

Scenes of Conflict At School Meeting

DOMINIC A. LALLY: Belleville's school board president was obviously upset over the drawn out comments of the board minority opposing Dr. Durkee's appointment. He made several attempts to poll the board on the Durkee appointment but was criticized for "trying to rush through this decision."

NICHOLAS JULIANO: An attorney, Juliano tried to sidetrack the resolution naming Dr. Frank M. Durkee the new superintendent. Juliano offered amendments and a motion to split the resolution so that the question of salary could be discussed separately from the appointment. All his moves failed.

ERNEST ARVIDSON: He read a lengthy statement opposing the appointment of Dr. Frank M. Durkee as the new superintendent of schools. The statement, which appears in its entirety in today's Belleville Times, opposed the hasty procedures used by the school board in selecting a new superintendent.

Board Splits In Naming Dr. Durkee

**Votes 4-3 to Appoint
New Superintendent**

Dr. Frank M. Durkee was named Belleville's Superintendent of Schools by a split school board vote Thursday night. Three members voted against Durkee's appointment because they were unhappy with the procedures the board followed in appointing the new superintendent. The post will give Dr. Durkee a \$4,250 salary increase over the figure he earned as assistant superintendent of schools. He will earn \$17,000 annually in the new position.

Objecting to the appointment were Richard H. Drake, board vice president, and members Ernest Arvidson and Nicholas Juliano. The trio voted together in opposing Durkee's appointment and joined in an attempt to sidetrack the appointment Thursday night by delaying parliamentary moves.

The four votes which named Durkee the new superintendent, filling the vacancy created by the death of Evan H. Thomas, came from Dominic A. Lally, board president, and Dr. Frank DiRuggiero, Michael Albertine and Arthur Pico. Juliano, who is an attorney, led the tactics to delay the adoption of the resolution naming Durkee as superintendent. The first move by Juliano was to ask for a divided resolution, one to let the superintendent's salary and the second to name a person to the post.

Lally, who presided, appeared displeased with Juliano's move, but Juliano's motion to separate

Power Politics Used on Board; Stage Walkout

Charges of power politics, railing and the use of "brass knuckle" techniques were leveled at school board president Dominic Lally at Thursday's special meeting. The charges made concerned the methods used in considering applications for the then vacant post of superintendent of schools.

Lally was also verbally attacked by Ernest Arvidson who criticized the board's procedures for releasing false statements to the press. Arvidson said that Lally's press release last week was made to "mislead the people of this town . . . you state that this board has reviewed and screened the applicants but it's a matter of fact that none of the applicants was interviewed by the board—including Dr. Durkee."

Lally denied the use of power politics. "There was only one man for the job and he is Dr. Durkee. I don't know why you go through the motions of making a big fuss when we know we've

Dr. Durkee Asks Board to Forget Its Petty Politics

"Belleville parents are not interested in any personal differences on the school board," Dr. Frank M. Durkee said in accepting the superintendency Thursday night. "All parents want is good education." Dr. Durkee said the understanding of the position of the board minority which opposed his appointment. "I do not resent your position; I only hope that from now on, we can forget past differences and work together toward our goal of providing the best education possible for the children of Belleville."

The three minority members of the school board, Richard Drake, Ernest Arvidson and Nicholas Juliano, made it clear after Thursday's vote naming Durkee superintendent, that they opposed the appointment "not because we hold Dr. Durkee in low esteem, but because we do not believe this board has done an adequate or the best possible job it could have done in seeking a new superintendent."

Drake, who is the board's vice president, said he wished he

Belleville Schools Open on Thursday; List All Details

(List of BHS Homeroom Assignments - Page Seven)

Superintendent of Schools Dr. Frank M. Durkee announces schools will open next Thursday, September 7. A list of names of high school pupils, together with the homerooms to which they are assigned, appears elsewhere in this newspaper.

Durkee urgently requests the cooperation of parents, Parent-Teacher Associations, and employers to encourage teenagers to return to school next week. In urging young people to stay in school he states:

"Education is something that has to be attained by personal effort and sacrifice. Completion of high school gives a young man or woman a definite advantage over the person who has failed to complete a high school program. Parents can help in giving wise guidance in this respect. To all young people I would urge most emphatically completing high school. All fields of endeavor demand at least a high school diploma of those who would advance themselves. Regretting that they left school before getting their diploma, every year many young married men and women come into the office of the Superintendent inquiring how they might finish out their high school program to qualify for better jobs. Young people, don't let this happen to you. Stay in school; make every day count; you'll ne-

ver regret it."

ORIENTATION DAY
This year an orientation day for new teachers, organized by administrators and supervisors and sponsored by the board of education is planned, for next Tuesday. The program will acquaint new teachers with Belleville's community life, schools, teaching methods, instructional services and administrative, supervisory and teacher personnel. The orientation proceedings will get under way at 9:40 a.m. in the multipurpose room of School Seven.

The program for the day follows:

Refreshments, multipurpose room, School Seven, 9:40 - 10 a.m. Welcome, introductions, and remarks - Superintendent of Schools, Dr. Frank M. Durkee. Panel Presentation and Discussion - 10:10 a.m.

BUT NEWSPAPER STORY CORRECT

Padula Takes Issue With VD Report

Belleville's Health Officer Edward G. Burdy this week denied making statements to The Times-News earlier this month when he reported an increase in the local VD rate. Political pressure is believed to have caused the sudden move by Burdy since he didn't begin refuting the report which appeared in the August 17 issue of The Times, until last week - and coincidentally, on the same day that Mayor Padula returned from an out-of-town trip; in fact, it was Padula who, in behalf of Burdy, first publicly alleged that the information in The Times' article did not originate with the Health Officer.

Burdy, who has been releasing frequent statements to this newspaper, actually did disclose all of the information reported on the VD rate in an interview with this newspaper. After the story

appeared, Burdy not only failed to refute any of the information reported, but he went out of his way to telephone The Belleville Times and congratulate the writer of the article, other staff members and Publisher Frank A. Orelio for "the terrific story and coverage."

After Burdy's telephone call, nothing more was heard until last week's Commission meeting when Mayor Padula announced that Burdy did not give the VD information to The Belleville Times.

Although the VD report is being disputed, no one in the Belleville Health Department, including Burdy has asked for any retraction from The Times-News.

Polls Open October 17 On HS Plan

October 17 has been established as the regular date for the referendum on the proposed new high school and the addition of multi-purpose rooms at School One and the James G. Shawer School.

The date was officially set by the Belleville Board of Education Monday night. Building plan for the new high school was approved "at the schematic level" by the New Jersey Department of Education. If the referendum is approved October 17, architect Alfonso Alvarez of Montclair would then submit preliminary plans to Trenton. The preliminary plans would be given two reviews: first for educational adequacy and second, for compliance with the State Guide on schoolhouse construction.

The high school referendum quotes the figure of \$2,730,000 for all expenses including the furnishings. Total cost figure for the multi-purpose rooms is \$252,000.

The resolutions setting the October 17 date and approving the presentation of the two referendums to voters were carried by an unanimous vote at Monday's board meeting.

Thomas Senior Week's Winner In Map Game

A Rutgers sophomore won last week's map game in The Belleville Times in a lively contest which drew 34 entries. John F. Kiddle, mother of John F. Kiddle, Mrs. Kiddle is the wife of the late Walter Kiddle who was prominent in local and state civic affairs during his life and who founded both the well-known construction and manufacturing companies bearing his name.

The winner last week was Tom Senior of 28 DeWitt Avenue. He correctly identified Miss Randall's picture taken at the DeWitt Savings and Loan Association where she has been a teller the past two years.

Participating sponsor of the contest beginning today is Music Artistic of 314 Washington Avenue. Rules are listed below and the map page today is on page six.

Senior will be entering his second year at Newark Rutgers next month; he is majoring in mathematics. During the summer he has been working at the Vee Bee Easo Service Center, located at Franklin Avenue and Jerusalem Street. The son of Mrs. Catherine Senior, he is 20 years old.

Tom has a brother, Bob 18, who was graduated by Belleville High School last year and is now in the Armed services in

Crowd Watches Dedication Here Of Nurse School

The dedication of the new Clara Maass Memorial School of Nursing and Residence on Sunday afternoon, marked the beginning of a new era for the school and another step forward for the hospital in the development of its health center in the Belleville community.

Principal speaker at the dedication was Charles W. Kappes, Jr., president of the Health and Welfare Federation of Newark and vicinity, and counsel for the Mutual Benefit Life Insurance Company. Others who spoke briefly were John F. Kiddle, president of the hospital board of trustees and chairman of the Board of Walter Kiddle and Company, Inc., Mayor Theodore J. Padula of Belleville, and Raphael E. Remondelli, M.D., president of the hospital's medical staff.

The new school and residence was named "The Louise C. Kiddle Hall" in honor of Mrs. W.N. Kiddle of Montclair, and mother of John F. Kiddle. Mrs. Kiddle is the wife of the late Walter Kiddle who was prominent in local and state civic affairs during his life and who founded both the well-known construction and manufacturing companies bearing his name.

Mr. Kiddle for many years was also trustee of the New York and Susquehanna Railroad Company. Mrs. Kiddle, in her own right, has been active in local civic and philanthropic affairs for many years. Serving with her in the ribbon-cutting ceremony to symbolize the official opening of the school and residence was Miss Evelyn H. Hamilton, director of the School of Nursing, and Miss Edna M. Andrews, W.N. executive secretary of the New Jersey Board of Nursing.

Following the dedication of the Louise C. Kiddle Hall, a second ribbon-cutting ceremony was held at the new Graduate Nurses' Residence located just a short distance from the school in Newark Avenue. This building was christened.

Board Splits

(Continued From Page 1)

the question won a quick second from Arvidson, but the discussion, the motion was defeated by the same 4-3 vote.

Next Lally quickly had DiRugiero formally introduce the resolution naming Durkee superintendent; the resolution was seconded by Pico. When Lally opened the meeting to discussion, Ar-

vidson read a lengthy statement (which appears in its entirety in a separate article).

The statement was lengthened when Lally began taking issue with Arvidson over some of the remarks. But Arvidson ignored Lally and, after the interruptions, continued where he had left off; he delivered the talk in a dramatic voice and with animated gestures.

Once Arvidson finished his speech, Lally said it was time to poll the board. But he was interrupted by Drake who noted that all members of the board had not been given the opportunity to comment on the Durkee resolution.

Then Drake talked. He was critical of the board majority's hasty action in rushing the new appointment. "You are so anxious to push through this matter in such haste, are fearful of what the public might do if you wait," Drake told the board. He said that he personally found no faults with Dr. Durkee, "but I feel we are being pushed into something without having the opportunity of resolving all of the doubts in our minds."

Drake said the appointment

was being made "without responsibility" and would be "a disservice to the town."

Pico's turn to comment came next; he was the first to speak for the resolution. "Dr. Durkee has impressed me as a giant of the educational world," Pico said. He cited Dr. Durkee's qualifications as an answer to those who criticized the board for not going outside the local school system to find a new superintendent.

When Juliano was asked to comment, he verbally attacked Lally for releasing a statement to the newspapers which stated that the board had reviewed and screened the applications and had decided to name Dr. Durkee the new superintendent.

Juliano called Lally's action

"unethical." Arvidson supported Juliano saying, "we never have reviewed or screened the applicants."

When Juliano finished his criticism of Lally, he moved that the entire matter be tabled. According to parliamentary rules order, the motion to table takes precedence — and before a vote was taken on this motion — more discussion was heard. Finally, Juliano's motion to table the issue was defeated and, of course, it was by the same 4-3 vote.

Next Juliano introduced an amendment to separate the appointment and the salary into two resolutions. Juliano called the \$4,250 raise in Durkee's salary "exorbitant." He wanted to give Durkee a \$3,500 raise and bring him up to the \$17,000 maximum in equal increments over

the next two years. After some more talk, the Juliano motion to separate the question was defeated, again 4-3.

At this point in the meeting Thursday night, more than an hour had passed since the start of the debate. Juliano exhausted the legal moves which might have delayed Durkee's appointment and Lally was now ready to call for the vote on the original resolution: to name Durkee superintendent with an annual salary of \$17,000. The appointment carried, 4-3.

After every board member congratulated Dr. Durkee, Pico suggested the secretary record the vote; Pico's face-saving motion however, failed to win. Drake, Juliano and Arvidson's vote and the 4-3 vote went down into the minutes.

The wedding will take place in October.

Congregation AA Religious School Plans Opening

Dr. Seymour Fischer, chairman of the Board of Education of the Religious School of Congregation Ahavath Achim, Academy Street, Belleville, announced the publication of a brochure explaining the educational philosophy of the school.

"The school, which has been accredited by the Jewish Education Association of Essex County, is dedicated toward the Jewish way of life in the American community," Dr. Fischer commented. "It is the only school in the area which is accredited by the J. E. A.," he said.

"This year the school has a fine faculty under the direction of Rabbi Victor Cohen, one of the leading educators in the area. The school provides education for the pre-schooler through high school," Dr. Fischer concluded.

Anyone interested in obtaining the brochure can write to the office of the Congregation. Registration for new students will be held Thursday, Sept. 7, from 7 to 9 p.m.

MRS. JOHN JACONE
Former Virginia Cafone

Miss Virginia L. Cafone Is Bride of John Jacone

In an afternoon ceremony in St. Mary's Church, Nutley, Miss Virginia Louise Cafone, daughter of Mrs. Nicholas Cafone of 106 Union Avenue, Nutley, and the late Mr. Cafone, exchanged vows with John Jacone, son of Mrs. Louise Jacone of 17 King Street, Belleville. Saturday afternoon, August 26 at 4 o'clock.

The ceremony was performed by the Rev. John M. Goldberg, and a reception for members of the immediate families was held at Gene Boyle's, Clifton.

The bride was given in marriage by her grandfather, Annunzio Cafone. She wore a princess style gown of white silk organza fashioned with a scoop neckline embroidered with sequins and seed pearls, short sleeves, and bouffant skirt. Unpressed pleats in the back of the skirt formed a court train.

A crown of imported lilies and petals held her double-tiered veil of silk illusion, and she carried a cluster of phalaenopsis and stephanotis.

Miss Barbara Cafone was her sister's only attendant. She was attired in a street length short-waist style dress of blue silk organza, with full sleeves and pleated skirt. She had a matching headpiece of imported roses with a short veil and carried a cascade of varied shades of blue delphinium.

Thomas Jacone served as his brother's best man, and ushers were Gerard Cafone of Nutley and James Luzzi of Belleville.

Mrs. Cafone was gownned in a romance blue organza sheath, and Mrs. Jacone chose a Hawaiian pink peau de soie sheath. Each had matching accessories and a corsage of gardenias.

Both Mr. and Mrs. Jacone are Nutley High School graduates. Mrs. Jacone was graduated also from Paterson State College, Wayne, and is a teacher in the East Orange school system. Mr. Jacone will enter his Senior year at Paterson State next month.

The couple will make their home in Belleville when they return from a honeymoon in the Poconos.

Miss Sara E. Lenoci, daughter of Mr. and Mrs. Joseph Lenoci of 50 Columbia Street, West Orange, was married to Thomas D. Roselli, Jr., son of Mr. and Mrs. Thomas D. Roselli of 37 Frederick Street, Belleville, Saturday afternoon August 26.

The ceremony took place in Our Lady of Mt. Carmel Church, Orange, with the Rev. Joseph Mezzanotte officiating. The reception was held at Royal Hawaiian Palms, Lyndhurst.

The bride wore a hand-clipped Chantilly lace gown, embroidered with sequins and seed pearls, and featuring a scoop neckline, long sleeves and full skirt. Her triple-tiered fingertip veil of imported illusion was draped from a crystal crown. She carried a prayer book with white orchids.

Mrs. Ralph Anguili of Augusta, Ga., the bride's cousin, was matron of honor. Bridesmaids included Miss Paula Long, Mrs. Louis Calentoni and Mrs. Joseph Chichelo of West Orange and Miss Nancy Chechele of East Orange.

They were gownned in Nile green silk organza sheaths with scoop necklines and Chantilly lace overskirts. They had crowns of Nile green imported buds and lilies of the valley and carried cascades of pink carnations.

Paul Marrone of Belleville served as Mr. Roselli's best man, and ushers included Joseph Morano, Vincent Sorce and Pat Grosso of Belleville, and Joseph Andriano of Bloomfield.

Mrs. Lenoci chose a turquoise silk cocktail dress, and Mrs. Roselli wore pink silk organza.

The bride attended West Orange High School and Essex County Vocational Technical High School. She is associated with La Femme Hair Stylists, Upper Montclair. A graduate of Belleville High School, Mr. Roselli attends Bloomfield College. He is with Gormond & Company, Upper Montclair.

After a honeymoon in Nassau, the couple will reside in Alden Street, Orange.

Miss Phyllis J. Neuirth, Harvard Law Student, Wed

Miss Phyllis Joan Neuirth, daughter of Mr. and Mrs. Karl Neuirth of 70 Mary Street, Belleville, formerly of 16 May Place, Nutley, was married to Alan Neuirth of Roselle, the bride's brother, was best man, and ushers included Norman Bernstein of Brooklyn, N. Y.; Edward Burstein, cousin of the bride, of Wharton; Miles Coon, Norman Essau, Philip Grossman, Fred Lickstein and Arnold Tew of New York.

MRS. STEVEN E. GROSS
Former Phyllis Neuirth

Miss Gross wore a princess style dress of blue lace over white taffeta, and Mrs. Neuirth was attired in a royal blue satin sheath with an overskirt. Both carried bouquets of blue and white Fuji chrysanthemums.

The bridegroom's sister, Miss Helene Gross of New York City was mad of honor, and the bride's sister-in-law, Mrs. Alan Neuirth, of Roselle, was matron of honor.

Miss Gross wore a princess style dress of blue lace over white taffeta, and Mrs. Neuirth was attired in a royal blue satin sheath with an overskirt. Both carried bouquets of blue and white Fuji chrysanthemums.

Alan Neuirth of Roselle, the bride's brother, was best man, and ushers included Norman Bernstein of Brooklyn, N. Y.; Edward Burstein, cousin of the bride, of Wharton; Miles Coon, Norman Essau, Philip Grossman, Fred Lickstein and Arnold Tew of New York.

The mother of the bride was gownned in blue peau de soie and Mrs. Gross chose a blue satin sheath with an overskirt. Each had a corsage of white orchids.

A graduate of Nutley High School, Mrs. Gross has completed her Junior year at Paterson State College and will continue studies at Leslie College, Cambridge, Mass. Mr. Gross, a graduate of Stuyvesant High School and City College, New York, will enter his last year of study at Harvard Law School next month.

County CYO Programs Draw 32,000 Participants During Past 12 Months

Thirty-two thousand youngsters and young adults participated in 28 activities conducted by the Essex County CYO during the year ending Sept. 1st.

In a letter accompanying the annual report to pastors and parish moderators, county director Rev. Vincent F. Affranco stated that the CYO is "the street or out of trouble" is not enough. An adequate youth program must have a positive approach. It must aim at the building of a strong moral character, rather than at the negative goal of preventing delinquency.

The organizational basis of the CYO is the parish unit under the direction of a priest moderator, assisted by adults, who strive through a four-fold program of spiritual, social, cultural and athletic activities to accomplish its goal of making members better Catholics and citizens.

This balanced program served youth from six to 26 in 51 parishes throughout Essex County.

The largest spiritual activity was the Holy Communion Crusade, initiated by Archbishop Thomas A. Boland, which saw some 24,628 communicants participate in the year-long crusade.

Another estimated 8,000 from 25 parishes took part in the program to honor Our Lady of Fatima.

Sportsmanship combined with outstanding ability were recognized again with the presentation of a trophy to the high school player who best exemplified these qualities, Seton Hall's Richard Dee edged Montclair Immaculate Conception's Frank Desmond for the coveted honor, which was determined by a poll of coaches and sportswriters.

Six hundred-thirty bowlers competed on 63 teams in three leagues. Another 900 raced in the annual indoor track meet.

Spring baseball drew 450 boys, while some 210 are still in action in two summer leagues.

The major social event was the annual Snow Ball Dance at Seton Hall, attended by 1,800 handsomely attired teenagers.

Miss Patricia Orlando of St. Peter's Belleville, was crowned as the 1961 queen.

The second annual adult advisors dinner - dance, was enjoyed by 225. This is the group which actually makes the CYO program click.

Cultural activities are not neglected either. Essay and oratorical contests were conducted with 73 entries. Eighty-six displayed their abilities in a March of Talent Contest, while 97 took part in a One-Act Play contest.

Essex CYO members also took an active role in promoting National - Catholic - Youth Week, which opened with a Holy Hour at Sacred Heart Cathedral.

Forty-eight CYO units collected \$9,000 to contribute to the March of Dimes drive.

Three day camps were operated for eight weeks for the enjoyment of 990 youngsters, while another 150 took advantage of the swimming program at Seton Hall.

The year's program was climaxed by the presentation of awards at the annual Night of Champions.

Weaver, Cafone Finish Training At Navy School

Richard H. Weaver and Ralph J. Cafone Jr., both of Belleville, completed recruit training August 12 at the Naval Training Center, Great Lakes, Ill. They participated in special military ceremonies which marked the end of the nine-week "boot camp." The ceremonies included a full dress parade and a review before high ranking Navy officials and civilian dignitaries.

Weaver is the son of Mr. and Mrs. Henry Weaver of 42 Crescent Terrace, Cafone, a resident of 42 Greylock Parkway, is the son of Mr. and Mrs. Ralph J. Cafone Sr.

In nine weeks of instruction, the "raw recruits" is developed into a Navy Bluejacket ready for duty with the fleet.

Callihan Finishes Typing Course

Army Private Andrew J. Callihan of Belleville has completed a typing class at Army Fort Richardson in Alaska. The class was designed to instruct selected personnel in the basic and fundamental procedures of preparing general and military correspondence.

Callihan, 24, is an operations clerk in the 56th Engineer Company at Fort Richardson, Alaska. He entered the Army in January 1961 and completed basic training at Fort Dix and arrived in Alaska last June.

The son of Mr. and Mrs. Claude W. Callihan of 423 Washington Avenue, he is a 1955 graduate of Epworth High School in Georgia. Callihan was employed by Sears, Roebuck and Company, Montclair, before entering the Army.

A fellow was going to compose a drinking song, but he never got past the first two bars.

Power Politics

got the best qualified man right here."

Michael Albertine also was dis-turbed over the charges of power politics and he flatly denied that any "brass knuckles were used here." Albertine said that he is "not aligned with any board member. Michael Albertine thinks for himself and acts for himself," he told his colleagues.

WALK OUT

Lally came back with some countercharges and criticized Arvidson and Nicholas Juliano for "refusing to discuss this ap-pointment with us at our execu-tive conference last Monday night." Arvidson and Juliano walked out of the caucus meeting. There was only considering one boardward nly considering one person."

Arvidson answered, "That was your thinking, you mean." Lally said in a bitter voice, "No, that was your think-ing, Mr. Lally." Arvidson came back.

Juliano said he walked out with Arvidson because "it was useless to go on; the majority had al-ready picked their man and there was just nothing we could do about it."

Juliano charged Lally with us-ing "brass knuckles and power plays" in the executive confer-

ences. "You had your four votes and you just weren't interested in listening to the suggestions of the minority," Juliano said.

Dr. Durkee Asks

(Continued From Page 1)

could have contributed to har-mony on the board by voting for Dr. Durkee's appointment. Arvidson voiced the same opinion, adding that "we didn't even in-terview any of the candidates—including Dr. Durkee."

Juliano, who offered his con-gratulations to Dr. Durkee and pledged his personal support in working with the new superinten-

dent, expressed disappointment with the "hasty and unwarranted" methods the board followed in filling the superintendency. "This board is on trial," Juliano said, "and in my opinion, it couldn't hope to save itself from a verdict of guilty."

LIKE FATHER, LIKE SON

Fearful Father — "My boy, the next time you have an urge to kiss the new maid, I'd sug-gest that you use a more secluded spot."

Freshman Fred — "Oh, the hall was dark enough, dad. Be-sides she thought it was you."

Belleville Schools

(Continued From Page 1)

will accompany teachers to re-spective schools for additional or-ientation.

Board members and a group of veteran teachers will join in with the administrators in wel-coming the newcomers and eas-ing their transition to new duties and responsibilities.

Speaking on the importance of the orientation program, Dr. Dur-kee notes "this year Belleville is employing 22 new teachers out of a total staff of 246. We are fortunate that we have been able to fill each of our vacan-cies this year with personnel whose professional training fully meets the standard requirements of the state board of education.

Dr. Durkee says the orienta-tion day has importance in mak-ing possible in effect two days of local training by experienced personnel before the opening of school on Thursday. "These train-ing days should go far to pre-vent the inexperienced teachers from floundering the first few days and to give them a sense of confidence and know-how in meeting pupils. The program should prove highly beneficial, and I am confident our highly trained teachers and supervisors can and will give much in the training sessions," he observed.

TEACHERS' MEETING

Next Wednesday at 10 a.m. there will be a conference of all principals in the superinten-dent's office. Following the prin-cipals' conference, there will be a general teachers' meeting pre-sented over by Dr. Durkee and attended by all principals, super-visors and teachers in School 8 auditorium at 11 a.m.

Durkee announces that at Wednesday's general teachers' meeting, Dr. Felix McCormick, Teachers College, Columbia Uni-versity, School Building Consul-tant to Belleville Board of Edu-cation, will speak on "The School Building Program and Its Mean-ing for Education in Belleville."

At 2 p.m. each building prin-cipal will hold faculty meetings with his respective staff. Super-visors, directors, and teachers of special subjects will have addi-tional meetings.

GRADE SCHOOLS

Grade school pupils (kinder-garten through 8th grade) will report at 8:40 to 8:55 a.m. at their respective school buildings and should be in the room to which they will be assigned not later than 9:55 a.m. Grades K-8 will be dismissed for lunch hour at 11:30 a.m. and will re-turn for the afternoon session at 12:40 p.m. The afternoon session will end for these pupils at 3:15.

The school session for classes at the Cerebral Palsy Center, 7 Sanford Avenue, Belleville, will begin at 9 o'clock. The board of education will provide transpor-tation to Belleville children en-rolled in all special classes.

The first two days of school kindergarten children will attend for only a one-hour session. This is a continuation of a prac-tice begun in 1953. This practice of short sessions was instituted so that kindergarten children might make the transition from home to school with the least amount of emotional disturbance. Similar kindergarten orientation programs are to be found in most of the schools in this area. The cooperation of parents of kindergarten children is re-quested. Mothers are urged to call for their children who are attending the morning session at 10 a.m., and for those who are attending the afternoon session at 1:45 p.m. Any details regard-ing this plan will be cleared up

by contacting the building prin-cipals.

The school session for special classes, slow-learning children, will again be a continuous one from 9 o'clock on, since the board of education has approved an early closing of the school day for these pupils. Special class children will be dismissed from the James G. Shawer School at 2:30 p.m. daily. Ac-cording to previous practice the board of education provides bus transportation to children en-rolled in these classes. A state-ap-proved school psychologist, em-ployed by the board, has as one of his important duties the con-ferring with teachers and super-visors in screening special class children and overseeing neces-sary testing services.

KINDERGARTEN

Children who are five years old, or will be five years old on or before December 31, 1961 will be admitted to kindergarten next week. Children who are six years old, or will be six years old on or before December 31, 1961, will be admitted to the first grade. The board of education wishes to state that there will be no deviation from this policy which has been in force 21 years.

All new entrants to the Bel-leville schools must present a vac-cination certificate by October 20 in accordance with a long-standing policy of the board of education. Also by board of education ruling a parent of a child going into kindergarten or first grade into the first time in our schools must present a doctor's certificate in-dicating that the child has had at least two shots of polio im-munization vaccine. There will be no exceptions to this ruling. Before February 1 evidence must be presented that the third shot of the immunization series has been completed by the family physician.

Dr. Durkee cautions parents against overlooking the impor-tance of kindergarten for their children. Each new year a few children who have not had the advantage of kindergarten are registered in first grade and make the adjustment to the full day's program only with the greatest difficulty. He says that, "to deny a child kindergarten advantages is not only unfair to the one so unfortunate, but it is also unfair to the rest of the children who attend kindergar-ten, since it requires of the teach-er time to care for such an in-dividual which normally could be spent on the whole group. To deny a child the advantage of kindergarten training places him at a distinct disadvantage. That it is unfair to a child is putting it mildly, for after all parents will likely need to share, even-tually, in the misfortune imposed on children by such negligence. It is enough to say here that it has been universally established by extensive educational experi-mentation and research that kin-dergarten training is fundamen-tal to a child's progress in school and through life."

Most children were registered for kindergarten in the closing months of the past school year. If your child is not registered, we respectfully request that you register your child for kindergar-ten on the very first day of the school year, on September 7, if at all possible, so that he may enter into the new adjust-ments to be made when all other children are having similar ex-periences.

The School Law clearly state "Children who shall have never attended any public or private school may be admitted to a public school during the 10 days immediately following the open-ing of said school and at no other time except by a majority vote of all the members of the board of education of the school district in which said school shall be situated." Interested and wise parents will recognize the impor-tance of having their children registered promptly and on the very first day.

HIGH SCHOOL

The first high school session begins at 9 a.m. next Thursday. The room assignments should be carefully observed by each student.

Several buses leave Silver Lake at 8:40 a.m. and one leaves Soho at 8:40 a.m. to accomodate those pupils within the school district who are transported to high school. Promptness in being at the starting points is request-ed of those who are transported.

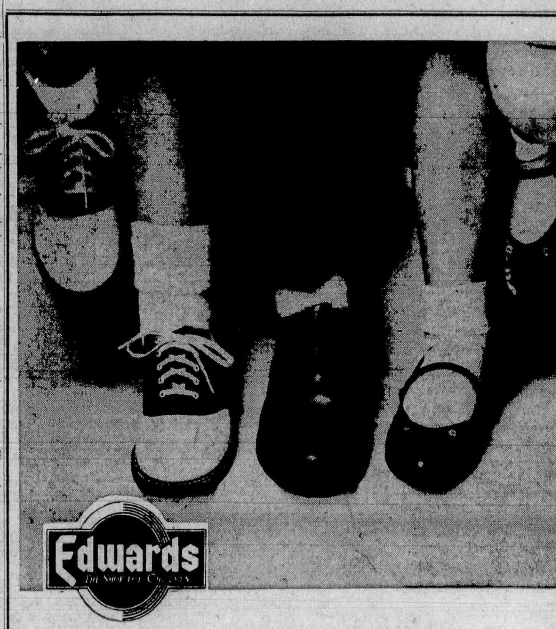

Mrs. Edward Bannigan

Mrs. Edward J. Bannigan of 244 Washington Avenue, Bel-leville, died Sunday in the Beacon Nursing Home in Bloomfield of a lengthy illness. She was 86 years old.

Services were held Tuesday from the Condon Memorial Home, 684 Kearny Avenue, Kearny, with a Requiem Mass at 9 o'clock in Saint Stephen's Church, Kearny.

Born in New York, Mrs. Ban-nigan had lived 48 years in Kearny before coming to Belleville seven years ago. She was the widow of Edard J. Bannigan.

Surviving are two sons, Ed-ward W., with whom she lived, and Gerald F. of Livingston; two grandchildren and one great-grandchild.

An Excellent Decision

The School Board's decision to promote Dr. Frank M. Durkee from Assistant School Superintendent to the Superintendent vacancy caused by the untimely death of Evan H. Thomas is an excellent decision.

Dr. Durkee aided in creating the school system we have today. Approximately 5400 Belleville children will be returning next week to our public schools. They are entitled to the best educators money can buy. We believe our school board made a fine bargain for our taxpayers and — more importantly — our children, in obtaining the services of highly competent Dr. Durkee.

In selecting a school superintendent the school board was required to grapple with very practical problems. With the new school term beginning in a matter of days — with last minute vacancies in our teaching staff to be filled — with approximately 255 teachers and instructors looking for direction from a new School Superintendent — with a new school construction campaign underway involving a new high school and two multi-purpose rooms to cost approximately \$2,900,000 — with all these pressing problems facing a new school superintendent — a majority of the board decided to recognize the need for immediate action and selected the man within our system most people believed best qualified to assume the heavy burdens of the office.

Dr. Durkee's appointment serves the best interests of our children.

He needs no on-the-job training. He knows our children. He knows our teachers. He has worked with our principals. He will need no road map to locate School No. 1 or School No. 4. He knows the problems of our taxpayers. He can be depended upon to present tight budgets with which to operate our system. He has the pulse beat of our community.

Prior to joining the Belleville system at the personal request of the late Evan H. Thomas in 1952, Dr. Durkee held the rank of associate professor and assistant executive associate at Newark College of Engineering. During the six years he was at NCE Dr. Durkee was also a special lecturer at Rutgers University.

All through the years Dr. Durkee continued his educational studies. He attended summer sessions at Shippenburg State Teachers College in 1930 and in 1952 he did graduate work during the summer session at Pennsylvania State College. From 1932 to 1938 he took graduate courses and earned the master of arts degree at Rutgers University, completing the course an "A" average. Finally he worked toward the doctor of education degree which he won in 1948 from Rutgers and again with an "A" average.

Since coming to Belleville in 1952 Dr. Durkee has been a model citizen. He has been active in the Red Cross, the United Fund, the Family Service and Child Welfare Agency, the Belleville Adult School, Child Guidance Association, Guidance Clinic at Clara Maass Hospital, Rotary Club — the list seems to have no ending.

Finally we believe Dr. Durkee is a worthy replacement for the late Evan H. Thomas. Under the direction of the late Evan H. Thomas our school system at last has been shaken loose from political control and interference. This was quite an accomplishment. We have confidence that Dr. Durkee will continue the policies clearly established by his famed predecessor.

He carries our best wishes for success in a most difficult job.

The four school board members who vigorously urged the naming and voted for Durkee are: President Dominic Lally, Vice-president Michael Albertine, Arthur

Pico, and former Board President Dr. Frank DiRuggiero. Our community owes them a debt of gratitude.

A Queer One

Recently Mayor Isadore Padula attempted to introduce a resolution concerning the zoning of property along the Third River north of Joralemon Padula owned by Lobsitz Mills of Nutley. Padula explained that he wanted to introduce the resolution in order to clarify questions in anyone's mind concerning the residential A nature of the property. When asked who was questioning the residential A status of the property, the Mayor appeared very vague. He talked about the use of this property by a mill 100 or 200 years ago. Finally and reluctantly Padula abandoned his efforts to introduce the resolution.

If such a resolution were introduced there is only one purpose it could serve and that is to cast a cloud over the zoning status of this property. The very thing the Mayor allegedly was trying to eliminate is the very creation he would be giving life and substance to. Were the Mayor's resolution introduced, our attorney tells us such action would have been the basis for a legal appeal by the present owners who may want to question the residential A status of the property and probably would want to use this vast area of vacant land for another apartment site — or worse — an industrial site.

Ignoring The Facts

It has been said that the proposed 320-unit apartment project site lying at the end of Fairway Avenue and bounded by the Third River on the west, owned by Krugman & DePetro, is not suitable for one-family home development. Commissioner Gruhin has said this and Mayor Isadore Padula has implied acceptance of this premise.

We believe both of these officials to be wrong. Let us examine the facts. In April of 1958, Mayor Isadore Padula signed a subdivision map, approved by the then town commission, permitting Krugman & DePetro to erect approximately 50 one-family homes on this property.

No official seems to have bothered himself to ask our town building inspector, the able Thomas Greco, what his opinion is concerning the feasibility of constructing one-family homes on this property. We have taken the time and trouble to talk to Mr. Greco about this matter and he advises us that it is feasible to build one-family homes on the site.

It is about time that Commissioner Gruhin — in whose department the building inspector is lodged — speaks with his own employee and for a change get some expert technical opinion rather than rely upon his legal opinion as an answer to an engineering problem.

The Krugman & DePetro firm wants to change the zone from residential A to an apartment site. Why then did they accept approval of a sub-division plan calling for the construction of one-family homes on this land? The developments and events of this inquiry are too illogical for us to follow.

Commissioner Gruhin's Dump

At a recent town commission meeting Commissioner Gruhin bluntly labelled the vacant land area owned by Krugman & DePetro, located at the end of Fairway Avenue, as a "dump." This is what Gruhin said: "It is better to have apartments up there than the dump you now have." The Commissioner was addressing his comments to Charles Borbone, President of the Fairway Avenue Taxpayers' Association.

Borbone has asked Gruhin to clean up the dump if one exists. We think this is a good idea. If there is a dump why doesn't Gruhin do something about it? If there isn't a dump then we believe Gruhin owes an apology to the neighborhood people whose backyards back into the area. We don't suppose there is any resident in that area who is happy with the thought that an important public official such as Gruhin considers their neighborhood a dump area.

Paul Brandman Operates His Shoe Shop With High Regard For Public Relations

PAUL BRANDMAN

If long service to the community and cordial relations with his customers are any criteria, Belleville businessman Paul Brandman is surely one of the town's most successful merchants.

The owner of Paul's Shoe Shop at 155 Washington Avenue, where he opened for business in 1946, Brandman first came here in the summer of 1932. That year he opened his first shoe store at 88 Washington Avenue. As business improved he later moved to 163, and then to his present store. He lives at 48 Lloyd Place.

It is interesting to note that his first customer at the 88 Washington Avenue store was Elmer Petersen, of 29 High Street, who liked the service so well he's been coming back for more ever since.

Brown Terms Board's Action 'A Disservice'

George H. Brown, a former member of the Belleville Board of Education, was the only person to comment from the large audience at Thursday's special meeting which named Dr. Frank M. Durkee the new superintendent of schools.

Brown, a resident of 28 Reservoir Place, criticized the board for "not canvassing the country for the best brains available." He said an appointment at this time "would be a disservice to the man hired and a disservice to the town."

Continuing, Brown suggested the board name an acting superintendent which would enable the board to take its time and "conduct an exhaustive search throughout the country instead of railroad this matter through at a special meeting."

His applications should be solicited and studied, he said. "We are fortunate to be in close proximity of some of the best universities in the world," Brown continued noting that the nearby colleges would be in an excellent position to assist the Belleville board with its selection of a superintendent.

The average man loses interest in his business when he sees a circus parade.

Beck's Column

Recently we wrote about the number of TV sets in use in all the world compared to the sets in use in this country. The significant part is the close regulations of almost all phases in other countries compared to our conditions. The writer is most familiar through personal knowledge with conditions in Germany. Here are some of the highlights.

First of all you have to pay for the use of a TV set, 5 marks a month, which is about \$1.25. For the use of a radio one has to pay 2 marks, which is 50 cents. Until very recently, there was no such thing as price cutting or "discounts." Generally prices are set and strictly controlled by the manufacturers and an industry association.

Before one can open a TV store, one has to apply for permission to the local municipal council, which will determine if a need exists for such a store. TV and radio sets are sold almost exclusively through specialty stores.

Technicians working in licensed shops must serve an apprenticeship of 3 1/2 years. After the end of this time they must pass an examination in order to receive a diploma.

German TV and radio sets are very well built. Consequently repairs are infrequent. Most people do not look nearly as much at TV as in this country. Many of the programs are rather drab by our "standards," but there are no commercials and there is a complete lack of shock programs, which have been the source of so much dissatisfaction and complaints by our listeners.

We service what we sell.

Commends Times-News For Civic Pride Fund

Dear Sir:
May I take this opportunity to commend you and the Civic Pride Committee on first, your fine efforts in behalf of Donald Hulme, and second, your coverage of such a worthy project in The Times-News.

Donald Hulme is without a doubt, the most dedicated young person in the field of music that I have met, in my years as a musician. He deserves every encouragement we can give. The honor of participating as the U.S. representative in this contest is a fine thing for him, for Belleville, and for the United States. The overwhelming success of this drive for funds is a joy to Donald, I am sure, and certainly a credit to the townspeople, and to the work of the committee.

As for the newspaper coverage, I, for one, have rejoiced in seeing bold headlines concerning good news. In the midst of small bickerings, large crime waves, questionable politics and disturbing world affairs, it is indeed refreshing to see front page space devoted to news of good report. I will never believe that it takes sensational headlines about trouble to sell a newspaper. This is what we have been led to believe, because this is the diet which we have been fed for years in this country. It is high time that we were weaned from this fare, and fed nourishing news, rather than cornitives to our minds and morale.

This is not to say that all news should not be covered, but rather that the accent be changed. If we were exposed to more good, we would soon begin to look for more good. Papers would still sell.

Our young people are among the greatest contributors to good. This was evident as I visited the Morris County Fair this week, and found, amidst the carnival atmosphere, an exhibit by school students of their scientific projects. Many phases of the exhibit were amazing displays of high intelligence in these young people. These things, above super thrill-rides and side shows, deserve the first place in our attention.

Congratulations to The Times-News for furthering this cause!

Belleville Needs More Civic Pride

Dear Sir:
Congratulations on sponsoring the Donald Hulme Fund. So many destructive influences are at work in the world, it's wonderful to prove that Belleville really has a heart.

And what a wonderful name for your committee, Civic Pride! How desperately we need Civic Pride in Belleville. If it reaches out and helps an individual in need, why can't it embrace our educational improvement program, which means so much to so many? When our civic leaders have the foresight and courage to endorse it, why can't the parents of the children involved and all who consider adequate facilities an investment in the future, rather than an expense, do likewise?

I personally think that Civic Pride is enjoying a re-birth in Belleville whose next triumph will be a favorable vote for the new high school.

Favors New High School

Dear Sir:
As a taxpayer and a resident of Belleville for many years, I would like to speak up for a new high school.

In my own time, Belleville High was crowded and from what I have been able to learn, the school is still crowded. Facilities are being misused as a result. The best usage of all the equipment can only be brought about by the erection of a new senior high school and the conversion of our present one to a junior high school.

Taxpayers are sensitive in the pocketbook and this new high school is to cost the average homeowner an additional \$20 per year on his tax bill. This is certainly reasonable considering the benefits to future generations.

Many of our residents have already sent their families through the Belleville educational system and are now living on reduced incomes. Their first reaction is that this is not their problem. Not so! If we expect professional people to take care of our older citizens, we must all share in the program of educating our

children who will hold these positions in the future.

Belleville is desperately in need of the new high school to keep our graduates eligible for enrollment in college. We cannot afford to endanger the future of our children.

Miss Lieselotte E. Goettirt
108 Garden Avenue.

BHS Plant is Obsolete

Dear Sir:
For more than a number of years I have readreams of arguments on this subject, and to quote an editor of one of our better newspapers "I have been deluged in a sea of words."

Certainly we need a new High School.

The proposals, recommendations, surveys and evaluations have been made, and made understandable to all) therefore, for me to try to explain what has already been printed by experts would be only superfluous writing.

It is as senseless to think that our present high school with its obsolete facilities, and overcrowded classrooms can meet with the problems of a growing population as it would be for a person with a size ten foot to try to squeeze it into a size four shoe.

This may sound simple and rather trete, however, realistically this is about the ratio of students to available space.

Responsible Belleville citizens, let's awaken to the needs of our children, forget about the cost in tax dollars and think in terms of better educated, self sufficient adult citizens. Yes, there are things you will not get if our present only high school remains under its present handicap.

I think it is now time for all of us to start doing—by supporting our Board of Education in this action which represents the adoption of a complete program for the improvement of education in all the Belleville schools.—Vote Yes—

**Fireworks To Bring
Park Season To End**
Fireworks on Monday night,
Sept. 4, will conclude Olympic
Park's 45th season, one of its
most successful in postwar years.
Robert A. Guenther, president of
the 40-acre amusement area in
Irvington and Maplewood, credit-
ed the Summer's good attend-
ance to the public's appreciation
of "wholesome entertainment."
"The off-color character of so
many movies and plays today
might give some people the idea
that this is all the public wants,"
he commented. "There is happy
evidence to the contrary in the
enthusiastic response this year
to the amusement parks' empha-
sis on family fun."
Olympic Park's basic format
has remained almost unchanged
in the past generation, exclusive
of the addition of newly-invented
rides and changing tastes in re-
freshments. The circus, pluck-
ing a band, swimming, baby
parades and talent contests are
features installed years before
by Mr. Guenther's father, the
late Henry A. Guenther, who ac-
quired the park in 1916.

**More Property
Is Tax Exempt
Than in 1956**
More than a half billion dol-
lars has been added to tax-ex-
empt property in New Jersey
since 1956.
The official valuation on tax-
exempt property in the state this
year is set officially at \$2,573-
806,733, as compared with \$2-
041,511,201 in 1956. The two and
one-half billion dollar 1961 total
includes \$2,238,110,960 in property
and \$335,669,643 in household and
veterans' exemptions.
Statewide the increase in tax-
exempt valuations averaged 28½
per cent between 1956 and 1961.
A county-by-county breakdown
of tax exemption totals reported
by the New Jersey Taxpayers
Association showed some start-
ling increases over the five-year
period, part of which may re-
flect revaluations that have tak-
en place in a number of municipi-
alities.
Highest percentage - wise was
Cape May County, where prop-
erty revaluation to 100 per cent
of true value in each of the coun-
ty's 16 municipalities helped
boost tax-exempt property valua-
tions 168 per cent, from \$15½

ARABESQUE

ARABESQUE is for every fashion... every figure. Truly French in design, it's just about everything a woman could want in a bra. The cups are embroidered in a lovely floral pattern. Circular stitched and spoke-stitched too... offers you a lovely contour. Bias-cut insert between cups gives broadcloth unusual flexibility... stays firmly but nicely in place. Under-the-cup broadcloth bands join with center elastic for superb support. All this and it costs just **250** White all cotton broadcloth. A, B, and C cups.

grapevine gossip... **LOVE**

Love's last word is a Jacquard plaid dress with Orion® sweater, trimmed in matching plaid. Both in blue grape.

Love's big fashion news for back-to-school... red grape jumper shaped dress with mack blouse... cross-stitched and ric-rac accented.

Love spells out a fashion perfect plaid in green and black grape tones. Briskly banded with pert white pique and ric-rac rounded.
