Support for Thomas

Tuesday a discriminating electorate went to the polls in large numbers to register a vote of confidence in Mr. Evan Thomas, Superintendent of Schools. They decisively elected two school board candidates pledged to restore to Evan Thomas the authority and responsibility of his office. Nicholas Juliano and Ernest Arvidson topped the six candidates in the race. Mrs. Mary Coronato, incumbent board member, went down to defeat, finishing a strong third. In consort with Doctor Frank DiRuggiero, she joined in the efforts to reduce the authority of Thomas' office.

This newspaper has repeatedly pointed up the fact that school board members, by introducing motions aimed at limiting to a ridiculous degree the spending authority of the superintendent's office were in effect stripping Thomas of his authority. We called for a halt of this harassment of Mr. Thomas.

Juliano and Arvidson, promised, if elected, to vote for measures which would establish the Board of Education as a policy making body and permit Evan Thomas to exercise his powers as chief administrator of the school system, putting into effect the policies as spelled out by the board.

Immediately upon reorganization the board's first order of business should be a restoration of the prerogatives of Evan Thomas' office.

The election of a new board president is apparently limited to a consideration of two individuals, Board Members Mrs. Violet Rochau and Richard Drake. As board members they attempted to stop the occasional stripping of Mr. Thomas of his authority.

In losing, the personally popular Mrs. Coronato went down to defeat simply because she vigorously supported the view that the board should have increasing authority over Mr. Thomas and the administration of the school system. This issue was obviously highly unpopular with the rank and file voter. Her high personal popularity was insufficient to keep the voters in line on this issue.

The School Board Budget

Apparently the electorate's absorption with the candidates of the various school board hopefuls led to the defeat of the school budget. In these days of endless tax increases we believed the school board did a remarkable job in holding down the budget increase over last year's expenditures to \$66,542. This increase would result in an eleven point hike in the local tax rate. And since \$64,044 of the increase was occasioned by expenditures for instructional personnel, textbooks and teaching supplies there appeared to us very little room for further economy.

With inflation taking its permanent place in our American economy any postponement of expenditures necessary today would only mean spending more money next year for the same article. Perhaps the voters didn't realize these problems when they decided to reject the budget.

Juliano, Arvidson Sweep Town Election; Voters Knock Down New School Budget

Returns Swing Power Toward Superintendent

Nicholas Juliano and Ernest Arvidson captured the two seats on the Belleville Board of Education in Tuesday's election. The pair, who received large support from a group called "Aroused Belleville Citizens," tallied 2,200 votes for Juliano and 1,994 for Arvidson.

Juliano and Arvidson's victory and the simultaneous defeat of incumbent Mary Reilly Coronato to who polled 1,194 ballots shifts the balance of power on the board away from President Dr. Frank N. DiRuggiero to the side of Superintendent of Schools, Evan H. Thomas who was among the well-wishers at Tuesday's victory celebrations.

Both Juliano and Arvidson took similar stands in the campaign on the key issue of the board's relationship with the superintendent. The pair advocated the boards halting its interference in administrative affairs and remain a policy-making body.

NEXT PRESIDENT

Dr. DiRuggiero's holding the presidency of the board is expected to end by many when the group reorganizes February 22. Except for Dominick Lally, Dr. DiRuggiero is the only member of the old group which favored restrictions upon the superintendent's authority.

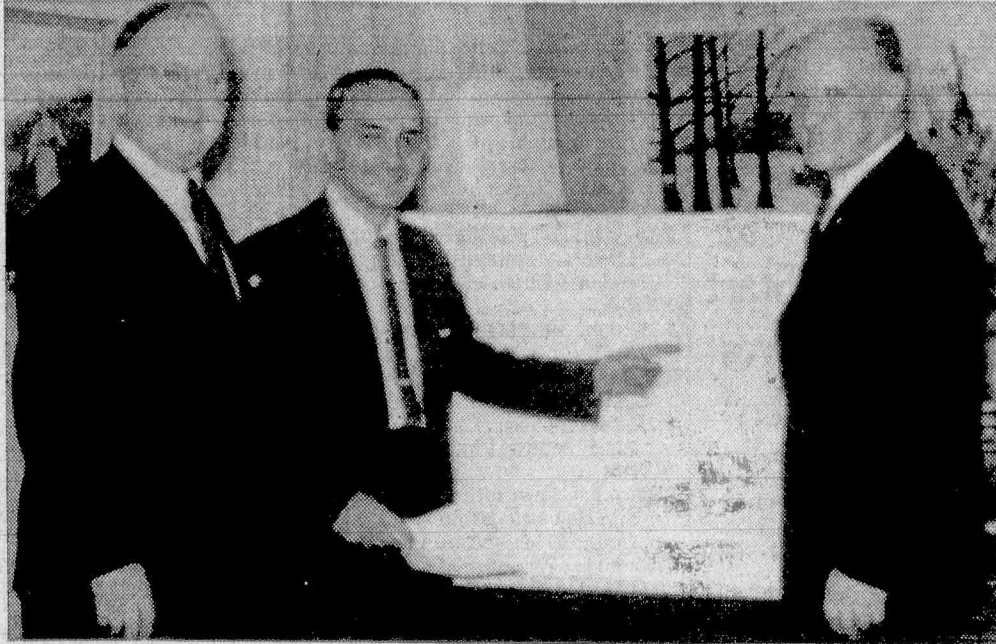

Seen as the next board president are either Mrs. Violet Rochau or Richard Drake, both who have supported the superintendent in past major issues before the group. The remaining board member, Michael Albertine is considered an "independent."

Juliano and Arvidson will take the oath of office at the February 22 meeting of the school board in school eight at 8 p.m.

Although both winners are preparing statements for newspapers they told The Belleville Times at press time they are "sincerely appreciative to the electorate for the trust they have placed in us by our being named to represent the citizenry on the board of education."

Election returns were tabulated at School Eight Tuesday night; results were posted for all polling places shortly after 10 o'clock. A crowd of about 100 was on hand to witness the returns.

Only 2,841 voters turned out Tuesday (unofficially) as compared to 3,988 who balloted in the last board election. Approximately 16,000 were eligible to participate in Tuesday's election.

Tuesday's election winners are seen here as the final returns arrive indicating the victory of Nicholas Juliano (center) and Ernest Arvidson (right). Seen with the winners is Alan Crisp (left), president of the "Aroused Belleville Citizens," a group which gave strong support to both Juliano and Arvidson.

Mothers March Nets \$2,711 Here For Dimes Drive

Marching mothers raised \$2,710.77 in Belleville January 28, according to drive chairman, Mrs. F. DiRuggiero of 52 Van Rye Place.

Last year the amount raised here during the one-night, two-hour canvass for the March of Dimes was \$2,584.

The total Essex County Mothers' March figure for 1960 was \$49,646.80. This represents a decrease of \$6,473.72 under the 1959 drive, the first year of The National Foundation's expanded program to aid birth defects and arthritis, as well as polio.

The annual Mothers' March, designed as one phase of the over-all January March of Dimes campaign, generally returns about one-third of the total campaign funds. Other phases of the campaign include envelope "mailers," store counter canisters and special events.

BELLEVILLE PLAN

The Belleville Civil Defense Council, Pesa reports, has completed the assembly of an inventory of all municipal resources. Pesa says another meeting will be conducted soon to incorporate resources into specific departmental plans for transportation, welfare, police and fire rescue, health care, public information, religious affairs, engineering tasks and training.

Volunteers from the Belleville area will be organized just as soon as a manpower job outline is completed.

PHARMACEUTICALS

Frank Megaro, retired Belleville pharmacist, has been appointed as procurement officer for pharmaceuticals which would be available in the event of attack.

According to Pesa, there appears to be a sufficiently large enough inventory available from Belleville Drug Stores so that the town may be spared the additional expense of drug stock piling.

Megaro is assisting with the assembly of normal inventory reports being submitted from all pharmacies in Belleville.

Well, Where Is It? Could Be It Wouldn't Fit In Today's Issue

The amount of copy and photographs submitted for publication in The Belleville Times has increased greatly. Regrettably, The Times finds it necessary to announce that many items had to be omitted from today's issue.

We will try to print these items in subsequent editions.

Publicity chairmen should take care to have all releases typewritten and double spaced. Needless to mention, persons should not wait until minutes before deadline hours to submit items if publication is to be guaranteed in that week's issue.

There is no charge for any news items or photographs published in The Belleville Times.

Commission Introduces Its 1960 Appropriations: Tax Hike of 34 Points

School election ballots knocked down the proposed board of education budget 1,921-920 Tuesday, the same night the Belleville Board of Commissioners introduced its 1960 budget reflecting a tax increase of approximately 34 points. The total appropriations in the municipal budget amount to \$2,704,751.75.

Five of the anticipated 34 points of tax hikes had been charged to the board of education. But since voters must return to the polls in two weeks to decide a revised school budget, the estimated 34 tax point increase may be slightly high.

Present figures indicate Belleville's new tax rate to be \$8.34. The 1959 rate was \$7.99. As introduced, the municipal increase amounts to \$189,674.44. Largest hikes in appropriations include \$17,000 for a hospitaliza-

tion plan for town employees \$10,000 as the first appropriation to the planning board, \$72,000 for public safety which includes \$35,000 for salaries of ten new firemen and \$13,500 for clothing allowances, \$40,000 for bonded indebtedness, \$21,000 for the re-

Town May Get Two New Routes For Local Buses

The new bus routes for Belleville have been proposed by the Washington Avenue Merchants Association. Plans for the lines are pending final negotiations with the Public Service Transport Company and approval of the Public Utility Commission.

Proposed are routes extending from Joralemon Street at Hoover Avenue by main roads to Washington Avenue and south to North Newark. A second route would run the length of Greylock Parkway to Washington Avenue and south to North Newark.

Present plans call for the buses to operate every 30 minutes.

CHARTERED

Actually, Public Service Supervisor J. Demarest told The Times, the buses would be chartered by the Washington Avenue Merchants Association and would operate 9 a.m. to 5 p.m., Monday through Friday.

Details of the plan were nearly finalized at a meeting of Public Service officials, Commissioner Nuncio Pico and Frank Megaro, president of the merchants' group.

REBATE

According to Megaro, passengers would be charged a fare. However, any Washington Avenue business associated with the merchants' group (most of the stores are) would refund a round-trip fare when a patron makes purchase in Belleville.

Persons using the line to the North Newark terminal would be charged.

In addition to Demarest, Arthur B. George, manager of the Passaic district for Public Service Transport, attended the special meeting.

UNUSUAL

Demarest told The Times that bus routes subsidized by a merchants' group on a chartered basis is unique. The only similar arrangement in the state, Demarest said, is probably a line to

Social Security Administration Featuring Exhibit For Public At Town Library

During the weeks of February 8 and 15, 1960, the Belleville Public Library, in cooperation with the Newark Social Security District Office, will feature a new and picturesque social security display. This exhibit, which has already been viewed by thousands of Essex County residents, pictorially depicts various types of benefits payable under the old-age, survivors, and disability programs.

During this exhibition period, you may secure many new booklets which will be available at the library free of charge. Some of the more popular booklets which will be distributed are "Your Social Security," "How to Estimate Your Social Security Payments," "If You Become Disabled," and "If You Work After You Start Getting Social Security Benefits."

These publications explain, in simple language, old-age, survivors, and disability insurance. They point out who gets benefits, how long you have to work, and how to estimate your payments. The Newark District Office advised that organizations desiring large quantities of these booklets may obtain them from the Superintendent of Documents, U.S. Government Printing Office, Washington 25, D.C., at a nominal charge.

Members of the Social Security Administration visit with town officials at a special exhibit now on view in the Belleville Public Library. Seen left to right above are William J.

Wilke, district manager of the administration; Miss Jane Conway, Library director; Mayor Isadore Padula and Louis Bindi, field representative for social security.

Belleville Student's 43 1/2 Consecutive Hours of Bridge Falls Short of World Record - - But Puts Him on TV

Twenty-year-old Douglas Wilkinson, one of a quartet who attempted to play bridge for 75 consecutive hours last week "sincerely doubts" that he, and his three fraternity brothers at Stevens Institute of Technology will make another stab at setting a world's record for consecutive card playing.

Doug, who resides with his uncle, William Wilkinson at 38 Lloyd Place, Belleville, didn't succeed in breaking a 73-hour record held by Cambridge University in England last week; the four called it quits after a bridge game of 43 and a half consecutive hours.

But Doug himself broke some records. "For the first time in my life," he told The Belleville Times, "I slept longer than 12 hours." This mark was set after the tournament when Doug retired at 1 p.m. last Wednesday and stayed in bed until 10 Thursday morning—a 19-hour stretch.

ON TV SHOWS In fact the Belleville student was so tired, he says he didn't even have the ambition to get up at 7 a.m. last Friday to see himself and the other Stevens card sharks on a taped segment of Dave Garroway's "Today" show on NBC television.

Although unsuccessful in establishing a new record, Doug and his friends brought fame to their college, fraternity (Chi Phi) and home towns — in Doug's case, Belleville.

In addition to appearing on Garroway's program, the quartet was the subject of several newsreels and pictures and articles by the Associated Press and

United Press International appeared in newspapers around the world.

REPORTERS "SILLY"

Doug and his friends were amused by reporters. "It got to the point where they were getting ridiculous. One took a picture of me shaving (I never did during the game.) Another photographer went down to one of the college offices and picked up a

secretary, brought her to the fraternity house and had her pour us coffee."

When interviewed by the Times last Thursday, the four were keeping score of how many different ways newspapers could spell their names and how many different things were reported in the press "that actually never really happened at all."

Doug even went so far as to

bet the Belleville Times reporter that his last name, Wilkinson, would be misspelled.

Participating in the 43 and a half-hour stunt, in addition to Doug, were Wayne Konopka, 20, of Fords, N.J.; Andrew Brauck, 21, of Huntington, N.Y., and Joseph Zorskie, 20, of Livingston.

Why didn't the four break the record "Well to tell the truth,"

CELEBRITIES: Douglas Wilkinson of 38 Lloyd Place, Belleville (center) is seen playing cards — he and three other students at Stevens Institute of Technology made an attempt

last week to break a record held by Cambridge University for consecutive hours of bridge playing. The record is 75 hours, but the Stevens quartet played 43 and a half hours — not en-

ough to break the world's record but significant enough to put them on several network television shows. Seen with Doug above left to right are Joseph Zorski, Wayne Konopka and Andrew Bradick.

Belleville Photographers Are Ready For Tri-County Camera Club Exhibit

Several Belleville photographers will participate in an exhibit of colored slides sponsored by the Tri-County Camera Club. The public showing featuring pictures borrowed from the Newark International Salon of Photography is set for this Sunday at Kearny High School.

Title of the motion picture is "People, Products and Progress."

Refreshments will be served.

Bowling to Start For Housewives Next Thursday

Housewives, would you like to break the monotony of preparing meals, getting the children off to school, washing dishes, cleaning, dusting, washing, ironing, shopping, etc.?

Commissioner George F. Kierman announced this week that the Recreation Department in cooperation with the Olympic Bowl, are organizing afternoon bowling sessions for housewives, to provide them with a little recreation for a few hours one afternoon a week.

The women may enjoy their bowling and won't have to be concerned about their young offspring, because there will be a competent baby sitter on hand.

The Olympic Bowl is under new ownership and Milt Halpern, manager of the lanes, wants to continue the friendly relations with both children and adults, enjoyed by his predecessors. On opening day Milt will furnish a buffet lunch for the bowling housewives.

The program will start on Thursday, February 18 at 1 p.m. with a bowling clinic, where the new bowlers will be taught by qualified instructors. The experienced bowlers will be more than welcome at these sessions. After the clinic the teams will be set and a spring league organized.

Any woman interested in joining this activity may do so by calling the Belleville Recreation Department, Plymouth 9-3142 or the Olympic Bowl, Plymouth 1-2112.

MONSTROUS MISTAKE

A misspelling in last week's Belleville Times referred to Rutan Estates as "Rodan Estates." John Bass, president of the Rutan Estates Property Owners' Association, told the Times that several people called him to complain believing "Rodan" had something to do with a monster; they didn't appreciate the inference. The residents obviously remembered a recent motion picture, "Rodan, The Flying Monster." The editors regret the error. The correct spelling is Rutan.

Abraham Lincoln: How Does He Rate Today

(Tomorrow is the birthday of Abraham Lincoln, the sixteenth President of the United States of America. The inquiring reporter this week conducted his telephone survey centering around the question: "How do modern-day presidents compare with Lincoln?")

BY THE INQUIRING REPORTER

MISS ROSEMARIE SCARPELLI, 151 Passaic Avenue, Belleville: Generally speaking, think modern-day presidents are making contributions just as important as the ones given America by Abraham Lincoln. Lincoln, however, was in office when America was growing; his efforts and decisions had a more important effect on what America is today than do the efforts and decisions of modern-day presidents. Lincoln was a great

president, but I don't believe there is a "greatest" president. George Washington was certainly one of our "greatest" presidents. And so is Dwight Eisenhower whose foreign affairs program together with his trips to other nations have brought a better understanding among people in our troubled world. (Miss Scarpelli is a cashier at the General Public Loan, Belleville, where she called by the inquiring reporter.)

MRS. O'NEIL OF BLOOMFIELD (who is visiting Mrs. Martin F. Mooney of 7 Van Renssler Avenue, Belleville: Many of the presidents who lived during my life-time were great. In my opinion, Yes, they were as great as Abraham Lincoln. They've all made major contributions to America.

VIRGINIA BARBONE, 112 Heckle Street, Belleville: Abraham Lincoln was truly a great president. Today's presidents never could come close to him. Lincoln freed the slaves. None of the decisions made in modern times are anywhere near as important as this emancipation. I believe that possible President Eisenhower is coming the closest to approaching the contributions of Lincoln.

MRS. MICHAEL TANCREDI, Belleville: I think today's presidents compare alright.

MRS. HARRIET REGER, 40 Mertz Avenue, Belleville: Some

of our modern presidents compare very favorably with Lincoln, but I wouldn't single out anyone individually. It seems to me that the problems facing an American president today are more important and harder to solve than the problems which faced Lincoln. But I suppose the presidents of Lincoln's time would disagree with me.

WILLIAM A. SOLDI, 20 King Place, Belleville: The decisions

made by Abraham Lincoln and other presidents of his era had more important effect on shaping the future of the country. The country was young; it was still growing. From Wilson's time to the present, I think most of these presidents will become famous; they all made great history, the world is changing so quickly and so is America. Of the modern-day presidents, I believe Franklin D. Roosevelt was the great-

est. He gave America so many things such as social security and the work camps to provide jobs for the many unemployed. Roosevelt also had definite opinions on everything; he made everything definite. On the other hand, I don't think that President Eisenhower makes it clear just where he stands on issues.

MONROE WATTS, 160 Belmont Avenue, Belleville (Monroe is 14-years-old): Abraham Lincoln was a great president. All the things he did, not just a few, were important to the country and all the people. I think President Eisenhower is trying to serve his country the best way he can. As far as who the greatest president is, well there has always been an argument between Lincoln and George Washington; I can't choose between them.

JOHN J. CLARK, 9 Sanford Avenue, Belleville: Truthfully, I believe today's presidents are better than those of Lincoln's time. Today's men are better informed about government; they have attended better schools and have had countless more opportunities to view life. Abraham Lincoln was surely one of the best of the older presidents. Comparing Lincoln with the modern generation of presidents is difficult because of the vast changes which have taken place in the world. I think it's a lot harder for a president to succeed today

than during Lincoln's time, especially in the field of foreign affairs. I believe Franklin D. Roosevelt made many contributions to American life. President Eisenhower is also doing a good job; he's kept us out of war and has eased world tensions.

Susan Bade Was Teen

In Column Last Week,

Captain Of Cheerleaders

Last week's "Mystery Teen" on the Times' School Page was an energetic senior. Her name is Susan Bade as many have already guessed.

Hailing from homeroom 302, Susan is the treasurer of the Belleville High School Student Council. She can be seen at all football and basketball teams rooting the team as captain of the high school cheerleaders squad.

Susan is a member of the Leaders' Club, the Bakers' Dozen and the Belleville High School Honor Society.

Sue enjoys all kinds of sports and participates in girls' inter-murals at the high school; recreational softball and a camp swimming instructor also are included on her activity list.

Weekends are passed with that certain red-haired boy, Colin.

Susan is the daughter of Mr. and Mrs. Harold Bade of 122 Ralph Street, Belleville.

School System Publishes

New Mathematics Guide

A new guide concerning the teaching of mathematics was published recently by the Belleville school system. The guide, which pertains to the mathematics curriculum in grades seven and eight, was prepared by teacher workshops in all town schools.

Called "Mathematics Curriculum and Resources, Teachers Guide, Grades 7-8," the publication completes a series of three guides written about the mathematics program in Belleville.

Assistance and suggestions were also received in its preparation from the Report of the Commission on Mathematics and the University of Maryland Study of Mathematics.

By using this new curriculum guide in mathematics, teachers hope to review fundamental processes by the teaching of applications, such as those in percent, graphs, informal geometry, basic statistics, business applications, measurement, powers of ten and scientific notation, formulas and equations, ratio and proportion. In grade eight provisions is made for the introduction of algebra.

The guide stresses, as does modern mathematics, greater depth and understanding in the teaching of mathematics as well as more new content in grades seven and eight.

In the foreword to this guide, Superintendent of Schools Evan H. Thomas wrote, "In time the traditional fear of mathematics can be dissipated with this newer and better teaching of mathematics."

"Not only in the publication of this curriculum guide, but also in the experiences of the last three years in studying the mathematics program have our teachers gained much for better instruction in mathematics," said Dr. Frank M. Durkee, assistant superintendent for instruction and curriculum.

The electrical age has arrived . . . it's here with us today!

What does this mean to our youth? It means that they have the opportunity to chart their educational courses along lines which will train them for work in the electric industry. They should study the sciences — mathematics — physics — trigonometry . . . all the courses which train students to become graduate engineers.

We must take the lead in science if we are to continue to be a strong nation. During National Electric Week, talk to our youth and to our teachers about the value of training through education for the engineering professions.

Mystery Teen:

Lots of Activities

Plus 95 Average

This week's Mystery Teen is a junior at Belleville High School. Although this person does not participate actively in sports, he spends much of his time following the various sports events of the school for a very special reason. Our Mystery Teen is also musically inclined. He plays trumpet and piano and is a member of both the Dance Band and Varsity Band.

Besides these extra-curricular activities, this person excels in scholarship. He sports an almost perfect 95 average for three years of work, is the vice-president of the Math Club, and takes an avid interest in astronomy. Pursuing his interests in science, our Mystery Teen hopes to enter Massachusetts Institute of Technology upon graduation.

Now you have all the necessary information about this outstanding student. Do you know who our Mystery Teen is?

What's New At BHS?

By JOAN FELLMAN

Hi again! Well, another week has gone by, and we're all ready to join the T.G.I.F.C. (Thank goodness it's Friday club).

Last Monday and Tuesday the annual March of Dimes campaign was held at BHS. The total collected was \$349.83. We want to do a whole lot better next year for this truly worthwhile cause.

As most of you know we're just starting a new semester at BHS. By this time everyone has gotten used to his new schedule, and the new driver-education students are walking around proudly showing off their new manuals. If you notice any toppled trees around High Street, you'll know why.

Have you heard the various bands in BHS practicing at those early morning rehearsals? Under the capable direction of the well-liked Mr. Mattick, everyone is really trying to hit every note right. The annual band concert, which includes the concert band, dance band, varsity band and twirlers, will be held at the beginning of March.

The Junior Senate is still busily planning the annual Junior Prom with their many committees working together to insure its success.

Have you noticed the strands of "A Lover's Prayer" coming from the girls' gym these days?

Once again Rambler proves it is America's Economy King! Under official NASCAR supervision, the Rambler American won over all other U.S. economy cars to sweep the Compact Car Class in the Pure Oil Economy Trials held at the Daytona International Speedway Public Proving Grounds, February 1-3.

But gasoline mileage is only one measure of Rambler economy. Rambler owners save, too, on lowest prices, lowest upkeep, and highest resale value.

No car owner should expect to approach in every day driving the mileage achieved in this test by Rambler or any of the other cars. Bellboys Bounce Orange 40-36 on Friday In 'Big Ten' Conference Game At Home

Belleville High has the edge over Orange here as tall Frank Annichiarico (21) leaps to steal the ball from Orange's Clarence Paige (6). The Bellboys won the contest Friday, 40-36.

Others seen above are George Sheridan (22 - behind referee and Charles Apostel (11) both of Belleville, and John Mulhern (11-extreme right) of Orange.

BY DOM GIOVACHINO

The Belleville High Basketball quintet, coached by John Westlake, split two games last week, losing to South Side High on Tuesday, February 2, by a score of 67-38, and defeating Orange High, 40-36, in a Big Ten Conference game on Friday, February 5. Both games were played at the Belleville gym.

The victory over Orange kept the Bellboys from finishing last in the Big Ten, since neither team had won a Conference game previously. Ironically enough, the only other game that the Bellboys have won this season was against Orange High also, but in a regular season game. This game, the last Big Ten contest for Belleville this season, gave them a final Conference record of one win and nine losses, and an overall record to date of 2-12.

South Side had gotten off to a quick 9-0 lead before "Red" Higgins sank two foul shots for Belleville's first score. Two more foul shots by Mike Smith and Richie Burlazzi finished the scoring for the Bellboys in the first period, while South Side, sparked by Lonnie Wright's 10 points in that quarter, jumped to a 19-4 first quarter lead.

In the second period South Side ran off six straight points after which each team scored 13 points. Charles Apostel led the Bellboys in this period with seven points, and the score at the end of the first half was 38-17.

The Bellboys outscored South Side in the third period 12-10, with Higgins scoring four points, on a pair of jump shots to make the score at the end of three periods 48-29.

In the final quarter South Side pulled ahead to a final score of 67-38, with Lon Wright and Ed Chisone scoring six points apiece for South Side. Wright was high scorer for the game with 25 points.

The Orange game was an exciting one in which the lead changed hands several times during the game, the Bellboys finally winning on a fourth period spurge.

In the first period, four points each by Charles Apostel and Richie Burlazzi plus a two pointer by George Sheridan accounted for Belleville's scoring in that

quarter while Orange scored 11 points, for a 11-10 first quarter lead.

Early in the second period, Orange made it 13-10 on a jump shot by Cerbone. Then field goals by Burlazzi and Sal LoCoco and a foul by Frank Annichiarico gave Belleville a 15-13 lead. After the score had been brought to 18-14, Belleville, Orange scored five points to put them ahead 19-18, but Mike Sandomeno then put in a layup to give Belleville a 20-19 halftime lead.

Burlazzi opened the third period for the Bellboys with a layup, but Orange came right back with three points to tie the score for the fourth time at 22-22. After a jump shot by Larry Latore and a foul each by Latore and Sandomeno gave Belleville the lead again, the Tornadoes scored six straight points to go ahead 28-26. Then Burlazzi put in a jump shot

to end the third quarter, 28-28.

About midway in the final period, a six point rally by the Bellboys, in which Apostel scored five points and Annichiarico one, made the score 38-30 and gave them the lead for good. A four-point spurt by Orange in the final minutes made the final score 40-36.

Senior Charles Apostel showed good form against these teams, scoring 11 points in each game. He was high scorer for Belleville in the South Side game, but Richie Burlazzi's 12 points against Orange was high for Belleville in that game. Burlazzi, also a senior, played a fine game for the Bellboys.

The Belleville Junior Varsity split their games with these teams also, defeating South Side 42-37, but losing to Orange for the second time this season, 30-25.

The JV's beat South Side again 36-33, on Saturday in the first round of the Essex County JV tournament at Irvington High School. Ray Hackett and Richard Luzzi were outstanding in that

One of the disturbing discoveries of life is that the truth one man cherishes seems a mystery to another.

But is that surprising? We live in a world of doors and locks. To the man with the Key a door opens. To another it remains closed.

Among the keys to spiritual truth is one called HUMILITY. It accounts for many of the millions who worship God every Sunday in the churches of our land.

An American President once said, "I have been driven many times to my knees by the knowledge that my own strength, and that of all around me, was insufficient for that day."

He ruled a nation divided. But neither Blue nor Gray ever questioned the humility of the man who signed his name, "A. Lincoln."

Not only the portal, but the Truth of God's House, is every Sunday an Open Door to humble men!

43 1/2 Hours of Cards

(Continued from Page 1)
Doug reports, "we were all pretty tired when we started." He said that the final examination period ended the day before the boys started playing for the 75-hour mark.
"As time went on, we went through cycles of awareness and drowsiness. Finally we reached the point where we couldn't stay awake without taking stimulants—which we ruled out before we started. After all, a record is a record and it's supposed to be made under our own power. If we took stimulants, it would be like wearing spring shoes to a high jump meet."

HALLUCINATIONS
Bill Bucci, public relations man at Stevens Institute, was on the job throughout the card game; he kept such vital statistics as how many cigarettes were smoked, cups of coffee drunk, how many hands played and so forth.
Bucci called the game "a test of endurance." But, he adds, "I think the whole idea was a lot more constructive than the craze of squeezing students in telephone booths or swallowing gold fish which are currently sweeping American campuses."
Bucci told The Belleville Times that toward the end of the game, "the fellows started seeing things." Bradick says for example he saw "cards mounted on tripods."
Zorski told NBC's Gabe Pressman that "we reached a point of tiredness where everything said seemed to be hilariously funny." But as Konopka concluded, "after a while it ceased to be fun."

STATISTICS
Some of the facts recorded by Bucci includes that the boys consumed 220 cigarettes, played 537 hands of bridge, ate 23 sandwiches, drank 76 bottles of soda and 30 cups of coffee and tea and ate four dinners of steaks and eggs and four more of meatloaf, potatoes and peas.
Wilkinson is a graduate of Clifford Scott High School, East Orange. He moved to Belleville two years ago. He is a junior studying general engineering at Stevens Institute.

New Bus Routes

(Continued from Page 1)
erated in Paramus by businessmen at the Bergen Mall.
It was reported that the Washington Merchants Association would have to guarantee \$600 in weekly revenues to Public Service to keep the lines running.
CONVENIENCE
Megaro told this newspaper that not only business motives are behind the association's proposal. "We feel the routes are needed and they will certainly add to the convenience of residents in these upper areas of Belleville."
Final plans, Megaro said, will be negotiated at another meeting "in the immediate future."

The Mexican War was denounced on the floor of Congress in 1849 by Abraham Lincoln. In 1855 Lincoln was a candidate for senator and in 1856 he joined the new Republican Party.
The ordinance published herewith has been finally passed and the twenty day period of limitation within which a suit, action or proceeding questioning the validity of such ordinance can be commenced as provided in the Local Bond Act, has begun to run from the date of the first publication of this statement.
