## Commission Majority Orders Mayor Padula To Assess Former Synagogue Property

Assessment Effective From July, 1960; Filed With County Tax Board

The commission majority voted at a special meeting yesterday to tax former synagogue property now Gruhin-owned, retroactive from July 1, 1960. The decision was made on the theory that on that date the tax-exempt purpose of the property terminated.

Commissioner Robert C. Gruhin asked Mayor Isadore J. Padula for a meeting with him and the tax assessor, Emanuel DeNoia, and town attorney, Thomas D'Avella to discuss assessment of the property. Padula called the meeting and included the commissioners. Gruhin failed to attend.

Commissioners Kiernan, Pico and Sullivan ordered Padula to request William J. Friel, tax collector, to ask the County Board of Taxation to include the former tax-exempt property on the tax rolls. Friel made it clear he signed the order on request only. "I don't feel it was my obligation to see that it was done," he said. "I can't collect something that hasn't been assessed." D'Avella said by law, Friel's signature was needed.

A deed for the property was registered in the County Hall of Records, naming Pauline B. Gruhin owner. The deed is dated Dec. 1, 1960 and was registered Dec. 6, 1961, according to records.

## Parking Banned On Mill Street; Paving Gets Veto

An ordinance forbidding parking on a section of the westerly side of Mill Street between Washington Avenue and Dow Street was passed by the Town Commission at Tuesday night's meeting.

The ordinance was altered to exclude the area until 160 feet from the corner of Washington Avenue. Mayor Isadore J. Padula cast the only negative vote because he considered the alteration to be a major change, requiring the measure to be advertised and to come up for another first reading.

The commission rejected by a vote of 5 to 2 an ordinance to authorize construction of concrete curbs and paved shoulders on a portion of Joralemon Street. The ordinance, which would have cost \$8,700, had been fought by Rutan Estates Home Owners Association. The improvement would have been a local improvement, assessed against the local owners. Commissioners Robert C. Gruhin and Harry J. Sullivan were for the measure.

At the last meeting Gruhin explained the ordinance was part of a complete plan to improve curbing on all of Joralemon Street. Commissioner Nuncio R. Pico and Mayor Isadore J. Padula

## St. Anthony's School Sponsors Yule Program

To welcome the new year and begin the Yuletide holidays, a Christmas program will be sponsored by the children of St. Anthony's Parochial School, in the school auditorium Thursday afternoon, Dec. 21.

Entertainment will be furnished entirely by St. Anthony's students. The Glee Club, under new director Norma Zarro, will make its 1961 debut with carols and hymns appropriate to the Christmas season. Comedy will be supplied by the Belleville Fire Department Trio, composed of Deputy Chief George Sharra and firemen Jerry Corbo and August DeFranza.

## Ten Minute Rule Stops Bass In Seconds As Gruhin Talks

When you are limited to ten minutes in addressing the Belleville Town Commission, John Bass, president of the Rutan Estates Home Owners Association, found at Tuesday's meeting you don't ask a question you think will be answered with a monosyllable. It might not be.

Bass was the first to receive the full restriction of the ten-minute rule, originally passed in 1954, which Mayor Isadore J. Padula said he would strictly enforce again because of the approaching municipal election. The mayor opened the meeting by

## Another Joy Of The Season

JOYCE ZENA

Miss Snow Queen of St. Peter's Church for 1962 is a soft-spoken 16-year-old who loves art and dancing. And, Joyce Zena shows talent for both.

Interested in design, "mostly sketching and drawing," she looks forward to a career in commercial art and design. Joyce won second prize for her entry in the last Belleville Cherry Blossom Poster Contest, sponsored by the Chamber of Commerce and the Recreation Commission.

Joyce studied ballet for five

years, part of that time with Miss Yaeoko Kaitani, a ballerina in Japan. She appeared on television here and now performs with the high school modern dance group for schools and local clubs.

## ROCK AND ROLL TOO

"I love rock and roll dances too, as well as classical and modern," she is quick to say.

Joyce is the daughter of Mr. and Mrs. Frank Zena of 119 Washington Avenue. She was born in Tokyo and came to this country when she was seven.

Joyce will represent the Newark Archdiocese in the Essex Snow Queen Contest, which will be held Jan. 20 at Seton Hall University. Votes in the contest are determined by the amount of tickets the contestant sells. "Whoever raises the most money has ever raised the most money has the privilege of being Snow Queen," Joyce explains.

And although she is soft-spoken, Joyce immediately announces, "I'm busy selling tickets now." She is also busy helping with plans for the Candy Cane Hop at St. Peter's on Dec. 27, a Christmas dance to raise money for the big contest in January.

## Belleville Man Proposes New TV Station In N.J.

A former Channel 13 producer-director closely associated with the recent effort to retain WJTV-TV in New Jersey announced yesterday plans to "fill the vacuum left by the loss of New Jersey's only TV station" with the creation of a new Ultra High Frequency outlet.

Ed Cooperstein, of 213 Branch Brook Drive, who was at Channel 13 for more than ten years and served as Gov. Robert B. Meyner's TV director for many years, outlined plans at a press conference in Trenton for a new commercial educational UHF station having for its aim "Serving New Jersey First."

The proposed station would bear the call letters WNJ-TV, he

## An Editorial

Jot This Date In Your Calendar

Thursday, December 21st

Every Belleville voter should make it a point to reserve a few minutes time on Thursday, December 21st to visit his respective school polling place for the purpose of voting on the proposal to construct a new high school for our children.

October 17th last this same proposal was defeated. Since then, the highly respected Middle States Association has blacklisted the Belleville High School by withdrawing our school from its accredited list. Belleville High is the first high school in Essex County to lose its accreditation. Quite a distinction, won't you agree?

Loss of accreditation means that our children will find it increasingly difficult to be accepted in the college of their choice.

For every college admission there are five high school graduates trying to enter. Everything being equal it is obvious Belleville High's loss of accreditation will make it impossible for some of our graduates to receive a college education.

As for those high school graduates entering the business world the fact that our high school is blacklisted by the Middle States Association must hurt their chances of employment.

Our pleas to our voters to reconsider their vote on the new school referendum is based upon our desire to insure for our children the right to a decent education. Is this too much to ask of our voters? Remember the date—Thursday, December 21st, and the hours are between 2 and 9 p.m.

## Rabbi Cohen Asks For School To Be Proud Of

Rabbi Victor Cohen, spiritual and educational leader of Congregation Ahavath Achim, reaffirmed this week his endorsement of the high school building program. He insisted citizens must not allow "any group will to undermine our Board of Education" to influence them against the referendum.

Although not mentioning any group by name, he described the group as one "willing to undermine our Board of Education with legal suits." The Citizens Tax Council, opponents of the new school, is seeking an injunction in a court action tomorrow to force postponement of the referendum pending a court hearing on their law suit against the board.

Rabbi Cohen had endorsed the

## Spatz Urges Preparation For Winter 'Travel-Ability'

With more than a hint of winter in the air, Chief George R. Spatz of the Belleville police department yesterday elaborated on a subject already discussed by him, and still on his mind—safety of local citizens as it depends on the efficient movement of traffic during severe winter weather.

"Measure there are going to be times this winter when the prompt arrival of an ambulance, a fire-truck, or a doctor's car will depend on those unsuspecting driver's good sense and preparedness," the chief said "and I hope to heaven he'll come through."

"Sometimes our life and health can depend just as much on open streets and highways as it does on the free-flowing blood in the unclogged veins and arteries of our bodies," he continued.

He described a situation which he said could easily happen in Belleville any time between now

and April.

## EMERGENCY

"Suppose you had a life-and-death emergency at your house in the middle of a severe snowstorm," he suggested. "And suppose the ambulance or the fire truck couldn't get through because traffic was hopelessly blocked by some fellow trying to drive without the necessary equipment. You wouldn't like that, and you wouldn't like that fellow blocking the way, either."

## Accreditation Loss Can't Be Ignored: Rutgers Official

## Crisp Calls Plan Sound And Wise

Allan H. Crisp, chairman of the Citizens School Building Advisory Committee, said this week he was never more strongly convinced of the soundness and wisdom of the school building program.

In a statement, Crisp said, "On the eve of a second, crucial school referendum, I want to speak over the heads of the opposition to those who have expressed confidence in my judgment. I want to speak to the many citizens with whom I have worked on various projects over the years—people who repre-

## Admissions Head Says Situation Being Studied

"When a school loses its accreditation, something has happened to that school. We will not ignore it. Although we don't know exactly what we are going to do about it, we cannot bury our heads and ignore it," Director of Admissions at Rutgers University, Dr. George Kramer, said this week.

"Our admissions committee has it under consideration," he said. "When a school has been on an accredited list and removed, this fact in itself is indicative that an admissions committee should look very carefully at the product of that school."

Belleville High School lost its accreditation from Middle States Association last month.

Dr. Kramer said loss of accreditation had been discussed before but the committee was looking into it "now that a specific case has come up." It is not Belleville, he said, but the situation that is being considered.

At a workshop on admissions last Thursday for Northern New Jersey high school guidance teachers, Dr. Kramer said Rutgers was making plans to evaluate high schools when accepting students for entrance.

## Kiwanians Learn Golden's Tips On How It's Done

Kiwanis Club members turned out last week to hear James R. Golden, critic of Belleville municipal affairs, speak on "Kiwanis Capacity to Improve Community Government." In his first appearance before the professional and businessmen's club, Golden prefaced his remarks with a short history of Kiwanis from its inception in Detroit over 44 years ago.

Introduced by former Commissioner Kenneth D. Smith, the speaker was allotted 20 minutes and touched upon responsibility of members of all service organizations to seek out facts on public questions and operation of governments on all levels. While it is against the policy of organizations such as Kiwanis to endorse specific candidates for office, Golden said members as business men and leaders of the community, should take a more aggressive stand on problems affecting the life of the public by governing bodies and representatives.

A certificate of appreciation was presented to Golden by the president of the club, Joseph G. Fell. A question and answer period followed.

**MERCURY ADDS MODEL**  
The new Mercury Meteor has been on sale only two weeks but already a new model with bucket seats is being readied for addition to the line in February.

Ben D. Mills, general manager of Lincoln-Mercury Division and a vice president of Ford Motor Company, announced today that the new addition to the line will be designated the Mercury Meteor S-33. The special two-door model will have individually contoured front seats separated by a console storage compartment, he said.

### TWO YEARS' PLANS

"Management and programming plans for a New Jersey station are the result of almost two years of planning and planning and planning," said Dr. Meyer in the recent Chan-Hipp, Executive Secretary of the WNTA-TV issue, I feel there is now a clear need for a station which would specifically serve Jersey citizens and the business community with educational, cultural and entertainment programming geared to New Jersey interests," Cooperstein said.

Cooperstein announced that the proposed station's programming would be composed of a New Jersey educational, industrial and professional group courses and shows; b) New Jersey women's, children's, community and news programs; c) General entertainment programming including drama, documentary and special interest viewing.

## Map Page

Turn to the map page in today's issue and note the feature picture.

One of the persons in the photo is singled out with a circle. Readers are invited to identify this person and the spot where the picture was taken. The first one to do so—by mail or in person at the office of The Times—will receive an award of \$5. Please note: Identification of the person and place must be made by coming to the office of The Times, 246 Washington Avenue, or by mail. Phone calls will not be accepted.

It is important in playing this fascinating game of identification to note these simple rules: 1) the winner must tell us who the person is whose photo is circled and where picture was taken. 2) Entries in the contest must be made in person or by mail. NOT by phone; 3) the prize will be awarded to the one who submits the first correct identification; 4) all decisions by The Times are final; only one entry per family is permitted; 5) contest deadline is 5 p.m. Monday. Failure to follow contest rules in all respects is cause for disqualification. If no one identifies the circled photo and the place where picture was taken, the prize money will be added to the following week's award.

Each week The Times staff photographer will take a similar picture somewhere in Belleville. Each week the picture will appear on the map page and be a beautiful observation. It can be then the proud of an accredited work fast. Be the first to come proud of the educational staff to our office with the right answer of Belleville and of Belleville! new school before the last referendum Oct. 17.

In his statement this week he said, "Dec. 21 will be an important day in the lives of every Belleville citizen. We will again go to the polls to vote for a new high school."

"The facts are now clear. Accreditation has been taken away. Let no one blind our eyes—accreditation is important—not only for colleges but for the morale of the students. To come from an accredited school is of the utmost importance to a student. The price for renovations to our present high school is exorbitant and will still give us a renovated building with standards still to be desired. Double sessions will give use to an increased budget and difficulties to the faculty."

### A MUST

A new high school is a must in Belleville. We must not allow any group willing to undermine our Board of Education with legal suits to tell us differently. We cannot afford to say later on—we're sorry. Now is the time. Belleville must progress and this is one way of doing it.

Let us not repeat the devastating action of last time. Let us be proud of a unanimous decision and then be proud of a beautiful observation. It can be then the proud of an accredited work fast. Be the first to come proud of the educational staff to our office with the right answer of Belleville and of Belleville! Remember, being firstville itself.

On Dec. 21, vote against self-

ish endeavors, vote against low standard school, vote against double sessions, vote for a progressive Belleville, vote for an accredited school, vote for a new high school, vote yes, you will never regret it.

cy is declared during a winter storm, authorize the arrest of persons who after this warning insist on driving without tire chains or even snow-tread tires. "We don't enjoy being severe about this problem, but we do understand the seriousness of it, and it is our duty to be prepared to cope with such emergencies by anticipating them."

"Right now I'm urging all vehicle owners, if they haven't already done so, to equip their cars so they can move them under severe winter conditions. A set of reinforced chains in the car trunk will do it, and when conditions aren't too bad a set of snow tires to give added traction in snow will certainly help. These recommendations are based on National Safety Council tests and are supported by the International Association of Chiefs of Police."

"We also hope to be able to give adequate warning to the public when weather conditions get too bad for unnecessary travel. Then, with good cooperation, we should be able to provide the kind of emergency protection our people deserve and demand."

"The understanding cooperation of all drivers, as I have said before, will be indispensable." The chief also mentioned lost wages, interrupted production, postponed deliveries, and other factors involving losses in the millions of dollars due to heavy storms in some parts, including his part, of the country last year. These, he pointed out, are added considerations, gleaned from recent harrowing experiences, which lend further force to the request for town-wide individual preparation for travel ability during the winter months.

remely reasonable and that we will get 'top dollar' value for our money. "There are times in a community's life when it can rise to greatness. We missed this chance in October, but I hope that the grave consequences which followed will give us the courage and determination to get out and vote yes next Thursday, December 21."

"I have never been more convinced of the soundness and wisdom of a civic betterment plan." BORN IN BELLEVILLE Crisp of 238 New Street, is a

native of Belleville whose family settled here in 1840. Graduating from Belleville High School in 1928, he received a Certificate in Business Administration from Rutgers University in 1939.

Crisp was Assistant Treasurer of Thomas A. Edison, Inc., in West Orange, prior to his reorganization as the McGraw-Edison Company, and is now affiliated with Federal Industries and Owens & Company in Belleville.

An active leader in civic affairs, he is chairman of the Belleville Tercentenary Committee, Associate Member of the Belleville Foundation, Trustee of the United Fund of Belleville, Member-at-large of the Belleville Committee, Robert Treat Council, Boy Scouts of America and Troop 301 committee member. He is a former member of the Board of Directors and Chairman of the Finance Committee of the Newark Junior Chamber of Commerce and served as Campaign Chairman for Belleville's first United Fund Drive in 1958.

He is a member of the Official Board and a Lay Speaker of Wesley Methodist Church and has been an active worker with many of the church for many years.

(Continued From Page 1)

be a widening gap in the quality of education that comes from the different high schools," he said then. "It is incumbent upon any admissions group, especially at a state university, to take this into consideration. We have to know the individual schools as well as we can."

He explained that Rutgers did not intend to evaluate and rank the schools in any numerical listing, but studies were being made in which products of a high school would be grouped according to their success at Rutgers. He said the studies would show in what areas a high school was strong and in what areas, weak.

"We have found students who performed better were the product of schools that were better able financially to support a program of improved education," he said. Studies show, he said, that a student who ranks 40th in a class of 100 from a high school in a suburban community performs equally as well at Rutgers as the student from a high school in a low-income industrial community who ranks 20th in a class

of 100.

**SCHOOLS ARE DIFFERENT**  
"Schools are different and we must evaluate that," he said again this week.

Grouping is important, he said, to decide the type of school and what type of communities schools represent. Even though class rank is reported, other things would have to be considered.

There are differences in the quality of a school program, which could be given some kind of rating, according to Dr. Kramer. These differences should be noted, along with the student's rank and college entrance scores.

Accreditation, he said, would mean the most when considering a borderline case. If a student applied to a college where no one, or very few students from his high school attended, that high school could not be evaluated by considering the performance of that school's students in that college. Robert T. Biuno, director of admissions at Rutgers in Newark, pointed out that coming from a high school without accreditation could hurt a student then because there might be no other way to judge the work of that high school's products.

All possible criteria must be used in selecting students for college, Dr. Kramer said, especially during the next five years when the number of applications will far exceed the number admitted. We want to know on what basis to accept these students and be able to judge how well they should perform, he said.

## Ten Minute

(Continued From Page 1)

the same question, and from there on Grubbin and the time clock continued. James R. Golden, 62 Tappan Avenue, tried interjecting a time-saving formula. Addressing Bass, Golden interrupted with, "Tell him to just say yes or no." But Grubbin ignoring both Bass and Golden continued, the clock continued and Bass was stopped. Padula refused to stop Grubbin despite Bass' pleas.

Grubbin asked if Bass had decided to "get on the bandwagon and annoy and harass Commissioner Grubbin?" There had been a continued process during the last six months to annoy and harass Grubbin," the commissioner continued. "First there was a paving contract," Grubbin said, and then "I was allegedly involved in a building scandal." He referred to a paving contract to which was extended from \$5,735

repair holes in Belleville streets, to \$14,879. The building reference was to former synagogue property, not included on the tax rolls, which synagogue sources said Grubbin purchased in 1960.

"We're running a respectable community," said Grubbin, "and people who come here to make malicious statements . . ."

"I haven't even made a statement," retorted Bass as his time got talked away by Grubbin.

Grubbin called statements against him, "malicious lying with intent to slander." They are, he said, "filth from the gutter."

He cited a case at law in which a sale was made in 185 and the deed not recorded until 1874. Grubbin had been accused of not filing a deed. He pointed to a sale of former synagogue property used as a parsonage, which was sold to Salvatore and Ann Martorelli. They received a tax bill in December 1960, he said. "That's the law." Their bill came a year later, he said.

"All this fuss and inuendo is phony and a shallow situation," he said. Grubbin insisted he paid higher taxes for similar property in some cases than his neighbors.

"The commissioners should be commended instead of annoyed and congratulated instead of criticized" for the work they do, said Grubbin. They show "faith and confidence and hope that the Town of Belleville will become a wide-awake community." For their work the commissioners receive "a minimal stipend and an abundance of criticism," he concluded.

By this time, Bass had retired to a seat in the back of the commission chambers. His time had passed, the timer bell had rung, Grubbin had talked and what Bass had to say was silenced.

"Belleville must hang its head because no longer can Democracy rear its head," Golden began his ten minutes. He charged Grubbin with an irregularity on the department of public works payroll. Golden claimed about 33 workers were being paid for a 44-hour week and only worked 42½ hours. He said that up until two weeks ago workers only put in a 40-hour week, but were still paid for 44 hours. Grubbin answered that former commissioners Patrick K. Waters and Kenneth E. Smith paid their employees the same way, "always on the 44-hour week."

### BASS WILL SPEAK

John Bass said he would make the statement "Grubbin stopped me from making at the meeting" through next week's Times-News.

## Questions Still To Be Answered

On November 13th Commission critic James Golden at a regular meeting of the Town Commission raised certain questions concerning the omission from the tax rolls by Padula's Revenue and Finance Department of a certain piece of property.

In that regard we included Golden's questions in a Page One editorial. As of this writing we have heard much oratory from both Padula and Gruhin but for some strange reason they have failed to address themselves to Golden's questions.

In the belief Belleville taxpayers, James Golden included, have a right to the answers we reprint in full the editorial of November 13th. And in addition we include questions civic leader John Bass has asked and to which no replies have been received:

### NOVEMBER 16th EDITORIAL

Commissioner Robert Gruhin, at the Town Commission meeting held Monday morning, refused to answer questions put to him by James Golden concerning the tax exempt status of property located at 317-319 Washington Avenue. Golden attempted to learn if Gruhin bought the property a year ago.

Gruhin contended the subject under discussion was his personal business and Golden was at liberty to visit Gruhin in his law office at any time Gruhin would be pleased to answer questions.

Golden wasn't satisfied with Gruhin's answer.

Neither are we.

Commissioner Gruhin may have nothing to hide. We accept this premise. But after all—assessments—or lack of assessments are the public's business—and taxpayers have a right to know if Gruhin owns taxable property which is not taxed by Padula's Revenue and Finance Department.

Gruhin should be anxious to place his answers on the public record. He should voluntarily step forward with the answers and so remove any doubt that he is receiving special treatment from Padula's Department.

The subject under discussion was Washington Avenue real estate valued by the Town-employed J. Clemmishaw Appraisal Company at \$64,600 and carried by Mayor Isadore Padula's Revenue and Finance Department as tax exempt property.

The property in question was formerly used as a place of worship, thus acquiring tax exempt status. It is now commercial property, converted to office use.

Information in Golden's possession indicates the property was purchased by Commissioner Robert Gruhin about November 1960. If and when Gruhin acquired ownership of the property, it lost its tax exempt status.

The questions which Golden asked and Gruhin refused to answer follow:

Did you (Gruhin) purchase the property at 317-319 Washington Avenue in the winter of 1960?

"Did you (Gruhin) fail to record the deed which would reflect your ownership of the property thus making it taxable?"

"Isn't it true that failure to record a deed showing a transfer of tax exempt property in effect deprived the town of tax revenues from the real estate in question?"

"Did you (Gruhin) pay \$20,000 or more for the property at 317-319 Washington Avenue in December 1960?"

"On December 14, 1960 did you not apply for a building permit to renovate the building known as 317-319 Washington Avenue and submit the application to the former Building Inspector Thomas Greco, an employee of the Public Works Department which you head?"

"Isn't it a fact that former Building Inspector Thomas Greco refused to issue a building permit to you because the official records in Mayor Isadore Padula's Revenue and Finance Department fail to reflect your ownership of the property?"

"Isn't it a fact that the application for building permit relied upon by former Building Inspector Thomas Greco as the basis for the issuance of Building Permit No. 16870 bears the name of Robert C. Gruhin and appears to be your signature?"

Did you sign the December 14, 1960 application for the building permit? If so in what capacity does your signature

appear thereon—as owner or agent?"

"Is it not a fact that prior to the date which you allegedly made application for a building permit that you, Gruhin, were the legal owner of this tax exempt property?"

The foregoing questions raised by Golden involve serious implications.

Golden's question addressed to Padula's Revenue and Finance Department to explain its failure to include the property at 317-319 Washington Avenue in the list of tax ratables as required by law on October 1, 1961 is also proper—and requires an answer from Padula.

If Commissioner Gruhin persists in his refusal to publicly answer questions relating to the public's business perhaps he may prefer giving answers in private to a Grand Jury which in our judgment should be convened to make an independent study of the tax assessment methods generally employed by our Revenue and Finance Department.

This is not the first incident involving taxpayer complaints pertaining to the assessment practices of Padula's Revenue and Finance Department. In fairness to the taxpayers—and especially himself—Padula may want to invite the Essex County Grand Jury to investigate his department's assessment practices.

To a politician about to seek re-election nothing is more negotiable than a clean bill of health from an objective, impartial, Grand Jury.

## BASS' QUESTIONS

On December 6th John Bass asked these additional questions concerning the building permit:

"Gruhin's departmental records show that a Morgan M. Davis was the architect who prepared the plans upon which a building permit was granted. The plans prepared by Mr. Davis show Congregation Ahavath Achim as the owner. These plans were filed by Gruhin on December 14. According to Congregation A.A. spokesmen, Gruhin purchased the Washington Avenue property in November, 1960.

"Who paid Architect Davis? Was he employed by the Congregation or Gruhin? Who paid for the building permit, the Congregation or Gruhin?"

## Lies Make Their Rounds Again

As the vote on the new school proposal draws closer—the date is Thursday, December 21st, the old lies are given new and broader circulation. Many innocent Belleville voters are cheated out of their votes because they are misled.

Belleville voters are being told our Board of Education refuses to offer a choice of alternatives on the ballot. They are told the people have the right to choose whether they want a \$2,700,000 new high school or a high school addition to cost \$2,768,000.

The law is clear! The Board of Education is forbidden by law to place on the ballot alternate proposals. The law requires the Board of Education to submit to the voters of the community one proposal at a time. The reason the Board of Education decided to resubmit the proposal to construct a new high school rather than place before the voters a proposal for an addition to the present high school is very simple. Strange as it may seem the new high school proposal gives the children more improvements for less money. Moreover this is the recommendation of professional educators from Rutgers University and Columbia University.

No amount of double talk can change the basic fact that the new school will cost taxpayers an average of seven cents per day. If we go into double sessions for our high school students the cost to taxpayers will not be any cheaper.

There are well intentioned voters who in good faith have been opposed to the construction of a new high school. But now in view of the fact that the N.J. Department of Education has labelled our high school as "sub-standard" and the Middle States Association has dropped Belleville High from its list of accredited schools we urge these voters especially to reconsider their stand.

PROVIDENCE, KY., JOURNAL-ENTERPRISE: "Civilizations of the past have been shattered but, like the moss on the rock, man is still here. . . Does this mean that our civilization could survive an atomic war? No, not necessarily. But it should suggest that were we to go down in defense of freedom, all would not be lost. Though we may have to enter into the valley of the shadows we would betray the human race were we to be frightened into giving away our liberty."

## Answers Arguments Against New Building

Dear Sir:

I am once again availing myself of the wonderful opportunity you are extending to the people of Belleville to debate the issues of the new high school.

First of all I would like to assure Mr. Inserra that I feel that his question is sincere and I wish him to know that my answers are also. His first question as to the desirability of voting on an alternative proposal brings this thought to my mind. Is he a parent? If so, has he ever at some time had to impress upon the mind of his youngster the right view of some contemplated action? Does he think that you can teach what is right by allowing one to do what is wrong?

### STUDYING PROBLEM

Consider then the position of our present educators and administrators who have been studying the whole problem of the Belleville educational system for many years. The integrity and principles which leads them to take on this job of educating makes it impossible for them to present or condone any action or proposal which they know to be a wrong one and not in the best interest of the community.

I recall the words of the late Superintendent of Schools Evan Thomas at a P.T.A. meeting last year. He said, "I have been trying to get a new High School for the children of Belleville for years."

The Rutgers Report, the Middle States Association and the State Department of Education have all exhorted us to bring the standard of education up to a level that could be acceptable and conform to the standards being maintained by all responsible institutions of learning.

Even Mr. Calabro, had the decency to feel a little bit of shame over the results of the referendum and ventured this statement which in itself is an admission that cannot be disregarded. In The Newark News appeared a story to this effect, "Despite his (Mr. Calabro's) criticism his organization would support the construction of a new senior high school if . . . Since he is an educator with the responsibility to provide the best possible education for all of our children, he can very easily leave the question of the rest of the school children up in the air with a great big IF—about economies and what's to be done with the present high school building."

DEFEAT MADE PUBLICITY The second point of Mr. Inserra's letter is his regret that it was the insistence on the new high school which created the shameful publicity about Belleville. The truth is that it was the defeat of the proposal by the no voters that announced to the world that the majority had no confidence in the ability of their own elected officials to do what was right for their children. As is always evident in headlines a notorious act is always bigger news than a good one.

Lastly I shall point out to the so-called economy-minded voter that it is more economical to buy a long term loan at a lower rate of interest on new buildings than a short term loan for additions and improvements on old and existing ones.

Think this over Mr. Inserra and I want to thank you for making me think again. I hope I can do the same for you.

Respectfully,  
MRS. A. C. IZZO

## Asks For "Reasonable Answers" About School

Dear Sir:

Several weeks ago I wrote a letter to the Editor of the Belleville Times. It was to be a rebuttal to a highly indignant high school student who had written a satiric letter concerning the defeat of a proposed high school in Belleville. His name was withheld by request as was mine. I don't know his reason for this action but mine was of a personal nature. I now feel that this request was only detrimental to the cause I was fighting for.

This request of mine succeeded only in delaying the printing of my reply until the letter it was to rebut was forgotten. Coincidentally, I suppose, it was not printed until three weeks after the School Board architect had made known his outlandish alternate proposal, which had some similarity to my own. My letter proposing a sounder plan was in the mail a full week before the special meeting at which this proposal was aired yet it did not see print!

### FOR EDUCATION

It is not my opinion to claim to be better than an architect nor am I so ignorant as to oppose the future education of Belleville's children that I write this letter. It is rather to say that from the outrages of a stubborn group of people who insist on building a "palace of pleasure" in a muckhole of the devil. All my objections to the new school could, in fact, be wiped out by reasonable answers to the following questions:

1) What will be—and why has there been no mention—of the cost of refurbishing of the present school building as a junior high should the new school be adopted? And furthermore where is the provision for these funds?

2) Who is responsible for the failure to maintain the building in the proper manner so as to allow the inadequate electricity situation to develop?

3) Were there no provisions made for future expansion of the high school when it was added onto? By this I mean extra strong structural facilities and future electrical expansion.

4) Why had the Middle States Association not stepped in and stripped Belleville of its accreditation until election time when the reasons it gave existed for over five years?

I trust in the interest of fairness, you will, as before, give the opposition a voice of appeal.

Yours truly,  
STEPHEN P. NEWSOME

## Commission

(Continued From Page 1)

ed with the County late yesterday, according to DeNoia. He said Congregation Ahavath Achim was assessed for the period from July 1960 to January 1961, and from Jan. 1, 1961, Pauline R. Gruhin is being assessed.

By law, DeNoia said the assessment in picked up for the first of the month following the change in use of ownership status.

The property at 317-319 Washington Avenue formerly belonged to Congregation Ahavath Achim. Synagogue sources said it was sold to Commissioner Robert C. Gruhin about the end of November, 1960.

### REMAINS SILENT

Gruhin remained silent about the property, refusing to say whether he bought it or filed a deed for it. He refused Tuesday night to confirm or deny that his wife owned the property. "Look in the directory and see what my wife's name is," was all he would say. He would not say if the Pauline R. Gruhin who owns the property and his wife, Pauline T. Gruhin, were the same person.

The property was tax-exempt as a religious institution. It has remained on the rolls exempt through 1961. Gruhin has only said that the town would receive all taxes due it. He has repeatedly said the town has two years to pick up an omitted tax assessment.

The Belleville tax assessor said the property would be taxed on the assessment that it stands now. Town records show the building assessed at \$52,000 and the land valued at \$13,000. At present rate this would mean a tax bill of \$2,231.70. DeNoia said as of Oct. 1, when assessments are made, the value of the property had not been increased. Renovations are being made on the building. Alterations increasing the value of the building, DeNoia said, would be picked up on next year's assessment.

### INVESTIGATION

John Bass, president of Rutan Essex Home Owners Association, asked Gruhin and Mayor Isadore J. Padula in a letter to relinquish control of their departments to permit an investigation of omitted tax assessment on the former synagogue property. Bass raised the issue again at the commission meeting Tuesday night but was unable to discuss it further when Gruhin took up Bass' case.

## Beck's Column

Just 15 years ago, in November 1946, the war was ending. There were a small number of receivers scattered around, mostly in New York, Philadelphia, Chicago and Los Angeles.

The price for the famous RCA 630 TS chassis was then about \$400. It had a 10" picture tube, 32 receiving tubes and it was so heavy that it took 2 men to carry.

Wherever there was a TV set in operation in the early days, there were crowds. One person was pushed through the window in Flushing by the pressure of the curious people. Abraham & Strauss had to shut down operations. Macy's put extra store police on the police in Chicago had trouble dispersing the crowds blocking the trolley tracks in front of a department store.

The early buyers of a new TV set became the most popular people in the neighborhood. All of a sudden they had lots and lots of friends, particularly on boring nights. Travels were quick to install TV sets. One can still see old neon signs "Television" on some taverns.

Fortunes were made and lost. Everybody wanted to get his share of the bonanza, but soon the shake out began. Remember the old names, Teleking, Telefont, Fada, Muntz, Crosley, just to name a few? Housewives made up TV sets from kits and sold them to their neighbors. Some people made it a business to show off their TV sets, they passed the hat around their new-found "friends" and that was a secured them away. And slowly TV became the dominant means of entertainment in the American home—in the short span of 15 years.

altered ten minutes to answer Bass. Bass said before the meeting he had asked the Essex County prosecutor to conduct an investigation of the question. In a letter to Brandon Byrne, prosecutor, he said:

"I am a Belleville taxpayer I live and own a home at 98 Rutan Road, Belleville. During the past few weeks there has come to the public attention the possibility that our tax assessor failed to assess property owned by an individual. The property in question is a former tax-exempt synagogue located at 317-319 Washington Avenue, Belleville. It is my property. This property was purchased by one of our public officials, Commissioner Robert C. Gruhin, sometime during August and September, 1960.

The band represents the college at principal public events and is the national headquarters of the National ROTC Band-Association which it created in 1959.

**Men In Service**

**Kenneth Santora**

Army PFC Kenneth Santora, 19, son of Mr. and Mrs. Salvatore Santora, 279 Belmont Avenue, recently participated with other personnel from the Third Armored Division's 12th Cavalry in Exercise Brandywine, a seven-day field training exercise in Germany.

The exercise, which involved

more than 26,000 troops, was designed to test the ability of participating units to move, shoot and communicate under simulated combat conditions.

The Third, which is known as the "Spearhead" division, is one of five U. S. divisions in NATO's "Pyramid of Power" in Europe.

A radio teletype operator in the cavalry's Headquarters Troop which is regularly located in Bunting, Santora entered the Army in September 1959 and was stationed at Fort Gordon, Ga., before arriving overseas in April 1960.

He attended Belleville High School.

**Robert D. Lane**

Private Robert D. Lane, 23, has been assigned to E Company of the Second Training Regiment of the U. S. Army Training Center, Infantry, for eight weeks of basic training.

Lane is the son of Mr. and Mrs. W. C. Lane of 118 Adelaide Street. He was graduated from Belleville High School and attended Rutgers University.

**Essex Film Club Shows "The Merry Widow"**

In keeping with its showing of outstanding cinema classics of the past, the Essex Film Club presented the taut "The Merry Widow" with Jeanette MacDonald and Maurice Chevalier Saturday and Sunday, Dec. 9 and 10 at the home of the president of the club, Robert E. Lee, 263 Harrison Street.

On the same program was the film "Lady of the Lake," from the poem by Sir Walter Scott. It was filmed in its entirety in Scotland and features Percy Marmont and Benita Hume. James FitzPatrick produced it in 1930. The silent 1926 Hal Roach two-reel comedy, "The Merry Widow" rounded out the program with Jimmie Finlayson in the lead. Finlayson was known as the foil of many Laurel and Hardy comedies, both sound and silent.

**DRILLING GLASS**

An ordinary three-cornered file, sharpened on a grindstone, serves real well for drilling small holes into glass. Fasten the file into your brace, place the point where you want the hole to be, then, holding the top of the brace with one hand, spin the brace with one hand, allowing it to oscillate rapidly. Don't exert any force — just allow the weight of the brace to provide the pressure necessary to drill the hole.

## Clara Maass Guild Plans Christmas Tea For Nurses

The Louise C. Kiddle Hall Parlor on the grounds of the Clara Maass Memorial Hospital, Belleville, will be the scene of a Christmas Tea to be given by members of the Clara Maass Memorial Hospital Guild for student nurses of the hospital. The affair will take place Monday afternoon, Dec. 18, from 3:30 to 5 p.m., and all student nurses have been invited to attend.

Christmas candles, holly and pine will decorate the parlor of the new nurses' residence. Presents will be given to the student nurses by the Guild.

The affair is under the chairmanship of Mrs. R. Samuel La Monica of Bloomfield. She will be assisted by Mrs. Ralph Remondelli of Short Hills, Miss Val Jean Juliano, Mrs. Jane Vanderhoof and Mrs. Michael Charletta, Newark; Mrs. David Rugh, Glen Ridge, and Mrs. Alfonso Ceres Verona.

Also Mrs. Patrick Ritacco of Nutley; Mrs. William MacGrath and Mrs. Stephen J. Potter, Union; Mrs. Patrick Guerino, Bloomfield, and Mrs. Henry Lewis, Belleville. Publicity chairman is Miss Peggy Anne Helfer of Newark. Mrs. Stephen J. Potter of Union is Guild president.

## Youngsters Visit Newark Airport On Field Trip

A busy airport replaced the classroom Monday for eight young students at the Cerebral Palsy School and Treatment Center, Belleville, when the youngsters and their teacher toured Newark Airport. The teachers at the school are provided by the Belleville Board of Education.

The guided tour of the airport, which included close-up of a plane and a hangar, was one of a continuing series of field-trips initiated by the Cerebral Palsy Center to broaden the handicapped child's horizon.

Just as in the regular Belleville public school system, Cerebral Palsy Center classroom work has been supplemented by trips to the Newark Museum, a firehouse, a supermarket and Branch Brook Park when the cherry blossoms were in bloom.

The children were escorted around the airport by bus while a Port Authority guide pointed out the terminal buildings and the control tower and also explained the history and the operation of the field. A highlight of the tour was watching from the observation deck as planes arrived and departed.

## Annual Christmas Vespers At Grace Baptist Church

The annual Christmas Vespers of the Women's Missionary Societies of the Baptist Churches of East Association will be held in Grace Baptist Church on Sunday, Dec. 10. A Fellowship Tea preceded the Vesper Service.

"The Fulfillment," an original pageant of Christmas by Mrs. Lorena Clark and Miss Ruth Hogan was presented during the Vesper hour. Through the lives of women of the Bible, the pageant told the story of God's plan of redemption of the human soul from the beginning of recorded time.

Participating in the pageant were Mrs. Evelyn Pole as Sarah, the wife of Abraham; Mrs. Doris Hollander as Ruth of Mohab; Mrs. Betty Backstrom, Queen Esther; Mrs. Margaret Beresford, the Mother of the Saviour; Mrs. Kit Morley, Mary Magdalene; Mrs. Betty Behring, Lois, the grandmother of Timothy; and Mrs. Joyce Ryer as "You."

Mrs. Marion McMinis was guest soloist, and special music was presented by the Grace Baptist Choir under the direction of Mrs. Ruth Chesley. Mrs. Roberta Wertz was at the organ. Mrs. Eudora Parry was the devotional leader. Miss Hogan was narrator for the pageant and the benediction was given by Mrs. Clark.

MRS. LOUIS J. MARTINS  
Former Judith Ann D'Antonio

## Miss Judith Ann D'Antonio Marries Louis J. Martins

The marriage of Miss Judith Ann D'Antonio, daughter of Mr. and Mrs. James D'Antonio of 447 Franklin Avenue, Belleville, to Louis J. Martins, son of Mr. and Mrs. Jose Martins of 26 Goble Street, Newark, was solemnized Nov. 26 at 4:30 in Holy Family Church, Nutley.

The ceremony was performed by the Rev. Salvatore Malanga and Mrs. Lessa was the organist. The reception followed at Branch Brook Manor, Belleville.

Mr. D'Antonio gave his daughter in marriage. She was given in a full skirted gown of peau de soie with skirt pearls on the bodice and the skirt was appliqued in embroidered Alencon lace.

A double crown of crystals and pearls held her three-tiered shawl, and her flowers were a cascade of white orchids and cymbidiums with white tipped ivy.

Miss Gerry Omdasky of Belleville was maid of honor. She wore a street length dress of pink-faced-satin with a pink bow hat and shoes to match. She carried a cascade of pink dyed spider mums and flowing spring rye.

The bridesmaids were Miss D'Antonio, Miss Mary Ellen Tort of Bloomfield, and Miss Mary Ellen Tort of Scotch Plains, both cousins of the bride.

Their gowns and accessories were similar in style to that of the maid of honor, in red taffeta.

They carried dyed pink spider mums with flowing spring rye.

The mother of the bride was gowned in peacock blue satin with chiffon with matching accessories. She wore a corsage of blue cymbidiums on her bag. The bridegroom's mother chose gold lame with matching accessories with a white orchid corsage.

Dennis Martins of Newark served as best man for his brother. Ushering were Michael Dasaro of Belleville and Jerry Nicoletti of Newark.

The bride was graduated from Belleville High School and is employed at New Jersey Bell Telephone Co., Newark. The bridegroom was graduated from East Side High School and attends Seton Hall University. He is employed by Western Electric, Newark and is in the U. S. Marine Reserve.

# Nunzio Center Receives Baldwin Piano Franchise

Charles Nunzio, proprietor of the Nunzio Music Center, 401 Franklin Ave. Nutley announced his appointment as sales representative for the Baldwin pianos and organs.

After many years of patience, Mr. Nunzio said, "We have at last been fortunate to acquire the Baldwin franchise for pianos and organs for all of Northern New Jersey."

"We have on display in our Franklin Avenue showroom, a small showing of pianos and organs. We will carry a complete line of these fine instruments in traditional and contemporary styles, to match the home decor, and to be instrumental in bringing a feeling of family togetherness into the home."

The Nunzio center carries also a fine selection of used pianos and organs in all famous makes.

Mr. Nunzio has conducted his studio here for the past eight years, and at present has a staff of six teachers of piano, organ, all string and woodwind instruments. Among his pupils is Donald Hume of Belleville, who won the World Accordian Championship in Italy, last Summer, and who is now a member of the Nunzio teaching staff.

# Mail Early To Insure Delivery

With Thanksgiving a recent memory, Postmaster L. A. Reilly said today: "It's Christmas every day in the Post Office from now on."

He offered these helpful hints on how to mail Christmas cards and gifts to insure prompt and safe delivery before Dec. 25:

- Use 4c postage on Christmas cards. Sent by first class mail, they are sorted and delivered first and if return address is included on each envelope, cards will be forwarded in the event of a change of address. If they are undeliverable, they will be returned to sender. Personal messages may be written on Christmas cards sent by first class mail, but only a signature is authorized on cards sent at the 3c unsealed third class rate.
- Avoid careless packing of gifts. Use strong cartons, wrap in heavy paper and tie with sturdy cord. Mark packages containing breakable gifts "Fragile"—"Handle With Care." Put an extra label carrying the recipient's and sender's name and address inside every package.

In conclusion, the Postmaster said, "By taking a little extra care with your Christmas mailings right now, you'll avoid disappointing friends and loved ones. The Post Office is fully prepared for the big Christmas mail rush but, through your cooperation in mailing early and often, as suggested by the National Improved Mail Service program, there'll be less danger of some Christmas cards and packages not being delivered before Christmas."

# P.S. Buildings Have Yule Lights

A new electrically illuminated Christmas display covering the facade of Public Service Electric and Gas Company's Terminal Building on Park Place, Newark, has been turned on to herald the start of the holiday season. The decorations will be lighted every night until New Year's Day.

Approximately 19,000 lamps are being used in this year's holiday lighting arrangements on the Newark Terminal Building and on 27 of the company's commercial office buildings located in its service area from Bergen County to Camden. The Terminal Building decorations alone consist of lamps totaling 61,000 watts.

The Terminal Building decorations feature a giant illuminated wreath with a bow swage stretching 150 feet across the front of the building and extending 50 feet high. On each side of the wreath is a 35-foot candle. Each of the

five marquees arches on the second floor level is outlined with colored lamps surrounding lighted dual bells. Lighted plastic garlands and bells border the top edge of the building.

District decorations at the various commercial offices throughout the state consist of lighted wreaths, bells, candles, plaques and garlands.

# SANE Unit Here Changes Name

Nutley-Belleville Committee for a Sane Nuclear Policy hereafter will be known as the Belleville Tri-County Committee for a Sane Nuclear Policy.

The change of name was voted on at the group's November meeting because rapid expansion of the committee's membership during the past few months invalidated the old name.

The Belleville Tri-County SANE unit includes members from Belleville, Nutley, Kearny, Arlington, Lyndhurst, Rutherford and Bloomfield. "Tri-County" stems from the fact that these towns lie in South Bergen, West

Hudson and East Essex Counties. The local SANE committee is part of a national organization headed by Norman Cousins, editor of the Saturday Review, and dedicated to permanent cessation of nuclear weapons tests, comprehensive and controlled world disarmament and a strengthened United Nations.

Further information about SANE's activities may be obtained from the membership chairman, Mrs. George Weston.

# Again we're first with the car that sets trends in looks & luxury

Right from the day of Galaxie's introduction—back in 1959—it upset the apple cart of the higher-priced cars.

Its crisp, clean Thunderbird-inspired roofline was such an immediate success that today you see it reflected even in the styling of higher-priced cars.

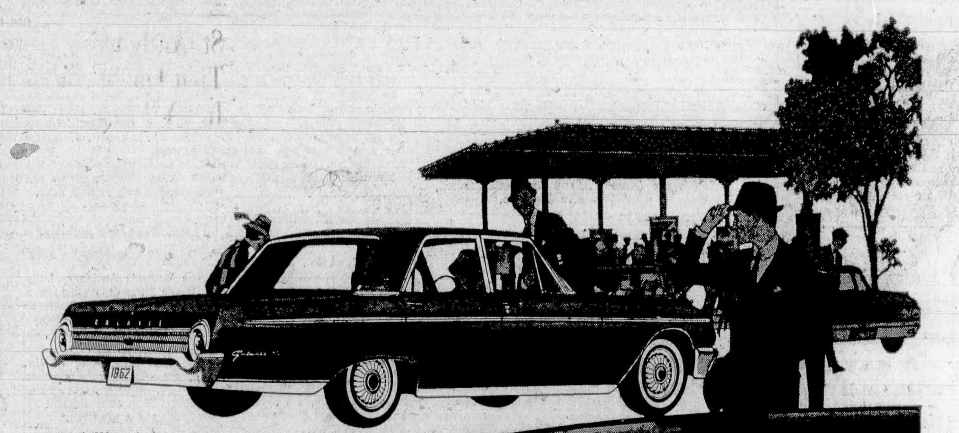

Galaxie's popular appeal had the solid foundation of trend-setting style... Thunderbird V-8 power... fabulous fittings and fabrics.

Then last year, Galaxie started another new trend—low-maintenance features. Now for 1962, Galaxie introduces twice-a-year maintenance.

Routine service is reduced to a minimum—30,000 miles on many items, only twice a year or every 6,000 miles on the rest.

In every way... for 1962... Galaxie bridges the gap between the popular-price field and the high-price field. Galaxie brings you a new kind of quality construction... a new smoothness of ride... a new quietness in its travel... every essential feature of far more costly luxury cars!

Come see for yourself. Say "hello" to the new Galaxie/500—and you'll say "good-bye" to the higher-priced cars of the past.

# Bellboys Lose Opener To Garfield By 10

By ROGER WARTELL

Belleville High's Basketball team lost to Garfield last Friday in its opening game of the season. The Bellboys lost by 53-43 in a contest fought mainly under the boards. Garfield gained most of its points on driving shots and rebounds. The Bellmakers, who were led by Julian Boryczewski with 15 points, controlled the backboards and ran up a first-half lead to win the game.

The Blue and Gold held the lead only once and this was early in the first quarter. Ray Jackett Wall early in the third period

## Freshman Cagers Take First Game Of The Season 30-25

By RAY FERSKO

The Freshman basketball season started this past Friday when the Frosh met Garfield at Belleville. Before a crowd of 150, the team combined efforts and edged the Garfield five 30-25.

The starting Belleville lineup consisting of Jimmy Brown, Frank Ray, Jim Megaro, Lou Renaro and George Budd opened the game with a beautiful zone defense that allowed Garfield to only score one goal in the first quarter. The quarter began with Belleville predominating due to the fast action of Jim Megaro and Frank Ray. In the second quarter Belleville's defense remained adequate while their offense only scored one basket, which was made by Dante Petrucci.

The third quarter opened with the Bellboys changing their defense from zone to man for man. Garfield tried full court presses and Belleville worked their baskets in from the side. Frank Ray and George Budd did most of the ball handling this quarter. Budd scored eight points in succession from side line layups, while Lou Renaro and Frank Ray chalked up the other nine.

The fourth period started with two goals scored by Petrucci. The second team then came in

put in a layup and gave the Bellboys the lead at 3-2. From here the Garfield five raised their lead to 14-10 on the shooting of Julian Boryczewski, and Ken Huebner. In the second period Richie Luzzi closed the gap for Belleville when he sank a jump shot to make the score 18-16 in favor of the home team. Bob Frank retallied quickly for Garfield with two goals and at the end of the half the Bellmakers had widened their lead to 28-20.

A three-point play by Jerry

and allowed Garfield's offense to score 15 points. The game ended 30-25 Belleville.

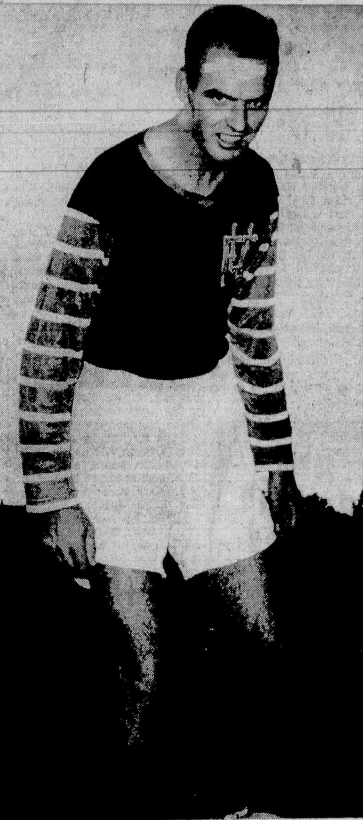

The team showed a strong defensive pattern in the first three quarters, however their offense still needs some work. Led by such players as Budd and Ray the team should have a good season. Up and coming players to watch are Dante Petrucci, Jim Brown, Jim Megaro and Lou Renaro.

## Campbell Named Fairleigh Soccer Team Co-Captain

Colin Campbell of 7 Hoover Avenue has been elected co-captain of the Madison-Fairleigh Dickinson University soccer team for 1962. Campbell showed steady progress during the season and scored three goals for the Madison "Metropolitans," while playing on the forward line.

A graduate of Belleville High School, Campbell is a sophomore engineering student at the university's Madison campus. He first played soccer in Scotland, where he was born.

# Soccer Fullback

Tom Simpson of Belleville, who was one of the keys to Fairleigh Dickinson University's outstanding success in soccer this season. Simpson, a junior, was the Knights starting fullback and a standout on defense. FDU has turned in a record of 8 wins, 1 loss and 1 tie. The Knights are under consideration for a bid to the National Collegiate Athletic Association postseason tournament.

put Garfield ahead by 10 points. The Bellboys then proceeded to close the gap to 36-32 on consecutive shots by Bob Byers, Bob Van Dyne and Tony Raimo. The Bellmakers then ended Belleville's last attempt for the lead by running off six straight points. Garfield continued to make their shots and held on to its lead to coast home for the victory.

# Promising Material Shown In Wrestling Turnout

By WALTER ORTH

Thursday morning, Nov. 30, marked the beginning of wrestling as an interscholastic sport at B.H.S.

"The turnout of boys was very pleasing and there was a show of rather promising material," said

Stan Scher, coach. Scher also said he was mainly interested in courage, stamina, and endurance, not necessarily skill, which will come later with practice.

Approximately 94 boys attended the first two workouts, included among them, were John Visco, Walt Orth, Joe DeGuer-

cio, Bill Groome, and Eric Martino. These boys showed skill in last year's wrestling intramurals. The Bellboys will wrestle two schools on a scrimmage basis: St. Benedict's on Dec. 15 and Mantoloking-High School—today. Both of these meets will be away. Their schedule on a competitive basis will be:

West Orange—Jan. 2—Away.  
Nutley—Jan. 17—Away.  
Irvington—Jan. 23—Away.

## Jayvees End Season With 2-5-1 Record

By HOWARD SELGMAN

The Belleville High School Jayvee football team brought its season to an end with a loss to a fine Kearny eleven at Kearny. This game brought the team's record to 2 wins and 5 losses with a tie.

Hopes were high for the Jayvee team of this year and although their record is not impressive it does not reflect the closeness of every one of the games. The boys played good, clean, ball, but in some of the contests fumbles and interceptions ended drives which would have produced game winning scores.

The season began with a home game against East Orange. Although Belleville led 13 to 12 at the half, East Orange came back with a single touchdown to win 18 to 13.

### BLOOMFIELD

In their next encounter Belleville faced a strong Bloomfield team at Foley Field and lost this one by a touchdown also, 13 to 7.

Nutley invaded Belleville for the third battle. This game the Bellboys dropped by a 26 to 13 score. This was one of the more exciting games because of the rivalry between the two teams.

West Side was the first victim of an enlivened Belleville team in its fourth game as the Bellboys easily romped to a 41 to 0 win.

In the fifth game the Belleville attack was stopped repeatedly as they dropped a 19 to 7 decision to Irvington.

The next game was played against a very strong Garfield eleven and the Bellboys fought hard to finish with a tie. The game was called in the third quarter due to a heavy rain with the Bellboys on the Garfield 13 yard line.

### SOUTH SIDE

South Side became another victim of the Jayvee team as the Blue and Gold won easily by a 19 to 0 score.

The final game of the year was the loss to Kearny.

## St. Anthony's Tied For Second In CYO League

St. Anthony's is tied for second place in the Essex County CYO's Senior Mixed Bowling League with an 18½ and 11½ record. Sacred Heart of Bloomfield is first with a 20 and 10 mark.

The local Tom Caruso boasts the high league single game of 231 for the men, while teammate Paula B'Acunti's 202 tops the ladies. Miss B'Acunti also leads the ladies with the high series of 477.

Caruso is in third place in the individual standings with a 155 average. Teammate Gerry Gugicelli is eighth with a 145 average.

Norma Zarro holds down the third position in the girls' individual race with a 138 average, just one point from the top.

## Three Teams Tie For First Place In Junior League

Two teams have moved up to tie the first place position held by Strumolo Assn. in the Recreation - Kiwanis Boys Jr. Bowling League at Branch Brook Lanes. After four weeks of competition the Joe D Auto Repair team and DeBacco Bros. team are sharing the top slot with Strumolo each with 8-4 records. Next in line in this very tight league are the K. of C. and Johnnie's Oil Service with 6-6 standings.

## Ralph Visco Firm Joins State Engineering Group

Ralph Visco of Belleville is one of eight consulting engineering firms that have joined the New Jersey Association of Consulting Engineers this fall, Donald R. Goodkind, president, announced.

According to Goodkind, the firms are located in areas of the state not previously represented and include many of the engineering specialties. The Visco company specializes in plumbing, heating and air conditioning.

The association, founded in 1958, now numbers more than 30 members with offices throughout New Jersey, specializing in all of the major phases of consulting engineering. A directory of all members is being planned for publication in December, 1961, with a distribution of 500 to municipal engineers, architects, contractors, and school, development, planning and housing boards in New Jersey.

The New Jersey Association of Consulting Engineers is a membership organization dedicated to the maintenance of the highest ethical standards, the advancement of the consulting engineering profession, and combating of competitive bidding and other unsound practices. It is affiliated with the national Consulting Engineer's Council.

# Students Of Junior High Age Angry At Senior High's Loss Of Accreditation

**QUESTION** — What do you think of Belleville High School losing its Middle States accreditation?

**Asked of eighth and ninth graders.**

**KENNY KRALY**, eighth grade — I think it's a disgrace for Belleville High to be the only school in Essex County that's not accredited.

**RICHARD DOUGHERTY**, eighth grade — I think it's very deplorable that the only hope that the people who've been working so hard for years should be deprived of college because of some cheap people in this town.

**RUTH ANN LONG**, ninth grade — I think something should be done about it with or without the voter's consent.

**GEORGIANNA SMITH**, eighth grade — I think people should be ashamed of doing this to our community.

**SANDY JONES**, ninth grade — I think it's awful that the people in Belleville can't put out a few extra cents a month for a new high school.

**GAIL CRONAHER**, eighth grade — I, as a future student of Belleville High School, am truly ashamed of what has happened. I will awaken before it is too late and realize the great wrong that is being done.

**LINDA COEYMAN**, eighth grade — I was shocked when I read the paper and saw that B.H.S. had lost its accreditation. Maybe the people will wake up

and stop thinking about taxes and start thinking about future generations.

**BEV WILSON**, ninth grade — I don't like it.

**MARION FREID**, ninth grade — I think the town should go ahead and build a new school because it will cost just as much to repair it.

**JOE CERVARIO**, ninth grade — I'm disappointed in the town. This is a disgrace. I don't think this would have happened if the citizens knew all the facts instead of a lot of propaganda.

**FRANK DEBONIS**, ninth grade — I think this will make it harder to get into college. It doesn't make me proud of my town.

**NICK GRANDE**, ninth grade — I don't think it's good for the town. I will make it a lot of people want to move.

bonds shall bear interest at a rate which shall not exceed six percent (6%) per annum. All moneys with respect to said bonds shall be determined by the ordinance which shall be subject to the resolution to be hereafter adopted.

Section 7. To finance said purpose, bond anticipation notes of said Town of Belleville, in the aggregate principal amount of \$100,000, shall be authorized to be issued pursuant to said Local Bond Law in anticipation of the sale of said bonds. Said notes shall bear interest at a rate which shall not exceed six percent (6%) per annum, and shall be payable from the proceeds of said bonds, and within the limitations prescribed by said Law. All matters with respect to said notes shall be determined by the ordinance which shall be subject to the resolution to be hereafter adopted.

Section 8. It is hereby determined and stated that the period of redemption of said bonds shall be determined by the ordinance which shall be subject to the resolution to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of outstanding bonds and notes issued pursuant to this ordinance shall at any time exceed the amount of said bonds, in this section, the moneys raised by the issuance of said bonds shall, to the extent of the amount of such excess, be applied to the payment of such notes outstanding.

Section 9. It is hereby determined and stated that the period of redemption of said bonds shall be determined by the ordinance which shall be subject to the resolution to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. ## J. Trenary Dies; Kin Of Nutley, Belleville Folk

JAMES M. TRENARY

James M. Trenary, father of Mrs. John N. Fitzpatrick, of 171 Nutley Avenue, Nutley, and a brother of Mrs. Benjamin Kulicki, of 76 Nollon Avenue, Belleville, died Monday, Dec. 11, in Greenwich, Conn., Hospital following a heart attack. Two days before his death he had reached

his 58th birthday. He had lived in Greenwich.

Born in Natrona, Pa., Mr. Trenary had attended Colgate University and was graduated in 1927 from New York Law School.

In addition to the daughter and sister mentioned, he is survived by his widow, Mrs. Marie Hartman Trenary; three other daughters: Mrs. William B. Smith of Akron, Ohio; Mrs. Benjamin Kulicki of Charlottesville, Va.; Mrs. Jack Biggers of Clifton; and seven grandchildren.

Mr. Trenary had been with the United States Trust Company in New York for 38 years at the time of his retirement Oct. 2. For the last five years he had been executive vice-president in charge of the company's trust and estate administration.

During his career, Mr. Trenary had served as committee member or officer of many banking associations, including the America and New York State Banking Associations.

He was also well-known as a yachtsman. During the preparations for the Olympics in Rome he was vice-chairman of a committee that raised funds for American participation and chairman of the committee that selected the yachting team.

Mr. Trenary's home club was

The Riverside Yacht Club at Stamford, Conn., which he had served many years, as president and in other offices.

He also was active in the Yacht Racing Association of Long Island Sound and had been chairman of the United States International Sailing Association.

He was active in work for boys, having been chairman of the West Side Young Men's Christian Association and a trustee of the Y.M.C.A. of Greater New York. He was a vice-chairman and a

past president of the Madison Square Boys Club of New York. Last September he was awarded the Silver Keystone by the Boys' Clubs of America.

Mr. Trenary was a former member of the Greenwich Planning and Zoning Board of Appeals and recently was nominated to serve as an alternate member of the board.

His appointment by the Greenwich Representative Town Meeting had been scheduled for evening of the day he died.

**Get Out The Mufflers**

Close upon the heels of its advance of last week not to drop your woolsies, here comes some straightforward talk from the Old Farmer's Almanac for the coming seven-day period:

"Sneezers and snufflers wrap up in mufflers." It happened or happens this week:

Today, Thursday - 162nd anniversary of the death in 1799 of George Washington: "First in War, First in Peace etc."

Friday, Dec. 15 - Bill of Rights signed, 1791.

Saturday, Dec. 16 - We are in the midst of the shortest days of the year. Dec. 17 to 25.
