## Mayor Announces The Appointments To Planning Board

Mayor Isadore J. Padula this week made public the names of the newly-created nine-member Planning Board.

### 2nd Local Church Hit by Vandals

A second religious institutional building in Belleville became the victim of vandalism last week. Late Wednesday, November 11, 25 windows in the new Fawcett Christian Education building were smashed, along with the church's bulletin board. A spokesman for the contractors working on the new building estimated cost of damage to the windows to be about \$300. The synagogue on Washington avenue was vandalized some weeks ago, with damages running into the hundreds of dollars. Previous to this, 19 windows at Fawcett were broken over a period of time. Total damage to the church was estimated at \$400.

## "Walk and Win..."

### Special Meeting Tonight at 9 Of Washington Ave. Retailers To Talk Over A New Promotion

"Walk and Win..." This is the theme of a promotion planned to help make Washington Avenue retailers pull themselves up by their own bootstraps, and by the bootstraps of the shoppers who will walk into their stores as a part of the promotion.

"Walk and Win..." will be discussed tonight (Thursday, November 19th) at a special meeting of Washington Avenue merchants to be held in the Commission Chambers at Town Hall. The meeting starts at 9.

All Washington Avenue merchants have been asked to attend. In charge of the session will be Frank Megaro, of 35 Cleveland Street, a long-time Belleville resident. Mr. Megaro, semi-retired is the former owner of the Empire Lumber Yard at the rear of 20 Washington Avenue. He also is a registered pharmacist and does relief pharmacy work "one or two days a week."

Megaro is taking the cause of the Washington Avenue retailer to heart and has done a great deal of leg work and research in coming up with the plan he feels will vitalize the Belleville business scene. He declares he has seen most of the merchants along Wash-

ington Avenue, and the greatest portion appear to be in favor of the project.

**Need Co-Operation**  
Megaro feels that continued co-operation of the merchants will be necessary to make the project a success and urged that they attend the meeting for their own good as well as for the good of the community.

In "Walk and Win..." Megaro points out, the shopper would be required to walk up and down the avenue, stopping into as many of the various participating stores as he chose. In each store where "Walk and Win..." night was being observed, the shopper, under no obligation, would secure a ticket and his name would be placed on a stub.

**To Publish Early**  
Because of Thanksgiving, The Times-News will be published and distributed early next Tuesday. This will permit housewives to shop early for their family turkey and for other delicacies for their Thanksgiving table. The deadline for news copy is tomorrow morning. Classified ads will be taken until 5 p.m. tomorrow.

### After 9 Years

## Rev. Hanson of Bethany Leaving for New Post

REV. T. PAINTER HANSON

The Rev. T. Painter Hanson, for the past nine years pastor of the Bethany Lutheran Church, Jorammon and New Streets, has submitted his resignation to the congregation so that he may serve as pastor of the Faith Lutheran Church in Alliquippa, Pennsylvania and pastor of the Van Kirk Lutheran Church in Monaca, Pennsylvania.

The Van Kirk Church in Monaca is near the border of Alliquippa and is 20 miles northwest of Pittsburgh.

During his stay at Bethany, four stained glass windows were installed and the twentieth and twenty-fifth anniversary of the church celebrated. In addition to the 11 a.m. service, a 9:30 a.m. service was initiated with a 25 per cent increase in attendance.

## ELECTED TO STATE ASSOC. OFFICE

PAUL W. JONES

Paul W. Jones, principal of School 3, was elected secretary of the New Jersey Elementary School Principals' Association at their annual meeting in Atlantic City recently.

This is the first time in the history of the organization that a Belleville principal has been honored with a state office.

Jones has been active in both the county and state association for a number of years. He was president of the Essex County Elementary Principals' Association in 1955 and was appointed county representative for the state association the following year. In 1958 he was elected to the Executive Committee of the state association.

The N. J. Elementary Principals' Association is an active organization which promotes professional growth through annual leadership and regional conferences throughout the state.

The current project is a continuing study on how to best practice the philosophy of the "This We Believe" statement issued a year ago at the state convention.

Jones came to Belleville High School in 1936 as a social studies teacher and was later chairman of that department. In 1939 he was appointed principal of School 1 and in 1952 was transferred to School 3.

### Clara Maass Pays \$6,108 Water Bill

The Clara Maass Hospital paid its long-overdue water bill this week.

The hospital had not paid for its water since it opened in Belleville in August of 1937. This resulted in a controversy when it was brought out by James H. Golden, known locally as a Town critic.

The hospital had been billed at 69 cents per 1,000 cubic feet of water. They paid \$6,108.38 to the Town this week.

Of this sum, \$339.82 was interest on the bill.

Under a newly-passed ordinance, Maass will be billed at 90 cents per 1,000 cubic feet (which is the current cost to Belleville) plus an additional 25 per cent.

### At ITT Labs

## Important Invention by Localite

A new device that can produce high-voltage electricity directly from the warming power of a sunbeam or other heat source was announced this week by International Telephone and Telegraph Corporation.

Inventor of the unit is Siegfried Hoh, of 240 Forest St., Belleville. Assisting with the theoretical calculations of the thermodynamics was Dr. Wynford L. Harris, 168 Gordonhurst Avenue, Upper Montclair.

Both men are in the Physical Sciences and Materials Lab, at ITT Laboratories, Nutley, under the direction of Fred A. Muller, 222 Boulevard, Pompton Plains.

Relying on the inexhaustible supply of solar heat, the simple system for converting the sun's rays to electrical energy is expected to have far-reaching effects in space communications and space travel.

Called a ferroelectric converter, the device was announced at the 14th Annual Meeting and Astronautical Exposition of the American Rocket Society at the Sheraton-Park Hotel.

Unlike solar batteries which supply only direct current at low voltage, the new development supplies both ac and dc current at high voltages. Solar batteries depend on light for their usefulness. The ITT converter may use other heat sources, such as nuclear heat, and, therefore, can operate while in shadows.

In sunlight, a spinning satellite always presents some part of

High voltage for satellites can be produced directly from the warming power of a sunbeam or other heat source by the ferroelectric converter invented by Siegfried Hoh of 240 Forest Street, above. Unlike present "solar batteries" which depend on light to supply direct current at low voltages, the converter relies on temperature changes alone. Hoh shows the converter's application through a space satellite mockup under simulated solar-heat conditions. The dark sections of special ceramic coating provide the high-voltage alternating current.

### 4 Firemen Overcome

## Smoky Fire Routs Families From Duplex in Early AM

Faulty wiring was given as the cause of a two alarm smoky fire which routed two families from their duplex home at 9 Hilton Street about 2 a.m. Monday morning.

The home was occupied by Mrs. Betsy Cerami, the owner, on the first floor. On the second floor lived her daughter, Mrs. Cerami's son, Charles Cerami, at 21 Hilton Place. Mrs. Charles Cerami called the Fire Department at 1:57 a.m. and Mr. Gingham and Cerami waited for the firemen to arrive. When the firemen appeared on the scene they immediately pulled an alarm box for more assistance.

The fire started at a panel board in the cellar. In its course, gas meters exploded and the gas was burning. Public Service was called to turn off the gas main supplying the line.

The fire crept up between the walls and damage was limited to the inside of the home. The Fire Department called the damage "moderate." The home is insured.

The Fire Department was dismissed from the job at 3:55 a.m. paper.

## RED PRISONER WILL LECTURE AT MEETING

John Hvasta, a 32 year old New Jerseyman who was imprisoned behind the Iron Curtain for five years, will speak before the regular meeting of the Parent and Family Life Education to be held at School Seven. The program was arranged by Philip Riso.

Hvasta, who is from Somerville, is an American citizen who left the United States in 1948 to study in Hungary. He arrived while Czechoslovakia was still free. A month later the Communists took over and Hvasta secured a part time job with the United States Consulate as an interpreter.

In 1948, he was arrested on what the State Department later called "trumped up charges of espionage intended to frustrate the consular staff and its operation." Hvasta spent three months in solitary confinement while secret police attempted to get a "confession."

Then, he was sentenced to three years at hard labor and the term was later increased to 10 years. He made a break with five fellow prisoners after three and one half years as a prisoner. Two escapes were later captured and executed.

For 21 months, Hvasta eluded secret police and finally reached

## Tax Council Offers To Make A School Survey

The Citizens' Tax Council of Belleville has offered to make an "impartial statistical study" of school needs in Belleville.

In a recent letter to School Superintendent Evan Thomas, Citizens' Tax Council President Sal Calabro requested data for a school survey.

The Council also asked Thomas for a copy of the Rutgers University school survey report.

Copies of the letter sent to Thomas also were sent to the press. Dr. Frank DiGiugliero, president of the Board of Education, Mrs. Mary Shader, secretary of the Board and Frederick Raubinger, State Education Commissioner.

Max Schwartz, attorney for the board, stated that the Council's letter was sent merely to put the "board in a bad light, it is a strategic maneuver."

## Secrecy Shrouds Rutgers Report On School Survey

An atmosphere of secrecy surrounded this week's Board of Education special conference meeting. It was at this meeting that the preliminary report of the Rutgers University School Building Evaluation Study was presented to the Board.

The public was barred from the meeting and members of the press, who were originally invited, were asked to leave. W. Donald Walling, director of the study, stated that he did not "usually present preliminary reports to any board of education" with the press present. Walling is Director of the Division of Field Studies and Research at Rutgers.

Board President Dr. Frank DiGiugliero backed up Walling and asked the Board for their opinion as to whether or not the press should remain.

The only member who spoke up was Michael Rubino who said the Times-News reporter could stay, with the understanding that the material would be off the record. The reporter said she could not do this and left.

The study, costing \$3,250, was to have been completed November 1. It was conducted to determine the need for a new high school in Belleville. The Rutgers Survey team is to evaluate school building use for the next ten years.

Under the contract, they are to submit site recommendations, if necessary, for new construction and additions. An appraisal of the school site structure is to be made with regard to building safety standards and educational space standards.

The Belleville educational needs will be appraised with reference to the vocational choice of the students; i.e., how many students go on to college and other post high school training. The adequacy of the present educational program and possible improvements will be evaluated by interviews with school officials.

The final report will be presented to the public in approximately two or three weeks, according to Walling.

United Fund Leaders  
Concerned Over Outcome  
In Final Weeks of Plea

As the United Fund campaign moves into its final weeks, the campaign leaders have expressed grave concern as to the final outcome reported by the campaign office dated November 12th showed that \$37,581.66 or 42.7 percent of the hoped-for goal had been received.

The latest totals show that a steady increase each week has been maintained, however, the rate of increase has been so small that Belleville is lagging considerably behind her neighboring communities, several of which have reached 80 or more percent of the goal.

Of the total reported thus far \$24,718.84 or approximately two-thirds has been turned in by large industry under the leadership of Harry Fox of Westinghouse. The balance, of \$12,862.82, has come from the combined efforts of all of the other groups.

The two groups that turned in the most significant increase during the past week were Schools under the leadership of Evan H. Thomas, and Residential under the leadership of F. Douglas Wadsworth, both of whom reported a little better than \$1400 over and above the previous total.

Both Campaign Chairman Harry T. French and Residential Chairman Wadsworth are "greatly concerned" about the many small contributions of 1.00 or less that are being given to the solicitors by many residents. This would be a serious situation in the event of a campaign

## FBI Nabs Belleville Man For Part In Bank Hold-Up

VINCENT J. MARRA  
of Belleville

A 30-year-old Belleville resident was one of two men arrested by the FBI last week on charges of participating in a \$3,000 armed robbery of a National Savings and Loan association last February.

Vincent J. Marra, of 14 Alva Street, Belleville, and Albert Carl Ferrin, 30, of East Orange, were accused of participating in the robbery with Raymond Santoro, of Summit, the FBI said.

Santoro was being held on \$8,000 bail in Jersey City's Hudson County Jail for the \$3,000 robbery of the National Bank of New Jersey in Middlesex early in October.

William G. Simon, special agent in charge of the Newark FBI office said the three men held up the Essential Savings and Loan Association of 304 Bloomfield Avenue, Verona, last February 20th.

According to Simon, Marra returned in a getaway car outside the building in Verona while Santoro and Ferrin allegedly held two employees at gunpoint and made off with \$5,000.

Marra and Ferrin were charged with violation of the Federal Bank robbery statute and were arraigned last week before U.S. Commissioner M. Lester Lynch in Jersey City.

Marra was remanded to the Hudson County jail in lieu of \$5,000 bond while Ferrin was released on \$500 bond.

The FBI said Santoro took more than \$3,000 from the National Bank of New Jersey in Middlesex on October 7th after he had herded five bank employees in a corner.

Santoro made his escape then in a running gun battle with a Middlesex policeman, he was arrested by FBI Agents in Los Angeles Hotel in October.

### Woman's Club Plans Party

The Evening Department of the Woman's Club of Belleville is giving a dessert card party and fashion show, featuring fashions by the G. & C. Dress Shop of Nutley, on Friday, November 20th, at 8 p.m.

It will be held at the Wesley Methodist Church, Washington Avenue and Academy Street.

The proceeds will go to the state evening membership department's biannual state project which is to help establish a psychological institute at the Research Center of the Vineland State School for Girls.

The research center does research into the medical causes of mental retardation. The establishment of the psychological institute will enable the school to do research into the psychological aspects of mental retardation as well.

Chairman of the card party is Mrs. James Dunn, assisted by the following committee: Miss Edith Richards, Miss Lieselotte Goettart, Miss Viola Weislagel, Mrs. John Connelly, Mrs. William Baker, Mrs. William Aspham and Mrs. Charles Ashe.

Tickets may be purchased from members of the Evening Department or at the door.

**WILLIAM H. CULLEN**

William H. Cullen resides at 80 Liberty Avenue. Born April 14, 1912 in Belleville, he attended local schools and was graduated from Belleville High School.

He is a member of Belleville Council 835, Knights of Columbus, St. Peter's Holy Name Society, Forest Hill Field Club and is a past president of the Belleville Rotary Club and past president of the Essex County Bowling Association.

Mr. Cullen is employed by Federal Industries of Belleville as personnel director. He has held that position since 1923.

Mr. Cullen is married and he and his wife have one child.

**NORMAN D. LAUTERETTE**

Norman D. Lauterette was born in Bloomfield and moved to Belleville in 1938. He attended LaSalle and New York Universities, where he received advanced training in transportation, transportation law and purchasing.

Lauterette has been with the National Year Corporation, Belleville, for 26 years as General Manager of Procurement and Traffic. In this capacity he is responsible for purchasing transportation, real estate, public relations and the operation of that company's 87 branches.

As a private citizen, Lauterette has been industrial chairman of the Red Cross, the Community Chest, United Fund and the U. S. O. He was chairman of the resident committee in the original drive for the Clara Maass Hospital.

During World War 2, he was a fence Council and a member of the State of New Jersey's Truck Tire Board of the OVA. He was director of the Office of Emergency War Transportation under the Federal Office of Defense Transportation.

In 1948, Lauterette was appointed by Governor Alfred Driscoll to serve as chairman and director of Belleville's new Civil Defense program. He served in that capacity until 1953.

He was president of the Board of Education's Athletic Council in 1953.

He was vice chairman of Belleville's Traffic Committee and was appointed by the Belleville Commission to act as chairman of the Low-Flying Aircraft Committee. His survey led to a new set of take-off and landing procedures at Teterboro Airport alleviating, to a great extent, Belleville's low-flying plane problem.

A trustee of the United Fund and the Belleville Elks Lodge, Lauterette is a member of the New York Traffic Club, the New York Traffic Club, the Bakers Club of New York, New Jersey Industrial Traffic League, Knights of Columbus, Holy Name Society, Varsity Club and the Peace Club.

Lauterette is married and has one son, Norman Dr. Jr. The family resides at 22 Elena Place.

**WALTER WEISS**

Walter Weiss of 242 Ralph Street has lived in New Jersey all his life and in Essex County 40 years.

He attended Rutgers University, taking courses in sanitation. He also is a former English instructor, having taught at a Spanish pre-college institution.

Active in the construction of sewerage systems, Weiss was field inspector in 1929 for the Second River Sewer Commission, Newark. He served as resident inspector for that commission for 20 years, from 1929 to 1949.

From 1949 to 1952 he was field inspector and then chief inspector for the Bergen County Sewerage Authority. In 1953 he was an assistant to the Caldwell Borough engineer in the construction of all public utilities for a housing development.

Later that year and in 1954, he was inspector for the construction of the Bayonne sewer system.

Also a parish house has been built for greater effectiveness of the Sunday School and the church auxiliaries.

Pastor Hanson also has participated in the Council of Churches in Belleville, being its president in 1956 and 1957. He also has been associated with the Daily Vacation Bible School for the past nine years. Pastor Hanson also has been chaplain of Boy Scout Troop 302 and the Cub Scouts in Bethany Lutheran church.

Mr. Hanson states that he wishes to say "goodbye" to all the friends with whom he has associated in the Belleville Council of Churches, in Clara Maass Hospital, where for a week at a time during the past three years he was the chaplain.

There will be a farewell tea in Bethany Lutheran Church on the afternoon of November 29th. Members of Bethany and friends are invited.

**RALPH F. VISCO**

Ralph F. Visco, 38, a licensed professional engineer, is the principal of his consulting engineering firm, at 383 Washington Avenue, Belleville.

The firm specializes in the design and supervision of heating, ventilating, air conditioning, product refrigeration, plumbing, sanitary, fire protection and electrical installations.

Mr. Visco was born in Newark, and was graduated from Barringer High School. He received his B.S. from Newark College of Engineering and is a member of the Essex County Society of Professional Engineers, the New Jersey Society of Professional Engineers and the American Society of Heating and Air Conditioning Engineers.

### United Fund

(Continued from Page 1)

by one of the individual members of the Fund.

It is very serious, if not tragic, as far as the United Fund effort is concerned. While it is quite possible that a contribution of \$1.00 might represent a sacrifice on the part of a very small minority of Belleville residents, the average gift being received by the residential workers is very far below what could be reasonably expected from a residential community such as Belleville.

In the opinion of the campaign leaders, it indicates either a lack of interest on the part of the community in general or a lack of understanding of the United Fund plan for charitable giving.

There are many civic-minded residents in Belleville who have, for one reason or another, not as yet contributed. Chairman French is making a special appeal to them to send their contribution.

### Walk and Win

(Continued from Page 1)

There would be no purchase necessary.

Megaro said he thought Tuesday night might be a good night in which the tickets might be given out. This would be the "Walk" night. The "Win" night would probably be on a Thursday, Megaro said.

In the drawing, three lucky holders of tickets would be able to share \$500.

Drawing at Different Spots

The drawing would be held each week at a different spot along Washington Avenue and would require the presence of the ticket holders. In this way, ticket holder-shoppers would be brought to the center of town.

Also, the drawing places would move up and down the avenue each week.

Megaro appeared extremely enthusiastic about the hopes for the success of the campaign. He had clippings from different newspapers throughout the country showing other types of promotion.

However, "Walk and Win," is strictly his idea, he asserts. And as far as he is concerned, it is done entirely for an altruistic reason, he maintains. He will make no money on the promotion and he is doing it solely for that - in his words - "Belleville becomes a host town and not a ghost town."

The idea of walking is pleasing to Megaro, who walks up and down the avenue daily for exercise. It was during one of these walks that he came up with the idea of "Walk and Win."

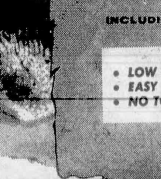

"Walking is good for your health," he says. "It also can be good for business."

Megaro has left few, if any, stones unturned in his research. He has been at the Baffes Commission and has been told that this venture does not come under their jurisdiction. He has appeared at the offices of the Town Commissioners and has been promised, he says, their cooperation in making "Walk and Win" a success.

Has Other Plans, Too

Megaro has other plans, which he is at this time not ready to make public. However, if the merchants were as enthusiastic in their merchandising as he is in pushing the idea of "Walk and Win," there might not be a problem for merchants to solve.

Megaro issued a plea, through the offices of the Belleville Times News, for merchants to respond to the appeal to attend the initial session. Further plans will be made after the organization meeting, he pointed out.

### May Power Transmitters

The converter can be used to power transmitters receivers and similar equipment in space vehicles. It appears that extremely high voltage can be obtained to provide power for propelling space ships. IIT scientists said.

Using a single converter element the size of a dime, outputs of more than 1,000 volts already have been obtained directly without need for voltage step-up devices. By arranging elements in series, outputs of 1,000,000 volts are theoretically possible.

Engineers at IIT Laboratories have calculated that devices with a better power output per pound than existing satellite power supplies are possible.

## MRS. PETROCELLI TO ENTER PLEA

Mrs. Irene E. Petrocelli, 43, of 669 Mill Street, is scheduled to enter a plea on embezzling charges Monday before County Court Judge Ferdinand D. Massucci, according to the Essex County Prosecutor's office.  
Mrs. Petrocelli was indicted last week by the Essex County Grand Jury on charges of embezzling \$4,161 of town funds. She formerly was a bookkeeping machine operator in the Department of Revenues and Finance.  
She was accused on a 23-count indictment of taking funds ranging in amounts from \$136 to \$187 from September 5, 1958 to December 18, 1958.  
The charge states she made out checks to herself along with her regular pay check, and cashed them. According to the indictment she appropriated receipts when they were returned from the bank.  
Mrs. Petrocelli has been free on \$5,000 bail since being arraigned in Municipal Court. Her indictment was one of 97 returned to Superior Court Judge Alexander P. Waugh by the Grand Jury.

## Christmas Shop In Belleville

What with the heavy traffic and the virtual impossibility to find parking space in New York or Newark, this more than ever is the year to Christmas shop in Belleville.

Our merchants are our neighbors. Their business helps keep down your taxes. It is easier to park in Belleville than it is in Newark or New York. It is needless to spend idle hours tied up in traffic jams, or waiting on street corners for buses and then forced to stand up and hang on to a strap.

Our Belleville merchants have a widely varied stock on their shelves and are fully prepared for the annual Christmas rush. Stay in Belleville and shop in comfort; face Christmas without frayed nerves—and remember what helps the local merchant helps you.

## United Fund In Trouble

Can thirteen agencies be financed by a dollar?

Or, for that matter, a quarter? One dollar will only give each agency a little more than seven cents—enough to finance the mailing of a letter or a post card.

The sad fact concerning the United Fund drive in Belleville is that hundreds of contributors gave only a dollar—and many a quarter.

The United Fund was formed to coordinate the fund raising campaigns of the thirteen participating agencies—and make it easier for the contributor to donate.

However, too many contributors are donating to the United Fund as though they were making a contribution to a single agency.

This is one of the reasons the United Fund has not been doing the job as it should. Another reason is that strenuous efforts to recruit a sufficient number of people to do the soliciting have failed.

Hundreds of citizens who were asked turned down the opportunity.

As Campaign Chairman Harry T. French pointed out in a letter in last week's Times-News: "If you get enough people to see enough people, you will get enough money."

To quote from his letter further: "Some who can well afford to make sizeable contributions, and actually save money on their income tax, are satisfied with giving five or ten dollars."

"Somehow, if Belleville is to hold its head up amongst its neighboring towns and cities, more people will have to accept the responsibility and duty of being 'participating citizens,' and serve in the worthy task of calling on their neighbors to secure pledges to our United Fund, or we will once again be faced with the chaos and higher costs of thirteen campaigns instead of one."

"Somehow we have got to get into the hearts and minds of our citizens that the Fund is not just dollars, but people—our people."

"Boys and girls set upon the path that leads to juvenile delinquency, through our Scout program; sick and aged cared for by the various health agencies; crippled children helped to salvage something out of lives blighted by disease; the mentally ill and retarded given a chance to come back and to lead useful lives; our Red Cross strong and equipped to help in disaster; families held together through Family Counseling Service; and our young men and women overseas in the service of their country, given wholesome recreation in off-duty hours."

"That's what the United Fund really is. How can anyone turn a deaf ear to such a cause as this?"

## Year Of Decision

This is the year the residents of Nutley and Belleville will be called upon to make the vital decision as to whether the all important work in the prevention and control of tuberculosis in the two towns will be continued by the Belleville-Nutley Tuberculosis Association.

This organization was formed 22 years ago by a group of civic minded citizens from every walk of life, who serve without pay and whose primary objective is to provide localized services in the continuing fight against tuberculosis to the residents of our towns.

The services of the Association are free and include community X-raying projects for residents and people employed locally, patch tests for school children, X-ray of pupils and all school employees, public health nurse service, semi-monthly chest clinics, provision of patch testing material to local physicians and other related special services.

These services have been made possible solely by funds derived from the sale of Christmas Seals in our two communities. But their continuance was threatened last year by the arbitrary and wholly unwarranted action of the Essex County Tuberculosis League in refusing to permit the Belleville-Nutley Association to sell the National Tuberculosis seals and by launching a competitive seal sale of their own in Belleville and Nutley in an effort to grab our local funds for their own use elsewhere.

Last year, the action came so abruptly that the local Association did not have time to have its own seals printed to mail with the appeal letter. Because of this and the confusion created in the minds of many of our residents as to which organization was our own, the local drive fell far short of its goal. However, the Association, with the use of a small reserve fund set aside for such an emergency, was able to continue their full program of service to the people of Belleville and Nutley last year.

This year, the amount and extent of these services and, yes, the very life of the Belleville-Nutley Tuberculosis Association, is entirely dependent upon the proceeds from the current seal sale.

So this is truly the year of decision and it is ours to make. The issues involved are clear and simple—Shall we support this fine local organization which has done so much for our two communities in its outstanding program of service and accomplishment over the past 22 years, or shall we abandon it in favor of the county organization which has shown no inclination whatever to do more than collect and use our money for their own purposes?

We support 100 per cent the appeal of the town group for our confidence and our contributions. The two towns would lose greatly by any change. Only the county organization would benefit. None of Nutley's and Belleville's generous contributions would come back to us for the vital work of the local group, which must go on. If these health services are not provided by the local Association through voluntary contributions, they must be provided by the two towns through taxation.

Last week, Christmas Seals were received by the residents of Belleville and Nutley from the Belleville-Nutley Association and from the Essex County League. Our choice is the seals of the organization with a dedicated interest in the welfare of the people of Belleville and Nutley and which will return the people's money to them in the form of community service—the Belleville-Nutley Tuberculosis Association.

Make it your choice, too, in this year of decision and send your contributions to the Belleville-Nutley Tuberculosis Association.

## Home Is Where There's One To Love Us

Home's not merely four square walls. Though with pictures hung and gilded; Home is where Affection calls, Filled with shrines the Heart hath builded. Home!—go watch the faithful dove, Sailing 'neath the heaven above us; Home is where there's one to love! Home is where there's one to love us!

Home's not merely roof and room—It needs something to endure it; Home is where the heart can bloom, Where there's some kind lip to cheer it! What is home with none to meet, None to welcome, none to greet us? Home is sweet—and only sweet—Where there's one we love to meet us!

## UP SPEAK

To The Editor:

Many of us in Essex County voted for the present Board of Democratic Freeholders, who now control the County, on their promises to eliminate waste, extravagance, wasteful spending of the taxpayers' money, discriminating against County employees, padded payrolls and unnecessary jobs. But that was not the case. This administration is far from being the "golden boys" they pledged to be. Now that they are in power, they have given themselves a \$2,000 raise to \$10,000 per year for a part-time job. And have created many jobs at fancy salaries, which were all unnecessary, placing a heavier tax burden on the people. They have sent the County cost and the County tax sky high, with higher County taxes to come. They and their special groups receive more money than our finest school teachers or our police and firemen, who are on call 24 hours a day and earn their pay in a dangerous profession. They have taken the attitude "let the public be damned."

Three months ago my job with the County as a bridge operator was terminated for political reasons, without cause, and without a reason. I have made many complaints to the Board of Freeholders, but without success. Also have contacted Mr. Ralph Vara, the Town Democratic chairman, also with no success. They will tell you my job was terminated because I violated the Civil Service Code No. 60, but there is a big story about that. Those were my complaints for two years to the Democratic Board of Freeholders, whom I helped elect. I'm sorry to say that not once did they raise a hand in my behalf against a handout to a Civil Service man, and a Jake Zoon, who was made senior man on the Avondale Bridge, in place of his brother-in-law, Jake De Koy, who was forced to retire. These men are from Bergen County—and are kings in the deck—and can do no wrong.

Working conditions on the Avondale Bridge, of which the Hall of Records knew about, are intolerable. The County was better off under Republican control. The record of the Democratic Board proves it. Let us get together and give the County back the people. Eliminate the politically dominated machine of the boss, rule and protect your future. Vote Republican and be sure of a fair deal. I'm Democrat.

ALBERT GUGLIELLI  
75 LAKE STREET  
BELLEVILLE, T. N. J.

To The Editor:

As you know, out of the twenty-two Essex County communities, Belleville is the only town that did not vote a majority for the College Bonds.

The foregoing statement looks bad for your paper and the Mayor or our town.

Mayor Carlin of Newark and the Newark Evening News both did a top job for the youth of our state and the nation by supporting the College Bonds with courage and conviction.

Yours sincerely,  
A. E. Rowe

To The Editor:

Results of the recent local referendum on the question of a \$500 salary increase for Belleville's police and firemen indicated clearly that the sentiment of the populace definitely was not against granting a raise to these dedicated public servants, but that concern over rising tax costs alone influenced the outcome of the plebiscite.

Had the voters been assured that the sought pay increases could have been granted without passing the burden on to themselves the "Boys in Blue" would have won in a walk. This could have been the case had the town fathers taken a realistic, fair-minded approach in considering the overall aspects of a few situations affecting town affairs and as a result our town tax rate.

While the cops and fire ladders went out unasked by and against their own forces, untrained in the wiles and ways of subtle political campaigning, in their quest to garner support for their raise, the commissioners, all five of them, were negotiating the biggest and most flagrant "give away" of the taxpayer's money conceivable. Money that

rightfully belonged in the town treasury and that could have more than offset the \$500 raise the cops and firemen wanted, without costing even one additional cent in taxes.

The commissioners had a choice; They could have properly imposed the equitable pro-rata raise for water charges upon Clara Maass Hospital which would have filled the coffers of the town with monies that would have offset the increases resulting from any salary gains of the Public Safety Dept. employees. All without costing the public even the modest 2 cent a day mentioned in editorial pleas in behalf of the raise—or they could have ignored Belleville's Public Safety Dept. employees, so that preferential treatment could be given to the big stone building that overlooks the park.

We all know what course our gracious commissioners took. They left the boys on the hook, holding the bag, and an affair. Respectfully submitted,  
James R. Golden.

## Democratic Club Plans Christmas Party

Plans for a pre-Christmas party and for the annual meeting in January were made by the Belleville Democratic Club, Inc., at the regular monthly meeting this week.

Arrangements for the party to be held December 7 at Christian Hall, 751 Washington Avenue, are in the hands of a committee headed by Hugh Brady, Mrs. Mary Salvatore and John W. Noonan.

A nominating committee, which will present a full slate of new officers to the annual meeting, was appointed by President Ray Jordan. The committee includes Frank Teitel, Helene Brady, Mary Senatore, James Sweeney and Edward Walcott.

## WOMAN'S CLUB ENDORSES PICO CLEAN-UP PLEA

The Woman's Club of Belleville this week commended Commissioner Nuncio R. Pico as director of the Department of Public Affairs for his recent public appeal for "community pride" in support of a town-wide clean-up campaign.

The club pledged "the fullest support" of its membership and invited all citizens of Belleville to join in the campaign as a vital necessity in the interest of public health.

The Woman's Club initiated the clean-up campaign some time ago with an appeal to all five Commissioners to cooperate in the public enforcement of existing town ordinances, to ensure a cleaner and healthier Belleville.

Mr. Pico was the first commissioner to implement the request of the Woman's Club by issuing "An Appeal to the Residents of Belleville" in the press.

In its own statement, the Woman's Club said: "The Woman's Club of Belleville, as the oldest civic association of this community, fully endorses the purposes and intents of the public appeal published in the local press on October 22, 1959, by Commissioner Nuncio R. Pico, director of the Department of Public Affairs."

"The Woman's Club of Belleville pledges the fullest support of its membership for this clean-up campaign, which is a vital necessity in the interest of public health, and furthermore appeals to all citizens of this Town to join in the effort of keeping Belleville clean and healthy by strict observance of the rules set forth by strict observance of public statement."

## Do you know that...

**RESEARCH is an Ingredient of Industrial Success in New Jersey?**

The human brain is the most important ingredient in successful research... and research is one of the most important ingredients of industrial success. In many ways, New Jersey leads the nation in its widely diversified research programs and facilities.

Ten per cent of the nation's research facilities are concentrated in New Jersey. Expenditures exceed \$620,000,000 a year. An estimated 21,700 scientists and engineers are active in New Jersey laboratories.

It is estimated that some 500 firms are active in research in "The Scientific State" today. The results of a current survey show clearly that the state is one of the greatest research centers in the U.S., if not the largest.

You should be happy and proud to be a part of New Jersey—

# 'PATCH TESTING' IS COMPLETED

The annual patch testing of all high school students in Nutley and Belleville and the Krzycki School, all school personnel has been completed, according to the report of the Belleville-Nutley Tuberculosis Association. Public Health Nurse, Mrs. Alma Whynall, employed by the Association, assisted in the work.

This project is one of the services provided free by the Belleville-Nutley Tuberculosis Association in their regular tuberculosis program, the cost of the patch testing materials and x-rays being borne by them.

A total of 1,600 students were patch tested in Nutley and 1,700 were patch tested in Belleville.

The total number of x-rays taken of school personnel and students who had a positive reaction to the patch test was 726 for both towns.

# School 8 PTA Has Meeting

The regular meeting of School Three P. T. A. was held at 8 p. m. November 17 in the school all-purpose room.

The program was devoted to the importance of reading. Miss Caroline Dahl, Supervisor of Reading in Belleville Elementary Schools, spoke on how parents can assist in the reading program, and Mrs. Christine Foley, reading instructor at the school, discussed the reading program.

The School Eight Parent Teachers Association held a combination open house, business meeting on Tuesday, November 10th. The visiting hours were from 8:00 to 8:50 during which time each teacher was in her respective room speaking with the interested parents.

A short business meeting was held at the close of visiting hours. Speaker for the evening was J. Kammarer of the Essex County Blood Bank. His topic was "The Advantages of Establishing a P.T.A. Blood Bank at School." Refreshments were served by mothers of the sixth grade.

# Jr. Red Cross Drive Underway

The annual Junior Red Cross enrollment is now underway. It is conducted annually during the month of November in the Belleville public schools, and in St. Peter's parochial school.

Mrs. Hilda Sherman, Junior Red Cross Chairman, says the program is designed to give young people the chance to express themselves through activities that will promote their own educational growth and provide valuable services to the community. It is aimed at developing leadership qualities and a sense of responsibility.

The Junior activities are a supplement to the school program. Guiding the students in their projects are teachers and sponsors. The school principal is in charge of the entire program because of their interest in Red Cross.

Among the Junior Red Cross activities are:  
The gift box program, in which schools prepare and send small, colorful boxes filled with articles ranging from toys to health items;

The school chest program through which needed school and health supplies are sent to American high school students in young people in other lands whose school systems have been upset by wars, disasters and other calamities;

The school album program, which tells through drawings, and activities of the towns in which American youngsters live; And taking part in the various programs of the local Red Cross chapter — blood, gray lady, disaster, etc.

# NOTICE OF SALE

TOWN OF BELLEVILLE, NEW JERSEY

\$25,000 General Improvement Bonds  
\$40,000 Local Improvement Assessment Bonds  
\$55,000 Water Bonds

Sealed proposals will be received by the Board of Commissioners of the Town of Belleville, at its meeting room in the Municipal Building, Belleville, New Jersey, on the 24th day of November, 1959, at 2 o'clock, P. M. (Eastern Standard Time) when they will be publicly opened for the purchase of the following three issues of bonds of the Town of Belleville.

Richard Crescenzi, of 150 Mill Street, Belleville, watches Hudson County Sheriff pin a badge on Valerie Sadavague, of 25 Hamilton Street, Harrison, just after the two youngsters were sworn in as "junior deputies" at the Sister Kenny Institute in Jersey City. Richard, stricken with polio nine years ago, returned to the Sister Kenny Institute for corrective surgery. The Sister Kenny Foundation is a member of the Belleville United Fund.

ville, in the County of Essex, viz.:  
(1) \$25,000 General Improvement Bonds, maturing on December 1st in each year as follows: \$5,000 in each of the years 1960 to 1964, inclusive, \$5,000 in each of the years 1965 to 1969, inclusive, and \$5,000 in the year 1970.  
(2) \$40,000 Local Improvement Assessment Bonds, maturing on December 1st in each year as follows: \$4,000 in each of the years 1960 to 1964, inclusive, \$4,000 in each of the years 1965 to 1969, inclusive, and \$4,000 in the year 1970.  
(3) \$55,000 Water Bonds, maturing on December 1st in each year as follows: \$5,500 in each of the years 1960 to 1964, inclusive, \$5,500 in each of the years 1965 to 1969, inclusive, and \$5,500 in the year 1970.

The bonds are dated December 1, 1959, and are of the denomination of \$1,000 each, and are coupon bonds, negotiable at the option of the holder as to principal only or as to such principal and interest, and are payable in lawful money of the United States of America at the Belleville office of the Fidelity Union Trust Company, in Belleville, New Jersey. The bonds will bear interest at a rate which shall not exceed six per centum (6%) per annum, and any interest will be payable semi-annually on June 1 and December 1.

In bidding for the bonds, the bidder submitting a single bid, or bids, must consider the bonds as one. Each proposal submitted must name the rate of interest per annum to be borne by the bonds bid for and the rate named must be a whole or one-eighth or one-twentieth of one per centum and must be the same for all the bonds bid for. The purchase price specified in the proposal must not be less than \$100.00. In selecting the proposal to be accepted, the Board of Commissioners will not consider proposals which name a rate of interest higher than the lowest rate named in any legally acceptable proposal; and if two or more proposals name the lowest rate, the proposal offering to accept the least amount of bonds (such bonds being the first maturing bonds) will be accepted. If two or more proposals name the lowest rate of interest and offer to accept the same least amount of bonds, to which event that one of such least mentioned proposals which offers to pay the highest price will be accepted. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. No interest will be paid upon the deposited money by the successful bidder. The right is reserved to reject all bids.

The proposals should be addressed to the undersigned Town Clerk of the Town of Belleville, in the County of Essex, New Jersey, and enclosed in an envelope marked on the outside "Proposals for Bonds." Bidders must at the time of making their bids, deposit a certified or cashier's check, or a bank or trust company for such amount to the order of the Town of Belleville, in the County of Essex, to secure the Town from any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder will be furnished at the time the bonds are delivered (1) the opinion of Messrs. Carr, Hoyt, Washburn and McCarty, of New York City, that the bonds are valid and legally binding obligations of the Town, and (2) certificates in form satisfactory to said Attorneys evidencing the proper execution and delivery of the bonds and receipt of payment therefor, and

(3) a certificate, dated as of the date of delivery of the bonds, and signed by the officers who signed the bonds, stating that no litigation is then pending or, to the knowledge of such officers threatened to restrain or enjoin the issuance or delivery of the bonds or the levy or collection of taxes to pay the bonds or the interest thereon, or questioning the validity of the statutes or the proceedings under which the bonds are issued, and that neither the corporate existence of the respective officers, is being contested, nor the order of the Board of Commissioners. Dated: November 10, 1959. J. J. JENNY, Town Clerk.

# POST OFFICE 'MAIL EARLY' CAMPAIGN SET

Postmaster L. A. Reilly of Belleville announced his annual "Mail Early for Christmas" campaign today and outlined his plans for insuring delivery of all Christmas gifts and cards by Christmas Eve.

The Postmaster said "that the two biggest factors in successfully handling the Christmas mail rush are first, to get our Post Office facilities into high gear every standpoint, and second, and most important, to have the full cooperation of the mailing public."

He then suggested that the public check Christmas gift and card lists carefully—making sure that each address includes full name, street and number, city, zone and state.

He also said, "Early Christmas shoppers should stock up now on heavy wrapping paper, sturdy corrugated cartons, string, and paper adhesive tape, to insure secure packing and wrapping of their Christmas gifts."

Stamps should be bought for Christmas cards now, thus avoiding last minute Christmas mailing headaches.

He predicted this year's Christmas mail will set a new all time record, exceeding the 126 million pieces that were handled in the pre-holiday season of 1958.

The Postmaster directed his appeal to "the lady of the house" for cooperation on his "Mail Early for Christmas" Campaign. The Post Office also provides free labels which read, "ALL FOR LOCAL DELIVERY" and "ALL FOR OUT OF TOWN DELIVERY."

Use only First Class four cent, or seven cent Air Mail postage on Christmas cards. Cards sent by First Class mail are subject to forwarding or return service, if necessary, whereas cards that are mailed at the three cent, Third Class rate, may include only a signature and will not be forwarded or returned.

Include return name and address on every Christmas card envelope.

Plan Christmas mailings so that those Christmas cards and gifts for most distant points, are mailed first. Special effort should be made to get all out-of-town packages and cards into the Post Office before December 10th.

Those for nearby points will arrive before Christmas Eve if they are mailed by December 15th.

# Nutley Mailman Completes 69,000-Mile, 23-Year Walk On Streets Throughout Town

## Francis "Mac" McMahon Retires As Letter Carrier

Francis J. McMahon, who knows just about every street in Nutley, house by house, this week retired after completing a 69,000-mile walk. McMahon, known to everyone as "Mac", retired at the age of 67 after serving as a mailman for 23 years.

For Mac, who is a resident of Belleville, the 69,000-mile walk represents almost three trips around the world.

"I'd do it all over again if I had the chance," he said. "It's been a wonderful experience."

When asked about working in varied weather conditions, Mac commented like a true mailman. "The mail is always delivered no matter what the elements."

"Rain? Well, until you get thoroughly soaked it's kind of peevish, but after that you don't mind it much. I remember after the blizzard of 1946, I walked up to the Nutley Post Office from Belleville in snow that was above my knees. You see, there is a rule, that first class mail must go through no matter what the conditions."

"Dogs? I've had some trouble with them, but I've been lucky compared to some of the other

Francis J. McMahon

fellows. There have been several covered just about every mail minor incidents but nothing that route in town. His last route was serious."

Mac started out with the Post Office in 1936. For the first year he operated out of the Belleville Post Office but for the remainder of his 22 years the respected mailman has been calling the Nutley Post Office his home port of call.

In those 22 years McMahon has

worked out of the Post Office in Nutley, New Jersey, and in the City of New York.

Mac reported to the Post Office every morning at 6 o'clock and then had to sort his own mail.

## Where Is the Sunshine?

The past four Saturdays have produced poor weather, we cannot remember this happening in many years on the local football scene. Twice Belleville games have been postponed and on two occasions played on threatening and rainy days.

If the Kearny backfield had not missed their assignments on one play Belleville might have had their third straight shut-out win for the first time under the coaching of Eddie Berlinski. The play on which Kearny scored occurred in the first quarter when Cardinal quarterback Danny Clark attempted a handoff to one of the other backs, but there was a mix up, so Danny turned around, found a large hole in a hard-charging Belboy line through which he scooted and outlegged the secondary on a 66-yard pass to paydirt. This was the first score the stubborn Belboy defense had given up after ten consecutive shutouts quarters. As usual the score came on a long run. No team has been able to put together a sustained drive for a score against the Blue and Gold this season.

Belleville mixed their attack well, completing six of ten passes for 70 yards and gained 117 yards overland. In the Garfield and South Side games Belleville made long runs but had to grind out the yardage against Kearny, the longest runs being a pair of 13-yard advances, one by Rog Caruso and the other by Frank Annichiarico. The Cardinals scored first with Belboy coming back with a 52-yard drive in the second period to tie the score. Annichiarico did the brunt of the ball-carrying on this drive, making gains of 13, 7 and 9 yards. Ron San Filippo took a pass for a six-yard gainer with Doug Bartell plugging one yard for the touchdown.

The Belboys took the second half kick-off and advanced to the Cardinal 22 before a 13-yard loss on a pass attempt and a weird 18-yard penalty set them back to 47, forcing a punt. After a personal foul against Kearny gave Belleville the ball on the Cardinal 34 Belleville seemed on the way to a score when a 15-yard penalty set the "Boys" back to the 20 from where it was third down and 19 to go. At this point George Sheridan, with good protection, passed to Tom Worley in the end zone to put Belleville ahead for good. On the third play from scrimmage against the Belleville touchdown George Sheridan intercepted a Danny Clark pass on the Cardinal 38 and returned to the five from where Rog Caruso scored on the next play, with Pete Brindisi making his first successful kick after having the first two blocked, to bring the final score to 19-6.

With nine minutes to play in the final quarter, Kearny took over and dominated play with a series of short passes the longest of which was a seven-yard gainer, but the alert Belleville defense would not let them complete the long one for a score.

When Nick Del Guercio was hurt early in the season Eddie Berlinski had to find a new quarterback. The answer to this problem has been George Sheridan, who took over the job in the West Side game and held it since then. George directs the team well and plays a good defensive game. His pass interception set up a touchdown Saturday and he almost intercepted another earlier in the contest.

The unsung heroes of any football squad are the linemen and the Belboy forward wall has done a wonderful job this season. Fred Partus, Mike Smith, John Condon, Bob Harvey, Roger Plosa, John Crowley and Alex Iacullo all have come up with key plays just when it seemed the opposition might be on their way down the field, and have paved the way for gains by Belboy backs. Alex Iacullo is a boy who is in the right spot at the right time and has recovered fumbles on several occasions this season. Sal La Cocco has filled in very well for Rog San Filippo who saw action for the first time this season after an ankle fracture in a pre-season scrimmage. Much of the credit for the strong Belleville forwards must go to line coach Tom Testa, who has molded this line into one of the best.

## Elementary School Band Appears

The Belleville Elementary School Band entertained before the game and during the half. These youngsters, clad in old Belleville High Band uniforms, did a splendid job. The band was composed of 54 musicians, eight twirlers and two majorettes. We will see more of these youngsters as they reach high school and join the Belboy Band.

## Campdowners Are Strong

Saturday Belleville will meet Irvington, at Municipal Stadium, in a game postponed from October 24. This will probably be the toughest assignment the Belboys have had since their opening day defeat at the hands of East Orange. Irvington has a five and two record, which is the same as Belleville.

The Campdowners have lost to undefeated East Orange and were upset by Kearny. Irvington has a huge backfield in 230-pound John Firuta and two scatsbacks in 158-pound Ron Adams and 147-pound Augie Ernesto. This game, along with the Orange contest, will afford Belleville the first opportunity under the tutelage of Eddie Berlinski to win seven games in one season, but the Belboys will have to be at their best for Irvington has a strong team and Orange almost upset East Orange and Barringer in recent games. We pick Belleville to down Irvington, but they must stop Adams and Ernesto, two fast halfbacks, who could go for the long run which has been a Belboy weakness all season.

## Basketball Is Here Again

Even before the football uniforms are in mothballs, Coach John Westlake has been putting his basketball charges through daily drills at the Belleville gym. The practice sessions started at the beginning of this month and from an original squad of 22 Coach Westlake has cut the number to nine. Rich Boyce is the only returning letterman from last season's team. With the ending of the football season on Thanksgiving Day, about ten more boys will join the squad, of this group only one saw varsity action in the 1958-59 season. Last year the Belboys had a 4-13 record and will e out to improve that mark this year. The first game will be played December 8 at Garfield.

# Belboys are Moving, Moving... Take Their Fourth and Fifth Games from South Side, Kearny

## Long Dashes Defeat Newark Eleven Short Gains, Pass Interception Top Kearny

By DOM GIOVACHINO

Belleville High's football squad won their fourth game two weeks ago and their fifth game last week, blanking South Side 26-0 on Tuesday, November 10, and defeating Kearny High 19-6 on Saturday the fourteenth. Both games were played at Belleville Municipal Stadium.

Against South Side, the Belboys dominated the first half, holding the Streaks to only 13 yards gained. Play was mostly in South Side territory, but the South Siders were able to keep the Belboy offense in check.

Late in the second period, however, Belleville got a break which enabled them to score the lone touchdown of the half. With 30 seconds remaining, South Side attempted a fourth down punt from their own 17 yard line.

The pass from center was high and when the kick was finally gotten off, it was blocked. The ball then rolled into the end zone where Bob Harvey pounced on it. Pete Brindisi's placement was good making it 7-0.

## Running Attack Tells

In the second half Belleville's running attack began to tell. South Side kicked off and Belleville ran the ball back to their own 23. Then the Belboys drove 77 yards to a touchdown. Annichiarico kicking up the last 35 yards on an off tackle slant. Brindisi's kick was good.

Early in the fourth period, Belleville intercepted a pass giving Belleville the ball at midfield. Two plays later Roger Caruso broke off left tackle and scampered 43 yards for the TD. Again Brindisi's kick was good.

A few minutes later Worley intercepted another South Side pass on the straddle. A few plays later Annichiarico again broke off right tackle, this time running 31 yards for the final six.

On Saturday Belleville plays

pointers. Brindisi then kicked his fourth extra point of the day.

Spotted A Weakness An interesting sidelight here is that all three touchdowns in the second half were scored on off tackle runs. It appears that Coach Berlinski may have spotted a weakness in the South Side defense and made it pay off.

In Saturday's game Kearny scored the first touchdown in the first period when quarterback Danny Clark faked a handoff, spun through center where a big hole had been opened and raced 66 yards for the score. A pass attempt by Clark for the extra point failed.

All Belleville's Show After this it was all Belleville's show. Their first score came in the second period when the Belboys, sparked by Frank Annichiarico's long gains, marched 52 yards in 11 plays. Brindisi's placement was blocked leaving the score at six all.

The tie wasn't broken until the final quarter. After the Belboys had marched 45 yards on the Cardinal's 45 and ran it to the 5. On the next play Roger Caruso, with the help of a block by Bartell, passed to Tom Worley in the end zone for the score. Brindisi's try for the PAT was again blocked.

Minutes later Sheridan intercepted a Kearny pass on the Cardinal's 45 and ran it to the 5. On the next play Roger Caruso, with the help of a block by Bartell, passed to Tom Worley in the end zone for the score. Brindisi's try for the PAT was again blocked.

Toward the end of the game Kearny's aerial attack began to click. It seemed virtually impossible to stop Clark's short passes, but the Belleville defense tightened and ended the threat on the 15.

On Saturday Belleville plays

host to Irvington High at Municipal Stadium. Since both teams have identical records of 5 and 2, it should be an exciting contest. Kick off time will be 2 p.m.

Belleville 0 7 14-28 South Side 0 0 0-0 Bell-Harvey recovered blocked kick in end zone. (Brindisi kick)

Bel-Annichiarico 35 run. (Brindisi kick) Bell-Caruso 43 run. (Brindisi kick) Bell-Annichiarico 31 run. (Brindisi kick) Belleville 0 6 0 13-19 Kearny 6 0 0 0-6 Kearny-Clark 65 run. (Pass failed) Bell-Bartell 1 plunge. (Kick failed) Bell-Worley 20 pass from Sheridan. (Brindisi kick) Bell-Caruso 5 run. (Brindisi kick)

points, end Ron Malici taking a pass from Ed Judge at the 10 and going the rest of the way for the score.

A 50-yard pass play from Judge to Barron highlighted the game. The extra point was no good.

Don Wernes, playing fullback for the Raiders, for the first time this year looked exceptionally well, racking up 100 yards in 12 carries for an average of 8.3 yards per carry. Don has been playing offensive end all year. Outstanding Raider linemen were Pete Lancetta, John Biancone and Bob Klang.

The Raider defensive line held the Vikings to 38 yards rushing. It was another story in the air, however, and that's where the game was lost for the Raiders.

## IRON DUKES ROLL OVER KOTRANS, 14-0

The Belleville-Nutley Dukes rolled to a convincing 14-0 win over the Paterson Kotrans last Sunday morning at the Totowa Oval before 2,000 fans.

The victory was the seventh straight for the Dukes in Garden State Football League play and enabled them to hold their place lead over the 2nd place Paterson Tigers.

After an abortive field goal attempt by the Kotrans was short, the Dukes took over and drove 90 yards for their first tally. Dick Bartolazzi booted 13 yards up the middle for the score, following a sensational 67-yard scamper by Tony Addio on the preceding play. Bob Kearny's placement was perfect and the Dukes led 7-0.

The Dukes started a drive from midfield late in the third canto, taking 7 plays to negotiate the

50 yards. Addio swept end for 15 yards and a first down on the 15.

Frank Puleo roamed for 10 more on a keeper to the 23 for another first down. Addio recovered for 11 more and still another first down on the 14 as the quarter ended.

Joe Ciriaco scored from the 10 on a 4th and 1 situation after Bob Marry's conversion concluded the scoring with 12 minutes to play in the game.

The Kotrans threw a scare into the Duke adherents by driving deep into Belleville territory late in the final period. The key play was called, pass interference, giving the Paterson team a first down on the Duke 5.

Angered Duke Defense At this point the angered Duke defense rose and smothered the Kotrans. So vicious was the line play by Carl Borino, Pat McCabe, Dom Pomponio, Bob Shotwell and Perry Mayers that the Kotrans lost the ball on downs was back on the Iron Duke 40 yard line. The Dukes then ran out the clock.

The Paterson entry rolled up 11 first downs (all but one in the air) to 10 for the Dukes, but they were outplayed in total yardage 201 to 100.

For the 2nd straight week the Dukes' passing attack was virtually nil as they gained only 23 yards via that route while their opponent picked up only 8 yards on the ground.

The Dukes clash with the Bloomfield Jolters next Sunday at Belleville Municipal Stadium, while the Paterson Kotrans tangle with the second place Paterson Tigers in the morning in Paterson.

A win for the Dukes and a Paterson Tiger loss would virtually clinch the championship. Kickoff for the Iron Duke game is set for 2 p.m.

## VARSITY CLUB HOLDS MEETING

The regular monthly meeting of the Belleville Varsity Club was held Thursday evening, November 12, in the basement of the American Legion (Post 105) hall, at 621 Washington Avenue, Belleville.

Vic Pomponio, president, conducted a short business meeting, introducing four new members: Herb Orth, Dick King, Fred Partus and Walt Smith, all fathers of boys on the Belleville football squad.

Most of the discussion centered around the various details in connection with the Annual Football Dinner being held on December 2nd at the Robin Hood in Clifton.

Ralph Casale, general chairman of the affair, reported that Sam Huff of the New York Football Giants would be the principal speaker. Bill Chapman, program chairman, reported progress in the composition of the printed programs for the dinner, and announced the names of those assisting him on the committee, including Dick King, Fred Caruso, Jim Kelly, Al Iacullo, Bill Murphy, Al Anderson, Joe Groesch, Bob Harvey and Tony Moro.

Carl Hundertfund, ticket chairman, advised that tickets were on hand for distribution and that the following members were assisting in the sale of the

tickets: Fred Partus, Jim Apple, Herb Orth, Tom Testa, Ed Berlinski, Joe Marano, Marty O'Connell, Joe Cernero, Ralph Casale, Jerry Bonavita, Nick Landolfi, Jim Gengrosso, Sam Vuono, Joe Carpel, Jimmy Searaphi, Rocco Landolfi, Nick Brindisi, John Kondreck, Herman Wische, Joe Gilchrist, Harold Fobert, Joe Landolfi, Rocco Cofone and Edward Bucarello.

At the conclusion of the business meeting, four films were shown including "The Belles Rockne Story," "The Chicago School Fire," the Belleville-Westside Game and the Belleville-Garfield game. Coaches Ed Berlinski and Tom Testa served as narrators of the last two films.

## Big Sam Huff To Speak At Football Dinner Dec. 2

Sam Huff

William Chapman, chairman of the program committee for the 15th Annual Belleville Varsity Club Football Dinner, announced today that the principal speaker at the affair being held at the Robin Hood on Wednesday, December 2nd, will be Sam Huff, middle line - backer for the New York Football Giants. According to his team mates (and his opponents), Sam possesses all the ingredients of a great football player - size (6'-1" and 230 pounds), speed,

children, a son "Sam", who is 7, and a daughter, Kathy, almost 2. Just for the record, Sam's real name is Robert Lee, as is his son's name, but nicknames are often of strange origin.

The Huffs live on a 25-acre farm near Farmington, West Virginia, and in the off-season, Sam is a promotion salesman for one of the big cigarette companies. Sam hopes to become a "gentleman farmer" some day, and raise blooded stock - horses and cattle.

In his four years with the Giants, Huff has developed a definite philosophy on defensive football play, while he sums up in a very few words, "You've got to keep thinking and be alert at all times on the field. Today a defensive player must use his head and his feet as much as his left, and above all, stay on his feet. You can't make tackles laying there on your back."

Sam has earned quite a reputation as a dinner speaker, with his West Virginia drawl, and has hundreds of interesting incidents to recall in his eight years of college and professional football. The Committee feels sure that everyone at the dinner will find Sam's presentation interesting and amusing.

The dinner is sponsored each year by the Varsity Club. Belleville interested in youth activity and sports generally, are invited to attend.

Tickets are available through any member of the Varsity Club, and at the following locations: Joe Groesch, at School No. 4; Vic Pomponio, president of the Varsity Club, at the Belleville Rotary Florists; Bill Chapman, principal of School No. 5; Carl Hundertfand, Belleville Fire Chief, who is chairman of the ticket committee; Hugh Kittle, principal, Belleville High School; De Bacco Brothers Sport Shop; and at Andersen and Robert Texaco Servicenter, Washington Avenue and Greylock Parkway.

### Leaders Club Meets

The Leaders Club met Wednesday evening, November 18, at 8 p.m. in the Recreation House, Jaramon Street and Garden Avenue. An exchange of ideas, table of tray favors, plus an arts and crafts display of Girl Scout handicraft from different neighborhoods were some of the features. Songs and dances to be taught to the girls were another. A new slate of officers was presented.

Senior Girl Scout Troop No. 981, which meets Tuesday evenings in the Belleville Reformed Church, elected the following officers at a recent meeting: president, Mary Lou Bedarbis; vice-president, Danielle Mac Carthy; secretary, Mary Kraft; treasurer, Grace Rapp, assistant treasurer, Virginia Brenner; reporter, Frances Machonia; recorder, Nancy Morrell; assistant recorder, Barbara McGuire; assistant secretary and reporter, Priscilla Morrell.

A program for the next six months was also decided upon. The important events will be a Christmas party, annual caroling at Soho Hospital, ice skating and a card party. The seniors gratefully acknowledged the help of Mrs. Verhagen in planning their program.

Brownie Troop No. 971, which meets at Fennish Church every Monday at 3:30 p.m., held an election of officers recently, as follows: president, Karin Eggen; vice-president, Lynn Harper; secretary, Condie Grillo; treasurer, Patty Zoppi; sunshine chairman, Linda Kaeli; birthday chairman, Betty Mann. Patrol leaders also elected: Orchids, Barbara Maroni; Roses, Debbie Frelstone and Cointentals, Janet Eggen.

Thomas Gryzka (center), principal of School Eight, is pictured with representatives of the various classes who participated in the Halloween trick-or-treat collection for the Lara Maass Memorial School of Nursing. This year they raised \$160.24. Left to right are Robert Chickene, Diane Brandius, Robert Franklin, John DeFeo, Gryzka, Laura Bonagura, Eileen Joscak, Irene Muscara and Diane Petruzzelli. DeFeo, fourth from left, was dressed as the "Hunchback of Notre Dame" and took advantage of Election Day to collect \$8.00 more. He is a member of Mrs. Edith Hirdes sixth grade class which collected \$63.90.

## Belleville, Nutley Midget Football Teams Divide Pair

Lardier's Pharmacy Beats Belleville Kiwanis But Bank of Nutley Loses To Varsity Club; "Son Bowl" Game On Sunday

The first annual Belleville-Nutley Midget League play-off doubleheader ended in a split Sunday afternoon at Park Oval. An overflow crowd watched the Bank of Nutley go down to defeat before a strong Belleville Varsity Club squad, 20-0, while Lardier's Pharmacy turned the tables on the Belleville champion Kiwanis eleven to the tune of 19-0.

Four interceptions played a big part in the Banker's defeat. The initial interception set up a Varsity Club score in the second quarter as Cerrato and Carvasio alternated scoring, with Carvasio eventually scoring.

The Bankers fought back with a 41-yard pass play to receiver Jeff Janasy, who carried the ball to the opposition's 20 yard line. Pete Mattia and Bob Narucki ploughed through for a first down on the eight with seconds remaining in the half.

Narucki plunged for 7 1/2 yards, just short of the goal. With one play left in the half a pass fell incomplete leaving the Banker's trailing, 6-0.

Superlative defensive play by Koolhaas, right end of the Varsity Club, kept the Banker's offense at a standstill in the second half. Longo and Cuomo broke through continuously, drop the Bankers backs for losses.

The Varsity Club displayed a tricky T-formation quarterback 6 yards, 13 yards and 13 yards on their toes all afternoon. A 102-yard run for a touchdown by Sheridan of the Varsity Club following an interception, put the damper on any Banker hopes in the last quarter.

much for the Belleville champion Kiwanis squad. The visitors were seriously threatened the Lardier goal as the hard tackling dexterity, led by Jimmy Moon, Billy Menzies, Rick Gigliotti and Joey Hayes stopped any hopes of a Kiwanis up-rising.

Sunday afternoon at the Lyndhurst High School field the Lyndhurst All Stars will meet the Lyndhurst All Stars in the second annual

### Fencing Program

Commissioner George F. Kiernan has announced the beginning of the Recreation Department's 1959 - 1960 Girls' Fencing program. Walter Hauber will be instructor. Commissioner Kiernan said he feels "most fortunate in being able to call upon a man of Mr. Hauber's calibre to teach Belleville girls this splendid sport."

Hauber is fencing coach of the Fairleigh Dickinson University girls' fencing team, a past international champion, and has won many titles, trophies and medals. He will teach the girls who fence at Belleville High School starting Monday evening, November 23rd at 7:00 p. m.

Commissioner Kiernan also announced that fencing will be offered to the youngsters of the Silver Lake section on Wednesday nights at 7:00 p. m. starting November 25th. Recreation Superintendent, Bob Cook will instruct this group.

Equipment will be available and the fencing will be done from 7:00 p. m. until 8:30 p. m.

### Renard Rossi Speaks On Retarded Problem

Renard Rossi, leader of the "Retarded," was guest speaker at the monthly membership meeting of the Essex Unit, N. J. Association for Retarded Children, on Thursday, November 19th, 8:30 P.M., at the Occupational Center of Essex County, 1111 So. Orange Ave., Newark.

Mr. Rossi described the program of the center.

Mr. Rossi, a physical training teacher at the Robert Treat Junior High School, has had a long background in group activities. This is his third year as the leader of the program which is operated on Monday nights at the Bloomfield Civic Center, and Thursday nights at the Temple B'nai Abraham.

The program is jointly sponsored by the North Essex Section of the National Council of Jewish Women and the Retarded Children's Association.

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for  
the building of character and good citizenship.  
It is a storehouse of spiritual values. Without a  
strong Church, neither democracy nor civilization  
can survive. There are four sound reasons why  
every person should attend services regularly and  
support the Church. They are: (1) For his own  
sake. (2) For his children's sake. (3) For the  
sake of his community and nation. (4) For the  
sake of the Church itself, which needs his  
moral and material support. Plan to go to  
church regularly and read your Bible daily.

## THE EVERLASTING LIGHT

From the dawn of human history, man has gazed with awe  
and fascination across the horizon. What secrets are buried in the  
sea's vast bosom and what strange lands and peoples and adven-  
tures are out there beyond the sunset?

The unknown has always presented a mystery and a challenge  
to mankind. Many have faced it with fear and shrinking. Others  
have accepted its challenge and have opened up new vistas of hu-  
man knowledge.

Those who live and search in the Everlasting Light, His Holy  
Word, need have no fear of what lies beyond the oceans of water,  
the oceans of human experience, or the oceans of human thought.  
For the land and the sea are God's, and He rules in the kingdom  
of men.

## School 9

School Nine's fifth grade re-  
cently presented a program en-  
titled "The Good Old Days," un-  
der the direction of their teacher,  
Mrs. Edith Knox.  
The play stressed the progress  
of education from the days of  
the "Little Red Schoolhouse" un-  
til the present time.  
Mr. "Oldest" and Mr. "Par-  
ent" discussed the modern way  
of teaching in comparison with  
the old way.  
The following participated:  
Linda Calabrese, Betty Gray, Pa-  
tricia Raab, Patricia Restania,  
Sandra Sandford, Catherine Ver-  
onica, Billy Baumgartner, Arnold  
Brown, Stephen Cerca, Thomas  
Long, Edward McEntree, Domes-

The Adult Council of St. Peter's Catholic Youth Organization recently held an election of officers. Shown above with the Rev. Francis A. Ignacino, moderator, are new officers. They are, left to right: Patrick McNally, president, Mrs. James Sullivan, secretary and James Sullivan, vice president. The adult council works with the members of the Youth Organization in all activities. They offer advice and suggestions for greater participation and enjoyment. Membership in the adult council is open to all interested parents and friends of youth.
