciola of 58 Roosevelt Avenue appeared before the Town Commissioners last week to press a complaint that Plansoen Playground at School 9 was inadequate.

"We need a park down there. We want trees, seats and a field house."

A recent article in the Times-News referred to Caraciola's attempts to bring what he considered the bad situation to light. At that time, Robert E. Cook, recreation director, declared there had been vandalism at the Plansoen Field.

At Tuesday night's meeting, Caraciola referred to this statement saying: "There is no such thing as vandalism in that part of the community."

He also said the grass there was "like a hay field," and asked that something was done and not to rely on his employees.

He asked Commissioner George F. Kiernan to see to it that something was done "not to rely on his employees."

Shortly afterward, Charles George of 35 Crestwood Avenue asked whether Kiernan had agreed to do anything.

Commissioner Kiernan said that Caraciola had been using the chamber as a sounding board for "possible political aspirations." Caraciola is a Democratic District Committee man. Kiernan said his office had received many phone calls from him before Primary Election. As to certain photographs submitted on the recent condition, some of the children were wearing snowsuits, Kiernan said.

Kiernan said that Caraciola would reduce his criticism and submit them to his office in

writing, he would answer them. George said he would like to see benches in the "Bog" area. Taxes were up and he was not seeing anything for it, he declared. Kiernan said he had been in favor of benches, and would see what could be done.

Mrs. Julia Wells of 20 Greylock Parkway said she had found it difficult to send children to playgrounds since there had no shade trees or benches.

CARRY OVER BID QUESTION ON ACME PARCEL

The question on whether to sell a town-owned parcel on Acme Street to the Barbone-Mosca Post with no bidding was carried over Tuesday night to the next meeting of the Town Commission.

A recommendation was made that the Post submit plans on their proposed Post Home.

The land in question is a 100-foot front lot adjoining another parcel which the Barbone-Mosca Post received from the town some time back at the nominal cost of \$1. They have not yet started building.

The Post had submitted a bid of \$5,000 for the newer property, and Post counsel John Noonan, at a previous meeting, had referred to State laws by which the Commissioners could grant the land or sell it to veterans' post without public bidding.

The offer of \$5,000 was made by the Post after an offer of \$3,000 had been submitted by Miss Anne Monica, of 13 Acme Street. When Miss Monica's bid was first received, the commissioners thought it fair to mention it to the Barbone-Mosca Post since the veterans group had expressed interest in the land.

At Tuesday night's caucus meeting, Mayor Isadore Padula said he thought the land should be put on the open market for bidding since it should bring in "seven to eight thousand dollars" and would be a continued source of rentals for the town if, say, a four residence went up here.

At the regular meeting Tuesday night, Miss Monica spoke for herself, declaring that she was interested in public bidding.

She said she was 21, had lived in Belleville all her life, liked the town, liked the school sys-

CASH AGAINST CANCER: Not to be outdone by the group of girls who last week raised \$15.22 for the Red Cross, a group of girls from Tappan Avenue went ahead and raised \$22.06 for the Cancer Society. The girls, ranging in ages from 3 to 11, are (left to right): Maureen Cotter, Margaret Foster, Peggy Oschwald, Gail Mallinson, Donna Mallinson, Eileen Mulcahy and Kathleen Cotter. The girls raised the money by presenting a show and auction both at night and in the afternoon.

Yesteryear In Belleville

ONE YEAR AGO

Belleville Chapter of Unico placed markers at each entrance to the community and pledged to serve the community unselfishly in all its needs.

Postal rates rose one cent; milk prices went up a half cent. It was the second increase in a month for the milk prices.

It was announced that the United Fund Drive would officially open on October 13 with over 3,000 volunteer workers ringing door bells for contributions and pledges. Allan Crisp was campaign chairman.

Hendricks Field public golf course on Belleville and Franklin Avenues suffered thousands of dollars of damage because vandals drove two cars wildly through the course.

Five Years Ago

The Sisterhood of the Congregation of Ahavath Achim held their annual membership dance at 317 Washington Avenue. A musical program, under the direction of Mrs. Mildred Mantell, was presented. Mrs. Seymour Persko, was chairman of the affair.

The members of the Robert C. Gruhn Association appointed a committee for the dinner dance to be held at the Fountain. John Guallieri, president, announced the members of the committee.

"Guess My Secret" night was held at the Christ Episcopal Church when the Sunday school members presented a fashion show and panel game modeled by the students and teachers of the Sunday school.

Ten Years Ago

Edmond Baler and Andy Lebley were competitors in the 1949 Soap Box Races.

Tentative plans were being made for the installation of parking meters along the entire length of Washington Avenue and included the larger side streets, announced Public Safety Director Noll.

The Belleville Jewish Community celebrated the first anniversary of the State of Israel.

A banquet for over 3,000 persons was held at the Fountain for the basketball team composed of Belleville teenagers who won the State Amvet championship. The affair was sponsored by the Joseph Clifford 110 Amvet Post, organizers of the team.

Fifteen Years Ago

Clearman Field was used for the first time and showed a daily average attendance of 271. Most popular activities under the direction of Bill Chapman and Frank Spots were softball, baseball, volleyball, basketball, chess, and table tennis and checkers.

tem here and wanted to get married and raise her children here. She had nothing against veterans, as her fiancé was one. But she did want to build a house and would be aided by relatives who were in contracting business.

She said further that she would be willing to double her bid. As far as parking goes, the street is dead end, Miss Monica said, and would present no problem.

Mr. Noonan asserted that when an architect had looked into the possibility of the Post Home, he said it would be "squeezed." After this, his group was in contact with town officials, he added to see about obtaining the other lot. This was last fall, he said.

Twenty Years Ago

The report of activities of local nurses indicated an increase for this school year over previous years in vaccinations and diphtheria immunization of school children. Every child in Belleville who had attended a parochial school or public school was under the supervision of the Child Hygiene Nurses employed by the local Board of Health.

Nineteen members of Brownie Troops 24 and 25 under the leadership of Mrs. John J. Staudt and Mrs. Robert J. O'Brien, completed their second week at Camp Kinly-Spee.

More than 200 attended the Knights of Columbus affair when the Belleville Council honored Eugene J. Kelly who had completed two years as grand knight.

Fifty Years Ago
Adam Lonie was chosen to serve on the petit jury for two weeks.

The newly-elected officers of the township were A. H. Osbourne, collector; Eugene M. Gavey, assessor; Frank A. Cadiz, and Harry M. Fallows, township committee; John Abbot, overseer of the poor; Henry W. Fackrell, supervisor of roads and Richard Ashworth, justice of the peace.

A Belleville Times editorial complained of the fact that sewerage from neighboring towns had been dumped into Belleville's back yard, destroying property and endangering health.

The Times printed the following article "Andrew Livingston, Democratic leader of the first district is on a two week visit to Worcester, Massachusetts. Some of his friends are expecting him to return with a bride."

Route 35 with its by-pass of the Woodbridge and Perth Amboy "bottleneck" opened and brought cheer to many motorists in the Metropolitan area.

Sea Scouts of Belleville, connected with Robert Treat Council, Boy Scouts of America, shared in the activities of the summer-training base on the Navesink River, Fairhaven. Opened for the first time, the camp was located on the Mennen estate and attracted Sea Scouts from all over the state.

Twenty Five Years Ago
The municipal recreation camp on the Third River was opened for camping by boys from 7 to 15. The camp had been vacated by the girls.

Spencer A. Jones and William J. Horgan attended a conference.

with Governor A. Harry Moore at his summer home in Sea Girt.

Mrs. Helen Kelsall announced the results of the annual election of the Junior Women's Club. The officers were Alice Cornell, president; Ethel Searle, vice president; Thelma Hoover, secretary and Doris Tedesco, treasurer.

Commissioner William H. Williams, director of revenue and finance, announced to the town commissioner that thereafter the town employees would receive 30 percent of their salaries in cash and 70 percent in baby bonds.

Adam Lonie was chosen to serve on the petit jury for two weeks.

The newly-elected officers of the township were A. H. Osbourne, collector; Eugene M. Gavey, assessor; Frank A. Cadiz, and Harry M. Fallows, township committee; John Abbot, overseer of the poor; Henry W. Fackrell, supervisor of roads and Richard Ashworth, justice of the peace.

Richard S. Rotondi, son of Mr. and Mrs. A. R. Rotondi, 5 Arthur Street, has arrived at Fort Dix and been assigned to "N" Company, Second Training Regiment of the United States Army Training Center, Infantry, for eight weeks of basic training.

Prior to entering the army, Rotondi attended Belleville High School and Rutgers University. He was formerly employed with Atlantic and Pacific Tea Company, 333 Franklin Avenue.

Peter Rossi, son of Mr. and Mrs. Joseph Rossi of 147 Heckel Street, has arrived at Fort Dix and been assigned to "N" Company, Second Training Regiment of the United States Army Training Center, Infantry, for eight weeks of basic training.

Before entering the army Rossi attended Belleville High School and was with the Belmont Barber Shop, 154 Belmont Avenue.

Army Reserve Specialist Four Alphonse Paradise, 23, whose wife, Jean, lives at 96 Passaic Avenue, completed two weeks of active duty training Aug. 21 at Fort Eustis, Virginia.

Paradise, son of Ferdinand E. Paradise, of 496 Franklin Avenue, is a 1953 graduate of Belleville High School, a 1957 graduate of Seton Hall University and is employed by American Investment Corp.

Army Reserve Specialist Four Robert W. Jones, 25, whose wife, Jean, lives at 18 Sixty-fifth Street, West New York, is scheduled to complete two weeks of active duty training Aug. 21 at Fort Eustis, Virginia.

The son of Mrs. Frances Y. Tuiden, 679 Belleville Avenue, Specialist Jones is a 1951 graduate of Belleville High School and is employed by Fidelity Union Trust Company, in Newark. His father, James W. Jones, lives at 77 New Lawn Avenue, Kearny.

George G. Eitel, electronics technician, third class, (USCG), son of Mr. and Mrs. George G. Eitel of 168 Belmont Street, is serving aboard the Coast Guard Cutter Westwind, engaged in supporting shipping resupplying the U. S. Station at Thule, Greenland.

Midn. Frank T. Senior, Jr., son of Mrs. Catherine J. Senior of 28 DeWitt Avenue, is receiving intensive indoctrination at Annapolis, Maryland, in advance of the Naval Academy's regular academic year which begins in early September.

The new midshipmen, who entered the Academy on July 7, are scheduled to graduate in 1963 with commissions as ensigns.

Cadet Dennis R. Dunninger, son of Mr. and Mrs. Louis H. Dunninger of 36 Branch Brook Drive is attending the Summer Training Unit of the Air Force Reserve Officer Training Corps at MacDill Air Force Base, Tampa, Florida. Cadet Dunninger is a student at Rutgers University and is a member of Phi Eta Sigma an honorary fraternity and winner of a chemistry achievement award.

"Hey, Sport"

College Scholarship Bowl Game Proves A Success

The first annual college scholarship bowl game was played Thursday night, August 20th at Roosevelt Stadium, Jersey City and was a most interesting and successful undertaking.

The game was sponsored by Peter W. Kero, Inc., Carlstadt. It is an oddity that the sponsoring company is located in Bergen County while the game pitted recent graduates of Essex and Hudson county-high schools. The game offered a \$1,000 scholarship to one outstanding player from each team plus the opportunity for the players to perform before many college coaches and scouts who were in attendance.

The game was very well received by the 18,394 fans who braved a hot sweltering night to witness an early season struggle. On the whole the game was well conducted but as could be expected in the first venture in this field there were some shortcomings which can be overcome in the future. If the tickets were distributed in various locations in the towns of the competing teams, and so stated in the local press, it would probably bring about a larger advance sale and reduce the ticket lines at the stadium. The police were kept very busy trying to maintain order outside of the former Dodge home away from home and many fans. The program, which sold for 25 cents, and was filled with advertisements which must have covered printing costs, was poorly made up. The players were not listed in numerical order nor were the schools they represented identified with the individual players much less any information as to weight and height.

The management wisely held up the start of the game until most of the crowd which was milling about outside the stadium could enter.

An American Legion Band supplied the music which is almost as much a part of football as pretty cheerleaders of which there was a group to represent each team.

The only Belleville boy on the Essex squad was quarterback Mike Morano who saw limited service. Mike threw several passes but was unable to come up with a completion, however, not many passes were completed in this defense dominated struggle.

It is an oddity that while the suburban Essex high schools usually are far ahead of the Newark schools that two of the better performers were from Newark. Charlie Meadows, former West Side halfback, did some good groundgaining for the Essexites while Ed Barker who wore the Brown and Orange for Weequahic made several long booming punts. These two boys, along with Al Volpe giant 240 pound tackle from East Orange High and Irvington's Mel Woodstein were easily the outstanding performers for the losing Essex team.

With such a large crowd in attendance it is almost a forgone conclusion that this game is here to stay. If crowds such as the 18,000-plus will turn out annually it will probably be possible to award even larger scholarship funds in the future.

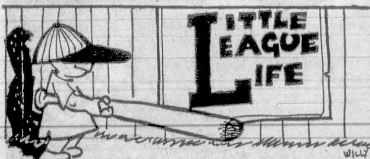

There are many fans who would like to see this game played soon after the close of the regular high school season as the weather would be more appropriate for such a rugged sport. This may not be possible since the N J S O A takes a dim view on post season games and until they graduate, these boys are under the supervision of the date body who might make them ineligible from further high school sport participation if they should play in such a game.

Quarterback Mario Garrubio, former St. Benedict's star, was injured near the close of the game and was removed to Jersey City Medical Center where he was held overnight for observation. His injuries were not serious and his medical expenses were covered by insurance which the game committee wisely had for each performer.

The bowl committee headed by Jim McManus met last night to complete arrangements for the dinner at which the players from both squads will be honored. Each player will receive an award in addition to the two scholarship awards.

AMF Spotters For Branchbrook

The Branchbrook Bowling Alleys on Belleville Avenue have added AMF automatic pin-spotters as well as completely redecorating the premises. The alleys, which re-open next week, are operated by brothers Frank and Vincent Fortunato. Bowling team representatives interested in openings in the Branchbrook schedule have been asked to call PL 1-1180.

By ED WARD

The 1959 season for Belleville Little League has come to a conclusion, showing the Clippers American League Champs and the Cubs National League Champs.

Last week, the Cubs took the Clippers in two straight for the mythical Town Championship for the third straight year. These were two good ball games, and both teams showed the class that brought them out on top in their respective leagues. Everything at the playoffs had a healthy atmosphere, even to

Municipal Stadium Is The Scene Of Gala Tournament For Champs Of Nine Belleville Playgrounds

The Municipal Stadium was the scene Tuesday of a gala tournament which involved champions from the nine Belleville playgrounds. The youngsters were chosen to participate on the basis of their summer-long performances in the various categories.

Simultaneous competitions took place in ping-pong, checkers, horseshoes, basketball, foul shooting, softball accuracy throw and softball distance throw. Each participant was limited to one event within his age group.

The winners and runner-ups were as follows:

Checkers: Boys 11-14, Robert Haug, Recreation House and Joe Carracino, Stadium; 6-10, John Pico, Stadium, and Mike Sullivan, Recreation House. Girls 11-14, Jo Jo Pettito, No. 4 Playground, and Harriet Dean, Stadium; 6-10 Joyce Zacone, No. 4 Playground and Mary Dopot, Montgomery.

Rubber Horseshoes: Boys, 11-14, Richard Veitri, No. 1 Playground, and Ralph Cangiose, No. 4 Playground; 6-10, Anthony Monagas, Fairway and Richard Sweeney, No. 11 Playground; Girls, 11-14, Myra Ceres, Montgomery and Paula Zacone, No. 4 Playground; 6-10, Judy Oliveri, Montgomery and Susan Fresco, No. 4 Playground.

Ping-Pong: Boys, 11-14, Steve Fox, Recreation House and Ron Tomaszewski, Stadium; 6-10, David Sheldon, Recreation House and Peter Kinkead, Monsignor Kelly; Girls, 11-14, Linda Vogel, Camp Caragher, and Sylvia Serrella, No. 4 Playground; 6-10, Sandra Clemente, Recreation House.

Basketball Foul Shooting: Boys, 11-14, Robert Joyce, Recreation House, and Bob Van Dyne, Monsignor Kelly; Girls, 11-14, Linda Oliveri, Montgomery, and Janet DiModica, No. 4 Playground.

Softball Accuracy Throw: Boys, 6-10, Joe Cerrato, No. 4 Playground, and Ken Nakashima, Monsignor Kelly; Girls, 6-10, Carmella Carracino, Stadium, and Donna Magistro, Camp Caragher.

Softball Distance Throw: Boys, 11-14, Vincent Squatrito, No. 4 Playground, and John Valli, Montgomery.

or his inability to hit or field at a given moment, it is easy to understand why a parent would never stay at home.

When this is brought to the attention of those supposedly in authority, their usual comment is "I don't want to get involved."

It is this desire, "not to get involved" that allows a disastrous situation to continue. It is those who do not want to get involved who look for assistance as soon as the going gets a little rough for themselves.

It is our duty, if we see a wrong being done, to attempt to educate the wrongdoer, in the hopes that he will see the light and not hurt some other innocent individual.

A case in point occurred in one of the All-Star games, when some unthinking parent commented about a boy being too fat to move. Unknown to this boy's critic was the fact that he not only was on the All-Star Team on his own merits, but also was definitely responsible for his team's very high position in his own league.

This unthinking person was notified, and stopped the unfair criticism. Congratulations to the individual who had the guts to speak up in that boy's behalf.

Someday, someone, somewhere, will surely speak up for you when you need it most and expect it the least.

The Little League spirit of applauding good play and ignoring shortcomings, a word of encouragement, should apply at all times, and would even work wonders, if we would apply them in everyday life.

Little League Baseball and its principals are founded on the Golden Rule. Would it not be nice if we could all practice it in everyday life?

PICK UP TICKETS

Will Mr. William Gilliland of 339 Stephens Street and Mr. Thomas Antonelli of 9 Fairway Avenue please pick up their two free tickets (each) to the air-conditioned Elwood Theatre at the Belleville Times office, 328 Washington Avenue?

In photo "G" is Steve Fox, winner of the boys' 11-14 ping-pong competition.

Park Downs Montgomery In Play - Off

After winning the Recreation Junior Softball League title by going through their season undefeated, Belleville Park continued their winning ways by downing Montgomery in a playoff game at the Belleville Stadium last week.

Jim Risoli started for the winners in a see-saw battle which left the result in doubt until the final out was recorded.

Montgomery got a lone runner in the first on a double by Joe Cerreto and single by Bob Borrello and Mike Crudele.

Taris. Park followed with two runs on John Borrello's triple following a walk to Tony Gent and a bunt single by Marty Levin.

They added one more run to by Risoli and Roger Conlan.

Montgomery tied it up in the third, scoring two runs on hits by Tony Raimo, John DeFabbio and Lenny Galletto. Park tied it in the fourth inning on a four run rally, sparked by Mike Crudele's triple and a double by Thomas Palumbo.

Borrello replaced Risoli as pitcher for the Park and held Montgomery to one more run, while his team added three runs in the sixth on successive hits by Jack Lowak, Marty Levin, John Borrello and Mike Crudele.

Hudson County All-Stars Defeat Essex Team 12-0 In First Scholarship Bowl

By WILLARD MORRISON

On Tuesday night August 20 the Hudson County High School All-Stars downed the Essex County High School All-Stars 12-0. As is often the case in a game of this type the defense was far better than the offense and neither team was ever able to maintain a consistent drive. The winners struck suddenly through the air for their two scores.

Early in the first quarter Ed. Barker, Weequahic, punted out on the Hudsons eight yard line and the home team spent most of the remainder of the first half in their own territory. The red and white clad Essexites made a drive to the winners 32 yard line which was halted by a fumble.

In the second quarter the Essex team drove to the three but a nine yard loss on fourth down stopped the threat. Hudson went to the Essex 35 on a pass but were stopped when Jerry Conit, Barringer, intercepted on the 17. The half ended scoreless.

Neither team made any threats in the third quarter as the defense was too much for either team to dent. Ed Barker's punting kept his team out of trouble.

At the start of the fourth period George Witterschell, Ferris, passed 29 yards to Bill Perkins, Snyder, who outdistanced all pursuers 41 yards to the goal line. Later in the quarter, following an Essex fumble this same duo combined for a 30 yard pass play for the final score.

An odd play occurred shortly after the second touchdown when Don Chuy, Nutley tackle, caught a pass. The infraction went unnoticed by the officials until the alert Hudson boys brought it to the attention of the officials and the Essex team was promptly penalized 15 yards.

638 Mill Street
Rev. Oliver W. Chapin, pastor

Summer service will be held at 9:30 a.m. The Rev. Clarence Lecrone, pastor of the First Presbyterian Church of Chatham, will be guest minister for the month of August.

waldo and Antoinette Frances. Mrs. Andreottola had 17 grandchildren and one great-grandchild.

Mrs. Rosa Pomponio

Mrs. Rosa (nee Cerreto) Pomponio of 143 Newark Avenue died on August 16, at 65. She had been a Belleville resident 25 years.

Mrs. Pomponio's husband, Ludovico, died in 1956. Surviving are her three daughters, Patsy, Jean and Mrs. Margie Zalesky; four sons, Salvatore, Fred, Domenic and Louis Jr. (Tostie) and eight grandchildren. Also, two sisters, Vincenza Alfieri and Josephine Carli and two brothers, Jack and Michael Cerreto.

In Memory

To Lulu Antoinette Chinnock, my beloved wife who passed away on July 22, 1959.

On twenty-second of July it was God's wish that you should die. Still sleeping, he took you gently by hand.

And led you to the Promised Land. In fifty-two years "My dear"

We trod life's path together Amid both calm and stormy weather.

Of joy and sorrow, For comfort, you were always there!

You were the stronger of us two. And many times I leaned on you.

Then when trouble came to you The loss of mother, brother and sister too.

In these times, I would comfort you. "Darling" now that you are not here,

Life for me is sad and drear. I only live from day to day

Waiting to hear the Savior say "Come" . . . I'll heal your broken heart today

The day that I take me by the hand And lead me to that Holy Land.

"Now that you have gone" Beyond this Vale of Tears How soon I'll follow, God only knows

It may be years, perhaps it may be days. For God performs his Will in wondrous ways

And when I cross "Life's un- known"

I know "Sweetheart" you'll Be watching there for me. And, when I reach that distant shore,

Pain and sorrow will be no more. How fondly then I'll clasp your hand,

For there's no parting in this land. Then forever happy we will be Together in Eternity.

"Diary Of Anne Frank" To Be Shown At Theatre On Tuesday, Sept. 8th

The motion picture "Diary Of Anne Frank" will have its suburban preview under the auspices of the Belleville-Nutley Chapter of Hadasah in conjunction with other Essex County Chapters.

All proceeds from the show will go towards Youth Aliyah's newest projects, the Anne Frank Havens. These settlements provide security and a future for thousands of homeless children.

There will be two shows, 6:30 p.m. and 9:30 p.m. on Tuesday, September 8th, at the Wellmont Theatre, 400 Bloomfield Avenue, Montclair. Special half-price tickets will be sold for children under 15.

For tickets, which are available to the public, and any information, please call Mrs. Carl Morgenroth, NORTH 7-0145.

Riviera Park Rink

Begins 34th Season

Times Sports Roller Skating The Riviera Park Roller Skating Rink will begin its 34th successive season this Friday night (tonight) under the same management. Owner and operator is William Mishkind of 49 Berkeley Avenue.

The rink will be open from 7:30 to 11 p.m. Friday and Saturday nights and from 2 to 5 p.m. Saturdays and Sundays. On Saturday and Sunday afternoons there will be races for adults and for children.

Sunk In 1812

Isaac Hull, on August 10, 1812, sunk the British frigate Guerriere with broadsides from the USS Constitution. The Constitution lost seven men, the Guerriere lost 79.

Carpenter Complains He Was Short-Changed On Job For Works Dept.

A carpenter who did some \$225,000 worth of work for the Town of Belleville, he said, on the basis of the complaint this week he was short-changed by the town. He said the full amount due him was \$225,000, but he was paid only \$110,000.

Anthony Pascheria of 63 Wadsworth Avenue said he was retained to build bins for the water-china, it was for \$110 additional division of the Public Works Department.

Pascheria said Commissioner Robert Gruhn director of Public Works, had asked him to do the job. The carpenter declared he had told Gruhn the contents of the bins would run about \$600. He also said he had told Gruhn he expected to be paid for the prevailing unit rate, which was \$415 an hour.

Pascheria said the bill ran up when certain "extras" were ordered, including racks, tables, a cabinet in the garage office, and tearing down another partition and enclosing more bins.

The entire job took a month, Pascheria said. It started February 11th and was completed March 11th. Pascheria received a check for \$538 in April. This amount included deductions, Pascheria said.

The carpenter declared that Gruhn "got me over a barrel" by making him sign to work as a temporary town employee, for which the rate was \$200 an hour, he said.

He said that while he received

job would not cost more than

that he had not agreed that Pascheria was to work at union rates.

Pascheria had been retained, Gruhn said, on the recommendation of members of the Public Works Department.

During the time Pascheria did his work, Gruhn was in the hospital, he said.

Gruhn said he never "got" Pascheria to sign anything. The form he signed as a temporary employee was most likely a civil service form, he indicated, and Pascheria must have known what he was signing.

Furthermore, Gruhn said, Pascheria had indicated that the job would not cost more than

Miss Dolores Matiskiel Wed To Richard Redmond

MRS. RICHARD W. REDMOND

Miss Dolores Matiskiel, daughter of Mr. and Mrs. John Matiskiel of 219 Greylock Parkway, exchanged wedding vows Saturday with Richard Warren Redmond, son of Mr. and Mrs. Charles Redmond of 301 South 3rd Avenue, Highland Park. The couple were wed at St. Mary's Church, Nutley, with the Reverend Seymour Everett officiating.

A reception was held after the ceremony at the Prie

Miss Joan Evelyn Kraus Married At Nuptial Mass

Mrs. Edward Francis Cafone

The marriage of Miss Joan Evelyn Kraus, daughter of Mr. and Mrs. William D. Kraus, of 37 Myrtle Avenue, Nutley, to Edward F. Cafone, son of Mr. and Mrs. Michael J. Cafone, of 701 Main Street, Belleville, took place Saturday in a Nuptial Mass at St. Mary's Church. Rev. Gerard Walsh officiated at the ceremony. A reception followed at the Fountain in Belleville.

The bride, given in marriage by her father, was attired in a gown of rose point lace over taffeta and net, featuring a long chapel train and a scalloped neckline with embroidered pearls. She wore a fingertip veil studded with seed pearls from a round crown. She carried an orchid and streamers from a decorated prayer book.

Miss Jane Kraus, of Nutley, was maid of honor. She wore a yellow gown of embroidered nylon over net and taffeta, and a matching crown. Her bouquet consisted of yellow daisies and pom-poms.

Miss Agnes Cafone, and Miss Maureen Bell, of Belleville, and Miss Janice Scranon, of Nutley, were bridesmaids. They wore green gowns of embroidered nylon over net and taffeta with matching crowns. Each carried a bouquet of white daisies and pom-poms.

Tuck Inn, Cedar Grove.

Throated by her father, the bride wore an Ido Taffeta full length gown trimmed with seed pearls and sequins and featuring a Cathedral train. A crown of seed pearls held her three tier French illusion veil and she carried white roses.

Miss Joan Krause was maid of honor and Mrs. Russell Murray of Kearny was bridesmaid. Both attendants wore white eye-let over chiffon street length dresses in pastel shades. The maid of honor carried pink roses with baby breath while the bridesmaid carried yellow roses with baby breath.

John W. Redmond, brother of the bridegroom, was best man. John Redmond, cousin of the bridegroom was an usher.

Mrs. Redmond graduated from Belleville High School and is presently attending Fairleigh Dickinson University. She is with the New York Chapter American Red Cross. Mr. Redmond graduated from St. Peter's High School, New Brunswick.

FULL PROGRAM IS IN EFFECT AT FEWSMITH

A full program is in effect at the Pewsouth Memorial Presbyterian Church of Belleville during the summer months. Services of morning worship are being conducted each Sunday morning at 10 o'clock and three events take place each week. The Crossroads Bible study class for adults meets each Wednesday at eight p.m. at one of the participants' homes. Church School is conducted on Thursday morning at 10:30 for children kindergarten-age through junior.

A new feature has been added to the church, the Teen-teen.

This group, comprised of youth I were conversing with a fellow, just graduated from high school, "As he proceeded to show the in college, or recently graduated. "As he proceeded to show the from college, meets at the church on off a few favored conception each Thursday at 8:15 p.m. The community entertained by church Teen-teen are an inter-church people, it was to meet you could group dedicated to Bible study have heard a pin drop, about every Thursday evening except the Rev. George Van Lennep, the fourth of each month at pastor.

which time they have a guest speaker. A recent speaker, the Rev. Leonard Evans of Roselleville, all time high consumption rate, Presbyterian Church of Newark, of 44 pounds per person. This opened his remarks with, "I am was about a one-pound increase going to speak to you as though over the 1957 consumption rate."

"WHAT'S THIS PRESCRIPTION FOR?"

It is common for a customer to ask us to tell him the disease that a prescription is for. Here is the only answer we can give such a request: "Many Drugs are used for several ailments and for that reason we have made it a policy never to guess the disease or the physical condition a prescription is for."

"Certain Drugs will help give relief from a number of symptoms and these symptoms are observed in several ailments. The physician you consulted examined you with skill & care before he wrote the prescription you inquire about. It is for him to answer the question, he alone has the necessary information. We must refuse to guess. You will agree that it is the right policy for us to follow in regard to this question."
