

Postpone Hearing On Zone Variance For Jr. Dept. Store

Due to the illness of an attorney who was to have represented the objectors, hearing on an application to build a "Junior Department Store" near the A & P Supermarket on Franklin Avenue was postponed by the Belleville Commission Tuesday night. The hearing will be held on September 26.

The Zoning Board of Adjustment has recommended approval of the variance for the store to be constructed just north of the A & P parking lot on Franklin Ave. The W. T. Grant Company will occupy the premises if the variance is granted.

A number of modifications have been recommended at the request of neighboring property owners since the public hearing was conducted by the Zoning Board. The developer would be required to meet these requirements if the commission approves the application.

The tract where the building is proposed is now in a residential zone, making a variance necessary.

Nuncio R. Pico Says Emergency Can Get Doctors

Pointing out that there are about 400 physicians on the emergency panel to serve persons who cannot reach their family physician, Nuncio R. Pico, director of the Department of Public Affairs in a letter to Director of Public Safety Harry J. Sullivan said this week that emergency service knows where to reach doctors when they are not in their offices.

Because of the widespread public interest and recent discussion of difficulties of reaching private physicians or securing emergency help in Washington, D. C., print Mr. Pico's letter in full: Dear Commissioner Sullivan: This is in reference to the furnishing of emergency medical service for the people of Belleville. In a discussion with a local physician, it was pointed out that in practically every case, the local physician is covered by a suitable alternate whenever he leaves his office. In many instances, people have no physicians of their own. In order to have available medical service at all times, the people should establish relations with a physician of their own.

The duties of the Town Physician do not include emergency medical service for the entire Town of Belleville. His duties include medical care of the indigent.

Welcome New C-C Members At Dinner-Dance

Robert Williams, chairman of the Chamber of Commerce membership dinner - dance to be held Sept. 21 at Parrillo's says plans are completed and a good attendance is expected.

The dinner for which 600 invitations have been sent out, is open to any business or professional man in Belleville. It is called a membership dinner, Mr. Williams said, because one of the main features will be the introduction of new members who have joined this year.

Robert M. Jackson, president of Wallace & Tiernan, Inc., will be the principal speaker, his subject being "Industry in Belleville."

William McDowell, chairman of the membership committee, reports that there has been a steady growth in membership throughout the year. The newest member, having joined this week, is the Carson-Newton Co., 71 Mill Street.

Russell Hopkins Named To 1961 TB Seal Drive

Russell F. Hopkins, Belleville insurance broker, has been appointed to the 1961 Christmas Seal Campaign Committee, according to Norman P. McGorry, first vice-president of the Essex County TB League and chairman of the Christmas Seal Campaign.

Mr. Hopkins attended the first committee meeting on Tuesday, Sept. 12, when plans were made for an appeal letter to reach more than 200,000 families and business concerns in Essex. He will report officially to the League board meeting tomorrow, Friday.

Following the meeting, Mr. Hopkins said that the need for TB funds is greater than ever. 549 new TB cases were reported in Essex County alone in 1960, an increase of five per cent. In New Jersey, 2028 new TB cases were found and approximately 66,000 new cases were reported in the U. S.

Mr. Hopkins said that the drive for funds will begin in November, and will feature the League's work in fighting TB through chest X-rays, health education in the schools, rehabilitation services to TB patients, and medical research.

12 Agencies Aided By Drive To Be Held Here In Oct.

When the United Fund of Belleville campaign gets under way in October, the volunteer workers more than 52 per cent of its annual goal. Each year Belleville has been at or near the bottom of the list when compared with other Essex County communities.

As a consequence these worthwhile agencies have received only about half the funds needed to carry on their important work.

In 1958, the year the United Fund of Belleville was formed, the demand on the part of residents and business was for a single campaign to include as

many as possible of the agencies then conducting their own individual drives. The consensus was "let's give for all on one single call." However, Belleville never has given enough for all when the United Fund representative called.

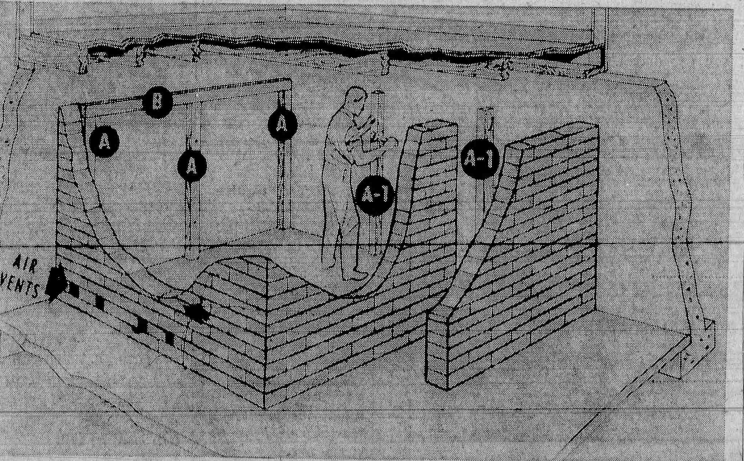

On the possibility that some residents do not understand who and what the Belleville United Fund is, let's have a look at the civic-minded men and women serving without pay on the board of trustees, and the participating

Men as well as women will be delighted with this show since Caballero's Mens Store is planning a modeled show to attract the male interest. The film, said Mr. Hunt, "will be shown to Parent-Teacher Associations, civic groups, clubs and any other interested audiences."

Commission Okays Personal Tax Exemptions

Mayor Denies Action Is Favor To Builders Of New Apartments

The Belleville Commission voted Tuesday night to exempt personal property from taxation but Mayor Padula denied that the anticipated influx of new apartments influenced the decision.

The exemptions will mean that an additional \$40,000 to \$50,000 will have to be made up from other sources when the next budget is presented.

The Mayor pointed out that the exemption is being adopted in all Essex County communities with the exception of two who are keeping the tax because it affords additional income from apartment projects. The two municipalities, including Irvington, have a large number of apartment units.

Although it was pointed out that a number of apartment projects have been proposed for Belleville, Padula denied that the tax exemption was passed "as a favor to apartment developers."

Parrying questions about tax assessments on the controversial Krugman-DePetro project is contemplated Mayor Padula gave John Bass, president of the Rutan Estates Homeowners' Association a run-around at the Commission meeting Tuesday.

Padula dodged or refused to answer questions at the meeting, but remarked:

"All the records are public. Just stop in between 9 and 4 and we'll answer your questions."

Padula's conduct at the Commission meeting was viewed as a confirmation of the intent to concentrate on interests in the South Ward where he will seek election as a councilman under Belleville's new Council-Manager government. Rutan Estates is in the North Ward. Padula no longer needs North Ward votes to get into office under the new form of government.

The Mayor has not yet announced his candidacy although The Belleville Times reported several weeks ago that Padula intends to

R. C. To Accept Donation For Carla Victims

Edward J. Mahler, chairman of the Belleville Chapter, American Red Cross, received the following wire from E. Rolan Harrison, president of the National Red Cross, on Tuesday:

"Well in excess of 300,000 people have been forced from their homes to seek safety from Hurricane Carla, which may well prove to be one of the most destructive hurricanes ever to hit the United States. Your fellow Red Cross volunteers are challenging and feeding more than 150,000 persons.

Nine cities along the central Texas coast have had hurricane force winds since Sunday afternoon. Heavy rains and storm surges eight to 12 feet in depth are creating major destruction over a very wide area. As this storm moves inland we are faced with eight inches to 15 inches of rain and hurricane force winds extending inland as much as 100 miles and lasting for a period of 24 hours.

"While the present situation with the storm center just moving inland allows only a partial damage assessment, it is obvious that relief costs will amount to several millions of dollars. In accordance with standard Red Cross procedure, Chapters should accept disaster contributions now."

run. Questioned by another newspaper he is said to have denied any knowledge of The Times story.

"The Belleville Times conducted an investigation last April which revealed that the Krugman-DePetro tract was being assessed for only \$3,400. The Clifford firm's deed covering the purchase of the 16 lots on Overhill Road had revenue stamps affixed to it reflecting a cost price of \$22,750.00.

Questioned by Bass at Tuesday's meeting, Padula admitted the assessment figure quoted was true but said he "didn't know anything about the amount paid for the property."

Bass then asked if Tax Assessor Emanuel DeNoia was aware of the purchase price paid by Krugman-DePetro. Although DeNoia was in the chambers, Padula answered for him: "No, he

doesn't know, Mr. Bass." But last April DeNoia admitted he computed the purchase price for the land at \$23,750.00 and that his records reflected this sum as the purchase price.

WANTS "FAIR SHARE" TAX

Despite the purchase price of only \$23,750.00 paid by Krugman-DePetro for the property, it was reported that the Clifford firm now values the tract at upwards of \$60,000.00. Bass contends that since the property is so highly valued Krugman-DePetro should be assessed the normal 40 percent figure "just like everyone else in this town and pay their fair share of the tax burden."

Bass told Padula the individual homeowners are making up the deficit caused by the low \$3,400.00 assessment.

"It's about time you did something for the individual homeowners," Bass said. "Step in the tax assessor's office and you'll get all the information you want," Padula answered.

cessary. The supermarket adjacent to the site was also built under a variance.

One of the new provisions is that a six foot high concrete wall be erected to enclose the rear of the parking lot which abuts the yards of private homes. The neighboring property owners requested the wall to protect their properties from the black exhaust fumes, cut headlights, glare and prevent water from draining into private properties from the parking lot.

It is understood that the developer objects to construction of the wall but commissioners said this week it will be required if the variance is approved.

ARVIDSON URGES UNITY

To the Editor, Belleville Times: In the United States we believe in democratic procedure. We may oppose an issue strongly before a decision has been reached. However once a majority has made the decision all persons involved should support that decision. Belleville's new Superintendent of Schools has been duly selected by the Board of Education. Regardless of our feelings as to how that decision was made we must now concern ourselves with providing the type of education our children must have. We must avoid the pitfall of dragging our feet in the effort to provide a new High School for these children.

The untimely passing of Mr. Thomas might be a setback in this endeavor unless we resolve that we shall redouble our efforts. Mr. Thomas in his considered judgment was fully convinced that the project now being considered by the people of Belleville is the one that will greatly enrich our educational program from kindergarten through 12th grade, and the most economical investment.

We feel that Mr. Thomas is no longer with us, giving us the mature judgment upon which we had come to rely. The children are still with us and will be responsible so long as we exist as a free nation. What better way is there of showing the esteem in which we held our former Superintendent of Schools than by doing our utmost to bring this project to a successful conclusion?

All persons wishing to participate in this endeavor to provide this enriched educational program for our children will, I am sure, be welcome at the next meeting of The Citizens' School Advisory Committee. Wednesday evening September 20, at School 8, 183 Union Ave. ERNEST S. ARVIDSON 178 Floyd Street

To The Editor, The Times:

In answer to David Daniels' letter in last week's Times, I would like to say that if Mr. Daniels speaks with Mr. Pesa's approval, and if he will speak as an official representative of the Belleville Civil Defense Unit, SANE would accept with gratitude his offer to publicly discuss the effectiveness of Civil Defense in a nuclear war.

If Mr. Daniels, or Mr. Pesa will call me at PL 9-4388, I am sure that we can work out a time and place that would be convenient to the speakers from both sides. We ask only, as does Mr. Daniels, that every effort be made to get the Messons, Knights of Columbus, P.T.A., American Legion, Chamber of Commerce, and all other local organizations, to attend this discussion, so that they may hear all the facts from both sides.

To paraphrase Mr. Daniels, SANE would like to clear up some of the confusion created by the misguided but obviously sincere Civil Defense spokesmen. We do not question the sincere desire and fervent hopes of all Civil Defense leaders for world peace, but we do say that the public has not been given all the facts. Otherwise it would be obvious that no program which Civil Defense has, or ever will, conceive of, offers any of us living in this area any hope of survival during a nuclear war.

Perhaps New York City's eight million residents (and their next door neighbors in Belleville) will

sense the worthwhile nature of CD from the words of West Orange's CD Director, who told us publicly recently, that New York bank and business records had been so extensively microfilmed and stored safely out of that city that, in the event of a nuclear war, "New York is unnecessary."

Looking forward to a very informative debate, I remain, Sincerely, FRANK Chairman Nutley-Belleville Area SANE

Opposes High School; Stresses Need For Quality

Dear Mr. Calabro:

I feel we've let Mrs. Fanone answer for the rest of us long enough. It's about time some of the rest of us did our share of the job.

When you were digging for the "true facts" did you take a trip through the high school while it was in session, or even go through our over-crowded grammar schools? In the grammar schools you might have noticed the use of sub-standard classrooms. (We have to apply for permission each year to use these rooms) and most of our gyms are also used as auditoriums. There are no sewing, shop or home economic classes, no libraries, and our health examinations are given wherever there is room, and while the system of a very worthwhile music program, there is no room for the lessons.

At the high school level you might find the typing desks jammed into a small room so students still not able to take the course; that adequate counseling guidance staff may be able, but the room is certainly not suited for the handling of all those stu-

ents. Of course you couldn't see the girls trying to get dressed for gym, but how two girls keep from putting on the same suit is a mystery to all who have witnessed this. My linen closet is larger than the printing class darkroom. The list could go on and on, but Mister, if you haven't seen it, don't praise it.

By what standard do you set yourself up as an authority to dispute the findings of the Columbia and Rutgers surveys? What are your qualifications that you can question trained, qualified, expert men in their field?

You seem to have contradicted yourself in several places. First, you state that 20 educators found the present high school to be desirable as to (1) freedom from noise, (2) dirt, (3) traffic conditions. Then, two paragraphs later, you dispute this by saying it would be a poor site for a junior high because it is a heavy industrial site, (implying that there is dirt, noise and traffic) and that transportation would be poor. Come on, its one or the other, not both.

What's wrong with junior high school students walking to school? According to President Kennedy the exercise would do them good. Much younger children than this are forced to walk to the Public Library because their school has no library at all.

The enrollment in Belleville is somewhere between 1500 and 1600 in a school built to hold 1000 students. I'm afraid you didn't make it clear how three grades in the proposed junior high can possibly add up to more than the four grades the high school is now trying to handle.

You fail to mention the matter that should interest most parents, the loss of accreditation. What does this mean? If our high school loses its accreditation, our graduates would have increased difficulty getting into the college of their choice. The cost of a new high school would be cheap in comparison to the time and money lost in sending their children to a preparatory school to provide what Belleville has failed to do.

Surprisingly I find you have given credit to our Board of Education, Superintendent and custodians. Thank goodness our schools are clean, heaven forbid we should have some sort of disaster occur with the present overcrowding. As for the new desks, chalkboards, lighting and painting, let's face it, even our homes need repairs and improvements, but when the family grows larger, upkeep no longer solves the problem. Most of us look for a larger house because adding a new room proves too expensive and messy. We seem to expect the schools to do what we cannot, but at the same time want a more extensive education with less adequate facilities.

I don't ask the parents in Belleville to accept what I say, but I beg them to go to the schools

and see for themselves. Let them talk to the teachers and principals. They are the ones who know what we need. That's the point, Mr. Calabro, I feel you are misleading too many people and using the school need to further your own ends, whatever they may be.

I have no other purpose than to gain a chance for better education for my children so they may go on to college if they prove capable. May I inquire as to your purpose?

MRS. ROBERT RUDDEN 58 Brémont Street

To the Editor, Belleville Times: The members of the Musicians Club of Belleville wish to make a contribution to assist Mr. Donald Hulme in financing his trip abroad.

We recently had the pleasure of hearing him play at one of our meetings and were thrilled with what he has done. We believe that such talent and resourcefulness should be supported. Accordingly, we are advancing \$10.00 for this purpose.

Sincerely, ALEXANDER WILLIAMS (Treasurer)

The Luck Of The G.O.P.

1961 may be the good luck year for the Republicans.

The Democrats appear to be making a deliberate effort to sabotage their own party. At the state level we find retiring Governor Robert B. Meyner almost deliberately trying to embarrass the Democratic gubernatorial nominee, former Superior Court Judge Richard Hughes.

At the county level we find the Democrat Party is divided into more factions than there are cities in the county.

Camden County Democrats are running a close second to the Hudson County Democrats in their efforts to destroy the county organizations.

Here in Essex we have a beaut. Mayor Leo Carlin of Newark has objected to the designation of Congressman Peter Rodino to be state campaign manager for Richard Hughes. Carlin believes such an appointment would be detrimental to his chances for reelection as Mayor next year. Rodino's Congressional pal, Hugh Addonizio of the 11th Congressional District, is a certain candidate to oppose Carlin for the majority seat. Carlin reasons any increase in the stature of Rodino will benefit Addonizio. So — Carlin scuttles Rodino's chances to become a state-wide figure in the gubernatorial campaign and at the same time cuts Hughes' Essex County potential vote by at least 5,000 votes.

In Belleville the Democrats don't have it too good either. Democratic Chairman Dennis Carey's lieutenants on the Essex County Board of Elections have deliberately sabotaged the best interests of Belleville voters by imposing upon this community a ward division to which Belleville's Democratic Chairman, Ralph Yara, strenuously objects.

Lack of enthusiasm for the present Democrat leadership in Belleville may well mean another 2,000 votes that Hughes may lose.

Cancer Crusade Here Went Over Goal By \$1,510

CANCER CRUSADE 24-3-1..... The 1961 Essex County Crusade, American Cancer Society, which closed September 1, reached \$187,188.55, approximately \$10,000 over last year's crusade. It was announced today by W. Jefferson Lyon, county crusade chairman. Belleville exceeded its \$5,500 goal with \$10,010.

Lyon made the announcement in letters to the county's community crusade chairman in which he praised their efforts in raising funds "which will help carry on the American Cancer Society's worthy work of research, service and education."

B. Thomas Aiken, president of Peoples National Bank & Trust Co., 237 Washington Avenue, Belleville, Crusade chairman for Belleville, was among those praised by Lyon "for the fine organizational work and inspiring leadership you have shown. We are hopeful that you will continue to maintain your interest in the Essex County Chapter's work, which means so much to the advancement of our fight against cancer."

Pharmaceutical Research and New Products Director

The man we seek has wide experience in developing successful new products for the ethical pharmaceutical field. He is now #1 or #2 man in charge of a pharmaceutical research laboratory and is looking for the opportunity to direct and have complete responsibility in a vastly expanding research program of a fast growing and recognized ethical pharmaceutical firm (\$10-15 million annual sales). He probably feels that the company where he is now employed is not using all his talents effectively and is looking for a chance to really participate in top management. A new \$5 million facility will be completed in the near future. We are located in the greater New York area (not N.J.). Compensation—high. Replies treated with confidence. ABC, Nutley, N.J.

Beck's Column

We reported in this column a few weeks ago that the Federal Communications Commission has authorized FM stereo radio broadcasting. The system adopted after extensive testing and try-outs was a combination of several systems suggested by different manufacturers. The whole industry agrees that the FCC made a wise choice.

The printer's ink was hardly dry after the FCC announcement and two manufacturers made haste to claim that it was their system which the FCC adopted and each praised of course his ingenuity. Out comes the third one claiming that he holds the original patents, without which none of the other two could operate and he claims license fees, while the other two in long trade magazine articles and mailings to the trade accuse each other of stealing the show. Fortunately this intra-industry squabble has no bearing on the FCC decision, which stands. However, many manufacturers may hold off coming out with sets until the whole patent situation has been cleared up.

The opinions about the public's reaction to FM stereo broadcast vary widely. Some manufacturers think people will rush to the stores to gobble the sets up. Others, the writer included, think that it will take a long time to make the public aware of the new feature, and the higher price for this "multiplex" equipment will put an additional damper on the sale of these new sets.

We would advise you to bide your time. If you are interested in this new feature, let the dust settle on the patent situation first and then give the manufacturers and broadcast stations plenty of time to iron the bugs out.

We service what we sell.

How Senators, Congressman Voted On Bills

How United States Senators Clifford P. Case (R) and Harrison Williams Jr. (D), the two New Jersey representatives in the U. S. Senate, and Congressman Peter W. Rodino Jr. (D), member of the House from this district, voted on bills which came before the Congress during the week of Aug. 3-Aug. 12 follows:

In the Senate

Continuing the agreement which has marked their voting in recent weeks, Sen. Case and Sen. Williams voted "yea" on HR 7851, the defense appropriations bill for the fiscal year 1962. It appropriated \$46,848,292,000 to the Department of Defense and civil defense. The measure was passed on Aug. 4 by a vote of 85-0.

Once again the two New Jersey Senators voted "yea" five days later (Aug. 9) when Lawrence J. O'Connor Jr. was confirmed as a member of the Federal Power Commission by a vote of 83-12.

For the third time in the week Case and Williams voted the same way when both were in the "yea" column on S 2268, which amended the Federal Aviation Act to prescribe penalties, including a possible death sentence, for the hijacking of commercial aircraft in flight and other crimes committed in mid-air. The measure was passed Aug. 10, 92-0.

In the House

Congressman Rodino voted "yea" on HR 7856, which provided for the reorganization of the Federal Communications Commission to delegate its functions in adjudicative cases, abolish the review staff and permit oral argument in adjudicative cases on a discretionary basis. Passed 194 to 150 on Aug. 3.

The local Congressman voted "yea" also on HR 7876 - Atomic Energy Commission authorization for the fiscal year 1962.

Motion by Rep. James E. Van Zandt, R., Penna., to instruct the House conferees not to agree to a Senate amendment authorizing \$95,000,000 to add electric generating facilities to the Hanford, Wash., plutonium producing reactor. Motion by Rep. Clarence Cannon, D., Mo., to table the Van Zandt motion. Tabling rejected, 235 to 164, on Aug. 8.

Then Rodino voted "nay" on Van Zandt's motion (see above), which was agreed to on the same day by the same vote, 235-164.

Another "yea" vote was recorded by Rodino on Aug. 10 when, by a vote of 383-0, HR 7851 (see Senate above) was passed.

How United States Senators Clifford P. Case (R) and Harrison Williams Jr. (D), the two New Jersey Representatives in the U. S. Senate, voted on bills which came before the Senate during the week of Aug. 11 to Aug. 17 follows:

In the Senate

On S 1983, Foreign Assistance Act of 1961. Amendment by Sen. Harry F. Byrd, D. Va., to require annual appropriations for the Development Loan Fund. Both Senators voted "nay." The amendment was rejected on Aug. 11, 56 to 39.

On S 1983 (see above). Amendment by Sen. Everett McKinley Dirksen, R. Ill., in the form of a substitute for an amendment by Sen. B. B. Hickenlooper, R. Iowa. The Dirksen substitute would require the President to submit to the Congress certain loans. This substitute was approved on Aug. 15, 52 to 44, with Case and Williams voting "yea."

On S 1983 (see above). Amendment by Sen. Allen J. Ellender, D. La., to reduce the military assistance authorization for the fiscal year 1962 and the fiscal year 1963. Rejected, 58 to 37, with Case and Williams both voting "nay."

On S 1983. Ellender amendment to reduce the military assistance authorization for the fiscal year 1962 in a lesser amount than provided for in amendment above. Approved, 57 to 37, on Aug. 16, with Case and Williams both voting "nay."

On S 1983. Amendment by Sen. Homer E. Capehart, R. Ind. to reduce the Development Loan Fund borrowing authorization from five years (as desired by the President) to three years. Rejected, 50 to 45, on Aug. 17, with Case and Williams both voting "nay."

On S 1983. Amendment by Sen. Prescott Bush, R. Conn., to prohibit the furnishing of aid to any country the President determined to be dominated or controlled by international communism. This was a substitute for an amendment by Sen. T. J. Dodd, D. Conn., that would have prohibited the furnishing of aid to any of 14 listed members of the Sino-Soviet bloc. The Bush amendment was approved, 61 to 34, on Aug. 17, with Case and Williams voting "yea."

Day Of Atonement Climax Of High Holy Days Period

Yom Kippur, the Jewish Day of Atonement, starts Tuesday evening, Sept. 19.

Its observance at Temple B'nai Israel will begin with a "Kol Nidre" service at 6:45. The words of this prayer constitute the annulment of vows that are made during the year and are related only between man and God. For example: if a man vowed that he would fast on a certain day and because of illness could not fulfill that vow, the "Kol Nidre" prayer serves as a means of nullifying that vow in the House of God, sooths his conscience.

However, any wrongdoing between man and man cannot be nullified unless a person makes amends for the evil done by someone else.

At 3:30 followed by workshops at 4 p.m. for members of missions, evangelism, education, social concerns and finance committees. At 7:30 p.m. Miss Marian Derby, a Methodist missionary, will speak on "Latin America." She administers the work of Methodist women in Argentina, Brazil, Cuba, Mexico, Peru and Uruguay.

CARD OF THANKS
Deeming it impossible to thank all in person, we take this means of thanking our relatives and friends for their kind expressions of sympathy, beautiful flowers and Mass offerings, at the death of our beloved mother and grandmother, LOUISE WEBSTER, and special thanks to Rev. John G. Gilling and all of the priests of St. Mary's, and to the funeral director, Stantoni for his very efficient service. And to officers of the Nutley Police Force & First Aid Squad members for their quick response to our call for help.

Bon Voyage Concert as Donald Hulme Leaves For Milan

Clapping enthusiastically is audience of more than 300 contributors to the fund which was raised to send Donald Hulme to Milan, and friends of the world-famous accordionist.

Brian Joseph Taylor of 125 Smallwood Avenue, seven-year-old piano virtuoso, and pupil of Charles Nunzio of Nutley, who also teaches Hulme, grins for photographer as he gets set to perform at the bon voyage concert at School 8 Friday evening.

John Budenas of 71 Bell Street, another Nunzio pupil, is shown as he played accordion in tribute to Donald Hulme, who left yesterday by plane for world competition.

Standing on chair in rapt attention, the better to see and hear, is young Gregory Williams. His dad, Robert Williams, treasurer of the Civic Pride Committee, shares his son's appreciation.

Charles Nunzio, left, smiles as he introduces another of his accordion pupils, Valerie Furmanek of 6 Jewell Street, Garfield.

An appreciative audience applauds farewell performance by Donald Hulme, his way of saying "thank you" for contributions which made it possible for him to compete in Milan contest.
