## Belleville's Best Are In 'Who's Who'

RONALD SAVARE

JAMES DATTOLI

When it comes to bright students, Belleville has always managed to turn out some of the finest in the state's many colleges. Of some 31 students who were selected for "Who's Who in American Universities and Colleges," five were from Belleville, announced Rev. Robert Pennell, director of student affairs at Seton Hall University last week.

The awards were based on scholarship, participation in extra-curricular activities, and qualities of leadership. Joining this select group were:

Ronald O. Savare of 8 Baldwin Place, an Accounting major, Treasurer of Alpha Gamma Psi, secretary of Officers' Club, Student Council representative, student coordinator of intramural

## Council Ends Sommers Affair, Says Findings Are Justified

Last Wednesday night William A. Sommers, 35, gained the dubious distinction of having been the first town manager ever fired by the present system of Council-Manager government.

He was formally removed from office after a three hour debate on the seven specifications of the four charges placed against him by Mayor Robert M. Laterza in a typical 3-2 vote. Councilmen Thomas P. Greco and James R. Golden cast the dissenting votes.

A last-ditch attempt by Golden to prolong the dismissal and perhaps trigger another controversy, was found to be without merit and firmly vetoed by the rest of the council.

Golden had proposed a "leave of absence" for Sommers until February 20. How this was to resolve the dilemma, Golden was unable to explain.

Greco and Golden joined in a plea for mercy for the ousted official.

"Let him go home unsullied," cried Golden.

"To err is human . . ." intoned Greco.

" . . . And to forgive, divine," added Councilman G. George Addonizio, perhaps swept up in the fervent pleas for leniency.

At 10:58 p.m., the Sommers case, which had kept Belleville in an uproar for six weeks, was closed.

Almost as an afterthought, the Council OK'd a resolution directing the acting town manager to seek new candidates for the position of town manager.

## Identifications Correctly Made In Map Contest

Mrs. William S. Fisher of 73 Bridge Street was the first person to correctly identify John Stefano as the man circled in last week's Map Page picture contest. She also named the Glass Company, 585 Washington Avenue, as the establishment in which the picture was taken.

Mrs. Fisher will receive a \$5 check made out to the cooperating merchant of the week.

In the previous week's contest, Mrs. Charles S. Hill of 173 Malone Avenue submitted the first correct entry. Her entry, identifying Charles Weber of 178 Malone Avenue and the bowling al-

## Abandoned Cars To Be Sold In Three Months

The council approved an ordinance last Wednesday night permitting the sale of abandoned vehicles after three months as provided by state law.

"We're just conforming to state law," said Police Chief Charles H. McGinnis, who said the department had formerly been required to hold the cars, mostly "junks," for six months.

The department now has some 10 cars being held in four garages in Belleville. Impounded cars are delivered to the garages by rotation, said the Chief.

## Belleville Carolers Raise Their Voices In Charitable Cause

Six Belleville children made Christmas a happier day for their less fortunate friends last week when a caroling they went.

The youthful singers sang Christmas carols for neighbors along New Street and collected some \$22.65, which they promptly mailed to the Newark News Christmas Fund.

The boys and girls, who ranged in age from 7 to 12, were Carol and Linda Baldwin, Billy, Chris, Mary Ellen, and Eddie Oertel, and Dick Berestort.

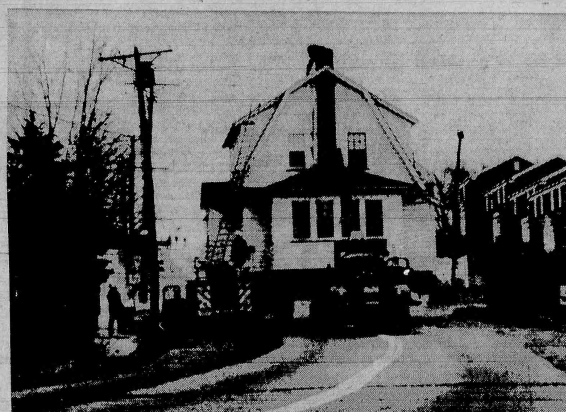

## Two Teenage Retreats Set By Essex CYO

The Essex County CYO is sponsoring two teenage retreats for boys and girls. The boys' retreat will be held at St. Bonaventure's Retreat House, Paterson, on the weekend of February 8.

The girls' retreat will be held at Villa Pauline, Mendham, on the weekend of February 15. Bus transportation will be provided for both groups.

These annual retreats have become one of the CYO's main spiritual programs for teenagers, according to Robert Larkin, program director. Attendance has increased annually.

Reservations must be made with the CYO office, 425 Bloomfield Avenue, Montclair, at least one week before each retreat.

It isn't often a house makes a move, but this one did last week. With the help of Belleville police, men from the street department under Ralph Vara, and telephone company employees,

plus the house-movers, the two-story dwelling made the shift in a little over three hours. It was moved to make way for new construction.

## House Moves To A New Homesite

Startled residents along upper Joralemon Street took a quick double-take last week when they spotted a large two-story house slowly moving down the normally busy thoroughfare.

It was the former residence of Gus Plange being moved from 567 Joralemon Street to its new address seven blocks west at 888 Joralemon Street where its new owner Michael W. Fahmie will soon move in.

The elder Plange is the man who once operated a farm on what is now Rutan Estates. The house is now but four blocks from a street bearing its owner's name — Plange Drive.

The house had been moved to make way for the erection of a new bank building, People's National at the intersection of Joralemon Street and Franklin Avenue.

## James T. Devaney New Chamber Head

James T. Devaney, general attorney and assistant secretary at the Walter Kidde Coy. was elected president of the Belleville Chamber of Commerce recently, replacing Albin H. Oberg, director at Clara Maass Memorial Hospital.

## The No-Deal Three

Morality and standards in government are on the way up in Belleville. After sifting through reams of newspaper stories and digesting seven hours of controversial testimony presented at a public hearing one fact is crystal clear — there are three men on the Belleville Town Council who are determined to see clean government prevail at Town Hall despite the persistent opposition of some defeated candidates, and misled followers:

THE NO-DEAL THREE are MAYOR ROBERT M. LATERZA, DEPUTY MAYOR G. GEORGE ADDONIZIO, AND COUNCILMAN VINCENT T. STRUMOLO.

They dared to stand up to a would-be dictator. They dared to demand he respect law and order in Belleville or be fired. They dared to risk their hard won reputations in the mire of political battle. They dared all this and more — for the town they love.

The man who precipitated the latest community crisis was a relative stranger among us — that is except for his close ties with some members of the Citizens Tax Council. That man is ex-Town Manager William A. Sommers. He is even suspected of being a card-carrying member of the Tax Council.

After all that has been spoken and written about the Sommers incident many questions remain. For example, at what point in his ten week employment did Sommers determine it was more important to stop the investigation of the Revenue and Finance Department than to get rid of Risoli? In attempting to stop the probe was Sommers trying to protect someone? If so, who? And why?

In a series of articles The Times-News will analyze in detail all the ramifications and the unanswered questions remaining from the Sommers incident, and their meaning to our community.

## Temporary Manager To Continue In Office

Charles B. Tedesco will continue as acting Town Manager for the next 60 days or until a town manager and town clerk is appointed by the Council.

The resolution, amended to include the notation "without additional compensation" was passed 4-1 last Wednesday night. Councilman Thomas P. Greco abstaining.

## New Police Cars Recommended By Manager

With a bit of luck Belleville's police department may soon have some late model cars for patrol duty.

Acting Town Manager Charles B. Tedesco is recommending the expenditure of some \$16,000, including trade-ins, for eight new patrol cars in the proposed 1963 budget. They now have three cars, which were purchased this year.

Most of the cars have over 60,000 miles, and at least one has racked up 80,000 miles, all within the boundaries of Belleville, during the last year. The cars are between three and four years old.

"These 80,000 miles on a police car are like 100,000 on a regular car," said Police Chief Charles H. McGinnis Thursday. "They're moving constantly."

The cars aren't used exclusively for police work, the Chief said. They have aided duties which include transporting sick persons to hospitals, escorting merchants to banks and checking school posts.

## Firemen Start Blaze In Kids Lonely Hearts

Belleville firefighters started a warm blaze in the hearts of homeless children December 20 when they made their third annual trip to the Essex County Children's Shelter wearing gifts and escorting Santa Claus.

In addition to a party, the introduction of gifts to the children, Mike Fortino, chairman of the committee, presented the kids with a dog house for their pet at the shelter. Fireman Frank Donnelly was Santa.

The party was sponsored by the Belleville FMBIA, local 25, which represents some 69 firemen. Dawson Bloom is president of the association.

"Those kids really got a kick out of it," said one fireman.

"They're just dying for someone to give them a little attention."

GRADUATES RETURN

Nearly 100 recent graduates, including several from Nutley and Belleville, returned to Newark Academy for dinner and an informal discussion of their experiences in college which will make the transition from secondary school to college easier for the class of 1963, which also attended.

## Golden Fails To Oust D'Avella In Latest Hassle At Town Hall

Frustrated in his attempt to obtain a subpoena against Frank A. Orechio, editor and publisher of The Belleville Times for an appearance before the Sommers hearing December 21, Councilman James R. Golden introduced a resolution last Wednesday night seeking the removal of Thomas C. D'Avella as Town Council for not issuing the subpoena.

The resolution failed to get a second to the motion, and the council dismissed the action without further consideration.

The councilman delivered a tirade against D'Avella, whom he accused of being derelict in his duty, for not promptly issuing the subpoena against Orechio. The publisher, he said, "was a party of major importance."

He Wants Answers

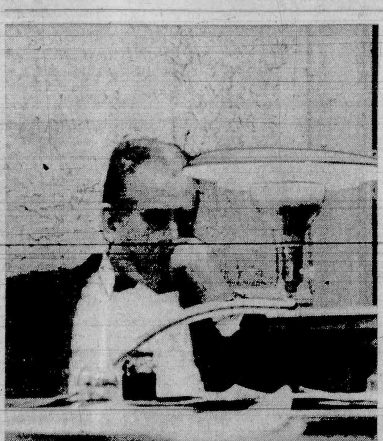

Orechio wasn't on trial during the hearing, reminded the council.

"But I wanted to question Mr. Orechio," said Golden petulantly, "and I was denied that right."

D'Avella waited for the outburst to subside and then introduced a letter he had mailed to special attorney Michael A. Querques, notifying him of Golden's request. A second letter was mailed to Golden himself, enclosing a copy of the letter to Querques.

A 'No Show' Meeting

D'Avella explained that he had

Temporarily at a loss for words, Councilman James R. Golden tugs at his nose and ponders his next move after being stymied in his efforts to have Town Counsel Thomas C. D'Avella removed from office. He charged D'Avella, who has been practicing law for 34 years, with being "derelict" in his duties.

## YOU AND YOUR INSURANCE

(A public service column about all forms of insurance.)

### Careless Acts Kindle Fires

"What are the major causes of fires?" a reader asks. According to the National Board of Fire Underwriters, about one of every four fires results from the careless use of matches and cigarettes and one in every five fires is caused by faulty electrical equipment.

Last year, 11,700 persons lost their lives in fires and another 70,000 were injured. Property losses from fires have risen to a record high of \$863,739,000 for the first eight months of 1962, an increase of more than 9 per cent over the same period of 1961.

With greater awareness of the fire problem and intensified fire safety education efforts, we will be taking a giant step forward in holding down our fire toll.

The National Board, organized in 1866, is a nationwide educational, fact-finding service organization. It is supported by the capital stock insurance companies.

Information on expenditures for residential alterations and repairs will be collected in the January Quarterly Household Survey, it has been announced by the Bureau of the Census, U.S. Department of Commerce. The Quarterly Household Survey will be conducted locally and in 332 other sample areas of the country during the first ten days of January.

Items to be covered in the survey include painting, plumbing, roofing, flooring, and other related repair and replacement projects. Repair and replacement of heating and air conditioning systems will be covered also.

Earlier surveys indicate that more than 13 billion dollars were spent by owners and renters for upkeep and improvement of dwelling places in the United States in 1961. These expenditures were for additions, alterations, maintenance and repairs, and replacements.

In addition to the questions on alterations and repairs, inquiries will be made in the January Quarterly Household Survey regarding consumption by American families of selected foods. Some of the foods to be covered are: beef, white bread, lettuce, milk and apples.

## Addonizio Discloses His Rejection Of A Deal

At the last Town Council meeting, Mayor G. George Addonizio shocked his 75 listeners by a public admission that Councilmen James R. Golden and Thomas P. Greco approached Addonizio at his home one Sunday afternoon in October and proposed to oust Robert M. Laterza as Mayor and install Addonizio into the post. Addonizio said in exchange for the title of Mayor Golden and Greco wanted a pledge from Addonizio that his vote would be pledged to create a three-member voting block consisting of Golden, Greco and Addonizio.

From the audience, Mrs. Addonizio stated that the offer was made in her presence, at her home. Both Golden and Greco admitted they wanted to oust Laterza as Mayor and install Addonizio as the town's chief executive but they denied the offer was tied in with a demand upon Addonizio that he join them in forming a three-member block.

The weight of the evidence seems to favor the Addonizio version of the sabbatical visit by the politics-on-Sunday politicians.

Why did Golden and Greco attempt to get rid of Laterza as Mayor? What had Golden and Greco to gain if Addonizio acceded to their wishes unless the proposal was accompanied by an Addonizio concession? The whole approach smacks of cheap, dirty politics. And once again evidence that Addonizio is a NO-DEAL public official.

While we did not oppose his candidacy we did nothing to help Addonizio win election to the Town Council. His conduct as a member of the Town Council has won for him our utmost respect and confidence. Addonizio has demonstrated he is a tower of strength in the never-ending battle to invest Belleville's municipal government with the highest ethical standards possible.

A descendant of Italian nobility, Addonizio is the most learned member of the Council. A Cornell graduate, Addonizio went on to graduate from Harvard Law School. During the 1920's, Addonizio served with the U. S. Department of Justice. At 63, he is the oldest member of the Town Council.

Our people can take pride and comfort in the knowledge that a gentleman of Addonizio's talent and culture consented to run for political office in Belleville and after having won—serves his adopted community with distinction and honor. That he refused to fall for the blandishments of Golden and Greco is a testimonial to Addonizio's personal integrity and determination to restore the luster to Belleville's proud name.

Addonizio stands as a beacon of hope in our tortured community.

## Against The Public Interest

Dismissed Town-Manager William A. Sommers made an admission that he wanted to retain "an incompetent" in "an unnecessary job" in exchange for a halt to the probe of the Revenue and Finance Department.

If Sommers had succeeded his deal would have cost Belleville taxpayers \$8,000 per year for as long as Sommers remained in the employ of Belleville.

Purchasing a deal with taxpayers' money appears to us to be against the public interest. In making this attempt we believe Sommers violated local and state laws.

On the basis of statements made by Sommers and appearing in out-of-town newspapers Sommers does not want this matter to stop with his dismissal. In this he finds us in total agreement.

In dealing with Councilmen individually he violated the code of ethics of the International City Manager's Association. And if that organization wants citizens to have respect for it and its code of ethics it would seem the organization would want to take disciplinary action against Sommers.

However, there is something more important to Belleville taxpayers. Did Sommers violate a state statute in his admitted attempt to misuse taxpayers' funds to buy a halt to a probe? The people are entitled to an answer, for after all it was their money Sommers was trying to use.

## We Get A New Postmaster

Postmaster Louis Reilly, at age 70, reached mandatory retirement age December 31. As postmaster, Reilly ran a good department. Our community has been a branch of the Newark post office ever since its creation.

Although Reilly was a prominent Democrat when appointed to the post his service was completely devoid of political consideration. In his well-earned retirement we know our people join us in wishing Reilly a long, healthy and happy retirement.

To succeed Reilly President Kennedy has appointed Congressman Peter W. Rodino's popular New Jersey home secretary, Joseph Benucci, a native of Newark.

No doubt 45-year-old Benucci will introduce some innovations as he finds his way around the department. This is the way with youth. Of one thing we are certain—although a Democrat, Mr. Benucci can be relied upon to give us first-rate postal service sans politics. This is the way it should be.

And if we can be pardoned for indulging in a little personal politics we would invite our friend Joe to take a hard look at the parking problems created by his local branch.

While on the subject of the post office department, once again we are obliged to publicly comment upon the wonderful, speedy, friendly service provided by our local postmen. A terrific group, the boys earn every cent they receive. More mail has moved through our local post-office branch than ever before. This is a tribute not only to the postmen who deliver the mail but to the kindly clerks behind the counter—and lest we forget—the supervisor, who in the final analysis is responsible for the organization's efficiency and the morale of his staff.

## 1963 For The GOP

1963 could be a good year for Essex County's GOP. The highest office to be voted upon is that of State Senator, a position held since 1955 by incumbent Democrat Senator Donal Fox.

Fox has been an excellent public servant. The Essex County Democrat Chairman may have his way and block the renomination of Fox. At 59 it appears that Senator Fox is not about to get into a dog-fight over the nomination. He believes his service in the N. J. Senate entitles him to renomination. Mr. Fox makes sense to us.

For the Republicans of Essex, however, Carey's attitude toward Fox is like mama from heaven. Acknowledged as a favorite among Essex County's independent voters, Fox's absence from the Democrat ticket may spell doom for nine Democrat Assembly candidates and their three running mates on the Freeholder slate.

With Fox off the Democrat ticket all that the Republicans need to make a clean sweep in November is a senate candidate who can hold down the heavy Democrat majorities turned in by the Newark machine. It would appear that a Republican, with proven popularity in Newark, may be the key to a return of Essex County to the Republican column.

Petty jealousies, however, may be the roadblock to Republican success in November. Only time will tell if the GOP leaders who rug Essex today have learned their lesson. As everyone in and out of politics is finding out these days it is bitter cold being on the outside.

## Keep Good Records

It is well to keep in mind, as Director Frank S. Turbett, Jr., of the Internal Revenue Service reminds us, that 1962 Individual Income Tax returns may now be filed.

Taxpayers who keep good financial records have no trouble in preparing their tax returns. These days should be utilized for locating and assembling in one place, all cancelled checks, receipts, records of contributions and other papers which will be needed to complete individual tax returns.

Complete records are especially important to taxpayers who itemize their deductions. Copies of returns filed in prior years are excellent guides for preparing 1962 returns.

Now is the time to gather all of your records together. Sort those cancelled checks, receipts and similar documents. Make the task of determining the amount of tax you will owe or the size of the refund check you will receive an easy one.

# Preparing Newspaper Material? These Rules May Be Of Help

Each year many organizations, civic groups and clubs appoint a publicity chairman to submit material for newspaper publication. Generally, these chairmen are not trained in journalism and are uncertain of how to prepare their copy.

Quiet often good stories must be rejected because the publicity chairman missed a deadline.

The editorial desks of this newspaper are jammed each week with copy. Unfortunately there is no time to patch up badly prepared copy and make it presentable for publication. Their feelings are hurt and the paper loses a good story.

**News or Publicity?**  
That immediately suggests the question "What is News?" The simplest answer is "what people are interested in reading."

A story's importance in news value in direct proportion to the number of persons interested in reading it.

A distinct difference should be recognized between "publicity" and "news." When a person says "how can we get more publicity for our club?" the answer is, "by publishing leaflets and brochures, distributing posters, circulating letters, buying advertising space."

It should be recognized that a newspaper is not a publicity organ. A newspaper is just what it says it is—a NEWS paper and when there is a NEWS story, the editor will publish it. The publicity organization gets from the story is a by-product.

Most newspapers have established certain rules which have been set up to help the publicity chairman present their stories in the most attractive manner.

Remember, others will be reading your stories besides your friends and members of your own group. Stories must be written so that even a stranger can understand the facts.

These rules may seem harsh at times—especially the deadline—but each and everyone has an important meaning. In order to avoid misunderstanding and to make sure publicity chairmen are aware of requirements, we publish a summary of deadlines, tips on reporting and miscellaneous information.

**Type If Possible**  
Leave two inches space at the top of a story and one inch margin.

**Typewrite, using double spacing.**  
Write on one side of paper only. Write your name, address and telephone number at top of the story. Further information may be obtained if necessary.

Stories will not be accepted after deadline.

Very large news of events will be cut extensively or completely rejected.

The editors will write the headlines.

**Writing The Story**  
The opening part of the story, called the "lead," ought to contain the most significant or interesting statements.

A report at a meeting should begin with the fact that the meeting was held. This is the least interesting opening. State instead what plans were made at the meeting for future events, what the main theme of the speaker was, whether there was an unusually large attendance or any other outstanding feature of the program.

Newspapers no longer use the informal style of many years ago. Comments on how delicious the refreshments were, how charming and informative the speaker was, and appeals to "come one, come all" are definitely out of date and no longer acceptable.

Learn to summarize and condense your facts. List persons who gave reports, greetings or brief speeches, rather than make a separate paragraph or sentence for each one.

Do not try to cover a meeting by writing something that sounds like minutes. Deliberately avoid writing the events of a meeting in the sequence in which they were carried. Write them in the order of the importance of the events.

Try to include something at what the speaker said if he is the main feature of the program.

Lists of food and prices of tickets are not included, nor are telephone numbers.

**COMPLETE names must be given, including full first names, or TWO first initials. Do not give nicknames or abbreviations.**

Give the husband's name, first name and middle initial is the correct form.

Never precede a man's full name with Mr., but later in an account, when using only his last name, precede it with Mr.

When listing several married women, use Mrs. before each name. Never group them with a preceding Mesdames.

List the names of the officers of an organization as follows: John Doe, president; Richard Roe, vice president; Samuel Smith, treasurer. (Note: lower case for official titles when they follow a person's name.)

**Editing**  
The newspaper reserves the right to edit, as the staff sees fit, any copy submitted in order to give greater variety and effectiveness to stories.

**Miscellaneous**  
National postal laws prevent our publishing the word "bingo," "lottery," "drawing," and so on, as well as lists of lottery winners of any kind. Thus we do not use dark horse prizes, door prizes or winners of merchandise clubs.

Papers taking such information and using it may be taken from the mails by the government. Information given must be new. Items will not be re-run, or fact repeated when planning advance publicity for an event. Try to start about three weeks before the date, carefully dividing the information on hand for a series of stories.

Picture submitted has news value and is of the proper size. Pictures not of the proper size, if used, will be charged for at regular rates. The right size for pictures is approximately the same size as would normally appear in the paper. For instance, a 5 x 7 in. glossy print is the right size for a wedding picture, while a 10 x 8 in. glossy print is the normal size for an engagement picture. Pictures of groups or club activities may vary in size according to the subject, but normally a 5 x 7 glossy is the maximum. An 8 x 10 picture is usually too large for use. Never submit a picture without full information and identification attached to it.

## 'Listing Of Local Places' Good For A Few Smiles

Just what constitutes a "place," observed the incident proved fruitless, but a check of the book did reveal that "Mahalah" is listed. It seems that "Local Places" are informal names that have been given to various places and probably "just grown" like Topsy.

"Nummytown" is listed as being in Middle Township, Cape May County; "Foul Rift" in White Township, Warren County; "Black Tom" is Jersey City; "Onges Hat" is Perseus Township, Burlington County; "The Aligator" in Jackson Township, Ocean County; "Double Trouble" in Berkley Township, Ocean County; and "Prices Switch" in Vernon Township, Sussex County.

The place expert who appeared to have the historical best, said some of the town and place names in the list could lead one to believe the collective New Jersey citizen tries to avoid getting in the middle. There are, he recited, 28 towns and places "East" named to Windsor and some place else, and 45 places "West" (Amwell to Windsor) of other localities.

The logic that demands that for every "East" there should be a "West" falters, however, when it comes to locating the communities. East and West Amwell are in Hunterdon County, and Amwell, which by rights should be in the middle, is in Somerset County, which is east of Hunterdon County.

Turning to other points of the compass, he clarified there are 31 "Norths" (Arlington in Woodbury to 29 "Souths" (Amboy to Westville).

Composure regained, the expert had to admit that all pioneer New Jerseyans may not have been as vigorous as they could have been, referring to the 47 "Corners" in the list. Forty of them presumably are named after persons (Aggers to Watsons).

Anticipating the last question, the Highway expert said the first name in the list is "Aberthorn" (Sandyston Township, Sussex County) and the last name is "Zion" (Montgomery Township, Somerset County).

That's in Ocean County? shouted a driver. Efforts to locate the person who

# Students Participate In 'Career Day' At Clara Maass

Twenty-four students of Belleville High School, pre-selected by the Guidance Department of the school, took part in the fourth "Career Day" held at Clara Maass Memorial Hospital.

This program, in addition to giving the students an insight into the daily operation of their own community hospital, shows them first hand the many skills that are a necessary part of hospital operation.

These skills are all essential to good patient care, and because they are so varied and many in number have given rise to the expression that a modern hospital is "A City within a City."

It may surprise many people that Clara Maass Memorial has approximately 680 salaried employees, qualifying it as the fourth largest employer in Belleville.

Following an orientation meeting, the students viewed the film "No Greater Love," depicting that portion of Clara Maass' Nursing Career during the yellow fever experiments in Cuba. It was while serving there as an Army Nurse that Miss Maass offered herself as a human guinea pig and died from the effects of the fever.

The students were then taken to their respective departments for the balance of the morning. After a buffet luncheon they toured the hospital. A brief question and answer period ended the day.

All the pictures on this page were taken by Konrad Freck Photographers.

Stanley Freck briefs Greg Semos, student Public Relations Director for the day on fund-raising.

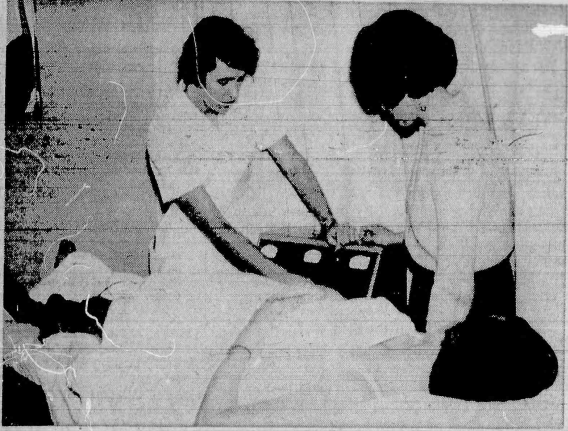

Personnel Director Harold Widman gives Joan Di Fazio a run-down on personnel forms used in the hospital.

Pediatrics patients enjoy interlude with Assistant Director of Nursing Services, Nancy Fiorellino and her counterpart for day, Judith Del Guercio.

Student pharmacist for the day, Melvin Bray, learns from Head Pharmacist Henry Guerino the vital importance of pharmacy to hospital.

Student Marian Abele watches carefully as Chief Therapist Miss Wickel adjusts electrical stimulation unit for patient in Physical Therapy.

Barbara Regula, a future engineer, receives instructions from Executive Engineer Joseph Sullivan on how to read construction drawings.

Mr. Walter, Laboratory head, describes the "mysteries" of the Coulter Counter, an electronic device for counting blood cells to student Sharon Cheney.

Student Nurse Superka points out the "reasons why" of the chart maintained for each patient from admission to discharge for Jacqueline Foster as Miss Hamilton, Director of the School of Nursing looks on.

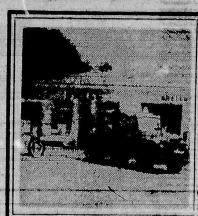

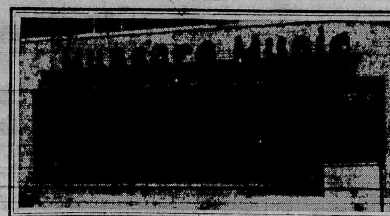

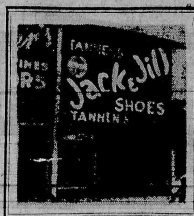

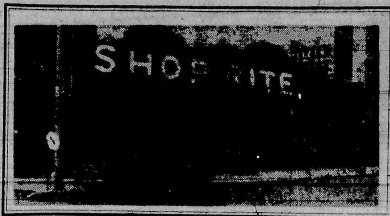

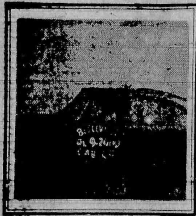

Head Chef Nemecek prepares buffet luncheon for students as Miss By, Chief Dietician and Rose Ann De Ceppi check final arrangements.

Guidance Directors Slifkin and Miller enjoy one of Executive Director Oberg's witticisms.

## Former Roche Employee Is Home For A Short Visit

Eleven years of medical technology work in West Pakistan is the record of Sister M. Joachim Harker, former Belleville resident, as she returns to the U.S. on furlough. As a member of the Medical Mission Sisters (Phila.), she served on the staff of Holy Family Hospital, Rawalpindi, Pakistan's capital city, and Holy Family Hospital in Karachi, the main port city.

Sister Joachim is visiting this week at the home of her mother, Mrs. Isaac Harker, 15 Van Houten Place, Belleville.

A graduate of Belleville High School, she was employed for three years in research work at Hoffmann-La Roche Pharmaceutical Laboratory in Nutley before entering the Medical Mission Sisters. ## Public Speaking Enthusiasts Are Invited To Club

A limited number of memberships are available in the Garden State Toastmasters Club, Fred Frerichs, president of 74 North Spring Garden Avenue, Nutley, has announced.

Mr. Frerichs said men 21 years of age or older who are interested in public speaking are invited to visit the club which meets every Monday night at 7:45 at the Community Building in Irvington.

"Good Speech," Mr. Frerichs said, "is the mark of an educated man. Today every man is faced with situations requiring him to express himself in public. The man who is able to accomplish this with clarity and poise is the man who gains respect and quite often advancement."

In addition to speech training, Mr. Frerichs said the Garden State Toastmasters Club provides experience in the conduct of meetings, helps members improve their grammar, and provides opportunities for speaking before various community groups and organizations.

The Garden State Toastmasters Club was chartered in 1952 and is a member of Toastmasters International. There are now more than 3,500 Toastmasters Clubs in 45 countries and territories throughout the world. Since the formation of the first Toastmasters Club at Santa Ana, Calif., in 1924, more than three-quarter million men have participated in the Toastmasters program of self-expression and self-improvement.

## Aliens Report Their Addresses During January

District Director Dominick P. Rinaldi of the Immigration and Naturalization Service has estimated that over 165,000 aliens will report their addresses in the State of New Jersey during January under the Federal Alien Address Report Program.

The Immigration official said that 163,200 aliens reported their addresses in New Jersey during January 1962.

Mr. Rinaldi said that all non-citizens except those in diplomatic status, foreign representatives of certain international organizations and those admitted temporarily as agricultural laborers, are required to file the address reports.

He added that any alien who willfully violates the address report to \$200, imprisoned for 30 days, and deported.

In addition, aliens who are not in the United States during January must report their addresses to the Service within 10 days.

The District Director said that address report cards will be available at the Immigration and Naturalization Service office at 100 Board Street, Newark, and at the local post office beginning January 1.
