

Dr. Frank M. Durkee Will Get Nod Tonight as New Superintendent of Schools

Education Board Will Vote Today at Special Meeting

Dr. Frank M. Durkee, who has served nine years as assistant superintendent of schools, will be promoted to the superintendency by the Belleville Board of Education at a special meeting today at 8 p.m. in School 8.

School board members reviewed applications of candidates seeking the position at an executive conference Monday night. Although differences of opinion have been voiced by board members concerning the selection, it is expected that Dr. Durkee's appointment will be by unanimous vote tonight. The session tonight is open to the public.

Dr. Durkee, who has served as assistant superintendent in charge of curriculum, will fill the vacancy left by the sudden death of Mr. Evan H. Thomas on July 30.

Dominic A. Lally, president of the Belleville Board of Education, this morning announced that the board will name Dr. Durkee superintendent tonight. Lally released a two paragraph statement which notes simply that "On Monday, August 21, the Belleville Board of Education had an executive session concerning the selection of a superintendent of schools to fill the vacancy created by the recent death of Superintendent Evan H. Thomas."

"After reviewing and screening the applications, the Board decided that Dr. Frank M. Durkee would be recommended for the position at the next public meeting which is being held Thursday, August 24, at 8 p.m."

FIVE APPLIED
In addition to Dr. Durkee, four other school administrators have applied for the position of superintendent. They are: Harry Minahan, School 2 principal; Frank A. Spotts, School 4 principal; and William Chapman, School 5 principal. Also discussed as a possible candidate was Seymour Grossman, School 7 principal; however Grossman reportedly informed the school board that he

Democrats Plan Fashion Show

The Belleville Democratic Club will hold its second annual card party and fashion show September 18. Mrs. Emily Sennott, club president, announced today. The affair will be staged at Parrillo's Restaurant, Belleville.

Chairman of the event is Mrs. Louis Sealford; Miss Marion McGovern is the co-chairman of the general committee.

Other committee heads and members are as follows: tickets, Mrs. Arthur DeFuria, chairman, and Russell Pagano, Patrick Kiernan, Vincent Strumolo and Peter Torre; reception, Mrs. Mae Mead Mazza and Ralph A. Vana, town chairlady and Democratic chairman, respectively; door prizes, Mrs. S. John Coronato, chairman, and Mrs. William Tobia Sr., Mrs. Martin Mallack, Mrs.

Two Belleville young ladies are featured in the September issue of "PBX," a publication for switchboard operators published by the New Jersey Bell Telephone Company. Janet Morris, PBX center operator at the Walter Kidde and Company here, is featured in an article discussing the merits of direct dialed station-to-station calls as compared to previous, to a person calls. Miss Morris has found that the direct dialed long distance calls save time and money for the company.

The second local personality in the September "PBX" issue is

Chamber Endorses New HS

The Belleville Chamber of Commerce Board of Directors met this week and endorsed the proposal to build a new town high school; the vote followed a several-month study of present plans to erect a \$2,900,000 structure in the Stadium area.

A referendum on the question is expected to be put before Belleville voters on October 17; the October date is now "tentative" but is expected to be officially designated at next Monday's regular meeting of the Belleville Board of Education.

Arthur Jackson, president of the chamber, noted that this week's vote followed a detailed study of the proposal. Chamber directors have toured the present high school, studied financial and building reports, met with the architect and listened to a debate on the subject.

The debate was between Allan Crisp, chairman of the Citizens' Building Advisory Committee on the project, and Salvatore Calabro, president of the Citizens Tax Council; the Tax Council is the leading opponent to the high school project.

Petrean Club Elects New Officers

READY FOR NEW SEASON: New officers of the Petrean Club who will serve the 1961-62 term are (l-r), standing Carolyn Murphy, President Robert Storch and Justin McGuire; seated, Arlene Nelson, Anna Forte and James Mc Garahan, Thomas Akus was not present when photograph was taken.

Durkee Has Been In Town System Past Nine Years

Dr. Frank M. Durkee, who will be named Belleville Superintendent of Schools at a special Board of Education meeting tonight, will assume the helm of the town school system after a nine-year experience which has been, in reality, an internship in preparation for a superintendency.

Dr. Durkee, a resident of 45 Van Houten Place, is 52 years old, the father of three children and a professional educator with a background of civic and cultural activity which, if listed, would more than fill an entire newspaper column.

He was born in Pottersdale, Pennsylvania, a small community in the central part of the state and about 200 miles from the birthplace of the late Evan H. Thomas in Stratford, Penna.

Dr. Durkee first met Mr. Thomas in 1931 when they served together on the faculty of Somerville High School in Somerville, N. J. Dr. Durkee was head of the English Department there and instructed English classes. Mr. Thomas was also in the English Department at Somerville but he also taught some social study courses.

Dr. Durkee joined the Somerville faculty in 1931, the same year he earned his bachelor of arts degree at Dickinson College in Carlisle, Penna. He attended college on a state scholarship won at Houtzdale High School, Houtzdale, Penna., where Dr. Durkee was graduated with the valedictory honors.

Both Dr. Durkee and Mr. Thomas served together in Somerville—out only until 1934 when Mr. Thomas left for the supervising principalship of Blairtown Public Schools.

COLLEGE PROFESSOR
Dr. Durkee remained at Somerville until 1946 when he left for Newark College of Engineering and its Department of English and Humanities. At the Newark College, he held the rank of associate professor and was an assistant executive associate, the secretary of the faculty and a member and secretary of the publications committee. He was also active in guidance work at Newark College of Engineering.

He joined the Belleville school system in 1952 but has continued to teach college courses during both summer and evening sessions. Between 1949 and 1953, he was with Rutgers University as a special lecturer and in 1953 taught a graduate course in "Secondary Education."

Civic Pride Fund Total at \$912.50 For Donald Hulme's Entry in Milan

Honor Clara Louise Maass Today

The heroic nurse who 60 years ago today sacrificed her life in the Yellow Fever experiments. The local hospital, named after Clara Maass, will conduct memorial services this afternoon; the hospital's new school of nursing will be dedicated, by coincidence, this Sunday at 3 p.m., only three days away from the 60th anniversary of her death.

NEW NURSING SCHOOL DEDICATION THIS SUNDAY

Memorial Services at 3 P.M. Will Mark 60th Anniversary Of Death of Heroic Nurse

Memorial services will be held today at 3 o'clock to commemorate the 60th anniversary of the death of Clara Louise Maass, the heroic nurse for whom the community hospital is named.

The ceremony will be attended by administrative and nursing personnel from the hospital. Also participating will be Lt. Col. Eileen L. McCarthy, chief of nurses for the First Army; she will speak briefly. A wreath will be placed on the grave by Mrs. William Pivko, president of the Clara Maass Memorial Hospital Nurses' Alumnae Association, and Miss Marianne Cervenka, president of the Student Council of the School of Nursing. Following brief remarks and a prayer by the Rev. George Kroon, hospital chaplain, an Army bugler will sound taps.

Clara Maass was one of the first graduates of the hospital's School of Nursing, being a member of the Class of 1895. While serving in Cuba, Clara Maass offered herself as a human "guinea pig" during the Yellow Fever experiments then being conducted and sacrificed her life that others might live.

There were approximately 20 who volunteered to be bitten by the Stegomyia mosquito at that time; of this number, only Clara Maass succumbed. She was originally buried in Cuba with military honors and a suitable monument was erected over her grave. The following year, however, her body was brought back to Newark and buried in Fairmount Cemetery. The inscription on the monument over her grave describes her career and her death during the Yellow Fever experiments.

In 1951—the 50th anniversary of her death—a memorial stamp was issued in her honor by the Cuban Government. In 1952, the hospital, then known as the Lutheran Memorial Hospital, was renamed Clara Maass Memorial Hospital in her honor.

By coincidence, the dedication of the hospital's new School of Nursing and Residence will officially take place just three days later, this Sunday. The public is invited to attend the services which will be held at 3 p.m. and then to tour the school and residence afterwards.

Following the dedication of the school, the new apartment building for graduate nurses also will be dedicated. This building is located on Newark Avenue at the southwest corner of the hospital property.

Trip to World Olympics Now Assured for September

A total of \$912.50 has been raised to date by the Civic Pride Committee which is working toward a \$1,000 goal to finance the entry of Belleville's 20-year-old accordionist Donald Hulme in the World Accordion Olympics being held next month in Italy.

As the checks in amounts from \$1.00 to \$100 were added up each day during the past week, Committee Chairman Dominic A. Lally was hoping the \$1,000 total would be reached before today's Belleville Times went to press.

Although the total had not been expected to reach the goal in two short weeks, Lally and Vice Chairman Harry T. French and Treasurer Robert Williams feel sure the \$1,000 mark will be surpassed by this time next week.

Hulme, who resides at 120 Bell Street, has already won the United States Accordion Championship; this title was captured in the finals held in Chicago earlier this summer. He will be America's sole representative in Milan next month.

Persons wishing to contribute to the Civic Pride Fund may mail checks or contributions to Robert Williams, Treasurer, in care of The Belleville Times, 246 Washington Avenue, Belleville.

Those contributing during the past week have been as follows: Chamber of Commerce

Kiernan Asks Purchase Price Of Fairway Site
Commissioner George F. Kiernan has told this newspaper he is "proceeding at full speed" to obtain a purchase price for the Krugman - DePetro tract near Third River in Belleville. Kiernan, who was criticized after the first Commission meeting this month for suggesting a meeting of commissioners and citizens with Krugman and DePetro.

The criticism of Kiernan's action came from the Fairway Civic Association, an editorial in The Times-News and on Tuesday night, from the Rutan Estates Homeowners' Association. Kiernan, whose vacation kept him away from Tuesday's Commission meeting, has requested an asking price for the Third River property.

Kiernan, in a release to this newspaper late last week, stated that he doesn't wish to have more time wasted by attempting to bring together all factions concerned with the proposed apartment project for the site.

In a letter to David Krugman of the Clifton real estate firm, sent last week, Kiernan quoted two Commission resolutions which authorize "me to negotiate for the purchase of the property in Belleville." The letter requested the asking price for the site upon which Krugman-DePetro hope to build apartments.

The Commissioner added that the meeting that was proposed with citizens was requested by Krugman and DePetro. He developed the suggestion that the meeting be open to all citizens.

"If the citizens, especially those in the neighborhood, don't want to attend the meeting," Kiernan said, "we won't have any such session which undoubtedly would be drawn out anyway. If Krugman wants to meet with commissioners, it can be a business meeting and we can get right down to the heart of the matter: a purchase price for the property."

Sponsored by The Belleville Times, the Civic Pride Committee's effort will send Donald Hulme to Milan, Italy where he will compete against artists from at least 25 other countries September 15-17.

Hulme, who resides at 120 Bell Street, has already won the United States Accordion Championship; this title was captured in the finals held in Chicago earlier this summer. He will be America's sole representative in Milan next month.

VFW to Give Band Concert
David Ammanno of 1 Essex Street, Fourth District Commander of the Veterans of Foreign Wars, will represent State VFW Commander Edward A. Duva at the Memorial Band Concert for the late Joe Basile this Sunday evening. The concert for the nationally known "brass Band King" will be held in Branch Brook Park, Newark. The two-hour concert will start at 8:15.

State Commander Duva is stopping off in the south en route back to New Jersey following the National VFW Convention and will be unable to be present.

(Continued On Page 2)

Georgeanne Pellegrino Wins Contest With Speedy Entry

Miss Georgeanne Pellegrino of 13 Mary Street beat out more than 30 contestants and won the prize in last week's map game contest. The Good Counsel High School junior correctly identified the mystery personality in last week's photo as Janice Kinsky; the picture was taken in the Belleville Travel Service.

Another contest starts today and complete rules are listed below. Participating sponsor of this week's game is Tannen's Shop of 141 Washington Avenue. Promptness is important in being a winner. For example, Miss Pellegrino's winning entry was received at 8:30 Thursday morning. She is the daughter of Mr. and Mrs. George Pellegrino.

Georgeanne said she recognized the face of the mystery personality immediately. "I knew

she worked at the Belleville Travel Service because I was down there with my mother not too long ago," Georgeanne said. She is one of four daughters; the others are Mrs. Nick (Dolores) Loreto, Mrs. Charles (Marie) Davies and Miss Eleanor Pellegrino, all of Belleville.

Rules for the contest follow:

UP SPEAK **CD Director Refuses SANE's Debate Request**

Dear Sir:

In answer to a recent challenge to debate on the value of Civil Defense by a member of the movement known as the Committee for a SANE Nuclear Policy, I offer the following answer:

The suggestion by SANE that money spent on civil defense could be better spent on searching for some way to secure peace deals in an idealistic which is more fancy than fact. We are all searching for peace but in the same thinking must be prepared for an enemy attack. Why should our country give up all attempts to save its civilian population, who have no guarantee from other countries that we will not be attacked, and another question, should we give up all police protection in order to turn all our efforts to combatting crime; or should we give up all fire protection in a drive for fire safety measures; or should we banish the emergency room from the hospital and utilize the finances for this expense to prevent accidents?

Should we give up all the protection which civil defense affords at a time of natural disaster? Thousands of lives have already been saved in this country by civil defense forces in floods, hurricanes, tornadoes and transportation wrecks.

Acquainting our citizens with basic facts on radioactivity and protection from blast effects, whether it be used in peace or war is definitely not to be categorized as "War Mongering."

Attached to this letter is an excerpt of a debate between SANE and Civil Defense held in Massachusetts in April 1961. The rest of the answers that SANE seeks may find in this excerpt.

DEBATE EXCERPT

Excerpt from Statement by General John J. Maginnis, Director Massachusetts Civil Defense Agency Before the Greater Boston Committee for a Sane Nuclear Policy, Boston, Massachusetts—April 16, 1961.

Somewhat, the impression is abroad that an active civil defense is a war-like gesture—that if we build a shelter, we are talking the war, so to speak. I fail to see how building an adequate civil defense makes us a warmonger, or how making people believe they can survive, encourages a war-like attitude. At any rate, the Soviet Union certainly does not worry about the effect of its civil defense effort on the rest of the world, and I assure you that this effort is considerable. It is pretty well agreed that the Soviets are far ahead of the United States in Civil Defense.

Budget wise, it is estimated that the Soviet Union expends from one-half a billion to one and one-half billion dollars a year on Civil Defense. Incidentally, in 1961 the total Federal, State and local civil defense expenditures were on the order of ninety million dollars. Soviet Civil Defense cuts across the entire governmental, economic and social fabric of the state.

A professional national command and staff organization (MPVO) of about 40,000 men has been thoroughly trained in every aspect of civil defense. A paramilitary organization of some 22

million persons (DOSAAF), under control of the Communist Party, is concerned with the mass training of Soviet civilians. Under direction from the Ministry of Internal Affairs, all units right down to collective farms and apartment houses are required to organize and maintain volunteer self defense groups.

Since 1955, these units have carried out three compulsory training courses for all citizens between 16 and 45, and a fourth is now being readied for the public. An 8-hour course tells the individual how to protect himself against nuclear attack and how to behave in shelters. The available training manuals, covering the chemical, biological, and conventional warfare, as well as the effects of radiation.

They also are placing heavy emphasis on industrial survival and plans for coping with post-attack damage and casualties. Shelters are a standard requirement in construction, and basement shelter of some kind is already available to a large part of the population, in urban areas of the Soviet Union. The goal in the U.S.S.R. is civil defense training for the entire population and their program and expenditures certainly reflect this desire. I am sure that the Soviets would heartily agree with those who would abolish civil defense in the United States.

Be it noted, that there is no one in Russia working for the abolition of Soviet Civil Defense—nor would a suggestion from any source within or without Russia that it be abolished, be given any consideration.

This debate is entitled "Civil Defense or Disarmament," but here is Defense—total defense, the whole concept versus the reduction of the defense effort. I would certainly agree that the armament race has gotten the Communist bloc and the free world out on a limb. I could with nothing greater for today's children and the generation to follow, than the immediate emergence of a world from which the awful shadow of war of any kind, had been removed. How can this be accomplished in the world of the 1960's? This is the question of the century.

Can it be done, as some propose, by stripping ourselves of our armament, to demonstrate before the world our good intentions? I think not. The record of the Soviets with whom we have made some 52 agreements, only two of which they have kept, flashes a potent warning. Would they keep this one — if we went first. I think not. In fact, can we trust the Russians to make a genuine, honest agreement for disarmament that they will abide by and that we can count on? I am sorry to say that, I think not. For our own security, in the light of past experience, I believe that the Soviet Union will have to make the first move towards disarmament, before we can take seriously any joint move in that direction.

Contrary to what many believe, a nuclear war would not mean the complete destruction of the United States of America. In fact, with proper and known preventive actions, a surprising number of persons would survive. This, however, would be a poor substitute for the prevention of such a war with its vast devastation. However, since the means of mass destruction exists and since we cannot count on the good will of those who possess it, to keep it leased, nuclear war by design or misadventure, is possible. Since it is so, we must defend against it with all our will and strength. We must have military defense and we must have civil defense; we must have the will to fight and survive. We must never lower our shield even in the moment before victory;

we must only drop our shield when the victory is secure.

LUDWIG R. PESA
Belleville CD Director

Heart-Warming Effort

Dear Sir:

The Belleville Times is to be commended for its initiative in making it financially possible for the world's accordion championship contest—in Milan, Italy, next month.

As a student in Belleville High School, Donald always graciously and enthusiastically accepted every request made of him for his professional services. He played violin in the orchestra, baritone horn in the band, and studied piano as well. As an accordion soloist he participated in many of the school concerts. He was also a member of the Choir.

To become the best accordion player in the United States for the second year in a row, Donald had to practice many days for nine hours at a time, with a forty-pound instrument hanging from his shoulders.

Last December Donald's father in the course of his daily work as a carpenter, sustained a back injury. Donald's mother passed away this past spring. Thanks to you and the work of the Civic Pride Committee and the generosity of many of the wonderful people in Belleville, what might have been a heart-warming experience for all of us. He deserves our best efforts.

SAMUEL W. PECK
21 Clearman Place

Explains Purpose Of Sub Veterans

Dear Sir:

This letter will serve to introduce a little known but growing organization, namely, "The United States Submarine Veterans of World War II." We were incorporated in New Jersey in February, 1956. We have chapters across the entire nation, including Hawaii. It is our thought that by inserting releases in papers across the country we will acquaint the public with our organization and also, be able to increase our membership.

The purpose of our organization is to perpetuate the memory of those shipmates who voluntarily gave their lives in Submarine warfare; to further promote and keep alive the spirit and unity that existed among U. S. Submarine personnel during World War II; to promote sociability, general welfare and good fellowship among the members and to

pledge loyalty and patriotism to the U. S. Government.

During the next few months the U. S. Government will officially turn over to the U. S. Submarine Veterans of World War II the hull of the Submarine Flasher SS 249 for the purpose of building a lasting memorial and as a tribute to those submariners who gave their lives in the "Silent Service" during World War II. The submarine FLASHER was chosen as a fitting tribute to our outstanding war record. She sank more tonnage than any other submarine in World War II, in fact, more tonnage than any ship in the history of the U. S. Navy.

The submarine FLASHER will be the hub of the Memorial. Built about her will be a chapel, a library, museum, gift shop, restaurant, large picnic area, finger piers for small craft to tie up to and a building to house the Director of the Memorial and his staff which will be comprised of the maintenance of the project and a future college scholarship fund for children of deceased submarine veterans.

The Memorial will be erected in Groton, Connecticut and we hope to complete our project in the Fall of 1962.

The U. S. Submarine Veterans of World War II are now actively engaged in a nation wide fund raising drive in the help of the generous people of our great nation we hope to achieve our goal. This is a one time drive. "THIS DRIVE WILL BE DONE IN '61"

All contributions to this Memorial are tax deductible. Enclosed please find a donation appeal letter. We trust it

will familiarize you with our worthy cause.

We of the U. S. Submarine Veterans of World War II sincerely appreciate anything you can do to acquaint the public with our organization and our Flasher Memorial fund raising drive. We fully realize and appreciate the power of the press.

Any submarine veteran wishing to join our organization may contact either Richard G. Silvia, 17 West Englewood Ave., West Englewood, N.J., or Joseph R. Mongelli, 90 Washington Place, West Englewood, New Jersey.

DeBacco Brothers Sport Center of 234 Washington Avenue is handing out free souvenir baseball bats. The bats are being given to every boy making a purchase for at least a dollar and who is accompanied by an adult. The souvenir bats are made by a national manufacturer from the same ash as the regular size bats.

For the past couple of weeks there has been a behind-the-scenes effort to encourage George H. Mahler of 10 Belle Terrace to enter as a council candidate at large in next summer's election under the new Council-Manager form of government. So far, Mahler has not given in. He is a graduate of St. Peter's College and at present, is general plant manager for the Continental Folding Box Company in Ridgefield. Mahler is Past Grand Knight of Belleville Council 835 and is Past Faithful Navigator of Monsignor George H. Doane, General Assembly, Fourth Degree Knights of Columbus and Past Grand Commander of El Zagal Caravan 7, Order of the Alhambra.

School Board

(Continued From Page 1)

did not intend to submit an application for the post.

Lally is expected to release a statement after tonight's meeting explaining the reasons why Dr. Durkee is being named Belleville Superintendent of Schools. It is known that Lally, as a board member, is impressed with Dr. Durkee's record as assistant superintendent here the past nine years and with the close working relationship he enjoyed with Mr. Thomas.

Dr. Durkee has been one of the leaders in the movement to have a new high school building constructed in Belleville, a goal toward which the late Mr. Thomas had vigorously been working at the time of his death last month.

Dr. Durkee

condary School Curriculum' at the State University. During the 1955 summer session, he taught graduate studies at Paterson State College.

All through the years, Dr. Durkee continued his own educational studies. After earning his bachelor degree, he attended summer sessions at Shippensburg State Teachers College in 1930 and in 1932 he did graduate work during the summer session at Pennsylvania State College.

From 1932 to 1938, he took graduate courses and earned the master of arts degree at Rutgers University; he completed the course with an "A" average. Finally, between 1938 and 1948, he worked toward the doctor of education degree which he won in 1948 from Rutgers and again with an "A" average.

BELLEVILLE SCHOOLS

Since coming to Belleville in 1952 as "General Supervisor and Assistant Superintendent" of Schools, Dr. Durkee has been concerned chiefly with curriculum in both the elementary and high school levels. He has developed curriculum guides, written several Belleville school publications, conducted conferences, recruited, oriented and supervised teachers and has done much work on the evaluation of the present high school facilities and on the proposal to erect a new high school plant in Belleville.

Dr. Durkee's professional and civic activities are numerous. In Belleville, for example, he has been active in the Red Cross, the United Fund, the Family Service and Child Welfare Agency, the Belleville Adult School, Child Guidance Association, Guidance Clinic at the Clara Maass Memorial Hospital, the Wesley Methodist Church, Belleville Foundation, Rotary Club, Boy Scout Committee and Community Chest.

The civic activity list could easily be repeated for Somerset to cover the years he was

Street, Belleville. He reportedly had one Salk vaccine inoculation about a year ago.

The current case of Polio is Belleville's first since 1958 when three local residents contracted the virus. There have been no deaths attributed to Polio in Essex County in more than three years.

A total of seven cases of Polio were reported last year throughout Essex County. Steven's case is the first in Essex County during 1961. The Salk vaccine is said to have reduced the number of Polio cases throughout the country by 95 per cent.

In 1959, Essex County had 11 Polio cases and in 1958, 73 cases.

Band Concert

(Continued From Page 1)

The concert concludes the 44th annual series of last year through the Park System of "Music Under the Stars" and a tribute to Basil, conductor of many band presentations in the Belleville-North Newark area has been arranged.

A color guard from the American Legion will be present and representative groups from Basil's old 113th Infantry National Guard unit and a delegation from the Salaam Temple will also appear. The program will conclude with the playing of taps from the mall, echoed with a second instrument from across the lake.

SHE WAS THERE BEFORE GATE CLOSED

Berlin: A City Divided in Half With An Airport in the Center

(A wide variety of subjects and countries are discussed in today's article by Miss Katheryn Conklin as she heads for home and the opening of school after an around-the-world tour. Miss Conklin is a teacher in Belleville School 8. Cities and spots which readers are invited to "visit" today include Athens, Istanbul, Vienna, Berlin and Copenhagen. Miss Conklin was in Berlin prior to the recent halt in traffic between East and West sectors of the city; today's article describes and contrasts the East Berlin city with its western counterpart. This series will conclude next week with an exciting article about Moscow and Russia. Next week's article is doubly interesting because Miss Conklin was behind the Iron Curtain during Major Tiltov's historic 23-hour orbital flight and she will tell of the reaction she found to this and other events inside Russia.)

By KATHERYNN CONKLIN

After three months in the Orient, Athens seems like a homecoming. The Acropolis dominates the city both from the air and on the ground, and after a few days, it seems natural to look up and see these reminders of man's earlier and wonderful culture.

Of all the guides we met anywhere on the entire trip, the young women who talk about the Acropolis seemed the most enthusiastic about their subject, and they want tourists to feel the same way. We do!

The sidewalk cafes and the native "tavernas" where you eat out-of-doors add to the European air of the city. At an out-of-the-way taverna which seemed the

KATHERYNN CONKLIN

end of a one-way street, almost under the Acropolis, we were invited by the owner to visit the kitchen and choose our own dinners.

Istanbul was surprisingly modern. Naively, we had expected mysterious looking Turkish women and ferocious bearded and mustachioed men, but the city which spans the Bosphorus and is in two continents could be Vienna or Paris. The Hollons have been there, and the Hotel they left is the most beautiful we saw.

A ride on the Bosphorus took us to the Black Sea and in the distance, in the haze, is Russia. Beautiful mosques from the fourteenth century are the chief attraction here along with museum showing jewels of sultans. The little alleys and lanes in the native bazaar have tiny shops selling everything. Would you like to buy a camel's head complete with eyes and tongue hanging in a butcher shop? It looked rather sad, but no one seemed shocked

at such treatment except Western tourists!

A beautiful flight over the Dardanelles and north took us to Vienna, where our good weather fortune deserted us. We expected to be greeted by an orchestra playing "Blue Danube," but even the river looked gloomy in the rain.

Our hotel room overlooks Saint Stephen's Cathedral, the most famous in Vienna, and a landmark which can be seen over most of the city. A visit to Vienna Woods, again without Mr. Strauss, is a "must" experience with the city spread out below.

This trip has had only two drawbacks: so many different beds and the same clothes! Packing to keep within air-line poundage means a small wardrobe, and coming to a city like this makes a woman want new clothes. The women are so smartly dressed, and even in early August, beautiful fall woollens and lovely new autumn colors make us feel dowdy in our drip-dry cottons.

The sidewalk cafes in all these European cities are delightful. They make like appear so gay and leisurely and give a festive air. Of course, they might be compared to our American coffee breaks in a more glamorous setting.

Berlin was exciting because you can feel its isolation. Tempelhof Airport, famous for the Berlin Air Lift, is right in the heart of the city, and it seems strange not to drive miles to your hotel, or to leave the city two hours before departure time. One lovely and young German guide described the lakes and parks in the city and commented how fortunate they were to have them since it is so hard to leave the city!

The same busy shops, well-dressed people and delectable food we had seen in Vienna greeted us in West Berlin UNTIL we crossed the Brandenburg Gate to East Berlin. Immediately the shops are poor, the people drab-looking, the whole area looking tired. War ruins can be seen on many streets, some with young trees growing from second story rooms in former government

buildings. It was altogether very depressing.

It was good to get back to the chocolate eclairs, the bustling city we met on the west side of the gate. No wonder East Berliners leave their homes for the West when they can! Oh yes! Hilton has been in West Berlin too. We had lunch at his hotel!

The plane lands at "Wonderful, Wonderful Copenhagen" and at this arrival, we expected to see Victor Borge and his piano at the airport. This city is all and more than we had been told. The Danes are such pleasant people and have a beautiful country. Many of the farms remind us of Sussex and Warren Counties here at home, but Copenhagen is a lively and modern city.

Famed Tivoli, the amusement park, was another tourist must. The Danes expect tourists to enjoy lovely gardens, waterfalls, outdoor pantomime and eating places, and Tivoli has them all. Of course there are "rides" but they are not, as in America, the chief attraction.

While Hilton Hotels have not invaded Copenhagen to cater to the rich tastes of natives and tourists, Georg Jensen has been there for generations. His beautiful silver table ware and jewelry will drain off any excess dollars you have! If you "like" their Fifth Avenue shop, you will "love" the ones in Copenhagen. No one actually played the songs, but we found ourselves humming "Wonderful Copenhagen" as our plane lifted from the airport bound for Moscow. (This series will be concluded next week.)

The brand - new benedict and an older husband were discussing their favorite subject - women. "Did you ever win an argument with your wife?" the benedict asked. "Once," the other answered reflectively. "But it was years ago. 'What was the argument about'?" "I don't remember off hand but I do recall very clearly that we were putting down a new living room rug at the time and her mouth was full of carpet ticks."

Highway-Use Tax Is Upped \$1.50

Newark District Director Joseph F. J. Mayer, Internal Revenue Service, called attention this week to the provisions of the Federal Aid Highway Act of 1961 which increase the rate of the highway motor vehicle use tax.

Mr. Mayer explained the highway motor vehicle use tax applies to the use of the public highways by any highway motor vehicle having a taxable gross weight in excess of 26,000 pounds. Effective July 1, 1961, the tax rate was increased from \$1.50 to \$3 for each thousand pounds of taxable gross weight or fraction thereof for the taxable year.

The taxable year for purposes of this tax began July 1 and ends the following June 30. (Thus, for example, a truck having a taxable gross weight of 27,000 lbs. which is used on the public highways in July 1961 is subject to a use tax of \$6 (27x\$3) for the taxable year beginning July 1, 1961, and ending June 30, 1962.)

A return for fiscal year 1962 (July 1, 1961, to June 30, 1962) should be filed in Aug. 1961 to cover all vehicles in use during any part of July 1961. This return, accompanied by payment in full or the first installment if the installment privilege is elected, is due in the office of the District Director of Internal Revenue on or before Aug. 31, 1961.

Mr. Mayer added that the revised tax returns, Form 2290, Federal Use Tax Return on Highway Motor Vehicles, mailed to those taxpayers who filed a return for this tax last year. Other taxpayers required to file can obtain the form and other information by contacting their local Internal Revenue office.

Great souls are always loyally submissive, reverent to what is over them; only small, mean souls are otherwise—Carlyle

LIST EIGHT 'WATCHOUTS'

Chamber Issues Guides For Being Careful Consumer

The Belleville Chamber of Commerce receives a daily assortment of telephone calls and among them are several inquiries concerning the stability of salesmen giving Belleville addresses. With the cooperation of the Consumers Frauds Bureau of the New Jersey Department of Law and Public Safety, the Chamber has released suggestions from a pamphlet prepared by the Bureau entitled, "Watch Out are the Watchwords of the Careful Consumer."

Eight "Watch Outs" or suggestions are included in the pamphlet and, as a public service, The Belleville Times below has listed the Guides as prepared by the Consumers Frauds Bureau.

"Watch out for so-called 'bargains' offered at prices that are ridiculously low. Check the price of comparable items with other dealers to be certain the bargain is exactly what it's claimed to be. In short, 'shop around'."

"Watch out lest a door-to-door salesman leaves merchandise with you and has you sign a receipt for it. You probably will get a bill for this merchandise in the next mail. Before you talk to such a salesman, check his credentials and see if he has obtained permission from your municipality to canvass door-to-door."

"Watch out for the 'fine print' on all contracts. Never sign a contract without reading it and, above all, never sign a blank contract or blank paper. Demand and get a copy of your contract."

"Watch out for dealers who issue only oral guarantees. Be sure installations of appliances and such furnishings as carpeting are guaranteed by a dealer in writing."

"Watch out whenever a household appliance, television set or radio is to be taken from your home for repairs. Always ask for a written estimate of the approximate cost, and also get written assurance that no other work will be done without your consent."

"Watch out for delivered items which are not what you ordered. Don't use them. Notify the seller immediately and, if a finance company is involved, notify the company in writing."

"Watch out for catch-phrases like 'reduced from,' 'made to sell for,' 'save so much,' 'this is a last chance' and 'get in on a good thing.' Investigate and ascertain what the retail price actually is."

"Watch out for yourself. The Highbrow: A person who enjoys a thing until it becomes popular. —Oak Leaf

on all contracts. Never sign a contract without reading it and, above all, never sign a blank contract or blank paper. Demand and get a copy of your contract."

"Watch out for yourself. The Highbrow: A person who enjoys a thing until it becomes popular. —Oak Leaf

consumer is the biggest factor in consumer protection. You should be careful to know what you buy and read what you sign. Most importantly, you should not load yourself with more financial commitments than you can pay."

William Nelson Expert Shooter

William E. Nelson of Belleville, a private first class with the Army in Germany, recently achieved recognition as a top Army marksman by qualifying for the expert marksmanship badge during range firing with the M-2 carbine in Germany.

Nelson is a driver in the 38th Transportation Battalion's Company in Worms. The son of Mrs. Anna L. Nelson of 37 New Street, Belleville, he entered the Army in May, 1960 and completed basic training at Fort Dix. He has been overseas since last October.

The 20-year-old soldier attended Bloomfield Technical High School.

A woman seems to think the only way to reform a man is to tie him up in nois. —Wall Street Journal.

Roemmele Opens Office

AT OFFICE OPENING: William Roemmele (right) has opened his new office at 563 Washington Avenue. The Beech Street resident is in the fuel oil distributing and burner installation business. With him here are his wife, Otelia, and Judy Horman of Milwaukee who are visiting the Roemmeles. This photograph was taken during a grand-opening party at the new Washington Avenue office.

SOCIAL AND CLUB NEWS OF COMMUNITY INTEREST

Name Edith Aynes Director Of Cerebral Palsy Center

Miss Edith A. Aynes has been named executive director of the Cerebral Palsy School and Treatment Center in Belleville, the appointment to be effective September 5. Miss Aynes will succeed William Brooks who resigned in June.

She will direct the operation and activities of the center where more than 200 handicapped children receive therapy and education.

Miss Aynes, who resides at 100 Hepburn Road, Clifton, has for the last five years been coordinator of information for professional education of the National Foundation, the infantile paralysis organization. Prior to that, she was a major in the U. S. Army Nurse Corps and an instructor in nursing service administration.

A graduate of the Presbyterian School of Nursing, Denver, Colo., in 1932, she was awarded a bachelor's degree in nursing education at the University of California in 1950.

Her Army career included posts as chief nurse in Osaka and Yokohama, Japan. She worked also with the War Department Public Relations, Recruiting Publicity Bureau, the War Advertising Council, Office of War Information and the Red Cross.

The Stork Club

Cynthia Jean Chierico

Oratorio Society Elects; Plans Tenth Season

Three residents of Nutley are among the newly elected officers of the Oratorio Society of New Jersey. They are Richard B. McClure, 20 Yale Street, first vice president, A. L. Schulerud, 32 Carteret Place, second vice president, and Alpha Myers, corresponding secretary, 25 Chadwick Drive, Mr. and Mrs. William Herb of 377 DeWitt Avenue, Belleville, are active members of the group.

The Society will begin its tenth season at the opening rehearsal September 5. Rehearsals will be held at St. Luke's Episcopal Church, North Fullerton Avenue, Montclair.

There are now over 75 members in the Society representing towns from Jersey City to Bound Brook. Active membership is open to all who would enjoy singing with the group. First auditions will be held August 31, and September 12, and those interested are asked to contact Mrs. Robert Beacham, 48 Alpine Drive, Wayne.

The Chorus again this year plans three concerts, the first of which will be held December 10 at Montclair State College College Auditorium. It will be a Christmas program using Renaissance, 14th Century, and Contemporary music with such composers as Gabrielli, Britten, Victoria, Marenzio, Wright, and Williams. Other concerts are planned for March 4 and May 13.

Information regarding concerts, active memberships, and available sponsorships may be obtained by writing to The Oratorio Society of New Jersey, Box 152, Montclair.

Joanne De Aquino

Mr. and Mrs. John De Aquino of 261 William Street are receiving congratulations on the birth of their second child, a six pound daughter, Joanne, July 11 at Clara Maass Memorial Hospital. She is a brother, John, one. Mrs. De Aquino is the former Miss Mary Ann Capanear, daughter of Rocco Capanear of the William Street address, and the late Mrs. Capanear. The paternal grandparents are Mr. and Mrs. John De Aquino, make their home at 162 Belmont Avenue. The proud father is employed by Jersy Testing Labs, Newark.

Bonnie Jill Herbert

Receiving congratulations on the birth of their first child are Mr. and Mrs. Wolcott J. Herbert of 171 Branch Brook Drive. A daughter, Bonnie Jill weighing five pounds, 12 ounces, arrived July 13 at Clara Maass Memorial Hospital. Her mother, the former Miss Lucille Nicastro, is the daughter of Mrs. James Nicastro of the Belleville address, and the late Mr. Nicastro. The paternal grandparents, Mrs. Willa Howe, reside in Miami Fla. Mr. Herbert is office manager for Nutley Oil Burner Tool & Supply Company.

Scott Alan Orban

Mr. and Mrs. Alexander J. Orban of 46 Hampton Place, Nutley announce the birth of their second child, a son, Scott Alan, June 12 at Clara Maass Memorial Hospital. He has a five-year-old sister, Deborah. Mrs. Orban, the former Miss Barbara Ann O'Connor, daughter of Mr. and Mrs. Maurice O'Connor of 18 Fairview Place, Belleville. Mr. O'Connor is golf pro at Hendricks Field, Belleville. The paternal grandparents are Mr. and Mrs. T. W. Kenny of Scarsdale.

Maureen Ann Kenny

Congratulations are in order for Mr. and Mrs. T. W. Kenny, Jr. of New Fairfield, Conn. Their first child, a daughter, Maureen Ann, arrived July 27 at Lawrence Hospital, Bronxville, N. Y. She weighed nine pounds, 12 ounces at birth. Mrs. Kenny is the former Miss Barbara Ann O'Connor, daughter of Mr. and Mrs. Maurice O'Connor of 18 Fairview Place, Belleville. Mr. O'Connor is golf pro at Hendricks Field, Belleville. The paternal grandparents are Mr. and Mrs. T. W. Kenny of Scarsdale.

Carol Mae Dieterle Bride Of Ronald Kulik, Teacher

The marriage of Miss Carol Mae Dieterle, daughter of Mr. and Mrs. E. Edward Dieterle of 616 Passaic Avenue, Nutley, to Ronald S. Kulik, son of Mr. and Mrs. Edward J. Kulik of 194 Greylock Parkway, Belleville, was solemnized in St. Mary's Church, Nutley, Saturday afternoon, August 19, at 4 o'clock.

The Rev. John M. Golding performed the ceremony and Mr. Henry Sadusky, church organist, played. The reception was held at Casino De Chariz, Totowa Borough.

Mr. Dieterle gave his daughter in marriage. Her gown was fashioned with a Chantilly lace top having long sleeves and Sabrina neckline, and full, floor length skirt with lace appliques. Her fingertip veil was fastened to a crown of lace and seed pearls, and she carried an old fashioned nosegay of white roses, lilies of the valley, stephanotis and ivy.

Maid of honor for her sister was Miss Margaret Dieterle, and bridesmaids included her sister-in-law, Mrs. Edward R. Dieterle of Norfolk, Va.; her cousin, Mrs. James Hussmann of Osbornville, and Miss Patricia Place of Nutley.

Acting as flower girls were the bride's cousins, Gay Hussmann of Holmdel, and the bridegroom's

Rosary Society Will Open Season On October 9th

St. Mary's Rosary Society, Nutley, will resume activities in the Fall. The first social of the season, on October 9, will feature a film to be shown by a representative of the Celanese Corporation, and the awarding of a mink stole and portable television set.

The Society is making plans to organize a merchandise club to benefit the church building fund. Mrs. George Derbyshire of 472 De Witt Avenue, Belleville, is general chairman. Anyone wishing to become a group chairman or a club member is asked to contact Mrs. Derbyshire.

Mrs. Angelo W. Marone of Belleville is president of the Society. The Rt. Rev. Msgr. James J. Owens, pastor of St. Mary's Church, is spiritual advisor.

Barbara Miller Is Three

Three candles centered a birthday cake for Barbara Joy Miller of 439 De Witt Avenue on Friday, August 18. Barbara is the daughter of Mr. and Mrs. Warren G. Miller.

Games were played and refreshments served. Joining in birthday festivities was Barbara's younger brother, Skipper.

MOVE TO BELLEVILLE

Mr. and Mrs. H. H. Smith of Nutley have moved to 200 Branch Brook Drive, Belleville.

terle of Norfolk, Va., brother of the bride; James O'Brien of Belleville, the bridegroom's brother-in-law, and Leo Dion of Nutley. The bride's younger brother, Robert, was ring bearer.

Mrs. Dieterle chose a cornflower blue pure silk organza sheath for her daughter's wedding, and Mrs. Kulik was in a pink pure silk shantung sheath. But had matching accessories and corsages of white orchids.

A graduate of Nutley High School, the bride is employed by New Jersey Bell Telephone Company, Newark. Her husband, also a Nutley High School graduate, is an alumnus of Montclair State College and is presently working for his Master's degree there.

October Date Is Set For Card Party At St. Peter's

Plans are under way for a card party, sponsored by St. Peter's Church Rosary Confraternity and Holy Name Society, to be held Wednesday evening, October 18, at 8 o'clock. The evening will be the awarding of a 1961 Buick four-door hardtop sedan. The entire proceeds will benefit the church.

The Rt. Rev. Msgr. Joseph M. Kelly, P.A. is honorary chairman, with the Rev. Francis A. Ignacino, the Rev. James F. Heavey and the Rev. Thomas A. McCarthy, assistant chairmen.

Miss Constance Connolly, representing the Rosary Confraternity, and William B. Zimmerman, the Holy Name Society, are co-chairmen.

All chairmen and co-chairmen will meet Monday evening, September 11, to make final arrangements for the benefit affair.

Rutgers Offers Flavor Course

To meet the needs of the creative flavor chemist, the Rutgers Newark Extension Center will introduce this Fall an evening course in flavor materials. In announcing this addition to its perfumery and essential oils program, George A. Tapper, director of the Newark Extension Center, reported the need to discover, create, and compound flavors for our many foods and beverages prompted the demand for the new course.

The lectures will provide a thorough description of flavor materials and flavor compounding as well as an opportunity to experiment with new and hitherto unexploited flavor materials. Steffen Arctander, noted perfumer associated with International Flavors and Fragrances, New York City, will be the class instructor with certain lectures handled by guest experts.

The new flavor course is scheduled to meet from 6:30 to 8:30 p.m. on Wednesdays beginning October 4 for ten weeks. The course covers available flavor materials: natural - processed concentrated essential oils, synthetics, fruits, and abstracts - formulas; adjustment of flavor for various purposes; and the influence of temperature, sugar, salt, and bitterness upon flavors.

Detailed information regarding the course may be secured at the office of the Rutgers Newark Extension Center, 601 Broad Street, Newark.

Fairway Ave. Park — Third Chapter

Another chapter was written this week in the never-ending battle to obtain the seven-acre vacant land at the end of Fairway Avenue for park-playground purposes.

The area is owned by Krugman-DePetro — respectable, aggressive land developers from Passaic, New Jersey. Krugman-DePetro want to use the acreage for a 320 family apartment project. Neighbors and a majority of the Town Commission have other ideas. They want the land for park purposes.

In January of this year the Commission by a 5-0 vote authorized Parks and Public Property Director George Kiernan to negotiate with the owners for purchase of the land. On July 11th the Town Commission — this time by a 4-1 vote (Gruhin changed his mind) authorized Kiernan to negotiate with Krugman-DePetro for the acquisition of the land for park purposes either by outright purchase or by condemnation.

On August 4th Kiernan met with Mr. Krugman. The purpose of the meeting was to obtain from Krugman an asking price for the land. Reports came to us indicating a meeting was to be called to include the Town Commission, Board of Adjustment, Town Planning Board, Rutan Estates Assn. and the Fairway Taxpayers' Assn. at which time Krugman-DePetro would attempt to explain why an apartment project would be more desirable than a park-playground.

On direct word from Commissioner Kiernan we have it that such a meeting will never take place — that his only interest is — and has been — the acquisition of the site for park-playground purposes.

This week Kiernan directed a second request to the owners demanding to know what price they place upon the vacant land.

Kiernan is prepared to recommend to the Town Commission that condemnation proceedings be instituted if the owners fail to comply with his request within a reasonable time.

This is good news and we welcome Kiernan's reaffirmation of his original views. Meanwhile he is making efforts to induce Essex County Park Commission to take over the land and develop it for park-playground purposes. In this regard Kiernan says, "Essex County took away from Belleville residents a vast area of Passaic River front park. At that time the responsible county officials promised us they would make up for this loss by creating another park in the Rutan-Fairway section. I am demanding they live up to their promises. The county should foot the bill for the purchase and development of this land." We couldn't agree with him more.

Jets At Newark

Governor Robert B. Meyner has finally given the green light to the use of the Newark Airport by medium-sized jets.

The retiring Governor gave his approval to the Port of New York Authority with restrictions. Regular scheduled jets are limited to daytime use of Newark.

Mayor Leo Carlin, running hard for reelection in 1962, has blasted the use of Newark Airport by jets. We believe his stance is motivated by the needs of local politics and not on the basis of what is good for Newark. Carlin should be reminded that suburban communities pay a considerable portion of the county services primarily arising from needs of Newark citizens. He should remember that 4000 persons make their living at

the airport. They earn \$29,000,000 annually — a tidy sum even in these days of post-war-cold-war inflation.

Airplane manufacturers have closed down their production lines of piston-driven planes. Only jets are being manufactured. In a matter of less than ten years airports of Newark's size will handle only jet planes. If Carlin would have his way there would be no Newark Airport in the foreseeable future.

We salute Meyner's vision and courage as reflected in his decision to permit jets to use Newark Airport. American Airlines is equipping its jets with a "hush kit" which will reduce the noise nuisance of jets to a lower level than the piston-operated planes.

Jets are here to stay, much like the noisy power lawnmower which in our judgment produces far more discomfort to our neighbors than any jet overhead.

Who Controls The Purse Strings?

A major fiscal problem today is the fact that Congress has virtually lost control over the nation's purse strings.

Representative Pelly of Washington, speaking in the House, recently described the problem in these words: "... an idea of congressional lack of control over the Federal purse strings can be gained by examining the status of back-door spending authorizations of the Federal Government, permitting these agencies to borrow from the Treasury and expend the funds without requiring an annual justification or review by the congressional committees having jurisdiction over appropriations."

Mr. Pelly went on to present tabulations covering these back-door expenditures over a period of years. The sums involved total tens upon tens of billions. He added that if additional current proposals of the same nature are adopted, "history may well set the 87th Congress as having yielded its constitutional responsibility to the executive branch in greater degree than any Congress before."

There is room for differences of opinion over the wisdom of the various spending measures. But, whatever the final decision on any of these, one of Congress' most fundamental duties is to maintain its Constitutional controls over the people's money.

Tidal Wave of Crime

"There is little chance that the dikes of decency and morality in America can long withstand the surging tidal wave of crime threatening our nation unless every citizen, just as in flood-menaced communities, is willing to pitch in to help stem the tide."

The words are those of an outstanding authority on the subject of crime — J. Edgar Hoover, Director of the FBI. He supports his statement with some grim statistics. Serious crime reached its all-time high last year, showing a rise of 12 per cent above 1959. And in the FBI's vast fingerprint files there are, at any one time, some 90,000 cards which bear small, red tabs. These tabs mean that the owners of the fingerprints are wanted by some law enforcement agency in connection with crimes. In other words, they mean that 90,000 fugitives from justice are walking in our midst.

The law-enforcement ranks are thin, and they cannot do the job alone. In Mr. Hoover's words, "A solid front of citizens behind the law-enforcement officer who stands face to face with the criminal is the prerequisite for turning back the forces of crime." Defense — whether against enemies without or criminals within — demands the active support of us all.

William Paterson, Governor of New Jersey from 1790 to 1792, was one of four New Jersey men who signed the Constitution of the United States.

Approximately 500 million gallons of water are pumped from wells in New Jersey every day.

MEANING OF "HIROSHIMA DAY" EXPLAINED

Dear Sir: In last week's paper a reader who asked that his name be withheld suggested that SANE should not waste its sympathy on the people of Hiroshima, because they only got what they deserved.

Evidently this gentleman missed the point of SANE's Hiroshima Day observance entirely. Had he attended the ceremony, or even read the newspaper accounts more carefully, it would have been clear to him that this was no apology for Hiroshima, but, instead, a dedication to the future of mankind — that, now knowing the hell of atomic warfare, we may make sure that no other people on earth will ever again fall victim to another atomic blast.

In the face of the horror of Hiroshima, many who were not there have refused to face its lesson, preferring instead to engage in endless debate over whether or not the bomb should have been used. But for Major Robert A. Lewis, the man who piloted the deadly plane, there are no two sides to the ultimate question. "I feel strongly," he has said, "that if some of the heads of state could have seen what the crew saw that day, they would redouble their efforts to prevent the power of the atom being used for mankind, not against it."

SANE, and all people with an ounce of humanity in them, must agree with Major Lewis. That is why Hiroshima Day is being observed throughout the world.

Hiroshima has become not a simple symbol of the tragedy of war, or one group of people, but a larger philosophy of life. As one of the survivors has said, "It taught us that inhumanity begins with the contempt and neglect of the individual. The atom is weapon is the end product of indifference toward the many individual, inexchangeable and irreplaceable human beings."

The people of Hiroshima have redoubled these words with a simple white tomb monument standing at the exact spot where the first atomic bomb exploded. The inscription on it reads: "Rest ye in peace, for humanity shall never repeat the mistake."

At a time when men are stumbling blindly toward another infinitely more terrifying Hiroshima, and the inscription on the stone stands in danger of violation, we feel that it is time to remember, that the lesson may be learned.

If mankind is to have a future we must learn now, before it is too late, that atomic weapons have made war obsolete as an instrument of national policy. This is our position, and this is why we ask people to remember the lesson of Hiroshima.

Sincerely,
INGRID FRANK, Chairman
Nutley-Belleville SANE

Sees Republican Victory

Dear Sir: I have received many letters, and phone calls from people in Town, urging me to run for A freeholders seat in Nov, on the Republican ticket. I sincerely appreciate their interest, and wish to thank all of them for their kind remarks, but the selection of A Candidate is up to the

County Chairman Robert Kean. A capable and trustworthy servant of the people, of the Republican party.

I am hoping to be one of the two chosen for that Honor. I am also happy that my articles, and the splendid job done by the Editor of the Belleville Times has proved results which was in the best interest of all.

If the people continue to stand on their own two feet, and fight back on the side of, what is right they will never be wrong.

Jimmy Mitchell, and the Republican Board of Freeholders, all Candidates of good reputation, who practice economy in Office, not inflation, which is A Disease with the Bosses in the Democratic party, will be elected in November, I am hoping for a Republican victory, to clean up the mess in both the State, and County Government.

When John Merrigan, A former Jersey City man where the spoils system was born, receives A fat political plum, as head of the personnel Dept, in Essex County, at 12 thousand Dollars per year, some thing must be rotten, that Dept was created by the bosses, of the Democratic party, it is A waste of the taxpayers money, and not needed.

This man not elected by the people, has the power to deny Civil Service, and deny me appointment the right to go to work. Twice my name has been sent in to him, for the position as Bridge Attendant, both times he has refused to place me. Political discrimination because I supported Nixon and the Republican ticket.

Sincerely Yours,
ALBERT GUGLIELLI
75 Lake St.

Beck's Column

Last Week we wrote about the new models of black and white RCA sets.

This week we want to report on the "new color sets." The whole TV industry expects color to "go off." Although all expectations may not be fulfilled, it looks as if there will be a considerable number of people buying color sets this fall.

As we have stated repeatedly in this column during the last few years, color is without a question excellent. Contrary to what you may have heard, the sets don't need frequent adjustments. The less they are adjusted, the better it is. There is no need for adjustments, they are as stable as a rock. A color set has to be made better in order to receive and reproduce color. Consequently they need less attention and repairs than many black and white sets. The writer realizes that this is contrary to widespread opinion. However most of this is hearsay and just talk. Our statements are based on our experience through the sale and service of hundreds of color sets.

There are just a few refinements on RCA color sets in the new models. They were very good last year and the year before. We will see a color tube this fall which has the safety glass bonded right to it instead of it being separate. Also this tube will have a frosted surface for the elimination of reflections. Otherwise the circuitry, which has been good, appears to be pretty much the same. There will be many more color programs this fall and several more stations will transmit color. The price will range from about \$475. to \$1000., depending on the cabinets, some of which are magnificent. The quality of the picture is not any different regardless of the price. We stock every model that RCA makes and repeat our standing invitation to come in any time during our store hours when a color program is on.

We service what we sell.

Rebuttal to Calabro's Letter on High School

Dear Sir:

Mr. Calabro's entitled to his opinions but he's putting them against professional survey teams and advisors whose conclusions are based upon much broader experience and full-time study.

Over the past eleven years we've paid for the expert services of Columbia University and Rutgers University survey teams. They, together with our Educational Consultant, Dr. Felix McCormick and the late Evan Thomas, have come up with an economical program that will relieve high school overcrowding, give us a modern up-to-date plant, provide an enriched junior high school program, do away with sub-standard rooms and provide room for much needed improvements in the grade schools. Best of all, the average taxpayer can have this for a tax increase of less than the cost of a quart of beer a week.

We can talk from now until Doom's Day our taxes will still go up and our children will still have nothing to show for it.

Mr. Calabro does not present very hopeful picture for the development of Belleville.

By contrast I direct your attention to the business and professional people who recently demonstrated their faith in the future by staging a most successful Cavalcade of Progress and are now supporting this vital educational improvement.

I hope and pray that the parents of our 5,000 pupils will see through these delaying tactics and set out and vote "YES" in the October referendum.

MRS. J. FATONE

Town Official Calls Headline on Story 'Vicious Distortion'

Dear Sir:

Upon reading last week's edition of a local tabloid circular, I was first shocked and then nauseated by the headline that paper (not The Times-News) had placed over an article about the Recreation Department. Teen Ganteen. The wording, "Kiernan Likes Idea of Gambling Casino for Kids," is a vicious distortion that could hardly pass for unintentional stupidity.

I find it difficult to conceive of the motive behind this obviously misleading head over story which was submitted by the Recreation Department. The impact of the original contention does irreparable damage to the story it is purported to head, and must have left many read-

ers confused as to the intent of the article.

What effect does this irresponsible editing have on work for Belleville's youth? Shouldn't a newspaper serve as an excellent media of communication with the parents of the youngsters with whom we work? Has the editor of this throw-away circular considered that such action as this does irreparable damage to this relationship? Further, and more importantly, doesn't this discourage youngsters from participating in the healthy activities which we provide?

ROBERT E. COOK,
Superintendent of Recreation

NOT ONE ERROR IN GAME

Little League Giants Down Bombers, 8-5 In 'World Series'

Reported by Ray Fratella

In an errorless Little League World Series game, the third and final in a series, the National League Giants beat the American League Bombers, 8-5. Pat Simone was the winning pitcher; he tossed five innings before being relieved by Steve Cerna.

Simone then gave up five runs, five hits and two free passes in the evening game played at Municipal Stadium. The Giants were coached by Mike Marotti.

Jim Puleo, the Bomber shortstop, took batting honors with a home run and by collecting two

The way to stop automobile accident deaths is to stop accidents; the way to do this is to punish those guilty of careless operation of motor vehicles or negligence in walking on the highways.

hits in three times at bat. Puleo scored twice for the Bombers and earned four RBIs.

The only other extra base hit came from the bat of Jim Pignelli, Giant catcher. Pignelli belted a double, scored once, had two hits at three times at bat and collected five RBIs.

Bruce Pindar started on the mound for the Bombers and gave up six runs, six hits and two walks before being relieved in the fourth frame by James Bailey who moved to the mound from left field. Bailey then gave up another pair of runs and two more hits before the World Series game was over.

Coaching the Bombers was Paul Bailey. The Bombers won the American League title with a season record of 12 wins and three losses. The Giants also had a 123 season mark.

WHAT A BALANCE

Landlord: "Well, if your husband has spent some of the rent, perhaps you could give me the balance."
Tenant: "I don't feel like offering you nine-pence — it looks so paltry."

Tony Cerrato Rolls Two 300 Games Within Same Week

Tony Cerrato, young assistant manager at the Olympic Bowling Lanes, rolled two 300 games within a week's period! Cerrato's first perfect game came Friday night, May 27; it was the first 300 game of his career.

The first game came in a match with Fred Delaval of Belleville. Cerrato's perfect game followed consecutive scores of 243 and 243 for a three-game total of 786. He was using the Olympic's lane numbers 27 and 28.

The second game came exactly a week later. This time Cerrato was using lanes 23 and 24. All 12 strikes were in the 1-3 pocket.

Cerrato's two 300's mark the fifth and sixth perfect games at Olympic Lanes in less than a year; of these games have all

ready been sanctioned. Not too long ago, Cerrato rolled a 299 game at Kearny lanes; he was stopped in his quest for the perfect mark by a stubborn number 10 pin.

St. Peter's CYO Comes in First

St. Peter's CYO captured the Intermediate boys basketball championship, while St. Anthony's seniors took first honors in the county bowling league.

Track honors also went to St. Peter's, which finished third in the indoor meet.

St. Anthony's received a banner for finishing second in the county participation contest.

PRIZE WINNING FISH: This group of Belleville-Nutley fishermen won the boat pool for the largest fish while "hunting" off the coast of Belmar recently for Blue Dolphins. Vince Crecca (center) hooked the pool winner for the day, a 21½ pound Pollack. His companions are Angelo Serritella (left) of Belleville and Paolo Scudato (right) of Nutley.

Essex Debt Is State's Highest

Aggregate indebtedness of New Jersey's county governments climbed nearly \$31 million and annual debt service charges rose more than \$3 million between the years 1956 and 1960. Over all county indebtedness stood at \$151,068,814 at the end of 1960, compared with \$120,115,118 in 1956 — an increase of 26 per cent.

During the period 14 of New Jersey's 21 counties showed increases and four had decreases. Three counties — Gloucester, Hunterdon and Salem — were free of debt both in 1956 and 1960.

Largest increase in debt — nearly \$104 million — occurred in booming Bergen County, which showed a gross debt of \$22 million on Dec. 31, last. Bergen's total was topped by a gross debt of nearly \$33 million in Essex County, which reflected an increase of more than 1/4 million. Essex-Hudson County, which had a debt increase of more than \$14 million during the period, boosting its total to nearly \$19 million.

The gross debt totals, compiled from official records by the New Jersey Taxpayers Association, include both bonds and notes outstanding as well as debt authorized but unissued. The Association, which advocates comprehensive planning of capital expenditures in government with maximum use of "pay-as-you-go" noted that the figures reflect heavy reliance upon borrowing.

Gross debt in Essex County at the end of 1956 totaled \$32,386,000 as compared with \$32,984,650 on Dec. 31, 1960. This was an increase of \$598,650.

100% CASH REFUND If You Don't Agree That This Tire Is:

GREATEST quick-stop tire ever!
SMOOTHEST riding tire ever!
ABSOLUTELY without squeal on turns!

STOPS FASTER on wet roads than you now can stop on dry roads.

U.S. ROYAL Butylride

THE LOW PROFILE TIRE Made of Butyl rubber

- STOPS 30% FASTER on any road. But its big stopping advantage is on dangerously slippery roads where you need it most.
- GENTLEST RIDE in the world. Butyl rubber soaks up a million jolts a mile.
- NO SQUEAL—even on sharp curves or turns.
- SOUNDS SAFER as it grips the road.
- A "LOW PROFILE" tire puts more rubber on the road for faster stops, more traction, greater safety.
- "Low Profile" is U.S. Rubber Company's trade-mark for its lower, wider shape tire.

30 MONTHS GUARANTEE COAST-TO-COAST by U.S. ROYAL
Guaranteed against road hazards such as blowouts, cuts, impact breaks, skids and consequent damage except covered by service rendered at current list price for period specified. For full explanation read your guarantee certificate.

Ralph J. Bowman Is New Telephone Pioneer Treasurer

Ralph J. Bowman of Belleville is the new secretary-treasurer of the Orange Council of the Telephone Pioneers of America. The local unit is the H. G. McCully Chapter No. 12.

The chapter's new chairman is Charles J. Heinrich of 17 Wagner Street, Bloomfield. Heinrich succeeds Bowman as the chairman.

Bowman and Heinrich are presently making plans for the Pioneer's 50th Anniversary Celebration which will include a reunion in Atlantic City on September 20. October 1. Members of the organization are all employees in the Bell System with more than 21 years' service.

Bowman resides at 57 Perry Street, Belleville. He has been with the Western Electric Company 35 years. Heinrich is with the New Jersey Bell Telephone Company.

The Orange Council, which includes Belleville membership, is one of 16 councils in New Jersey and has 712 members. Total membership in the Telephone Pioneers throughout the state is 7,400 and there are a total of more than 200,000 members in the United States and Canada.

American Tag Names R. Read Its Ad Manager

ROBERT O. READ JR.

American Tag Company of Belleville and Chicago, Ill., has appointed Robert O. Read Jr. to the post of national advertising manager.

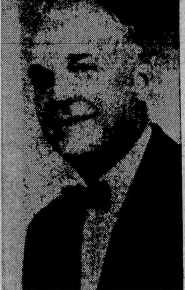

Most recently advertising and sales promotion manager for American Tag's Belleville operation, Read also served for several years as administrative assistant in the sales department. He joined American Tag in 1959.

The appointment, effective July 1, was announced by Alan McArthur, national sales manager.

Read has an AB degree from Princeton University. He resides with his wife, Alden C., and their three children, Charles II, eight; Robert O. III, seven; and Priscilla A., six.

RALPH J. BOWMAN

CHARLES J. HEINRICH

Herbert V. Ryan Studies Princeton Management

Herbert V. Ryan, 30 Van Rensselaer Place, attended the second session of the Prudential Insurance Co.'s fourth annual advanced management program to be held at Princeton University.

Ryan, a manager in the company's disability claim division, was one of 45 executives from various Prudential offices in the United States and Canada to attend the three-week session.

In all, 135 Prudential executives attended the program, living in Princeton dormitories and working in the university classrooms.

The sessions were led by some of the nation's leading businessmen and by prominent members of the faculties of such universities as Princeton, Columbia, Minnesota, Carnegie Institute of Technology, Northwestern, Indiana, and Ohio State.

LONG LONG TRAIL

Jones — "Good evening, old man. Thought I'd drop in and see you about the umbrella you borrowed from me last week."

Brown — "I'm sorry, but I lent it to a friend of mine. Were you wanting it?"

Jones — "Well, not for myself, but the fellow I borrowed it from says the owner wants it."

EXPLAINED

Lucy — Why doesn't Harry ever take you to the movies any more?

Shirley — One evening it rained and we stayed at home.

W. Kidde Names Bailey Manager Of Marine Sales

L. C. BAILEY

L. C. Bailey has been appointed Sales Manager of the Industrial and Marine Division of Walter Kidde & Company, Inc., Belleville. This was announced by Walter E. Morgan Jr., division vice president.

In his new post, Bailey will be responsible for sales of Kidde portable fire extinguishers and engineered extinguishing systems.

He joined Kidde in 1957 and previously was Boston Regional Manager. Bailey attended the University of Vermont and graduated from Babson Institute.

A Deserving Cause

Dear Sir:

I enclose herewith cheque for \$10.00 towards the expenses of Donald Hulme's Fare to Milan for the Contest.

I feel that this is a very deserving cause, as Donald has worked very hard towards his achievements and I wish him every success in this Contest, and in the future.

I feel sure that everyone interested in music will donate towards this venture.

By the Town of Belleville, N. J. and the County of Essex, New Jersey, in and to which said County of Essex, New Jersey, is located the Town of Belleville, N. J., and its inhabitants shall be governed by the provisions of the following Ordinance:

TOWN ORDINANCE

PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Board of Commissioners of the Town of Belleville held Tuesday evening Aug. 22, 1961, and further notice is hereby given that the second and final reading of said ordinance will be held at said Board at a meeting to be held at the Town Hall, Washington Avenue and Belleville Avenue, Tuesday Evening Sept. 12, 1961, at eight o'clock P.M. when all objections to the passing of the same will be heard and considered.

Eugene G. Barnett, Town Clerk

TOWN CLERK

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE TO LICENSE AND REGULATE HAWKERS AND PEDDLERS AND TO FIX THE LICENSE FEES TO BE PAID THEREFOR," Adopted June 30th, 1961.

The Board of Commissioners of the Town of Belleville, in the County of Essex, do ordain:

Section 1. That Section VIII of said Ordinance be amended to read, as follows:

Section 8. No peddler or hawker shall have any exclusive right to any location in the public streets, nor shall he be permitted to operate in any congested area where his operations might impede or inconvenience the public. For the purpose of this Ordinance, the judgment of a Police Officer, exercised in good faith, shall be deemed conclusive as to whether the area is congested or the public impeded or inconvenienced.

Section 11. This Ordinance shall take effect immediately upon its passage and publication in accordance with law and all ordinances or parts of ordinances inconsistent herewith be and the same are hereby repealed.

Eugene G. Barnett, Town Clerk

ELECTION NOTICE

Registration and Transfers of Voters for the General Election to be held on September 26, 1961, will close on September 25, 1961.

AN ORDINANCE REGULATING THE USE OF PRIVATE SWIMMING POOLS IN THE TOWN OF BELLEVILLE, COUNTY OF ESSEX, NEW JERSEY, AND PROVIDING PENALTIES FOR VIOLATION THEREOF.

BE IT ORDAINED BY the Board of Commissioners of the Town of Belleville, County of Essex, and State of New Jersey, as follows:

Section 1. As used herein, the term "private swimming pool" shall mean an artificially constructed outdoor structure or area intended for bathing or swimming purposes, having any depth below the grade or level of the ground or area surrounding the same, established or maintained upon private property by any individual for his own or his family's use or guests of his household.

Section 2. All private swimming pools now existing or hereafter constructed or installed shall be enclosed by a permanent fence of durable material which shall be no less than 4 1/2 feet in height, any opening or mesh in any such fence shall not be greater than 4 inches in area. Such fence shall be so constructed as to prevent any person from gaining access to the pool beneath or through the same and shall have a gate of the same height as the fence constructed of the same material, with facilities for locking such gate when the pool is not in use or is unattended or unattended.

Section 3. All persons now owning or hereafter acquiring any private swimming pool, as herein defined, shall be and are hereby granted a period of thirty (30) days after the effective date of this ordinance within which to enclose the same as herein provided.

Section 4. Any person who shall violate any of the provisions of this ordinance shall, upon conviction thereof, be subject to a fine not exceeding \$200.00, or imprisonment in the County Jail for a term not exceeding ninety (90) days, or both, and each day that any such violation shall continue shall be deemed a separate offense.

Section 5. This Ordinance shall become effective in the manner provided by law.

Eugene G. Barnett, Town Clerk

THE START OF A NEW ERA... THE ORIGINAL CLARA MAASS MEMORIAL SCHOOL OF NURSING, ONE OF THE FIRST IN THE STATE, WAS DEDICATED IN 1892 WHEN THE HOSPITAL WAS CALLED THE NEWARK GERMAN HOSPITAL.

NOW, AFTER NEARLY 70 YEARS OF SERVICE TO THE NURSING PROFESSION, A NEW AND LARGER SCHOOL AND RESIDENCE WILL BE DEDICATED AUGUST 27th TO TRAIN MORE SKILLED AND GENTLE HANDS FOR BETTER PATIENT CARE.

THE DEDICATION OF THESE MODERN ACCOMODATIONS FOR 106 STUDENTS ON THE GROUNDS OF THE HOSPITAL - IN THE PARK MARKS THE PASSAGE OF ANOTHER MILESTONE IN THE DEVELOPMENT OF THE CLARA MAASS MEMORIAL HEALTH CENTER.

THE FOLLOWING CONCERNS HAVING COLLABORATED IN THE BUILDING AND FURNISHING OF THIS NEW FACILITY, EXTEND CONGRATULATIONS AND BEST WISHES.

New Building For MS Victims Set in Chester

A dream of more than a de-
cade will become a reality in
Chester for the members of the
Multiple Sclerosis Service Or-
ganization of New Jersey when they
start to build the world's first
patient sponsored multiple scler-
osis nursing home.

Chester Township officials have
approved a zoning variance per-
mitting construction of the home
on a 37 acre tract located at
Pleasant Hill and Flanders
Roads.

The Multiple Sclerosis Service
Organization of New Jersey is a
unique group that first organized
as a social unit for victims and
their families. They were the
first in the state to "do some-
thing" about the needs of mul-
tiple sclerosis patients.

It started with a donated wheel
chair and developed from that to
the point where the organization
set up a clinic in East Orange.
Now, there are more than 200
wheelchairs on loan as well as
hundreds of other pieces of the
repetitive equipment.

In addition, a nurse and ther-
apist work from a mobile unit
which visits many patients in
their homes.

The nursing home project start-
ed four years ago when it be-
came evident to Service Organi-
zation trustees that there were
many, many victims of the dis-
ease too ill to be properly cared
for at home. They were not wel-
come at most hospitals and there-
fore members decided on a nurs-
ing home of their own.

Construction of this home is
scheduled to start in the fall.
First step is a 30-bed, one-floor
unit with treatment rooms, rec-
reation room, nurses station and
full dining and kitchen facilities.
Later, as funds are raised, the
second unit will be built. When
complete, it will be a 100-bed
unit with all needed equipment.

Funds for the nursing home
and other operations of the M.S.-
S.O. are raised by local volun-
teers in hundreds of New Jer-
sey communities.

L. A. McDowell of Ridgewood,
President of the Service Organi-
zation, thanked the thousands of
volunteers who have made the
nursing home possible. "We are
fortunate," said McDowell, "to
have been so selflessly aided by
all these men and women, who
have taken time and trouble to
call on their neighbors in behalf
of the Multiple Sclerosis Service
Organization."

Multiple Sclerosis is described
as a "short circuit of the central
nervous system." It strikes young
adults, usually between 20 and
40. Attacks often re-occur and
leave a victim helplessly paralyzed.

Although the disease has been
known for more than 100 years
no one has been able to discover
either a cause or a cure.

It is hoped that research now
being conducted at the Chester nursing
home will increase knowledge of
multiple sclerosis and can aid
in solving the mystery of its
cause.

**P.S. Plans To
Sell Bond Issue**

Public Service Electric and
Gas Company on Aug. 14 filed
a petition with the Board of Pub-
lic Utility Commissioners of the
State of New Jersey for authori-
zation to issue and sell \$50,000,000
principal amount of debenture
bonds of the company, to be
dated Oct. 1, 1961, and to matu-
re Oct. 1, 1981. It is planned
to sell the debenture bonds in
October at competitive bidding.

The proceeds from the sale
will be added to the general
funds of the company and will
be used by it for its general
corporate purposes, including the
payment of a portion of the
cost of its current construction
program and the payment be-
fore maturity of any unsecured
short-term bank loans which
may be made prior to the sale
of the debentures.

The company's construction
program, including projects al-
ready under way, will require
approximately \$249,000,000 to
complete, of which \$223,000,000 is
applicable to electric plant facili-
ties and \$26,000,000 to gas plant
facilities.

Among the company's major
projects under construction at
the present time, are the com-
pletion of a fifth turbine gener-
ator unit of 342,000 KW capacity
at Seawen Generating Station
and the building of a new sta-
tion to be known as Hudson Gen-
erating Station, which will have
an initial installation of one 400-
000 kilowatt unit. The new units
at Seawen and Hudson Generat-
ing Stations will utilize the most
advanced concepts in electronic
computer boiler and turbine con-
trols to achieve maximum oper-

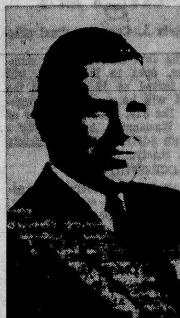

Dr. J. B. Chassan Joins Hoffmann-La Roche Inc.

The appointment of Dr. Jacob
B. Chassan as statistician for the
research department of Hoff-
mann-La Roche Inc., Nutley, has
been announced by Dr. John A.
Aeschlimann, vice-president in
charge of research. In his new
post, Dr. Chassan will be avail-
able to the entire department for
consultation and assistance on
problems of a statistical nature.

A graduate of City College of
New York, Dr. Chassan earned
his M.A. and Ph.D. degrees in
mathematical statistics at Geo-
rge Washington University.
His professional career has been
mainly in the Federal govern-
ment, including a five-year per-
iod as chief statistician at St.
Elizabeth's Hospital in Washing-
ton, D.C. He has served as statis-
tical consultant to the American
Psychanalytic Association and
as a faculty member at the
Graduate School of the U.S. De-
partment of Agriculture.

Dr. Chassan is a Fellow of the
American Association for the
Advancement of Science and a
member of the Biometric Socie-
ty, American Statistical Associa-
tion, Operations Research Socie-
ty of America, Mathematical As-
sociation of America, Institute of
Mathematical Statistics and the
Royal Statistical Society. He and
his family, residents of Washing-
ton, D.C., will relocate shortly
in New Jersey.

Gerard G. Hunt Gets New Post At LaRoche Inc.

GERARD G. HUNT

The promotion of Gerard G.
Hunt to the newly created posi-
tion of assistant to the vice pres-
ident for marketing has just been
announced by V. D. Mattia, Jr.,
M.D., vice president for market-
ing, Hoffmann-La Roche Inc.

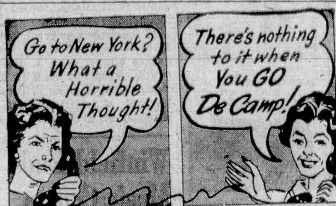

In his new position, Mr. Hunt

will supervise the departments of
marketing research, professional
relations and services and trade
relations; he also will continue
to direct the activities of the
marketing planning department of
Roche Laboratories.

In addition, Mr. Hunt will as-
sist the vice president for mark-
eting in the development of a pro-
gram of administrative and mar-
keting services for all the mar-
keting divisions of Hoffmann-La
Roche Inc.

Mr. Hunt joined Hoffmann-La
Roche in 1950; he became as-
sistant director of sales control
in 1954 and was promoted to di-
rector of marketing research in
1956. In October, 1958, Mr. Hunt

became assistant to the general
manager of Roche Laboratories.
He resides at 33 Highland Dr.,
North Caldwell.

Preparing For Legion Installation

LEGION INSTALLATION: This committee of Belleville American Legion Post 105 is rapidly completing plans for the Post's installation and clambake planned for Sunday, August 27. Left to right are George Mitchell, installation committee chairman; Walter Weiss, finance officer; Moody Shawger, commander-elect, and Dominic Turano, sergeant-at-arms-elect.

CHARLES GOODMAN: GENIUS OF THE SKILLET

From NY Garment Cutter To Henri's in Belleville

By HARRY MCGOWAN

Perhaps the story told about a certain Newark business executive and his corned beef sandwich best illustrates the enviable reputation enjoyed by Henri's Diner of 201 Washington Avenue among lovers of good food in this area.

The executive—who shall be nameless—is the sort of tycoon who is usually too busy to leave his office to eat lunch; you know the type. On the occasion under review, he bade his new office boy to “go out and get me a good corned beef sandwich, and hurry.” The boy hustling to make good in the traditional way, was half-way to Henri's Dinerette before his boss had stopped talking.

When he arrived back at the office (located near Broad and Market in Newark) an hour or so later, he soon sensed his boss's split-second schedule was somewhat short. In keeping with the mood of the moment, the boss's temper was also a mile frayed. However, after eating the tasty tidbit on Jewish rye, no pickle, he called his crestfallen employee and told him:

“My boy, that was the best corned beef sandwich I ever ate. But,” he added with a twinkle in his eye, “next time you get me one of Henri's sandwiches, please take a bus!”

Mathew Horman On USS Rich In Mediterranean

Participating in the NATO naval exercise “Southwind” with the Sixth Fleet off the coast of Sardinia in the Mediterranean while serving aboard the escort destroyer USS Rich, is Mathew Horman, chief sonarman, USN, son of Mr. and Mrs. Herman Horman of 14 Marion Court, Belleville.

The exercise is providing surface, air and submarine units of the U. S. and Italian navies with training in anti-submarine and air defense operations.

Horman will continue regular training in the Mediterranean aboard the Rich until late August after completion of the exercise. He is scheduled to return to Norfolk, Va., in early September.

Dominick Celebre Ends Coast Guard School Course

Dominick G. Celebre of Belleville has been graduated by the Coast Guard Training Station in Groton, Conn. and has been assigned to the 11th Coast Guard District in Long Beach, California.

He is the son of Mr. and Mrs. Louis Celebre of 88 Baldwin Place, Belleville.

Seaman Celebre underwent boot camp training at Cape May from July 1960 to October 1960. He served aboard a lightship off Cape May before entering the Groton, Conn. school.

Celebre is a 1960 graduate of Belleville High School. The Groton school has qualified him as a Yeoman and he will be working with the Coast Guard in the clerical field.

CHARLES GOODMAN

Any eating place able to inspire that kind of loyalty among its patrons is worth visiting, it would seem. The owner of Henri's is 49-year-old Charles Goodman, an expatriate New Yorker with a flair for food. He has been the presiding genius of the skillet at Henri's since September, 1954, when he took over there. Prior to that, he operated Dave's Fine Foods in Orange, where he is still remembered fondly.

Possibly the most surprising bit of intelligence about Goodman's culinary career is the fact that in 1950 he ended a successful 20-year stint as a garment cutter in New York to go into the restaurant business. He worked a 35-hour week in those days.

“Nowadays, I'm my own boss, so I work from 6 a.m. till 7 p.m. six days a week. Crazy, huh?” he says.

THOSE CHEESE BLINTZES A pleasant feeling of discovery rewards the first time visitor to Henri's when he tastes the cheese blintzes. They are best described by what the kindergarten set calls: “Mm-mm-delicious!” Another favorite among Henri's customers is roast beef. It drew this compliment from Goodman's meat supplier:

“My mama should cook that good!” Praise indeed.

Goodman, who married his wife Ida 25 years ago in Brooklyn, modestly claims she is a better cook than he is. In any case, she helps him in the res-

taurant five days a week. Saturdays she stays home to take care of her house. The couple have two sons, Larry, a Seaton Hall graduate in accounting who recently joined the ranks of the Benedicts, and Steven, a student. The latter also helps out on occasion.

Many of the diner's loyal band of steady customers swear his roast beef is the “me plus ultra” of gastronomic goodies. Still others go for the pastrami or corned beef. But one well-known local gourmet stoutly affirms:

“You ain't lived till you've had one of Henri's cheese blintzes!”

Olympic Park Closes Season On Labor Day

Only 11 fun-filled days remain of Olympic Park's 1961 season. The new circus due Monday, August 28, will play through Labor Day, when the Irvington-Madison amusement park will ring down the curtain with a big fireworks display.

The closing show has a New Jersey act, Vic and Mai Domino of Garfield, who combine juggling and unicycling antics. Also on the bill are Joe Phillips and his trick rodeo horse, “Smoke,” and the Triska Troupe, which considers itself the world's greatest high wire act.

The series of weekly beauty contests at the Olympic Park pool will end this afternoon with the selection of the season's queens.

Unaware Mrs. Peck — When you married me, you deliberately deceived me.

Henry — In what way dear?

Mrs. Peck — You told me you were well off.

Henry — Well, I was well off. In fact, I didn't realize myself how well off I really was.

Belleville Legion To Install Aug. 27

Belleville American Legion Post 105 and its Auxiliary will install officers August 27 at an installation clambake at the Post home, 621 Washington Avenue, Belleville. Essex County Commander Henry Stefanelli and staff will install the Post officers.

New officers include Dwight M. Shawger, commander; John N. Kay, first vice commander; James V. LaMotta, second vice commander; Meredith Marx, third vice commander; George Mitchell, adjutant; Walter Weiss, finance officer; John R. Throckmorton, chaplain; Ruth L. Miller, historian; Dominic V. Turano, sergeant at arms; Richard D. Shannon, service officer, and Angelo A. Cumella, ritual officer.

Winfield Ends Music Course At Navy School

Harry W. Winfield, a musician seaman in the United States Navy, completed the basic course at the U. S. Naval School of Music in Washington, D. C. on August 8. He is the son of Mr. and Mrs. Harry W. Winfield Sr. of 238 Ralph Street, Belleville.

During the nine-month course, Winfield studied harmony, ear training, sight singing, music theory and had daily instruction in concert and dance band performance.

Students from the school regularly furnish music for programs, concerts, parades and dances sponsored by governmental departments and agencies in the Washington area.

Before entering the service in August 1960, Winfield was graduated from Belleville High School.

Dominic Colaninno Joins Chicopee Mills Company

Michael R. Barrett and Dominic Colaninno of Belleville have joined the General Line sales staff of Chicopee Mills, Inc., New York. Both men are participating in a formalized sales training program prior to territory assignment.

Barrett, a native of Pinhurst, N. C., was graduated from Bethany College in Bethany, W. Va., and lives in Wheeling, W. Va. Colaninno, of Belleville, is a graduate of Rutgers University, New Brunswick.

WALLS HAVE EARS

They were entertaining friends in their new prefabricated home. Suddenly one of the guests sat up and listened.

“Surely not mice,” replied the householder. “That's the people next door eating celery.”

Richard Jordan Frosh Leader At Rutgers Camp

Richard Jordan, son of Raymond Jordan of 51 Walnut Street, Belleville, will be one of the student leaders at the fourth annual Freshman Camp sponsored by the Student YM - YWCA of Newark and vicinity this fall.

The Camp, a combination orientation to college life, and a recreation weekend, will be held on September 8, 9 and 10 at the YM - YWCA's Kamp Kiamasha in Sussex County. All incoming freshmen at Rutgers Colleges in Newark and Newark College of Engineering have received invitations to attend.

Jordan, a sophomore at Rutgers School of Business Administration majoring in accounting, is a graduate of Belleville High School. He attended Freshman Camp in 1960. His principal extra curricular activities include membership on the fencing team. Thirty-eight upperclass students and twenty-four members of the faculty and administration of the schools will participate. It is anticipated that the camp will be held before the registration deadline of September 1. Two hundred freshmen will be accepted.

The intelligence of the nation, we presume, will rapidly increase now that school has begun again.
