## Durkee Cites Sub-Standard Conditions Hindering School

A summation of the senior high school question, which will be submitted to voters in a referendum on Dec. 21, was presented at a regular meeting of the High School P.T.A. in a speech prepared for delivery by Dr. Frank M. Durkee, superintendent of schools. Accreditation received pointed discussion in the statement, which was read by Michael T. Rosamilia, general supervisor, for Dr. Durkee, who was at the Board of Education meeting.

DR. FRANK M. DURKEE

"From your newspapers, local and national, Belleville has learned that the Middle States Association of Colleges and Secondary Schools will not continue its High School on its List of Accredited Schools after Dec. 31, 1961," he said. "It has also been learned that the State Department of Education, after its visit of Sept. 20, recommended to the State Board of Education that approval of the high school be limited to

## SOS Committee Seeks Written Endorsements

The new Save Our Schools organization formed a committee this week to seek written endorsement of their SOS message from leading town citizens and local industries. James LaMotta and Victor Call were named to head the committee, which will seek support for the new high school building referendum presented to voters Dec. 21.

"The SOS has pledged itself to a 'yes' vote," said Al Guadagno, chairman of the group organizing specifically to campaign for a new school. Among the declared aims of the SOS are: to restore accreditation of Belleville High School, which was taken off the list of accredited schools last month by the Middle States Association; to prevent loss of state accreditation, which "could result in a loss of state aid and an increase in local taxes"; to facilitate admission of college-bound students; to attract well-qualified teachers; to restore educational dignity to Belleville.

## Tax Council Gets Delay In Hearing

The Citizens Tax Council charged against the Board of Education will be heard after Jan. 1, following a request by the council's lawyer to delay the hearing scheduled for Dec. 11 and 12. Eric F. Groezinger, assistant state commissioner of education, notified both groups he was granting the postponement requested by Seymour S. Weinblatt, the Manville attorney who is representing the tax council. Weinblatt said he had other court commitments on the original date and also needed time to prepare his case.

The Tax Council has charged the board with exaggerating conditions at the high school to gain support for the school referendum on Oct. 17. The tax council has been an outspoken opponent of the new school building program. The referendum will be presented again on Dec. 21. Weinblatt has said he would try to gain a court injunction to postpone the referendum until after the charges are heard and decided by the state.

## Middle States Association Lists 250 Universities And Colleges As Members

Concerned parents and high school students have requested information about the Middle States Association, which last month withdrew Belleville High School from its list of accredited schools, and its member schools of higher education.

There are 244 colleges and universities in Delaware, District of Columbia, Maryland, New Jersey, New York and Pennsylvania—the middle states—that are members of the association. The Middle States Association is one of six similar regional associations, which together cover the United States. Six colleges in the Canal Zone and Puerto Rico are also members in this regional group.

The institutions of higher learning holding membership are: DELAWARE Delaware State College, Univ.

## Food Baskets, Turkeys To Be Distributed

Christmas food baskets and turkeys will be delivered to needy families in Belleville during Christmas week by the Disabled American Veterans of Belleville. Angelo N. Marone, 89 Linden Avenue, Jr. Vice Commander, is program chairman. "If someone knows of anyone in need of our help," he said, "please call us."

Plans have also been made by the veterans group to have a greased-pig contest on Dec. 30. "We're buying two small pigs, greasing them up and letting the children try to catch them," he said. "The pigs and the children will both be small enough so neither will hurt the other." Children up to ten years old are eligible; pigs, up to 25 pounds.

## Kindling The Hanukkah Candles

FOR EIGHT DAYS AT SUNDOWN Hanukkah candles are lighted in Jewish homes for the holiday that began last Saturday at sundown. Holly Kettiler, fifth grader at the Congregation Ahavath Achim Religious School, holds the shamash candle, the candle used to light the other candles in the menorah, while the Hanukkah blessing is said. Mrs. Bruriah Fatik,

teacher in the fifth and sixth grades, guides Holly's hand, while Mark Tepperman, a third grader, repeats the blessing. Mrs. Chava Berkal, third and fourth grade teacher, and Rabbi Victor Cohen, spiritual leader of the congregation, watch the ceremony in the congregation's junior chapel.

## Six Local Leaders Sponsor Nuclear Survival Symposium

Because they agree with the Memorial Presbyterian Church late Professor Albert Einstein's famous statement that "Everything has changed with the nuclear age," six local leaders are sponsoring the meeting.

TRI-COUNTY SANE The Symposium, which is being initiated by the Belleville Trivium in the Nuclear Age, and County Committee for a Sane Nuclear Policy will feature David Daniels who will present the Civil Defense point of view, Dr. Philip Feiglson who will speak for the Scientist's Committee for Radiation Information, Donald Keys who will speak for the Committee for a Sane Nuclear Policy, and the Rev. Charles Bonner who will address himself to

Sponsors from here are Rabbi Victor Cohen of Congregation Ahavath Achim; Mr. and Mrs. Leslie Walter Finch, attorneys; the Rev. Frederick Long of Christ Episcopal Church; Miss Carolyn Pohl, educator; the Rev. George Van Leuven of Fewsouth

## Bowling - A Perfect Game

ADDING TO THE BERKEY TROPHY CASE—Tommy Berkey Jr. tacks the score of his perfect 300 game to the case holding the family's collection of bowling awards.

Tommy Berkey Jr., a 16-year-old who wants to be a professional bowler, joined the masters last week by bowling a 300 game. Tommy, the son of Mr. and Mrs. Thomas Berkey Sr. of 348 Cortlandt Street, is a junior at Belleville High School who readily admits, "I'm bowling crazy." He bowls three times a week,

Three trophies belong to Berkey Sr., the rest to Mrs. Berkey, who concedes her son is the new bowling master in the house.

five or six games each time. "We're a real bowling family," says Mrs. Berkey proudly. Tommy bowled the perfect game at Bowler City, Hackensack Tuesday night, Nov. 28 while he was waiting to see his father bowl in an industrial league for Bendix Aviation of Teterboro, where he works.

Tommy's game was 10 solid hits "in the 1-3 pocket" and two cracks in the 1-2 pocket "on the Brooklyn side." After it, he settled down to giving his father some advice. "I always give him lessons," Tommy says. "And he bowled a 505 series and won \$25 for a high game of 233 that night because of me."

## Mayor Padula, Gruhin Asked To Step Down

### Hospital Appeals Tax Bills Issued On 2 Buildings

Clara Maass Memorial Hospital has appealed to the Essex County Tax Board for tax exemption of two new buildings, which the town has taxed. Albin H. Oberg, director, said he had received no notification yet of a hearing date.

The hospital, which is a non-profit tax-exempt institution, was taxed for its School of Nursing Building and graduate nurses residence, according to Oberg. Emanuel DeNoia Jr., tax assessor, said the buildings were taxed because they were income-producing properties. Tuition and rents are charged, he said.

Oberg argued although tuition is charged for the school "it is only \$500 for three years, even though it costs us \$4,500 during that period to train a girl."

\$15 PER WEEK The graduate nurses residence costs \$15 per week for each nurse, Oberg said. Sixteen nurses can be accommodated.

"We need the residence for the convenience of the hospital," Oberg said. The residence is reserved for nurses on the 3 to 11 p.m. and 11 p.m. to 7 a.m. shift. "We just couldn't get nurses to work those shifts because of transportation difficulties, unless they could live here," he said. "It works Director Gruhin in No. also insures a supply of nurses during an emergency."

The buildings were completed recently and occupied since fall. The hospital received bills for the last quarter of 1961.

"The hospital does not pay taxes on the actual hospital building. It does pay a municipal levy on a portion of the 14.5 acres it owns, according to state law, Oberg said. "This bill we have already paid," he added.

### Bass Demands They Give Up Control Of Their Departments For Query

JOHN BASS

John Bass, President of the Rutan Estates Home Owners Association, yesterday called upon Mayor Isadore J. Padula and Commissioner Robert C. Gruhin to relinquish control of their respective departments "to permit an impartial and fair investigation" of the legality of Padula's Revenue Department's failure to tax the former synagogue property located on Washington Avenue and purchased by Public Works Director Gruhin in November, 1960.

In a prepared statement the civic leader said, "It is high time our calloused public officials recognized the simple fact of life that they have lost the public confidence. 'Thanks to James Golden we now know that Padula's Revenue and Finance Department failed to tax Commissioner Robert Gruhin for property he purchased in November of 1960.'"

"Since the story broke Mayor Padula has been telling us that an investigation is being conducted to determine the facts. How can taxpayers have confidence in the results of an investigation conducted by those very public

## Thirty-Five Give Funds For Town Lights Display

Thirty-five businesses along Washington Avenue are displaying Chamber of Commerce Santa Claus plaques for their contribution to the Christmas lights display along the avenue. The ten strings of lights from Williams to Rutgers Streets will shine until after the New Year. The display is sponsored by the Belleville Chamber of Commerce as a cooperative venture involving business firms that are in the lighting area. Total cost of the lights this

### Holiday Radiograms

Local Civil Defense radio volunteers have again offered to transmit holiday greetings to servicemen overseas. For the third year, radiograms will be sent free. Messages will also be sent to anyone in service stationed in this country, as well as to civilians in the United States or its possessions.

All messages for overseas should be filed before Dec. 15, William G. Hunt, defense secretary, said, and should bear the rank, if any, full name, serial number and AFPO number of the recipient.

The text should be kept to 20 words or less, he said. The name of the person to whom the message is sent and the signature do not count, only the body of the message.

Messages will be accepted at CD headquarters, PL 9-5100, weekday afternoons between 1 and 5. Hunt will accept them for transmission on weekends and evenings at PL 9-2654.

## Vincent Strumolo Expected To Say He's A Candidate

VINCENT T. STRUMOLO

The fifth annual pre-Christmas dinner dance of the Vincent T. Strumolo Association has been set for Saturday evening, Dec. 9 at Amvets Hall, 100 Newark Avenue.

Standard-bearer Vincent T. Strumolo will make an important political announcement. It is expected he will make known his candidacy for South Ward councilman. Strumolo was one of the leading exponents of municipal government change.

Frank Simini, dance chairman, said there would be a twist contest and other dancing to the music of Frank Takko's band. Door prizes will be given.

## Final Tally Gives Vara 31-3-3 Vote From Committee

Official returns on the vote of confidence given to Ralph Vara, Democratic committee chairman, by the town committee are 31 for, three against him and three abstentions, according to a final tally.

Unconfirmed results of the voting, which took place Nov. 21, gave Vara a 25-3-3 victory. There were 13 absences.

Voting came after Vara was accused of not giving full support to the entire Democratic ticket in the November election, because of his outspoken opposition to Dennis F. Carey, Democratic

Sullivan Will Attend 11th Annual Party

The annual Christmas Party of the Harry J. Sullivan Association will be held this Sunday, December 10 from 2 to 7 p.m. at the Elks Auditorium, 251 Washington Avenue. A buffet supper, dancing and entertainment are scheduled.

For a while the committee thought the standard bearer, Councilman Harry J. Sullivan, would be unable to attend the eighth annual Christmas get-together because of his recent leg injury which confined him to Clara Maass Memorial Hospital. The commissioner, however, has assured them he would be there, committee members report.

Co-chairmen of the party are Mrs. Samuel Coronato and Anthony Domenick. Walter Weiss is secretary of the committee and Philip Newsome, treasurer.

county chairman, according to a spokesman.

YOUNG DEMOCRATS From another Democratic group, the Young Democrats, came a denial that Mayor Isadore J. Padula paid them for their work at the polls Election Day. A local Democratic committeeman had said that Carey had given the Mayor the funds.

"I got those funds from the county, myself," said Michael C. Dasaro, club president. "I hold the receipts for the money. I paid the Young Democratic workers."

Dasaro added he had received contributions for the group for their work at the polls from Democratic county leaders, including Judge Thomas Holleran, coordinator between Democrats and Young Democrats, and Harry McGowan, president of the Young Democrats of Essex County.

## Son At College Is Map Page Personality

"I always watch for the map page each week," said Mrs. Stephen N. Vogel of 45 Hill Street, "but I never thought one of us would be on it."

Mrs. Vogel admitted she had a little trouble identifying the picture of her son Stephen Jr., "couldn't believe it because he's away at college," she explained. So Mrs. Vogel showed the picture to another son Jack, who is 4. "He recognized it right away,"

## OFFICIAL NOTIFICATION OF ACCREDITATION

November 15, 1961

Mr. Hugh D. Kittle  
Principal  
Belleville High School  
Belleville 9, New Jersey

Dear Mr. Kittle:

The Commission on Secondary Schools at its meeting on November 13, 14, 1961 considered the reports and records relating to Belleville High School, including the report of the Special Committee which visited your school on October 30, 31, 1961. It is with regret that I report that the Commission acted to withdraw the name of Belleville High School from the List of Accredited Schools. The serious overcrowding resulting from increased enrollment, the limited program made necessary because of inadequate physical facilities, and the large classes seemed to the Commission to make this action necessary. This action follows the warning given in the official letter dated January 3, 1961.

Very sincerely yours,  
*R. D. Matthews*

## Durkee Cites

(Continued From Page 1)

June 30, 1962 instead of the usual five-year approval. The State Board of Education acted to limit the approval of the high school at its meeting on Nov. 1.

"Loss of accreditation and limitation of State Department of Education approval of our high school represent evaluations by outside, impartial, and official

agencies. The crux of both of these evaluations is that Belleville High School is sub-standard. It is sub-standard in the space provided for its 1551 students, with only 67 sq. ft. per student, when the State recommends 120 sq. ft. per student. It is being used in excess of 150 per cent of its normal capacity of about 1,000 students.

## SUB-STANDARD

"Belleville High School is sub-

standard in its science facilities. In them a truly modern science program cannot be carried out.

"Our high school is sub-standard in its industrial arts facilities. With 80 per cent of our students not going to college, much better shops are needed.

"Our high school is sub-standard in its business education facilities. Space is lacking for a better business machines program. Space is lacking for provision of typewriting for all the students who want it.

"Our high school is sub-standard in physical education facilities. Classes of 132 students tax teachers and facilities beyond the possibility of the best program. Lack of storage space for equipment limits the whole program.

"Our high school library is sub-standard. Never designed for a library, the area provided is about one half as large as is needed. It contains 6,000 books, also about one half of what should be available to a student body of 1551. In modern instructional programs, both in high school and college, an adequate library is fundamental.

"Because of lack of facilities, no teacher could take the mechanical drawing this year.

"Overcrowding

"Because of overcrowding the learning process suffers in English, history, and mathematics. English teachers, for example, cannot give the desirable amount of writing to students. The sheer load of reading and grading papers is too much.

"These many 'tight' features in our high school also hamper the guidance program. Many desirable courses are not available to students. Teachers cannot give maximum individual attention to members of each student. The members of the guidance department have more students than they can properly see in many individual conferences. A full-time guidance counselor should have about 250 students. Our guidance ratio is one counselor to 500 students.

"Toilet facilities, heating and ventilation equipment, and electrical service are sub-standard.

"Belleville should face its responsibility of providing standard high school education. To do so, Belleville will have to spend money to eliminate the sub-standard conditions in its high school education.

"A study of the present high school, as reported by the architect and his assistants on Nov. 17, shows that a simple inexpensive addition is not possible. Though the 1935 addition to this high school made provision in its plans for two stories of six classrooms each, a recent study indicates that the weight of two stories would cause settling of the building with possible great damage. Proper renovation of this building, as required by the state building code and additions to provide 64,000 sq. ft., the amount needed, would require an expenditure of \$2,768,544, \$38,000 more than the cost of the proposed new high school, and it would use all of the available school site.

## BEST PLAN

"Since Belleville will have to spend money to eliminate the sub-standard conditions of its high school and regain its accreditation, it should choose the most economical and efficient plan. This is the plan for a new high school at the stadium site at a cost of \$2,730,000, complete and fully equipped. For the average taxpayer, home assessed at \$6,000, the average annual cost for repayment of a 25-year bond issue at a 3.6 rate, is \$17.03, or about a nickel a day. Of course, the annual school budget will need to be higher to run better schools. Whenever we get anything better, it costs more money.

"Belleville is the 14th community in New Jersey which has lost its accreditation; the first in Essex County. All 13 of the other communities look quick steps to build up their schools and to regain their place on the List of Accredited Schools. Belleville should do likewise.

"Strong schools make for strong communities. To enable our students to gain admission to college without the handicap of coming from an unaccredited high school, to keep up the quality of the high school faculty, and to make the progress needed in Belleville, it is time to build a new high school.

"Dec. 21 the citizens of Belleville can take a big positive step by approving the school referendum. It will take more than 18 months to build a new high school. Before Belleville gets a new school, some improvements in sub-standard conditions may require double sessions.

"Around us all neighboring communities have been building new schools. Now it is our turn. Let's give Belleville and its children a real Christmas present this year, a new high school. We have delayed too long! Let's delay no longer!"

## Mayor Padula

(Continued From Page 1)

officials who have been remiss in their responsibilities to the community. Even with respect to Public Works Director Robert Gruhin, it is a fact that the Building Inspector is his employee. And it was a Gruhin employee who issued him a building permit to make alterations to the former synagogue.

"Gruhin's departmental records show that a Morgan M. Davis was the architect who prepared the plans upon which a building permit was granted. The plans prepared by Mr. Davis show Congregation Ahavath Achim as the owner. These plans were filed by Gruhin on December 14. According to Congregation A.A. spokesmen Gruhin purchased the Washington Avenue property in November, 1960.

"Who paid Architect Davis? Was he employed by the Congregation or Gruhin? Who paid for the building permit, the Congregation or Gruhin?

"There are so many facets of this tax mystery to be investigated that I believe in the best interests of all concerned Mayor Padula and Commissioner Gruhin should relinquish control of their respective departments to permit an impartial and fair investigation of the entire messy situation. I am petitioning the Essex County Prosecutor to examine the entire matter. Since his investigators are already swearing all over Town Hall investigating that they might just as well tackle this other mess."

Bass referred here to the execution of a paving contract from \$5,735 to \$14,879. The dispute centered around a 100 per cent clause town officials said was inserted to require the company to do 100 per cent more work at the same price.

"And while they are investigating I also intend to ask Prosecutor Brendan Byrne to investigate the reason why the Town of Belleville has not taken over the streets and curbs in Rutan Estates although it has been two years since they have been constructed" Bass' statement said.

Bass said the Rutan home owners were assessed for pavements, sidewalks and curbing. He wanted to know why the streets had not been taken over by the town since they were completed one and a half to two years ago. The town has not taken care of the streets and seen that defects

were corrected, he said. He added there were sunken sidewalks in the area, especially on Crestwood Drive, that the town should have had the builders correct.

Bass' demand to Mayor Padula and Commissioner Gruhin was in a letter dated Dec. 6, which said:

"It is now obvious that the former synagogue at 317-319 Washington Ave., Belleville, N. J., should have been included on the tax rolls of Belleville and submitted along with the other assessed properties on October 1 to the Essex County Tax Bureau. There are enough facts on record at this point to indicate that the property in question lost its tax-exempt status on or about December 1, 1960.

"Since the basic factors involved in this dispute involve the Departments of Revenue & Finance and Public Works, it appears to me that no good purpose would be served for Mayor Padula to investigate his own department. Additionally it would be strange for the imagination to expect the impartial investigation of the Public Works Department by Mr. Gruhin himself since the application for a building permit and plans which forms the basis for the issuance of a building permit by Gruhin's departmental employee are all within the framework of the Public Works Department hence Gruhin is unable to disassociate himself personally from the results of such an investigation.

"In view of the foregoing facts I respectfully request that both Mayor Padula and Commissioner Gruhin turn over the control of their departments to the remaining commissioners while the Prosecutor conducts an impartial investigation to ascertain whether or not violations of law exist.

"I am one of a number of Belleville taxpayers who have lost confidence in the present administration. Accordingly I do not feel the real estate tax money I am paying into the public treasury is my fair share of the tax load. It appears that other people who should be sharing with me the cost of government in Belleville are not carrying their fair share.

"I trust that you gentlemen will give serious thought to my proposal since it is made in good faith."

NO FURTHER COMMENT

Jack Orlinky, president of Congregation Ahavath Achim, said yesterday he would make no further comment

about the sale of the property on Washington Avenue, formerly owned by the congregation. "I have said the sale was made last fall," he repeated. "We have nothing to do with the property anymore. We are a religious organization and do not want to become involved in any political matters. We do not want to make any more statements. We will have nothing to do with it at all."

EVERY PRESCRIPTION IS  
A "MIRACLE" MEDICINE

When your physician writes a prescription for you, he has selected, from more than 4,000 different medicines in our prescription department, the exact one he judges will help you most. That is why a prescription is usually more beneficial than any patent medicine.

For the most important part of any treatment is your physician's ability to diagnose the cause of the trouble. That diagnosis is an extra ingredient which makes each prescription a "Miracle" medicine.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

# Fire Chief Hunderfund Warns Of Seasonal Fires

Hazards of fire in the holiday season, prompted Carl Hunderfund, fire chief to issue the following message to Belleville: "The Belleville Fire Department is concerned with your safety. We know of the many fire hazards that each family is faced with every day and particularly at this time of the year when so many extra hazards are brought into each home.

"This is a joyous season, a time when everyone should be happy and gay in anticipation of what the season will bring. Let us do all we can to make our hopes come true. There is nothing which can change joy to sadness so quickly as a fire in your home, in particular a fire which may bring serious injury or even death to one of your loved ones. If you knew in advance that there would be a fire in your home this Christmas season you would most certainly take all possible precautions to prevent its happening, so why wait till it is too late.

"Statistics show that 87 percent of all home fires in America can be prevented by fire prevention and the result of carelessness. They also show that 23 percent of all home fires occurred during the Christmas holiday season.

"The Fire Department is doing all it can toward fire prevention, we feel that this is our most important duty. We are constantly searching for fire hazards and doing our best to eliminate them. The records show that we have been successful in our efforts. Belleville has been among the first seven cities in the United States with a population of

30,000 or more showing the lowest fire loss per capita over the last four years. As a matter of fact our town had the lowest fire loss in the nation in 1959 according to the National Fire Protection Association with a per capita loss of 17 while neighboring communities showed a much higher rate of loss. This is a record the Fire Department is proud of.

"The fire department has purchased 5,000 pamphlets that offer sound fire prevention advice for a fire-free Christmas. Dr. Frank M. Durkee, Superintendent of Schools in Belleville, consented to distribute these pamphlets to all students of the public school system so that they may take one home to their parents. We are hoping that his pamphlet will reach every home. Many thanks to Dr. Durkee whose work schedule is already so heavy.

"These pamphlets will also be delivered to Monsignor Kelly of St. Peter's and the Rev. Menegus of St. Anthony's parochial schools for distribution.

"We most urgently advise every father and mother, to read these pamphlets very carefully and if you follow the advice offered, you will certainly be doing yourself and your family a great service.

"If for some reason or other, a copy of this pamphlet does not reach you, here are the rules for a fire-free Christmas:

1. Stand the tree in water or snow outdoors until you're ready to use it indoors.
2. Bring the tree indoors just before Christmas and take it out immediately.
3. Don't allow smoking near the tree amidst decorations or piles of wrappings; have plenty of safe ashtrays around and use them.
4. Guard against flying sparks from fireplace with a metal screen and don't use the fireplace to burn up Christmas wrappings and decorations.
5. Keep matches, lighters and candles away from your hands. Have water-type fire extinguishers that work, buckets of water or even your garden hose connected to a faucet, within reach of the tree.
6. If fire should strike, first get everyone out of the house and then call the fire department immediately before attempting to fight the fire yourself. Small children have a tendency to re-enter the house.
7. If am sure, if we all strive to follow the above listed rules, that this will be a most joyous fire-free holiday season for all."

as soon afterwards as possible. 3. Just before setting up the tree, saw off the trunk at an angle at least one inch above the original cut.

4. Place the freshly cut tree trunk in water and keep level of water above, the cut the entire time the tree is indoors.
5. Support the tree well. Don't put it near sources of heat (fireplaces, radiators, etc.) or where, standing or fallen, it could block the way out of the room and out of the house in case of fire.
6. Use only electric lighting sets that bear the UL (Underwriter's Laboratories) label.
7. Check lighting sets each year before using for frayed wires, loose connections, and broken sockets.
8. Don't plug too many cords into one outlet.
9. Make certain that all tree lighting is turned off before retiring or leaving the house.
10. Don't let Christmas wrappings accumulate in the home; place them in your metal covered trash barrel or burn them in your incinerator as soon as possible.
11. Use non-combustible material (metal, glass, asbestos, etc.) to decorate the home for Christmas wherever possible. When you must use combustible materials, be sure they are "flame-proofed" particularly if they are to be anywhere near the tree.
12. Look for the Underwriters' Laboratories label when buying electrical toys.
13. Don't set up electric trains or spirit - fueled toys under a Christmas tree.
14. Don't allow smoking near the tree amidst decorations or piles of wrappings; have plenty of safe ashtrays around and use them.
15. Guard against flying sparks from fireplace with a metal screen and don't use the fireplace to burn up Christmas wrappings and decorations.
16. Keep matches, lighters and candles away from your hands. Have water-type fire extinguishers that work, buckets of water or even your garden hose connected to a faucet, within reach of the tree.
17. If fire should strike, first get everyone out of the house and then call the fire department immediately before attempting to fight the fire yourself. Small children have a tendency to re-enter the house.
18. If am sure, if we all strive to follow the above listed rules, that this will be a most joyous fire-free holiday season for all."

# Barbone - Mosco Post 7 Elects Raimo As Head

Nicholas Raimo, founder of the Barbone-Mosco Post 7 of the Italian-American War Veterans, was elected Post Commander at a regular meeting at the new Post home at 246 Acme Street.

Raimo, Post Commander from 1952 to 1957, has long been active in local veterans affairs. He was chairman of the Veterans Day committee here in 1955.

He was appointed National Educational Officer by the National Commander at a recent meeting in Youngstown, Ohio. He was State Commander of the veterans' organization for two years and has been elected to other high offices in the national department, serving as National Sr. Vice Commander, National Jr. Vice Commander, National Deputy Chief of Staff and National Executive Committee member. Gov. Robert B. Meyner named him to the State Veterans Day Committee in 1956.

# John Zepka Leads Local Kiwanians

John Zepka was elected president of the Kiwanis Club of Belleville for the year 1962 at the regular yearly meeting of the local organization held at the Galaxy Restaurant. Victor Gali was elected first vice president and Thomas McLaughlin, second vice president. Also elected directors for a three-year term were John McKoon, Samuel Pearl and Andy Province.

Zepka, a sales service representative with J. Heller and Sons, has been associated with local charitable drives and interested in town affairs. Call is an advertising consultant with the Ever-ready Label Inc. of Belleville. McLaughlin is the Purchasing Agent of the town.

The men took office with a pledge "to earnestly work toward the objectives of Kiwanis International as related to the town of Belleville."

# Keep Christmas Safe, Says Town Health Officer

Specific ways to keep Christmas merry by keeping it safe were suggested this week by Edward G. Burely, Health Officer of Belleville.

"Every year the merriest of Christmas is marred by accidents which could be prevented with a little foresight and care," he warned.

"You can help to keep Christmas merry in your home by doing the following:

Place your Christmas tree at some distance from the fireplace, radiators, heaters or stoves. Be sure the tree is firmly supported so it will not tip over.

If additional height is needed to trim the tree, use a chair or stepladder in such a way that you will not fall. Preferably, have someone support the chair or the ladder.

Use only approved electrical appliances.

Avoid overloading electrical circuits.

Keep the tree in water in such a manner that the water is covered and not accessible to a child who may be holding electric lights.

Use trimming materials that are fireproof.

If used, sharp or breakable ornaments should be handled with care, especially with children around.

Select toys that are not likely to cause injury. Toys with points or hard cutting edges may be hazardous to children. Infants may swallow small objects."

"For a Merry Christmas, keep it safe," he concluded.

# Industries Give United Fund 67 % Of Total Contributions

Contributions to the United Fund of Belleville in the past two weeks, have pushed totals from 29 percent of the goal to approximately 40 percent.

While this, in itself, is encouraging, it must be borne in mind that the total at this stage of the campaign should be somewhere between 80 percent and 100 percent and also that the toughest part of the fund-raising activity still lies ahead if even 50 percent of the hoped-for goal is to be reached," said a spokesman.

A breakdown of contributions by classification is as follows:

Industry, Corporate	\$11,910.00
Industry Employees	11,225.90
Small Industry	320.00
Special Gifts-Profits	2,625.00
Schools	2,148.00
Town Employees	452.40
Revenue & Finance	\$230.00
Public Works	13.00
Parks & Pub Prop'y	39.00
Public Affairs	75.40
Public Safety	31.20
Purveyors	1,965.00
Church Organizations	160.00
Civic Organizations	687.00
Residential	1,758.85
Merchants, Wash. Ave.	380.00
Misc.	582.54
	\$34,214.69

Most of the money and the largest percentage of the receipts to date have come from industry in Belleville — both corporate and employee. They are carrying the major share of the load in having contributed better than 67 percent of the total contributions received to date. Most of the individuals contributing to and responsible for these industry totals do not reside in Belleville. They have contributed generously year after year. The same observation can be made in the case of the "Purveyor" classification made up of companies with headquarters elsewhere and with small operations in Belleville.

"On the other hand, it appears from the above breakdown that the people who actually live in Belleville and, what is even more important, those who both live and work here, fall year after year in their civic responsibility to the agencies that stand ready and willing to serve them effectively in case of need. In this category can be listed the residential and the Town employees, other than Mayor Padula's Revenue & Finance Department who have 100 per cent employee participation, and the schools," the committee reports said.

Reports from some workers indicate that additional contributions from some or all of these groups are anticipated in the near future. Campaign leaders said they hoped this would be the case since at least two of the groups were running well behind last year's totals; and it is essential that they do at least as well if the goal is to pass the 50 per cent mark.

The Board of Trustees and the Campaign Committee issued an all-out appeal to residents and workers of Belleville who have not yet made contributions to do so promptly. "The 12 agencies making up the Fund who rely upon these contributions for operating expenses are in dire need of your support. Please care enough to give enough," was the plea.

# Bowling

(Continued From Page 1)

IN OPEN PLAY

Tommy rolled his game on lane 15 in open play. After the seventh frame he says, "I began saving prayers." Mr. Berkey saw the last frames of the game and says he heard her son exclaim, "I guess if the good Lord will I'm strong enough to let me bowl 11 strikes. He decided to go ahead and give me the 12th one too."

The Berkeys made 15 photos of the score, which was signed by witnesses: Bowler City will award Tommy a trophy, a ball and case. "I bowled that game with a house ball too," he adds.

Tommy bowls with his mother in a mixed league on Sundays at Olympic Lanes where he averages 167. His highest game here last Tuesday was 235. Mrs. Berkey's high game is a league leading 267; her husband's is 244 and the youngest Berkey, Nicholas, who is 11, has already bowled a high 188.

600 CLUB

Mrs. Berkey is a member of the 600 Club, an honor among bowlers who have rolled over 600 in a series. Her score was 622. "But I'm not the master in this house anymore," she beams.

The Berkeys have been bowling for four years, since Mrs. Berkey got the family interested in the sport. Tommy began league competition this year.

After school and on Saturdays when he's not studying or bowling, he works at James's Deli-catessen on Washington Avenue and saves his money to go bowling.

# Boys Town Youths Guests Of Local Group

Eighty-eight boys from New Jersey's Boys Town will be entertained at the eighth annual Christmas party of the Kenneth D. Smith Association. The party, at Belleville Elks Club on Dec. 17, will be from 4 to 10 p.m.

"This is the only time of the year the people of Belleville can show their appreciation for the great work the Rev. Robert Egan is doing," said Donald Smith of 111 Belleville Avenue, head of the committee.

The association plays host to the boys, providing entertainment, refreshments and a gift of clothing for each one.

The party is open to the public. Anyone wishing to help the project can request the name and clothing size of a boy, Smith said.

Mrs. Vogel sent a copy of the paper to him and wrote on the map page, "Do you know this person?" She added, "I can't wait until he finds out we've won too."

The picture taken of him was in Crescent Press.

Seeing the picture was a surprise present to seeing her son, who will be home for the Christmas holidays next Thursday, she said. A graduate of Belleville High School, he is a freshman at Drexel Institute of Technology, majoring in electrical engineering.

The Vogels also have three other children: Linda, 15, Kenneth, 13, and Jill, 8.

Turn to the map page in today's issue and note the feature picture.

One of the persons in the photo is singled out with a circle. Readers are invited to identify this person and the spot where the picture was taken. The first one to do so—by mail or in person at the office of The Times—will receive an award of \$5. Please note: Identification of the person and place must be made by coming to the office of The Times, 246 Washington Avenue or by mail. Phone calls will not be accepted.

It is important in playing this fascinating game of identification to note these simple rules: 1) The winner must tell us who the person is whose photo is circled and where picture was taken. 2) Entries in the contest must be made in person or by mail. NOT by phone; 3) the prize will be awarded to the one who submits the first correct identification; 4) all decisions by The Times are final; only one entry per family is permitted; 5) contest deadline is 5 p.m. Monday, December 11. Failure to contest rules in all respects is cause for disqualification.

If no one identifies the circled photo and the place where picture was taken, the prize money will be added to the following week's award.

Each week The Times staff photographer will take a similar picture somewhere in Belleville. Each week the picture will appear on the map page and test your ingenuity — and your power of observation. It can be lots of fun. Get started now. Work fast. Be the first to come to our office with the right answer.

## Double Assessment Standards Of Padula's Revenue Department

During the past few weeks we have been reading about the former synagogue building on Washington Avenue which Commission critic James Golden brought to light was enjoying a tax exempt status although it was purchased by Commissioner Robert Gruhn sometime in November, 1960.

We now learn that Padula's Revenue Department has assessed the Clara Maass Hospital School of Nursing although similar institutions are tax exempt in surrounding municipalities. We understand that Mayor Padula agreed with Clara Maass officials that the School of Nursing should be tax exempt but he preferred to see the school assessed for taxes and permit Clara Maass officials to appeal the assessment to the Essex County Board of Taxation.

We hold no brief for the hospital at this point but what we would like to know from Padula is, why wasn't the same "Courtesy" accorded Gruhn's property on October 1st of this year when he and his department officials were well aware that the former synagogue property had been converted for commercial use?

## With Belleville Democrats It's Vara 10 to 1

Democrat county committee members met recently and extended to Democrat Town Chairman Ralph Vara an overwhelming vote of confidence. Of the members attending the meeting 31 voted to compliment Vara on his leadership of the local wing of the Democrat party, while three members voted disapproval.

No need to speculate on the whys and wherefores of the three who voted against Vara. Their reasons are well known—all personal.

The endorsement of Vara's leadership is recognition of his unselfish devotion to the party of his choice. Through Vara's efforts the Democrat party has become—and remains—the majority party in Belleville.

This is quite a feat when one considers Belleville was once a bastion of Republican strength. Year after year, with monotonous regularity the GOP shellacked the Democrats. And then—13 years ago along came Vara to take over the leadership of the Democrat party in Belleville. Within a short time thereafter Vara welded together a team of county committee men and women that up to this very day has proved invincible.

His vote of confidence was well deserved and overdue. The enlightened 31 should be congratulated for giving credit where credit is due.

## Washington At Trenton

One of the great events we should remember at this time of the year is the Battle of Trenton, which took place the day after Christmas in 1776. Because the anniversary of this battle took place so close to Christmas, its memory is often obscured by the flood of Christmas literature and sentiment.

The Battle of Trenton, however, was of major significance to this country. It was, in the opinion of many experts, the turning point of the Revolutionary War, General George Washington, in fact, took advantage of Christmas to strike this blow for American freedom.

The British general, Sir William Howe, who had been appointed to the command of British forces in the American Colonies, felt certain that the American uprising had been quashed. He had fought at Bunker Hill (1775) and in September had taken New York City. So confident was he that he agreed that General Cornwallis could be spared to return to England.

George Washington, however, was far from finished. Noting that some 1,500 British troops (Hessians) were stationed at Trenton, secure in their belief that there was little danger, he gathered a fleet of flat-bottomed boats and about 2,000 Continentals and planned a surprise attack.

On Christmas night in 1776 this force gathered across the Delaware River at what is now Taylorsville. Next day they crossed and fell upon the celebrating Hessians, and in a bitter fight took a thousand of the remainder.

Though General Howe was yet to win victories (he took Philadelphia in 1777), Cornwallis was recalled and it became

apparent that Washington's army was not finished. Hope and morale among the Continentals was rekindled again—and never died.

To such triumphs as the Battle of Trenton we owe our independence as a nation today, and every American should remember the men who fought and died and won, for the cause of liberty and independence in those days, in the Battle of Trenton.

## Let Us Hear ALL Sides

We are civil defense-minded. We agree with those—National Armaments Commander Edwin P. Fife, for example—who think it is worthwhile and necessary to take steps to protect ourselves against nuclear warfare. We see eye-to-eye with those who advocate making every effort to prevent and outlaw war by negotiation—while at the same time taking the realistic precautions demanded by an untrusting society of nations.

We disagree with those who say that fallout shelters and civil defense are senseless and futile and that all hope for survival should rest upon persuading every nation in the world of the uselessness and wastefulness of war—whether it be "limited war" or all-out World War Three.

Just as strongly do we feel about our right—our duty—to defend ourselves, so do we believe in the right of those who disagree with us to have their say with all the publicity and prominence accorded to our own views.

In this spirit, we urge all our readers to make every effort to attend the discussion on "Survival in the Nuclear Age" December 13, under the sponsorship of the local unit of the Committee for a Sane Nuclear Policy.

## Communication Lines

Educators presently face one of the most challenging tasks of all time. Their success or failure may well provide the answer as to which side will ultimately win the cold war.

That the Kremlin understands the importance of education has been indicated again by its recent action to step up the Soviet boarding school program. This program takes the child away from the mother's influence early in life and allows the complete absorption of interests and ideas from teachers soaked in Communist doctrine.

The great importance of this, for the West, is that thus these children will not have an objective knowledge of the world, but will learn what fits the Soviet aims. Western educators must therefore make a special effort to keep open all possible lines of communication and discussion between students of the Communist world and our own free society.

The increased allotments for education of foreign students in U.S. schools should greatly help in this task. Some 53,000 students from almost every nation were enrolled in U.S. colleges and universities last year. Only a few were from Russia. An effort should be made to bring more Russian students to this country—and, by the same token, to send more American students to Russia. Democracy could only benefit from an increase in the flow of students to and from both countries.

## Post Office Braces For Rush

The Post Office is getting ready for the merry merry-go-round of delivering Christmas greetings from your house to friends and families all over the land, including your next-door neighbor.

According to Newark Postmaster L.A. Reilly, as you start on your mailing list, avoid disappointing friends and loved ones at Christmas time by taking a little care with your Christmas mail and follow these simple rules:

Mail early and often.  
Always use a return address.  
Use first-class postage. It pays!  
Use zone numbers.  
Address mail correctly, clearly and legibly.  
Mail before December 16.  
Insure articles of value.

For faster delivery: Separate and bundle mail to "Local" and "Out-of-Town". In the Newark Postal District, "Local Mail" consists of mail for the City of Newark and the Towns of Belleville, Nutley and Irvington.

Local and Out-of-Town labels are supplied FREE at Post Offices.  
Wrap gifts securely—avoid breakage.  
For distant places, use airmail.  
Use Special Delivery for prompt handling and delivery to distant places.

## Doubts Alternate Plan Considered By School Board

To the Editor:

It has been said that the people of Belleville are not interested in providing their high school students with additional room to alleviate overcrowding and to provide them with a better education.

I would like to answer those critics with the following questions.

Have the people of Belleville been given more than one choice? In reality the alternatives thus far have been, (1) the erection of a new high school, or (2) nothing at all. If the elected officials of the Board of Education would respect the voter's mandate, and realize that their insistence on a new high school has created the shameful publicity about Belleville, they would present the voters with an alternate choice of an addition to the present high school building.

NOT CONSIDERED

However, it appears that the School Board and architect realize that their lack of consideration of such an alternate choice could undermine the Dec. 21 referendum, and have announced that an addition to the present high school would cost more than a new high school. These figures can not be contradicted since detailed estimates have not been presented yet. But it seems that there would be many who would doubt that an addition to house the overflow students costs more than a new building to house all of the high school students. Finally, since the referendum of Dec. 21 had already been set by the School Board, consideration

## Beck's Column

Every once in a while a customer jokingly asks: "What's new in TV?" Everybody always seems to be looking for something "NEW." That seems to be a magic word.

Well, there are a few things. One important improvement is the elimination of constant re-adjustment of the line tuner. As a rule there is a ring in back of the station selector which requires readjustment every time the station is changed. On present sets this fine tuning is done once, at the time of the installation, and then it does not have to be done again for months.

Another worthwhile improvement is the "MAGNA-LUX" feature on Magnavox TV sets. This consists of a photo cell which automatically adjusts the contrast and brightness of the picture tube. This feature eliminates the need for re-adjustment of the contrast and brightness controls, as one switches stations.

Both improvements described above at last make possible a truly one knob TV set. All you have to do is turn the set on and turn the station selector. There are not even any other knobs on the front panel. It should be mentioned that only Magnavox offers such a set.

Another old friend, the 27" picture tube, has re-appeared. We have sold many 27" sets years ago. For a while there were no 27" sets on the market. Last year Magnavox came out with this size again. The tube is much shorter and amazingly enough, it costs less to replace than a 23" tube. People are really taking to it. If you are in the market for a new TV set, we would suggest that you look at a 27" set. They cost hardly any more than smaller screen sizes.

We service what we sell.

## Lists Added Values Of United Fund; Scores Non Contributors

To the Editor:

Having been one of those who helped to organize the United Fund of Belleville and for the past two years as Chairman and Vice Chairman of the campaign, it is disheartening to again see Belleville at the bottom of the heap, making the poorest showing of any community in Essex County and a few in Union County as indicated on the bar graph in the Sunday Newark News.

Whatever the reason or reasons for this disgraceful showing it certainly is not to the credit

ple will feel that only the United of the town and while many people and the agencies which they support will suffer, actually everyone, every businessman and every property owner has suffered a loss by this failure to meet our goal.

It may interest those who have not yet given to know that industries, financial and other organizations, in selecting a community in which to establish a business or an industry have a standard measuring rod to determine what communities to select. High priority is given to the extent to which a community supports its welfare organizations for industry knows that these services help to build stability that employees when in difficulty are less apt to be absent from work when they can find readily available such services as are rendered by the United Fund social agencies. Industry also knows that when such agencies as the Boy and Girl Scouts are well financed juvenile delinquency drops. Then too when services such as the agencies render under voluntary contributions fall then the slack is usually taken up by government, and no escape of government can ever do anything as efficiently or as inexpensively as a private organization, and the increased cost appears on your tax bill.

Yours truly,

## Says Educational Advances Need New High School

Dear Sir:

When I have talked about Belleville's need for a new high school many citizens have stated that they didn't have fancy trimmings when they were kids and they received a fine education. This stopped me as, indeed, they had a good point and I had little argument.

A few weeks ago I was having coffee with a neighbor when I heard a loud racket going on in her cellar. "Oh, that's my son," she said. "He's dissecting a ram's head for science class. He's removing the brain and eye-balls for study."

"A ram's head?" I said, choking on a cookie.

"Yes," she repeated without blinking an eye. "Not too long ago a girl dissected a cat, and had it preserved in alcohol."

Her son is in the seventh grade.

MORE TO LEARN

As I remember the big deal made over our dissecting a worm in second year high school Biology class when I attended dear, old, I repeat, old BHS in the forties, I realized I had my rebuttal to those who say, "When I went to school..." "Yes," I shall simply say, "but this isn't when you went to school. Kids have a lot more to learn now."

days than we did and they start learning it a lot sooner. I doubt very much that you can argue that our children aren't a lot brighter than we ever were."

Belleville needs a new school. There is no if, and or but. We need it and we shall get it despite the Tax Council, despite the oldsters that live in the past instead of the present and despite those who just don't bother to get out and vote. We responsible parents who love our kids will surely not let our town down again.

Very truly yours,  
MRS. CHARLES ROBERT, JR.

Miss Mary Anne Philipbar  
Bride Of Thomas J. Reid

In a late Saturday afternoon ceremony in St. Mary's Church, Nutley, Miss Mary Anne Philipbar, daughter of Mr. and Mrs. Carl J. Philipbar of 394 Stephens Street, exchanged vows with Thomas John Reid, son of Mr. and Mrs. Robert Reid of 35 Mertz Avenue, Belleville, on Dec. 2.

The Rev. John M. Golding officiated, and Mrs. Henry Salsky, church organist, played. The reception was held at For Hills Restaurant, Newark.

Mr. Philipbar gave his daughter in marriage. She wore a gown of white satin brocade with V neckline, long sleeves and bouffant skirt. A pearl and crystal crown held her triple-tier veil, a she carried white orchids on a white prayer book.

Maid of honor for her sister was Miss Kathleen Philipbar of Belleville. Acting as bridesmaids were Miss Helen McGraw and Miss Marilyn Reid of Belleville, the bridegroom's sister, Brian Philipbar of Belleville, the bride's nephew, was ring bearer.

Gold velvet and chiffon short length dresses were worn by the attendants, featuring full skirts, scoop necklines and three quarter sleeves. They had pearls around with veils and carried rust and gold mums with oak leaves.

Serving as best man was Hugh Clark, Jr. of Belleville, and ushers included Gerald Keenan of Belleville and Jesse Loyble of North Arlington Heights.

Mrs. Philipbar was gowning in a brown and gold lame sheath, and Mrs. Reid chose for her son's wedding a royal blue satin sheath. Each had accessories to match and an orchid corsage. The couple was graduated from Belleville High School. The bride is employed by Mansel Ceramics Co., Belleville. Her husband, a graduate also of the School of Commercial Art, Newark, served with the U. S. Air Force. He is associated with Westfield Sheet Metal Co., Kenilworth.

# Wanted: A Job

BY MARLISE JAMES

The upcoming Christmas season has brought a small epidemic of try-to-find-a-jobitis among many girls at Belleville High.

Some lucky girls like Joan Hoffman, Joyce Fiermosca, and JoAnn Cargio, already have jobs. Says Joan, "It was easier to find a job than I expected it to be."

Others, like Angie Cuozzo who baby sits and Ginnie Cuzzi who's a clerk, have permanent or semi-permanent jobs and don't have to worry.

Still others, like Alleen La Mura and Ruth Geppner, who have good averages to maintain, feel they couldn't hold jobs and keep their marks, too.

They are many girls in the same spot as Judy Tremel, whose birthday is the day before Christmas, who are too young to get a job.

Then there is a whole mass of girls who want to find jobs but just can't seem to succeed. Included in this group are Loraine Augusto, Cathie Jensen and me.

**JOB HUNTING**

With me, job hunting has become a hobby. It's very easy to apply for a job. Walk into a personnel office, usually a 2 by 2 foot cubbyhole on the 13th floor. Then come face to face with the personnel director, who inevitably fits into one of three categories.

She may be a 55-year-old blond, busily filling her time with cold eyes over a diamond studded cigarette holder. At a glance she might get the attention she's been demanding from the stock boys. So she coldly says "we don't hire anyone in school. We want responsible adults working after school."

Or she may be an angelic, white haired woman, who gladly gives you an application blank then admits, "I can't tell whether I'll need help around Christmas, come back in two weeks." You

# Staubitz Cited For Advertising Sales

Robert H. Staubitz of Belleville has been cited by the New Jersey Bell Telephone Company for topping his Yellow Pages advertising sales quotas during 1961.

Staubitz, who lives at 39 Branch Brook Drive, Belleville, is a directory advertising salesman in the company's Orange district, which covers Essex, Hudson and Warren counties.

He has been given an award by Thomas E. Penton, directory advertising sales manager, for "outstanding sales performance."

Highlight of the program will be consideration of actual applications, of three years ago, by simulated admissions committees composed of high school counselors and Rutgers admissions officers.

# Bellboy Cagers Open Season Against Garfield Tomorrow

By ROGER WARTELL

Belleville High begins its 1961 basketball season tomorrow when it meets Garfield away. The Bellboys have a young team this year, which could pull a few surprises if they click as they have been in practice. Coach John Westlake said that while the squad looks good during training they have not played to best of ability during scrimmages.

The Belleville cagers have

scrimmaged against Irvington, Teah, Verona, Central, Glen Ridge, and Weequahic. Of these five games Belleville has come out on top in three of them and looked bad only against a big Central five. The Bellboys don't have a great deal of height on the team and this has hurt under the offensive boards. Coach Westlake has used a zone defense in order to make up for this lack in height, and how well it will

succeed will be found out tomorrow. The Blue and Gold don't have any returning lettermen this year, and will have to bank on an unseasoned group of boys. The squad consists of 12 players with four seniors and eight juniors. Ray Hackett, Mike Chieffo, Tony Raimo, and Joe Petrillo make up the seniors on the team. Raimo saw a good deal of action last year and will probably have one of the starring berths. Of

the juniors Bob Van Dyne, Dave Hatch and Bob Evers have been most consistent during practice and they will be likely starters. The other members of the squad are Richie Luzzi, Ray Harmon, Roger Gasione, and Fred Carullo, and Marty Levin.

Belleville's offense will center mainly around a rotating one-three-one zone. They will make use of a fast break and use speed to compensate for their lack of height.

## sportimes

By ROGER WARTELL

Belleville High is adding a new sport to its many interscholastic activities this year with the formation of a wrestling team. This will be the first year that the high school will have wrestling on an interscholastic level and although it is not on a varsity basis, it should draw a lot of interest. Last year Belleville had its first taste of the sport at an intramural event with the turnout proving very successful. Coach Stanley Scher is now conducting tryouts for the squad and is hoping to make Belleville's first record a respectable one. Complete coverage of this sport will be given in the future and further information on the tryouts will be given as soon as it is received.

Although Belleville's cross country team didn't have a successful record this fall one of the Bellboy harriers did quite well in county and state meets. Jim Harvey, a junior, showed his worth as he came in fourth in the county meet out of over 150 entries.

# Jolly Cleaners, Varsity Club Are Undefeated Rec. Champs

In the Recreation Heavyweight Football League a great Jolly Cleaners team finished undefeated and untied. Federal Industries, last year's champs, bowed to the Jolly Cleaners in the last game of this season 10-6. This game was no push-over for Jolly's but rather was a game where every yard was won only with a battle.

Jolly's scored first in the early stages of the game missing the extra point. Federal tightened up its defenses and held Jolly's to the 6-0 score through the first half. Again in the second half Jolly punched over a T.D. and the point after to raise the score to 13-0. Federal Industries lashed back for its only T.D. on a long breakaway run by its wingback. One more touchdown was scored by Jolly's in the closing stages of the game bringing the final score to 19-7.

Chet's eleven clinched second place with a win over the American Legion 25-0. The Legion just couldn't cope with Chet's powerful offense. This loss placed the Legion in a tie for third place with Federal Industries.

The Varsity Club, in the Light-weight League, closed its season by defeating the batting Slick Club in a 19-13 thriller. This win gave the Varsity Club the Championship with an undefeated record. Perhaps the major upset of the season was scored by the Kiwanis as they stormed over the

Dronke, who completed basic training at Fort Dix, is a mechanic in the Radio Controlled Aerial Target Battery of the First Guided Missile Group at Fort Bliss.

The 1960 Belleville High School graduate was employed by Tiffany & Co. in Newark before entering the Army in March 1961.

## Arthur V. Caruso

Private Arthur V. Caruso, 28, has been assigned to O Company of the Second Training Regiment of the U. S. Army Training Center, Infantry, for eight weeks of Basic Training.

Mrs. Arthur Caruso of 47 Norton Street was graduated from Bloomfield Senior High School.

# Full Rec. Winter Swimming Program Announced After Complete Survey

Plans for a winter swimming program to be conducted by the Recreation Department are being made as the result of a survey conducted by the Superintendent of Recreation, Robert Cook.

The swimming program will be conducted at the Friendly House pool which has been leased by the Recreation Department. The pool has all new filter and chlorinator units and is well heated, a spokesman said.

"Learn to Swim" classes are being set up for girls on Tuesday evenings from 7 to 8 and Saturday mornings from 9:30 to 10:30. Boys' "Learn to Swim" classes will be conducted on Saturday afternoon from 1 to 2. Notices are being sent to all those who filled out questionnaires in the survey. All others may apply by calling the Recreation Office.

Open swimming will be conducted for girls on Tuesday evenings from 8 to 9:30 and Saturday mornings from 10:30 to 12. Boys' open swimming will be from 2 to 4 on Saturday afternoons. Open swimming for boys and girls will be on Friday evenings from 7:30 to 9 with dancing afterward.

Those still wishing to register have been urged to do so immediately so that the program can be started as soon as possible.

It is the goal of the Recreation Department to prepare Belleville boys and girls for a safe and joyful summer by making them reliable swimmers before next June," Commissioner George F. Kiernan, director of Parks and Public Properties, said in announcing the program.

## Beply's Keeps Top Slot

Beply's kept its first place despite a three-game win by Lardiers. Louis Viola Co. lost three games to Cory Circle and Circle Bar took three from Nan's Beauty Salon, putting them in a tie for fourth place. Christians Restaurant trails behind by a half game after winning two from seventh place Joseph's.

Rita Vaccaturo of Nan's Beauty Salon rolled 214 high. Louise Slack and Elizabeth Fenn are tied with a 211 high.

# Belleville's Fancy Steppers

IN UNIFORM FORMATION — Left to Right — Front row—Mary Conklin, Barbara Underwood, Julie Motzer, Judy Tremel, Barbara Kraly, Bonnie Cook, Sarah Posta, Joan Hoffman, June Underwood, June DiRienzo, Judy Van Demark, Paula Zacccone, Middle row—Phyllis Clemente, Co-Captain; Barbara Bailey Drum Majorette; Elaine Lanfrank, Co-captain. Back Row: Roseanne Posta, Arlene Schiavone, Karen Cliffi, Mary Jane Richter, Sharon Mooney, Jo Ann Thalheimer, Mary Lou Davies, Lenore Carney, Carol Colehamer, Gay Anderten, Jane Witte, Marcia Peck. Absent from picture: Grace Hucoko and Kathy Bailey.

By MARLISE JAMES

The band starts playing — the crowd is cheering — and the twirlers march out on the field, led by drum majorette, Barbara Bailey and co-captains, Elaine Lanfrank and Phyllis Clemente.

How does it feel to march out there? "Great," says Elaine. "Especially if you work with the twirlers." Adds Barbara, "Phyllis shudders, 'cold.' But even with a few disadvantages, they say twirling means 'everything' to them."

Barbara says she's gained "the ability to work with and understand people" from twirling and Phyllis says she's gained "patience." She adds, "and I've

learned how to teach people." What about popularity? They all agree with Elaine that "more people know you."

What have they learned from the experience of working with the twirlers? Barbara says she's learned how many "different personalities" there are.

**ADVICE**

These three girls qualify to give prospective twirlers advice. "Good luck," says Phyllis. Barbara advises "Practice your strut." They agree they started practicing twirling between sixth and eighth grade. Elaine says it was "definitely" hard to make the squad. And they all agree they were nervous at tryouts,

Any way to calm down Phyllis finds "none that we know of." Has twirling "improved their school spirit?" Yes, they agree, it makes you want to back the team.

Other twirling activities include, band concert, marching in parades and teaching at the American Legion. Barbara proudly points out they march in every parade that Belleville has. "It's tiring," admits Elaine. "It's cold," adds Phyllis.

With cold and fatigue and nervousness and excitement, do they ever forget their routines? Elaine and Phyllis readily agree, "always," Barbara says the best

remedy is, "Let's improvise a little, girls."

**Squatrito's 193 Average Leads CYO League**

St. Anthony's Vincent Squatrito leads all bowlers in the Essex County CYO's Intermediate Bowling Leagues with a sizzling 193 average. The 1960-61 individual leader also sparked Holy Family to a perfect six and zero record.

St. Anthony's girls are tied for second place with Holy Family, Nutley, in the Girls A League, while St. Anthony's II is fifth in the Girls' B League.

# Friendly House Spotlight On "Memories Of The Yesteryears"

ONSTAGE — From left to right, first row: Anita Devenato, Rose Marie Stella, Marsha Sibilla, Charles Cuozzo, Carmelita, Connie Carrione, Karen Anderson. Second row: Virginia DeGirolamo, Jane Cuozzo, Pat Renna, Linda Conklin, Beverly DelGuercio, Carol DeMeco, Mariann Marra.

"In the Good Old Summer-time," sung by the full cast brought up the curtain on "Memories of the Yesteryears," a musical revue presented by the Recreation Department's Girls and Boys Club.

Jane Cuozzo gave the welcoming speech for the show at Friendly House on Saturday evening, Nov. 18.

Virginia DeGirolamo, Jane Cuozzo, Anita Benenato, Beverly DelGuercio and Rose Marie Prava then delivered a Musicians Act. Rose Marie Stella, Charles Cuozzo, Marsha Sibilla, and the chorus did "The Man on the Flying Trapeze." Anita, Jane, Virginia, Rose Marie and Beverly did the "Can-Can" to "Ta Ra Ra Boom De E." Rose Marie and Marsha introduced the Friendly House Trio consisting of Dennis Fischer, Gary Coccoalo and Michael Stella, who sang "I Wonder What's Become of Sally" and "Ain't She Sweet." Ballerina

In the "Ain't She Sweet" number was Charles Cuozzo, "Ballin' The Jack" was next; the girls in this were Karen Anderson, Linda Conklin, Virginia DeGirolamo, Anita Benenato, Mariann Marra, Connie Carrione and Beverly DelGuercio. The entire company sang "Mett Me Tn-ight in Dreamland."

**COMEDY ACT**

A two-woman comedy act with Connie Carrione and Rose Marie Prava, ending with the girls singing "I'm Forever Blowing Bubbles." Then the trio, Mike, Dennis and Gary, assisted by choir voices of Linda Conklin, Karen Anderson, Carol DeMeco, Rose Marie Stella, Marsha Sibilla presented, "Pretty Baby." Next on the program was Connie Carrione and the entire company with "Be My Little Baby Bumblebee." Charles Cuozzo added to the visual with a dance to this number. Jane Cuozzo and Pat Renna did a dance specialty to "Tea For Two."

The finale was the entire company and the audience singing

Mrs. Mc Spirit B.P.W. "Member of the Month"

Mrs. Gertrude McSpirit of Belleville was chosen "Member of the Month" at the November dinner meeting of the Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley.

Mrs. McSpirit is a cost analyst with Westinghouse Electric Co. Belleville. She is currently chairman of international relations with Tri-Town, and is a member also of the Women's League and Davis Guild of Grace Baptist Church.

Mrs. Santa Claus

The annual Christmas party for members of Younginger - Alden Jr., Auxiliary, 275 will be held in Veterans' Hall, Belleville Avenue at 8 p.m. Thursday, Dec. 14, following a short business meeting for the payment of 1962 dues.

Mrs. Santa Claus will preside at a gift exchange. Refreshments will be served and games will be played. Mrs. Victor Marogliese is chairman, assisted by Mrs. Ann Walster, Mrs. Michael Resciniti and Mrs. Matthew Nie-seiki.

MUSIC TO BE DISCUSSED

"Music and the Pre - School Child" will be discussed by Mrs. William Herb, in the Teacher's Lounge at 8:30 p.m. at School No. 3 on Dec. 11.

Refreshments will be served by Mrs. William Drexler and Mrs. Herb.

## Patty Ann Scott Becomes A Scout

At formal induction ceremonies Tuesday, Dec. 5, at the Cerebral Palsy School and Treatment Center in Belleville, Patty Ann Scott, 8, of 30 Lavergne Street, became a member of the first Girl Scout Troop of handicapped girls in Essex County.

The Brownie Troop, one of less than a dozen special troops for physically disabled scouts in New Jersey, is led by Mrs. Nathan Vernick of Newark, former presi-

dent of the Newark Charity Council for Cerebral Palsy.

Patty Ann, one of the seven new members, all of whom receive treatment at the center, was presented with her Brownie pin after reciting the Scout promise. She is the daughter of Mr. and Mrs. Thomas Scott.

The children, who have been working for six weeks for entrance into Girl Scouts, have been trying hard to keep up with regular Brownie activities. They can salute the flag in proper Girl Scout fashion. They are learning now about nature from birds nests and leaves gathered by the Brownies. Service to others is part of their program, just as in other Scout groups. Last week the girls began sewing aprons for their mothers as Christmas gifts.

Of the seven Brownies, who are seven to ten years old, two are in wheel chairs and one cannot speak.

**Mrs. Raimo Heads Barbone-Mosco Auxiliary**

The Ladies Auxiliary of Barbone-Mosco Post No. 7, Italian-American War Veterans have elected Mrs. Esther Raimo, president; Mrs. Bill Marcollese, vice president, Mrs. Adele Palumbo, treasurer; Mrs. Charles Stavale, conductress; Mrs. Frank Venezia, chaplain; Mrs. Mae Benenati, secretary.

The joint installation will take place some time this month when the new home is completed, the first time in the history of the post that a husband and wife team will be installed for the year of 1962. Plans have been completed for a Christmas party for the children at the post home, and one at the East Orange Veterans Hospital.

# But, this never will happen.

Even though they are losing mon-  
ey, the emergency room, the  
clinics—and the entire out-patient  
department for that matter—  
save lives. The humanitarian ef-  
fect cannot be measured in dol-  
lars and cents.

The past 15 years have seen  
a remarkable change in the out-  
patient departments of all hospi-  
tals. The out-patient is one whose  
treatment does not require over-  
night stays. Those admitted to  
the hospital are in-patients.

# With vast strides in medical

science and treatment, the role  
of the out-patient department has  
become increasingly important.  
Many of the treatments that  
once required overnight hospital-  
ization now are handled by the  
out-patient department.

# According to the New Jersey

Hospital Association, the rate  
of growth has been more than  
amazing. Throughout the nation  
clinics and emergency services  
are being utilized more and more  
each day. At one hospital treat-  
ments in the out-patient depart-

# ment have risen from 8,740 in

1946 to 32,633 in 1960, an in-  
crease of about 375 per cent.  
Other hospitals have seen the  
same change.

# What was a one-room emergency

area at one hospital in 1946 is  
now a complete and fully eq-  
uipped department. In 1946 there  
were three registered nurses and  
a student nurse on duty over a  
24 - hour period. Today, over  
the 24-hour day, eight registered  
nurses, two aides, a licensed  
practical nurse, an orderly and  
eight students work over the  
three shifts.

# New techniques of anesthesia

have made it possible for for-  
mer in-patients to be treated in  
the out-patient departments. Mi-  
nor surgery, such as the removal  
of cysts and ingrown toenails,  
can be accomplished and pa-  
tients may not need to stay over-  
night. It wasn't always this way  
a few years ago.

# Changes in thinking and vast

improvements have made the  
out - patient department more  
than just one of emergency ser-  
vice. At one hospital, the num-  
ber of clinics has more than  
doubled since 1946. In other hospi-  
tals, the rate of additional ser-  
vice is even greater.

# Today, at the same New Jersey

hospital, there are 17 dif-  
ferent clinics. Some are open  
every day, others twice a week.

# All are staffed by qualified phy-

sicians and hospital personnel.  
The pre - natal and pediatric  
clinics, which held hours twice  
a week in 1946, are now open  
every day.

# Some hospitals in New Jersey

have hearing and speech clinics  
as well as psychiatric, eye, ear,  
nose and throat and dental clin-  
ics, to name a few.

# Another vast improvement is

in the field of physio - therapy.  
Each year, more and more em-  
phasis is put on the speed in  
which to get patients back to

# work and complete recovery. Al-

though the physio-therapy depart-  
ment is generally situated in the  
out - patient area, all hospital  
patients needing this type of  
treatment are handled.

# Today, the out-patient depart-

ment of the hospital is respon-  
sible for placing casts on many  
patients. In the past, many of  
the bone break victims were ad-  
mitted to the hospital.

# While the rate of care in the

emergency room at the one hospi-  
tal has increased nearly four-  
fold over the past 15 years, the

# increase of service at the 17 dif-

ferent clinics has been stagger-  
ing. In 1946, 1112 persons were  
treated at the hospital clinics.  
In 1960, that figure had risen to  
more than 12,000.

# The rapid rise in patients treat-

ed also means more and more  
trained hospital specialists and  
other personnel. For example,  
the business section of the out-  
patient department has risen  
from one to 11 people over the

# past 15 years at one New Jersey

Hospital.

# More services are available. At

hand, at all times in the emer-  
gency room, is a cardiac pace-  
maker that can electronically stim-  
ulate a stopped heart to life by  
electronic impulse. Cardiac  
trays are utilized for emergency  
heart treatment and tracheosto-  
mys can be performed at a mi-  
nute's notice.

### Democratic Club Plans Holiday Festivities

The Democratic Club of Belleville made plans at a recent meeting for a Christmas party, which will be held on Dec. 17, at Parnillo's, Vincent Strumolo and Miss Marion Malcolm are chairman and co-chairman for the affair. Cocktails will be served from 6 to 7 p.m. with the dinner following.

Members will be given invitations at the next regular meetings. Tickets will be sold to non-members.

The club instructed Mrs. Emil Senatore and Strumolo at the last meeting to donate proceeds from the fall fashion show and card party to charity. Checks have been sent to the Cerebral Palsy Center, Crippled Children and North Essex Child Guidance.

### Don't Drop Woolies!

It is advisable to continue wearing the "woolies" mentioned in last week's item, for the Old Farmer's Almanac has this to say for the coming week: "Gale and tide the beaches ride." Sounds windy, does it not?

It happens or happened this week.

Today, Thursday — Pearl Harbor Day.

Saturday, Dec. 9 — Woodworth, author of "Old Oaken Bucket," died, 1842.

Tuesday, Dec. 12 — Feast of the Virgin Mary.

Walnut—Model RC1611.  
With AM/FM/Hi-Fi Stereo Tuner—Model RC1616.

There's no other stereo console quite like it! The unique, drop-down change and swing-out speakers permit a remarkably thin, compact design. And, you get the flawless, full sound of top-notch

the  
Sophisticate  
STEREO  
CONSOLE

high fidelity. It "fits in" anywhere... large or small living rooms... your private den... or the weekend lodge. Even mounts on the wall. It's the newest look in stereo.

THE SHOREHAM—Mahogany (Model RC1245-1255), Walnut (Model RC1246-1256), Maple (Model RC1247-1257).

THE SHOREHAM  
STEREO CONSOLE

Distinctive in styling... and in sound. A truly remarkable high-fidelity stereo console.

Big 4-speaker system—two 10-inch woofers, two tweeters, mounted for wide stereo separation.

12-watts music power amplifier provides wide frequency for full orchestral sound...

All-wood Cabinetry—solidly suppresses sound distorting vibration.

AM/FM Tuner—(optional) can be adapted for the new stereo (multiplex) broadcasting.

4-speed changer with genuine diamond stylus.
