### Vara Group Called Democrat Committeemen; Mazza Group Gets Regular Party Label

### 1962 Budget Adopted Unchanged: Fairway Residents Shout "Neglect" Caused Severe Flood Damage In Area

A Democratic Party — split almost down the middle — will make a double appearance on the April 17 primary ballot.

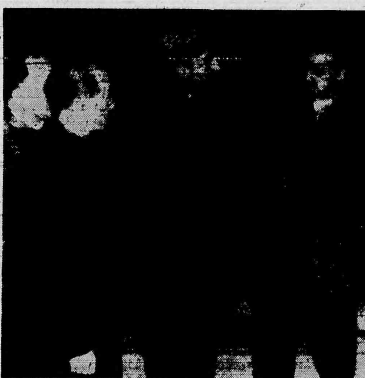

On the one side is the group calling themselves Democratic Committeemen and Committee women, led by Ralph Vara, chairman of the Democratic organization here for the past 14 years. The other group, with the designation, Regular Democratic Organization, is led by Mrs. Mae

Mead Mazza, vice chairman of the party "for as long as Ralph Vara has been chairman," she said.

After a four-hour battle Monday night, Vara settled for the designation Democratic Committeemen and Democratic Committeewoman. He had tried to begin the title with the word "Present" but Eugene Barnett, town clerk, raised the inclusion of the word "misleading."

"I'll accept it for this group," Barnett said after shuffling through the pile of affidavits Vara gave to him. "These are present committeemen, so I'll accept that designation. But I won't take it for these," he said pointing to a group of five papers. "These people are not presently committeemen. It is misleading to call them that."

"WHERE WERE THOSE SANDBAGS WHEN WE NEEDED THEM?" Daniel Gabriel, center, asks Fairway Avenue neighbors. The group argued at the commission meeting about "neglect" of the Public Works department during Monday's floods and then continued its complaints outside Town Hall.

"THE WATER WAS THIS HIGH and nothing was done about it until after 11 o'clock," Gabriel repeats. Residents also charged they were treated rudely when they called the department for help. If sandbags had been delivered on time, cellar floods would have been minimized, the men asserted.

### Say Requests For Sandbags Were Ignored

### Called Public Works Department At 8 A.M., But No Sand Until 11

A two-hour interrogation by James R. Golden on the 1962 municipal budget and violent complaints from Fairway Avenue homeowners who have been pumping water from their basements since Monday's flood, kept the commission meeting going Tuesday night until almost midnight.

Golden, self-appointed town investigator, was the only weakener at the budget hearing. He attacked "inaccuracies in the preparation of the Public Works budget," salary increases in all the departments, the heavy use of surplus in the budget and then proceeded to a detailed criticism of each of the five commission departments.

Golden questioned the four commissioners and Francis H. McCoy town treasurer, who represented Mayor Isadore J. Padula in the Mayor's absence. After he finished there seemed little left for anyone to ask.

The budget which reflects a 20 percent increase, was approved by the four commissioners present: Robert C. Gruhin, George F. Kiernan, Nunzio R. Pico and Harry J. Sullivan. It brings the tax rate to \$8.85 per \$100 property valuation.

The overall levy will be \$5,450,710, an increase of \$40,481 over last year's levy of \$5,500,192.

A surplus of \$25,000 plus \$125,000 in water surplus was applied to reduce the budget. Departmental operating costs dropped

but Eugene Barnett, town clerk, says the label is "misleading." Mrs. Mary Senatore, Vara's choice for town chairlady, looks on.

### Three-Foot Floods On Fairway Avenue And Six Feet Of Water In Cellars

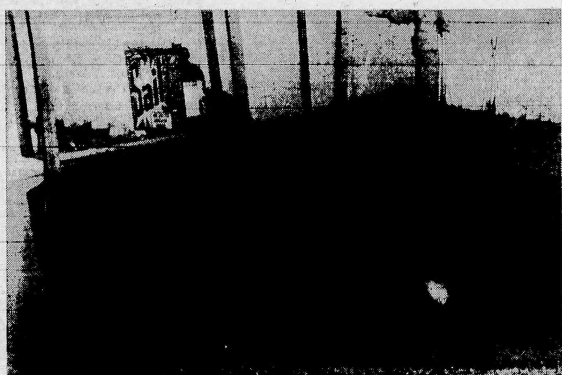

Fairway Avenue was hit with three-foot floods Monday when the Third River overflowed after prolonged driving rain.

The trouble spot was a bend in the river, unable to hold the rush of water. Instead of making the turn, water backed up filling sections of the Forest Hill Golf Course and Fairway Avenue and gushing into the basement of homes along the street. Twelve houses received the worst effects of the flood.

Residents, experiencing the highest of three floods over the past two years, watched the rising waters and agreed there was little to do except wait, pump out their cellars and as one woman said, "Get ready to buy all new electric appliances."

She pointed to the water in the basement and said, "There is a washing machine under there. I had to buy a new one after the last flood, and I know this means I'll have to buy another."

(Continued On Page 10)

FLOOD CREATES AN OPTICAL ILLUSION — What appears to be a table holding a box of soap powder is actually a shelf hanging two feet below the ceiling in the basement of the home of John Tague, 257 Fairway Avenue. The shelf is reflected in almost six feet of water. And what appears to be the floor of the

cellar is actually the reflection of the ceiling. This is the way the basement looked at 4 o'clock Monday afternoon, just before the Fire Department began pumping out some of the water. After the fire equipment went to work, the automatic pump in the house could be used for the remainder of the water.

### Sunday-Closing Ordinance Passed On First Reading

A Sunday-closing ordinance passed on first reading at Tuesday's commission meeting. Introduced by Commissioner Robert C. Gruhin, director of Public Works, the measure would force the closing of businesses employing more than four persons.

Preparation and sale of drugs, meals, prepared food and non-alcoholic beverages were not expressly prohibited by the ordinance.

First offense would be punishable by a fine of not more than \$50; second and succeeding offenses, by not more than \$250 or imprisonment for ten days.

William Boyd representing Belleville Council of Churches appealed to the commission for the closing of supermarkets on Sunday. "We hope and pray that"

### Young Writer Wins State Competition

Diane Vanderbilt, 20, of 74 Preston Street, has been announced winner of the New Jersey competition in the annual career award contest of the National Society of Arts and Letters. Her feature story "Avant Garde" was chosen by the committee of judges from entries from throughout the state.

Miss Vanderbilt, daughter of Mr. and Mrs. Gary Vanderbilt, is a Junior at the College of St. Elizabeth in Morristown. An English major, she works on the school newspaper and has held summer jobs on The Nutley Sun and on a daily newspaper. She plans a career in newspaper work and in creative writing.

Her prize feature story was on the cast and director, Theodore Flicker, of the off-Broadway improvisational "The Premise." The article was published in her school newspaper.

### Fairway Park Appropriation Defeated 3-1

Commissioner Robert C. Gruhin defeated a proposal Tuesday night for the acquisition of land at the foot of Fairway Avenue. An ordinance was introduced authorizing expenditures of \$40,000 for land to be made into a park. The property is owned by Krugman and De Petro, Clinton real estate firm, which has proposed luxury apartments at the site.

Voting for the ordinance were Commissioners Nunzio R. Pico, Harry J. Sullivan and George F. Kiernan, who had introduced the measure. Mayor Isadore J. Padula was absent from the meeting. To pass an expenditure ordinance, four votes are needed.

"The town has other needs for its funds," Gruhin said. At a recent meeting he and the other commissioners approved a request for matching State funds for the project. Although Gruhin said then he thought the site was good for apartments, he said he would vote for the measure if State aid paid for it.

### Firemen Expected To File Today For 42-Hr. Referendum

Belleville firemen are expected to make official today their request for a 42-hour week by filing petitions with over 5,000 signatures.

This figure comes close to three times the amount needed.

Earliest Entry Wins Map Page Contest Prize

From the number of correct answers to last week's map page contest, it would seem that Angelo Samara of Belleville-Nutley-Buck is a popular person in Belleville.

The earliest of many correct answers came from Robert M. Laterza, pharmacist who owns Laterza's Drugs at Union Avenue.

### CTC Moves To Draft Calabro For Councilman

Members of the Citizens Tax Council began collecting signatures this week to put Salvatore R. Calabro, their president in the councilman at-large race.

Joseph J. Inzerria of 34 Maier Street took out petitions for the post and began circulating them for Calabro.

Calabro, however, has said repeatedly he would not be a candidate. He had been approached by members of the tax council before. Two weeks ago he announced his resignation as the group president, calling the duties too time-consuming in the face of his business responsibilities.

Out of town on a business trip, Calabro could not be reached for comment on the draft move.

### Chamber Of Commerce Gets 60th Member

Belleville Auto Body, 73 Mill Street, the most recent firm to join the Belleville Chamber of Commerce, brings the membership total to 60.

The organization roster now shows seven industries as members; three financial institutions, five service organizations, one professional organization and 44 retail or merchandising units, according to William McDowell, membership chairman.

### School Nine Principalship On Board's Agenda Again

The Board of Education will consider the appointment of Joseph H. Grosch as principal of School Nine at a special meeting Monday night, March 19 at 8 o'clock. Also on the agenda will be authorization of the Superintendent of Schools to conduct a study on redistricting of Belleville schools.

Curriculum changes and adding another period to the high

school schedule will also be considered. With an additional class period, Freshman and Sophomore students would begin their day at the end of the second period and attend classes until the end of the ninth period, rather than the eighth.

Filling the School Nine principalship has been pending since last month, before the Board of Education elections.

permitted us to visit less than half of the people of our community."

### ON MAY 8TH BALLOT

By filing petitions, firemen have put their referendum on the ballot of the May 8th election. It is the only public question slated for the ballot thus far.

Del Grosso said the firemen would conduct an educational program for the next eight weeks. He said that the house-to-house visitations made by firemen indicated a great number of the people of Belleville were unaware that firemen worked a 56-hour week.

"Most people thought we all ready were on a 42-hour week," Del Grosso said. "Perhaps the fact that many of the neighboring towns, such as Bloomfield, East Orange, West Orange, Newark, Jersey City, Hoboken, Newark and others are on 42-hour weeks has made people think that we too have a 42-hour schedule."

Del Grosso said the greatest part of the 5,000 signatures were gathered in four days—over the past two weekends.

"We picked up a few signatures in the evenings, but we concentrated on the weekends," he said. "You get an idea of the cordial manner in which we were received when you consider

that we averaged around 1,000 signatures a day for these four days."

## Vara

(Continued From Page 1)

### FIRST FILING

The dispute began last Thursday when Vara filed a group of petitions with the designation of the Regular Democratic Party. A group of petitions bearing the same designation had already been filed by Philip Newsome acting for Mrs. Mazza. The latter group had affidavits from the County Democratic Organization proving their side of it.

Vara, an outspoken opponent of Denis F. Carey, Essex County chairman, has been at odds with the county group for some time.

In the November general election, Vara was bypassed and money for Democratic Party workers was given to Mrs. Mazza, rather than Vara.

"Mr. Vara did not support the County ticket, that's when the rift began in the town organization," Mrs. Mazza said. "As long as you are a regular Democrat, you should be a good Democrat—all the way down the line." Vara had supported Governor Richard J. Hughes and Sheriff Roy D'Alia.

### "SHOULD RESIGN"

"And I thought at that time he should resign, since he wasn't supporting the entire organization," she added.

Mrs. Mazza got affidavits saying her group was the Regular Democratic Organization from John A. Bradley, campaign manager for the Democratic County Organization.

After his first party designation was refused, Vara called a meeting of his organization for Monday night. About 30 persons gathered in Commissioner George F. Kiernan's office to sign affidavits declaring themselves Present Democratic Committeemen and to affirm that Vara was their campaign manager.

Vara took the signed papers into the Town Clerk's office and the tangle began. Barnett refused to accept none of the affidavits. "They are not entitled to the designation," he declared.

### "NO RIGHT"

"You have no right to rule on the truth or falsehood of the title," retorted Vara. "You can only tell us whether or not we can use the title if no one has filed for it first. Show me the party we're dealing from. We're not taking anybody's name or anyone's corporation."

"The title is misleading," Barnett replied. "I'll give it to the ones who were elected last April but not to the others."

Meanwhile Vara's group of candidates clustered outside the clerk's office listening to Vara's insistence that Barnett show him "in the books where it says you can rule on the designation."

Vara addressed his people with the explanation, "They claim they have us on a legal technicality. But they won't accept it because they have orders not to."

### MAYOR'S ORDERS

Returning to Barnett's desk, Vara charged that Barnett and Thomas C. D'Avella, town attorney, were there "only for one purpose, to carry out your orders from Padula." Vara referred to Mayor Isadore J. Padula, who supported the regular organization in the November election. Padula was called the "titular head of the Democratic Party" in Belleville by Carey.

"It's not that you can't accept our designation," Vara insisted. "It is that you will not. You are just taking orders from the Mayor."

"I don't take orders from anyone or anything, but my conscience," said D'Avella.

"I haven't conferred with anyone but the county clerk and Mr. D'Avella in this matter," answered Barnett.

### COURT ACTION

Vara threatened to bring the matter to court and called two attorneys, William R. McGuire and Theodore Bellet, both of Belleville.

Throughout the discussion Newsome took notes and at intervals

insisted he represented the Regular Organization and Vara's group was the insurrectionist.

Outside Vara's group congregated now in small clusters discussing "the shameful way they are giving us the run-around."

With the arrival of McGuire and Bellet, Barnett defended his exercise of "discretionary powers." He admitted there probably was no statute expressly giving him the power to judge designations of candidates, but said "In my own judgment the designation is misleading."

Barnett said this was probably the first time such a question had come up.

### REPUBLICAN?

Bellet asked why Joseph Barrett had been permitted to file as a Regular Democratic Organization candidate when he was a registered Republican. That is just as misleading, Bellet added. Barnett answered that according to law Barrett could be a Democratic candidate with the endorsement of the county committee. "He just can't vote for himself."

Mrs. Mazza said Tuesday night that Barrett "hasn't voted in a primary since 1955, he can be anything he wishes to be."

Vara and the lawyers finally agreed to discuss a solution and presented the proposal that the word "present" be omitted from the designation. Since that was the word Barnett had objected to, he agreed.

### "ALL HAPPY"

"We're all very happy," concluded Vara. "At last we can go home and to bed."

Mrs. Mazza had no argument with the slogan. "I'm not interested in what they chose," she said. "We are the organization." Her group has 23 present committeemen, she said.

Vara also claimed his group

is the organization. "We have a majority."

Those who filed petitions last week with the two factions are:

and a new hearing granted.

### AT BELLEVILLE LINE

"The people of Belleville have an interest in the No. 18 line by reason of the fact that its northern terminus is at the Belleville Line. The recent denial of the application of this line, in view of recent circumstances and pending fare rate increases sought by the Public Service, indicates a need for the increasing and enlarging the facilities of the No. 18 line."

"In addition the Town of Belleville should be given notice of the date set for such hearing for the reason that it would be advantageous to the Town of Belleville to have alternate independent lines of transportation available to the people of Belleville."

### BUS ROUTE

"It is suggested that the No. 18 line continue from Mill Street, at the Newark Line, into Belleville along Washington Avenue to Holmes Street to Union Avenue; thence north along Union Avenue to the Nutley Line; thence easterly to Washington Avenue to the Newark Line."

"The extension of the No. 18 route along this course would be

advantageous to Belleville. It would, to a certain degree, take up the loss to the community in transportation facilities when the Jersey City to Passaic Garden State Lines ceased to operate.

## 1,000 Hail Girl Scouts' 50th Birthday At Saturday Scout-O-Rama Festivities

LEADERS IN SCOUTING pose beside the Girl Scout birthday cake. Mrs. A. H. Verhagen, Belleville chairman, holds a bouquet of the Girl Scout colors, green and gold, which was presented to her by the Belleville

troop leaders. Also pictured are Mrs. Richard C. Dehmel, at right, president of the Girl Scout Council of Greater Essex County, and Mrs. Harriet Emerson, member at large of the Girl Scout Council.

It was a glorious birthday party, with a birthday cake ablaze with the glow of 50 candles and the Belleville High School gym ablaze with the glow of bright smiles. It was the 50th birthday of the Girl Scouts and the 720 scouts and 153 adults in the Belleville troops made it a grand celebration.

The gym was crowded all afternoon with scouts, leaders, and families with those who just dropped in to see the Scout-O-Rama and with those who decided to stay just a little longer to see one more scout performance and another scout exhibit. Over 1,000 attended the event. The popping of flashbombs promised this would be an occasion to look back on.

Booths were arranged along the walls of the gym, which had been decorated with crepe paper of green and gold, the Girl Scout colors. Brownie Scouts and Intermediates displayed handicrafts and skills inside the booths and bystanders stood nearby to sample baked marshmallows and cookies and accept leather works, leaf mosaics, or the designs the scouts had made.

SCOUT PERFORMANCES. Scouts performed folk dances, hoop drills, sang songs and gave a historical account of the development of Belleville.

Highlight of the afternoon was the lighting of a three-tiered birthday cake laden with 50 candles. One representative from each of the Girl Scout troops here presented a donation to the Juliette Low Friendship Fund. Mrs. Low was the founder of Girl Scouts.

Along with the scout leaders and the Belleville district chairman, Mrs. A.H. Verhagen, also present were Mrs. Richard C. Dehmel, president of the Girl Scout Council of Greater Essex County, and Mrs. Harriet Emerson, member at large of Girl Scout Council, serving on the program committee of Region Two, to which Belleville belongs.

Fourteen men joined the scouts and leaders in setting up the exhibit booths. Girl Scout thanks went to U. Anderson, J. Cronauer, E. Crispolski, T. Daley, M. Hernandez, M. Hoover, D. Long, E. McGill, R. Metcalf, H. Minasian, R. Reddy, F. Van Dyke, A. Verhagen, C. Watson.

## High School Concert Called 'Very Enjoyable' By Student

By MARLESE JAMES

The Belleville High School Concert and Variety band, under the direction of Ned Troutman, and a variety of specialty groups combined to make the evening of March 7 a very enjoyable one at the seventh annual high school concert.

The concert band played a variety of selections ranging from March Processional to Autumn Leaves. The Varsity Band, which is a smaller, more select group, played several selections, including the premiere of an original composition by a B.H.S. senior, John Cotrusuo.

John's composition is entitled, "Oriental Dance." It combines many different rhythm patterns to make extremely fine listening. John, who is student band director, conducted his own work.

There was another first, this one was a new group, a woodwind quintet, consisting of Barbara and Judy Underwood, Betsy Daughner, Miriam Fost, John Cotrusuo and Roger Warrell.

The popular dance band performed recent popular compositions. They were outstanding as featured soloist.

Well worth mentioning was the Varsity Band's "Dream of Olden" with Barbara Underwood as featured soloist.

The comedy touch was provided by a skit from the Senior band members. It was a take-off of the TV program "Open End," entitled "Open Note."

## Insurance Against Socialism

The role of Government in business is cited in the annual report to stockholders sent out this month by Public Service Electric and Gas Company. Although the Company has restricted itself to a conservative comment, it is obvious that the matter is of serious concern to the investor-owned electric industry.

Historically, it is an accepted fact that when the Federal Government moves into any area, it becomes big. There has been no exception in the growth of public power. From a seemingly modest beginning in the depression-ridden 1930's, the Federal power system has mushroomed into a tremendous project that is consuming millions of dollars of taxpayer funds.

The investor-owned industry objects to the public power advance because there is no need for it, since the private companies have adequately and efficiently met the demands for service. And by using taxpayer dollars, the Federal Government is unfairly competing with private enterprise.

Our sympathies in this matter must rest with the investor-owned utilities, for if there is one industry that must never be socialized or Federalized, it is the electric business. The private industry has made great technological strides, given good service at a reasonable cost and is planning well into the future to keep America's utility system what it is today—the greatest and most efficient in the world.

Accomplishments of Public Service Electric and Gas is "Exhibit A" in New Jersey's private enterprise efforts to accommodate Twentieth Century needs of our people without resort to government ownership of private facilities.

## Fiftieth Anniversary, Girl Scouts, U.S.A.

The "girls in green," almost 3½ million Girl Scouts, will be 50 years old this month.

Most people at 50 are "old enough to know better" than to camp out-of-doors on the ground when they could be enjoying a soft mattress, "old enough to know better" than to cook over a wood fire instead of using an electric stove. One would expect that people "over 50" would prefer easier pastimes than painting furniture for the children's room in the library, or working in a hospital.

As the Girl Scouts reach their 50th anniversary they are as enthusiastic as ever about roughing it in the out-of-doors, and busy as ever learning new skills and helping others. They carry on the Scouting tradition of service to their families, their community, their country and the world.

Their founder, Juliette Low, was in her fifties when she brought Scouting to the girls of the United States. Instead of enjoying a life of leisure in her Savannah home, she worked tirelessly to organize a program which has provided almost 18½ million Girl Scouts with years of purposeful, happy activity, new-found interests and friends.

Mrs. Low's example has been followed by thousands of women who have dedi-

cated their leisure time to attending Girl Scout training sessions and to serving as leaders for generations of young girls eager for Girl Scouting.

May the Girl Scouts never grow "old enough to know better" than to give help where it is needed.

## Neither Can a Town Stand Still

Did the headline which appeared in a Newark daily paper recently strike you as being any more than ordinarily significant?

When you read "250-ACRE INDUSTRIAL PARK EYED" in Newark, did it suggest anything of importance to you?

Newark is, and has been for the past few years, engaged in the greatest building boom in its history. A goodly portion of the city is being made over.

Now it is studying a huge manufacturing project which, according to the daily paper's story, could mean 15,000 jobs.

When all this has been done, the Newark of old will be gone and there will be a new Newark—humming with activity, better looking, more prosperous. It is conceivable that parallel gains will be made in living conditions, public health, greater activity in cultural fields.

There is an axiom which says a business cannot stand still; it either goes forward or slips behind its competitors.

This can be applied also to communities. Towns, too, must have foresight, must go ahead, increase their parking facilities, modernize their business areas, expand their work opportunities, add to their cultural offerings, better their public health and living conditions—these things must be done to keep abreast of the way of life in America today, or towns will wither.

There are many ways in which this can be done. Urban renewal, with municipality, state and federal government sharing the cost, is one.

Where does Belleville stand? Is it content to drift along into possible oblivion or does it have the vision, courage, intelligence to plan a program of self-improvement which will insure its progress, prosperity and continuance as a fine place in which to live and work?

## Elks Again Seek Your Aid

Once each year at this time New Jersey Elks seek the help of the people of New Jersey in their work for crippled children.

Since 1923, when the order began this endeavor, which has become its major philanthropy, more than \$6,000,000 has been spent by the Elks in New Jersey on New Jersey children without regard to race, color or creed.

Money from these campaigns has been used for the establishment and support of cerebral palsy clinics. Eight handicapped young people are receiving fully-paid college educations under the Elks' scholarship program. Thousands of individual cases are receiving continual orthopedic treatments, others have been fitted for braces and shoes and many have received artificial limbs.

As the work goes on from year to year, the challenge becomes greater. The actual money spent is supplemented by thousands of hours of volunteer service by Elks and their wives.

Last year the drive reached only \$110,000 of its goal—a figure made possible by a response to its appeal from nearly 62,000 individual contributors. To that sum the state's lodges added \$116,000, making a total of \$226,000 expended for crippled children's work throughout the state.

venue office at 186 So. Clinton Street, East Orange.

Internal Revenue Service offices are open for taxpayer assistance from 8:30 A.M. to 5 P.M. Mondays through Fridays, up to and including April 16. Taxpayers seeking help are urged by the director to telephone or visit revenue offices as soon as possible.

**STANDARD DEDUCTION EXPLAINED**

There are two ways of taking deductions on 1961 Federal income tax returns: itemize your charitable contributions, interest, taxes, medical and other expenses, or use the standard deduction.

If a taxpayer is a homeowner paying interest and taxes, or if he had unusually large contributions or medical expenses during 1961, it may be to his advantage to itemize them.

If itemized deductions total less than 10 per cent of adjusted gross income, it will usually be better to claim the standard deduction.

The tax table accompanying the return form must be used to determine the tax on incomes under \$5,000 when the standard deduction is claimed.

## Rotary Club Hears Program On 'World Understanding'

Dr. Joseph D'Angelo, past president of the Rotary Club of Belleville, presented a program last Wednesday on "World Understanding" at the Rotary luncheon meeting.

Dr. Wei Then Pien, resident physician at Clara Maass Memorial Hospital, spoke about his early life in Mukden, Manchuria and also in Formosa. A linguist, Dr. Pien, speaks fluent German, English, and Japanese in addition to his native language, Chinese. Mrs. Sze Ming Pien was also introduced. She was trained in native dress. Mrs. Pien is a technician at the Clara Maass Memorial Hospital. She is the mother of two youngsters, one of whom was born in Montclair.

Dr. D'Angelo also introduced Dr. Hiroshi Washio, a graduate of Tokyo University, who is a resident physician at St. Barnabas Hospital, Newark. His wife, Mrs. Yachyo Washio, wearing a brocade gown from her native land, was presented. She is a librarian at St. Barnabas.

Dr. Washio spoke of the scholastic competition in his native Japan. With only 64 universities in the country, only students with high qualifications on entrance examinations are permitted to study at the colleges, he pointed out.

A question and answer period was held. Following the meeting, a tour of the Wallace & Terman plant was conducted by Thomas Devine, assistant personnel manager of the firm. The group was accompanied by Norman Thompson, director of international service for the Rotary Club; Dr. D'Angelo and Dr. and Mrs. George Kaden.

## P. S. Had Year Of Growth In 1961; Huge Sum To Be Spent For Expansion In '62

Another year of growth and progress was noted by Donald C. Luce, president of Public Service Electric and Gas Company, in the 1961 annual report of the company just released to stockholders.

For the sixth consecutive year, the company's expansion and improvement expenditures have exceeded \$100,000,000, and plans call for expenditures of about \$120,000,000 for 1962 to keep pace with the continued increased demands for electric and gas services. It was emphasized by the president.

He said the area of New Jersey served by the company is characterized by a diversified industrial complex, important residential and commercial developments, and, along with other advantages, a favorable business climate, all of which are conducive to a continued sound expansion in the economy of the area.

New records for demand and output of both electricity and gas were established in 1961, the president pointed out. The combined demands of electric customers on Sept. 5 resulted in all-time peak load of 3,128,000 kilowatts. A record day's output of 54,844,200 kilowatt hours of electricity occurred on Sept. 13 and a record send-out of 6,532,968 therms of gas occurred on Feb. 2, 1961.

Electric and gas sales and revenues also reached new highs in 1961. Electric sales to customers totaled 13,149,657, 863 kilowatt-hours, nine per cent more than in 1960, and sales of gas to customers reached 920,383,870 therms, an increase of 11 per cent over such sales in 1960. Electric operating revenues were \$280,806,544, an increase of ten per cent over 1960 electric revenues, and gas operating revenues were \$149,849,015, an increase of nine per cent over the previous year.

Earnings available for common stock and surplus amounted to \$49,806,121, an increase of \$10,407,961 over the amount in 1960, and on a per share basis were \$3.31 in 1961, compared with \$2.76 on a lesser number of shares in 1960, Mr. Luce said.

Earnings for 1961, compared with 1960, he explained, were improved as a result of the increased electric rates which became effective with billings on and after Nov. 2, 1960, and the change to "Now - through" accounting.

## March "Little Census" To Be Conducted Here

A "little census" will be conducted here this month; it has been announced by the Bureau of the Census, U. S. Department of Commerce.

The "little census" will consist of special questions to be asked in the March Current Population Survey in addition to the regular monthly inquiries on employment and unemployment. The special questions will be on family composition, marriage, educational attainment, and consumer income. The purpose of these inquiries, asked each March in the Current Population Survey, is to supplement and keep up to date the detailed information about the Nation's population which is collected every ten years in the decennial censuses.

Census officials point out that all information about individuals included in the survey is held in strict confidence under Federal law. It is used only to obtain summary figures such as totals, averages, and percentages for various groups in the population and not to show information for particular families or individuals. The information cannot be used for investigation, taxation, or regulation.

The Current Population Survey will be conducted here and in 323 other sample areas of the country during the week of March 19.

## Your Income Tax

INTEREST AND CARRYING CHARGES

Interest deductions on Federal income tax returns are subject to special rules, Chris L. Gross, Director of Internal Revenue for the Newark District, said today.

Taxpayers may deduct interest paid on personal debts, he said, including interest on bank loans, home mortgages and delinquent taxes.

He added:

"You also can deduct a portion of so-called 'carrying charges' paid on installment purchases of property, such as automobiles, television sets, etc., where the carrying charges are separately stated, but interest is not. The deduction allowed is the lesser of an amount equal to six per cent of the average unpaid monthly balance on the installment purchase, or the portion of the total carrying charge allocable to the year.

"You compute the portion of the carrying charge allocable to the year by dividing the carrying charge by the total number of monthly payments to obtain a pro-rated monthly carrying

charge. Then multiply this amount by the number of months in the tax year during which the installment obligation was outstanding.

"Sometimes money is borrowed on a discount basis. That is, the interest is subtracted in advance and you sign a note for an amount larger than you receive. If you use the cash method of accounting, you may deduct this discount as interest only as you make payments on the note.

"However, taxpayers cannot deduct interest paid on money borrowed to buy tax-exempt securities or single premium life insurance, nor interest paid on behalf of another person, if the taxpayer has no legal obligation to pay it.

**TAXPAYER ASSISTANCE AVAILABLE**

Federal income tax returns must be filed by April 15 this year. Director Gross again reminds the public:

Taxpayers who need assistance on a question or two in preparing their returns are advised by the tax official to telephone OR-246-2464. If more help is needed than can be given by phone, taxpayers should visit the revenue

## To Spend Summer At Hebrew Camp

CONGRATULATIONS — Daniel Grossman, sixth grader at Congregation Ahavath Achim Religious School, gets a big handshake from Jack Orlinsky, president of the congregation, as Rabbi Victor Cohen reads a letter of acceptance for Daniel to spend a summer of study at Camp Ramah, a Hebrew camp sponsored by the Jewish Theological Seminary.

Daniel Grossman, 11, who has been studying Hebrew at the Congregation Ahavath Achim Religious School since he was 5, has been accepted as a camper at the Ramah Camp, which offers a specialized Hebrew-speaking program.

To qualify for entrance to the summer camp, Daniel was given an oral examination in Hebrew by Rabbi Victor Cohen, spiritual leader of Congregation Ahavath Achim. The youngster, who is the son of Mr. and Mrs. Seymour Grossman of 15 Tremont Avenue, was then selected to represent the congregation. A written examination administered by the camp followed.

Daniel will be the first from the congregation to attend the camp, which is under the sponsorship of the Jewish Theological Seminary. He will have a summer of recreation as well as of study in language and culture.

A sixth grader at School Nine, Daniel confesses he isn't a straight A student. "I only got about 7 A's out of 8," he admits. In the sixth grade at the religious school he is also an honor student. He is active in the Junior Congregation, having served as rabbi and cantor, and writes for the school newspaper.

### Wozniak And Haight Attend Jaycees Banquet

More than 700 Jaycees from over 150 chapters throughout the state attended the Distinguished Service Awards Banquet recently at the Far Hills Inn in Somerville. The banquet is an annual affair honoring the five outstanding young men in the state.

Those attending from the Belleville chapter were Henry Wozniak and David E. Haight, Jr.

Earlier in the day members of the Jaycees Assembly heard a report from the Jaycee Tax Committee. Senator Wayne DuMont discussed "New Jersey's Tax Problems."

Phil Rizzuto, sportscaster and former member of the New York Yankees, and Ray Wytecka, of defensive center of the New York Giants, spoke at the luncheon and told of plans for the New York Giants — Philadelphia Eagles benefit game that will be sponsored by the Jaycees at Palmer Stadium, Princeton, on Saturday, Sept. 8.

## Social Security Information

Q. Under the new law, how much credit is needed for a man who was 65 in 1961 to qualify for retirement benefits? What about another man (my brother) who will be 65 in 1962?

A. — For a man who was 65 in 1961, ten credits (about 2½ years of work) will be enough to qualify for retirement benefits. The man who will be 65 in 1962 will need 13 credits (about 3¼ years of work).

Q. — I read that the new law lets people qualify for retirement checks on less work under social security. How much time under social security does a woman need to qualify if she will be 62 in 1962? Also, what about a man who will be 62 in 1963?

A. — A woman reaching age 62 in 1962 can qualify with 11 social security credits, which amounts to about 2¼ years of work. A man reaching age 62 in 1963 can qualify with 15 credits, or 3¼ years of work, under social security. This does not have to be consecutive and work as far back as 1957 still counts.

Q. I am 62 and want to claim benefits, as I understand the new law lets men draw at that age. The trouble is that I have no birth certificate. Is there any way I could get my social security without one?

A. — Yes. There is no requirement that you must have a birth certificate to get benefits. But we do have to have some proof of your age. A person's age can be established for social security purposes in many ways. You probably have some paper or document at home that will work. There is no need to delay applying for the benefits because you can't locate proof. Come in and discuss your case with us.

Q. — Does a person still have to pay social security after he starts drawing the benefits. In other words, if you work part-time after you retire, do they have a right to take social security out of your pay?

A. — The law provides that anyone working in covered employment — full or part-time — must pay the social security tax. This applies regardless of age or of the fact that you already may be getting social security benefits.

Q. We hired a maid in our home in October at \$20 a week but she quit after three weeks. Since she did not stay any longer than that, do we still pay social security on her?

A. — Yes. If you pay a maid as much as \$50 cash wages in a calendar quarter (January — March, April-June, July-September, October-December), a social security return is due on her. You can get a simple, envelope report form from the nearest Internal Revenue Service office.

## Local Red Cross Workers Learn Of Disaster Needs

Learning of the dire needs of families on Long Beach Island Wednesday, Red Cross arranged for 20,000 gallons of water to be flown by military helicopter to the isolated New Jersey island. Later in the day, the causeway linking the island with the mainland reopened, Red Cross purchased and delivered milk and bread to stock two shelters hurriedly opened by Civil Defense on the flooded off-shore resort area.

In Atlantic City 1,500 people are being housed in two shelters; an additional 1,000 people are staying in two shelters in Manahawkin, New Jersey. Other shelters in New Jersey are located in: Highlands, Port Monmouth, Keansburg, Toms River, Tucker, Seaside Park, Ship Bottom, Surf City, Cape May Court House, Wildwood, Rio Grande, Villas, Green Creek, Cape May, and Bridgeton.

Edward Mahler, chairman of the Belleville Chapter has received the following wire from the National Red Cross: "Great coastal storm coupled with Kentucky-West Virginia floods has required assigning 169 top staff to disaster relief in 8 states. Last night housed and fed nearly 7,000 persons. Rehabilitation work will cause heavy drain on funds. We ask you to redouble efforts to put across fund campaign in your community. Imperative we reach maximum possible results."

Mrs. Arthur Lapham of 19 Fairway Avenue, of Family Service, has received word from friends in the disaster area of Virginia. The Virginians praised the work of the Red Cross and said "We're safe and sound. God bless the Red Cross."

## State Farm Cuts Insurance Bill

HENRY S. PAGLIANTE

State Farm Mutual is cutting more than a quarter million dollars from the annual insurance bill of its policyholders in New Jersey, said Henry S. Pagliante, local agent for State Farm in Belleville. He said that rate decreases effective March 12 would save New Jersey policyholders \$253,000.

"Most of the reduction," Pagliante said, "will be noted by motorists carrying more than standard amounts of liability insurance and full coverage (liability, Comprehensive, Collision, and medical payment) policies."

"This means that about half of State Farm's 78,800 policyholders in New Jersey should get decreases," he added.

## Mr., Mrs. Joseph Brucato Honeymoon In Bermuda

The marriage of Miss Marion Theresa Finocchiaro, daughter of Mr. and Mrs. Michael Finocchiaro of 26 Springer Street, to Joseph Leonard Brucato, son of Mr. and Mrs. Albert Brucato of 36 Jerald Street, took place Saturday afternoon, March 3, in Holy Family Church.

The Rev. Henry M. Naddo performed the ceremony, and a reception for 400 guests followed at Royal Hawaiian Palms, Lyndhurst.

The bride was given in marriage by her father. Her gown of silk peau de soie was fashioned with a bodice of Italian lace applied with tiny pearls and sequins, sabina neckline and long sleeves. The bouffant skirt, on which the applique motif was repeated, ended in a chapel train. A triple tier fingertip veil fell from a crystal crown and she carried a bouquet of stephanotis and cymbidiums.

Miss Lynne Zuzzio of Belleville, the maid of honor, wore a pink satin gown with matching organza cape and train. She had a small headband of pink satin held by a rose, and carried cymbidiums.

The bridesmaids were Miss Terry Finocchiaro of Belleville, the bride's sister; Miss Christine Edwards of Belleville; and Miss Maria Catalano of Newark, her cousin; Miss Ann Brucato, sister of the bridegroom, and Camille Stella, the bridegroom's cousin, of Nutley.

Their gowns were similar in style, to that of the honor attendant, in orchid satin. The flower girl, Kay Candido of Avenel, cousin of the bride, wore pink satin.

## Why the "new look" in phone numbers?

To meet the great growth in phone service, a new numbering system (All-Number Calling) is being introduced throughout the nation. With the new plan, numbers replace letters in telephone numbers. For example, a number like 555-2368 might take the place of KL 5-2368.

WHY ALL-NUMBER CALLING? Today, with more and more people needing phone service, there soon won't be numbers enough to go around, under the present setup. All-Number Calling is needed to open up hundreds of new numbers, to provide more service for more people. Many New Jersey communities have already switched to all numbers. Thousands of other people are also changing over, one-by-one - as phones are installed or moved to new addresses. Eventually, every phone number in the nation will be all-number. Then, letters will disappear from dials, making dialing simpler.

PLEASE KEEP A RECORD OF CHANGES More and more numbers you call will be all-numerals. It's a good idea to note them in your personal numbers list. If you'd like a handy booklet for numbers you call often, just call the Telephone Business Office.

JACK TOMASULO

Golf can be claimed without exception to be the most flexible game in the world. It differs from the majority of games in not having the ground mapped out with a precise regularity. There are no lines or circles to denote areas of play; nothing, in fact, but a starting position and a final goal. The most interesting factor of the game is the flexibility of the course. You could call the game of golf a triangular contest carried out between two players, with the course itself as a third party. The golf course has this peculiar virtue — that it enables players of unequal merit to meet and enjoy games. Golf is not a game of survival of the fittest. Everyone can pursue a course of his own.

When it comes to golf, the people of Belleville should be proud for within the last 30 years a large percentage of boys from Belleville High Schools golf teams have turned professional. They have won 2 individual State Championships for Belleville. Also 2 PGO Championships. Belleville boys who have turned pro are Charles Tatz, Veto Gaeta, Charles Schrier, Gordon Wigman. I can go on and on and list many more outstanding individuals but I would rather say, that I don't think any town in our country has contributed as many stars to the golfing profession as the town of Belleville.

This year Belleville's Coach Mike Salzarulo has high praise for his returning players. His number one man will be Charles Iabrizzi followed by Ken Foley, Rodger Gaglione, Forbes Kennedy and Arnold George. The team will practice at Essex County golf course and the matches will be held Monday and Friday, at 3:30 p.m. at Forest Hill Country Club, Bloomfield, New Jersey. Although fans are not allowed to attend the matches, I am sure that golf being the prevalent sport, our high school will have a substantial following.

The people of Belleville should be grateful to the Forest Hill Country Club. They have been giving our high school team the privilege of using their golf course.

GLADIATOR'S ARENA

Last week I mentioned that anyone going to the Gladiator's Arena in Totowa would have a rewarding and entertaining night. My predictions were right, for I personally had a most enjoyable evening. The load roar coming from the people around you kept you at the edge of your chair most of the night. Sitting at ring side in the smoke-filled arena, I saw many ex-fighters watching with a fascination of extreme indulgence, for they say in their own minds, a picture of themselves banging away at the adversary. There were many dignitaries from the fight world present including former welter weight champion of the world, Carmen Basilio, who refereed one of the matches.

In a semi-final contest, Don Davey a Belleville product won a decision over Tom McKeever of Paterson. Young Davey fights with a style copied from welter weight champion Gene Fulmer. McKeever was so baffled by the rugged offense he hardly threw a punch till the last round, which was then too late. Davey has a promising future in the makings, for he has exhibited the raw courage and determination needed to become a champion.

The main event brought together two local boys Johnny Torres and Stephen Redl. Both fighters have fought the ex-champions of their weight class. This fight should have been televised for we saw Torres the boxer and Redl the slugger go at each other with the savage fury of tigers. The decision was given to Redl seven rounds to three.

Fight promoter Angelo Pucci of Nutley deserves a round of applause for kindling the spirit of the fighting profession in New Jersey. The sport of boxing was slowly dying in the hearts of its fans.

In the coming months, the Friday night fights at Gladiator's Arena will offer to the public many outstanding stars of the fighting world.

RECREATION

One of my latest discoveries was that the Town of Belleville offers to its residents 81 recreational activities. Most towns in our state would boast if they had three-quarters of the activities we have.

Bob Cook who is head of recreation for Belleville has been doing a bang-up job in organization and guidance. Most people of this town do not realize what the town offers them. There is a column in this paper every week giving the schedules of these activities.

Start Search For Outstanding HS Court Player

The county's coaches and sports writers are being polled to determine the 1962-63 winner of Essex County CYO's 17th annual outstanding high school basketball player award.

The purpose of the award, according to the Rev. Vincent F. Affanoso, county CYO director is to stimulate good sportsmanship and conduct on the basketball floor as an example for younger players to emulate.

The first winner, in 1946 was William "Bucky" Hatchett of Verona High School. Hatchett is now varsity basketball coach at that school.

Another early winner, Richie Regan of West Side High, has gone on to assume the coaching post at Seton Hall University.

Recent winners include: Lee

Sager of East Orange, former West Point captain, Robert Melvin of Orange, Fordham star, and 1961 winner Richie DeSotol of Seton Hall. Dec led the Pirate frosh team in scoring this past season.

Belleville's Richie Veith took the award in 1965.

Represent County In Court Semi-Finals

Holy Family's junior girls won the Essex County CYO Junior Basketball League play-offs with a 15-5 victory over St. Clare's at Montclair Immaculate Conception last Sunday.

Holy Family will now represent Essex County in the Archdiocesan semi-finals this Sunday at the St. Benedict's, Newark, gymnasium. Jo Anne Massa was named MVP of the league with seven points, aided by Helene Massa's four, Barbara Seacrest and Pat Stanisci scored the other two baskets.

Harvey Sets Two Records

Bob Harvey, former Belleville High track standout, has kept up his winning pace at the U.S. National Academy, Annapolis.

For the second consecutive year he holds the number one position in the 60-yard high hurdles, recently setting a Navy record. He placed third in the Heptagonal Meet, one of the biggest track meets in the East, and in the semi-finals broke the meet record when he ran the 60-yard high in 7.4 seconds.

Binky's Pulls Out Of Cellar In Tavern Play

Binky's Tavern won three games, Monday, Feb. 26, from Cardinal Lounge to drop La Neve Caterers, which lost three games to the league. Leading Club Diana, to the cellar spot in Nutley Tavern league.

Nutley Manor, the only other three-game winner, swept over Nobel Inn. Artie's Tavern won two games from Circle Bar. Chatterbox won the odd game from Bunny's Tavern. Parillo's Tavern won two games from Zig Zag Tavern and Roseville Tavern won 2 1/2 games from Galaxy Caterers.

What's different about Rambler's rustproofing?

It gets all the way up to the top. On Rambler, has Deep Dip rustproofing — entire body immersed in primer paint right up to roof — plus 8 other body rustproofing steps.

What's different about Rambler's brakes?

They stop when other brakes can't. Double Safety Brake System has tandem master cylinders. If front brakes fail, rear brakes still work and vice versa. Self-adjusting brakes stand up 100.

What's different about Rambler's headroom?

It's greater than any other American car's. Rambler Classic and Ambassador V-8 use all other makes in front-seat headroom (even Cadillac) — can seat six 6-footers easily.

What's different about Rambler's muffler and tailpipe?

They won't rust out. Ceramic-armed muffler, tailpipe guaranteed against defect as long as you own your new Rambler. If either rusts out, collision damage excluded, a Rambler dealer makes free replacement.

What's different about Rambler's prices?

They're America's lowest. Only Rambler brings you America's lowest suggested retail prices for convertible, 2-door and 4-door sedans and wagons — all quality-built with Rambler excellence.

been negligent in failing to provide sandbags until after 11 a.m. "The damage could have been minimized," the Fairway men agreed.

**SANDBAGS**  
Sandbags were used around the pumps and to barricade cellar windows to hold back the water. The bags were filled and set up by Public Works employees. Homeowners helped the effort while most of the women watched from living room windows.

Several women drew their shades as if they could shut out the scene even though they were powerless to shut off the water rising in the basements.

Despite attempts in late morning to evacuate women and children, families preferred to stay in their homes and wait.

Each of the houses has its own pump, which took over where the fire department pump left off.

Youngsters returning from school at the afternoon were carried to their homes in the shovelfront of the Public Works payloaders.

"My mother told me I would have a big surprise when I got home," one school-child told her friend. Looking at the water which reached above the hip-boots of the workers, and obviously contemplating a ride in the payloaders, she added, "My mother wasn't kidding."

John Tague of 257 Fairway Avenue estimated that the last flood cost him \$1,000 in house repairs. "And this one is much worse," he said.

In other parts of town the water flooded 74 cellars, according to Commissioner Robert C. Gruhn, director of Public Works.

Homeowners said they knew they "were in for a bad time as early as 8 o'clock" that morning. At a stormy commission meeting Monday night, a group from the area charged that the Public Works department had

**American Paintings in Montclair Exhibit**

"American Paintings Series - Section III" is being presented at the Montclair Art Museum through March 25. The 50 paintings from the museum's permanent collection, which comprise this exhibition cover approximately 30 years, from 1890 through 1923. Beginning with the darker heavier palette of Blacklock and Whitridge, earlier mannered elements of Luminism, the Hudson River School, and mysticism to the close of the 19th century. At this turn of the century, experiments in Impressionism abroad were brought home by Claude Lorraine, Theodore Robinson, and Hayley Lever, whose light, bright palettes affected a wide circle of painters who came to be known as the American Tonal School.

In the early years of the last decade of the 19th century, Winslow Homer is found at the height of his career, but he stands alone and does not belong to any school or group. Early in the twentieth century, The Eight held its first exhibition at the Macbeth Gallery in New York, where, among others, Lukis was seen. George Ault, a product of the new approach, practiced the precisionist's attitude toward subject matter. American painting between 1890 and 1920 is heterogeneous, composed of many unrelated and incompatible component parts.

Section III of the American Paintings Series will be shown in April.

Refreshments will be served by Mrs. George Golden and Mrs. Zoltan Neuman.

to \$1,968,248, a decrease of \$127,228.

### FAIRWAY FLOODS

A group of men from Fairway Avenue gave impassioned accounts of the flooding on Monday. They charged Grubin had been delinquent in providing sand bags to them. "The damage would have been minimized at least," they stated.

According to John Tague of 257 Fairway Avenue, women from the neighborhood began calling for sandbags at 8 a.m. "as soon as they realized we were going to be hit."

He said the Public Works Department, which Grubin heads, was "so slow in sending the bags that we didn't begin getting them until after 11."

Tague repeatedly asked, "Why weren't they bagged and ready for an emergency?"

### TWELVE HOUSES

Spokesmen for the group said 12 houses were sectionally damaged by floods. Cellars were filled with water up to six feet. The street was flooded with three feet of water.

The water came from the overflow of the Third River. "It was a fantastic flow of water," Grubin said. "If it is going to back up in Belleville, there is no place for that water to go."

Tague said the last flood cost him \$1,000 for repairs. "What do we do now, just keep on paying for washing machines?" Electrical appliances were ruined by water.

He said his wife and four children were not yet able to sleep at home because of their flooded basement and wet electric wires. Grubin promised his department would "be happy to supply sand to the homes there." He said he was "very much concerned with the serious problem and the damage done."

### WORK THIS WEEK

Although he said there was very little to do once water starts rushing over river banks, he said he would attempt to "try to go in and do some digging" in the Third River. His department would try this week to widen the river path, he said.

"If one of the kids in that flood water, you commissioners will have it on your consciences," said John F. Gierla of 306 Fairway Avenue.

On recommendation of Kieran the commissioners agreed to look into a meeting of the Army Corps of Engineers concerning the whole Passaic Valley.

"I don't believe you men will ever do anything about the Third River," insisted Tague. "You are holding a club over our heads about that property." Tague referred to the land owned by a Clinton real estate firm and De Pedro, who have proposed luxury apartments there. Fairway residents want the land for a park.

The commission Tuesday night failed to muster the necessary four votes to pass an ordinance authorizing the expenditure of \$40,000 for the land for park purposes. Grubin voted against the measure for a three-one tally.

### GOLDEN'S ARGUMENTS

In his arguments against the proposed budget, Grubin insisted that the commission was merely using up the surplus to avoid a large tax increase in an election year.

He charged Padala with "throwing into this election year budget everything but the kitchen sink in a desperate attempt to arrive at a tax rate increase less than that really occasioned by actual increased expenditures for the town." He called the Mayor's effort "a pious attempt to deceive the public with a phoney election year budget so watered down with the town's surplus and manipulated budgetary practices in hand tailoring the structure of the budget to serve as an expedient that would obviate the raising this year of funds by appropriation that would reflect tax rate increases, but which will make necessary doubling next year reserves for uncollected taxes if we are to again go back to a percentage of anticipated tax collections that will allow a building of surplus which is healthy and needed for a progressive community such as I should like to see for Belleville."

He said the cost for local municipal purposes alone had risen \$544,995.11 in the past four years under the "inept present administration." Golden claimed that \$4,397 or the equivalent of ten tax points could be taken from the present budget without any impairment of essential town services. This he asserted, could be further substantially reduced were many needless jobs, operations, gratuities and frills eliminated.

In outlining the manipulations of the budget that he referred to, Golden showed how town operation costs rose \$49,000 or eight tax points which were arbitrarily offset "capriciously" by the Mayor by increasing by one per cent the anticipated tax collections from 43 per cent to 94 per cent, "notwithstanding that the actual rate of tax collections remain at a steady 97 per cent. This automatically reduces the pickup for uncollected taxes picking up \$31,321 or eight tax points.

Then, Golden said, "\$25,000 more was applied from the current surplus than previous years which equals 4 tax points. There was a water surplus of \$125,000, or the equivalent of 20 tax points. This manipulation offset the equivalent of 32 tax points. 20 from water surplus of \$125,000, 4 from current surplus and 8 from 1 per cent increase in anticipated tax collections. 24 of these points coming from surplus."

From the budget Golden continued, "we find the County up 26 points, Schools up 10 points and the town up (actually) as a result of increased spending 8 points or a total of 44 points. To this we must add the 20 point tax increase we are saddled

with and we observe that with-out such manipulations actually Belleville's tax rate went up a total of 44 points or in effect producing a tax rate of \$9.09 per hundred. A staggering increase indeed."

"The sad results of these budget juggling practices will be the depressing realization that the water surplus will not be there in 1963 because there will only be a scant \$7,700 profit from water. By increasing anticipated tax collections the surplus will drop and the reserve for uncollected taxes would have to be doubled to again go back to 93 per cent collection if all remained the same. Now also that there will not again be any \$125,000 surplus that can be taken from the water budget."

Golden charged that "salaries and wages plus other expenses of the Public Works Dept. of Commissioner Robert C. Grubin are up \$25,000 not showing in the departmental budget because they are taken from the water budget which last year netted a \$49,349.28 profit, but with these shenanigans can only realize a ridiculously low \$7,704 profit next year despite our high water rate. This is real watering of the water budget and fills us with the appalling doubt if we will again be slapped with another hike in water rates to offset the reckless profligacy of the present office holders."

Golden accused the present Commissioners of "leaving the cupboard bare" for the new government.

and Jorammon Street—Laterza, a life-long Belleville resident, lives at 56 Reservoir Place with his wife, the former Elizabeth Di Geronimo of Belleville, and their two children.

Laterza is a candidate for Second Ward Councilman.

Turn to the map page in today's issue and note the feature picture.

One of the persons in the photo is singled out with a circle.

Readers are invited to identify this person and the spot where the picture was taken. The first one to do so—by mail or in person at the office of The Times—will receive a award of \$5.

Please note: Identification of the person and place must be made by coming to the office of The Times, 246 Washington Avenue, or by mail. Phone calls will not be accepted.

It is important in playing this fascinating game of identification to note these simple rules:

1) The winner must tell us who the person is whose photo is circled and where picture was taken. The first one to do so—by mail or in person at the office of The Times—will receive a award of \$5. 2) Entries in the contest must be made in person or by mail. NOT by phone; 3) the prize will be awarded to the one who submits the first correct identification; 4) all decisions by The Times are final; only one entry per family is permitted; 5) contest deadline is 5 p.m. Monday. Failure to follow contest rules in all respects is cause for disqualification.

If no one identifies the circled photo and the place where picture was taken, the prize money will be added to the following week's award.

Each week The Times staff photographer will take a similar picture somewhere in Belleville. Each week the picture will appear on the map page and test your ingenuity—and your power of observation. It can be lots of fun. Get started now to our office with the right answers! Remember, being first Work fast. Be the first to come means being the winner.

## Mystery Teen

JUDY TREMEL

Our last mystery teen was the well-known and well-liked Judy Tremel. Judy has been active on the twirling squad since her sophomore year. She is vice-president

of the Future Nurses Club, and is also in the Physics and Turnbuling Clubs. In her spare time swimming, skating and bowling rate as her favorite activities.

In the future, she hopes to be come a nurse.

Judy is the daughter of Mr. and Mrs. Joseph V. Tremel of 135 Smallwood Avenue.

### NEW TEEN

Our next mystery teen is very active in many of the clubs in B.H.S. He is in the Physics, Math, and Calculus Clubs. In addition, he is on the Math-Lite, the newspaper written by students interested in Math. He has played with the Concert and Varsity bands since he came to Belleville High school and he has also participated in the Orchestra and Glee Club. He has managed to maintain a high "B" average, even with all these activities.

Can you guess the identity of this very active and popular mystery teen?

# Fred E. Partus Honored At 35th Anniversary

FRED E. PARTUS

Fred Eugene Partus of 157 Fairway Avenue, was the recipient recently of a diamond-set emblem marking his 35th year with the Western Electric Company. In recognition of his long service, he was guest of honor at a company-sponsored luncheon.

Partus is an experimental machinist in the Engineering of Manufacturing organization. He is a member of the Stanley S. Holmes Chapter of the Telephone Pioneers of America, an organization of long service telephone employees. He belongs to the Varsity Club in Belleville.

He and his wife, Betty, have two children. Fred Paul is a student at Rutgers University, New Brunswick, and Kathy Elizabeth is in the sixth grade at School Ten.

The easiest way to get along four hours' sleep is twice a day. —Avalonia (Iowa) Sun.

# Calling . . . . .

**TELEPHONE TIPS FOR HANDICAPPED YOUNGSTERS** are taught to pupils at the Cerebral Palsy School and Treatment Center, Belleville. Left to right, Donna Marie Kliminski, 14, daughter of Mr. and Mrs. Francis Kliminski of Bloomfield, operates the amplifier; Mrs. Aurora LaGasse, Belleville center teacher

looks on approvingly, while Garrett Holder, 19, daughter of Mr. and Mrs. Charles F. Holder Jr., Short Hills, telephones shopping lists from newspaper ads to Christina Socha, 14, daughter of Mr. and Mrs. Joseph J. Socha of Bloomfield, who plays the role of the grocer.

Calling an imaginary grocer with a party shopping list provided a practical lesson in telephone usage for handicapped teenagers last week at the Cerebral Palsy School and Treatment Center, here. A special teletraining unit, supplied by the New Jersey Bell Telephone Company, was the focal point of Mrs. Aurora LaGasse's classroom at the center.

Like any other teenagers, these cerebral palsy youngsters profited from practice in telephone etiquette and learning to hold the receiver at a proper distance

for clarity. For this group, however, special emphasis was placed on the intricacies of dialing for fingers difficult to control. The teletraining unit consists of two telephones connected so that they can actually operate in the classroom. An amplifier is included so all the pupils in the room can hear the practice conversations.

The telephone demonstration was part of the Belleville center's basic program of providing complete educational services in addition to its extensive therapy treatment.

Art Linkletter, TV personality: "By the time a man can read a woman like a book, he's too old to start a library."

# CLARA MAASS MEMORIAL HOSPITAL Franklin Avenue Belleville, New Jersey

It has pleased to report that the past year 1961 was another year of continued progress and growth for Clara Maass Memorial Hospital. Admissions have increased each year since the new building was opened in August 1957 as is shown graphically on the accompanying chart. At the close of the year, a total of 47,511 patients had been admitted for treatment and many thousands more had received first-aid treatment in the Emergency Room and then returned to their homes.

This constant development is a tribute to the ability and the cooperation of everyone connected with the hospital—the Administrative Staff, the Medical Staff, the Nurses, the other salaried personnel and the many Volunteers who give unstintingly of their time and talents.

The most important event that took place during the year and another big step forward in our development of an outstanding health center was the completion and dedication of our School of Nursing last August. This new facility will enable our School, one of the oldest in the State, to enroll and train 100 student nurses—an increase of approximately 50% over our previous maximum.

Still another phase in the development program was the erection of an 8-bed apartment building for Graduate Nurses on our Staff. This residence, which was made necessary (1) by the lack of both adequate transportation and living accommodations in the vicinity of the hospital and (2) the difficulty in getting nurses for the evening and night shifts, will provide a place of residence for 16 nurses.

The coming year figures to be another year of progress and development. The demand for beds has been so great and the facilities of the hospital so taxed during the past two years that the Board of Trustees is now studying plans for a new 100-bed addition. Also, ground has already been broken for another apartment building similar to the Graduate Nurses' Residence to be used by Home Doctors on the hospital Staff.

The third phase of the development program now receiving serious consideration is a Professional Building to be erected on the hospital property. It is hoped that construction of this facility can be started in the very near future. This medical arts building should not only be an asset to the doctors, their patients and the hospital but to the community as well.

All in all, the development of the hospital since it was opened to the public just a little over 4 years ago and the high type of medical care it has rendered has made it one of the finest hospitals in the State and a credit to the entire community.
