

Kenneth R. Broo Is New Member Of Library Board

Appointment of Kenneth R. Broo, of 132 Fairview Avenue, as a new member of the board of trustees of the Belleville Public Library was announced today by Commissioner George F. Kiernan.

Broo is a cost accountant for the Boonton Molding Company, of Boonton. Born at Port Jervis, N. Y., 35 years ago, Broo has been a resident of Belleville, 32 years. He resides at the Fairview Avenue address, together with his wife, the former Jeane Flanagan of Belleville, and their three little boys, the youngest born last Christmas Day.

Broo attended school ten and later St. Benedict's Preparatory School, Newark. He graduated from Our Lady of Good Council High School and later attended Pace College, New York City where he majored in accounting and administration.

His studies were interrupted by World War II. He volunteered at 18 and served for more than three years with the 978th Field Artillery Battalion as a corporal. More than two years of that time were spent in the European theater of war.

PBA's Annual Dance Is Ready For Tomorrow

Detective John J. Dean, chairman of tomorrow's PBA dance, reports that tickets are moving rapidly toward a complete sell-out. The event, the group's 49th annual dance, will be held tomorrow night at the Terrace Ballroom, 1110 South Broad Street in Newark.

Officer Dean says that persons wishing tickets should contact any member of the local Patrolmen's Benevolent Association.

Billed as the 49th annual "entertainment and dance," tomorrow's affair will feature television and night club artists. Dean calls the lineup on tomorrow's program "outstanding." A floor show will highlight the event.

The dance is being sponsored by Local 28 of the Patrolmen's Benevolent Association, Belleville.

In addition to Dean, members of the general committee include Detective Michael V. Marotti, president of the local PBA, Detective James Munday and Patrolmen E. Olivieri, J. Marotti, J. Drop, H. O'Reilly and N. DeHagara.

Harriman, Ripley and Co., investment firm, has elected George F. Bauer of 14 Jerome Avenue, treasurer, to succeed Oliver E. Seibert, who has retired.

Belleville Civil Defense Now Completing Plans For Emergency Air Attack

Key members of the Belleville Civil Defense Council have established planning procedures for the third and final basic phase of operations in coping with disaster situations too large in scope to be handled in entirety by regular municipal operating services.

The third phase of planning involves specific action to be taken and delegation of duties and responsibilities in the performance of this action. An April 4 deadline was established for the submittal of the departmental organizing outlines. The ultimate objective is a printed manual which will be the official Disaster Control Plan of Belleville.

Earlier effort by council members has already provided the Inventories of Municipal Resources and an inventory of the hazards which exist within the municipality.

The manual when completed may be utilized to cope with any war emergency or large scale disaster. Two alternatives must be recognized in planning for nuclear holocaust, Director Pesa stated, in addressing the group. Community evacuation by established one way routes to a reception area in the vicinity of Morris Township might be the choice of action if a strategic warning offered enough time.

A shorter warning period would entail the use of locally established fallout shelters. In the event of evacuation a traffic control plan is being evolved by Police Chief George Spatz. Vehicular convoy assembly planning was assigned to Transportation Officer James Golden and the coordinated measures will be divided into two specific movements with key personnel assigned to the separate convoys.

Edward Lambrecht, former State CD officer and presently advisor to the council proposed a concerted action in publicizing the recognition of the importance of the family fallout shelter.

Vincent Mustachio was inducted as the new head of CD Engineering. Plans were made to fully utilize the aid of the Belleville Police Auxiliary in a forthcoming CD drill scheduled for March 26.

Attending this planning session were: Chief George Spatz, Deputy Fire Chief George Sharra, Charles Aughenbaugh, Thomas McMahon, William Hunt, William S. Fisher, James Pritchard, Peter Wendel, Edward Lambrecht, Vincent J. Mustachio, Dr. B. E. Failing, Capt. Walter F. Weiss, Norbert E. Bertl, James Golden and Jack Resa.

Lions, Rotary's Camp Ro-Li Will Hold Reunion this Saturday Afternoon

Campers Will Meet At School Auditorium, To Feature Games, Films

Campers and friends of Camp Ro-Li, sponsored each summer by the Belleville Rotary and Lions Clubs, will gather for a reunion party this Saturday afternoon between 2 and 5 o'clock in school three auditorium.

Persons participating in last summer's camp program, conducted in Bloomingdale, will attend Saturday's party. Applications for the summer season at Camp Ro-Li will be available Saturday afternoon.

A fun-filled program, featuring colored slides, entertainment, refreshments and games, has been arranged by W. R. Sandmeyer, director of Camp Ro-Li.

Camp Ro-Li is accredited by the American Camping Association. This summer's session is scheduled to open June 29.

Additional information regarding Saturday's party or enrollment can be obtained by contacting William C. Smith, 140 Washington Avenue, Belleville, Plymouth 9-6252 or any member of the Rotary or Lions Club.

School three is located at the corner of Joralemon Street and Union Avenue.

FUN AT CAMP — These youngsters were among the groups sent to Camp Ro-Li last summer. The camp, located in Bloomingdale, is sponsored yearly by the Belleville Lions and Rotary Clubs. A re-union party is being held by camp members this Saturday.

Rotary Marks 38th Anniversary Here Last Week

Belleville Rotary Club last week celebrated its 38th anniversary concurrently with Rotary International's 55th birthday party.

The local commemorated the day with an "old timers" meeting which featured movies taken of the club's activities in 1922. The films were taken by the late Philip Dettelbach who served as president of Rotary in 1925.

Edgar Peirls, president of Resistoflex Corp., formerly located in Belleville and now of Roseland, presented the club with a 16 mm sound projector in appreciation of his 20 years of association in Rotary.

Bill Orchard, who was president of the Belleville Club in 1922 and now an honorary member, accepted the gift in behalf of the club.

Among the "old timers" who are still members and who attended the celebration include Edgar Peirls, 21 years; Thomas Aitken, 22 years; Harvey Thompson, 26 years; Dr. George Kaden, 30 years; Willard Sawyer, 30 years, and Ernest B. Wright, 33 years.

ELECT OFFICERS

New officers have been elected by Belleville Rotarians. The new slate will be installed at the last meeting in June.

The new officers include Norm Thompson, president; Bob Horsfield, vice-president; Isador Silverman, treasurer; Harry French, secretary; Horace Knox, Bill Cullen, Bill Bennett and John Weidmann, all directors.

A committee met recently to make arrangements for the dinner.

Dr. Michael Del Tufo

Dr. Del Tufo is a graduate of Muhlenberg College where he earned a BS degree. He later was graduated by Georgetown University with a DDS degree.

While attending high school, he was active in sports and was a two-letter man. Dr. Del Tufo was chosen a member of the all-state baseball team.

Chairman of the dinner is Gerardo L. Del Tufo. Co-chairman is Ralph A. Casale. Daniel J. Del Tufo is serving as treasurer.

Merchants Name Mertz To Direct Public Relations

Ray Mertz of 24 Beverly Court has been named director of public relations for the Washington Avenue Merchants Association. Announcement of the appointment was made today by Frank Megaro, president.

The association recently met with John Bass, president of Rutan Estates Homeowners, and Nicholas Brescia, of the same group.

The combined groups plan to sponsor jointly a fashion show later this spring. The fashions will be by Washington Avenue shops.

The merchants group will meet soon to take action regarding two proposed bus routes to bring residents to the main business areas of Belleville.

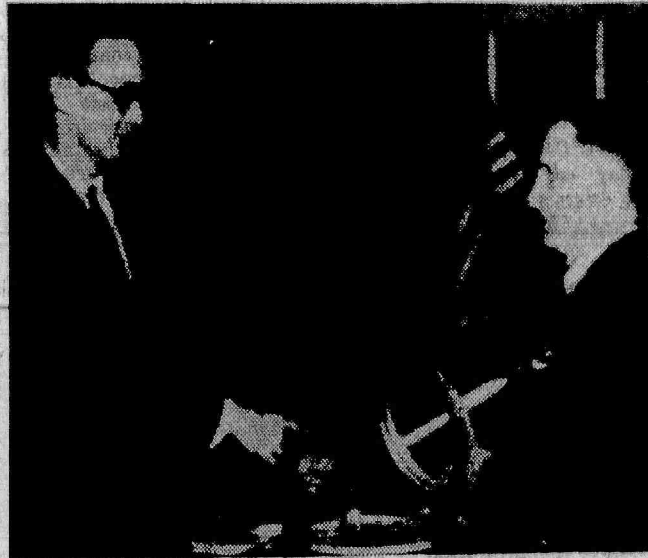

Legion Set For Dance

A St. Patrick's dinner-dance is being readied for this Saturday night at Belleville American Legion Post 105. The event will start at 8:30 in the Legion hall, 621 Washington Avenue.

Vincent Decker, commander, told The Times yesterday that tickets are still available for the affair which will feature a corned beef and cabbage dinner during the evening.

Persons desiring tickets may obtain them at the door. Advance reservations may be made by contacting Decker or John Kay, general committee chairman.

Belleville Light to Guide Marine Academy Sailors

"Kings Point Light" being presented to Admiral McLintock. This 1200 candlepower light is to be installed in the cupola of the Memorial Chapel of the U.S. Merchant Marine Academy in Kings Point, L.I. Making the presentation to Rear Admiral Gordon McLintock is D. P. Williams of Wallace & Tiernan Incorporated, Belleville, manufacturers of the light. The ceremony marked the imminent completion of

the Memorial Chapel, a new addition to the Academy. The "Kings Point Light" will soon be marked on navigational charts. The white occulting light beacon will be mounted 102 feet above the water, and will mark the approach to the Academy. Being visible from a distance of nine miles, it will also serve as a reference point for all water-borne traffic in the Upper East River and Lower Long Island Sound area.

Tenth Meeting Tuesday

Belleville Planning Board members Tuesday night held their tenth meeting since the organization was formed December 4, 1959. Although few reports have come from the new board since December its eight members are rushing to completion investigations of planning ordinances which will be recommended to the Board of Commissioners for adoption.

Headed by Chairman Ralph F. Visco, a consulting engineer with offices at 383 Washington Avenue, the board's ultimate aim is a master plan for the Town of Belleville.

But, the planners report, much work is yet to be done before even a preliminary master plan will be presented. Among the first items on the agenda is presentation of ordinances regulating subdivisions in Belleville which have been long overdue.

Mayor Isadore J. Padula, a member of the board, told The Belleville Times Tuesday night that "we're not only concerned with the expansion of Belleville, but with improvement which could be brought about by redevelopment of areas within the town."

In addition to Visco and Padula, the members of the board are Norman D. Lauterette, vice-chairman; William Cullen, secretary; Raymond F. Daly, John A. B. Gruelich Sr., Walter P. Weiss and Dr. Jules L. Swick.

Local Police Join Plan for Standard Uniform In N. J.

Belleville patrolmen have joined New Jersey policemen in favoring a standard blue uniform for all regular policemen and another type of uniform for special officers, guards and those who are not full time police department members.

Detective Michael V. Marotti, president of the Belleville Patrolmen's Benevolent Association, told The Times that delegates of the State association have voted to alert the state legislature to the problem.

"We in the PBA believe that a man in police 'blues' should be a full time, trained police officer," Marotti said. "When anyone spots a policeman in a blue uniform they will know he is trained and competent and not another citizen working as a policeman on his day off."

Belleville presently has approximately 15 special policemen, all of whom serve as school crossing guards.

The president of the Belleville PBA Local 28 continued saying that "another important reason for the uniform change request is that in some towns the citizens see men wearing police uniforms and think they are protected around the clock."

"Actually, many of the men now wearing uniforms are not

Belleville Red Cross Accepting Contributions For Moroccan Relief

Belleville Red Cross, 557 Washington Avenue, is accepting cash contributions for transmittal abroad for Moroccan relief of survivors at Agadir, Morocco.

The survivors are in urgent need of emergency assistance including medicine, food, tents and blankets.

In response to requests for the League of Red Cross Societies, the American National Red Cross has cabled \$25,000 and sent nurses and emergency medical supplies to the Agadir area.

American Junior Red Cross has offered entire stocks of children's clothing, school chests and gift boxes now in European warehouses.

Contributions should indicate they are for Moroccan relief and sent to the local headquarters at 557 Washington Avenue.

Zoning Board Turns Down Berkley 2-Family Home

The Belleville Zoning Board of Adjustment denied Victor Micati of 34 Berkeley Avenue a variance requested to convert his single family home into a two-family unit Tuesday night.

Micati, whose home is located in a residential "A" zone, told

Planning Board

(Continued From Page 1)

According to Mayor Padula, one important aspect of the Planning Board is to assist merchants of Belleville. "Parking in town is a serious handicap," he said.

When asked his views about the town's providing and maintaining parking lots, the mayor said "I don't see anything wrong about the proposal. After all, if we look to our neighbors, Bloomfield, Nutley and Montclair, we can see that municipal parking has been very successful."

The mayor said he does not subscribe to views that parking would impose an unnecessary tax burden upon residents. "If and when we provide parking," Padula continued, "not only would we have parking meter revenues, but tax rates would also rise."

CONSULTANTS

A \$9,000 appropriation to the planning board has been included in the municipal budget. Thus far, the board has contacted five consultants, for which the money was budgeted, and members are interested in four firms to-day. The consultants would make a detailed survey of Belleville suggesting revisions in zoning, the adoption of new ordinances, redevelopment projects and so forth. Some federal funds are available, the mayor said.

"We want to know just where we're going," the mayor said. "This is basically the reason for a master plan." Padula reported that Belleville is the only Essex County municipality without a master plan.

Because of the long and drawn reports concerning results of investigations, especially with ordinances, the planning board's bi-weekly meetings have thus far been closed to the public, the mayor said.

The Belleville Planning Board meets on the first and third Tuesdays of the month at 7:30 p.m. in Mayor Padula's town hall office.

Intramural Ball In Final Rounds At High School

Intramural basketball schedule at Belleville High School is reaching its climax as the teams enter into the last rounds of play.

In the senior division there were three games played. H.R. 304 went on to its fourth straight victory by defeating H.R. 310, 23-22 in the semi-final round of play. Nick Del Guercio led the victors with nine points. H.R. 302 upset a highly touted Auditorium B by the score of 27-19. In the other senior game H.R. 303 edged H.R. 306, 33-31.

In the junior division four games were played. In a clash of two top teams, H.R. 204 defeated H.R. 102 by the score of 21 to 19, despite the 12-point effort of Jack Van Dyne. Home Room 205, paced by Joe Dattoli's 15 points, topped H.R. 211, 33-25. In another game, 205 defeated 210 by the margin of 27-19. The final game in the junior division was a forfeit, Aud. A over H.R. 207.

Three sophomore games were played last week. H.R. 6 squeezed by 104 by the score of 17-15. In their second game, H.R. 6 trounced Cafe S-1, 32-27. The victories were a result of fine teamwork and the outstanding play of Jim O'Hare, who poured in 18 points for his team in the second game. Cafe S-2 forfeited to H.R. 103 in the final game scheduled.

There were two games in the freshman league last week. Home Room 8 defeated H.R. 114, 23-9; and Boys Gym topped H.R. 7, 26-15.

Radio Club Will Change Call Letters, Sees Film

Color movies showing modern electronic computing machines and plans to change club call letters highlighted the last session of the Belleville Amateur Radio Club.

About 20 members of the group attended the session held in the Jorammon Street recreation center.

President Jim Pritchard (K2DRA) and Norman Thompson (K2JYW) showed the film called "Magic of Numbers." The narration told of the new electronic machines which are capable of solving intricate problems in seconds and minutes which formerly took months and years to complete.

The film depicted methods of tracking jet planes and missiles by the use of the computing machines.

Plans were made to have the club assigned the call letters of the late Fred Yost. Mr. Yost was one of the founders of the Belleville Amateur Radio Club.

Mr. Yost's call letters were W2JUU. The Federal Communications Commission is processing the documents to have W2JUU replace the club's present letters, W2NOO.

The local club has grown to 30 active members, most of whom are also members of the Belleville Civil Defense and Disaster Communications Organizations.

Although this amount is short of our goal of \$12,000 needed to carry on the complete program of service in Belleville and Nutley, we will be able to carry on the work of the association in both towns during the coming year insofar as the funds available permit, Burdzy said.

"While we are naturally disappointed in failing to attain our goal," he stated, "we are happy about the fact that receipts this year greatly exceeded those of last year when an outside organization began distributing Christmas Seals in Belleville and Nutley." The receipt of two sets of seals from two different organizations created confusion in the minds of the people as to which organization was their own. The increase in receipts this year indicates that the air is clearing and the people are realizing more and more that it is the Belleville - Nutley Tuberculosis Association which has given them tuberculosis prevention and control services over the past 20 years and the organization which merits their support.

The chairman stated that the association's books are still open and contributions may still be made and will be gratefully received.

Seal Sales Fall \$12,000 Short Of Local Goal

The Belleville-Nutley Tuberculosis Association has received \$8,436.60 in its fund raising campaign, according to Edward G. Burdzy, Belleville Seal Sale chairman.

Although this amount is short of our goal of \$12,000 needed to carry on the complete program of service in Belleville and Nutley, we will be able to carry on the work of the association in both towns during the coming year insofar as the funds available permit, Burdzy said.

Sonneborn Adopts New Name

A group of vice presidents of Sonneborn Chemical and Refining Corporation discuss company's new logotype and symbol. In group are left to right: Gustave Schindler, Dr. Henry Sonneborn, III, Rudolph Cubicciotti and Dr. Erich Meyer.

L. Sonneborn Sons, Inc., 57-year-old petroleum refiner and manufacturer of chemical specialties, changed its name to Sonneborn Chemical and Refining Corporation, Rudolf G. Sonneborn, president, announced. The company operates a plant at the Nutley - Belleville line.

In petroleum refining, Sonneborn specializes in medicinal cosmetic and technical white oils, medicinal and technical petrolatum, petroleum sulfonates, petroleum waxes and Pennsylvania motor oils and lubricants.

At Sonneborn's Belleville plant the building and maintenance specialties, Amalie brand grease lubricants, textile chemicals, Whistleclean brand industrial detergents and products for other industries are manufactured.

In conjunction with the name change, Sonneborn also announced a new company-developed symbol, which will be incorporated into all printed sales and corporate material of the company.

"We believe that this new name and symbol present a more meaningful picture of our company's activities," Sonneborn said.

He went on to state that "the change in name will not involve any changes in personnel or in policy."

"We shall continue," he added "as we have for more than half a century, to provide the finest products in our several fields of specialization."

Founded in 1903, Sonneborn has rapidly grown to become one of the leading white oil and petrolatum refiners.

Post Office Has New "Mail Call" Film

Postmaster L. A. Reilly, of the Newark Postal District, announced the availability of the Post Office Department's new film release, "Mail Call" for showing before Nutley and Belleville organizations.

What's New At BHS?

BY JOAN FELLMAN

Happy St. Patrick's Day to one and all. Today, as usual on this day, BHS is clothed in green. Everyone had a little of the holiday spirit, and now we're ready to relax over the coming weekend.

The College Board Examination taken by college-bound BHS students last Saturday proved to be a really stiff exam. Now we realize that graduation is just around the corner and the year is almost over.

The sophomores and freshmen in Belleville High School were entertained by the Grammar School Orchestra last Wednesday, March 9. It showed us "Big

qualified and are not trained as policemen and we believe there is a definite need to distinguish between the two."

Detective Marotti said he believes "the public should not be fooled into thinking trained men are on duty when the men are not qualified."

State Association President James Vigilante suggested, "perhaps these special officers and reserve police could wear a grey uniform which would make them recognizable and eliminate the confusion which now exists."

Salvatore Calabro Will Address Engineers Tues.

Salvatore R. Calabro of 76 Fairway Avenue will address the Institute of Radio Engineers next Tuesday in New York City. Topic of Calabro's talk is "Predicting the Reliability of Maintained Equipment."

Calabro will speak at 7:30 in the Wilkie Memorial Building, 20 West 40th Street, New York City. Calabro, author of the forthcoming McGraw-Hill book, "Principles of Reliability," will discuss methods of predicting the reliability characteristics of elec-

tronic and electromechanical systems of any degree of complexity which are subjected to extended periods of operation and are available for maintenance actions. Calabro will describe the interactions between: mean time - between - failure, mean time-to-repair, preventive maintenance time, and methods of trading-off these parameters for overall economy.

Calabro received his BS degree in electrical engineering from City College of New York in 1939. He served as an engineer with the Signal Corp Procurement Agency from 1940 to 1950. Since joining the International Telephone and Telegraph Corporation in 1950, he has occupied the positions of quality control manager of Federal Telephone and Radio Division from 1950 to 1957; quality control director of Kellogg Switchboard and Supply Company from 1957 to 1958; and has held his present position of general manager of Product Assurance of International Electric Corporation since 1958.

Families On Move Every Five Years

Members of the Board of Realtors of Bloomfield, Glen Ridge, Nutley and Belleville were surprised last week to learn that the average American family remains in the same home for only five years.

They were told this by R. Herbert Connolly, former secretary of the New Jersey Association of Real Estate Boards, who spoke to them at a dinner meeting in the Forest Hill Field Club. Connolly quoted from a report issued by the National Bureau of Vital Statistics.

Rifles Stolen

Theft of four government M-13.22 caliber rifles with a total value of \$150 from a locker in the Belleville Municipal Stadium was reported to police there Monday night by Robert Cook, superintendent of recreation.

Cook said that the theft was discovered at 7 p.m. by a rifle instructor, Jack Boyd. Cook said that the rifles, which were last seen in the locker last Wednesday, were on loan to two junior rifle clubs from the federal government through the director of civilian marksmanship.

An Irish Blessing

In the spirit of St. Patrick's Day we offer you — An Irish Blessing.

May the blessed light be on you, light without and light within. May the blessed sunlight shine on you and warm your heart until it glows like a great fire, so that the Stranger may come and warm himself at it, and also a Friend.

And may the light shine out of the two eyes of you like a candle set in two windows of a house, bidding the wanderer to come in from out of the storm. And may the blessing of the rain be on you—the soft, sweet rain. May it fall upon your spirit so that all the little flowers may spring up and shed their sweetness on the air.

And may the blessing of the great rains be on you; may they beat upon your spirit and wash it fair and clean, and leave there a shining pool where the blue of heaven shines reflected, and sometimes a star.

And may the blessing of the earth be on you, the great and round earth; and may you ever have a kindly greeting for them you pass as you're going along the roads. May the earth be soft under you when you lie upon it, tired at the end of the day, and may it rest easy over you, when, at the last, you lie under it; may it rest so lightly over you that your soul may be quickly through it, and up and off, and on its way to God.

The Proposed Hudson County Produce Market

Much has been written in recent weeks about a proposed produce market to replace the huge, internationally known Washington Market situated in lower New York.

Assembly Bill 427 is engaging the profound interest of politicians, businessmen, the railroads, truckers, editors, and housewives. The bill, as written, permits New Jersey counties to establish a county authority under the control of the County Board of Freeholders. The chief sponsor of this bill is nationally known produce merchant Thomas Gangemi, of Jersey City. Mr. Gangemi is no Johnny-Come-Lately. Since 1924 he has single-handedly and with a singleness of purpose urged producers to look to the New Jersey side of the Hudson for the erection of a produce market which, because of its location, would cut produce costs to the farmers and housewives.

A New York-based market requires excessive handling and transportation costs for produce coming into this area from places so distant as Florida and California. Gangemi, one of the nation's most successful produce merchants, has been aware of this problem and has consistently fought for the establishment of such a market to be located in the Hudson meadows.

On the verge of seeing his 36-year dream come true, the Meyner administration now sees in Gangemi's effort an opportunity to make political hay. It seems Meyner now wants a New Jersey statewide authority created to erect such a market. Advocates of a state authority claim the nature of the market activity is bigger than a county interest and therefore it properly invites the participation of a state agency. This is a false premise.

The fact of the matter is that the proposed market is strictly an intra-county matter. A produce market would require tremendous traffic control measures of a local nature, fire and police protection too; health, weights and measures supervision would be required; street cleaning,

maintenance, and snow removal problems are also of a municipal or county nature. We fail to see how anyone can logically claim a Hudson County based food market as the legitimate interests of a state agency.

Moreover, legislators, former public officials, editors, and just plain citizens have been long clamoring for an end to omnipotent state authorities. Once created, history shows state authorities move out of the public gaze, and with impunity go on their merry way raking in millions of taxpayers' dollars without any accountability to the general public.

Opponents of the Assembly measure permitting the creation of county authorities, failing to have right on their side, now resort to the old political standby of making personal attacks upon advocates of the legislation. The prime target appears to be Thomas Gangemi, the only man in New Jersey who had the faith and vision for the past 36 years to believe New Jersey should be in the forefront in the fight for a national produce market.

Snide attacks, some direct, others by innuendo, are aimed at Gangemi the man. His critics claim he is a politically controversial figure in Hudson County. The truth is that in controversial Hudson and Jersey City, Gangemi is among the least controversial. We read reports of alleged Gangemi efforts to muscle in on meetings called by the Meyner administration. These are false too. Gangemi was at "stage center" years before a Meyner Administration was conceived. In politics it is said that anything goes—the unfortunate truth is that on occasion this observation is true. With Gangemi his criticisms may stop at nothing and stoop to anything to score a point against him.

Meanwhile New York City unencumbered with a Democratic Governor, will probably reach the goal posts first with the prize. In 1948 New York legislators rejected the pleas of New York City Democratic Mayor Bill O'Dwyer to establish a state agency to erect and supervise a new farmer's market for New York City. The New York legislators regarded the matter as a strictly city-county affair. In our judgment what was true for New York in 1948 is true for New Jersey in 1960.

A Selfish Performance

A public hearing was held last Tuesday evening on the municipal budget. Sparsely attended, one hour and forty-eight minutes of the two hour long hearing was pre-empted by the verbose and sometimes inarticulate commission critic, perennial commission candidate James Golden.

Every citizen and taxpayer has a right to appear before the Town Commission, request the floor and speak his or her mind. But—we firmly believe no citizen has the right to force fellow citizens—yes, and commissioners too—to sit through an hour and forty-eight minutes of speech making, much of the time discussing at length items which we believe were seized upon by Golden merely to have himself heard.

Every public official will admit that no budget is perfect. Most citizens would like to see a reduction in taxes. The commissioners, all of whom are taxpayers, share this attitude also. But theirs is the responsibility to provide the citizens of our community with services tending to take care of the health, welfare and safety of our children and adults. In the pursuit of these sworn duties it is required to spend money. It is when this action takes place that harping commission critics have a field day for themselves.

The Belleville Town Commission is not perfect. Far from it. But we do believe the budget which was adopted last week did not call for an hour and forty-eight minute harangue. Golden would have been better advised to have presented his objections in written form, thus eliminating the tiresome task of sitting through 108 minutes of his speechmaking. However, to pursue this orderly course may not have served the interest of Golden who prefers live audiences. We believe his performance of last week was a very selfish one.

Golden Writes

Dear Sir:
This country was founded and freed by a remarkable group of individuals whose first responsibility was to their consciences. They believed in doing what they thought was right. The author of the Declaration of Independence spoke of a "decent respect of the opinions (note the plural form) of mankind." This we have learned to accept as the American way.

Politicians and office seekers extol the virtues of this great heritage in time consuming, tiring electioneering antics that lead the public to believe these men possess inexhaustible energy. Belleville's municipal office holders, our commissioners, during the last election were no exceptions. They campaigned many long hours and welcomed the opportunity to answer the questions of the voters, in fact, they did almost anything to create the impression that they held a solicitude regard for the problems of the community's residents. All of course, in conformity with our American way of life as outlined above.

The startling blatant front-page headlines of our local paper in its last edition "Don't Take Questions To Town Meetings" offers a sad commentary upon the obvious flagrant and odious disregard our present municipal representatives of the public hold for the sacred rights of the American people. Alas, like so many other corrupt practices emanating from the faulty administration at town hall, the people advised that "time is being wasted" by the board's answering citizen's questions.

These once stalwart champions of the peoples' rights as they alleged they were as candidates, now talk out of the other side of their mouths since they are in office. What has happened to their indefatigable energies?

Upon what meat do these our Caesars eat that they have grown so great? Whom do these arrogant "servants" consider themselves to be that they may place their selfish interests above the will and rights of the populace of Belleville? Where else is a resident, a taxpayer and an American citizen to go to find out what is "cooking" than at his (the taxpayer's) town hall? If these incumbents don't wish to answer the rightful queries of the citizens, which is violative of American custom, there arises doubts as to why they espouse such an unAmerican practice. One conjectures they either may be stupid and unable to offer

the public reasonable answers or they are possibly attempting to hide or withhold information from the public. In either case, the practice is repugnant, despicable, and unpardonable.

The mere manifestation that men holding so responsible an office of public trust could even conceive of so atrocious a breach of America's concept of government is sufficient grounds of call for their removal from office. The people of Belleville are sick and tired of "closed door" administration in public affairs.

Legal procedures are not to be modified to spare the nerves and blood pressures of "tired" and embarrassed politicians who would like to be "tipped off" in advance what they might be questioned upon so they could squirm out of "tight" predicaments. If these satraps can't be burdened to hear out an American citizen for 10 minutes, especially, when it is the citizen who pays close to \$105 per meeting to each of these five commissioners for a 50-minute session, then it is unfortunate that they strive so laboriously in a costly campaign for the privilege to serve these same people they now can't be bothered to listen to. Such a shameful display of contempt for the basic principles that has made our country great. For shame, Mayor Padula and Commissioners Sullivan, Gruhin, Pico and Kiernan.

At a recent town meeting Comm. Kiernan, who deserves, but who doesn't like criticism, moved to have the writer ejected on the occasion of critical comment leveled at the board. Such tactics smack of the tyranny of Red Russian Commissars. Mr. Kiernan should recognize he is but a commissioner in a free, democratic America.

Politicians cannot ignore critics anymore than the target of a firing squad can pretend he is an innocent bystander.

Dodging questions is an annoying hazard for politicians and office holders. The public wants the facts, and truth. Dodging around the questions or banning their submission by going into prepared little speeches rather than sticking to the point shows up clearly to the public's indignation and disgust.

If a man ducks an issue, the public gets the point. People know when dodging shows up. When a man becomes a public figure and an office holder answerable to the public he commits himself to giving some sort of answer to all public questions. He is obligated to say more than "no comment" or refuse to answer apt queries. The mirror of public opinion is "merciless" on a politician trying to evade a question. The public easily spots the question dodgers.

The public soon learns the many sides of public problems and becomes concerned enough to start demanding the truth from their elected officials, in fact, I believe many of our Belleville people are ahead of their elected representatives. They will not long endure the shabby treatment being meted out to them by our present commissioners. The people want things out in the open, not behind closed doors and in secret conclaves that plays into the politician's hands while "shafting" the people.

Respectfully submitted,
JAMES R. GOLDEN

Belleville Times Calling.....

Views on Newark Jetport

A recent development in the jet airport furor is the suggestion that jet aircraft be permitted to land at Newark Airport. Mayor Isadore Padula notes that air-planes for the Newark landing field, pass directly over Belleville. Increased noise might be the result for Belleville residents if jet transportation is authorized for Newark.

This week's "Belleville Times Calling" survey asked local residents for opinions on the jet conversion plan for Newark.

Two-thirds of those called expressed a negative attitude toward equipping Newark for jet transportation. Another third favored the idea for Newark providing overhead noises would not be a nuisance.

A sample of the answers received follows:

MRS. JOSE SANTIAGO, 16 Crescent Terrace, Belleville: Jet airplanes are noisy, there's no question about that. I guess we'll have to have a jet airport somewhere, but I certainly don't want planes flying over my house. They already fly awfully low. If everyone feels the way I do, I

don't know where they could put an airport at all.

MRS. ELGIE C. BOLDT, 42 Hornblower Avenue, Belleville: I guess this business about a jet airport is a necessary evil. If it is possible to place the airport elsewhere, so much the better. I for one think I'd move if Newark became a jet airport. I personally wouldn't want to live next to one. The noise from airplanes isn't too bad now, except when they pass very low. Morris County doesn't want it out there and I don't want one here.

PETER FALTRACO, 59 Centre Street, Belleville: Well, let's face it. People are going to continue travelling and jet planes are the thing of the future. Yes, it's a little bit noisy at times here in Belleville, but if the planes are high enough, I don't think there would be that much difference with jet planes. Newark sounds as good as any place for a jet airport to me.

PAULINA RUBINO, 56 High Street, Belleville: (Paulina is 13 years old, the daughter of Mr. and Mrs. Joseph D. Rubino.) I believe the authorities should permit jet airplanes to land at Newark airport. I've never been on a jet, but jets are the means of transportation for the future. I don't think airplane noise is a nuisance now and I don't think it would be much different if jets were permitted.

MRS. WALTER J. SILKOWSKI, 15 Davidson Street, Belleville: We wouldn't like it at all if jets were permitted to land and takeoff at Newark Airport. If they are going to have to

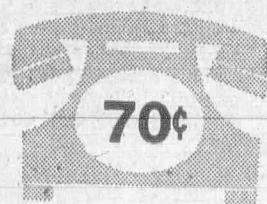

have a jet airport, put it somewhere else. After all, this is a heavily populated area. I don't think we want jet planes making all that noise over our homes. I say, definitely no to the idea of putting jets at Newark.

MRS. ANGELO PENNETTI, 10 Lake Avenue, Belleville: I would be afraid of the danger of planes crashing more than the noise if jets were allowed at Newark Airport. I think they should put the airport out of the city areas where the noise and danger would not bother people. The noise isn't too bad now, except when the planes fly low and this is only once in a while. No, I've never been in an airplane at all.

Big Following For Intramurals At High School

As the intra-mural basketball league of BHS passed into its second week of action, the team standings started to shape up. Within the next week or so the winners in each division will be decided.

Here are the results of recent games:

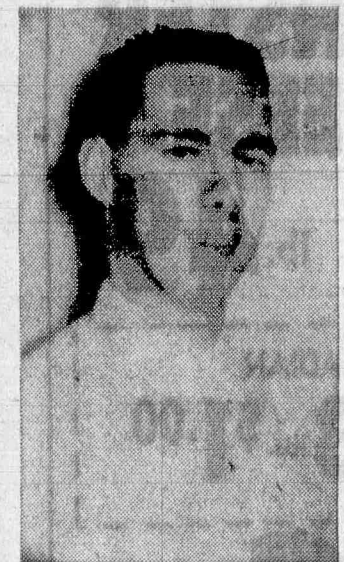

In the senior division Home Room 302 defeated H.R. 309 by the score of 26-24. Doug Bartell and Pete Brindisi led the winners with 11 points each. Also, despite the 13 points put in by "Tanky" Matraxia, H.R. 303 defeated H.R. 308, 26-24. The victory was a result of fine teamwork.

Four games were played in the junior division last week. H.R. 102 trounced H.R. 207, 27-9. Jack Van Dyne led the victors with 13 points. In a close fray H.R. 204 defeated Auditorium A, 19-18. George Bauer was high scorer with nine points for 204. H.R. 206 was defeated by Auditorium B, 26-7. In the final game of the junior division, H.R. 205 defeated 211, 33-25.

For sophomores this was the first week of play. Led by Jim Blancos with ten points, 103 beat 108 by the score of 23-16. Scoring more than half of his team's points, O'Hare paced H.R. 106 to an easy victory over H.R. 110, 31-19. Cafeteria S-1 just squeezed by H.R. 109, 26-25. The sophomore schedule for the week was completed with Cafeteria S-2 taking H.R. 107 by the score of 31-10.

The freshmen also opened their season this week. Home Room 7, led by Gus Brown, defeated 111, 29-24. In a close fray, H.R. 10 was defeated by Boy's Gym, 17-15. Pacing 114 with 13 points, Pomponio led his squad on to victory over H.R. 113 by the score of 31-16. Home Room 117 forfeited to H.R. 8.

Joe McDermott Was Times' Last Mystery Teen

Joe McDermott

The last Mystery Teen was Joe McDermott, son of Mr. and Mrs. John McDermott of 133 William Street. Joe, a sophomore at BHS, is an athlete in the true sense of the word. Besides competing in three major sports, he manages to maintain a high B average in his studies. Joe played both varsity and junior varsity football last year. He was a starter on the JV basketball squad, and he is now looking forward to the crew season, which opens shortly.

Joe has two older brothers, Peter and Martin. Much of his summers are spent with them in his favorite pastime, boating.

Our Mystery Teen is also known by two nicknames. Some of his close friends call him "Mac," while his fellow German students have given him the nickname "Passe Auf."

Miss High School 1960 Contest

Miss Jeannie Castellano (right) of Belleville was named runner up in the "Miss High School of New Jersey, 1960" contest conducted recently. Jeannie resides at 108 Academy Street. Winner of the top

award was Barbara Duren of Glen Ridge (center.) Others above, left to right, are Joyce Ames, Judy Hanley and Diane Ruma, of South Orange, Belmar and Red Bank respectively. The annual contest is worth

close to \$1,000 in scholarships and is sponsored by the American College of Cosmetology and the Marnee Steffens School of Poise and Modeling of Montclair and Hackensack.

Who Is This Mystery Teen?

This week's Mystery Teen is artistically and musically inclined. She is an above average student in the Junior class. Miss Mystery Teen participates in many school activities which include working on the art staff of the Spotlight and the staff of the mathematics newspaper, is secretary of the Future Teachers' Club, and enjoys bowling on the girls' school team.

Outside interests are CYO and recreational basketball. A pet peeve of this busy Junior is conceited boys. She prefers older, more mature boys.

Miss Mystery Teen has a sister who attends Newark State Teachers' College at Union. Her father has recently been elected to the board of education.

Now you have all the information. Do you know who our Mystery Teen is?—Enid Ritchy.

4th Grade Pupils Learn About Extinguishers

Children of the fourth grade at school nine will no longer wonder what is inside the fire extinguisher which hangs on the wall in the hall outside their door.

Students watched a real fire being extinguished by an extinguisher February 18 in the school yard. Arnold Capriglione, one of the pupils, did the actual spraying.

Before the demonstration a school maintenance worker took apart two different types of extinguishers explaining the materials contained.

Queen At Shawger School

Pretty Miss Josephine Petit of Belleville was crowned Queen at the Queen of Hearts Annual Dance in the James G. Shawger School. The yearly event is sponsored by the Parent-Teacher Association. Miss Petit received a cultured pearl

as an award. Crowned King was Gene Kachery of 183 Union Avenue. The Queen is the daughter of Mr. and Mrs. Emilio Petit of 59 Heckel Street, Belleville. Runner-ups in the contest were Paula Schiavo and Tommy Goldrick.

Parent-Teacher Conferences Set For March 17, 22

Belleville High School will hold its annual Parent-Teacher program in the form of conferences between parents and teachers on Thursday afternoon, March 17 and Tuesday afternoon, March 22.

The conferences are being held to bring about a better understanding of the student and to help promote cooperation and relations between parents and teachers.

School will be dismissed at 1 p.m. on the dates and parents who desire to confer with their child's subject teachers may call at the school any time between 1:15 and 4 p.m. In some cases teachers will request a conference on a pre-arranged basis.

Similarly, parents are invited to telephone the guidance office to arrange for a time of visit if they care to.

Wesley Methodist Church 169th Anniversary Birthday

Following Sunday morning services at the Wesley Methodist Church, Washington Avenue, Belleville, guests attended

a reception. Highlight of the festivities was the cutting of a huge birthday cake celebrating the 169th anniversary of the

church. Mrs. Dorothy Dennison (above) is caught by the photographer as she starts to make the first cut in the cake.

Belleville-Nutley High Crew House Undergoing Minor Repair Work

BY STU GROSS

Pre-season work for Belleville High Crew will be concerned mainly with the repairing of the boathouse which has been heavily damaged and will take a good deal of time to repair.

During the past few months, while the boathouse has been vacant, much damage has been done to it. Windows have been broken, and the dock is in exceptionally poor condition as most of the boards composing it are either split or missing. The float itself, from which the boats leave and return, has been carried downstream and will be brought upstream to its original position shortly. The treadways leading from the dock to the float have been demolished and will also have to be replaced.

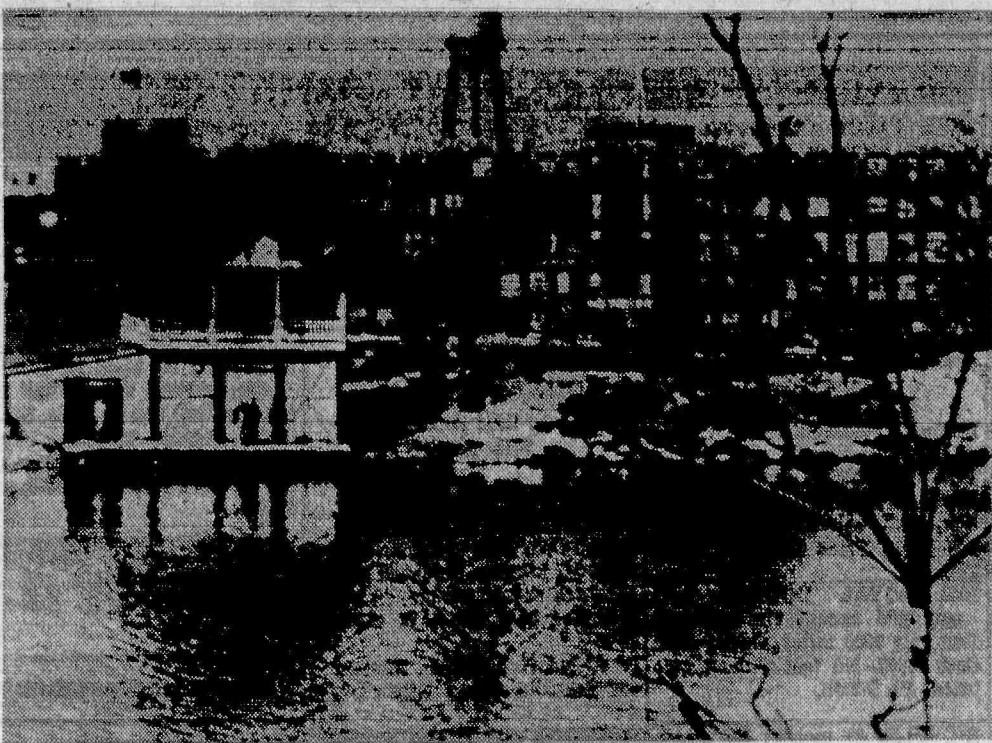

Costs involving the repairs done on the boathouse will be paid for by both towns. The estimated cost will run between one 12 hundred dollars. This is not too steep, due to the fact that both crews will not have to pay any rent for the use of the boathouse but just the repairs. All the repairs will have to be done by private concerns, because the law states that city workers cannot be used to help improve private property. Nutley has included in their budget for this year enough to cover this cost, and Belleville is trying to find a method of securing the money necessary for this project also.

Repairs will be kept to a minimum, as the boathouse will only be able to be used temporarily, until the new highway is built. A request has been put forth to the highway commission that construction of the new highway be held off until after crew season.

Nutley is planning to build a new boathouse sometime in the near future. It will be built near where the bridge crosses the Passaic River. This will also be paid for by both towns and will have to be completed before crew season next year.

A few new changes have been made in crew this year. More emphasis will be placed on helping and instructing the newcomers. It is expected that every varsity member of the crew help out and set the example for the new members. Unlike in previous years a little land instruction will be given to the newcomers before they are put into a boat. Another change is that there will be a head captain. A meeting of the varsity crew was held last week, and all present voted on their choice for a head captain. The qualifications to acquire this position are good marks, a senior, and above all must be reliable. Results of this election will be made public very shortly.

In spite of all the difficulties that arose, everyone concerned with crew looks forward to a very good and enjoyable year.

DOOMED — Belleville High School's crew house, shared by Nutley oarsmen, will soon be torn down to make way for the extension of Route 21 along the Passaic River in Belleville. But before the historic site bows to progress, the building will be repaired to serve the two schools one more season. Workmen can be seen standing on the boathouse dock. The Belleville crew season opens Saturday, April 23. The water tower of Wallace and Tiernan rises over the local factory in the background. Photo was taken from the river bank opposite the boathouse in Kearny.

Belleville Iron Dukes To Play In Pro League

The Nutley-Belleville Iron Dukes, champions of the Garden State Football League, will bring professional football to this area starting in the Fall. The Nutley-Belleville entry will be one of 10 teams in the new Eastern Football Conference, AAA Professional Football League. Other New Jersey teams will come from Jersey City, Plainfield, Lakeland, Franklin and Swedesboro. Representing Connecticut will be Stratford and Stamford and coming from New York will be entries from Portchester and Glen Cove.

With the birth of the Eastern Football Conference this will mark the return of professional football to New Jersey for the first time since the American Football League folded shortly after World War II and Nutley and Belleville plan to play a big part in the sports venture.

Pete Spera is the driving force of the Iron Dukes. He was the head coach last year and piloted the semi-pro club to 10 successive league victories without suffering a single defeat. The Iron Dukes mauled the opposition and scored 245 points, while the opponents managed to cross the Iron Dukes goal only twice. Spera is a product of Belleville High School. He also played football for George Washington University and the U.S. Army during a service hitch.

Joe Ciriaco is also a driving force in making the change from semi-pro to professional. He is serving as general chairman of a dinner-dance, sponsored by the Iron Dukes on May 7 in order to raise much of the necessary funds to get the pro venture off the ground. The affair will be held at the Belleville Elks Club. Ciriaco is working like a beaver trying to promote the pro club and is out to raise money from organizations and industry.

Although the Iron Dukes will perform in a professional league, Ciriaco said that present plans call for the players to perform without being paid and that as many as possible will come from Nutley and Belleville. Last year Ciriaco was the second highest scorer on the team with 40 points.

Plans call for each of the teams to play a nine-game schedule. There will also be an All-Star game and a game against the Western Conference.

The Iron Dukes are not wasting any time and have scheduled the start of Spring workouts on April 9 at Belleville's Municipal Stadium. All home games will be played at the Stadium. The Iron Duke squad will number 35 players with most having previous college experience.

The plan of the new football league is to set up a conference that would have the equivalent to Triple A in baseball and if all goes well we will have thrilling rock 'em, sock 'em football.

Dominic A. Colannino Top Bowler At College

NEWARK—Dominic A. Colannino of 285 Division Avenue, Belleville is number two bowler on the Rutgers Newark Colleges Bowling Team.

The Belleville resident is rolling a 180 point average, a 12-point jump over last season. Colannino won a three-foot trophy for placing second in the Eastern Intercollegiate Bowling Conference Christmas Tournament. He had a 211 game high and 809 score for a four-game series.

Colannino is a junior at the State University's School of Business Administration.

Bloomfield Takes Match By 14 Pins Over Bellboys

Two weeks ago the Belleville High bowling team played Bloomfield at Towers, in Cedar Grove. The team as a whole didn't do poorly, although one of the star bowlers, Joe Lang, didn't bowl due to a swollen finger.

Results of the first game which Belleville won were as follows: Al Bellus, 190; Fred Hammond, 186; Joe Nicosia, 169; Andy Colanino, 162; and John Borrello, 159.

The high spot of the game came when one of the members of the opposing team bowled a 230!

Closest of the three games was the last which was neck and neck practically all the way, Belleville losing by 14 pins.

MONTCLAIR

Last week Belleville bowled its toughest opponent Montclair. As it stands Montclair has a record of 21 wins and three losses. With these odds Belleville hardly had a chance. All these games played were lost, and Belleville bowled the following: Al Bellus, 538 series; Joe Lang, 524 series; Andy Colanino, 520 series; Joe Nicosia, 517 series; and John Borrello, 416 series. Fred Hammond did not bowl due to a finger injury.

Montclair hot in the 900's every game, but the second and third games were very close. A member of the opposing team bowled a 240, which added great deal of excitement to the matches.

The tournaments will be coming up very shortly, and Belleville hopes to do well. There are two tournaments; one at Towers in Cedar Grove, and the State tournament at Valley Bowl in Montclair.

GOOD CHANCE!

Our chances of lining are good, due to our high handicap. This means that due to our low average, we will be given extra pins to make up for it.

Six members of the team will bowl, and the team looks forward to it with high hopes of winning. Closing of the bowling season sees Belleville with a record of nine wins and 15 losses, with good prospects for next year.—Stu Gross.

Casale New Head Of Athletic Council

The ten-member Belleville board.

General Athletic Council elected Ralph Casale president at its organizational meeting. Other officers of the group, the athletic policy-making committee of the board of education, include William Kintzing, vice-president, and Herman B. Wische, secretary-treasurer.

Members of the board of education, high school principal, are appointed annually by the board of education president. Permanent members include Hugh D. Kittle, principal of Belleville High School; Evan H. Thomas, superintendent of schools, and Herman B. Wische, director of athletics.

Others serving this year on the council are Richard Drake, member of the board of education; William Chapman, elementary school principal; Casale and Lou Long, reappointed for second terms; Kintzing; William Bennett, retired crew coach, and Louis Vitelli.

The purpose of the General Athletic Council of Belleville Public Schools is to exercise a general advisory of policy control over the athletic interests of local schools, subject to the approval of the board of education and in conformity with the policies, rules and regulations of the

Spotlight on Tom Testa, High School Track Coach

BY ROGER WARTELL

Thomas Testa, the guardian of homeroom 112, is one of the most popular and well liked teachers in Belleville High School. At present, Mr. Testa resides in Montclair with his wife and three children. He has always been active as a coach in the high school.

In his youth, Tom Testa was quite an athlete. While attending Montclair High School he made the all-state football team as an end. In the spring Mr. Testa also avidly participated in track and field. These two activities were carried over into his college days at Montclair State, where he continued to show his athletic prowess.

Since coming to Belleville High four years ago, Mr. Testa has taught both science and physics. Besides his regular capacities as a teacher, he has also taken it upon himself to coach at one time or another three major sports; football, JV basketball, and track. This year Mr. Testa was the Varsity football line coach and is now preparing for the track season coming up. With all these activities Mr. Testa is probably one of the busiest persons in the school.

Before coming to Belleville, Mr. Testa taught at East Side in Newark for five years. There he also coached the football and

Thomas Testa baseball team.

In his debut as coach of the track team last year, Mr. Testa compiled a winning record of five wins and four losses. Track, incidentally, was the only major sport to bring home a winning record last season even with their relatively young team. This year's team has a few wtop athletes but unfortunately not enough depth. If Mr. Testa can bring about some raw talent soon, the Bellboys will be worth watching.

Report Good Response For Playground Posts

Commissioner George F. Kieran has reported that the Recreation Department had received a good response to its request for playground directors. The appointments will be announced in the near future.

The commissioner said that the Recreation Department is still seeking a qualified handicraft director. This would be either a man or woman who will travel among the playgrounds instructing in various phases of handicraft.

Also needed are more baseball umpires. All men interested in umpiring in the Recreation Department Leagues are asked to contact the department as soon as possible. This includes those who have worked previously. Umpires are needed for the Little League, Recreation Farm League and Junior League.

Nick Speranza Joins Air Force, He's In Texas

Master Sergeant Joseph Krup-ski, local Air Force recruiter at 1006 Broad Street, Newark, an-nounced that Nicholas Speranza, son of Mr. and Mrs. Francis J. Speranza of 60 Bell Street, Belle-ville enlisted in the US Air Force February 16. Airman Speranza was flown to San Antonio, Texas where he will undergo the first phase of basic training at Lack-land AFB.

Prior to his enlisting in the US Air Force Airman Speranza attended Belleville High School where he received a sound high school background which enabled him to take advantage of the technical training programs the US Air Force has to offer the young men of Belleville. Airman Speranza has qualified both men-tally and physically for mechani-cal training at one of the Air Force's specialized technical training schools.

Basic airmen at Lackland AFB are selected for technical train-ing on the basis of their interests and aptitudes. Upon completion of basic training which is of four weeks duration Airman Speranza will be reassigned to a technical training school where he'll re-ceive additional basic training along with his technical subjects.

Rocco Cafone Studying Administrative Course

FORT JACKSON, S. C. — Pri-vate Rocco F. Cafone, son of Mr. and Mrs. Dominick Cafone, 9 King Street, Belleville, N. J., has been assigned to Company A, 16th Battalion, Fourth Training Regiment here, to attend the Ba-sic Army Administration Course. Having completed eight weeks of basic infantry training, he will be trained now for a duty po-sition in the clerical area. Train-ing emphasis during the eight-week course will be placed on typing, filing, preparation of mil-itary correspondence, reports and orders, and the other gen-eral administrative and personnel procedures of the Army.

WHEELING

HIGH TENSION

So many people are so busy and seem to be living in such a state of tension that it is impossible for them to relax — sleep is difficult and they are easily irritated.

A spinal checkup usually reveals the cause, and after having it corrected, sleep and relaxation is the natural result.
