

Clara Maass Hospital Marks Third Anniversary this Week At New Location in Park Over 4,724 from Belleville Have Been Among Patients

This week, on the third anniversary of its move to the new "Hospital in the Park" in Belleville from busy downtown Newark, Clara Maass Memorial Hospital celebrates the completion of another year of service to the people of the surrounding communities.

At the time of its opening in August of 1957, equipment for only a portion of the hospital (about 100 patients) was available for use.

The Electric Storage Battery Company of Philadelphia has purchased the nickel-iron alkaline battery business of Thomas A. Edison Industries division of McGraw-Edison located in the Silver Lake section of Belleville and Bloomfield. Terms of the cash transaction were not disclosed.

Miss Elaine Zicaro of Belleville will be a model next Thursday afternoon when the Women's Committee of the American Institute of Banking meets at the 744 Club in Newark on the theme, "Beauty at Business." Miss Zicaro is with the Peoples Bank and Trust Company, Belleville.

Nicholas Frusteri of 61 Salter Place received a gold emblem denoting 25 years' service with Public Service Electric and Gas Company this month. Frusteri is a garage mechanic leader in the Newark gas distribution department.

Nicholas de Hagara of 79 New Street is starting a new venture here: the Community Hardware Store at 327½ Union Avenue. He has purchased the business from Mrs. Sam Dreskin, a hardware merchant at this spot 27 years. deHagara is a former patrolman here and has served on the force 10 years. He is also the best pistol shot in town and at one time took charge of the police pistol range. He also was a school crossing guard at school three.

Miss Jeannie Castellano of Belleville competed in the second annual "Miss High School of America" beauty and talent contest August 14 at Convention Hall, Asbury Park. Miss Castellano was a member of the Queen's Court in Belleville's Cherry Blossom Festival this spring.

Thieves broke into Melchionne Brothers Service Station, Main Street, July 11, and walked off with 28 tires valued at \$600.

Mr. and Mrs. Sidney B. Jugan and daughter, Janet, are visiting relatives in Minnesota. The Jugans are taking the scenic route across Lake Michigan via S.S. Milwaukee Copper and are driving the rest of the way.

Mrs. Louise King of 9C Appan Avenue is in Europe on a study tour sponsored by the National Educational Association. Mrs. King is secretary of the principal at school seven.

Richard F. Blake, manager of the electronics department at Walter Kidde and Company, is the author of an article in the trade magazine "Space Aeronautics." The article evaluates the advances in efficiency of static relays in aircraft and missile electronic systems.

Rosemary Fidele's Children's furniture store, "Roe's" is moving down the block to new quarters at 123 Washington Avenue. She had been located at 239 Washington Avenue the past four years. Here's wishing her success in the new 1-2-3 location.

able for use. However, during the busy months that followed, the demand for its services was so great that the Administration was forced to accelerate the expansion of the facilities so that by the first of 1958 — less than six months after its dedication — nearly the entire hospital was open to the public.

Looking back over the past three years, we find that over 30,000 men, women and children have been patients, 3,240 babies were born and 4,850 people have received emergency care without the necessity of being hospitalized. Over 4,724 Belleville residents alone have made use of this community health center — their new neighbor.

One reason that Clara Maass Memorial has been able to provide the people of our community with high standards of nursing care is its School of Nursing which not only gives top-notch professional training to young women but is a source of graduate nurses for the hospital during this time of serious shortage. In order to continue this high calibre of professional training, the Board of Trustees of the hospital authorized the erection of a new School and Residence on the hospital property. Ground was broken for this building in May, and construction is now well under way. The School will be ready for dedication and occupancy during the summer of 1961.

Clara Maass Memorial Hospital was renamed in 1952 in honor of its most famous graduate — Clara Louise Maass. Although little known, Miss Maass is one of the truly great heroines of the nursing profession. She gave her life while serving as a human "guinea pig" during the yellow fever experiments in Cuba that led to the conquering of that dread disease and made construction of the Panama Canal a reality.

The Belleville Times reports weekly on the social pages the names of babies arriving at the Clara Maass Memorial Hospital. The Times receives the names of new parents from the public relations staff at the hospital.

Cancer Crusade Goes Over Goal

Belleville's 1960 Cancer Crusade Committee reported this week that it had "gone over the top" in the annual drive to raise much-needed funds to finance the research, education and service programs of the American Cancer Society.

Elmer S. Hyde, Belleville's Crusade chairman this year, said the community's contributions have reached a total surpassing the final figures of August 31, 1959. Belleville attained this goal more than a month ahead of the end of the Essex County Cancer Society's fiscal year.

"Speaking both for our committee and for the hundreds of volunteer workers who participated in the crusade, I wish to thank the people of the Belleville area for responding so generously to put our drive 'over the top,'" said Chariman Hyde.

"This is a real accomplishment in a year when most fund-raising campaigns are undersubscribed or far behind schedule." The Belleville Cancer Crusade's successful completion was praised highly too by George E. Ford, of Maplewood, Essex County Cancer Crusade chairman, who congratulated Hyde.

Referendum Petition Shy 1,700 Names

The Citizens Tax Council, now circulating a petition requesting a referendum to change Belleville's form of government from commission to council-manager, reports that the movement is gaining momentum.

Jack Daniels of 15 Myrtle Avenue noted that 3,202 signatures, or 20 per cent of the registered voters in town, must sign the deadline if the referendum is to appear on the November 8 general election ballot.

The council says that the most serious handicap in not obtaining the needed 20 per cent of the total signatures is a lack of canvassers. Daniels reports that of those contacted, 80 per cent have "expressed a willingness to sign."

So far, Daniels says, a total of 1,500 signatures have been obtained on the petition, a little less than half of those required.

Health Department Offers Tips on Curbing Rodents

(Edward Burdzy, health officer, has released the following information related to checking rodents.)

THE FOUR ESSENTIALS FOR GOOD RAT CONTROL
1. Eliminate the sources of food.
2. Remove all shelters.
3. Rat Proof.
4. Kill rats.

STARVE THEM OUT
Keep garbage and refuse in tightly covered metal containers.

Sullivan Assn. Annual Picnic To Be Sept. 11

Hugh G. Mohen, president of the Harry J. Sullivan Association, today announced completion of plans for the holding of the 10th Annual Family Picnic, Sunday, September 11 at Glatly's Grove, 633 Grove Street, Clifton.

Mohen announced the appointment of Anthony Domenick of 12 Naples Avenue as general chairman of the annual affair with the following committee appointments: Walter P. Weiss, George Rawcliffe, Lillian and Philip Hickey, Albert Carragher, John A. Burke, Mary R. Coronato, Marie Mohen and Theresa and Alan Conklin.

Buses will leave the Belleville Town Hall on the morning of the affair for persons wishing to attend the outing without transportation.

A planned schedule of games will be available for both adult and children with special attention being given to the kiddies with the inclusion of amusement rides.

A full menu of foods and refreshments will be served at the affair which will be held from 1:30 to 7:30 p.m.

Gets License To Practice Pharmacy

Among those recently awarded licenses to practice pharmacy in New Jersey was Francis A. Malizia Jr., of 16 Union Avenue, Nutley, son of Mr. and Mrs. Francis Malizia Sr., of 66 Garden Avenue, Belleville.

Mr. Malizia, who was married on June 25 to the former Miss Kathleen Daly of Minneapolis, Minn., graduated from Queen of Peace High School, North Arlington, attended Rutgers University, served in the U.S. Marine Corps three years and then studied pharmacy at St. John's University, Jamaica, L.I., receiving his degree in 1959. For the past year he interned in a pharmacy in North Arlington.

Learning To Dance

Angie Cuozzo and Vic Mazza demonstrating one of the new dances for Commissioner George F. Kiernan at the Recreation Teen Canteen. The programs are held Tuesday evenings in the high school starting at 7:30.

Belleville-Nutley Transit Authority is Proposed By Chamber of Commerce

New Phone Books Ready On Tuesday

New Jersey Bell Telephone Company announces that distribution of new 1960 Newark Telephone Directories will start next Tuesday.

The book covers Belleville, Arlington, Harrison, Hillside, Irvington, Kearny and North Arlington as well as Newark.

The company plans to distribute approximately 217,260 directories to these eight communities. Last year, 213,518 books were delivered to telephone customers in Newark and vicinity.

The new directory will contain approximately 169,930 alphabetical listings of customers. It will be bound in blue cover stock with modernized information pages featuring detailed dialing instructions.

Group Adopts 17-Point Program; Cites Parking

Belleville Chamber of Commerce this week announced it has adopted "a 17-point program of work for the betterment of Belleville as a place to live or work." One of the points suggests the formation of a transit authority in association with the town of Nutley.

Three of the 17 points were announced this morning by Harry T. French, executive director of the chamber. French said that all 17 planks in the platform will be made public before the chamber's program launching dinner September 14.

The first three points deal with street lighting, off-street parking and a transit authority to improve in-town bus service.

French commented that "this schedule of work will be translated into a program of action at the September 14 meeting."

BETTER LIGHTING

The first platform item reads as follows: "Provide modern fluorescent lighting in business areas and adequate lighting in side streets; to improve the general appearance of shopping areas and for the general safety of people on our streets."

MORE PARKING

The second point says the chamber will "Work for the creation of off-street parking areas, an imperative need in this age when everyone rides even when the travel distance is short and when every responsible forecast indicates an ever increasing number of cars on our highways and streets each year."

TRANSPORTATION

The third item concerns the transit authority. The chamber would "better in-town bus service; study the possibility of organizing a Belleville-Nutley transit authority."

Continuing, the chamber explains that such a transit authority, if found feasible, would provide commuter service mornings and evenings between Belleville-Nutley and Newark and jitney service to shopping areas during the mornings and afternoons.

French notes that in both Belleville and Nutley, there are no means of public transportation between many residential districts.

'Wedding' Nets \$29 for Red Cross

Ten Belleville youngsters, none yet a teenager, conducted a "Tom Thumb" wedding this month and raised \$29.06 which they turned over to the local American Red Cross chapter.

Joanne Burns, four, became the young bride of three-year-old Billy Demery at the "Tom Thumb" ceremony staged in the back yard of 8 Belmoir Street.

In addition to the wedding, the children held an auction, a song fest and then danced. A total of 36 persons attended. Bridesmaids were Susan Demery and Debbie Ilaria while Mary Monozzi was the flower girl. Susan, Debbie and Mary are five, four and three years old respectively.

Other participants included Frances Kantor 10, Carol Stella 11, Mary Ellen Burns 11, Kathleen Burns 9, Barbara Burns 2 and Ginger Ford 12.

Young Kathleen submitted this account of the activities to The Belleville Times:

"We had a Tom Thumb wedding, we had an auction and a sale, we sang and danced, we had a door prize donated by the Dugan Company (a cake), we sold ice cream donated by Mr. and Mrs. U. Mugno of 10 Belmoir Street.

"All of the neighbors donated articles for the auction and sale. It was held at 8 Belmoir Street in the backyard. The amount we raised is \$29.06.

"We gave the money to the Red Cross. We charged 20 cents for adults and 10 cents for children."

tracts and the business areas. **SEPTEMBER DINNER**

The Belleville Chamber of Commerce this morning also told The Times that "considerable effort has been made to include all commercial people in Belleville on the invitation list to the group's program launching dinner September 14."

(Continued On Page 11)

Village Mayor Supports Move To Change Gov't.

The mayor of Ridgewood this week has given his full support to a referendum in that town to change its form of government from the commission to the council-manager rule.

Mayor Robert L. Olson, in releasing the statement, said that a yes vote on the referendum in November will "put Ridgewood's government business on a strictly business basis."

Because of movements underway to change Belleville's form of government from the commission type to the council-manager or mayor-council rules, The Belleville Times is publishing the text of the Ridgewood mayor's statement in the public interest.

The statement follows: "For many years before I became mayor I was interested in the study of government at all levels. In the last few years I have become increasingly interested in the study of municipal government."

"As a result of this study I believe that all government should be conducted on business principles by business men, if they can be induced to make the sacrifice of public service."

"While I have never been for change for the sake of change, I have always made it a policy to appraise all methods which might improve our own business. I think it wise in public business to be as open-minded and as demanding as we are in our private affairs."

"Over 50 years ago when Galveston was ravaged by flood, a new type of municipal government was inaugurated that worked so well it was copied in many parts of the country. It was improved upon in some cities by the Des Moines plan."

"In 1910 the New Jersey Legislature passed the Walsh Act and soon thereafter the Village of Ridgewood, with a population of about 8,000 joined the municipalities having the commission form of government. The Walsh Act itself provided for growth in population so that when the population of a municipality reached 25,000 it was then mandatory to increase the number of commissioners from three to five."

"Before too many years had passed, the Galveston Plan, as amended by the Des Moines Plan, showed signs of stress and strain for the principal reason that the kind of men needed to administer public affairs was not available because it took too much time from their own business."

"So there has grown up in the meantime in every part of America the Council-Manager form of government where councilmen are selected not because they have a great deal of time to give from their own business, but because they have the wisdom and experience to make policies which will be carried out by a full-time employee, a city manager, selected by them. A city manager is a trained professional who devotes his time to administering public business as efficiently and as economically as each of us attempts in our own private business."

"As a result of serving our Village, which is a village now in name only and has a village friendliness which we cherish and would like to keep, I have come to the conclusion that its

(Continued On Page 11)

National Commandership Of Vets May Go to Raimo

Nicholas Raimo of 25 Harrison Street, Belleville is seeking election as the National Commander of the Italian American War Veterans of the United States this week in New York City.

Raimo was a candidate for the commandership last year but withdrew from the race rather than engage in a floor fight for the nod. He is the founder of the Barbone - Mosco Post Seven, Italian American War Veterans in Belleville.

The national convention opens today at the Hotel Statler. The elections will be conducted this Sunday. Raimo is presently National Junior Vice - Commander for the State of New Jersey.

Among the posts he has held in the organization are National Senior Vice - Commander, National Deputy Chief of Staff, National Executive Committee member, Department Commander of New Jersey two years and Post Commander five years.

If elected Sunday, Raimo will be the first National Commander to come from New Jersey in more than 27 years.

The delegation from the local post to the convention is being

St. Peter's Tied For First Place; To Play Sunday

For the second week in a row, St. Peter's, Belleville, picked up an easy win in the Essex County CYO Intermediate Baseball League, being credited with a victory over a club which has withdrawn from the league.

And it was a profitable victory, because it vaulted St. Peter's into a first-place tie with Sacred Cathedral, Newark, both of whom vaulted over St. Francis Xavier, Newark, when the latter lost its second game of the year.

St. Peter's and Sacred Heart have also lost twice, but they each have one more win to their credit than does St. Francis.

This Sunday, St. Peter's is in an enviable position as it plays a second-division club while Sacred Heart and St. Francis battle it out. If St. Francis should win, it could leave St. Peter's alone at the top of the heap.

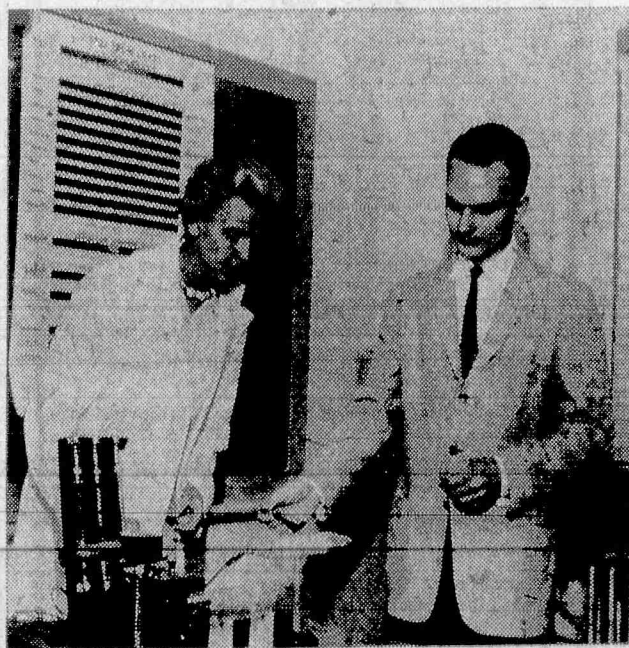

Of course, that depends on what the Petreans do with St. Aloysius, Newark. While St. Aloysius is only 4-5 on the season, the Newark nine has been impressive on several occasions and only last Sunday beat a pretty good team from Immaculate Conception, Montclair, 5-4.

Special Page of Photos On Hospital History:

A special full-page feature showing photographs taken at eventful milestones of the Clara Maass Memorial Hospital's growth in Belleville appears on page seven of today's Times.

The special feature was prepared especially for readers of The Belleville Times by Stanley G. Freck, director of public relations at Clara Maass, and other members of his staff.

At Nuclear Program

Herbert Beebe, science teacher from Westminster, Colorado, is pictured above receiving specialized science education training at the Oak Ridge Institute of Nuclear Studies, Oak Ridge, Tennessee, where he is participating in the Oak Ridge Science Demonstration Lecture Program, an activity supported by a grant from the National Science Foundation in cooperation with the U.S. Atomic Energy Commission. After 13 weeks in Oak

Ridge, Beebe will return to provide special science services in the Westminster School District No. 50, which is sponsoring his attendance at the sessions. At left is Dr. Joan Christie, an ORINS scientist, who is a member of the training team. Beebe lived in Belleville until 1957. He graduated from Belleville High School, and in 1953, graduated from Newark College of Engineering with a B.S. in chemical engineering.

Miele Favors Port Position Of Gov. Meyner

Alphonse A. Miele, 10th District Republican Candidate for Congress, declared today that Governor Meyner deserves the full support of Congressmen throughout New Jersey, as well as across the nation, in opposing federal intrusion of the state's jurisdiction over the Port Authority.

Miele referred specifically to the Governor's personal letter to each state's chief executive, calling for repudiation of the position of Rep. Emanuel Celler that his Judiciary Committee has the power to probe bi-state agencies. Miele said he has wired his support to Governor Meyner as a Congressional candidate opposed to such federal intrusion. At the same time, Miele strongly attacked the position of his Congressional opponent, Rep. P. W. Rodino, Jr., a member of Rep. Celler's Judiciary Committee, for following the straight "politics-first line" in siding with Rep. Celler.

Miele declared that Rodino's failure to recognize that the operation and development of port facilities is as much a state function as highway, school or health agencies, was typical of Rodino's 12-year political-first record in Congress.

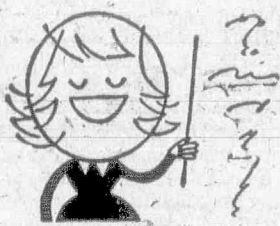

Miele called on Rodino to change his stand in the interest of the people of New Jersey and to join the fight to uphold the sovereignty of a state over its own rights.

"If we cannot expect such consideration of New Jersey's interests from the representative of our own state," Miele declared, "then it is more vital than ever that we have a change in the 10th District after 12 years."

Cancer and You

Many, if not most cancers are curable, if detected in time. Learn and heed the Seven Danger Signals of Cancer. Requests of cancer literature should be sent to the American Cancer Society, New Jersey Division, 621 Central Avenue, Newark 7, New Jersey. If the requests does not involve personal medical problems, which should be taken up with the family doctor, or professional ethics, literature and information will be forwarded to you.

Q. Is cancer curable?
A. If detected early in its development and given immediate and proper treatment by surgery, x-ray or radium, many cancers are cured. Much depends on the type of cancer and the needed treatment. Some cures

have been effected after a cancer has been present a long time.
Q. What about the "so-called" cancer cures?
A. No cancer was ever cured by any quack or "wonder doctor" using "a secret" treatment, gadget or machine.
Q. Why are quacks dangerous?
A. Few are medically trained; therefore, they have no fundamental knowledge about cancer. They cause the patient to lose time and money that should be used in getting proper treatment.
Q. What should a person do who is afraid he has cancer?
A. Visit a doctor at once for a thorough check-up.

Pfeffer Gives Advice on Car Trades, Values

Trading in the old family buggy for a brand new car is a momentous and complex decision for most of us. In any conversation on this subject, the question that's bound to pop up is: How long should you keep a car to get a fair return on your investment when you trade it in? In order to get the facts on this matter and to help any of you who may be thinking about a new car, we put this question to an authority on the subject, Mercury dealer Joseph Pfeffer, A.A.A. Motors, Belleville.

"The average car owner," says Mr. Pfeffer "waits too long to trade in his old car for a new model."

According to Mr. Pfeffer cost per year of owning a car is usually less if you trade in your car every three years instead of keeping it for five years or more. Although a car is designed to run for 100,000 miles, many cars tend to develop major mechanical troubles after they have been driven over 50,000 miles. No matter what kind of car you buy, after the mileage hits the 50,000 mark, your service bills for keeping the car in good repair are almost certainly going to be high. And even then you can never be sure that your driving will be as trouble-free as it would be if you were driving a new car.

Unfortunately some people hesitate about spending money on an older car and they do not have repair work done when it is necessary. They don't replace tires even though the tread is worn and they won't install new equipment, like brake linings or shock absorbers, even though their safety may depend on it. Even with this kind of false economy the cost of keeping their older car is higher than the cost of owning a new car.

In addition to the high maintenance costs, the operating cost of an older car are usually higher than those of a new car. Each year engineering improvements that save you money on operating costs are developed and built into the new cars. When you keep driving an older car you cheat yourself out of a lot of driving pleasure and convenience.

"So you see," says Mr. Pfeffer "when you add your operating costs to your repair costs for the life of your car and then figure out how much your car's trade in value decreases with each year, you can prove to yourself that trading in every three years not only saves you money and worry, it also makes car ownership a pleasure and driving more fun."

Ronald Russo Wins Safety Award

Ronald Russo, 17 of 187 Bremond Street, a Belleville High School senior, receives commendation award in American Automobile Association's National Safety Poster Contest, from C. Stewart Mead (right), safety and education director of New Jersey Automobile Club (AAA). P. Webster Diehl (center), Belleville High School art instructor, also received award. Ronald, who competed against 16,500 students, also won commendation in last year's contest.

Rate Increase Is Granted P.S. Co.

The New Jersey State Board of Public Utility Commissioners, recognizing the fact that present electric and gas rates were not providing the company with an opportunity to earn a fair return, granted Public Service a \$10,163,000 increase in revenues on an annual basis.

The decision was handed down Aug. 12 and followed the conclusion of a rate case that began in April, 1958. New rate schedules will be submitted to the Utility Commission on Sept. 2, and a public hearing will be held Sept. 19, before the new rates can be made effective.

Although the increase was determined on the operating results and plant investment of 1959, it will not be reflected in the earnings of the company until late in 1960.

Heavy demands for increased service continue as New Jersey's economy grows. In order to meet the requirements of present and future customers, Public Service has an unprecedented expansion program under way.

This year the company anticipates construction expenditures of \$140,000,000 to \$150,000,000, and over the next three years, nearly a half-billion dollars will be spent for new and improved facilities.

In the past decade, Public Service has expended more than a billion dollars for additions and improvements in plant and equipment.

"The company still faces the prospect of raising large sums of new money, and it remains to be seen whether the increase in revenues will provide earnings adequate enough to meet the requirements of financing our construction program. We will continue to use all of the engineering ingenuity in our command to offset ever-rising costs and, at the same time, maintain our high standards of service for nearly 80 per cent of the population of New Jersey served by Public Service," said Donald C. Luce, president of the company.

The petitions for the rate increases were filed in 1958, the gas rate increase being the first general increase sought by the company in 37 years, while the electric rate increase was the first general rate increase sought in the history of the company.

Rising expenses, taxes and fixed charges made it necessary for the company to seek relief, to attain a fair rate of return on the property devoted to the service of the public. It was also essential that the company increase its earnings to protect its credit standing and enable it to raise large amounts of additional capital in the most economical manner.

The \$10,163,000 includes the \$3,500,000 temporary increase in gas revenues approved by the Utility Commission in January of 1959.

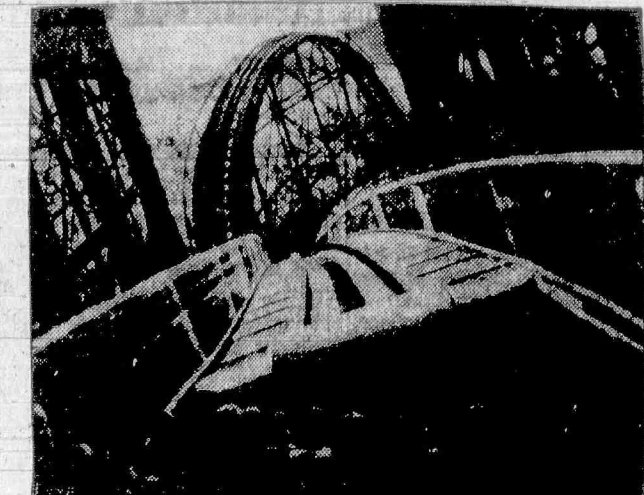

Ronald Kabot Aboard USS Borie in Test

Navy Ens. Ronald H. Kabot, son of Mr. and Mrs. Martin Kabot of 185 Branch Brook Drive, Belleville, is participating in a six-week midshipmen and anti-submarine warfare training cruise aboard the destroyer USS Borie operating out of Norfolk, Va.

The cruise is designed to give the midshipmen practical "at sea" experience in seamanship, navigation, engineering and gunnery.

Rodino Lauds Kenny Efforts

Congressman Peter W. Rodino, Jr. of Newark, representing the 10th District of New Jersey, who will direct the Sister Elizabeth Kenny Foundation fund appeal in Essex County for the third consecutive year, has lauded the Kenny Institute in Jersey City Medical Center for its aid to polio victims and those with other neuromuscular disabilities.

Artist Karl Leydenfrost depicts the breath-taking roller coaster scene which engulfs the audience in "This is Cinerama," first production in the new multi-dimensional medium. Coming to the NEW CLAIRIDGE Theatre in Montclair.

New Shop - Rite To Open Aug. 23

Irving Sedwin, general manager of Shop-Rite Super Markets of New Jersey, New York and Delaware, today announced that the Shop-Rite chain will open another market at 387 Pompton Avenue, Cedar Grove, Tuesday, Aug. 23. This newest unit will be the 98th member of the co-operative food chain.

Owned and operated by John Tully and Lou Polevoy, who operate other Shop-Rite markets in New Jersey, this newest unit is one of the most modern in the chain, with special new food departments in addition to the extensive regular departments. A 200-car parking lot is planned for the store.

Shop-Rite Super Markets is the only independently owned chain in New Jersey with food stores in three states. Grand opening ceremonies for the new Cedar Grove Shop-Rite will be held Tuesday, at 10 A.M., with civic and company officials attending.

End Season With Variety Shows

The Essex County CYO will end its fifth day-camping season tomorrow, August 19 when it will hold final sessions at the three camps it operated this year.

The camps are located at St. Thomas the Apostle, Bloomfield; St. Paul the Apostle, Irvington, and St. Philomena's, Livingston. In all, they had a total enrollment of 902 boys and girls between the ages of 7 and 14.

Featuring the closing week are the annual variety shows presented by the campers at each location with their parents invited as guests of the camps.

"CYO Presents" was held at St. Thomas the Apostle camp Tuesday, August 16, and youngsters at St. Paul's, which had the highest enrollment of 329 to 312 for St. Thomas, will present "Folk - Fest International" tonight, August 18, at 7:30 o'clock.

The CYO camps have been in daily operation for eight weeks, starting in late June.

Forney, he has been a member of Congress since 1948. In Army service during World War II, he holds the U. S. Bronze Star and many foreign decorations.

The Kenny Foundation's fund appeal will be held from August 20 through September.

79,000 Essex People Receive S. S. Payments

United States Senator Clifford P. Case today announced that as the Social Security program passed its 25th anniversary last Sunday, old-age, survivors and disability insurance beneficiaries of the Social Security programs now represented 8.7 per cent of the population of Essex County.

There are 79,756 persons in Essex County receiving \$5,536,000 each month. On this basis, Senator Case stated, more than \$66,500,000 is received in Essex County annually from the federal insurance trust funds.

The beneficiaries, the Senator added, represent all eligible persons who are 65 or older, women 62 or over, widows, children and disabled persons.

Today, Senator Case said,

more than 14 million individuals in our country receive more than \$81 million dollars each month. This is in excess of \$10 1/2 billion annually. In New Jersey alone, he pointed out, 500,000 people are receiving a total of \$34 million each month, or more than \$400 million a year.

The average old age individual monthly benefit is \$73.50. Disability monthly benefits average \$90.31. Senator Case stated further that a retired worker and aged wife receive an average monthly check of \$120.60. The check for a widowed mother and two children averages \$166.50 each month.

Commenting on the county figures, Senator Case said: "These are a measure of the way in which in 25 years the Social Security program has become a real and vital part of American life. But even as statistics they cannot express the full story of what this program has meant to countless individuals."

Miss Theresa Lemma Is
Bride In Newark Church

MRS. JOSEPH ORINICK

Miss Theresa Lemma, daughter of Mr. and Mrs. Peter Capalbo, of 183 Park Avenue, and Joseph Orinick, of 65 Fairview Place, Belleville, son of the late Mr. and Mrs. Wasil Orinick, were united in marriage in a late afternoon ceremony in St. George's Church, Newark, Saturday, July 23.

The ceremony was performed by Rev. Demetrius Byblow, pastor of St. John The Baptist Ukrainian Church, Newark. The reception was held at the Robert Treat Hotel, Newark.

Mr. Capalbo gave his daughter in marriage. She wore a gown of chantilly lace and net, fashioned with an illusion neckline, long sleeves and fitted waist. The full length bouffant skirt terminated in a chapel train.

A crown of pearls held her fingertip veil, and she carried white orchids on a prayerbook.

Miss Joan Luzzi, of Nutley, was maid of honor, and Miss Ann Sparaco of Madison, bridesmaid. They were similarly attired in white silk street length dresses with matching stoles. Blue silk bordered the hems of their full skirts, and matching bow hats with veils completed their ensembles. They carried cascades of mixed blue flowers.

Frank Lemma of Nutley, the bride's brother, served as best man, and Harry Mendel, of Belleville, ushered.

The mother of the bride wore a street length dress of beige chiffon and lace, with a feather

hat to match. She had a white orchid corsage.

The bride is employed by Marcon Manufacturing Company, Kearny, and her husband is with Otis Elevator Company, Harrison. The couple is residing at 460 Franklin Avenue, after a wedding trip to Niagara Falls and the Poconos.

Lawn Show Set
For Tomorrow

The Essex County Agricultural Extension Service, under the direction of Lawrence D. Little, Jr., Agricultural Agent, will conduct its "Annual Lawn Demonstration" tomorrow at 6:30 p.m. till dark, at the Grover Cleveland Birthplace on Bloomfield Avenue in Caldwell. In case of rain, the demonstration will take place Saturday at 2:30 p.m. at the same place. The meeting is open to the public.

A step by step procedure will be demonstrated and discussed on how to make a new lawn and how to repair an old one. The demonstration will also include correction of soil problems, insect and disease control, fertilization, crabgrass control and selection of grass seed.

A collection of live weeds will be available to help identify those commonly found in lawns and chemical controls will be given. Homeowners are requested to bring their own weeds to the meeting for positive identification or verification.

The Stork Club

Shawn Anthony Sidley

It's two boys, no girls on the latest score card of Mr. and Mrs. Edward Sidley of 85 Malone Avenue. Newest entry to the family is Shawn Anthony who arrived July 18 at the Clara Maass Memorial Hospital. Shawn has a brother, Edward, 16 months old. Mr. and Mrs. Anthony Dezie of Nutley are the maternal grandparents. Mrs. Elizabeth Sidley of Nutley is the paternal grandmother. The baby's mother is the former Miss Matilda Dezie of Nutley. Mr. Sidley is a patrolman on the Belleville police force.

Victor Gerard Barbella

Mr. and Mrs. Victor Barbella of 257 William Street announce the arrival of their first child, Victor Gerard, born June 26 at the Irvington General Hospital. Victor weighed in at six pounds, 12 ounces. His father is a draftsman for Colvin Laboratories, East Orange. Mrs. Barbella is the former Miss Maryann Baratta of Belleville. Mr. and Mrs. Philip Baratta of William Street are the maternal grandparents.

Andrew David Baker

Mr. and Mrs. Robert L. Baker of Overlook Avenue announce the birth of their first child, Andrew David, who arrived at 4:24 a.m. July 20 weighing in at six pounds, nine ounces. Mrs. Baker is the former Miss Eileen L. Cohen of Belleville. Grandparents are Mr. and Mrs. Morris W. Cohen of Belleville and Mr. and Mrs. A. Baker of Manhattan. The baby's pop is a mechanical engineer with Walter Kidde Company, Belleville and he engineered a drawing telling of the baby's specifications which the couple used as birth announcements. The title of the drawing is "Automatic Alarm Clock—Andrew David Baker." The specifications list such information as "stock length 20.5 inches," "manufactured by Eileen" and "designed by Bob." The "Automatic Alarm Clock" has an "applied pink finish" with "external plumbing." There was no mention on the drawing whether or not the model is a self-winding one.

James Paul Fredericks

Mr. and Mrs. John Fredericks' eighth child checked in July 2; with the most appropriate weight of an even eight pounds! He is James Paul who will join six brothers and a sister at 34 Van Rensselaer Street. He was born at the Clara Maass Memorial Hospital, Belleville. Mr. Fredericks is employed by the Federal Telephone Company, Clifton. Mrs. Fredericks is the former Miss Margaret O'Connell of Belleville. Others, mostly brothers, in the family include Mark 11, Matthew 10, Tom 8, Peter 5, Philip 3 and Bridgid, a year and a half in age. Mrs. Elizabeth Fredericks of Newark and Mr. and Mrs. John O'Connell of Belleville are the grandparents.

Charles Kevin Ball

Mr. and Mrs. C. H. Ball of 142 Mill Street proudly announce the first addition to their family, Charles Kevin, born July 25 at the Clara Maass Memorial Hospital. Charles checked in at six pounds, six ounces. Mr. and Mrs. Anthony Domenick of 12 Naples Avenue, Belleville are the maternal grandparents. Mr. and Mrs. Charles A. Ball of 72 Christie Street, Newark are the paternal grandparents. Mrs. Ball is the former Miss Lucille Domenick of Belleville. The baby's pop is office manager for the Federal Pacific Electrical Company, Newark.

Kevin Westpy

Mr. and Mrs. Robert Westpy of 214 Holmes Street are the parents of a new baby boy, Kevin, the couple's third son. Kevin arrived July 25 at the Clara Maass Memorial Hospital and weighed seven pounds, 10 ounces. He joins two brothers, Glen, three years old, and Mark, 17 months old. Mrs. Westpy is the former Miss Mary Barnett of Belleville. Mr. Westpy is a construction worker with American Insulation Company, Jersey City. The grandparents are Mrs. Howard Barnett of 29 Montgomery Place and Mrs. Angie Westpy of 214 Holmes Street, both in Belleville.

Craig Robert Decker

Mr. and Mrs. Robert Decker of 16 Beverly Court are still receiving congratulations on the birth of their second son, Craig Robert, July 26 at the Clara Maass Memorial Hospital. Craig weighed

Bermuda Honeymoon

Spending their honeymoon in Bermuda are Mr. and Mrs. Thomas Moore of 73 Park Place, Irvington, New Jersey. Mrs. Moore is the former Miss Mildred Sullivan, daughter of Mr. and Mrs. Edward Sullivan of 380 Upland Road, Mountainside, New Jersey. Mr. Moore,

who is associated with Mass & Waldstein in Newark, New Jersey, is the son of Mr. and Mrs. Thomas Moore of 129 Mt. Prospect Street, Belleville, New Jersey. They are guests at Harmony Hall in Paget Parish.

ed eight pounds and seven ounces. He joins a brother, Jeffrey, three years old. Mrs. Decker is the former Miss Irene Dutzer of Queens, N.Y. The proud father is an engineer designer for J. G. White Engineering Company, New York City. Mrs. Eleanor Decker of Newburgh, N.Y., and Mr. and Mrs. Michael Dutzer of Queens, N.Y., are the grandparents.

John Pucciarello

Cigars were being passed out at 7 Frederick Street July 26 when John Pucciarello joined civilization at the Clara Maass Memorial Hospital. He weighed six pounds, seven ounces. His parents are Mr. and Mrs. Pucciarello who have a daughter, Valerie, 11 years old. Mrs. Pucciarello is the former Miss Eleanor Richards of Newark. The baby's father is an insurance adjuster for Allstate, Bloomfield. Mr. and Mrs. Martin Richards of 36 Mount Prospect Avenue, Newark and Mr. and Mrs. Pat Pucciarello of 285 Prospect Street, Nutley are the grandparents.

John Gerard Cafro

Mr. and Mrs. Ralph Cafro of 221 Little Street have taken out their second membership in the Stork Club. John Gerard, the couple's second son, arrived July 27 at the Clara Maass Memorial Hospital. He joins James, three years old. Mrs. Cafro is the former Miss Joan Korbeil of Newark. The baby's grandparents are Mrs. John Korbeil of Belleville and Mr. and Mrs. James Cafro of Nutley. The baby's father is a warehouseman for Lehigh Terminal, Port Newark.

CAREER OPPORTUNITY

In one of America's leading life insurance companies for a man who is probably married, between 25 and 40, doing well at present job, yet somewhat impatient with progress; life insurance experience not necessary but the applicant must have ambition, determination and desire to serve others as well as himself; we offer a permanent position; unlimited earning potential and independence of own business with affiliation and support of large financial firm. Call or write for an interview. ROY GUNDERSDORFF, EQUITABLE LIFE INSURANCE CO. OF IOWA, Suite 1010 Commerce Court Building, Newark, New Jersey. Market 4-3222.

Miss Schickram
Engaged to Wed
Vito A. Meccia

GRACE SCHICKRAM

Mr. and Mrs. Albert Schickram of Smith Street, Belleville, announce the engagement of their daughter, Grace, to Vito A. Daniel Meccia of Mount Prospect Avenue, Belleville.

The couple are graduates of Belleville High School. Miss Schickram is employed by the New Jersey Bell Telephone Company, Newark.

Mr. Meccia is associated with Napp Greco Company, Newark.

Amvets Get Set
For Baton Tests

Sunday, Sept. 18, at Park Oval, has been set as the date and place for the seventh annual state championship baton twirling tournament sponsored by Nutley Post, No. 30, Amvets.

This affair, which has been drawing a greater entry list each year, is expected to attract more than 400 contestants, competing in a variety of one-baton, two-baton and team events in age groups from four to 21.

Anthony J. Capriglione, whose daughter Deborah is the state juvenile champion, is chairman for the event. He is being assisted by George H. Siegel, John Freudeman, Walter H. Wilhelm, Leonard A. Peduto, Carmen A. Orechio and Mario Zinicola, Amvets Commander, ex-officio. Deborah will not compete this year because of her father's participation as chairman but will

give an exhibition of her skill. In addition to the state championship events, the winners of which will go to St. Paul in January for the national contest, there will be inter-state competitions and entries have been received from New York, Pennsylvania, Delaware, Maryland and Ohio.

Output Up 13%

Output of electricity by Public Service Electric and Gas Company for the week ended August 4 was 264,101,000 kilowatt-hours, compared with 233,849,000 kilowatt-hours in the corresponding week a year ago, an increase of 30,252,000, or 13 per cent.

Mrs. Rochau's Impertinence

Mrs. Violet Rochau, president of the Board of Education last week issued a statement berating the Times-News for supporting Commissioner George Kiernan's request to place on the November ballot the question of a site for the proposed new high school.

Mrs. Rochau said, "You have done the cause of public education in our community a dis-service by supporting a position which violates its fundamental concepts. Politics and public education must be kept separate and apart if the educational standards which made us a great people are to be maintained."

Mrs. Rochau knows at first hand the need to keep politics out of the Belleville school system. Many citizens recollect she was a member of the Belleville School Board which was investigated by an Essex County Grand Jury just six short years ago. Although she was not cited in the Grand Jury presentment, as a member of that board she saw at first hand the operations of a political machine. During that term of service Mrs. Rochau remained strangely silent regarding the need to separate politics and our school system.

We are happy to observe that Mrs. Rochau has learned a lesson from that Grand Jury investigation. Knowledge gained from such rich experience is very useful but Mrs. Rochau is throwing out a red herring when she accuses Commissioner Kiernan of injecting politics in school board matters. We believe Mrs. Rochau owes a public apology to Commissioner Kiernan for her wild and baseless attack which really does discredit to the membership of the school board.

Just what sin did Commissioner Kiernan commit? He believes as we do, that no opportunity should be lost to afford the greatest number of Belleville voters the opportunity to vote upon the question of transferring town-owned property to school board custody for the purpose of constructing a proposed new high school thereon. Kiernan's proposal for a November plebiscite is perfectly legal — and Mrs. Rochau is aware of this. Mrs. Rochau is highly impertinent to attempt to strip the Commission of authority vested in it by law. And as for her suggestion that no site selection decision has been made — perhaps it may be true that no official action has been taken by the board but everyone in town knows the board intends to ask the Town Commission for the town-owned property in the stadium area off Passaic Avenue. Apparently Mrs. Rochau is one of the very few persons in the dark on this point.

We suggest Mrs. Rochau climb down off her high horse and start to talk turkey with the voters. Her abortive effort to stigmatize Kiernan's motives in advocating a November vote at a time when approximately 13,000 Belleville voters are expected to visit the polls rather than permit a February vote when only 3,000 voters are expected to visit the polls is getting the new school move off on the wrong foot.

We reaffirm our support of Commissioner Kiernan's proposal. According to our computation the taxpayers' stake in the proposal for a new school involves approximately a fifty point rise in the tax rate, an increase of sufficient importance to demand the promotion of any measure which would insure the manifested opinion of the greatest num-

ber of voters. The Commission is under compelling obligation to attempt to place the site question on the November ballot.

The Hay Fever Season

Those who have their annual trouble with the sniffles and sneezes in the late Summer and Fall can get ready for a bumper hay fever season. The annual peak of the ragweed season is approaching.

The height of the season comes at slightly varying times in different parts of the country. In the more northern sections, the peak of the pollen season comes between Aug. 15 and Sept. 15. In more southern areas the peak is experienced slightly later in the year.

As a general rule, most people can tolerate a pollen count of less than 25 grains of pollen in each cubic yard of air. However, some are bothered by a count of 10 or 15, while a few cannot tolerate a count of five or less.

Hay fever is not a disturbance to be taken lightly, and it is estimated that several people out of each hundred in the United States suffer from its effects each year. That would mean that millions of Americans are affected by it.

Perhaps the best remedy for most people today consists of injections of an extract from the ragweed plants. Allergy tests, and such injections, can help a large percentage of sufferers. This method is coming into increased use, and should be considered by all who suffer from hay fever.

Electronic Bat

A science student participating in the sensory aids program at M.I.T. is constructing an "electronic bat." He hopes that findings about how bats function may aid in the development of new techniques and devices for use by blind persons, it is revealed by the American Foundation for the Blind.

Aluminum Clothing Tags Useful To Blind Persons

Miniature aluminum tags with Braille characters, listing colors, are made and donated by the Telephone Pioneers of Bell Telephone Laboratories for the use of blind people, to facilitate identifying clothing and other articles. They are distributed to blind persons without cost through the American Foundation for the Blind, 15 West 16th Street, New York City.

Helen Keller Scholarship

The Helen Keller Scholarship of \$1,000 per year is awarded to outstanding deaf-blind candidates for college education. To date, only four deaf-blind students, including the great deaf-blind leader herself, have graduated from college, according to the American Foundation for the Blind.

County Democrats

To the Editor:

I am urging the defeat of the three Democratic Freeholders and County Supervisor Weldon R. Sheets for their lack of interest in my complaints of discriminating charges against Essex County employees on the Avondale Bridge. This terrible situation has been brought about by a Paul Patti, not a Civil Service man, from Bergen County. Because they have refused to

come to my aid, my job with the County of Essex has been terminated illegally. This would not have happened under a Republican Board of Freeholders.

After one year of waiting, my appeal before the Civil Service Commission in Trenton has finally been decided against me — a political miscarriage of justice.

When this dominated boss-controlled group has taken over the County, they gave themselves a \$2,000 raise for a part-time job and created the office, a fat plum, known as the Personnel Department which John Merrihan, a former Jersey City man heads at \$12,000 per year. To eliminate this wasteful spending of the taxpayers' money, and the Personnel Department, a political pay-off is not needed.

I am appealing for the defeat of those candidates and return the county back to the people where it belongs. The Republican ticket is the only way to vote in November. I am supporting it because it also means peace in the world between nations. I am an independent Democrat.

Mexico's Friendship

(The following letter was received by the Belleville Rotary Club which has requested its publication in The Belleville Times.)

You may have been wondering what has been going on in Mexico recently, and possibly you have entertained doubts regarding Mexico's friendship for the United States and about political trends here.

We U. S. citizens who live in Mexico have become so accustomed to taking our excellent relationship for granted, things have been going along so smoothly, that we were caught a little off balance by the strong reaction in the United States to recent events here.

We are writing you now to state that we do not share the alarm that has been evident north of the Rio Grande, and this Comité can speak for a broad cross-section of the U. S. community in Mexico. We have our homes and business here, we attend the churches of our choice, our children go to the schools we like. Most of us have been here for many years, others are more

recent arrivals, but all of us enjoying its hospitality and becoming better acquainted with the fine people of this Republic.

The Comité, by its vote of confidence, reaffirms its belief that a cordial and lasting bond of friendship exists between our two nations.

Sincerely yours,
BYRON M. HOPPS,
President.

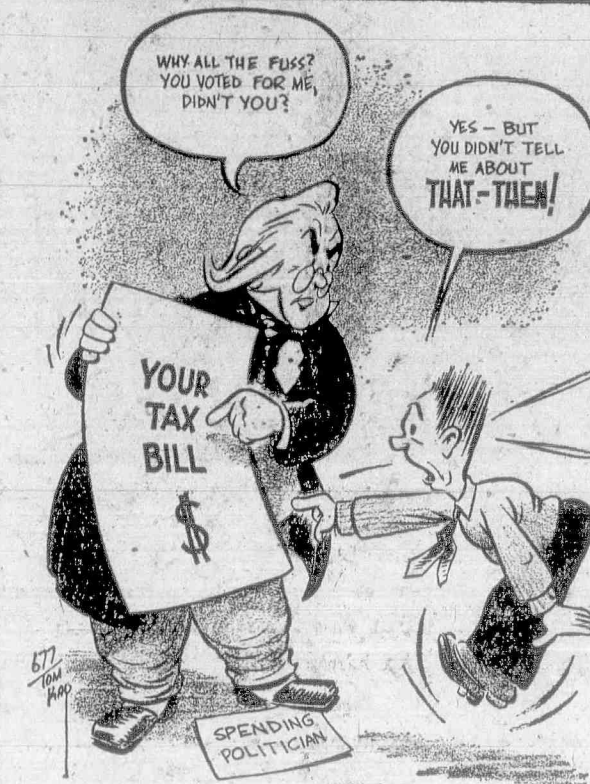

Our Comité, better known north of the Rio Grande as "Operation Amigos," was founded in 1954 by nearly 100 of the top U. S. firms and affiliates doing business in Mexico. Our sole aim has been the fostering of good will between the peoples of the U. S. and Mexico.

We have undertaken many projects, aimed at bettering relations between our peoples. However, we believe that direct personal acquaintance helps make good neighbors better neighbors, that mutual understanding and respect is a firm basis for permanent friendship. This is why we have devoted much of our efforts toward stimulating tourist travel from the United States to Mexico. Mexico continues to offer the tourist a warm welcome and a rewarding experiencing.

The tourist will see and understand what the Mexican people and their government are doing to build their country as a nation of free citizens. He will see highways, thriving cities, great irrigation projects, flourishing farms, new industries everywhere, new schools, spreading electric power networks, an inevitable rise in living standards and, in general, creation of basic conditions essential to the growth of private enterprise.

We are specially happy to learn that certain U. S. Senators and political leaders, including vice-presidential candidate Lyndon B. Johnson, are now in Mexico, en-

POWER

'Isn't it wonderful, what man can do?' But when looking at man's work, we often overlook the Hand of God. Man harnessed the power in this great dam, but God created it. Long before man discovered the turbine or the electric motor, God placed the power at man's disposal.

God is the source of every one of man's inventive and ingenious undertakings. He gives us the natural resources and the intelligence to use them. And He wants us to use them constructively.

Our Christian faith teaches us of God's power and the vastness of its scope. It teaches us the right use of these blessings, so that life may be enriched by them. Go to church and learn God's plan of love for us and our fellowman. It will mean a better world for all of us.

Copyright 1960, Kellier Adv. Service, Strasburg, Va.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Genesis	1	27-28
Monday	Psalms	88	10
Tuesday	Psalms	19	1-2
Wednesday	Hebrews	1	10-12
Thursday	Psalms	33	12-15

Sunday—9:30 a.m. Worship Service.

Mrs. Winkelman Church Member

Mrs. Eleanor L. Winkelman of 135 Forest Street, Belleville, widow of Henry Winkelman, died August 3 at her home of a coronary occlusion. She was 81.

Funeral services were conducted Saturday, August 6 at 10 o'clock in the morning at the Wadsworth Funeral Home, 524 Union Avenue, Belleville. Interment was in the Crest Haven Memorial Park, Clifton.

Mrs. Winkelman was born in Brooklyn and lived in Jersey City and Nutley before she moved to Belleville 40 years ago. She was a member of Grace Baptist Church, Belleville, and its women's auxiliary. She was on the board of managers of the Baptist Home for the Aged, Newark, for 20 years.

She leaves a daughter, Mrs. John T. Smith of Belleville, and two grandchildren.

WILLIAM V. IRVINE & SON MEMORIAL HOME

For more than fifty years it has been our privilege to render personal service and offer friendly counsel to bereaved families. Our service is performed with reverence and dignity and is always within the means of all.

276 Washington Ave. Belleville, N.J.
PLYMOUTH 9-1114
William V. Irvine Jr., Director

John R. Slapp, 45

John R. Slapp of 175 High Street, West Orange, died of a heart attack July 26 while working at the Wallace and Tiernan plant in Belleville. Mr. Slapp had 24 years with the local firm. He was 45 years old.

Services were July 30 in West Orange with a 10 o'clock morning service in the Holy Episcopal Trinity Church in that town.

He was born in New York and lived 40 years in West Orange. He was an overseas Army veteran of World War II and was a member of Glennon-Sayres Post, VFW, of West Orange.

Mr. Slapp leaves his mother, Mrs. Marie Slapp, and a brother, Walter C. Slapp, at home, and another brother, Raymond H. Slapp, also of West Orange. He was engaged to Miss Katherine Gallagher of Kearny.

Everett Schuldt Is Graduated

EVERETT A. SCHULTDT

Among those receiving degrees at the June commencement of Rensselaer Polytechnic Institute, Troy, N. Y., was Everett A. Schuldt, son of Mr. and Mrs. Arthur J. Schuldt of 127 Crest Drive, Belleville, a bachelor in mechanical engineering.

Richard Ward Receives Degree

RICHARD WARD

Richard Ward of 236 Mill Street received a bachelor of arts degree at Seton Hall University last month. The son of Mr. and Mrs. Ward Sr., he majored in mathematics.

Ward is now in Florida where he is training with the Air Force, where he is second lieutenant.

Completes Course

Michael Mignone, son of Mr. and Mrs. Thomas Mignone of 39 Watsessing Avenue, has completed the term at the Traphagen School of Fashion, New York where he has majored in Costume Design and Illustration.

John DeMarco Gets BA Degree

JOHN DeMARCO

John DeMarco, son of Mr. and Mrs. Frank DeMarco of 15 Elmwood Avenue, Belleville, was awarded an associate in arts degree at the 32nd annual commencement of Valley Forge Military Junior College, Wayne, Pa.

A graduate of Belleville High School, he held the rank of sergeant in the 1,000-member corps of cadets.

The Aftermath: How Help Was Rushed to Chile

The following story of the devastating series of earthquakes which ravaged Chile first appeared in The Washington Daily News on Wednesday, June 1. The Daily News has granted permission for the story to be reprinted.

BY JAMES O'NEILL, JR.

SANTIAGO, Chile, June 1.—The face of the seacoast town of Puerto Montt is less ravaged than the faces of the thousands of homeless who wait patiently in the village square and along the bleak little airstrip some miles from the point where the giants in the earth send forth their daily temors.

The worst is probably over, but the quakes which rocked this town registered in the faces of its people and can be read there still.

The waterfront area was hardest hit and a small boy assures you with awe that six people lie dead in a wrecked mill. But death is not a pressing matter now.

There are only a few amenities left. There is an ever-present danger of a typhoid epidemic before the water and sewer lines are in function again. Electricity is provided in very few of the occupied buildings, and that by emergency generators.

Beyond the town, on a single airstrip, which has no tower, no radio and only the most wretched facilities, the United States Air Force is bringing in a constant stream of giant Globemasters with men and equipment to ease the suffering.

But rather than medial supplies, what the refugees need most is shelter, food and clothing. Of Puerto Montt's 40,000 inhabitants, some 80 per cent are homeless.

Military officials estimate that 20 per cent of the town's homes were destroyed and 40 per cent of them are unsuitable for human habitation. But U. S. Army officials told me only 40 persons were killed as the shocks ripped thru the streets.

One of the most shocking sights is the huge crowd of homeless refugees standing forlornly in the rain at the end of the concrete airstrip.

Many of the children are barefoot. They huddle against their parents. Chilean officials bark out the names of lucky ones who are to be flown to Santiago and refuge.

The people are patient. They are still in a state of shock.

For some it will be days before arrangements can be made for them in Santiago, where the Red Cross is doing its best to tend to those, whose lives and homes have been shattered.

Helicopters, flown here by the U. S. Air Force, are now evacuating the living and the injured from the off-shore islands.

I saw them first at the edge of the airstrip, huddled together for warmth and solace beneath a sky that had poured rain for two days.

The man, in his late 20s wore the expression of one in a dream.

The little girl with wide, brown eyes and a ragged green sweater hugged herself against the chill. Now and then she glanced at her two little brothers, who seemed stunned by the huge airplanes of the U. S. Air Force, which meant for them, escape from their personal horror.

THEY ARE ORPHANS

A Chilean Air Force officer, who interpreted for me, shook his head sadly and said: "They are all they have in the world. Only each other."

These children's parents were killed in the earthquake. The young man was their uncle, the only survivor of a family of God knows how many.

I asked the man his name. The interpreter said, "He doesn't know his name. He has forgotten it."

The man produced some papers. His name was Rojas. He didn't smile. He wouldn't accept an American cigaret.

He retreated into himself, moving away from the children whose terror was so great new they didn't notice him.

ALL ABOARD

Just before dark -- you cannot fly from the strip at Puerto Montt except in daylight -- the aircraft commander, Capt. J. Denardo, out of Charleston, S.C. AFB, invited them aboard.

Eyes wide with something between fear and excitement, they moved up the ramp.

The three children were barefoot, their feet brown with mud. They shivered with the cold. They had no baggage; no coats, no blankets; they had, as the Chilean officer said, only themselves.

A sergeant strapped them into the web seats and, when we were airborne, wrapped each child in G. I. blankets. Wrapped them lovingly in blankets.

Capt. Denardo appeared from the flight deck with hot soup in paper cups. A reporter dug into his personal supply of C-rations to feed the little ones. A French reporter, from Figaro, wept.

Two babies across the waist of the plane were offered cookies. Their parents were grave with thanks.

THE DEAD

Strapped to the floor of the plane were two black caskets. Upon each was a small cross and the withered remains of a funeral wreath.

Two Chilean priests sat quietly saying their office as night darkened the interior of the plane. Some passengers gnawed on strips of dried meat until the crew got around to explaining the intricacies of opening C-rations.

Local Students Study Bank Operations

Salvatore Tramontano and Alan Encke, left to right above, both of Belleville and both Fairleigh Dickinson University evening students, are shown at the Clifton-Passaic branch of the New Jersey Bank and Trust Company on the occasion of an after-hours visit to observe the bank's operations.

At right is David Rere, the bank's assistant treasurer and head of the methods and research department, who is showing the students the bank's new electronic sorter-reader.

Ralph Bowman Again Chairman Of Phone Club

Ralph J. Bowman of 57 Perry Street has been re-elected chairman of the Orange Council, H. G. McCully chapter, Telephone Pioneers of America, for 1960-61.

The Pioneers, a veteran group of telephone company employees with 21 or more years of service, are active in work for the blind.

The H. G. McCully chapter, the New Jersey unit of the national organization, boasts an active membership of more than 7,500.

Bowman is employed at The Western Electric Company, the manufacturing arm of the Bell System, Newark.

Carol Meloia to Attend Katharine Gibbs School

Miss Carol Ann Meloia of 205 Joralemon Street is enrolled in the Katharine Gibbs School and begins work September 20. Miss Meloia was graduated at Belleville High School in June.

Secret To Hot Weather Driving... Keep a Cool Head

Drivers should keep a cool head in hot Summer traffic. According to the Institute for Safer Living of the American Mutual Liability Insurance Company, tempers tend to flare easily, patience is lost more quickly, fatigue increases, and mental and physical reaction tends to slow when the mercury soars. It helps to dress comfortably, prepare yourself mentally before starting longer auto trips, take frequent rest stops.

Automobiles, like people, require more liquids during Summer heat. The Institute for Safer Living says that water levels in radiator and battery should be checked frequently, as well as oil levels in crankcase and transmissions. Brake and power steering fluids should be kept up to safe levels.

Neither the hare nor the tortoise have a place in busy summer traffic. According to the Institute for Safer Living of the American Mutual Liability Insurance Company, skilled and popular drivers are the ones who pace themselves in keeping with prevailing traffic flow. Laggards and speeders increase their chances of being involved in an accident on busy highways.

A long line of stalled traffic on a hot Summer's day is likely to be further delayed by one or more cars which develop an acute attack of vapor lock. The Institute for Safer Living recommends carrying a large thermos bottle of ice cold water as quick first aid for this malady. Pour cool water over a cloth and wash it around the fuel pump and fuel line which may run close to the engine block. If caught in stopped or crawling traffic with motor idling, the probability of vapor lock can be reduced by speeding up the motor at two or three-minute intervals. This increases the consumption of gasoline and moves cooler gasoline from the tank through the fuel system.

Keep a weather eye on your driving during sudden Summer showers. According to the Institute for Safer Living of the American Mutual Liability Insurance Company, dust and oil film accumulations may tend to make the pavement unusually slippery until washed away by the rain. Also, this same film may obstruct vision by streaking the windshield when wipers are operated.

Historical Scenes Of Hospital's Growth In Belleville

THE OLD HOSPITAL - Originally dedicated as the German Hospital in December 1870, it served the residents of Newark with distinction for nearly 90 years. During that time, it achieved many "firsts" in the field of medicine. The hospital was renamed Clara Maass Memorial in 1952 in honor of the heroic nurse, Clara Louise Maass, one of the first graduates of its School of Nursing.

BOARD OF TRUSTEES - This volunteer group of busy businessmen determines the policies of the hospital. They give unselfishly of their time, talents and money. John F. Kidde, prominent Belleville industrialist, is President of the Board, and Archie C. Barbata, President of the Bank of Nutley, is Vice President and Treasurer.

THE NEW HOSPITAL - This 300-bed hospital, one of the finest in the State, has received more than 30,900 patients since it was opened in August, 1957. Approximately 4,900 more persons were treated in the Emergency Department and returned to their homes. These figures show that it has been filling a vital need in this area, as a health center.

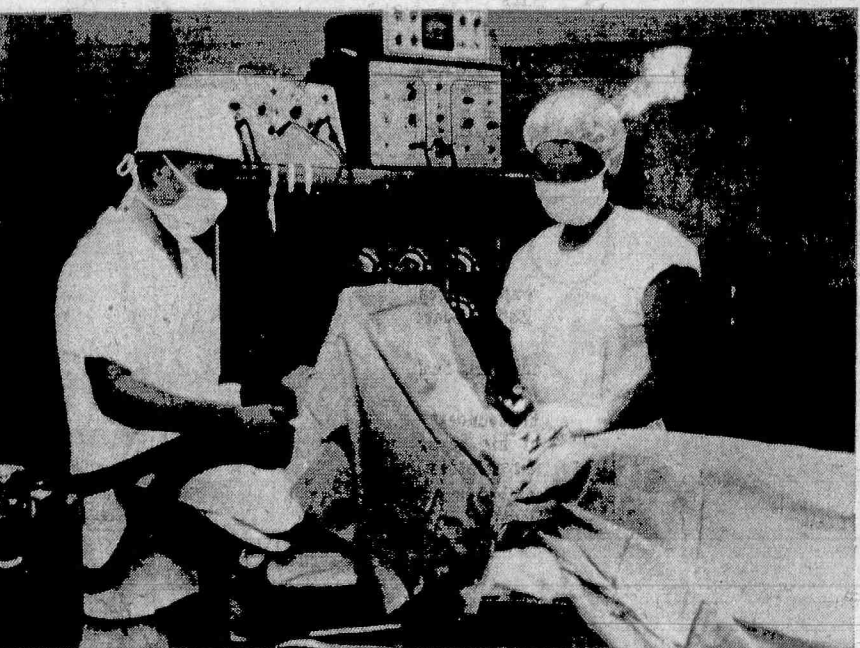

GROUND BREAKING CEREMONY - Signalling the start of construction of the new School of Nursing John F. Kidde, President of the Board of Trustees, assisted by Evan H. Thomas, Trustee-Chairman of the Nursing School Committee, turns over the first spadeful of earth. Others in the foreground (l to r) are Henry Pfaff, Trustee; Raymond Platt, Architect; R. E. Remondelli, M.D., President, Medical Staff; Miss E. H. Hamilton, Director of School; and A. H. Oberg, Director of Hospital.

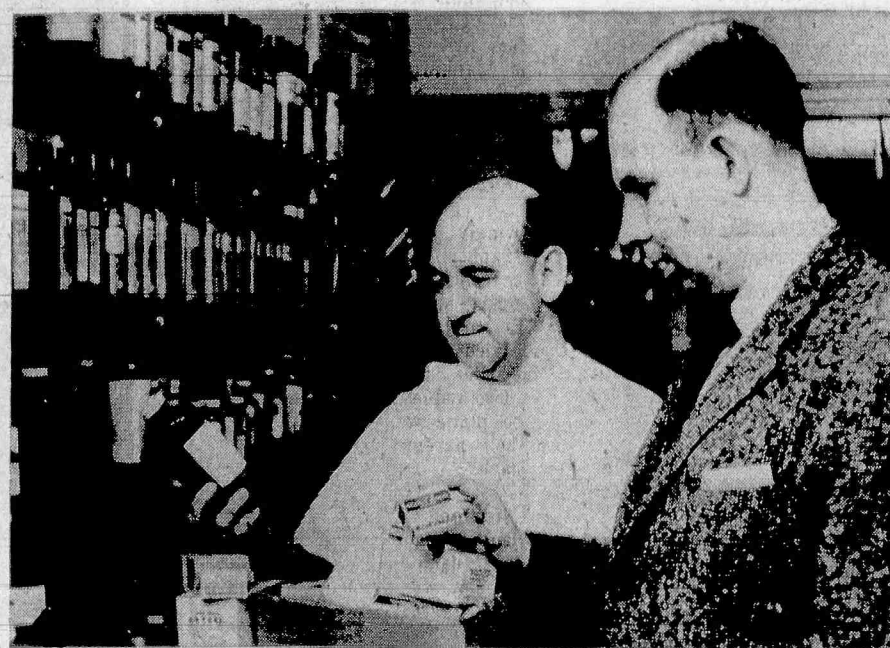

NEW SCHOOL OF NURSING - Construction of the new building was started in May and will be ready for occupancy in the summer of 1961. The new school will accommodate 100 students, one-third more than the present capacity. The School, founded in 1892 and one of the oldest in the State, provides a three-year training course for qualified high school graduates.

STUDENT NURSES - The present Freshman Class poses following the Capping Ceremony in May marking the successful completion of their Pre-Clinical Training - the first milestone on the way to a nursing career. In September, 20 students will graduate as nurses and a new group of 30 girls will begin the three-year course of training.

EMERGENCY OPERATION - Members of the Nursing and Medical Staff at the hospital bring into operation the Cardiac Pacemaker to provide electric heart stimulation for a patient who has just suffered a heart attack. This specialized device in one case restored the heartbeat of a patient who had literally expired three times within a period of 24 hours.

POISON CONTROL UNIT - To provide prompt and effective emergency treatment for residents in this area, the hospital opened a poison control center in 1959. While not generally known, more children under 5 years of age die from the effects of accidental poisoning than from all other children diseases combined. Dr. Robert Mulvaney and Chief Pharmacist Henry P. Guerino are shown here checking in supplies.

CENTRAL SUPPLY - One of the least known by the general public but still one of the most active and important departments of the hospital is Central Sterile Supply where all utensils, equipment and dressings used for patient care are sterilized. The staff is composed of both salaried and volunteer workers.

VOLUNTEERS - A recently instituted service which is actually a part of the Courtesy Shoppe of the hospital is the mobile care which takes a miscellaneous assortment of items direct to the patient floors. The two Junior Volunteers shown above, part of a group of 70 Teenagers working at the hospital during their summer vacation are making a delivery to patients on the Maternity Floor.

BABY SITTING - Approximately 70 Teenagers enroll in this course each year. The three students shown here are receiving instructions in baby care from Miss Henriette Van De Wal, R.N. of the hospital School of Nursing staff. The students, both girls and boys, come from all of the communities served by the hospital.

DOCTORS' PANEL - Dr. R. E. Remondelli, Chief of Staff, and several members of his Staff form a panel at one of the many meetings held during the year by the Medical Staff to discuss modern medical techniques and advances in medical science. More than 340 doctors in the local communities served by the hospital are members of the Medical Staff.

business has grown so great, and it demands so much time that it seems to me we should seriously consider any improvement we can make.

"While it is true that I have been re-elected for a four-year term and if this referendum carries it will reduce my four years to two, it is my conviction for the good of Ridgewood that as a citizen, a taxpayer and a businessman I will vote to put Ridgewood's government business on a strictly business basis. For this reason I am going to vote 'yes', on this referendum in November."

Giants Down Aces In Town Playoffs

The National Little League Giants defeated the Aces of the American League in two games last Thursday and Friday to walk away with the "world series" trophy of Belleville.

Robert Crowell threw a no hit, no run game Thursday when he fanned 15 of the 18 batters in the ball game.

The Giants scored two runs in the third inning when Mateyka singled and Sal Taibi homered over the left field fence. Two more runs were walked in during the fourth frame.

FRIDAY GAME

Score Friday night was 5-0 and Taibi hurled for the Giants giving up only three hits and fanning a dozen batters. Additional details of the games were not available.

Softball Loop Results For Year

Commissioner George F. Kieran announced the results of the playground Junior Softball League.

Montgomery Playground took undisputed first place by virtue of their league - closing win over Number Four Playground this week. The Montgomery win placed Belleville Park in the second spot, followed by Number Four Playground in third place.

In the final game, Number Four got off to an early lead on Stan Cuba's double which scored John Cuomo and Bob Druther. Montgomery went into a one run lead on hits by John Valeso, Pat Valeso, and Joe Cereto, following a walk to Tom Goldrick.

Number Four tied it up at 3-3 in the second inning and that closed out the scoring until the fourth inning when a walk to John Valeso and singles by Lenny Galletto and Jerry Veneziano added two runs for Montgomery.

Number Four tied it in the fifth inning and went ahead by two runs in the sixth on Nick Pettito's double.

Montgomery picked up single runs in the sixth and seventh innings to knot the count at 7-7. In the extra inning, hits by Galletto, Valeso, and Cereto gave Montgomery the winning run. The hitting star for the winners was Lenny Galletto with three solid hits.

For the losers, Nick Pettito came through with four hits, one a double. The biggest defensive play was pulled off by Montgomery's right - fielder, Bob Horn, who caught a low line drive and converted it into a double play to put a halt to a Number Four rally.

The closing records of the teams are as follows:

	W	L
Montgomery	5	0
Belleville Park	4	1
No. Four Playground	3	2
No. One Playground	2	3
Stadium	1	4
Carragher	0	5

Top Place Spots Decided in Loop

The first place winners in both the American and National Little League Baseball was decided during the past week. In the American League competition the Aces beat the Bombers 14 to 4, behind the effective pitching of Danski, hitting honors went to Anthony Sorrentino, star first baseman with two singles, a double, and a homerun with two on, Sanford Share and Joe Wadolowski collected two hits apiece for the Aces. The losing pitcher was Harry Brechtbill.

In the National League the Dodgers bombarded the Braves 26 to 3 with Ronnie Tomaszewski getting credit for the win. The Braves lost automatically, giving the Giants the National League pennant.

The Belleville Baseball Little League World Series between the American League Aces and the National League Giants will be decided on a best two out of three series.

The first game will be played on Thursday, August 11 at 6 p.m. at the Belleville Little League Field. Manager Ray Fratella will have Joe Wadolowski, Ed Danski and James Rowland ready to do the hurling in the series. Manager Mike Marotti will rely on Rodger Crowell and Sal Taibi.

Nutley Is Playing Big Part In Bill "Moose" Skowron Day Plans

BILL "MOOSE" SKOWRON

Saturday, August 27, will be a big day for Bill "Moose" Skowron, Yankee first baseman, and the Loyal Order of Moose, particularly the lodge in Nutley.

That day will be Bill Skowron Day at the Yankee Stadium and honors will be heaped upon the resident of Hillsdale, Bergen County, and member of the Nutley unit (No. 1935) of the Moose organization. In between, the Yankees will play a baseball game with the Cleveland Indians.

Many local people will take part in the festivities, led by Mayor Harry W. Chenoweth, who is chairman of the Bill "Moose" Skowron Day Committee, with which the Chamber of Commerce is co-operating. William La Ducer, president of the Chamber, represents the group on the committee.

Other Nutleyites playing prominent roles in arranging for the big event are Eric A. Mayer, general chairman; Michael Quercus and former Commissioner Carl A. Orechio, a Past Governor of Passaic Lodge of the L.O.O.M., co-chairmen for Nutley; Commissioner Leroy Gundersdorff, William Toto, Governor, Nutley Lodge, L.O.O.M.; Emil Donatello, Frank Romano,

Playground Activity Heavy As Season Nears Close

Commissioner George F. Kieran announces a full week of varied activities on the town's playgrounds. A special event at Number Four Playground was a handicraft display contest which included such entries as lanterns, moccasins, woven baskets, and potholders.

Winners were Philip Bruno, Donna Rieca, Jean Montalbano, and Anthony Simino. The youngsters from the Stadium Playground are planning a picnic-hike to Yanticaw Park in Nutley. They may be joined there by other playgrounds in an afternoon of games and other activities.

Archery at Montgomery Playground is going in high gear. Their number was increased by John Sammarco, James Serritella, Harvey Edgerton, Nick Maino, and Sammy Rosamilia from Number Four Playground. They're about ready to challenge the stadium to an archery contest.

Down around Monsignor Kelly Playground, they are still talking about the potato sack dress worn by Nicki Berssan which her mother made for the Gay Nineties contest. Camille Casaletto and Maureen McEnry also wore colorful dresses and were winners in the contest.

Fairway youngsters are still talking about the success of their Beatnik party and the number of hot dogs and hamburgers consumed by the 70 youngsters who attended.

Not to be outdone by the youngsters, Mr. Glevy and Mrs. Barbone hit home runs in a softball game in which they participated. Winners in the various categories were Janet Ameo, JoAnn Barbone, Marge Malek, Janet Misurella, Michele Farrara, Carol Dietsch, Ellen Knapp, Ed Mazza, and Linda Cassese. The "cool cats" were also served soda, popcorn, pretzels, cup cakes, potato chips and watermelon.

Montgomery Playground held a surprise party for Joan Sweigert, one of their directors, who was married last week. Joan was

Iron Dukes Choose Toughie For Home Opener On Sunday

BY JOHN BASILE

The Belleville - Nutley Iron Dukes will open their 1960 exhibition season when they meet the Stratford Giants, the 1959 Connecticut champions, Sunday, Aug. 21, at Belleville Municipal Stadium.

The Giants were the only team to beat the Dukes in 1959, as they pinned a 24-0 drubbing on the locals last Nov. 1, snapping a five-game skein. The Dukes followed this loss with six more wins, giving them an over-all record of 11-1 and the Garden State Football League title in their first try.

Therefore, this contest, although billed as an "exhibition," should be "for blood" as the aroused Dukes in general, and quarterback Frank Puleo in particular (sidelined with an injury in the last Giant meeting), will be seeking revenge.

The '60 Dukes are basically last year's powerhouse plus much more. The addition of big Sam Dougan and Larry Reeves at defensive end and tackle, respectively, will help. The switching of Bob Shotwell from offensive tackle to the defense will add beef. Two ex-Bellboy luminaries, Tom Apicella and Bob Paganelli (both all-county performers in high school), add much depth to the linebacking slots already manned by Nutley's Carl Borino, second to none in this department.

Frank Puleo, Babe Conforti and Joe Ciriaco figure to be three of the four starters in the offensive backfield and all look better than at any time last year.

Charley Munford, ex-East Orange All-Stater, off his fine performance in the opener against Mt. Vernon, has pushed last year's scoring leader, Dick Bartolazzi, into the background. However, it's comforting for Coach Pete Spera to have the burly ex-Kearny fullback in reserve, as he is easily the best Duke blocker.

Further, the Dukes have added tremendous speed, too, with five new seatbacks. They include Frank Barnes, St. Benedict's, and Don Monford, East Orange, former all-county performers; Ron Gasparinetti (he of the glue fingers), former All-City at Barringer, and Joe Brooks and Cary Wills, ex-Orange High stickouts.

The Stratford Giants basically feature an aerial circus led by "Little Joe" McHugh, Bridgeport University's little All-America at QB. His favorite target will be "Big Bill" Mead, 6'6" end (two T.D.s against the Dukes). This David and Goliath act rocked the Dukes and thrilled the fans in their last meeting. Further, we are looking for Mr. McHugh to get his uniform mussed on Sunday, as he had hours to spot his receivers in last year's contest.

The Connecticut club is also very strong defensively and has an added scoring threat bruising Joe Vetrano at fullback, who, besides piledriving, bedevils you with his "magic toe" with field goals and conversions.

The kickoff is set for 2:15 P.M.

Belleville - Nutley Dukes Shut-Out N.Y. Eagles, 14-0

BY JOHN BASILE

The Belleville - Nutley Iron Dukes, behind a dazzling ground game, drubbed the favored Mt. Vernon, N.Y., Eagles, 14-0, at Mt. Vernon Saturday night, Aug. 13, before a boisterous crowd of better than 5,000 fans at Memorial Stadium. It was the season's opener for both squads.

The size of the final score does not indicate how thoroughly the Dukes outplayed their victims.

The Iron Dukes rolled up 23 first downs to nine for their opponents and outgained them in total yardage, 308-145. Belleville rolled up the awesome total of 275 yards rushing, 18 first downs, as the chief executioners were halfback Babe Conforti and fullback Charley Munford, piling up 229 yards between them, with Munford carrying 13 times for 141 of these yards (better than ten per carry.)

This duo each scored a T.D. on short bursts as Frank Puleo cleverly manipulated his backs like a chess master. His faking was up to his best efforts, truly a superb effort.

The offensive blocking was unusually crisp for so early in the season and a lion's share of the credit must also go to the defensive platoon, anchored by Carl Borino and Tom Apicella, who held the vaunted Eagle passing attack to 78 yards gained on ten completions in 26 attempts, with two interceptions being picked off and returned for 70 yards.

Although the first half was scoreless, the Dukes mounted two strong thrusts into enemy territory, only to have them turned back without success.

The Dukes rolled to their first score early in the second half.

Mt. Vernon took Barnes' kickoff and after three plays gained only two yards, their Jim Sweeney punted to midfield. The Dukes then struck paydirt in seven plays. Conforti drove off-tackle for two, Joe Ciriaco for three in the same slot, as Puleo added three more on a dive play, making it fourth and two from the Eagle 42.

Chuck Munford picked up the two plus 18 more as he dashed up the middle, shedding would-be tacklers like water, for a first down on the 22. An Eagle offside plus another Munford burst up the middle added another first down on the 12.

Puleo then hit Bob Marcy on the two for still another first down. Munford then scored easily through a gigantic hole in the middle of the line. Marcy's placement split the uprights for a 7-0 lead.

The enraged Eagles roared back to three first downs following the ensuing kickoff, the last being picked up by QB Jim Reese on a three-yard option to the Duke 45. Richy Austin was the best lugger for the Eagles during this drive. He was stopped for no gain, and two passes failed before Sweeney kicked out of bounds on the Duke one.

Conforti and Charley Munford carried often as the Dukes picked up three first downs to their own 36. A fumble by Ciriaco was recovered by Sweeney on the Duke 30. On the next play Carl Borino snatched off a Reese pass on his own five and raced back to midfield.

Munford then raced 44 yards to a first down on the Eagle six-yard line. Conforti drove to the three before an offside penalty and a three-yard loss pushed the Dukes back to the 11.

Munford's apparent second T.D. was called back, as the overzealous Duke forwards were again detected offside. Marcy's attempted field goal from the 26 was wide to the right.

That play ended the third quarter and Mt. Vernon took over on its own 20. After three plays gained no appreciable yardage, Sweeney punted out on the Duke 41.

Fifty-nine yards later, nine running plays chalked up the Duke T.D. Conforti started it with a 13-yard left end sweep to the Eagle 46 and ended it with a six-yard sweep around the opposite end. Babe also added two more ten-yard bursts during the drive as Joe Ciriaco ran the reverse beautifully for 11 more. Marcy's placement was true and the final count read 14-0.

Shortly thereafter Sam Dougan recovered an Eagle fumble on the Mount Vernon 40. Dick Bartolazzi added two first downs as he lugged five times down to 15, when Marcy's second field goal attempt of the night was also wide.
