

Board Of Education Candidates Discuss Views On Status And Responsibilities Of Schools Superintendent

Board of Education candidates have voiced opinions on the post of Superintendent of Schools. The 12 persons running for board seats said at a P.T.A.-sponsored candidates' night they would support the superintendent within his sphere of power.

There was disagreement about exactly what his sphere of power is. All said there should be a limit to the superintendent's power. All agreed they would express their own opinions and would disagree with the superintendent if they felt a decision were detrimental to the school system.

George H. Brown and Paul F. Bernhardt took the strongest line. They said they would dismiss a superintendent who was detrimental to school progress.

Brown, a former member of the board, said he was not opposed to Dr. Frank M. Durkee, superintendent. He strongly disapproved, however, of the manner in which Dr. Durkee was appointed. Brown said Dr. Durkee was "railroaded into the office."

According to Brown, Dr. Durkee was selected before the final deadline for applications. He asked why no other candidates were interviewed. He also argued that the meeting to pick a superintendent was held on short notice, in the summer, when many

Still In Race

Despite his decision last week that he would not run for the Board of Education, Lally remains a candidate. By law he cannot withdraw his name from the ballot unless those persons who signed his petition consent in writing to his withdrawal. This statement must be filed with the board secretary to become effective. Such a statement has not yet been filed.

Lally Presents Board Record As Best Evidence

Dominic A. Lally, school board president, repeated this week he would stand on his record as a board member in his campaign for re-election.

"First of all, my record speaks for itself," he said in a statement. "A record that has demonstrated my abilities and talents that were put into practical and beneficial use at a critical time. This record is the result of my qualifications and experience. Experience as an educator; as a builder and as a civic-minded worker."

"I am not presenting before you platitudes but I am placing before you my accomplishments, which you have already read about."

"A good measuring device to judge a person's future is by his past performance."

CIVIC RESPONSIBILITY
"Another reason that impels me to seek re-election is that I believe a worthy citizen is ex-

Risoli Attacks Incumbents Up For Election

Ralph M. Risoli, school board president, challenged this week the record of the three incumbents running for re-election. "I believe, personally, hold the three incumbents responsible for the sad state of affairs which our school morale is now faced with," he said in a statement. "There are questions that have not been answered by the school board to the people of Belleville."

"In a letter addressed to the Board of Education by the Middle States Secondary Schools, it was said, 'It is a pleasure to inform you that the commission on Secondary Schools has approved the continuance of your school on the list of accredited schools for the period ending December 31, 1961. Then on November 1961 a propaganda letter attempted to frighten the mothers of Belleville was sent to the Bel-

Brown Disputes 'Manner' Durkee Was Appointed

George H. Brown, former member of the Board of Education, outlined his objections this week to "the manner" in which the Superintendent of Schools was appointed to his post. Brown, a candidate for the school board, insisted he was not challenging Dr. Frank M. Durkee, the superintendent, or the position he now holds.

"After having served on the Board of Education and as President of the High School P.T.A., I am confident that most people know where I stand on school matters. Let there be any doubt

Dr. Di Ruggiero Defines Policy, Administration

"The Board of Education is a policy-making body," said Dr. Frank Di Ruggiero, candidate for his third term on the board. It is up to the Superintendent of Schools to be the administrator of the school system, Dr. Di Ruggiero said in a statement made this week.

The issue of the proper area of responsibility for the superintendent has become an issue in the school campaign.

"Foolishly, some people think of a Board of Education as doing everything in connection with schools. They seem to forget that the age of specialization has not overlooked education and the schools."

"Six years on the Belleville Board of Education has helped me to learn what a Board of Education should do and what it should not do. To all thoughtful people, it is clear that a Board of Education cannot now administer the schools. Board members

Peck Promises Independence On School Board

Calvin Peck, Board of Education hopeful, pledged his independence this week as well as his respect for the Superintendent of Schools. Peck, who is backed by the Alert Belleville Citizens committee, said he would reserve the right to question the superintendent's decisions if he felt they were not in the best interest of the system. Peck had been questioned about his stand on the responsi-

DiRienzo Calls Durkee Selection 'A Closed Issue'

John B. Di Rienzo, one of 12 Board of Education candidates, expressed this week his confidence in the Superintendent of Schools. In last week's P.T.A. meetings, candidates were asked their opinions about the position of the superintendent and his responsibility.

"During the past week criticism has been leveled at my stand on certain issues, Di Rienzo said in a statement.

"It is criticism which lacks a genuinely consistent viewpoint. It is criticism arrived at by implication and not based on factual

Del Guercio Sees Sports Program A Critical Area

Ted Del Guercio, school board candidate, issued statements this week covering his background. His opinion of the junior high system, of the Superintendent of Schools and of a renewed Belleville sports program.

"I have entered the race for a seat on the Board of Education as an independent candidate. My background, like most people, is quite limited. I am a graduate of Seton Hall University with a B.S. degree in Secondary Education. I enrolled in the evening division of the university during February, 1957 and was graduated on

Bernhardt Says Board Vote Has Political Tones

Paul F. Bernhardt, candidate for the Board of Education, presented his philosophy of education in a statement made this week. In it he also promised to divorce politics from the school board, charging that the board voting has "political undertones."

"It has been said that the central purpose of education is the training of minds and the development of the rational powers. Since Sputnik 1, our entire nation has been reexamining our goals in all fields, not the least of which has been education. Ed-

Waltock Gives New Plan To Fill Principal Posts

Edward L. Waltock, candidate for the Board of Education, reiterated this week his support of the position of Superintendent of Schools.

In a statement, Waltock said, "The present system of permitting school board members to screen candidates for possible appointment to principal positions open in our system, lends itself to political machinations."

The school board is now considering applications for the principalship of School Nine and Belleville High School.

Waltock promised "If elected

Michael V. Albertine, candidate for re-election to the Board of Education, stressed this week the importance of continuity on the board.

"I ask your support," he said in a statement, "so that I may help provide the continuity necessary to complete the task of having the new high school become a reality, and in full operation."

"It is important to have continuity of representation on our school board in order to insure its proper functioning in the best interest of the community and the student."

Rutan President Demands Publication Of Assessments

John Bass, president of Rutan Estates Homeowners Association, has asked the town Board of Commissioners to publish tax assessment lists. He cited at this week's commission meeting, ex-

CYO Queen Starts Reign

Two Belleville Queens — Miss Joyce Zena of St. Peter's CYO is crowned Essex County CYO's 1962 Snow Queen by Miss Patricia Orlando, 1961 Snow Queen also of St. Peter's.

Joyce, a 16-year-old sophomore at Belleville High School, received her crown before more than 1,000 teenagers last Saturday night in the CYO's 17th annual Snowball Dance held at Seton Hall University.

"I'm very happy about receiving this title," Joyce said later. "I never dreamed it could be me."

LaMorte Is Up For Court Clerk Post

Addressograph Operator Is Sullivan Choice To Aid Judge Abromson

Salvatore LaMorte, employed by the town as a senior addressograph operator, has been recommended by Commissioner Harry J. Sullivan as court clerk for Belleville.

The appointment needs approval by Magistrate Edward J. Abromson. The post would be temporary, pending Civil Service examination.

Belleville was forced to seek a clerk after a Supreme Court ruling forbidding persons in the police department from conducting court clerk duties. Charles B. Tedesco, court clerk for the past 14 years, must give up the position because he is also administrative clerk for the department of Public Safety.

Prosecutor Okays Paving Contract

The Essex County Prosecutor, Brendan Byrne, has ruled that a Belleville paving contract extended from \$5,735 to \$14,879 was legal. Byrne said a month's investigation showed there was no evidence of criminal intent in the contract.

James R. Golden of 62 Tappan Avenue, who brought the question before the prosecutor, said yesterday he would appeal directly to the grand jury for a ruling on the legality of the contract.

Byrne said nothing in the contract warranted turning it over

for grand jury action. He suggested the matter be left to legislative recommendations for the state attorney general to establish "definiteness as to what a contract can call for."

The issue arose when the town commission authorized payments totaling \$14,879 to Franklin Contracting Co., Little Falls. This was an increase of \$7,866 over the original contract.

100 PER CENT CLAUSE

The dispute centered on a 100 per cent clause in the contract, which town officials said meant that the company would be required to do at least 100 per cent of the work at the same unit price. Francis J. McCoy, town treasurer, questioned the clause and refused to pay the second installment until he received a legal opinion from Thomas C. D'Avella, town attorney.

D'Avella said the contract was legal since bidders were furnished with the specifications and the 100 per cent clause. He ruled "that if the Department of Public Works in its best judgment decided that due to the exigency of this public service it was in the best interest of the Town of Belleville to increase the work while it was in process of construction, then in my opinion

First Financial Steps Taken For New Senior High School

The Board of Education has authorized the issuance of bonds for the school building program, approved by voters Dec. 21. The funds are for a new senior high school, costing \$2,730,000, and two all-purpose room additions to Schools One and Four, costing \$252,000.

At its regular meeting Monday night, the board also adopted resolutions seeking finances on bond anticipation notes needed for initial expenses on the expansion program.

Included in the initial expenses are payments to the architect, Alfonso Alvares of Upper Montclair, for plans of the building. Funds are also allotted for the purchase of eight private properties at Division and Pacific Avenue. These lots would be added to a portion of the Municipal Building site given to the Board of Education.

Max N. Schwartz, board attorney, said he and Dr. Frank M. Durkee, school superintendent, would meet with property owners this week to discuss "amicable settlements."

RECOUNT
In other action the board incorporated into the minutes of the meeting the recount taken by the County Board of Election of the referendum vote. The recount had been requested by a group belonging to the Citizens Tax Council. Two persons who signed the request were Paul F. Bernhardt and Paul Francisco, candidates for the school board.

The result of the recount was a verification of the \$1 vote margin by which the referendum for a new senior high school passed. The tally was 2,438 for and 2,357 against the measure.

bers are ordinary citizens with varying degrees of education, background and ability. Their personal affairs and the making of a living take most of their time and thought. Just as business and industry are run by specialists with a Board of Directors making only broad general policies, just so with schools. Board members cannot match their knowledge of education, administration, supervision, personnel administration, research, group dynamics, and other areas in education with that of the superintendent and his staff of seasoned specialists. For the people of a community to get the best schools, their Board of Education members must, therefore, let the running of the schools be left to the professionals.

MAKE POLICY

"A Board of Education should stick to policy making. And policy making is the job of the whole board in session, not the job of any one member. If a board member believes in a certain policy, it is his job to sell, if he can, that policy to the whole board in open meeting. If a majority of the board rejects his proposed policy, he is duty bound to abide by that decision. It is not for him to try to make trades to get his policy put into effect. "It is policy making for a board to decide to have a survey of the school building facilities, to decide to have a new high school, to decide to have a K-13 school organization, to decide to use bond anticipation notes until referendum bonds are issued, to decide to redistrict the town to equalize the distribution of children among schools to have special class education, to hire principals for schools, and many other problems that come up.

TO PICK PRINCIPAL

"But, if for example, the board decides to pick the principal, it moves from policy making into administration. No Board of Education has the objectivity, the specialized knowledge, training and educational experience to pick a school principal. To the selection of a school principal, our superintendent brings his full time, his 30 years in public and college education, his train-

ing to the highest level, the doctorate degree, his comprehensive and detailed knowledge of the people working in the schools.

"In properly run school systems, the superintendent handles the process of personnel administration. He operates the selection process. He makes assignments and transfers. He operates the supervisory process that touches each classroom and teacher in the school system. In the selection of a principal, for example, the superintendent should collect all relevant information from applicants, determine their certificate eligibility, review this information, interview each applicant in depth, judge which applicant has the greatest potential leadership ability in all areas of the school, and recommend the best applicant for the position. Once the superintendent fills in the board on the reasons for his choice, it is the duty of the board to appoint the recommended applicant.

"Dr. Frederick Raubinger, State Commissioner of Education, has ruled that 'A Superintendent of Schools has not only the right but the duty to recommend personnel for appointment' by a Board of Education. The County Superintendent of School and other authorities confirm this view. When board members tell everybody 'I shall support the recommendations of the superintendent,' all soon come to understand that the purpose of the schools is education, not handing out favors or patronage. This reduces improper pressures on board members. This enables the superintendent to make the best decisions for good education."

Candidates

were on vacation.

"RAILROADED"

Brown repeated his stand on the Durkee appointment, saying that he "did object and always will object to the manner in which he was railroaded into office."

Other candidates expressed confidence in Dr. Durkee as an administrator. Dr. Frank DiRuggiero said in a statement read by James Leary that he fully respected the superintendent. He

outlined clear division of policy-making responsibilities of the board and administrative duties of the superintendent.

Calvin Peck and John B. DiRienzo both said they had confidence in the superintendent and would not impede him. DiRienzo added that "I like to do my own thinking. Dr. Durkee certainly doesn't want to surround himself with a bunch of yes men." Paul Francisco said he would have the right, as a board member, to question the decisions of the superintendent.

Edward L. Wallock pledged full support of the superintendent and discussed a hierarchy of administration. He said individual questions should be submitted to principals, then to the superintendent, and only after that to the board.

AGAINST JUNIOR HIGH

Ralph Risoli repeated his arguments against a junior high school system, planned by the board. Francesco, Bernhardt and Mrs. Norma McCool said they believed full studies should be made before adoption of the new system.

Ted Del Guercio, formerly a social case worker for Belleville, said he was familiar with specific problems facing families in town. He promised to protect the interests of all. Del Guercio agreed with Wallock on the values of a merit system of teacher promotions.

Incumbent Michael V. Albertine defended what a member of the audience called his erratic voting on the school board. "It is very easy to make a quick decision and stick with it all the way when you are being backed by one group with one set of ideas," he said. "But remember, Michael V. Albertine is representing all people in all parts of Belleville and it is much harder to make a decision then."

Albertine, Dr. DiRuggiero and Dominic A. Lally, board president, have received the endorsement of the S.O.S. committee, a group formed to campaign for a new high school. The three incumbents are running independently.

Lally

pected to assume some civic re-

sponsibilities. He therefore should offer his services and apply his best talents toward the cause that will benefit his community most.

"As an educator I feel strongly about supporting and maintaining good schools. My aim is to develop between educators and the general public such united efforts as to secure for every child the highest advantage in physical, mental, social and spiritual education."

FUTURE LEADERSHIP

"No matter how hard we work what sacrifices we make; it is only by the education of the citizens of the future that our leadership in world affairs can remain unchallenged."

"That is why we, who are dedicated to the cause of public education, must never relax, never lessen our vigilance to see that the traditional high standards of public education are maintained in America."

"That is why we need modern, up-to-date, educational programs, good teachers, new school buildings and improved curriculum. If we do not meet this challenge, we are disloyal to our children and disloyal to our country."

Peck

bilities of the superintendent. "In answer to the editorial challenge of the Belleville Times let me state," he said.

"In accepting the endorsement of the A. B. C. Committee, I made it clear to the organization I would gladly accept, only if permitted to run independently and not bound in thought, word or deed to the other candidates or board members endorsed in the past by this group of citizens whom I feel are interested and dedicated to only that which they feel is best for our school system. This was agreed and a press release from the A. B. C. which was not printed in the last issue of your paper will confirm this. (Editor's note: Lack of space prevented issue of committee releases. Instead candidate's statements have been printed in full.)

"Let me further state I have no personal axe to grind with any present board member or employee of the Belleville School system."

DURKEE HIGHLY QUALIFIED
Let me repeat it is not my intention to impede the Superintendent of Schools in carrying out his duties in any way. I believe in Dr. Frank Durkee who have a highly qualified superintendent. Naturally, however, I elected, I reserve the right to question any decisions that I feel are not for the best interests of the school system."

"Let me further state that while serving on the Citizen's School Building Advisory Committee, I have attended most of the Board of Education meetings in the past year and it has been apparent that personal feelings of board members have been adversely affecting the issues at hand as they came up for decision before the board."

"As you know, it would be an unhealthy condition if all board members were in complete agreement on every issue. However, the ability of board members to sit down together, discuss and arbitrate an issue to a successful conclusion is a necessary attribute which some members of the present board do not have."

"Bear in mind that the office of superintendent is the most important post in the system. Two of these same board members that rushed through the appointment of the superintendent were conspicuously noticeable by their absence for Candidates' Night at P.T.A. Five. Perhaps they are too busy interviewing applicants for principal of School Nine, which has less than 150 pupils. Yet, when they select the man who presides over the destiny of 5,500 pupils, they do so without any interviews. Does this make sense?"

"While on the school board, and Dr. Durkee knows this from experience, I never sought to hamstring or impede the superintendent in any proposal made by him to improve our school system. My views have not changed. By like token, I think for myself I will never hesitate to question anyone in order to protect the public interest and our schools. None of us is infallible, but my record in and out of office speaks for itself."

"I am an independent candidate with no strings attached. I welcome the wholehearted endorsement of the Alert Belleville Citizens, just as I welcome the support of every right-thinking citizen who is interested in the educational welfare of our children and our community. I am not running on any slate. I owe allegiance solely to the people of Belleville whose interests I shall always seek to promote, protect and preserve."

"GAG RULE"
"On the matter of so-called 'gag rule,' I am not and never created by the recent editorial in The Belleville Times - News, let's get the record straight," he said in a statement.

"The issue in this campaign is not Dr. Durkee, the Superintendent of Schools. He is not a candidate. He has been appointed, has tenure and no one is challenging either him or the position he occupies. The real issue is not the man but the manner in which he was appointed. In short, it is the conduct of the president of the board and some of the incumbents who are seeking reelection, that is being challenged — not Dr. Durkee nor his ability as an educator."

"INDECENT HASTE"
"Look at the record. It shows the indecent haste, the undemo-

cratic manner and the callous disregard in which the appointment was made. Why was it rushed through at a special meeting called on such short notice? Why was it made in the summer when half of the citizens, teachers and principals were away on vacation? Why were no other applicants interviewed? Why was the appointment made before the deadline for filing applications had expired? Why were the applications of others completely ignored? Is this despicable conduct conducive to the morale of the school staff? Is this in the best interests of the school system? The answers are obvious: This is the prime reason why the board has split into two factions."

"At the public meeting I ever, as stated, requested Dr. Durkee not to accept the position." What I did say, was that the president of the board and his bare majority were doing a disservice to the board.

"The public meeting I ever, as stated, requested Dr. Durkee not to accept the position." What I did say, was that the president of the board and his bare majority were doing a disservice to the board.

ABSENCES

"Bear in mind that the office of superintendent is the most important post in the system. Two of these same board members that rushed through the appointment of the superintendent were conspicuously noticeable by their absence for Candidates' Night at P.T.A. Five. Perhaps they are too busy interviewing applicants for principal of School Nine, which has less than 150 pupils. Yet, when they select the man who presides over the destiny of 5,500 pupils, they do so without any interviews. Does this make sense?"

I am not running on any slate. I owe allegiance solely to the people of Belleville whose interests I shall always seek to promote, protect and preserve."

"GAG RULE"
"On the matter of so-called 'gag rule,' I am not and never

have been in favor of denying anyone's freedom to speak. I am a firm believer in the First Amendment to our Constitution which guarantees this right to all. I swore to uphold that right when I was admitted to practice law, again when I joined the United States Navy in World War II and also when I was sworn in as a school board member after being elected by a two to one majority."

"My record is clear. "While on the school board I championed the right of anyone to make his views known. I championed the right of the press to be present not only at every public meeting of the board but conferences as well."

"Furthermore, I arranged with the full cooperation of the board, to have a well known resident — the former Editor of the Wall Street Journal — work with the press and handle public relations for the board."

STANDS ON RECORD
"Does this sound like I am in favor of gag-rule? I'll stand on my record."

"Our school system can be improved by electing to office a lawyer who has had over 25 years of experience in his profession. For five years I was associated with a law firm which represents the largest banking institution in New Jersey. An intimate knowledge of finance is necessary in the operation of school business. Purchases of books, materials, equipment, furniture and educational supplies must be made. Teachers salaries and pensions must be paid. Also, the new school construction program will require the acquisition of property, appraisals and, perhaps, condemnation proceedings. Contracts will have to be prepared. Bonds will have to be sold. All of this requires money which must be raised and spent wisely."

"I was also a partner in a New York law firm which represents the largest insurer in the world. The insurance program inaugurated in our school system in 1958 was the direct result of much of that knowledge. The program, unanimously adopted by the Board, resulted in greater coverage at less cost to the taxpayers of our town."

"KNOW-HOW"
"Presently, I am assistant General Counsel of the National Board of Fire Underwriters, which formulated a model Building Code and Fire Prevention Code, now in use in most towns and cities throughout the United States, including Belleville. "This know-how can be an important contribution to any school board about to embark on a new construction program. Let us insure the success of our new program by electing candidates of integrity and intellect."

Mrs. S. J. Akus

To Head Local Mothers' March

Mrs. Stanley J. Akus of 20 Rossmore Place has been named chairman of the 1962 Mothers' March in Belleville. She will be assisted by Mrs. William H. Brickell, of 27 Maier Street, as chairman of the Women's Division for the March of Dimes.

The campaign chairman, Commissioner Harry J. Sullivan, also announced that the Mothers' March, which is the final and major event of the 1962 March of Dimes campaign, would be held on the evening of Jan. 31. Mrs. Akus said that Mothers' March funds would be used by The National Foundation for its research program, patient aid and professional education in the fields of birth defects and arthritis, as well as continuing work in polio.

Part of the money, she added, will remain here in Essex County to support a Birth Defects Special Treatment Center at Baptist Hospital and to expand the March of Dimes Special Treatment Center for Juvenile Arthritis at Seton Hall Medical College.

Peter A. Torre Jr.
To Head Town Democrat Club

The Belleville Democratic Club has elected Peter A. Torre Jr. as president for the coming year. Torre succeeds Mrs. Mary V. Senatore.

Also elected at the annual meeting held last week are: Miss Marion L. Malcolm, executive vice president; Mrs. Charlotte Korn, first vice president; Miss Anne Boylan, second vice president; Charles E. Mitchell, third vice president; Frank Patella, fourth vice president; Mrs. Angie Scallio, recording secretary; Mrs. Sue Pipitone, corresponding secretary; Vincent Simulolo, treasurer.

Mrs. Senatore was elected third year trustee; Mrs. Ann Wallack, second year trustee; Tony Donick, first year trustee; William Tobia, sergeant-at-arms.

Mothers' March

anticipating another successful drive. Belleville is always among

the first five towns in Essex County in its contributions. I know our people will continue to be generous for so worthy a cause. We are all aware of the progress being made, not annually but daily by scientists in order to wipe out illnesses, our drive being dedicated to the elimination of polio, arthritis and birth defects.

"I hope to be able to personally thank all the mothers at the March of Dimes Tea to be held at 1:30 in the afternoon this coming Monday at Pardi's," Commissioner Sullivan concluded.

WEDNESDAY MARCH

Mrs. Akus said that the Mothers' March next Wednesday evening is the major event of the March of Dimes drive. "We plan a brief, one hour house to house visitation as a 'clean up' of the total campaign, and with the 150 mothers who have volunteered we hope to reach every house. I am most grateful to these mothers for their cooperation, and in a particular manner I want to say 'Thank you' to the zone mothers who have worked so hard in organizing their areas."

"So that no family will forget that the Mothers' March is on the evening of the 31st, a long sounding of the siren has been arranged, and we would appreciate all our residents switching on their porch lights between that time and 8 o'clock."

Zone mothers are Mrs. Vincent Heara, Mrs. Arthur Mooney, Mrs. Peter Nappa, Mrs. Charles Bogert, Mrs. Seymour Grossman, Mrs. John Connolly, Mrs. Anthony Izzo, Mrs. Manuel Hernandez, Mrs. Kenneth Broo, Mrs. Angelo Mostello, Mrs. John Westlake, Mrs. Allan Conklin, Mrs. Peter Walker and Mrs. William Brickell.

progress on plans for a park on Fairway Avenue.

An ordinance is being prepared by the town attorney to begin condemnation procedures for the eight acres of land owned by the real estate firm of Krugman and De Palo at the foot of the avenue. The price of the tract remains unclear.

Commissioner George F. Kiernan, director of Parks and Public Property, has instructed Thomas G. D'Avella to prepare the necessary papers to approve the measure.

Padula asked Kiernan at the meeting if his ordinance would include figures on value of the land.

Kiernan said he would include figures on the land was assessed at. When Padula suggested an outside appraisal be made, Kiernan said "I will respect the judgment of the tax assessor. The judgment of the assessor is worth something in this town."

"VOTE AGAINST IT"

"Padula insisted that the final ordinance would be 'mightily' against it. He added, 'I probably will vote against it.'"

The land is assessed for \$11,500. At a public hearing in September, David H. Krugman said he had paid \$26,000 for the last acre of the tract. This one piece is assessed for taxes at \$900. Assessed value is 40 per cent of true value.

Krugman has proposed a 320-unit luxury apartment on the land. Homeowners in the area have been fighting the proposal. Their latest effort was a dance sponsored by Rutan Estates Homeowners Association and Fairway Civic Association for funds to fight the apartment plan.

Kiernan said he would obtain the land for a park. He has asked for matching funds for the project from the State under the Green-Acres act.

my first act as a board member would be to revise our rules of procedure so as to place upon School Superintendent Dr. Frank M. Durkee the primary responsibility for screening principal candidates and request him to make one recommendation to the school board for its consideration.

"After all," said Wallock, "the Board of Education holds the School Superintendent responsible for the day-to-day operations of our school system, which affects 5,500 children. The School Superintendent must work with various school principals. In this circumstance the primary selection of a principal to fill an existing vacancy should be his."

Wallock concluded his statement with the comment, "adopting this procedure will remove the selection of principals from the tempting area of personal politics, which has frequently marked the behavior of the school board."

Wallock also said his paramount aim if elected to the board would be to work together with board members to make Belleville's educational system

"the best in the State of New Jersey." He said he would strive to effect economies wherever possible, but not to the detriment of the school system.

La Morte

(Continued From Page 1)

Judge Abramson said the duties of court clerk required a person with some background. The clerk must handle records, bail bond books, court dockets, reports, complaints, warrants, money paid to the town and the county. "There is much clerical work involved, much typing and bookkeeping," he said. "There are a million things that you have to do and do well."

To qualify for Civil Service exam for permanent appointment, a person must have four years experience with court clerk duties, he pointed out.

"Our court has been rated excellent," he said, "and that is because of the efficiency of Mr. Tedesco." Tedesco is a lawyer.

Sullivan said LaMorte was the only person he had recommended for the post. He added that Judge Abramson had "a few people in mind" that they are discussing with each other.

LaMorte, 26, has been employed by the town for three years. His present post pays \$4,182, with a maximum of \$4,839. The court clerk position pays \$5,500.

At Tuesday night's commission meeting, James R. Golden of Tappan Avenue, asked if Sullivan had appointed LaMorte. Sullivan said no, that "the final decision is in the hands of the judge."

Golden said he respected Tedesco but demanded his salary be reduced now that his court duties were ending. Tedesco was given an extension until Feb. 1 for the post.

The administrative clerkship post carries a salary of \$8,418. Tedesco said he received no extra pay for his court responsibilities. He was given a car allowance of \$35 a month, which he said would be stopped.

Bernhardt

education and educators have been bearing the brunt of much abuse which, I suspect, has contributed to the healthy increase in interest in Board of Education elections. But, what is a Board of Education?

"I consider the Board of Education to be a non-political link between the citizens of the com-

munity and the professional teacher. A citizen through the board, have the responsibility for the quantity of education. Professional morality demands that the teaching profession assume the major responsibility for the quality of education."

THREE SIDED

"This three-sided, cooperative partnership of citizens (who are also parents), board members, and teachers should be based on three pillars—schools, systems. All parties to the partnership must cooperate. On the one hand, teachers should be accorded the freedom to teach without interference from the board, and the status, pay and moral building atmosphere which they deserve. On the other hand, since the taxpayer's pocketbook is not limitless, he has the right to expect efficiency in all functions of the school system."

"This means that all of us must make some sacrifice. Educators must forego all unnecessary and expensive frills, and taxpayers must be willing to pay for what is really necessary. Only in this way can we match our educational needs with our financial resources."

SEPARATE DUTIES

"I believe that there is a definite separation of duties and responsibilities between the School Superintendent and the board. One should not overlap or interfere with the other. The School Superintendent can be confident that he will not interfere with his prerogatives. I would expect the same courtesy from the superintendent. In other words, the team spirit of co-operation should prevail, yet, in the event of a conflict, the board and need should be encouraged. Board members should expend all efforts to help the superintendent in his job. The superintendent in turn should keep an open mind about suggested economies."

"The average citizen knows very little about his school system—how it works, the size of it, is it efficient, what it offers, who runs it, the number of students it serves, etc., etc. One of my first interests as a board member would be to undertake a study by myself and other interested board members (I wouldn't hire a single consultant) to answer questions of this sort. The broad publication of this study, coupled with a sincere effort to correct inefficiencies that might be uncovered, would, in my opinion, be the first step toward getting 100 per cent of the service behind the good efforts of our educators. I am sure I am not alone in feeling that our school system could use some good public relations."

"We could also enhance the image of our school system by divorcing politics from the board's actions. Anyone attending recent meetings of the board would be amazed at the political undertones of the voting. This political climate is not one in which teachers can grow. If teachers do not feel they can express their true views at board meetings, we are losing the advice of the experts who really know the Belleville school system best! What has this done to our teacher morale?"

"I would like to encourage the citizens, parents and teachers to attend board meetings. Why must these meetings be held in a relatively small room? Why not use the auditorium? To increase participation, why can't the citizens speak and/or question board members on resolutions as they are introduced for discussion?"

"I would also work to assure that all promotions of teachers and other school employees will be made on a merit and not on a political basis."

BEST EDUCATION

"I now have a son, and in the future, will have a daughter in the Belleville school system. I want them to receive the best education possible, and I will do my part as a parent to see that they do. As a board member, I will also do all in my power to see that all children in Belleville's schools get the best education possible."

"My twelve years experience in fact-finding and interpretation in relation to business problems will, I feel, be an asset to the Board of Education. I have found that in business there is rarely ever only one perfect solution to any problem. I suggest that spending more money and building more buildings is not the only solution to educational poverty. If, in fact, it exists in Belleville."

"In closing, I would like to stress that we, the parents, have the primary responsibility for the education of our children, and we must, therefore, become informed about our schools. As a board member, I will do all in my power to dispell the aura of secrecy that seems to pervade the board, and I'll endeavor to have all school information complete, accurate, and available."

Mrs. Cicci said she knew Mrs. Iannici immediately. Both women take their children for dancing lessons Thursday evenings at a dancing school in Nutley. Mrs. Iannici's daughter, Sandra, studies tap dancing. Mrs. Cicci's daughter, Linda Jo, ten, and son, Joseph Jr., seven, are a ballroom dance team. They have auditioned for Ted Mack's Amateur Hour. Among their stage credits is an annual appearance at the Order of Eastern Star variety show in Nutley.

"I'll probably buy some dance records for the children with the prize," said Mrs. Cicci.

Mr. and Mrs. Cicci live at 16 Lake Street. Cicci, a mailman, has been employed by the Nutley Post Office for the past 14 years.

Turn to the map page in today's issue and note the feature picture.

One of the persons in the photo is singled out with a circle.

Readers are invited to identify this person and the spot where the picture was taken. The first one to do so by mail or in person at the office of The Times-News will receive an award of \$5.

Please note: Identification of the person and place must be made by coming to the office of The Times-News, 344 Washington Avenue, or by mail. Phone calls will not be accepted.

It is important in playing this fascinating game of identification to note these simple rules: 1) The winner must tell us who

the person is whose photo is circled and where picture was taken. 2) Entries in the contest must be made in person or by mail. NOT by phone; 3) the prize will be awarded to the one who submits the first correct identification; 4) all decisions by The Times are final; only one entry per family is permitted; 5) contest deadline is 5 p.m. Monday. Failure to follow contest rules will result in disqualification.

If no one identifies the circled photo and the place where picture was taken, the prize money will be added to the following week's award.

Each week The Times staff photographer will take a similar picture somewhere in Belleville. Each week the picture will appear on the map page and test your ingenuity—and your power of observation. It can be lots of fun. Get started now. Work fast. Be the first to come to our office with the right answers! Remember, being first means being the winner.

ville High School and printed in our local newspaper just before our school election that stated, 'It is with regret that I report that the Commission of Secondary Schools acted to withdraw the name of Belleville High School from the list of accredited schools.' I would like to know what our Board of Education did to enlighten our community in reference to the real objective behind this move."

HIGHEST CALIBER

"I remain confident that our school system is of the highest caliber in the state composed of the finest teachers available in conjunction with the most qualified administrators. Yet, if you were only to look, on June 8, 1961, in our local paper, it states that 41 Belleville High School seniors were awarded scholarships by the New Jersey State Scholarship Committee, the late Superintendent of Schools Evan Thomas stated, 'that these scholarships illustrated the fact that our high school is doing a very good job in preparing students for college.'

"How is it then, on one hand, the late superintendent states that our high school is doing a fine job, and yet, we lose our accreditation."

"What explanation can Dr. Frank DiRuggiero, present board member, give to the people of Belleville for his discontinuance of the investigation of the Alfon-

so Alvarez case? Alvarez is the school board architect. The importance of the Board of Education was shown by Dr. DiRuggiero and Dominic Lally when they failed to make a public appearance sponsored by the PTA's of School Five and School Eight. They failed to show up to speak on their record before the public, yet, are always present after the meeting is concluded to have coffee and donuts. How sincere can they be?"

School Board Election And Candidate George Brown

In a release appearing in this newspaper, George Brown, School Board candidate, refers to last year's appointment of Dr. Frank Durkee, and makes the following observations:

"The issue in this campaign is not Dr. Durkee, the Superintendent of Schools. He is not a candidate. He has been appointed, has tenure and no one is challenging either him or the position he occupies. The real issue is not the man but the manner in which he was appointed . . ."

"Look at the record," suggests Mr. Brown, "it shows indecent haste, the undemocratic manner and the callous disregard in which the appointment was made. Why was it rushed through at a special meeting called on such short notice?"

"Why was it made in the summer when half of the citizens, teachers and principals were away on vacation? Why were no other applicants interviewed? Why was the appointment made before the deadline for filing applications had expired? Why were the applications of others completely ignored?"

And Mr. Brown's interrogatory does not end here—it goes on—and on—and on. However the foregoing quotation gives our readers a fair sampling of Brown's campaign statements.

Mr. Brown has a right to ask these and other questions concerning our School Superintendent Dr. Frank Durkee, and the manner in which he was appointed to the post. What shocks us is that Mr. Brown, an attorney, presents as fact, statements, which at best only can be his opinion. Brown has permitted himself to be very careless with the facts, either because of his ignorance of the subject matter or in an effort to mislead our readers.

Brown says, "no one is challenging him (Durkee) or the position he occupies." This statement is simply untrue. Nicholas Juliano, an ABC creation, has stated publicly that he intends to introduce a resolution at a Board of Education meeting to strip Dr. Durkee of the authority he now enjoys to make statements concerning our school system. Mr. Arvidson, another ABC creation, unsuccessfully attempted to remove from the School Superintendent, the authority to engage a school clerk, under the pretense that the qualifications of the job should be changed.

Brown asks why Dr. Durkee's appointment was made in the summer "when half of our citizens, teachers and principals were away on vacation?" The answer to the question should be obvious to all objective citizens.

The vacancy in the office of School Superintendent arose by reason of the demise of the late Evan Thomas during the summer of last year. The School Board had nothing to do with the timing of Mr. Thomas' demise.

As for Mr. Brown's suggestion that Dr. Durkee's appointment was made at a time "when half of Belleville's citizens were away on vacation", we would like to remind Mr. Brown that most of the School Board's official actions at regular meetings even during winter, are taken when most of Belleville citizens are in town but at an hour when over half of our citizens are in bed. Decisive school board votes have been cast at public meetings well beyond 10:00 o'clock in the evening. No, Brown really can't believe our citizens will take seriously this ridiculous statement.

Now let's examine the reason why the school board was anxious to act with dispatch to fill the School Superintendent's position.

The vacancy arose within days of the reopening of our public schools for the Fall session of 1961.

Sudden vacancies on the teaching staff were arising almost every day. Who was to interview new candidates for the teaching posts? To whom was our teaching staff to turn for answers to personal questions at a time in the school year when myriad problems confront the chief administrator of our school system? Who was to pick up the cudgels in support of a new high school which every competent school authority said we needed?

The Board of Education, by majority vote, decided the person to fill the post of School Superintendent was to be hired

from within the Belleville school system.

We believed then — and we believe now—this decision was sound and in the best interests of our 5500 public school children.

Having arrived at this decision — in a democratic manner — the School Board invited applications from ALL ELIGIBLE persons within the school system, establishing August 24th as the deadline for the submission of applications. ALL ELIGIBLE applicants interested in the post had applied by the morning of August 21st, and as a result, a special meeting was held on the same evening. Why, Mr. Brown, should the Board have waited until August 24th?

Did Mr. Brown expect the seven Board members to sit around like bums on a log simply to wait for the clock to tick away 72 hours to comply with an artificial deadline, thereby depriving our school system and our 5500 public school children of the right to the services of a permanent School Superintendent three days earlier?

Brown also asks, "Why were the applications of others ignored?" This is an untrue accusation, Mr. Brown.

Three applications in addition to Dr. Durkee's were received by the Board of Education. The other three applicants were — and are — principals in various Belleville elementary schools. Members of our school board knew every applicant personally. The Board's personal knowledge of the applicants was of long standing. Brown to the contrary — the fact is all four applications were considered by the Board of Education.

None of the applicants was interviewed.

Only Dr. Durkee held a Doctorate in Education. Only Dr. Durkee served a nine year apprenticeship under the late Evan Thomas.

For several months, during 1956, Dr. Durkee served as Acting Superintendent of Schools, and did his job well.

Board President Lally, Dr. Frank DiRuggiero, Michael Albertine, all incumbents seeking reelection next month, joined by Board member Arthur Pico, moved for the immediate appointment of Dr. Frank Durkee as School Superintendent of our educational system.

This single action would have merited the thanks of those citizens in our community interested in a politically - free school system.

But let's not stop here. At the peril of possible political suicide, Lally, Dr. DiRuggiero, and Albertine, the only board members whose terms were due to expire next month, vigorously supported an educational issue which split our community right down the middle — the construction of a new high school.

The other board members, all of whom favored the new high school, had no such worry — by the time they ran for reelection the anti - high school crowd will have forgotten their pro-school stand.

We do not — nor did we ever agree with everything Lally, DiRuggiero and Albertine have done as members of the School Board. But let us give them their due. They voted right on the new high school project — they voted right on Dr. Frank Durkee. For the next generation of Belleville school children and taxpayers these two decisions may prove to be the most important School Board acts since the last new school was constructed over 35 years ago.

Instead of condemning Board President Dominic Lally and his three colleagues for moving with dispatch, Brown and his clubmates in the ABC should have joined and complimented them for their earnest interest in resolving quickly the question of filling the most important vacancy in our school system.

It is now obvious that certain ABC representatives on the School Board have been in no mood to reflect credit upon Board President Dominic Lally and two of his colleagues who are seeking reelection on February 13th.

Brown's campaign statements suggest the political strategy behind the behavior of certain ABC Board members — create phony issues as stumbling blocks to defeat Lally, DiRuggiero and Albertine, and replace them with a three - member slate of ABC sponsored candidates.

The plot is now unmasked for all to see.

We continue to believe our voters should consider casting ballots only for qualified candidates, incumbents and otherwise, who are pledged to support our School Superintendent Dr. Frank Durkee, and further pledged to keep the authority of that office free from political interference or control.

Regarding Dr. Durkee and his office, candidate George Brown's statement speaks for itself.

Stresses Value Of Watching For Each Candidate

Dear Editor:

In February, Belleville citizens will again be asked to make a very important decision. They will be asked to elect three members to the Board of Education. The overall important fact, which every voter must know is that although the position on the Board is an elected one—it is not a political one.

Education is a very vital aspect in a democratic society. In a democracy, where there is no coercion, where we have a voluntary community, where the individual personality is developed, it becomes imperative to have an educated and educable citizenry. A non-educated or half-educated populace cannot work effectively in a democracy.

The citizens of Belleville have finally come to the necessity of a new high school. They have come to realize that education is not something you buy or play with. The voters have shown that an anticipated court action and an unwillingness of a board is not a solution to better education through better facilities. Now the fact has come to strengthen our foresight by voting for sincere, honest, educated - minded, independent thinking and fearless people to our board.

WATCH INDIVIDUAL

I do not feel that education is a campaign issue nor is watching the economy in education worthy of a campaign. We must watch for the individual or individuals who are willing to say what they mean and mean what they say.

Beck's Column

Most people buy phonographs during the months of October, November and of course for Christmas in December.

For those of our readers who have recently bought a Hi-Fi set, there are a few hints about care for the records.

The worst enemy of records is dust. This makes it obvious to put records away soon after they have been played. Records should be stored standing, not laying flat. It is understood that they should be in a jacket, never store them uncovered. When you are through playing and there are some records left on the changer, take them off. If you don't, they will warp. The result is wavy drawn sound which sounds awful. Also the changer will not take 10 records when they are warped, they may not drop properly and they may slip while playing. The best friend of records is a little brush, which should be used preferably after each play or as often after that as possible, to remove the dust, which invariably accumulates on the stylus. We have made numerous service calls where we found nothing wrong but a whole pile of dust around the stylus.

There are some treated cloths available to clean records. Never use spray of any kind. The writer's favorite is a lint free (this is most important) slightly moist, often washed piece of diaper cloth.

If you have a diamond stylus, it is good policy to have it examined once a year. Sapphire or steel needles have no place in Hi-Fi record reproduction and should be discarded.

Records in time become a considerable investment and deserve to be taken good care of.

and which might be instrumental in causing an extra wrinkle or two to become evident in the collective gray matter of this town.

The Board of Education as it is comprised today contains a variety of opinions and personalities which reflect a democratic climate and this is as it should be.

LONG BE REMEMBERED

Together these men were able to accomplish what only a few men could have done.

The individual must be forthright in his thoughts and actions in order to secure the above maximum education for our children. It is important that the individual that we are to elect should not only understand education and educational procedure, but should be liberal and progressive in thought. Our educational system must not only be safeguarded, but the better must be sought.

Questions Jump From "Not I" To "I Will" Now

Dear Editor:

I am happy to note that you view the emergence of so many aspirants to the new Board of Education as a sign of interest and participation of the electorate of the town and I wish to observe that while it is a healthy indication it also contains all the earmarks of a serious relapse if we are not careful.

I remember a little story I heard as a child of a little red hen who found a grain of wheat and searched in vain among her barnyard friends to find any who would help her work to produce a loaf of bread. The answer many will remember was "Not I!" the story goes that it was quite a different answer when she issued the news that the bread was to be eaten. Like the little red hen we too today are being availed by the "I will's."

Therefore I feel it is the duty of any citizen to make known an impression or a conclusion which might become apparent

However this wonderful mood of accomplishment is apparently not desirable to some individuals and they are treating us to a peculiar brand of reasoning which seems to indicate that some members of the board are not satisfied with things as they are and would prefer a situation which is commonly known as the stacked deck.

All across this land podner any one can tell you that the bad guy uses the stacked deck when he plots to win by cheating.

"INDISPENSABLE"

The incumbents have every right to feel pride in the respective parts they played and should be judged solely on their performances in bringing about this new era of education which is about to be realized. The experience and knowledge they have gained through study, discussion, participation and the final formulation of the plans of the new school building program together with their ability to submerge their personalities in favor of the united position which was imperative to the success of the cause for which they were fighting seems to me more than necessary to give words of praise of which they are deserving but makes each and every one of them downright essential and indispensable to the next phase of this program. It will be well for the voter to take time out to at-

Troop 971 Picks New Officers

Troop 971, under the leadership of Mrs. R. McCall, picked officers for the next three-month term. They are: president, Linda Forgiore; vice president, Jody Frey; treasurer, Sandy Costa; secretary, Meredith Watson; birthday chairman, Elizabeth Navin; get-well chairman, Felicia Visco.

There are 24 girls in the troop, divided into three patrols. Newly selected patrol leaders for the next term are: Patrol No. 1, leader — Debbie Foster; members — June Coughlin, Gena De Noia, Linda Forgiore, Betty Hill, Dale Klonek, Linda Klonek.

Patrol No. 2 — leader — Sharon Davis; members — Barbara Chit, Susan Drake, Carline Irvine, Rosemary Shepherd, Felicia Visco, Susan Reach, Meredith Watson.

Tend meetings and ask questions and then put two and two together and by that time they will have arrived at some sort of conclusion. The result will surely be in your best interest and those of your children.

What A Win

CAROL SHELESKY—AND PRIZE

Carol Shelesky of 51 Jefferson Street was one of 75 youngsters competing in the Disabled American Veterans' graced pig contest, held last month.

Peter Paglia, adjutant, was in charge of the contest. He and his committee graced two piglets and let them go—and youngsters up to 12 years old went out after them.

"I never dreamed we would run after a real pig," said Carol. "I thought it would be a guinea pig." After she won one of the pigs, Carol wondered, "What will my mother say when I bring it home?"

According to her mother, the pig made fine eating.

Frank De Lorenzo of 10 Della Terrace was the winner of the other pig.

Veterans from the post are planning to have another contest in the Spring. "We enjoyed it as much as the kids did," said one member. "We just stood and howled."

Local Democrats Attend Hughes Inauguration

Ralph A. Vara, Democratic committee chairman, has been asked to confer with Governor Richard J. Hughes in two weeks. Vara was among 18 Democrats who attended the governor's inauguration last week.

At the ceremonies in Trenton on Tuesday, were Vara, Mrs. Mae Mead Mazza, vice chairman; Anthony W. Dominick, Democratic committeeman; Anthony W. Agresta, also a committeeman; Daniel Valesse, town building inspector; Michael Egidio, Mr. and Mrs. Emil Senatore and Mrs. Louis Scalfitro, Commissioner Harry J. Sullivan, director of Public Safety; Gerald Seiden of Bigelow Motor; Mayor Isadore J. Padula and former commissioner Kenneth D. Smith were also at the event.

All attended a reception given at the Essex County Democratic Suite at the Stacy Trent Hotel.

James Hopkins

James Hopkins, yeoman third class, USN, ward of Mr. and Mrs. J. H. Dillon of 421 DeWitt Avenue, is serving aboard the fast attack carrier USS Franklin D. Roosevelt operating with the Second Fleet in the Atlantic out of Mayport, Fla.

Mr. Roosevelt has had over 100,000 aircraft arrested landings on her flight deck.

Local Women Strike For Peace

Eight women from Nutley and Belleville boarded the train at Newark's Pennsylvania Station Monday, Jan. 15, to join 2,500 women headed for Washington, D. C., intent on expressing their protest for world disarmament and peace. They joined "The Women Strike for Peace," a movement started two months ago by a housewife and mother, Mrs. Christopher Wilson of Washington, D. C.

It was the largest peace demonstration Washington ever had seen. Women from Vermont to California marched the rain-soaked sidewalks in front of the White House, carrying hundreds of placards bearing such slogans as "Universal Disarmament in 1952," "Negotiations or External Threat," "Stop Tests East and West" and "Peace is Our Only Shelter." The turnout was so great that the marchers overflowed to the adjoining streets and the entire block across the street from the White House.

Participating in the Washington demonstration from this area were Mesdames Walter O'Connor, Robert Eldridge, Arthur Simon, Jerome Frank, Herman Hoffman and Marvin Epstein.

knowledge. "At the time I consented to become a candidate for the school board, the office of the Superintendent of Schools was not an issue. The appointment of the Superintendent of Schools is an accomplished fact and a closed issue. In my opinion the Superintendent of Schools is competent and fully qualified for the position he now holds. I have no quarrel with the Superintendent of Schools. I am only concerned with public interest.

"As to the so-called 'gag-rule' I reserve the same privileges for any individual that I do for myself. The freedom to say what he thinks or feels. The responsibility for what is said or done must rest with the individual.

NEED POSITIVE ACTION

"Remove freedom and independence of thought, and chaos will result. This is no time for chaos.

"I do not feel that the people have been receiving proper representation from the elected board members. I think this was quite evident in the methods used to obtain the new high school. A Thursday was set aside as the day of decision, rather than the normal Tuesday. I for one, question this type of procedure. When an elected official forgets he is representing the people, he should be removed from office. I would work for close cooperation and true representation for the people.

"It is a common fact that the K-6-3 system is loaded with many pitfalls. Like everything else, it can be workable. However, close administration of its function is necessary. Since it has been accepted by the people, there is no other course but to make the best of it.

SPORTS PROGRAM

"One major area, which I deem critical, is the sports program. While sports are not the primary purpose of education, it should not go unnoticed. There is no question but that it is in a sorry state. It was not so very long ago that Belleville was recognized as a power in school boy circles.

Victorious Wrestling Team Plays Host For First Time In Belleville High History

HAROLD AYALON, Belleville freshman, pins Essex Catholic opponent to win the 180 pound weight class event.

WILLIAM CUFONE maneuvers to pin his opponent for a win over Essex Catholic High School in the 147 pound weight class.

By WALTER ORTH
Friday, Jan. 19 marked Belleville's first home wrestling meet, held before a standing-room-only crowd in the boys gymnasium at the high school. The Bellboys wrestled Essex Catholic High in a scrimmage match and emerged victorious, suffering only one loss in 15 matches.

The unofficial scoring of the match was 26 to 4, in Belleville's favor. The boys who participated on a varsity follow, along with their weight classes.

Weight Class Name
105 Pounds—Sheldon—won on pin
122 Pounds—Lepre—won on decision
135 Pounds—Gruber—Draw
150 Pounds—Visco—lost on decision
165 Pounds—Provence—won on pin
177 Pounds—Cufone—won on pin
180 Pounds—Avalone—won on pin
190 Pounds—Orth—won on decision

The season ends for the wrestling team with a scrimmage meet with Irvington High School at Irvington on Tuesday, Jan. 22.

FIRST ATTEMPT
The season's attempt at wrestling to the sports agenda of the high school has seemed highly successful. Ninety boys have been turning out regularly three mornings a week. Although the boys are handicapped by limited time for practice, they have shown a surprising amount of skill, courage and efficiency in

learning wrestling techniques as well as a persistency to return to the mat, knowing trying to better themselves and to prove themselves.

Wrestling was added to the sports program on a trial basis. There have been no official matches, but the Bellboys have met teams in scrimmage.

The first two of the season were against Montclair and St. Benedict's. The boys gained a tremendous amount of knowledge from these meets and Stanley Scher, the coach, got an idea of whom he could count on for points and pins.

The other meets against West Orange, Nutley, and last Friday against Essex Catholic showed that the boys have earnestly practiced and learned their skills.

The points of all three meets tallied in Belleville's behalf.

FOR PINS AND POINTS
Many boys through the season have time and time again have been successful and can be depended upon for points or pins. These boys included Robert Gilchrist, Dave Sheldon, Garry Boyce, Joseph Del Guercio, John Visco, Gerald Lepre, Andrew Province, Walter Orth, William Groom, William Cufone, Harold Avalone, Garry Walker and Anthony Lemo. These boys were backed up by their hard working coach, who worked just as hard as any boy there and at times harder. This combination of hard work, sincerity, and very fine coaching has made Belleville High's wrestling debut a success and will produce even bigger successes in the future.

It's A Win For Bellboy Cagers After An Eight Game Famine

By ROGER WARELL
Belleville High's basketball team won its first game of the season last Tuesday, when it defeated Kearny 56-54. This win was followed by a 65-43 loss at the hands of East Orange three days later. The Bellboys, who have won one of six conference games, will visit Columbia High School tomorrow night.

The Blue and Gold ended their eighth game famine on their home court by taking advantage of the foul line and downed the Cardinals in a closely fought contest. Bob Byers, Tony Raimo, and Dave Hatch all hit in double figures and helped the home team to capitalize on 22 for 31 foul attempts for a 71 per cent average.

The Cardinals jumped into a 4-0 lead in the opening minutes but the Bellboys fought back to retain a three point advantage at the end of the first period. Belleville held on to its lead in the second quarter, but Kearny rallied in the third. Led by Joe Domestad with 6 points, the visitors cut the gap, and then went ahead 64-44 as the third quarter ended. Kearny continued to hold onto the lead, and with

two minutes left the score read 54-50 for the visitors.

Dave Hatch then sunk two foul shots and Bob Byers followed quickly with a jumper to tie the game. After the Kards lost the ball, Belleville attempted to keep possession and stall for the last shot at the minute mark. But with 14 seconds remaining, Raimo was fouled. With a "one and one" situation, Raimo proceeded to hit on both shots to tie the game for the Bellboys.

AT EAST ORANGE
Belleville visited East Orange last Friday and was beaten by the strong Panther squad. After jumping in front 3-0, the Bellboys began losing ground and were behind 16-8 at the end of the first quarter. East Orange then dogged their lead at the half and led 32-16. Belleville rallied in the third period, and in the beginning of the fourth quarter to cut the Panthers advantage to nine points. But East Orange soon ended the Belleville threat by increasing its spread to 15 points. From here the home team coasted to its 11th victory in thirteen games. Len Williams led Panthers with 23 points, while Tony Raimo collected 14 for the Bellboys.

Paul Bowles' 190 Average Top In Men's '875' League

Home Owners Supply keeps its lead in the Recreation-Department Men's '875' Bowling League at Branch Brook Lanes. After 45 games the leaders hold a 23-16 standing. Master's Fuel have moved into a tie for second with Branch Brook Lanes with 24 21 standings. And just to keep the race tight, Earl's Barons are next in line with a 23-22 record. Paul Bowles now holds the high individual average with his 190.39 but the crown rests uneasy on his head with Frank Giordano right behind with 190.15.

Star Wire Works who had won 8 of their last games bowed to Master's Fuel 1-2 to help Master's assure their second position tie.

Schachter's 196 Game, 522 Trio Sparks Team Win

Joe D. Auto Repair team continues in first place with a 21-6 standing in the boys division of the Recreation-Kiwanis Jr. Bowling Leagues at Branch Brook Lanes. In last week's bowling Pariso Brothers won two while DeBacco Brothers dropped three, taking Pariso's out of their tie and into a solid second place.

A beautiful game and series by Schachter of Johnnie's Oil Service led the team to a three game win, along with individual honors. The game was a 196, the series 522.

Track Entries Sought For Essex CYO Meet

The annual Essex County CYO Indoor Track Meet will be held at the Newark Armory, March 3, in three age divisions.

The grammar school division is limited to boys under 13, the junior CYO for boys under 16, and the intermediate CYO for boys under 18. All ages are as of Sept. 1, 1961.

St. Peter's of Belleville finished third in the junior division last year.

There were 935 youngsters competing in last year's meet.

Events scheduled include relays and dashes. Grammar school races will be divided into six weight divisions.

Entry blanks may be obtained from local CYO moderators or parish athletic chairmen. No entries will be accepted after Feb. 23.

JVs Lose Sixth Start But Show Improved Defense

By RAY FERSKO
The Belleville J.V.'s lost their sixth straight game recently by a 35-32 score. The first period opened with Belleville taking the lead but quickly tapering down in the second quarter. Nutley surged ahead at the end of the first period and scored eight points to Belleville's five. This gave them a three-point lead at the half.

The Maroon came back in the next quarter with three goals and four foul shots to Belleville's one basket by Bill Rush. In the last period, Lenny Loungo and Rush led a vain attempt to gain the lead. The final score was Nutley 35 - Belleville 32.

The team showed a vast improvement on defense but the offense and foul shooting still needs more work.

In other games also the cagers have been defeated. The team met Passaic at Belleville and lost. The game opened with Passaic stealing the margin from the jump.

In the first quarter, Maggio of Passaic scored five goals in succession and three more in the second, putting Passaic well ahead.

Passaic, which also lost to the third period and limited Belleville to a mere three points. The Belleville offense frantically worked to regain a lead but couldn't get control of the boards. The home team lost by 25 points.

WEST ORANGE
Two weeks later the Blue cagers met West Orange and lost by seven points. Belleville controlled the game but lost because of 14 foul shots given to the opposition. The final score was 38-31.

The J.V. team later met a tough Montclair team, which also lost. Belleville held on to its 21 points that supplied the Mounties with a win were made by four foul shots. The Montclair team averaged ten points a quarter and then opened up in the fourth period with an 18 point rally.

Roger Crovelli, a freshman on the Belleville J.V.'s was high scorer. He played a good game on offense and defense. Sica, Coppola and Luongo also played well but they just couldn't get anything off against Montclair. The final score was 51-29.

quarter East Orange surged ahead with another 8 points and held Belleville to one foul shot by Levin.

Cuomo Receives Manager Post
The Diehl Manufacturing Company, Finnerde, announced the promotion of Thomas A. Cuomo to the position of Manager of Cost Accounting.

Cuomo resides at 65 Bernice Road with his wife, Ida, and eight-year-old daughter, Cindy Ann. He and his wife are members of the P.T.A. at School No. 1.

Cuomo holds the post of Associate Director of the Baritan Valley Chapter of the National Association of Accountants.

Brothers Roll Twin Score
Mark Magnus, bowling for Strumolo Association, and his brother, Art, bowling for Pariso Brothers, couldn't beat each other when they met in Recreation - Kiwanis Junior Bowling League competition. Mark rolled a 167, 166 and 124 for a 457 series. And Art scored 148, 142 and 167 to keep the family total for the day at an even 457.

Clothes Make The Man -- And The Scout

The Explorer program of the Boy Scouts of America this month is placing strong emphasis on appearance, according to Robert Treat Council officials. The council serves Belleville scouts, who will be learning all angles of dressing right and grooming right with a coordinated activity called "A Flair for Wear."

The January program recognizes that certain lucky youths already have what is known as a "flair" for right dress. But it also recognizes that most lads have to learn the rules of taste and etiquette in dress the hard way — along with the rules of everyday clothes-care.

A key guide to these high school-age boys in the Scout program is the filmstrip produced by the American Institute of Men's and Boys' Wear. The strip has achieved a phenomenal value in calling the tune on dressing right and planning a wardrobe for virtually every occasion in a young man's life.

It gets right down to the basics of the problem, stresses practically, good taste and appropriateness on a season-to-season basis. It is free and timeless, the filmstrip is a central tool to every Scoutmaster in the current month's program. Robert Treat Council has provided a print of the filmstrip for the Belleville district.

Some Explorer units will find the filmstrip a valuable tool in their program. At least the strip has been devised to demonstrate on how to dress, pinpointing typical occasions, and how to care for clothes when not worn.

Perhaps the greatest bit of advice a clothing expert will be giving the Explorer this month will be advice about proper clothing fit.

Two Brownie Scout Troops Invested At School Five

Two new Brownie Scout troops were invested recently at the school five, which parents and friends attended.

The girls, dressed for the first time in their Brownie uniforms, enacted a story of a little girl searching for an imaginary, helpful elf - a Brownie. Brownie Scouts were named after the brownies of English fairy tales to remind them to try to be as useful as they can be.

In the playlet, the girls searched until they found a pond. And in it they found a picture of the brownies they were searching for. There in the pond was a reflection of their own faces.

After their performance, the Brownies repeated the Brownie Promise and received their pins. New members of Troop 487 are Donna Alisi, Nancy Black, Donna Cargolo, Peggy Costello, Carol De Biase, Diane Drury, Barbara Kapnick, Marjorie McArthur, Carol Massi, Karen Smith, Arlene Olchewski, Dolores Sorroche, Deborah Townsend, Beatrice Tully, Robin Whipple, and Karen Walker. Leaders of the troop are Mrs. D. Costello and Mrs. N. Vitellio.

New members of Troop 488 are Sharon Alfieri, Susan Baxter, Joyce Catala, Suzanne Glensk, Susan Macek, Linda Martine, Laura Porcelli, Carol Reed, Janice Rosania, Joyce Torsello, Maria Zarro, Michelle Vitellio. Leaders are Mrs. P. Torsello and Mrs. A. J. Reed.

At the end of the ceremony Mrs. Manuel Costa, neighbor of the troop, presented the girls with a certificate of appreciation.

Orange, Miss Barbara Diller & Pompano Beach, Fla., and Miss Margaret Daniel of Panama, Canal Zone, as bridesmaids.
David Hewitson of Orlando, Fla., served as best man, Usher, Col. W. W. Truagh, USA, of Winter Park, Fla., Lawrence Hoyt, Jr., of Brookfield, Conn., Robert Whitehead, Maplewood, and John Hirsch, West Long Branch.

Mrs. Dolan was graduated from the Day School and attended Rollins College. Mrs. Dolan was graduated from Belleville High School and Rollins.

A reception took place at the Cooke home after which Mr. and Mrs. Dolan left on a wedding trip to Miami, Fla. They are making their home in Cocoa Beach, Fla.

Harry F. Long
Harry F. Long, fireman apprentice, USN, son of Mr. and Mrs. Louis Long, 29 Cella Terrace, was scheduled to spend the Christmas holiday at Pearl Harbor, Hawaii, while serving aboard the attack aircraft carrier USS Coral Sea.

Pearl Harbor was the Coral Sea's first stop on its way to join the Seventh Fleet in the Western Pacific.

The 63,000-ton ship was to moor at the Ford Island pier in the historic harbor to give its crew a chance to celebrate the holiday before continuing their cruise on Dec. 26.

Fairway-Rutan Dance Nets Over \$1,000 For War Chest To Stop Apartments In Area

JOINING FORCES — Leaders of Fairway Civic Association and Rutan Estates Homeowners Association exchange handshakes and clasp a receipt over \$1,000 raised at their dance to fight the building of apartments in their area. Officers, from the left, are: Thomas Colatrella, Fairway president; Anthony Colatrella, Fairway Secretary; Charles Barbone, general chairman; Daniel Armento, Rutan secretary; John Bass, Rutan president.

"No Apartments" was the war cry last week when Fairway Civic Association and Rutan Homeowners Association, held their fund raising dance at the Belleville Elks.

The organizations, independent of political involvement, sponsored the dance to raise funds to fight any apartment houses in their area, specifically the proposed Krugman - DePetro apartments, which the town commission is also against.

Over 450 homeowners and friends of the Fairway and Rutan area joined on the dance floor. A total of 13 prizes were awarded during the evening to dance partners.

Charles Barbone, general chairman, presented receipts totaling more than \$1,000 to the associations' war chest. Barbone, made the presentation to Thomas Colatrella and Anthony Colatrella, president and financial secretary of Fairway Civic Association and to John Bass and Daniel Armento, president and financial secretary of Rutan Homeowners Association.

"Congratulations are in order for this foresight action taken by both organizations," said a committee spokesman. "to unite for a common cause such as the preservation of the Fairway-Rutan Areas." "A status is conclusive evidence that the people do want honesty and sincerity as their guides. Both organizations officers and members have displayed a sense of responsibility and sincerity in their actions to help all homeowners of their area and Belleville in general."

Reputation is what men and women think of us; character is what God and angels know of us.

CARD OF THANKS

THE wife and children of the late JOHN FERRANTE, of 320 Greylock Parkway, Belleville, express their deep appreciation to the Belleville Police Department and the First Aid Squad in Belleville for their prompt response and courteous and efficient aid when Mr. Ferrante was stricken with a heart attack early Friday morning, January 19.

IN MEMORIAM

POWELL, who passed away 5 years ago, January 29, 1956, in loving memory to my dear husband—
Oh, I think of you dear Charlie, And my heart is sad with pain,
O, the world would be heaven, Could I hear your voice again,
You were a crown of patience, As you struggled on and on,
A faithful one so kind and true, Dear Charlie, how I long for you.
Sadly missed by Wife, Anna.

Cooperstein Presents Full Schedule For Proposed N.J. UHF Television Station

A complete schedule of programs for a proposed New Jersey UHF station was released recently by Ed Cooperstein, of Belleville, former WNTA-TV producer-director who is attempting to create a new television outlet to serve the state after the recent loss of Channel 13.

The proposed station's call letters would be WNJ-TV. The station would be a full color operation and broadcast round-the-clock in late 1962 after starting on the air from 3 p.m. to 7 a.m. daily in early Summer, if plans go according to schedule. Cooperstein is attempting to complete the financial arrangements, estimated at \$600,000, before applying for UHF license from the FCC to operate in a major city in Northern New Jersey.

Cooperstein announced that the station's programming would be composed of shows in four time segments of the broadcast day. The first phase includes three segments when the station goes on the air:

3 p.m. to 7 p.m. - New Jersey women's, children's, teen-agers' news, sports, weather, farm and community programs;

7 p.m. to 1 a.m. - General entertainment programming encompassing drama, documentary and special interest viewing;

1 a.m. to 7 a.m. - "Music and Art Through the Night" presenting color slides of great art works combined with outstanding classical and semi-classical music in stereophonic sound.

Weekend programming proposed includes live New Jersey sports coverage, music, religious, agricultural, discussion and other cultural shows.

The second phase of WNJ-TV's operation starting in the Fall would cover the period from 7 a.m. to 3 p.m., to complete the 24-hour-a-day operation. Cooperstein said. "This daytime segment would present New Jersey educational, industrial, professional, society, teacher - training, adult education, special education for handicapped and bed-ridden, and technical programming for all age levels."

Tri-Town Names Mrs. T. Marone Top "Member"

Mrs. Antoinette "Toni" Marone of 88 Linden Avenue, Belleville, named "Member of the Month" at the December dinner meeting of the Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley.

Mrs. Marone attended Nutley High School and has been a member of Tri-Town for three years, serving for one year as public relations chairman. She is a president of St. Mary's Rosary Society, Nutley, and second vice president of School 3, PTA, Belleville. She is also an active member of D.A.V.

Mrs. Marone is noted for her baking ability and is always in demand when a specially decorated cake is needed by her friends. She can also be found whenever a charitable organization is in the process of raising funds.

SCM Introduces Fast Calculator

The CMF Figuremaster, world's fastest rotary calculator, is now being introduced here by Smith-Corona Marchant Inc. It was announced today by Lawrence E. Boyd and George K. Nealis, local SCM managers.

The CMF is fully automatic, with ten column figure capacity, and operates at 1300 revolutions per minute. It is the only American-made calculator in the world.

The new machine also has a special division feature for computing percentage of decrease, automatic decimals and rounds off fractions to one cent if equal to 1/2 cent or higher.

The CMF design conforms to the new SCM corporate product styling. It is manufactured by the company's Marchant Division which produced the first American-made calculator in 1910.

The keyboard of the new calculator can be mastered easily by practically anyone in the office. Key tops are slimmer than on previous models and the additional space between keys increases operator efficiency. The keys can be depressed with comparatively light pressure and activation is practically noiseless. Only one key can be depressed at a time to prevent errors.
