## Merchants Planning Huge Parking Program for Town; Includes Avenue Widening

Several new parking sites, including a two-story arcade and the widening of Washington Avenue to permit angle parking, are being proposed by the Washington Avenue Merchants' Association.

Frank Megaro, president, told The Belleville Times, "this isn't just a dream. We're hoping to get the project started within the next few months."

Proposed is a double-decker parking arcade between Belleville Avenue and Rutgers Street, and new parking lots between

William and Cleveland Streets and at the northerly end of Washington Avenue.

The Merchants' Association isn't letting the idea fall by the wayside. Already the group has met with the Belleville Planning Board and last Friday a general meeting was conducted and the plans unveiled.

Megaro said members of the planning board "were very receptive to our ideas" when presented at a joint meeting of the groups last month.

We were promised by the

planning board that eventually we would see our proposals carried out. But," Megaro continued, "we want immediate action."

The president of the Washington Avenue Merchants' Association in an interview with The Times stated that he hopes "to get the steam shovels going within the next few months." Megaro sees the parking lot project between William and Cleveland Streets as the first portion of the job to be tackled.

"This site would be the smallest and involves the least amount of work to be completed," Megaro noted.

**FINANCING?**  
How will the parking projects be financed? Megaro said his group has a plan which will cost the taxpayers nothing and yet would have the arcade and lots town property.

First, Megaro says bonds will be floated. But instead of paying the bonds off with tax monies, revenue collected from parking meters and increased ratables affected by the parking improvements would be used. Taxpayers wouldn't pay a cent.

**WIDEN AVENUE**  
The association is asking for the widening of Washington Avenue an additional ten feet, five feet on each curb. "We have already been informed," Megaro reports, "that specifications and sketches must be submitted to the state for approval before this project can get underway."

A permit from Trenton is needed before the widening project can begin. Widening Washington Avenue would permit angle parking. "We'd be able to fit five cars in the space occupied by two cars now," Megaro says. He added that an architect who might be aided by the town engineer will be working on this

rules and regulations of 1952 which state that "a majority vote of the full board is required for any expenditure exceeding \$500."

Continuing her argument, Mrs. Rochau notes that "all purchase orders (1958 rules) must originate from the assistant superintendent's office and must contain the signature of both the superintendent and assistant superintendent. This is the checks and balances that Mrs. Coronato speaks of."

**MRS. CORONATO**  
In a rebuttal statement following last Wednesday's public hearing, Mrs. Coronato told The

## Residents Attack Apartment Plan At Zoning Board

Nearly 100 citizens crowded Tuesday night's zoning board meeting to object to a 52-unit garden apartment project proposed in the high school stadium area off Passaic Avenue, between Division Avenue and Greylock Parkway. The project's cost is estimated at \$400,000 which would account for a \$12,800 tax yield.

Zoning board members reserved decision on the variance sought by the developer, Signe Mascera of 114 Passaic Avenue, Belleville.

A second large delegation at Tuesday's session opposed a variance which would have permitted a certified public accountant to open an office in a home at the exclusive Rodan Estates. The application however was rejected and Rodan Estates remains an exclusive residential section.

James Centanni of Short Hills, architect for the garden apartment project, told the zoning board that the plan includes construction of two 26-family units; both buildings would be two stories tall.

A variance is needed as the plot is located in a residential

## Elmer S. Hyde, Cancer Head For Belleville

Elmer S. Hyde of 185 Cedar Hill Avenue, Belleville, has accepted appointment as Belleville chairman for the 1960 Cancer Crusade to raise much-needed funds for the American Cancer Society, George E. Ford, Essex County Crusade chairman, announced this week.

Ford said the job of directing the Cancer Crusade was not a new one for Hyde, who has been active in this work for ten years. Ford said increased contributions will be needed if dreaded cancer is to be controlled and conquered during the 1960's.

Hyde, who has his own broker's firm in New York, is a former Belleville City Commissioner and formerly was chairman of Red Cross, Salvation Army and Sister Kenny Fund drives in Belleville. He and Mrs. Hyde have two sons and five daughters.

## Mayor Proclaims Week Of February 7-13 To Observe Boy Scouts 50th Anniversary

Mayor Isadore Padula has officially proclaimed the week of February 7 to 13 as Boy Scout Week in the Town of Belleville.

The mayor urges all residents and business interests of Belleville to support the Golden Jubilee Boy Scout Week Celebration.

**MEMBERSHIP**  
Among the various events planned for the celebration of the fiftieth anniversary of the scout movement will be a drive for more scout leaders and new members, the recruiting of sustaining members and a window display contest.

George Brown, district chairman of Belleville, has issued an appeal for donations to be raised through new sustaining members.

**PAPER DRIVE**  
American Legion will conduct a paper drive this Sunday. Belleville residents are asked to leave papers bundled at the curb. Trucks will pick up the bundles at about 9:30 a.m.

Mrs. Rochau Debates With Mrs. Coronato On Issues

(Continued from Page 1)  
Belleville Times that the regulations quoted by Mrs. Rochau are an "ancient set of rules." Mrs. Coronato says the regulations have "not been adhered to because of their antiquity."  
Concerning the topic of "checks and balances," Mrs. Coronato interprets the phrase to include the over-expenditure of budgetary line items. "The board should adhere more strictly to its budget," Mrs. Coronato says. "For example, although it did not over-expend its current expense budget account in 1952-53, it did over-expend 29 for the 49 line items in that account."  
Mrs. Coronato, who was the first to introduce a motion curtailing the maximum purchasing power of the superintendent, concludes her rebuttal statement by saying that "although I regret the necessity of having to publicly answer my colleague on this issue, I sincerely believe that my recommendations which the board did adopt will effect a more efficient and better understanding of business practices in our school system."  
The two statements follow:  
**Mrs. Rochau's Statement**  
"I wish to answer a statement in the press by Mrs. Coronato in which she discusses business practices of the board. I had not anticipated taking any part in this year's school board election but when a statement is made that casts aspersions on the efficiency of the board both present and past, and when that statement is untrue I feel it must be answered by a member of the board so being the senior member I take it upon myself to do so."  
Mrs. Coronato states quote "Throughout business and government it has always been common practice to have a system of checks and balances in use of authority and expenditure of money. Rarely in these situations does any person get unchecked authority to act and to spend. Knowing this and being anxious to be sure that the taxpayers get their money's worth from every dollar spent, I saw the need for a system of checks and balances in the business administration of the schools." unquote.  
She goes on to say quote "I was astonished to discover that while the board of education prepared an elaborate annual budget, it had not provided for careful administration of the budget. I found no board policy existed which limited expenditures to any specified amount. Unquote. I say this is not so, when I was first appointed to the board in 1952 I was given a copy of the rules and regulations of the board and I quote under rules of order, "A majority vote of the full board is required for any expenditure exceeding \$500." Unquote. Then under Section 2—Department of Buildings and Grounds quote "The district clerk and business manager shall act as purchasing agent for all janitors supplies and fuel for the buildings and shall have authority to order such repairs and replacements in the building as may be necessary upon approval by the Building and Grounds Committee provided that an expenditure in excess of \$500 shall first be approved by the board of education." Unquote. This was understanding committees, and after the board decided to work as the committee of the whole, the policies were revised and brought up to date so that when I was elected to the board in 1958, I received a copy of rules and regulations dated 1957-58 and I quote Article IV—Assistant Superintendent in charge of Business. Quote "The Assistant Superintendent shall be the purchasing agent of the board of education. All purchase orders must originate from his office and must contain the signatures of both the superintendent and assistant superintendent." Unquote. There is the checks and balances that Mrs. Coronato speaks of, the business manager does not have unchecked authority neither does the superintendent, it takes both signatures. Now I read paragraph 6 of the same Article quote "The assistant superintendent shall have the power to order, with the approval of the superintendent of schools textbooks or supplies not exceeding \$100 in any one requisition. He shall also have the authority to order such repairs and replacements in buildings as may be necessary, with the approval of the superintendent of schools and the president of the board, provided that an expenditure in excess of \$500 shall first be approved by the board of education." unquote.  
"We clearly had policy limiting expenditures, we always have had, the question is how much do you wish to limit the purchasing agent. In November 1959, Mr. Rubino offered this resolution which was passed. Resolved that in no case shall individual purchase orders exceed \$100 without the board of education's approval except in the case of an emergency when with the approval of the board presi-

Budget

(Continued from Page 1)  
1959-60 School budget.  
"This actually left \$116,000 of uncommitted balances, to which was added the \$1,000 left over from the actual operation of the school year. If the board failed to appropriate another \$70,000 of balances this year, the taxpayer would have to be taxed for an extra \$70,000 this year which he did not have to produce from his pocket last year. Accordingly, the board decided to appropriate the same amount of balances as had been appropriated last year to prevent the tax rate from increasing artificially."  
"This brings our balances down to \$47,000. This may be increased at the end of this year if the expenditures of the school year turn out to be less than was provided for in the budget, but there is no indication at this time of how much is to be expected from this source. Actually, this year's operations will have to produce at least \$23,000 of "surplus" just to provide us with the \$70,000 needed next year to match this year's appropriations.  
"And the first year that we cannot match the previous year's appropriation the tax rate will go up even if the budget doesn't. If the entire known balance at this time of about \$117,000 had been appropriated in the proposed budget, the prospect for next year would be even more bleak. This year's budget would then have to produce a surplus of \$117,000 instead of \$73,000 to keep the following year's tax rate down to the artificially low level produced for next year's."  
"In summary, when we are fortunate enough to have a year in which the expenditures are less than anticipated, amounts of so-called "surplus" arise. If all of this "surplus" were given back in the following year, the tax rate would be held down to an artificially low level. The following year it would take a large rise if no further "surpluses" developed. Since it is desirable to keep the tax rate from fluctuating up and down year by year, the board of education is attempting to spread the return of "surpluses" out over several years so that no single year will feel the violent effect of surplus balances or the lack of them."

The Stork Club

Parents from the Belleville area are invited to announce the birth of a child in this column. Babies arriving at the Clara Maass Memorial Hospital will automatically be announced in "The Stork Club." Births at other hospitals may be announced by giving all information on a plain sheet of paper and mailed or sent to The Belleville Times office, 246 Washington Avenue, Belleville. Announcements will also be accepted over the telephone.

New Year's Baby

Young Janine Hill was announced in this column as arriving in 1959, but it was a mistake; Janine was born in 1960, in fact at 6:45 a.m. New Year's Day at Clara Maass Memorial Hospital. She is the first addition to the family of Mr. and Mrs. Nester Hill of 19 DeWitt Avenue, Belleville. Janine's mother is the former Barbara Smith of Nutley.

Marilynn Biase

Mr. and Mrs. Carmen Biase of 76 Entwistle Boulevard, Belleville, are receiving congratulations on the birth of a daughter, Marilyn. Marilyn was born January 12 at the Clara Maass Hospital. She joins a sister, Carol, two and a half years old. Marilyn's grandparents are Mr. and Mrs. Paul Sampier of Nutley and Mr. and Mrs. Carmen Biase Sr. The baby's mother is the former Dorothy Sampler of Nutley. Mr. Biase is a time-setting engineer for IIT Laboratories.

Doreen Ann Duffy

Mr. and Mrs. James Duffy of 176 Joralemon Street, Belleville, announce the birth of a daughter, Doreen Ann, who arrived January 15 at the Clara Maass Memorial Hospital. Doreen Ann joins three brothers, James 7, Dennis 6 and Thomas 5. Mrs. Duffy is the former Doris Quinn of Newark. The baby's father is associated with the Anhauser Bush and Company.

Andrey Janella Franz

A daughter was born January 21 to Mr. and Mrs. George Franz of 56 Smith Street, Belleville. Named Andrey Janella, she joins four brothers, Gus 13, Billy 10, Arthur 7 and Noel 3. Her maternal grandparents are Mr. and Mrs. George Kondreck of Belleville. The baby's mother is the former Kathryn Kondreck of Belleville. Mr. Franz is an assembler with Wallace and Tierman of Belleville.

Belleville Residents Invited To Join New Adult Chorus

Belleville residents who wish to join the adult chorus of the new Newark YM-YWHA may be obtained by phoning Waverly 6-6110.

Formation of the Adult Chorus restores another YM-YWHA activity that had been curtailed during the years when the agency lacked adequate facilities for regular rehearsals. The chorus is one of several musical endeavors which has been associated with and sponsored by the Newark YM-YWHA for over two decades.

No previous vocal training or musical education are required for membership in the chorus. Singers are wanted in every voice classification.

Under Schonberg's direction, the chorus will develop a repertoire of folk songs, classical works, and songs in English, Hebrew and Yiddish.

In addition to concerts and special programs, the chorus is also planning several social events for the season. Further information

## Keep Pluggin' Along

It's the steady, constant driving  
To the goal for which you're striving,  
Not the speed with which you travel,  
That will make your victory sure.  
It's the everlasting gaining,  
Without whimper or complaining  
At the burdens you are bearing,  
Or the woes you must endure.  
It's the holding to a purpose  
And never giving in;  
It's the cutting down the distance  
By the little that you win;  
It's the iron will to do it  
And the steady sticking to it;  
So whate'er your task, go to it!  
Keep your grit and plug along!

## The Significance of February 9

Next Tuesday is a very important day in the lives of all Belleville parents, children, and taxpayers. Up for the consideration of all voters is the school board budget covering anticipated 1960-61 expenditures and the election of school board candidates to two vacancies.

The budget is more than a simple piece of paper bearing figures. It represents the labor of many people putting in endless hours on many evenings and weekends trying to come up with an answer that will meet with the approval of our taxpayers and yet satisfy the needs of our expanding school system.

Schools produce our future citizens and leaders. They affect everyone, parents and childless couples alike. Belleville voters will be expected to go to their respective school polls to vote on the budget and school board candidates Tuesday, between the hours of 3:30 and 9:00 p.m.

The budget as presented provides for an increase of \$66,542 over last year's expenditure, for a total of \$2,658,588. Based upon last year's tax rate the increased expenditure results in an eleven point rise in the tax rate. The increased expenditure for instructional personnel, textbooks and teaching supplies is \$64,044, thus accounting for most of the increase. The rise in the Belleville Board of Education budget, both from the standpoint of dollars and tax points is among the lowest in the county.

No budget is perfect. We have citizens among us who want us to spend more money than already provided. They believe we are not doing enough for our children. We have citizens who believe we cannot afford any increased expenditures for school purposes. They would have us reduce our expenditures.

In between these two extremes sits the main body of citizens who are willing to fork up a few bucks more for our children's educational needs. They are willing to approve a school budget within the taxpayers' ability to pay.

Constantly the unsalaried, and sometimes confused school board must try to second guess the citizens. Endless hours on many nights and weekends are spent trying to tailor the budget to fit what they believe to be the pulse of the voting and paying public.

In the present budget we believe the board has done a reasonably good job of meeting the current needs of our schools. The budget is sound and we urge its adoption.

A word about the school board candidates.

The only incumbent seeking re-election is Mrs. Mary Coronato. Michael Rubino refused to run for re-election. In addition to Mrs. Coronato there are five citizens who are contesting for the two seats. They are Joseph Granese, John Walker, Nicholas Juliano, Ernest Arvidson, and Nunzio Caracciola. Some citizens have bracketed Mrs. Coronato and Walker. The "Aroused Citizens Committee of 100" is working for the election of Juliano and Arvidson. Granese and Caracciola are running independently.

The issues of the campaign:  
Should Mr. Evan Thomas be permitted to administer the school system without interference from individual school board members?

Mrs. Coronato and Walker believe Mr. Thomas' authority and power should be

limited. Juliano and Arvidson endorse the proposition that Mr. Thomas should be permitted to administer, unencumbered by restrictions as advocated by Mrs. Coronato. Granese and Caracciola believe the school board should establish policy and the administrator should administer.

Is the school system being operated in accordance with the Grand Jury recommendations of 1954? At this writing no one has come forward with a clear cut answer to this question.

Through the columns of the Times-News we have attempted to satisfy the electorate's unquenchable urge for knowledge. Columns of space have been consumed in order that we might place before the voters of Belleville the individual views of the candidates. By election day, the Belleville voter should be an informed individual.

We urge all qualified voters to vote Tuesday, February 9th.

## Taxes - Governor Rockefeller And Our Commuters

For six months a determined effort has been made by Governor Nelson Rockefeller, of New York, to relieve the New Jersey commuter, employed in New York, of his unfair tax burden arising by virtue of the N. Y. income tax.

It now appears that the New York legislature is receptive to the Governor's plan and before long New Jersey commuters may get the first real break since the turn of the century.

Governor Rockefeller's goodwill toward and consideration for New Jersey citizens should encourage New Jersey firms to submit to the New York Department of Taxation a list of their employees who reside in New York.

Governor Rockefeller must make up the loss in revenue arising from his tax relief program for the New Jersey commuter. The chief source from which additional revenue can be quickly obtained is the New York resident who works in New Jersey. Most of these persons are unaware of their obligation to pay New York personal income taxes.

It behooves all New Jersey firms to cooperate with a cooperative neighbor, Governor Rockefeller, and at the earliest possible moment place in the hands of the New York taxing authorities the names, New York addresses, and earnings of New Jersey employed residents of New York.

## The Smaller Business Problem

For many years, each Congressional session has seen the introduction of legislation designed to help smaller businesses. Much of it, obviously, has been impractical; some has been hare-brained, and none has been found generally acceptable.

Now, however, the situation may be changing. According to the American Retail Federation, "there is a growing sentiment in the Congress for the 'reinvestment of earnings' principle to stimulate the growth of small business." Under that plan, businesses, within prescribed limits, would be able to retain and reinvest more of their earnings. Support has come from many members of Congress, representing both of the parties.

There is no question but what the tax laws are the principal barrier to the growth of the small business with modest financial resources. A small or medium-sized retailer, for example, just doesn't have enough money left after the tax bite to go ahead at better than a snail's pace.

The current proposal, it is true, would somewhat reduce the government's tax revenues in the beginning. But, in the long run, it would increase them. For as business—large or small—grows and its profit picture improves, the public treasuries are always the greatest beneficiaries.

## Yesteryear In Belleville

### ONE YEAR AGO

Belleville barbers adopted resolution to close six holidays. They are New Year's Day, Memorial Day, July 4th, Labor Day, Thanksgiving Day and Christmas.

Heated campaign highlighted the race among eight candidates seeking election to the board of education.

Heart Fund set a goal of \$3,500 for its house-to-house canvass throughout the town.

Miss Louise Rose Zarrillo and Ronald Francis Paternoster were married in Holy Family Church. Joseph Maniscalco of Belleville wed Maryann Louise Cebello of Montclair.

### FIVE YEARS AGO

An ordinance which would have permitted funeral homes in residential zones was turned down by the board of commissioners with a narrow 3-2 margin. Mayor Isadore Padula cast the deciding vote.

Belleville Knights of Columbus celebrated their 51st anniversary at a dinner-dance held in the Robert Treat Hotel. Commissioner Harry Sullivan was toastmaster.

Town commissioners voted unanimously against changing an ordinance which prohibits stores to operate on Sundays.

Miss Jean Calderone became the bride of Benjamin Zuczek at Holy Family Church. Miss Doris June McKenna and Melvin A. Gross, of Belleville, were married in Maryland. A third bride, Miss Catherine Iannelli, wed Benedict A. Albanese in St. Joseph's Church, East Orange.

### TEN YEARS AGO

New arrivals reported included Joyce Tremel and William Kuzmin.

Police and firemen requested a \$200 uniform alliance. The appeal was addressed to the Belleville Board of Commissioners.

A tentative tax rate of \$5.56 was forecast by the commissioners as the group adopted a budget of \$2,630,813.

The Grace Baptist Church dedicated its new parsonage. The Rev. Thomas E. Ellis, pastor, participated in the ceremony.

The Erie Railroad station at the foot of Essex Street was ransacked, looted of \$8 in cash, a fountain pen, heavy brass key and a watch valued at \$75.

Three weddings were conducted: Lois Wilson and Leland Root, Margaret Crerand and John Vander Leeuw, and Violet J. Springer and Robert J. Maguire all exchanged vows.

Engagements announced ten years ago were Hazel McGarry to Raymond R. McCann, Norma Legried to Charles Jones, Betty Chalfant to Ernest Gennell, Dolores Sibilia to Richard Suffert and Lee Mele to Alphonso DiPaolo.

Deputy Fire Chief William Cullen announced his intentions to retire after 46 years of service to the department.

### FIFTEEN YEARS AGO

A thrilling two-mile chase over ice covered streets of Belleville was climaxed with a bandit-piloted car crashing into an apartment house. Two men staged a holdup with a blank gun at the Washington Liquor store. Officer Harry Winfield winged one of the bandits during the chase.

The Colored Women's Council installed the following officers: Mrs. John Ellsworth, president; Mrs. Edison Salters, vice-president; Mrs. Elmer Peterson, Mrs. Madeline Matthews and Mrs. Matthew Dickerson, recording, financial and corresponding secretaries and Mrs.

Edith Salters, chaplain.

Four weddings were conducted. Miss Clara Trommell married John A. Barnish, Miss Jayne Horvath married Donald H. Richards; also the marriages of Miss Eleanor Trommell and Kenneth Thomson and Rose Mary Connolly to Bartholomew Donachie were held.

One hundred grammar school boys reported in the high school gymnasium in the opening of the recreation department and board of education sponsored grammar school basketball league. They were coached in the fundamentals of basketball by coaches William Chapman and Herman Wische. After a few Saturdays of practice league competitions was to be arranged for the teams.

In the Grace Baptist Bowling League, the Coyotes were in first place, a game ahead of the Wolves, the Wesley basketball team had a close victory, 22-21 over Montgomery in a church recreation basketball league contest. Playing for the winners were Austin, Irvin, Carnivale, Kanduse and Mayer.

The Belleville High School boys lost their return match with Bloomfield by 38 pins. The Belleville girls beat their Bloomfield rivals by 132 pins, duplicating the results of the first match.

### TWENTY YEARS AGO

The necessity of repairing some of the pipes in the sewerage system on the Passaic River frontage at the foot of Terry Street was announced by the Public Works Department.

Mayor Williams met with officials of Passaic, Bergen and Essex counties concerning the route of proposed highway S-3 which eventually would connect with the Lincoln Tunnel.

"Mr. Smith Goes to Washington," a film starring Jimmy Stewart and Jean Arthur, was playing at the local theatre.

Belleville High School's third week of interscholastic basketball was no different for the two which preceded it—two games, two defeats. It was Orange and Bloomfield who trod on the necks of the helpless Bellboys. The hope that once the team returned to the home court things might change quickly faded. After absorbing at 33-21 lacing from Orange, the Bellboys came back for another 39-27 trimming by the Bengals.

The five-game winning streak of St. Peter's Holy Name basketballers was brought to an abrupt end by the Atlas five of Montclair 40-33 at St. Peter's Hall. Led by Joe Hjelstrom, the Atlas club went into the lead early in the third period and was never headed after that.

St. Peter's Keys copped its fifth win in six starts by crushing the Hilltop Juniors under a 31-11 avalanche. Leonard and McManus led the way for the victors.

The Miners, representing Fawcett Memorial Church, sailed through the first round of the Newark Church Basketball League in easy style to capture the round championship and advance well on their way in defense of the crown they snatched in 1939. Newcomers to the league they ended their first season with the crown. The Miners, only Belleville entry in the Newark loop, finished the initial round with a record of seven wins over eight starts.

TWENTY-FIVE YEARS AGO

The school board adopted a budget of \$330,320.94 and the board of commissioners introduced a 1935 budget of \$798,532.99. Taxpayers complained.

The New Jersey Bell Telephone Company sent a representative to the Belleville Rotary Club to

speak on "The Wonders of Dial Telephone."

The faculty at Belleville School Seven was headed by Mrs. Catherine Hardwick as principal. Teachers included Miss Marie E. Troast, Miss Regina Lynch, Mrs. Ruth E. Robertson, Mrs. Frances B. Johnson, Miss Ruth Caldwell, Mrs. Eleanor C. Brady and Miss Helen E. Brown.

The Belleville High School basketball quintet hung up its fifth and sixth wins of the season smothering both Kearny and Irvington. Kearny was a 42-23 victim, for the third successive victory, while Irvington made it four in a row, bowling in 37-25 figures. Both games were at the Bellboy court.

The Capitols came from behind to outscore the Lawlors, 13-0 in the last quarter and take undisputed possession of first place in the Recreation Commission's Senior Basketball League, with a 30-25 victory at the Recreation Center. Carl Wittish and Hen Bohrer led the spirited last minute Capitol drive that saw them overcome a 17-23 deficit at the start of the fourth quarter and come on to win.

The Speedsters had a one-game lead in the Belleville Lions Bowling League. The Bears had the second place spot with 14 games won and 10 lost. Bowling for the Speedsters were Smith, Locher and Carlogh.

The Williams Association led the American Legion Bowling League with 32 games won and 10 lost. The Waters Association was in second place and the Knights of Columbus and the Oldham Association were tied for third.

### THIRTY YEARS AGO

# WHEN A MAN HAS A BROTHER

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

| Day       | Book          | Chapter | Verses |
|-----------|---------------|---------|--------|
| Sunday    | I John        | 2       | 9-12   |
| Monday    | I John        | 4       | 20-21  |
| Tuesday   | Romans        | 12      | 9-10   |
| Wednesday | Proverbs      | 17      | 17     |
| Thursday  | I Corinthians | 16      | 13-14  |
| Friday    | John          | 10      | 9-10   |
| Saturday  | Psalms        | 55      | 13-14  |

A man's got to look after his brother. That's what Timmy said the other day, as he stood beside our baby. And I told him he was right. "You are so much stronger than this tiny, little creature," I said. "From now on, you've got a real responsibility!"

A man *does* have to look after his brother... especially when that brother is weak. But there are moments, too, when even the strongest man may need a brother!

In the eyes of the Church, all men are brothers, just as all men are equally beloved. As long as there is a church near you, you are not alone. You have only to open the door and walk in and you will be at one with your fellow man... and at home with your brothers.

# Bellboys Enter Final Week Of Current Court Campaign

BY DOM GIOVACHINO

Belleville High's Basketball squad, coached by John Westlake, will finish their season this week with a game at the Belleville gym against Orange High tomorrow, and an away game with Seton Hall Tuesday. The Orange game will be a Big Ten contest.

Orange has yet to win a game this season and is tied for last place with the Bellboys in the Big Ten Conference with no wins and eight losses. The one game that Belleville won this season was against this same Orange team by a score of 39-37. Since the Bellboys have been showing up very good against some tough teams lately, it looks as though they'll have a good chance to win and stay out of the cellar.

Against Irvington High and Columbia High, who are numbers two and three in the Big Ten, Belleville made a very good showing. Although they lost both games, they were close and at one time or another in each the Bellboys held the lead.

## THRILLER

The Irvington game was a real thriller that ended in a 53-51 victory for the Campers, while Columbia won with a final score of 60-50. But this score does not tell the whole story.

In the first quarter of the Irvington game, the Bellboys showed some fine defense, holding Irvington to five points, while Frank Annichiarico sparked the Bellboys to an 8-5 quarter lead, scoring six points himself. Then Irvington came back with eight straight points to open the second period and put them ahead 13-8. From there, Belleville matched the Campers fairly well and the score at the end of the first half was 25-19 in favor of Irvington.

Twice in the third period, the Bellboys had sliced Irvington's

lead to four points. But after four shots by Mike Sandomeno and "Red" Higgins made the score 27-23, Irvington rallied for five points, hiking their lead to nine. The score at the end of three periods was 42-34, with Higgins getting seven of Belleville's points in the third quarter.

## COMEBACK

In the final period, the Bellboys made a fine comeback, losing in the final seconds of the game. Early in this quarter, Irvington had worked up a 48-38 lead, but a ten-point rally by the Bellboys in which Richie Burlazzi scored five points tied the score at 48 all. Then Irvington scored three more points, but a jump shot and a foul by Higgins with 1½ minutes left tied the score again at 51-51.

As Irvington gained possession, Jim Sodano gave a fine performance of ball handling, freezing the ball until he called time with 15 seconds remaining. After time was again, he froze the ball a second time until there were a few seconds left. He then passed to Bill Ort under the boards who put it in for the clincher. Belleville then got the ball with less than a second left and was unable to do anything.

In the Columbia game the Bellboys did very well in the first half but fell apart in the second.

Columbia had gotten off to a 6-0 lead in the first period when Frank Annichiarico put in a jump shot for Belleville's first score. Then, towards the end of the quarter, six straight points for the Bellboys, three by Higgins and three by Sal Lo Coco brought the score up to 15-14 in favor of Columbia. By the end of the second period, the Bellboys had taken over, again scoring six straight points, but this time it gave them a halftime lead of 33-30. Higgins eight points and George Sheridan's five paved the way for the Bellboys in that quarter.

Columbia opened the third period with the six straight points and ran up 44-40 lead at the end of three periods with Moore scoring 10 of the 14 points, while Higgins five foul shots and Bob Laird's field goal was all the scoring for Belleville in that quarter.

The Bellboys were not too far behind midway in the final period when a goal by Mike Smith for Belleville made the score 51-48. However, Irvington then scored seven in a row for a ten-point lead, putting the game out of the reach of the Bellboys. After Sheridan's two foul shots for Belleville made it 58-50, Lipstein of Columbia put in a layup that finished the scoring and the game ended at 60-50.

# Canidates in Windup of School Board Election Campaign

## Well-Wishers For Caracciola Sponsor Party

Walter P. Weiss, campaign manager for candidate Nuncio Caracciola, issued the following statement today:

"One hundred well wishers gathered at the home of Nuncio Caracciola, 58 Roosevelt Avenue, at a 'Get Acquainted Party' to honor him for his entrance into the board of education election, and enthusiastically gave their wholehearted support. Caracciola made the following statement to the gathering, and the people of Belleville: At no time did I attempt to set myself up as a miracle man who knows all the answers relative to the education of 2,200 children in our town, that function is in the hands of competent men and women who are more and better qualified than myself or any other candidate in this election. The tremendous job of fulfilling the educational requirements necessary for our children are so complex that it is impossible for any member of the board attending some two or three meetings a month to acquire the knowledge to do the job that our superintendent, his staff, the teachers, yes, even the custodial workers are doing. I will dedicate my efforts to the end that every tax dollar is put to the best possible use; going into this election with both eyes open, and not committed to any political expediency for the purpose of gathering votes, or satisfying some crack pot schemes put out by pressure groups, who know less than I do of the intricacies necessary to educate children and prepare them for the struggle of adult life. The phrase 'well done thou good and noble servant' I hope to earn, pledging myself to the parents of our town, to be their servant for the best interests of their children, the Lord willing, I will keep this promise.—Walter P. Weiss, C.M.

School Board ELECTION TUESDAY February 9

## Arvidson Urges Large Turnout At Polls Tuesday

Ernest S. Arvidson reviews his campaign points in his final statement which appears below:

"The time for the voters to do their speaking is fast approaching. All candidates for the board of education have had an opportunity to present their views, or to have others speak for them, and our local press has been most cooperative. I have sought to present to the voters my thinking on the principles and issues involved, hoping that no voter will have any doubt of where I stand on any issue.

"I have avoided discussing personalities, although, having attended board meetings during the past years I am in agreement with the editorial which appeared in The Belleville Times last week and which indicates that a small handful of people have as their only interest and purpose the harassment of a dedicated public servant, an able administrator, and are attempting to impede this administrator in the performance of his duties.

"I know that I have the business experience and training and enough ability to judge the facts for themselves and to make my own decisions and I have the integrity to uphold those decisions. I am not vindictive and hold no grudges nor will I allow myself to be a tool of any clique seeking personal vengeance upon anyone, or seeking personal favors for anyone.

"I have made no commitments or promises of any kind to any group or any individual. My sole purpose in being a candidate is my desire to do a good job on the board of education.

## PRESENTMENT

The unfortunate incidents concerning the board of education, leading up to the Grand Jury presentment of 1954 should be remembered only for the purpose of correcting those abuses mentioned therein and the lessons which should be learned therefrom. I am unalterably opposed to a return to the form of dual control which led to these abuses and I would actively work to reverse the present trend towards dual control. Only by having an able administrator at the head of our school system who is not constantly harassed by interference from individual board members but is solely responsible to the whole board of education can we receive full value for the tax money allocated to public education.

"There is much work to be done and much thinking and exchanging of ideas that I wish to do which does not allow me time to involve myself with petty personal gripes. I prefer to let the past personal feelings be forgotten and concentrate my efforts on the job at hand with a full knowledge of the tremendous responsibilities with which a board member is faced.

"May all registered voters go to the schools and vote Tuesday, February 9, and cast their ballot for the two candidates of their choice and then may we all do our bit to maintain this country's greatness by giving our support to our public schools."

## Mrs. Coronato: Board Supports Supt. .99 of Time

Mrs. Mary Reilly Coronato wound up her battle page releases with the following statement made today:

"During the past year, I have taken the initiative in the area about which I know the most, the business practices. I was fortunate enough several years ago to have been an employee in the business office of the board of education for three years. During this time I gained a considerable amount of experience which gave me a more thorough understanding of our school system, and enabled me to better represent you—the citizens of the Town of Belleville. I saw the need to set up controls to prevent over-expending the school budget and to limit the spending by administrators, without prior authorization of the board, to \$100 for each order issued. This in no way hampers our administrators, nor does it change our board of education into anything other than a policy-making organization, but it does lead to keeping the board better informed of the needs of the school system. These restrictions, or controls, definitely do not indicate a lack of faith in the ability of our administrators. It is merely an establishment of a policy in an area in which I maintain the board of education has no functioning policy. How can a board of education better serve the people in the town than to assure the taxpayers of the most careful use of their money for education?

"I would also like to point out that I am a life-long resident of our town and that I was graduated from Belleville High School. I am proud of Belleville and want to help to keep Belleville a town that we are all proud to live in. The surest way to achieve this is through operating and maintaining good schools.

"I also voted to have Veterans Day a school holiday. I did so because I believe this is an important way to honor those who sacrificed their lives for our democracy and to teach patriotism to our children.

"During my year on the board, the board has supported the superintendent in 99 per cent of the matters that came before it. I shall continue to exercise the right to do my own thinking. I shall continue to reserve the devotion to the cause of good education in our schools and the welfare of the taxpayer. I believe our people want a board of education that operates democratically."

## Tea For Granese At Local Home

Board of education candidate Joseph Granese was a guest at a tea given in his honor, at the home of Mr. and Mrs. Al Gaudio of 39 Overhill Road, last Thursday.

Granese and Nicholas Raimo, his publicity manager, addressed a group of approximately forty persons who attended the affair. Granese discussed the qualities that a board member should possess and he will stress the importance of electing members who possess these qualities.

Raimo reassured those present that Granese will run independent of any other candidate.

## Major Issue Is Curriculum Says Joseph Granese

Joseph Granese's final statement for the Times' battle page follows:

"In the January 28th issue of The Belleville Times I was criticized as not taking a stand in the board-superintendent issue. Furthermore, pertaining to this issue, I was described as being out in 'left field.' I fully recognize the existence of this issue, however, I feel that at this time it is not sufficiently important to be deemed a key issue in the present board of election. This issue seemingly has been blown out of proportion to suit the purposes of those unable to or unwilling to recognize, understand or deal with the real, present day issues in education here in Belleville and in the nation. These issues center around what is being taught in the schools, the curriculum, and how well the children are being taught.

"With respect to the so-called 'board-superintendent issue,' I wish to state that I see evidence of a need for greater understanding and cooperation on the part of all concerned. Each, the board and the superintendent, must respect the others role and responsibility. I subscribe to the theory that the board of education must make the educational policy, the superintendent must put that policy in action, and the board of education in turn must be satisfied that this policy has been put in action with efficiency and dispatch. Our superintendent, Mr. Thomas, has served our community for many years. During that time, I feel he has served us well and has exhibited competency. On this basis if I were elected, I would give him every opportunity to continue his good service to our community. This does not mean that I would offer him a carte blanche. If I felt that he was inefficient in any area of school administration, or if he failed to effectively assume his duties, duties that were clearly defined by the board of education, I would alter my opinion of him and my actions as a board member would be governed accordingly.

**BLAME BOARD**

"On the basis of my investigations into this matter of board-superintendent's relationship, I feel that the board of education is partially to blame for this undesirable situation because I have not been able to see any evidence of written board policies governing the superintendent's duties and responsibilities. If I were elected to the board of education, I would immediately work for a clear definition of all of the duties of our superintendent, and school principals. This would lead to a greater understanding and cooperation, and would do much to restore mutual confidence among school board members, administrators and the general public.

"In this final release, I wish to re-emphasize the need for improving our curriculum and raising the academic standards for all of the children who attend our public schools. Presently, our nation is in a race between education and catastrophe. Those concerned with education in Belleville must do their part in order to avert this catastrophe. This only can be done through education. I believe that the board of education and the professional educators must cooperate on deciding the curriculum and standards, and each must respect the other's views, roles and responsibilities. Within the framework of the policies established by the board, the educators should develop the content of the curriculum. However, the board of education has the responsibility to see that the curriculum meets the needs of our times. The board must carefully review the recommendations of the professional educators and maintain a constant vigil to make certain that the high academic standards so necessary in the school systems of today are being met."

## N. Juliano Notes Election Urgency, Asks All To Vote

Nicholas Juliano's statement to The Belleville Times appears below:

"It's 'Curtain Call' time again as the grand finale of the school board election draws near. Never was there a greater urgency for every citizen to go to the polls on Tuesday, February 9, than at this time. You can prevent the election of unqualified candidates of questionable affiliation only if you get out to vote.

"The basic issue has been exposed to public scrutiny for the first time in a school board election since the elective system was established. Engendered in the bitter sting of public censure contained in the Grand Jury presentment of 1954, the insidious obsession for personal revenge, without regard for the welfare of our future citizens, threatens irreparable damage to our school system.

"All the promises and platitudes of the incumbent candidates and the 'certification expert' have failed to dim the searching glare of public scrutiny or to conceal their alliance with those bent upon serving their own vain self-interests! The 'ghost-written clichés' such as 'checks and balances' or 'fully certified teachers' were designed to divert public attention from 'loaded remarks' which spell the re-establishment of 'dual control' in some form or other, that in the process can cause havoc in the school system.

**DUAL CONTROL**

"By coincidence, or design, these two candidates share the same views about 'dual control' and obvious antagonisms towards the administrators! It will require more than fine sentiment or feigned naïveté of inexperience to explain the incumbent's vote soliciting tours of the past ten days accompanied by a political district chairman? This raises the most serious question of all: Will the incumbent be free from political influences to exercise independent judgement as a school board member?

"You can answer this at the polls on Tuesday, February 9, from 2 to 9 p.m. The 'idle voting curtain' is the greatest single asset to politically supported candidates! The elective board system, free from political influences, can and must be preserved, but only you can see to it if you get out to vote! Vote 1-A on Election Day. Keep Belleville Schools A-1!"

## Walker Reviews Campaign Points, Cites Key Issues

John A. Walker's final statement to the Times in the election campaign follows:

"A member of the board of education should be able to serve the best educational welfare of all the children of all the people in the town. As a graduate of the Belleville schools, a former athlete, veteran, parent, and local business man, I believe I can fill this qualification. Not sponsored by any so-called 'Aroused Citizens Committee,' party, group, clique, or school official, I can and will use independent judgment in coping with the problems of the board. A good board member needs chiefly common sense, honesty, and devotion to the democratic way of getting things done.

"I am not 'more or less satisfied with things as they are.' I find much that is good in our schools and the board of education, but I am definitely interested in many improvements.

"1. Belleville can be satisfied with nothing less than 100 per cent fully certified teachers. It is time for the superintendent to do the 'teacher recruitment necessary to keep our schools supplied with fully certified, high quality teachers.

"2. I want to see the power contest between the superintendent and the board ended. This can be done by the writing and putting into effect of an up-to-date statement of policies and functions for the operation of the superintendent and the board. Those who say the solution lies in simply 'no interference' with the superintendent are not facing facts. Board members must be willing to work with the superintendent in developing 'ground rules' that he and board members will observe in the operations of the schools.

"3. Business practices can be improved still more. Some kind of inventories now exist. A perpetual inventory system should be instituted and maintained. By this means, at the end of any month the business office could give exact information on the amount and location of all school property, whether tools, books, furniture, or supplies. This close control would help to assure the taxpayer that he is getting his money's worth.

"4. The National Defense Education Act provides money for the expansion of the high school guidance department. I want to see this Federal money claimed and used to give our children a better guidance program."

## Walker Reviews Campaign Points, Cites Key Issues

John A. Walker's final statement to the Times in the election campaign follows:

## 'Aroused Citizens' Cite Board-Superintendent Split Danger to School System

The "Aroused Belleville Citizens" released the following statement on the school board election:

"We charge that today's split among members of the board is potentially as damaging and dangerous as the split severely criticized by the Grand Jury in 1954. We charge that it has already brought about political maneuvering detrimental to the best interests of the board and the schools.

"We are aroused by the indifference of many voters to an election which vitally concerns them. We are aroused by those who treat it as a popularity contest. We are aroused by the inaction of fence straddlers and vote abstainers on the board.

"When important measures were considered during the past year we are aroused by the fact that our schools represent more than half of the budget of the Town of Belleville, yet their welfare attracts less than 25 per cent of the voters on election day.

"We must elect men of ability, firm conviction and judgement. Remember, a heavy vote for Nicholas Juliano and Ernest Arvidson will tell all elected officials that public office is a public trust—and not the property of any clique."

## Arroused Citizens View Grand Jury Presentment

Submitted for publication last week.

The "Aroused Belleville Citizens Committee of One Hundred" has released the following statement by Messrs. William A. Boyd, Allan H. Crisp and Edward J. Ackerman, co-chairmen:

"The pot is beginning to boil and the necessity to vote for candidates who will strengthen the board of education should now be crystal clear.

"The Grand Jury's 1954 Presentment strongly criticized the division of the board into two factions, 'those who favored the superintendent's recommendations and those who sided with the business manager.' Unfortunately, the same type division exists today, but it is now between individual board members and the superintendent. Its effect is potentially just as damaging and dangerous as the factional fight to which the Essex County Grand Jury referred. It wasn't partisans but the grand jury which recommended a single control system with only one administrative officer and he must be the superintendent.

"It was aroused Belleville citizens who brought about the change from an appointive to an elective board. It is quite obvious that we must once more work together to see that men of firm conviction and judgment are elected to protect and strengthen the single control system recommended by the grand jury. This does not mean that the board will become a rubber stamp for the superintendent.

**ELECTIVE CONTROL**

"It was aroused Belleville citizens who brought about the change from an appointive to an elective board. It is quite obvious that we must once more work together to see that men of firm conviction and judgment are elected to protect and strengthen the single control system recommended by the grand jury. This does not mean that the board will become a rubber stamp for the superintendent."

## Apartments

(Continued from Page 1)

A zone which is restricted to sin-  
gle - family dwellings.  
Attorney W. J. Camarata of  
Montclair argued the case for  
the developers noting that the  
stadium area is on the boundary  
of the B residential zone where  
double - family occupancies are  
permitted.

Camarata based his case on  
the suggestion that the 56,000  
square feet in question "can best  
be put to use by the construc-  
tion of garden apartments." He  
said it is not practical to build  
houses on the plot.

## SCHOOL BOARD

Board of education attorney  
Max Schwartz, who said he at-  
tended Tuesday's meeting at the  
instruction of his board, noted  
that the hazy Rutgers Report, a  
survey of Belleville's school sys-  
tem, has proposed specifically  
the building of a school "in the  
stadium area." However, Sch-  
wartz said "I'm not here to op-  
pose the granting of this variance  
for the apartments."

A third attorney Tuesday night,  
Dominick Presto of Rutherford,  
represented residents of the stad-  
ium area who are opposing the

proposed apartments.

Presto asked the zoning board  
to consider the purposes of its  
existence; to protect the health,  
safety, morals of the community,  
to lessen street congestion, fire  
hazards, and to safeguard the  
overcrowding of land and munic-  
ipal services.

Several residents told of sew-  
age problems in the area which  
exist today. One citizen said he  
had to call the sanitation de-  
partment three times because of sew-  
erage problems "which were  
caused on town property."

## CITIZENS

Other citizens had these com-  
ments to make: Steven Kostow-  
icz of 507 Greylock Parkway said  
that "we have no guarantee as

to what type of people will be  
living in the apartments. Person-  
ally, if the apartment goes  
through, I'd sell my house."

Mrs. A. Buonopane of 480 Grey-  
lock Parkway complained of sev-  
er problems. "We don't have to  
take the overpopulation of the  
big cities in Belleville," Charles  
Glass of 519 Greylock Parkway  
and Alex Meccia, speaking for  
his parents, both said they pur-  
chased homes in the stadium  
area "for peace and quiet."

Other problems cited Tuesday  
with respect to the proposal were  
increased school population, traf-  
fic and fire hazards.

## RODAN ESTATES

Permission for the certified  
public accountant's office at 1  
Bernice Road in Rodan Estates  
was filed by Woodcliffe Realty  
of Belleville. Christopher O'Hall-  
oran would have occupied the  
home if the variance had not  
been turned down.
