Schools To Open September 10; Superintendent Urges Teens To Complete Their Education

Superintendent of School Evan H. Thomas announced that the Belleville schools will open on Thursday, September 10. A list of names of high school pupils, together with the homerooms to which they are assigned, appears on the bottom of the page.

Superintendent Thomas urgently requests the cooperation of parents, Parent-Teacher Associations, and employers to encourage teenagers to return to school in September. In urging young people to stay in school, he states: "Education is something that has to be attained by personal effort and sacrifice. Completion of high school gives a young man or woman a definite advantage over the person who has failed to complete a high school program."

Orientation Day For Teachers Is To Be Held September 8th

This year an Orientation Day for new teachers, organized by administrators and supervisors and sponsored by the board of education is planned for September 8. The program will acquaint new teachers with Belleville's community life, schools, teaching methods, instructional services, and administrative, supervisory and teacher personnel. The Orientation proceedings will get under way at 9:45 a.m. in the Faculty Room of School Seven.

The program for the day follows: Welcome, Introductions, and Statement of Purposes. Superintendent of School, Evan H. Thomas, Panel Presentation on Instructional Services. Panel participants include Herman B. Wische, Director of Physical Education and Athletics; P. Webster Diehl, Director of Art; Dr. Samuel W. Peck, Director of Music; John P. Green, School Psychologist; Miss Carolyn A. Pohl, Elementary Supervisor; and Dr. Frank M. Durke, Assistant Superintendent for Instruction and Curriculum. A question and answer period will follow.

After luncheon, the orientation (Continued on Page Three)

Miss Di Bella From Belleville

Cops "Miss Sea Queen" Crown

A blonde package of 35-23-35 dynamite captured an audience at the recent Miss Sea Queen contest at Asbury Park and came away with the title. The seventeen-year-old beauty is Lola Di Bella (Italian for "lola") and comes from Belleville (French for "beautiful town").

The momentum for the whirlwind Lola has been engaged in began when a friend of the Di Bella family, Jerry Brett saw Lola on the beach while vacationing in Asbury. He spoke to Mr. DiBella about having Lola enter the Miss Sea Queen contest.

The proud papa, who is the proprietor of Di Bella's Men Shop on 55 Washington Avenue, hurried and hauled and he and his friend thumbed through snapshots of Lola deciding which to enter. They planned to surprise her, but then found out that she had to fill out the application.

So the beauteous miss filled out the application, to enter the contest, just barely missing the deadline by a hair. "At the time, I was just entering for the fun I certainly had no inkling I would win."

A week later she received a telegram over the phone stating that she was one of the finalists. Lola was so excited that she had to have her father call back Western Union and get the information. From then on it was excitement and tension for the whole Di Bella family. Even papa, who owns a men's shop, was almost caught without a jacket and tie.

Lola, who did Belleville proud, graduated from Belleville High School this June. While in school she was a member of the National Honor Society, co-captain of the twirling squad, had one of the leads in the senior play "Our Hearts Were Young and Gay" and was secretary of the Student Council.

CIVIL SERVICE EXAMS NEEDED FOR TOWN JOBS

Ten town hall jobs in the Department of Revenue and Finance have been opened pending open competitive civil service examinations. Application blanks and a bulletin may be obtained at the Department of Civil Service, 110 Raymond Boulevard, Newark, Room 107. Or write to the same address.

The jobs that are open and salary ranges are; addressograph machine operator, \$3,063-\$3,981; assistant municipal treasurer, \$6,866-\$8,274; bookkeeping machine operator, \$3,063-\$3,981; principal clerk stenographer, \$3,909-\$5,078; receptionist, \$3,348-\$4,608; telephone operator, \$3,063-\$3,981 and a water meter reader, \$3,902-\$5,078.

Those persons who wish to take the examination must have resided in Belleville for at least one year. The closing date for applications is September 30. Trenton decides when the examinations are to be taken and forwards the necessary information. These civil service appointments will be permanent.

Fidelity Union Opens New Bank

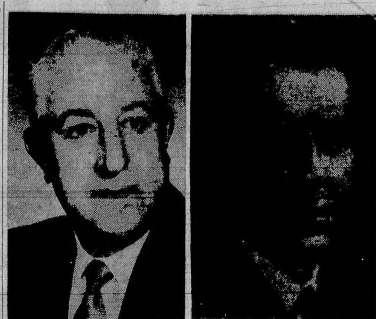

Opening of the new seven-story building of the Fidelity Union Trust Company, New Jersey's largest bank, for banking service, marked another milestone in Newark's urban redevelopment. It is located at the corner of Board and Bank Streets, within a block of the Four Corners.

It is owned and will be completely occupied by Fidelity. The bank has purchased building and land from The Prudential Insurance Company of America, which erected the structure, for \$7,600,000.

Design of the new Fidelity building has a dual aspect. While the interior was custom-built for banking, the exterior was planned for architectural harmony.

Polio Vaccine Shortage Due To Epidemics

For two months now, there has been a shortage of Polio myelitis vaccine available to the Board of Health which distributes it for local physicians and also for the use of expectant mothers and persons up to 20 years of age cannot afford to pay for this preparation.

Board Of Education Recommends Insurance For Football Team

The Belleville Board of Education met this week and recommended to the Athletic Council that they adopt an insurance policy for Belleville football players. The insurance company that they recommend is the Indemnity Insurance Company of North America. The policy would cover players for any injuries suffered from September 1 until the end of the season.

The Athletic Council would finance the \$1700 program through proceeds from athletic events. The cost per player is \$19, based on an 80 man squad. Edward J. Mahler of 62 High Street, Belleville, is the broker.

Until this year, the cost of medical expenses incurred by the players has been absorbed by the Council using the proceeds from the games. This is the first time in Belleville football history that the school will have such an insurance program.

Herman Wische, director of physical education and athletics stated that the boys should "notify the coach immediately in case of injury, no matter how slight they feel it is."

Also Wische asserted that no boy was to go to a "doctor without informing the coach. We

three months of files were taken also. The Belleville police were contacted on the matter and through Lt. Jerry Lallo all cars were notified. Within 20 minutes the entire matter was straightened out through the police.

Frankies Salvage had picked up the papers and kindly returned to the office 25 copies of each issue all wrapped. A nice job on the part of the police.

Henry Minasian Resigns As Civil Defense Head; Mayor Squashes Notice

Henry J. P. Minasian, Civil Defense Director of Belleville has turned his written resignation to Mayor Isadore J. Padula who appointed him in 1958. The resignation was handed in in the late part of June, 1959.

In the two months, Mayor Padula has made no public announcement of the resignation. The Deputy Director of Civil Defense Police Chief Harry Spatz was not informed of Minasian's resignation. The move was reported to the Belleville Times-News by official sources early this week.

The exact date of Minasian's resignation is not known. Mayor Padula refused to let a Belleville Times reporter see the letter. Following his action, Minasian also refused to show the letter.

Minasian stated that he had resigned because he found that his position demanded "too much of his time." He stated also that he couldn't "understand why Padula had not announced the resignation."

Although Mayor Padula has declared that he did not accept Minasian's resignation, Minasian said that after he wrote the letter he "did not hear from him (Padula) and therefore assumed that the resignation had been accepted. I don't see what alternative he has."

When questioned about Minasian's resignation, Chief Spatz, deputy director, stated that this "was the first I heard about it." Spatz said that he could not, even if he were asked, become director for it involved too much work.

When Mayor Padula was questioned about the resignation, he did not know there was an assistant director.

When informed that Spatz was assistant director, he stated that he (Spatz) was taking over. However, he refused to answer as to why Spatz had not been informed.

Padula stated that he was withholding the information until a director was appointed and that he had interviewed "10 big men who refused the job." He also stated that he did not know there was a deputy director or that he didn't know of Minasian's move because "they (Minasian and Spatz) were working close together. I didn't want to interfere because I have been criticized before for injecting myself into the affairs of civil defense."

Pico Promises Health Officer For Belleville

An investigation by the State Health Department, regarding whether or not Edward Burdick is serving in the capacity of Belleville's health officer when he is not actually qualified, reached a close this week.

The incident was touched off by a letter written by James Golden, town critic, to Dr. Roscoe P. Kandle, State Health Commissioner.

Kandle referred the matter to Dr. Miriam Sachs, M.P.H., from the District State Health Office.

Dr. Sachs sent Golden a letter stating that she had been in Washington when she had been in the town of the size of Belleville.

She also wrote that she has been "assured" by the Commissioner that he will take the necessary steps to secure such an officer.

In the interim Burdick will continue on at the health office. Dr. Sachs, however, stated that he is not to be called Health Officer or Acting Health Officer.

In his letter Golden has stated that Burdick was "improperly listed in the Town Hall directory listing as 'Health Officer.'"

CARMEN ORECHIO NAMED ASSOCIATE OF TIMES-NEWS

Announcement Is Made By Publisher Frank Orechio

Carmen A. Orechio

Carmen A. Orechio, of 43 Washington Avenue, has been appointed associate publisher of The Belleville Times-News. The announcement was made yesterday, by publisher Frank A. Orechio.

Orechio is a life-long resident of Nutley and attended Nutley schools. He played on the line for the Maroon football team and is a graduate of Rutgers University where he played football.

During World War II, Orechio was a sergeant and served (Continued on Page Eleven)

WESTINGHOUSE INCREASES PAY FOR EMPLOYEES

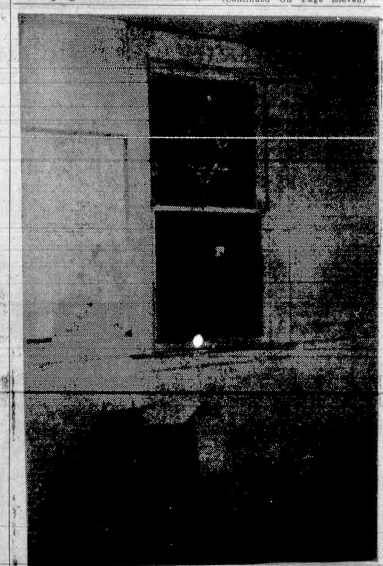

Westinghouse Electric Corporation employees will get a cost-of-living pay increase of either 2 cents an hour or 1 percent as a result of the rise in the living cost index just announced by the Bureau of Labor Statistics.

Among those employees getting the raise are nearly 10,000 Westinghouse employees working in New Jersey plants in Newark, Jersey City, Bloomfield, Belleville, Trenton, Metuchen, Hillside and Dover.

The increase will affect approximately 100,000 of the company's employees, some of whom are paid hourly rates, and some salaries. For employees paid on a weekly schedule, the increase becomes effective with their (Continued on Page Eleven)

Paper Drive

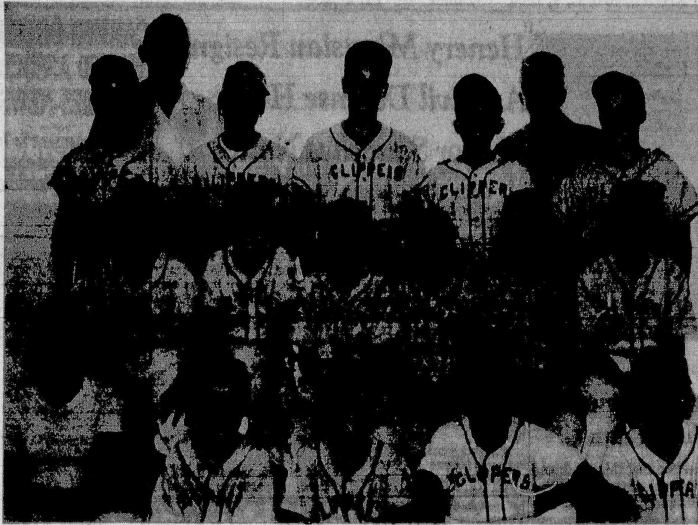

The next regular Paper Drive of Belleville Post 105 will take place on Sunday, September 13. Trucks will pick up bundled papers at the curb about 9 a.m. Belleville Post will hold its business meeting on Monday evening at the Legion Home, September 14th at which time plans for the installation of officers for the year 1959-1960 will be discussed. Further details as to the program will follow later.

Vandals Enter School . . . Earlier this week, vandals entered into the Hebrew School building on Washington Avenue owned by the Congregation Ahavath Achim and wreaked havoc. Above on the floor lays what remains of one of the many stained glass windows which were broken. A burn spot on the front door indicated that the hoods tried to set fire to it. In the same week, a brick was thrown through the kitchen window at the Academy Street Ahavath Achim Synagogue. No one was hurt.

OBITUARIES

May the Souls of the Faithful Departed,
Through the Mercy of God, Rest in Peace.

Holloway W. Bennett
Holloway W. Bennett, of 180 DeWitt Avenue, a retired manufacturer, died Tuesday in Newark. He was 72.

Mr. Bennett was president of the former Belleville Wire Rope Company from 1924 until he retired 16 years ago. Born in Budd Lake, he moved to Belleville in 1918.

He was a member of Belleville Lodge, F&M, and Orange Council, Jr. O.U.A.M. He was also a member of the Wesley Methodist Church, Belleville.

Surviving are his wife, Mrs. Emma C. Archer Bennett; a son Russell H. of Livingston; a sister, Mrs. Mary Ethel Tyack of Millbrook, and two grandchildren.

atic calculator. In 1924, he joined the Monroe Calculating Machine Company and developed fully automatic multiplying and dividing mechanism. He made many technical contributions to the entire Monroe production line.

Mr. Enders retired in 1954. He held numerous patents in the computing and optic field. He was a resident of Belleville since 1920 and resided at 126 Cedar Hill Avenue for 38 years.

Surviving him are his wife, Mrs. Anna B. Enders, two daughters, Mrs. Irma Little and Mrs. Gretchen Minters; a son, William, a sister Mrs. Hedrick Schlessman and five grandchildren.

Service will be held today at 10 a.m. at the Wadsworth Funeral Home, 342 Union Avenue. Burial will be at the East Ridgeland Cemetery.

Walter Irving Speyer
Walter Irving Speyer, of 41 Crescent Terrace, died Sunday in the Clara Maass Memorial Hospital after a long illness. He was 65.

Mr. Speyer retired about a month ago as manager of the John David Shop, a men's clothing store, in the Hotel Statler, New York. He had been associated with that firm for 35 years.

Born in New York, Mr. Speyer lived in Jersey City and North Arlington before moving to Belleville in 1934.

Mr. Speyer served with the first Illinois Cavalry unit during the Mexican expedition in 1916, and with the U. S. army's 29th Division in France during World War I. He was a member of American Legion Post 96, Jersey City.

Surviving are his wife, Mrs. Terry, both of Belleville; two brothers, Walter of Belleville and Judson of Verona, and a grandchild.

Mrs. Jennie Saunders
Mrs. Jennie Holder Saunders, of 60 Prospect Street, widow of Gustav Saunders, died Sunday after a short illness. She was 88.

Born in Birmingham, England, she was brought to this country as a child. She lived most of her life in Newark and East Orange, moving to Belleville in 1950.

She leaves a daughter, Mrs. Gertrude Roeger, with whom she lived; a brother, Charles Holder of Tom's River, and a granddaughter.

On August 15, 1944, the U. S. Eighth Fleet, under Vice Admiral H. K. Hewitt, landed troops in three areas east of Toulon in Southern France, bringing to a close that phase of W.W. II that had begun in North Africa.

Girls who buy cheap hosiery get a run for their money.

Clemson Names L. A. McGuirk To Sales Post

Laurence A. McGuirk has joined Clemson Brothers as sales representative in the metropolitan New York, Long Island and northern New Jersey areas, a company spokesman has announced.

Clemson Brothers manufactures hack saw blades and frames, and Clemson hand and power lawn mowers.

McGuirk resides at 245 Greylock Parkway. He was office manager for a manufacturers' agency handling Clemson products during the past four years, and was formerly with American Smelting and Refining Company. He is a past grand knight in the Belleville Council of Knights of Columbus.

CASCIANO JOINS STAFF OF NCE

Robert Casciano of 298-A Branch Brook Drive, has been named Assistant Instructor in Chemical Engineering at Newark College of Engineering according to an announcement by Dr. Robert W. Van Houten, president of the College.

Casciano, who graduated from

NCE in June with a bachelor of science degree in chemical engineering, has joined the faculty as part of NCE's Instruction Training Program.

Introduced in 1954 as a device to increase the number of faculty members, the program encourages promising graduates to assist instructors immediately after graduation.

Along with the title and salary of assistant instructor the new member receives free tuition for evening study toward the M.S. degree at the College.

Since the start of the plan thirteen NCE graduates have entered the program, five of whom have already obtained their M.S. degrees and have been advanced to the rank of instructor in recognition of their success in adapting to the art of teaching and having earned the Master's degree. This year Casciano will be among six June graduates entering the program.

Dr. Glickstein Attends Educational Seminar

Dr. Melvin Glickstein, office on 400 Washington Avenue, is attending an educational seminar at the Tufts chiropractor clinic in Cumberland, Wisconsin. This is the 8th annual convention, consisting of lectures and conferences.

Dr. Glickstein, who with ten others is representing the East, will return Tuesday after a week's stay there.

Graduates College

David Allan Carle, formerly of 815 Fremont Street, has graduated from the University of Georgia on August 20 with a Bachelor of Business Administration degree.

Hadassah Women Resume Meeting On Sept. 10 th

Hadassah To Formulate Plans For Coming Year

The Belleville Chapter of Hadassah, will resume meetings for the year with a board meeting next Thursday. The meeting will be held at the home of Mrs. Harris Gailay, of 60 Perry Street, Belleville, at 12:30 p.m. Mrs. Abraham Weinstein, of Nutley, newly elected president will preside.

Mrs. Louis Skisman of Belleville, education chairman, and Mrs. Jerome Hamburger, of Nutley, will discuss Zionist affairs.

Mrs. Irving Ottell, of Belleville, and Mrs. Frederick Miller, of Nutley, vice presidents, will formulate plans for the coming year, while Mrs. Jules Swick, of Belleville, fund raising vice president will talk about the proceeds from the "Diary of Ane Frank" to be shown on Tuesday at 6:30 and 8:30 p.m. at the Wellmont Theatre, Montclair.

The 35th National Convention of Hadassah chapters will be held in St. Louis, Mo., from September 13 through September 16. Delegates will be Mrs. Weinstein and Mrs. Phillip Glass, of Nutley, Bulletin Editor.

Family Gathering

At the home of Mr. and Mrs. Herbert Scherger, Troy Hills, a family gathering was held in honor of Mr. and Mrs. A. Buist, of 338 Washington Avenue, to celebrate their golden wedding anniversary.

Seventeen of the grandchildren attended as well as seven members of the immediate family. Mr. Buist was absent as he was undergoing an operation at St. Barabrus Hospital.

Nine Students Are Accepted At Rutgers U.

Nine Belleville students are among the 474 applicants accepted to date for admission to Rutgers Newark College of Arts and Sciences next month.

They are Catherine A. Chieffo of 544 Joramelon Street, a liberal arts student with advanced standing; James S. Giovannucci of 50 Charles Street, liberal arts; Thomas L. Hart of 112 Floyd Street, liberal arts; Bruno A. Lukowiak, of 144 Academy Street, pre-pharmacy; Michael A. Nussman of 184 Floyd Street, liberal arts.

Also John J. Pico of 491 Joramelon Street, liberal arts; Thomas M. Traviano of 100 Baldwin Place, liberal arts; Barbara A. Wachowicz of 39 Van Houten Avenue, pre-teaching; and Carol A. Weston of 223 Malone Avenue, pre-pharmacy.

K of C Appointments Made For 1959-1960

Grand Knight Edward J. De Martino of the Knights of Columbus, Belleville Council 835, has made the following appointments for the 1959-1960 season:

General program, chairman, O. J. Savare; Catholic activity, James Brady; Council activity, Daniel Serpente; Fraternal activity, Nicholas DiGiovanni; membership-insurance, James McCann; youth activity, Gene Ross; public relations, Richard Pantin.

Installation of officers will take place at the regular meeting Monday, September 21st at the Belleville Council Clubhouse, 94 Bridge Street.

The first major activity of the Belleville Council will be the ninth annual Pilgrimage for Peace at Williamstown on Sunday, September 20th. Under the auspices of the New Jersey State Council, the Knights of Columbus will unite in a public procession to pray for a lasting and justified peace to the world.

The condition a man is in can best be judged from what he takes two of at a time—stairs or pills.

F. Petrosino, E. Pinadella Receive Scholarship Awards From West End Civic League

The 1959 Anthony A. Pascal Scholarship Awards have gone to Fred Petrosino and Eugene Pinadella. The announcement was made by Commissioner Nuncio R. Pico. The scholarships are sponsored by the West End Civic League of Belleville.

The League initiated the scholarship fund in 1956 in honor of the memory of Anthony A. Pascal, former president of the League. Pascal was prominent in recreational and educational activities throughout the county.

Fred Petrosino

Eugene Pinadella

At the time of his death, he was Director of Recreation for the Bloomfield school system.

Pinadella is the son of Mr. and Mrs. Anthony Pinadello of 422

Road Authority Is To Speak Before Kiwanis

Up-to-the-minute developments in a program for improved arterial highway facilities in the New Jersey-New York District will be discussed at the September 1 meeting of the Belleville Kiwanis, at the Bethany Lutheran Church, corner of Joramelon and New Streets. Lawrence J. Lewis, of The Port of New York Authority, will be the principal speaker at the noon meeting.

Manager of the Staten Island Bridges, Mr. Lewis will describe the highway planning and construction challenges posed by the economic and population growth of the New Jersey-New York region.

Manager of the Bayonne Bridge, the Goethals Bridge and the Outerbridge Crossing, Mr. Lewis joined the Port Authority

as a police officer in 1941. In his present position, he administers and supervises the operation of these facilities. Previously, he was assistant manager of the Holland Tunnel.

C. Smith, program chairman for the Belleville Kiwanis, scheduled this presentation through the Port Authority Speakers Bureau.

Women's Club To Hold Picnic on September 14

Members of Belleville Women's Club are invited to a picnic September 14th at the Summer Home of Mrs. Charles A. Gehardt at Sparta. Members driving who will have room in their car, or those wishing transportation, are to contact Mrs. Arthur G. White, 110 Fairway Avenue, Plymouth 9-1067.

The Annual Outdoor Fair, a project of the Afternoon and Evening Groups of the Club, also Juniors, will be held September 19th, at the Recreation Center, 100 Joramelon Street, starting at 10:00 a.m.

Art Exhibit At Library To Be Held In October

Jane Conway, librarian, has announced plans for an art exhibit to be held in the Belleville Library October 18 through November 1. The show will present the works of Nancy Crisp, students, Mrs. Crisp of 238 New Street held her first one-man show in the Library fifteen years ago.

Since then she has exhibited and lectured extensively and in 1957 received a citation from the Town of West Orange for her mural, "Historical Highlights of West Orange."

Awards will be made at a public reception and a tea will be held October 18. Mrs. Conway expressed the hope that many would come to see the paintings on display. The library renovation and decoration of the interior is expected to be finished for the show.

Mrs. Crisp will resume classes for the fall season next week.

"WHAT'S THIS PRESCRIPTION FOR?"

It is common for a customer to ask us to tell him the disease that a prescription is for. Here is the only answer we can give such a request: "Many Drugs are used for several ailments and for that reason we have made it a policy never to guess the disease or the physical condition a prescription is for."

"Certain Drugs will help give relief from a number of symptoms and these symptoms are observed in several ailments. The physician you consulted examined you with skill & care before he wrote the prescription you inquire about. It is for him to answer the question, he alone has the necessary information. We must refuse to guess. You will agree that it is the right policy for us to follow in regard to this question."

CAROLE KAISER
HAS TROTH TOLD
TO E. DE CEPOLI

Carole Kaiser

Mr. and Mrs. Norman Kaiser of Greenwood Avenue, East Orange have announced the engagement of their daughter, Carole, to Edward DeCepoli of Belleville. The announcement was made at a recent dinner held at Pal's Cabin, West Orange.

Miss Kaiser graduated from East Orange High School and is with the American Insurance Company of Newark. Mr. DeCepoli graduated from Belleville High School and is presently attending Seton Hall University. He served three years in the United States Marine Corps, is associated with his father's business, the Sun Glo Shuffleboard Supplies, Inc.

PETREAN CLUB
RE-ORGANIZES

At a Petrean meeting held at the end of the fiscal year 1958-59, the following were elected as officers: re-elected as President was Robert T. Christie; Robert Storch, vice president; Mary Lou Mason, secretary; Thomas Rowe, treasurer; Ellen Marie Higgins, in charge of house committee; Albert Johnston, male representative; and Helene Douville, female representative.

The regular business meetings will begin this month and the first activity to be held will be the Petrean Communion Breakfast on September 27th, 10:30 a.m. at the Robert Treat Hotel. The committee under the chairmanship of Catherine Schwarz and Vincent Coffey is preparing to distribute tickets to members and friends. Tickets can be obtained from any member for \$3.00 each. Everyone will be welcome.

Men and women, age 18 and up, married or single, are eligible to join the club. Meetings are held every Tuesday evening at 8:30 p.m. in the old school building of St. Peter's located on William Street. Come soon and take part in the many activities planned for the group during the entire year.

A trip to Canada is being planned for a weekend in February. This will be just one of several to take place. More news about Petrean activities will appear in this paper. Please be watching.

The Stork Club

A daughter, Noreen, was born to Mr. and Mrs. Adolph Zigarelli of 184 Passaic Avenue on August 18 at the Clara Maass Memorial Hospital. This is the couple's first child.

Mrs. Zigarelli is the former Ellen Luzzi, daughter of Mr. and Mrs. Joseph Luzzi of the above address. Mr. Zigarelli is with the Westinghouse Lamp Division, Belleville.

John Anthony, was born to Mr. and Mrs. Adelmo Marcollese, of 86 Roosevelt Avenue, on August 22 at the Clara Maass Hospital. This is the couple's third child.

The other children are a daughter, Elaine, 12 and a son, Vito, 6. Mrs. Marcollese is the former Miss Corina of Nutley. Mr. Marcollese is employed by H. V. Hardman, Inc. on Cortland Street.

The maternal Grandparents are Mr. and Mrs. Anthony Corina, of 44 Memphis Avenue. The paternal grandmother is Mrs. Vitaliano Marcollese, of 172 Bremont Street.

A daughter, Donna Marie, was born to Mr. and Mrs. Michael Tortorelli of 71 Carner Avenue on August 20 at the Clara Maass Memorial Hospital. This is the couple's second child.

Mrs. Tortorelli is the former Nancy Forlenza of Newark. The paternal grandparents are Mr. and Mrs. Pat Tortorelli of 27 Mount Prospect Avenue. Mr. Tortorelli is a Roofing and Siding Contractor.

A son, Edward, Jr., was born to Mr. and Mrs. Edward Critchley of 56 Moore Place on August 17 at the Clara Maass Memorial Hospital. This is the couple's first child.

Mrs. Critchley is the former Gergette Poulny of Newark. Mr. Critchley, also from Newark, is a Roofer.

A daughter, Laura Lee, was born to Mr. and Mrs. Walter Buck of 61 Prospect place on August 21 at the Clara Maass Memorial Hospital. This is the couple's first child.

Mrs. Buck is the former Jane Goodrich of Pennsylvania. The infant's paternal grandparents are Mr. and Mrs. Clarence Buck of 286 Washington Avenue. Mr. Buck is with Kearfoot, Little Falls.

A Prince
Of A Name

Philip Victor Moraski, named after Prince Philip of Great Britain, was christened last Sunday at St. Peter's Church. The infant is the ninth child for Mr. and Mrs. Frank Moraski of 99 Union Avenue. Mrs. Moraski is the former Patricia Hill of England.

Mrs. Veronica Rempushek of Milton Street was godmother for the infant and Joseph Novinski, Jr. was godfather. Philip was born at the Clara Maass Memorial Hospital on July 19.

The other Moraski children are Frank, Jr., Alex, William, Patricia, John, Maureen, Francine and Mark. Both Frank and Alex were born in England. Mr. Moraski is with Federal Leather Company of Belleville.

MRS. JOSEPH F. GILCHRIST

Miss Elizabeth A. Browne
Weds Joseph F. Gilchrist

Miss Elizabeth Ann Browne, daughter of Mr. and Mrs. Richard Browne, of 19 Mertz Avenue, was married Saturday morning to Joseph F. Gilchrist, son of Mrs. Mary Gilchrist, of 274 De Witt Avenue, at St. Peter's Church. The Rev. John Gilchrist, the bridegroom's brother, of St. Cecilia's Church in Kearny, performed the ceremony. A reception followed at the Rock Spring Corral, Kearny.

The bride was given in marriage by her father. She wore a white silk organza gown trimmed with sequins and fashioned with a modified sash neckline and a cathedral train. A small crown of seeded pearls held her three tiered scalloped veil. She carried a white orchid and stephanotis on a prayer book.

Miss Martha Jane Browne was maid of honor for her sister. She wore a dark blue silk organza dress with a small leaf hat. Her bouquet consisted of red roses.

The bridesmaids were Mrs. Jean C. Browne, of Nutley; Mrs. Mary Reine Munkittrick, of Lake Mohawk; and Miss Patricia McAndrews, of North Arlington. They all wore light blue silk organza street length dresses and matching hats. Each carried American beauty roses.

William Gilchrist was best man for his brother. Ushers were James Gilchrist, cousin of the groom, Vincent Browne, brother of the bride, and Raymond Kowalski.

The bride is a graduate of Our Lady Queen of Peace High School and St. Michaels Hospital School of Nursing, Newark. She is with the Clara Maass Memorial Hospital.

The bridegroom was graduated from Belleville High School and Seton Hall University. He was a first lieutenant in the United States Army. Mr. Gilchrist is a teacher at the James G. Schwager School.

After a one week trip in Bermuda, the couple plan to make their home at 214 Franklin Street, Bloomfield.

120 ATTEND
AWARD AFFAIR

About 120 youngsters and several parents attended the ceremony held at the Elks building Wednesday afternoon to distribute awards which were won during the summer playground season.

Trophies and plaques were presented by Commissioner George F. Kiernan and Recreation Superintendent Robert E. Cook, to the junior softball champions, Building Our Bodies winners, playground tournament winners, playground champions, and town-wide champions.

The latter two categories involve the summer long accumulation of points by each youngster for the various activities in which he participates.

The town-wide champions, those who amassed more points than anyone in each of the age groups, were Daniel Gabriel of Carragher, Robert Iaccone of Carragher, Claire Wittig of Fairway and Patty Aumann of Carragher.

Individual playground champions were: Carragher: Nancy Aumann, Joy Dietrich, Robert Smith and Ron Magistro; Montgomery: Mary Dopot, Janet Bove, Pat Caporaso and John Vail.

No. 1 playground: Kathy Godleski, Margaret Ventura, Richard Sweeney, and Gary Boyce; Fairway: Carole Dietrich, Ellen Knapp, Anthony Monagas, and Ron Fazio; Msgr. Kelly: Peter Kinkead and Nick Glogoski; Plainsboro: Susan Longo, Pat Natale, Bill Natale and Dan Peterson.

Recreation House: Jean Cypolski, Karen Berendt, Ron Rizoia, and Mike Kelly; Stadium: Carmella Carracino, Joyce Colaninno, Mario Rismini, and Joe Carracino.

No. 4 playground: Jean Montalbano, Josephine Cetrulli, John Sammarco, and Morris Paserchia.

Arrangements for use of the Elks building were made through Exalted Ruler Edmund Strait.

Nursery Plans
Under Way

At the picnic supper of the teachers and officers of the Belleville Reformed Church Sunday School held a week ago Mrs. Anthony Verhagen, superintendent of the Beginners' Department, presented information which led to a discussion of the growing need of a nursery class during the regular church school hour.

The present nursery is held to care for little ones during the church hour. The Conistory members, Leroy Davenport, John VanDuinen, and Louis Davenport will bring up the need for a room at their September meeting. Mrs. E. L. Davenport has been approached to head the Department. Others will be contacted as plans grow.

The group also outlined the calendar through December. Miss Julie Knodel, Primary superintendent was authorized to select new chairs for her Department. Committee chairman were announced.

The church school will reopen on September 13th with the main school lesson presented by Miss Ethel Johnston and Mrs. Helen Frank.

ELAINE RANDALL
A BRIDE-ELECT
OF R. A. GERBER

Elaine Randall

Mr. and Mrs. Joseph Randall of Beachwood have announced the engagement of their daughter, Elaine Kathryn, to Robert A. Gerber, USN, son of Mr. and Mrs. Herman Gerber of 47 Smallwood Avenue.

Miss Randall, graduate of Toms River High School, is presently connected with the Airship Test and Development Department, U. S. Naval Air Station, Lakehurst.

Mr. Gerber attended Essex County Vocational and Technical High School, Bloomfield and is stationed at the U.S. Naval Air Station, Lakehurst.

William H. Mingle was honored at his 80th Birthday Party.

William H. Mingle was honored with a card shower from boyhood friends planned by his sister, Mrs. D. Reese Herder of Newark, on the occasion of his eightieth birthday last week.

Local friends and lodge members dropped in for surprise in the evening. A buzz of conversation on the blizzard of '88, the Belleville flood of 1903, milk poured into any type container at 5c a quart, apprenticeship wages at \$150 a week, rides in open trolley cars also for a nickel, noisy milk trains and "Attie" treasures took place as each related a cherished memory of other years.

The Belleville Woman's Republican Club will hold its first meeting on September 10 at the Woman's Club House at 51 Rosemore Place. Thereafter the meetings will be held on the second Thursday of each month.

The newly elected officers are: Isobel Wittlinger, president; Antoinette Castagna, first vice president; Cecilia Vyniki, second vice president; Helen Schreyer, corresponding secretary; Violet Rocheau, recording secretary; Angelina Botti, treasurer; Patsy Walsh, civic chairman; Ruth Fredericks, legislative chairman; Rhoda Strange, membership chairman; Violet Rocheau, Ida White, publicity; Also, Ruth Burns, social chairman; Emily Sundheimer, sunshine program chairman; Frances Barile, program speaker chairman.

A social hour will be held after the meeting and refreshments will be served.

SPECIAL COURSES
GIVEN AT NCE

The Special Courses Division of Newark College of Engineering has announced that registration will be held August 31, through September 4, 1959, every week-day evening from 6 p.m. to 9 p.m. in the college's Cullimore Hall, 70 Summit Street, Newark.

Included in this year's curriculum are courses leading to program certificates in the fields of architecture; civil engineering; building construction; electrical engineering; industrial supervision; refrigeration and air-conditioning; technology of masonry and tool design.

Additional information can be obtained by calling the Special Courses Division at MArket 4-2424.

Cerebral Palsied Children
Present Last Camp Show

On August 28, cerebral palsied children attending summer camp at the Cerebral Palsy School and Treatment Center of Essex County and West Hudson presented a special Mexican Fiesta, including songs and dances, as the closing program of their summer activities. There were also displays of handicrafts and art prepared by these handicapped children during the summer months; in addition, there were demonstrations of cooking, sewing, and gardening by the children. The parents and guests attending this closing program were charged an admission fee of 35¢ per person.

MRS. ROBBINS
HEBREW SCHOOL
PTA PRESIDENT

Mrs. David Robbins has been elected president of the Hebrew School PTA of Congregation Ahavath Achim. She will succeed Seymour Grossman.

Other new officers are: Vice President, Mrs. Isidore Kitchen; Secretary, Mrs. Joseph Jackson; and Treasurer, Mrs. Michael Simon.

The group, which will hold its first meeting of the season Sept. 17 at 8:30 p.m. in the Temple, has made plans for the year which include a used book sale, a series of instructional seminars and workshops for parents, and a special program of pre-holiday instruction for four and five-year-olds, who are too young to attend regular classes.

☆ Men In Service ☆

Army Pvt. Tommy Iannicelli, whose wife, Nancy, lives at 109 Tappan Avenue is scheduled to complete eight weeks of advanced individual artillery training Sept. 18 at The Artillery and Missile Center, Fort Sill, Oklahoma. Iannicelli is receiving training in the duties of a cannoneer in a 105 millimeter howitzer section.

The 22-year-old soldier entered the Army last May and completed basic combat training at Fort Benning, Georgia. He is a 1954 graduate of Belleville High School. His parents, Mr. and Mrs. Louis Iannicelli, live at 75 Mount Prospect Avenue.

Pvt. John Fisher, serving in the army reserve corps, has finished his training at Fort Dix and is presently serving with the medical at Fort Sam Houston, Texas.

"Hey, Sport"

Why Not A High School Football League.

Some years ago, ten suburban high schools formed a baseball conference known as the BIG TEN CONFERENCE. This conference was formed to help stimulate interest in scholastic baseball. The formation proved such a success that it soon spread to other sports and now includes basketball, track, cross country and various minor sports. It is, however, surprising that it has not included the most popular of all high school sports; namely football.

The ten schools include - Belleville, Bloomfield, Columbia, East Orange, Irvington, Kearny, Montclair, Nutley, Orange and West Orange. Almost every high school in the state plays in a football league so why not "The Big Ten" where some of our best scholastic football is displayed?

It would be difficult to play a complete round robin since the New Jersey State Interscholastic Athletic Association, the governing body for interscholastic sports in this state, will not allow a member school to play more than nine football games in one season. It would, therefore, be necessary for each school to confine itself to only conference opponents. To play a complete round robin this schedule would end such rivalries as East Orange-Barringer, Montclair-Clifton, Bloomfield-Clifton and others and therefore would prove unpopular. The only practical solution would be to split the league. The four teams in the Oranges at present have a mythical league and if this league were formalized it would leave the other six teams to form a separate league and would only necessitate the rescheduling of two games. Of these six schools, at the present time, only Montclair and Belleville as well as Nutley and Irvington do not meet on the gridiron.

Surely the formation of two such circuits would help to stimulate more interest in the fall sport as it has in other sports. It is too late to form the six team section of the league for the upcoming season; however, the four teams in the Oranges could start operation this fall. The other six teams next season or 1961 at the latest, for most high schools are not booked so far ahead that two games could not be written into the schedule.

JOE DE BACCO
Through a Bike Wheel
Joe De Bacco — Bike Racer

This is by no means a complete history of Joe De Bacco, bike racer, but a few of the facts one may glean from having a conversation with him.

For genial Joe is an easy fellow to talk to. Over the bikes he works on at his sports store at 234 Washington Avenue, or sitting across a desk, Joe De Bacco will tell you about his background in bike-racing and you will feel some of the bike lore that made Nutley and Belleville well-known as bike-towns.

How did he get interested in bike racing?
In the old country, everyone knew about bikes and racing. It follows that when Joe came to this country in 1936 at the age of 16, he would bring some of that interest to these shores. He did.

Three months after Joe reached here, his brother Angelo came.

Bike buffs will remember the names of the De Bacco Brothers, for although they never performed as a team, they achieved a definite local prominence. Angelo gained stature in the six-day racing field, while Joe was known more for his distance sprints.

Joe estimates that his brother rode in at least 300 six-day bike-races, all across the country. He figures he himself participated in some 500 bike meets.

Joe pedaled in 100-mile meets and raced at the old Nutley Velodrome—in many cases two or three times a week—plus racing at Coney Island and at club races.

Joe started bike racing as an amateur in 1939. In 1940 he qualified for the United States Olympic team but the war cancelled out the games.

Joe was a professional racer for only two years. The last time he rode was in 1941 in a six-day meet at Montreal.

Seven days later he went into the Army. He didn't do any racing there, but he did have his bike at camp, he says.

An unfortunate accident while in training at Camp Campbell, Kentucky, resulted in the loss of sight of his right eye. The recoil spring of a machine gun snapped back into Joe's eye.

This meant the end of any possibility of racing, for, Joe points out, you can't race when you can't see with both eyes.

But even with one eye, Joe stayed in the Army for three and one half more years.

Local residents may remember the Belleville Bike Club, of some years back. Brother Angelo was champion for 1936 to 1937, and when he turned pro, brother Joe rode for the club and became champ.

Joe speaks reminiscently about the sport; he tells of the "Tour of Belleville" held several years ago, and would like to see something done in the way of bike activities within the Recreation Department.

MOSQUITO DUPLICATION

Thomas McGill told The Town Commissioners this week that he thought the local mosquito control unit amounted to duplication of county work. He also asked the council to make an unbiased survey to control speeding on Division Avenue, near his residence, and in other parts of town.

Belleville Gridders Practice Sessions Begin With Biggest Turnout Ever

Belleville High School's varsity football forces, with one of the largest turnouts, kicked off the current campaign on Monday under the direction of Coach Ed Berlinski with 71 boys turning out. Berlinski stated that he expected "eight or nine more." Last year 60 boys turned out.

With schools opening on September 10 the boys have gained about four extra days of double session practice. The coach told the Belleville Times that the squad was not too hard hit by graduation and that the nucleus of good players are back. "The boys received their physical examinations from Dr. Donald Brown, team physician. Equipment is being issued."

The head mentor said a lot of whatever is accomplished during the early drills depends on the physical condition of the boys who come out.

Two new coaches have been added to the staff this year. They are Stan Scher and Al Esposito.

The Belleville eleven will open the season against East Orange at Municipal Stadium. The coach stated that this should be a severe test for the Belleville squad.

CYO IS FORMING BOWLING LEAGUE

The Essex County CYO Senior Co-Ed Bowling League will hold an organizational meeting on September 8 at Blessed Sacrament Church, Newark, starting at 8 p.m.

The Rev. Vincent F. Affanoso, county CYO director, announced that Joseph Lyons of Newark again will direct league operations, expected to begin early in October. Lyons will also direct the CYO development leagues for boys and girls when their season opens after the first of the year.

Father Affanoso also announced that only those parishes affiliated with the Essex County Council of Catholic Youth will be eligible to enter a team. Last year 22 teams competed and St. Casimir's, Newark, won the championship for the third straight year.

Young adults between the ages of 19 and 24 who are registered CYO members in their own parish will be eligible to roll in the senior circuit.

Montgomery Kids Have Picnic

Last week, twenty-five youngsters from Montgomery playground went with their directors, Rosalind Musmanno and Bob Zoeller, to Belleville Park for their annual picnic. These youngsters, ranging in age from three to twelve, packed individual lunches and proceeded to sing their way to the park.

After eating lunch, the youngsters fully enjoyed the dessert which had been provided by the Recreation Department - chilled watermelon.

When only the remnants of lunch were evident, the children became absorbed in various games. The final endeavor of the afternoon was a hike through the park inspired by the curiosity of the group.

Late afternoon saw the group reluctantly returning to the playground. Although the afternoon had passed, the experiences of the day would remain. The youngsters had renewed their desire to share with others and to give of themselves. To sum up, a good time was had by all.

YANKS: 7 WINS ARE NOW CHAMPS

The Yankees, with a record of seven wins and two losses, emerged the champs in the Recreation Peanut League. Playing for the winning team was Steve Wootton, Eugene Skidmore, Carmine Catala, David Lukowiak, Pat Travers, Pete Bouchoux, Dennis Catala, Kenneth Newman, Pete, Ken, Timothy Hicks, and Ken Murray.

Bob Malcolm, James Gaffney, Bobby Joiner, Frank O'Neill, Dave Fersch, Frank DeLorenzo, Ralph DeRuggiero, William Idenden, Mike McManus, Eugene Mahler. Manager of the team was Bob Joiner, Art Gaffney was Coach.

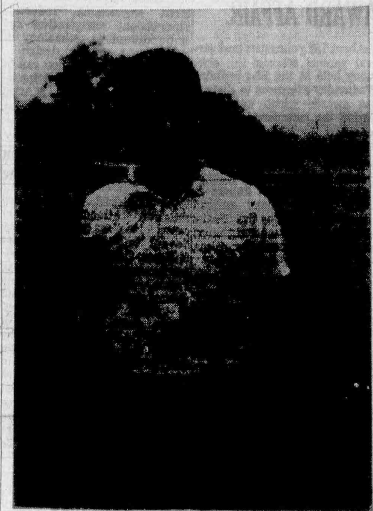

These boys received their awards Monday night at ceremonies at the Belleville Stadium, prior to the Peanut League All-Star games.

STOP, LOOK... AND LISTEN

Individuals, often thoughtful are just as often careless in indifference to others. Joan White, of 557 Washington Avenue, was riding this week between Loyd Place and Holmes Street when suddenly a young boy in a blue and white Ford cut her off and the front section of the street. The motor of her car went dead and she was trapped.

Miss White needed help but no one heeded her predicament. The people on the street saw her from their porches and windows but made no effort to assist her. The same was true of several passers-by.

Finally, an unknown woman from 131 De Witt Avenue called the police, and an unknown

VITO GAETA

Vito (Red) Gaeta, of Passaic Avenue, assistant to Emery Thomas at Forest Hill, has been named "Outstanding Assistant Professional of the Year." He was presented with a trophy donated by golf equipment salesmen. Gaeta was named in a poll of sports writers, equipment salesmen and members of the New Jersey PGA executive committee. Gaeta, 27, has been on the Forest Hill staff for 16 years, starting as a caddy and working his way up through the golf shop jobs to the assistant's post. Captain of the Belleville High Golf team in 1949 and 1950, Red will complete his five year apprenticeship this year. He is one of the founders of the New Jersey Assistant Professional Golf League.

guard near the Rutan Estates, man took the time to push her wishes to thank these people out of the water although he but also to urge others to take was arithmetically afflicted. At a greater interest in helping last officers Roach and Monahan came to her assistance. Miss White, who works as a

SPEAKERS ARE AVAILABLE FOR LOCAL GROUPS

Port Of N. Y. Authority Will Schedule Talks On Various Topics

Program chairmen of local service, civic, educational, church, and social groups learned today that they can schedule illustrated discussion programs through The Port of New York Authority's Speakers Bureau.

More than 70 executives are prepared to talk on the following subjects: "Role of the Port Authority in Developing the Port of New York," "The Development of Modern Marine Terminals," "What Aviation Means to You and Your Community," "Helicopter Transportation - Today and Tomorrow" and "New York International Airport - Aerial Gateway to the United States."

Programs are offered, without charge, for luncheon, dinner and evening meetings before technical and non-technical groups. Panoramic color slides and movies are used to illustrate these talks.

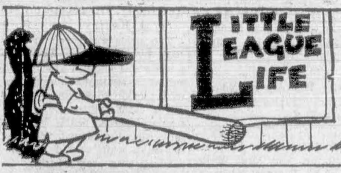

Arrangements for the first three subjects can be made with the Community Relations Department, 111 Eighth Avenue, New York 11, and arrangements for a speaker on the three aviation topics can be made by writing the Aviation Development Division, at the same address. In addition to its speakers program this division will arrange behind-the-scenes tours of New York International Airport and Newark Airport for adult groups.

An artist's sketch of the new \$1.8 million control tower at Newark Airport will be featured on the cover of the 1959 Newark Telephone Directory. Distribution of the book will begin August 24. New Jersey Bell Telephone Company announced re-up, a good time was had by all.

Miss Lola Di Bella, the beauty with the crown, clouds out everyone else with her glamour. A newcomer to the beauty contest world, Miss Di Bella has topped the Miss Sea Queen Crown at Asbury Park's Miss Sea Queen Contest... the biggest honor to hit Belleville in a long while. Miss Di Bella won a 1959 Renault and the Governor Meyner Trophy. Lola graduated from Belleville High School and has tentative plans regarding modeling. We are sure the modeling agencies won't let her get away with tentative plans. Story on page 1.

(Asbury Park Press Photo)

by Ed Ward

The 1959 Belleville Little League Baseball season may now be put to rest. It has been a good year athletically and financially. The financial success is, of course, attributable to our generous sponsors who are Wallace & Ternan, The Rotary Club, The Elks, Rocky's Riverside Garage, The Lions Club, The Viking Tool, The Craftsmen's Club and The Jolly Cleaners. Additional financial help was given by the many fans who attended the ball game.

The greatest help was received from the Belleville Recreation Department, not in a monetary sense but in service and supplies. The Department furnished two paid umpires for

each ball game and the necessary bats and balls for all eight teams, plus the All Stars for the entire season. In addition the Recreation Department gave a great deal of assistance in the maintenance of the Little League field.

Both the National and American Leagues, its Executive

Board, the Managers, Coaches and all the boys who participated sincerely appreciate this cooperation and financial assistance. Without the help of so many this program could not continue.

According to National Little League rules, Belleville should have three leagues instead of the two presently in existence. The men associated with the league plan making a conscientious effort toward the establishment of a third league which will require four additional sponsors and an additional field. This will also enable more boys to take part in the program.

A very sincere Thank You to everyone who makes Little League possible in Belleville.

Card Of Thanks

GEORGE R. B. SYMONDS — We take this means to express our sincere appreciation to our relatives and friends for their spiritual thoughts, floral tributes and kind expressions of sympathy at the death of our Father, GEORGE R. B. SYMONDS. We especially want to thank all the kind people who came to the funeral parlor to pay their last respects and visit with us; also the members of American Legion Post 70, Nutley Masonic Lodge and the Nutley Old Guard, who conducted beautiful services in his memory.

HOME GARDENING

By Lawrence D. Little, Jr.
County Agricultural Agent

The toxic substance in poison ivy is an oil present in the plant tissue. You can be poisoned by the oil from direct contact, or the oil may be carried to your clothing, on the fur of pets, or in smoke from burning poison ivy. The wisest thing is to recognize the plant, and avoid it. Poison ivy first appears in the Spring as small, red leaflets, which rapidly become bright green. Each leaflet consists of three leaflets, which are two to four inches long, irregular, and notched along their margins. The old saying "leaflets three, let it be" is a wise reminder to beware of poison ivy.

In early Summer, small clusters of greenish, white flowers form where the leaf and stem join. Each flower develops into a white or cream-colored berry about the size of a currant. The berries are especially helpful in identifying poison ivy during the Winter.

Poison ivy is a woody perennial that may grow as a low shrub or a tall climbing vine. It climbs by means of aerial roots, which become attached to such supports as posts, tree trunks and rock faces. Vines several years old are usually woody and one inch or more in diameter.

Seeds carried by birds and its creeping underground root stocks account for the rapid spread of poison ivy.

A chemical weed killer is the best way to destroy poison ivy, with the least risk to the gardener. Chemicals which will control poison ivy are ammate, 2,4-D, 2,4,5-T, Brush Killer, sodium arsenite, borax and Amitrol.

2,4-D, 2,4,5-T and Brush Killer are "hormone" or "growth-control" materials. More than one treatment of these materials will be required for successful control. Be especially careful in applying 2,4-D and 2,4,5-T as spray carried by the wind may injure ornamental and vegetable plants.

Ammonium sulfamate, known commercially as ammanite, is effective against poison ivy and

Henry Minasian

In March of this year, Nicholas Manceo, former director of Civil Defense had charged that Cadula never "wanted me to make a move. If there were any moves to be made, Padula wanted to make them. I am a director in the Civil Defense tax in Belleville on the mayor."

A spokesman from the State Civil Defense Department stated that "it is up to the mayor to appoint a new director immediately. Until a director is appointed, the old director still acts in official capacity and is responsible for the job. Of course, the mayor can appoint himself as director of civil defense."

The mayor of Belleville had appointed himself as director of civil defense as of Tuesday. Nor has he contacted Mr. Minasian regarding his duties, or talked with him about what is to be done, or accept his resignation.

E. Maurer, Essex County Civil Defense Director, asserted that he knew nothing of Minasian's resignation. He said that it was the Mayor's responsibility to inform him of this move and that it was up to the mayor to appoint a replacement immediately.

"I am amazed," Maurer said that "it has gone this far." A Civil Defense budget of \$10,000 was allotted in March of this year. To date the balance is \$9,928.65. A fifteen dollar expenditure for signs was made on June 5 and paid for June 23. Money has been spent on telephone bills, which according to town treasurer Francis McCoy is a "mandatory expense."

"It's The Law"

This legal column is prepared under the supervision of the N. J. State Bar Association as a public service. It is designed to inform citizens of their rights, duties, and obligations under our laws rather than to advise concerning specific legal problems.

COURT-MADE LAWS

You've heard the doctrine of separation of powers as applied to government. This doctrine means that the Legislature passes the laws, the Executive enforces them, and the Courts interpret them. They can be changed only with the consent of the people by a general vote. They cannot be changed by the Legislature acting alone. Any attempt to do so is an encroachment of power by the Legislature.

The Constitution of the United States is the "supreme law of the land" just as the Constitution of New Jersey is the "supreme law of the State". These constitutions define the powers of the various branches of government, including the Legislature.

N. R. Pico Association To Hold Family Outing

Additional plans for the first Family Outing sponsored by the N. R. Pico Association and Women's Auxiliary were discussed at a recent meeting held at the Babcock Tavern. Rocco Is. Constantino, general chairman, announced that a crowd of 400 people is expected. The outing will be held at Angel's Grove, Union, on September 20, from 1:00 P.M. to 7:00 P.M. In addition to a picnic, a number of special events will be held during the day.

Mr. Ralph Casale, Gerald Bonavito, Christie Albanese, Vincent Genesaro, John Neilson Gasario, Frank Pantalone and Ted Del Guercio are putting together a program of games for children, women and men. All winners of these contests will receive special prizes. One of the feature events of the day will be a hula hoop contest for men over 40 years of age.

A number of door prizes will also be awarded to holders of lucky tickets. Special bus transportation will leave from various areas of the town. Additional information concerning bus transportation can be obtained from the committee members.

In the event of rain a sheltered area accommodating 500 people is available at the Grove. There are parking facilities for 1,000 cars.

Other members of the committee include: Peter Nappa, co-chairman; Jerry Corbo, Ted Delguercio, Michael Egido, Carlo Gambino, Pat Pastore, Charles Librizzi, Emilie Casale, Sal Pico, Charles Rossi, John Zaccane and Al Quaresimo.

The following members of the Women's Auxiliary will staff a special booth whereby members may obtain their 1959-60 membership cards: Mrs. Pauline Yanowski, Mrs. Ted Delguercio, Mrs. James Fusaro, Mrs. Terry Pico, Mrs. Carolyn Zaccane, Mrs. Mary Petrosino, Mrs. Margaret Zarro, Mrs. Mary Maglia, Mrs. Katherine Valesse, Mrs. Albina Sprella, Mrs. Alba Quaresimo, Mrs. Columbia Corbo and Mrs. Johanna Zaccane.

On August 3, 1942, Mildred Helen MacFay was commissioned a lieutenant in the Navy to become the first woman officer of that service, later heading the WAVES.

MUSEUM DRAWS MANY YEARLY

School children, 39,883 strong, visited the New Jersey State Museum in 1,231 organized groups during the 1958-1959 fiscal year, an activity which is on the increase each year, not only in the State Museum but also in museums throughout the country.

A summary of the statistics just compiled for the annual report of the Museum shows that these visiting school groups contributed 44.5% of the total attendance of 115,398.

These visitors came from 370 New Jersey communities of all 21 counties, representing 510 different schools. There were also 49 groups from 19 nearby Pennsylvania communities. Scout groups found the Museum exhibit of New Jersey's natural history and archeology useful in connection with their various projects.

Popular Exhibits Several of the special temporary exhibitions presented at the Museum this year, planned to keep pace with current interests of the public, proved to be popular.

Probably the most significant exhibition was "Puerto Rico - The Land and Its People," which sought to improve understanding of these island citizens who are migrating to New Jersey in numbers both as temporary and permanent residents.

Presented with the assistance of a state-wide committee working in co-operation with the Trenton Council on Human Relations and the Division Against Discrimination of the Department of Education of New Jersey, pictures, artifacts, agricultural products and arts and crafts depicted the history and geography of Puerto Rico as well as its economic and social progress.

From January to June the timely "Space Age" exhibit showed developments in rockets, missiles and satellites by means of displays, models and actual equipment lent by the armed forces and New Jersey electronic firms.

Planned with the assistance of Mercer County science teachers, this was of great interest to the school groups visiting during the Spring. One fourth grade came especially to study it in preparation for an assembly program which was such a success it was repeated in a second school.

Billy's Paintings

The exhibit having the high-

est daily average attendance was a collection of oil and watercolor paintings done by State Senator Thomas J. Hilder of Morris County, whose artistic records of his travels in Europe and the United States were generally admired by fellow legislators. State House personnel and other Museum visitors.

Many people - in fact an estimated 3,476,717 - were served outside the Museum through the now 42-year-old Audio-Visual Aids Extension Service which lends films, slides and exhibits to schools and community groups throughout New Jersey. In all, over 83,000 shipments were made and another 40,000 had to go begging because there were not enough films to go around. 1,335 different schools and adult groups in over 345 communities benefited from this service which is free except for transportation and insurance costs.

Active Archeologically The State Museum was active archeologically this year, too. Surveys and testings were made of six Indian sites in Round Valley, in Cumberland and Camden Counties, and along the upper Delaware River as well as several sites at Batsto. A listing of 60 sites which may be worthy of excavation if suitable becomes imminent because of land use was compiled for the National Park Service.

In October, in cooperation

with the Archeological Society of New Jersey, ceremonies were held at Indian Mills and a marker was placed commemorating the 200th anniversary of the Brotherton Reservation, one of the first Indian reservations in the country.

Attending the ceremonies were descendants of one of the former residents of the reservation.

Serving as headquarters for both the Archeological Society of New Jersey and the Geological Society of New Jersey, the Museum has been host to numerous other groups such as the America-Israel Society, Daughters of the American Revolution, Garden Club of Montague (Sussex County), International Federation of Homing Pigeons, Mother and Daughter Club of Bridgeport, a mm, New Jersey Art Council, New Jersey Audubon Society and many others.

The Museum, open Monday through Saturday from 9 to 4:30 and Sundays and holidays from 2 to 5, is located in the State House Annex on West State Street adjacent to the State Capitol in Trenton.

All State parking areas adjoining the Museum are open to the public on weekends and holidays making a Museum visit an easy, educational and inexpensive (admission is free) excursion.

Pet Owner May Find Fleas In Home After Vacation

Many people who have cats or dogs closed up their homes for periods of time while they took their vacations. Upon their return, many will be surprised to find fleas looking for a meal on their legs, between the ankle and the knee.

You can avoid this unpleasant experience by taking certain control measures.

To remove fleas from a cat, use pyrethrum or malathion dust. These materials, as well as rotenone, are effective on dogs.

To treat infested parts of the house, use DDT. Brushing a 5 per cent DDT solution along the baseboards of infested rooms usually eliminates fleas in a few days. If your infestation is heavy, a 10 per cent DDT dust may be applied to rugs, using a salt shaker. The dust can be removed with a vacuum cleaner the next day.

The breeding places of the flea such as your pet's sleeping box or the basement, should be sprayed with a 5 per cent solution of DDT.

Flea infestations in the yard can also be controlled with the DDT spray or dust.

Further information on the control of cat and dog fleas can be obtained by requesting the leaflet "Control of Cat and Dog Fleas" from the Essex County Agricultural Extension Service, 246 Bloomfield Avenue, Caldwell.

Why Spring Lawn Failed

If you planted your lawn late last Spring, you may wonder what made it dry up and die. Any grass planted April 15 or later, just didn't have time to build up enough reserve strength to beat the heat.

A lawn sown in late March or early April may pull through, but spring-planted lawns are always a gamble. The odds will be in your favor if you plant a new lawn the last week in August or in early September.

Fall planting gives turf grasses more time to get established before hot weather next year. Grass likes cool, moist weather, the kind we are most always sure to get in autumn.

Fall is also the time to spade up the temporary lawn you planted last Spring and put in your permanent grasses.

If you are making a new lawn this fall you will want a copy of the bulletin "Making a New Lawn", available from the Essex County Agricultural Extension Service.

Insects On Evergreens

"Insects of Evergreen Trees and Shrubs," a new bulletin published by the Extension Service at Rutgers University's College of Agriculture, is intended for the homeowner who wants to make himself familiar with insect problems of evergreens.

It describes and tells the life history, feeding habits and other facts about pests such as bagworm, European pine shoot moth, sawfly, various scale insects, tent caterpillars and gall aphids. Drawings in color help further in identifying pests.

The bulletin does not attempt to explain how to kill pests, but once a homeowner is sure of the pest that is giving him trouble, he can follow through with the proper treatment recommended.

ITT Working
On SONAR
With Navy

High fidelity tape recordings - acoustic histories of the Navy's submarine hunter-killer squadrons on the high seas - are being used in a new training device to help SONAR operators distinguish the characteristic "bark" of a school of frolicking porpoises from the tell-tale blip of an enemy submarine.

International Telephone and Telegraph Corporation Laboratories is completing a contract for the U. S. Navy, utilizing high fidelity recordings of actual SONAR searches to overcome this vexing problem of identification.

In addition to schools of fish, which can cast an electronic "shadow" on SONAR scopes, underwater mountain peaks, old wrecks, and even masses of floating plankton or kelp tend to produce a confusing picture for the SONAR operator, it was pointed out.

Using principles similar to radar, SONAR sends out an electronic pulse and, by identifying the return echo and measuring the elapsed time from transmission to reception, permits operators to detect the presence of undersea or surface vessels in the area.

Intended for installation at Navy training schools in Key West, Fla., San Diego, Calif. and elsewhere, the Sonar Operators' Target Classification Training System is linked side-by-side with actual SONAR equipment allowing trainees to monitor many of the situations they may encounter while on active duty.

Developed under a \$1.5 million contract from the Naval Training Devices Center, Port Washington, N. Y., the SONAR trainer incorporates all types of sonar-received sounds, enabling seamen to distinguish actual or real targets from false ones.

Magnetic tape used in the device being readied for production by the Nutley ITT research and development center runs at a speed of 60 inches a second, with 14 separate recording tracks of information being "played" simultaneously. In addition to identification of the target, its bearing can also be simulated by the system.

Designed to military specifications to withstand excessive vibration, exposure, humidity and other conditions to make it suitable for shipboard installation, the SONAR trainer is slated for quantity production at the ITT Federal Division in Clifton.

BICYCLE RIDING
CAN BE HAZARD

Accidents due to collisions between bicycles and motor vehicles resulted in the deaths of five cyclists in New Jersey this year up until the end of June, according to New Jersey State Safety Council.

During the 12 months of last year in the state 19 cyclists were killed in collisions with motor vehicles, 1,096 others suffered injuries, and 12 of the 19 killed were under 15 years of age, the State Council reports.

While some of the blame for those deaths may have rested on motor vehicle drivers, the Council points out, yet parents have the responsibility of familiarizing youngsters with the fundamental principles of safe bicycle riding and also of insisting on observance of the regulations.

Statistics show, according to the Council, that more than 70 per cent of the bicycle riders injured or killed in collisions with motor vehicles were violating

some safety practice or regulation when the accidents happened, and that in about one-fourth of the cases the bicyclist was at fault.

Lack of headlights or rear lights are reported as frequent causes of night accidents, and other common violations are improper turns, carrying an extra rider and collisions with open auto doors.

Cites Regulations

The Safety Council cites the following state regulations governing the use of bicycles: a bicycle used at night shall be equipped with a front lamp that shall emit a white light visible from a distance of at least 500 feet to the front, and with a lamp on the rear which shall emit a red light visible from the same distance to the rear; and the bicycle must be equipped with a bell or other device capable of giving a signal audible for a distance of 100 feet - sirens or whistles are prohibited.

A brake is required that will enable the operator to make the brake wheels skid on dry level clean pavements. A cyclist is required to ride as near to the

right side of the road as practical, exercising care when passing a standing vehicle or one proceeding in the direction.

Certain Restrictions

A cyclist is prohibited from riding with his feet removed from the pedals or with both hands removed from the handlebars, nor shall a bicycle be used to carry more persons at one time than the number for which it is designated and equipped.

Groups of cyclists are required to ride in single file except on paths or parts of a roadway set aside for the exclusive use of bicycles.

A cyclist is also forbidden to attach the bicycle or himself to another motor vehicle upon a roadway - a practice commonly known as hitchhiking rides - and the driver of any vehicle is forbidden to allow such a practice.

This Is How
Labor Day
Got Started

Labor Day can be variously defined as: the end of Summer; the beginning of the school year; a national traffic jam; or simply an excuse for a long weekend away from the office.

But the founder of the holiday, Peter J. McGuire, conceived it as a tribute to "the industrial spirit, the great vital force of every nation."

In 1892, McGuire, a leader in the Knights of Labor, proposed that a day be set aside to honor the working man. He suggested the first Monday in September, since it came almost midway between Independence Day and Thanksgiving Day.

The Central Labor Union of New York adopted his proposal

and held the first Labor Day celebration on September 5th. McGuire had suggested, union paraded through the streets of Manhattan, to show the strength and spirit of trade and labor organizations.

Shortly after, the Knights of Labor voted for an annual celebration. In 1884, the Federation of Organized Trades and Unions of the United States and Canada, predecessor of the American Federation of Labor, voted to make the celebration national.

The first state to make Labor Day a legal holiday was Oregon in 1887. The legislatures of Colorado, Massachusetts, New Jersey and New York quickly followed suit and, in 1894, Congress made Labor Day a national holiday.

Labor Day now ranks with Independence Day, Washington Birthday and Thanksgiving Day as the most generally celebrated holidays in the U. S.
