Krugman Refuses To Disclose Price For 8-Acre Tract

The Town Commission heard Commissioner George F. Kierman, Director of parks and public property, withdraw Tuesday night his proposal for a pay increase for employees in his department that would have cost the taxpayers \$19,751.

The town meeting in the Commission chambers was taken up mainly by discussion of the Krugman-De Petro apartments which have been proposed for the foot of Fairway Avenue.

David H. Krugman, of the Krugman and De Petro real estate firm, Clifton, refused to put a price on his 8½-acre property. "Believe you me, it's worth more to me than anyone would be willing to pay," was his only answer to continual questioning from John Bass, president of the Rutan Estates Taxpayers Association.

Leaders To Hear PA Present Progress Report

Mayor Isadore J. Padula, the Belleville commissioners, all tonight appointed officials and the planning board are among the group of community leaders invited to the Port of New York Authority progress meeting, which will be held tonight at 8 o'clock at the Council Chambers, Belleville.

Also invited were the superintendent of schools, the planning officials, the clergy, presidents of local service and civic clubs and representatives of local industries.

The group will hear Gifford R. Hart, Executive Assistant in the Port Authority Aviation Department. (Continued On Page 5)

House-To-House Phase Will Start Monday, Oct. 2nd

An army of solicitors under the guidance of Seymour Grossman, principal of School 7, will initiate the residential campaign for the United Fund of Belleville on Monday, Oct. 2. This will not be an intensive, one or two-day drive; it is expected that solicitors will complete their tasks in the first two or three weeks of October.

It is hoped that Belleville residents will be ready with a generous contribution when the neighborhood solicitor calls. Over the years, it has become automatic to give a solicitor one dollar for each of the welfare agencies (Continued On Page 5)

C of C Reviews Year and Plans More Progress

The Chamber of Commerce, which has grown in the past year from 15 to 53 members, looked forward at its second annual dinner last Thursday, to still more progress for itself and Belleville.

Speaking before 150 guests at Parrillo's Restaurant, Robert M. Jackson, president of Wallace and Tiernan, Inc. described the progress of his company since 1913, when it began development of a chemical feeding device.

Now, as a manufacturer of chemicals, pharmaceuticals, mechanical equipment and instruments, the company covers the globe. Frank A. Orechio, chairman of the board and editor-publisher of The Times-News reviewed the Chamber's work for the year.

He pointed with pride to the 17 point program of the organization, "It has been many years since trolleys ran in Belleville, but it is only a few months since the cobblestones they traveled over, have been covered," he said, referring to one project of the Chamber — the repaving of streets. Top Accordionist Happy And Busy In His Success

The Civic Pride Committee received a letter Monday from Donald Hulme, the 1961 World Accordion Champion. The letter was sent from Pallanza, Italy, where he won the Accordion Olympics on Sept. 17. It read:

"The world contest is finally just over! I am very happy to report to you that I am now the 1961 World Accordion Champion! I won the first prize for the United States in this year's World Accordion Olympics held in Pallanza, a suburb of Milan, Italy. There were 32 national representatives in this world competition, the most candidates of any previous contest. France placed second, Canada, third, and Hungary, fourth, etc. There were six points between me and (the) second prize winner.

"As soon as I was announced the winner I was rushed in a taxi to play a few solos and interviewed on a Milan radio station. I then returned to play in the evening's festival concert on the lawns of the Pallanza Kursaal, outdoors, and only a few feet from Lago (Lake) Maggiore with snow-capped mountains in the background.

Letter Calls Building Inadequate

State of New Jersey

DEPARTMENT OF EDUCATION
175 WEST STATE STREET
TRENTON 25, N.J.

Division of Curriculum & Instruction
Office of Secondary Education

September 22, 1961

Dr. Frank M. Durkee
Superintendent of Schools
183 Union Avenue
Belleville, New Jersey

Dear Frank:

This letter will acknowledge the visit made by representatives of the State Department of Education to the Belleville High School on September 21, 1961. The visit is part of the procedure required by the State Board of Education for the approval of secondary schools in New Jersey.

As soon as time will permit a more complete summary of our observations will be submitted for your consideration. However, the seriousness of the building problem confronting the school district and the approaching election, which could provide a desirable solution, prompts an immediate statement to you and your board of education.

It was evident to the visitors that in all areas of the school program a well qualified and dedicated teaching staff is working against severe limitations imposed by a building that is inadequate both for the number of pupils to be served and the curriculum of a modern senior high school in New Jersey.

Because present conditions cannot warrant the usual five-year approval period, we shall recommend to the State Board of Education that the approval of the school be continued on a limited basis until June 30, 1962. It is our hope that during this interval plans will be implemented for removing the substandard conditions now existing in the high school.

Please be assured that the services of the State and County offices are available on request.

Yours very truly,

William H. Warner

Unico Sponsors Contest To Name 'Miss Belleville'

A contest to crown Miss Belleville will be held Friday, Oct. 6 at 3:30 p.m. at Town Hall, Peter Coccia, chairman, announced.

Miss Belleville will receive a large trophy and her portrait in oils by Kondreck Photographers. As the winner, she will be eligible to enter the Miss Essex County Unico contest and if she is successful there, compete for the title of Miss Columbus Day of New Jersey. The grand winner will receive a two-week vacation in Italy. She will be flown there by Atlas Airlines, which will pay for her entire visit.

Contestants must be 16 years or older. Coccia invited all civic and social organizations and merchants to participate in the Columbus Day Celebration. For information on the celebration and the entry blanks for contest, contact Coccia at Supreme Bakery Co., 23 Harrison Street, Plymouth 9-4677 or Thomas Magliano at 350 Washington Avenue.

Church Meeting Plans HS Talk Led By Lawyer

Alan H. Bernstein, local attorney and member of the Junior Chamber of Commerce will be guest speaker at the regular monthly meeting of the W.S.C.S. of Wesley Methodist Church on Tuesday, Oct. 3 at 8:30 p.m. The meeting will be devoted to a civic night. It will be at the church, Washington Avenue and Academy Street.

There will be a film, "To Be Or Not To Be," which will picture (Continued On Page 5)

M. Gruhin Gets Answer From Library Work

A former library assistant correctly identified Mrs. Dorothy Roche, high school librarian as the map page personality. Marcia Gruhin, daughter of Commissioner and Mrs. Robert C. Gruhin, of 15 Van Rensselaer Place, worked in the library when she was a student at the high school. She also was active on the school newspaper, the yearbook and in the Red Cross. She appeared in the Senior play and served as a sophomore senator. Marcia was graduated in 1960. She is now a sophomore at Jersey City State College where she is majoring in kindergarten-primary education. (Continued On Page 3)

Belleville Plays Important Game With Bloomfield

By ROGER WARTELL

One of the most important games on the local gridiron scene will take place this Saturday at Municipal Stadium as Belleville takes on invading Bloomfield High. Both teams have lost their initial outings, and will be out to win this one. The Bengals lost last week 25-6 to an opportunistic Seton Hall squad.

Belleville played an even game against East Orange last Saturday. The defensive line stood up well, and should be able to contain Bloomfield's running attack this week. The (Continued On Page 5)

Belleville Begins A Six-Day Drive Of Fall Cleaning

Belleville's annual Fall Clean-Up Week drive begins Monday, Oct. 2 for six official days of sprucing up, which will continue until Saturday, Oct. 7.

In announcing the drive, Commissioner Nunzio R. Pico, Director of Public Affairs, said, "This annual observance affords every household an opportunity to rid his premises of untold hundreds of useless and dangerous items, which have accumulated in the home over a period of time. Perhaps one of the most important reasons for the disposal of this accumulation of waste and other inflammable materials is the fire (Continued On Page 5)

Education Group Urges 'Yes' Vote To Aid Schools

The Belleville Education Association urged citizens of Belleville to vote in favor of the new high school because "this is a vital need long past due, and because not only the high school will benefit from the completed project, but the entire school system and the community as a whole."

"A new high school building would alleviate the overcrowded (Continued On Page 5)

Says Oct. 17 Election Could Give Town A 'Desirable Solution'

Another threat to Belleville's already beleaguered educational future appeared this week when a team of State Department of Education experts refused to grant the local school district the usual five-year approval given by the department to schools meeting mandatory state minimum requirements.

Reasons given by William H. Warner, Director of Secondary Education in New Jersey, in a letter addressed to Dr. Frank M. Durkee, Belleville Superintendent of Schools were "the seriousness of the building problem confronting the school district" and "substandard conditions at the high school."

LIMITED APPROVAL

Because "present conditions cannot warrant the usual five-year approval period," Warner said, the inspection team will recommend to the State Board of Education "that the approval of the (high) school be continued on a limited basis until June 30 of next year."

The action by state officials follows a warning earlier this year by the Middle States Commission on Secondary Schools. Belleville school officials were notified by the commission Jan. 3 that the high school was in serious danger of losing its place (Continued On Page 5)

Citizens Advisory Gives Answer To Tax Council

In a recent publication distributed widely in Belleville, the Citizens Tax Council asked "Do We Need a New High School?" and answered the question in the negative.

The Citizens School Building Advisory Committee, headed by Allan Crisp, answered the pamphlet with the following statement:

"Belleville most emphatically does need a new high school. By building a new senior high school, Belleville can accomplish a four fold purpose: (1) relieve the serious overcrowding in the present high school, with all its curriculum restrictions and health and safety hazards; (2) develop a comprehensive curriculum that will provide more practical training for the 60-65 per cent of the students who are headed for business and industry, for whom high school is their terminal education; (3) provide for grades 7, 8 and 9 in a junior high school in the present high school building (Continued On Page 5)

Times-News To Hold Publicity Seminar Oct. 13

The Times-News announces a publicity writing seminar to be held on Friday evening, Oct. 13 at 8 o'clock in the High School Library. The session will last about two hours.

The seminar will be conducted by staff members of the paper. Publicity chairmen of local organizations — churches, schools, civic groups, fraternal societies, men's and women's clubs — are invited. Also welcome are representatives of business and industry and all others who think they would benefit from concentrated instructions in how to prepare publicity material for the paper.

There will be no charge. Those who attend are asked to bring a pencil and paper — and as many questions as they can think up in the field of newspaper writing.

It is important that we know how many to expect at the class. Please bring (or mail) the following information to The Belleville Times-News office, 246 Washington Avenue, PL 9-3200.

UP SPEAK

To the Editor:

Although Mrs. Fantone's original letter was an open letter to Mr. Garson and Mr. Calabro I have, to date, let Mr. Calabro do all the talking. I have worked closely with Mr. Calabro over the years and our beliefs and ideals run pretty much in the same channels.

I would respectfully suggest that Mrs. Fantone, Mrs. Rudden and all the other members of the A.B.C. read Mr. Calabro's letters more carefully. I am not an educational expert and have never stated that I was. I have made a thorough study of education in Belleville and have attended all Board of Education meetings for many years. But Mr. Calabro is an educational expert with years of experience and study in that field and is far more qualified than most that express the views of others in letters to the press.

FOR BETTER EDUCATION

The peculiar thing is that I

agree with both ladies in many respects. I have never said nor have I ever heard anyone else say that they were against a new high school or better education for the children of Belleville. What I have said many times is that I am against rushing into the building of a new high school until all other avenues to better education have been explored. This has never been done officially. What good can a new high school do the children of Belleville when we still have our old dilapidated elementary schools. You can only work in a high school with the children turned into it and until we have modern up-to-date elementary schools teaching modern up-to-date subjects in a modern up-to-date way a new high school is not even a step in the right direction.

Modern educational techniques require the teaching of many subjects which a few short years ago were thought unsuitable for a child until he or she reached high school. When our oldest elementary school is 67 years old and the newest 32 years old it is a solid argument for starting at the bottom and building up. No matter how many empty rooms will be made available

by a new high school they will still be old dilapidated rooms in old dilapidated buildings. That we can modernize our elementary schools by building a new high school and establishing a junior high school is nothing more than wishful thinking and great imagination.

TRITE STATEMENT

As to the trite statement regarding the loss of accreditation that both the good ladies speak about, I suggest they find out just what the Middle States Conference is and what accreditation means. It is too bad that they did not attend the last Board of Education meeting (no one representing the press was there either) when the hired experts admitted under questioning that accreditation by Middle States means absolutely nothing. Middle States is a profit making organization and only inspects schools in a town when they are called in by a Board of Education at a specified fee to give a pre-arranged report.

Any citizen interested enough to investigate for himself will learn that high school graduates have the same acceptance in colleges and universities whether way. I am, a firm believer in this theory. I do not believe it is the democratic way for the

long as it is accredited by the State Board of Education. And if they lost that they would be closed down. The hired experts admitted publicly at the last Board meeting that the Middle States matter was being used solely for its psychological effect upon the voters.

Belleville now has nine elementary schools, far more per population than any other town in the county. Would it not be a good idea to consolidate these nine into four of five modern up-to-date buildings? The savings effected would more than carry the bond issue required with little or no increase in taxes. The Board of Education owns enough and around the present high school to build all the new science rooms and other facilities that would be needed now or in the future at less than one third the cost of the proposed new high school. This, to me, is the sensible, businesslike approach to the problem of better education in Belleville.

BELIEVES IN DEMOCRACY

We live in a great democracy in which all things are supposed to be done in the democratic way. I am, a firm believer in this theory. I do not believe it is the democratic way for the

Board of Education to tell the people of Belleville that we must improve our educational facilities but it must be done in a way that suits their own personal desires or not at all. They are so set on a high school in the bog area that they have not even investigated any other course.

I think the attitude of some members of the Board was very well stated in the letter from Ernest Arriden, himself a Board member, in the Sept. 14 issue of The Times. When the death of an outstanding educator like Mr. Evan Thomas must be used as a plea for "yes" votes, there can be little merit in what the Board is trying to do. The issue should be decided upon the true facts and not upon the propaganda and half truths being put out by the Board of Education and which will appear in their coming brochure.

I believe that The Belleville Times is very sincere in their desire for a better Belleville in every sense of the word. They have never supported me or what I stand for and I believe it is their right and duty to back any candidate and any policy they feel are best for our town. I must take exception to the editorial in the Sept. 14 issue in

which they state that on Oct. 17 the citizens will be asked to decide (A) Does Belleville need a new high school and (B) Can Belleville taxpayers afford a new high school.

NEEDS BETTER FACILITIES

In my opinion these are not the issues at all. I have never heard anyone deny that Belleville needs better educational facilities. And I believe that our children are entitled to the best in education whether we can afford it or not.

There are, however, two issues to be decided on Oct. 17. (A) Do we want a costly new high school that will not improve education in any sense of the word and a junior high school, which is now being abandoned by town after town all across the country, or (B) Do we want better education from the ground up, done in a businesslike, economical way with due consideration given to both our taxpayers and our children. If you believe these are the issues you can only vote "No" Oct. 17.

The proposed bond issue for \$2,982,000 is only the beginning. You will be asked to vote on another bond issue next year, the money to be used to remodel the present high school so it can be used as a junior high school. The yearly school budget will go up many points to cover the cost of heating, lighting, maintenance and phone service in the proposed school. And a new school with many additional rooms will require many additional teachers whose salaries must be added to the yearly budget.

GET THE FACTS

I suggest that all citizens of Belleville stop taking the word of the hired professionals who must see the referendum carry if they are to be paid their fee and get the true facts for themselves. Anyone interested in better education in Belleville should discard all propaganda for and against and get the true facts from disinterested educators. If they would do this and base their decision on those facts they could

only vote NO. And I say to Mrs. Fantone, Mrs. Rudden and all other Belleville citizens — Get the true facts. Don't be influenced by the propaganda of the hired professionals who are not one bit interested in a better Belleville but only in the fat fee they will be paid if the referendum carries.

Very truly yours,
LEE H. GARSON

MOTOR VEHICLE QUESTION BOX

Q.—Do I have to sue and go into court to collect from the Uninsured Claim and Judgment Fund when I have been in an accident with an uninsured motorist?

A.—Not necessarily. If the uninsured motorist will admit his fault and agree to a settlement, it may be worked out without going to court. If the settlement is approved by the Uninsured Claim and Judgment Fund Board, the payment will be from the Fund. The uninsured must agree to repay the amount of the settlement to the Fund.

TEAR UP
SPEAK

Dear Sir:

If the average taxpayer had hoped, that the past May 2nd election might have been instrumental in inducing the town masters to put, let us say a rather self imposed restraint, on themselves in regards to demands for still higher taxes, all such hopes have been found erroneous.

The sixth dictator of the town, and most certainly the most arrogant and spend-crazy of them all, the school board, is now again rolling the bogus propaganda for still higher taxes, for a new high school, which is NOT needed as far as the welfare of the children for good education is concerned. A three million dollar project however seems to have a magnetic appeal to a certain clique, for strictly personal reasons of one kind or the other, reasons which are not hard to figure out for the average thinker.

SAD BUT TRUE

It is sad but true, the intolerance and arrogance of the school board seems to have no limits. Far too many thousands of dollars have been spent

on building plans, consultants, and so-called experts and bunk artists. It makes a taxpayer see red to have all this money thrown around even before the school has been approved in the October referendum vote. It most certainly must not and will not be passed, WHY? because a new high school is NOT needed in Belleville, and taxpayers cannot afford to throw away three million dollars, where education needs are only a flimsy pretext for the selfish aspirations of an aggressive minority group.

When 5000 or so complacent voters finally woke up, and started house - cleaning in last May's election, for relief in taxes, it makes sense only to a moron, to expect those once "let George do it" minded voters to stay home, and let themselves be loaded up again with more taxes. That baby talk and fairy tale propaganda is not very amusing to the Voter, just as an example, one of those nitwit artists stated, it will cost the taxpayer no more than the price of a pack of cigarettes a week to have a high school. We are not buying that kind of bunk, and besides there are many NON-SMOKERS.

BEHIND THE TIMES

The school board seems to be behind the times, assuming that once a sucker always a sucker still holds good for Belleville voters. At the coming referendum

vote it must be shown that the gang is very much mistaken, and that the lesson should be very convincing, even to a mental midget.

I have been a rather good prophet in my articles, printed by courtesy of The Belleville Times this year. I predicted the voters would present Mrs. Rochau with a one-way "OUT" ticket, they did just that; the commission government is now at the end of the line, and the lame duck commissioners now are packing their bags for the coming good riddance party. And the self inflated spend-crazy, inefficient insolent school board must be, and will be deflated and cut down to proper size.

A LOT TO SAY

As far as next year's town election is concerned, the tax council will have a lot to say and to do, in regards to the proper build-up and establishment of the new Council - Manager - government. I can only say, that some of the 700 well known gentlemen in our good town should put their pipe-dreams in the moth balls, and take a refresher course in night school to improve their intellect and thinking capacity.

For the high school referendum, every voter who came out in the May election for a better Belleville, must come out to vote again. It makes no sense to vote first for tax relief, and later give

the green light to the spend-thrifts to be loaded up again with higher and unwarranted taxes. Home-owners vote the not needed high school project into the waste basket, and let the sponsors buy themselves a crying towel.

ALFRED K. BOERNER
12 Center Street

To the Editor:

The security of the lives of the children of Belleville while at school calls for the voters to defeat the new high school for lack of bomb shelters; the Berlin crisis is of a serious nature, and anything is possible. I love children and I am thinking of their welfare. We don't mind spending millions for our out of space program that's for our boys under the colors and our own protection at home.

But to spend several million for a new school which the town does not need is stupid. It will cause a heavier tax burden on the taxpayers and produce a \$10 tax rate. The landlord will be forced to raise the rent of the tenant.

The Commission form of Government has been defeated for that same purpose - wasteful spending of the taxpayers money. This new school which was defeated by the people for L.e. past

10 years did not cause any hardships on our children, not one student was turned away for lack of room. I am not against a good education for our children; that depends on the quality of our teachers.

SURVEYS ARE VAGUE

The surveys conducted by a team of experts are vague. They do not live in town. They pay taxes elsewhere. They are the tools of the school board, paid by them, with taxpayers money. The future of Belleville must be protected. We can not afford to drive out industry, which is being done elsewhere by the bosses of Democratic Party in Essex County. Those members of the school board responsible for the school issue being placed again on the machine, should have post-paid such a price for a piece of land to build a park which is costly and lose \$10,000 in revenue?

If the Park Commission won't foot the bill in repayment for Ferry Field, why should we pay it and sink deeper into debt? Our taxes are too high now.

I am urging a large "No" vote on the high school. A "Yes" vote means you will cut your own neck.

ALBERT GUGLIACELLI
75 Lake Street.

The facts are not clear, and the school program is an expensive one. I am appealing to all the people to vote "No" on the high school, and "Yes" on the repairs.

If this new school with only 40 rooms is approved it could produce 34 empty rooms elsewhere in town. I would have to side with Commissioner Bob Gruhn that apartments be built on the site he has called a dump, since it would bring into the town \$10,000 in taxes. I understand the owners of the land are asking \$200,000 for it. Can we afford to pay such a price for a piece of land to build a park which is costly and lose \$10,000 in revenue?

If the Park Commission won't foot the bill in repayment for Ferry Field, why should we pay it and sink deeper into debt? Our taxes are too high now.

I am urging a large "No" vote on the high school. A "Yes" vote means you will cut your own neck.

Need For Wives Leads To First Use Of Money

Money originated when man needed a measure of value in paying for a wife in prehistoric times, according to some historians.

Developments since then are traced in a series of 39 pictures, "The Story of Money - From the Stone Age to the Space Age," now on exhibition in the lobby of the main office of Howard Savings Institution at 708 Broad Street, Newark. They will be on view until Oct. 6.

The exhibit has been loaned by American Express Company and shows how coins, currency, letters of credit, travelers cheques and other forms of money have been created to meet specific needs from primitive times until today.

Pictures linking women with the earliest concept of money depict how prehistoric man chose

the ox as his medium of exchange. He could offer, say, four oxen to buy a wife who was strong and healthy; three, or only two, if she were less so. Forms of money have changed since then, but this idea is still with us, in the word "capital," from the old Latin word "capitale," meaning cattle.

From oxen and wife-buying, the forms and functions of money passed through vast changes in which travel and commerce exerted basic influences shaping the forms of cash and financial instruments to the present day. Forthcoming developments are hinted in an artist's conception of travel in the Space Age.

Paintings show the role of banks as progressing through changes, from "marble halls where only the rich were at home and the ordinary citizen felt out of place," to the banks of today that are more like "money super markets," serving everybody.

Organization explains much of our legislation.

It's good to have a slogan, but it is better to perform.

Belleville Loses Opener By 1 Point

Touchdown Combination

Joe Latoro

Richie Luzzi

Belleville High's football team, only flaw was in the pass defense which faltered at vital times. Belleville's offense couldn't seem to get underway, and was twice stopped within 30 yards of the goal line.

The Blue and Gold scored first in the opening quarter with a pass play from Joe Latoro to Richie Luzzi, which carried for 35 yards. Unfortunately, the try for the extra point failed. This later proved to be the deciding factor of the game.

Midway in the second quarter, Richie Luzzi executed a beautiful quick kick which gave East Orange the ball on its own 46 yard line. From there East Orange marched in 11 plays to score the winning tally. The drive was highlighted by two passes. One took place on third

down at Belleville's 37 yard line, with George Pierce throwing complete to James Oliver. The other one was from Pierce to John Jackson, which covered a total of 25 yards and brought the ball down to the five yard line.

East Orange started the third period kicking off to the Belboys. Pat Moreno took the ball and ran it back to the 36 yard line. After an exchange of downs Belleville got the ball from a punt by George Pierce on its own 28 yard line. Led by the running of Stan Tomaszewski and Richie Luzzi the Blue and Gold brought the ball up to their 40-yard line. Joe Latoro then hurled a beautiful pass to Bob Byers who ran the ball up to the Panther's 40 yard marker. The Belboys worked the pigskin up to the five yard stripe only to be stopped by a tight East Orange pass defense.

Belleville 6 0 0 0-6
East Orange 0 7 0 0-7
Latoro to Luzzi, 35, pass run (Kick failed)
Oliver, 1, run (Run good)

Belleville Plays

(Continued From Page 1)

pass defense unfortunately didn't perform as well, collapsing at vital moments. This fact might be of importance if Bloomfield should take to the air. The Bloomfield defense didn't play as poorly as indicated by the score. Most of the Pony Pirates' T.D.'s were scored from the results of fumbles and pass interception. The Bloomfield line has suffered injuries to some of its players and might be stronger this week if these players recuperate in time.

The Belboys' offense seemed to bog down against East Orange and never really got off the ground. Belleville gained most of its yardage in the air behind the passing of Joe Latoro. On the ground the Belboys were adequate, but far from spectacular. They will probably find it harder going against the middle of the bigger Bengal squad. The outcome of the game will probably be determined by how well Belleville's offense will do against the big line of the Bengals.

sportimes

Last week's Belleville football game provided head coach Ed Berlinski with a few insights to how well his team will fare against other competition this season. The Belboy's defense, which had been Belleville's most feared weakness, gave a game effort against East Orange. The line played well with outstanding performances coming from Lou Pomponio and Alex Iacullo. Offensively the Blue & Gold didn't do as well as expected. One of the reasons for this could be the fact that Joe Latoro's pass defense was inadequate at times, forcing him to either run or get trapped behind the line of scrimmage. The offensive line provided blocking on running plays, but failed at times to give Latoro enough protection. If this, plus the passing defense could be improved, Belleville will have a very good chance of finishing with a fine record.

The Belleville Nutley Iron Dukes after recuperating from a defeat by the Franklin Miners handed the Bristol All-Stars a 25-12 loss. The Munford brothers, Chuck, Bo, and Don, provided the Dukes with a tremendous fraternal scoring punch. The exhibition game which was played at Nutley oval gave an exciting preview to the type of ball game can be expected from this semi-pro league. Chuck Munford scored the first touchdown, racing 40 yards in the first period. Bob Munford added two more on a run and a caught pass. Don scored the final tally in the last period.

E. Orange Takes X-Country Meet

By ANDREW PROVENCE

The Belleville High School Cross-Country Team is off to a slow start. The team opened its season with a loss to East Orange 22-33. East Orange, taking the first, second and third places, was assured the victory. For Belleville Jim Debesis, Jim Harvey, Robert Babb, and Andrew Provence finished fourth, fifth, sixth and eighth, respectively.

On Sept. 22, Belleville met Passaic at Passaic only to suffer another defeat 25-30. However the closeness of the score indicates that the team is getting in stride. Jim Harvey and Jim Debesis ran a fine race for Belleville.

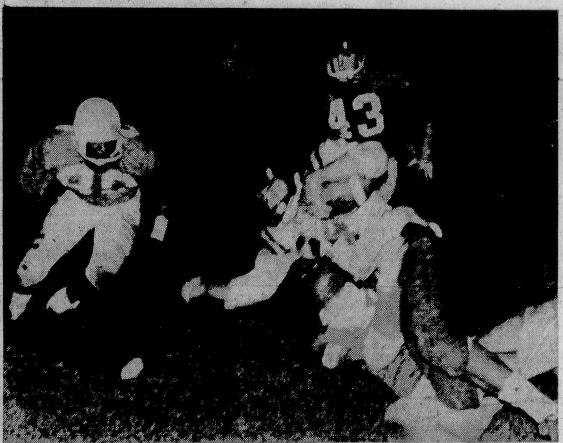

The future will have a good outlook if when Robert Babb comes up to his last year's status.

The names and places of the finishers at the Passaic - Belleville Cross Country Meet are as follows:

1. James White, Passaic
2. James Harvey, Belleville
3. James Debesis, Belleville
4. Bob Hamos, Passaic
5. Louis Goetz, Passaic
6. John White, Passaic
7. Andrew Provence, Belleville
8. Robert Babb, Belleville
9. John Kasal, Passaic
10. Peter Korofsky, Passaic

This week Belleville is scheduled to run against Clifton on Tuesday, Nutley on Wednesday, and Montclair on Friday. The race with Nutley will be the only at home meet.

Iron Dukes To Play Saturday Nite Game At Nutley Park Oval

The opening kick-off of the second half was returned 49 yards by Bo Munford. However, the Bristol defense tightened and Nutley lost the ball on downs. Bristol came to life in the next series of plays when Quarterback Tom Metlock threw a 49-yard pass to Ed Bill Bowman. The try for the extra point was blocked by Tackle Bill Lapadula.

Late in the third quarter Bristol recovered a fumble on the Nutley 29-yard line. On the third down Metlock again went to the air, hitting Dave McIntyre for the second Bristol touchdown. The try for the extra point was wide.

The final touchdown of the fourth quarter, Nutley took possession of the ball on its own 28-yard line. With Chuckie, Donald and Bo Munford carrying, the Dukes crossed the goal line in eight plays, with Don Munford scoring from three yards out. The extra point by Tom Jones was good.

Frank Barnes intercepted his third pass as the game ended with the Belleville-Nutley Iron Dukes winning, 25 to 12.

Saturday night, Sept. 30, the Iron Dukes play host to the Stamford Golden Bears from Stamford, Conn. Last year the Bears tied the Iron Dukes for third place in the Eastern Football Conference. This year Stamford has won its first two games, defeating the West New York Alumn and the Plainfield AllStars.

Essex Fifth In County Spending For Each Person

Highest per capita cost of county government in New Jersey was registered last year by sparsely populated Cape May with a spending average of \$67.58 for each of the county's men, women and children. Heavily populated Hudson County was second, with an average of \$58.24 per resident. The figures reflecting total 1960 expenditures divided by population were compiled for inclusion in "Financial Statistics of New Jersey Local Government" published by the New Jersey Taxpayers Association.

Other counties ranked as follows, on the basis of spending per resident: Sussex, \$52.97; Ocean, \$45.45; Essex, \$33.85; Warren, \$32.20; Mercer, \$37.09; Salem, \$34.51; Atlantic, \$33.38; Middlesex, \$32.83; Camden, \$32.80; Cumberland, \$31.03; Morris, \$28.87; Passaic, \$28.52; Monmouth, \$27.28; Bergen, \$26.66; Union, \$26.31; Burlington, \$26.22; Hunterdon, \$25.22; Somerset, \$24.51; Gloucester, \$19.59.

Included in the over-all expenditures figures are the costs of current operations (representing the day-to-day costs of governmental operations), expenditures for capital improvements and those for debt service.

In Essex county in 1960 "current operations" averaged \$37.64 per resident; capital improvements \$3.53 per capita and debt

Reference Handbook On Trucks Is Issued

A new reference handbook of helpful hints to truck owners has been published by Ford Motor Company.

"Guide to Cutting Truck Costs" contains 96 pages of information that will assist a truck owner in obtaining improved service and performance from his truck, regardless of make or model.

Top automotive writers have contributed to this digest-size publication, which has been two years in preparation.

It covers a broad range of topics, such as insurance, tire care, getting the most miles per gallon of gas, special equipment to meet individual needs, etc. The pages are liberally illustrated with photographs and drawings.

This reference handbook is published as a service to truck owners by Ford Division's Truck Marketing Department and is available from Ford dealers.

The gas-saving "4" with Pontiac Punch!

PONTIAC TRIGGERS ANOTHER TEAM OF WINNERS. Every one is a fancy mover. Convertible, Sedan, Wagon, Two Coupes, Choice of 110, 115, 120 or 140 h.p., gas-saving 4-cylinder engine. A couple of extra cost options: Put on a 4-barrel carb and get 166 h.p. The citizen who wants even more can go for an aluminum V-8 option that pulls 185 horses.

TEMPEST HAS A FRONT ENGINE/REAR TRANSMISSION! (The only American car with this feature.) It gives Tempest equal weight at every wheel. It has biting traction on the bricks or in the mud. Tires last longer. Brakes hold like they mean it. The front floor is practically flat (no big hump in the middle). Tempest seats six—easily!

TEMPEST HAS INDEPENDENT SUSPENSION—FRONT AND REAR! Each wheel (and it's a big 15" one) moves up and down independently of the opposite wheel. There's no solid axle in the rear. Result: Firm ride on pavement, soft ride in the boondocks! Swing axles in the rear help the Tempest to carve out clean, firm curves.

PUSH NEW SERIES—THE LE MANS (LUH-MAHNZ). The Tempest Convertible and Coupe are out this year in special custom trim. Call them the Le Mans! They both have sports-type bucket seats, full carpeting, floor mounted stick shift, acceleration rear axle option—no extra cost. Extra cost option: 4-speed gearbox. Take one out—it's a going machine!

Drive America's only front engine/rear transmission car... it's balanced like none of the others!

OBITUARIES

Rest Eternal Grant Unto Them, Oh Lord,
and Let Light Perpetual Shine Upon Them.

Mrs. G. Montalbano

Mrs. Giovanni Montalbano of 12 Hochel Street died Tuesday, Sept. 19 after a long illness. She was 88.

A Solemn High Mass of Requiem was offered at St. Anthony's Church on Saturday. Burial was at Glendale Cemetery, Bloomfield.

Mrs. Montalbano was born in Italy and moved to Brooklyn 49 years ago. For the past 40 years she lived in Belleville where she and her husband, Emanuele, owned "Montalbano's Grocery Store." After his death in 1947, she operated the business herself until five months ago.

She is survived by three sons, Emanuele with whom she lived, Ralph, Cesar, Anthony, Grace Del Tufo, Eleanor Pellegrino, Angelina Landolfi, Irene Goglia, all of Belleville, Catherine Lillo, of Nutley; brother of Anthony, Vincent, Olympia Guarino of Newark, and Gelmina Vitello of Bloomfield. He is also survived by 30 grandchildren and 22 great-grandchildren.

Joseph Casale

Joseph Casale of 13 Mary Street was buried Friday, Sept. 8, at Holy Sepulchre Cemetery following his death from a sudden illness. A retired construction worker, he was 74.

He was the husband of the late Maria Stefanello, father of Ralph, Cesar, Anthony, Grace Del Tufo, Eleanor Pellegrino, Angelina Landolfi, Irene Goglia, all of Belleville, Catherine Lillo, of Nutley; brother of Anthony, Vincent, Olympia Guarino of Newark, and Gelmina Vitello of Bloomfield. He is also survived by 30 grandchildren and 22 great-grandchildren.

Mrs. Mary Garry

Mrs. Mary A. Garry of 18 How and Place died Tuesday, Sept. 12, at St. Michael's Hospital. A Mass of Requiem was offered at St. Peter's Church and burial was at Holy Sepulchre, East Orange on Friday, Sept. 15.

Mrs. Garry, 87, was the widow of John H. Garry, a Newark police lieutenant. She lived in Newark until her husband retired in 1920. The couple moved to Spring Lake Heights where Mr. Garry became a member of the Borough Council.

Mrs. Garry lived in Belleville the past six years with her nephew, Edward J. Daren. She is also survived by two sons, James of East Orange and John of Pompano Beach, Fla., four grandchildren and seven great-grandchildren.

Thomas Lofrano

A Solemn High Mass of Requiem was offered for Thomas Frank Lofrano of Holy Family Church, Nutley on Thursday, Sept. 21. Mr. Lofrano of 141 Joralemon Street, died Sunday in St. Barnabas Hospital, after a brief illness. Burial was at St. Joseph's Cemetery, Lyndhurst.

Mr. Lofrano was 46. He was a union delegate for Newark Local 1262, Retail Food Clerks for the past two years. For 25 years prior to that, he worked for the former Universal Food Market, Broad Street, Newark. He was manager there for 15 years.

He was a member of the Knights of Columbus, Unico and the Progressive Investment Club, all in Belleville. Father Isaac J. Juegher, of the Holy Name Society of Holy Family Church, Nutley.

He is survived by his widow, Mrs. Madeline Francisco Lofrano; a son, Frank James and two daughters, Genevieve and Jamie, all at home; his parents, Frank and Jennie Lofrano, at home; and three sisters, Mrs. Mildred Sirelter and Mrs. Josephine Delenzo, both of Totowa and Mrs. Dorothy Delorenzo of Nutley.

Miss Anna Kelleher

Miss Anna Kelleher, of 22 Mitchell Street, died Tuesday, Sept. 12. She was 81.

Miss Kelleher was born in Kilkenny, Ireland. She moved from Newark to Belleville 12 years ago.

She is survived by her niece, Mrs. Albert M. Bliss, with whom she resided, and a nephew, Albert Gardner, of the same address.

A High Mass of Requiem was offered in St. Mary's Church, Nutley, burial was in Gate of Heaven Cemetery, Hanover.

Mrs. James Cocco

Mrs. Madeline Renga Cocco of 3 N. 9th Street died Sunday, Sept. 10 at Clara Maass Memorial Hospital, after a long illness. She was 45.

Services were held at the Silver Lake Baptist Church on Friday from the La Morone Memorial Home, Bloomfield. Rev. Benedetto Pascalle officiated. Burial was at Bloomfield Cemetery, Bloomfield.

Cocco lived in Newark before moving to Belleville 25 years ago.

In addition to her husband, she leaves a son, Nicola at home; a daughter, Mrs. Michael Stata of Belleville; four brothers, Gennaro Renga of Lakewood, Gennaro Renga of Belleville, Paul Renga of Newark and Emanuel Renga of Lakewood; two sisters, Mrs. William Hayes of Arkansas and Mrs. William Kinosaki of Lakewood, and one grandchild.

D. Richard Minisi

A Solemn High Mass of Requiem was offered at St. Peter's Church on Thursday, Sept. 14 for D. Richard Minisi who died Monday after a long illness. Interment was at Holy Sepulchre Cemetery, East Orange.

Mr. Minisi, 62, lived at 188 Division Avenue. He was born in New York, resided in Newark for most of his life and moved to Belleville seven years ago.

Mr. Minisi was a social worker in the Newark Department of Public Welfare for 25 years. He was a member of Eta Phi Alpha Fraternity and the Ten Club, both in Newark.

He is survived by his wife, Mrs. Anna McCann Minisi; a daughter, Mrs. William Pelia of Belleville; three sons, Mrs. Rose Notie of Cedar Grove and the Misses Lee and Louise Minisi, both of Newark and three brothers, Charles Minisi of East Orange, Joseph Minisi of Newark and Vincent Pirillo of Mission Hills, Calif. A fourth brother, Anthony, a one-time Newark city commissioner, died in 1953.

The Ford in your future is here today!

Starting today at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford—the car that fits his pleasure and his needs precisely! For those who want a true luxury car, there are two distinguished new series of Galaxies—both swift as a rumor, silent as a secret. With Thunderbird styling, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of a costlier car. If you are looking for economy without compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from—13 in all. Wagon fanciers will find unprecedented variety—from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

changes and minor lubrications. Brakes adjust themselves automatically.

62 Fords

GEORGE H. MEAD, Inc.

515 WASHINGTON AVE. BELLEVILLE, N. J.

Features of the future—now

FALCON FORDOR SEDAN... Just one of 13 Falcons for 1962, this 4-door sedan has an improved version of the Falcon Six engine that last spring recorded the best gas mileage for a Six or Eight in the 24-year history of the Mobilgas Economy Run.

FALCON SQUIRE WAGON... Brand new for '62, it's sleek and sophisticated. Inside, it's available with extra bucket seat and console. Outside, it has elegant woodlike steel side paneling.

GALAXIE 500 CLUB VICTORIA (foreground)... GALAXIE TOWN SEDAN (background) ... The Galaxie 500—new in name, new in luxury—is for those who want all of the elegant extras. The 1962 Galaxie makes it easier than ever to move up to fine-car luxury—at the low Ford price. All Galaxies are beautifully built to be more service-free. They go 30,000 miles between major lubrication, 6,000 miles between oil.

STROKES:**The Hopeful Side****THEY CAME BACK**

When a stroke occurs, perhaps the hardest thing the patient must fight is a feeling of hopelessness and despair. Strokes are not hopeless. In the past ten years medical research has given us many effective weapons against stroke: new drugs, surgical procedures and physiotherapeutic methods which can reverse severely disabled stroke patients. And the outlook for the future is even brighter.

A most important weapon at the service of the stroke patient is his own determination to recover — to strike back at stroke. One good example of how such determination pays off is Louis Pasteur, the French chemist whose numerous contributions literally shaped modern biological science.

During Pasteur's lifetime (1822-1895), practically nothing could be done for the stroke patient except to let nature take its course. Yet Pasteur lived and worked for 27 years after he had suffered a "big stroke" at the

age of 45. What's more, much of his best work was done in this period in which it is reported, he had another 50 "little strokes". Refusing to throw in the towel, Pasteur went on to make scientific history as the founder of microbiology and a principal architect of the conquest of germ-caused diseases. We honor his memory every time we take a container of pasteurized milk from the refrigerator, or uncork a fine French vintage wine, product of vineyards saved from

disaster by Pasteur's studies in fermentation. In our own time, perhaps the most famous persons who have survived strokes to continue their important work are Sir Winston Churchill and former President Dwight D. Eisenhower. Sir Winston was stricken at age 79 during his final term as Britain's Prime Minister. He will celebrate his 87th birthday on Nov. 30.

In 1957, during his second term as President, Mr. Eisenhower

had a stroke which was mild and transitory in its effects. He made an excellent recovery and soon returned for three more years of strenuous job in the world. He will be 71 on Oct. 14.

Discouragement is a common side effect of stroke, one that sometimes affects the whole family as well as the patient. However, the fact that should be stressed is that nine out of ten stroke patients do recover. Another fact is that modern medical research will continue to provide new ways and means to help the patient fight stroke. Stroke can be conquered. It happens every day.

HOW TO PLAY (LIKE BINGO) LUCKY '11'

- "Lucky 11" is played by matching the numbers on your card against the 30 indicated game numbers appearing in weekly Acme ads in your newspaper.
- Print an X lightly over those numbers on your card that match those game numbers appearing in this advertisement.
- If you have X'd out five numbers in a row on your card either down, across or diagonally, as indicated by the arrow, you have won a prize! The prize will be indicated by an arrow on the card.
- If you have a winner, fill out the required information on the back of the card, and mail it to the address found there. You'll receive your prize within about 15 days. Do not bring the card back to the store.
- Any one card and any one ad can be matched to claim a winner, but all game numbers must come from a separate ad or reprint. Numbers from more than one ad cannot be combined to make a winning card.
- Cards will be given to adults only at your Acme Markets. No purchase is required.
- Complete rules and instructions on every "LUCKY 11" card.
- Employees of American Stores and their immediate families are not eligible to play this game.

School 8 PTA Holds Discussion On H.S. Tonight

School Eight will be the meeting place tonight for an open discussion on the high school referendum. The P.T.A. meeting, which will begin at 8:30 planned to clarify the issues for the Oct. 17 voting, according to Mrs. Fred Schroeder, president.

She emphasized that the meeting would be open to the public, not to P.T.A. members alone. She asked members to invite friends and neighbors "to this meeting which should be of community-wide importance."

On the discussion panel will be members of the Belleville Board of Education; Dr. Frank Durkee, superintendent of schools; Dr. Felix McCormick, school building consultant; a member of the firm of Alvarez and Associates, school architects; and a member of the Speakers' Bureau. The panel will present facts about the proposed high school construction. They will be available to answer questions from the floor.

The formal meeting will be preceded by classroom visits and introductions to the faculty.

W. Bennett Joins B-N Buick Staff

WALTER BENNETT

Walter Bennett, of 615 Washington Avenue, Belleville, has joined the sales staff of Belleville-Nutley Buick, according to an announcement by George Symonds, president of the company.

Bennett is a graduate of Belleville High School and is a member of the General Motors Motor Salesmen's Guild. For the past 12 years he has been engaged locally in the retail auto business.

The addition of Bennett to the Buick firm's staff makes it an all local group which includes Angelo Samara of Nutley and John Campbell and William Teeling, sales manager, both of Belleville.

Belle Vista Apartments Add Seventy Four Units

Work was started this week for construction of the second and third sections which will add another 74 dwelling units to Belle Vista Apartments, at the corner of Newark and Brighton Avenues, Belleville.

Scheduled for completion early next year, the new buildings will be arranged in 1 1/2 to 4-room suites which are to rent for approximately \$45 per room, monthly.

Occupancy of the first section of 20 apartments was completed last week.

Loncrini Retires After 32 Years As Pru Cook

Luigi Loncrini of 278 William Street, will retire tomorrow after 32 years with the Prudential Insurance Co.

Mr. Loncrini is a cook in the company's home office commissary division.

He was born in Verona, Italy, and came to this country in 1920. He worked as a hotel cook in Springfield, Mass., for three years before joining Prudential in 1923.

He left Prudential later that year to operate a restaurant in Newark, and returned to the company in 1929.

During World War I, he served in the Italian Army.

He is married to the former Marcella Delmarci of Italy. They have two sons: Albert, of Irvington, and Larry, of 21 Dan Street, Belleville.

Registration Tuesday For Red Cross Swim

Registration for Red Cross swimming courses for girls will be held at the R.C.A. Pool, Harrison, Tuesday, Oct. 3 at 7 p.m. It was incorrectly reported last week that registration would be at 8 p.m.

Boys may also register at 7 p.m. The courses, which run for 12 weeks, begin Tuesday.

Marion M. Drake Retires as Vice-Principal

Miss Marion V. Drake retires this week as vice-principal of School Four. Miss Drake's resignation becomes effective Saturday, Sept. 30.

A longtime resident of Belleville, Miss Drake lives at 43 Adelaide Street. She first began working with the school system in 1918 as a teacher.

Miss Drake now looks forward to "no positive plans, just a nice long retirement."

conditions in the present high school, and provide better physical facilities to meet the needs and adequately prepare the young men and women of Belleville for useful and productive lives. The improvements gained through the construction of a new building would also do much to dispel the threat of loss of accreditation. It would provide, too, facilities that would be available for the use of the community and its many civic groups."

ADVANTAGES SYSTEM WIDE

The association said that the advantages to be derived from a new high school were not limited to the high school but were

when he or she knocks on the door. That may be all right where a single agency is conducting its own individual campaign, but it is not nearly enough in the case of the United Fund where 12 agencies are grouped together in a "One Solicitation - One Contribution for All" type of campaign.

A dollar divided 12 ways means only 84c for each agency. The minimum contribution, therefore, should be \$12; and this amount can be made in the form of a pledge to be paid in several partial payments over the period of a year.

The special gifts campaign, under the leadership of B. Thomas Aitken and R. Douglas Wadsworth, is already under way as are several of the other special group solicitations. It is these groups that will make up the bulk of the goal of \$88,600 for the campaign. We, therefore, again urge the people of Belleville to support the building program when presented in October."

auditorium, each of the 12 agencies composing the United Fund had gone to great pains to set up an interesting and informative exhibit. To those who visited the display, these exhibits clearly demonstrated the essential philanthropic and welfare work they perform month in and month out for the people of Belleville.

The committee which, along with the agency representatives, worked hard on the arrangements for the rally was composed of Alan Bernstein, chairman, Mrs. Helen Semchuk and John Bass.

Ordinance

(Continued From Page 1)

had been planned by the Commissioners to ascertain a negotiable price for the land. Two Commission resolutions are on the books instructing Commissioner Kiernan to obtain the land for park purposes. The Commission had authorized Kiernan to seek the price from Krugman, but the latter has insisted he be heard by the full Commission before establishing any price.

CARETAKER GOVERNMENT

On the proposed salary increases, Kiernan said he had decided to withdraw his proposal because it would commit future governing boards for the next five years. He explained, "In effect the people of Belleville, by their vote of May 2, told the Commission to keep things as they are—sort of carry on as a caretaker government until a new council is elected and takes over next July."

In July, the council-manager form of government will begin.

The new salary ranges had been recommended by the Civil Service Commission after a study of Kiernan's department.

Discussion of the Krugman-Petro apartments did not answer the question of price. Krugman

ture what the new high school could offer the town. Bernstein will show slides and drawings on the new school and explain what a new building would bring over and above the cost. There will be opportunity for questions.

Bernstein represents the newly formed Special Speakers Bureau, which was organized to learn and present facts about a new school.

A cordial invitation was extended by the organization to all citizens of Belleville for this open meeting.

COIN DRY CLEANING

In other action, Commissioners Robert C. Gruhn, Harry Sullivan and Kiernan and Mayor Padula unanimously approved safety proposals for coin-operated dry cleaning machines. Commissioner Nuncio R. Pico was absent.

Leslie W. Finch, representing the Belleville Dry Cleaners Association, said that he saw "nothing in the ordinance to object to." The safety measures, he felt, would adequately protect the town. With adoption of the ordinance, issuance of a mercantile license for a coin-machine at 494 Union Avenue is probable.

The Commission also approved an ordinance on first reading to purchase snow removal and street cleaning equipment for \$22,500. A public hearing on the ordinance is scheduled for Tuesday, 8 p.m., Oct. 10 in the Town Commission Chambers.

ASSESSED AT \$11,500

Mayor Padula warned Krugman—that several townspeople were pressing for the price of the land for tax assessment purposes. The tract is now assessed for \$11,500.

Krugman pled a high personal value on the seven acres and disclosed he had paid \$26,500 for an additional acre to provide an entrance to the area from Jerusalem Street.

This last acre was bought by the Ancel Corp., which Krugman said involves the same persons who own 43 other units. The 43 units are assessed at \$10,600; the Ancel acre, at \$900.

A question arose whether Krugman's corporation owned the \$26,500 acre outright or if the title to the land was contingent upon permission for building the apartments. Krugman insisted this acre was completely owned by Ancel.

ADDED REVENUE

Krugman attempted to prove that the luxury apartments he proposes would bring Belleville more revenue, without added expenses.

He said that the lowest probable tax yield from the 320-unit buildings would be \$110,342. The highest yield from one-family dwellings on the same land would be \$24,827.

He said his company was prepared to install all utilities, sidewalks, and garbage disposal facilities. "It won't cost the city one cent," he repeated.

Wayne Noble, planning consultant for Ancel, said apartments like these, costing \$40 to \$50 per room in rents, draw high-income young married couples and older
