The Dentes Are Married
At St. Anthony's Church

MRS. JOSEPH DENTE

Miss Annette Palma Mele, daughter of Mr. and Mrs. Mattia Mele of 101 Heckel Street, was wed October 31 to Joseph Dente, son of Mr. and Mrs. Samuel Dente of St. Petersburg, Florida. The couple were wed at St. Anthony's Church with the Rev. Edward Scandone officiating. The reception was held at the Royal Hawaiian Palms, Lyndhurst, for 275 guests.

The bride was escorted by her father, Mrs. Dente wore a full-length gown designed with white velvet appliques and seed pearls. Three white velvet roses were featured at the back of the gown. A white velvet rose with velvet petals and seed pearls held her elbow-length veil. Mrs. Dente carried a white mother-of-pearl

prayerbook, Rosary beads and lit-les-of-theaev with two white orchids in the center.

Miss Geneva Rossi of Newark was maid of honor. The bridesmaids were Miss Kay Veneziano, Miss Joanne Russo and Miss Esther Cerigione, all of Belleville. Also, Miss Tina Lucariello of Lyndhurst and Miss Mary Lou Mele of Newark. The flower girls were Maria Corrigione of Belleville and Linda Strollo of Orange.

All the attendants wore velvet sheaths with short tunics over the skirts. Pillbox hats with a velvet rose on top were their headpieces. They carried bouquets of Fugiumums. The flower girls wore velvet knee length dresses with peter pan collars. Their had nuns.

Vincent Dente of Lyndhurst, brother of the bridegroom, was best man. The ushers were Sam Dente, Jr., of St. Petersburg, brother of the bridegroom; Nick Vana of Belleville, John Mele of Belleville, uncle of the bride; John Mele, of Belleville, brother of the bride and Joseph Prieto of Belleville.

Mr. and Mrs. Dente graduated from Belleville High School. Mr. Dente served as president of the student council of Belleville High School. He also served in the United States Navy. He is with the Middlesex Plastic Finishing, Inc., Perth Amboy.

The couple honeymooned for two weeks on the western coast of Florida and are residing at 101 Heckel Street.

THE DACEYS
WED 25 YEARS

Mr. and Mrs. Michael Dacey of 37 Church Terrace were honored recently at a surprise 25th anniversary party given by their four children at the Knights of Columbus Hall, Belleville. The children are Margaret, Mary, Michael and Mark Dacey. Mr. and Mrs. Dacey were wed at the Immaculate Conception Church, Newark.

KATHERINE GIBBS
OFFERS STUDENT
SCHOLARSHIPS

Six full scholarships in secretarial training are being offered by the Katherine Gibbs Schools in the annual competition. Three of them will be awarded in the Montclair school and three in the New York school as follows:

One full-tuition scholarship in the Liberal Arts-Secretarial Course, Two full-tuition scholarships in the One-Year Secretarial Course.

The Liberal Arts-Secretarial scholarships have a cash value of \$1,570 each, and the One-Year Secretarial awards, \$785 each.

Senior girls living within daily commuting distance of both the Montclair and the New York schools may compete at either school, but not both.

Guidance departments in high schools and private schools within the commuting area have now received full details and application blanks. It is important that applications be filed before March 1, 1960.

Two buses serve girls who wish transportation to the Montclair school. One bus serves the Ridgewood, Paterson, Passaic area and the other the Morris-town, Chatham, Summit, Millburn, Springfield and Orange area.

Belleville To Meet

(Continued From Page 1)
winning one, they have been beaten badly on only one occasion, and that was by powerful Columbia, 34-6.

Orange Was Dominant
The early years of this young Thanksgiving Day rivalry was dominated by Orange with the Tornadoes winning three of the first five played and tying Belleville in another.

Orange at this period had very strong teams, which produced such All-State performers as Bill "Pickles" Robinson and Stan Slater, the latter who went on 40 star at West Point for the Army.

The 1953 Orange team shared the championship with East Orange and Montclair. In the past five years, Tornado football fortunes have dropped and Belleville has won five in a row, rather handsily, scoring at least three touchdowns in each contest.

Each team has managed to score in every game, with one exception-and that occurred in 1955 when Belleville shutout the Tornadoes by a 21-0 tally.

Fine Bellboy Team
This is a fine Bellboy team and deserves the support of he home town fans in this traditional game. The weather has been bad this season, holding down the attendance, but a clear Thanksgiving Day will afford Bellboy fans their last opportunity to see the home team in action for 1959.

The game should be an interesting one and we see it as the sixth straight win in the series for Belleville. However, in a game of this sort in which each team wants to win badly, it could go the other way, especially if the Bellboys do not play at their best.

Last Game for Seniors
The following boys are seniors and will be playing their last football game for the Blue and Gold: Bob McGough, Vince Moreno, Bob Russo, John Crowley, Roger Caruso, Pete Brindisi, Roger Plosa, Ron San Filippo, Jim Cardinale, Doug Bartlett, Ron Russo, Ron Worley, Bob Palumbo, Bill Elting, John London, Bob Harvey and Mike Smith.

The a'Kempis of New Jersey recently held their regular club meeting at the Robert Treat Hotel, Newark. The annual fall luncheon bridge of the a'Kempis of New Jersey was held November 16. Proceeds benefited the social service fund.

MRS. HENRY REYNOLDS JR.

Miss Ann Resner, daughter of Mrs. Marguerite Gossett of Newark, was wed Sunday, November 8th to Henry E. Reynolds, Jr., son of Mr. and Mrs. Henry E. Reynolds Sr. of 10 Continental Avenue. The couple were married at the Holy Family Church, Nutley, with the Rev. Francis J. Blake officiating.

The bride, escorted by her brother, Raymond F. Gossett, wore a full-length gown featuring charmingly lace and tulle designed with a cathedral train. A crown of seed pearls held her finger veil. Mrs. Reynolds carried orchids and stephanotis on a prayer book.

The bride is a graduate of West Side High School, Newark, and is with Paul L. Guibord and Associates, Newark. Mr. Reynolds is a graduate of Belleville High School and attended Newark College of Engineering. He is with Porter, Urquhart, McCreey and O'Brien, Consulting Engineers, Newark.

MATH CLUB

The Mathematics Club, under the direction of Mr. Dr. Maggio, recently held its first meeting. This Club, one of the most active in Belleville High School, has over twenty members.

At the first meeting, special systems of equations were studied. In the future, the Club will take up many of the interesting phases of mathematics. Scientists and engineers, working in nearby industry, will often speak to the group. Also, films dealing with math and science will be shown.

The Math Club will elect a president, and at the end of the year, this person will present a valuable gift to the Senior who has done the most work in mathematics in his four years at Belleville High School.

Basketball Squad Scrimmages
The Varsity Basketball Team held three scrimmages/last week against Verona, Canfield and St. Benedict's. The B's boys looked fairly good in these early scrimmages. The major problem has been rebounding. Although big Sandameno (6'4") has been working hard, the team still lacks sufficient height to be effective under both the offensive and defensive boards. Ritchie Boyce has been top scorer, hitting for 35 points against Verona and similar scores against the other opponents. Richie Burlazzi has been the only really outstanding defensive player. Before the season opens, the squad will hold many more scrimmages.

SADIE HAWKINS DANCE
The Student Council recently sponsored a Sadie Hawkins dance in the girl's gym. The admission was 25 cents and the dress informal. Music was supplied by the band. The proceeds went to a worthy charity. There was a large turnout.

On November 17, 18 and 19, in the School Three all purpose room, the second annual Book Fair was held. Proceeds will be used to purchase books for the school library.

There were many different books in all price ranges which were of interest to children of all ages. Sil of the classes in School Three had an opportunity to go to the fair and purchase books. The Book Fair last year was a great success. We hope this year's fair will prove to be an even greater financial success.

The seventh grade science class of School Three conducted an experiment. Their problem was to decide upon proper studying conditions. Was it better to study in a quiet room or a noisy room? The students alternated for two nights from quiet to noisy rooms. The following day a quiz was given to see how much the class had learned under both conditions.

Options were varied to see what the class thought of the results of this experiment. Later, a vote was taken to establish what atmosphere the class preferred to study in. The majority of the pupils preferred quiet. A wise decision, don't you think?

The annual Veteran's Day parade was held in Belleville on Wednesday evening November 11, at 8 p.m. Our grammar

school marching band met at 7:15 p.m. at Beech Street. From there we marched to Washington Avenue until other groups joined us. Some of the groups that joined us were the cub scouts, boy scouts and girls scouts; brownies, St. Lucy's Drum and Bugle Corp, the high school band and a few of the V.F.W. posts.

It was a big thrill for me as it was my first time marching in a parade. The streets were all lined with spectators who came to watch the parade.

The reviewing stand was in front of Town Hall and was occupied by the mayor, a few commissioners and representatives of the local veterans groups. Each group was announced as each one passed by.

To me, this was an enjoyable and thrilling way to spend Veteran's Day.

At the James G. Shawger School we have an excellent art program under the supervision of Miss Nora de Leeuw.

Every other Thursday the special art group meet in our room. This group makes pictures for our hall decorations and for our art exhibits. In this group we learn the fundamentals of good art. We spend an interesting afternoon working with art materials. At the present time there are about twenty-five pupils in this group. Our school likes it so much that there is a waiting list. This is the only group of its kind in Belleville.

Each year our work is shown in our art exhibit. Sometimes the art club members demonstrate what we use to work with.

I enjoy the special art group very much. It's fun, interesting and I have made many friends. I have learned many things about art I did not know before. But most important of all, I am proud to have been chosen out of many children.

The students of School Eight were entertained Wednesday by a program given to celebrate Thanksgiving.

A one-act costumed play, entitled "Pilgrims Sabbath" was presented by the class of 8A under the direction of Mrs. G. W. McGinnis. Student directors were Judy Farrar and Robin Dearing.

The plot dealt with the Indians and settlers learning to work together to bring about better living for all concerned. Starring in the play were Jo Ann Blumer, Sharon Evans, Anthony Petrella, Sebastian Sica, Michael Nicolsa, Paul Morrison, John Senesky, Leiland Ooms, Roer Conlan, Marsha Hewitt, Audrey Skidmore, Lois Di Leo and Jean Friedman.

Included in the production was an Indian dance. Dancers under

Mrs. Dorothy Havel's direction were Bonnie Sue Jones, Linda Durkee, Mary Ann Nucchi and Debra. The singing of spirituals by the seventh grade, directed by Miss Kathryn Conklin, ended the program and sent everyone home for a happy holiday.

At the finish of last year's second semester the Board of Education purchased a portable science cabinet for School Number Ten.

It is a handsome piece of tan furniture with yellow sliding doors containing a sink and a water pump. The inside is divided into four compartments. Three of the compartments are occupied by science material used for experiments. The fourth compartment contains two plastic bottles; one for water supply and the other for water disposal. There are two electric sockets on the side of the cabinet.

The cabinet is used to present science experiments and projects. Among the projects performed on this cabinet were experiments pertaining to magnetism, static and current electricity, and heat.

(Continued from Page 1)

of traffic flow and inadequate parking which seem to plague our shopping areas, to our sorrow we will awaken one day to discover that the new super highways which bound Belleville on the East and West will be draining off not only Belleville traffic but also its purchasing power. And once people—all of us—develop a habit, we find it hard to break.

PUBLIC OFFICIALS, ELECTED AND/OR APPOINTED, TO SERVE THE BEST INTERESTS OF BELLEVILLE CANNOT PERMIT THESE NEW SHOPPING HABITS TO FORM. THE ECONOMIC WELL-BEING OF BELLEVILLE DEPENDS UPON THE AMOUNT OF MONEY BELLEVILLE TAXPAYERS SPEND IN BELLEVILLE STORES. AN OVERSIMPLIFICATION? WE THINK NOT.

The mistaken notion that adequate parking lots serve only the selfish interest of Belleville businessmen is not true. Let us for a moment examine the results of the creation of a parking plaza. For one thing, a healthy business area produces higher ratables than empty stores, thus distributing to a great extent among commercial properties, the tax burden which otherwise would have to be assessed against homeowners. Secondly, it isn't the Belleville merchant who is frustrated and annoyed because he finds it difficult to park. The store owner comes to his place of business early in the morning and promptly finds his parking space. Not so the Belleville taxpayer, the housewife and shopper.

It is the Belleville taxpayer, the Belleville housewife and the Belleville shopper who chooses to shop at about the same time as the other taxpayers, housewives and shoppers. It is the situation that gives rise to the dual problem of traffic flow and inadequate parking. It is for the Belleville taxpayer, the Belleville housewife and the Belleville shopper that we seek and endorse measures aimed at eliminating the problems of traffic flow and parking.

There is no municipal parking lot for the use of Belleville shoppers. By contrast, in recent years neighboring Nutley has established two municipal parking lots and at this very moment Nutley officials are about to establish a third municipal parking plaza. Neighboring Montclair is even more progressive than Nutley. Just last month, Montclair officials took steps to create the 21st parking lot for that town! Yes, when it comes to official action on meeting Belleville's parking needs, we are far behind the times.

Our town officials—elected and appointed—must realize that the very future of Belleville as a first-class community depends upon its economic well-being. Empty stores do not pay taxes in proportion that prosperous stores pay. Empty stores are the beginning of a run-down city.

Belleville has an emergency need for municipal parking lots. In fact, we needed them yesterday.

When one looks southward to Newark with its big city advantages and the pulling power of its big stores, the thought of what could happen to Belleville business makes us shiver. The new superhighways which bound our town at our Passaic River border and our Bloomfield border will accelerate the departure of shoppers to business areas outside of Belleville.

We have a firm conviction from personal experience that our merchants in Belleville offer quality merchandise at prices competitive with the bigger stores in the surrounding towns and cities. Everyone must pull together to keep the purchasing power of Belleville residents in Belleville. Only in this way can we be assured of progress and economic stability.

"Newark Protective Society"

Last week, Governor Robert B. Meyner, Democrat, lashed out against the use of jets at Newark Airport. He went so far as to suggest that the citizens of Newark organize into a "Newark Protective Society."

We can't quite understand this irresponsible position of a governor who pretends to be ever mindful of the need to keep our state up

TUESDAY, NOVEMBER 24, 1959

to date with the times. The Governor suggests the organization of a "protective society." Against what? Progress?

Shortly after Meyner triggered his guns at the airlines, in a speech before the Harvard Democratic Leadership Forum in Cambridge, Massachusetts, our ambitious Governor (who hopes lightning will strike him next year and make him president) blamed President Eisenhower for "the entire unholy TV mess."

The Governor is slipping badly. Two such irresponsible blasts over a period of a few days can only lend credence to the suggestion that the Governor became embittered because the citizens of New Jersey on November 3rd returned a Republican Senate and reduced Meyner's hold on the New Jersey Assembly. One cannot lose sight of the fact that his pet project, the diversion of Turnpike surpluses, also went down the drain. These defeats were the first defeats of any consequence that Meyner had suffered since he won the gubernatorial election in 1953. We always suspected that the Governor was not a good loser.

Whether Governor Meyner likes it or not, the airlines are here to stay—and so are the jets. The most practical and desirable spot for an airport to service North Jersey residents is right where the airport is now—the Newark meadows. The jets are a sign of progress. If a future war came our way, our first line of defense—equipment wise—would be the commercial airlines' jet equipment to supplement the ever-expanding jet arm of our air force. If we can interpret Governor Meyner's attitude, it would appear to us that he would want us to turn back the clock to the horse and buggy. Most changes which accompany progress always present new problems. With the coming of the jet age, we are exposed to a little more noise. The airlines and airplane manufacturers are doing everything in their power to reduce the noise of the jet engines. Millions of dollars are being spent in this effort.

We believe in jet travel. In the next decade, the conventional plane will be the pure jet. It is our firm conviction that we should not permit opportunistic politicians to stand in the way of progress. Under the government-granted charters, the airlines are obliged in times of defense requirements, to turn over all their equipment and personnel to the government for its use. Meanwhile, its private capital is being invested and is at the command of the government when and if it is needed.

The alternative to the Newark Airport site is the construction of an airport in the cow pastures of Morris County or South Jersey. For the North Jersey traveler, one must contemplate bucking the traffic into International Airport in New York—hardly an exercise to develop a cure for ulcers.

We believe the New Jersey legislature should express an opinion on this subject and demand that the Governor stop going around the country blasting the jets and President Eisenhower in an apparent effort to regain his lost popularity back home.

Share And Give

Thanksgiving, ever since the first one in America, has been a day of giving thought as well as thanks to the blessings of freedom—spiritual freedom and economic freedom, too. Appreciation of good fortune, carries with it the normal, human urge to share with the hungry, destitute and anguished of the world.

This is the philosophy of America's three major faiths, Protestant, Catholic and Jewish, which through their vast overseas relief programs have been ministering to the homeless, the hungry, the refugees, the sick and poverty-stricken in all corners of the globe.

The work of the religious overseas agencies bolstered by the Thanksgiving appeals of each has been termed one of the greatest people-to-people efforts carried on in the world. The day-to-day, person-to-person aid programs represent America's greatest voluntary overseas relief effort, providing more than eighty percent of all such assistance by our people.

In Protestant and Orthodox churches throughout the United States at Thanksgiving, an appeal for the Share Our Surplus program of Church World Service to finance free distribution of surplus food supplies to the hungry and homeless will be made. In Catholic churches, the appeal will be for wearable used clothing, shoes, bedding supplies, etc., for distribution overseas to those in need regardless of race, color or creed. The United Jewish Appeal, conducted among America's Jews seeks to help a half million Jewish men, women and children—including new immigrants to Israel and Jews in distress in twenty-four other countries throughout the world.

Added to these specific appeals, further impetus, if needed is the fact that this year has been proclaimed World Refugee Year. Many leaders, including Pope John XXIII, have asked

Are We "Flying" Backwards?

ed that efforts be intensified to relieve the plight of millions of refugees who still languish in so many parts of the world.

One's church or synagogue is likened to a heart delivering lifeblood throughout the world—food to the hungry, shelter to the homeless, clothing to the ragged and cold. Performing the same function as the heart, your own faith's organization will do the tireless job of administering and distributing...

if you will do the sharing and giving. The generosity of Americans has never been questioned. The response by those who "have" for those in need is always a heart-warming source of pride and even amazement. The need does not lessen. No one can tell where in the world armed uprisings, strife, floods, typhoons, fires, hurricanes, droughts, and resultant destitution and need will next occur. Remember the appeal of your religious faith at Thanksgiving and give thanks by giving.

The Tax Bills Are Coming

From Washington, D. C. to Main Street, governmental budget makers currently are wielding pencils in the annual battle to bring governmental spending plans and anticipated revenues into line.

At this stage of the battle, the budget and finance officers are scrutinizing the spending requests of the various departments. Later these will be pared down and reviewed for incorporation into the official budget recommendations for the new year.

At Washington, there will be the volumi-

ous budget message which the President transmits to the new session of Congress. At the State House, it is the Governor's budget message to the 1960 Legislature. The respective legislative bodies, in turn, review the recommendations through their committees and ultimately adopt appropriations bills embracing spending authority for new fiscal years beginning July 1, 1960.

In the case of municipal and county governments, operating on the calendar year, the budget process begins officially with tentative governing body approval of the new year's budget recommendations starting January 1.

Publication of the budget, and a public hearing follow after which the governing body adopts the final budget to provide a workable blueprint of the new year's spending. A similar procedure is followed in local school districts starting early in 1960.

In some localities, known as Chapter VII school districts, the people are permitted to vote approval or rejection of the school budgets.

Although many will blissfully ignore the whole budget process until the ultimate arrival of tax bills, New Jerseyites have a vital stake in the entire budget procedure. For, as the New Jersey Taxpayers Association points out, it is the spending programs adopted in the next few months that lead to the tax bills of the future. Numerous guides to better citizen understanding, participation and control of the fiscal affairs of government are available through the Taxpayers Association.

The Long Runs Again!

Unfortunately we were unable to witness the Belleville-Irvington game, but it is evident that the long run came back to haunt the Bellboys as it has all season. Belleville line play has been excellent this year but they can not stop every play and once a speedy halfback passes the line of scrimmage there is no stopping him. The Bellboy secondary is just unable to cope with a fast runner. We pointed out in our last column that the Bellboys would have to stop speedy Ron Adams and Augie Ernesto to down the Camptowners which they were unable to do. This speedy pair repeatedly made long gains with Adams scoring on jaunts of 88 and 55 yards. Roger Caruso put Belleville on the scoreboard with an 80-yard kickoff return after the final Camptowner score.

Out On A Limb

Thanksgiving Day games are usually hard ones to pick as they are traditional and winning or losing can mean the difference between a successful or unsuccessful season. However we will try to predict the results.

Belleville vs. Orange: A win here can give the Bellboys a six and three record for a reasonably successful season. This will be the eleventh meeting between these schools and should be a Belleville win. It sounds like the broken record but if the 'Boys' can stop the long gain they will win this game. We pick Belleville to down Orange.

Central vs. East Side: East Side recently derailed the Barringer express which was on the way to the City League Championship. Central is at the bottom of the league. East Side will win easily and take the City Title.

East Orange vs. Barringer: This is one of the oldest schoolboy series in the nation. Each team has lost but one game this season. A win should give the Panthers the sectional title. It could be one of the best games of the day and will draw a large crowd to Newark School Stadium. East Orange will bounce back from the Montclair defeat and down the Big Blue.

Kearny vs. Nutley: This is a much better Nutley team than a four and four record would indicate. The four teams which beat the Maroon have lost only a combined total of four games this season and three of these teams will in all probability win championships for 1959. Nutley will down Kearny with some to spare.

Montclair vs. Bloomfield: The same old story, another Montclair victory. This will make it 14 in a row over the Bengals for the Mounties.

West Side vs. Irvington: Ron Adams, Augie Ernesto and company will be too much for the Green and White from Newark and will avenge last season's defeat at the hands of West Side.

West Orange vs. Columbia: This series has had many upsets but we do not see one this Thanksgiving. West Orange has been able to score only four touchdowns in eight contests and holds but one victory. Columbia will beat the Cowboys.

Annual Banquet

The Belleville Varsity Club will hold its 15th annual Football Dinner at the Robin Hood Inn, Clifton, on Wednesday evening, December 2. This should be an interesting evening with New York Giant defensive star Sam Huff as the principal speaker. This Dinner will afford Bellboy fans an opportunity to honor a fine team as well as hearing an interesting speaker in Sam Huff. Tickets may be obtained from any Varsity Club member, at the High School, De Bacco Brothers Sport Shop and Belleville Rosery Florists.

Proclamation

I, Isadore J. Padula, Mayor of the Town of Belleville, New Jersey, proclaim the week of December 6th through December 12th, 1959, as "Junior Woman's Club Week" in Belleville, to conduct a Membership Drive and Publicity Campaign, to make known to all their efforts in Local, State and National, civic education and social activities and to swell the ranks of the Belleville Juniors.

I hereby affix my signature to this Proclamation on this, the 23rd day of November, 1959.

HOSPITAL AIDES ARE HONORED

Clara Maass Volunteers Are Feted At Hospital "Thanks Party"

The volunteers of Clara Maass Memorial Hospital were honored by the hospital at a "Thanks-For-Giving Party" held at the United Cerebral Palsy auditorium on the hospital grounds last week.

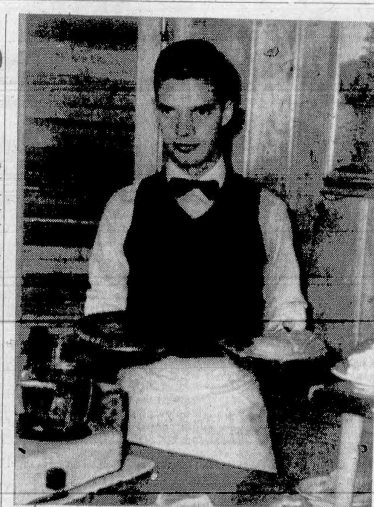

During the evening, Miss Marie D'Alessandro, director of volunteers, showed colored slides taken throughout the hospital of the many volunteer activities and described some of the more unusual services performed by volunteers.

She expressed the hospital's deep gratitude to the group for the 40,000 volunteer hours of service put in during the past year.

As part of the evening's entertainment, Alan Nyirey, of 112 Hawthorne Avenue, and Gregory LaGana, of 180 Highfield Lane, put on a magic show. These teen-age boys have been studying magic under the direction of Ted Collins at the Nutley Adult School.

A social hour with refreshments followed the formal program.

CLASSIFIEDS FOR RESULTS

EASY AS PIE: One of the dozens of essential campus jobs carried on by students at Monmouth College, assisting in the cafeteria, is demonstrated by Raymond J. Kiernan, son of Commissioner and Mrs. George F. Kiernan. Young Kiernan is a senior at the school.

JOIN THE MARCH OF DIMES

Mary Beth Pyron, 2, daughter of Mr. and Mrs. James T. Pyron of Florence, Ala., has just been chosen national poster girl for the New March of Dimes 1960 campaign in January. Her picture will appear on millions of posters (above), canisters and coin collectors in every town and village of the country, symbolizing the New March of Dimes attack on crippling birth defects, arthritis and polio, diseases that affect one in every four U. S. families. Mary Beth was born with an open spine and water on the brain. Medical science knows no way of helping her. Hope lies in scientific research being conducted by the New March of Dimes. Mary Beth is a sunny, affectionate child and loves to ride her new walking horse (left). Her brother Tommy, 4, is a normal child.

Town's Dutch Reformed Church

History Dates Back To 1697

The exact date of the origin of the Belleville Reformed Church is not known. However, known facts indicate that it was established in 1697.

In the beginning, services were held by the Reverend G. Berthoff in conjunction with the church at Acquackanonk.

Old records relate that the original church building was replaced by a new one in 1725, under the direction of a committee composed of Gerrit Weurterse, Frans Van Dyck, Gideon Van Winkle and Johannes Konig.

Among The By-Laws

Among the by-laws of the church, passed at that time was one which provided seats for all within the township of Newark who contributed toward the church and who helped with the Schuyler, who was apparently one of the more influential founders of the original church, was to retain his pew in the southwest corner of the new edifice, the same as he had in the old church.

The ground was located where the present church stands and was conveyed by a deed by Francis Speer and his wife, Catryna. The new building was a square stone structure with a belfry constructed upon the center of the roof and the section, in ringing the bell, stood in the center aisle. The belfry was later removed to a stone tower erected in the north end of the church.

The Rev. Henricus Coens was installed as pastor in 1726. He also served Acquackanonk and other Reformed Churches in the northern part of the State. During his pastorate that the "Scavenger Trust" was established.

To this day, the church continues to benefit from the proceeds of this bequest. In appreciation the consistory gave to the "Scavenger Trust" was established.

In 1849, a violent tornado split the church apart. A new edifice was erected and dedicated in 1857. During the period of construction, services were held in the Episcopal Church. In 1855, while the Episcopal church was being built, they used the Reformed church for their services.

In 1846, during the rehabilitation of the Methodist church, the congregation made use of the Reformed Church for their services.

The present church was erected and dedicated in 1853 during the pastorate of the Rev. Isaac S. Demund who in turn was followed by the Rev. Thomas De Witt Talmadge.

The present church was erected and dedicated in 1853 during the pastorate of the Rev. Isaac S. Demund who in turn was followed by the Rev. Thomas De Witt Talmadge.

Funeral For Organ

In 1915, under the leadership of the Rev. J. Garland Hamner, a fund raised enough money to obtain from the Carnegie Foundation a matching amount to purchase a new organ which is still in use.

The old church, with its congregation including many prominent citizens of the town, suffered from river pollution, causing many constituents to move elsewhere and the buildings deteriorated until 1928.

By 1927, the pollution had been reduced to a minimum and under the leadership of the Rev. John A. Stryk, a program of rehabilitation was begun which, when finished, attracted many new members.

In 1927, the church celebrated its 150th anniversary. In 1958, the Rev. J. B. Mulden took over the pastorate and in 1958, the Rev. Thomas Ten Have took over and is presently the pastor.

"Know Your America Week" Proclaimed

Mayor Isadore Padula (center) signs the "Know Your America" week proclamation. This week, November 23 through Saturday, November 28, is sponsored by various organizations throughout the community and is designed to combat Communism in the United States. Left to right are: Dr. Benjamin Jacobson, past commander of the Jewish War Veterans; Michael Marotti, commander of the Belleville Amvets; Peter A. Torre, Jr., past commander of Belleville American Legion Post 105; Edmund Strat, Exalted Ruler of the Belleville Elks, 1123; David Ammann, commander of Belleville Veterans of Foreign Wars and Edward Howell, president of the Belleville Lions Club.

Proclamation

WHEREAS, it is necessary for Americans to appreciate fully their heritage of freedom and to rededicate themselves to the preservation of basic American principles, and

WHEREAS, the All-American Conference to Combat Communism, made of fifty-five national organizations representing a total membership of some fifty million individuals is, for the eighth successive year, sponsoring the nationally observed "KNOW YOUR AMERICA WEEK" observance, designed to bring the full force of an informed citizenry to bear on democracy's present-day problems, and

WHEREAS, it is essential that the Town of Belleville make this occasion a notable expression of community interest, as is being done in many other cities throughout the nation, Now

THEREFORE, I, Mayor Isadore J. Padula, do proclaim the period from November 22 to November 28, 1959, as "KNOW YOUR AMERICA WEEK" and call on all the citizens of Belleville to contribute freely of their time and resources to participate in the commemoration of "KNOW YOUR AMERICA WEEK" in order to preserve human freedom and defeat Communism.

Isadore J. Padula
Mayor

IRON DUKES TOP BLOOMFIELD IN 44-0 WIN

Trounce Jolters For 8th Successful Win

The Belleville Nutley Iron Dukes slaughtered the Bloomfield Jolters 44-0, before 4,500 fans Sunday at Belleville Municipal Stadium.

Pete Sper's forces clash with the second place Tigers Sunday at Pennington Park, Paterson, in an attempt to wind up their first Garden State League campaign without a loss along with the championship. The kickoff is 10:30 a.m.

The Dukes flashed their early season form despite the loss of Dick Bartolazzi, their leading scorer due to a heavy cold. The victory was the eighth straight against no losses for the Dukes as against the Paterson Tigers 6 and 2 record following an 18 Kotrans.

This two game bulge clinched no worse than a tie for the local entry, for the championship in the Garden State Football League. Carl Borino's 34-yard punt return set up the initial Duke tally as Tony Addeo concluded a 10-yard drive by bucking over from the 1. Bob Marcy's attempted placement was blocked for a 60 Duke lead.

The indefatigable Borino then intercepted a Fabio pass on the Jolter 25 on the first play from scrimmage following the kick off. He was aided by Bob Castell's beautiful block on Fabio at the 15 to enable the ex-Nutley High-School all-stater to go all the way. Marcy's kick raised the count to 13-0.

Scores Standing Up
On the second play following the kickoff Castell picked off an other errant Fabio toss on the Bloomfield 28 and with Pomponio's big springing the fleet Duke end loose, he talked with out a hand being laid on him. Marcy's perfect placement concluded the first half scoring with 18 minutes left in the first half at 29-0.

Johnny Puccerelli returned the second half kickoff to his 20 and

the dam burst again. Joe Ciriacco burst off tackle, escorted by teammates Babe Conforti and Perry Mayers, and raced 80 yard to another Duke touchdown. Marcy's conversion try was wide.

Borino recovered a fumble on the Jolter 28 to set up the fifth touchdown, following the kickoff. After an offside penalty set the Dukes back five yards and two running plays netted only two yards, Frank Puleo tossed a beauty to Marcy in the right corner for the score. Marcy's kick was again wide.

Borino recovered a loose ball and raced 80 yards to an apparent touchdown shortly thereafter, but an overzealous Duke was detected clipping on the Jolter 3, setting the Dukes back to the 24. Another penalty, this for back field in motion, pushed the ball back to the 29. Puleo then lofted another aerial to Marcy on the Jolter 5. The plus fingered end then made a fantastic grab, snatching the ball away from the Bloomfield defender, and raced over for the 8th Duke touchdown of the game.

This was also Bob's sixth touchdown pass of the season, as well as Puleo's 12th touchdown pass. Marcy's kick was low and the third quarter ended with the Dukes out in front, 38-0.

Dom Pomponio set up the final score of the day with his recovery of a Fabio fumble on the Jolter 33, midway through the final canto. After Babe Conforti blew another potential touchdown toss from Puleo, the fleet Duke halfback atoned for his misuse with a 33-yard scamper around his own right end. Borino's unsuccessful try for the point concluded the scoring at 44-0.

The Dukes, with all the long gainers and pass interceptions, picked up only three first-downs to their opponents six, but outgained their opponents decisively, 301 to 81.

The First Thanksgiving . . .

Not for material wealth, but for life itself, did the little band of Pilgrims give thanks in 1621. Half the colony had perished during that first terrible winter on these shores. But the survivors, through their industry and foresight, were ready to face the trials that waited them . . . they had prepared!

When you offer your thanks this year, remember that early band of Puritans and their lesson of thrift . . . save first, then feast.
