Funeral Is Today  
For Soldier Who  
Died In Car Crash

Funeral services will be held this afternoon, Thursday, at 1 o'clock at Grace Episcopal Church for Pfc. Victor Fenimore Walder, 18-year-old son of Mr. and Mrs. Victor T. Walder, of 72 Whitford Avenue, who died in a two-car accident in Laurence Harbor early Monday morning, August 22, in which a Newark woman also lost her life. The youth was returning to Fort Monmouth, where he was stationed with the U. S. Army.

The Ven. Welles R. Bliss, rector of Grace Church and Archdeacon of Essex, will officiate at the services, and burial will be made in East Ridgelawn Cemetery, Delawanna, with the Stanton Funeral Home of Nutley in charge of arrangements.

A lifelong Nutley resident, Walder attended Yantacaw and Washington Schools and was graduated from Nutley High School in June 1959. He enlisted in the army the following August, and after basic training at Fort Dix went to Fort Monmouth, where he was an instructor in the photographic division.

The fatal accident occurred on Route 35, near Laurence Parkway, in Laurence Harbor, at 5:15 a.m. Walder was pronounced

The property, 173 x 283 feet, with 11 feet fronting on Harrison Street, lies back of stores and homes on Franklin Avenue and Harrison Street, in announcing the sale, Commissioner William Jernick, Director of the Dept. of Finance and Revenue, said the minimum acceptable price for the vacant lot would be \$5,600.

Women Voters  
League To Hold  
Workshop Today

The Nutley League of Women Voters will sponsor a discussion techniques workshop this afternoon, Thursday, at 1:15 o'clock, at the home of Mrs. Charles J. Bryan, 77 North Spring Garden Avenue. The group will study effective discussion participation and leadership.

Mrs. Bryan will be assisted by Mrs. John Butterworth, first vice president and program chairman.

The League of Women Voters will celebrate its 40th anniversary this year, coinciding with the 40th anniversary of the adoption of the 19th amendment to the Constitution, giving women of the U.S.A. the right to vote.

Wyoming, in 1869, was the first state to allow women to vote, and by 1919 14 other states had granted the privilege at least partially. However, it was only after the 66th Congress passed the 19th Amendment and 36 states had ratified it that the work be-

Hawaiian To Be  
Teacher In Nutley

The Sun has been presenting short biographical sketches of teachers who have been transferred from one school to another or who will join the Nutley public school system in September for the first time. Items in this series appeared in The Sun on July 28, Aug. 4 and Aug. 11. Herewith is presented an article on some more of the new teachers in the local system:

MISS RACHEL K. FUJINAKA has been appointed to teach science in Franklin School beginning in September. Miss Fujinaka, a native of Hawaii, has been teaching at the Walt Whitman Junior High School in Yonkers, N. Y. She attended high school in Wailuku, Maui, Hawaii, and is a graduate of the University of Wisconsin, where she was

Six-Year-Old Boy Rescued From  
Sewer Into Which He Crawled

Above is shown Mrs. Austin W. Lidlow, of 62 High Street, thanking Nathaniel Lewis of Newark for having rescued her son, Mark, who rests comfortably in Lewis's arm, from the storm sewer into which the six-year-old lad had crawled in search for a toy truck. At left, below, Mark and Lewis are shown pointing to the grating Lewis raised to release the youngster.

When six-year-old Mark Lidlow, son of Mr. and Mrs. Austin Warren Lidlow, of 62 High Street, enters the First Grade at Yantacaw School on Sept. 8, he will have a most unusual tale to tell his new friends and playmates.

Wednesday, Aug. 17, little Mark lived through an experience which could have resulted in his death but which he came through unscathed and smiling.

Mark was playing with a friend, Jimmy Verlezza, of 76 High Street, at the end of Lake Street in the forenoon of Aug. 17. One of his toy trucks rolled into a manhole and the boy went after it, feet first. His body became stuck in the entrance to the storm sewer, between the concrete curb and the grating, in such a way that only his head protruded.

His cries attracted the attention of a lady who called police headquarters. The cries also attracted the attention of husky Nathaniel Lewis of Newark, a truck driver for Thomas Viola & Son, Inc., of 218 Washington Avenue. The Viola firm collects garbage in Nutley and Lewis was making his rounds when the accident occurred to the Lidlow youngster.

Lewis made use of his powerful frame and lifted the heavy manhole grating, thus freeing the little fellow. In the meantime, Sgt. William Dietz and Officer Richard Moran, of Nutley Police Dept., arrived in a patrol car. They took the boy to his home.

Mark has a sister and two brothers: Sharon, nine; Richard, 13 and Keith, 16.

Friday, Mrs. Lidlow, the boy's mother, called at the Viola plant and thanked Lewis for saving her son.

Two Local Men Have Prominent  
Places In New Insurance Firm

Discussing plans for their new insurance company are, from left, Richard Heller, executive vice-president of the firm and a member of Nutley's Zoning Board of Adjustment; Aaron Heller, Richard's father, president, and David A. Nagel of Clifton, secretary-treasurer and general manager of the recently chartered Eastern Mutual Life Insurance Co.

Announcement has been made that the State Department of Banking and Insurance has issued a charter authorizing Eastern Mutual Life Insurance Company to engage in the writing of life, hospitalization, health and accident insurance.

The certificate of incorporation named Aaron Heller and Richard Heller, of 63 Elm Place, and Franklin Avenue, as members of the board of directors. In addition to the local men, David A. Nagel of Clifton and Morton Kalb of West Orange compose the board.

Since 1935 the company, under its former name of Eastern Mutual Life Corp., operated as a

Chamber Letter  
Opposes Moving  
Business Office

In connection with the campaign under way to let N. J. Bell Telephone Co. know how unpopular is its proposal to close its business office in Nutley, William J. LaDuer, president of Nutley Chamber of Commerce, has released the text of the letter sent by the Chamber to the phone company.

Signed by Mr. LaDuer and addressed to Lawrence Kilgo, Allwood Road, Clifton, the Chamber letter, dated Aug. 11, read as follows:

The telephone company's plan to remove its service office from Nutley was discussed thoroughly at our Chamber of Commerce meeting on Aug. 9.

While still unhappy about your plans for servicing Nutley, we realize that positive action has been decided upon to expand the technical facilities of your building. Your consideration of a "Greeter-Plan" on a permanent basis is strongly urged. In fact, complete withdrawal of customer services may conflict with our town's zoning ordinance.

People are creatures of habit. Thousands of Nutley's citizens have enjoyed the convenience, for many years, of paying their telephone bills at your office. Removing the payment station to other locations will disturb established shopping patterns, while intensifying traffic problems in new areas.

The Nutley Chamber of Commerce, in order to assist in sampling public opinion, plans to place petitions in various business places. We hope to impress upon you our town's desire to retain a local service office, even though it may be reduced to your "Greeter-Plan" of operation.

The petitions mentioned in the letter are to be found at business establishments throughout town. Hundreds of signatures have been obtained thus far.

Slight Increase  
Seen In Number  
School Students

Nutley public school enrollment is expected to rise slightly for 1960-61, according to a forecast made by Superintendent Dr. Anson B. Barber as he looked forward to the opening of schools on Sept. 8. The elementary enrollment is expected to rise to 2,603, an increase over the 2,588 enrolled in the Spring of 1960.

The Franklin School enrollment at an estimated 811 will be down slightly from the 851 in that school last year. The two largest classes now enrolled in the Nutley elementary grades were in the Franklin School in 1959-60. The enrollment in the Franklin School is expected to drop slightly over the next few years, as the number of pupils now enrolled in the elementary grades of the public schools will not provide equal size replacements for the classes to enroll in Franklin School in the next few years.

Nutley High School enrollment is expected to increase from 1,533, enrolled at the peak of 1959-60, to 1,584 for September 1960. This enrollment will increase again when this year's Eighth Graders become high school students. The figure may reach 1,650 before the enrollment in Nutley High School begins to recede. The post-war boom in births will keep high school enrollment around the 1,600 figure

The executive committee for the affair is headed by Dr. Thomas Maier, of 48 North Spring Garden Avenue, who was Mr. Orechio's campaign manager during the last Commission election.

All of Mr. Orechio's friends are invited to attend. Invitations are available through the ticket chairman, George Savino, at Savino's Sport Shop, 395 Franklin Avenue.

Unprecedented Response  
To Sun Annual Appeal  
Sends Fifty To Camps

For the first time in several years, The Nutley Sun Camp Fund has topped the \$3,000 goal that is necessary for its success. With the current week's contributions totaling \$9, a new high of \$3,003.25 has been reached this year.

The Nutley Sun Camp Fund has a long history of service to the young people of the community. Formed in 1937, it has continued to function through a volunteer committee, under the supervision of Nutley Family Service Bureau, and has brought cheer and new horizons into the lives of hundreds of Nutley children.

Mrs. Anson B. Barber, chairman of this year's drive, expressed her appreciation to the people of Nutley yesterday, stating that she and members of her committee were most grateful for their response to the annual appeal.

"It is difficult to evaluate the good that has resulted from this program," Mrs. Barber said, "but we do know the happy expectations that have been fulfilled and, in some instances, the relief provided from difficult home situations."

"It has been a pleasure to work on such a worthwhile project."

Mrs. Max Katz,  
Map Page Winner

Mrs. Dorothy Katz, of 9 May Place, was "pleasantly surprised" when she was informed that she was last week's Nutley Sun Map Page winner. Her husband, Max Katz, proprietor of Kessler's Pharmacy at 184 High Street, brought the news of her good fortune to her at Beach Haven, where she is spending the Summer with her two daughters, Miss Linda Katz, 18, and Miss Ruth Katz, 13.

Mrs. Katz is a member of the Rotary Anns and Temple B'nai Israel Sisterhood. Linda will enter Marietta College, Marietta, Ohio, next month, and Ruth will be in the 8th grade at Franklin School. They are expected home from the shore this week.

The name of this week's winner appears today in the Map Page section. He or she will receive a \$10 gift certificate which is redeemable at the establishment of the cooperating merchant of the week. Any Nutley resident is eligible to be the lucky winner.

## First Nite Game In Years Set For Belleville Sat.

BY JOHN BASILE

Essex County football fans will have a chance to see the first night professional football game in more than two decades Saturday when the Jersey Alviks, another member of the new Eastern Football Conference, invade Belleville Municipal Stadium to face the unbeaten Belleville-Nutley Iron Dukes in what shapes up as a close contest. The kickoff will be at 8 o'clock.

Local fans should pay particular attention to Coach Pete Spera's newest star, 175-pound Frank Barnes, former all-state halfback at St. Benedict's Prep, who raced for an 80-yard touchdown on a punt return in the Dukes' rout of the highly regarded Stratford Giants last Sunday.

Coach Bill Davis' Jersey Alviks, who lost a heartbreaking 13-7 decision to the unbeaten Union County All-Stars last Sunday in their initial contest, have a huge defensive line to throw against Spera's charges and all this beef could prove to be too much for the lighter Dukes forwards.

## Nutley A. C. Cops Universal Title

Nutley A. C., playing well behind the steady pitching of Pete Musco, won the first game of a double-header at Flora Lobden Park Sunday, August 21, 8-4, against the Newark Diamonds and in so doing clinched the pennant in the Universal League.

Heads-up baseball and good hitting accounted for the win. The tie-breaking run was driven in by a two-strike hunt by "Lucky" Serpi. Successive singles by Vitaletti, Serio, Mazzitelli and Musco accounted for the insurance runs.

The A. C. let down in the second game and lost 7-0.

## Nutley Is Playing Big Part In Bill "Moose" Skowron Day Plans

BILL "MOOSE" SKOWRON

Saturday, August 27, will be a big day for Bill "Moose" Skowron, Yankee first baseman, and the Loyal Order of Moose, particularly the lodge in Nutley.

That day will be Bill Skowron Day at the Yankee Stadium and

honors will be heaped upon the resident of Hillsdale, Bergen County, and member of the Nutley unit (No. 1355) of the Moose organization. In between, the Yankees will play a baseball game with the Cleveland Indians.

Many local people will take part in the festivities, led by Mayor Harry W. Chenoweth, who is chairman of the Bill "Moose" Skowron Day Committee, with which the Chamber of Commerce is co-operating, William

## Iron Dukes Have Easy Time Defeating Connecticut Team

BY JOHN BASILE

The Belleville - Nutley Iron Dukes trounced the highly regarded Stratford (Conn.) Giants, 34-0, at Belleville Municipal Stadium Sunday afternoon, Aug. 21.

Pete Spera's Juggernaut rolled to a surprisingly easy triumph that was never in doubt after the first period. With Frank Puleo and Jack Panico at the throttle, the Iron Duke Express roared on to four aerial touchdowns and a 27-0 lead at the end of three quarters.

But it remained for Frank Barnes to give the crowd of 2,500 its biggest thrill. The former St. Benedict's star gathered in Tony Genovese's punt on his own 20 and, behind a phalanx of blockers, roared to a score. It was truly an awe-inspiring sight as the lithe speedster dodged and darted (reversing his field three times) for 80 yards and brought "oohs" and "ahs" from the throats of the crowd.

The blocking was magnificent also on this TD gallop as Cary Wills of Orange personally took defenders and Ken Jacobsen dropped Genovese on the Stratford 20 to clear the way for Barnes. The appreciative Iron Dukes fans then gave Frank a

standing ovation that lasted 2 1/2 minutes.

The Iron Dukes scored the first time they had the ball, as Puleo hit Joe Ciriaco, playing his finest game as an Iron Duke, on the eight (from the 13) and the fleet halfback scampered in. Bob Marcy conveyed for a 7-0 lead. The drive took eight plays to cover 36 yards.

After Stratford again was unable to move the ball after the kick-off, the Dukes took over on their own 38 and drove to their second score. This drive took only six plays, as Ciriaco took Panico's pitchout for 27 yards and a first down on the Giants 37.

Dick Bartolazzi ran right end for six more. A personal foul against Stratford gave the Dukes a first down on the 16. Babe Conforti lugged twice down to the ten, before Panico passed to Ciriaco, who made a fantastic diving catch in the end zone, for the score. Marcy converted once

again for a 14-0 lead.

The Dukes moved to their third score early in the third quarter on three plays covering 41 yards. Conforti ran for ten before Puleo passed to Ciriaco for another first down. "Bucko" then tossed another strike, this time to Marcy on the fifth, and "Big Bob" dove the remaining distance for the tally. Marcy's conversion was low.

Late in the quarter, Tom Apicella, a bearcat on defense all day, intercepted a Joe McHugh pass on his own 37 and ran it back 47 yards before McHugh stopped the potential T.D. with a diving tackle on the Giants 21.

The Dukes scored again through the air with seconds left in the period on Panico's ten-yard pass to Marcy. Bob again converted for a 27-0 lead. Marcy's fourth conversion, following Barnes' scamper, concluded the scoring for the day.

## National Boys In Two Sunday Wins

In a twin bill played at Father Glotzbach Park Sunday, Aug. 21, the National Little Leaguers defeated the Saddle Brook All-Stars 3-2 in the first game and the National League Farm All-Stars won the second game by nosing out the Saddle Brook Farm All-Stars 5-4.

The first contest was curtailed by rain at the top of the sixth inning, with Saddle Brook leading 5-3, having scored three times in its half of the sixth. With the game being called, the score reverted to what it was at the start of the inning, thus giving Nutley the win, 3-2.

Ed Renshaw pitched four-hit ball to earn the win.

The second contest was a thriller, with Cerami's double with two on in the last inning being the highlight and the winning stroke.

La Ducer, president of the Chamber, represents the group on the committee.

Other Nutleyites playing prominent roles in arranging for the big event are Eric A. Mayer, general chairman; Michael Querques and former Commissioner Carl A. Orechio, a Past Governor of Passaic Lodge of the the L.O.O.M., co-chairmen for the Nutley; Commissioner Leroy Gundersdorff, William Toto, Governor, Nutley Lodge, L.O.O.M.; Emil Donatello, Frank Romano, Joseph Jeffries, Sam Grande, all active in the local L.O.O.M. Lodge; Charles Rummel and Walter Rasp, Chief and Deputy Chief, respectively, of Nutley Police Dept.; Robert Oliner, Rocco L. D'Ambrosio, David Tucker of Joseph Photo Studios, official photographer for the committee.

Vincent Donohue, president of Nutley Central Little League, a member of the committee, will chaperone the Moose Lodge No. 1935 Little League team at the game. The boys will appear in uniform with "Moose" Skowron on the field during the ceremonies.

Robert J. Citrino, Jr., treasurer of the committee, is accepting cash donations toward a scholarship fund being established in Skowron's name, the proceeds to go to Mooseheart, Ill. Contributions should be sent to Mr. Citrino at 345 Centre Street, Nutley, or to General Chairman Mayer at 6 8 2 Passaic Avenue, Nutley.

Contributions toward personal gifts to Bill should be sent to John D. Ryan, Gift Committee Chairman, 682 Passaic Avenue, Nutley.

The day's activities on August 27 will wind up with a dinner-dance in Bill's honor at the Pudding Stone Inn, Boonton, the profits of which also will go to Mooseheart.

SUN RAYS

In an article in a daily paper on Aug. 11 about the crash in North Brunswick on Oct. 9 in which 11 Trenton State College girls students and a professor were killed, this sentence appeared: "Only after the accident, which occurred when a trailer-tanker truck crashed into the rear of the co-eds' bus on Route 1, was it ascertained that the truck driver had a record of eight previous traffic violations in three states, with none of the states aware of his full record."

In a follow-up story on the Aug. 8 chain-reaction accident on Route 22, Mountainside, the Aug. 11 issue of the same paper had this to say: "The truck driver involved in Monday's chain-reaction accident on Route 22 has a record of eight convictions for driving violations and four license suspensions, Police Chief Christian F. Fritz said."

What a devilish coincidence!

When I came to Nutley to start writing for The Sun, the town was in the throes of a lively (and sometimes acrimonious) debate over the question of allowing more apartment buildings to be erected in the community. There was much being said and printed (especially in this newspaper) about the rustic and pastoral character of the village—and the strong desire to keep it that way.

Although I had my doubts about the validity of some of the more vehement claims to the description bucolic, being new to the area I kept quiet. Now I am glad I did not stick my neck out, for this week I have come upon two items of evidence which place the town squarely where the shepherds would have it.

Both items of proof were observed on Bloomfield Avenue. Near No. 402, at Chestnut Street, diagonally opposite highly modern Radcliffe School, there stands a crop of sweet corn with as much promise of a luscious meal as any I ever have seen in the field . . . and not far away, near No. 331, there is a pile of firewood which sends a shudder of anticipatory cold through you — even though the temperature hovers in the 80s.

Where but in strictly rural and near-farming country will you see sights such as these on a main thoroughfare?

The discussion elsewhere in this issue of The Sun (article on HOSPITAL COSTS) on how community hospitals should be financed recalls to my memory a situation in this field I came upon in Florida a few years ago. A hospital was contemplated. An organization was formed advocating the construction and maintenance of the institution through

Opening "Cinerama" Is Sponsored By Club

Florida bathing belles on skis are among the many attractions in "This Is Cinerama."

The gala opening of "This Is Cinerama" at the Clairidge Theatre, Montclair, tonight, Thursday, Aug. 25, is being sponsored by Montclair Rotary Club, which is donating its entire proceeds to the Boy Scouts Health Lodge and other Scout benefits. The club directors has stated that for this performance only, tickets will be priced at \$5.

"This Is Cinerama" is starting today a long-term reserved-seat engagement, with performances every night and matinees Wednesdays, Saturdays and Sundays.

taxes levied in the immediate area to be served by the hospital. The question was placed on the ballot and, after a sharp battle, the proponents won.

For sometime now the hospital has been operating quite successfully. Four towns are involved. A board of governors representative of these communities manages the affairs of the hospital. The tax is very small—it is computed in mills. As the population of the area grows, the income increases without any rise in the tax base.

Careful administration by the board of governors provides for expansion and the improvement of facilities. There is NO threat of government influence for no unit or agency of government has anything to do with the service. It is, truly, a hospital of and for the people.—S. E. L.

MRS. JOHN J. JENIK

## Merle A. Shaw Marries In Gown Of Her Own Design

Miss Merle Ann Shaw, daughter of Mr. and Mrs. A. Earle Shaw, of 92 Whitford Avenue, and John Joseph Jenik, son of Mr. and Mrs. Joseph J. Jenik, of 15 Hazel Terrace, were united in marriage in a ceremony at Vincent Methodist Church, Saturday afternoon, August 20, at 4 o'clock.

The Rev. R. Webb Leonard, associate minister at Vincent Church, performed the ceremony, and Mrs. Annette Gee, church organist, played, with vocal music furnished by John McLean. The reception followed at Friar Tuck Inn, Cedar Grove.

Escorted by her father, the bride wore a gown which she had designed and made. Fashioned in lines, with a round neckline, and silk taffeta, it featured princess pleats in the back of the skirt falling into a chapel train. The bodice was trimmed with Alençon lace.

A crown of seed pearls and rhinestones held her fingertip veil, and she carried a bouquet of orchids and dahlias.

Mrs. Wallace Miller, of South Natick, Mass., was matron of honor, the bridesmaids included Miss Barbara G. Cameron, of Rumford, Me., and Miss Priscilla Standish, of Spencer, Mass., and the junior bridesmaid was Miss

Beverly G. Gudbrandson, of North Arlington.

Dressed in three shades of blue nylon chiffon over taffeta their gowns had fitted bodices topped with round necklines and cap sleeves. Cumberbunds encircling their waists ended in bows in the back.

They wore large-brimmed tulle hats to match, and carried bouquets of orange dahlias.

Serving as best man for his brother was George Jenik, of Nutley. Ushers were Alan E. Shaw, of Nutley, the bride's brother, and Martin Glowicki, of Irvington, uncle of the bridegroom.

Mrs. Shaw was attired in blue silk organza over taffeta, with matching accessories. Mrs. Jenik chose taupe Italian silk with beige accessories. Each had a white orchid corsage.

A graduate of Nutley High School and Nassau College, Springfield, Me., the bride is a home economics teacher in the Irvington school system. Mr. Jenik was graduated from Nutley High School and Teterboro School of Aeronautics. Recently discharged from the U. S. Army, he is with the Bendix Corporation, Teterboro.

## Mr. and Mrs. M. Garzillo On Bermuda Honeymoon

In a late afternoon ceremony in Holy Family Church, Miss Jean Marie Furnari and Michael Victor Garzillo exchanged marriage vows on Saturday, August 20. Garzillo, of 769 St. Mary's Avenue, Plainfield.

The ceremony was performed by Rev. Michael Saltarelli, of Holy Family Church, with Mrs. Vincent Lessa, music director at Holy Family Church and a cousin of the bride, singing, and playing the organ. The reception was held at The Rock, in West Orange.

The bride was given in marriage by her father. She wore a long-sleeved gown of hand-clippled chantilly lace over silk, with sequin and pearl embroidered roses outlining the scoop neckline and trailing down the front panels of the skirt which ended in a chapel train.

A fingertip veil of French illusion cascaded from a crown of aurora borealis, and she carried a white lace fan adorned with orchids and roses.

Mrs. Alphonse Serio, Jr., of Belleville, was matron of honor. She wore a baby pink silk organza street length dress featuring a scoop neckline and pleated cumberbund. She had a crown of red roses, and carried a pink lace fan with a pink orchid and red roses.

The bridesmaids included Miss Victoria Garzillo, of Plainfield, sister of the bridegroom; Miss Lorraine Utrachi and Miss Joan Furnari, of Nutley, cousins of the bride; Mrs. Frank Paluzzi, of Lyndhurst, and Mrs. Kurt Steckley, of Clifton.

Their gowns were similar in style to that of the honor attendant, in contrasting shades of pink. They had matching headpieces and carried fans of pink roses.

John Mastriana, of Plainfield, served as Mr. Garzillo's best man. Ushers were Fred Tuozolo, of Nutley, the bride's brother; Albert Solomon, of Newark; Arthur Paradise, of New Providence; Anthony Parisi, of Palisades Park, and Ronald Capasso, of Cliffside Park.

The mother of the bride was gown in Periwinkle blue chantilly lace and silk organza. The bride groom's mother was attired

in a willow green embroidered silk peau de soie sheath. Each had accessories to match and a corsage of white orchids.

The new Mrs. Garzillo was graduated from Nutley High School and Montclair State College. She is a speech therapist for the Clifton School system.

A graduate of Plainfield High School, the bridegroom will enter his senior year at Montclair State College in September. He served three years in the U. S. Marine Corps, stationed in Japan.

The couple will reside at 119 Rowland Avenue, Clifton, when they return from a Bermuda honeymoon.

**Knocked Down — But Not Out**

When the Board of Commissioners overruled the Board of Adjustment and denied the application for a variance which would permit the erection of a garden apartment on Church Street, just back of Franklin Avenue, the proposition was knocked down — but not out.

Now the Town of Nutley must contest a lawsuit brought by the applicant for the variance, Frank M. Leo, of 314 Walnut Street, as an aftermath of the action taken by the Commissioners on June 21.

Nutley has shown that it is not against apartment houses as such. It does not want apartment houses in certain places, and it does not want apartment buildings of a certain type, but it is not opposed to them under any and all conditions.

The applications for variances to build a garden-type apartment in the Enclosure neighborhood and to erect a high-rise apartment building at 636 Franklin Avenue were denied by the Board of Adjustment — thus proving that this Board does not say "yes" to all petitions. The request for a variance for a garden apartment at the corner of Centre Street and Union Avenue was approved by the Board of Adjustment — thus proving that it does not say "no" to all applications.

Both denials appeared to be highly popular with the people of Nutley. The Union Avenue request attracted only cursory opposition, which faded when a revision in plans was accepted by the builder.

The Church Street proposal was objected to by some nearby residents — but their arguments did not sound convincing. The evidence for the project outweighed the opposition. The attitude of the governing Board was difficult to understand. The weakness of the opponents to the plan on the Board of Commissioners was indicated by the fact that it took two meetings to resolve the matter — and then by a 3-2 vote.

While we respect the views of those who spoke against the apartments and urge them to make their position known on every municipal measure, we believe the proposed Church Street building could be beneficial to the town in many ways — without being objectionable. We would like to see an amicable method devised for obtaining it.

## Not Deserving Of Protection

When stories telling about the law-breaking exploits of youngsters have appeared in The Sun in recent weeks, the words "names withheld because of the age of the boys" have been included as part of the report.

Juveniles are protected from newspaper publicity by their ages.

This is wrong. The squeamishness which prompts us to spare 15- and 16-year-olds from use of their names in print is no deterrent to the breaking of the law. In fact, it is more likely to be looked upon as encouragement to commit more such acts.

Last week's issue of The Sun told about two young fellows who stole a car and went riding around until stopped in Verona. Boys who are clever enough to steal a car started without the ignition key and who can tell lies with the glibness demonstrated do not, in our opinion, deserve any more lenient treatment than is accorded an adult.

Let it be known that juveniles will be named when they commit crimes and a number of infractions by juveniles will drop. If the promised publicity does not make the youngsters hesitate (al-

though we think it will), parents are likely to become more alert to their children's activities and behavior.

## Thanks To Nathaniel Lewis

Thank God for the alertness and great physical strength of Nathaniel Lewis.

Purely by chance, this driver of a garbage collection truck for Thomas Viola & Son, Inc., happened to be where he was Wednesday forenoon, Aug. 17. By being at the dead end of Lake Street at that time, he was able to hear the cries of six-year-old Mark Lidlow, who was stuck in a storm sewer.

With no loss of time, aided by his great strength, Lewis went to the rescue of the boy and lifted a heavy grating to free the youngster — thus saving him from a fate we do not care to think about.

In addition to the thanks he has received from the young fellow's mother, Lewis is entitled to the thanks of the community as a whole.

## It Doesn't Work Here

There is much to be said in favor of centralization and consolidation of effort. In many instances it can improve service and increase efficiency.

However, in the field of welfare and relief, this generalization does not hold true. Relief is handled by municipalities. Relief is such a delicate and personal matter that handling it locally is far better than turning it over to a county or state agency.

Commissioner Roy Gundersdorff is to be commended for his alertness in having the Board of Commissioners adopt a resolution making known this municipality's opposition to the plan of transferring welfare and relief administration from local hands to a county office.

One by one municipalities are going on record as opposed to the suggested shift. Thus far some dozen Essex towns have taken action. We are happy to see Nutley numbered among them and we hope all the other small communities will join the movement against making the dispensing of financial aid the business of a hard-boiled bureau.

## August, 1960

August, the eighth month of 1960, is half gone. After it has passed, the year will be two-thirds over.

August is the last month of Summer — thus the last complete month of freedom for many youngsters of school age, who must return to school or college in September. In the United States' history, many significant military achievements occurred in August.

On Aug. 19, 1812, the American "Constitution" won its famous victory over the British frigate "Guerriere." The British had held the U. S. Navy in contempt, and the victory of the "Constitution" was something of a shock, and also achieved a boosting of morale among American seamen.

On Aug. 14, 1945, the Japanese surrendered to the Allies and ended World War II, the greatest war in history.

On Aug. 21, 1939, President Roosevelt appealed to Hitler to examine every possible means to prevent the outbreak of general war. Eleven days later Hitler went to war with Poland.

Other historical events, affecting the United States, occurred in August. In 1492, on Aug. 3, Columbus sailed from Palos, Spain, pledged "To sail until I should reach the Indies." Columbus, however, was not the first man to reach this hemisphere — for the Vikings had, much earlier, already reached North America.

Herbert Hoover was born on Aug. 10, 1874, at West Branch, Iowa. He was the 31st President of the United States.

Robert Fulton's steamboat, "Clermont," sailed up the Hudson River from New York City on Aug. 11, 1807. Benjamin Harrison, 23rd President of the United States, was born at North Bend, Ohio, on Aug. 20, 1833.

## Very Much a Part of Community

Actually, it is only three years ago this month that Clara Maass Memorial Hospital began operations in Belleville. So much progress has been made by the institution in that short span, and it has become such an intimate part of community life, it is difficult to realize that so little time has passed since the hospital's doors opened.

It is almost impossible to realize, too, that there was opposition to the hospital at the start . . . that there were those who thought it was not needed.

Think back and you will recall that there were patients waiting for the doors to open — that the first baby born in Clara Maass was literally waiting on its doorstep.

The brief history of this embodiment of humane service shows that the demands on its personnel and facilities grew faster than anyone had foreseen. When it opened, only part of Clara Maass' plant was ready for use; it was felt the rest of the building could be furnished "sometime in the future." However, the need for all that the hospital had to offer became apparent quickly, and the expansion program had to be speeded up.

There no longer is any question about the usefulness of the hospital or its vital part in our life. If any doubts still linger, turn to the record and learn about the number of men and women who have been treated, of the close to 4,000 babies who have been born there, of the load of emergency care which has been carried and of the many other ways in which Clara Maass has met its purpose: to heal and to spread knowledge of good health practices.

Nutley learned early of the tremendous value of Clara Maass and it has been learning more and more as the months and years passed.

No greater measure of the place this institution has come to occupy in the hearts of Nutley people need be offered than the number of our residents who give of their time and effort voluntarily to keep the hospital's many-faceted services in perfect operation. An item in The Sun a month ago, for example, mentioned that 95 Nutleyites were serving as volunteers there — as nurse's aides, as receptionists, as couriers, etc., etc.

Clara Maass is a part of our local picture — an important, a big part. It occupies a warm spot in the hearts of our people. It is wanted, it is appreciated and it will be aided, when aid is needed, to the fullest extent of the ability and resources of our people.

## AGREES WITH MONACO

(EDITOR'S NOTE: The following is a copy of a letter sent to Commissioner A. Theodore De Muro. It was submitted for publication in this column.)

I read, with interest, the copy of a letter written to you by a former employee of your department, Anthony Monaco, in last week's Nutley Sun.

As you know, Mr. Monaco and I were co-workers in the Department of Parks and Public Property and, having been exposed to the humane manner in which your predecessor dealt with town employees, I can appreciate how Mr. Monaco feels — especially about his vacation pay.

I would like to add my own "gripe" if it's any consolation to Mr. Monaco. I feel I, too, was

treated pretty shabbily since you were elected.

Under the previous administration I was employed as the general foreman on a temporary basis, pending civil service examination. As such I was in charge of and responsible for the operation of the entire department's work in the field.

After the election and until illness forced me to the sidelines, you did not extend me the common courtesy of an interview. As a matter of fact, you got the word around that I would be demoted to a job "in the parks" at a \$1,300 reduction in salary.

I subsequently consumed my sick time and took my vacation while still ill—and there, too, I feel you did me out of a few vacation days, writing me that the method of determining vacation time was your prerogative.

To finally conclude your dictatorial attitude in my case, you refused to let me have a six-month leave of absence so that I might fully recover from my illness. This, in my opinion, smacks of a lack of "common decency." I was a town employee

literally 24 hours a day—what gratitude! It just didn't pay to be conscientious. I can see now why many of my fellow-town employees called me a fool for working so hard. They were right.

In conclusion, I think that in conducting yourself as you have since you assumed office, you have done much to destroy incentive. Several good town employees (among them at least three veterans) in the Department of Parks and Public Property have either lost their jobs or have been demoted under the worn-out guise of economy.

This is a sad commentary.

Very truly yours,

## Beck's Column

Although we wrote lately several times about color and we don't like to repeat the same topic too often, the most frequently asked question these days is: What about color? For this reason we are going to answer once again today what most customers want to know.

Did color sets get cheaper? No, they did not and will not in the foreseeable future. As far as the electronics industry is concerned, this means the next 2 to 3 years. Everything better costs more and color TV is so much better than black and white, there is no comparison.

Has there been anything new in color? Nothing significant. Don't forget that we have 21" color TV sets for 5 years. The bugs have been out already 5 years ago, because they went out with the 12" and 15" color sets. There have been constant little improvements, the same as on other products. Today's color set is a very good piece of equipment. It has to be for the requirements of color reproduction and there is no reason why it should not. The manufacturer charges enough money for color sets and he can afford to build them with great care and the best of material, so why should there be any trouble. And this is the answer to the third question that most people ask. The fact of the matter is that we had less trouble with color sets during the last few years than with many black and white sets. The writer and our technicians like color sets because they cause so little trouble. Many servicemen tell you color is no good and all kind of other nonsense. This is because they don't know how to service them, they fell asleep and did not keep up with developments. We have serviced color sets right from the start and we like them.

If you can afford to spend the additional money we can only recommend to buy a color set. It is most important that you make sure you get the service from a competent technician. Improper service and initial adjustment is the only reason for a color set not to function properly.

# Historical Scenes Of Hospital's Growth In Belleville

**THE OLD HOSPITAL** - Originally dedicated as the German Hospital in December 1870, it served the residents of Newark with distinction for nearly 90 years. During that time, it achieved many "firsts" in the field of medicine. The hospital was renamed Clara Maass Memorial in 1952 in honor of the heroic nurse, Clara Louise Maass, one of the first graduates of its School of Nursing.

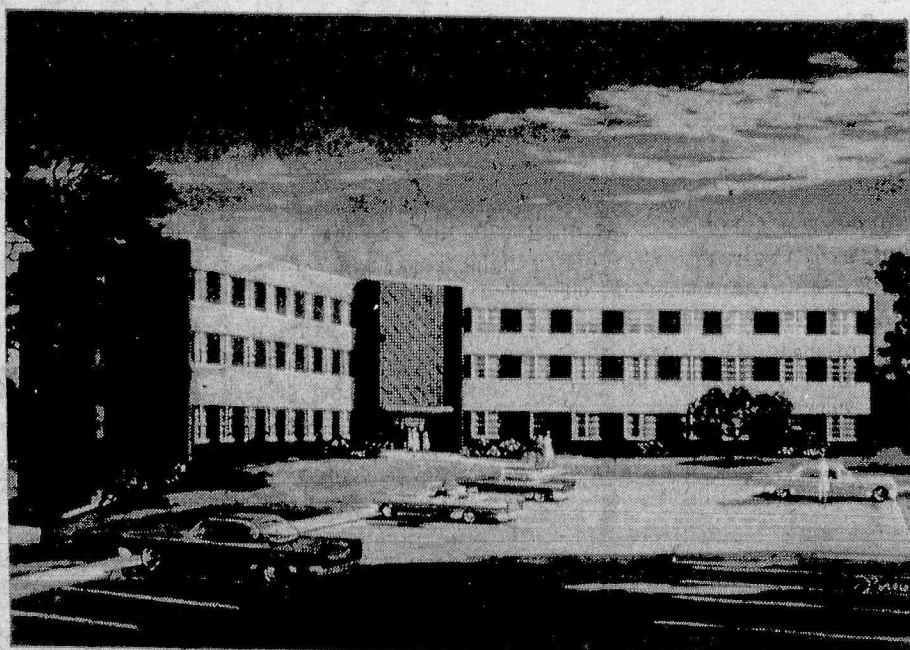

**BOARD OF TRUSTEES** - This volunteer group of busy businessmen determines the policies of the hospital. They give unselfishly of their time, talents and money. John F. Kidde, prominent Belleville industrialist, is President of the Board, and Archie C. Barbata, President of the Bank of Nutley, is Vice President and Treasurer.

**THE NEW HOSPITAL** - This 300-bed hospital, one of the finest in the State, has received more than 30,900 patients since it was opened in August, 1957. Approximately 4,900 more persons were treated in the Emergency Department and returned to their homes. These figures show that it has been filling a vital need in this area, as a health center.

**GROUND BREAKING CEREMONY** - Signalling the start of construction of the new School of Nursing John F. Kidde, President of the Board of Trustees, assisted by Evan H. Thomas, Trustee-Chairman of the Nursing School Committee, turns over the first spadeful of earth. Others in the foreground (l to r) are Henry Pfaff, Trustee; Raymond Platt, Architect; R. E. Remondelli, M.D., President, Medical Staff; Miss E. H. Hamilton, Director of School; and A. H. Oberg, Director of Hospital.

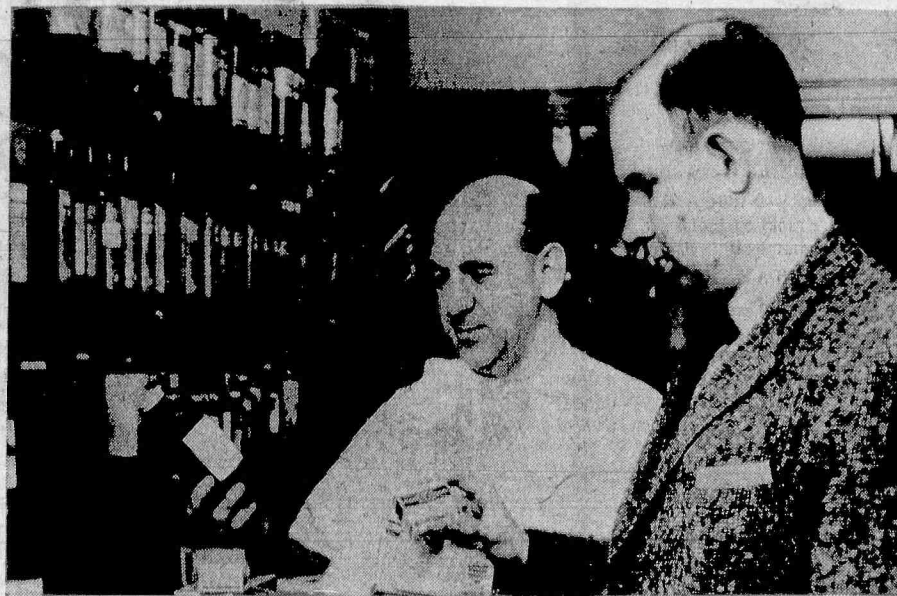

**NEW SCHOOL OF NURSING** - Construction of the new building was started in May and will be ready for occupancy in the summer of 1961. The new school will accommodate 100 students, one-third more than the present capacity. The School, founded in 1892 and one of the oldest in the State, provides a three-year training course for qualified high school graduates.

**STUDENT NURSES** - The present Freshman Class poses following the Capping Ceremony in May marking the successful completion of their Pre-Clinical Training - the first milestone on the way to a nursing career. In September, 20 students will graduate as nurses and a new group of 30 girls will begin the three-year course of training.

**EMERGENCY OPERATION** - Members of the Nursing and Medical Staff at the hospital bring into operation the Cardiac Pacemaker to provide electric heart stimulation for a patient who has just suffered a heart attack. This specialized device in one case restored the heartbeat of a patient who had literally expired three times within a period of 24 hours.

**POISON CONTROL UNIT** - To provide prompt and effective emergency treatment for residents in this area, the hospital opened a poison control center in 1959. While not generally known, more children under 5 years of age die from the effects of accidental poisoning than from all other children diseases combined. Dr. Robert Mulvaney and Chief Pharmacist Henry P. Guerino are shown here checking in supplies.

**CENTRAL SUPPLY** - One of the least known by the general public but still one of the most active and important departments of the hospital is Central Sterile Supply where all utensils, equipment and dressings used for patient care are sterilized. The staff is composed of both salaried and volunteer workers.

**VOLUNTEERS** - A recently instituted service which is actually a part of the Courtesy Shoppe of the hospital is the mobile care which takes a miscellaneous assortment of items direct to the patient floors. The two Junior Volunteers shown above, part of a group of 70 Teenagers working at the hospital during their summer vacation are making a sale to patients on the Maternity Floor.

**BABY SITTING** - Approximately 70 Teenagers enroll in this course each year. The three students shown here are receiving instructions in baby care from Miss Henriette Van De Wal, R.N. of the hospital School of Nursing staff. The students, both girls and boys, come from all of the communities served by the hospital.

**DOCTORS' PANEL** - Dr. R. E. Remondelli, Chief of Staff, and several members of his Staff form a panel at one of the many meetings held during the year by the Medical Staff to discuss modern medical techniques and advances in medical science. More than 340 doctors in the local communities served by the hospital are members of the Medical Staff.

# Colonels Regain Top Spot As Season Nears Its End

By defeating the league-leading East Orange Sovereigns Sunday at East Orange and the East Orange Browns in a night game Monday, Aug. 22, the Nutley Colonels regained first place by a full game.

There are five more games to be played by both of the top contending teams, and the Essex County League championship for 1960 awaits the swifter and tougher of the two.

Sunday's 6-4 win gave the Colonels the edge and the 9-7 victory Monday evening gave the local boys a more comfortable lead.

Sunday's game was notable for the slam-bang introduction of a new member of the Colonels' squad -- Stan Pitula. Stan pitched the entire game and chalked up a three-for-four record at the plate, batting out a single, a double and a triple. He scored two of Nutley's six runs.

Junie San Giacomo, manager-player, also had a happy day at bat, getting three singles, two of them accounting for runs.

Others who wielded a forceful bat were Salerno, Edelstein, Goodman with singles, Bob Clayes, another new player, two singles, and Skibiak with a homer. Losing pitcher was Wolfarth. The Sovereigns got to Pitula for ten hits.

The Monday night affair was a see-saw contest, with another new hurler, Kingsland, being presented to the fans by the Colonels and Skibiak relieving Kingsland after four innings, getting the win. Losing pitcher was Tez.

In the initial frame, Nutley got three runs when Salerno singled, San Giacomo singled, Ippolito walked, Cherniak walked, forcing in a run. Edelstein was out on a fielder's choice, Salerno was out at the plate and Clayes singled in two runs.

Cherry opened the Browns' half with a homer, but there was no more scoring and the tally stood at 3-1.

In the next frame the Colonels were stopped cold while East Orange got three, making the score 4-3 for the Browns.

Fidelstein homered in the third to tie the score.

In the fourth, East Orange went ahead with two counters. It was the Colonels' turn in the sixth and the score was tie again at six - all.

The seventh was an active inning and it saw the last scoring. Skibiak, pitching, doubled, San Giacomo did the same, scoring Skib. Ippolito got on base through an error. Chesnick doubled for another run and Ippolito came in on another error. Thus was the score run up to nine, where it remained. The Browns managed a run in this stanza and so the count stood for the rest of the game.

awarded her Bachelor's degree. She also holds a Master's degree from Teachers College, Columbia University. Miss Fujinaka is not the first teacher from our newest state to join the staff of the Nutley schools; there have been two others at the elementary level. In addition to being very fine teachers, they have had the added advantage of being able to provide first-hand information about a part of our country with which the average student is unfamiliar. Student and parent reaction has been excellent.

HAROLD SCHNITZER will join the guidance staff of Nutley High School in September. He is a graduate of Montclair State College, from which institution he holds both the Bachelor's and Master's degrees. During his tour of duty in the Army Air Force he spent two years in India. He formerly taught in Ruthford and in Newark. His home is in Orange.

THOMAS SUMNER OLIVER, JR., has been appointed as a teacher of English in Nutley High School beginning in September. He holds a Bachelor's degree from Hamilton College, Clinton, N. Y., and a Master's degree from Teachers College, Columbia University. He is a veteran with two years of service in the U. S. Army. His home is in Summit.

Born in New York City, she had resided there until coming to Nutley five years ago. She is survived by a sister, Miss Agnes G. Casey, of Asbury Park. Funeral services were held from the Stanton Funeral Home, 661 Franklin Avenue, with interment in Calvary Cemetery, Brooklyn.

"Isn't it wonderful, what man can do?" But when looking at man's work, we often overlook the Hand of God. Man harnessed the power in this great dam, but God created it. Long before man discovered the turbine or the electric motor, God placed the power at man's disposal.

God is the source of every one of man's inventive and ingenious undertakings. He gives us the natural resources and the intelligence to use them. And He wants us to use them constructively.

Our Christian faith teaches us of God's power and the vastness of its scope. It teaches us the right use of these blessings, so that life may be enriched by them. Go to church and learn God's plan of love for us and our fellowman. It will mean a better world for all of us.

## Manzella Tours Nation's Military Installations

Cadet Staff Sgt. Anthony C. Manzella, Jr., son of Mr. and Mrs. Anthony C. Manzella, of 315 Nutley Avenue, has returned to the Air Force Academy in Colorado Springs, Colorado, after a 26-day leave. He has completed his first year at the academy.

CADET A. C. MANZELLA

Prior to his leave, Manzella went on a six-week tour of military installations across the country, including army and navy posts. He visited Wright-Patterson Air Force Base in Dayton, Ohio, where he observed the air research and development command; Tinker Air Force Base in Oklahoma City, to see the workings of the air materiel command; "the shopkeepers" of the air force; Hamilton Air Force Base near San Francisco,

for a view of the air defense program; George Air Force Base in Victorville, Calif., for a briefing on the Tactical Air Command, and Strategic Air Command bases in California and Arizona.

In addition, his Class of 1963 went to Ft. Benning, Ga., to learn about the army's job in the defense set-up and how the work of the different services is integrated and to Alameda Naval Air Station in California to see how the navy fits into the total picture.

Biggest thrill for the cadets was flying jet planes. Although they have not had actual flight training yet, they were taken up

by pilots in dual control planes and allowed to man the controls while they flew at supersonic speeds 47,000 feet up in the air.

Anthony, a graduate of Nutley High School in 1959, was appointed by Rep. Peter W. Rodino (D-10th Dist.). He has been on the Superintendent's Merit List for the second semester.

While on his tour of the Naval Air Station in California, he met Lieut. (j.g.) Gubitosi and in Arizona Robert Mosher, both graduates of Nutley High School.

MR. AND MRS. V. GRAHAM DOWNING and family, of 35 Raymond Avenue, visited Whiteface Mountain Memorial Highway during a recent trip through the Adirondack region of New York State.

# Born In Ambulance

The two amateur obstetricians and driver who assisted Mrs. Flossie Lamarr in the birth of her fifth child in one of Nutley First Aid Squad's ambulances Monday morning of this week are shown above. They are, from left: Police Officer Harry Austin, who drove the vehicle; Mrs. Margaret Davey and Lt. Silvio Di Gregorio, First Aid Squad members who attended the woman.

For the first time in its eight years of service to the community, Nutley First Aid Squad aided in the birth of a child in one of its ambulances.

The incident occurred Monday morning, Aug. 22. The ambulance was dispatched to 53 Passaic Avenue as the result of a police call. Here the crew found Mrs. Flossie Lamarr about ready to give birth.

The woman was hurried into the vehicle and the start was made for Columbus Hospital, Newark. When the ambulance had reached the Soho Hospital area in Belleville, the ambulance attendants were called upon to serve as obstetricians. A boy was born who later was found to weigh eight pounds, two ounces.

until about 1963, when a noticeable decrease is expected. Staff vacancies are expected to be filled by Sept. 1, as only one vacancy exists at this time. A new teacher has been added to the Washington School and three new positions have been filled at the high school to meet the needs there for increases in enrollment in English, mathematics and foreign language courses.

The quality of applicants this year has been higher than for the past several seasons, Dr. [Name] noted. A larger number of teachers with successful experience will join the staff and has been true in the last few years, he said.

dead on arrival at Perth Amboy General Hospital. Mrs. Eleanor Keenoy, 58, of 389 Springfield Avenue, Newark, a passenger in the other car involved, succumbed at the hospital to injuries suffered in the crash.

In fair condition were John Johnson, 41, of 18 Garden Place, Clifford, driver of the second car, who suffered chest injuries, and Mrs. Keenoy's husband, John, 64, another passenger. He suffered cuts on the face.

Madison Township police said Walder apparently lost control of his car as he was traveling south on Route 35. His car skidded on the slippery highway and allegedly struck Johnson's car broadside.

Surviving the soldier besides his parents are two sisters: Mrs. Gail Young of Bethany, W. Va., and Miss Pamela Walder, at home; his maternal grandparents, Mr. and Mrs. Robert S. Fenimore of St. Petersburg, Fla., formerly of Nutley, and his paternal grandparents, Mr. and

ley Lions Club, in addition to its various civic, charitable and patriotic activities, is work among the blind and those with defective eyesight.

The work has progressed since the club's inception 35 years ago. Approximately 14 years ago, the group's Eyesight Conservation Committee inaugurated a program of school children's vision screening in all public and parochial schools in Nutley, the first town in the state to have such a program.

Under the club's visual achievement program, children who are having difficulties in their studies and whose parents cannot provide the required attention are referred by the schools to the committee for aid.

William F. Brazil has served many years as chairman of the club's Eyesight Conservation Committee, and presently is chairman also of the Union, Essex, Morris and Warren Counties district for work among the blind.

In addition to working with

youngsters, the Eyesight Conservation Committee is instrumental in supplying eye glasses, eye examinations and eye operations for those who cannot afford hospital, Kearny.

Mrs. Frank Sandola, of 97 Beech Street, is convalescing at home following surgery performed recently in West Hudson Hospital, Kearny.
