

## Sullivan Meeting Today on Question Of Police Raises

Commissioner Harry J. Sullivan, director of public safety department, is meeting today with Essex County Police Administrators to discuss and examine a new request for \$600 raises by town police and firemen.

## Holiday Lights Now Decorate Business Center

Washington Avenue turned on its Christmas atmosphere Monday night when 10 huge strings of holiday greeting lights were lit for the first time. The Christmas lighting program was organized entirely by the Belleville Chamber of Commerce and the finances are being carried by about 50 retail stores along Washington Avenue in the area where the lights are shining. Between Rutgers and William Streets.

Harry T. French, executive secretary, told The Times this week that "if it weren't for the chamber, Belleville wouldn't have any Christmas lights this year."

Two new obstacles were posed this year which the chamber had to overcome before the lights along Washington Avenue lack the facilities provided by the old poles to permit electrical connections for the Christmas lights.

The Chamber took the initiative last summer in the Christmas lighting program and listed the decorations in its 17-point work program adopted in September. Clayton Shepherd, chairman of the chamber's Christmas lighting committee, completed arrangements for electrical connections at the Town Hall on one side of the street and at the Royal Shop Rite for the opposite side of the avenue. Shepherd is manager of the Shop Rite.

Shepherd explained original plans called for lighting the avenue after Thanksgiving. He said that the necessity of obtaining new power sources delayed the appearance of the lights a few weeks. The two power supply points, at the Town Hall and Royal Shop Rite, are being made permanent so they can be utilized in future seasons.

Assisting Shepherd on the committee is Aaron Cohen of Charles Jewelers who is contacting individual merchants for participation. French is also working in this phase of the project.

The lights were installed for the Chamber by Pottenzzone Brothers, owner and operator of the International Electrical and Flag Decorating Company, Inc., of Newark. Achille Pottenzzone is a resident of Belleville and has worked on installation of the Christmas lights in Washington Avenue the past 10 years.

Shepherd noted the lights will be lit during the season ahead starting at dusk and continuing until 11 p.m. Automatic time switches have been installed to turn off the lights at 11 p.m.

Fireman's Mutual Benevolent Association, Michael V. Marotti and Ted DelGrosso, respectively.

Sullivan told The Times he realizes Belleville is paying its police and firemen one of the lowest salaries, if not the lowest, in Essex County. He noted that Newark's salaries were lower, but if all went as scheduled, Newark police received a raise last night.

Anthony Fantacone, chairman of the PBA committee handling the question, noted that many towns have already told their police and firemen that increases will be coming in 1961. Fantacone said that "as of now, we are \$400 below the lowest town in the county and \$800 below the highest in the county."

**SULLIVAN'S POSITION**

Commissioner Sullivan said that he believes "our men are entitled to some consideration but just how much I don't know yet." Sullivan said he wants to

## Plan Theatre Party For Town Children On Christmas Eve

Christmas Eve is the date of a special children's movie party which will be sponsored by the Belleville Chamber of Commerce and the Capitol Theatre, 362 Washington Avenue.

Tickets are being distributed through the public and parochial school system. Special cartoons have been selected for the party which will be held Saturday, December 24 between 1 and 4 p.m. Many other prizes have been planned for the occasion, Robert Osborne, theatre manager and Harry French, chamber executive director, said today.

## Book Sale Starts Today

School 10 PTA will hold its first book sale of the year today and tonight from 7 to 9 p.m.

## Mrs. Rochau, R. Drake Announce Intentions To Seek Re-Election

The two members of the Belleville Board of Education whose terms expire next February have already announced their intentions to seek reelection. Mrs. Violet F. Rochau, board president, and Richard H. Drake, vice-president, both released separate statements to The Belleville Times urging voters to avoid any changes in the board membership so that the new high school program may advance smoothly.

Mrs. Rochau and Drake are presently completing three- and two-year terms respectively. The school board election is Tuesday, February 14. To date, no other

been studying school building needs. We contracted with Rutgers to make a survey and since then, with the aid of many citizens, we have been trying to carry out their recommendations in the best possible way. Much time and planning has already gone into this and I would not want any action of mine to jeopardize this project. Therefore, at the urging of many friends, who feel it would be a mistake to make changes on the Belleville Board of Education at this time, I declare myself a candidate for reelection."

candidate has entered the race for the two board seats.

Mrs. Rochau's statement, only a paragraph long, reads as follows:

"For the past year, the Belleville Board of Education has

most identically the thoughts expressed in Mrs. Rochau's release. Drake's statement follows: "The Belleville Board of Education has recently announced its intention to build a new public high school. This can be considered as perhaps the major educational decision a Belleville Board of Education has reached

## Grace Church to Show Bible Collection Sunday

Grace Church will have an unusual display of Bibles this Sunday. Grace Church, along with many churches in the world, is observing Universal Bible Sunday this weekend.

Pastor of the church, the Rev. Albert V. Lawson, reports the exhibit will include several unique Bibles, many in different languages including the Hebrew and the Greek Septuagint.

Bibles of modern translation in English and facsimile pages of the English Bibles dating back to 1525 will be shown. The Rev. Lawson's sermon Sunday will be "The Book for Everyone."

The Grace Church is at Overlook Avenue and Bremond Street.

## Teen Hops Stopped

The teenage record hops usually held Friday nights in the Belleville Elks Club have been discontinued until further notice.

## Two Winners In Map Game Announced

Two Belleville women collected the prizes in last week's map page contest. Mrs. William S. Denton of 224 Joralemon Street was the person in the mystery photograph and Mrs. Helen Stoddart of 354 Union Avenue was the first to correctly state so in the contest. Mrs. Stoddart also was right in placing the picture's location as the Acme Super Market in Washington Avenue.

Both women received \$5 checks. Mrs. Stoddart said the hardest part of the contest was determining the location the picture was taken. "I was pretty sure it was the Acme," she said but she added she was confused because last week's contest ironically was sponsored by the Royal Shop Rite in Washington Avenue.

Mrs. Denton reported she shops at both stores. A resident of Belleville 35 years, Mrs. Denton has two children, both married. She is a member of the Christ Episcopal Church.

Mrs. Stoddart is the wife of John M. Stoddart Sr., and has resided in town 37 years. They have a son John Jr., who is married and living in Belleville. Mrs. Stoddart is a member of the Belleville Woman's Club and of Grace Baptist Church.

## United Fund Drive Will Continue in Hope Of Reaching '60 Goal

### Tell Details For House Decorations

Details of Belleville's annual "Home Christmas Display Contest" sponsored by the town recreation department were announced today by Commissioner George F. Kiernan. Prizes will be awarded the top five winners who will be chosen by a group of Belleville artists.

Kiernan notes that the judges will attempt to see every home in Belleville even though some homeowners may not register for the contest. However the commissioner says that those wishing to insure a visit by the judges should call the recreation department in advance.

"This year's contest has been planned in the hope of encouraging everyone to decorate their homes and to offer recognition to those to take part in the season's spirit," Kiernan explained.

Preliminary judging will be completed on the evenings of December 26 and 27 with the finals being announced December 28. Winners and honorable mentions will be listed in The Belleville Times.

### Silver Company Buys Local Firm

MERIDEN, Conn. — The International Silver Company has purchased the assets of Eastwood - Nealley Corporation, Belleville, Craig D. Munson, president of the world's largest silverware manufacture told The Times today.

Eastwood - Nealley, founded in 1877, is one of the largest manufacturers of bronze and brass fourdrinier wires, cylinder and filter wires in the United States. Financial terms of the purchase were not announced. However the acquisition marks the entry of International Silver into a new field as a major supplier to the fifth largest industry in the nation.

**CASH PURCHASE**  
"Purchase for cash of Eastwood - Nealley" explained Munson "is another step in our diversification program which is designed to broaden the base of our business. All of our diversification moves to date have put us into a variety of markets of quite different character than

## Less Than Half of Objective Reached, Lowest in County

Belleville's United Fund Campaign is being extended to December 31, the campaign directors decided Monday night after reports still showed this town's drive the least successful to date among 16 Essex and Union County communities.

Monday's reports stated that only 45.5 per cent of the United Fund goal has been reached. The goal is \$90,700 and so far \$41,302 has been collected or pledged.

Dominic Lally, chairman of the residential portion of the campaign, notes that too many workers still have collection cards outstanding. Lally said he is hoping all the cards will be returned and all homes covered before Christmas.

Another comment came last night from Harry T. French, vice-president of the Fund. Said French, "it is painful to contemplate at this joyful season the results in human suffering that will surely follow a failure to reach the goal established for this year's campaign."

He added that "it is impossible to understand why it is so difficult to get people to help in the campaign or to contribute to this worthy cause in Belleville."

"It is hoped that on Christmas

morning when the gaily wrapped packages are opened that people will be inspired to give a thought to the ill, the aged, the crippled, the disturbed, the retarded, the young who need guidance, all of whom will be cruelly affected by our community's apparent lack of compassion," French observed.

This isn't the first time this year's United Fund Drive has been extended. Fund President John Noonan on November 17 announced that because of poor results at that time, the residential house-to-house canvas would be extended until December 5, which was this past Monday.

Last month Lally stated that he was "confident that despite the slow beginning of our house-to-house - house drive, the Fund will eventually be able to meet the budgetary commitments of the 12 participating agencies."

## New Five-Year Garbage Contract Costs \$847,000

Belleville has awarded a five-year garbage collection contract to a Ridgewood firm which submitted the lowest of four bids. The new contract represents an annual increase of \$39,590.

The \$846,951 contract went to Lorenzo Puccillo and Sons of Ridgewood, the same firm which holds the five-year contract with Belleville signed in 1955 and which expires this month.

The Ridgewood firm outbid La-Flora of Newark, C. F. Malanka and Sons of Union City and C. Egan and Sons of East Orange. The latter two submitted prices within \$10,000 of the Puccillo bid. The 1955 contract was for \$649,000. The new pact represents a hike of \$197,951 or \$39,590 per year or an equivalent of a little more than seven tax points each year based on the 1960 town budget.

Commissioner Nuncio R. Pico, director of public affairs, reports the new contract costs more for reasons in addition to inflation. He reported that the firm is serving 500 more homes today than in 1955 and that two evening collections are made each week along Washington Avenue.

Other innovations in the new contract include the use of the contractor's dumps in North Arlington by residents free if they obtain permission from Puccillo. The contract also provides added obligations on the part of Puccillo and penalty clauses for breaches of contract.

Specifications were prepared by Pico and Thomas J. McLaughlin, town purchasing agent.

## Okay Variance For Tractors

A parking lot for tractors in Main Street caused some controversy among the board of commissioners. A variance to permit tractor parking in a rear residential yard at 273 Main Street was voted through by a slim 3-2 vote. The variance was recommended by the Zoning Board of Adjustment.

Commissioner Robert C. Gruhin, director of public works and under which the zoning board functions, told the board "I don't think there has been any show of undue hardship by the applicant." The applicant was the R. H. Trucking Company of Belleville.

## Anent The New School Site

Commissioner George F. Kiernan, Director of Parks and Public Property, has criticized the Board of Education for wanting to locate the proposed new Belleville High School on the municipal stadium tract on Passaic Avenue.

Kiernan raises excellent questions which should be answered by the proponents of the site. Unfortunately, Kiernan's observation does not go far enough. He must recommend an alternate site. Kiernan states he is for "advances in education." It is his responsibility to present to our citizens a plan which would meet the requirements of a modern educational system without the handicaps of which he complains.

While on the subject of the Passaic Avenue site, it should be of public interest to recall the discussion that followed Commissioner Kiernan's request in August to place the question on the ballot on Nov. 8 past. Kiernan argued that at least 10,000 more people would have had the opportunity to express themselves on the question at a November plebiscite than would vote at any special election held for the purpose.

We recall that Mrs. Violet Rochau rapped this newspaper for editorially supporting Kiernan's suggestion. Our editorial ended with "The fact that the November elections will draw a record number of voters to the polls is a compelling reason for our public officials to see that the question (new school site) appears on the ballot."

To this Mrs. Rochau replied: "You have done the cause of public education a dis-service by supporting a position which violates its fundamental concepts." In addition, she accused Kiernan of playing politics.

We believe Mrs. Rochau was wrong in August. Subsequent results prove our point. Of a voter registration of 18,801, exactly 16,581 voters visited the polls on Nov. 8. At the Feb. 9 school board election — which was hotly contested by six candidates — 2,841 voters visited the polls.

Kiernan, joined by Commissioner Nuncio Pico, attempted to induce his colleagues on the Commission to join in placing the question on the November ballot in order to afford more of our taxpayers an opportunity to vote on the question, which may easily result in a 50-point rise in the tax rate.

In asking for a rejection of the Kiernan motion, Commissioner Robert Gruhin, Director of Public Works, displayed an armful of maps to indicate that the Board of Education at that time was interested only in a parcel of land approximately 12 feet wide and 250 feet deep. Mayor Isadore Padula, Director of Revenue and Finance, also opposed the Kiernan resolution in August. The Mayor didn't know. He "wasn't sure whether or not the school board wants any land in the stadium area." Well — he knows now. The school Board wants it all — and more. It wants several private homes abutting the area.

It remains to be seen what type of leadership our finance head will provide in these most troublesome times. Taxes are reaching an all-time high. We must modernize our school system. This is one time Finance Director Padula will not be able to sidestep the issue. The money problems of the community are the prime responsibility of the finance director. We await Padula's recommendation.

## Next Year's GOP Primary

From all appearances we can expect a Primary Election contest next Spring for the GOP gubernatorial nomination. Governor Robert B. Meyner's second term expires and by law he is prohibited from serving a third term.

The New Jersey Senate is full of GOP hopefuls. From the sands of Wildwood to the Hills of Warren — to the banks of the Palisades — GOP Senators are available and running. Wayne Dumont, GOP Senator from Warren County, hard by Easton, Pa., is determined to make a second attempt for the GOP nomination which eluded him in 1957 when he went

down to defeat at the hands of former Somerset Senator Malcolm Forbes.

In neighboring Bergen County sits another able and ambitious Republican Senator, Walter Jones. He has a well-disciplined, well-oiled machine already working to capture the GOP nomination.

Among the hills of Somerset we have Newark lawyer Bernard Shanley, a former secretary to President Dwight D. Eisenhower and presently GOP National Committeeman for New Jersey. Shanley lost to former Congressman Robert W. Kean in a three-cornered race for the GOP U.S. Senate seat vacated by former Senator H. Alexander Smith. Eisenhower's former appointments secretary enjoys the fanatical support of powerful South Jersey GOP boss Senator Frank Farley of Atlantic County. Shanley has strong support among many GOP leaders in Essex.

Farther down the state we have Senators Richard Stout of Monmouth County and Charles Sandman of Cape May County. Outside of his home county, Stout does not appear to have much support. Sandman can depend upon most of the South Jersey counties. And if Shanley withdraws from the race, Farley is sure to endorse his neighbor and colleague.

In view of the foregoing we believe a GOP gubernatorial Primary contest is certain. This possibility may be the best thing that has happened to the GOP in a long, long time.

Not only could we encourage a contest for the gubernatorial nomination, but we believe the Republican Party owes it to itself to revitalize the party from bottom to top. Every vacancy should be contested — from the precinct level up. Only in this way can the party regain the vitality it demonstrated in New Jersey during the '30s and '40s. Essex County and New Jersey can return to the Republican banner — but only if the party attracts to itself new blood and new faces.

Recently Essex County GOP Chairman Robert W. Kean suggested the coveted "Clean Government Republican" label be withdrawn from us in a Primary election. As expected, his recommendation was greeted with squeals of anguish from Republicans who look upon themselves as municipal GOP leaders. Kean's recommendation should be adopted promptly — without even a second thought. It is about time that weak leaders were compelled to stand on their own two feet without the protective, supporting arm of the Clean Government label.

We are all for a GOP Primary fight all along the line. Only good can come from such contests.

## Budget-Making Time

Every year about this time the Boards of Commissioners and Boards of Education begin putting together the projected costs to run both departments of government for the coming fiscal year.

We would suggest to the members of our Commission and Board of Education that our taxpayers do not have an inexhaustible supply of funds. Our earnings are limited. We are unable to spend more than we make — unless, of course, we care not about our own solvency.

Some requests have merit and require affirmative action by our officials. Others, meritorious but not so pressing, must be postponed for consideration at some other time.

Our taxpayers of all ages require relief from the heavy burden of real estate taxes. There is only one way to do it: hold the line on expenditures.

Cut from the budget those jobs that we can do without. There are jobs on the public payroll which could be abolished. Let the public officials responsible for these jobs summon the courage and integrity necessary to stop further waste of taxpayer funds.

## Kiernan Votes Against Stadium Site for School

Commissioner George F. Kiernan is "not convinced" the stadium site is the best in Belleville for a new high school. Kiernan, a member of the planning board, cast the only negative vote as the board approved by a 8-1 margin the Passaic Avenue site for the proposed school.

Ralph Visco, planning board chairman, stated this week that the approval was given after the board received a report from the site selection subcommittee of the Citizen's School Building Advisory Committee.

The site has also been recommended by the Urban Planning Associates of New York, Belleville's master planner.

The Passaic Avenue site embraces six homes and eight lots and a portion of Municipal Stadium land east of Passaic Avenue between Division Avenue and Greylock Parkway.

Pontiac trims side overhang to give you a new Wide-Track...greater stability

Notice that the sleek lines of the body are closer than ever to track width. We've trimmed side overhang. Every inch and ounce of this '61 Pontiac travels with steadier footing. The change is also noticeable inside. We've increased seat height and allowed more headroom, legroom and footroom.

Clearance between steering wheel and seat is 12 per cent more than before. Doors are wider, swing open farther. More balanced in motion. More comfortable inside. That's the Wide-Track way to travel. And there's only one place to try it...in a '61 Pontiac! Take a deciding drive soon.

THE ONLY WIDE-TRACK CAR! Pontiac has the widest track of any car. Body width trimmed to reduce side overhang. More weight balanced between the wheels for sure-footed driving stability.

## Stokowski In Program With Symphony Unit

The inimitable Leopold Stokowski appeared with the Philadelphia Orchestra as guest conductor at the Mosque Theater on Tuesday, November 29. The concert marked Stokowski's first Newark appearance with the Orchestra he conducted from 1917 to 1940 and was brought to the people of New Jersey by Garden State Concerts and Bamberger's New Jersey.

Stokowski chose a typically dramatic program for the concert opening with the Beethoven "Leonore" Overture No. 3 and the Beethoven Fifth Symphony. Following intermission the featured works included Moussorgsky's "Boris Godunov" in a Stokowski symphonic transcription of highlights from the great Russian opera; selections from Prokofiev's ballet "Romeo and Juliet" and the colorful "Capriccio Espagnol" of Rimsky-Korsakov.

Last season, after an absence of 20 years, Stokowski returned as guest conductor for five concerts with the Philadelphia Orchestra. For the 1960-61 season, he will guest conduct the Orchestra on seven occasions, in Baltimore, Philadelphia and New York City as well as here in Newark. The November 29 concert was the 23rd played here by the Philadelphia Orchestra since its founding in 1900.

# Student Nurses In College Choir Holiday Concerts

Two Belleville women students at Newark Rutgers are members of the school's mixed choir which will give Christmas Concerts in the Newark Museum this Sunday and next Wednesday. They are Miss Florice Fantoni and Miss Katherine Peck. Both are enrolled in the Rutgers College of Nursing.

The 42-voice group will perform traditional and Negro Christmas carols assisted by a 17-piece orchestra Sunday evening at 8:15 and next Wednesday at 12:30 in the afternoon.

Miss Fantoni resides at 17 North Seventh Street in Belleville. Miss Peck's home is at 21 Clearman Place.

The original musical settings for the carols have been written by two senior music majors including Michael Melillo of Nutley. Melillo and Arthur Baum of Newark worked with Seymour Barab, assistant professor of music, in writing the settings.

Melvin Strauss, assistant professor of music, is in charge of next week's programs.

## John Joyce in Germany

Army Pvt. John Joyce, son of Mr. and Mrs. Thomas F. Joyce, of 476 Joralemon Street has arrived in Germany and is assigned to the staff of the 58th Evacuation Hospital.

Joyce, a medical specialist at the hospital in Idar-Oberstein, entered the Army last May and completed basic combat training at Fort Dix. The 18-year-old soldier attended Belleville High School.

that for silverware. Yet all the new products involved have a common denominator of non-ferrous metal fabrication which is where we have knowledge and experience dating back to 1847 and earlier.

"In the last five years we have expanded our rolling mill into the non-ferrous sheet and strip market, entered the cosmetic industry through the purchase of the Eyelet Specialty Company which makes lipstick cases and other cosmetic containers, and we have a stake in the electronic field through our Times Wire and Cable Division. Eastwood - Nealley puts us in still another product and industry related to the fabrication of non-ferrous metals."

**EMPLOYS 400 IN BELLEVILLE**

Eastwood-Nealley, specializing in the manufacture of Fourdrinier wire for 84 years, is headed by John G. MacKechnie, president, and Nelson W. Webb, vice-president. The five-and-a-half acre Belleville plant, employing some 400 people, is the only integrated wire weaving operation in the U. S. since it is the only company that manufactures wire from ingots. Starting with the melting and casting of raw metals into billets, the process follows into wire drawing and then into wire weaving on many tremendous looms, some almost 30 feet wide. Probably the largest wire weaving loom in the world was designed and built by Eastwood-Nealley and is operating in

the Belleville plant.

"It is our intention to operate Eastwood - Nealley as a wholly-owned subsidiary under its present management and in its present location and as its own separate entity," Munson continued. "The management has operated the company very successfully in recent years. Sales have nearly doubled since 1953 and profits have quadrupled. At the current rate, Eastwood - Nealley's earnings will add in excess of one dollar a share to the profits of The International Silver Company. Eastwood - Nealley has that of the paper industry it serves. The paper industry is the fifth largest industry in this country, and the leading industry in Canada. U. S. paper and paperboard production, which was 34.1 millions of tons in 1959, is estimated to increase to 43.7 by 1965 and 57.3 millions of tons by 1975 equivalent to an annual growth rate of over five per cent."

The 1959 annual report of International Silver said that "these non-silverware units together should contribute at least 20 per cent of the Company's total sales in 1960 and at an improving profit ratio." Non-silverware units, including that of Eastwood - Nealley, should approximate 30 per cent of International Silver's total 1961 sales.

International Silver, before the end of 1960 will announce another acquisition," reported Munson, after confirming that the non-silverware sales total estimate for 1961.

## HAVE 28 TOWN BUILDINGS

The company, established in 1877 at Belleville and continuously operated there ever since, serves more than 400 customers in the United States and handles some exports to Canada, South America and some European countries, such as Finland. Its 28 buildings house each produc-

tion, step from ingots - copper, tin and zinc - to the casting and drawing of all the strands of wire from which the Fourdrinier screens are woven.

"Our company was first to use phosphor bronze wire (1916) to make Fourdrinier screen, which has since become a standard in the industry," explained Nelson W. Webb, executive vice - president of Eastwood - Nealley. "In the 1920's we were one of the first companies to use microphotography. We invented a method of seaming wire screen (joining ends) which through cross licensing was made available to the entire industry and is now in general use. We invented the flat wrap screen (Encor Wire) which results in better formation of the sheet of paper."

"All types of paper are made on Fourdrinier screens," continued MacKechnie, President of Eastwood - Nealley, includes newsprint, currency and such wide ranges as the coarsest of (paper board) to the finest grades of tissue bible, cigarette, book, writing and sanitary papers.

## NOW OPERATING NEAR CAPACITY

Eastwood-Nealley, which is operating at close to capacity and is on a substantial overtime basis also makes screening for various industrial purposes, such as mining and filtration applications. Since its wire mill has a capacity greater than company requirements, Eastwood is able to supply wire to other industries.

The Belleville plant contains one of the largest wire stretching tables in the world. Its massive rolls handle wires of over 400 inches in width and more than 200 feet long.

This plant likewise contains the largest wire weaving loom in the world. Company designed and built this machine - is almost thirty feet wide. It operates as fast as any automatic loom can run today. A Fourdrinier screen made on this large loom will contain over 4,250,000 feet or 800 miles of strand wire.

John G. MacKechnie, born 1909 and reared in Newark received his A.B. from Dartmouth in 1931 and his LL.B. from Harvard Law in 1934. He was an associate of the Newark law firm of Lum, Tamblin and Fairlie until 1941 when he joined Eastwood-Nealley as assistant secretary, successively moving up to secretary, treasurer, president and a director. Though an ardent golfer he has found time to serve as a director of Summit Trust Company, Vermont Academy, Saxton Rivers, Vermont, and a number of manufacturing and trade associations and various civic and charitable activities.

He served two terms on Summit's City Council. The MacKechnie's live at Bellevue Avenue, Summit, with their two sons, Peter-Rollins College, A. B. 1958, and Andrew, a senior at Williams College.

Nelson W. Webb, born 1901, Nashville, Tenn., received his B.E. in mechanical engineering from Vanderbilt University in 1923. In that year he joined Eastwood - Nealley as a machine designer, successively becoming superintendent, general superintendent, vice president, director, and executive vice-president. He is a director of Dixon Chemical-Research Inc. (listed on American Stock Exchange) trustee of Clara Maass Memorial Hospital in Belleville. His chief hobbies include accurate metal tool work, firearms and photography. The Webbs live at 130 Montclair Avenue, Montclair. They have a son, Nelson, Jr., A. B. Princeton 1951, who is president of an investment company at Montego Bay, Jamaica, British West Indies.

## Police-Firemen Raises

(Continued From Page 1)

study the proposals, the conditions in other towns and so forth before taking a definite stand.

If approved, the raises would benefit 134 men in both the PBA and the FMBA locals in Belleville. Marotti, PBA president, said the pay increases are proposed "to bring Belleville in line with the 1959 pay scales of most other departments in this area."

The question of raises for police and firemen in the amount of \$500 per year was placed on a 1959 referendum in Belleville. Voters knocked down the proposal, 4,621 to 4,046. It has been estimated that \$600 increments would increase the public safety department's payroll \$81,000 or the equivalent of about 13 tax points based on the present municipal budget.

## POLICE STATEMENT

PBA President Marotti and Chairman Fantacone released a statement to The Times summarizing the policemen's position. The statement follows:

"We, the members of the Belleville PBA Local 28, feel it is about time that we are given a raise which will put us near some of the towns in the county. As of now, we are 17 on the list of 21 towns in the county. This raise we are requesting will put us near this group but we still will be behind due to the fact that they are all scheduled for raises in 1961.

"Some towns have already been told that they will receive an increase in 1961. As of now, we are \$400 below the lowest town in the county and \$800 below the highest in the county."

Sullivan noted that preliminary budget estimates for the coming year are usually submitted by January 1, about three weeks from now.

## Okay Truck Variance

(Continued From Page 1)

attorney representing the trucking firm, contended the variance should be granted because the occupant of 273 Main Street, Herman DeJonge, "intends only to park a few tractors behind a fence at the rear." DeJonge is head of the R. H. Trucking Company.

Gruhin said he doesn't "believe tractor depots are attractive for this neighborhood." Gruhin was joined by Commissioner Harry J. Sullivan, department of public safety, in opposing the variance.

The public safety factor was brought up by several residents who spoke against the application. They cited traffic congestion increases, mixed zoning uses of the neighborhood and the question of introducing a "trucking depot" in a residential area.

Gruhin asked that clauses be inserted to limit parking use of the property to four tractors and to limit the life of the variance only during the period of the DeJonges occupancy.

The matter was originally heard before the zoning board on October 17.

## Map Page Winners

(Continued From Page 1)

contest is the Logan Auto Radiator Company, 135 Main Street, Belleville.

Turn to the double-spread map page and you will see a picture of a group of people snapped somewhere in Belleville.

One of the persons in the photo is singled out with a circle.

Readers are invited to identify this person and the spot where the picture was taken. The first one to do so—by mail or in person at the office of The Times—will receive an award of \$5. Please note: Identification of the person and place must be made by coming to the office of The Times, 246 Washington Avenue, or by mail. Phone calls will not be accepted.

The person who is circled is requested to call at our office in person and receive a \$5 check drawn to the order of one of the cooperating merchants listed on the map page.

It is important in playing this fascinating game of identification to note these simple rules: 1) the winner must tell us who the person is whose photo is circled and where picture was taken; 2) entries in the contest must be made in person or by mail—not by phone; 3; the prize will be awarded to the one who submits the first correct identification.

tions; 4) all decisions by The Times are final; 5) there is a prize also for the person whose photo is circled; 6) only one entry per family is permitted; 7) contest deadline is 5 p.m. Monday; 8) Failure to comply with contest rules in all respects is cause for disqualification.

If no one identifies the circled photo and the place where picture was taken, the prize money will be added to the following week's award.

Each week The Times staff photographer will take a similar picture somewhere in Belleville. Each week the picture will appear on the map page and test your ingenuity — and your power of observation. It can be lots of fun. Get started now. Work fast. Be the first to come to our office with the right answers! Remember, being first means being the winner.

## School Board Candidates

(Continued From Page 1)

in recent years. While such a project requires the cooperation and help of all the people, it also demands a continuity of effective leadership. This is one of the major reasons for my decision to seek re-election as a member of the board of education.

"One circumstance or another has given Belleville a turnover in school board membership of from 30 to 50 per cent each year since the change to an elective form in 1954. This has required a transition period of several months each year during which the new board has learned to work as an effective unit. At this time, in particular, a change in membership could further delay the advancement of a project which has been too long delayed. For this reason, if for no other, the voters should be given an opportunity to continue for another year a board which has learned to work together well and to the educational advantage of the community."

One Belleville gridiron star didn't receive one comment on the Belleville Times sports pages during the past season, mainly because he's attending St. Benedict's Prep in Newark. Ralph Lilore, was captain of the frosh football team this season at St. Benedict's. Ralph's performance was so impressive he also played quite a bit of jayvee and even was called for eight quarters of varsity ball.

Ralph is the 14-year-old son of Police Lieutenant and Mrs. Jerry Lilore of 140 Crest Drive in Belleville. The 155-pound captain scored 15 touchdowns (96 points total) for St. Benedict's where he is now a member of the freshman basketball team. He plays baseball too.

The Belleville athlete is a graduate of St. Mary's School, Nutley. He played CYO basketball here two years when the local league entry captured the Group Four CYO championship. The team coach was his pop.

Ralph, we might note here, has just been elected president of his class. And from this report, we are warned to keep watch on this Belleville man, we're sure it won't be long before you see his name again.

You would be doing us a favor if you would let us know about local students who are active in the sports program in either neighboring high schools or in college. It's always interesting to note from time to time any accomplishment which a Belleville athlete may have to his credit.

The announcement in The Newark News Friday of Phillipsburg's selection as the 1960 All-State football squad came as a frightening shock to some Nutley fans we know. They place the blame for the wrong selection squarely on the desk of Herb Stutz at The News. So Herb, keep away from Nutley; they're waiting for you. But soon this epidemic of monomania will pass and who knows, Nutley fans may even stop repeating that the Stateliners played five of eight games in Pennsylvania. (So why should they be the New Jersey state champs, we've been asked.)

One prescription which might have prevented this outbreak of monomania would have been for The News to pick Phillipsburg as the state champs in the paper's "New Jersey Edition." The selection of Nutley for the same title would have been reserved for the local "city-county Edition" and gee whiz, maybe no would have ever known the difference.

By ROGER WARTELL

The freshmen basketball had a very big turnout this year which should help bolster the hopes for the basketball teams of the future. Coach Eugene Westlake reported that 40 boys turned out for the squad this year as compared to the 18 that showed up last year. Belleville basketball fans were beginning to wonder what happened to the supposed popularity of the sport when there was not even enough players to fill out all the uniforms last year. This year though, there were more than enough and coach Westlake hopes to develop the talent he has.

One of the worst exhibitions of poor sportsmanship was given last Sunday at the Peace Bowl game between the Belleville-Nutley Iron Dukes and the Franklin Miners. The final score, 49-0, was in no way an indication of the true play of both teams. Every one of the Miner's seven touchdowns were a direct result of Iron Duke fumbles.

But the failure of the Iron Dukes to muster an attack can not be blamed solely on the players. In our opinion all of the referees, Jack Moyer, Harry Hill, Al Houser and Bill Yohn, are due for a check up at an optometrist. This may be said to be a biased opinion, but one which is probably shared by most of the people who saw the game. In one of the very first plays, a Miner end threw a quite obvious elbow in the face of Frank Banes. This went undetected.

As the game went on, the various knee drops, elbows to the face, and kicks to the body were continually perpetrated by the Miner team, without penalties being called.

With the Belleville basketball team opening its season tomorrow night, it is interesting to look back on last year's record and team. The players are mainly the same ones who donned uniforms last year, which should prove a good omen for the Bellboys. Although last season's record was 2-12, it must be remembered that six games were lost by three points or less. We hope that the Blue and Gold will have better luck in winning the close ones this year, and come home with a much improved record.

## Iron Dukes Only 'Touchdown' Called Back After 32-Yard Run By Chuck Munford

CHUCK MUNFORD (31 left) carries 32 yards to cross the goal line in Sunday's Peace Bowl only to have a penalty ruled against the Iron Dukes and the touch-

down called back. The Dukes, in white uniforms above, provided exceptional interference for Munford as the three Miners shown are unable to stop the star Belle-

ville player. Other Belleville men here are Beau Munford (13), Harry Wills (24), Fred Sperduto (17) and Jay Easterday (18). The Miners won 49-0.

### Junior Varsity's First Court Set For GHS Five

BY ROGER WARTELL

Belleville junior varsity basketball team plays its first game tomorrow at 7 p.m. The Jayvees coached by Charles Travers, will have an all sophomore team this year, and will be gunning to improve last year's record.

According to coach Travers, this year's team has a little more height and speed than last year's, and is expected to do better. The offensive set up will be the same as in previous years, but the defensive arrangement will be different. The junior varsity has been working on a special zone defense which was set up by Travers and will probably unveil in tomorrow's game against Garfield.

Most of this year's junior varsity team is made up of last year's freshmen squad. A few of the boys saw some action on the JV team of last season, which should be an extra value to the squad. The Bellboys have a fairly small team this year with the emphasis being on quality rather than quantity. Only 11 boys were

### Frosh Football Closes Slate With 2-4-1 Mark

Belleville High's freshman football team finished the 1960 season with a record of two wins, four defeats and one tie. Although this record doesn't sound very good, the team is much better than it indicates.

The team showed the willingness to learn by mistakes, a great advantage for a young team. The advantage showed at the end of the season when the team won two out of the last three games.

A team which improves as fast as this one should be a great help to the BHS varsity in the next few years if it can keep up its rate of improvement. A few of the outstanding players were Frank Pomaco, Lou Di Bella, Pete Strumolo, Joe Series, Joe Serreta and Jerry Longo.

Let's hope we see these boys as varsity stars in the very near future.

Here's the scores of the season's games:

Belleville 0 Irvington 6  
Belleville 0 Kearny 6  
Belleville 12 Lyndhurst 24  
Belleville 0 Nutley 21  
Belleville 12 St. Benedict's 0  
Belleville 19 Kearny 6  
Belleville 0 Orange 12

## Freshmen Schedule Will Open With Clifton at 3:30 Tuesday in Belleville Gym

BY AL LEMBERGER

Freshman basketball coach Eugene Westlake had one of the largest turnouts for the squad at Belleville High in many seasons but just how usable all this seemingly added depth will be is a question that should be answered Tuesday afternoon. The freshmen's 13-game schedule opens in the BHS gym Tuesday at 3:30 p.m. with Clifton High as the opponent.

Although the freshman schedule continues until February 13, Tuesday's first game will be the last until next year—January 4, 1961.

Westlake reports he's keeping about 20 players; about 40 turned out for the early practice sessions. The freshman coach will use his 20 men on a rotation-type basis, especially early in the season. His training plan calls for

roughly four different freshman teams which will rotate; once Westlake finds the best team, which undoubtedly turn out to be a composite of his four "tryout" teams, he hopes to not only build a winning record, but more important, to train a wise team which will boost the varsity squad in the seasons yet to come.

#### SOME NAMES

Westlake dislikes to single out any players at this stage of the game, but observers following the court sessions will give some added attention to Pete Strumolo, Mike Liloia, Charlie Brennan, Joe Sica, Tony Benecchi and Mike Nicossia.

A light workout today is on the training program before Tuesday afternoon's opener.

The 1960-61 hoop state for the frosh is listed below:

#### Fumbling Finale

## Franklin Miners Pick Iron Dukes Into Pieces (49-0) at Peace Bowl

BY JOHN BASILE

The Eastern Football Conference Champion Franklin Miners, taking advantage of every Iron Duke mistake, routed the Belleville-Nutley Iron Dukes, 49-0 Sunday at Newark School's Stadium, before a crowd of 3,500 fans.

The Iron Dukes had their poorest day of the 1960 season as no fewer than seven of their fumbles were turned into touchdowns together with a blocked punt. It was a contest only for the first half as the despirited Dukes proved to be no match for the Miners or the four officials, who turned in the most inept and incompetent job this reporter has ever witnessed.

The Miners, not content with merely routing the locals, rubbed salt in the wounds of the Dukes by inflicting terrific physical damage on the faces of at least 12 of the Dukes, injuries of the type that could not have been caused by the normal play of the game, but by elbows and knees. When the Dukes attempted to retaliate, they were slapped with penalties, some deserved and others of the "phantom" variety.

Now for details of the carnage. The Miners scored in the opening quarter after Don Wernes recovered Wills' fumble on the Iron Duke 12. Three plays later Buckman passed to Vernon on the first down on the two. On the next play Wernes circled right end for the score. Neal Buckman's conversion made the score 7-0.

Late in the first period, Chuck Munford, from single wing right,

dashed 32 yards to an apparent touchdown, only to have it called back for offside against the Dukes. Early in the second quarter, Cary Wills found Beau Munford free 20 yards behind the Miner safety man on the Miner 30, but he dropped the ball.

Late in the half, Joe Jackson recovered Wills' fumble on the Duke 11. On the fourth down Buckman passed to Bob Gunderman, who caught the ball with one foot out of the end zone. However the officials ruled it a touchdown. A photographer, standing behind the end zone confirmed the injustice of the call. Buckman converted for a 14-0, half-time lead.

A few plays after the second half started, Vic Schwartz recovered

on the seven-yard line. Two plays later Bob Gunderman dove over from the one. Buckman's kick upped the count to 21-0. Late in the third canto, the Miners scored again following a pass interference call giving the Miners a first down on the Duke 15. Buckman then passed to Tom Vernon (on the Allentown roster) in the end zone. Buckman then threw to Gunderman for the extra point, making the third quarter score read 28-0.

The Miners scored thrice in the last period on Stan Stolz's block of Marcy's punt (Gunderman converted); a 25-yard pass from Bill Baker to Warren Allen (Buckman converted); and Stan Derry's 30-yard run with a loose ball (on which play Gene Mon-

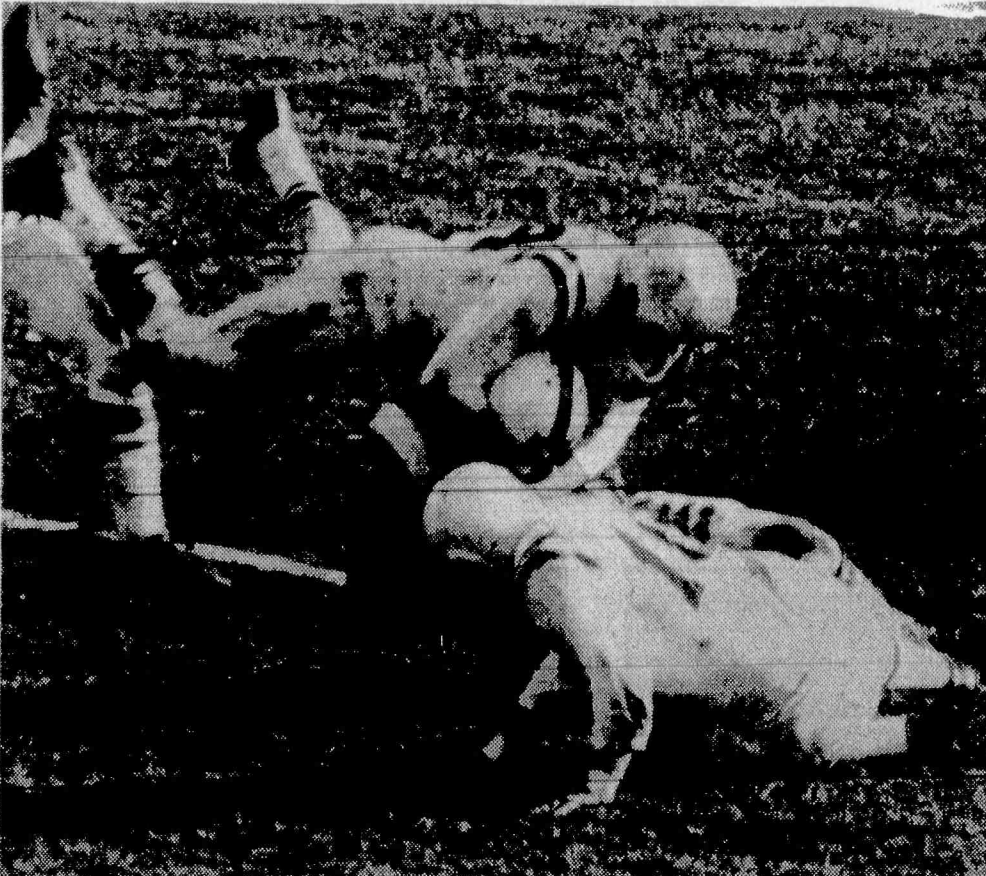

trone was flagrantly clipped) and Buckman's conversion for a final tally of 49-0.

For the Dukes, Fred Sperduto played his best game of the year in a losing cause, while Chuck Munford was always a potential threat to break loose for a long TD run.

The statistics below tell the tale.

## HS Cage Season To Open

First Game Home Tomorrow Night

BY DOM GIOVACHINO

Belleville High's basketball squad opens the 1960-61 season tomorrow when they meet Garfield High in the Belleville High gym at 8:30 p.m. This should be very important game as it will give the first indication so far of what can be expected this season. There is every reason to believe that there will be a big improvement over last year's season when the Bellboys wound up at 2-13, defeating Orange High twice.

Last season was one in which very easily the Blue and Gold might have had a winning team. But numbers of games were decided by a few points, and losing in the final minutes was characteristic of the squad.

For instance, the Bellboys lost the opening game to Garfield, 44-42 in overtime, after blowing a nine-point lead going into the fourth quarter. With a more experienced team this year, though, this sort of thing should be eliminated.

#### LOOKING GOOD

Up to the opening game, the coaching staff, consisting of head coach John Westlake, who will be handling the Bellboys for his fourth year this season, and Jayvee coach Charles Travers, a former BHS cager, has stated that the team "looks good." This opinion has come mainly from Belleville's efforts in five scrimmages, two with Verona, and one each with Immaculate Conception, Newark Central, and St. Benedict's, the last being played Monday. "The squad was able to more than hold their own, although Central outplayed us a bit.

"It appears that the squad this year will have more depth, mainly from the number of Jayvees from last year's squad that will be on the Varsity. Overall, we should be a better team this year."

The squad has six men from last season's varsity returning, all of whom won letters on that team. These are Sal LoCoco, Mike Sandomino, Frank Annichiarico, Larry Latore and George Sheridan, all seniors, and "Red" Higgins a junior.

Higgins was the high scorer last year with 152 points, while Sandomino and Annichiarico were second and third with 109 and 67 points respectively. Sandomino, 6-3 is the biggest man on the team, with LoCoco, 6-1, the only other "six footer." Latore, who didn't play much on Varsity last year has "looked good so far," and can be expected to be an important man on the squad. In more recent scrimmages, Sandomino and LoCoco have come around, giving hope of a well balanced team.

#### NEW RECRUITS

Coming up from the Jayvees are Tony Raimo, Ray Hackett, Mike Chieffo and Joe Petrillo, all juniors. Hackett was the high scorer on the jayvee squad last season totaling 185 points. Raimo, too, was an important man on that squad, playing consistently well.

Although the team lost only three men by graduation, they will be missed a lot, especially Richie Burlazzi, who was a consistent starter and playmaker on the squad.

Since the coaching knows only what they saw last year concerning the Garfield team, and no one knows if they're going to play the same way, it is hard to say what Belleville's chances are. It can be said, though, that they will be doing their best to start off on the "right foot."

The probable starting lineup for tomorrow night's game is Marty Higgins, Larry Latore, Mike Sandomino, Sal LoCoco and Frank Annichiarico.

#### Teams Tie for Lead

Competition in the Woman's Wednesday Night Bowling League finds the Slick Chicks and the Raiders tied for first place with a record of 19 wins and 14 losses.

Second place Straight Pins are only a half game behind their record being 18½ wins and 14½ losses. Madeline Fricke of the Straight Pins rolled high game 219 and high series 547 for the league.

**Former Belleville Man Has Repair Shop In Nutley**

In operation about three weeks Ed Mulligan Motors at 71 Dodd Street, Nutley, promises motorists high quality repairing and overhauling on all makes of cars at reasonable prices, with all work being guaranteed.

The promise is backed up by Mr. Mulligan's extensive experience in his field. For seven years he was service manager of Bloomfield Motors and West Caldwell Auto Mart. Prior to that he was a line mechanic.

A native of Belleville, where he was reared and where he went to school, Mr. Mulligan is a veteran of World War 2, having served with the Navy for three years, seeing active service in the South Pacific.

Now residing in Totowa, Mr. Mulligan is married and the father of three sons ranging in age from one to six.

**DeWitt Association Will Continue High Dividends**

At a special meeting of the board of directors of De Witt Savings and Loan Association, it was announced that based on continuance of present earnings, the extra dividend at the anticipated rate of one-half per annum (which has been in effect for the current dividend period ending December 31st) will be continued for the dividend period beginning January 1, 1961 and ending June 30, 1961.

"The anticipated dividend 'extra' is in addition to our regular annual dividend of 3 1/2 per cent," stated Walter Gilby, De Witt's President. "It is encouraging to note that De Witt's reserve position continues to rank among the highest in the State for savings and loan associations, and has been an influential factor in the board's decision to continue the added dividend incentive," he said.

Located at 463 Washington Avenue, in Belleville, De Witt Savings features insurance of accounts to \$10,000 by United States

## Rifle Club to Renew Activity December 14

The Recreation Junior Rifle Club will renew its activities Wednesday, December 14 at Municipal Stadium at 7 p.m. The Junior Rifle Club is a recreation activity open to all Belleville boys between the ages of 12 and 18.

All firing is done in accordance with NRA recommendations and boys may earn official medals as proof of their prowess. Rifles are furnished by the Recreation Department; boys are not to bring their own guns.

Members are required to observe all accepted safety rules and strict discipline is maintained. New members will be properly instructed, the only cost to the members is the cost of ammunition.

Belleville's Junior Rifle Club has turned out a good many marksmen and sharpshooters over the years, but most important is the fact that hundreds of young people have learned a proper respect for firearms and how to handle them safely.

## John's Bargain Store Opening in Town Today

John's Bargain Stores Corp., of New York City is opening a store at 189-93 Washington Avenue today. Today's opening is called "the official opening" but the new store has been featuring "radio bargains" since Monday.

Business appeared unusually brisk at the store Monday and Tuesday and manager Irving Hoppenfeld said that the store was crowded again yesterday.

John's Bargain Stores, advertised as America's fastest growing chain of stores, has shops in New Jersey, New York, Connecticut, Pennsylvania, Maryland and the District of Columbia.

Today's opening in Belleville is the chain's 155th store and the 55th of 60 proposed store openings scheduled for 1960. The chain offers a money-back guarantee with its purchases which included many staple necessities.

Hoppenfeld, who has managed several of the chain's stores, told The Belleville Times that the employees are being hired from local applicants.

Today's "grand opening celebration" features bargains on toys, ladies wear, men's wear, children's wear, household and domestic items and a wide variety of other goods.

"Like all other John's Bargain Stores," Hoppenfeld said, "this store in Belleville will be completely self-service with all merchandise displayed so that it can be easily seen and reached. A speedy check-out service will also be featured," the Belleville store manager reported. Salesgirls are on duty to give assistance when needed.

## Dolphins Capture First Game, 64-28

In the opening game of the Recreation Intermediate Basketball League the Dolphins broke loose from a first quarter tie with the Sharpshooters to pile on a 64-28 win.

During the first quarter the Sharpshooters were every bit a match for the Dolphins but were held scoreless in the second quarter. The Dolphins continued to broaden their lead and in the last half to outscore the Sharpshooters 40-21 in that period. The Dolphins scoring was rather evenly distributed with Boyce, Wendling, Dunn, and Rodriguez each accounting for ten or more points.

In the second game of the league a hard-fighting Royal team squeezed by the Pantry 50-48 in an overtime victory. The Pantry squad was out in front at the half by 27-15. Then the fearsome foursome of McGraw, Pizuto, Roberts, and Ray really bore down and closed the regular period at a 48-48 tie. An overtime field goal tipped the balance and put victory in the hands of the Royals.

The Intermediate League is going to be hotly contested all the way. All of the teams are made up of young men who really want to play basketball and who have plenty of competitive fire.

left after the final cut, but all of them will be given a chance to play.

The squad will be led by Richie Luzzi and Bob Byers both of whom saw action on the junior varsity last year. The other boys who made the squad this year are Dave Hatch, Ken Foley, Joe Latore, Amil De Angelo, Roger Gaglione, Gus Brown, Stanley Tomaszewski, and Richard Hanely.

Coach Travers has been very pleased with the way the team has done in practice and in scrimmages. He was impressed with the way the JV's handled themselves against the varsity and feels that his squad is coming along. He hopes that they will get off to a good start by defeating Garfield tomorrow night and later possibly bring home the Essex County Junior Varsity championship which has eluded them in the final round of each of the last two years.
