

Law Would Shut Barbers Wednesdays

Public Hearing Tuesday In Belleville Town Hall

Public hearing on an ordinance which would force all barbershops to close every Wednesday is scheduled for next Tuesday's session of the Belleville Board of Commissioners.

The ordinance was introduced at the last meeting of the commissioners and four months after the commissioners were confronted by the Belleville Master Barbers' Association which favors passage of the proposed law.

Back in June, the commissioners refused to introduce the ordinance which would force barbers to close each Wednesday. Mayor Isadore Padula in June told the barber association's president, Salvatore L. Vecere of 360 Belleville Avenue, that if the law were passed, "it would be the same as if we told the A&P that it must close every Tuesday."

When Vecere noted that some neighboring towns have already introduced barber-closing laws on their books, Padula commented that these municipalities "were probably pressured into passing the ordinances by petitions."

The mayor also asked Vecere, "Do you see any difference between a barber and a butcher? Why should we tell one when to close and not the other?"

In June none of the commissioners expressed any desire for a barber-closing ordinance to be introduced. Commissioner Grubin said, however, that he would go along with an ordinance forcing shops to close one day a week providing the day was left unspecified and up to the discretion of individual barbershops.

"What's the basis of weekday closings anyway?" Grubin asked at the June meeting. "I can see

Red Cross Drive For Volunteers 'Disappointing'

The drive for Red Cross volunteers was "disappointing," Mrs. Herbert Tucker has told The Belleville Times. Mrs. Tucker is chairman of the Belleville Red Cross Chapter's office of volunteers.

"To date only three women have volunteered," Mrs. Tucker reported with the hope that perhaps "more women who have seen the recruiting booth and have taken literature to study at home will be offering their services later."

Volunteers are needed for the chapter's nurses aides, gray ladies, motor service and canteen. The Belleville Red Cross Chapter is a member of the United Fund.

The recruiting booth at the Shop Rite market was manned by the following women: Mrs. Ludwig Pesa, Mrs. Lester Simpson, Mrs. Kenneth Cary, Mrs. Harriet Topping, Mrs. Willard Strange, Mrs. Robert Metcalf, Mrs. Thomas Patterson, Mrs. Arthur Price and Mrs. Walter Sinclair.

Kiwanis Club's Bandage Depots Close Saturday

Only two days remain before the close of the Belleville Kiwanis Club's drive for all kinds of white goods. The material collected will be turned over to the Essex County Cancer Society which will wash, sterilize and finally use the cloth to make bandages.

Several "collection depots" throughout town are collecting material including bed sheets, pillow cases, linens, shirts and so forth. Condition of the material is not important nor does the material need to be washed before it's turned over to the Belleville Kiwanis Club.

In 1959 the club collected 20,000 pounds of goods and the goal this year is the double the amount.

Bundles too large to handle will be picked up by members of the Kiwanis Club. For such assistance telephone any of the three following numbers: Plymouth 1-0017, 9-3106 and 1-0877.

Sen. Donal C. Fox Shows Interest in Revolutionary Transportation Proposal

TRENTON — A proposal that government provide public transportation in Belleville and other similar suburban cities and towns is presently being studied by the State Attorney General's office. The Belleville Times learned today.

The proposal was made by the Belleville Chamber of Commerce and was presented in detail to Sen. Donal C. Fox by the chamber's board of directors late last month.

Basically, the plan proposed by the Belleville Chamber of Commerce is for a governmental agency to provide needed bus transportation "where private capital refuses to accommodate the needs of citizens."

Harry T. French, executive director of the Belleville Chamber of Commerce, reviewed the public transportation problem in a letter received by Sen. Fox. French notes that "in the old days" bus routes were developed as feeder lines to the county seat, or Newark.

But French adds that "with the development and expansion of the suburbs into greater residential areas and the simultaneous development of community shopping centers, the existing public transportation facilities were inadequate to service the community's citizens and merchants."

The Belleville Chamber of Commerce maintains that a "round-town, in-town bus facility" is required to properly provide transportation to service a community's citizens desiring to shop at a community shopping center.

According to the chamber, bus companies won't establish such a community service because of financial reasons. The Belleville Chamber, however, has stated it is "convinced a transit authority created to operate a round-town, in-town bus facility would not be a deficit operating unit."

SCHOOL BUS
One suggestion the chamber suggests be given study is the possibility of incorporating the transit authority plan with school bus routes—thus reducing transportation costs to school boards and so forth.

A second suggestion is that the proposed transit authority be given permission to operate express buses to main cities, such as Newark in Belleville's situation. Such a proposal would apply the profits from the morning and evening services to pay for the daytime around-town service.

NOT ONLY BELLEVILLE
As the proposal was received in Trenton, it became evident that the Belleville Chamber of Commerce believes the outlined lack of in-town public transportation is not a problem unique to Belleville but is a problem shared by most suburban communities in New Jersey.

Sen. Fox has asked Attorney General David D. Furman to investigate the legality of the proposals suggested by the Belleville Chamber and to render an opinion of a course of action in the future. Sen. Fox has asked specifically for suggestions to amend any state statutes which would interfere with legislation authorizing community transit authorities such as the one suggested by the Belleville Chamber of Commerce.

Mrs. Thomas To Publish Book of Poems

Mrs. Evan Thomas of 153 New Street, as recently reported in this newspaper, was selected to head the recently organized United Presbyterian Women of Fewsmith Presbyterian Church, uniting all women's groups in the church.

Her selection was a wise one, for Mrs. Thomas brings to the position an unusual degree of understanding and compassion. A successful wife and mother, an uncommonly gifted poet, she has long been a dedicated leader in the town's church, PTA, civic and charity affairs.

An excerpt from her writings perhaps best describes Mrs. Thomas, wife of Belleville's Superintendent of Schools and a leader in her own right in the town's civic and social affairs.

In a bit of prose entitled, "My Goal", Mrs. Thomas wrote, "As a mother, may I be remembered as a great woman. Great, not because of material things, but because I possessed the qualities of unselfishness, gentleness, firmness and understanding. . . and carved upon the hearts of

my family and friends impressions depicting a proud, yet humble, woman who knew no title

other than 'mother', but bore it magnificently."

"TENDER"
Mrs. Thomas will be remem-

bered not only for her accomplishments as a mother, but for the warmth and beauty of her poetry for which she has won renown. In the foreword to Mrs. Thomas' forthcoming book of poems, "Musings", Dorothy Kilgallen and her husband, Dick Kollmar have written, "Claire Thomas' poems are humorous, they are tender, they are musical, but best of all they touch a chord in the heart; they warm . . ."

"Most of us never get to see the Taj Mahal; we need reminding of all the loveliness to be found inside our doors. Claire Thomas helps us see it, and makes us glad for it. For this gift, many people will be grateful to her."

A direct descendant of Mary Todd Lincoln, the charming wife of the head of Belleville's public school system was born in Staunton, Virginia and was graduated from Mary Baldwin Seminary and Dunsmore Business College in Staunton. She has been writing poems since the age

the religious reasons for closing on a Saturday or Sunday, but why a Wednesday?"

Vecere said his group wanted the ordinance adopted because "we want a five day work week." A survey disclosed that no barber shop in Belleville was open more than five days a week.

Vecere has been using the argument that a state statute exists which legalizes barbershop closing ordinances but leaves the adoption of such laws entirely up to municipal governments.

ONE BARBER

It has been reported that 20 of 21 barbers in Belleville approve passage of the ordinance. The 20 barbers close on Wednesdays now—one barber in town stays open Wednesday and closes on another weekday.

Penalties for not closing if the ordinance is passed next Tuesday would \$5 for the first offense, \$10 for the second and \$20 for the third with up to 10 days in jail.

Mrs. Thomas Preparing New Volume of Poems

(Continued From Page 1)

of nine when two of her efforts, "The Snow" and "Evening" were published in the Richmond, Virginia Times - Dispatch, a daily newspaper.

Since that time, numerous poems by Mrs. Thomas have appeared in various publications, including The Belleville Times-News and its sister Newspaper, The Nutley Sun. A selection of her works, "A Recipe for Manhood", appeared in "Nuggets", the Golden Jubilee book of the New Jersey Parent - Teacher Association published in the Spring of 1950, and the Wheeling Poetry Society of Wheeling, W. Va., also cited Mrs. Thomas' work for special commendation.

One of the highlights of the local woman's literary career was the inclusion of two of her poems in A. L. Alexander's book, "Poems That Touch the Heart," published by Doubleday & Company in 1941. Alexander, producer of the television show, "Court of Human Relations" and an NBC news commentator, selected Mrs. Thomas' "Treasures" and "Heart Wounds" for his book which has seen 28 printings, the last publication in November, 1958. Over 360,000 copies of the book have been sold to date.

On Mr. Alexander's Mutual Network program on Sunday, February 19, 1950, Mr. Alexander also read "Heart Wounds" as part of his program.

WISHES SUCCESS

The late Edgar A. Guest, when asked by Mrs. Thomas to evaluate her work replied on March 27, 1950, "I can only say to you that you should keep on writing. I have read the enclosed bits; liked some better than others, but found none to criticize or to quarrel with. I want to wish you the success you deserve."

Mrs. Thomas has followed Guest's advice, for she is presently engaged in collecting and writing her own book of poems which she hopes to have published shortly.

The energetic Mrs. Thomas' interests are varied, in addition to her writing efforts. A Belleville resident since 1945, she served for two years as a member of the board of managers of the Essex County PTA, and two years as president of School No. 3 PTA. She authored a play which was adopted as a PTA theme and used by the board of managers of the State PTA for wide distribution throughout New Jersey. She also staged monologues and impersonations all over the state in behalf of PTAs.

Her interests in civic affairs are diversified, having served as chairman of the woman's division of the Cancer Drive, assisted with Red Cross, United Fund, Clara Maass Memorial Hospital and March of Dimes campaigns.

An active Republican, "Claire" as she is more familiarly known in town, served as vice - chairman of the Belleville Eisenhower for President Club and as chairman of the Forbes for Governor Club. She was secretary to the Belleville Citizens Zoning Protective League, and served as a member of the Essex County Grand Jury.

Mrs. Thomas has mothered two children, Mrs. Cynthia Thomas Bossard of Livingston, and a son, Evan Thomas, Jr., a freshman at Fairleigh Dickinson School of Dentistry in Teaneck.

Mrs. Bossard, a graduate of Mary Washington College of the University of Virginia, has a son, Thomas Hughes Bossard.

Evan Thomas, Jr.'s pre-dental studies were taken at Lafayette College, Easton, Pa., and Fairleigh Dickinson, Rutherford. He served for two years in the Armed Forces, 15 months in Korea.

Despite her busy schedule, Mrs. Thomas still finds time to make her own clothes, reupholster furniture and do her own housepainting and decorating. An enthusiastic bowler, she is an organizer and a member of the Olympic Bowl 200 Club. Her most

recent games were 200, 209 and 215.

A TRIBUTE

A tribute to Claire Thomas, the woman, as well as Claire Thomas, the poetess, is reflected in a testimonial from Mrs. Noney Landry, secretary to the nationally known authoress, and lecturer, Mrs. Durand Taylor. Mrs. Landry wrote "... The spiritual beauty of your perception as well as the very real understanding that comes from a heart reflecting love, is surpassed only by your beauty of expression and simplicity of style. To be able to articulate as you have done, that which is so close to all our hearts, is indeed a God given quality for which I know you must be deeply grateful."

Local Hospital Guild's Annual Fashion Show Planned For Nov. 5

IF BOSS CAREY WINS EVERYBODY LOSES

GOOD GOVERNMENT goes to pot when Bossism and Political Patronage take over. That's what's happened in Essex—for 40 years one of the best governed counties in America.

Talk about Tammany Hall in New York. Talk about Boss Kenny in Hudson County. We've got a Boss in Essex County, Dennis Carey, who completely runs the county government through his Democratic stooges on the Board of Freeholders. And he runs the county with an iron hand.

Boss Carey knows that the one way to oil his political machine is to pass out plums. Never mind the poor taxpayer. To stay in power, Carey knows he has to take care of his political cronies. And the Democratic majority on the Board of Freeholders do as they are told. They *have* to.

Under Carey's orders, the Democratic Freeholders created new top echelon jobs, costing Essex taxpayers thousands every year.

Four lawyers are now employed in the county legal department to do the work formerly done by one County Counsel.

Boss Carey's publicity man doubles as an "executive aide" to the County Supervisor at \$9,000 a year.

A career employee in the Finance Department was shoved aside to make room for a political cohort of Boss Carey, at \$16,000 a year. The County Purchasing Agent was replaced by the head of a Newark political club at \$12,000 a year, and so that he would not be overworked a Newark Democratic politician, already on two payrolls, was made his assistant at \$8,000 a year. Boss Carey's secretary and two other faithful Democrats were added to the payroll of the Democratic controlled Mosquito Commission.

Never let it be said that the Democratic Freeholders have been unfaithful to their Boss. But never let it be said that they have been faithful to the best interests of the people of Essex County. In a short two years, they have increased the county budget by a fat \$5,000,000—an increase of approximately 14%.

Let's restore good government to Essex County.

FALL

The following poem "Fall" was written by Barbara L. Baxter, nine-year-old granddaughter of Mrs. Harry C. Baxter of 14 Bremond Street, Belleville:

Leaves are changing colors,
Gold, brown and red.
Birds are flying south
And animals going to bed.

Birds are saying
We cannot stay for fall,
"Goodnight, goodnight to all."

Oh, fall, fall I'm glad you're here
The weather is changing
Changing the year.

A Board of Education Obligation

Members of Belleville Board of Education have an obligation to the community's children and parents to give them the best educational system possible, consistent with the taxpayers' ability to absorb the cost.

Currently the Board of Education is developing plans calling for a referendum on the construction of a new high school for Belleville. This would bring with it a switch from our present K-8-4 school system to a K-6-3-3 system. Translated the, K-8-4 system simply means one year of Kindergarten, eight years of elementary classes and a four-year high school. The K-6-3-3 provides a one-year Kindergarten, six years of elementary school, three years of junior high school and a three-year high school.

Our citizens will be asked to vote on the question next year, in either April or May. Meanwhile, the Board of Education is under obligation to explain to the voters the facts — all the facts — concerning the proposal. A simple statement to the press will not suffice. Because a whole system is affected, greater detail is required. Brochures must be prepared and distributed to every taxpayer, parent and voter.

To properly prepare and disseminate this material will require an expenditure of public funds. No right-thinking citizen will contest this expenditure. We support the Board of Education in its desire to place the entire story before our citizens. The Board wisely realizes the public has a right to know how it is proposed to spend taxpayers money — and why.

In selecting Allan H. Crisp as chairman of the Citizen's School Building Advisory Committee, the group made an excellent decision. Mr. Crisp always has been in the forefront fighting for a better Belleville. As a civic leader who enjoys the confidence of the community, his reports will carry the weight of respectability and responsibility. We applaud his selection.

Your Date With Destiny

We believe most of our citizens plan to vote on Tuesday, Nov. 8, for the presidential candidate of their choice. In the current campaign we believe the most important issue upon which to base a choice for President is the question of our foreign policy.

The success or failure of our foreign policy will pretty much determine the metes and bounds of our domestic policy. Friday evening both major candidates, John Fitzgerald Kennedy and Richard Milhous Nixon, will appear on television in the last of their four debates to discuss their personal views of our foreign policy.

We believe the impression these men make upon TV viewers will have a vital bearing on the destiny of the world — whether we shall live in a world totally free or totally slave. The fate of America

— and the world — will be in the hands of the person elected President of the United States on Nov. 8.

It is a duty of good citizenship to vote intelligently — considering the major issues and the candidates' attitudes regarding them and then casting your vote as you believe best for America.

We urge our readers to make a date with "destiny" Friday night and spend the 7:30-8:30 hour before their TV sets. It may well be the most fateful hour of our lives.

Helping To Get Out The Vote

Saturday, Oct. 29, a sight to open the eyes and touch the heart of all America will take place throughout the nation. A parade of uniformed Scouts will hang Liberty Bell reminders to vote on 40 million doorknobs. Apartment buildings, pleasant homes, humble cottages and rustic farmhouses will all display the Liberty Bell placard brought by five million Cub Scouts, Boy Scouts and Explorers.

This mass distribution day will be the high point of the third Get-Out-The-Vote campaign sponsored jointly by the Boy Scouts of America and the Freedoms Foundation, Inc., of Valley Forge.

Naturally, our own Robert Treat Council, which participated so actively in the two previous vote campaigns of 1952 and 1956, will be in there pitching for this banner event of Scouting's Golden Jubilee Year.

It is anticipated that more than 5,000 Cub Scouts, Boy Scouts, Explorers and their leaders from Robert Treat Council will participate in the distribution event and other activities dramatizing the American heritage of the right to vote.

It is a heart-warming thing in these days that sometime shakes our optimism to see the youth, our future citizens, uniting in a vast civic project to benefit the nation.

If this great non-partisan venture were just a matter of hanging get-out-and-vote messages on front doors, it would be a superficial undertaking. But Scouting is always first concerned with the development of character and unselfish service. The increased numbers of voters will be an important result of the Get-Out-The-Vote campaign, and these results will be counted after Nov. 8.

But the greatest achievement of the 1960 National Good Turn will be impossible to measure — the increase, in a sense, of civic responsibility on the part of the voters — and the boys themselves. Our thanks to the Boy Scouts of America and to the Freedoms Foundation.

The United Fund

Once again each of us is face to face with the age-old question: "Who is my neighbor, who, according to God's commandment, I must love as I do myself?"

Contributors to The United Fund of Belleville know the answer. To them it is a child suffering from cerebral palsy who, through the help of the Cerebral Palsy Center, is able to salvage something from a life shattered by this dreadful disease; a family kept together by the help of the Family Counseling Service; the mentally ill lost in an unreal world brought back to reality; boys and girls set upon the path to good citizenship through the wholesome Scouting programs; and the aged and the ill-comforted.

They do not pass by on the other side of the road, nor do they ask about the color, creed or background of the less fortunate, but, like the Good Samaritan, they stretch forth a helping hand, sharing just a little of their abundance that others may be happy.

Belleville's United Fund Campaign is now in full swing. Everyone who lives or works in Belleville should give his full share. The life you help may be your neighbor's.

Pertinent Observation

UP SPEAK

"Speakup" is a column provided to permit members of the community to express their views on topics of local interest. Letters would be submitted by Thursday noon to be considered for the following week's issues. All letters should be typewritten and double spaced. The Belleville Times will not print letters received with the request that signatures be withheld. All letters appearing in "Speakup" must be signed.

Supports Scientists

To the Editor,

I raise my voice in the matter of Linus Pauling, victim of today's version of McCarthyism—the Eastland-Dodd attempts to use their power in the United States Senate's Internal Security Sub-Committee to force Mr. Pauling to turn over to them the names of those scientists who helped circulate petitions calling for an end to nuclear testing, as well as the Sane Policy Committee's membership lists.

This personal harassment of Linus Pauling has already resulted in a petition signed by 167 members of the faculty of the University of Pennsylvania, asking that this harassment cease.

It started immediately following the collapse of the Summit Conference over the clumsily handled U-2 incident and continues in the face of efforts of world powers to renew the talks. One wonders just what is in the background of the Committee's actions, that they persist in violating the constitutional right to petition to this extent.

After all scientists are citizens too. As such they have constitutionally endowed inalienable rights to their opinions as well as the right of petition.

Mr. Pauling is a Nobel prize-winning chemist with a mind trained to analyze and evaluate. There is no logical basis for assuming, as some do, that these attributes which are valuable to him as a chemist could not be equally useful in other fields requiring judgment. In point of fact, it is this trained ability which causes us to rank scientists among our most valuable citizens.

In this broad land of the "free" even the least among us has his opinions, and works for them. He believes in by expressing his views and petitioning for a hearing or any other legal means, without interference.

Why not scientists? To paraphrase a slogan from our forefathers' fight for the rights which are being violated today: Disintegration without Representations is Tyranny.

Presley's Haircut

To the Editor:

The Army made no secret of the kind of haircut Elvis Presley would have upon induction into the service—a winsome sideburn nor a

recalcitrant forelock — unless, perhaps he pulls a "special assignment" deal in the entertainment department. If he's a soldier, he'll have to dress from head to toe as a soldier—to act like one and put on the Army dress and discipline can be applied to school.

Five thousand school principals meeting recently in Washington, heard a Buffalo, N. Y., administrator outline the approaching end of "ducks" fewer T-shirts and dungarees; Buffalo's high school students are obeying a voluntary code of "appropriate" dress for school attendance. Extremist party clothes are discouraged, as well as the too informal. This wide-spread trend as evidenced in New York, can be found in our local high schools as well. Only a small minority lean towards outlandish styles of dress—those who try to act big, because, in so many other ways, they are small.

The whole idea boils down to this—we tend to act the way we dress. If we dress for play, then we'll want to play; dressed for a dance, we'll act in the mood; in our Sunday best, our actions show the reverend youth at church.

A casual but conservative attire (ivy-league, for example—as the "best dressed" voting showed) is the best style conducive to a studious frame of mind.

Miss Yolanda Via Bride In St. Anthony's Church

Miss Yolanda Via, daughter of Mr. and Mrs. Giuseppe Via of Padire Acri, Cosenze, Italy, was married on Sunday, October 16, to Antonio Iannetti, son of Mr. and Mrs. Ernesto Iannetti of South Giorgio, Alire, Casinone, Italy. Her double-tier silk illusion veil was held by a Swedish pearl crown and she carried a bouquet of white orchids and stephanotis.

The honor attendant and bridesmaids were similarly attired in street length dresses of silk peau de soie fashioned with scoop necklines, short sleeves and side draped effect in the skirts. The maid of honor's dress was in beige and the bridesmaids' in emerald green. Each wore a bow headpiece of the same material with a short veil.

The flower girl's short, taffeta dress with a double-puff skirt was in a lighter shade of green. Her headpiece was similar to the other attendants. The honor attendant and flower girl carried cascades of bronze mums and Autumn leaves and the bridesmaids carried yellow mums and leaves.

After a trip to the Poconos, the newlyweds will make their home at the Nutley address.

"Our school buildings are becoming more inadequate each year," Mrs. S. Violet Rochau, school board president, told Thursday's session of the James G. Shawyer PTA.

She reported she favors the building of multipurpose rooms at the Shawyer School and at school one. Frank A. Spotts, Shawyer principal, noted that a multipurpose room would be used for community in addition to school activities.

JARMAN INTRODUCES

"Evershine" leather

world's first leather with a "built-in" shine

"Evershine" is an amazing leather — a historic "first" in footwear. Just a few whisks with a brush or cloth remove dust and dirt and restore the lustrous shine. Think of the time, trouble and expense you save! "Evershine," the result of a brand-new Jarman tanning and finishing process, is a two-way winner: (1) It repels dust and dirt and moisture; (2) It requires only a simple cleaning and buffing with a soft dry cloth or brush when shoes do get dirty (damp cloth is better if extra dirty). We are proud to be among the first to offer Jarman styles made of this unique new "Evershine" leather (exclusive with Jarman in men's shoes). Come in and try a pair, for long-lasting good looks.

GOOD CITIZENS WANT GOOD GOVERNMENT

The overwhelming majority of the American People want good government.

They are entitled to good government.

We must elect to office men and women who understand the value of the taxpayers' dollar—men and women who understand that our county has no money of its own and what the county spends is wrung in taxes from the toil of our workers.

Our ever increasing county tax is of the deepest concern to the home owner; to the business man; to everyone, in fact.

We must never lose sight of the fact that about 25% of the taxes we pay on our homes and other property goes to support our county government.

For 40 years we had clean, efficient government.

Our Essex County government was a model for the whole nation until two years ago, when the Democrats attained a majority on the Board of Freeholders.

Under the present leadership of the Democratic party, many things have come to pass which deeply disturb our citizens. Apparently the actions of some of our Democratic officeholders are guided more by a desire to build

up a political machine than to serve the best interests of the County and its citizens.

Our county budget, in two years, has been increased by approximately \$5 million. The Democratic Freeholders have raised their own salaries to \$10,000 a year—a raise which our Republican candidates are pledged to rescind. Lucrative jobs have been created for the favored few.

We live in a fine county; I always have been proud to be a resident of Essex. We are entitled to clean, responsible government in our county. We should not settle for less.

We must defeat the Democratic county candidates. We must elect men and women devoted and pledged to good government.

The Republican Party in Essex County is offering an excellent ticket. I commend them to you. Our candidates are men and women of ability and integrity. They, every one of them, are dedicated to restoring clean government to our county.

I urge you to vote for them to insure good government.

Belleville Smashes Newark West Side, 30-7

Richie Luzzi on 55-Yard Punt Return

Frank Annichiarico Scores Three Touchdowns Saturday; Luzzi Returns Kickoff for TD

BY DOM GIOVACHINO

Belleville High, after being humiliated at the hands of Nutley 34-0 two weeks ago, unleashed a deadly offensive along with an immovable defense, Saturday, to crush West Side High, 30-7 at Belleville Municipal Stadium.

The victory was Belleville's first, after three defeats, and was also a scoring breakthrough, since the Bellboys previously had been held scoreless for 12 consecutive quarters.

Frank Annichiarico's three touchdowns and Richie Luzzi's one gave an indication that Belleville's highly rated backfield has finally gotten on the beam. Previous to this game, the backfield had not been appreciably outstanding, except for Sheridan's TD pass in the first game. Incidentally, George Sheridan, the quarterback, tossed another TD pass in Saturday's game.

Of course the Bellboys have been up against top powers in their opening three games and their talents were not given the opportunity to show until the team was more evenly matched.

In the first quarter Belleville had penetrated to the West Side 11. Two losses, however brought the ball back to the 26, where a Sheridan pass was intercepted ending the threat to West Side.

GOOD BREAK

Early in the next quarter, the Bellboys took a poor punt by Jim McHugh that went out of bounds on the West Side 28 and in four plays picked up their first tally. Frank Annichiarico made the score, on a 13-yard run around left end. Richie Luzzi's placement was blocked.

West Side was unsuccessful in their following three plays, McHugh punted again and the ball rolled out of bounds on the West Side 35. After one incomplete attempt, Sheridan completed a toss to end Sal LoCoco who went over for the Score. The conversion attempt failed.

West Side again was stopped cold three plays later when the visitors were forced to punt again. This time the punt was straight and was returned to the Belleville 44. On the sixth play from scrimmage, Frank Annichiarico slammed through left tackle and scooted 43 yards for his second score. Luzzi's third attempt for the extra point failed.

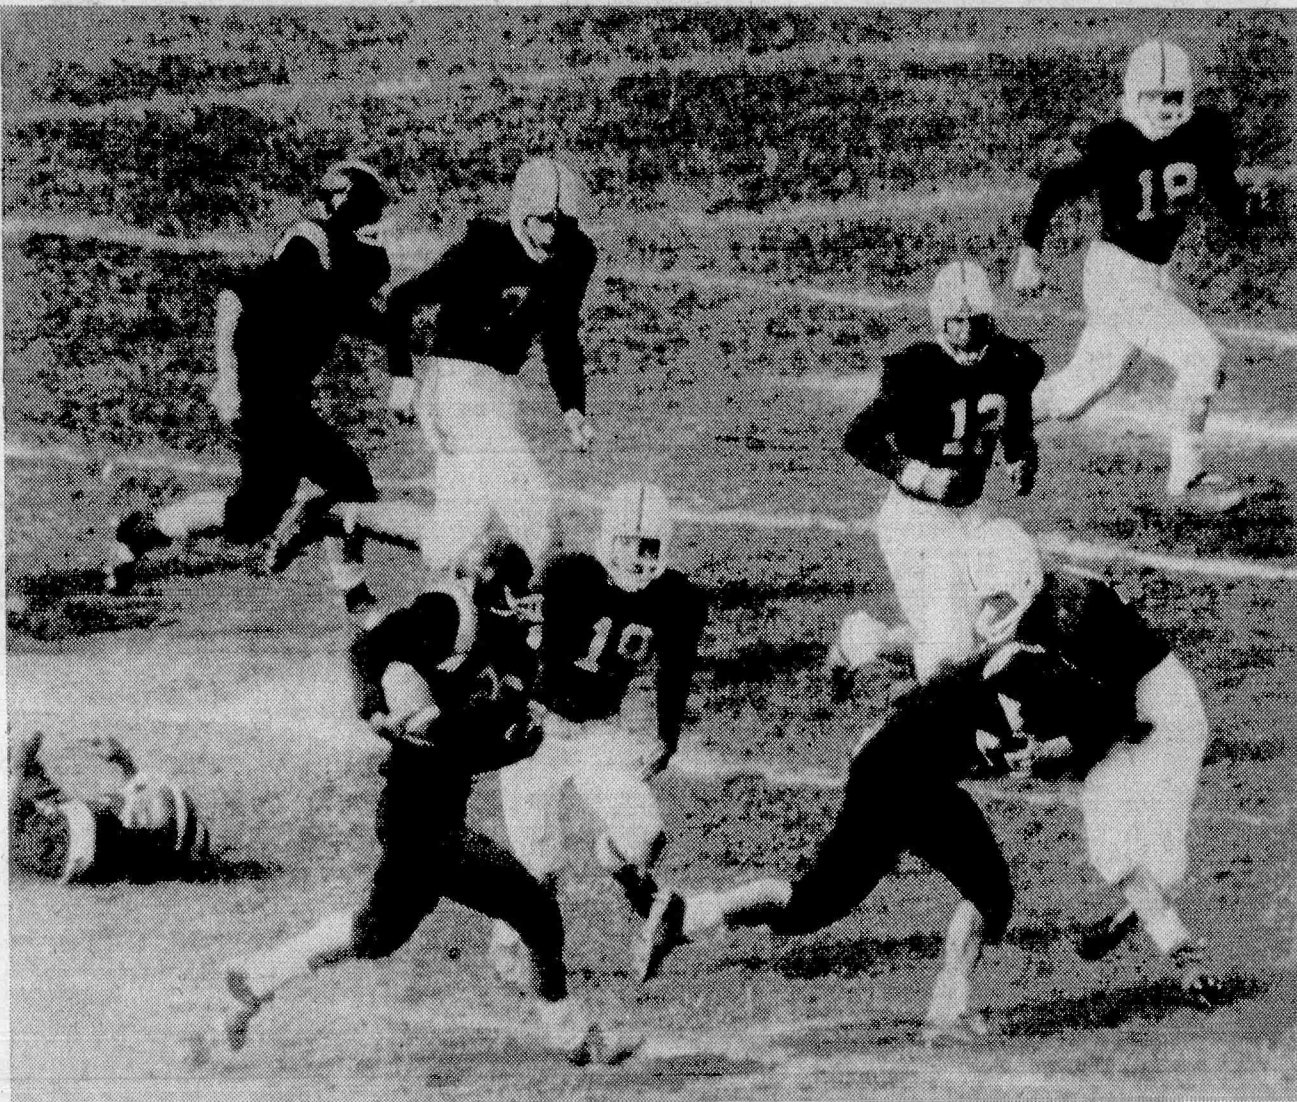

After West Side received the second half kickoff, they were forced to punt three plays later, from their own 14. The ball was caught by Richie Luzzi on the

Rough Riders' 40 and handed off to Frank Annichiarico on a criss-cross play who ran 40 yards down the left sideline for the TD. The placement again failed.

55 YARD PUNT RETURN

A while later in the period, McHugh was back to punt again. This time Luzzi took it on the

ed the fans with a 41-yard run-around end as he was brought down on the West Side 25. A few plays later, quarterback Ken Zarro added to the excitement as he tossed to Frank Zinna in the end zone for what seemed for an instant to be his first TD pass, but the ball just slipped

TOUCHDOWN: This 55-punt return by Belleville's Richie Luzzi (22) highlighted Saturday's game. Luzzi, a sophomore, above scoots around left end with the punt-return while teammate Fred Partus rams West Side player at right in a key move. Belleville player in upper left is George Sheridan. West Side players rushing toward Luzzi are Jim Sarandoulis (74), Bob Taylor (19), Tony Battiatto (12) and Jim McHugh (18). (Photo by White).

RICHIE LUZZI

FRANK ANNICHARIKO

Belleville 45, faked a handoff to Annichiarico, and carried it into the end zone, 55 yards away. Luzzi picked up some good interference on this play by Fred Partus, Al Iacullo and George Sheridan. Luzzi then missed his fifth conversion try from placement.

In the final period, Coach Ed Berlinski put in his JV squad, and they did a fine job. Fullback Stan Tomaschewski excited the fans with a 41-yard run-around end as he was brought down on the West Side 25. A few plays later, quarterback Ken Zarro added to the excitement as he tossed to Frank Zinna in the end zone for what seemed for an instant to be his first TD pass, but the ball just slipped

through Zinna's fingers bringing many sighs from the Belleville stands.

West Side finally scored in the final minutes, on a 65-yard drive. Halfback Jones picked up the score on a five-yard end run, while Jarmolowitch's kick was good to make it 30-7. The big play here, though, was a thirty-yard sprint by Jim McHugh, setting up the score on the Bell-boy 26.

Unbeaten Mt. Vernon Eagles Will Face Dukes Here Sunday

BY JOHN BASILE

The undefeated and powerful first place Mount Vernon Eagles invade Belleville Municipal Stadium Sunday, October 23, to engage the much-improved Belleville - Nutley Iron Dukes in an Eastern Football Conference tilt. The Eagles are the most colorful aggregation to come to town this season and feature the magnificent running of Johnny Counts, Art Smith and Richy Austin, coupled with the deadly eye passing of Jim Reese at quarterback. On defense they feature the biggest man in the league six-foot, four-inch 325 pound tackle Bob Kessler.

The Dukes have added a new faces and, with the return to action of some of their injured, they will present a formidable crew to face the league leaders.

John Pucciarelli, Babe Conforti and Babe Owens return to the backfield, while tackle Bob Shotwell also returns. New linemen include: Bruce Damphig, 210 - pound tackle; former West Side High tackle, along with Gene Mitchell, 225-pound former West Side star at one of the linebacking slots. Augie Longo, 165-pound speedster and safety man has been added

also. He attended VMI before joining the Dukes.

Their lineup is studded with ex college luminaries, among them: Reese from the University of Minnesota, Smith from Hofstra, George Kandelores from Hofstra and Counts from the University of Illinois. Reese was the first string QB in 1958 for the Golden Gophers, while John Counts was the starting left half for the '59 "Fighting Illini" and returned a punt for a 90 yard TD last season against Purdue.

Starting offensively for the Dukes will be: Lou Borelli and Bob Marcy at the flanks, both top-notch receivers; Fred Sperduto and Jack McCabe get the nod at tackles; Pat McCabe and Ken Jacobsen at guards, with Jay Easterday at center. The backfield will consist of Cary Wills, a threat on the option be-

Cross - Country Has Bad Week

BY ROGER WARTELL

Belleville's cross country team lost both its meets last week, to West Orange by the score of 24-31 and to Irvington 22-33. This brings the Bellboy's record to 4-6 with only four meets to go. Two of the four will be against tough competition, so the Bellboy harriers are going to have to work in order to finish above 500. This week, the Blue and Gold will face Bloomfield at Brookdale Park and Nutley at home.

In the West Orange meet the Belleville team made a nice showing against a strong squad. Running on their own course, the opponents took first place with Bob Rothenberg in 13:54. Ernie Steffanelli was second for Belleville in 14:06. In fourth place was Bob Babb who was two seconds behind Stefanelli. West Orange went on to take the next two places with Jim Harvey taking seventh for Belleville in 14:41. Next was George Bauer who was timed in 14:51. He was followed across the finish line by Bob Cornish and Ron Simmons.

WEST SIDE

The Bellboys then went to West Side Park Friday to compete against Irvington. The Blue and White proved too good for the Bellboys as they took four out of the first five places. First over the line was Jack Schram in the time of 13:13. One second behind him was his Irvington teammate Harry Jones.

Stefanelli was the first Bellboy to finish as he took third place with a 13:44 clocking. Irvington took the next two places with Dave Haywas 13:50, and Bill Anlis 13:56.

Sophomore Jim Harvey came in sixth for Belleville in 14:14. He was followed by Bauer, Cornish, and Babb all of Belleville.

Iron Dukes Rout Alviks; Munford Scores Twice

The Belleville - Nutley Iron Dukes, flashing brilliantly at times, rolled over the huge Jersey Alviks, 26 - 14 last Sunday at Belleville Municipal Stadium, before a disappointing crowd of about 950 fans.

The victory was a thunderous answer to critics of the Dukes and fitting preparation for Sunday's contest with the undefeated and league - leading Mount Vernon Eagles, who are out to avenge the 14-0 setback handed them by the Dukes in exhibition play last August. The victory was the third for the Dukes in league play against a like number of losses, while the unlucky Alviks went down to their fifth loss in six outings.

Fullback Chuck Munford was the scoring leader with two touchdowns on runs of 62 and ten yards) while Ron Gasparinetti, continuing to sparkle, scored on a 30 - yard pass from Cary Wills. It remained for Frank Barnes to turn in the crowd pleaser of the day - an 81 - yard punt return to give the Dukes the lead in the second quarter. The Alviks scores were registered by Roy Thompson on a 29 - yard pass from Stratford Judge and

Little League's Annual Party Set For This Evening

Belleville's Little League will hold its annual party tonight in the Knights of Columbus Hall, 94 Bridge Street. The event starts at 7 o'clock.

George J. Lister, Little League secretary, reports that tonight's party has been "expanded" over those of past years to include the parents of players.

Trophies and other awards will be presented and New York Yankee player Bill "Moose" Skowron will be among the guests. Officials from the National Little League organization will also be present.

And The Crowd Went Wild--and Then Wilder!

ALMOST BUT NOT QUITE: Walt Smith (center) by a split second let the ball pass thru his hands on what almost was a touchdown play. The three players above are all in the end zone when Smith missed this toss from Belleville's quarterback George Sheridan. Two West Side players are Jim McHugh (18) and Bob Taylor (19). By PHIL WHITE

One of Belleville's more devoted sport fans, Hugh Kittle, principal at Belleville High, has been hospitalized with a sudden illness. We join his many friends in wishing him a speedy recovery.

This Sunday's Iron-Duke game with Mt. Vernon promises to be the best Sunday show of the season in the Belleville Stadium. The game is also financially important to the home squad--so for two excellent reasons why not join us for the encounter this weekend. Perhaps those Iron Duke fans who have been hoping to see Bill Perelli, "second string" quarterback, throw a pass will have their wish come true. Miracles are more apt, some say, to happen on a Sunday.

Because of the added excitement of the Iron Duke game this Sunday, the Belleville team turned down an offer by Mt. Vernon to play the game on the opponents' field. Something like \$1,500 was promised the Dukes if they went along with the rescheduling—but they didn't and the really big clash of the season will take place here and not there this Sunday.

By DOM GIOVACHINO

High School coach Ed Berlinski did a bit of juggling with his line Saturday, working Tom Perry, Lou Mazza and Fred Valse. It has been reported that the team worked extra hard for the game with West Side and tried with the Bellboys' outstanding showing and we're hoping they carry over to this weekend.

Richie Luzzi and Frank Annichiarico were the first backs to score this season for the Blue and Gold. Annichiarico's tally in the second period broke a scoreless streak of 12 quarters. Annichiarico now has top scoring honors with 18 points, LoCoco has 12 and Luzzi has the remaining six.

Entries Sought For Talent Show

Entries are now being accepted for the annual Essex County CYO March of Talent contest. The contest is limited to vocal and instrumental performers only and will be held in two age divisions, junior and senior.

Each parish has been encouraged to hold its own talent night, entering the six best in the county contest. Entries close Oct. 31. The contest will be held the week of Nov. 7.

Film On Stamps Available At P.O.

Postmaster L. A. Reilly of the Newark Postal District announced today the availability of the Post Office Department's new film, "Our American Credo".

"The American people use 27 billion adhesive postage stamps a year at a cost of more than one billion dollars," Reilly said. "The stamps used yearly are actually silent salesmen for the American way of life, a picture gallery of the glories of the United States."

"Postage stamps depict in miniature our famous men and women, noted events in our history, our organizations, our wonders and recently have emphasized our recognition of those of other lands who have fought for freedom from oppression. . . and stressed our beliefs."

It is these "Credo's," the beliefs of great Americans, which serve as the basis for the film, "Our American Credo". In addition, other highlights of the film show how stamp designs are chosen, the action taken by the Postmaster General's Citizen's Stamp Advisory Committee, the significance of the "Champion of Liberty" stamps and many other interesting and important facets of stamp selections.

All civic, business, social and fraternal organizations, churches and educational institutions located in the Newark, Belleville, Irvington and Nutley area interested in seeing this film may write or call the Cooperative Mail Section, Newark Post Office, Newark 2, N. J., Mitchell 2-2022, Ext. 325.

A premier showing of the film will be seen on television Station, WNTA-TV Channel 13, Newark, on Tuesday, October 25, at 8:45 a.m.

Annichiarico Scores First TD

SATURDAY: It was a big day for Frank Annichiarico who scored three times on the Stadium field. Above Annichiarico (at far right) leads the pack running toward the goal posts in the second period when he drove 13 yards for the touchdown. Chasing him are West Side's Carl Grossman (85) and Pete Cogan (82).

It's Modern Football!

It doesn't quite look like a football field — but the camera caught these unusual poses as Belleville's Richie Luzzi (left) and West Side's Lee Coleman (right). An amazed Carl Grossman (85) looks on probably wondering who's going to land on whom. Picture was taken in the second quarter as Luzzi caught a West Side punt and began its return.

Junior Varsity Squad Clobbers West Side Team, 31-6, Monday

BY ROGER WARTELL

Coach Al Estey and his JV wonderboys made it four straight when they beat West Side Monday 31-6. The junior varsity game followed much the same pattern of the varsity contest two days earlier. The Bellboys capitalized

on poor West Side punting to score three touchdowns. The other two came from drives starting inside West Side territory.

Belleville's first score came early in the first quarter when the Bellboys marched 42 yards in eight plays. Stanley Tomaszewski crashed over from the six to put Belleville out into the lead.

Later on in same period the Bellboys racked up their second touchdown with the final play being a Zarro to Byers pass good for seven yards.

A blocked punt enabled the Blue and Gold to make it 18-0

at the end of the half. Starting out from the West Side 25, the Bellboys moved in for the score. The touchdown was scored by Richie Zarro on a quarterback sneak.

Although leading comfortably at the half, Belleville continued its offensive pressure to assure a safe victory.

After West Side lost the ball on downs on their 40-yard line, Belleville's offensive team once more grounded out a touchdown. The Bellboys moved the ball down to the West Side 15-yard line where Zarro threw his second TD pass to Bob Byers. This time the try for the extra point was successful.

Belleville's last scoring play came after West Side fumbled on its own 26-yard line. Six plays later Tomaszewski plunged over from the three.

West Side's only tally came late in the fourth quarter as they took over on the Belleville 26-yard line and scored two plays later.

Iron Dukes Rout Alviks, 26-14

(Continued From Page 9)

Bob Jones of the Alviks recovered Chuck Munford's fumble on the Iron Duke 38 late in the first period to set the stage for the Alviks first score. Barron swept his end for 3 yards, before Judge hit Malachi on the 28 for a first down. Judge's pass was incomplete and Barron was thrown for a one yard loss, as the first quarter ended. The Alviks tied the score on the first play of the second period as Judge found Thompson all alone in the end zone and hit him with a perfect pass to tie the count at 6 - 6; Szuch's placement gave the Alviks the lead at 7-6.

A few plays later, Don Simonovich punted 46 yards to the Duke 19, where Frank Barnes gathered in the spiral on the run and cut towards the left side line. Don Munford threw a tremendous block to spring Frank loose and he sped down the sidelines with Bob Castelli's crushing block on the Alvik 40, giving the former Benedict's flash daylight. Frank did the rest outrunning everyone to the goal line. Marcy's kick was wide leaving the score at 12-7.

Simonovich punted to the Duke 33 with one minute to play in the half. After Gasparinetti moved for 5, Chuck Munford swept his left end and started to ramble. At midfield he suddenly burst loose from both his blockers and the Jersey defenders, racing the rest of the way untouched for a 62 yards T.D. scamper. The first half time ran out while Chuck's run was in progress. Marcy's placement was true to up the Dukes lead to 19-7.

The Alviks moved 47 yards to a touchdown in the third quarter chiefly on the passing of Judge to Malachi, the last pass covering 21 yards to the Iron Duke 3. On the next play Barron bolted over his own left tackle for the score. The snapback for the conversion was high, but Barron simply swept his left end for the extra point, leaving the Alviks behind only 19 - 14 at this juncture.

Wills ramblbed for 62 yards on a keeper to the Alvik 20, just after the kickoff, but a fourth down pass to Borelli on the first play of the final canto left the ball short of a first down on the 14. Tom Appicella, a bearcat on defense all day (he made 75 per cent of the tackles) then pilfered Judge's pass on the 23, and he returned it to the 14, setting the stage for the final touchdown. Gasparinetti (there's that man again) carried to the 10. Chuck Munford then cut off tackle, was hit four times, shook loose each time and raced into the end zone. A beautiful fake kick, with Bob Marcy taking the direct snap, scored the 26th point as he hit Lou Borelli in the end zone for the conversion.

Joe Brooks, who hasn't played much almost broke loose on the next to last play of the game, finally being stopped on the Alvik 35.

HOUSEHOLD RUBBISH

cause of his speed and passing ability, at Quarterback. Ron Gasparinetti, who has come into his own as both a scoring threat (via the pass) and a ground gainer, and Don Munford fast and a jolting blocker, at the halves, with brother Chuck, the Dukes leading ground gainer, at full back.

Defensively the Dukes will most likely go with Bob Castelli and Perry Mayers (very impressive against the Alviks) at the ends; Dom Pomponio (the immovable one) and Nat Revis at tackles; Gerry Skidmore at middle guard, and Tom Appicella ("They shall not pass"). Bob Paganelli and Gene Mitchell as linebackers. Bo Munford and Barry Desprez at the halves, along with John Pucciarelli (former Nutley speedster) at safety.

Card of Thanks

FINDING IT IMPOSSIBLE to thank everyone personally, we would like to use this means to express our sincere appreciation to those who aided us when our beloved Mother, MARGARET RYAN, was fatally injured Aug. 28, 1960. Our sincere thanks especially to the Police and Ambulance force, the staff of Clara Maass Hospital and to our dear neighbors from Cortlandt and Stephens Streets, whose generosity and kindness will always be remembered. Our appreciation also for all those who remembered us with their condolences.

Commissioners Unanimously OK Barbershop Law

Barbers in Belleville, must close Wednesdays according to an ordinance unanimously adopted by the board of commissioners Tuesday night. The new law has been the subject of lobbying by the Belleville Master Barber's Association since early June.

In other business Tuesday, commissioners listened to a line of citizens complaining of individual problem consisting mostly of rehased versions of stories already told of the Rutan Estates and Fairway Avenue communities.

Pre-Election Meeting At 9:30 a.m. Nov. 7

Because of election day, November 8, the commission meeting usually held on the first Tuesday of the month has been postponed to 9:30 a.m. Monday, November 7. The change was incorporated in a resolution adopted Tuesday night.

The pre-election meeting will be held in the commission chambers on the second floor of the town hall as usual.

Kennedy Wins HS Poll And Bubble-Gum Tally

Two presidential polls taken in Belleville this week, an organized straw vote in the high school and a somewhat less orthodox survey involving bubble-gum sales, agree in predicting Sen. John F. Kennedy's election next month.

The outcome of the three presidential polls at Belleville High School have been correct; the surveys showed Truman over Dewey and twice indicated Eisenhower's strength over Stevenson.

Rep. Peter W. Rodino, Democrat, led the pack in the high school where he was given 1,098 votes to Alphonse Miele's 314. The only Republican surviving the high school ballot is Sen. Clifford Case who out polled his opponent, Thorne Lord, 758 - 623.

KENNEDY-NIXON

Sen. Kennedy drew 898 votes to Nixon's 523, or about 63 per cent of the total vote. There were 1,421 ballots cast.

Belleville High's Junior Democratic Organization is much stronger than its Republican counterpart. Headed by 17-year-old Joseph Vuono, who naturally is pleased with the poll, the organization has been highly

School Enrollment Consumer Purchases Census Survey Topics

The U. S. Department of Commerce has been asking questions of Belleville citizens during its October Current Population Survey. Purpose of the survey is "to determine how many children are enrolled in school, level of schooling and similar facts," according to Arthur F. Young of the bureau's regional field office at New York City.

A number of Belleville families have been asked special questions on consumer plans to purchase automobiles, television sets, washing machines and refrigerators.

Various phases of the speech program now taught in the elementary grades were discussed in an informal presentation given by Miss Jeanne Tanase and Mrs. Iris Ross, speech instructors.

The two instructors stressed the importance of the school's receiving parental cooperation in correcting speech deficiencies. They told the school board that approximately 350 pupils are referred to the speech department.

Garfield Game With Belleville Here Saturday

Victory number three is Belleville High's goal this Saturday afternoon when Coach Bill Gattas' Garfield High football team bounces into the Municipal Stadium for a 2 o'clock kickoff.

Belleville would even its record at 3-3 if the Bellboys down Garfield; Garfield will come to Belleville Saturday with the big grin left over from the team's routing Paterson Central 33 - 0 last weekend.

The Jaycees have no connection with the Jaycees.

County Takes \$1,119,478 In '60 From Belleville

Which cuts deeper into the local property tax dollar—county or municipal government?

A breakdown of the statewide figures show that of 22 Essex County communities, nine pay the county a levy exceeding the municipal appropriation.

In Belleville, the 1960 general property taxes needed to run the town hall are \$1,853,766 while the amount Belleville pays to the county is \$1,119,478.

As county expenditures soar, increasing shares of the local tax dollar are being taken for support of county government. In nearly 250 New Jersey municipalities, the local tax collector takes more taxes for the county than for his municipality.

Under New Jersey law, county government reaches into the local property tax pocket for its principal financial support. Each year, after the county estimates its costs, the municipalities within its borders are billed their share of the total. This is prorated on the basis of the equalized share of property within each municipality. The municipal tax collector then collects the county tax along with school and municipal taxes in one billing.

Chairman Says Only 15% Of Total Goal Is Reached; Response Worse Than 1959

The Belleville United Fund campaign is depicted as a discouraging and disappointing effort by its chairman, John Noonan who had much to say on the subject today.

Noonan notes that three weeks have gone by since the campaign opened and reports that "our progress report to date reflects achievement of less than 15 per cent of our goal." Last year at this time the drive was already 25 per cent toward its goal.

The chairman blamed difficulty in obtaining volunteer workers and failure of contributors to give a reasonable amount as the basic factors resulting in the campaign's lack of progress to date.

Noting that the United Fund represents 12 different agencies, Noonan says that "too many people are still giving \$1.00 which results in a gift of eight cents per agency."

Speaking on behalf of the United Fund Board of Trustees, Noonan told The Belleville Times, "I fervently hope that our goal will be reached so that the innocent victims who are serviced by the 12 agencies without regard to race, creed or color will not be made to suffer the loss of desperately needed aid due to lack of funds."

The complete text of Noonan's remarks made today follows: **POOR PROGRESS** "Three weeks have passed since the Belleville United Fund began its 1961 campaign. As president of the Board of Trustees of the Fund, it was my hope that I might be able to report that our progress was such that our goal of \$90,700 would be well on its way to being fully reached. Unfortunately, such is not the case. Our progress report to date reflects achievement of less than 15 per cent of our goal. At the same time last year, we had received better than 25 per cent. The results in all divisions are poor, and I feel compelled to examine and report the reasons underlying our failure to date. Primarily, we have had difficulty in getting volunteer workers to participate; the same handful of dedicated citizens has responded, but we have fewer workers than last year."

"Moreover there have been withdrawals on the part of some of our contributors. (Continued on Page 11)

Increased production costs have caused the need to increase the price of The Times. The newsstand price went up from five to ten cents on September 29—the first time this newspaper has raised its price in more than 23 years.

On July 2, 1937 the price rose from two to five cents per copy. At that time the yearly subscription rate was hiked from one to two dollars—the same price this newspaper can be purchased for until next Tuesday.

The two-cent newsstand price and the one dollar annual subscription cost was established in 1879 by the predecessor to The Belleville Times-News, The Belleville Bulletin.

Chamber Membership Up; List Names of Directors

Harry T. French, executive director of the Belleville Chamber of Commerce, today released a list of the organization's directors and complied with several requests made to the chamber's Washington Avenue office for the information.

French also announced today that 11 more firms recently joined the chamber. French's remarks today also expressed gratitude to the Vestry of Christ Church, Belleville which has passed a resolution giving its support "wholeheartedly" to the chamber of commerce.

NEW MEMBERS

The new members of the chamber include Belleville Rosery, 302 Washington Avenue; Wallace and Tiernan Co., 25 Main Street; The Primerica Co., 56 Mill Street; Greylock Esso, 597 Washington Avenue; National Yeast Corp., 810 Mill Street; Kiernan's Funeral Home, 101 Union Avenue; People's National Bank and Trust Company, Washington Avenue.

Also, The Clara Maass Memorial Hospital, Franklin Avenue; VanDyk and Company Inc., Main and William Streets; The Sonneborn Chemical and Refining Corp., Hancox Avenue, and the DeWitt Savings and Loan Association.

Recreation Department Plans Costume Contests

Not one, but two Halloween costume contests are planned this year by the Belleville Recreation Department. Commissioner George F. Kiernan, director of parks, reports that one contest will be held at school four playground and the second contest will be at the Municipal Stadium.

All ghosts, goblins, cowboys and Indians in town are asked to assemble at either place Monday, October 31 promptly at 4 p.m.

Five prizes will be awarded at each location and treats will be provided for all children entering the contests.

Christmas Seal Drive To Open

Commissioner Nuncio Pico of the Belleville Nutley Tuberculosis Association, stated this week that Christmas Seals will be received in the mail next week by residents and industries of the two towns. This is the 24th annual Christmas Seal sale, he said and 14,500 appeal letters with Seals will be sent out. It is estimated that \$12,000 will be needed to continue the Association's services during the coming year.

Comm. Pico who is Health Commissioner in Belleville advised that the funds raised by the Seal sale are the only means of support of the local Association and are used to carry on a free program of tuberculosis prevention and control services in the two communities among the services are community x-rays, patch testing of high school students, x-raying of school personnel, chest clinic, nursing service, etc.

The chairman cautioned against confusing the local Association's Seals with those distributed in each town by an outside tuberculosis organization, and urged the people of Belleville and Nutley to support generously the one and only organization that provides these free services for both communities—Belleville - Nutley Tuberculosis Association.

Why People Like Newspapers Told

People evaluate newspapers primarily in terms of their news content, University of Michigan research shows.

In interviews with nearly 500 residents the U-M survey Research Center found more than half those questioned felt newspapers were "good" because they offer more complete news coverage.

This group divided about evenly between those who appreciated the wide scope of news coverage and those who liked to get more details than is possible through TV, radio, or weekly news magazines.

When talking about the good points of newspapers, only a very few (less than two per cent) mentioned any specific item, such as pictures, comics or features.

But one in five answered in terms of the reading situation. About half this group said they preferred reading to listening, indicating this was more relaxing, leisurely and enjoyable. The rest appreciated having the news available when they wanted it.

One out of three persons interviewed could think of no bad points about newspapers. Those with criticisms again focused on the news offering: 14 per cent mentioned sensationalism, nine per cent criticized insufficient coverage, eight per cent spoke of biased presentation, three per cent talked about sloppy and superficial reporting.

Five per cent criticized advertising, saying it was either excessive or dull.

One out of four felt the reading situation was disadvantageous to papers. Some simply preferred listening to reading. Others spoke of the conciseness of radio and TV news. The remainder stressed the up-to-dateness of news in other media.

When asked why they read newspapers, virtually all readers say they simply want to keep up with what's going on. One in five specifically mention world and national news. One in ten stresses local news.

Among specific sections of the newspaper, nine per cent say they are motivated to read by advertising, six per cent because of the weather reports, four per cent because of sports, and three per cent itemize comics, society, social and home-making news.

election of Republican United States Senator Clifford P. Case and Democrat Representative Peter W. Rodino.

Burke, who has lived in Belleville 20 of his 21 years, is a graduate of Greylock School No. 5 and St. Benedict's Preparatory School. He switched from Seton Hall University South Orange campus to the university's night college in Newark after entering the heavy construction industry a year ago.

STUDENT MAYOR

Burke's entrance into active politics is his first since his election as student mayor of the Belleville primary school while he was an eighth grade student. During his term as head of the student city commission government at the school, he organized the successful Friday Night can- teens for upper-class students at the school.

According to Dave Wharton, Princeton University senior and state chairman of the student for Kennedy organization, the 2,000 active force in the campaign "has been profiting from the suggestions of a diversified high command" which includes Burke; Adrienne Goston of Metuchen and Douglass; James Kellogg of Elizabeth and Princeton; Danielle Flanagan of Jersey City and Jersey State; Michael Goodman of Springfield and Rutgers; Joanne Bielecki of Jersey City and Montclair State, and Frank Hager of Trenton and Rider College.

There doesn't seem to be enough hours in the day for Wharton and his "high command." He says most student activity "blossoms in the late afternoon or night" since most colleges keep classes running right through election day. Burke serves as a good example for the need for more time.

CONSTRUCTION WORKER

Six days a week he leaves his Belleville home at 6 A.M. to travel to Carteret where he is working on the construction of a new 17-million dollar oil refinery for the Hess Oil Co.

From Monday through Thursday, he attends night classes at college. On these days his car is stocked with books and a change of clothes for the class room in addition to his lunch kit.

At times, Wharton calls strategy meetings at a time when Burke is attending classes and he hustles off to these sessions after leaving school. But mostly the political sessions are held over the weekend.

Burke complains about the lack of time to squeeze in these activities, especially when he is denied the opportunity to see the Belleville-Nutley Iron Dukes in action.

Conservative Party Has New Candidate For U.S. President

The New Jersey Conservative Party, under the chairmanship of Frank DeGeorge of Belleville, has accepted Sen. Barry Goldwater's request to withdraw his name from the November 8 ballot in this state as candidate for President of the United States.

DeGeorge, who lives at 242 Washington Avenue, reports that the New Jersey Conservative Party has nominated J. Bracken Lee, mayor of Salt Lake City and former Governor of Utah, as its candidate for President.

Sen. Goldwater's name had been filed earlier by the Conservative Party but the Arizona Republican said he was not a candidate for the presidency and urged that "conservatives work from within to win back their party" instead of joining a third party movement.

Mayor Lee's running mate, DeGeorge notes, is Kent H. Courtney of New Orleans, editor and publisher of a national newspaper and a radio news commentator.

Senator Strom Thurmond of South Carolina, a Democrat, was originally entered as Vice Presidential candidate. It is reported that Secretary of State Christian A. Herter had to send someone to Japan, where Thurmond was on an inspection tour, to obtain his signed affidavit of withdrawal.

Ex-Governor Lee made headlines about a half-dozen years ago when he refused to pay his income tax. He took the fight to the courts but was denied the right to press it.

Bracken Lee was one of the first to engage in a movement to repeal the income tax. Last year, running as an independent, he was elected mayor of Salt Lake City winning over six rivals by a wide majority. He publishes a weekly conservative paper, "The American Statesman."

GREAT DEBATE

Should I or shouldn't I? This is the "great debate" in hundreds of minds throughout Belleville. October is Hadassah Month

October has been proclaimed "Hadassah - Month" in Belleville. Above Mayor Isadore J. Padula signs the proclamation while Mrs. Herman Friedman, president; Mrs. David Stein, membership vice - president, and Mrs. Anna Glynn, H-Month chairman look on. Hadassah is the Women's Zionist Organization of America.

It's reported that there's twice as many junior Democrats in Belleville High School as junior Republicans; the report comes from Democratic Campaign Headquarters in town. More than a 100 junior Democrats last weekend were at the Food Fair, A&P, Shop Rite and Acme where a total of 16,000 pieces of literature were distributed in behalf of Mr. Kennedy and Mr. Rodino.

Incidentally, the Junior Democratic Organization has sent its members out five nights a week with members of the Essex County Democratic Committee in canvassing Belleville homes. Town Democratic Chairman Ralph Vavra is quite pleased with not only the youngsters' efforts—but their accomplishments in gaining support for the Democratic ticket.

The 38th anniversary dinner-dance of Congregation Ahavath Achim, 125 Academy Street, has been set for Saturday, March 25, 1961. Alex Ross, who has been named chairman, reports the event will be held at the synagogue and will feature dancing to Sid Gleach's orchestra and a dinner. Reservations may be made by contacting Ross at Plymouth 9-8523.

A grand total of more than 2,000 "licker buttons" which flash John Kennedy's picture have been sold in Belleville. The buttons sell for 35 cents each. Another election statistic: those cute Kennedy "Uncle Sam" type hats are now 600 strong in town—they sell for \$1.00 each together with a campaign button.

Early or late? Unless the date's exactly the same—it's late. We're speaking of the "Cherry Blossom Festival" signs along Washington Avenue. The town paid for the signs and paid to have them put up on the poles. Guess the Town Hall forgot to pay to have them taken down...

George Den Braven, Leo F. Carolan, Robert McHugh and Frank D. DeFillippo are the four agents for All State Sales and Service office recently opened at 194½ Washington Avenue. This newly renovated office represents the re-appearance of All State back in Belleville. This is the same group of men who were at the Sears store when it closed last July. They are open Monday and Friday nights until 9.

P. Webster Diehl, director of art education in Belleville Public Schools, has received notification the mural painting which he did during vacation for the Rural Electrification Administration, a branch of the national government, has been accepted and approved. This painting depicts the development, extension, use, and benefits of electrification in rural areas. The mural will soon be installed in one of the new buildings administering a unit of the REA in one of our eastern states. This is just another indication that many of our teachers have proven competence in their special fields recognized in the competitive world of business and industry as well as in teaching, which should make them more practical and effective in teaching Belleville students.

Mike Higgins of Belleville has been elected representative to the student council at Lakeland College in Sheboygan, Wis.

Rodino, Miele to Debate Nuclear Policy Tonight

The Democratic and Republican candidates from the Tenth Congressional District will share a public platform tonight to air their views on nuclear disarmament.

Peter W. Rodino, Democratic incumbent, and Alphonse A. Miele, Republican, will speak on the subject, "Nuclear Weapons: Defenders or Destroyers of our Security?"

The meeting, to which the public is invited free of charge, is sponsored by the Nutley - Belleville Area Committee for a Sane Nuclear Policy, and will be held tonight at 8:30 in the Amvets Hall, 184 Park Avenue, Nutley.

"Because the question of nuclear weapons may affect each and every American citizen during the next four years," Mrs. Ingrid Frank of 43 Rossmore Place, chairman of the committee, said. "The Nutley - Belleville Area Committee for a Sane Nuclear Policy feels it is of the utmost importance that every political candidate state his views

clearly on this subject. This meeting," she continued, "will give voters in the Tenth Congressional District a chance to hear both candidates on one platform; to ask them any questions, and decide for themselves who will best serve their hopes for peace."

Also on the program will be Mrs. Josephine Pomerance, United Nations Observer on Disarmament, American Association for the United Nations, and Donald Keys, member of the executive board of the National Committee for a Sane Nuclear Policy.

The National Committee for a Sane Nuclear Policy works for a cessation of all nuclear weapons testing with adequate inspection, and ultimate disarmament. Its Board of Directors includes Norman Cousins, editor, Saturday Review, and Clarence Pickett, executive secretary emeritus, American Friends Service Committee. It has local committees throughout the nation.

Belleville Firemen Learn How to Assist Stork

The first of a series of lectures for members of the Belleville Fire and Police Departments arranged by Kenneth Bedford of the Fire Department's Emergency Division in cooperation with the public relations department of Clara Maass Memorial Hospital took place Wednesday at Washington Avenue Fire Headquarters. About 40 members were in attendance.

The meeting was conducted by Joseph C. D'Angelo, M.D., Belleville obstetrician and a chief of the department of obstetrics at the hospital. His talk, held the interest of the entire group for two hours, dealt with proper care and techniques of the emergency transportation of expectant mothers to the hospital and emergency deliveries without benefit of a physician in attendance. A spirited question and answer period followed Dr. D'Angelo's highly interesting and informative talk.

The November session will be on the subject of "Child Care" and will be conducted by Milton Prystowsky, M.D., a member of the hospital's Pediatric Staff and a Belleville physician.

The third meeting which will probably be held in December, will be on the general subject of the care and treatment of emergency cardiac cases where the fire department is called to rush the patient to the hospital by ambulance.

Other programs are being scheduled for the early part of 1961.

Thomas Talks To Special Class Parents Recently

Shawger School Principal Frank Spotts introduced Superintendent of Schools Evan Thomas at a meeting last week of the parents of special class pupils. In a short talk Thomas spoke on the importance of special education for the slow learning child and stressed that while this pupil covered classroom work more slowly than others, special attention to his learning problems provided steady and sure school progress compatible with his learning ability.

He stated the non-academic values of classroom instruction were important in the promotion of desirable social attitudes and appreciations of what is beautiful and wholesome in life. The superintendent also commented attitude toward the admission of their children to special classes.

Today parents realize that from an educational point of view it is unfair to expect our slow learners to compete on a par with other children endowed with more ability. Parents know that smaller classes enable the organization of close individualized instruction that brings out the best in the pupil.

For the first time there was displayed the complete General Electric kitchen installed in the Shawger School for use in the enrichment of the special education program.

Card Party, Reception For Sheriff Is Tonight

Members of the general committee for tonight's evening include Mrs. Joseph White and Joseph Pallitta Jr., co-chairmen; and Stanley Foster, Joseph Glenn, Art Frazano, John Burmeister, Sam DeBellonia, Martin Byrnes and Mr. and Mrs. Chris Walsh.

LET'S TELL THE TRUTH!

As Impartially Reported by N. J.'s Two Greatest Daily Newspapers.

The Newark Evening News of Thursday, Oct. 20, said:

List Items Of Progress

Democratic Candidates Point to Program in Essex

Democratic candidates in Essex County yesterday listed an 18-point "program of progress" which they said has taken place under the Democratic-controlled board of freeholders in contrast to "the incredible and archaic system which we inherited."

County Supervisor Weldon R. Sheets, Freeholder Director Jeanne Moss and Freeholders Albert M. Saldutti and James L. McKenna said that this progress has been achieved during the past 21 months, when the board has had a Democratic majority.

The same type of administration would be assured by the election of their county running mates, Nicholas V. Caputo for county clerk and Assemblywoman Madeline A. Williams for county register, they said.

The Democratic listing of improvements follows in summary: Studies for appointment of a county planning officer or commission; streamlining of the finance department through creation of a financial advisory commission; more expeditious budget deliberations; restoration of accreditation to Overbrook Hospital; creation of a modern personal department; consolidation of the law department on a full-time basis.

Revision of the engineering department to eliminate lack of coordination; completion for the first time of an inventory of all equipment and stock; a new bipartisan right of way commission; new facilities planned for the children's emergency shelter at Belleville; inauguration of marriage counseling service in the domestic division of juvenile and domestic relations court.

Improvement of the Newark Street Jail and Caldwell Penitentiary; more space for the guidance center in East Orange; highway improvements, elimination of "sloppy and unethical" business methods in the Shade Tree Commission; new courses, and better student records in the vocational school system; a study of institutional facilities including those for the chronically ill, and legislative action through freeholder co-operation for an actuarially sound employees pension fund.

Compare the clipping at the left with these authentic newspaper quotations about the management of Republican machine politics:

Newark Evening News, April 29, 1959
... (Robert W.) Kean (Republican county chairman) ... served notice on the organization to rid itself of "those who cannot produce ..."
"Those who cannot produce should retire ..."
"In the meantime, there will be few, if any, JOBS available and very little money."

Newark Star-Ledger, April 23, 1959
... The once-mighty Clean Government Republican organization needs a thorough overhauling ...
Led by State Sen. Donald C. Fox and Assemblyman Roy D'Aloia, the Democrats have built up a fairly good record in both Trenton and the Court House.

Newark Evening News, April 14, 1959
The Clean Government Republican group headed by senate candidate Alfred C. Clapp was accused today of appropriating the label but abandoning the ideals and principles of the Clean Government movement.
John E. Cash, former Essex Republican chairman ... also charged the group with using Republican headquarters, mailing lists and other facilities in violation of the "spirit, law."

Newark Star-Ledger, October 18, 1959
"A machine gives JOBS to pets who are loyal to the leader, while an organization gives JOBS to those who are loyal to the party as a whole," Kean said.

Former Republican Prosecutor Charles V. Webb in the Newark News, April 19, 1959
"The Clapp ticket is waving the platform frantically at the voters in an attempt to distract them from the basic issue—the specter of Passaic Valley (Sewerage Commission) mismanagement and the crying need for new party leadership and a return to integrity in government."

Newark Evening News, April 21, 1960
"Some people who were holding 'honorary JOBS got real JOBS,' Kean said, 'so we thought we'd give the honorary JOBS to others.'"

JOBS! JOBS! JOBS!

Here is documented evidence that political patronage is the sole aim of the Republican leadership in Essex County. Mr. Clapp is one of those who pulls the strings behind Chairman Kean, closely associated with former Boss Bill Yeomans and Herman Blank. They make no bones about it—those who don't produce politically should retire—or get fired.

Yeomans and Blank form the same dominant duo who ran the former Passaic Valley Sewerage Commission, were criticized bitterly by the Essex County Grand Jury and by former GOP Prosecutor Webb who decry their "public be damned" attitude in the Star Ledger of April 5, 1959.

These are the bosses who switched County Clerk Anthony Giuliano to candidacy for county register in order to oblige machine politician "Nick" Cundari, who wanted Giuliano's spot but settled for a freeholder nomination as long as the experienced and competent Giuliano couldn't run for clerk, either. Thus the voters are faced with Giuliano running for a position he knows nothing about and County Register Abbie Magee is running for county clerk, an office completely foreign to her.

THIS IS THE TRUTH!—AND THE SORDID TRUTH, INDEED!

The Bank That's Strong for You!

So — We Think We Are Sophisticated Voters!

Most voters residing within a stone's throw of New York City look upon themselves as informed voters. They know the issues — they are familiar with the candidates contesting the vacancies — and, in general, there is an intelligent vote.

We wonder how much real thought our voters are giving to the contest raging between U.S. Senator Clifford P. Case and his challenger, Democrat Thorn Lord? And is the hard-fought Presidential election eclipsing the battle for control of our County Board of Freeholders, presently dominated by a high-and-fast spending Democratic majority? And what about the election of a County Supervisor — a job more powerful than the combined power and vote of five Freeholders?

Come Nov. 8, many voters will not bother to cast a ballot for anyone but their presidential choice. Will you be among the ignorant? Will you forego your right to elect Freeholders pledged to keeping down our heavy share of county government?

Belleville's 1960 population is 34,926. To operate our Town Hall we taxpayers will pay in 1960 the sum of \$1,853,766. As our share of county government The Town of Belleville will send down to the Essex County Treasurer another \$1,119,478.

Let us compare Belleville's tax burden with a municipality of similar size. The City of Perth Amboy, 1960 population 37,719 — 10% greater than Belleville, pays county taxes of \$772,057 — 347,421 less than Belleville's share of running Essex County.

Do we need a change in our county government? We sure do.

The Republicans are pledged to rescind the \$2000 raise which the Democrats voted themselves for their part-time jobs last year. There are nine Freeholders. The raise costs us \$18,000 annually, and it will continue until Republicans are elected to office.

The Republican Freeholder candidates are Mrs. Margaret Reitman of South Orange, the Rev. J. Vance McIver of Orange and former Assemblyman Dominic A. Cundari, a Newark attorney. Their names appear in Row A on the voting machine.

The Republican candidate for county Supervisor is Bayard Faulkner, an outstanding authority on municipal government and author of the Faulkner Act, the law which permitted Newark to move out from under the heavy and oppressive burden of commission government to the strong mayor-council type. The County Supervisor wields considerable authority. He enjoys veto power over the Board of Freeholders — which stands today 5-4 Democratic.

Faulkner, a retired vice-president of the Seaboard Oil Co., is the most qualified candidate to run for county office in the past quarter century. Faulkner's name appears in Row A of the voting machine.

We Want A Judge

In our county and state political and judicial system, Belleville has been downgraded to a second-class city. We have no representation in the Assembly delegation or on the county Freeholder board. And no Belleville attorney ever was selected to serve on the county or state bench, according to oldtimers with long memories.

When the legislature early in the year added four judges in Essex County, we believed one of the vacancies would be filled by a Belleville lawyer. The closest the appointing powers got to Belleville was our neighbor to the north, Nutley.

There is talk that Governor Robert B. Meyner may be successful in his attempts to increase the present membership of the Superior Court. Should this effort prove successful, it is possible that members of the Essex bench would be elevated to the Superior Court. In such an event Belleville should be considered next in line for a county court appointment.

We have qualified attorneys in our town. Among the more prominent members of the bar is our local magistrate, Edward Abromson, who, through service on the local bench, has demonstrated qualities of compassion, integrity and fairness.

Senator Donal Fox might keep this in mind when another court vacancy occurs.

A. A. Miele Statement Continues TV Issue

(The following was released today by A. A. Miele's campaign office.)

Alphonse A. Miele, 10th District GOP Congressional candidate, declared today that the public is entitled to know how much Rep. Peter W. Rodino Jr. paid for the 6,000 shares of stock in the Albany TV Channel 10 issue, described by the incumbent congressman as "only a very minimal" investment.

Speaking before afternoon and evening audiences in East Newark and Newark's North Ward, Miele stated: "Mr. Rodino, under constant election-time prodding, has finally identified the 'good friend' who gave him advance inside information that the stock 'looked good,' as Rep. Dean Taylor of New York, one of the five congressmen named

with Mr. Rodino as stockholders. However, Mr. Rodino is still silent on the matter of how much he paid for the 6,000 shares he purchased. At today's market value, his investment would amount to at least \$80,000—hardly the minimal amount he terms it.

I believe the public is entitled to know all the facts because Mr. Rodino was sent to Washington to represent the people of the 10th District and not his own interests in the Albany, N. Y., TV Channel 10.

Miele again charged Rodino's participation in the stock purchase represented a conflict of interest. Rodino was named with Taylor among five congressmen whose stock purchase was the basis of a favorable decision by the Federal Communications Commission in awarding the TV franchise to Channel 10. The FCC decision was attacked in congress as "political payola," and "morally wrong."

American Finance Corp. Marks 30th Anniversary

Richard Kenly, manager of the American Finance Corporation of Belleville announced today his firm is celebrating the 30th anniversary of the founding of its parent company, the State Loan and Finance Corporation of Washington, D. C.

nation's capital. Davis Weir, founder, chairman of the board and president, presided. The corporation is the fifth largest consumer finance company in the country. The Forgotten Man The Taxpayer

The poor taxpayer! He's virtually forgotten—in Essex County.

For the past two years—ever since Boss Carey's Democrats attained a majority of the Board of Freeholders—we've witnessed free-and-easy spending of the taxpayers' money. Up, up, up, has gone the county budget.

In those two short years, the Democratic Freeholders, faithfully following Boss Carey's directions, have added approximately \$5,000,000 to the county budget, an increase of 14%.

The irresponsibility of the Democratic Freeholders in following Boss Carey's orders to create new, high-salaried jobs has contributed to the mounting cost of government in Essex. Carey's awards of

political plums to political cronies have their full approval and support.

The Democratic Freeholder candidates must be defeated. Boss Carey's despotic rule must end forever.

Let's return to clean, decent government.

Let's recapture the reputation that Essex had for 40 years as one of the best governed counties in America.

Let's remember the taxpayer. Let's not forget that about 25% of the taxes we pay on our homes and other property goes to support the county government.

The Republican candidates for the Board of Freeholders are citizens who are pledged to good government—men and women who have an inner integrity and a desire to serve our county well.

Presbyterian Women Hear Guest Speaker

The first regular meeting of the newly organized United Presbyterian Women at the Fewsmith Memorial Church of Belleville was conducted in the church's new Junior room October 4. Approximately 70 women attended.

The program for the evening consisted of an address by Mrs. Theodore F. Romig, whose husband is the secretary of personnel of the Presbyterian Commission on Ecumenical Missions and Relations. On the basis of trips with her husband to Japan, Korea, the Philippines, Hong Kong, and Indonesia, Mrs. Romig communicated to her audience the modern-day concept of missions.

She stated that the missionary now works with Christians already in the land, thus his title is no longer "foreign missionary" but "fraternal worker."

The pastor of the church, the Rev. George L. Van Leuven, conducted the worship period. In his message he stated the UPW is not an auxiliary to the church,
