## Held Without Bail

Mrs. Charles Kaelin leaves hearing at Belleville Court Thursday morning. She is being held without bail at the county jail on a charge of first degree murder.

## Mrs. Kaelin's Case Referred to Jury, Pleas 'Not Guilty'

Charges of first-degree murder filed against Mrs. Carmela Kaelin of Meacham Street have been referred to the Essex County Grand Jury. A preliminary hearing last week heard several witnesses for the state testify in Magistrate Edward Abramson's court in Belleville.

Mrs. Kaelin, who has been charged with the fatal shooting of her husband, Charles Donald, is being held without bail in the Essex County Jail. She said nothing at Thursday's hearing but sat with her head bowed, eyes closed and hands folded on a table while witnesses were examined and cross-examined.

Attorney Stephen N. Maskaleris of Newark is representing Mrs. Kaelin. Essex County Assistant Prosecutor Donald H. Menz is presenting the state's case.

Testimony Thursday indicated that self-defense was not involved on the morning of February 11 when Mr. Kaelin was shot five times with a .32 caliber revolver. County Detective Joseph Ryall said that Mrs. Kaelin's preliminary statement gave no evidence that there was any violence immediately before the shooting.

Mrs. Kaelin's attorney asked a string of questions in an attempt to show that her statement given to police on the day of the shooting was not voluntary. Maskaleris noted that Mrs. Kaelin "was very upset, hysterical and crying." Detective James Mundy said she was not examined by a doctor on the day of the shooting.

Dr. Edwin H. Albano, chief county medical examiner, told the hearing he performed a three and a half hour autopsy three hours after Mr. Kaelin's death. Dr. Albano said he was positive the cause of death was the .32 caliber bullets. He said three of the five slugs were fatal.

The state called three witnesses to the stand Thursday: Belleville Detective Mundy, County Detective Ryall and Dr. Albano.

gratulations were received from Governor Robert B. Meyner, Senator Harrison A. Williams, Senator Donald Fox and other state leaders.

The master of ceremonies, Leonard D. Ronco, is a former assemblyman from Essex County, a referee of the Belleville Juvenile Conference Committee; he is an attorney in Belleville.

REP. RODINO

Congressman Rodino expressed

the hope the voters in this fall's presidential election will remember the accomplishments made by the Democratic Party when selecting candidates.

The congressman noted that rumors have been heard which would lead you to believe that I am not seeking re-election to Congress next fall."

Rodino assured Sunday's testimonial that his name will appear on November's ballot.

The Democratic Club of Belleville honored its past president and installed new officers Sunday afternoon at the American Legion Post 105, 621 Washington Avenue, Belleville. Guest of honor was Raymond R. Jordan, the club's charter president. Guest speaker was

## Don't Take Questions To Town Meetings

### Start New Housing At Hospital

Nearly \$700,000 is being spent on a project to provide housing for student nurses at the Clara Maass Memorial Hospital, Commissioner Robert Gruhin reports. Gruhin said that some residents have heard stories that a nursing home was being erected on the hospital property in Belleville.

"This is not true at all," Gruhin told The Times yesterday. "It's simply a building to provide housing facilities for the students studying nursing at Clara Maass."

The building is being financed by a \$500,000 federal grant and another \$296,000 of hospital funds.

Gruhin explained that the hospital would have lost its accreditation for teaching nursing if the building had not been planned.

The hospital conducts its nursing program now under a temporary license for accreditation. Student nurses are presently housed in an East Orange development.

### Personal Queries Draw Out Session

Belleville Commissioners Tuesday night told residents that "time is being wasted" by the board's answering individual citizens during the bi-weekly meetings. Mayor Isadore Padula told several citizens to take their individual questions directly to the respective offices of the Belleville commissioners.

"This is not a quiz show," Padula said. Nearly a half hour was spent at Tuesday's 50 minute session to hearing citizens speak on topics ranging from assessments to jet airports.

James Golden of Tappan Avenue called the commissioners' attitude "an infringement on the constitutional right of freedom of speech." He charged that the Commission had declined answers to only questions that were "embarrassing."

Mayor Padula noted that several municipalities, including Newark, require residents to notify the town clerk of questions in writing which are to be answered at the public meeting.

"If you give us a list of questions so we can have the answers ready," Padula added, "we will give them to you at the meeting."

The Mayor several times in recent months has complained of lengthy question and answer sessions at the commission meeting. In most instances department chairmen and town employees were not equipped with all the information requested at the sessions by citizens. Some citizens have asked, for example to see maps sketches, financial figures and cost accounts during the municipal meetings.

### Kennedy to Fill Treasurer Post For Heart Drive

Robert Kennedy, assistant cashier of the Peoples' National Bank and Trust Company of Belleville, is serving as treasurer of the Heart Fund campaign in Belleville for the fourth consecutive year. It was announced today by Joseph B. Grosch, chairman.

The local effort will be highlighted by a Heart Sunday canvass on February 28 as part of the \$100,000 county wide, door-to-door effort on that day. A corps of several thousand volunteers will ring doorbells in 21 communities, as the climax of the Essex County Heart Association's annual fund drive.

The Heart Fund helps support an intensive program of research, professional and lay education, and service... all aimed at combating heart disease and its effects. Of the money contributed to the Essex County campaign, 57 1/2 per cent remains in the county, 17 1/2 per cent is allotted to the Essex County Heart Association, and 25 per cent is forwarded to the American Heart Association.

The substantial sums which remain in Essex County support research programs and clinics in hospitals throughout the county, visits by trained nurses to heart patients, and provision of free penicillin to needy children suffering from heart-damaging rheumatic fever.

Noting an editorial in last week's Belleville Times giving consideration to providing jet airplane facilities at Newark Airport, Golden told the commissioners that "we have been plagued by offensive noises from aviation."

Golden asked the Belleville commissioners to go on record and oppose jet transportation facilities at Newark. He said if the plan were approved, "we would be living under an umbrella of doom where sleep and peace of day."

PADULA  
After the meeting Tuesday, Mayor Padula admitted to The Times that complaints have been heard concerning aircraft noise. While he said there was "some inconvenience, I'd hate to stand in the way of progress," Padula said the matter would have to be thoroughly investigated before commission could take any stand one way or the other.

### Town Business

### Bus Routes Still Pending, Merchants Hope To Have Lines Soon; Plan Promotion

Final plans for two Belleville bus routes proposed by the Washington Avenue Merchants Association should be completed within the next two weeks. Members of the association met last week at a luncheon at Rutgers Restaurant, 138 Washington Avenue.

Merchants also made plans to incorporate the organization and completed arrangements for a Washington Avenue business promotion program.

President Frank Megaro told the session that he has received an offer from the Belleville Cab Company to provide the two buses at half the \$600 charge proposed by the Public Service Transportation Company. As proposed, one route would run from Passaic Avenue, down Greylock Parkway to Washington Avenue and south to Mill Street. The second route would begin at Hoover Avenue, extend

### Juliano Releases Statement After Board Elections

Newly-elected board of education member, Nicholas Juliano, released the following to The Times:

"Fully cognizant of the public trust and confidence expressed at the polls by the voters in the recent school board election, I extend my profoundest heartfelt thanks and gratitude to all who supported my candidacy for the honor, privilege and opportunity to serve our community through the school board.

"The enthusiastic response of the aroused and alert citizens is heartening. I sincerely hope, however, that more and more of our town folk will take as keen and active an interest in school matters in the future. The percentage of voters at the polls leaves much to be desired in citizen participation.

"With this in mind, I will endeavor to do my utmost to stimulate and help to increase such participation with the following as a beginning:

"First, make every effort in establishing a harmonious and effective board that will work as a cohesive unit for the interests of the students, welfare of the school system, and judicious spending of tax dollars;

"Second, direct my attention towards the elimination of closed or secret board meetings except for necessary executive planning sessions or unanticipated emergencies;

"Third, request the board to consider publication of a general agenda of items to be considered at the public meetings before each meeting with the co-operation of the local press.

"This, I believe will keep citizens informed and give them ample opportunity to come prepared with any comments they desire to make relative any item when they attend the board meeting. Further, it will stimulate more interest and attendance in my opinion. By this much needed participation it will provide citizens with the opportunity to observe how their elected representatives keep faith with the public.

"I take this opportunity to express my sincere thanks to the ABC Committee, and to all the friends and neighbors for their trust and confidence, and also to the Belleville Times for the courtesy and space allotted to my releases. I will endeavor to keep faith with the public trust and confidence placed in me to the best of my ability."

If arrangements could be made to waive the tariff on organization-sponsored buses.

Present plans would have the Washington Avenue Merchants Association, in effect, charter two buses which would provide service every half hour along the proposed routes. Passengers would pay a token fare which would be refunded at local stores. Store patrons would then be given some kind of a coupon giving them a free ride back home.

Megaro says the buses would run between 9 a.m. and 5 p.m. Monday through Friday. No plans have been made for service on Saturdays or Sundays.

Michael Pariso, treasurer of the association, introduced a motion which gave unanimous approval to a promotion program

Patient-Increase 20 Per Cent,  
Hospital Head Tells Rotary

Albin H. Oberg, executive director of the Clara Maass Memorial Hospital congratulated members of the Belleville Rotary Club for their assistance at the hospital during the past ten years.

Speaking before the Rotary Club, Oberg stated that "Rotarians have been active in the hospital program ever since it was decided to build the institution in Belleville. Oberg is also a member of the Belleville Rotary Club.

Five members of the Belleville club are members of the hospital board and serve on several committees at the institution. They include Siegfried Bart, president of Bart Laboratories; Crosby Hiss, secretary at the Walter Kidde Company; Everett Smith, attorney for Reed, Reynolds, Smith and Kramer; Evan Thomas, superintendent of Belleville schools, and Doug Wadsworth, director of the Wadsworth Funeral Home.

**PATIENT INCREASE**

It was pointed out that the hospital provided service to 10,898 in-patients during 1959, and that there was a 20 per cent increase in patients coming from Belleville, which clearly indicates patient acceptance of the new hospital. Approximately one out of every twenty-one citizens living in the Belleville area were admitted as in-patients to the hospital.

The hospital Emergency Department treated a total of 2,584 patients or approximately seven emergencies daily. 5,282 patients were admitted for surgical procedures. This compares with 4,748 in 1958.

Oberg pointed out that all departments of the hospital were

## The Blind Weaver

A blind boy stood beside the loom  
And wove a fabric. To and fro

Beneath his firm and steady touch  
He made the busy shuttle go.

And oft the Teacher passed that way  
And gave the colors, thread by thread;  
But to the boy the pattern fair  
Was all unseen—its hues were dead.

"How can you weave?" we, pitying,  
cried;

The blind boy smiled, "I do my best;  
I make the fabric firm and strong,  
And one who sees does all the rest."

Oh, happy thought! Beside Life's loom  
We blindly strive our best to do,  
And He who marked the pattern out,  
And holds the threads, will make it true.

## An Opportunity For The Town Commission

Some of our Belleville citizens are circulating petitions calling for a change in the form of government. In this connection Democratic Senator Donal Fox, Monday, at Trenton introduced a very worthy bill requiring such elections be held only at general or regular municipal elections. Newark's January experience with a special election on the same subject cost the taxpayers \$60,000, or about \$1 per vote cast.

Senator Donal Fox's bill makes sense, and we think it should be enacted into law. On the assumption that it will become law we suggest that our Town Commission consider taking the initiative in placing on the November General Election ballot the question whether or not Belleville voters desire a change from our present form of commission government.

More voters turn out for a presidential election than for any other, thus a November plebiscite will reflect the views of the greatest number of voters. And since there exists a vocal group of local citizens who believe Belleville is ripe for a change, perhaps an enlightened Town Commission might accommodate them. We believe it is well worth the try.

## GOP Uses Poor Judgment, Opposes Billion Dollar Opportunity

The Essex Republican Assembly members, six of the seven attending the Legislative session, last week voted against Assembly Bill No. 427. Despite this opposition the bill passed and now awaits action by the Republican dominated Senate.

The bill permits counties to create and operate colossal, super-duper wholesale food markets similar to the internationally known Washington Market in New York. The bill's chief sponsor is from Hudson County and perhaps that is what rubbed the Essex Republicans the wrong way.

There is no valid reason to oppose this bill. Partisan politics has no place in this matter. The bill commands bi-partisan support. If and when it becomes law Hudson County officials have grandiose plans for the establishment of the country's largest wholesale food market, right smack in the middle of the Hudson swamp land.

At Essex County's gateway it is proposed to establish a market ultimately to handle one billion dollars worth of commodities. Fruit, produce, meats, poultry, butter and eggs, groceries and fish from all over the country will find their way to this market. Fifteen thousand jobs will be created.

Food costs to the consumer should be lower by reason of cheaper transportation costs. Tractor-trailers hauling food products could be unloaded in six hours at the new market. Today, at the New York Washington Market, it takes three to four days, and in some cases a week to unload the same vehicles.

Today, Florida and California oranges cost 21 cents more per crate to unload in New York's Washington Market than it would cost in Hudson County. Upon the

pending abandonment of the Washington Market and transfer of its activities to Hunter's Point, in the Bronx, the 21-cent differential will jump to 40 cents.

The workhorse behind this effort to bring further prosperity to North Jersey is one of America's most successful men in the produce field, Thomas Gangemi, of Jersey City. For over 35 years Mr. Gangemi has ruled a fruit and produce empire extending from Florida and California to New Jersey.

He is often referred to as the "Watermelon King" of the nation. Unselfishly devoting endless hours and days to the purposes of Assembly Bill No. 427, Mr. Gangemi has already received vigorous support for the market from the railroad industry, farmers, packers, shippers and producers from points all over America.

The Hudson County site was the selection of a committee of produce experts and not politicians. Employing the use of a helicopter the committee of national food experts toured the northeast countryside examining sites in Connecticut, New York, New Jersey and Delaware.

To these learned men who represent a national cross-section of successful farmers, packers, brokers, shippers, and producers, the Hudson County meadowland was the most ideal site for a new market.

The plans for the Hudson County market also provide facilities for use by New Jersey's farmers. At present our own farmers must attempt to sell their produce at such distant markets as Harrisburg, Philadelphia and Pittsburgh, Pa., Passaic, Paterson, Elizabeth and New Brunswick, and at the Brooklyn Terminal Market, the Bronx Market and the Washington Market in New York.

Selling their wares in one market as proposed should bring to the New Jersey farmers more buyers for their produce.

While seven Republican members of the Assembly voted in favor of A427, 10 opposed and nine refused to vote on the measure. We trust their Senate counterparts will demonstrate less partisanship and more sense when the Senate meets to vote on this billion dollar opportunity.

## Democrats Gloat While Law Enforcement Suffers

Well, Governor Robert B. Meyner has had his will obeyed by a pliant Democratic Assembly. All five Democratic members of the Essex County Assembly voted against the recreation of the New Jersey Law Enforcement Council. The bill to revive the LEC came up for a vote in the New Jersey Assembly Monday and went down to defeat on a strictly party-line basis.

All Democratic Assembly members voted against the Republican sponsored measure which would have established the LEC with equal representation of Republicans and Democrats.

To his credit Democratic Senator Donal Fox has publicly stated that he favors a revival of the Law Enforcement Council. We believe no citizen interested in clean government and who has nothing to fear would or should oppose the creation of a law-enforcement organization which in the past has proven a need for its existence.

The Assembly Democrats may gloat over this beating administered to their Republican counterparts. The unfortunate truth is that it isn't only Republican Assembly members who took the beating; citizens and good government all over New Jersey suffer as well.

The result is no doubt pleasing to "payola" politicians, gamblers and crooked law enforcement officials. They can now continue their nefarious activities without too much worry of exposure.

The Belleville High School students, accompanied by chemistry instructor W. Ralph Correll, participated in the International Telephone and Telegraph Corporation's annual Science Youth Day February 18. More than 200 students from North Jersey attended.

The program opened with a series of scientific lectures. The first speaker was the Quality Assurance Manager of ITT Anthony Finocchi. Finocchi's topic was "Missile and Space Systems" and he covered missile guidance and reliability, the reasons for missile failure, how a missile's "brain" works, the part missiles will play in our future, and space and satellite technology.

Finocchi was followed by Robert Adams, the senior scientist of the Transmission Systems Laboratory, who spoke on "Communication Systems" covering various methods of communication, both present day and future, over-the-horizon microwave radio, and world-wide communication via 24 hour active satellites.

Next spoke E. J. Parker, executive engineer of the Avionics Department. His field is Avionics and he covered navigation of aircraft, early direction-finding devices, modern Tacan (Tactical Air Navigation), intermediate and long range devices such as Vortac and Loran C., ILS (Instrument Landing System), and navigation in space.

Last but not least came T. C. Staff Relations. His topic was "Careers in Engineering" and he covered the opportunities for professionally-trained people in electronics.

Following these lectures, the participants were divided into five tour groups, and were taken on a tour of ITT facilities. The tour began with the Avionics Lab where the students learned of various methods of air navigation aids and of medical electronics.

Next came the Transmission Systems Lab and the students were shown O-H equipment and radio and satellite communications.

The Electron Tube Lab followed and the students observed glass-blowing, high temperature brazing, and tube assembly.

The last lab visited was physical sciences and here the students were shown semi conductor crystal growing, and a sun-beam energy converter.

The day was completed with a trip to the top of the ITT tower where New York and northern New Jersey were viewed, followed by lunch.

### What's New At BHS?

BY JOAN FELLMAN

Well, this short week is almost over. We're happy to say that we really enjoyed our little rest and slept for years (at least it seemed that way). What did you do?

Last Monday Mr. Miller and Mr. Slikin spoke to a select group of juniors and informed them that they were eligible to take the National Merit Exam on March 8. This year Bill Daddis of the senior class is in semi-finals and several other seniors received honorable mention. Let's hope our juniors do as well.

Has everyone gotten over their headaches from the drilling outside of school last week? The incessant noise continued for almost a week (much to the regret of our teachers, who ended up with sore throats.)

The guidance office is very busy these days. All the seniors in BHS and the eighth-grade graduates are being scheduled for the new year. It gets to be quite a problem deciding what to take, but after it's over we realize we're one year closer to March 2 in the Belleville High graduation.

By now everyone knows about the terrific Band Concert that is going to be given Wednesday, March 2 in the Belleville High School auditorium. The three bands, concert, varsity, and dance and the twirlers have been practicing for weeks under the capable direction of H. Mattick. The twirlers have also been helped by Miss B. Forgeron.

The tickets only cost fifty cents and we'd love to see your parents and little brothers and sisters. You may not know it, but the money from this concert goes into the band fund for instruments and music and all that is necessary to keep our band running smoothly and efficiently. So why not come down and enjoy yourself, and at the same time you will be helping our band succeed. See you on Wednesday!

### Week's Teen Is Talkative Type, A Twirler, Too

BY ENID RITCHY

This week's Mystery Teen is a representative of Belleville High School's twirling squad. She has been very active on the Spotlight staff for three and a half years. Freshman Sentate, Student Council, and girls' intermural have been past school activities.

Miss Mystery Teen's other school activities are Leader's Club and National Honor Society. Her favorite pastimes are talking on the telephone, listening to Johnny Mathis, going to those crazy club meetings, and spotlight meetings.

Swimming, surfing, and water-skiing are among this twirler's sports activities. Her pet peeves are people who don't hand in Spotlight articles on time, black cats, and being forgetful.

College is in Miss Mystery Teen's future plans.

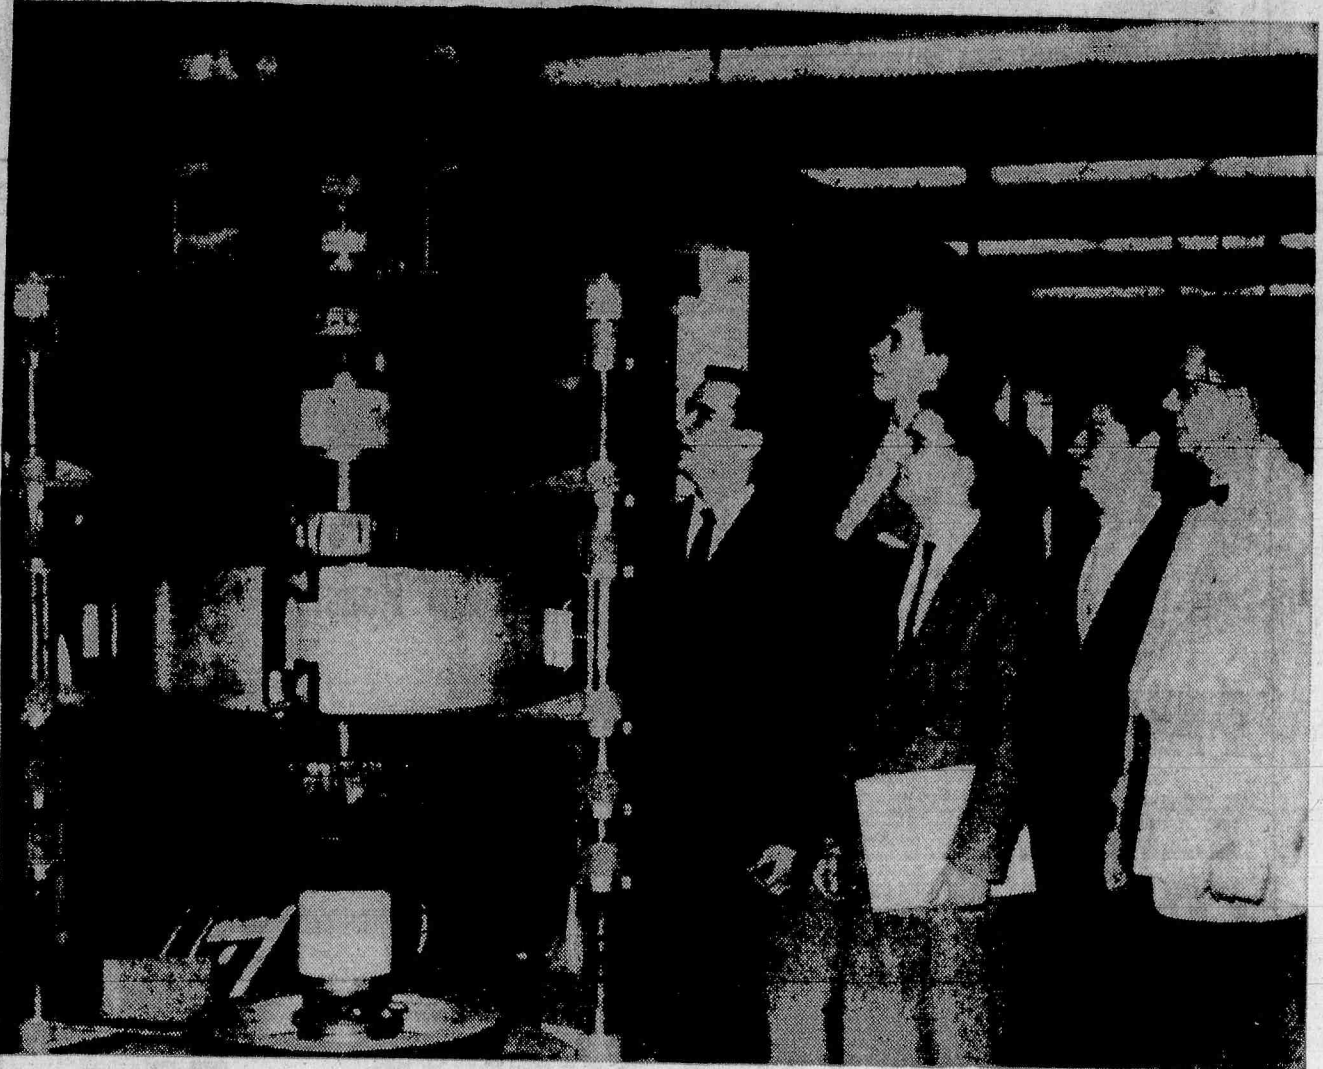

The origin of Ash Wednesday dates to something before A.D. 1000. It is a day of public penance and is marked in the Roman Catholic Church by the burning of the palms blessed on the previous Palm Sunday.

## What In The World?

### Touring Labs

A high-power amplifier has these young men from Belleville slightly baffled, but an ITT Laboratories' engineer was on hand to explain the function of the unit during the annual Science Youth Day program held at the Nutley Laboratories

February 11 to commemorate Thomas Edison's birth. Visitors are, from left to right: Stephen Berzon, Howard Ellis, Theodore Mamunes, Anthony Longo, and W. Ralph Correll, chemistry teacher, all from Belleville High School. They were among 200 students and instructors who participated in the program.

### CLUB FORUM

The Men's Club of Congregation A. A. held its bi-monthly meeting February 8 in sisterhood hall.

As open forum on the topic "Is There a New Semetic Danger" was held. Martin Resnick was the moderator.

### MASONS

American Masonic Lodge of Newark held a communion breakfast February 7 at the Silver Lake Church, Belleville. The breakfast was at 9 a.m. - the service at 11 o'clock. Vincent Strumolo is worshipful master.

### Mystery Is Cleared-Up: He's Dom L. Giovachino

Our last "Mystery Teen" was Dom L. Giovachino of 21 Lincoln Terrace, Belleville. Dom, the son of Mr. and Mrs. Louis Giovachino, has a seven-year-old brother named Louis.

A junior at BHS, our Mystery Teen spends much of his time covering the local high school sporting events for the Belleville Times. He is also musically inclined, playing trumpet in the Varsity Band and in the Dance Band. Besides this, Dom plays piano for his own pleasure.

Dom is an excellent student with an almost perfect 95 average. Astronomy, being vice-president of the Math Club, and writing for the Math-Lite, are other activities which take up his time. Having a great interest in science, Dom hopes to attend Massachusetts Institute of Technology upon graduation.

### Upper Grades Competing In Contest on Employment

Eleventh and twelfth grade students in public, parochial and private schools throughout Belleville are competing in the 12th annual essay contest to encourage the employment of handicapped workers.

For the first time since the program began, the winner of the state-wide contest will be assured an all-expense-paid trip to Washington on May 5 and 6, when the annual meeting of the President's Committee on Employment of the Physically Handicapped takes place.

In past years, only five state winners were selected for the Washington trip with expenses paid by the Disabled American Veterans. This year, however, the AFL-CIO is defraying costs for first prize winners in all the remaining states.

In addition, the top winner in the national contest will be given a cash award of \$1,000, with \$400 for the second place winner, \$300 for third, \$200 for fourth and \$100 for fifth.

First place winner in the state contest will also receive a \$250 savings bond, and \$100 and \$50 bonds will be awarded to the second and third place winners, respectively.

Theme of this year's essay contest, according to a spokesman for Governor Robert B. Meyner's Committee to Employ the Handicapped, is "Jobs for the Handicapped - Passports to Dignity." Essays can be no more than 1,200 words in length and had to be submitted to school authorities by February 17.

Community committees will select what they regard as their best essay and send them to the state committee by March 4. From the various entries, the state group will select the essay regarded as best in the state and submit it to Washington by March 15.

In addition to the state and national prizes, many community groups plan to honor top winners among local participants. This is usually done at service club luncheons.

Main objective of the annual essay contest is to impress young people with the need to utilize existing abilities of handicapped persons strengthening the economy of the state and nation.

## London Bridge Goes to Court

It looks as if London Bridge is the game being played here as Joe McDermott (45) and Ray Hackett (43, fourth from left) take this toss up for the Bellboys at Saturday's Essex County Junior Varsity Basketball Tournament at Seton Hall. Belleville won by forfeit. Others seen above are Weequahic's Sam Levine (12, left), Ted Russell (20, third from left) and Belleville's Rich Luzzi (11, under London Bridge). Pete Cooper (22) of Weequahic is at the extreme right.

# Belleville Crew Has New Coach Bill Bennett Announces Retirement

## HS Bowlers Hope To Stop Slump

BY DOM GIOVACHINO

The Belleville High's bowling team will play its next match on Monday. The team, coached by Mike Saldarulo, has an 8-10 record to date and will be trying hard to pull out of the present slump.

The last match against Irvington High February 16, saw the Bellboys lose all three games. The loss was their eighth in the last nine matches.

The team had begun the season nicely, compiling a 7-2 record before going into the slump. Joe Lang and Joe Nicolsia have been the high scorers on the team this season, with 175 and 169 averages respectively. Also Al Bellis, 163, John Borrello, 160, and Fred Hammond, 159, have contributed greatly.

## Bennett Will Be Missed By Belleville High School

By Bob Gorlin

The announcement that Bill Bennett is retiring as Belleville High School crew coach came as a major blow to followers of the Bellboy rowing sport. Bennett is known as "Mr. Crew Coach" in Belleville. It was Bill who organized crew on a competitive basis in 1944 and since that time Bellboy rowers have become known as Belleville's "Good Will Ambassadors" as they compete against many of the top freshman and lightweight college crews in the East.

Bennett was a top flight coach when it came to teaching the boys the fundamentals of the rowing sport. It was Bill who got Nutley and Belleville High Schools interested in crew and to this day Nutley and Belleville are the only two public high schools in the state to field crew.

Bennett loves crew and will miss the sport. During the chilly Spring months he would always be on the cold, wind-swept Passaic River putting the boys through their paces. Bill spent thousands of hours coaching his charges but never received a penny in the form of a coaching salary. In the long run it cost him money to coach crew.

For years Bill would work out single handed with almost 200 boys from Nutley and Belleville. He never received aid from an assistant coach until a couple of years ago. It was a Herculean job but Bennett loved every minute of it.

Because of Bill, many young athletes received their initial taste of rowing competition and later went on to star for college crews. Bennett is very well known throughout crew circles. He took care of all the scheduling and annually sent his crews against such major colleges as Columbia, M. I. T., Cornell, Dartmouth, Rutgers, Fordham and many others.

The crew always took part in the National Schoolboy Rowing Championships and competed in such far-off places as Detroit, Buffalo, Washington, D. C., Philadelphia, Poughkeepsie and Boston. Belleville's good will ambassadors usually traveled more than 1,000 miles a season which is more than all the other Bellboy sports combined.

It was because of Bill that hundreds of boys learned about crew as he started one of Belleville's most popular competitive sports. Crew in Belleville will always be a monument to Bill Bennett.

## Michael Rosamilia Will Head Oarsmen

BY STU GROSS

Belleville High's crew will embark this season under the helm of a new coach—Michael Rosamilia who worked diligently under retiring coach Bill Bennett last year. Rosamilia heads the social studies department at the high school and has long been a crew enthusiast.

BILL BENNETT

Assisting Rosamilia will be Stanley Sheer who has been named assistant coach. Sheer is a new addition to the Belleville High School physical education department.

The announcement of Bennett's resignation as head coach

of both Belleville and Nutley High Schools came as disappointing news. Bennett was the founder of crew in both towns and did a great deal of work to promote the sport. He worked out with the crew every day using his own motor boat.

At the Poughkeepsie Rowing Regatta last year Bennett was presented with a plaque expressing deep thanks from the schools for his efforts with establishing crew at Belleville and Nutley.

### PRE-SEASON

Pre-season work with the crew involves repairs at the Passaic River boathouse and the completion of the season's schedule.

Both Belleville and Nutley meet at the same boathouse for practice. Actually the squads are fortunate in having the boathouse at all this year as a new highway route passes over the site but as yet, construction of the road has not started.

During the winter much damage has been done to the boathouse and repair work must be finished before the season opens. Repair costs will be shared jointly by Belleville and Nutley.

### SCHEDULE

This year's crew schedule has not as yet been made out but is in the process. It's expected the crews will participate in more races than last year due to the fact that local squads will be able to participate in the national races.

## In Basketball Tournament Bellboys Win By Forfeit Saturday At Seton Hall

BY ROGER WARTELL

Belleville, who trailed Weequahic 40-48 Saturday, was declared the winner of the tournament game this week by forfeit.

A junior, Dave Flecker, participated in the game for Weequahic, which caused the judges to rule the forfeit.

Flecker had been high scoring for Weequahic Saturday. He tallied 14 points, highest for both squads.

Belleville played in the semi-finals Tuesday night. For details see story on page one.

Belleville Junior Varsity was ousted from the Essex County Basketball Tournament in the quarter final round by Weequahic 48-40 Saturday at Seton Hall University.

The Bellboys, coached by Charlie Travers, were only three points behind at the close of the first half. But a third period surge by Weequahic seemed to demoralize Belleville's hopes of winning. Fighting back gamely, the Blue and Gold cagers came within six points before finally succumbing to the Indians in the final seconds.

The Belleville JV's opened the game by jumping into a 4-0 lead on goals by Ray Hackett and Richie Luzzi. Weequahic, led by center Ted Russell, came back and overtook the Bellboys 8-5. An exchange of baskets ended the first quarter with Weequahic leading 12-7.

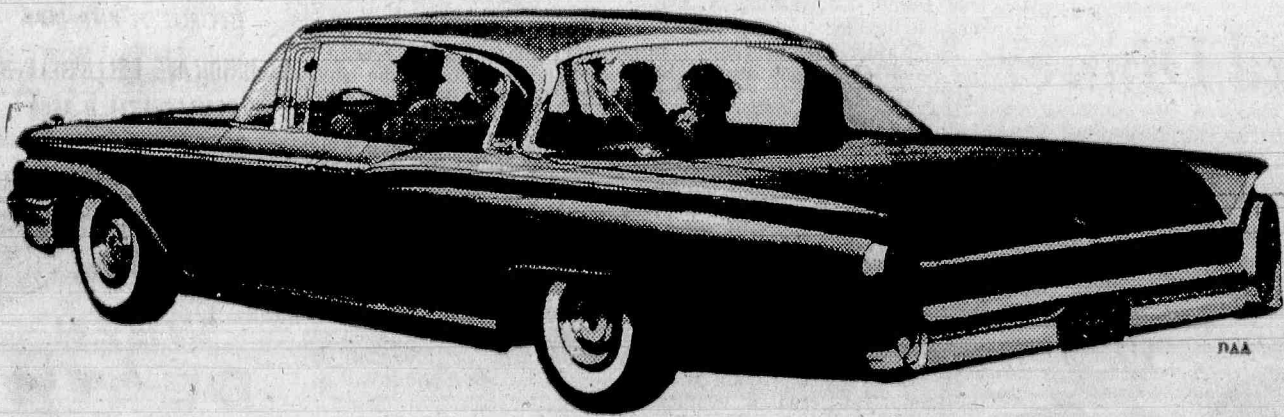

After each team had put in four points to start the second period, Belleville scored two straight field goals to close the gap to 16-15. Wakefield countered quickly for Weequahic with

## ABC Group Tells Voters Response 'Heartwarming'

Messrs. W. Allison Boyd, Allan H. Crisp and Edward J. Ackerman issued this final statement on the recent school board election:

"Because of the heartwarming, townwide response to our efforts, we are dropping the designation, 'Committee of One Hundred' and will be known henceforth as the 'Aroused Belleville Citizens,' or 'ABC Committee.'"

"We intend to serve as a non-political, vigilante group of business, professional and civic leaders who will support the best qualified candidates for election or re-election to the school board. We will continue to present our case, stripped of personalities, platitudes and promises.

"It is not our intention to force our will upon the electorate. We will welcome careful examination of our position by the 16,000 qualified voters, too many of whom stayed away from the polls on February 9.

"No government can be any better than the supervision by its citizens. That is the duty of citizenship. William Penn stated this position many years ago, when he said, 'Governments, like clocks, go from the motion men give them, and as governments are made and moved by men, so by them they are ruined also. Therefore government depends upon men, rather than men upon government.'"

# Town Radio Club Planning Demonstration for Public

One of the most important meetings of the Radio Amateur Club of Belleville since it was organized more than fifteen years ago was held at the Belleville Recreation Center Wednesday, January 13, when twenty-one out of twenty-five enrolled active radio operators met for the first meeting of 1960.

Ludwig Pesa the new CD director, outlined his plans to avail the CD Organization of Belleville of the co-ordination of this important and vital group connected with communications. Although the club is separate and distinct from the CD Council, many of the club members are presently active with the CD, and have already been active with Civilian Defense work. Plans were inaugurated for the club members to participate in some demonstrations in connection with communication activity in the near future in order to show how well the club has been organized down through the years and have been quietly but efficiently carrying on this vital field, which in the case of any emergency or disaster could be mobilized, probably within an hours notice.

Pesa was interested in the fact that at present, every section of the town is covered by Amateur Radio coverage, from the Southeast corner, where George Kupp (K2DQT - Don't Quit Talking) guards that point - Cortland Street near Mill Street - to the most southwest outpost. Operated at 56 Harrison Street by Charles Mantone, who because of his unusual call - WA2 DCZ - has been dubbed Belleville zoologist, dogs, cats and zebras, and sometimes if he stays on the air too long he becomes a little hoarse! At the western edge on Grove Street Ed Clegg, W2HNA stands ready and equipped to operate on all amateur bands with powerful equipment at hand. To the north on Birchwood Drive stands the station near the Nutley line, of Ed Johnson, K2ORI (Old Red Indian). Another station at the southeastern corner on Greycliff Avenue near Route 21, is a station owned by H. Tenpenny.

Within this perimeter in narrowing circles the other radio stations are active and most of them are almost daily on the air at frequent intervals.

The key station of the Belleville CD net is Walt Murray K2EFC located at 94 Division Avenue, assisted by William Fisher W2CCK of 73 Bridge Street, both of these station operators are old time members of the Belleville Radio Club and are the liaison stations between the Belleville Radio Club and the separate Belleville CD Communications system.

The secretary of the Belleville Radio Club is William G. Hunt K2UCY who is also assistant to the director. This station is high up on Union Avenue, and is the station which has volunteered to transmit the many free messages which were filed with the CD Headquarters both on Veterans Day and over the Christmas holidays.

The radio club meets the second Wednesday evening each month at 7:30 p.m., and a standing invitation is extended to any person interested in radio, whether presently active, or desiring to become an amateur at a future time, to attend these meetings, at the Belleville Recreation Building, 407 Joralemon Street.

Two easy layups as the Indians pulled away 20-15. Bob Byers then ended the scoring for the first half with a jump shot and his eighth point of the quarter.

**THIRD PERIOD**

Weequahic began the third quarter with two field goals before Tony Raimo put in a jump shot for the Bellboys making the score 24-19. After an exchange of baskets, Weequahic spurred out in front 34-21 by scoring eight straight points. At the end of the period they led by a comfortable margin of 40-24.

With practically no hope left, the Blue and Gold began the final quarter by scoring three points on a goal by Joe McDermott and a foul shot by Ray Hackett. Weequahic then tallied two field goals, both by Dave Flecker, to make the score 44-27. Some fine shooting by Mike Chieffo and Bob Van Dyne enabled the Bellboys to lessen the margin.

With a minute and 15 seconds to go Weequahic yoked 46-38, jump shot by Mike Chieffo closed the gap to six points. Coming into the last 40 seconds of the game Belleville gained control of the ball but failed to score. Desperately trying to get the ball again the Blue and Gold cagers fouled Dave Flecker who promptly led to game by sinking two foul shots.

# Fred W. Ruff of Belleville Drummer With Navy Band

Eighteen-year-old Fred W. Ruff of Belleville is a drummer with the United States Navy Band of Carrier Division Three. The group proved remarkably popular with youthful music fans of Sasebo, Japan during its visit there from January 16 to 21.

Ruff, the son of Mr. and Mrs. Fred H. Ruff of 132 William Street, Belleville, entered the Navy in June 1958 after finishing the course at Belleville High School.

He was assigned to the United States School of Music between September 1958 and June 1959, and reported aboard the USS Bon Homme Richard, Flagship of Naval Base CPO Club.

Ruff is among seventeen musical Rear Admiral Andrew McB. Jackson last November 9.

The USS Bon Homme Richard (CVA-31) is the commander carrier of division three and commander task force 77.

Under the direction of Chief William A. McBride, bandmaster, Ruff played with the group to full-house audiences estimated at over 6,000 Japanese school children at Hachiman School, Sasebo City Hall, One High School, Seiva Gakko and Ernest J. King American Dependents School in addition to entertaining at the American Hospital and cians who delighted their audiences with programs ranging from classical to dance music and Jazz combo selections. A Navy newspaper release states that "with outstanding musical performances, these ambassadors of goodwill did much to cement friendly ties between the people of Japan and the United States."

Tape recordings by representatives of Japan radio station NHK continue to carry the band's musical message to the people of Sasebo while the carrier division proceeded to other Asiatic ports.

LATERZA—Deeming it impossible to thank all in person may we take this means of expressing our sincere and heartfelt thanks to our relatives and friends, for their words of consolation, beautiful floral tributes and spiritual bouquets, at the death of our beloved wife and mother, ELIZABETH M. LATERZA. Special thanks to Rev. Francis Blake, and members of the St. Lucy Sodality of Holy Family Church. BEREAVED HUSBAND ANTHONY AND CHILDREN

In Memoriam

IN LOVING MEMORY of our dear Mother MARY PELL-ECK, who left us February 24, 1957.

Each flower and leaf may wither,

The evening sun may set,

But the ones who loved you dearly,

Are the ones who won't forget.

Dearly loved and missed by

Daughters, Gloria and Grace

SMITH — In loving memory of our dear Husband and Father, Alexander Smith, who passed away March 1, 1958.

We have lost our life companion,

We must walk the world alone;

God only knows how we miss him

As we travel on alone.

Many a lonely heartache,

Often a silent tear,

To the beautiful memory

Of the Husband and Father

We loved so dear.
