What Price Town Pride?

Every Sunday we read in one of the Newark newspapers a graph depicting the percentages of collections to goals of the various United Fund campaigns in Essex and Union Counties. Where do you suppose Belleville is?

Of 16 drives listed, Belleville is at the bottom of the heap. To some this is a shocker. The Belleville United Fund has one major obstacle — the indifference of our citizens. Any wonder why some people think twice before moving into Belleville?

Are our neighbors about us to look upon Belleville as a second class community whose people are indifferent to the needs of the child next door? How can we explain away the lack of sufficient volunteers required to make the door-to-door canvass? And Belleville with a population of 35,000!

But donors need not wait for a solicitor. Contributions can be mailed: today — tomorrow. Any amount is gratefully received. Why not sit down now and write out your check to Belleville's United Fund? Your contribution will be shared by the following groups whose work on behalf of our Belleville citizens is legendary:

American Red Cross, Belleville Chapter; Arthritis and Rheumatism Foundation, Boy Scouts of America, Cerebral Palsy Center, Chronically Ill Service, Family Counseling Service, Girl Scout Council, Association for Retarded Children, Mental Health Association, Sister Elizabeth Kenny Foundation, United Service Organization Fund and the Visiting Nurse Association.

If the United Fund drive fails, the people of Belleville will be asking for the dissolution of the United Fund and a return to 12 separate fund drives involving more volunteers — and greater contributions from each of us.

Belleville's citizens are known to rise to the occasion in a crisis. One is upon us today. The United Fund must not fail. But only your co-operation can insure its success. For convenience you may mail your contribution to Belleville's United Fund in care of The Belleville Times-News. We'll see that it reaches the organization without delay.

Issue Splits Town Hall

Kiernan Ceases Recognition Of Town's Purchasing Agent

Commissioner George F. Kiernan's announcement Monday that his Parks and Public Property Department will by-pass the town purchasing agent's office by making its own departmental purchases and contracts has touched off the biggest clash of the year among the Belleville Commissioners.

Kiernan contends that the 1954 ordinance which created the purchasing agent in Belleville is "not operative" because a manual together with a set of rules

and regulations were to have been made available at the time the law was passed six years ago.

Kiernan notes that despite the fact that a set of rules and regulations was hastily located during Monday's commission meeting, "there still isn't any manual and the law clearly states that a manual had to have been supplied when the ordinance was passed in 1954 before the law is operative."

Mayor Padula calls Kiernan's

decision "foolish." Padula repeated after the meeting, "I have served notice to the commissioners not to approve any bills submitted by Mr. Kiernan unless they have been okayed by the purchasing agent."

Commissioners Robert Gruhin and Harry J. Sullivan expressed a willingness to go along with Padula in opposing "non authorized" purchases.

FAIRWAY CONTRACTS
The entire issue grew out of Thomas McLaughlin's refusal to pay two bills totaling \$1,300 for work on the Fairway Avenue playground. Both bills were to C. Corino and Sons, Belleville, a firm hired directly by Kiernan's office.

McLaughlin said he would not certify the vouchers authorizing payment of the \$1,300 to C. Corino and Sons "because the combined total of the contracts for the Fairway Avenue project could very easily go over the \$2,500 limit." Projects costing more than \$2,500 must be advertised publicly and bids sought, according to state statute.

McLaughlin also noted that "I wasn't notified before hand about either of the bills." One contract to C. Corino and Sons was for \$300 to cover the use of a bulldozer. The second contract to the Fairway Avenue playground improvement project was also to C. Corino and Sons, in the amount of \$1,000 for top soil.

BILLS APPROVED
Kiernan drew up a resolution during the meeting Monday asking that the two bills be paid. Public Works Commissioner Gruhin spoke in favor of the resolution saying that "in my opinion

nance is not correct, he would offer an amendment to "do what ever has to be done." Kiernan said he has no intention of amending the ordinance if D'Avella supports his stand. Kiernan told The Times "I think that each department head should be capable of making his own purchases."

Continuing, Kiernan said, "I'm satisfied as things are because as far as I am concerned there's nothing to correct—there's no ordinance."

Asked if he was in favor of keeping or having a purchasing department in Belleville, Kiernan told this newspaper that "I never gave the department that much thought." Kiernan said he believed "a whole new ordinance" would have to be introduced.

Red Cross to Open First Aid Classes

A standard first aid course will begin in Belleville Monday night, November 21 and will be conducted five or six weeks by the local chapter of American Red Cross. A junior Red Cross course will be started tonight in the Fewsmith Church.

Walter Karatz, chairman of the first aid division, notes the course will be conducted in the chapter home, 557 Washington Avenue, starting at 7 p.m. Karatz will be the instructor.

Open to all adults, the course will consist of 10 hours' training. Civil Defense Director Ludwig Pesa says the course is a prerequisite for all auxiliary policemen. Persons wishing to register are asked to telephone PLYmouth 9-4610.

Petition Campaign For Mayor Council To Begin Monday

Petitions for a change of government in Belleville "will be on the streets" by next Monday, Commissioner George F. Kiernan said yesterday.

Kiernan is favoring a change from the commission to strong-mayor council plan.

He noted with enthusiasm that

Religion In Schools Panel Topic

"Religion in the Public Schools" will be debated by a panel of educational leaders next Thursday at 8:30 p.m. in Sisterhood Social Hall of Congregation Ahavath Achim, 125 Academy Street.

Superintendent of Schools Evan Thomas will moderate the panel consisting of Dr. William S. Twichell, Essex County superintendent of schools; Sam Brown, executive director of the American Jewish Congress; the Rev. A. Stewart Hoganauer, executive secretary of the Christian Education Diocese of the Newark Episcopal Church and John Caprio, executive secretary of the Passaic County Tuberculosis Health Association.

Open to the public, the session will feature a question and answer period. Refreshments will be served.

Jersey City, Caldwell and Long Branch voters decided the commission form "is out dated" and adopted new government types.

Kiernan said in September that he would start a drive for a change to the strong-mayor council type after the Presidential election. He had been working for the election of President-elect Kennedy.

Based on Tuesday's election, the needed 20 per cent of the registered voters' signatures to validate a petition amounts to 3,650 names.

Kiernan said he thinks "we can wrap up the project in a couple of months." Once petitions are

Veterans' Day Parade Friday Starts at 8 P.M.

Tomorrow's Veterans' Day parade in Belleville will leave Greylock Parkway and Washington Avenue at 8 p.m. Sponsored by the Belleville Veteran's Council, the parade will feature five drum and bugle corps including two championship squads.

The parade will march down Washington Avenue. The bands will perform for five minutes each upon reaching the reviewing stand at Town Hall.

Heading the parade, in this order, will be fire and police apparatus, VFW Post 6265's color guard, the grand marshal and his assistant, Pat DeAngelis and Dave Ammannio respectively, and the town commissioners.

The parade's first division will include the Garfield Cadets, police and fire departments and veterans.

Second division will have the high school band, boy and girl scouts.

Third division participants are the St. Lucy's Band, recreation girl twirlers and little league members.

In the fourth division will be the Woodwards, Knights of Columbus and Holy Name Society members.

Finally, the fifth division will include the Blessed Sacrament Band, American Legion Twirlers and the New Jersey National Guard.

The town CD headquarters are at 203 Washington Avenue.

Democrats Score Biggest Sweep of Century Tuesday

Vara Says He's Thrilled Over Victory

Ralph Vara, Belleville Democratic Town Chairman, yesterday told The Times he is "as thrilled with the election results locally as I am happy over the Kennedy victory nationally."

RALPH VARA
Democratic Chairman

Pointing to the record Democratic landslide in Belleville, the veteran political leader, who has led his party since 1948, added that "the smashing victory Congressman Peter Rodino scored over his opponent means to me the voters are satisfied with our Peter. For 12 years he has ably served Belleville citizens as a member of Congress. His triumph was a personal victory."

Civil Defense Office Will Send Radiograms Friday

Belleville's Civil Defense Headquarters will be open for tomorrow's Veteran's Day program. Highlight of tomorrow's civil defense activities will be accepting messages to servicemen which will be transmitted by radio at no expense to the senders.

The town CD headquarters are at 203 Washington Avenue.

PRESIDENT-ELECT JOHN F. KENNEDY

Rec. Department Explains 'Trouble' With Child Labor

A legal infraction of the child labor laws has forced the Belleville Recreation Department to cease its practice of making 50-cent token payments to graduates of its baseball scorekeeping class who have been keeping the baseball records for department sponsored games.

Robert Cook, recreation director, said that the token payment in the language of the law means that the young scorekeepers are employees of The Town of Belleville. Many of the girls who have taken the scorekeeping class are too young to obtain "working papers" since the minimum age is 16. As a result, it has been interpreted that the 50-cent gratuities are against the law.

Cook said that he was sorry the practice couldn't be continued. "As a matter of fact the people at the child labor division feel the same as I do," he added.

The New Jersey Child Labor Laws have been the target of periodic attacks in recent years. Critics call the laws outdated.

The matter was discovered by the Belleville Recreation Department and the Division of Child Labor when a teenager hired by the department spashed some wood preserver in his eye. He was sent to a doctor and although the incident was not at

all serious, the routine investigation followed. Although the teenager complied with the Child Labor Laws, the investigator pointed out the legal infraction caused by the token payments.

Wins \$5 Contest On Map Page

Robert Feinberg of 57 William Avenue, Bloomfield, a gentleman who lived in Belleville 20 years, identified himself as the mystery personality in last week's map page game.

Mr. Feinberg wins a \$5 prize, however for the first time since the contest started, all other entries were disqualified because none correctly identified the place where the picture was taken.

The mystery picture last week was obviously taken in a super market of some kind; all of the entries which correctly stated that Mr. Feinberg was the mystery personality were wrong in naming the store. The Acme was the correct answer.

So here's what happens now: the person who first correctly identifies the person and place depicted in today's new contest picture wins \$10. If the person

Belleville OK's Entire Party Slate

Belleville's election Tuesday was the most sweeping victory for Democrats in the town's history. In addition to naming John Kennedy the next President, Belleville balloted against

Rep. PETER W. RODINO
High Vote-Getter in Belleville

a state wide and supported Thorn Lord over Republican Senator Clifford Case by a 8,159 to 6,934 count.

All four Belleville wards gave Kennedy the victory nod; the final votes were 9,921 to 6,203 favoring the Democratic candidate.

The state question on tax exemptions carried Belleville by a 7,192 to 1,836 margin.

High man however was Congressman Peter W. Rodino who polled 1,222 more votes than Kennedy who drew the second spot in vote-getting abilities Tuesday. Kennedy's election was the second time in this century that Belleville has favored a Democratic Presidential candidate. The last time was in 1936 when the town elected Franklin D. Roosevelt over Alfred M. Landon, 5,511 to 4,616.

A complete run down of Tuesday's election results by districts and wards will appear in the next edition of The Belleville Times.

Tickets Now Available For Lions Club Show

Tickets are now on sale for the Belleville Lions Club's annual fund raising event, a minstrel and variety show which will be presented November 19 in the high school auditorium.

Harry Ziegler, ticket committee chairman, notes that the Lions is the world's largest service organization and "this charity program is designed to aid many Belleville projects."

He said that club members are making every effort to fill the high school auditorium for the November 19 performance.

Cutting Down Trees

Town Investigating Report Its Workers Did Private Job

Charges that Belleville's Shade Tree Commission removed or did some work on a tree on private property owned by Jack Hudson at 18 Hewitt Avenue is being "studied" by the commissioners.

Ralph Risoli, registrar of the department, said that he authorized some work in Hudson's rear yard in Hewitt Avenue "because it was an emergency" due to Hurricane Donna. Risoli did not elaborate when questioned after Monday's commission meeting.

He said that the work was "necessary due to the storm." He at first stated the work was done "during the storm" but later interpreted this to include the period "four or five days after the storm."

HUDSON COMMENTS

When contacted by The Belleville Times, Hudson stated that the tree in question was blown down during the hurricane and fell across his rear property line, not into his house as had been rumored around Town Hall.

Hudson said that he didn't call anyone about the tree, although he said it was dangerous because

Subscription Rate Same Until December

Just a reminder that the deadline set by The Belleville Times before raising its yearly subscription price from \$2.00 to \$3.00 has been extended to December 1.

Until December 1, subscriptions may be renewed at the \$2.00 rate.

'Rummage' Next Week

The Order of Eastern Star Chapter 262 will conduct a rummage sale next Monday and Tuesday at the Christ Episcopal Church, Washington Avenue. Sale hours on both days are between 9:30 a.m. and 4:30 p.m.

Future Firefighters

LEARNING THE ROPES of fire-fighting from Fireman John Byrne are Nicholas Melito of Belleville and Anthony Giannone of Bloomfield, pupils at the Cerebral Palsy School and Treatment Center in Belleville.

As a kick-off for National Fire Prevention Week and the United Fund drive, the Belleville Fire Department recently visited the school where they put on a demonstration for the handicapped youngsters.

Stanley G. Freck Will Address Woman's Club

Stanley G. Freck, director of public relations and development at Clara Maass Memorial Hospital, will be the speaker at the Woman's Club Monday at 2:30 p.m. in the clubhouse. His topic will be "The Hospital and Your Community."

Before assuming his duties at the hospital, Freck was associated with Walter Kidde and Company, Inc., 30 years as district manager and as manager of industrial sales and director of personnel and community relations.

He is a member of Belleville Rotary and served as publicity chairman for the Belleville United Fund from 1957 through 1959.

Transit Plan Steps Forward

The plan for transit authorities for Nutley and Belleville—or one authority for both towns—took a step forward during the past few weeks.

This project, which has for its purpose been providing inter-community bus service for the benefit of the residents and merchants of the two municipalities, is being pushed by the Chambers of Commerce in the towns and The Belleville Times and its associate paper, The Nutley Sun.

A letter received by Frank A. Orechio, publisher and editor of both newspapers, from State Senator Donald C. Fox carried the news that Attorney General David D. Furman was interested in the proposal for legislation authorizing municipal transit authorities. "There is no constitutional objection in my judgment," he wrote in his letter to Senator Fox.

Sen. Fox wrote Mr. Orechio

Costume Party Winners Told

Despite inclement weather, the ghosts, goblins, princes, bathing beauties and beatniks, to mention only a few, all turned out for the annual Halloween costume contest sponsored by the Belleville Recreation Department at school four and the municipal stadium.

Judges included Marie Sorrentino, Miriam Walker, Pat Fortunato, Rose Stefanelli, Jeanne O'Neil, Theresa Cummino and Phyllis Serritella.

Winners at school four included Susan DePerri who was a statuesque "Statue of Liberty" and she wore a gold crown and carried a golden torch in her right hand.

Nick Melito won a prize for his "All-American Football Player" outfit. Susan Sylvestri, dressed as "Martha Washington," had a costume which featured a dazzling white wig made of cotton balls. Joe Taibi's costume, a blood-curdling pre-historic monster frightened the judges into awarding a prize.

STADIUM
Meanwhile, at the stadium the winners were also parading before the judges. Percy Scruggs as "Miss Rainbow" wore a costume of flowers made of pastel colored paper napkins. Terry Lanzotti was "Miss Belleville 1912" and her bathing suit was a bright red and featured high shoes with a hat to match.

Karen and Susan Devlin came as "Little Bo Peep and Her Sheep" and won an award. Karen was little Bo Peep and wore a pink and blue outfit while Susan was the sparkling white sheep.

All of the participants received giant lollypops.

Keystone Buys Assets Of Lawrence Corp.

Keystone Electronics Company of Newark has purchased the assets of the Lawrence Manufacturing Corporation, 250 Mill Street, Belleville. The Belleville company manufactures ultrasonic cleaning equipment.

Terms of the purchase were not disclosed. The Keystone Electronics firm manufactures crystal filters and discriminators, crystal and component ovens and quartz crystals.

Adolph M. Gross, president of Keystone, said his company has formed a new subsidiary which will make ultrasonic cleaning equipment for general industrial use.

Boy, 13, Steals Car; Now in Youth House

A 13-year-old Belleville boy, who stole a car and then parked it at Valley and William Streets, is in the Essex County Youth House. The lad was caught by police moments after the car disappeared.

Patrolman Frank Olivieri and John Dean spotted the 13-year-old driving east on William Street after headquarters reported that a car belonging to Edward Pojedinec of 145 Sheridan Avenue, Clifton, was stolen from in front of the American Equipment Company, 13 Valley Street, Belleville.

Old Farmer's Almanac Time Is Here For 1961

The Old Farmer's Almanac for 1961 is on sale. Publication of this ancient book of weather predictions and quaint information — issued annually without a break for 169 years — calls forth a spate of reviews in newspapers and on TV and radio throughout the United States at this time of the year.

Reporters, feature writers, commentators search the booklet (sometimes referred to as "almanack" as well as "almanac") for odd things about its editor, Robb Sagendorph; its place of publication, Dublin, N. H.; its founder, Robert B. Thomas, Esq., who died May 18, 1846, having started publication of the almanac in 1792; its contents (main feature: weather forecasts for the entire coming year; in fact, November and December of this year are included also) for something new to say regarding this widely read and revered book of facts and fancies.

The best this unimaginative writer can do with this literary assignment is to print, in part at

least, the letter sent by Almanac Editor Sagendorph with copies of the almanac distributed to news papers. Mr. Sagendorph wrote as follows:

"This 169th consecutive edition of The Old Farmer's Almanac (k) for the year 1961 is one of which you can be as proud to review as I am proud to bring it to you."

"Despite the fact that almost all the almanacs of the 'old country' were always published in two colors, this is the first time an established American almanac has appeared in both black and red."

"The text this year is, without any interruptions by advertising, a straight run of 96 pages. The advertising appears in a wrap-around on glossy paper."

Salvatore A. Malfatto With Army in Germany

Army PFC Salvatore A. Malfatto, son of Mr. and Mrs. Andrew Malfatto, 543 Joramemon Street, has arrived in Germany and is now a member of the Fourth Armored Division.

Malfatto, a records clerk in the division's Fourth Quartermaster Battalion in Goppingen, entered the Army in September 1959 and received basic training at Fort Dix.

The 18-year-old soldier attended Bloomfield Technical High School and was employed by Campbell Construction Co., before entering the Army.

Richard Giordano Active In Operation Flash Back

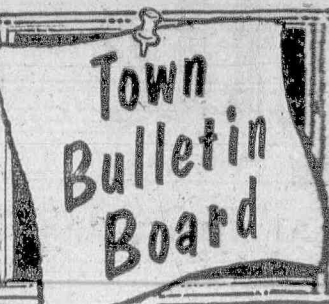

Army PFC Richard A. Giordano, son of Mr. and Mrs. Alphonse Giordano, 53 Naples Avenue, participated with other personnel from the Seventh Evacuation Hospital in Operation Flash Back in Europe. The 12-day exercise ended September 30.

The exercise tested the efficiency of Seventh U. S. Army Support Command units under actual field conditions, and involved NATO land, sea and air forces.

Giordano, a supply clerk in the hospital in Darmstadt, Germany, entered the Army in August 1959 and completed basic training at Fort Dix.

The 19-year-old soldier was graduated from Belleville High School in 1959.

During Summer Months

BHS Teachers at Science Institutes

During the summer of 1960, three Belleville High School science teachers attended institutes at various universities in the east. They are Nova V. Babb, department chairman; Miss Mary Lou Berardinelli, physics teacher, and W. Ralph Correll, chemistry teacher.

Babb attended a six-week summer science institute for high school teachers at Bucknell University, Lewisburg, Penn. He was one of 72 teachers from seven states who attended the institute sponsored by the National Science Foundation.

Objectives of the institute were the improvement of the subject matter competence of the participating teachers and the strengthening of the capacity of teachers to motivate students to consider careers in science.

Lectures and laboratory work were in the fields of "Economic Botany" and "Entomology and Conservation." Special lectures by leading scientific authorities from nearby industries and universities were presented at least once a week.

All-day field trips were taken to Merck and Company, Danville, Penna.; Corning Glass Company, Corning, N. Y., and Benner Spring Fish Research Station, Bellefonte, Penna. On the latter trip the group also visited the science facilities of Pennsylvania State University.

One of the highlights of the summer, according to Babb, was the collecting, mounting and classifying of 250 different species of insects for the course in entomology.

AT CORNELL

Miss Berardinelli attended Cornell University under the Shell

Nova V. Babb, Miss Mary Lou Berardinelli and W. Ralph Correll.

Merit Fellowship program which was established at Cornell in 1956 by the Shell Companies to improve instruction in chemistry, physics and mathematics on secondary school levels. Forty-five teachers and six supervisors were selected to participate in the six-week program.

In general, the program consisted of class and laboratory

sessions, seminars, special lectures, trips to industry, visits on campus to research projects and to various fields of engineering and special recreation events.

The academic course in physics consisted of a series of lectures in modern physics covering topics such as relativity, solid state physics, semiconductors, elementary particles and the dual nature of light and gravity. Laboratory sessions complemented the lectures.

An hour and a half each day was spent by each fellow in a unifying seminar where specific attention was given to the problems of improving science and mathematics instruction. In addition, each of the three groups of study held a seminar one evening every week to exchange teaching methods and other ideas.

Interesting and informative trips were taken to the research laboratories at Anso and Corning, and to the chemical, mechanical and agricultural engineering departments on campus.

SCIENCE TODAY
Correll attended the University of Virginia, Charlottesville, Va., as a participant in the National Science Foundation. The purpose of this institute was to better

equip the teacher with up-to-date knowledge on science today.

Correll attended a similar institute at the same university in 1959 when he studied chemistry in a course entitled "Modern Chemistry for Teachers." This year he was enrolled in a course entitled "Earth Science for Teachers," consisting of an insight into mineralogy, geology, weather and climate and astronomy. There were daily lectures, lab-

Correll feels that in addition to the great value inherent in the laboratory work, and instructive field trips.

science program itself, another worthwhile aspect of such an experience is the exchange of ideas among teachers from other parts of the country. One of the important outcomes of these institutes as hoped for through the National Science Foundation is the opportunity to make new friends and develop new ideas in the career of science.

Dr. Frank Durkee, Others From Town in Activities; Several Teachers Attending

ATLANTIC CITY — Belleville Public Schools are well represented here today at the New Jersey Education Association's annual convention which continues until this Saturday. Preliminary estimates indicate the convention represents the world's largest gathering of teachers ever assembled.

Dr. Frank M. Durkee, of Belleville, president of the N. J. Secondary Teachers Association, is presiding at its meetings in Atlantic City. Tomorrow afternoon Dr. Durkee will introduce Joe Charidier, executive secretary of the Educational Association of

the State of Washington. The introduction by Dr. Durkee will be to the convention's second general assembly when Mr. Charidier will speak on the topic, "The Other Third in Education."

Belleville Superintendent of Schools Evan Thomas and some members of the town school board are in this resort city. Others include Harold Dufford, assistant superintendent at Belleville and Mrs. Mary Shader, board of education secretary.

Five Belleville school principals are attending including Mrs. Frank Spotts, Paul Jones and Thomas Gryczka.

Approximately 30 Belleville High School teachers are here together with many others from Belleville grammar schools.

Dr. Durkee told The Belleville Times that someone will represent Belleville in an active role in practically every phase of the three-day convention here in Atlantic City.

In addition to Mr. Charidier, other speakers at the three main convention sessions will be Sam Levinson, ex-teacher who won fame as a radio humorist; Max Lerner, noted lecturer and writer and Dr. Frederick M. Raubinger, state commissioner of education.

Governor Robert B. Meyner addressed today's opening session of the convention.

This Week's Thought

BY HARRY H. DOUMA

Everyone is familiar with the Bible's love chapter in 1 Corinthians 13. For this week's thought, let us read J. B. Phillips translation.

CHRISTIAN LOVE—THE HIGHEST AND BEST GIFT

If I were to speak with the combined eloquence of men and angels I should stir men like a fanfare of trumpets or the crashing of cymbals, but unless I had love, I should do nothing more. If I had the gift of foretelling the future and had in my mind not only all human knowledge but the secrets of God, and if, in addition, I had that absolute faith which can move mountains, but had no love, I tell you I should amount to nothing at all. If I were to sell all my possessions to feed the hungry and, for my convictions, allowed my body to be burned, and yet had no love, I should achieve precisely nothing.

This love of which I speak is slow to lose patience—it looks for a way of being constructive. It is not possessive; it is neither anxious to impress nor does it cherish inflated ideas of its own importance.

Love has good manners and does not pursue selfish advantage. It is not touchy. It does not compile statistics of evil or gloat over the wickedness of other people. On the contrary, it is glad with all good men when Truth prevails.

Love knows no limit to its endurance, no end to its trust, no fading of its hope—it can outlast anything. It is, in fact the one thing that still stands when all else has fallen.

If anyone would deny that this world is sinful, it would be correct to infer that he is blind. How can we help but notice this factor when we observe what is around us? Many are sick with diseases such as cancer, leukemia, etc. Many others are mentally deficient. Still others are crippled and blind. The world itself is corrupt as we see its tremors and hurricanes. All these things plus many others make up our sinful earth. And we ask—when will it all end? Revelation 21:1-5 says:

"And I saw a new heaven and a new earth: for the first heaven and the first earth

were passed away; and there was no more sea. And I John saw the holy city, new Jerusalem, coming down from God out of heaven, prepared as a bride adorned for her husband. And I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God. And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain, for the former things are passed away.

And we may all have this new life in the new heaven if we believe in the Lord Jesus Christ.

A Time For Prayer

The election is over and the Democrats have taken everything around these parts — well, not quite quite everything — Republican U. S. Senator Clifford P. Case smashed through to an unprecedented victory over Democrat challenger Thorn Lord, a Trenton attorney. In the history of New Jersey no U. S. Senate candidate ever won an election with the 300,000 plus majority accorded Case Tuesday. This result is a personal triumph of the greatest magnitude. Case may be drafted as the GOP gubernatorial candidate next year.

John Fitzgerald Kennedy is the first Roman Catholic to win election to the highest office in the land. Kennedy fought hard — and clean. Barring the possibility of a shooting war during the next four years, we believe Jack Kennedy will serve as President for the next eight years — God willing.

We congratulate our new President upon his tremendous victory—won against almost insurmountable odds: the question of religion — the GOP peace and prosperity theme — and the GOP's secret weapon, the father image of President Dwight D. Eisenhower.

With Communist hordes on the loose all around the world, Kennedy's best efforts to maintain peace may be challenged by a trigger-happy Khrushchev. We invoke the help of God to give the President-elect the good health and wisdom required to maintain prosperity at home and peace throughout the world. For the Democrats Thanksgiving Day came somewhat early this year. For all Americans — Democrats, Republicans and Independents — this is truly a time for prayer.

An Important Ceremony

The laying of the corner stone last week for the new Clara Maass Memorial Hospital School of Nursing and Residence in Belleville marks another milestone in the history of the hospital's nursing school and in the development of the Clara Maass Memorial medical center.

The school, which was organized in 1893, was the first training school for nurses in the Newark area and one of the first to be established in the state. Its most illustrious graduate was Clara Louise Maass, who completed her training with the first graduating class in 1895. She was the heroic nurse who gave her life for science and humanity during the yellow fever experiments in Cuba. The hospital was named in her honor in 1952.

The school's course of training covers a three-year period. The first six months are devoted to the pre-clinical course, which consists mainly of classwork. Instruction in basic science is given at Upsala College, East Orange. Upon completion of the pre-clinical period, students undertake additional practice assignments which are correlated with classroom and laboratory instruction.

All phases of medical, surgical and obstetrical nursing are covered at Clara Maass Memorial Hospital. Students affiliate for psychiatric nursing at the New Jersey State Hospital, Greystone Park, and for pediatric nursing at Jersey City Medical Center. These affiliations give students an opportunity to expand their education by receiving a broader clinical experience in nursing.

Candidates for admission to the nursing school must be at least 17 years of age and graduates of an accredited high school. Applicants are recruited not only from the communities served by the hospital but also from many of the northeastern states. Only those applicants who rank in the upper half of their high school class are selected and preference is given to those who have college preparation.

The new school and residence will provide accommodations for 106 students, an increase of approximately 30% over the present enrollment.

An Illegal Procedure

Ever since Jan. 26, 1954, the Department of Purchasing has been performing its work illegally. On that date an ordinance was adopted creating "the office of a central purchasing agent for the Town of Belleville and the Bureau of Standards and Specifications."

Section 4 of that ordinance requires the Purchasing Agent to "adopt, with the concurrence and approval of the Board of Commissioners, a manual by which the department is to conduct its business."

No such manual has been promulgated or adopted by the Town Commission. This phase of town business at the Commission organization meeting in May of 1958 was assigned to the Department of Revenue and Finance, headed by Mayor Isadore Padula. Padula should explain to the Belleville taxpayers why this department is permitted to flout the law.

Section 16 of the same ordinance requires the Purchasing Agent to "submit to the Board of Commissioners monthly, a report of the operation of his office, showing under proper headings and tabulations the kind and quantities of goods purchased and of insurance contracted for, and the result of work performed."

There has been no compliance with this section. The Purchasing Agent is a conscientious, underpaid public employee. There are other employees in the Finance Department that aren't carrying their own weight. Perhaps Padula could find something for them to do by assigning manpower to the Purchasing Agent which could be used to prepare the reports required by law.

The foregoing is one example of bad government resulting from the absence of strong leadership at Town Hall. Under our present form of government, we're lucky things aren't worse.

Snow Storms and Traffic Jams

Freezing weather surprised some of us this week. Next week it might be snow. In this space a few weeks ago we called attention to the traffic problems created when snow visits our area.

As of this writing, we have failed to see any signs at Town Hall indicating any effort at anticipating the problem and the adoption of measures to relieve the traffic jams that most certainly follow in the wake of a heavy snow fall.

Again we urge our town fathers to take action prohibiting parking on some east-west and north-south streets. A selected handful of through streets should receive the special attention of our Public Works Department for salt and sand treatment.

The public should be advised well in advance of "snow-time" as to which streets will be more negotiable during periods of inclement weather.

The co-ordinated efforts of the Public Safety and Public Works Departments will go far toward solving this perennial problem.

Prophets Wrong

Remember when — back in the 30's — there was a fear that the big chain store systems would destroy independent retailing and wind up as monopolies? Stringent anti-chain legislation was widely proposed as a remedy.

The Federal Trade Commission recently reported on food retailing in this country. And here, as summarized by the National Association of Food Chains, are its findings: 1. The newer chains show a faster rate of growth than the older ones. 2. The medium-sized chains show a faster rate than the larger chains. 3. There is constant entrance of new firms into the chain category and constant growth of the smaller chains in terms of both numbers of stores and sales. 4. Groups of resourceful, vigorous, independent food retailers have not only held their own, they have actually shown greater growth patterns than the corporate chains. 5. All of the 180 food chains with 11 or more stores do a great deal less than half of the nation's food business.

And there's plenty of opportunity within its ranks for merchants of every kind and size.

"Speakup" is a column provided to permit members of the community to express their views on topics of local interest. Letters would be submitted by Thursday noon to be considered for the following week's issues. All letters should be typewritten and double spaced. The Belleville Times will not print letters received with the request that signatures be withheld. All letters appearing in "Speakup" must be signed.

CYO Activities

(The following letter is appropriate to the opening of National Catholic Youth Week.

Dear Sir:

Whether bringing out the gang for a hayride, coaching a boxer, or assisting the theatrical players in CYO productions, Father Scandone, alumnus of Seton Hall University is always around when needed.

That Father Edward Scandone's main interest is teenagers is exemplified, as well, by his modern poetry in the Catholic Week which deals with teen problems.

Assistant at St. Anthony's par

ish, he is moderator-treasurer of the very successful St. Anthony Theatre Guild, which presents the latest stage hits in the new air-conditioned "Little Theatre" building, located at 57 Franklin Street.

INTEREST IN YOUTH

The busy Seton Hall alumnus is assistant youth director of the CYO for high schools. This organization sponsors a variety of youth activities, one of the latest being boxing matches which will feature 12 bouts by the "Ringmaster."

A dance every Friday night at the CYO "Little Theatre" is another popular pastime for members.

A new addition to Father Scandone's CYO activities is a 16-member, mixed bowling team, whose members are taken from three Catholic high schools in New Jersey.

PARISH DUTIES

Usual duties which fall to an assistant in a large parish form another facet in Father Scandone's busy day. The parishioners of St. Anthony's owe the Nuns a debt of gratitude because Father Scandone says that the influence of the Nuns was one of the determining factors in his decision to become

a priest.

Government Change: Writer Says 'Caution'

Dear Sir:

Over a period of time many words have been spoken and many lines have been written about changing Belleville form of government. It is now obvious the voters throughout the state are becoming increasingly aware of the advisability of modernizing their local government.

In many municipalities voters will decide by referendum at the General Election November 8th on proposals to change their plan of government or on undertaking a study of such a change. In other municipalities like Belleville petitions are being circulated for a change in the form of government or for the election of a charter commission to study on the advisability of a change. We are completely confident that in most of these municipalities the vote will call for a change. For attempting to operate a city or town with commission government is similar to flying the Atlantic with the "Spirit of St. Louis" in 1960. It can be accomplished but it is the inefficient, cumbersome, hard way.

However every voter in Belleville who wishes a change should be wary on what type they desire to substitute for their present government. There is a formula to keep in mind when attempting to interpret statistics. There were 50 registered male voters and two females. One of the women married one of the men. So, stated statistically, in a neat twist we find that two

per cent of the men married 50 per cent of the women.

Likewise a sponsor can statistically distort facts and figures to convince the voters how economically and efficiently his or her type government is.

Very truly yours,
JAMES H. LEARY

Geographic Correction

Dear Sir:

In your editorial of November 3, 1960 "Our Vote for President," you referred to Korea as a "tiny island not too far removed from the Chinese mainland."

Korea is a peninsula attached to the Asiatic mainland.

Very truly yours,
THOMAS GRYZKA

Streets 'A Disgrace'

Dear Sir:

This letter is just to let the officials of Belleville know how the people feel about the conditions in this town. Especially the streets. They are a disgrace to Belleville. Never before have they been this bad.

Week after week, the streets are littered and nothing is being done that amounts to anything.

I am enclosing an article obtained from a paper telling of the extra money that was being spent for cleaning additional debris that people discard from cellars and attics. The town is not free of Nature's debris, let alone from attics and cellars.

Last year, several accidental fires resulted from lighted cigarettes and matches carelessly thrown from passing cars into leaves. These matches and cig-

arettes would have burnt themselves out in the gutter if it were not for the debris in them to kindle a blaze.

It seems to me, that, for the money allotted to the Public Works Department, it's endeavors are falling far short of my expectations, namely, a cleaner town.

Never during the term of Ken Smith was the town as dirty as it is now.

I, and a lot of other people would like to know what is going to be done about it.

PRESENTING THE 1961

Thunderbird

UNMISTAKABLY NEW... UNMISTAKABLY THUNDERBIRD

SO NEW THE STEERING WHEEL MOVES OVER TO WELCOME YOU IN

The new optional Swing-Away Wheel symbolizes the newness of this remarkable car. Just a touch of your hand as you enter, and the Swing-Away Wheel moves aside a good ten inches. You take the driver's seat as easily as you drop into your favorite chair. (Incidentally, you can drive only when the wheel is locked safely, securely in normal driving position.)

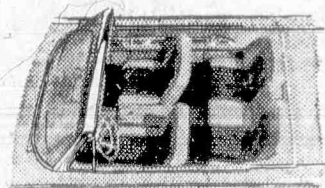

Here is the finest expression of the Thunderbird spirit, unquestionably Thunderbird in its classic lines and sparkling performance—not a hair wider nor a tenth of an inch longer—yet a Thunderbird so uniquely new it stands alone in the fine car field.

In six brilliant years the Thunderbird has established itself as the trend car of our times. With its quicksilver elegance and flashing sports car grace, it is the direction pointer, the styling original that more and more luxury cars have sought to follow. The dramatically new Thunderbird for 1961 is true to the Thunderbird tradition in every trend-setting inch. It preserves all the features that mean Thunderbird: the classic Thunderbird size and distinctive styling, the four-passenger luxury, the famous console, the sports car handling and performance.

At the same time, the unmistakable newness you find in the Swing-Away Wheel is reflected throughout this uniquely new luxury car. As standard equipment, you have the exhilarating, new high-performance Thunderbird 390 Special V-8. Tailored precisely to the Thunderbird's weight and size, this brilliant, new engine brings you Thunderbird spirit at its liveliest. A trio of power assists—also standard equipment—functions as a precision team for a new high in automatic driving. New Cruise-

O-Matic Drive introduces you to the silk-on-silk smoothness of vacuum-controlled automatic shifting. New Power Steering reduces steering effort up to 65%. New, larger Power Brakes adjust themselves automatically.

As you take the driver's seat, you notice new luxury, new comfort everywhere. Individually contoured seats are wider, deeper, softer than ever.

The body has received a special three-phase rust prevention treatment. Mufflers are double-wrapped and aluminized—normally last three times as long as ordinary ones. Advanced engineering of this quality has made Thunderbird virtually timeless. It is a major reason Thunderbird has the finest resale record of any luxury car.

See your Ford Dealer. Test-drive the finest pleasure car of our times. Discover the unmistakably new, unmistakably wonderful Thunderbird for 1961.

R. C. Volunteer Nurses' Aide Course Planned

A Red Cross volunteer nurse's aide course is now being organized to train volunteers from Belleville, Bloomfield, and Nutley. The course will start about November 21 under Mrs. John Denike, R.N., an authorized Red Cross instructor.

The course will be given for women of 18 to 55, and requires a high school education or its equivalent. It consists of 20 hours of theory, and 20 hours of hospital training. There is no cost involved for the trainees, except the purchase of the uniform.

There is an urgent need for these trained volunteers to assist the nurses by performing, under their supervision, many simple nursing procedures, and by helping in preparation and care of working materials, appliances and equipment. This releases the graduates nurses to perform duties that only they are permitted to do.

Patients benefit by the extra care the nurse's aides are able to give them, and by the maintenance of the calm, unhurried atmosphere of peace and security which the presence of these trained volunteers helps to promote.

Women who are interested in taking the training course may register for interview by calling Nutley Chapter American Red Cross, North 7-3818.

Port Authority Representative Speaks to Club

Mothers Club of Essex was briefed on current and future development of land, sea and air facilities in the Port of New Jersey - New York October 11 in the Essex Catholic High School by David A. Burrell, of The Port of New York Authority.

Burrell explained the authority's role in developing and operating 21 terminal and transportation facilities in the district. He illustrated recent advances at such facilities as Port Newark, New York International Airport and the George Washington Bridge and pointed out how the prosperity of Essex together with that of 350 other communities in the area depends on the flow of trade and commerce in the port.

Finally he described the Port Authority efforts to develop trade and to protect the district from discriminatory tariff rates and cargo handling practices.

As properties representative for the Port Authority, Burrell solicited tenants for the bi-state agency's four inland terminals and negotiates transportation leases and other business agreements with prospective tenants. A veteran of World War II, he is a graduate of John Marshall College and Law School.

A. Lukowiak, program chairman for the Mothers Club, scheduled the presentation through the Port Authority Speakers Bureau, 111 Eighth Avenue, New York, City 11, New York.

Parents Assn. Is Organized To Aid Handicapped

The Parents Association for Handicapped Children held their first meeting Tuesday evening, at 25 Washington Avenue, Nutley, with parents from Essex, Passaic and Bergen County communities attending.

Mrs. Joseph Esposito, organizer, spoke of her interest in handicapped children. Mr. Esposito distributed questionnaires to parents of afflicted children, to ascertain where the most need is and what local schools are not doing for these children.

H. R. Whitney, a counseling psychologist of Bloomfield, was guest speaker for the evening. An approved psychologist in the State Rehabilitation Commission in Disability Determination, Mr. Whitney has worked with physically and mentally handicapped children in Boston and New York City, as well as working with mentally ill patients as a vocational counselor at the Institute for the Living, Hartford, Conn. He has offered his services as a special advisor to the Association.

The speaker introduced four main points of discussion to the group, to obtain better educational facilities for handicapped children, provide job opportunities when they become of age, hear monthly lectures which will clarify problems involved and give state rules and regulations in writing to each parent so they may have knowledge of what can be done for these children.

A question and answer period followed, when parents had the opportunity to seek advice in their particular problems. The next meeting will be held December 6, at 8 p.m.

BHS Has Debate On 1960 Elections

BY HOWARD ELLIS

In the midst of all the celebrating, there finally is time to sit back and survey the events of this year's election campaign. A great example of American democracy in action, this campaign brought the candidates and issues closer to the American public than ever before. The excitement of these past few months did not escape Belleville High School either.

Among other political activities in the school, a Senior history class, under the auspices of Mr. Richard Graves, conducted a debate which embodied most of the major issues of the campaign. These students, by playing their part in this history-making event, became more fa-

What's New At BHS?

BY KATHLEEN FLANAGAN

The magazine drive is over. It was very successful and we thank you for our success. The staff and Mr. Corel worked hard and have gotten good results as usual.

The first copy of our school paper came out last week with such features as "The Inquiring Reporter," "Heard in the Halls," and sports. This year's staff is doing a great job and are to be congratulated.

Many of our students went to the Winter Garden in New York last Wednesday, October 19, to see the West Side Story. It is one of the opportunities afforded the students by Dr. Peck. Everyone enjoyed the play immensely.

Report cards for the first marking period came out last Wednesday. Glum faces could be seen throughout the school. That reminds me, I'd better get back to studying. So long.

Air Force WAF Band Conducting Member Drive

The only all-feminine band in the United States Aerospace Force is conducting its annual drive for new members and a limited number of high school graduate girl musicians are invited to apply for the WAF Band. M-Sgt. Joseph Krupski told The Belleville Times today.

M-Sgt. Krupski is the Air Force Recruiter for the Belleville area and may be contacted at Mitchell 2-2020, extension 270.

The WAF Band is a well-organized 50-piece unit which is musically proficient and nationally known. It is one of four women's military bands in the world and is the only traveling women's band in the country today.

REQUIREMENTS

Minimum qualifications for high school graduates require ability to play the equivalent of first chair position in a class "A" high school band. Key positions are available to college-trained musicians. Members with degrees in music are eligible for accelerated promotions.

Applicants must pass and audition and meet all Air Force requirements. Those accepted will receive certificates guaranteeing assignment to the WAF Band immediately upon completion of indoctrination training.

John Hughes Is In South Korea

Army PFC John Hughes, 23, son of Mrs. Joseph Hughes of 9 Van Rensselaer Street, recently participated with other personnel from the First Cavalry Division in Exercise Trooper Turnout II, a three-day field problem in Korea.

The exercise, involving about 20,000 troops, stressed the division's ability to adapt to fast changing combat conditions. Training in defensive tactics was provided by an attack by a simulated aggressor force throughout a 220-square mile combat zone.

Hughes is a construction specialist in Headquarters Company of the division's Fifth Cavalry. He entered the Army in November 1958 and arrived overseas in October 1959.

Before entering the Army, Hughes was employed by the Acme Tool & Machine Co., in Kearny.

School 5 Sets Open House Date

School five will have an "open house" program for classroom visitation Monday night at 7 o'clock. Parents are invited to inspect the school building. Highlight of the evening will be a panel discussion featuring Superintendent of Schools Evan Thomas.

The panel discussion will be concerned with the making of a school budget in a school district. Other participants will be Harold Dufford, assistant superintendent; Mrs. Mary B. Schader, school board secretary, and William Chapman, principal at school five.

A brief business meeting will begin at 8:15 after which the panel will convene. Refreshments will be served.

OTHER NOTES

Other items at school five include the report that the following persons represented the school at the 60th annual convention of parents and teachers in Atlantic City: Ernest Arvidson, Mrs. Harry Burbank, Mrs. James Cataldo, Mrs. Peter Raine and Mrs. Charles Vocum.

Mrs. Paul Martine, membership committee chairman, reports the drive concluded with a roster of 497 members of the school five PTA. Winning classes were Mrs. Joseph Carney's second grade, Mrs. Mildred Clark's third grade and Mrs. Athan Efsthathiou's seventh grade.

New York City Scenes Topic of Field Trip

The entire seventh and eighth grades of school eight made a trip to New York City November 7 and made stops at Pier 86 North River to see the S.S. United States, Rockefeller Center, Daily News Building, and the Automat.

Early in the afternoon they proceeded to the Waldorf Astoria where they saw the musical "Magic Man" and the General Motors Motorama.

Five teachers accompanied the group with Herman Knuppel in charge.

Paul Dunn Ends Fire Classes

Paul W. Dunn, fire control technician second class, USN, son of Elmer Dunn of 181 Greylock Parkway, Belleville and husband of the former Miss Lucille Paul of 273 Ralph Street, graduated from the Fire Control Technician School October 14 at the Naval Training Center, Great Lakes, Ill.

During the 46-week course, students are taught to repair and maintain the equipment used in directing the gunfire of ship's main and anti-aircraft gun batteries, and in the control of torpedo launching.

Before entering the Navy in August 1942, Dunn attended Belleville High School.

Leonard Belcaro Marks End of Navy Boot Camp

Leonard N. Belcaro, son of Mr. and Mrs. William Belcaro of 35 Cedar Hill Avenue, and Harry F. Long, son of Mr. and Mrs. Louis M. Long of 29 Celia Terrace, Belleville graduated from recruit training October 22 at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

Group Attends Symposium On Science Opportunities

Eight representatives from Belleville joined students and guidance counselors from 350 high schools in New Jersey at a symposium on career opportunities in engineering at the Bell Telephone Laboratories in Murray Hill October 26.

Belleville High School students attending the program included Peter Wolk, Dom Giovachino, Bob Babb, Jim Jacobus and Steve Chinnock. Miss Maryton Berardinelli and Nova Babb of the high school faculty and Alfred B. Wolk and Louis Giovachino also visited the event which was sponsored by the New Jersey Engineers' Committee for Student Guidance.

Speakers at the symposium included Dr. A. Pemberton Johnson, director of the counseling center at Newark College of Engineering, who described the quali-

Retail Trade Pickup Seen By Statistician

Retail sales in recent months have not lived up to expectations but they still compare favorably with a year ago and prospects for the next six months appear bright, according to A. W. Zelomek, a retailing specialist in New York.

Zelomek said consumer buying should run three to four per cent above year-ago levels through the beginning of 1961, and will continue to be the most important factor in the sustaining of general business on a high level.

Zelomek said that the factors of the National Statistical Bureau, Inc., said the restraining factors on retail sales recently have been psychological rather than economic. However, he stated that there is no evidence that the public is frightened.

He said the recent lag in retail trade can be explained by the following: Less than normal weather conditions, the decline in the stock market, business psychology has become less favorable, and localized unemployment has been rather high.

Zelomek said that the factors warranting a higher sales trend over the year term are economic rather than psychological and are more favorable than the above mentioned restraining factors.

Among these favorable factors he listed:

Disposal income for the next six months should run above a year ago.

While unemployment will gain the increase for a time may not

be more than seasonal. Mass unemployment is hardly likely.

Consumers' liquid assets continue at a record high.

Consumer short-term debt is not high in relation to income.

Holiday gift buying should increase, probably go to a new high.

Spending on travel will continue at a record high.

Public psychology will become comparatively favorable with the elections over, irrespective of who is elected.

William E. Nelson Now a Truck Driver

Army Pvt. William E. Nelson, son of Mrs. Anna L. Nelson of 37 New Street, has arrived in Germany and is now a member of the 38th Transportation Battalion.

Nelson, a truck driver in the battalion's 34th Transportation Company in Worms, entered the Army in May 1960 and completed basic combat training at Fort Dix.

The 19-year-old soldier attended Bloomfield Technical High School.

The last Saturday contest of the season will put Belleville High in the Kearny home field this weekend where the Bellboys will face a somewhat stronger team.

Belleville has had its ups and downs so far this season—but the squad, in general, is not consistent in either its performance or its guidance.

Last Saturday the name McManus posed a problem. South Side's John McManus scored the Streaks' first touchdown. This weekend the name McManus will be even a greater problem to the easily dazzled Bellboys—only this time it will be Gene McManus, just about one of the best quarterbacks on any of the Hudson County high school teams.

It's too bad that Belleville hasn't learned the lessons which would have corrected the team's fundamental weaknesses displayed early in the season. But the 1960 slate is drawing to a close and with only the Thanksgiving contest remaining after the Kearny game, it's really too late to hope for a new spark on the BHS eleven.

We pick Kearny by two touchdowns.

Michael Pariso and brother Frank report plenty of woodcock and grouse bagged on their hunt Sunday in the Catskill mountains. They will be leaving November 20 for a one week's deer hunting in the same area. Any one interested in good hunting accommodations in and around the Catskills can contact Mike at Pariso Brothers Furniture Store.

Girls basketball registration for high school ages will be conducted Thursday, November 17 at 7 p.m. in Belleville High School. Catherine Popko is the league director.

BY ROGER WARTELL

Although I have not been able to view Belleville High's last few games (the nurses did catch me trying to get out of the room of the Clara Maass Hosp.), it seems that Belleville's trouble lies in their offensive line. The Bellboys are able to get to their opponents' 20-yard-line but after that can move no further.

Near the goal line the linemen on both teams take on a greater importance. The Bellboy line doesn't seem to have that final push which should open up the holes for the backfield. Line coach Tom Testa is working hard this week ironing out this problem, and if the solution is found Belleville will prove a surprise for Kearny this week.

Coach Pete Spera's Iron Dukes made it four in a row last Sunday by defeating the Union County All-Stars, 16-6. The upset over the Mount Vernon Eagles four weeks ago has inspired Belleville-Nutley eleven in their last few games. The Dukes are finally living up to their pre-season expectations and may wind-up in the top three if they keep on their winning ways.

Cary Wills has done a tremendous job at quarterback since he took over for the injured Frank Puelo. His passing has helped give variation to the Iron Dukes' attack.

BY DOM GIOVACHINO

The Belleville Chip-Inns seem to be trying to set a record in the Essex County Touch-Football League. The sad thing about it is that it is not the type which is to be cherished by a team. The Chip-Inns have lost all of their games so far and at present have a record of 0-6. They have averaged 1.3 points per game against their opponents' 39 points per game average.

Unless there is a drastic shake-up in the lineup, it looks like the Belleville Chip-Inns will suffer their worst year in the league.

The Bellboys, unable to cope with Garfield and South Side in their last two outings, will find it equally as difficult with Kearny and Orange in their final two games. Kearny's record shows them to be on par with Belleville, but they nevertheless have the team that could easily win. As for Orange, it goes without saying that they are one of the top teams in the county, and will be really tough for Belleville on Thanksgiving Day. If things don't go just right, if the Blue and Gold continues to fail to take advantage of breaks and come from behind late in the game, it could prove to be one of Belleville's worst seasons in a long time.

George Sheridan played one of his best games Saturday from halfback, as he scored both Belleville's touchdowns and ran well throughout the game. The two TD's were his first scores of the season for him, giving him a total of 12. Frank Annichiarico leads the team with 30, while Sal LoCoco's conversion Saturday gave him second honors with 19. Richie Luzzi has 14 points and Walt Smith one.

JV's Over Southside By 34-0 Tally

BY AL LEMBERGER

The Belleville High JV's rolled up their seventh straight victory by turning back Newark South Side. The "wonderboys" exploded for four touchdowns in the third quarter as they coasted to the 34-0 victory.

Belleville quickly opened the scoring in the first quarter after they took over the ball on downs on the South Side 26. From there it only took two plays, as Joe Valvano ran 21 yards for the touchdown. The pass from Ken Zarro to Bob Byers was good for the extra point which made the score 7-0. After this the South Side defense toughened up and held the Bellboys scoreless for the rest of the first half.

The second half opened as Belleville's Joe Valvano returned the kick-off 35 yards to the South Side 38. Four plays later Stan Tomaszewski made the score 13-0 with a six-yard run. The kickoff after this score was fumbled by South Side and recovered by the Bellboys on the South Side 45. After a 30-yard run by Joe Valvano, Pat Morino took the ball 15 yards into the endzone. Quarterback Ken Zarro went over for the extra point which made the score 20-0. Belleville (Continued on Page 9)

Preparing for Kearny--Next Foe

Ralph Casale (left) and George Sheridan review strategy for this weekend's Belleville-Kearny outing. The clash is set for Saturday afternoon at 2 o'clock in Kearny. Sheridan scored both Belleville touchdowns in lastweekend's game here with South Side. Kearny is seen as having an edge going into Saturday's game.

Sheridan Scores 2 TD's

Southside Downs Belleville First Time in Years, 18-13

BY DOM GIOVACHINO

Belleville High's football team eliminated any possibility for a winning season Saturday when they lost a close, hard-fought contest to South Side, 18-13, at Belleville Municipal Stadium. The defeat left the Bellboys with a 2-5 record and two games remaining, those being with Kearny this Saturday and Orange on Thanksgiving Day.

Belleville started off strongly and led 13-12 at the end of the half. However they slowed down considerably in the second half while South Side poured on the power to give them the victory.

That winning touchdown came with about 5:10 remaining in the third quarter as the Streaks' outstanding quarterback, Lonnie Wright, threw a beautiful 14-yard pass to Left End Art Bridgeforth, who had gotten out by the goal post, unmolested. The 18-13 margin was all South Side needed as they were able to keep the Bellboys in check throughout that second half.

SECOND SCORE
This touchdown was set up by a seven play drive, covering 55 yards, that put the ball on the Belleville 14. The Newark team had picked up good yardage on each play, but the key was a 30-yard run by left half, Marcellus King, bringing the ball to the Belleville 20.

Following this score, the Bellboys were stopped cold as the South Side defense began to jell. The Blue and Gold posed but one threat in the entire half, early in the final period.

George Sheridan, took a South Side punt at midfield, and after picking up some fine blocking from Ralph Casale, enabling him to make any runback at all, he raced to the South Side 20 where he was brought down from behind. For a moment it looked as though he would go all they way, and cap a fine day for himself, as he had scored both previous Belleville touchdowns.

The Bellboys tried desperately to get back into the game. In three plays, the Bellboys forced their way to the 16, where on fourth down, and three yards to

go for a first down, George Sheridan was thrown for a big loss, finally being brought down on the 25. This was Belleville's last chance, as they got no further than the 50 at any time afterwards.

In the beginning of the game, the Bellboys moved quickly and decisively, scoring in the first three minutes of play. After recovering a South Side fumble on the first play of the game, on the South Side 33, George Sheridan, put the Bellboys in front on a run through the line from the five-yard stripe, five plays later, Sal LoCoco's placement was good.

Richie Luzzi and John Herbert had combined for the 28 yards,

on two plays apiece, Herbert getting the ball to the five on an 11-yard run through the line.

FREAK PLAY
A few minutes later, a freak play occurred that turned out to be one of great importance. South Side was forced to punt from their own 18, as they had made no gain in three plays, the ball coming down on the Belleville 40. Richie Luzzi, who was waiting for it let it get by him. As he turned to pick the ball up, a South Side lineman came upon him and kicked the ball down deep into Belleville territory, where it was finally recovered on the five, by another South Side lineman.

Three plays later, John Mc-

Recreation Football Ends With Varsity Club on Top

The Varsity Club team topped the Recreation 1960 Lightweight Football League with an undefeated season. Coached by Tom Corino and Joe Cancelliere, the squad played like champs right from the onset, twice vanquishing each of their opponents. In last Saturday's game the Varsity Club dealt out a stunning 25-0 loss to a very tough Elks Club team.

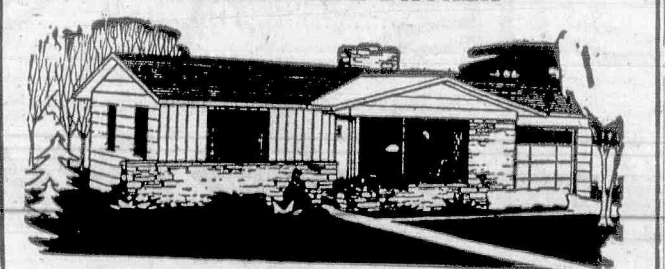

Second place in the League is held by the Elks with their 3-3 record for the season and they are closely followed by the Lions Club who finished a half a game away with a record of 2-3-1. The Kiwanis Club team who

were champions for the last two years finished last after a season of tough games.

In Sunday's game, the season's final, the Kiwanis bowed to the Lions by a scant 12-13 margin in beautifully played, hard fought game.

Regardless of standing at the close of the season every game of the League was hotly contested and the boys played with an obvious enthusiasm.

All that remains for the Recreation Lightweight League is the presentation of awards and the traditional planning for "next year."

Bowl a Trip To Europe At Olympic

A 24-day tour of Europe for two and 4,882 cash prizes go on the line at noon Saturday when the Children's Cancer Fund head-pin tournament gets underway at 122 bowling centers throughout New Jersey.

Locally the tournament will be held at the Olympic Bowl. Mrs. Harrison A. Williams and Mrs. Clifford P. Case, wives of New Jersey's senators, are co-chairmen of the charity event.

With entry estimates ranging from 100,000 to 300,000 the 23-day event seems certain to set a record for the largest number of participants in a single bowling tournament. The 1953 ABC team championship drew 40,900 bowlers, a figure likely to be topped even after allowing for enthusiasts who will enter the head-pin test three or four times.

Entry fee is one dollar per game. Forty cents from each entry will be deposited in the Children's Cancer Fund account at the National Newark and Essex Bank. An additional 20 cents will go into the prize fund.

The Olympic Bowl will split its fund into 40 cash awards—two per week for four weeks, 23 final position prizes and three bonus awards reserved for women. Approximately one of ever 15 individuals entering the contest in Belleville will win an award since only the best score of multiple-entry participants will qualify for house prizes.

The top scorer from each center including the Olympic Bowl will participate in a roll-off for the three grand prizes. The winner will earn the trip to Europe and \$500 in cash (\$2,500 is an alternate choice). Second will get \$1,000 and third, \$500.

The contest has grown swiftly to its gigantic proportions under the guidance of E. Miller, president of the New Jersey Bowling Association.

Stratford Giants Provide Grudge Battle at Stadium

BY JOHN BASILE

The Belleville - Nutley Iron Dukes conclude both their home season and their EFC season Sunday, Nov. 13, when they meet the Stratford (Conn.) Giants in a bitter grudge battle.

The Dukes, riding the crest of a five-game winning streak, hope to finish the season on a high note with another win (this time the big "league" one) over the Connecticut invaders.

Last year the Dukes travelled to Stratford to take a 24-0 drubbing and the Dukes returned the favor with a 34-0 routing of the Giants here last August.

However, it must be added that several Stratford linemen and "Big Bill" Mead were not present that afternoon. Mead stands six feet, eight inches tall, and "killed" the Dukes in '59 with two TD's.

The Dukes' five touchdowns in the August encounter were scored by Bob Marcy (2) and Joe Ciriaco (2) on passes from Frank Puleo and Jack Panico. Ciriaco, Puleo and Panico are all out for the season. Frank Barnes scored the other TD on an 80-yard punt return.

The Giants will start Joe Boley and Bill Mead at the flanks; George Austin and Joe Genovese at tackles; Babe Signore and Bob Kelso at the guards, and Ron Knowlton at center. Johnny Es-

posito has taken over the quarterbacking duties and is a deadly passer and adroit ball-handler, while Tony Travaris and Joe Bucci are the halfbacks and Joe Volturro the fullback.

Defensively, the Giants go with Richie Connors and Bob Dzladik at ends; George Stoica and Genovese at tackle; with George Austin at middle guard. The linebackers are Dave Wright, Al Hoyland and Joe Volturro. Clarence Austin and Van Spruill are the halfbacks and Joe Bucci is the safetyman.

The Dukes will start Lou Borelli and Bob Marcy at the flanks; Fred Sperduto and Nat Revis at tackles; with the McCabes, Pat and Jack, at the guard slots. Jay Easterday will be at center. The starting backfield will be Cary Wills at QB, with Dick Bartolazzi and Ron Gasparinetti at the halves and Chuck Munford at fullback.

Defensively, the Dukes will go with Perry Mayers and Bob Castelli at the ends, Dom Pomponio and Nick DeBenedetto at tackles with Gerry Skidmore at middle guard. Tom Appicella, Don Munford and Bob Paganelli will be the linebackers, while Barry Des Prez and Beau Munford will handle the halfback posts and "Flying Frankie" Barnes will be at safety.

The Giants are a tough, rugged outfit with a 5-3 record. They defeated, 7-6, the Stamford Gold-

in today's contest identifies himself at The Times office before the 5 p.m. Monday deadline, he will win \$5.

Participating sponsor of today's contest is Abbots Drug Store at 531 Washington Avenue.

ANNIVERSARY

Mr. Feinberg lived in Belleville at 71 Wilbur Street up until 1956 when he moved to Bloomfield. He and his wife celebrated their 50th wedding anniversary last January 13.

He told The Times that "I often go out shopping with the old battle axe." How does Mrs. Feinberg feel about being called a battle axe? "Oh, she's use to it by now," he answered smiling. She was smiling, too.

The Feinbergs report this was the first time they have won any kind of a contest.

So, in case you have or haven't won a contest, why not glance at today's map page photo, then check the following rules — and who knows, next week's winner might be you!

The rules for this week's contest follow:

Turn to the double-spread map page and you will see a picture of a group of people snapped somewhere in Belleville.

One of the persons in the photo is singled out with a circle.

Readers are invited to identify this person and the spot where the picture was taken. The first one to do so—by mail or in person at the office of The Times—will receive an award of \$5. Please note: Identification of the person and place must be made by coming to the office of The Times, 246 Washington Avenue, or by mail. Phone calls will not be accepted.

The person who is circled is requested to call at our office in person and receive a \$5 check drawn to the order of one of the cooperating merchants listed on the map page.

It is important in playing this fascinating game of identification to note these simple rules:

1) the winner must tell us who the person is whose photo is circled and where picture was taken; 2) entries in the contest must be made in person or by mail—not by phone; 3) the prize will be awarded to the one who submits the first correct identification; 4) all decisions by The Times are final; 5) there is a prize also for the person whose

Jonh Marion, 74; Retired Guard

The funeral of John A. Marion of 18 Valley Street, Belleville was held Saturday morning with a 9 o'clock Requiem Mass in Saint Peter's Church. Interment was in Holy Cross Cemetery, North Arlington. The funeral arrangements were completed by the Kiernan Home, 101 Union Avenue. He was 74.

Mr. Marion, who had resided in Belleville 40 years, died November 1 at home of pneumonia. He lived with his daughter, Mrs. Kenneth (Eleanor) Payton at the Valley Street address. His wife was the late Mrs. Margaret Lynch.

Born in Newark, Mr. Marion was a retired guard for the Pinkerton Detective Agency and for the New Jersey Bell Telephone Company in Newark. He had been active in labor union activities.

He was the son of the late John and Mary Marion.

Surviving, in addition to his daughter Eleanor, are a son, John Marion of Newark; two brothers, Charles of Belleville and Joseph of Bloomfield; two sisters, Mrs. Grace McCluskey of Belleville and Mrs. Frank (Edith) Kolmar of Maplewood; eight grandchildren and three great-grandchildren.

Club's Dinner Dance Nov. 19 in Lyndhurst

Belleville Colony Club's annual charity dinner-dance is set for Saturday, November 19 in Lyndhurst. Nick Frusteri and George L. Cocozza are chairmen of the ticket committee.

Arthur D'Ambola, chairman of the event, reports that Lefty and his Four Dominoes will provide music and entertainment. Nick Muncel is co-chairman of the dance while Philip Perrentino, John Ventura, Anthony Festa and Peter Zippo are members of the reception committee. Pat Callela is the club president.

photo is circled; 6) only one entry per family is permitted; 7) contest deadline is 5 p.m. Monday; 8) Failure to comply with contest rules in all respects is cause for disqualification.

If no one identifies the circled photo and the place where picture was taken, the prize money will be added to the following week's award.

Each week The Times staff photographer will take a similar picture somewhere in Belleville. Each week the picture will appear on the map page and test your ingenuity — and your power of observation. It can be lots of fun. Get started now.

Work fast. Be the first to come to our office with the right answers! Remember, being first means being the winner.

Internationality Council Plans Benefit Festival

Boy Scouts and Girl Scouts, as well as adults, are working with the Internationality Council of New Jersey and the Montclair Area Committee for Refugees to make a success of the festival being held November 19 at Hill-side School.

An exhibition of arts and crafts from many countries will be featured including Austria, Germany, Bulgaria, Byelorussia, Czechoslovakia, Serbia, Greece, Hungary, India, Italy, Japan, Poland, Scandinavia, and the Ukraine.

Mrs. John H. Rudd, chairman of the World Fellowship Committee of the YWCA which has just completed its World Fellowship week, has arranged for exhibits from Latin America, Southeast Asia, Ghana, Nigeria, Congo and South Africa.

The Montclair Art Museum has cooperated with the Internationality Council and the Montclair Area Committee to extend its display of World Refugee stamps, through November 25. The exhibit is open to the public in the foyer of the art school during the regular hours of the Museum.

Salvatore Rotunda

A High Mass of Requiem was offered at St. Mary's Church yesterday, Wednesday, morning for the late Salvatore Rotunda, 66, who died suddenly at his home, 18 Hancox Avenue, Saturday, Nov. 5. Burial was made in Holy Sepulchre Cemetery, Newark.

Born in Teora, Italy, Mr. Rotunda came to this country in 1921, lived for about two years in Belleville and then moved to Nutley, remaining here for the rest of his life.

He was retired after having been associated with George La Monte & Son, Nutley manufacturer of safety paper, for 38 years.

Surviving are his wife, Mrs. Antoinette De Rogatis Rotunda; two sons: Gerald, of the Hancox Avenue address; Ralph, of Belleville; three daughters: Mrs. Anthony (Angelina) Buono of Belleville, Mrs. Reese (Rose) Wesner of Passaic, Miss Marie Rotunda, at home; two sisters, Mrs. Maria Guarino of Belleville, Mrs. Filomena Lardieri of Italy, and eight grandchildren.

SOLVET BAR MITZVAH

Mr. and Mrs. Armand Solvet announce the Bar Mitzvah of their son, Edmond Seymour Solvet on Saturday, November 12 at 4 p.m. in Temple B'nai Israel. A reception will follow the services at the Temple.

Ralph Cerrato; Services Today

Funeral services were held this morning for Ralph Cerrato of 420 Joralemon Street who died Sunday in his home of a long illness. He was 45.

A High Requiem Mass was offered at 10 o'clock in Holy Family Church, Nutley. Interment followed in Mount Olivet Cemetery, Bloomfield. The funeral director was the Zarro Home, Bloomfield.

Born in Newark, Mr. Cerrato resided in Belleville six years. He was a truckers' helper for the New York Central Transport Company, Jersey City.

He leaves his wife, Vita Calamia; a daughter, Josephine at home; two sons, Ralph Jr. and Alan, both at home; seven brothers, Angelo, Fiore, Jerry and Lebert, all of Newark; Domenick of Watertown, N. Y., Orlando of East Orange and The Rev. Rocco of Florence, Italy; four sisters, Phyllis First, Josephine La Monica of Hillside, Mrs. Nicholas (Geraldine) D'Andrea of Colonia and Mrs. Norman (Ann) Lassen of Newark.

Patsy Libertell; Local Foreman

The funeral of Patsy J. Libertell of 219 North Belmont Avenue, Belleville was held yesterday with a Solemn High Mass of Requiem in Saint Anthony's Church. Interment was in Holy Sepulchre Cemetery, East Orange.

Mr. Libertell died November 3 at the age of 57. Born in Harrison, he was a resident of Belleville 35 years. He was a foreman with Heyer Products, Cortlandt Street, 30 years. Mr. Libertell was a member of the Belleville Auxiliary Police Division.

He leaves his wife Josephine P. Paone; two daughters, Johanna and Phyllis at home; a son, Patsy Jr., also at home; three brothers, James and Rocco of Belleville and John of Newark, and two sisters, Mrs. Marty Cateno of Newark and Rose DeMeo of Belleville.

Manus went over from the one, making it 7-6. The extra point attempt failed.

The next Belleville score came in the second period on a 69-yard drive. The drive began when Lou Pomponio recovered a South Side fumble on the Belleville 31. In seven running plays, Belleville had taken the lead again, the actual score coming on a fine 15-yard jaunt by George Sheridan, who went over right tackle, and then cut to the left eluding would-be tacklers and crossing the goal line untouched. This time Lo-co's kick was blocked.

On the ensuing kickoff, Marcelus King ran back 25 yards to the Belleville 46. In four plays the Streaks marched to the two where quarterback Lonnie Wright fooled everyone on a pitchout to King, who skirted right end for the score. Wright tried to run again for the conversion, but was stopped five yards from the goal, giving Belleville a 13-12 edge at the half.

Dukes-Union Game

(Continued From Page 9)

also had an edge in first downs, 11-5.

Lou Borelli was the offensive star for the Dukes with five pass receptions good for 75 yards and one touchdown. Chuck Munford was held to only 32 yards gained from scrimmage in eight carries, his lowest as a Duke, but upped his total yardage to 652. However, Chuck returned a punt for 42 yards and a kick off for 54 yards to set up one T.D., while newcomer Augie Longo also romped 44 yards with a punt return.

Bob Paganelli earned the defensive laurels this week, along with Nick DeBenedetto and Dom Pomponio, although Tom Appicella and Frank Barnes gave their usual fine performances. In fact, the defensive platoon made only one lapse, and that occurred with the reserves in, late in the fourth period, to permit the lone Union score. The absence of Ron Gasparinetti, injured in the first period, was noticeable in the Iron Dukes attack.

The first half was almost scoreless, with the Dukes threatening to score three times to no avail, when, with two minutes left, Chuck Munford brought the fans to their feet with a beautiful 42-yard punt return from mid-field to the Union eight-yard line. Brother Don was racked up at the line of scrimmage by three Union defenders.

Cary Wills then found Borelli free in the left corner of the endzone and Lou collaborated with a great catch for the score, with 15 seconds left on the clock. Frank Barnes split the uprights twice, from the three and then the eight for the extra point, as the Dukes were offside on the first attempt. The half score, 7-0, Dukes.

Shortly after the third quarter started, Bob Marcy kicked down to the All-Star goal line and the receiver was dropped on the one-inch line. After a quarterback keep gained only inches, Dick Green was tackled in the endzone by Bob Paganelli and Nick De Benedetto for a safety, and a 9-0 Duke edge.

Chuck Munford took the kickoff from the Union 20 (on his own 30) and returned it 54 yards to the Union 16. The Dukes were unable to gain in four plays and the Stars took over on their own 20. Jim Land passed to brother

Pichel Finishes Officers' School

MARCELINO R. PICHEL

Navy Ensign Marcelino R. Pichel, son of Mr. and Mrs. Francisco Pichel of 38 Plenge Drive, Belleville, was graduated October 14 from the Officer Candidate School at the Naval Base, Newport, R. I.

The 18-week course qualifies college graduates and outstanding fleet personnel in the naval sciences, stressing technical and leadership problems.

By graduating, each officer candidate has observed, and put into practice, the essential leadership principles necessary to equip him for his new responsibilities as an officer.

Future Teachers to Hear Seton Hall Dept. Head

The Future Teachers Club will hear Mrs. Gloria Del Vecchio, head of the Elementary Education Department of Seton Hall University, next Thursday at 3:30 p.m. She will discuss requirements, course of study, and the life of the elementary school teacher.

Michael A. Trotta of Belleville has been elected a director of the New Jersey Society of Architects. The 147 Joramemon Street resident is also on the board of trustees of the Belleville United Fund.

Bob for a first down on the 35. An offensive pass interference call against the Stars cost them 15 yards, and the All-Stars were forced to punt.

The Dukes took over on their own 38 and drove 62 yards in eight plays to virtually sew it up. Wills passed to Bob Marcy for nine and Dick Bartolazzi went for 15 more to a first down on the Union 38. Wills hit Borelli for six and Marcy for eight, down to the 24. Bart picked up four before Wills' pass to Borelli just eluded Lou's fingertips.

Cary then went back to pass. He had nobody clear, found running room and dashed down to the eight for another first down. Don Munford then broke off tackle, found daylight and carried two defenders into the endzone for the score. Barnes' placement upped the count to 16-0.

The only Union TD came with two minutes left after a roughing-the-passer penalty, following four incomplete passes, gave the Stars a first down on the Dukes' 14. Jim Land found Len Watson in the endzone for the score. The final count read 16-6.

Pvt. Ralph M. Conte Completes Lessons In Teletype School

Army Pvt. Ralph M. Conte, son of Mr. and Mrs. James V. Conte, 67 Watsessing Avenue, Belleville has completed the teletype operation course at The Southeastern Signal School, Fort Gordon, Ga.

During the eight-week course Conte was trained to receive and disseminate communications using the standard teletype set with military keyboard.

He entered the Army last May and completed basic training at Fort Dix. The 23-year-old soldier is a 1955 graduate of Belleville High School and attended Fordham University.

Before entering the Army he was employed by Westinghouse in Newark.

on Bears (who defeated the Dukes, 13 - 0) and lost to the league-leading Franklin Miners by only one touchdown, and therefore cannot be regarded lightly.

They are thirsting for revenge for the humiliating beating handed them earlier this season and this game should be a real corker. The Dukes, who are riding high, should be about six-point favorites to cop the finale.

This will be the last chance for local fans to see the 1960 Iron Dukes in action. It may well be Chuck Munford's last game as an Iron Duke. He alone is worth the price of admission.

Speedsters like Frank Barnes, Don Munford, Beau, Joe Brooks, as well as receivers of the caliber of Ron Gasparinetti, Lou Borelli and Bob Marcy, together with linemen like Tom "The Immovable" Appicella, Dom Pomponio, Fred Sperduto, etc., add icing to the cake.

DeFillippo Joins Allstate Office

FRANK D. DEFILLIPPO

Frank D. DeFillippo of Harrison has been assigned to the new Allstate neighborhood sales office in Belleville. He will represent the firm in the Belleville area.

He served with the Air Force from 1951 to 1955 and attained the rank of sergeant. He is a member of the Veterans of Foreign Wars, Jaycees and Knights of Columbus.

Oldtimers Leading

The Oldtimers, knocking off the Hilltoppers for two out of three games in the Fewsmith Men's Bowling Club, created a three-way tie for first place as the Spoilers also won two from the Busters.

The Mufties also began to show a little spirit in taking two from the Cubs. Bill Buist kept at his high score pinning by toppling the maples for a good 245 and pushing his average to 171 and taking over third place in the individual standings.

Horman, Dahlquist, Tietze and Farrar also came through with a 200 or better score, thereby shuffling the individual standings a bit.

ville again capitalized on a South Side mistake as "Red" Higgins picked up a fumble and took it to the South Side 27. Three plays later Joe Valvano went 12 yards around end for the score. Stan Tomaszewski made it 27-0 as he went over for the extra point. The final Bellboy score came after an intercepted pass on the South Side 26, as three plays

later Tomaszewski went around end for 14 yards. A pass from Ken Zarro to Bob Byers was good for the extra point, which made the final score 34-0.

The Belleville defensive unit is to be complimented on the fine job they did in racking up their first shutout. This unit is led by Captain Pat Valse, "Red" Higgins, Tony Dela Terza, and Mike Rega.

The 122 houses slated to open the contest Saturday have a total of 3,140 lanes, approximately 75 per cent of the facilities in the state.

The Children's Cancer Fund was started by 28 women in 1950 with donations of \$10 each. They

since have distributed upwards of \$500,000 for medical care, research and hospital facilities to alleviate sufferings of children with cancer.

Under pressure of increasing appeals for aid, Mrs. Herbert T. Mundin, the fund's president, conceived the idea of a bowling benefit. She called on Lou Marks,

long-time producer of televised bowling shows, and he directed her to Miller. Marks continues to assist as contest director.

JARMAN INTRODUCES

"Evershine" leather

world's first leather with a "built-in" shine

"Evershine" is an amazing leather — a historic "first" in footwear. Just a few whisks with a brush or cloth remove dust and dirt and restore the lustrous shine. Think of the time, trouble and expense you save! "Evershine," the result of a brand-new Jarman tanning and finishing process, is a two-way winner: (1) It repels dust and dirt and moisture; (2) It requires only a simple cleaning and buffing with a soft dry cloth or brush when shoes do get dirty (damp cloth is better if extra dirty). We are proud to be among the first to offer Jarman styles made of this unique new "Evershine" leather (exclusive with Jarman in men's shoes). Come in and try a pair, for long-lasting good looks.

TAX SALE

Notice of Sale of Property for Non-Payment of Taxes, Assessments and Other Municipal Liens. PUBLIC NOTICE IS HEREBY GIVEN that the undersigned, Collector of Taxes of the Town of Belleville, in the County of Essex, will sell at public auction in the Commission chambers in the Town Hall of said Town on **MONDAY, NOVEMBER 14, 1960** at 10 A. M. the following described lands:

Said lands will be sold to make the amount of municipal liens chargeable against the same on the first day of July 1960, as computed in the following list together with interest on said amount from the first day of July to the date of sale and costs of sale.

Said lands will be sold in fee to such persons as will purchase the same subject to redemption at the lowest rate of interest, but in no case in excess of eight per centum per annum. The payment for the sale shall be made before the conclusion of the sale or the property shall be resold.

Any parcel of real property for which there shall be no other purchaser will be struck off and sold to the Town of Belleville in fee for redemption at eight per centum, and the municipality shall have the same remedies and rights as other purchasers, including the right to bar or foreclose the right to redemption.

The sale is made under the provision of an act of the Legislature entitled, "An act concerning unpaid taxes, assessments and other municipal charges on real property and providing for the collection thereof by the creation and enforcement of liens thereon." R. S. (44:2-19 to 44:2-111).

At any time before the sale the undersigned will receive payment of the amount due on any property, with the interest and costs incurred up to the time of payment.

The said lands so subject to sale are described in accordance with the tax duplicate, including the name of the owner as shown on the last tax duplicate and the aggregate of taxes and assessments which were a lien thereon on the first day of July 1960, exclusive, however, of the lien for taxes for the year 1960, are as listed below:

Cutting Down Trees

(Continued From Page 1)

"it didn't fall all the way down and it could have eventually dropped." Hudson said that there are several children in the neighborhood.

Continuing, Hudson said that his neighbor onto whose property the tree fell, Robert Mallack, "came to me and asked what I was going to do about the tree. I told him I wasn't paying any attention to it and it could stay there until next summer as far as I was concerned."

Hudson told this newspaper that Robert Mallack said later that his father, former detective James Mallack of 217 Greylock Parkway, told the Belleville Police Department about the tree.

Hudson further stated that his impression of the legality of the town's removing the tree is based on a reported legislative act of about two years ago which deems a downed tree "an act of God." Hudson maintains that such being the law, he was not obligated to remove the tree.

Answering a direct question, Hudson said, "No, I did not call anyone at all to have the tree removed." He said that because he has been active in municipal politics, he realizes the incident was a good one for certain critics to pick up and distort.

Change of Government

(Continued From Page 1)

presented to Town Clerk Eugene Barnett, he will set the election date within 60 to 120 days.

There is no possibility that an election to change Belleville's government will be held concurrently with any special election for a new high school; the high school question may be decided at an April election according to school board projections.

Correspondents in Ridgewood told The Times that a referendum there to change the village government from the commission to mayor and council was defeated by a 5,809 to 5,565 margin. The Jersey City vote on the change to Mayor-Council from commission won approval by a count of 84,529 to 9,694, an overwhelming victory which is expected to give impetus to the Belleville movement.

Caldwell Township by a 902 to

222 voted to change its form of government from a three-man committee to a mayor and four-man council.

Another long-time stronghold of commission government toppled when Long Branch voters chose the council-manager form by a 5,671 to 3,708 tally.

CD to Send Messages

(Continued From Page 1)

Another phase of the civil defense program will include the stationing of portable radio trans-

mitters and CD members along the parade's line of march. These units will be "ready in case of any emergency," the civil defense office said.

The CD headquarters will be open to the public on Veterans' Day.

Vara is Thrilled

(Continued From Page 1)

am happy that Belleville citizens shared his victory with him."

Vara said this campaign just concluded was his most physical-

ly exhausting campaign in which he ever participated. "The smashing victory of the Democratic Party in Belleville was a victory not only for the successful candidates but for the legion of workers who worked tirelessly throughout the long and strenuous campaign. I want to publicly thank the Citizens For Kennedy, the Belleville Democratic Club, the Junior Democrats from the high school, our dedicated Democratic County Committee, and the voters of Belleville who used the right judgment." The home district of the Dem-

ocrat town chairman gave Kennedy 973 to 472 for Nixon. Rodino shellacked his GOP opponent Alphonse Miele, 1,075 to 348. All the county Democrat candidates trounced their opposing GOP counterparts in the fourth ward of the fourth district, with an average vote for the Democrats of 825 to 50 for the GOP.

Transit Authority

(Continued From Page 1)

that he was following through on a suggestion offered by Attorney General Furman to the effect that State Highway Commissioner Dwight R. G. Palmer be consulted about the proposal.

The Attorney General pointed out that Commissioner Palmer was "in the process of extensive study and planning in all phases of passenger transportation and may have comments or objections from the policy standpoint to municipal transit authorities."

Kiernan on Purchasing

(Continued From Page 1)

the price for top soil is a fair one."

Gruhin said that "you have to buy top soil when it's available to get the best price" but added that "I still think you could have notified the purchasing agent." Gruhin, Sullivan and Pico voted with Kiernan for payment of the two bills. Padula said he was "not voting."

AIR CONDITIONERS

McLaughlin said that past policy was to have only emergency items purchased directly by departments, "items especially needed on the spot in order to continue a particular job."

Padula told The Belleville Times that "the purchasing agent saves the town money by coordinating supplies." He said that Kiernan's office paid \$200 more for air conditioners bought

last summer than was paid for two units twice as large which were bought by McLaughlin at the same time.

Attorney Investigates

(Continued From Page 1)

duced if Belleville is to have a purchasing agent in the future.

PADULA Mayor Padula called Kiernan's attitude "foolish" saying that "if he won't amend the ordinance, then I will." Padula said he wanted to know why Kiernan waited so long to bring up this issue and suggested there might be "other motives."

Kiernan told The Times that he didn't know about the lack of a manual until he learned of McLaughlin's refusal to certify two vouchers totaling \$1,300 for work on the Fairway Avenue playground. Kiernan said he was investigating to determine where McLaughlin received such a pre-

rogative when "I came across

the manual requirement." Kiernan said "I haven't even seen a copy of the rules and regulations which they tell me today are in existence."

From what transpired inside Town Hall this week, it became apparent to all that a manual was never supplied as demanded by the 1954 ordinance creating the purchasing agent's office. "NO SUITS"

Padula said that he would amend the ordinance, if it needs amending, before "the town is sued by any of the contractors which might be hired directly by Kiernan and who don't get paid."

Padula said the commission will vote down, 3-2, any bills submitted by Kiernan which have not been certified by the purchasing agent.

Kiernan said he realizes that his bills may not be approved and that suits may be brought against the town.

"When this happens," Kiernan says, "the courts will decide who's right and who's wrong."

Do you want a Perfect Christmas Tree delivered to your home for Christmas?

Christmas Farm Christmas trees are unusually high quality nursery grown trees. They have been grown from a specially developed variety of the aristocratic Scotch pine. This variety has a particularly rich green color and pleasing shape and fullness. It will not lose its needles even after standing for several weeks in a hot dry room. Being cut and delivered to your home fresh, these trees are less easily set on fire than the partially dried out trees found at the average lot. Our supply of these special quality trees is very limited this year. To obtain one you must order now. Use the order form below to place your order today.

- ▶ ORDERING YOUR CHRISTMAS FARM CHRISTMAS TREE NOW SAVES YOU THE TIME AND BOTHER OF SHOPPING FOR A TREE DURING THE BUSY TIME JUST BEFORE CHRISTMAS.
- ▶ OUR DECEMBER DELIVERY SERVICE SAVES YOU THE MUSS AND FUSS OF BRINGING YOUR TREE HOME FROM A LOT.
- ▶ CHRISTMAS FARM CHRISTMAS TREES ARE FRESHER, MORE FIRE RESISTANT AND WILL NOT LOSE THEIR NEEDLES.
- ▶ CHRISTMAS FARM CHRISTMAS TREES HAVE PERFECT SHAPE, DENSITY AND COLOR.
- ▶ CHRISTMAS FARM CHRISTMAS TREES NEED FEWER ORNAMENTS AND LIGHTS FOR THAT DECORATED LOOK. THEY REQUIRE NO RAIN OR ICICLES TO HIDE HOLES AND OPEN DENSITY.
