Five Point Rise in School Budget Gives Town Smallest Increase In Five Years

Additional \$33,492 Brings Gross Budget To \$2,265,000

A tentative school budget for 1962-63 showed only a five-point increase, the smallest since 1957. This year's gross budget of \$2,265,000 would require an increase of \$33,492 to be raised by local taxes. This would come a 5.1 point rise in the current tax rate of \$8.65 per \$100 of assessed valuation.

The budget provided funds for administrative needs of the school building program adopted by a referendum on Dec. 21. Dr. Frank M. Durkee, superintendent of schools, said the cost of constructing the new \$2,300,000 high school and additions to Schools One and Four, would not be reflected until next year when bonds are floated.

More Funds Ok'd For Construction On Fire House

The third appropriation for an addition to Belleville Fire Headquarters was passed by the Town Commission Tuesday night, despite strenuous objections from James R. Golden.

The appropriation for \$2,850 was needed to complete construction on the second floor addition to the fire house garage. Golden questioned the "practice of enlarging appropriations in progressive steps." He demanded to know why the architect's estimate fell short of the actual cost.

The original appropriation for \$30,000 was made Feb. 28, 1961. Additional funds were needed after bids were submitted that were above the estimated cost. Another \$5,000 was authorized June 27.

"It was known at the time of the original ordinance that the cost would be \$38,000, a problem might have come up about passage," Golden said. "We start off on a reasonable simple, unobjectionable basis and then the thing grows into sizeable proportions."

Golden insisted it was not the amount that was important, "it's the policy, the pattern, of increased appropriations," he said.

The estimate for the work was made by Raymond Platt, architect for the project.

Commissioner George F. Kierman, director of Parks and Public Property, said he introduced the measure at the request of the department of Public Safety.

"It didn't make any difference to me if it passed or not," Kierman said. He told Golden the whole matter was conducted "legally, openly and through usual channels." Changes were made on the recommendations of Fire Chief Carl F. Hundertpfund, he said.

Blood Donations For Red Cross Total 502 Pints

Mrs. Kenneth Cary, Blood Donor Chairman for the Belleville Chapter, American Red Cross, reported that 502 pints of blood were donated by Belleville residents last year.

The Essex County Bloodmobile made monthly visits to Belleville except during the summer, usually on the third Friday of each month. Twice the unit was set up at the Walker Kidde Plant for employees, and twice at the Knights of Columbus building for their members and the Belleville Craftsmen who cooperated and recruited donors jointly.

All other banks were at the Belleville High School for town donors, members of the P.T.A. and the following industries: Wallace and Tiernan, Federal Industries, Westinghouse, Eastwood Neally and Sweeney Co.

An average of 20 Red Cross volunteers served at each bank. This included Graduate Nurses, Staff Aides, Volunteer Nurses

Two Civic Groups Raising Funds To Fight Apartments

The Fairway Civic Association and Rutan Homeowner's Association have banded together to continue their fight against any prospect of apartments at the foot of Fairway Avenue. Eight acres of land there are owned by the real estate firm of Krugman and De Petro, which has proposed

Paul A. Brennan Wins Map Page Contest Again

Paul A. Brennan of 5 De Witt Avenue was a double winner in last week's map page contest. Brennan won ten dollars for the correct identification of John A. Verra, who was at Anne Market. The usual five dollar prize was doubled because there was no winner last week.

"That's what I go for," said Brennan, a "double prize." Brennan is really a double winner. He won five dollars recently for another map page contest.

Brennan, principal of School Three, said it is easy to recog-

reason whatever.

"Belleville Senior High School is about to be built at the stadium site. The school system is about to be organized on the K-6-3 basis. These are complex and difficult undertakings. Complete support of the Superintendent of Schools is the best way to assure the best results for our school children."

NEW INGREDIENT

"When Dr. Frank M. Durke became Superintendent of Schools last August, the new school program didn't have a chance of being approved by the voters. The only new ingredient in the whole situation that led to approval of the new school program was the new Superintendent. He has demonstrated real leadership and I consider it a privilege to support his leadership in every way and to give him proper recognition at all times."

of the children now attending our school.

"The passing of the recent school bond referendum for which I worked gives the school board the green light to go ahead with the building program and while it is not a cure all, it will greatly alleviate unsatisfactory conditions not only in our high school but in the many of the elementary schools as well. I feel this plan should be carried out as rapidly as possible to insure completion by September 1963.

"In order to accomplish this all members serving on the school board must be prepared to spend considerable time working out the many issues that will arise relative to this program. The board members must be able and willing to do so without bringing up personal feelings and petty jealousies among themselves which can only affect the issue at hand adversely."

LISTS PLANS

"It is my earnest desire to:

1. See accreditation restored to our high school.
2. Provide expanded facilities to meet the actual needs of the students in our community.
3. Give to your children as well as my own the proper tools of learning so they may be equipped to meet the demands of the future in college - business - industry - whichever their choice may be.

"A large portion of this can be accomplished by expediting the present school building program."

"I respectfully ask your support on election day, Feb. 13, 1962. By pressing down lever 3A on your voting machine you will help me to help you bring about the achievement of my desire to bring the Belleville school system to one respected by all."

Lally

board members should take into consideration the following factors:

- "1. Life of building outlay—Unless you build with maintenance savings in mind at the beginning, the high cost of future upkeep will surely haunt you."
- "2. Proper relation between school plant and equipment."
- "3. Suitability and adequacy of the new school for what is expected of it. A new school should help, not hamper learning. How can you put a dollar sign on the loss to education when you are inconvenienced by poor planning of storage space or when children are subjected to poor lighting and poor ventilation?"
- "4. Adaptability of the new plant to future change—When you plan a new building, think of possible changes in curriculum, in organization, in the tools of learning. Since you can't afford to replace new schools every 20 years, provide facilities that are cap-

able and flexible enough to meet a variety of learning situations.

"The test of true economy is not how much was spent, or how little, but how wisely the money was spent. Third-rate planning of new schools or out-of-date buying of materials have a way of catching up with school boards."

Lally also stressed the importance of experienced members guiding the board. "I regard my first term on the board as good training experience—as a period of learning about the role of a board member," he said. "Now I feel that I can be even more service to our community."

years. From her experience she said she felt she had gained an understanding of the effect educational procedures and principles have upon a child. "This has had a part in creating an active interest in the high school program," she explained.

She said she hoped to create a sound educational policy based upon foresight and economy in an effort to raise the standards now existing in the system. "It is necessary to avoid selling our children short, on the elementary and on the secondary school level," she said.

ATTENDED SCHOOL TEN

Mrs. McCool was active in organizational work beginning with her attendance at School Ten. She worked for the war effort during high school and was cited with an award from the Federal Government for Outstanding Meritorious Achievement in the War Effort. She gave musical performances at service bases and hospitals.

At her graduation from Belleville High School she delivered the fiftieth year anniversary commencement address.

She attended Syracuse University, majoring in Journalism, and later attended Caldwell College, where she majored in English.

She has a long list of business credits, working as a bookkeeper for several offices. As office manager-bookkeeper for Jersey Plastic and Die Casting Co., she said, she gained experience in connection with building procedures when a new addition was put on the plant. This she felt would be a valuable asset to the board, now involved in school building plans.

grade teachers," Dr. Durke said the board raised the salary guide minimums \$200, providing \$4,900 for the bachelor's degree, \$5,100 for master's degree and \$5,300 for 32 points beyond the master's level. It raised the maximums respectively to \$8,100, \$8,900 and \$9,900. In the figure for teacher salaries would be increments amounting to \$92,400.

The budget would include \$7,000 for hiring of a principal and secretary for the junior high school, which will open September, 1963 in the present high school building. The appointments would be made four to five months before the school opened. Belleville is changing its school

setup from an 8-4 system to a 6-3-3 system.

The new budget would also in-school nurses to replace the part-time community public health nurses now in the schools. This was requested by the town Health Department.

PRUDENT MEASURES

The Board of Education took a number of prudent measures to keep down the tax levy. It adopted a reduction for maintenance of plant of \$13,600. It reduced the request for furniture appropriation by \$1,208.50. The Superintendent reduced items in the instruction account by \$9,100 and requested provision for four fewer teachers, an additional saving of \$19,600. Budgeting represented an overall saving of \$53,508.50.

The Board also applied \$125,000 of budget savings to reduce the tax levy as compared to \$108,500 applied last year, and it took advantage of \$107,077.50 from the State in the capital outlay and \$10,300.50 in debt service.

Parent-Teacher Association representatives will meet with the Board to study the budget, Friday, Jan. 12. Public hearing and final adoption of the budget will be Jan. 20, at 8 p.m., in the auditorium of School Eight. It will be put before the voters Feb. 13.

therefore its tax-exempt status. In addition, he must determine the date the building changed hands and the actual value of the purchase.

A conflict arose about the date of actual closing of the sale. Jack Orlinsky, president of the congregation said final payment was made by Grubin on Oct. 5, 1960. Grubin contended despite the date on the deed, he did not have full title to the purchase until Nov.

ember 1961, when the congregation's new Hebrew school was substantially completed. The original basis of the sale called for the congregation to hold title until the new building on Academy Street was finished, Grubin said. He did not file the deed until Dec. 6, 1961.

The property was placed on the tax rolls for 1962 after an October investigation revealed the building was being converted for commercial use, Emanuele De Nola Jr., tax assessor said.

The next visit of the unit will be on Friday, Jan. 19 at Belleville High School between 1:30 and 4:30 p.m. Mrs. Cary said, "Blood is urgently needed right now, particularly A Negative and O Negative. Last week walking donors had to be recruited twice because no blood of these types was on hand. Don't wait for the emergency to strike. Anyone in good health and between the ages of 18 and 60 will be most welcome. Just call the Red Cross and make an appointment. You never know when you may need blood."

Thousands of De Witt savers have already received dividends at our profitable . . .

It takes a lot of people and their passbooks to bring about such exceptional growth — 17% increase in assets during 1961!

We are proud of our development and prouder still that so many thrifty people in Belleville and neighboring communities prefer to transact their financial business at De Witt. Their confidence in the policies of this institution will serve to spur De Witt to greater growth and greater-than-ever service to the growing community it is dedicated to serve.

Board Must Aid Superintendent, SOS Tells Voters

The SOS pledged their support for candidates for the Board of Education who would agree with the principles held by the superintendent of schools.

"Our main purpose in the coming election," said Al Gaudin, president, "is to keep in mind the best interests of our Belleville school system. We don't want any candidate for our Board of Education who has been, or will be, a hindrance to the superintendent or to the administration of the new high school program, which we fought so hard for."

The SOS formed after the defeat of the school referendum in the first voting, Oct. 17. The group actively spread a Save Our Schools campaign.

Members met recently to re-emphasize strategy and turn to consideration of the coming election. "We're going to make sure we don't get any obstructionists on our hands," said Gaudin. "We have a vital job to be done on the new school, so we want to make sure we elect people to the board who are in favor of moving ahead, people who are dedicated to our children, to the sound operation of our schools and to the support of the superintendent."

School 5 PTA Invites School Board Candidates To Panel Discussion

The 13 candidates for membership on the Belleville Board of Education have been invited by School 5 PTA to participate in a panel discussion at the school Monday evening, Jan. 15, at 8 o'clock. Mrs. Levon Khachadourian of Newark, vice president of the Essex County PTA Board of Managers, will act as moderator.

Candidates will be asked to express their views on campaign issues and state their aims as board members if elected. Mr. Harry Burbank is PTA president.

BELLEVILLE ON TV

The Belleville school budget will be included in a program discussing school budgets, airing at 7 p.m. on Channel 4. The program is sponsored by the New Jersey Education Association in cooperation with the Federated Boards of Education and Councils of Parent-Teacher Associations. Pictures of the high school and School Three were taken for use on the show.

ACTIVE IN SPORTS

"I have been very active in sports. I love children and have taught many youngsters to swim and play basketball and basketball. Many may have been your sons."

"You must vote for three people. Make Al Guglielmo, one of them. My word is reliable. Let's get together. We need each other. I am elected I promise to explore every avenue to eliminate waste in the school budget and to cut expenses where possible without any loss of service, to offset the higher taxes the new school will bring."

school systems throughout the land. At Belleville's schools meeting this challenge, the best responsibility? Are they striving to produce the best trained, best equipped and best educated young people or are they and hence you, the people, settling for something less than the best?

"I firmly believe that we must return to the fundamentals of education. There is only one thing that I am sure of and that is that only hard work will produce outstanding results. If a P.T.A. work on the part of the students, hard work on the part of the teachers, hard work on the part of the administrators and most important, hard work on the part of the Board of Education, it will be only a few short years ago that I completed my own college education, so I speak with experience when I say students who have not learned to work are not prepared to work just but not be around on graduation day. My experience with industry has shown the same to be true of young job seekers for both shop and office positions. The educated, the hard worker, the conscientious, the person who simply do not.

PREPARE CITIZENS

"The primary objective of the educational system should be to educate to prepare tomorrow's citizens to fulfill their obligations to themselves, their families and their country. God help us meet this objective."

"This is not to say that we must bankrupt our citizens to meet this challenge, for the resulting catastrophe of overly burdened taxpayers may be far greater than one of poorly educated children. The administrators, the teachers and particularly, the Board of Education must be alert enough to find ways and means to achieve optimum results at minimum expense. We must eliminate all frills, luxuries and unnecessary expense from the system. We will, highly motivated teachers with a sound curriculum to work with, produce trained and educated students; not expensive ones, chrome and polished brick places. Do all our expenditures stand up under this test - 'Will this dollar of expenditure return to the Belleville taxpayers a dollar's worth of education?' Or have we been getting short changed?"

Francisco was born in Nutley and attended schools there. He was graduated from Drexel Institute of Technology with a bachelor's degree in commerce and engineering. A citizenship holder, he ranked second in his class.

He is supervisor of production engineering at General Electric Motor Plant, Paterson. He also does technical training for General Electric at Stevens Institute of Technology and teaches a plant engineering course in manufacturing studies classes.

served on the board from 1956 to 1958.

"This is a crucial time," he said in a statement. "The annual school budget is being set for 1960 for maintenance and operations. Some \$3,000,000 additional of the taxpayers' funds is to be expended for new construction. Every penny must be spent wisely and well. If elected, I intend to see that this is done. There is no place for mediocrity, nepotism or partisan politics at any level in our school system. Integrity, ability, loyalty and understanding must be the watchwords. If afforded the opportunity to serve, they will be mine."

EDUCATION IN BELLEVILLE

Brown was educated in Belleville public schools. He was graduated from the University of Virginia and Columbia Law School. During the past year he served as president of the High School P.T.A. He was chairman of the Belleville District Committee of the Boy Scouts of America and was a trustee of the United Fund of Belleville.

"I want to be of service to my community. My business training provides me with valuable experience which can be drawn upon in the critical days ahead when our taxpayers will be asked to spend three millions of dollars to build a new high school and two multi-purpose rooms."

"In offering my candidacy to the voters of Belleville I make public pledge to keep our school system free from political interference."

"I view the responsibility of the Board of Education as a policy-making group. And within the limits of the board's defined policy is the area of authority and responsibility of our Superintendent of Schools. I will not interfere with his authority or responsibilities."

"In the weeks ahead I will make public a ten-point program designed to strengthen our school system and simultaneously accomplish economic savings in the operations of our schools."

BORN IN NEW YORK

Wallock was born in New York and resided in Manhattan. New Jersey for 23 years. He has lived in Belleville for the past six years. This wife is the former Patricia A. McDonough of Belleville.

Wallock was graduated from Wharton High School and Newark Prep. He attended Baylor University in Texas and the University of Dayton in Ohio, studying business administration. He is a sales representative for Thomas J. Lipson, Inc., New York. He was formerly a sales representative with New York Life Insurance Co., Newark. He was a purchasing agent for Emelco Co., Hillside and later was assistant buyer for J. Bamberger and Co., Newark.

A member of the Democratic Club of Belleville, he is a member of the Democratic County Committee fourth ward, 8th district. He is treasurer of Belleville-Elks and a third degree member of the Knights of Columbus, Council 835. He is a past member and committee chairman of the Belleville Kiwanis Club. In addition he is a past vice president of the Belleville Little League and past manager in the Junior Baseball League of Belleville Recreation Department.

He was a staff sergeant in the U. S. Air Force.

Risoli

(Continued From Page 1)

The school system will treat them as grown-ups. The boys and girls are becoming wild and the entire situation with the dances and getting older ideas is running away with itself plus the fact that your 12-year-old children will be away from home all day.

"Why doesn't the school system stop to have a closer look at the modern monster they have created with the passage of the referendum? Our kids will not be kids anymore, according to this new trend in schooling and the parents will lose contact with their kids at the ages of 12 to 14."

TEEN CRIMES

"Teen crimes are making the headlines, more youngsters are being charged with driving cars recklessly than ever. Where was this trend in schooling and the parents will lose contact with their kids at the ages of 12 to 14."

"Thinking on the matter changes and parents maintain the relationship they have with their children? No matter how you try to analyze it, the picture is just not good and the deeper you get into it, the worse it becomes."

"When first the idea of a junior high school was being discussed, it seemed feasible and workable but now if you look closer at the oncoming problems it will cause a great deal of heartache and sorrow. Let the Board of Education which pondered this great change in modern living, admit their errors and keep the standard 8-4 system. These so-called leaders of Belleville wouldn't dare admit that they are making a mistake! Same as they won't admit that they have borrowed the taxpayers into eternal debt with amalgamation. They'll never tell voters they were wrong. Keep them guessing!"

"If our youngsters were allowed to continue along the same lines of the standard public school system (8-4), they would remain children until ready to become adults and the transition would be less frustrating to them. They will never acquire the fancy ideas that they will bring home with them in a junior high school. If enough parents wanted to, they could demand that the Board of Education do something about putting a halt to this mixed up mess. We in Belleville have constantly been hood-winked into believing that our elected representatives did what was best for us and we played right into their hands. Even allowing them the privilege of taking over the handling of our children and their education. They are helping in creating a teenage generation of kids who just will not give a hoot for parental control! This system of education is wrong all the way and guilty parties should admit their faults."

TOO MANY FREEDOMS

"The teen-agers of today have far too many freedoms and privileges and, therefore, the parents are getting the bad end of the bargain right from the school system which their taxes pay to support. It's just about time the elected representatives of the Board of Education had a real good look at the whole setup of this method in education and did something about it! In future statements/a solution to the above matter will be explained, and also, an answer to how the people of Belleville can save over \$6,000,000 in taxes."

members should heed advice of professional educators.

Dominic A. Lally, board president, introduced the warning that cutting corners to save expenses on the building program would only result in extra expenses in the future. A building must be planned prudently, but our school children must not be made to suffer because of lightly restricted purchases, he said.

BUSINESS PROBLEMS

Paul F. Bernhardt said he considered the building program a business problem, requiring problem analysis before decisions are made. He said he spoke as an economist who wanted to rationalize the entire school set up. Bernhardt is a member of an organization which opposed the new school.

John B. Di Rienzo announced the whole concept of a junior high school, approved by voters in the referendum. He insisted that the best was necessary for school children, but he added good education did not depend on expenditures.

Mrs. Norma McCol opened her campaign with information about herself and her background of working with children. She stressed her business background and said that when constitution on the new school building began.

John B. Di Rienzo accented his experience in educational groups as reason for his election. He called the next few years the most critical for education in Belleville's history.

"UNSATISFACTORY"

Calvin Peck began his campaign with vigorous statements against "unsatisfactory conditions" in the school system. He implied the present board was split into factions by saying "board members must work harmoniously without being involved with petty jealousies."

Ted Del Guercio called for complete reformation of the board. He charged the group with lack of consistency, among board members and by individual members. "A board should be unanimous in its decisions," he said. "For success it must be solidified, yet now, contradictions seem to arise too often," he added.

FOR WISE SPENDING

Former board member George H. Brown voiced the warning that wise spending, especially since new construction would raise taxes. He promised to bring integrity, ability, loyalty and nonpartisanship to the school board.

Albert Guglielmi Jr. added his list of personal attributes as qualifications for election. His main argument with the school system is large expenditures, which he said he would work to reduce.

Ralph M. Risoli slammed the whole concept of a junior high school, approved by voters in the referendum. He insisted that the best was necessary for school children, but he added good education did not depend on expenditures.

Mrs. Norma McCol opened her campaign with information about herself and her background of working with children. She stressed her business background and said that when constitution on the new school building began.

Maria DiGerlando Soloist With New Jersey Symphony

Nutley soprano Maria Di Gerlando of New York's City Center will be a featured artist Saturday evening, Jan. 13, with the New Jersey Symphony Orchestra at the Mosque Theater, Newark. The concert will open the 1962 Newark "Pops" Series by the state's only professional symphonic group. George Shirley, tenor of the Metropolitan Opera Company, will sing duets with Miss Di Gerlando, and Frank Socozza of Bloomfield will direct the ensemble.

In private life the singer is Mrs. Albert Lindholm, mother of a 15-year-old Dennis, Nutley High Tenth Grader, who sometimes accompanies the soprano on tour during school vacations. The Lindholms have lived in Nutley for eight years, and neighbors near their home at 35 Spring Street can enjoy an occasional Italian aria when the weather is mild and the windows open.

By a coincidence, Saturday's concert will bring together as performers two old friends, Miss Di Gerlando and Mr. Socozza, both of whom studied together as ambitious young musicians. A native Newarker, the soprano attended Newark Arts High and was graduated from Barringer High School.

Professionally she has attained national prominence and has appeared in title roles with opera companies in many American cities since her debut in 1950. She is known for her command of Italian parts, but has achieved recognition also in such varied roles as Birdie in Marc Blitzstein's "Regina" and Lisa in Tchaikovsky's "Queens of Spades," singing the latter role in the original Russian.

Nutleyites who go to the Mosque to hear Miss Di Gerlando

sing this Saturday will find the following vocal music on the program: "The Love Scene from Act I of Puccini's 'La Boheme,'" "If I Loved You" by Rodgers and "Stranger in Paradise," Wright's

MARIA DI GERLANDO

Arrangement of a Borodin melody.

Instrumental selections will be Rossini's Overture to "The Barber of Seville," Fantasia on "Greensleeves" by Vaughan Williams, "Romeo and Juliet Fantasy" by Tchaikovsky and Strauss' "Fledermaus Overture." The program will conclude with Leonard Bernstein's "West Side Story Suite."

Girls' Swim Class At Montclair "Y"

Mrs. Fred Strandskov of Verona, chairman of the subcommittee on Girls' Physical Program at the Montclair Y.M.C.A. has announced that a new series of swimming instruction classes for Second Grade girls will begin on Jan. 18.

Mr. and Mrs. Albert Tulp of 157 Fairway Avenue, announce the arrival of a son, Albert Richard, Dec. 24 at Passaic General Hospital. He weighed six pounds, two ounces at birth.

Survival Film Will Be Shown At H. S. PTA

"Seconds for Survival," New Jersey Bell Telephone film, will be shown at a meeting of the Belleville High School PTA Monday evening, Jan. 15, at 8 p.m. Henry Miller, program chairman, will show the film, a powerful presentation of continental defense, both military and civilian, which would go into immediate action in event of attack.

Ludwig Pesa, Belleville director of Civil Defense, will present Belleville's CD plans, particularly the work of amateur radio operators in emergencies. Interested citizens are invited to attend.

Jewish Center Will Sponsor Training Course

A unique counselor-in-training and leadership program will be sponsored by the Jewish Community Center of Essex County starting in February. The group, called "Focus on Leadership," will be open to tenth to twelfth grade boys and girls who are members of any of the three branches of the Jewish Community Center. The branches include the Newark YM-YWHA, serving Newark and Hilsdale, the Suburban YM-YWHA, serving the Oranges, Maplewood, Millburn, and Livingston, and the Suburban Service Department, serving the Nutley, Belleville, the Caldwell, Bloomfield, Verona, Cedar Grove, Glen Ridge and Montclair areas.

The group will meet two Sundays a month, alternating between the Newark and Suburban "Ys." Candidates will each be interviewed by a member of the professional staff of the "Y," and those who are accepted into the group will be offered a counselor-in-training position at either the Newark "Y" or Home Camp or the County Day Camp in the Watchung Mountains.

A work weekend at Vacation Camp for the Blind in Spring Valley, N.Y., and a sleeper at the County Day Camp site will be among the features of the course.

Miss Judith Anderten Is Engaged To Nutley Resident

Mr. and Mrs. Alfred O. Anderten of 242 Division Avenue, announce the engagement of their daughter, Miss Judith Lynn Anderten, to Bruce David McCumber, son of Mrs. Geneva Mohr McCumber, of 104 Warren Street, Nutley, and Harry Lee McCumber, Jr., of Long Beach, California.

Miss Anderten was graduated from Belleville High School and is now in her Junior year at Glassboro State College where she is majoring in elementary education.

Her fiancé, also a graduate of Belleville High School, attended Lafayette College where he was a member of Rho Chapter, Delta Kappa Epsilon fraternity. He is presently in his second year at Fairleigh Dickinson University, School of Dentistry.

No date has been set for the wedding.

Kiwanians Hear Review Of Club Activities

Joseph G. Fell, 1961 president of the Kiwanis Club of Belleville, outlined at a recent meeting accomplishments of the club during the past year. Fell emphasized the part Kiwanians play in community affairs as members of a service organization. He pointed out that many things for the common good simply cannot be carried out by individuals, although a group working together is able to do them.

Among the year's honors, Fell cited the National Crusade Award from the American Cancer Society given Belleville Kiwanians for their 1961 collection of white cloth. The club collected 30,000 pounds of material for cancer dressings for a value of over \$6,000. The club received a Certificate of Merit from the Central Palsy Research and Treatment Center after contributing funds for a medical library there. The center called the donation an outstanding contribution to medical research.

Club members greeted Fell with a standing ovation at the meeting.

ANNUAL MEETING

The Guild of Babies' Hospital, a unit of the United Hospitals of Newark will hold its monthly luncheon and annual meeting at the home of Mrs. Daniel Jarvis, of Glen Ridge, Monday, Jan. 15, at 12:45 p.m. Mrs. Norman Brasher of Glen Ridge will preside.

Lawyers sometimes confuse shrewd legal maneuvers with integrity and basic honesty. The two are quite different.

On the way: A COMMUNICATIONS REVOLUTION (and what it will mean to you)

Phones will dial your numbers automatically. The new automatic dialing telephone will be ready for introduction later this year. You'll be able to reach frequently-called numbers at the touch of a button.

Your conversation (and TV) will be carried via satellites. The Bell System stands ready now to launch a series of orbiting satellites that will make international phone and world-wide TV via space an everyday reality.

A pencil-thin beam of light may carry your voice and thousands more. The optical master, under development at Bell Labs, will provide exciting new channels to meet the future growth of phone service.

NEW JERSEY BELL

America's communications services are the most advanced in the world. Yet right now we are working on a series of technical breakthroughs that will truly revolutionize communications as you now know it. At Bell Labs here in New Jersey (home of the transistor and the solar battery), you'll find many projects that will take communications forward in giant steps. As these and other new communications advances are developed, you can be sure New Jersey Bell will be hard at work to bring the benefits to you.

Mrs. John Liddy of 4 Bell Street, has announced the engagement of her daughter, Miss Patricia M. Liddy, to John H. Weeks, son of Mr. and Mrs. Harry N. Weeks, of 127 Linden Avenue. Miss Liddy is the daughter also of the late Mr. Liddy.

The engaged couple are graduates of Belleville High School. The bride-elect is employed by the Mutual Benefit Life Insurance Co., Newark. Her fiancé is with the Resistoflex Corp., Roseland. No date has been set for the wedding.

Auditions For
Philharmonic
Open March 17

The Philharmonic Society of Northern New Jersey has announced that its annual Ralph P. Ross and Robert Dailzell auditions will commence on March 17. These auditions will give young artists of New Jersey, an opportunity to appear as soloists with the Philharmonic Orchestra in April. The competition, which is sponsored annually by the Society, is open to non-professional singers and instrumentalists residing in New Jersey.

A winner is chosen in each category and received a cash award in addition to a solo appearance with the orchestra. Age limits are 15-25 for instrumentalists and 18-28 for vocalists. A junior division is open to instrumentalists only, eight to 14 years of age, and a winner will be chosen from this group if considered sufficiently qualified by the judges. Members of the Society's Junior Philharmonic Orchestra will be judged in a special category, and will not compete with other contestants.

Application blanks may be obtained from Mrs. W. Iner, 123 Lincoln Avenue, Fairlawn, or the Society, P. O. Box 1545, Paterson.

Deadline for filing applications is February 17, and preliminary auditions will be held at the Women's Club, Paterson, on March 17. Applicants are requested to submit detailed backgrounds of musical education, training, experience and repertoire with their applications.

CYO Spelling
Bee Slated For
February 10th

The Essex County CYO will again participate in the Archdiocesan Spelling Bee Contest for grammar school boys and girls. The local contest will be held at St. Thomas the Apostle School, Bloomfield, Feb. 10.

Each parochial school in the county will be permitted to enter one female and one male contestant. Elimination will be determined by the traditional "miss and out" basis.

The county winner will receive a plaque, while the nine runners-up will receive certificates. The top ten will also be eligible to compete in the Archdiocesan finals on Feb. 17. Cash prizes will be awarded to the winners.

Jan. 28 Is County CYO
March of Dimes Day

The annual Essex County CYO March of Dimes Day has been set for Sunday, Jan. 28, when CYO groups throughout the county will concentrate their drive for funds. The youngsters will take collections outside of their respective churches, as well as sponsoring benefit athletic and social functions.

Rev. Vincent F. Affanese, county CYO director and fund drive chairman, has set a goal of \$10,000. Almost \$9,000 was collected last year and more than \$142,000 has been collected by the CYO over the last 10 years.

All contributions received will be sent directly to the local March of Dimes offices.

Elsie Ciccone Tri-Town
"Member Of The Month"

Miss Elsie Ciccone of 37 Warren Street, Nutley, has been chosen "Member of the Month" by Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley.

Miss Ciccone's second home is Nutley High School where she is secretary to the principal, Dr.

Robert Fleischer. Those who know Miss Ciccone are certain her deep interest and active participation with the young people of the High School is her "claim to fame." Before the Guidance Department was an established part of the High School, Miss Ciccone counseled the students who needed advice on their future education.

Every time the Maroon and Gray gridders play on the Oval, or out of town Miss Ciccone, is as much a part of the game as any of the team, for football is her favorite sport. It seems to follow, to show their appreciation for her repeated help to the Third Half Club, she would receive the many trophies she so proudly possesses.

Miss Ciccone is a member of the New Jersey Association of School Secretaries, the National Association of School Secretaries, and for the past several years has been a member of the Tri-Town Club where she is currently serving as scholarship chairman. She is also an associate member of the New Jersey Educational Association.

Besides her interest in the Rosary Society of St. Mary's Church, Elsie, as her friends affectionately call her, finds much pleasure in the theatre and travel.

The School Board Election

At last and final count thirteen citizens have decided to brave the wintry blasts of a Board of Education election campaign. Election day will be Tuesday, February 13th. There are three seats contested.

Board President Dominic Lally, a math teacher, has decided to seek re-election to the Board. Lally, it may be recalled, is the board member who insisted upon saving our taxpayers \$10,000 by personally supervising and directing the alterations to the Clearman Field field house. Two years ago Lally put on a one-man campaign against the proposal of the Rochaelled majority bent upon spending well over \$18,000 on alterations which Lally insisted could be performed for much less.

In the end Lally not only succeeded in blocking the effort to award a contract for the work—he personally assumed the job of organizing the workforce and supervising the construction during his summertime vacation period. This was service above and beyond the call of duty.

When World Olympics Accordion Champion Donald Hulme was unable to enter the International contest held last October in Milan, Italy, it was Lally who immediately joined The Times - News campaign held to raise the funds necessary to permit Belleville to send a favorite son to bring home the honor of housing the World Champion.

As President of the Board during the past year Lally has led the fight for the appointment of Dr. Frank Durkee as Superintendent of Schools to fill the vacancy created by the untimely death of Evan Thomas. It was under Lally's leadership that Belleville was successful in obtaining a new high school.

Lally could have retired this month in the knowledge that he has served well the people of our community.

Fortunately for Belleville, Lally is a candidate for re-election: His personal experience in the field of construction will stand us in good stead as we enter the construction phase of the new high school authorized by the voters on December 21st.

Lally is asking voters to consider favorably his candidacy because his three years of experience on the Board has given him an insight into the educational problems confronting our community, and as a substantial taxpayer, he could weigh the problem against the money available in terms of the taxpayer's ability to foot the bill.

While his point of experience is well taken, we believe Lally's value to the community has been his constructive aid to the community's educational system.

Some people are elected to office and end up like a bump on a log — serving no useful purpose — and this despite their years of experience. Others are elected to office, and while they gain a measure of experience, occasionally the experience gained doesn't help the taxpayers. Such is not the case with Lally.

We are pleased he is a candidate for re-election and we trust the voters examine carefully Lally's wonderful contributions to our community before casting their three votes.

Dr. Frank DiRuggiero is seeking a third term on the Board. Di Ruggiero, completing his sixth year is the dean of the board.

At the time of Evan Thomas' death, DiRuggiero was one of his greatest supporters. Subscribing to the policy of promotions within the system, DiRuggiero was an early backer of Dr. Frank Durkee for the post of School Superintendent.

Despite intense pressures to separate him from support of Durkee, at the risk of political reprisal, DiRuggiero held steadfastly to his conviction that Durkee should be promoted to the position formerly held by the late Evan Thomas. This action on the part of a public official requires political courage of the type rarely displayed in our community. And it should be remembered at election time by citizens interested in continuing a school system free from faction or political control. Of one thing we can be sure—come February 13th, the people who tried to pressure DiRuggiero will not let him forget his failure to obey their command.

The Board needs independent-minded citizens of the DiRuggiero type. We have not always agreed with his votes of the past six years. However, on balance his six year record on the Board of Educa-

tion is a good one and deserves recognition by the electorate.

Michael Albertine is the third member of the Board to seek re-election. Completing his third year, unfortunately for Albertine, going against him is his record of indecision which has characterized a couple of his votes on major problems confronting the Board during his tenure.

The Minasian-Calabro affair is a case in point. Albertine's determination to avoid a personal decision in the matter was not the action voters expect of a public official elected to make decisions. Involved in the issue was the morale of the entire teaching staff of our school system.

Conversely, in a matter so controversial as the new high school, Albertine took a positive position. He favored the new school from the very beginning — and stuck to his guns despite the severe pressures brought to bear upon him to change his stance.

A major factor in Albertine's favor is his ability to learn from experience. He has now come to the realization that a school system can only be as good as its Superintendent of Schools. Albertine is one of the four board members who voted to seat Dr. Durkee as School Superintendent. As a result of his experience Albertine has learned not to obstruct the performance of the School Superintendent.

If re-elected Albertine can be expected to oppose the gag-rule which Board member Nicholas Juliano wishes to impose upon Dr. Durkee.

Among the ten challengers there is no doubt that we can find three outstanding citizens who can perform well as members of the Board of Education. It is for the challengers to persuade the voters they can do a better job than Lally, DiRuggiero and Albertine, who incidentally are campaigning independently.

The challengers have one thing in common, each must try to convince the voters he or she can do a better job as a board member than any one of the incumbent three seeking re-election — Lally, DiRuggiero and Albertine. Hence, the challengers take stage center — as the voters breathlessly wait in the wings.

An Obvious Tax Saving

Charles B. Tedesco, administrative clerk for the department of Public Safety and municipal court, must give up his court position February 1 as a result of a Supreme Court ruling forbidding court clerk duties from being performed by persons within the public safety department.

The purpose of the Supreme Court ruling is to divorce the courts and their administration from any contact whatever with employees who might involve themselves in political activity.

Tedesco receives \$8,418 as compensation for the two jobs. Commissioner Harry Sullivan, Public Safety Department director now is faced with the problem of reassigning the duties of municipal court clerk and reducing Tedesco's salary in line with his reduced work requirement.

Instead of hiring an additional employee to handle the duties which Tedesco must abandon would it not be a nice gesture on the part of our Public Safety Department to reshuffle departmental duties and jobs in such a manner as to make possible a savings to our overburdened taxpayers? It certainly would be a good note on which the Commission form of government could end—no?

Medical Aid To The Aged

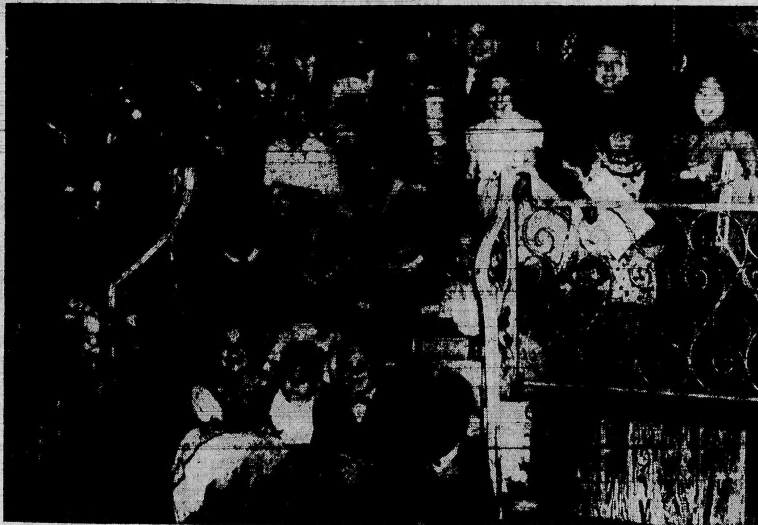

Well, Congress is back in session and unless the grass roots really stir themselves we will see no effective medical aid to the aged.

President Kennedy will try once again to urge Congress to adopt his medical aid to the aged bill based primarily upon our payroll social security tax system.

We believe this method of medical aid to the aged is the only realistic method of helping our elders—and we are all for it.

Our 10th Congressional District Congressman, Democrat Peter W. Rodino is in favor of the bill as well as our two United States Senators, Republican Clifford Case and Democrat Harrison Williams. Apparently it is not enough that our congressional delegation is listed as supporting the bill. They must roll up their sleeves and work for its adoption. One way to enlist our Congressional delegation in the fight for this legislation is for the voters to bombard them with letters demanding they use their immense persuasive powers with their fellow Congressmen and Senators. Rodino can be reached by writing to him at the House Office Building, Washington, D. C. Both Case and Williams can be contacted by dispatching letters to either at the U. S. Senate Office Building, Washington, D. C.

Beck's Column

There was a notice in the newspapers a few weeks ago about a child having been electrocuted by touching the metal case of a portable TV set and at the same time touching a radiator.

It should be pointed out that no doubt there was a defect in the TV set. Such an occurrence is not normal, of course.

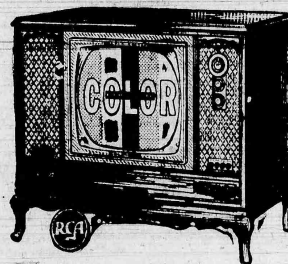

Our regular readers may remember that we wrote about this many times during the past few years, when portable TV sets became so popular. In order to save weight and make a lower price possible, some manufacturers omitted a power transformer. The tubes in this case are hooked up in series. If one tube burns out, none of them lights up. In power transformer chassis the tubes are hooked up in parallel. The burned out tube is easy to find, because the good ones stay lit.

Sets without a power transformer have the line voltage in most cases directly connected to the chassis, which in turn, is insulated from the carrying case. In case the insulation between the chassis and the case breaks down, the line is directly connected to the case. If it happens to be the live wire and one touches the ground at the same time, like a water pipe or a radiator, then the full current flows through the body, often with deadly results.

A set with a power transformer can not create this condition. One manufacturer uses a bakelite case on a set without a power transformer. Since bakelite is an excellent insulator, it is safe also.

Montclair Zone Defense Stops Belleville In Second Half

BY ROGER WARTELL

Belleville High's basketball team suffered its sixth defeat without a win last Friday when Montclair rallied to beat the Bellboys 61-49. Nuley is Belleville's opponent tomorrow at the Belleville High gym.

The Bellboys, led by Tony Raimo with 10 points in the first half and 10 points in the last two quarters, ran up a 33-25 advantage only to have the Mounties tie up the score and go ahead early in the third quarter. Montclair, unable to stop the Bellboys' offense in the first half, switched to a box defense with one man guarding Raimo in the second half. This proved very effective and held the Belleville quintet to eight points in each of the last two quarters.

The Bellboys ran up an early lead at the Montclair gym on the shooting of Dave Hatch. Raimo and Bob Byers. After leading 13-10 at the end of the first quarter, the Blue and Gold opened their lead to 10 points shortly before the half. Montclair took advantage of foul shots in the third period and closed the Belleville lead to 41-39. The Mounties then started the last quarter by sinking six straight points and jumping out into the lead. From here on it was an uphill battle for the Bellboys. Unable to hit on their shots, the Blue and Gold attempted to put on a full court press to no avail. Montclair continued to control the ball, and closed out the game by outscoring the Bellboys 22-8 in the last period.

Man for his team. The Bellboys ran up an early lead at the Montclair gym on the shooting of Dave Hatch. Raimo and Bob Byers. After leading 13-10 at the end of the first quarter, the Blue and Gold opened their lead to 10 points shortly before the half. Montclair took advantage of foul shots in the third period and closed the Belleville lead to 41-39. The Mounties then started the last quarter by sinking six straight points and jumping out into the lead. From here on it was an uphill battle for the Bellboys. Unable to hit on their shots, the Blue and Gold attempted to put on a full court press to no avail. Montclair continued to control the ball, and closed out the game by outscoring the Bellboys 22-8 in the last period.

Cagers Winless In 5 Starts; Lose Squeaker To Passaic

BY ROGER WARTELL

After completing one-third of their regular season, the Bellboy cagers have yet to come up with a victory. Belleville has lost to Passaic 46-45, St. Benedict's 72-46 and West Orange 72-47 in three outings to bring the record of 0-3. The squad has been losing mainly because of an uncoordinated defense which has allowed opponents to score easily from under the boards. Belleville High's varsity is capable of playing much better ball, and it will have to snap out of its doldrums in order to win.

After losing their first two, the Blue and Gold played host to a strong Passaic team. Belleville lost a squeaker in a game which was close all the way. Behind 41-35 with five minutes left, Dave Hatch and Joe Petrillo led a Belleville rally to tie the score at 43-43. After exchanging hands several times, the ball wound up with Passaic with 20 seconds left. Charles Brooks was fouled and he put the Indians ahead by sinking his foul shot. The Bellboys lost the ball, but with seven seconds remaining Bob Byers stole a pass and put Belleville ahead 45-44. Passaic called time out, and put the ball in play with five seconds left. After bringing the ball up court Charles Brooks swished in a 20-foot jumper at the buzzer to give Passaic the victory. Dave Hatch was high for his team. The Bellboys ran up an early lead at the Montclair gym on the shooting of Dave Hatch. Raimo and Bob Byers. After leading 13-10 at the end of the first quarter, the Blue and Gold opened their lead to 10 points shortly before the half. Montclair took advantage of foul shots in the third period and closed the Belleville lead to 41-39. Chamber of Commerce Membership Reaches 54

Total membership of the Chamber of Commerce reached 54 at the end of 1961 with two new members, Wallace Tire Service of 709 Washington Avenue and Omni Design Consultants of 139 Little Street. The Chamber's Christmas Light program, which brightened Washington Avenue for the holiday season, was financed by many stores and businesses. "In the listing of contributors, Paul's Shoe Store was inadvertently omitted," said Harry T. French, executive director. He also added Miles Shoe Store, a later contributor, to the list. "The Chamber of Commerce wishes to acknowledge the support of these two stores toward the project," French said.

OBITUARIES

Rest Eternal Grant Unto Them, Oh Lord,
and Let Light Perpetual Shine Upon Them.

Mrs. Alfred O. Hautala

Mrs. Mary A. Hautala of 410 Belleville Avenue died at her home on Saturday, Dec. 30 after a long illness. She was 80.

The Rev. H. Ranta, pastor of Bethlehem Evangelical Lutheran Church of Jersey City and New York, officiated at funeral services on Wednesday, Jan. 3, at the William V. Irvine and Son Memorial Home. Interment was in Glendale Cemetery.

Mrs. Hautala, the widow of Alfred O. Hautala, was born in Jalasjärvi, Finland. She came to Belleville in 1915. She was active in social and charitable work among Finnish immigrants in this country. During the war years she worked sending packages to Finland.

Her home was always open to immigrants from her homeland, many of whom used her house until they became settled in this country. She sponsored many persons who wanted to come here and once they arrived she helped them obtain citizenship papers.

She was a member of Bethlehem Evangelical Lutheran Church of Jersey City. Very often her home was used for church services for Finnish-speaking persons in this area.

She is survived by two sons, William O. of West Orange and Aarne of Finland; three daughters, Mrs. Tyne Hauber, with whom she lived, Mrs. Meimi Kookkila of Finland and Mrs. Lijlia Melvin of Clinton; a sister, Mrs. Hilda Hautala of Spencer, N.Y.; seven grandchildren and five great-grandchildren. She also leaves a niece, Mrs. Philip Miller, and a nephew, Eino Hautala, both of Belleville, for whom she was guardian.

Al Russomanno

Al Russomanno of 63 Beech Street died Tuesday, Jan. 2 at West Essex General Hospital after a short illness. He was 65.

A Solemn High Mass of Requiem was offered Friday, Jan. 5 at St. Lucy's Church after a funeral from Spatola Funeral Home. Interment was in Holy Cross Cemetery.

Mr. Russomanno was born in Newark. He moved to Belleville six years ago. He was employed as a watchman by Public Service Electric and Gas Co., Newark for the past 33 years. He was a member of Local 2103, International Brotherhood of Electrical Workers.

He is survived by three brothers, James Corona of Miami and William and Michael Corona, both of Belleville, and five sisters, Mrs. Agnes Juliano of Montclair, Mrs. Victoria Lovalla of Belleville and Mrs. Laura Mass, all of Belleville, and Mrs. William Carrione, all of Newark.

Sunday—9:30 a.m. Sunday School, 9:45 and 11 a.m. Worship Services; 7:30 p.m. Luther League.

Alfred V. Stefanelli

Alfred V. Stefanelli, formerly of 85 Franklin Street, died suddenly on Monday, Jan. 1 in Florida. He was in his 50's.

A Solemn High Mass of Requiem was offered in St. Anthony's Church on Monday, Jan. 8 after a funeral from the Zardo Funeral Home. Interment was in Holy Sepulcher Cemetery.

Mr. Stefanelli was born in Newark. He spent most of his life in Belleville, moving to Newark 16 years ago and then to Miami six months ago.

He was a carpenter and had worked as a maintenance man for 16 years in a Newark firm. He retired a year and a half ago after a heart attack.

Mr. Stefanelli was a member of American Legion Post 302, Newark. He had formerly been a member of Elks of Bloomfield.

He is survived by a daughter, Mrs. John Shaw of Miami; two sisters, Mrs. Ella De Rogatis and Mrs. Lawrence Iannelli, both of Belleville; three brothers, Joseph and Ernest, both of Belleville, and Anthony of Bloomfield, and two grandchildren.

Mrs. Charles E. Baker

Mrs. Lucy McCullough Baker of 103 Cedar Hill Avenue died suddenly on Thursday, Dec. 28 at home. She was 78.

The Rev. George F. Kreutter, pastor of St. Luke's Episcopal Church in Union, officiated at funeral services from Haerle and Berg on Saturday, Dec. 30. Interment was in Fairview Cemetery.

Mrs. Baker was born in Ireland. She came to this country as a child and lived in Newark until 17 years ago when she moved to Belleville.

She is survived by her husband, Charles E. Baker, a daughter, Mrs. George J. Keller of East Orange; a sister, Mrs. Marie Kenworthy of Arlington; one grandchild and two great-grandchildren.

Mrs. Henry Phillips

Mrs. Helen Tomack Phillips (Filipowicz) of 177 Adelaide St. died at a rest home on Thursday Jan. 4 after a long illness. She was 84.

The funeral was from Paul A. McDonough Funeral Home on Saturday, Jan. 6. A blessing was offered that day at St. Mary's Church. Interment was in a family plot in Gate of Heaven Cemetery. A High Mass of Requiem was offered in St. Mary's Church on Monday, Jan. 7.

Mrs. Phillips was born in Austria and came to this country when she was a child. She lived in New York before moving to Newark 62 years ago. She had resided in Belleville since 1944.

She was the widow of Henry Phillips.

Mrs. Phillips was a member of St. Mary's Church and its Rosary Society and the Rosary Altar Society of St. Benedict's Church, Newark.

She leaves three daughters, Mrs. Joseph Weimann, with whom she lived, Mrs. Theodore Assenheimer of Riviera Beach, Fla., and Mrs. Stephen Stancel of Newark; four sons, Andrew and Albert, both of Union, Joseph of Hazel and John of Irvington; 18 grandchildren and 17 great-grandchildren.

Robert C. Jacobus

Herbert C. Jacobus of 483 Union Avenue died at home on Wednesday, Dec. 27 after a short illness. He was 93.

The Rev. Anthony Guenther, pastor of The Gospel Tabernacle of the Christian and Missionary Alliance, Nutley, officiated at funeral services from Wadsworth Funeral Home on Saturday, Dec. 31. Interment was in East Ridgewood Cemetery.

Mr. Jacobus was born in New Jersey. He was a resident of Belleville for more than 40 years. He had been a post office employee for 30 years, retiring many years ago. He also did mechanical and carpentry repair work.

Mr. Jacobus leaves his wife, Mrs. Jessie D. Little Jacobus, and a daughter, Mrs. Gwendolyn M. Lyons of Florida. He is also survived by one grandson and two great-grandchildren.

John McKelvie

John McKelvie of 217 Greylock Parkway died suddenly on Sunday, Dec. 31 at his home. He was 62.

The Rev. Norman A. Wilson, pastor of South Park Presbyterian Church, Newark, officiated at funeral services from the Weatherhead Funeral Home on Thursday, Jan. 4. Interment was in Restland Memorial Park.

Mr. McKelvie was born in Glasgow, Scotland. He came to this country in 1923 and lived in Detroit for a short time before moving to Newark. He came to Belleville three years ago.

He was employed for the past 20 years as a machine operator with the Atlantic Casing Co., Clinton. He was a member of Copeland Lodge 37, F. & A. M., Orange; Clan Drummond 62, Orange; South Park Presbyterian Church and the South Park Barons Club of that church.

He is survived by his widow, Mrs. Elizabeth Briggs McKelvie; a son, Ian, of Andover Township, and one grandchild.

State Card Party For Handicapped Children
 Friday evening, April 27, has been set as the date for the second annual card party to be sponsored by the Parents' Association for Handicapped Children, according to Mrs. Joseph Esposito, president. The affair will be held at the Nutley High School gymnasium, with Mrs. Esposito, chairman, assisted by Arthur Olanie of Nutley.

Mr. Olanie has been appointed treasurer for the 1962-63 term, replacing John DePino who had been elected treasurer at the organization meeting last month but was forced to resign because of a conflict in working hours.

Life's puzzle: why is there such an oversupply of those ready to lead, even without a request?
