United Fund Elects New Executives For Belleville

Noonan Chosen President

New officers were elected at the annual meeting of the Board of Trustees of the Belleville United Fund this week. John W. Noonan of 31 Overlook Avenue was named president.

Others elected at the session conducted at the DeWitt Savings and Loan Building Monday night include Harry T. French, vice-president; T. Russell Sargeant, treasurer, and Nuncio Pico, Dominick Lally, Carl F. Hundertpfund and Edgar D. Mock Jr. as trustees.

Both French and Sargeant are beginning second terms. All trustees elected will serve three years.

Noonan: An Attorney

A graduate of Columbia Law School, Noonan was admitted to the bar in 1955 and is a former legal assistant of Governor Robert Meyner. He also served as Deputy Attorney General for New Jersey.

Noonan presently is counsel for Shammoon Industries, New York City; he is married to the former Ann Kearns of Newark and has three children. Noonan served as county chairman for the 1957 Sister Kenny Drive and is a veteran of World War Two.

Hundertpfund: Fire Chief

Hundertpfund, one of five elected trustees, is a native of Belleville and is especially known for his work with the Belleville Fire Department; he was named chief of the department in 1958. Hundertpfund is with the Belleville Public Works Department.

Among his activities, Hundertpfund lists the FMBA, Knights of Columbus and the Muscular Dystrophy Drive. He served as campaign chairman in Belleville two years. Married, he is the father of three children.

Pico: Campaign Experience

Pico, a Belleville Commissioner, is director of the town's public affairs department. A lifelong resident of Belleville, Pico is currently a PTA president. He was graduated by Newark College of Engineering.

A former scoutmaster, Pico has served as district chairman in local Red Cross drives. He has two children.

Mock: Businessman

Mock was born in Pittsburgh, Penna. and attended the University of Pennsylvania. He is presently associated by Paymaster Corporation.

Mock is married to the former Janet Ruden of Belleville. The couple has one child.

Atomic Energy Speaker Coming To High School

Matt F. Kashuba, "traveling science teacher" from Oak Ridge, Tenn., will visit Belleville High School next Monday through Friday to present a series of special lecture-demonstrations on a variety of scientific topics.

Kashuba is one of twenty-nine science teachers trained in Oak

Ridge during the past summer now touring high schools throughout the United States including Hawaii and Puerto Rico. Sixteen of the teachers represent the Oak Ridge Institute of Nuclear Studies (ORINS), which conducts the Oak Ridge Traveling Science Demonstration Lecture Program under the joint sponsorship of the National Science Foundation and the United States Atomic Energy Commission.

Local CYO Will Work For Town Dimes Campaign

This coming Sunday has been proclaimed as "CYO March of Dimes Sunday" in the Essex West Hudson area by the Rev. Vincent F. Affanoso, county CYO director. Groups from St. Peter and St. Anthony's Churches in Belleville plan active participation.

Last year CYO members at St. Peter's Church collected 264.37 to rank with the top parishes in the county. In the fifteen years of the CYO drive, St. Peter's CYO has turned \$6,598.60 over to the March of Dimes, the second highest total in Essex County. St. Anthony's CYO raised \$189.32 a year ago for an overall total of \$707.42.

In a special message to CYO moderators throughout the county, he has asked them to organize their groups for special collections outside of all churches that day.

The collection is one of the key aspects of the month-long CYO campaign on behalf of the March of Dimes, a campaign being held for the sixteenth consecutive year. Last year the CYO raised \$8,201.98 on behalf of the National Foundation. In fifteen years it has collected \$132,839.18.

Other fund raising activities besides the collection will be planned by parish units themselves. Included will be a drive among the school children in many areas, special basketball games, dances and parties.

In his announcement, Father Affanoso reminded CYO members that their help "can bring fresh hope and new courage to those afflicted with dreadful, crippling diseases." He asked parishes which could not arrange collections for the seventeenth to schedule them later in the month.

A membership tea will be conducted this afternoon by the Belleville Women's Republican Club. The affair is scheduled for 1:30 at the clubhouse, 51 Rossmore Place, Belleville.

Special 'Battle Page' On Education Board Election Starts Today

A special page of The Belleville Times will be set aside each week to carry complete developments in the current board of education election race.

All candidates have been notified that election statements not exceeding 350 words will be printed on the special page each week until the election.

Publisher Frank Orechio notes that outside of deadlines, only requirements of candidates is to have their releases "pertinent to the issues of the campaign." Orechio said that "personal slanders will not appear in our newspaper."

The first in the series of special board of education "battle pages" appears on page five of today's Belleville Times.

School Board Will Consider Its Budget At Session Tomorrow

The Belleville Board of Education will conduct a special meeting tomorrow night to consider its budget for the coming year.

Mary Shader, secretary to the board of education, told The Belleville Times yesterday the special session has been called for tomorrow, Friday, at 8 p.m., in Belleville Public School Eight, 183 Union Avenue.

According to law, the proposed budget must be published before January 25. The election in Belleville is set for Tuesday, February 9.

The complete text of the proposed budget of the school board will be published in the January 21 issue of The Belleville Times.

Members of the public are invited to tomorrow night's special meeting.

'Child Guidance Week' Opens Sunday In Town

The Belleville Child Guidance Association will meet tonight at 8:30 to make plans for "Child Guidance Week" which opens here Sunday and continues until January 23. "Child Guidance Week" was officially proclaimed as next week by Mayor Isadore J. Padula at Tuesday's Belleville Town Commission meeting.

Tonight's meeting, open to the public will be held at the Woman's Club home, 51 Rossmore Place, Belleville.

Plan Card Party

During the week, the association has planned a card party for Friday, January 22.

It will also be staged at the woman's club home. Many door prizes will be awarded and proceeds will benefit the North Essex Child Guidance Clinic.

Tickets for the card party may be obtained by telephoning Mrs. J. Noonan at Plymouth 9-3724. Tickets may also be obtained at the door next Friday.

"Child Guidance Week" is being held to focus attention upon the Belleville Guidance Association and its purposes.

The association is dedicated to the aim of informing the people of Belleville of the work being done by the North Essex Child Guidance Clinic and to promote a program of mental health education, especially as it relates to children.

In July, 1958 the North Essex Child Guidance Clinic was organized with assistance from the Essex County Mental Health Association and with the support of citizens from the communities of Belleville, Bloomfield, Nutley and Glen Ridge, which communities the clinic serves.

The clinic provides study and treatment of children with emotional and behavior problems. Any child under 16 years of age, living in Belleville, Bloomfield, Nutley or Glen Ridge, is eligible for treatment if it is found that the clinic can give him the kind of help needed. The child may be referred from any source—the parents or guardian, a social welfare agency, school, physician, etc.

And youths may be exhibiting anti-social behavior, such as rebelling against authority, running away, lying, refusing to conform

in school, or having reading and learning disabilities. The clinic offers services for the child in the educational field. In effect, any of the difficulties in the development of children as they are growing up might become a child guidance problem.

The North Essex Child Guidance Clinic is operated as a voluntary organization by its own board of trustees and is housed in quarters made available to it by the Clara Mott Hospital. It receives financial support from State funds, from the municipalities of Belleville, Nutley and from the Community Chest of Glen Ridge. In three years of its operation it will receive funds from the Essex County Mental Health Association, and it also receives contributions from civic, service and fraternal organizations.

Believing in the old but true cliché that "an ounce of prevention is worth a pound of cure," and viewing with alarm the rise of juvenile delinquency and the ever-increasing number of people being confined to penal and mental institutions, interested persons in the communities to be serviced by the clinic join together to form in each town a Child Guidance Association.

These associations are dedicated to the purpose of supporting the clinic in its objectives and publicizing in their communities the ultimate good which will insure to them from the establishment of this clinic.

The Belleville Child Guidance Association is now two years old. Its by-laws provide for at least four meetings each year. At these meetings the members are kept informed of the clinic's progress and are shown films and hear speakers on the subject of childhood problems and guidance.

Ambrose P. Wasdyke, of 8 Tremont Avenue, Belleville, will be honored next Tuesday at a luncheon in the Wortendyke Inn, Midland Park, marking his 35th anniversary of service with New Jersey Bell Telephone Co.

Commission Introduces Temporary 1960 Budget

John Donohue, the Belleville Foundation scholar of the year for 1959, a senior at St. Michael's College in Winooski, Vermont, is congratulated on his achievement by Mr. Paul De Hagara, chairman of the scholarship fund committee as William J. Orchard, president of the Foundation, looks on. Donohue, home for the Christmas holidays, was voted the \$500 award from the Foundation in October.

Recreation Dept. Lists Light Contest Winners

Commissioner George F. Kiernan announced the winners of the Recreation Department's annual home Christmas display contest. The winners are as follows: Henry J. Paganelli of 151 Garden Avenue; Frank Melitto of 75 Frederick Street; Hugh Kittle of 201 DeWitt Avenue; Howard Woodward of 192 Beech Street, and Miss Joan Zawadzki of 287 Stephen Street.

As usual, the judges had a very difficult time in making their final selections. Many of the honorable mentions were close to being winners.

Following are honorable mentions: John Zepka of 466 Jorammon Street; John Pico of 491 Jorammon St.; D. Mark of 75 Little Street; Joseph Resciniti of 36 Clinton Street; Jerry Lepre of 251 Division Avenue; Sophie DeRosa of 34 Plenge Road; Stanley Dopart of 24 Bellevue Avenue; Romolo Potenzone of 65 Newark Avenue and Louis DiBella of 159 White Oak Terrace.

Commissioner Kiernan extended his thanks to preliminary and final judges. Mrs. Carol Yudin and Mrs. Helen DeGrosso were the final judges; both are recognized artists.

Preliminary judges were Mr.

PTA's Planning Four Programs In Week Ahead

Parent-Teacher Associations in Belleville anticipate a busy week during the next seven days with meetings and activities scheduled by the respective groups at schools two, seven, eight and ten.

School Two PTA members will meet tonight at 8. The organization at school seven will meet Monday night and groups representing eight and ten will convene next Tuesday evening.

SCHOOL TWO
School Two PTA will highlight its session Tuesday night with a report concerning the state parents and teachers' convention. Presenting the report will be Representatives Mr. and Mrs. George McGraw. Mr. McGraw is the PTA president.

A second topic of school two's meeting will be the coming board of education elections.

SCHOOL SEVEN
"If Men Played Cards as Women Do," a skit, will be presented during Monday night's meeting of the school seven PTA. The entertainment will follow a short business session.

The skit was arranged by S. Fau, program chairman. The cast includes only men and among the participants are Dougherty, Czypolski, Cubellis and Jameson.

Fourth grade mothers, Mrs. J. LeLuca, Mrs. T. DelGuercio and Mrs. A. DeCroce, will furnish the refreshments.

SCHOOL EIGHT
Dr. Halsted Holman, member of the Scientist Committee on Radiation Information, will address school eight PTA starting at 8 p.m. next Tuesday. The public is invited to attend.

Dr. Holman of the New York Academy of Science, will speak on "Biological Hazards of the Atomic Age." A question and answer period will follow the talk.

Mrs. H. Atherton, program chairman, cites the unusual interest of Dr. Holman's topic in inviting the general public to the meeting next Tuesday.

SCHOOL TEN
A panel discussion concerning child development problems will be featured tonight when school ten PTA meets. The session is scheduled for 8 o'clock.

Knock Holiday Parties

Purchase of an \$8,000 accounting machine, introduction of the Belleville temporary budget and criticisms of New Year's Eve parties for town employees highlighted Tuesday night's session of the Belleville Board of Commissioners.

Commissioner Harry J. Sullivan missed Tuesday's meeting. Mayor Isadore Padula reported that Sullivan is recovering from a pneumonia attack.

Purchase of an accounting machine for \$8,196.75 was approved without objection. The device will be obtained from the Burroughs Company.

List Budget - Figures

In accordance with law, the Belleville Commissioners introduced a temporary budget Tuesday night to provide funds for municipal operations until the permanent budget is drafted and approved. Mayor Padula indicated Tuesday the final budget's approval will come in mid-March.

Breakdown of figures in the temporary schedule includes the following allocation for municipal departments: public affairs \$59,524.00; public works, \$61,450.00; public safety, \$230,887.50; parks and public property, \$42,944.15; revenue and finance, \$74,725.00 and dedicated water utility budget, \$87,543.00.

James Golden, speaking for more than ten minutes from the floor, criticized a New Year's Eve party conducted for workers at the town garage. Golden said he does not condemn holiday parties but objects to their being held on public property.

He said Commissioner Robert Gruhin was a "bit improper" in bringing "two bottles of spirits" for employees at the annual party. Gruhin didn't attend the gathering.

Gruhin said he wouldn't apologize for authorizing the party. He said that most town employees enjoyed an office type celebration December 31. Most departments closed early for the holiday.

Golden said the holding of such parties on public property is "an imposition upon the taxpayer." He did not explain this argument.

Rec Department Is Interviewing More Applicants

Commissioner George F. Kiernan announced this week that the Recreation Department will interview applicants for several types of work. Positions are open as playground directors, baseball and softball officials and a pre-school play director and summer Handicraft instructor. Any Belleville resident may apply for these positions provided that they meet certain qualifications.

Both male and female playground directors are wanted. Playground directors should have completed their first year of college, preferably majoring in Recreation, Physical Education, Education, or Sociology. Also important is a background of participation in sports, crafts or other organized activities.

Applicants for baseball and softball umpires positions will be selected on a basis of experience. For those who have little or no experience a clinic will be conducted.

The pre-school play director should be female, over 25 years of age, and in a position to work five mornings a week. Experience with young children is essential for this position. Ability in music and handicraft is also most important.

Commissioner Kiernan says that applicants for these positions may arrange an interview by calling the Recreation House. For the convenience of the applicants the Recreation Superintendent will conduct interviews on Saturdays when necessary. All applications must be made before Friday, January 29.

It is a Recreation Department policy, Commissioner Kiernan explained, to hire only Belleville residents except where no qualified residents apply. Hours

Winter Night

Pile high the hickory and the light
Log of chestnut struck by the blight.
Welcome in the winter night.
The day has gone in hewing and felling,
Sawing and drawing wood to the dwelling
For the night of talk and story-telling.
These are the hours that give the edge
To the blunted axe and the bent wedge,
Straighten the saw and lighten the sledge.
Here are question and reply,
And the fire reflected in the thinking eye.
So peace, and let the bob-cat cry.

Edna St Vincent-Millay

Anent The Tax Council's Lament

The President of the Belleville Citizens' Tax Council, in a letter to the editor this week took exception to an editorial appearing in this paper on December 15th. Our editorial made the point that in our opinion an alleged "tax chart" depicting the rise in taxes over a certain period of years for a "typical Belleville taxpayer" mislead the reader into believing that a change in the form of government would stop the rise. Now comes the Tax Council with the argument that we were unfair, that the comparison we drew in our December 15th editorial should have pitted Belleville vs a community enjoying the Council-Manager form of government. (For purposes of illustration, on December 15th we used statistics applying to our neighboring Nutley since we believe both towns are sufficiently alike to merit a fair comparison.)

In the letter to the editor the Tax Council cites Teaneck Township as a comparable community. One glaring omission in the Tax Council's letter to the editor is its failure to include a tax chart for a "typical taxpayer" in Teaneck since it was the Tax Council's use of the alleged "Tax Chart" which gave rise to our December 15th editorial.

We do not agree with the Tax Council that Teaneck is a community comparable to Belleville. However, waiving our objections aside, for the enlightenment of the Tax Council and Belleville Taxpayers we present below a comparison of vital statistics of Belleville and Teaneck.

| Teaneck Operating Budget | | | |
|-----------------------------|-------------|-------------|--|
| Year | Municipal | School | |
| 1954 | \$1,683,957 | \$1,854,970 | |
| 1959 | 2,177,433 | 3,819,294 | |
| Belleville Operating Budget | | | |
| Year | Municipal | School | |
| 1954 | \$1,356,127 | \$1,697,703 | |
| 1959 | 1,876,351 | 2,421,181 | |

| General Property Taxes Levied 1959 | | | |
|------------------------------------|-------------|-------------|-------------------------|
| | Municipal | School | County Total |
| B | \$1,671,978 | \$2,137,194 | \$1,104,597 \$4,913,769 |
| T | \$1,930,062 | \$3,380,474 | \$ 726,377 \$6,036,913 |

Exclusive of the County Tax levy over which the local municipality exercises no control, in 1959 it cost Teaneck taxpayers \$5,310,536 to operate their town and schools whereas the cost to Belleville taxpayers was \$3,819,172. Teaneck's '59 costs were \$1,491,364 more than Belleville.

More revealing is the 1954-1959 comparisons. Teaneck's 1954 municipal school budget was \$3,538,927. By 1959 the combined total had risen to \$5,996,727, for a five year increase in taxes of \$2,457,800! Belleville's 1954 municipal-school budget amounted to \$3,053,830. By 1959 the combined total had risen to \$4,297,532, for a five year increase in taxes of \$1,243,702, approximately 50% less than the rise experienced by Council-Manager governed Teaneck!

By replying to the Tax Council's criticism we do not wish to lead our readers into believing that we favor Commission form of government over any other. We have an open mind on the subject—and we wish to restate our position—if the Tax Council's singular objective is to keep down taxes by a change in municipal government the burden of proving this argument falls upon the leaders of the Tax Council.

To date the Tax Council has failed to make its point. It would be well advised to pursue its stated objective—a change in form of government—employing facts, statistics, and political techniques which can survive close scrutiny.

Richard Nixon's Hurdle

With Nelson Rockefeller's surprise withdrawal from the presidential sweep-

stakes, the Republican spotlight falls upon the diminutive figure of the astute Vice-President, Richard Nixon.

Many court-house minded Republicans believe Nelson Rockefeller would have been their best candidate to field against any Democratic hopeful. Liberals of both major parties thought so too. Perhaps Rockefeller will never be given the opportunity to test this belief. So now the Republicans are faced with a General Election this November at which time it appears Nixon will be the lead off man for the GOP. Now what about Nixon.

Earl Mazo's book, "Richard Nixon, Political and Personal Portrait" gives the reader an insight into this man Nixon. A reading of this book will provide the voter with a better evaluation of the candidate Nixon. In an attempt to analyze Nixon's chief problem between now and Election Day, November, 1960 (not an uncommon exercise these days), we view one hurdle of major importance.

As the Vice-President to a President who was fundamentally not a party man, Republican Richard Nixon has been cast in the role of chief hatchet man for the National Republican Party. This duty, which, incidentally he performed successfully and efficiently, much to the dismay and discomfort of important and well-placed Democrats, carved in the minds of Democrats and some Independents, the picture of Nixon as a man who placed party welfare above country.

Nixon's chief job between now and November is to disabuse Independents, Liberal Republicans and Democrats of this image. That he is capable of assuming the authority and discharging the responsibilities of the Presidency even his enemies will admit.

As we see it his main campaigning job will be to convince non-Republican voters that as President he will represent all Americans and not just Republicans. It is a big job but we believe Nixon can do it.

Bruiser Shaping Up, Case vs. Morris

At this writing the up-and-coming battle within the Republican Party for the Senate seat won by Clifford P. Case in 1954 will be no bed of roses. Robert Morris, former New York City Magistrate, has already entered the race against Case. Morris was a candidate for the Senate seat relinquished by former Senator H. Alexander Smith in 1958. He finished third in a three-man Primary contest won by former Congressman Robert W. Kean. Bernard Shanley, former secretary to President Dwight D. Eisenhower, finished second.

On the basis of that experience Morris now thinks he could defeat Senator Case in next year's primary. While Morris was born in Jersey City he is a relative newcomer to New Jersey Republican politics. The Morris supporters contend that he would be the strongest Republican candidate against the expected Democrat candidate Mayor John Grogan, of Hoboken. Unfortunately, as in the current discussions of presidential candidates and their relative strengths—the question of one's religion becomes a factor in trying to boost a favorite candidate.

We believe Morris, an articulate debater and competent attorney, can well develop his issues solely on the basis of Case's record in the Congress. Unfortunately, and beyond the control of candidates themselves, there will be found eager-beavers selling their favorite on the basis of special appeals to power groups.

Judging from the "smell of things," even at this early date, we look for a no-holds barred Republican Primary battle next year. We hope the boys at the lower levels remember to keep it clean.

Belleville Times Calling.....

By The Inquiring Reporter

Happy New Year! This is the first in a series of column under the banner "Belleville Times Calling." During the weeks to follow, The Belleville Times will be calling you, asking for your opinion on questions ranging from presidential elections to the merits of smoking a pipe instead of cigars.

Today's question is:

WHAT IMPORTANT EVENTS DO YOU SEE AS PROBABLE IN 1960

Answers to the question this week appeared to indicate Vice-President Nixon and Senator Kennedy will be vying for the presidency that rock 'n' roll is on the way out and that peace will prevail.

Among today's answers are such topics as television programming, women's clothing styles, the exploration of outer space and the opening of the sealed letter given three children fifty years ago at Fatima.

The comments follow:

MRS. ARTHUR W. GUERIN, 365 DeWitt Avenue, Belleville: I predict that a Democrat will be elected to the White House. Just who that man will be I am not sure. Actually, in my opinion, it doesn't make too much difference whether it's a Democrat or a Republican who is elected next November. I certainly hope and think it would be marvelous if we were to have world peace in 1960. If Russia would only stay in her own back yard, I am sure world peace would result. I don't think 1960 will see any major trouble from Red China.

MRS. GEORGE H. CLARK, 365 DeWitt Avenue, Belleville: This is the year of the presidential election and I predict our next president will be Richard Nixon. Although I read in the newspapers that many think Gov. Stevenson will oppose Nixon, I predict Nixon's opponent will be Senator Kennedy. I think 1960 will be a better year than 1959. I predict that much said in President Eisenhower's speech when he returned from his recent foreign tour will come true. The United States will more effectively use foreign aid in 1960. President Eisenhower will visit Russia in 1960 and I believe the trip will be very beneficial.

One important area, education, will continue to improve in quality during the coming year. Curricula, in grammar, high school and college will be broadened and improved. I believe 1960 will see the entire world become more "education-minded" which can only lead to better understandings and to peace.

MRS. FRANK PARRILLO, 353 Union Avenue, Belleville: I have been kept very busy with my two children (Lucille, one and a half, and Frank five years) that I haven't really stopped to think about the year ahead. One thing I predict and am hoping for is improved television shows. The recent disclosures that certain programs were dishonest has taken the fun out of watching TV for me.

I predict 1960 will pass without a major war and that steps will be continued toward achieving world peace.

HARRY T. FRENCH, 263 Little Street, Belleville: I feel 1960 will be the finest year we've had in several. There will be a lessening of tension and an improvement toward more peace in the world. I predict rock 'n' roll will disappear and that there will be less juvenile delinquency. Mr. Nixon will be the next President of the United States.

MISS PAULETTE FISCHER, 66 Terry Street, Belleville: Maybe it's because I'm young (Paulette is eleven years old), but I think rock 'n' roll will stay on during 1960.

I also predict that man will

get into space and that women's fashions will have shorter necklines and longer hemlines.

I believe Mr. Nixon will become the next President of the United States. Also, I think the school grounds should be neater and more grass planted in the bare spots.

MRS. VERNON DePASS, 19 North Carpenter Terrace, Belleville: During 1960 I predict Americans will travel more. Although the farthest I'll probably get in 1960 is to Cape Cod next summer, I think that the new jet airliners and airports will attract and encourage more traveling.

Some things I don't think will come about in 1960 are complete world peace, or a man in space. Rock 'n' roll music is on the way out.

I also predict a hot summer and a mild winter.

MISS ESTHER CERLIGIONE, 40 Naples Avenue, Belleville: (Miss Cerlione, 14, is the daughter of Mr. and Mrs. Joseph Cerlione.) Religion will be an important factor in 1960.

First of all, the United States will elect its first president who is a member of the Catholic faith—Senator Kennedy. I think his opponent will be Mr. Nixon. Secondly, the letter given at Fatima will be opened in 1960. I don't think it will be a very good letter as Our Blessed Mother has already said its reading "will be a shock to the world." Also, our late Pope read the letter and was impressed by it.

Finally, I predict a sharp decrease in popularity of rock 'n' roll music in the year ahead.

FRANK COLEMAN, 91 Ralph Street, Belleville: (Frank is thirteen years old and is the son of Mr. and Mrs. Maceo Coleman.) I think 1960 will be a very busy and fast moving year.

I predict that man will not only go into space, but will stop on the moon, visit its far side and then go on to visit other planets. I am not sure just what planets man will visit in 1960.

Also rock 'n' roll music will be replaced by religious songs. I don't think we will have a war in 1960. I think Mr. Nixon will be elected president and I hope for peace.

Mrs. Martha E. DeJONGE, 476 Joralemon Street, Belleville: I don't have any predictions for 1960. I am happy with things as they are now and hope things will turn out for the best in the coming year.

MRS. GERALD C. GUARINO, 162 Malone Avenue, Belleville: My only hope for 1960 is world peace.

MRS. ARMANDO VECCHIONE, 91 Mount Prospect Avenue, Belleville: I have three children and I haven't had time to think about this at all.

Six Candidates For School Board Open Campaign

Juliano Speaks Of New Trends And Their Need

Nicholas Juliano submitted the following for publication in The Belleville Times:

"Education keeps our society moving towards progress. It is the medium that will help us meet the challenges of our changing world. This challenge of world change demands continuous re-appraisal of our education and youth guidance programs. Today, this challenge is facing us, the parents of today. Tomorrow our children cannot meet this challenge without the necessary training and knowledge. We cannot give them this training and knowledge without purposeful planning to keep pace with the advances of science and the dynamic technology that will continue to alter our world.

"Our schools have hardly begun to incorporate this altered picture of the physical and social world of our times. Some critics assume that changes in curriculum will meet the needs revealed by our changing world. Others declare there is a need for more classrooms, more teachers, higher salaries and more assistance for talented students. These approaches refer to the machinery of education. They are necessary conditions for sound educational practice and points up the need for more state and federal aid to educa-

Mrs. M. Coronato Releases Report About 'Business'

The press release of Mrs. Mary Coronato follows:

"This week Mrs. Mary Reilly Coronato, candidate for re-election to the board of education, February 9, reports on her first year on the board. She discusses some business practices of the board of education and her part in steps to improve them. Her statement follows:

"Throughout business and government it has always been common practice to have a system of checks and balances is use of authority and expenditure of money. Rarely in these situations does any person get unchecked authority to act and to spend. Knowing this, and being anxious to be sure that the taxpayers get their money's worth from every dollar spent, I saw the need for a system of checks and balances in the business administration of the schools.

"I was astonished to discover that while the board of education prepared an elaborate annual budget, it had not provided for careful administration of the budget. I found no board policy existed which limited expenditures to any specified amount. None of us can give too much thought to proposed expenditures of the taxpayers' money. Only clearly shown need for the education of the children in our schools should cause the board of education to open the public

Joseph Granese Cites Need Here For 'Efficiency'

Nicholas Raino, campaign chairman for Nicholas Granese, gave the following statement to this newspaper:

"Having announced his candidacy for the board of education on January 4, Joseph Granese at a recent meeting of his supporters stated that if elected to the board of education he would concern himself with the realization of the following areas of efficient school system administration and operation:

"1. Most meetings of the board of education would be open so that all citizens in town could be aware of all that transpired at the board meetings.

"2. The curriculum would be re-evaluated with the administration and teachers in light of the demands of today's society.

"3. High academic standards must be insured so that our college bound students would be readily accepted by the colleges and our non-college students would be assured of a preparation that would allow them to make a living in the business world.

"4. All possible avenues of free federal and state aid for school construction, guidance, science, mathematics and foreign language programs should be exhausted.

"5. Broad guidance services should be provided for all high school students.

"6. The feasibility of establishing a Junior High School should be studied.

"7. Members of the board of education, administrators, and teachers should take part in workshops for the purpose of discussing current problems in the areas of curriculum, school policies and practices, and teacher welfare.

"8. Overlapping of effort and waste in school management, where and when evident, should be eliminated.

"9. The board of education should set up policies which should be carried out by the administrative and teaching staffs.

"10. Better teacher-parent co-operation and understanding should be encouraged.

"Granese feels that if we are

Arvidson Lists His Seven-Point Election Platform

The statement of Ernest S. Arvidson follows:

"The many issues confronting the Belleville Board of Education are so numerous that it would be impossible to include them all in any specific platform, and as a taxpayer citizen of Belleville, desiring the most education value for my own tax money, I submit the following seven points, which during the course of the next four weeks I hope to discuss in greater detail.

Lists Points

"1. The Board of Education should only set policy, and the trained educators should have responsibility to carry out that policy.

"2. Education is a continuing process. The ideal we should strive for is to endow our children with a desire to learn.

"3. Gifted Students. Since all children will not learn as rapidly as others, the faster learning students should be given a greater challenge.

"4. Guidance must play an increasing role in our educational program since we are undergoing rapid sociological and technological changes.

"5. Completing High School. No capable student today should leave school without a full high school education, not only because he will better himself eco-

Walker: Town Must Have Top Notch Schools

John Walker's statement to The Belleville Times follows:

"John Walker, 143 Bell Street, graduate of the Belleville schools, former athlete, veteran, parent local businessman candidate for election to the board of education, February 9, today gives his views on the board of education. Walker said:

"People have been asking me why I am a candidate for election to the board of education. This is a reasonable question. As we all know, members of the board of education serve without pay. Their objectives in serving are, therefore much harder to discern than those of many other public officials.

"Being civic minded I would like to lend my support for continued progressive education so that Belleville will remain a first class school system and also to keep the taxpayers in mind about their dollar. I am very happy with the Belleville Schools. I shall always welcome questions or information from any quarter, but I shall always reserve the right to think carefully about all matters and to reach my own decisions. To do less would be unthinkable.

"Sound Decisions"

"I shall be happy to work with all members of the present board of education. From having chil-

Caraciola Says He Would Serve With 'Open Mind'

The following biographical sketch of candidate Nuncio Caraciola was submitted to The Belleville Times by Walter P. Weiss who is Caraciola's campaign manager.

"A native Newarker, formerly in the auto body building business, woodworking business, and now in business with his wife at 58 Roosevelt Avenue, Belleville, where they conduct a grocery and lunch business, the father of two daughters and a son the parents are proud of their children who have received a liberal education in the public schools of Belleville, and he will dedicate his efforts to continue this method of education for the children of Belleville, and where necessary and possible he will endeavor to improve upon it.

"He is an independent candidate, liberal in his approach to the many problems now confronting the educational system, and he feels that any alignment with any incumbents seeking election, or new candidates seeking election, will impair any approach to the problems that will necessarily arise during the administration of the education of some 6,500 children in our town. He will, if elected, assist in the best educational standards obtainable, with an open mind, and does not wish to be concerned with past

'Aroused Citizens' Offer Support For 2 Candidates

The Aroused Belleville Citizens Committee of the one hundred members has endorsed Ernest S. Arvidson and Nicholas Juliano as candidates for the two three-year terms on the board of education, to be filled at the February 9 election. In so doing, Co-chairmen William A. Boyd, Allan H. Crisp and Edward J. Ackerman issued the following statement:

"The ABC Committee is 'grass roots' movement whose only purpose is to strengthen the board of education by electing the most capable candidates in the field.

"The total value of our educational facilities and the budget required to operate them efficiently runs into the millions. Even more important, the welfare of our children makes it imperative to recruit and support the strongest possible candidates.

"Furthermore, under the elective board system, the well-known indifference of the voting population makes it possible for candidates whose abilities are comparatively unknown, or who have been placed in the race as stalking horses for unidentified political backers, to conduct a back porch, neighborhood type campaign of promises and platitudes.

"For all of these reasons, the leaders of independent thought and action in the community must step forward and identify themselves publicly with those candidates who, in their consid-

ered opinion, will do the best job.

"We have the kindest feelings toward each and every candidate who seeks these difficult positions of responsibility and trust. However, we would consider ourselves remiss, in our civic duty if we did not rise above personal-

Are you retiring from work? It's time to retire, too, from the responsibility, upkeep and cost of a city home.

Thanks to a new housing bill passed in October, we can now trade-in your present home and guarantee you the full appraisal value even if it is not actually sold prior to your moving in to Bell Crest Park.

This is an excellent opportunity to get the full, legitimate market value of your old home and acquire a new one that will put real security into your retirement.

FORD'S ECONOMY TWINS FOR 1960

The Economy Choice of a lifetime — Two new Fords... Two new low-price fields...

Two wonderful new ways to go "The Finest"

THE 1960 FORD FALCON

Now there's both a new economy-size Ford and a large
economy-size Ford.
The new economy size is the Ford Falcon—Amer-
ica's lowest-priced 6-passenger car. It's up to \$124
less than other 6-passenger cars in the compact field.*
It goes up to 30 miles on a gallon of regular gas.
Service is easy and repair costs are low. You can
even save up to 15% on your insurance.
And the Falcon is the one American compact car
that is thoroughly proved for American driving.
There's room for 6 people—luggage and all.
*Based upon a comparison of manufacturers' suggested retail delivered prices

THE 1960 FORD FAIRLANE 500

Now consider the large economy-size Ford, the Fair-
lane 500. Here is the most car per dollar ever built.
The Fairlane 500 brings you fine-car styling, luxury
and comfort, yet it offers Falcon economies like reg-
ular gas, 4,000-mile oil changes, double-life aluminumized
mufflers, and no more waxing. Like the Falcon, too,
it brings you big price news: \$142 less than last year's
popular Fairlane 500!
Come see, come save, come pick the Ford economy
twin that saves and serves you best. Visiting hours as
usual at your Ford Dealer's.

UP SPEAK

On December 15th and 22nd, the Belleville Times ran an editorial stating that the Citizens' Tax Council was wrong based on certain comparisons between Belleville and Nutley.

Professor Einstein, in his theory of relativity, pointed out that all things are relative. Thus, in a population of midgets an average man is a giant; whereas when compared to giants he is considered a midget.

On this basis, we agree with your editorial that when compared to Nutley, Belleville is relatively fair. However, in all sincerity we believe this to have been an unfair and misleading comparison because both of these towns are governed by the same type of (inefficient) commission form of government and therefore, relatively speaking they compare favorably.

We of the Tax Council suggest that your editorial might have been more realistic had you compared Belleville with a community of approximately the same size, governed by a city manager. This would have been a much fairer comparison because we advocate the council managed type of government for Belleville.

We would therefore like to be given the privilege of making the comparison between Belleville, with its commission government, and Teaneck, with its council manager type of government.

Teaneck has a population of 40,000 people and is reputed to be the most efficiently operated town in the state of New Jersey. To illustrate our point, the same

advantages for the tax dollar as are available to communities under council manager government.

Here is what Commissioner Kiernan had to say about commission government. His remarks were printed in the November 14, 1959 issue of the Belleville Times.

"There is a need for improving the climate and operational efficiency of Belleville's municipal government. There is a clamor for the change and a mounting public dissatisfaction over existing town conditions."

We are glad Commissioner Kiernan feels this way because in our opinion any type of centralized government is better than a disorganized group such as a town commission.

If it were a good method of management, private business would certainly use it. We know of no business on record that is run in a manner similar to a town commission. If it were, it would soon be bankrupt. That is where the people of Belleville are headed unless they do something about it.

As further testimonials: In the issue of December 23, 1959, John A. Brady, a former Newark commissioner, who served on the Newark commission for eight years declared:

"The commission form of government is a useless outgrowth, outmoded type of government which not only failed the people but also produced a far reaching public loss of confidence in a system of sinecures, conflicts and confusion."

In the January 3, 1960 issue of the Newark Star Ledger, Essex County Democratic Chairman, Dennis F. Carey, referring to the attempt of disgruntled politicians to return Newark to commission government declared:

"A return to the commission government would stop the great and positive plans for redevelopment in Newark."

Common sense is our last testimonial. A government of five disinterested unqualified politicians with no back ground or training to administer a complex business such as Belleville can only work for the personal benefit of the politicians at the expense of the Belleville taxpayer.

We suggest that the Belleville Times lend its support to sponsoring the council manager form of government for the people of Belleville because it is in their best interest.

If you will grant us future space in your newspaper, we would like to continue with these articles in which we will outline for the people the detailed advantages which will accrue to them if they support us in our "FIGHT FOR A CHANGE" to council manager government.

Hebrew School Planning Program For January 21

All of the classes in the Hebrew School of Congregation AA, Belleville, including the primary groups, will participate in a special program January 21, at 7:30 p.m., in the Academy Street Building.

Mrs. Ruth Robbins, PTA president, said the program will climax "Open School Week," and will allow the parents to see what the children have accomplished to date.

Edward B. Daley Earns Highest Marks at College

Edward Brian Daley, son of Mr. and Mrs. John J. Daley, of 29 Lorraine Street, Glen Ridge, was awarded first honors last month by the dean of Fordham College, Rev. Lincoln J. Walsh, S. J. Daley attained the highest mark in the sophomore class last year, a 94.00 average. The 19-year-old junior, a graduate of St. Peter's Prep., is also active in extra-curricular affairs. He is

nomically, and thereby make a better contribution to our community, but he will have a fuller and more enjoyable life. Students not going on to college should find courses geared to their needs, and interests.

"6. Public Relations. I would encourage participation on the part of businesses and interested citizens in our educational program. There should be frequent releases dealing with the school accomplishments and problems."

"7. Lay Committees, should be composed of qualified persons in the particular field being studied. A small committee of dedicated persons who know the matter being studied will accomplish more than a large committee who are unfamiliar with the matter."

With reference to point number one, This Board is responsible for a school plant worth approximately \$10,000,000 and dispenses annually \$2,250,000 of taxpayers monies. It is charged with setting up policies which will insure that our children will receive an education suitable to their needs.

"To fulfill these immense responsibilities the Board functions much as a Board of Directors of a Corporation, for after having established their policies and set their goals they employ able administrators, who are trained in this field, and the Board charges these administrators to carry out the policies. The Board then meets regularly to determine how well these policies are implemented and whether new policies should be adopted or old ones changed."

"No member of the Board of Directors of a corporation or the chairman of the Board would venture to give orders to anyone who is under the supervision of the administrator selected by that Board. Similarly, no member of the Board of Education should give an order to anyone on the school staff, since to do so would ultimately result in chaos, as various members of the staff, in order to secure their just rights would be forced to play politics with the school administrators and various members of the Board."

"A school administrator must be able to select trained personnel of the highest calibre possible, and to treat these people fairly and justly if we are to have good morale amongst our teachers and other Board employees."

"It is obvious to a close observer that much of the difficulty the Board has experienced during the past year has been in this area. If I am elected to the Board of Education I would diligently strive to improve upon this condition, since we can not have good education and receive full value for tax money unless we have a businesslike and efficient administration."

Mrs. Coronato

(Continued from Page 5)

purse. This is a responsibility which can only be assigned to the board of education and not to its administrators.

"The need was clearly indicated for the adoption of a policy by the board to limit purchases to be made without board approval. A resolution was adopted by the board which established the policy of limiting expenditures to be made with board approval to \$100, with the only exception to be that of an emergency. Only by expenditures being proposed to the board and discussed with it can members be fully accountable to the people who elect them."

"Another resolution which I introduced and which was approved by the board, although not unanimously, limited expenditures to the amounts appropriated in the current budget thereby rescinding previous years' resolutions for tax reduction purposes."

"During the past year, the Veterans' Committee came before the board and requested the closing of school all day on Veterans' Day in honor of those who died in battle for the cause of freedom. Of this I agree and I will be, wholeheartedly in favor."

"Should we choose to re-elect me to the board of education, I shall continue to work to provide the best education for the children of the Town of Belleville that is possible with the moneys approved by the electorate for this purpose."

tion to help communities carry rising school costs.

Quality of Teaching
"However, I feel rather strongly that we are giving the least attention to at least two most important areas. First, how can the quality of teaching be improved? The key is the teacher and the concern of the institutions that prepare them for their profession. The other a more comprehensive counseling and guidance program to encourage students to go on to higher education which is vital to the future of America."

"We will never know how many accomplished atomic scientists, missile experts, cancer specialists or language students we have lost forever because of a lack of comprehensive guidance programs for our nation's high school students."

"Such approaches to education require that considerable time be devoted to school needs, and as greater expenditures become necessary to meet these needs, we will be reminded that 'time is money.' Costs will rise despite sincere efforts to economize. The conviction that we never waste funds or efforts to discover where students' aptitudes lie, is as fundamental as freedom itself. There is no 'inexpensive short-cut.' If you do not share this conviction, then you as parents must face the unavoidable question: 'Can we afford to 'short-change' our children in the training and knowledge they must have to meet the challenge of change?'"

Granese

to provide realistically and adequately for the school children of Belleville is imperative that these areas be given immediate and serious consideration by all board members, and that all voters elect men to the board of education who will give these and other pressing school problems their full attention."

ities in recommending to our friends and fellow townspeople that they vote for those whom we sincerely believe to be the most qualified.

"Having stated our case, we are perfectly willing to abide by the decision of the electorate. We do strongly urge all who wish to work with us to call any of the co-chairmen."

At present, members of the Executive Committee are: Messrs. William Bennett, Jack Boyd, B. N. Colehamer, John Noonan, H. M. Hernandez, John DiRienzo, Joseph Joscak, Ross Fulmore and Mesdames Elaine Skinner, Ann Noonan, Nancy McCarthy,

Julia Wells, Dorothy Axtell, Patricia Schroeder, Pauline Allen, Claire Pepe, Lucille Atherton, Evelyn Simcox and Beverly Apper.

issues which have been freely publicized in the daily press, giving our educational system a bad taste in the mouths of many of our residents, and making the town a source of gossip, and not of a very complimentary nature."

Walker

dren in the schools and being as observant as possible, I am pleased with the work of the board of education. While I believe that public fanfare should be avoided as much as possible, I believe the most important thing is that the board arrive at sound decisions. I approve of the adult evening school and the proposed summer school. I was glad to see instruction in speech and remedial reading come to our elementary schools. I do think, however, that more can be done with remedial reading at the high school level.

"I believe that good schools are worthy of the devotion of all citizens. To keep our schools good, Belleville must continue to pay good salaries and to buy adequate supplies. The taxpayers do not have a penny for nothing, but I am sure they can find the dol-

lars needed for good education for their children.

"Should the voters show their confidence in me by electing me to the board of education, I shall consider my new office as a sacred public trust."
