Preparations for tonight's Mothers March and other activities connected with the Belleville March of Dimes drive, were completed at an organizational tea held at Parillo's. About 150 volunteer women who will participate in tonight's march attended.

Seated above, left to right, are Commissioner Harry J. Sullivan, local chairman; Mrs. Mary Reilly Coronato, chairman of the women's division, and Father Francis Ignacinos, moderator.

Standing, left to right, are John Westlake, Martin McNish, Linda Marono, John VanDuyne, Patrick McNally and James Sullivan. (Kondreck Photo).

## Groups Aiding Dimes Drive, Mothers Will March Tonight

The mothers will march to night. More than 150 mothers have volunteered to participate in tonight's "Mothers March Against Polio" in behalf of the dimes campaign in Belleville.

Commissioner Harry J. Sullivan, chairman, has set a goal of \$10,000 for the town campaign. More mothers as participants in tonight's drive are welcome; new volunteers should contact the representative chairman listed by school districts below.

Sullivan has announced the following townspeople are serving on committees. Mrs. Mary Reilly Coronato, Woman's Division chairman; Mrs. Frank DiRuggiero, Mother's March chairman; Romeo Mattia, advance gifts; Russell V. Hopkins, business men; Norman D. Lauterette, industry; Dr. Frank DiRuggiero, professional; Evan H. Thomas, schools; Rev. Francis Ignacinos, Rabbi Victor Cohen and Mrs. George Newman, churches; Mrs. Joseph Tremel, secretary; Joseph Howley, treasurer; Philip Newsome, canisters, and Mrs. Fred Scheurman, Mrs. George Urchul, Mrs. Peter Johnson, and Mrs. George Sosin, organizations.

Sullivan has also stated that the following mothers will assist Mrs. DiRuggiero as captains: school district one—Mrs. Vincent Hearn and Mrs. Robert Haley, school two—Miss Elizabeth Forgiogione, school three—Mrs. Walter Loesner, Mrs. Anne Albers and Mrs. D. Alfieri, school four—Mrs. Viola Spray and Mrs. Peter Nappa, school five—Mrs. Robert Mess and Mrs. Harry Sullivan Jr., school seven—Mrs. Peter Walker and Mrs. N. R. Pico, school eight—Mrs. Allen Conklin and Mrs. Sydney Bell, school nine—Mrs. Charles Macaluso and school ten—Mrs. Henry Minasian and Mrs. Kenneth Broo, St. Peter's, Mrs. Michael Dacey.

Over 150 mothers have volunteered for the march. However, more volunteers are needed. Any one wishing to donate an hour of her time on that evening, Thursday, January 28, 7 to 8 p.m., is asked to either contact Mrs. DiRuggiero, the captain of the particular school district in which she lives or the school principal.

## Democratic Club Elects Its First Lady President

New officers have been elected by the Democratic Club of Belleville. Miss Adela Madis of 40 Charles Street, succeeds Raymond R. Jordan as president.

Jordan was the group's charter president. Others elected at the session held at Christian's Restaurant, include the following: Emil Senatore, 192 Passaic Avenue, executive vice - president; Frank Simeone, 113 Ralph Street, first ward vice - president; Miss Anne Boylan, 32 Van Houten Place, second ward vice - president, and Charles E. Mitchell, 97 Oak Street, third vice - president.

Also, Frank J. Teufel, 20 Charles Street, fourth ward vice president; Miss Marion Malcolm, 6 Crestwood Avenue, recording secretary; Christopher J. O'Holoran, 40 Charles Street, treasurer, and Raymond R. Jordan, 51 Walnut Street, trustee.

## Auxiliary Police Special Meeting Is Next Monday

Belleville Auxiliary Police Division will conduct a special meeting next Monday to open a series of sessions designed to refresh members with procedures followed by the group. Monday's meeting will be held in the recreation house at 7:30 p.m.

Magistrate Edward J. Abramson will address Monday's session on the topic "Authority and Rights of the Civilian Police Officer." The meeting will also commence a training program for probationary officers.

Captain Walter P. Weiss of 242 Ralph Street said last night that a few vacancies are open on the force.

Qualifications for members are to be American citizens, at least 21 years old, Belleville residents and willing to participate in the training and first aid courses.

Newly elected officers of the Democratic Club of Belleville, are already making plans for the busy season ahead as is indicated by this photo. Seen above, left to right, are Mrs. Edward Wallock and Miss Adela Madis. Mrs. Wallock, the new corresponding secretary, discusses future plans with Miss Madis, new president.

## Citizens Ask Hard-Hitting Questions at PTA Forum

Listed below in the order originally presented are the questions which were addressed to the five candidates for the board of education at last week's "Candidates' Night" sponsored jointly by Belleville PTA groups.

Approximately seventeen questions submitted by the audience were not posed. The moderator, Mrs. Milton Margolis of Cedar Grove, eliminated the seventeen questions because "they pertained to personalities rather than the issues of the campaign."

The questions and answers follow:

**(1) Do you Support the School Board Budget?**

Walker: Yes I do.

Arvidson: The budget was presented much too late to permit me to study it in the manner I'd like to. I don't think the budget is exorbitant but I wouldn't say I am in favor of everything in it. I think the budget ought to be passed and let the new board of education cut expenses where possible.

Mrs. Coronato: Yes. We've spent countless hours working on the budget.

Grane: I agree with Mr. Arvidson. The budget only came out in today's issue (Jan. 21 Belleville Times). I am in no position at this time to make a statement on it.

Juliano: From a preliminary examination, it (the budget) seems to be a very modest one. At first glance I would say I'm not opposed to the budget.

**What, In Your Opinion, Are the Responsibilities of the Superintendent of Schools?**

Walker: Simply to carry out the policies which the board of education sets.

Arvidson: I feel a superintendent of schools should be given the privilege of carrying out his job with no interference from the board of education once the policy has been established. Interference by the board in the superintendent's duties can only lead to politics.

Mrs. Coronato: The superintendent is an employee of the board of education. We are a policy making body. The superintendent should follow the instructions of the board. His instructions, however, should be given at the board meetings and not at private conferences with individual board members.

Mr. Grane: The superintendent is well qualified in Belleville. He should have a full-time job of running the school system. The increase in amount to be raised by local taxes, the board said last night, is \$66,542.

Albertine noted that Belleville has a "swollen reserve" which he believes "should be tapped this year."

Continuing, Albertine said, "I am not against reasonable salary increases for school personnel, but I am against any unjust sacrifice on the part of the already burdened taxpayer. This business of school budgeting is a two-way street. If we want help and understanding from the Belleville taxpayer in improving the condition of our schools and expanding our curriculum, we must help the taxpayer by understanding his problems and holding the line if possible."

**RUTGERS REPORT**  
Albertine told last night's hearing that only by tapping the surplus "can we build good will in our community toward our school improvement program soon to be made public through the medium of the Rutgers Report."

He concluded his remarks last night by saying that "to carry a

should not be any interference with the superintendent's work.

**Do We Need a New School in Belleville?**

Walker: A committee of 100 members is now studying the Rutgers Report. If the report shows that a new school is needed and if the committee, which is representative of the whole town agrees with the recommendation that I would support a new school.

Arvidson: We do have a problem in school facilities in Belleville. The high school, for example, is not giving the proper education to students nor is adequate space available. Home-rooms are held in the cafeteria and study hall periods in the auditorium. This situation certainly doesn't lead to the best methods of education. In the grade schools there is overcrowding in some places, small classes in other.

I believe it is the duty of the board of education to study this problem of space and come up with recommendations. In my opinion a committee of 100 members is too large to be worth anything; this group has 100 different opinions and when this is the result, the accomplishments are little. The board of education should stand on its own two feet and render a decision on this question.

Mrs. Coronato: I shall see that the ideal for a new school is properly presented to all citizens in Belleville. After all, we (board members) are servants of the public.

Grane: We need a lot of things besides a new school. In my ten point platform I suggest that we consider a new junior high school. Of course a new high school would come eventually. People of Belleville are already overburdened with taxes now—but I would go along with a new school for it's in the interests of the children. However, I would go along with a new high school only when we can get federal and state aid. It is up to the people of Belleville to see if there is enough money in their pockets to pay taxes. I'll let the people decide. (Mr. Grane told The Belleville Times after the forum he would put the question before voters on a referendum—editor.)

Juliano: This problem of more schools dates back to before I was a resident of Belleville; it is an old problem. There isn't any better investment for our children than education. I'll go along with a new high school.

**Should the Board of Education Bypass the Superintendent in Administrative Matters?**

The passage of the bill makes it legal for a bowling alley establishment to keep business hours twenty-four hours a day. Prior to this week around the clock operation of the Washington Avenue firm conflicted with a 1927 dated ordinance.

When residents in the area objected to continuous operation of Olympic Bowling Alleys, Sol Feldman, president of the firm, promised to erect a fence before May 15 to block light emitting from the establishment and disturbing neighbors.

Residents also asked that the building be sound-proofed.

James Golden of 62 Tappan Avenue said that empty liquor bottles have been scattered around the premises. Golden asked that the ordinance be tabled "to permit a review of every facet of the situation." He also suggested police permanently patrol the premises.

**LIST INSTRUCTORS**  
Among the instructors lined up for the series are Dr. Leslie L. Miller, Dr. James E. Gardham, Dr. John A. Sarno, Dr. Robert P. Zammitt, Dr. Daniel E. Kavanaugh, Dr. Paul Strassburger, Dr. Milton Prystowsky, Dr. Edward P. Duffy Jr., Dr. George F. Stoll and Mrs. Caroline Addison, nutritionist of the American Red Cross.

Topics to be covered during the ten - week series include blood pressure, heart attacks, treatment of breast cancers, varicose veins, leg cramps, swollen feet, poor circulation, nutrition, arthritis, rheumatism, back pains, heart disease in children, children's behavior problems and

**PTA Three Is Planning Card Party For Jan. 29**

A card party will be held this Friday, January 29, by Belleville PTA Three in school three. The event is scheduled for 8 p.m.

The public is invited to this principal fund-raising affair of the group. Prizes and refreshments will be featured.

**EASTERN STAR**  
Belleville Chapter of Eastern Star is preparing a card party for Friday, February 5. The affair will be held in the Masonic Temple, Joralemon Street, at 8 p.m.

Mrs. Robert Sickles is chairman.

## Board Candidates Divided Into Two Interpretations Of Superintendent's Duties

The fundamental issue in the current board of education election race appears to be the answer to the question "What is the relationship of the superintendent of schools to the board of education?"

This board - superintendent issue has taken on several forms during the past week, both at Thursday's "Candidates' Night" forum and in the flock of press releases published in today's Belleville Times.

The issue isn't by any means a new one. Back in April 1954 the Essex County Grand Jury handed down a presentment against the Belleville Board of Education which placed the blame for inconsistencies in school administration practices on the fact that a division was evident among "those who favored the superintendent's recommendations and those who sided with the business manager."

That presentment, published in large sections in a Belleville Times editorial last week, said that the board-superintendent issue had resulted in loose and careless business practices and procedures in the areas of maintenance, purchasing of supplies, handling payrolls and keeping school business records.

**AT FORUM**  
Citizens indicated during the question and answer period at the "Candidates' Night" program that the board-superintendent

ent issue is still a key to good school management.

Twelve of the seventeen questions put before the candidates by citizens Thursday pertained to this basic issue.

**CANDIDATES**

Most of the six candidates in the current race have made it clear where they stand on the board-superintendent issue. Two candidates have not been outspoken on the issue, however. Joseph Grane's campaign to date has been centered around a platform plank of "upgrading curriculum and raising school standards." Nuncio Caracciola has not commented on the relationship issue at all.

Although none of Grane's ten points in his platform come anywhere near to approaching the key issue in the campaign, Grane responded to a question at Thursday's forum with the comment: "The superintendent is well qualified in Belleville. He should have a full-time job of running the school system."

When it comes to the other four candidates, Ernest Arvidson, Nicholas Juliano, John Walker and Mrs. Mary Coronato, things are different. All four have taken strong positions on the relationship issue.

**EVEN SIDES**

The sides are even. Mrs. Coronato and Walker are happy with the way things are today. Arvidson and Juliano are hammering away saying that unless the board and the superintendent can get together, the board will turn into a political manifesto.

Today's press releases from both Mrs. Coronato and Walker directly and indirectly mention Arvidson and Juliano's names.

Walker's release carries the issue to an extreme. He says Juliano and Arvidson "could make the superintendent the master of both the board of education and

the schools."

Mrs. Coronato comments on the question: "The superintendent should follow the instructions of the board. He is an employee of the board of education." Mrs. Coronato's release to The Belleville Times today elaborates on the relationship issue.

**CHALLENGERS**

Arvidson and Juliano appear to be the challengers in the sense they both are opposing practices effected by the board of education which have been supported by Mrs. Coronato and Walker.

Arvidson told the PTA forum Thursday that "interference by the board in the superintendent's duties can only lead to politics." Juliano added the phrase "dual control" to describe the split relationship in evidence on the current board. The same phrase "dual control" appeared in the Grand Jury Presentment in 1954.

**UNTIL ELECTION**

What the next ten days remaining until the election will develop is anyone's guess. But so far, the board campaign has actually centered around Arvidson and Juliano.

Mrs. Coronato is running on her record as the only incumbent among the six candidates.

Walker is following the basic principles of the present board; his main gripe concerns the hiring of any but full - certified instructors. But since these less-than - fully - certified instructors were hired for the most part to fill spots vacated once the school year had begun, devalues the importance of the certification issue.

**WHAT'S LEFT?**

So with Mrs. Coronato and Walker's being more or less content with the way things are, and with Grane and Caracciola's left-field positions, only Arvidson and Juliano are left.

Both Arvidson and Juliano are fighting an uphill battle. Both are supported by a quickly-organized "Aroused Belleville Citizens Committee of 100" and both have hit at the core of issues in the campaign.

The pair have not only touched off comment from citizens, but have alarmed both Mrs. Coronato and Walker as is indicated by the latter two's comments Thursday night and their statements appearing in today's newspaper.

## Merchants Will Meet Tomorrow To Hear Reports

The Washington Avenue Merchants Association will conduct a general meeting tomorrow evening at 9 p.m. in its local headquarters. Listed on the agenda are reports from the group's transportation, parking and promotion committees.

Frank Megaro, president, told The Belleville Times, "that great steps have been taken toward expanding the parking facilities in Belleville." A complete report on the group's proposals will be published in the Times next week.

The following members of the group, in addition to Megaro, met last week with the Belleville Planning Board to discuss steps to alleviate the parking problem in town:

Peter Cordasco, Micael Pariso, Arthur Jackson, Clayton Shepherd, William Dougherty, Anthony Florentine, Mrs. Phyllis Travasano and William McDowell.

## Men Here Earn Company Honors At 50th Mark

Several awards were presented at the fiftieth anniversary dinner of Eastern Tool and Manufacturing Company of Belleville held Saturday night at the Robert Treat Hotel, Newark.

Eleven employees were added to the firm's twenty-year "Old Timer" club. Carl E. Peterson, last surviving founder and company president and Rocco Perugini, oldest active employee in years of service, attended Saturday's affair.

Employees with twenty or more years of service now make up forty per cent of the total working force at the Belleville firm. Eastern Tool manufactures metal parts. The company was founded in 1910 at Newark by four Swedish mechanics.

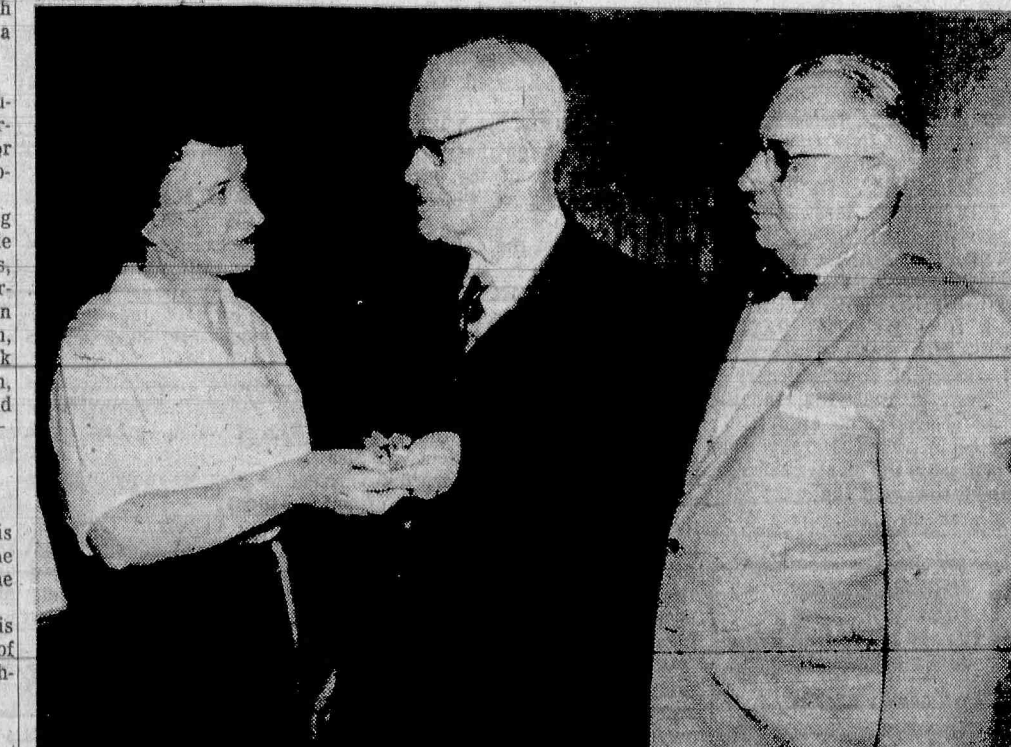

During World War Two and the Korean conflict the firm was an important supplier of Army ordnance material and bazooka rocket parts. A portion of the firm's effort is devoted to the manufacture of ordnance components for the Army.

Members of the twenty-year "Old Timers Club," most of whom were introduced at Saturday's dinner, are listed below.

They are Barbara Adelman, Edwin B. Anderson, Anthony Alessandro, Nelson Anderson, Ludwig Baudo, Hans Barsikow, Maurice Bartholdi, Oscar Berg, N. Hilding Bergquist, Clara Bonneau and Lawrence Boscano.

Jeremiah Bresnahan, Alphonse Cappetta, Mary Christiano, Arthur Coles, Vincent D'Alessandro, Jacob Dannheimer, Jennie DiBenedetto, Andrew Dolch, Viola Dunn, John Ekstrom, Freda Elia and Felice Emanuele.

# Board of Education Battle Pages Emphasize Issues

## E. Arvidson Suggests New Public Relations Promotion

Ernest Arvidson's statement to The Belleville Times follows:

"The apathy of the general public, to the public school system, has been stirred occasionally by a Sputnik or progress by a potential enemy, in arms for destruction.

"Interest, could well be encouraged on our own local level with a public relations program which would go to the public, with the schools' accomplishments and problems. A start in this direction is being made by the parent-teachers conferences and open house nights. This reaches most of the parents with children in the schools, but fails to reach other people who also have a stake in our educational program, such as local business people and residents with no children in school.

"Perhaps a school day could be set aside and an organized plan be put into operation by the board of education to encourage these people to visit our schools while they are in session, and to have at least one meeting with the board each year for a discussion of all facets of our educational program. Residents with no children in school should be encouraged to visit the schools and to attend board meetings.

"The board should work closely with the press and use other media in a broad public relations program, to stimulate public interest. Recognizing that the control of education rests in the hands of the people, with democracy in its purest form by the election of the school board members and the submission of the school budget to the people for their approval, it is imperative that all be well informed on school matters.

"Another effective method of public relations is with lay committees. Recent experience with a large lay committee on curriculum study, however, would tend to prove, that just because a lay committee has many members does not guarantee that it will be an effective committee. For the past two years the board has been waiting for a final report from this committee and much of the work of dedicated persons has been lost through confusion and poor organization.

## Granese Urges Upgrading Local School Curricula

Joseph Granese submitted the following press release for publication today:

"Probably the most important parts of my platform which I think should concern the voters of Belleville in the board of education election which will be held on February 9 is my concern with the upgrading of our curriculum and the raising of our school standards. If our educational offerings are to meet our national needs in this atomic age, they must provide our students with the intellectual tools to meet the problems of today and the future. To accomplish these objectives, I feel that these children — board members, concerned with educating our ministrators and teachers — should give special emphasis to the system's curriculum and standards.

"Because special attention needs to be given to our high school, I shall focus my attention on that area. I feel that the board of education must adopt a high school program that will be aimed at challenging top students and enabling every student to profit more from his high school training. Among the major features of my program would be the following:

"1. We should improve our scientific education at all levels. We must modernize our high school science and mathematics education. I believe that in these areas subject matter should have priority over all other considerations.

"2. We should apply for federal aid under the National Defense Act to reinforce our offerings in science, mathematics, foreign languages, and guidance at little or no additional expense to the taxpayers.

"3. More grouping of students into slow, average, and fast classes as needed.

"4. High school graduation diploma should record the quality of work done.

"5. Stiffer graduation requirements should be employed.

"6. Exceptional students should be permitted to take enriched courses, including some at the college level.

"7. Slower sections should be provided for students unable to maintain a normal learning pace.

"8. There should be evidence that improved methods of instruction are being employed in the schools.

"9. Greater and more intelligent use of such teaching and learning aids as motion pictures, television, tape recordings, slides and other audio-visual materials should be encouraged.

TWO SIDES

Some argue, that contradictory view points and interpretation have no place in high school classes. However, students even in high school can be shown that good citizens disagree about important principles and methods. They should be trained to get information on all sides of a question and so encouraged to develop their powers of judgment.

So far as it is practicable, the public school in our free society should provide exercise of the rights and responsibilities which the students will have to assume in adult life.

Section 2. It is hereby determined and declared that it is necessary that the Town of Belleville, in the County of Essex, shall raise money for the above mentioned purpose, and that the estimated maximum amount of money necessary to be raised from all sources for said purpose is \$3,000.00, and that the estimated maximum amount of notes necessary to be issued for said purpose is \$2,850.00.

Section 3. To finance said purpose there is appropriated the sum of \$150.00, which sum has been made available for said purpose in previously adopted budgets of said Town, under the caption of "Capital Improvement Fund" in said previous budgets.

Section 4. To finance said purpose there shall be issued, pursuant to the Local Bond Act of the State of New Jersey, in anticipation of the issuance of bonds, Bond Anticipation Notes of said Town, which shall not exceed in aggregate principal amount the sum of \$2850.00. Said notes shall bear interest at a rate which shall not exceed six per centum (6 per cent) per annum and may be renewed from time to time pursuant to and within the limitations prescribed by said Act. All matters with respect to said notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 5. Not more than \$150.00 of the sum to be raised by the issuance of said notes may be used to finance interest on obligations issued to finance said purpose, whether temporary or permanent, or to finance engineering or inspection costs and legal expenses, or to finance the cost of the issuance of such obligations as provided in Section 40:1-55 of the Revised Statutes of New Jersey.

Section 6. It is hereby determined and declared that the period of usefulness of the purpose for the financing of which said notes are to be issued is a period of 40 years from the date of said bonds.

Section 7. No part of the cost of making said improvement has been or is to be specially assessed against property specially benefited thereby.

Section 8. It is hereby determined and declared that the Supplemental Debt Statement required by said Act has been duly made and filed in the Office of the Town Clerk of said Town, and that such statement so filed shows that the gross debt of said Town as defined in Section 40:1-76 of Revised Statutes is increased by this ordinance by \$2850.00, and that the issuance of said notes is permitted by an exception to the debt limitations prescribed by said Revised Statutes contained in Subdivision (d) of Section 40:1-16 of said Revised Statutes of New Jersey.

Section 9. This ordinance shall take effect twenty days after the first publication thereof after final passage.

## Mrs. Coronato Explains Administration Methods

The statement of Mrs. Mary Reilly Coronato follows:

"Both in The Belleville Times, January 21 and in the PTA forum that evening in school eight, my opponent uncovered for public viewing the misunderstanding he has about school control in Belleville. He attacked "dual and divided control" in the administration of our schools, although he did not explain the difference between dual or unit control.

"In order to clear up any misunderstanding which our townspeople may have as a result of my opponent's statements regarding so-called "unit and dual control" of a school system, I would like to review the action of the board of education taken in 1956.

"Belleville operated under what is referred to as a "dual" control of administration of schools, with a business manager and a superintendent both directly responsible to the board of education until November 26, 1956. At that time the board of education enacted a resolution which stated, "The superintendent of schools shall, on and after December 17, 1956, be the chief executive and administrative officer of public education in the Town of Belleville, and as such accountable only to the board of education and at all times subject to its direction, authority, and control." The effect of this resolution was to make the superintendent of schools also responsible to the board of education for the duties of the business manager, who as of that date would work under the direction of the superintendent of schools.

PURCHASES

"When the board of education adopted this year two policies to restrict purchasing between board meetings, it was within its power as a policy-making body. These policies "stripped" administrators of no authority. They require administrators to plan and to discuss most spending with the board of education, which is the only legal being that can spend the taxpayers' money.

"I would also like to review my promises to the citizens of Belleville when I was seeking membership to the board of education and my record on the board of education this past year.

on it?

Addressed to Mrs. Coronato, her answer: I have not read the presentment and I do not know anything about it.

What Is "Unit Control?"

Addressed to Mr. Julian, his answer: Unit control is the opposite of "dual control" (see question asked earlier).

NEW HIGH SCHOOL

(At this point a question was raised asking candidates to announce that taxes would go up if Belleville decides to erect a new high school. None of the candidates answered the question directly but noted that there is a possibility that increased aid from state and federal sources might finance such a project. Of course if this were the case, it is reasonable to assume that since the state and national governments are taxing bodies that these respective taxes would be subject to possible increases.—editor.)

How Far Will You Go To Get All Fully-Certified Teachers?

Addressed to Mr. Walker, his answer: I will go as far as the tax dollar will go. I feel that the budget just coming out provides enough funds to have a faculty of 100 per cent fully-certified teachers.

Isn't Having the Superintendent Approve all Resolutions Wrong?

(This question was prompted by Mr. Arvidson's opening remarks in which he suggested that resolutions be submitted to the superintendent before board meetings to effect a smooth running agenda. The question asks "Isn't this giving the superintendent the position of telling the board what to do?")

Addressed to Mr. Arvidson, his answer: There was no inference in my remarks that a resolution must have the superintendent's approval as a prerequisite to its adoption by the board of education.

Why Haven't You Read the Presentment?

Addressed to Mrs. Coronato, her answer: This is a very silly question. The answer is very simple: I don't have a copy of the presentment.

Why Is the School Board Opposed to the Planning Board?

Addressed to Mrs. Coronato, her answer: I don't know. (When a member of the audience announced that the board attorney was at a planning board meeting, Mrs. Coronato added that if this were the case, "I am sure our attorney had the interests of our children at heart if he took the time to attend the planning board meeting.")

## Walker Asks Partnership In Superintendent Issue

John Walker's release follows:

"The ideas expressed by the so-called 'Aroused Citizens' clique and their candidates, Julian and Arvidson, indicate that they have been sold a 'bill of goods' on the functions of the superintendent of schools. It is hard to see how these ideas can be cast about without the tacit approval of the superintendent. It is hard to see how these candidates can bring harmony to a board of education they are attacking. Its hard to see how these candidates can help our board when they ask for election, not as independents, but as the avowed candidates of a small group bent on imposing its will on the schools of all the people. These candidates would perpetuate a power contest between superintendent and board of education. For a short time, they could make the superintendent the master of both the board of education and the schools.

"The superintendent of the Belleville schools has all the powers conferred on him by state law and the power of "chief administrative and executive officer" granted him by the local board of education. This does not put him beyond responsibility to the elected board of education and the people.

SOLUTION

"The solution lies in the development of a partnership between the board of education and its administrative officer, the superintendent. In a partnership the board would be the maker of policies and the evaluator of their administration. The superintendent would operate within the scope of board adopted policies. The superintendent as well as any board member could suggest a policy for consideration, but only the action of the board could put a policy into effect.

"For the board and the superintendent to work in a partnership, there must be a clear definition of functions and duties. This does not exist. The Rules and Regulations of the board of education are a patchwork of outdated and more recently adopted policies. They contain no policies for the operation of unit control administration.

to determine the size of three public health problems are being readied by Mrs. Frank Di Ruggiero, chairman of the Belleville Mother's March against birth defects, arthritis and polio.

"On January 28, National Foundation volunteers will concentrate on covering all households to obtain a rough indication of the size of birth defects, arthritis and polio problems and the adequacy of polio vaccination status in Belleville," Mrs. Di Ruggiero said.

The fact that he is a successful business man, with children in our school system, and not in any manner, shape, or form connected with any of the candidates, and in this race solely for the opportunity to be of service to his town, in my humble opinion makes him the outstanding candidate, why, because he promises to do his best as a dedicated public servant, and not be swayed by pressure groups, within or without the schools buildings. — Walter P. ## Suppose You Were Denied The Right To Vote?

All Belleville voters will have the opportunity to exercise the privilege of an American institution, the right to vote on February 9. But how many or how few of us will exercise that right? How many citizens, failing to vote on Tuesday, February 9, will blame the Town Commission at budget-making time for high taxes when, in fact, less than 34 per cent of our 1959 tax dollar was spent by the Belleville Board of Commissioners, whereas more than 43 per cent was spent by the Board of Education and approved by a small minority of voters at the polls a year ago?

An analysis of the 1959 General Property Tax Levy follows:

|              | Dollars            | Percentage   |
|--------------|--------------------|--------------|
| Municipal    | \$1,671,978        | 34.0         |
| School       | 2,137,194          | 43.5         |
| County       | 1,104,597          | 22.5         |
| <b>Total</b> | <b>\$4,913,769</b> | <b>100.0</b> |

From the above analysis, it is evident that the biggest part of our tax dollar goes toward the support of our school system. If for no other reason, this fact should invite the active participation of all voters in the February 9 election.

Suppose you were denied the right to vote on Tuesday, February 9? The thought is revolting, isn't it? At the last school board election only 3,988 voters took the time and "trouble" to visit the polls and cast their votes. Approximately 16,000 were qualified to vote. Citizens should demonstrate greater interest in our school system than is reflected by these voting statistics.

The tireless, unsalaried members of the Board of Education are entitled to receive from the electorate an acceptance or rejection of their stewardship, especially as reflected in the budgets submitted to the voters at election time every February.

## Six Contest For Two Vacancies

In addition to the appearance of the school budget on the February 9 ballot will be the names of the six contestants for the two vacancies up for grabs. Mrs. Mary Coronato is seeking re-election to the seat she won a year ago while Michael Rubino decided not to seek re-election. Contestants in addition to Mrs. Coronato are: Joseph Granese, John Walker, Nicholas Juliano, Ernest Arvidson and Nuncio Caracciola.

A fair-minded person and the only member of her sex campaigning for office this year, Mrs. Coronato has given a reasonably good account of herself during her one year incumbency. As a rule the first year's service of a new board member involves a certain amount of dependency upon the leadership of veteran board members. Mrs. Coronato's experience is no exception. Unfortunately at times she has been suspected of succumbing to influences not calculated to serve the best interests of our school system.

We are opposed to her continuing efforts at stripping Evan Thomas, Superintendent of Schools, of his authority and responsibility. She doesn't know, and we believe she doesn't pretend to know as much as Mr. Thomas does about the problems involved in the manifold operations of our school system. Mr. Thomas is a learned educator. He commands the high regard and esteem of fellow educators throughout the state. We believe his office should be above political influence or control.

Mrs. Coronato, along with a couple other incumbent members of the board must realize that a school board's primary function should be establishment of policy and then seeing to it that its policy is carried out by the administrator. In this regard the board is under compelling obligation to determine whether or not the school system is getting its full share of services and advice from the school board auditor and attorney. Audit reports we have examined offer very little information for use as guideposts for new board members. The board attorney, un-

doubtedly interested in keeping his job with the board, is usually caught in between the fire of the two school board factions. In a case like this anything can happen—and it usually does.

We believe Mrs. Coronato is a sincere woman with a deep and abiding interest in the school system and our school children. Her lack of experience in school board matters has on occasion placed her in the influence orbit of politically-ambitious individuals whose only interest seems to be to "get Evan Thomas."

Having had the experience of serving one year on the board, if re-elected we believe Mrs. Coronato's one year experience should enable her to rely more and more upon her own good judgment rather than unwittingly become the tool of the handful of people whose only interest seems to be to harass and otherwise make uncomfortable the life and job of a beleaguered but dedicated and able public servant, Evan Thomas.

## Remember March Of Dimes

For years, the March of Dimes has meant hope to the children suffering from polio. Only a few short years ago, a March of Dimes-financed research project produced a polio vaccine that has protected millions of youngsters from a crippling disease.

This year, it's a New March of Dimes because it now offers new hope to even more millions — the patients suffering from crippling birth defects and crippling arthritis, as well as those suffering from crippling polio. These three diseases affect one family out of every four in this country.

Crippling birth defects are the major unmet childhood medical problem in the United States. About 250,000 children annually, or one in 16, are born each year with significant birth defects.

The number of Americans suffering from some form of arthritis and rheumatism is more than 11,000,000. Among these are children afflicted with rheumatoid arthritis. They live in such a painful, tragic world that the touch of a sheet on the body can be excruciating at times.

And finally, there are more than 50,000 victims of paralytic polio still being aided by the March of Dimes. Some are children whose parents neglected to give them Salk shots.

Remember all these numbers when you pass a coin collector for the New March of Dimes. Remember these numbers when you look at your own children, exuberant and active and protected by Salk vaccine.

## Democrats To Remember

Four Republican members of the Essex County Board of Freeholders, last week asked for a \$2,000 cut in their \$10,000 annual salary. On the other hand, the five Democratic members of the Board, representing the majority, want the extra \$2,000, an increase voted by the 1959 Democratic majority on the Board of Freeholders.

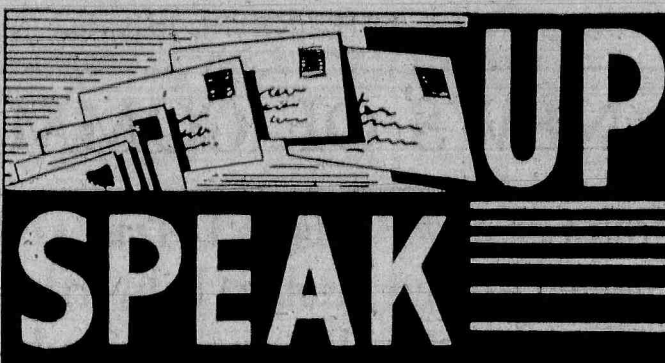

The Republican minority, with the exception of a lame duck Republican, voted against the raise in 1959.

If the Democratic freeholders have a calloused disregard for the pockets of our taxpayers, their current action in demanding the extra \$2,000 is something for the voters to remember when the November General Elections roll around.

It is refreshing to find elected public officials at any level wanting to cut costs, especially their own salaries. For this our community should be grateful to the Republican members of the Essex County Board of Freeholders who, at the present time, represent a minority membership.

## Fine Christmas Party

Dear Sir:

If I may, I would like to use your column to express to our many Belleville friends our appreciation for the very fine Christmas party given by the members and friends of the Kenneth D. Smith Association given at the Elks' Auditorium on December 20.

To give a party of this sort for 100 boys is no small undertaking. The affair was not only thoroughly enjoyed by our boys, but the presents and gifts of wearables were all of assistance to us. The Kenneth D. Smith Association has been helpful and generous to us on many occasions in the past and we would like to use this medium to thank them all for their kindness and understanding.

Gratefully,  
FATHER EGAN

## Questions Editorial Policy

Dear Sir:

You may consider this an open letter, and I regret to say, that probably I will not be very much mistaken, when I assume that you will show no particular great love to publish it. It really should not be so, the Press is supposed to be the champion for the expressions of truth and order, but of course there is always that "if" and consequences to be considered. To put in other words "What is said is really not too important, but WHO says it and likes it, very much so."

I renewed my subscription and wrote you a letter last June, hoping the policy of your paper would be changed from a one-sided, prejudiced attitude, favoring the minority groups that claim special privileges and favors at the expense of the majority.

I am sorry to say, my hopes have not been fulfilled, your editorials show more and more that you are strictly the outlet and echo for the arrogant spend-thrifts in the Town Hall, who have created a fantastic tax-load which will bring the Belleville taxpayers to the brink of ruin. Your editorials "The Tax Council is Wrong" you ran it twice. Why? It is so naive and devoid of logic, that it merits no discussion, if it was not for the bad intention to frustrate the Belleville taxpayers from helping themselves and drop the disastrous commission-form government, which makes only sense to morons.

You say council-manager gov-

ernment has to furnish proof, that is better for the welfare of the town. This is most ridiculous, because the commission-form clique has for years proven as a fact and not just an opinion that it smells to high heaven, because it is not run as a business, but solely as a comic soap opera, or flea circus for the entertainment and benefits of the few.

It is most unfortunate that your paper does not want, or perhaps cannot afford an attitude of neutral helpfulness for the good of its readers. To help bad things, and knock good ones will hardly spell well for your paper, and if this remains your policy, you can save the postal stamp to mail me a renewal of subscription, and that most likely goes for others too. Permit me to remind you, that in the last referendum election one of your heavily sponsored favorites was defeated, and you must be a super optimist to expect the lame commission-form of government to finish in the money in the next referendum, against the tax council charges. the Belleville taxpayers have been fooled long enough to look for more "shake-downs."

As stated before, it will be a surprise to me, if you can muster enough courage to print this criticism of your paper, but let me remind you of some ancient wisdom, still-good in our days, "Anything that holds itself above criticism is worth NOTHING." Since it is a new year, I certainly will include your paper in my good wishes for all our Belleville citizens and especially good luck for your paper, you need it, believe you me.

Very sincerely yours,

Dear Sir:

Through the columns of The Belleville Times we wish to express our heartfelt thanks to the many individuals and organizations who responded to our need for blood donors for William Coates.

In the time of tribulation it is always most gratifying to discover that when help is needed people quickly respond to that need. Police, firemen, nurses, doctors and individuals gave generously of their efforts irrespective of time or conditions.

We shall never forget this humanitarian demonstration.

## Traning Ruining Home

Dear Sir:

I have a serious problem which I would like to bring to the attention of our local paper with the hopes that others will express their opinions and something can be done about it.

At the rear of my property runs the Erie Railroad, the passing of trains causes awful vibrations and has caused the walls throughout my home to crack. These cracks are becoming quite serious and I believe it is due to a faulty bed over which the railroad passes and the speed at which the trains travel.

Will you please write something in your paper so that all folks living in this section can express their "gripes" and maybe something can be done to correct this situation.

I have written time and time again to the Newark and New York offices of the Erie and they have done nothing to date. I think the least they can do is send a representative to my home to see the damage that has been done by the uncalled for vibrations and be in the area to check the speed of the trains.

Please see if you can't help me as I am at my wits end after spending a great deal of money to purchase the house and paint it in and out so as to make it neat and attractive as all homes in Belleville are and have done my part to make Belleville a town of which we can all be justly proud and "hat."

Sincerely,  
MRS. A.J. MALLEY

## A Change For Worse

Dear Sir:

Up until two years ago St. Peter's R. C. Church used to set up the Manger crib in front of Town Hall. This cost the town nothing and permitted the church to have a participating part in the holiday festivities of the community.

This year it was different. The town bought a Nativity set for \$700 from Hugh Moriarty, funeral director, 13 Park Avenue, Montclair, in the same profession as Commissioner Kiernan.

When Kiernan resided on Holmes Street, at the site he had hoped to use as a funeral home, a similar display adorned his lawn at Christmas.

It would appear unnecessary, extravagant and unwise for the town to have bought this set under the circumstances. Especially when it enjoyed the cooperative collaboration of the church in playing an active role on this

is classified," said Mrs. Debler, "with the help of a 'miscellaneous' category."

## POPULAR

The hobby show has been growing in popularity with both hobbyists and spectators. This year it is anticipated that more than 200 older people from communities in northern New Jersey will participate, and over 5,000 are expected to view the exhibit.

To further interest potential hobbyists, the hobby show committee will schedule several demonstrations to run concurrently with the show in the exhibit area. Craft teachers and skilled amateurs will participate in demonstrations and remain on hand to answer questions.

Show requirements are few. The senior citizens must be sixty years of age or older and the entry for exhibit must have been completed within the past two years. Entries are being accepted now through the Council of Social Agencies, 796 Broad Street, Newark. Prospective entrants can get full details by telephoning Jacob W. Feldman at the Council at Market 3-6030.

# Bellboys' Report: Nutley, Bloomfield

By Dom Giovachino

(The following article covering Belleville High School's basketball activities was originally written to appear in last week's Belleville Times. The story concerns the Bellboys' meetings with Bloomfield and Nutley High Schools.)

Bloomfield had run off eight straight points before Frank Annichiarico put in a jump shot for Belleville's first score of the game. For the rest of the quarter, play was fairly even and at the end of the first period, Bloomfield led 19-6.

In the second period, however, the Bellboys closed the gap somewhat and Richie Burlazzi's half-court "swish" at the buzzer ended the half with Belleville trailing by four points, 22-18.

Then in the second half, Bloomfield, although they had no one big rally, scored 40 points to put the game well out of the reach of the Bellboys. At the end of three periods, Bloomfield led 42-29.

**NEW ATTACK**  
During the final period, "Red" Higgins led the attack for Belleville, scoring seven points in that quarter. The last seven points were scored by the Bengals, five on fouls by Richie Thayer, and the final two on a layup by Barnes, making it 62-42.

In the Nutley game, Belleville held the upper hand until the last minute of the game. With Belleville leading 46-40 and two minutes remaining, it appeared that the game was all wrapped up. But then George Hossenlopp was fouled and he put in his two free throws, cutting the lead to four points. Seconds later he was fouled again, but this time a technical foul was also called against Belleville. This proved to be the turning point, since the two fouls gave Nutley three shots plus, on a technical foul the team shooting the foul gets the ball. Therefore it could be turned into a five point play.

With a capacity crowd filled with excitement cheering and jeering at him, Hossenlopp sank all three shots, bringing Nutley to within one point of the Bellboys. Then the Maroon made the technical foul pay off when Al Hallam put in a jump shot after

## CYO Bowling

St. Anthony's Two, Belleville, moved within one and one-half games of first place in the Essex County Senior CYO Mixed Bowling League January 17 on the strength of a three-game sweep over Sacred Heart Two, Bloomfield.

St. Anthony's rolled a high of 186 in running its record to 32½-12½; Pat Libertelli rolled 186.

St. Anthony's One also moved up taking over fourth place with a 30-15 record sweeping Holy Name of East Orange. Paul Marone powered the victory with 181 series. St. Anthony's had a 722 high.

## Recreation Intermediate

The first round of the Recreation League ended with the Roy's Sport Shop team winning and De Bacco's Sport Center a close second place.

In the first games of the second round the winners were Roy's Sport Shop, Mango's Market and a new entry in the league, the Vikings.

Each team will play four more games in the second round which may be followed by the round winners playing off for the championship. If the Roy's Sport Shop wins the second round, they will be the champs without a playoff.

## Market On Top

Commissioner George F. Kierman reports the Mango's Market Team has taken the lead in the Recreation Intermediate Basketball League's second round. So far the Mangos have beaten the Vikings and the DeBaccos Sport Center for a 2-0 record.

High scoring by Boccato (19 points against the Vikings and another 19 points against the DeBaccos) has done much toward propelling the Mangos into second round lead.

Roy's Sport Shop who won the first round bowed to the DeBaccos Sport Center last week for their first loss of the season.

## St. Anthony's Teams

Teams from St. Anthony's Belleville recorded a clean sweep in the Essex County CYO Senior Mixed Bowling League on Sunday, winning six games.

St. Anthony's Two moved into second place, 2½ games off the pace, by whipping Our Lady of the Valley, Orange, which had been tied for first. The Antonians shot a high of 749 when Pat Libertelli rolled a middle 204 game.

St. Anthony's One moved into sixth with a 25-15 record on the strength of three wins over St. Charles, Newark. St. Anthony's hit its high of 778 in the finale when Norma Zarro finished with 213 for a 484 set.

Both are new league highs for girls for the year.

# Bellevillites Active On College Squad

(Special to The Belleville Times)

**BLOOMFIELD** — Three Belleville men are playing a major part in Bloomfield College basketball campaign this season. Among the five returning lettermen at Bloomfield are Garry Burman and Bob Taylor, both Belleville residents.

Bloomfield coach Bob Nichols' troubles this year have been in depth. Helping out the regulars at the Bloomfield court is Lou Long, a five-foot ten-inch tall graduate of Belleville High School.

Bloomfield is hoping to win the Central - Atlantic College Conference Championship. Though the team will face stiff opposition from defending champion, Mon-

mouth College and King's College of New York, there is confidence on campus that the team can overcome these larger schools.

Teaming with Bloomfield co-captains, Don Pizzi and Grant Easterday, are two Belleville graduates on the first team. They are Garry Burman, 6-3, and Bob Taylor, 6-1.

The excellent spirit of the squad may more than make up for the lack of exceptional talent. With the drive for the conference title at stake and contests with always powerful Rider College, Paterson and Montclair State, the 1959-60 slate should turn out to be highly interesting before the season closes.

# Firm Fetes Lombardo

Victor Lombardo (right) of Belleville is one of three employees who recently marked their twenty-fifth anniversary with the lamp machine department of Becton Dickinson and Company, East Rutherford.

Lombardo is a resident of 42 Continental Avenue, Belleville.

He is treasurer of the Christian Apostolic Church of Belleville. He and his wife Clotilda have two children, Grace 17 and Victor Jr. 16.

Others seen above, left to right, are Joseph Ivan and Alfred Maire.

# Belleville Man Marks 25th Year With Oil Firm

W. M. Thompson, of 1 Elmwood Avenue, Belleville, was honored recently upon completion of 25 years' service with Shell Oil Company. He was presented with a watch and a service emblem during a ceremony at the firm's head office, New York.

Mr. Thompson is supervisor of production in Shell's head office sales promotion-advertising department.

A native of New Jersey, Mr. Thompson studied journalism at the Seth Boyden School before joining Shell in December, 1934, as assistant editor in the New York advertising department. The following year, he was named editor of the firm's nationally-distributed marketing magazine.

After a three-year military leave of absence during World War II, he returned to Shell and was named to his present position in 1945.

Mr. Thompson is a Lieutenant Colonel in the Army Reserve. He is chairman of the Advertisers Advisory Board of the Point of Purchase Advertising Institute.

He is married to the former Genevieve Schwarga, of Newark. They have two children, Janice, a senior at Belleville High School, and a married son, Gilbert, living in Clifton, N.J., where he operates the Thompson Printing Company. There are three grandchildren, Patty, Peggy, and Tommy Thompson, 5, 4 and 2 years old, respectively.

The Thompsons have lived in Belleville for the past 12 years.

**Charles Rybolt**, vice president, Wallace & Tiernan, Inc., Belleville, has accepted appointment as a member of the Engineering Development Council of Rensselaer Polytechnic Institute, Troy, N.Y., it is announced by the council chairman, Ernest E. Johnson, General Electric Co., Schenectady, N.Y.

"Rensselaer and its friends are honored that Mr. Rybolt, deeply occupied in his own work, is willing to join our council and give his time and ideas in developing ways and means for advancement of engineering education at the institute," Chairman Johnson said.

Rybolt has been with Wallace & Tiernan, Inc., since 1941, serving as a sales engineer, chemical engineer, division general manager and director of chemical division before taking his present post this year as vice president, chemical divisions. He held prior posts with the Armco Steel Corp. and the Crystal Tissue Co. Rybolt is a 1934 graduate of Rensselaer in chemical engineering. He is a member of American Chemical Society, the Chemists' Club, the Manufacturing Chemists Association and the Society of the Plastics Industry.

**OFFICE HOURS**  
The Belleville Post Office is open 8 a.m. to 6 p.m. Monday through Fridays and until noon on Saturdays.

# Local CYO's Will Conduct Indoor Relay

With the sanction of the New Jersey State Interscholastic Athletic Association, the Essex County CYO for the second straight year will conduct the state indoor relay championships, it has been announced by Rev. Vincent F. Affanoso, county director.

The championships will be the highlight of the annual CYO track meet to be held at the Sussex Avenue Armory in Newark on Saturday, March 5, at 1:30 p.m. and 7:30 p.m.

There will be two divisions in the high school relay championships. One will be for Group IV public schools and Group A Catholic schools. The other will be for Groups I, II and III public and Groups B and C Catholic.

There will be five events in each division, with trophies being awarded the team winners and medals going to those running on the first three foursomes in each event. Events will include the half-mile, mile, and two-mile relays and medley relays of 2½ miles and a mile.

## NAME DIRECTOR

William H. Stuart of Union, former Manhattan College relay star, has been named meet director by Father Affanoso. He will be assisted by John Downey of Newark. Monday, February 15, is the deadline for entries.

Last year the relay championships were run off in one division with Plainfield winning the team title. Addition of the Catholic schools to the championship section necessitated breaking the field into two groups for the 1960 meet. Last year Catholic schools ran in the Catholic Conference championships at the meet but the conference is sponsoring its own championships this season.

NEW JERSEY BELL

# Belleville Quintet Ready for Columbia

By Dom Giovachino

The Belleville High Basketball team, coached by Mr. John Westlake, will find it somewhat rough this week when they meet Columbia High in an away game tomorrow and Newark South Side at the Belleville gym on Tuesday.

Columbia has been in the top three in the Big Ten all season and undoubtedly will be a hard team to beat. South Side, although not in the Big Ten, is second in the Newark City League and will present some tough competition.

The Bellboys lost two Conference games last week, the first a thriller at the hands of Kearny, 63-60, at Belleville Tuesday the nineteenth, and the second an away game at East Orange on Friday the twenty-second, 76-43. These two losses left their record at 1 and 9 for the season and 0 and 6 in Big Ten competition.

In the Kearny game, Belleville held a slight edge in the beginning and led 19-15 at the end of the first quarter with Mike Sandomino scoring eight of their nineteen points. In the second period the Bellboys continued in the same manner and held a 30-23 halftime lead.

In the third period, however, Kearny changed their strategy a little on the defense by using an all court press and held the Bellboys to seven points while they scored 21. Early in the quarter, after the score had been brought to 32-26 in favor of Belleville, the Cardinals scored 12 straight points, five by their ace Fred Gillespie. For the rest of the period play was fairly even with the score at the end of three periods being 44-37, Kearny.

**COME BACK**  
In the final quarter of the game, Belleville tried to come back and almost succeeded. "Red" Higgins sparked the attack, scoring 16 points. Then, as tempers flared, he and Norm McKibbin of Kearny were put out of the game. Higgins' exciting drives from one end of the court to the other, had kept the fans on the edges of their seats and brought Belleville to within four points of Kearny.

After this, things evened out, and "Spud" Sandomino took over for Belleville, scoring their final eight points and leaving a final score of 63-60.

High scorer for this game was Sandomino with 20 points.

The Bellboys did not look quite as impressive against East Orange. In the first period two rallies, one for ten points and the other for eight, gave the Panthers a 24-11 lead at the end of the quarter with Frank Annichiarico scoring five of Belleville's points. In the second period, five points by Sal LaCoco and four by Higgins helped to close the margin and make the score at halftime 38-26.

In the second half, East Orange began to pull away again and led 56-32 at the end of the third period. Richard Thiry of East Orange scored eight points in this period and 22 in the game. In the final period Belleville scored 11 points, nine on fouls, to East Orange's 20. Larry Latore scored four points for the Bellboys while Annichiarico and Richie Burlazzi scored three each.

Coach Charles Travers' JV's split their two games with these teams. They beat the Kearny junior varsity 40-34, with Ray Hackett scoring 18 points for Belleville. However, after getting the Cardinals scored 12 straight points, five by their ace Fred Gillespie. For the rest of the period play was fairly even with the score at the end of three periods being 44-37, Kearny.

These hands might have painted the world's greatest master-  
piece. These hands might have played faultlessly the most difficult  
concerto. These hands might have mixed a compound that would  
destroy disease. These hands might have been raised in blessing  
over a trusting mankind.

Instead they are chained. Somewhere, somehow, they failed.  
Perhaps they reached over a counter and stealthily snatched a  
jewel. Perhaps they searched a safe and took what other hands  
had worked for. Perhaps they held the gun that wiped out a life.  
Somewhere they went wrong. Somewhere they failed.

Hands do not act by themselves. Personalities control them—  
personalities swayed by impulses and convictions, good and bad.  
The Church, your Church, is waiting to guide hands, minds, hearts  
and lives. Here good impulses, right convictions are born and nur-  
tured. Here, in God's House, hands learn to move aright to find  
life's work, unchained and triumphant.

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for  
the building of character and good citizenship.  
It is a storehouse of spiritual values. Without a  
strong Church, neither democracy nor civilization  
can survive. There are four sound reasons why  
every person should attend services regularly and  
support the Church. They are: (1) For his  
own sake. (2) For his children's sake. (3) For  
the sake of the Church itself, which needs his  
moral and material support. Plan to go to  
church regularly and read your Bible daily.

In Memoriam

NICHOLAS A. CANDURA, who died January 29, 1950. A Mass will be offered in his memory Friday, January 29, at St. Peter's Church. Gone but not forgotten — The Family.

In loving memory of my Dear Husband CHARLES L. POWELL who passed away four years ago on January 29, 1956. The memory of some one dear is like a thing of gold that never dulls or tarnishes. Or grows the least bit old. Four years have passed since that sad day. When one I loved was called away. God took him home, it was His will. Within my heart he liveth still.
