Sunrise Service To Herald Festival Of Easter

The Festival of Easter will be heralded in Belleville by a community-wide Sunrise Service in Branch Brook Park. The service is sponsored by the Belleville Council of Christian Churches, which has extended an invitation to everyone in the community to come and worship at the dawn of Easter Day.

The service will begin at 5:30 a.m. in the Mill Street section of Branch Brook Park. Arrows will be posted to direct people to the location.

There, on a slope above Mill Street, among the cherry trees, people will follow the tradition begun on the first Easter when, as we read in St. Luke's Gospel: "... at early dawn, they went to the tomb."

In case of rain the service will be held in Montgomery Presbyterian Church, Mill Street.

A portion of the music for the service will be provided by a brass quartet from Belleville High School under the direction of Ned Troutman of the school music department. Boy Scouts of Belleville will serve as ushers and several of the local clergy will participate in the service.

The highlight of the worship will be the Easter Message which will be given by the Rev. Burke White, pastor of the Watsegg Methodist Church, of Bloomfield. The Rev. White is well known in the Bloomfield community, having served the church there for

27-Bell Carillon Will Call Worshippers Easter Sunday

Members of Christ Episcopal Church will be called to worship on Easter Day by a new 27-bell carillon which is being installed this week in the church.

Manufactured by the Maas-Rowe Carillon Company of Los Angeles, Calif., the electronic instrument is equivalent to 50 tons of cast bells. It is the largest Maas-Rowe Electronic Carillon in the area.

At the 11 o'clock service on Sunday morning, the carillon will be dedicated, and named in honor

EasterPeaceMarchPlanned

For the second consecutive year, Easter in this country will be marked not only by prayer and new finery but also by "peace walks" expressing mankind's longing for peace through a disarmed world.

The Easter peace walks, sponsored by Britain's famous Alpacas, have been chosen as the starting point to dramatize the need for the planned economic reconversion necessary to assure that workers will not become jobless when world disarmament is achieved.

According to Mrs. Rita Simon, Belleville march co-ordinator for Belleville Tri-County Committee for a Sane Nuclear Policy, the demonstrations in this country, and in the local area, will be sponsored by "Turn Towards Peace," a cooperative effort by various national peace, civic, labor and religious organizations interested in achieving a just

peace and preserving democratic values. Belleville Tri-County SANE is part of the national "Turn Towards Peace" effort.

In New Jersey the 1962 Turn Towards Peace Easter March will be a three-day affair, starting at the Raritan Arsenal outside New Brunswick today, Thursday. Brunswick today, Thursday, Raritan Arsenal was chosen as the starting point to dramatize the need for the planned economic reconversion necessary to assure that workers will not become jobless when world disarmament is achieved.

Sullivan To Be Democratic Chairman: Vara Ticket Defeated In Primary

Ralph Vara's 14 years as town Democratic chairman ended abruptly in Tuesday's primary when his ticket gained only 12 seats and he himself lost a bid for re-election as county committeeman.

Of Belleville's 23 districts, with two seats in each district, anti-Vara forces captured 33 seats, Commissioner Harry J. Sullivan, director of the department of Public Safety, is the victor's choice for town chairman.

Sullivan said yesterday the committee members would meet Monday, when the post would formally be given to him. He indicated that "several" successful

members on Vara's ticket said after election that they would "go along with the party" and vote for Sullivan.

In the 11th District, 2nd Ward, Vara and his running mate, Mrs. Giovanna Oliveto, were defeated by George A. Augusto and Mrs. Michelina P. Della Luna. Vara polled 104 votes to Augusto's 129. Mrs. Oliveto received 94 votes to 137 cast for Mrs. Della Luna.

MAZZA FACTION — The anti-Vara group was sponsored by Mrs. Mae Mead Mazza, who was Vara's town chairlady. She is also a state committee-

Her faction was victorious for both seats in the First Ward's districts 1, 3, 4, 5, 6, 10, 11 and 12. The group took one seat each in districts 2 and 7. In the Second Ward, both seats were secured in districts 1, 2, 4, 6, 8, 9 and 11. In district 2, the ticket gained one seat.

Vara has been an outspoken opponent of Dennis P. Carey, In Ward Two, the ticket secured two seats in districts 5, 7 and 10

and one seat in district 2. Mrs. Mary V. Senatore, Vara's choice for town chairlady, was successful in the Second Ward, 2nd district. She polled 154 votes to her opponent, Mrs. Adele V. Palumbo's, 75 votes. Mrs. Senatore's running mate, Ignazio Di Gangi, received 107 votes to beat Salvatore F. LaMorte, who polled 107.

PARTY SPLIT
Mrs. Stella traced the party split back to the November election when Vara, she said, failed to support the entire Democratic ticket.

Sullivan said yesterday he "has promised the Democratic county committee will not be used for selfish motives." Early in the Democratic party split, Sullivan charged that Vara had been using the party for selfish ends.

"This isn't an organization for one person," Sullivan said. "It is a party."

Vara has been an outspoken opponent of Dennis P. Carey, In Ward Two, the ticket secured two seats in districts 5, 7 and 10

the regular party designation, which Mrs. Mazza received for her ticket.

Vara's group took the title "Democratic County Committeeman" after an unsuccessful attempt to be known as "Present Democratic County Committeeman." Eugene Barnett, town clerk, refused to include the word "Present" in the label.

LOCAL BASIS
Sullivan, an at-large candidate for the Belleville Town Council, is not tied politically to Carey. He has made it clear that the party split was strictly on a local basis.

Among Sullivan's plans is the formation of a Democratic organization "over and beyond the committee," he said, without mentioning the present Democratic Club in Belleville, he said that generally Belleville's Democratic party has been "too timid" to be stunted toward one person or another.

The Democratic candidates and their votes are as follows:
WARD 1, District 1, Pines-Ward 144, Anthony N. Agresta 62, Catherine Barkauskas 157.
District 2, Paul J. Malague 52, Rita M. Bitt 16, Rita Barsky 17.
District 3, Robert E. Westpy 52, William S. Horgan 27, Anna Boylan 48, Josephine Ferrigno 24.
District 4, Allan Conklin 98, Joseph T. Fornafatto 45, Anna Malack 115.

Gruhin Gets Agreement From Cemetery Officials For Fairway Flood Control

Commissioner Robert C. Gruhin, director of Public Works, met Tuesday with Glendale Cemetery officials and gained a cooperative agreement on work to remedy flooding of the Third River.

Authorization was given at last week's commission meeting for widening and deepening the river.

LAND EXCHANGE
Ultimately there will be some exchange of town land for cemetery land, Gruhin said. The town had been proposed for the river channel must be slightly rearranged, he said, to bypass existing graves.

The realignment will be planned and sketches will be submitted shortly for approval. The cemetery land is needed in order to straighten the river channel.

Kiwanis Club Completes Plans For Card Party
Plans have been completed for the Kiwanis Club card party, which will be held on Thursday, April 26, at the Belleville Elks Hall on Washington Avenue. Doors will open at 7:45 p.m.

"Judging from the early and generous response of Belleville industry, Belleville merchants and friends of Kiwanis, this year's affair promises to be the biggest and best yet," said John Zepka, Kiwanis president.

"The Kiwanis card party is always an unusual affair — a sort of combination card party and hellzapoppin' shindig. In addition to the refreshments and tremendous assortment of valuable gifts, there are always those many 'surprises' that lend spice to the entire evening."

The card party is the club's major fund raising project for the year.

Four Meetings To Present Information On Master Plan; First Is Tonight At School 4

The first of four informational meetings on the proposed Master Plan of Belleville will be held tonight at School One at 7:30.

The meetings have been scheduled by the Planning Board to provide a complete review of the Master Plan and its sections. For the convenience of residents the meetings are being held in local schools.

On Tuesday, April 24 a meeting will be held at School Three; on Wednesday, April 25 at School Seven; on Thursday, May 1 at School

Four. All will begin at 7:30 p.m. An overall picture of the plan, stressing meaning and purpose, will be given to provide a better background for the public hearings which will be held as each separate part of the plan is presented.

PLANNERS DISTRIBUTED
All four meetings will cover the same material. Residents are invited to attend one or all four meetings. Planners are being distributed to residents announcing the information series.

When the first section of the plan, called the land use section, was aired at a public hearing in February, it came under fire from Silver Lake and Valley residents where major changes were envisioned.

Ralph Visco, chairman of the Planning Board, emphasized to residents at the public hearing that the plan was only a guide for development of Belleville over the next 20 years, not a law that would immediately affect local conditions.

In addition to the land use plan, the Master Plan includes sections on traffic circulation, community facilities and a central business district.

Last year the peace march, lasting a full week and covering more than 100 miles, passed directly through Belleville on its way to New York across the George Washington Bridge. This year the march will miss Belleville because it will cross to New York at Jersey City.

Local residents interested in demonstrating their demand for peace through controlled world disarmament are urged to join the march all the way, for a day, or just for an hour.

Mrs. Terry Driller of Nutley is in charge of information about the peace march.

Please note: Identification of the person and place must be made by coming to the office of The Times, 246 Washington Avenue, or by mail. Phone calls will not be accepted.

It is important in playing this fascinating game of identification to note these simple rules: 1) The winner must tell us who the person is whose photo is circled and where picture was taken. 2) Entries in the contest must be made in person or by mail. NOT by phone. 3) The prize will be awarded to the one who submits the first correct identification; 4) all decisions by The Times are final; only one entry per family is permitted; 5) contest deadline is 5 p.m. Monday. Failure to follow contest rules in all respects is cause for disqualification.

If no one identifies the circled photo and the place where picture was taken, the prize money will be added to the following week's award.

Do you agree that our town stands at a crossroad? I sincerely feel that the leadership you select on May 8th will determine whether Belleville will grow and prosper or die of slow decay. I, for one, believe in Belleville. I believe that now with a proven good form of government we can look forward to sure steady development along economical lines. I believe that Belleville can easily become one of the most desirable places in the State to live and to work.

Because of my belief in our new chosen form of government and my deep belief in our town and you, its people, I aspire to another opportunity to serve this town.

During the past four years in which I have served as Director of our Department of Parks and Public Property, I have tried to base each of my decisions on what would be the best for Belleville. I have concerned myself, not just with the moment, but with the effect each decision would have over the years. In the Recreation Department, we have developed a 25-year plan, a plan that will see areas of concentration moving with the constant shifts of population. This plan will find our Recreation Program constantly reaching more people and serving better. We will have no neglected areas.

I trust that you will find my background and record to be the assurance you seek in your search for proper leadership on May 8th. I hope that you will authorize me to serve you by voting A-3 on May 8th.

What is the Maltese Cross?

We have named this column after a brilliant, time-honored tradition. For many centuries now, the term Maltese Cross has stood as a symbol of courage.

The Maltese Cross is the shield your fireman wears on his dress cap. It is your symbol of protection; it is his badge of honor.

Ever since the time of the Crusaders, the Maltese Cross has held a high place in the minds of men. The Maltese Cross was awarded for the first time to heroic Crusaders who risked their lives to save their comrades from flaming death at the hands of their enemies. Their foes, the Saracens, utilized a deadly, terrifying weapon in warfare: fire, in the form of flaming trees.

The heroic fire-fighting Crusaders lived on the Isle of Malta, the spawning place for this cross for heroes.

In battling the same enemy today that the early Crusaders faced centuries ago, Belleville firemen undergo many similar dangers, hardships and pains.

Records show that in almost every fire in Belleville of any consequence some fireman has been hurt. There are times when several are injured. It seems that nearly every day we read in the papers about firemen being killed fighting fires.

It happened in Montclair less than a month ago. Our own Belleville lost a deputy chief at the devastating lumber yard blaze of a few years ago.

Thus they follow the tradition of the Maltese Cross, protecting lives from fire ... even at the risk of losing their own.

Next time you see one of our Belleville firemen, ask him to let you look at the Maltese Cross he wears on his hat. Tell him you know what it stands for. It might be a nice way of letting him know that you admire the courageous work a fireman does ...

NEXT WEEK — What Every Belleville Citizen Should Know

A Reasonable Request

The Belleville firemen have waited a long time to achieve working conditions similar to those of the average working man.

On Tuesday, May 8, you can end this long wait by voting "Yes" for the firemen's 42-hour week by pulling the first lever on top of the ballot.

We feel this request is a reasonable one and merits your support.

Girl Scouts Have Birthday Pizza Party Celebration

ANNABELLA COSTA helps herself to a piece of pizza offered her by Anthony Lardiére, owner of Pizza Pantry, who gave a party for Girl Scouts in honor of their 50th anniversary. Ellen Sanders, at left, and Charlotte McMinis stand by for their helpings.

ANTHONY LARDIERE passes the pizza plate to Girl Scouts, from the left, Barbara Regula, Mary Gera and Laurie La Rock. Scouts celebrated their anniversary at a pizza party.

A pizza party, with all the pizza and soda they could eat and drink, was enjoyed by many Belleville Girl Scouts recently. The party was given by Anthony Lardiére, owner of the Pizza Pantry in honor of the 50th Anniversary of Girl Scouting in the U.S.A.

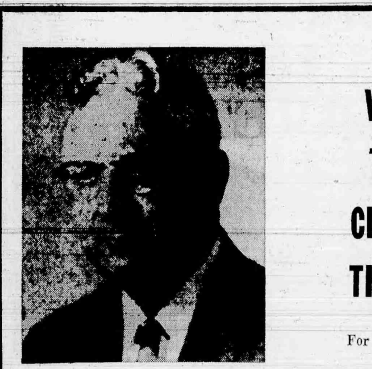

Lardiére was already host to several troops and their leaders. Other troops are looking forward to accepting Lardiére's invitation in the very near future.

Two Prepare For State Licensing Examination

Two Belleville residents are enrolled in evening classes at the Vale School of Real Estate and Insurance, 111 Hill Street, Newark.

Joseph Gingerelli, 16 Fairview Place, is taking the 15-week Real Estate Course. Andrew J. Mendola, 236 Fairway Avenue, is enrolled in the 16-week Insurance Course.

Both the insurance and real estate courses are designed to prepare graduates to take State examinations for their respective licenses. Insurance regulations require completion of a State-approved course before an individual is eligible to take the examination.

Robert L. Towle Back After 7-Month Cruise

Navy Ensign Robert L. Towle, son of Mr. and Mrs. C.E. Towle of 1 Beverly Court has returned to Norfolk, Va., while serving aboard the destroyer USS Du Pont, after a seven-month deployment with the Sixth Fleet in the Mediterranean.

The ship visited Golfo di Palmas, Sardinia; Naples; the Islands of Corfu and Rhodes; Athens; Malta; Barcelona; La Spezia, Italy; Cannes; Galle Juan and Toulon, along the French Riviera, and Marseilles.

During the deployment, the ship hosted 24 officers of the Federal German Navy for a trip from Naples to Malta for a conference, took aboard 46 members of a Congressional party by highline at-sea transfer, underwent two days' hounding by winds in excess of 50 knots in the winter's severest storm, arranged and hosted a USO show in Italy, took part in NATO Operation Checkmate, and joined two French destroyers for a bilateral week operating at sea, in addition to taking part in normal fleet operations.

Keglers Watch Scores, Not Their Waistlines

It's always great to be a winner. And to the youngsters who bowl on Henri's Dinetto team in the Recreation - Kiwanis Jr. Bowling League, winning can also be fattening.

Whenever his team sweeps a series, Charles Goodman, owner of Henri's gives the victorious keggers an ice cream soda.

"I'm always one of the first to find out when they win," says Goodman. "Then they make it here by 11:30." Goodman said.

The team is in third place in the Saturday 9 a.m. bowling league.

The bowlers, all 16-year-olds are Gus Angelides, Richard Jones, Alfonso Porvello Jr., Richard Schulz and Michael Yesunas.

Dignitaries To Honor Head Of Essex County Hospital

State, county and municipal officials and dignitaries and members of the medical profession will be in attendance at a dinner Wednesday, April 25, honoring Dr. Ralph A. Ford, superintendent and medical director of Essex County Hospital, Belleville, at the Fountain, 48 Watsessing Avenue.

Principal speaker at the dinner will be Dr. Henry A. Davidson, superintendent and medical director of Essex County Overbrook Hospital, Cedar Grove.

Other speakers will be: Freeholder Director James L. McKenna, Freeholder, Benjamin Gordon, Chairman of the Freeholders' Belleville Hospital Committee, Essex County Medical

DR. RALPH A. FORD
the Essex County Medical Society, and Dr. Jacob Bleiberg of Maplewood, allergy and skin specialist.

Don't settle for less than the Best
Elect Vincent Strumolo B-13

Dr. Lewis W. Brown of Newark will be toastmaster; John E. Hudson of Belleville is general chairman of the committee on arrangements. Members of the committee include: Dr. Brown, Mrs. Dorothea Vasquez of Short Hills, Harry N. Weeks, secretary to Dr. Ford, and 20 doctors and employees of the Belleville Hospital.

AT HOSPITAL 31 YEARS

Dr. Ford, who is 56, was appointed Superintendent and Medical Director of Essex County Hospital, Belleville, by the Board of Freeholders last December. A native of Brockton, Mass., he began his career as an intern at the hospital 31 years ago.

After serving a number of years as Senior Resident Physician Dr. Ford was named Chief Resident Physician a year ago. He became acting head of the hospital last November 1 when Smith went on leave prior to his retirement on Dec. 15.

Dr. Ford is a member of the New Jersey and Essex County Medical Society and the American Medical Association.

Tickets may be secured from John E. Hudson and Harry N. Weeks.

Karatzes Prove Scouting Really Is A Family Affair

WALTER KARATZ, recipient of the Silver Beaver award, pins the Eagle Scout badge on his son, William. Karatz is the leader of his son's troop, Troop 350.

Scouting has been in the town for the past few weeks. The Girl Scouts celebrated their 50th Birthday and displayed their activities in a Scout-o-Rama. The activity, as well as a family af-

fair, Karatz of 48 Dawson Street was the recipient last month of the Silver Beaver award, presented for exceptional service to youth.

The award was made at the annual fellowship and scout recognition dinner of the Robert Treat Council, Boy Scouts of America.

His son, William, 14, holds the Eagle Scout rank. Karatz, himself, was given that honor when he was a youngster.

Twelve years ago Karatz began a Cub Scout Pack at Fowsmith Memorial Presbyterian Church. When the boys grew to Boy Scout age, he moved on and formed a Scout troop there. His son is a member of that troop, Troop 350.

Karatz' wife, Marjorie, is an assistant Girl Scout leader. Their daughter, Patricia, 12, is an Intermediate Girl Scout.

FIRST AID WORK
Chairman of the Red Cross First Aid section for the past ten years, "or maybe even longer," Karatz spends much of his time on safety and first aid work. He is in charge of plant protection at Radiant Lamp Corp. in Newark.

His company was cited for achievements in safety with an award last Monday from the Department of Labor.

Petreaux Present
The Red Mill
May 4 & 5

The midnight oil is being burned these nights at St. Peter's auditorium in preparation for the Petreaux Club's forthcoming musical, "The Red Mill," musical comedy by Victor Herbert.

The show will be presented the evenings of May 4 and 5 at 8:30 p.m., in the school auditorium, under the direction of William Florence.

Included in the cast are Bill Brickell, Al Johnston, Jim Debesis, Tom Gilheany, Joanne Gilligan, Rick Conry, Justin Maguire, Charlie Sutter, Carol Gilchrist, Sara Gaccione, Lou Giordano and Gary Vanderbilt.

Scenery design and construction are under the direction of Mr. Maguire and Robert Storch. As in the past, the highlight of the show will be the dancing chorus. Under the direction of Joan Karler of Lyndhurst, a professional dancer, members of the chorus have been rehearsing intricate dance routines two nights a week and Sunday afternoons in preparation for the show.

Students Have Annual Trip To Nation's Capital

Students and teachers from Schools One, Nine and Ten departed on Tuesday, April 10, for Pennsylvania Station, Newark, bound for their annual trip to Washington, D. C. via the Morning Congressional.

The group enjoyed a day of beautiful weather, full blossomed cherry blossoms and a sight-seeing tour of the capital. The tour included the White House, Lincoln Memorial, Arlington Cemetery, Statue of Two Jims, Bureau of Printing and Engraving, National Archives, Library of Congress, Jefferson Memorial, Smithsonian Institution and the Capitol. They returned at 9:40 p.m., a weary but happy group of youngsters.

Students from Number One School were accompanied by Miss Frances Williamson and Miss Claire Boland; School Nine by Miss Rose Marie Candiloro and Mrs. Gloria Fulco; and School Ten by Mrs. Ellen August, Joseph B. Grosch, principal of School Nine took charge of arrangements.

Woman's Club To See Beauty Demonstration

Members and friends of the Woman's Club of Belleville have a treat in store for them on Monday, April 23, when Miss Lilian Brandt will give a demonstration lecture on "Beauty for Today's Woman" at the club-house, 51 Rossmore Place, Miss Brandt is a television personality as well as beauty authority, will give advice on personal analysis and how to achieve the ultimate in beauty and charm. The program will begin at one p.m.

"A Day in Court" proved to be a misnomer for the event at Youth House, Newark, on April 6, sponsored jointly by the National Council of Judges and the American Federation of Women's Clubs but the ten members of the local club who attended felt it was a day well spent. In the morning they joined representatives of other clubs of Essex County to hear Juvenile Court Judges Harry Lindeman and Horace Bellafant explain how Youth House functions for first offenders. After lunch in the staff cafeteria the day ended with a tour of the facilities.

Youngsters Decorate Hospital Windows

The walls and windows of the children's ward in Clara Maass Memorial Hospital have been decorated for Easter by a group of young Belleville artists, under the direction of their instructor, Nancy Crisp.

MRS. ROBERT E. CHASEN Former Laura Brown

Miss Laura E. Brown Weds R.E. Chasen, ITT Executive

The Temple Emanuel of Paterson was the setting for the marriage of Miss Laura Elita Brown, daughter of Mrs. K. Stella Brown of Birmingham, Ala., and the late Dr. Edwidge T. Brown, to Robert E. Chasen of Clifton, son of Mrs. Mary Chasen of New York, and the late Julius Chasen, on Sunday, April 15. Rabbi D. H. Panitz officiated.

A reception was held at the Temple. Mr. Chasen is vice president-administration of ITT Federal Laboratories, Nutley.

The bride was given in marriage by Paul Herman of Irvington. She wore a gown of ivory peau de soie, trimmed with Brussels lace and fashioned with scoop neckline, three quarter length sleeves and bouffant train. She had a pillowbox of matching lace and peau de soie with a triple tiered veil of silk illusion, and carried a cascade of white orchids, French carnations, phalaenopsis and ananias.

Local Women Attend Luncheon In State Capital

Two members of the Belleville Woman's Club Evening Membership Department, Miss Margaret Walker and Mrs. John Noonan, attended the annual Legislative Luncheon held Monday, April 2, at the Hotel Stacy-Trent, Trenton.

Prior to the luncheon, the club women, representing various clubs from all parts of the state, had an opportunity to meet with a group of state legislators, including Assemblywoman Mildred Higgins, Senator Wayne Dumont, and Senator John Waddington. Senator Deamler of Bergen County and Senator Sandman of Cape May were guest speakers at the luncheon.

After luncheon, those attending went to the Senate and Assembly chambers in the State House to observe both chambers in action. Mrs. Harley L. Dandremond, president of the N. J. Federation, was on special mission of 50's League, extended the courtesy of the floor.

In the Senate, those in the gallery were able to listen to a heated debate over the proposed postponement of the 1960 tax assessment reform law.

VISITS LEHIGH

A Belleville student, Robert Babo, 137 Joramelon Street, was among the men offered admission to this Fall's Freshman class of 725 at Lehigh University, Bethlehem, Pa., who attended the last of two Candidates' Days held on the campus April 14.

Lee Chasen of Newark, brother of the bridegroom, was best man, and ushers were Frank M. Viles Jr., Upper Montclair; Thomas J. Minogue, Haworth; B. Robert Brown, Newark, and Alfredo Di-Tota, New York.

Mrs. Chasen is an alumna of the University of Alabama, and a member of Alpha Xi Delta sorority. Mr. Chasen, a graduate of Benjamin Franklin University, attended Columbia University, New York. He is a member of the Society of Former Special Agents of the FBI, and the Executive Association of the Graduate School of Business, Columbia University.

After a trip to Jamaica, the couple will live in East Orange.

That 42 Hour Work Week For Our 69 Firemen

One need not be a mind reader to know that Belleville homeowners are having a difficult time trying to meet their mortgage and tax payments.

A little more than a year ago the Town Commission voted a \$50,000 pay raise for Mayor Isadore Padula's employees. A short time later — less than two months later — Public Safety Director Harry Sullivan introduced an ordinance granting his departmental employees a \$165,000 pay raise.

A year earlier Sullivan increased by 10 the number of firemen in his department, an additional cost in round figures of approximately \$60,000.

Now come the firemen with a justifiable request to reduce their work week to 42 hours. They presently work 56 hours. If the department is not reorganized to produce efficiencies permitting the reduced work week without adding more men to the payroll an additional \$130,000 may be required to hire the necessary men to put into effect the 42 hour week.

We believe the 42 hour week can be obtained without increasing the personnel of our fire department.

However, up to this point in the campaign not a single council candidate has explained to the taxpayers how the 42 hour week can be attained without additional manpower. Unless they come up with a plan, the referendum should be defeated, thus permitting a newly elected Town Council to grapple with the problem as its first order of new business.

\$29,000 Waste

At the last Town Commission meeting the board voted to spend \$29,000 to "alleviate the flood conditions of the Third River."

Included is an expenditure of \$11,500 for rip rap slope construction of both sides of the Third River. This sum is to be paid by the developers of the Rutan Estates based upon a written agreement which was executed in the early stages of the Rutan area development.

In 1960 the consulting engineering firm of Aurnhammer, Jeske and Aurnhammer was engaged by the Town Commission to conduct "a study and investigation of the flooding conditions on the Third River, Belleville."

The engineering firm cites as the reason for its report — "The Commissioners are more specifically concerned with the problem on Fairway Avenue, where the Third River has inundated the road and some cellars every year and the condition at Carolyn Avenue, where homes have been constructed adjacent to the erodable banks of the stream."

The report is dated November 21, 1960.

Page 12 lists the recommendations. The engineers state "it is our recommendation that the remedial measures to correct this problem be pursued in the following order:

1. Procurement of rights - of - way to provide the necessary land to make river alignment improvements.

2. The enlargement of the bridge at Joramelon Street.

3. Step 2 necessitated the realignment of the Third River to the Bloomfield line at the time when the new bridge is completed and the old bridge eliminated.

4. The alignment and improvement of the downstream portion of the Third River from the Joramelon Street Bridge to the Nutley line should simultaneously be improved in order to sustain the flow of the upstream river at peak design flows. If this area is not improved, it can create a backwater condition that would partially or completely nullify the effect of the upstream improvement. The excavation and slope improvement must start at the downstream end of the river, otherwise the upstream portions, if done first, would begin silting, and this would involve the re excavation of the section."

In conclusion the report states, "As the problem presents itself, the trouble spot is Fairway Avenue and any solution without relieving the surface water condition periodically caused by the Third River would be an unnecessary expense by the municipality."

To comply with the basic recommendations of the engineers will cost no less than \$776,300, and as much as \$965,100.

Our recollection is that the foregoing report cost the taxpayers \$10,000. According to the engineers the proposed expenditure of \$29,000 will not relieve the Fairway

Avenue flood conditions, thus the expenditure appears to be pouring more money down the drain.

Is It Safe For Our Wives To Shop Out Of Town?

Devoted husbands leave home every morning to go out to work and bring home the bacon.

While the husbands work hard all day the wives are obliged to do most of the family shopping.

Important to the absent husband is the safety of his shopping wife.

If she happens to enjoy shopping in Newark perhaps the following might be of interest to our female readers—and maybe their husbands too.

"J. Edgar Hoover's figures show that Newark, as compared to 10 cities of similar size, is first in rape, first in robbery, first in atrocious assault, first in burglary, first in larceny — \$50 and more, first in auto theft, and fourth in murder."

The quotes are from a published statement dated April 13th, made by Congressman Hugh Addonizio, candidate for Mayor of Newark.

Our Belleville residents should really ask themselves—is it really cheaper and safer to shop out of town? FBI figures don't lie.

Cancer Progress Year

The American Cancer Society and the National Cancer Institute have designated 1962 as Cancer Progress Year in an effort to point up the advances against cancer in the past 25 years.

While they cannot offer anything as spectacular as the man in space science has given us, they can show, in human terms, dramatic and remarkable results. Twenty-five years ago about 160,000 persons were alive because they had been cured of cancer. Today there are more than 1,100,000. The number is increasing each day.

The cure rate for cancer climbed from one out of seven in the late 1930s to one out of three in the late 1950s. Today, according to the Society, it could be one out of two if all cancers were diagnosed early and treated promptly.

While the final conquest of cancer is not in sight, the Society and the Institute can take great satisfaction in their uphill struggle. In 1962 some 42,000 men, women, and children will be saved from cancer who would have died had they developed the disease ten years ago. This is indeed compelling reason for all to join in observing Cancer Progress Year.

Progress against cancer is attributed to two major factors. First, developments in research which have resulted in new diagnostic techniques and improved methods of treatment. Second, response to public and professional education which has resulted in earlier detection, prompt treatment and better, more available facilities.

Among the goals of Cancer Progress Year are "to intensify the efforts being made to persuade the public to act for its own protection, to improve the care of the cancer patient and to step up all programs to speed the final victory over cancer."

These are worthy goals. The best way to observe Cancer Progress Year is to have a health checkup, and to make a contribution to the American Cancer Society's April Crusade.

Businessmen Receive A Second Reprieve

The New Jersey legislature, in its great wisdom, despite the blackmailing pressure applied by the New Jersey Assessors Association, decided to postpone the effective date of the onerous business property tax for one more year. The legislation is known as Chapter 51, Laws of 1960. We small businessmen know it as the law which gave birth to form PPT-1.

The latest action represents a second postponement for the bill. There are some businessmen who kill themselves in the belief that the bill is now dead. Maybe so — but we do not believe it.

The law should be replaced — and the replacement should be in the making now — not next year — two weeks before the effective date of PPT-1.

It behooves our lawmakers to develop a sense of urgency over this problem — and get on with the job of legislating a substitute bill which would be equitable to the businessmen. The base for any new tax on business should be ability to pay.

The businessmen too have an obligation to pursue substitute legislation. The present tax on business machinery, equipment, and inventory is unfair and discriminatory. It must be replaced with a more realistic levy. The time to start thinking and working for a replacement is now.

Presents Views For Silver Lake - A Community

Dear Sir:
I read your editorial about Silver Lake becoming a community of its own-I agree with you. It is the wisest thing the people from the Lake can do.

For years I have been trying to sell that same idea to the people from the Lake and Soho sections to unite as one. It would solve all our problems and remove the threat of the Planning Board, which should be abolished from condemning the homes in these areas to build apartment houses, which the people here do not want.

Many of these people were born and raised here and have been paying taxes for over 50 years.

It is a sin against human decency to tell these people from the Lake, Soho and Valley sections that they are undesirable and must get out. These sections in town have suffered many hardships and hardships, regardless of who might be elected to office, with the exception of Jim Golden, the Irishman who told these people that they were undesirable and must get out. He is again a candidate and should be elected. It would be a golden opportunity for the people and the town to make this man a winner.

SCHOOL REFUSED

Many years ago, it has been said that former Gov. Edison offered to the school board a free piece of land where Bamberger's warehouse now stands, if they would build a new high school to be known as Edison High. Being in the Lake section it was refused.

The same is true of Memorial Field offered to the town for \$65,000 under the Tully administration. Again refused for that same reason. The land was bought by General Motors. We now have a dangerous parking lot in our midst.

Mrs. George P. Kiernan, as a member on the commission, is also a member of the Planning Board and is trying to serve two masters. He is against apartments being built in the Fairway Area but does not take the same stand against apartments being built in Silver Lake. He was bought by General Motors. We now have a dangerous parking lot in our midst.

"LAKE" PLAYGROUND
As a resident of the Lake section I am requesting that he consider the purchase of Memorial Field or condemn the land now owned by General Motors, which is an eyesore. Give us back our playground and keep our kids off the streets.

Ever since Clara Maass Hospital moved into town, the people of Belleville have donated more than one million dollars to give it a start and have received nothing in return. This beautiful institution overlooking the park has been responsible for many changes in the Lake and Soho areas. It has produced higher taxes here by rezoning some parts at residential yet it pays no taxes itself.

NON-PROFIT

It is my opinion the Planning Board is considering apartments here because of the location of the hospital, which is a profit-making organization and not a non-profit institution as people are led to believe. No non-profit organization could survive without making a profit.

If the people from this area get together and vote their own community they would benefit tremendously. They have the schools, the fire house, which could be used as a police station, and they have the railroads. A \$4 tax rate is possible without apartments being built.

Sincerely,
ALBERTA SUGICELLI

Half Of '61 Graduates Go On With Studies

Fifty percent of Belleville High School's 1961 graduates are continuing with their education. Of the 319 members of last year's class, there are 109 attending college and 52 in nursing, technical, secretarial and other specialized schools.

Based on a recent study conducted by the high school guidance department, Samuel Slikin, guidance director, reported that Belleville's most recent alumni are doing now.

The study provides information on trends in college admissions and in employment. Statistics are sent to the State Department of Education and to the County Superintendent of Schools.

Self-addressed stamped postcards were mailed to the '61 graduates. Information requested from them included, "high school course, name of college or school, anticipated type of work, military service."

Approximately 75 per cent mailed back the questionnaire. Phone calls and contacts with graduates, their relatives or their friends enabled the guidance director to complete the survey.

47 PER CENT EMPLOYED.
It was found that those graduates who are employed in office work, trades and industry number 149, or 47 per cent of the class. Fifty entered the Armed Forces to make up one per cent. Four were not in school or employed at the time of the survey. This was one per cent of the students.

Colleges attended by the graduates are: Albion, Bethany, Bloomfield, Caldwell, Cedar Crest, Chubbuck, Colgate, Colorado University, Cooper Union, Dayton University, Douglass, Drexel Institute of Technology, East Carolina, Fairleigh Dickinson, George Washington University, Howard University, Jersey City State, Massachusetts Institute of Technology, Miami University, Elia, Michigan State, Monmouth, Montclair State, Newark College of Engineering.

For Firemen's 42-Hour Week

To the Editor:
On Election Day, May 8, I will vote first for the firemen to receive their 42-hour a week. Then my wife and I will vote for the candidates to be elected to the Town Council.

I have received expert ambulance service from the firemen. At a moment's notice they were at my home to take my wife to the Presbyterian Hospital in Newark.

Also fighting fires is a dangerous job.

I am a resident of Belleville 60 years and my wife and I are taxpayers at 35 and 37 Washington Avenue, Belleville. When the residents of Belleville go to the polls, I hope they will give the firemen a majority vote so they can spend more time with their families.

Respectfully,
I remain,
FRANK PARSELLS

Beck's Column

You don't read much about it in the newspapers, surprisingly enough, but one of these days during this summer you may be able to see a live TV program from Europe, via Satellite.

The launching of a communications satellite, the "Telstar," is planned for late May or early in June. The launching seems to be a far less delicate matter than the negotiations involving scores of different countries. Members of the European Broadcasting Union, embracing TV systems throughout the Continent will meet this week in Spain to work out their part of the exchange. This organization has a technical working relationship with "Intervision," which consists of TV systems in the Soviet Union and Communist bloc nations. There have been live TV exchanges between Moscow and London. The same network of course, could be linked with the satellite transmissions. The exchanges between London and Moscow so far have been limited to signals, programs.

On this side, the director of the U.S. Information Agency recently discussed the satellite TV program with the ABC, CBS and NBC networks, which also will be represented in Spain.

Thus we will soon see another milestone of the electronic age established. You have often heard during the past years about the new "wonders" we will witness in the electronic and rocket decade in which we live. International live TV broadcast is only one of the exciting experiences to be followed by many more.

We service what we sell.

FREE RABIES VACCINATION CLINIC
FOR ALL DOGS TO BEGIN
MAY 1st AT TOWN HALL

Commissioner Nuncio R. Pico, Director of Public Affairs and Health Officer Edward G. Burdzy announced that the Belleville Health Department will hold its annual free rabies vaccination clinics at the following places and dates:

May 1—Town Hall, rear 6-8 P.M.

May 2—Washington Ave. Firehouse 6-8 P.M.

May 3—Silver Lake Franklin St. Firehouse 6-8 P.M.

According to information received by the local health authorities from the State Department of Health, New Jersey has not had a case of rabies in humans since 1955, and very few cases of verifiable rabies in dogs during this period.

Health Officials and specialists in animal diseases transmissible to a man, say this is the result of widespread immunization of dogs. They also say that uncared for dogs, which are not immunized constitute a potential reservoir of infection.

A case of rabies among dogs would spread quickly, and from them to feral for pets which have been immunized against the disease.

The Health Department urged that all dog owners, in order to protect residents of the Town, bring their dogs to be vaccinated with rabies vaccine at the free clinic, at the time and places above designated.

Clara Maass Volunteers Honored

STANLEY G. FRECK, discusses the role of the volunteer to Clara Maass volunteer workers, from the left, Mrs. Frank Durkee, Mrs. Mae Hollweg, Miss Marie

D'Alessandro, Mrs. Richard Bloemeke, Mrs. Henry Lewis and Miss Helen Kane.

Marie D'Alessandro, director of own way, why she had volunteer-volunteers, and five of the Clara ed and how interesting and satisfying the work was.

The program was arranged by Stanley G. Freck who spoke briefly on the essential role volunteers play in the day to day operation of a hospital and how important they are to the Public Relations program. He introduced Miss D'Alessandro, who explained how the Clara Maass program was set up, how it operates how volunteers are indoctrinated and what is expected of them. She introduced the five ladies, all of whom were in uniform. Each, in acknowledging applause, told in a few words and in her

Allstate's Good Drivers save money

Why pay the same rate for insurance as the guys who have accidents? If you're a good driver, chances are you can save real folding money with Allstate, where drivers with accident-free records get special low rates. You probably qualify—8 out of 10 motorists do. See or phone an Allstate Agent at Sears, an Allstate office, or he'll come to your home. "May we help you?"

No wonder Allstate writes more auto liability insurance than any other company in the world!

Local Skaters Featured In 'Funorama On Ice'

MRS. VICTOR H. SCHLEICHER

Mrs. Victor H. Schleicher, 305 Union Avenue, skated to the strains of a Viennese Waltz as part of "Funorama On Ice," a gala figure skating benefit presented by the Essex Skating Club of New Jersey for The Hospital Center at Orange. Also representing Belleville were Mr. and Mrs. George Pifer of 270 Union Avenue who joined Mrs. Schleicher and other local skaters and amateur champions in the "Festival in Old Vienna" finale.

Proceeds from the show, which was sanctioned by the U. S. and Canadian Figure Skating Associations, were used to refurbish and redecorate The Hospital Center Emergency Room, a project begun with funds raised by last year's benefit.

Mrs. Schleicher says she has been skating as long as she can remember, "for many, many years."

Contest Entries For Miss Essex Still Available

The deadline for entry blanks to be received by Newark Junior Chamber of Commerce for the Miss Essex County contest has been extended from April 20 to April 27. Entries Chairman Sheldon Greenholz reports that the extension was necessitated by the fact that many girls who had indicated a willingness to enter the contest were only now receiving their entry forms.

The Miss Essex County pageant will be conducted Sunday, May 20, at a time and place to be announced.

Winner of the Miss Essex County pageant, in addition to receiving a \$250 scholarship, among other prizes, will automatically become an entry in the Miss New Jersey contest.

The Miss Essex County pageant is open to all single girls, living, working or attending school in Essex County for the past six months. Girls shall be not less than 18 nor more than 28 as of Sept. 1 of this year and must be a high school graduate by that date.

Applications for the county contest may be obtained from Sheldon Greenholz at P & G Advertising Agency, 24 Commerce Street, Newark, or from Edward Bond at Bederson Siegel & Co., 1180 Raymond Boulevard, Newark.

Voluntary Feeding

By Dr. E. M. Gildow
Director, Friskies Research Kennels

Not all dogs thrive on scheduled feedings. The high strung dog is a case in point. He's easily distracted at meal time, and is therefore often a picky eater. He'll have a mouthful, hear a noise and take off to investigate.

Having had just enough to take the edge off his appetite, he won't return to his dish 'til later. And later, the dish may be bare, for if he's an outdoor dog, a neighborhood friend may have beaten him to it. If he's an indoor dog, even the dish will disappear for it's usually taken up if not emptied in a reasonable length of time. This performance is repeated at the next and the next meal, so the dog understandingly loses weight.

Often the simple solution to this problem is to turn such a dog into a voluntary eater. Protect his dish from outside pilferers and keep it filled with a day or two's supply of a quality prepared dog food such as Friskies. He'll eat when the mood strikes him, so if he has a bite now and a few more bites in a few more hours, he'll consume an adequate amount of food within a twenty-four hour period.

This method of feeding is also a boon to working owners and their pets. The owner is relieved of anxiety when he can't get home at the appointed feeding hour and it also relieves the dog's anxiety when the dinner hour arrives and no one's home to serve him.

Even cat owners can take advantage of this practical feeding technique, now that the Carnation Company has developed Little Friskies, a complete dry cat fare that contains all the vitamins and nutrients needed to keep cats in the pink of condition. No need to add water or milk. Just serve it as is, the way it comes out of the box. Before going away for a day or two simply fill one dish with Little Friskies and another dish with drinking water, and you won't have to worry about kitty going hungry or her food spoiling.

Events Dramatize Dangers Firemen Face, Says Crisp

The death of a fire chief and he was aware of human nature numbers to make their "Yes" a of four firemen in two fires on the same day dramatizes the tremendous danger of a firefighter's job. Alan Crisp, chairman of the Firemen's Referendum Supporters, said last week.

Crisp was referring to the fire in Montclair that claimed the life of Deputy Fire Chief Alton G. Rolston and the fire in Norwich, Conn. that took the lives of four other firemen, whose bodies were blown more than 100 feet into the air by the force of tremendous warehouse explosion. Both tragedies occurred this month on the same day — April 3.

"Sometimes we take too lightly the risks firemen make to save our property and our lives," Crisp said. "We owe it to them, as well as to them, to show our appreciation for the courageous job firemen do everywhere."

"For example," he pointed out, "these five heroic firemen gave their lives for their communities so recently yet many people have already forgotten and a great number were not aware of it in the first place."

"That's why it is important that all citizens get behind their firemen and let the entire community know of the many sacrifices firemen make so that they will receive an overwhelming vote of confidence May 3."

"A THANK YOU"

Crisp said Belleville should not be content with merely voting firemen a 42-hour week. "The voters should come on in great numbers to make their 'Yes' a thank-you for a job well done."

Four other firemen were injured in the fire in which Chief Rolston was killed and two other firemen were hurt in the Norwich fire where four gave their lives. Just two weeks ago two New York firemen were treated for exposure to a dangerous infection after they had saved the life of an 18-month old baby whose breathing had stopped.

"Firemen are in the headlines every day risking their lives, saving others," Crisp said. "We people of Belleville can show our appreciation by putting them in the headlines again after the May 8 election — as recipients of the 42-hour week from Belleville's Citizens."

"We must be able to do it and we see how nothing more than a political machine, catering to the cause of electing the bosses of that machine in the person of Messrs. (Chris) Albanese and (Salvatore) Calabro."

"On April 12, 1961 Mr. Calabro said in the Belleville Times, 'This organization exists on the penny, nickel, and dime of the people who believe in us. It is completely non-political.'"

"It seems that now these pennies, nickels, and dimes are being used to further the political ambitions of Mr. Albanese and Calabro."

"MACHINE'S CHOICE"

"Mr. Albanese said on April 12, 1962 that he was completely divorced from political cliques or a political machine, yet his own record shows that he is the political machine's choice for the First Ward Councilman."

"All are building a machine and it must be stopped, and brought to the attention of the people of Belleville."

"Those who collected the pennies, nickels and dimes, from unsuspecting people to feather their own nest in Town Hall, may feel they pulled the wool over the eyes of the voters. I would like to say to the people of Belleville it is now before us. It gets too far. 'The few people who joined the organization were duped and tricked by the bosses of the so-called machine. Many, many people have come to me and my friends to warn me of a group growing in an unbecoming way. They have since left, but I feel a great deal of concern for those who remain, sincere people that are still in it.'"

"I say to them beware, you are being used to become a part of that machine, and should withdraw before you lose the respect of your friends and neighbors. I am going to the people of the 1st Ward with a program for progress which I feel will benefit our town of Belleville."

"If every difficult for me, a person like myself who is regarded as being free of anyone or any group to fight a machine created by the stogies of the tax council."

McGill Blasts 42-Hour Week As Too Expensive For Town

Thomas F. McGill of 12 Forest Street, frequent critic for economy measures in Belleville, said this week that passage of the firemen's referendum for a 42-hour week would cost the town more than a new high school. He also questioned the fire insurance rating of the town and demanded to know why it was lowered two years ago.

Firemen are seeking reduction of their work week from 56 to 42 hours.

McGill said in a statement.

"One of the most overlooked, but most important issues to be voted on May 8 is the referendum to reduce the firemen's work week from 56 to 42 hours per week. Belleville voters should ask many questions in order to get the facts."

"Fact Number 1: 122 additional firemen will be required at an initial cost of \$135,000 or 27 tax points per \$100 assessment."

"Fact Number 2 — It was only a short time ago that we added 12 firemen to the force at a cost of approximately \$78,000 per year, or 13 tax points."

"Fact Number 3 — For 2 months ago a school referendum was passed at a cost of approximately \$3,600,000, which, we were told, will add \$120,000 more to our budget over the next 25 years. This is another 20 tax points. A 'Yes' vote on the firemen's referendum will cost more than the new high school. Therefore, if the firemen's referendum passes, it will mean that we will be adding a yearly cost to our budget of One Quarter of a Million Dollars."

"Many of our present candidates are supporting this referendum. Are they aware of all the facts? I wonder how many of them have made even the slightest effort to obtain the facts. Are they aware that the firemen have a public relations council to guide their referendum campaign? In fact, this same public relations man has successfully won similar campaigns in neighboring towns. Have they tried to talk and read the report submitted by the National Bureau of Fire Underwriters? Or will they refuse to face the issues as our present and past commissioners have done?"

"My belief in Councilman Manager or Government is firm. I also believe, just as firmly, that a town manager is not a miracle worker. Anyone who says that this new form of government can find economies to pay for these expenditures is asking for miracles."

"Two years from today we can rid ourselves of a poor choice of councilman. We cannot rid ourselves of this referendum once it becomes law."

"Finally, it is amazing to me that the neighboring town of Nutley has a part-time volunteer and part regular fire department, and yet has the same fire insurance rating as Belleville."

Mitchell Says Lally Has Education And Experience

of the committee to elect Lally. Mitchell said, "I can truly say that I am honored to be associated with a gentleman of the courage and competence this man has. I am privileged to be his campaign manager."

ABOVE POLITICS

"My support of Dominic Lally is predicated upon the strongly held belief that men who can rise above politics are required to take over our new Town Council on July 1. As the secretary-treasurer of the Citizens Charge Committee the citizens' organization which aided the government change vote last year I became deeply aware of the taxpayers' desire for a change."

"Belleville needs men who can think for themselves. Dominic Lally is such a man. He is unusually qualified by civic pride, education and experience to assist in the administration of our town as a member of the incoming council which will govern the conduct of our town affairs in the years ahead."

INDEPENDENT

"Mr. Lally is not a part of any political group and can think for himself. He has proved to all of us in the past that he will not accept dictation."

"All residents of the First Ward should take a good look at all the First Ward candidates seeking election. Make the comparison, for I am confident you will want a man of the unquestionable integrity, honesty and experience of Dominic A. Lally."

"In my humble opinion Dominic A. Lally is the best qualified candidate for the First Ward council seat. I invite all First Ward citizens interested in good government to join me in our efforts to elect Lally in my travels around the ward. I find overwhelming acceptance of Lally's candidacy. I am confident he will win the election, but only if the voters are the people in large numbers. The matter the vote the easier it is for candidates with political organizations to score a victory."

NOT LEFT TO POLITICIANS

"This election must not be left to the politicians to decide. Once again, as happened last May, the people are required to take matters into their own hands and go to the polls on May 8 to vote for candidates without bracket and without commitments to the politicians. Lally is such a man. His name appears on Line B, Lever No. 16."

GEORGE K. MITCHELL

George K. Mitchell, secretary-treasurer of the Citizens Charge Committee, has been named campaign manager by Dominic A. Lally who is seeking election as councilman for the First Ward.

Mitchell who lives at 149 Academy Street has been very active in civic affairs.

A graduate of Burlington High School, Burlington, Vt., he served four years in the U. S. Army. He saw service in the 43rd and 86th Infantry Divisions during the African and Italian Campaigns. He served as Post Commander, Belleville Post 105, The American Legion and is now Post Adjutant.

He is married to the former Adeline Nattress and is the father of two children, George, a senior at Belleville High and John, a pupil at School Eight.

Some of his most recent activities include the following: A trustee of the Belleville United Fund, Organization (USO) a coach in the Belleville Little League. He also served as chairman and parade director for the Donald Hume night at the Capitol Theater.

LOCAL EMPLOYEE

Mitchell is affiliated with the American Tag Co. of Belleville. He has been a resident of Belleville for the past 18 years. Mitchell and his family attend St. Peter's Church.

"I am proud and honored to have George Mitchell as my campaign manager — a man with an unblemished record, a fine example of an upright and outstanding American citizen," said Lally.

In accepting the chairmanship

Strumolo Dubs Tax Council "A Political Machine"

Vincent T. Strumolo, Ward One candidate, attacked the Citizens Tax Council this week, calling the group "nothing more than a political machine."

In a statement Strumolo said: "On April 12, 1962, I received a copy of a political publication called Citizens Tax Council News. After reading this paper I couldn't help but think back to a year or so ago at the time this organization was formed, and remembering how I felt that this organization might bring a ray of hope to the hard pressed tax payers."

"This organization had very high motives; and notable goals, one being to be free from politics, and work toward a better Belleville."

"But, alas, the task is off and we see how nothing more than a political machine, catering to the cause of electing the bosses of that machine in the person of Messrs. (Chris) Albanese and (Salvatore) Calabro."

"On April 12, 1961 Mr. Calabro said in the Belleville Times, 'This organization exists on the penny, nickel, and dime of the people who believe in us. It is completely non-political.'"

\$500 Salary Freeze Proposed By Albanese; Economy Urged

A salary freeze on \$500 for councilmen and opposition to the proposed Master Plan were two topics discussed this week by Chris Albanese.

"I read the Editorial in the April 12 issue of the Times-News which said that the proposed Albanese, Ward One Council Candidate."

"I must confess that I agree with the editor that it is the responsibility of each candidate to clearly express his views and to judge his voters an opportunity to judge his worth."

However I always felt that my position was perfectly clear since as an original petitioner for a change of government my activities have appeared in print for a number of years.

"For example, as a member of the Citizens' budget committee and the Citizens Tax Council, which was then headed by Arthur Biomeke, I recommended various areas of Economy totaling several thousands of dollars."

However, since this activity occurred several years ago, 1957 and 1958, I cannot use that action to substantiate my present position other than to demonstrate my continuous dedication to town affairs."

SALARY TOPS

"Specifically for the present if I am elected I will be willing to serve on the Council for no salary whatsoever. Although I believe the minimum prescribed by state law is \$500 and because of this, I will insist that no greater salary be paid to any councilman."

"I will definitely oppose additional jobs to the payroll. Instead I will ask that the Manager recommend what consolidation of functions can be achieved so that definite economies will result."

"I am in the habit of making decisions about the town's budget based on my past civic activities in which I headed budget committees studying town budgets. I know I shall be able to recommend economies to the Council and through this body, the manager, which is proper under the law. This activity coupled with the manager's action which will be based on his studies should result in many Economies."

EVENING MEETINGS

"With regard to evening meetings, I most definitely am in favor of continuing them because they are more convenient for the working people of the town who should definitely have the opportunity to express their views to Council."

WITH REGARD TO TOWN PROGRESS, there is no doubt that the planning board has worked hard and has made much progress. It is the duty of every registered voter physically able to go to the polls on Tuesday, May 8, and vote for the candidate of his choice, to eliminate the cost of the election."

In order for your candidate to be elected he or she must receive a majority of the votes cast. A majority is half plus one of the total vote. If one candidate then receives this majority then there must be a Run-off election five weeks later.

"An election in Belleville costs the town about \$8,000.00. If a run off becomes necessary the cost will double and \$16,000.00 is about 2 1/2 tax points, and will reflect in your next years tax bill."

Times-News Rules For Statements From Candidates

With 24 candidates in the municipal election, it has been a difficult job providing adequate space for each candidate's campaign release. Up to this date, if no statement has appeared in the Belleville Times-News from a candidate, it has been because none has been submitted to us for publication.

In order to continue our policy of fairness to all candidates, however, space limitations demand that we establish uniform rules applying to all releases for all candidates.

Accordingly, for the remaining issues of The Belleville Times-News before election day, May 8, the following rules will apply:

For the issue of Thursday, April 26, releases must be in our possession by Monday, 9:00 a.m. April 23.

For the issue of Thursday, May 3, releases must be in our possession by Friday, 5 p.m. May 3.

Releases must be limited to 500 words. We request that they be typed on one side of a sheet of paper and triple-spaced. Biographical material will be published one time only.

Any deviation from the foregoing rules may result in failure to publish the release.

We also request a release from each of the candidates.

Time For Younger Citizens To Solve Problems, Says Sooy

Belleville's youngest council candidate, Joseph Sooy, 24, running in the First Ward today called upon voters this week to help youth help Belleville. "It's about time the younger people in town took an interest in their local government," he said in a statement.

"With older politicians retiring or passing from the scene as the result of voter resentment, the problems of town administration are left in the hands of the community's youth. Surely, if we must pay the bills incurred by the older timers we should have a say in the way our money is being spent."

"The world is changing, and young men are readily adapting to the rapidly changing conditions. Belleville has been run in a 'horse and buggy' manner while we are soaring around in high speed motor cars. With many new problems arising youth must provide the answer with modernistic approaches suitable with our times."

Sooy scored the "customary last minute, election eve scurrilous" election circulated by vile men to a fictitious smear plot to falsely besmirch the character and reputation of venerable candidates in a vicious effort to bring about the election of unqualified candidates supported by unprincipled factions."

NO CHANCE TO ANSWER

In condemning this Sooy said, "If they couldn't bring up those charges before the election, they are conceding the election, when those involved would have a chance to disprove the same lies, then the public should discount the slander and look with suspicion upon those who spread such filth."

Sooy said, "If you have anything to say to anybody, say it to his face, not behind his back. It will be too bad if any of the candidates in this race or their supporters get involved in this sort of carrying on because it degrades our town and it is unlikely the voters will listen to such scandalous stories." He promised to "keep the election and Belleville clean."

Sooy called upon the present Belleville town commissioners to "let the people of town know what they actually have done for them."

LASHES AT TAXES

He charged "We all know that they have raised taxes so high it is almost impossible for the average homeowner to meet his tax load. We also know that they have wasted our tax dollars with sons, relatives and friends needlessly being added to the town's payroll. Adding insult to injury most of these are grossly overpaid for the small amount of work they are doing."

"Despite the recognized rejection of all the present commissioners by the public for their many misdeeds, it is surprising they have the nerve to run for public office in town again. Why don't they all get together and try to think up a few more 'brilliant' ideas to spend some more of the taxpayers' money? Why if they kept up the present dirty pace we would need a 'loan' from the Federal government to stay in business."

JOSEPH SOOY

Alberine 8-Point Program Stresses Woman's Influence

Mrs. Elsie Alberine, candidate for Ward Two councilman, presented an eight-point program this week and emphasized the role of women in government.

"Most mothers go through a day making important decisions," she said in a statement. "They make decisions in regard to spending, saving, repaying, investing, supervising the educational and cultural activities of their children, and guarding the health of their families."

"When we add the total of all these activities of all the mothers of our town, we may readily see how these decisions affect the life of our community."

"FULLY QUALIFIED"

"As a woman and a mother, therefore, I feel fully qualified to undertake the responsibilities that are associated with the position of councilwoman. I should like to enumerate a few of the principles I will use to guide me. If I am elected to the Council."

"1. I believe that a woman should be elected to the Town Council. It is in a woman's make-up to feel keenly the needs of our children, and our families."

"2. I believe that it is essential to put aside partisan politics, rise above special interests and unite to make a new form of government work."

"3. I believe that the people of Belleville should elect councilmen who are uncommitted in their selection of the manager and are free of boss support."

ECONOMY

"4. I believe that the manager should be qualified, efficient and experienced. A man who understands money and the word economy. Economy means not only saving money but making every dollar work for the people of Belleville."

"5. I believe that the Council should have a vigorous interest in the education of our children. At the same time, there should be no political interference with the Board of Education and the administration of the schools."

"6. I believe in improving our town's services: e.g., sanitation, maintenance of streets, welfare, health and recreational facilities."

"7. I believe in holding the line on taxes and reducing them where feasible."

"8. I believe in encouraging a sense of family, of neighborhoods and of brotherhood among all who live, work and play in Belleville."

Vote May 8 And Avoid Cost Of Run-Off, Urges Smith

Kenneth D. Smith, candidate for councilman-at-large, said this week "It is the duty of every registered voter physically able to go to the polls on Tuesday, May 8, and vote for the candidate of his choice, to eliminate the cost of the election."

In order for your candidate to be elected he or she must receive a majority of the votes cast. A majority is half plus one of the total vote. If one candidate then receives this majority then there must be a Run-off election five weeks later.

"An election in Belleville costs the town about \$8,000.00. If a run off becomes necessary the cost will double and \$16,000.00 is about 2 1/2 tax points, and will reflect in your next years tax bill."

"The only campaign pledge I make is that I will do everything in my power to give Belleville good clean, honest government."

"To appoint a qualified business manager, thus reducing Belleville's tax and debt position of the town that pays its taxes."

LIBRARY HOURS

The Belleville Public Library will be closed Good Friday and Saturday as well as Easter Sunday, April 20-22nd.

The regular hours of the library are: Monday, Tuesday, Thursday and Friday: 9:00 a.m. - 9:00 p.m.; Wednesday, 9:00-5:00; Saturday, 9:30-noon.

Must Face Responsibilities In Ward 2, Says Caracciola

Caracciola spoke at a rally this week at Roosevelt Avenue. He said that town leadership would continue to be criticized because of "lack of know-how."

Education, taxes and road construction were cited by Caracciola as fields in which "the people may be urged to take action because the town is not doing enough."

"We must have adequate schools," Caracciola said. "If our town won't provide them, then the people will demand action from some other source."

"We will have to pay for our schools one way or another. We will either pay to have them run by the town or we will pay to have them run by some other source."

Caracciola said that if elected he "will preserve our town's autonomy because he will meet the needs of education fairly."

NUNZIO CARACCIOLA

"The Second Ward must face its responsibilities and it will see more deterioration in the years to come," according to Nunzio Caracciola, Second Ward Council candidate.

Veterans Choice To Be Decided

The Essex County Veterans' Committee, Belleville Unit, will hold an endorsement dinner Monday night, April 23 at 7:30 at Elmer's Restaurant, Newark.

Guests of honor will be the two wards in Belleville that vote for five council candidates who will make up the Veterans' Choice ticket of Belleville. Voting will be by secret ballot.

Caracciola said each councilman should have been a questionaire. Already 50 per cent of the 24 candidates have replied "with many fine answers," he said.
