Commissioner George F. Kierman has announced that George Mitchell of 149 Academy Street will be chairman of this year's Independence Day celebration committee.

The 1961 Independence Day program will be "the biggest and best ever," Kierman said. Events will run all day long starting with the traditional field day events including sack races, relays and three-legged races. An afternoon of baseball games and an evening of circus events topped off with a great fire works display round the plans. No admission is charged for the annual event which draws from 15,000 to 18,000 spectators.

The circus will feature the Paramount Orchestra and Ladd Lyon as master of ceremonies. Among the 10 acts making up the show are: "The Freddie's," one of the world's greatest test-board acts; Paul Kohler, international xylophonist who has been featured with Bob Hope, Ed Sullivan and Paul Whiteman; a trampoline act "The Hasleys," Pinsky Madison and his Hollywood Elephants, and headlining "Kaylets" in one of the nation's most daring and death defying high aerial acts, performing high in the stratosphere.

The acts have been gathered by the Oliver Entertainment Service managed by Howard G. Oliver who has produced Belleville's circus each year and has,

## Ask Residents To Use Spray On Ragweed

Edward G. Burdzy, Belleville health officer, today urged residents of Belleville to control the growth of weeds, especially ragweed and poison ivy, by cutting or spraying both with weed killers.

"It is important to point out that preventable distress, irritation and even disability are visited upon thousands of New Jersey residents because of poison ivy, ragweed and other obnoxious plants," he said. Hay fever and asthma, the products of airborne pollens from weeds, cause many persons to be chronically ill. Effective means of eradicating such weeds are now available, Burdzy said. Eradication produces aesthetic, economic and health benefits. To be effective, the effort ought to be community wide.

## Municipal Playgrounds Will Open With Program Monday

Municipal Playgrounds will open Monday at 10 a.m. Many new ideas are included in this summer's playground program. Commissioner George F. Kierman reports. New handicraft items will be offered, new special events will be run and a new "Game of the Week" will be introduced on each playground.

A special Playground Workshop will be held today for the final training of playground directors. Recreation Superintendent Robert E. Cook says this year's playground staff is the most promising and best qualified that he can remember and adds that "everything points to a most successful summer program with diversified fun for all."

As soon as work is finished on the Friendly House Pool, swimming activities will be added to the program. Thoughts now are for learn-to-swim activities, recreational swimming and possibly several teenage splash parties.

The policy of hiring college personnel for playground director personnel has proven to be highly successful. Each applicant is individually screened by Cook and assignments are based upon background and courses studied in college.

Cook says that employing college students serves a two-fold purpose: first the opportunity to advance their education financially, and secondly to apply many hours of studies in working with youngsters.

Assignments of directors to playgrounds are as follows: Municipal Stadium, Judy Andertien and Jerry Serio who will conduct classes in swimming this summer; Planseon playground, Lorenda DeStefano will be in charge. School One, Richard Koch and Kathy Perry; Montgomery playground, Carlo Abriola and June Loesner with emphasis on archery; Monsignor Kelly playground, Mrs. Monaghan and Mary Sullivan.

Grace Lombardo and Judy DiRuggiero were assigned to the Recreation House. Alice Fitzpatrick is the director at Camp Caragher. At the improved Fairway playground, the directors are Dorothy Ewing, Josephine Green, Carol Messina and Diane DeBazio will supervise the many

The three Belleville students were chosen on the basis of high scholastic records. They will be a part of a 1,000-student delegation of New Jersey students at the Rutgers program.

## Noonan Active At New Center

Talents of one Belleville resident played an important role in last week's announcement of the new Sister Kenny Institute Polak Rehabilitation Center in Jersey City. John W. Noonan of 31 Overlook Avenue, president of the United Fund and a member of the Sister Kenny Foundation's advisory board, had drafted the pact which formalized negotiations between the Kenny Foundation and B. S. Pollak Hospital.

"The agreement," said Noonan "provides for a comprehensive program in physical medicine and rehabilitation. The thoroughly trained staff of the Kenny Institute, presently in Jersey City Medical Center, will be transferred to Pollak by July 1."

The program, which will emphasize teaching and research as well as treatment, will be affiliated with Seton Hall College of Medicine.

According to Noonan, the agreement was drafted and approved locally before being forwarded to the foundation's national board, with Dr. Frank Krusen, Foundation President and the "Father of Physical Medicine," signing.

The new center will serve residents from a wide area, with the impact of its teaching and research programs expected to have an even broader effect. The cost of treatment will be supported by the Sister Kenny Foundation, which is a member agency of the Belleville United Fund.

"Each resident of our community can do much to help himself, his family and neighbor by controlling weeds on his premises. All of our residents should give encouragement to local officials in their efforts to control weeds in parks, playgrounds and along streets and highways," the health officer continued.

Effective weed killers, such as 2, 4-D and 2, 4, 5-T can be obtained at department stores, hardware stores and other neighborhood stores. Directions of the manufacturer should be carefully followed.

"If we all participate, Belleville will be more attractive and our hay fever and asthma sufferers will get relief," he concluded.

## Abandon The Pistol Range

Unlike most suburbs Belleville boasts of a pistol range for use by its policemen. The establishment of the pistol range was a good idea in the days when most of western Belleville was a forest. Today western Belleville is a densely populated area. Children by the hundreds play in the streets and in their backyards. A couple of hundred feet separate the pistol range from homes bordering on the Rutan Estates development.

It is our opinion that the pistol range should be abandoned and the area turned into a neighborhood park for the use and convenience of our children and their parents. This thought is not original with us.

Neighboring pistol ranges are available for use by our policemen. The National Guard Armory on Sussex Avenue certainly is one place where our boys could "draw from the hip" in safety. The sooner the move is made — the better.

## Law Enforcement

Two weeks ago the Essex County Grand Jury charged that a vast gambling conspiracy exists today in Essex County. Gang warfare in Newark was responsible for the investigation. The jury's disclosure that organized gambling exists in Essex communities other than Newark does not surprise us. Rumors of such nefarious activity have been commonplace. Where organized gambling exists, no doubt it enjoys police protection.

Some people say it can't happen here. We trust our Public Safety Director is conferring with the Essex County Prosecutor to determine what evidence the Grand Jury has, if any, concerning our own community.

If our town is not free from organized gambling, efforts should be made to make it so. If it is clean, the Essex County Prosecutor owes it to our public officials to so state. Our people are entitled to receive assurance that our policemen and public officials are not "on the take."

We assume that this is so but the recent Grand Jury investigation has placed a cloud over every police department in Essex County. This is an unfair imputation from a governmental body that should know better. The communities where organized crime exists should have been named by the Grand Jury.

## Businessmen In Government

Recently, Clarence Francis, chairman of the Shubaker-Packard Corporation, asserted that businessmen increasingly will be the leaders in rebuilding America.

The chief executive of one of America's largest corporations indicated that our country was becoming a "white collar" society with more persons engaged in distribution than in production. In a recent speech addressing the annual Junior Achievement "Future Unlimited" dinner at the Commodore Hotel, Mr. Francis said:

"Economic freedom is at the very heart of all our freedoms. It is no accident that the totalitarian regimes work night and day to stamp out and extinguish every trace of free economic choice.

Yet the American business system is constantly under attack. It is constantly compelled to vindicate itself anew. It is on trial with a critical public and under fire from those who believe in more and more government, less and less personal initiative, more and more regimentation and less and less individual opportunity.

One of the greatest challenges we face is that of making and keeping our economic system productive, socially useful and honorable. . . . The successful operation of this giant economy of ours is founded on trust, on one man's confidence in another and on the faith of groups of persons in other groups of people, that "business is good," and their reliability in "delivering the goods."

Mr. Francis makes an awful lot of sense to us. We hope more businessmen will take a more active part in the civic affairs of our community, including ac-

tive participation in its politics. Businessmen are under compelling obligation to become personally familiar with the manner in which taxpayers' money is spent. They should be in the forefront of the battle for community progress. Too often a businessman deliberately turns his head the other way when politics is mentioned. This is the wrong attitude. The sooner the businessman realizes it the better off his lot will be.

## Excessive Speed Big Killer

Compilations by The Travelers Insurance Companies show that persons killed last year in highway accidents which were blamed on excessive speed totaled 10,970 as compared with 12,980 in 1959. This report is included in the safety booklet published annually by The Travelers since 1931 and distributed to more than 3.3 million persons.

"Citizens organizations throughout the country should take heart in these figures," said J. Doyle DeWitt, president of The Travelers. "This decrease in deaths due to speed is even more significant when you realize that it came in a year when highway accidents actually killed 400 more people than a year ago."

The Travelers president pointed out that speed has long been blamed as "the number one killer on our highways."

"Even with the improved speed record last year," Mr. DeWitt said, "speed was listed as the primary cause of accidents which accounted to 38.1 per cent of the total deaths. As for injuries, the record was not as good. They increased nearly 100,000 with more than 1,000,000 blamed on speed during the year."

## Getting That Nice, Warm Feeling

If you want to do something that engenders that nice warm feeling of satisfaction one gets from helping others, we call your attention to O.C.E.C.

These initials, as a circular just received from the organization tells us, stand for Occupational Center of Essex County. The center is located at 29 South Sixth Street, Newark, and it is described as a "training and work center for the handicapped."

O.C.E.C. is a non-profit voluntary association carrying out a program of habilitation for physically, mentally or socially handicapped individuals 17 to 45 years old.

Now, about that warm feeling: you will feel it if you hire, or if you get your friends to hire, men and women who have had the benefit of O.C.E.C.'s training. You will feel it, too, if you or your friends find in your (or their) establishments some work that the handicapped can do at the Center. If you want to find out what facilities and supervision are available, call Market 3-7177.

One more way of helping the Center and of adding to that warm feeling: if you know or hear of mentally retarded, cerebral palsied or other handicapped young adults, suggest the Center to their doctors, schools or their families.

Try this recipe today; it begins to work on you immediately.

## Another Look At An Old Problem

From time to time interested citizens, Nutley Chamber of Commerce and Nutley industrial leaders have attempted to obtain establishment of a separate Post Office for Nutley. Ever since Nutley became a separate community, we have been a step-child of the Newark Post Office. Establishment of a separate Post Office will give improved service to the citizens and merchants of the community.

With the new Democratic administration in Washington controlling the Post Office Department, another effort should be made to obtain for our community that to which it is entitled. Surrounding communities — with the exception of Belleville — have their own independent Post Offices.

In the family of communities we should not remain second-class citizens. We pay just as much in federal taxes as some of the other communities, and in some instances more. We should receive no less than the others.

## Warn Employers: Start Now to Meet Rules Of New Wage-Hour Law

Frank B. Mercurio, Regional Director of the U. S. Labor Department's Wage and Hour and Public Contracts Divisions, urges New Jersey employers to give thought now to the Fair Labor Standard Amendments of 1961, so they will be ready to come into compliance by next Sept. 3, when these amendments to the Federal Wage and Hour Law become effective.

According to Regional Director Mercurio, the major provisions of the amendments are:

(1) An increase in the minimum hourly wage from the present \$1 to \$1.15, as of Sept. 3, and two years later, to \$1.25, for employees already covered by the Fair Labor Standards Act. The Act applies, and will continue to apply, to employees for interstate commerce, unless specifically exempt.

(2) Extension of the Act's coverage to all employees of large enterprises engaged in interstate commerce or the production of goods for interstate commerce. Most of these are in the retail or service trades. Also included are many gasoline service stations, local or interurban transit systems and construction enterprises. In addition, coverage will apply to any other enterprise which has employees engaged in commerce or production of goods for commerce that has a sales volume of not less than \$1 million a year.

(3) Newly covered employees will be due minimum wage pay of at least \$1 an hour for three years beginning Sept. 3. The fourth year, their minimum will be \$1.15 and the fifth, \$1.25.

Mr. Mercurio added that the Act's overtime pay provisions, which require not less than time and one-half the employee's regular rate for all hours worked over 40 a week, continues to be applicable to workers who are already covered and nonexempt.

For newly covered workers, unless specifically exempt, time and one-half will be due for hours worked beyond 44 a week, beginning Sept. 3, 1963; beyond 42 a week a year later and after 40 a week in 1965.

Referring to the newly protected workers, Mr. Mercurio said coverage extends to all employees of any enterprises which has one or more retail or service establishments with a gross annual sales volume of not less than \$1 million, provided it purchases or receives at least \$250,000 in goods for resale which move or have moved across state lines. If, however, an establishment of a retail chain has annual sales of less than \$250,000, its employees will be exempt.

Such establishments as hotels, motels, restaurants, hospitals, movies and a few other service establishments, as well as "mom and pop" stores, continue to be exempt. There also is a minimum wage and overtime exemption for any retail or service firm primarily engaged in selling autos, trucks or farm implements. Mr. Mercurio added that an exemption now applicable to retail or service establishments will continue in effect for such enterprises with less than \$1 million annual sales.

As to gasoline service stations, their employees will be due minimum wage pay, but are exempt from overtime, if the station has an annual gross volume of sales amounting to at least \$250,000.

Also exempt from overtime, but due minimum wage pay for the first time, will be employees of any local or interurban transit system which does at least \$1 million in business annually.

Another newly covered category includes any construction or reconstruction enterprise with an annual volume of business amounting to not less than \$250,000. The final extension of new coverage includes any establishment of any other kind of enterprise which has employees engaged in commerce or production of goods for commerce, if the enterprise's annual volume of sales is not less than \$1 million.

Regional Director Mercurio also said that the 1961 amendments eliminate or modify some exemptions contained in the current Act. For instance, seamen and employees of seafood processors will be entitled to minimum wage pay. Most switchboard operators will be subject to both minimum wage and overtime pay provisions.

Mr. Mercurio invites employers and workers to contact the division's local office if they have any question about the amended Act. This office is at Room 201, Federal Building, Federal Square, Newark; Mitchell 2-2020.

## New Cinerama Show Setting More Records

"The lure of the South Seas must be very compelling" according to Paul Petersen, managing director of the Clairidge Theatre, Montclair, "never in my 25 years of managing theatres have I seen so much interest in a motion picture as in our current feature, 'South Seas Adventure' in Cinerama.

"Our advance sale is breaking records previously set by 'This is Cinerama' and 'Seven Wonders of the World' and the queues by patrons at the theatre and on the telephones are phenomenal" Petersen continued.

Bill Left, director of special services at the Cinerama theatre, reports that groups making reservations for "South Seas Adventure" have been so enthusiastic about attending the show, and seeing the wonders of the south seas, he almost feels they will show up at the theatre with luggage.

## Beck's Column

Our organ recital by the British organist Al Bollington was a great success. We want to thank all of our customers and friends who came.

We heard church music, current hits, excerpts from Broadway plays and much more, a large variety of material as it can be presented only by an electronic organ. There seemed to be no end to the large number of instruments which the Conn organ is capable of re-creating. Our visitors were unanimous in their praise and expressions of amazement about the tone quality and "what can be done" with even the lowest priced Conn organ.

Mr. Bollington in turn greatly enjoyed the receptiveness and appreciation of the audience. An artist appears to be inspired when he feels that the audience is with him, which certainly was the case last Wednesday evening.

We asked Mr. Bollington, who has engagements booked for months ahead, to put us on his list for another performance at the earliest time possible.

We service what we sell.

Richard F. Mattia Dies; Pioneer Italian Leader Founded Mattia Press

Richard F. Mattia, founder of the Mattia Press in Belleville, died June 13 in his home at 203 Mount Prospect Avenue, Newark at the age of 80.

Services were held Saturday from the Berardelli Home for Funerals, 253 Mount Prospect Avenue, Newark, with a Requiem Mass at 9:15 a.m. in Saint Lucy's Church.

A pioneer civic leader in Newark's Italian community and a former Essex County freemason, Mr. Mattia was one of the founders and a trustee of St. Lucy's Church. He founded the Mattia Press, originally located in Newark, 55 years ago.

He and his wife, Mrs. Filomena Parid Mattia, would have celebrated their 70th wedding anniversary June 21. They were married in 1891 in St. Philip Neri Church in Grove Street, now Court House Place.

Mr. Mattia and his late brother, Patrio, were brought to Newark from Calabria, near Salerno, Italy in 1875. They attended the old State Street School and Newark Business College.

As a boy, Mr. Mattia chopped wood in his father's wood yard, shined shoes and tried tailoring and barbering. In 1889, the brothers opened a photography studio at 773 Broad Street on the present site of the Prudential Building.

From 1891 to 1900, Mattia photos won 24 prizes at the old Waverly Fairs, where Weequahic Park is now, and at other fairs in the state. Later, Mr. Mattia joined the staff of the Newark Daily Advertiser as a photographer.

OPERATED PRESS 26 YEARS

He founded the Mattia Press in 1905 and operated it for 26 years before going into the real estate business. The press now is operated by his sons, Hector of Glen Ridge and Leo of Upper Montclair.

One night in 1935, when Mr. Mattia was 16, he was asked to come to a political meeting at the

old Edenberger Hall in Nesbitt Street. He spoke English and Italian well and was needed to interpret the speeches at a political rally for the Italian immigrants. For the rest of his life, he was active in politics.

MANY ITALIAN FIRSTS

As an Italian-American, Mr. Mattia was credited with many firsts. He was one of the first of his descent to enter Newark public schools and was the first Italian-American to serve on the Essex County Grand Jury. He was selected for the jury when he was 21.

For four years, he taught civics to immigrants at evening classes in Franklin and Seventh Avenue schools. He also edited and published an Italian language weekly, La Rivista (The Review). He served in the National Guard from 1919 to 1927, resigning as a captain in the 113th Regiment.

WAS ATHLETE

As a young man, Mr. Mattia was an excellent wrestler, boxer and runner. He won the one, five and 10-mile bike race champion-

ships held in 1897 by the Italian Wheelmen of Essex. He also performed in many local amateur theatricals.

He was a member of the Italian Catholic Union and was a former president of the St. Vincent de Paul Society of St. Lucy's Church. He was a charter member of the Bloomfield Avenue Business and Improvement Association and a charter member of the Guards of Columbus, a now-defunct military group.

Also surviving are two others, Romeo G. of Belleville, and Alfred of Newark; three daughters, Mrs. William Santarsiero and Mrs. Walter S. Perna of Newark and Mrs. Minnie Lovo of Belleville; 11 grandchildren and eight great-grandchildren.

### Richard Lewis Starts Training

Private Richard J. Lewis, son of Mr. and Mrs. Clifford J. Lewis, 178 Tappan Avenue, has been assigned to Company A, 5 Battalion, 5 Training Regiment at Fort Jackson, S. C. for eight weeks of Basic Combat Training. He enlisted in the Regular Army at Newark.

Lewis will be taught rifle marksmanship under the U. S. Army's Trainfire program which enables the modern soldier to become a better marksman in less time than previous methods.

In this program most of his training consists of firing his rifle at pop-up targets at various unknown distances on terrain which duplicates combat areas.

Other highlights of his intensive training include squad tactics, bayonet and hand-to-hand combat, and crawling the infiltration course while actual machine gun fire is popping overhead. Many of his instructors are combat veterans of World War II and the Korean War.

As a climax to this first phase of training, Lewis will march with his battalion in a review before the commanding general of Fort Jackson. This ceremony is witnessed by relatives and friends of trainees who attend the "open house" held by each company on graduation day.

### Asks Dismissal of Charge Against Zoli Swain, 59

Belleville Magistrate Edward J. Abramson has recommended to the prosecutor's office that the atrocious assault and battery charges against Zoli Swain, 59, of 66 William Street be dismissed for lack of evidence.

Swain, free in \$1,500 bail, was picked up last month in connection with the shotgun wounding of two Belleville youths May 21. The masonry contractor pleaded innocent to the assault charge.

Abramson stated there was no evidence that any of the guns found in Swain's home shortly after the shooting had been fired.

Although several persons were in Swain's home, Abramson said no one saw him fire a gun and the youths could identify him.

Injured by shotgun blasts were Clifford Godfrey, 20, of 22 Valley Street, and Richard Payton, 17, of 18 Valley Street. The two youths were treated at the Clara Maass Memorial Hospital after being wounded by the pellets as they were walking in William Street.

### At July 4 Town Circus

America's most sensational high aerial thriller, Kayletta, will be featured in the circus on July 4 at Belleville Municipal Stadium. Kayletta, known as "the girl in the sky," performs on a 100-foot high aerial rigging without a net or safety device.

She features sensational sky-high thrills on the aerial trapeze, the high Roman rings and on the spectacular aerial revolving ladder.

This exciting attraction is climaxed with death-dealing handstands and headstands at the extreme top of the perilous wavy pole 100 feet above the ground and for a spectacular finish, Kayletta does a thrilling "slide for life."

### Mullen, 23, Hurt In Auto Mishap

James Mullen, 23, of 40 Salter Place, suffered head and abdominal injuries when the vehicle he was driving struck a parked auto in Franklin Street near Florence Avenue. He was admitted to St. Michael's Hospital in fair condition.

Police said Mullen struck one parked car and drove it into another. He received a ticket for driving on the revoked list. The owner of the car, Joseph J. Caruso, 21, of Newark, received a summons for delinquent inspection and allowing an unlicensed driver to operate his car.

Royal Shop Rite Offering Own Brand of Cigarettes

For the first time in many years, cigarette smokers can buy king size and filter tip cigarettes at a lower cost than the established price for popular brands. The cigarettes are produced under the Shop - Rite Super Market label and are sold in New Jersey for \$2.33 a carton and 24 cents a pack.

On sale for the first time this week, the carton price represents a 43 cents savings over usual filter tip prices and four cents savings over the pack price.

Albert Glines, general manager for the chain, said, "Offering our own brand of cigarettes to the public permits us to expand our policy of selling every day needs at reduced prices. By making cigarettes available at a lower price we are giving the consumer a new freedom-of-price choice in the tobacco field."

Glines said that the quality of the cigarettes was commensurate with current popular brands. Shop-Rite King Size and Filter Tip Cigarettes are available in all Shop-Rite Super Market units throughout the state.

# Farm Leagues' Cardinals, White Sox in First Places

The White Sox managed by Frank Trainor and the Cardinals managed by Phil Hickey have moved into first place in each of the recreation farm leagues with perfect three and zero records.

In the American League the Yankees, Clippers and Aces are only one game behind the White Sox and each feels it's just a matter of time before they move into first place.

The Yankees have one of the most powerful batting orders in the league and Manager Sal Ferritto believes that as soon as he strengthens their infield they will be very hard to beat.

Manager Del Russo, of the Clippers, hopes lies in his pitching staff. The Clippers pitchers are considered just about tops by the other five teams in their league.

Although the Bombers and Indians are in second division they have lost some very close games and there is little doubt in anyone's mind that they are not to be taken lightly by the other teams in the league.

In the National League the Yankees are going just about as well expected. It is a very powerful league both offensively and defensively.

# Nutty Squirrels Victors In Girls' Softball League

The Nutty Squirrels have emerged as champs of the Recreation Girls Softball League. Coached by Barbara Newshwander, this is the second year

in a row these girls have gone through the season without a mark in the loss column.

Playing on the Nutty Squirrel team were Joanne Bonfante, Angela Cuzzo, Janie Cuzzo, Virginia DeGirolamo, Mary Lillo, Barbara Meola, Paulette Meola, Julie Motzer, JoJo Petito, Jeanie Penna, Phyllis Sertella and Diane Wittek.

The Aces, coached by Fran Reid, also had a good season; they show only one game in the loss column. This team consisted of Marilyn Reid, Phyllis Onofrietti, Jane Wittick, Mary Lou Stelker, Bess Alber, Karen Haley, Angie Serio, Judy Tremel, Joan Tremel, Mary Jane Gaffney, Fran Machones, Linda Henkel, Diane Cetti, Lynn Allickovic and Kathy Jensen.

The Teenage Girls Softball league is another successful Recreation activity. These girls played at Clearman Field every Monday, Tuesday, Wednesday and Thursday evenings.

Commissioner George F. Kieran would like to thank the following coaches for donating their time and talents to help make this activity the success it was: Loretta Betteflore, Dorothy Fulmore, Barbara Newshwander, Fran Reid, Rose Schreiber, Betty Stelker and Marie Clair Sullivan.

**ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:**

**Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!**

This is the look that started with Thunderbird - aired the Galaxie - and quickly became the styling success of the Sixties.

Many cars have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction - as originals always do.

Styling is only part of Galaxie's distinction. This is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles between oil changes. Brakes adjust automati-

cally. The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

SWAP right now while your Ford Dealer's sales are booming - and the swapping is easier than it's ever been before.
