Where Is \$11,500 In Taxes?

Bass Questions Legal
Aspects Of Third River
Construction In 1961

Belleville Town Council met Tuesday night for its regular business meeting and authorized advertising for eight new police cars; deferred decision on the granting of a variance on the proposed shopping center at 345 Franklin Avenue; and decided to examine the records for the whereabouts of some \$11,500 which was supposed to have been spent for river construction back in 1961.

The public hearing on a variance requested by Westlake Belleville, Inc. to construct a 13-business shopping center at 345 Franklin Avenue was put over until April 10 until the council could make a complete study of the matter.

Do We Pay Again?
John Bass, representing Rutan Estates Homeowners, asked the council to pinpoint the whereabouts of some \$11,500 which the former administration said was spent for Third River improvements.

Bass introduced two newspaper stories — one from The Belleville Times — in which Commissioner Robert E. Grubbin is reported to have said he had a "written agreement" from the contractor agreeing to certain conditions. The council said they knew of no such agreements.

Bass had been fearful taxpayers would be required to pay for the improvements unless a legal agreement had been reached excluding them from future taxation.

Daniel Gabriel, who expressed his interest in youth recreational facilities recently, again went to bat for the kids when he sought additional land purchases for recreational use.

"Condemn the land if necessary," he said later. But get it before land prices increase.

Councilman Thomas P. Greco arrived a bit late — 10:25 p.m., but not too late to register his dissatisfaction of the way town finances were generalized. Street improvements had been incorrectly estimated, he said.

Testimonial Dinner For Mayor Laterza Attracts A Full House On Sunday

A sell-out audience attended a testimonial dinner for Mayor Robert M. Laterza at the Fountain last week and heard the mayor lauded by Congressman Peter W. Rodino, the mayor's father, Nutley Mayor Harry W. Chonowicki, and Bloomfield Mayor Ralph Conte.

Also attending the event were Councilmen Vincent Strumolo, Thomas P. Greco, James R. Golden and deputy mayor G. George Addonizio who, with their wives, were guests of honor. Also attending were Mr. and Mrs. Charles B. Tedesco.

The mayor accepted a token gift of appreciation, but asked that all financial donations over the expenses for the dinner be given to the Heart Fund in his name.

And They're Smart, Too!

The two smiling Belleville High School Juniors above will attend the annual Citizenship Institute at Douglas College this spring as delegates of the Belleville Women's Club afternoon and membership department. Spending five days on the campus will be, at

left, Judy Farrar, 16, 75 Branchbrook Drive, and Jo Ann Torre 17, 4 Moore Place. Both maintain excellent scholastic records at the high school, and are members of various school organizations. (Photo by Gordon F. Adams).

An Election Skirmish . . .

Primary Candidates Petitions Given OK

Two Belleville candidates in the April 18 Primary Election had their nominating petitions reinstated March 18 after acting town manager Charles B. Tedesco had rejected them March 13 when he found the same persons had also signed petitions for G. Fred Burlazzi, who is running for the Republican County Committee.

Cleared were John R. Caruso, 1st ward, 6th district leader who is seeking reelection; and Mrs. Louise Marano, his running mate.

Chamber Plans An Improvement Program Here

"Make a good town better" is the aim of the Belleville Chamber of Commerce.

The Chamber will begin a series of meetings to expand a program of activities aimed at im-

(Continued On Page 2)

Golden Calls For New Legislation

Belleville Councilman James R. Golden voicing strong views against what he termed "waste and disregard of the taxpayers of the county by the democratically controlled Board of Freeholders," today called upon governing officials of the various municipalities of Essex County to marshal their protest against the arrangement of tax collection whereby local communities must serve as the tax collectors for the county's government.

Golden said that town tax rates are affected by the county's ratio assessment against municipalities, with increased costs of county government being handed down to the taxpayer in his local tax bill. This hiking local rates, he called this an inequity that should be corrected.

Citing the fact that Belleville's assessment for county costs had risen a quarter of a million dollars in the past two years and that this increase had to be made up in additional tax appropriations in the local budget with resultant increases in the tax rate. Golden called for a change in the law that would require the county to submit its own tax bill directly to the property owner, rather than levying the property owner indirectly through the

Class of 1933 Reunion Is Now Being Planned

Belleville High School class of 1933 is planning a reunion about June 15. This will be the 30th anniversary of the graduation of the class and a full attendance of surviving members is being sought. Members are asked to contact Councilman James R. Golden at Town Hall as soon as possible.

Dairy Files Cross Complaint Against Board Of Education

Cerami Dairy, Inc., 7 Tremont Place, Nutley, is seeking punitive damages against the Belleville Board of Education for its cancellation of the company's milk delivery contract with three town schools.

Max N. Schwartz, attorney representing the Board of Education, said Tuesday the milk company had had six former complaints lodged against it for past infractions of the sanitary code, and that he would introduce them in evidence during court hearings Friday.

Also slated to appear was Kenneth Gross, Newark News reporter whom Cerami accused of giving "abnormal publicity" said Schwartz. Two weeks ago Gross had been faced with similar charges by the Belleville Town Council.

The dairy contends the tests were OK after one carton had been declared contaminated by Garden State Dairy Laboratories at Irvington, otherwise, said attorney Lee A. Holley, Cerami's legal advisor, the milk passed

Scouting In Action Day Is Proclaimed By Mayor

Mayor Robert M. Laterza today proclaimed March 30 "Scouting In Action Day" in Belleville and urged all residents to pay homage to the towns many Scouts who will become tomorrow's leaders.

In his proclamation, Mayor Laterza said, "I do hereby urge all citizens to see the Scouting displays in Belleville High School March 30 from 2 to 9 p.m."

Juliano Injured In Thursday Car Mishap

Nicholas S. Juliano, president of the Belleville Board of Education, was injured Thursday morning in Bay - one when a tractor - trailer rammed into the rear of his car and shoved it into the car in front.

He later collapsed in his home at 359 Union Avenue and was placed under a doctors care. His condition was not believed to be serious.

The accident happened as Juliano was enroute to Edison on business, said Mrs. Juliano. The car was a total wreck.

He was confined to bed Friday.

Council Of Churches To Meet April 24th At Second Baptist

The Belleville Council of Christian Churches will meet April 24 at the Second Baptist Church, 32 Academy St., announced Harry T. French, president of the Council.

"It wasn't the result of these 'discrimination' stories," said French, "the churches meet on a rotating basis. This meeting was arranged in January at the invitation of Rev. Henderson Goldston, pastor of the church."

The Council is made up of clergy and lay representatives of the Protestant churches of Belleville.

Homeowners Protest, But . . .

Shopping Center Is Given OK By Board Of Adjustment

What price privacy?

Five residents put this question to members of the Board of Adjustment Wednesday night at Town Hall through attorney Max M. Schwartz. They asked that a variance application by Westlake-Belleville Inc. for a 13-business shopping center be denied.

The Council will decide Tuesday night.

The Board, however, recommended that the variance be granted in a 4-1 vote. Mrs. Mary Scavone, a board member, disagreed with her colleagues.

A Sympathetic Member
"I am in sympathy with the people in the surrounding area," she said, and felt the stepped-up vehicular and pedestrian traffic would place a strain on busy Franklin Avenue and add to the

personal discomfort of the residents west of the proposed center. Some of the families have lived there for 25 years.

"I am unalterably opposed," said Schwartz in explaining that Barnett Lane, which would border the shopping center on the west side, was on private property.

In addition to blocking the view, Schwartz said, it would create traffic hazards, depress values, and present an architectural blight on the area.

Attorney Will Fight Case
Schwartz also examined the fine print in the application by the construction company and observed the requested variance was for "three stores" instead of three buildings with 13 stores.

If the council approves the construction at the Tuesday, (March 26), meeting at Town Hall, Schwartz said he intends to carry the case to a higher court.

"Some of those homes are in the \$25,000 category and they have lived there for 25 years. They're their homes," Schwartz said.

The residents, Julia Meyer and Joseph Ferrara among them, presented the construction company with a list of improvements which would be acceptable to them in the event the council agrees with the Board of Adjustment.

Included were provisions for drainage, an access route, garbage disposal and police protection.

Firemen Pay Raise Is Tabled

Decision Will Hinge
On New Manager's
Study Of Requests

"So now I'm spoiling things?" laughed Fire Chief Carl F. Hundertpfund last week as he read a newspaper account which said he had stymied his department's efforts to gain pay increases comparable to policemen in Belleville.

"No, I'm not complaining. Everybody wants a pay raise, right?" If everyone else gets a pay increase, Hundertpfund said, naturally he wants one too. It's merely financial "togetherness," the Chief suggested.

But March 18 the Town Council tabled the pay increase requests anyway, leaving the final decision to the new town manager, who is expected to take over within the next month.

No Troubles Now
The Council had granted pay increases to policemen, scheduled to take effect July 1; and had belatedly OK'd a \$250 increase for firemen, bringing the two departments on a financial level.

Despite reports of disagreement between firemen and policemen over the pay increase requests, spokesmen for the two departments said they now have no animosity. Hundertpfund said he would rather have a beefed up department with more men than a salary increase. His concern, he said, was public safety.

The Heats On

Belleville basked in balmy breezes Monday and Tuesday as the mercury climbed to a delightful 78 Monday evening. Mopping a perspiring brow while on duty as a crossing guard was Patrolman Rocco Westpy at Joralemon Street and Passaic Avenue. The fine weather kept the Avenue filled with pedestrians taking advantage of the first of summers many good days. (Photo by Gordon F. Adams)

CTC Renews Its Efforts To Recall Three Councilmen

The Citizens Tax Council is still trying to oust Mayor Robert M. Laterza, Deputy Mayor G. George Addonizio, and Vincent T. Strumolo.

Last week its spokesmen, Lee Garson and Martin L. Resnik, CTC trustees, said the group had gathered some 500 signatures on a petition against the three councilmen, whom they accuse of misconduct in the ouster of former town manager William A. Sommers December 23 after a public hearing at the high school.

Sommers was fired after he admitted the four charges placed against him by the council were correct. He said it was for the good of Belleville that he violated the municipal code; tried to halt an investigation of the Finance and Revenue Department;

attempted to exchange the job security of Ralph Risoli, head of the Health and Welfare Department, for abandoning the investigation; and manipulating the municipal code while it was in its formative stages.

Religious Play To Be Performed On March 29

Rev. Dr. Frederick L. Long, rector of Christ Church, Belleville, will again have a leading role in the fifth annual Passion and Resurrection play at the House of Prayer, Newark, beginning March 29.

For the second year in a row, Dr. Long will portray Annas, the high priest, in the three-hour costumed production, "And He Shall Reign."

The play, written in modern idiom by Verners Eld L. Payne, rector of the House of Prayer, and his wife, will be performed by a cast of 60 parishioners and friends in the historic parish church, Broad and State Streets.

Another Belleville resident, Frank Van Dyke of 356 Franklin Ave., a postal worker, will appear again in the role of Peter. His daughter, Virginia, 15, will play one of the Women of Jerusalem.

The play, which recreates the Last Supper, the Crucifixion and other events from the Gospels, will be performed by the clergy and laymen of many faiths.

Dr. Long has been at Christ Church since 1958, and has played Joseph of Arimathea in previous years.

The church provided special sound equipment to the Newark parish.

The Belleville rector, who is widely known as a radio preacher, is chairman of the radio and television committee of the Newark Episcopal Diocese.

Evening performances of the play are scheduled for March 29 and 31, and April 5 and 7, and afternoon performances for March 30 and 31, and April 6 and 7. Tickets are available from Norman Anderson Sr., 400 Forest Street.

Board of Adjustment reserved decision on the construction of a \$700,000 10 building, six-unit garden apartment at 476 Jorammon Street, to be located in a two-family residential zone.

Sharsius Builders, Inc. Patterson, said the proposed apartments would be two-stories high, U-shaped and surrounding a garden.

New Apartment House Must Await Decision Of Adjustment Board

Board of Adjustment reserved decision on the construction of a \$700,000 10 building, six-unit garden apartment at 476 Jorammon Street, to be located in a two-family residential zone.

Sharsius Builders, Inc. Patterson, said the proposed apartments would be two-stories high, U-shaped and surrounding a garden.

Telephone Official To Discuss 'Profit' Need In Enterprise System

Frank L. Phillips, an assistant vice president of the New Jersey Bell Telephone Company, will discuss the role of profits in the American system of free enterprise at a meeting of the Belleville Rotary Club at the For Hills Restaurant on April 3.

Phillips will outline the "profit" performance and progress theory which holds profit is an indispensable element in progress. Profit permits industry to experiment, innovate and expand, and to market newer and better products than past generations ever dreamed of.

The Telephone Company official also will stress the importance of telling the "profit story" to our children so they know that "our country has grown great on the two-way profit system."

The visit to a motion picture lot was made by an arrangement between George Stevens Productions and an airlines company, on which Mr. and Mrs. Bordonaro traveled to the West Coast. They were shown the many sets built for "The Greatest Story Ever Told."

Also on the agenda were plans for the coming summer school. The board OK'd a six-week remedial reading program; a five-week instrumental summer music school; and approved fees for the school classes.

Open Conferences
Mrs. Thomas F. McCool, board member, gave notice that she would like to have press and public attend conference meetings.

Women's Society Will Host Young People Tuesday

The young people of Wesley Methodist Church will be the special guests of the Women's Society of Christian Service during their regular monthly meeting Tuesday, April 2, at 8 p.m. in the Sunday School room of the church.

Mrs. Fred Ewing, vice president and program chairman, has arranged to have Auberta Galusha, a senior at Trenton State College, as the speaker. Miss Galusha spent part of last summer on a travel seminar which took her to five countries of South America and will relate her experiences and describe the work of the Methodist Mission Society which she visited.

She will also illustrate her talk with color slides, costumes and handwork of the people. Mrs. Paul McDonnell, club president, will preside at the business meeting following the program. Refreshments will be served by the members of Circle Five with Mrs. Edward Johnson as chairman.

Retirement Arrives For Grocery Owner

For over a quarter of a century Mr. and Mrs. Felix Garruto operated their grocery and meat market at 19 King Street, Belleville, with the goal of someday retiring and enjoying the things business hours make impossible.

On March 30, Mr. Garruto will retire from business and start a new life of fishing, hunting, traveling and just plain taking it easy. Aside from raising a family of six children, Mr. and Mrs. Garruto have been very helpful in aiding relatives and friends from his native Italy in finding a place in America.

Suddenly It's Spring!

The days are becoming sweeter and warmer and warmer. The nearby Passaic River shimmers and glints through the haze and slush of departing winter. The long and bitter days are fast receding into the past and now, suddenly, spring is here. Soon summer will arrive.

Thousands of Belleville and Nutley residents promised themselves, on those cold mornings when freezing winds from

the north swept down the river, piling drifts of snow in every corner, that never again would they complain about the summer's heat. But that was "last winter" and the snows we feared would never melt have joined the snows of yesteryear.

Replacing them will be the sweltering days of June and July, and we will be no happier about them than we were about the succession of near-blizzards. Inconstant man!

What's So Simple About Math?

We took in a PTA meeting recently which was devoted to a detailed description of attempts to teach our kids a smattering of mathematics and science. One of the teachers on the panel was especially diplomatic in his intimation that perhaps we parents aren't much help to our children with their homework.

After all, he said, it is "10 or 15" years since we were in high school ourselves.

And he didn't even hint that 25 or 30 years ago, when some of us were really of elementary school age, we were probably even less apt in the mysteries of math and science than the present generation is. That young man is a model teacher if ever we saw one. Someone ought to call him to the special attention of the Belleville Board of Education.

Black Is White, and White Is Black

The Citizens Tax Council is busy, busy, busy.

This time they are trying to scrape up enough signatures or petitions to recall Mayor Robert M. Laterza, Deputy Mayor G. George Addonizio, and Councilman Vincent T. Strumolo.

They claim the three erred maliciously when they led the ouster movement against former Town Manager William A. Sommers last December just because he twisted the municipal code out of shape and violated established ethics in his handling of the Risoli affair. Lee Garson,

a CTC spokesman, said he has 500 signatures. He needs some 6,000 at least.

The CTC mind is made up and it can't be bothered with facts, such as Sommers' admission of guilt to the four charges against him by the Council. Why are they after the town officials? Who knows what motivates frustrated would-be politicians.

But we hope they do better than attach non-authorized signatures to their petitions as they did during the recent school board elections, which was the most recent failure on their long list of no-accomplishments.

That's A Low Blow, Sir!

None of the transgressions of junket-ing, high-living Rep. Adam Clayton Powell Jr. of N.Y. is more despicable than his charge recently that criticism of his behavior, and of his financial transactions with the government, is wholly due to prejudice against him because he is a Negro.

Only recently he claimed Cherokee Indian blood course through his veins. This chameleon-like ability to change racial extraction with the fluctuating tides of political fortune is even more despicable. Sen. John J. Williams presented an im-

pressive indictment against Mr. Powell on the Senate floor. He recalled how the Harlem congressman had toured Europe with two women companions at government expense while AWOL from his post as chairman of the House Committee on Education; had been at home in Puerto Rico with his wife (who does no work but is on the payroll) while Congress was in session; and questioned government grants and loans on Powell enterprises, and government inactivity in collecting income taxes which Mr. Powell was delinquent through the years 1949-1955.

Modesty Makes The Headlines

The comic antics of our legislators in Washington are often given stiff competition by legitimate odd-balls who constantly parody their mental aberrations across the White House lawn in support or denunciation of an extremely wide range of subjects. Recently a trio of New Yorkers representing the Society For Indecency to Naked Animals (SINA) got into the act. They want pants for perps, bloomers for beagles, and bikinis for bovines.

If this campaign gains Congressional support, think of the many ramifications that could follow. It will open new vistas for such renowned clothes designers as Dior, Balenciaga, and Sears Roebuck;

dry cleaning bills will quickly break dry-cleaners who would be forced to send Bossy's bodice to the cleaners by the hundreds. Thousands of children who may never have seen a cow or horse may one day only be able to see its head, feet, and tail. Bluenose censors (and we have a few in Belleville) would be roaming the zoo demanding that more clothes be put on the giraffe. Household pets would present costly budgets for lounging robes, bath towels, and allied home apparel. It staggers the imagination.

But overlooked in this hair-brained scheme is the indisputable fact that an animal's furry coat IS his clothes.

Death And Taxes

In these days of general prosperity it still comes as a shock when Uncle Sam presents the upturned palm for his annual (or quarterly) tithe. There are still 15 days left in which to file your income tax without risking a one-way trip

to Fort Leavenworth for an extended vacation at the taxpayers expense.

How's that? You've already filed your income tax report? Now you're waiting for your refund? Oh well, just a thought.

Watch Out For Those Matchmakers!

The Times had naively hoped that an editorial blast at the unjustified reports of racial discrimination in housing here would kill those stories aimed at fomenting racial discontent. But, alas, it was not to be.

Following a resolution introduced by Mayor Robert M. Laterza calling for the Newark News to prove its reports (and it has not done so thus far), Councilman Thomas P. Greco asked the Newark News reporter what he had to offer by way of explanation, since he had originated the stories.

"My position is to remain detached from this situation," the reporter replied in a sudden about-face.

But last week a group of people who "just happened to get together" met at the 43 Rossmore Place home of Mrs. Ingrid Frank and formed an organization whose avowed purpose is to "End segregation against Negroes." Mr. S. Frank (who said "The Belleville Times whipped up this hysteria") is a former member of the National Association for the Advancement of Colored People, (N.A.A.P.) and the Congress on Racial Equality (CORE). She refused to reveal the names of its membership.

Her husband is a reporter on a New York newspaper and both are acquainted with the Newark News reporter who wrote the stories of racial discord and who now reports the activities of the new organization. In his eagerness to get off the hook, we hope the Newark News reporter remains "detached" from the situation.

APOLGIZES TO KIWANIS CLUB

To the Editor, The Times-News:

Is our face red? You published our release on the visit of the Historymobile to Belleville on June 7, in last week's Times-News.

We were mortified to discover that we had attributed co-sponsorship of the Historymobile to the wrong service club.

This is particularly embarrassing, because we were so proud of the fact that the Belleville Kiwanis Club actually volunteered to handle this important job, and is the first civic group to participate in the Tercentenary program for Belleville.

Our sincere apologies, Kiwanis, and may we close ranks and extend a cordial invitation to all Bellevilles to visit the 16th Historymobile when it comes to town in June.

ALLAN CRISP, Chairman, Belleville Tercentenary Committee

A SLIGHT MIX-UP IN CANDIDATE AMBITIONS

To the Editor, The Times-News:

In your last edition my name was listed along with Ralph Varo Bernard O'Connor and G. George Addonizio as one seeking to depose Harry J. Sullivan as Democratic Town Chairman.

Please advise your readers that I have no such ambition and that if reelected to the County Committee I intend to support Harry J. Sullivan for the post of Town Chairman.

Active Democrat has been an active Democrat for many years and has served as co-campaign manager for Congressman Peter W. Rodino, Jr. for six (6) elections during two of which campaigns, Congressman Rodino was opposed by one of those mentioned above as the Republican Candidate.

I urge all Democrats to vote for the slate that is pledged to return Mr. Sullivan to the Town Chairman's post along with Mrs. Mae Mead Mazza as Vice-Chairman.

All on those who are opposed to Harry Sullivan to let the voters of Belleville just who their candidate will be in order that the people may vote in the Primary knowing what their vote means as far as Town Chairman is concerned.

Very truly yours, Anthony W. Domenick, 12 Naples Avenue

SECOND THOUGHTS ON ORIGINAL COMMENTS WHO IS QUALIFIED?

To the Editor, The Times-News:

I was to clarify and finish the statement quoted from my remarks in the March 14 issue of The Times. I can honestly say that there has been no discrimination in the Belleville School system districting of children for schools. I do not feel that I am qualified to say more than this.

To say that there is "no discrimination" is to say one lives in Eutopia. I can raise questions wondering if certain things exist because of coincidence or by plan. However, only factual and qualified statements should be given as answers.

I do not represent an "all-white" organization now. Several years ago, I was the leader of an activity which had very few Negro members. This group is now defunct only because we lacked time to devote to it. We all had lovely and profitable times together and I recall those days with great pleasure.

I feel that with time and understanding, any problems Belleville has along this line will be solved. A negative attitude can only hinder the social growth and intellectual well being of a community.

MRS. SARAH HAINES, 36 Newark Avenue

THE PROBLEM IS HOUSING, WRITES WELFARE LEADER

To the Editor, The Times-News:

I am referring to the articles on discrimination printed in the paper Thursday, March 14, 1963. Of course there is no discrimination in public schools but this is not the problem. People may say there is no racial problem in New Jersey because of the different nationalities in the schools. But, do you realize that all of these people live in the Valley and not in the higher class section of Belleville.

The Negroes in Belleville know they can go to different schools and also shop on Washington Avenue. What we really want to do is buy homes where we want our children to grow up at and not by the railroad tracks or highways. We want nice homes and these homes cannot be found in the Valley.

MARSHA LEE DICKENSON, 16 Quinton Street.

Medical Lab Makes Move To Centre St.

KENNETH SUTPHEN

The Nutley Medical Laboratory has moved to new quarters, after five years in the Lee Building at Franklin Avenue and Chestnut Street, Nutley.

The new offices, at 135 Centre Street, are in the home of the owner, Kenneth Sutphen. Designed by Nutley's Warren Pattison, and built by Belleville's Picci Brothers, the labs are modern in decor and provide for complete service of all diagnostic laboratory work.

Mr. Sutphen points out that his first consideration when purchasing a home in Nutley was whether a lab-suite was feasible. The house chosen offered many advantages, among which was the prime factor of stairs. There are no steps up or down to enter the new laboratory. Mr. Sutphen trusts neither his old friends nor new ones needing his services will experience difficulty in finding him.

The Nutley Medical Laboratory, centrally located for both Nutley and Belleville, is only three doors from the main business area. It is an analytical laboratory in the Nutley-Belleville area, and it offers physicians a virtually complete service.

The entire gamut of chemical, hematological, serological, para-

Dr. Innarella Backs Use Of Fluoridation In Community Water

Dr. Patrick Innarella appeared on a radio program March 12 and spoke of his approval of the use of fluoridation in community water supplies.

Dr. Innarella, an oral surgeon, is a chairman of the Fluoridation Committee of the Essex County Dental Society. He said 57 million people in the United States are drinking fluoridated water and that Essex County should make every effort to join them.

New Accountant Member

William E. X. Benedict, 173 Jerusalem Street, was recently elected by the Newark Chapter to membership in the National Association of Accountants.

The Newark Chapter with a membership of over 700 is a small part of the National Association with a combined membership in excess of 50,000 men and women in all fields of accounting endeavor.

Robert Treat Council Sponsors Scout Show

"Scouting in Action" — due here March 30 — is sponsored by Cub packs, Scout troops, and Belleville District show is held annually in the High School gym and consists of booths operated by Cub pack, Scout troops, and Explorer posts who exhibit hobbies, handicrafts and scout lore to give the public insight as to the quality and scope of scout activities.

Appreciation Certificate

Newark chapter of the National Association of Accountants, at a recent meeting, presented a certificate of appreciation to Philip J. Scavuzzo, 3C Belleville Court.

Scavuzzo served as a discussion leader of a section meeting held last fall, which covered many diversified areas of accounting.

CORRECTION

Because of an error submitted in columns that went with a picture in the March 7 issue of The Times-News, Eagle Scout Jeffrey Carlson was identified as Arthur Carlson.

BECK'S COLUMN

By MAX BECK

RCA has just announced a process which they call "Dyna-groove." As soon as they announced this new development, there was a press conference by CBS, (the arch enemy of RCA) ridiculing RCA's process.

This reminds us of the controversy when CBS came out with their 33 1/3 long playing record. At that time RCA came out with the 45 revolution records, which the industry needed as much as the proverbial "hole in the head."

It is unbelievable that these differences among top level companies should be played up to this extent. It is well enough known that CBS did all they could to hamper the spread of color TV. Only lately has CBS started color broadcasting and one can be sure, that this has been done only under pressure from their advertisers.

One of the shortcomings of records was the suppression of the volume level on loud passages. The louder the music, the wider the swing of the needle. There was always the danger that the needle would swing over too far into the next groove. As far as this writer is concerned, this is the most obvious advantage of the new records. There are a lot of other claims, which are so highly technical that they would be "Greek" even to the writer, who is a technician himself.

In order to start the ball rolling, RCA and General Motors got together and made a sample of these new records available through all Buick agencies, where you will find record players demonstrating the new feature. You also can buy such a record for only one dollar, and we may mention, that this is a "bargain." Just go to the Belleville-Nutley Buick Co. on Washington Ave., and listen to or buy such a record, and of course, you also may want to buy a beautiful new Buick automobile at the same time. If you do so, you may not even have to pay for the record.

We Service What We Sell. 667-2275

Tierney Given Newly Created Post At Roche

THOMAS J. TIERNEY

The promotion of Thomas J. Tierney to the newly created position of Director of Chain Store Sales and Promotion, Roche Laboratories, division of Hoffmann-La Roche Inc., has been announced by George N. Wagner, general sales manager.

Mr. Tierney joined Roche Laboratories as a medical representative in 1954. In 1957 he was promoted to the position of division sales manager in Long Island, New York. He was advanced to product marketing manager in 1960.

A 1961 graduate of St. Peter's College, Jersey City, where he earned a bachelor of arts degree in chemistry, Mr. Tierney later completed his studies for an M.B.A. in marketing at New York University.

Mr. Tierney and his family live in Morristown.

New CPA Member

NEW YORK — In the Goldman, CPA of Belleville, has been elected a member of the American Institute of Certified Public Accountants.

Goldman is associated with the accounting firm of Seymour Kruger & Co. in Westfield.

Nutley Space Station Used To Send Pic

Cooperating with the Associated Press, International Telephone and Telegraph Corporation on Friday sent the first simultaneous transmission of a news picture to England, France, and Italy via Relay, the communications satellite launched in December by the National Aeronautics and Space Administration.

The photograph of a woman who plans to fly a plane solo from California to Australia, was sent from the wire service's New York City office at 4:11 a.m. EST and carried over land lines to ITT's American Cable and Radio Corporation in downtown Manhattan. From there the picture was sent by direct line to ITT Federal Laboratories' space communications ground station in Nutley, where it was beamed up to the orbiting satellite.

The European ground stations finished receiving the picture from Relay at 4:22 a.m. EST. Following the reception in England, the picture was retransmitted back to this country via the regular undersea cable route.

AP in London called the reception and picture quality, "wonderful"; Paris reported, "real good"; and Italy said, "fine."

The relay program is managed for NASA by the Goddard Space Flight Center, Greenbelt, Maryland.

"A dollar isn't worth a dime unless you spend it and then it's worth about 50 cents." — Edgewater (N.J.) Citizen.

H. S. PTA Sets Final Plans For Card Party Benefit

The first annual card party of the Belleville High School P.T.A. will be held on Friday, March 29, at 8 p.m. at the school. The proceeds will aid the Belleville Teachers' Scholarship Fund.

At a meeting last week, Mr. Ward Carey of 10 Marion Court, chairman of the affair, finalized plans for the event with his committee members.

Mrs. M. Finneran To Be Honored With Dinner

MRS. MICHAEL FINNERAN

Mrs. Michael Finneran, president of District 4 Ladies Auxiliary, Veterans of Foreign Wars, will be honored with a testimonial dinner Saturday, March 30, at the Royal Hawaiian Palms, Lyndhurst.

District 4, which comprised 22 auxiliaries in Essex County, is sponsoring the dinner, under the chairmanship of Mrs. John Jaskiewicz, president of the Belleville Youngsters' Aid, Jr. Auxiliary to Post 275.

Guest speaker at the dinner will be Belleville's former police commissioner Harry Sullivan. Mrs. Harry Rose of Bloomfield will be toastmistress.

Mrs. Finneran, a former Belleville resident who now lives at 138 Conover Avenue, Nutley, has a history of service to Belleville's Auxiliary 275. She served as president, as patriotic instructor, as chairman of the hospital committee, as chairman of the Buddy poppy sales, and also assisted with the V.F.W. blood bank.

Engaged

MISS MARY K. POKLUDA

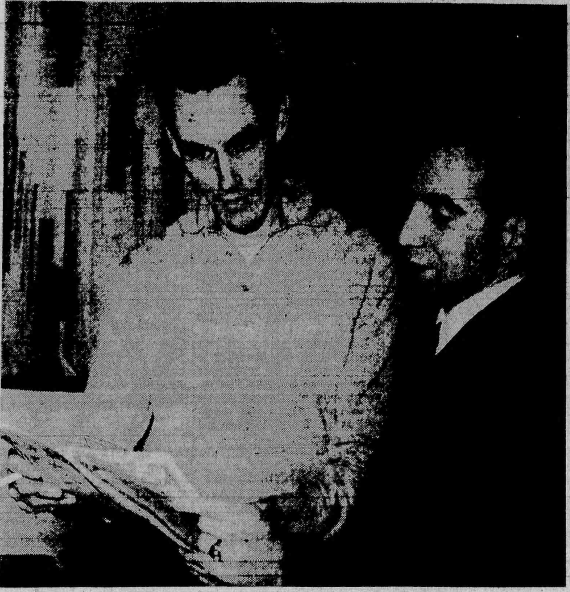

Announcement has been made of the engagement of Miss Mary Kathryn Pokluda, daughter of Mrs. Anthony Pokluda of 132 Overlook Avenue, and the late Mrs. Pokluda to Charles Joseph Vaniak, Jr., son of Mr. and Mrs. Charles Vaniak of 327 Wilson Street, Perth Amboy.

The future bride is a graduate of Belleville High School and of the Beth Israel Hospital School of Nursing, Newark. She is employed as a staff nurse at Clara Maass Memorial Hospital and is also attending Fairleigh Dickinson University.

Mr. Vaniak graduated from St. Mary's High School in Perth Amboy and from the New Jersey State Music Academy. He has also attended Juillard School of Music in New York and the Naval Music Academy in Washington, D. C. He is employed by the International Smelting and Refining Company as foreman.

A June wedding is planned.

Reviewing The Score At Rehearsal

William J. Pagano of 99 Forest Street, a member of Fairleigh Dickinson University's Male Chorus, picks up some pointers at rehearsal from Kenneth Schermerhorn (left), musical director of the New Jersey Symphony. The Chorus is accompanying Margarethe Bence, mezzo soprano, in the Brahms

"Alto Rhapsody" with the New Jersey Symphony in a series of four Suburban Subscription Series concerts. Performances will take place tonight, March 28, at Livingston High School and Saturday night, March 30, at Fairleigh Dickinson University in Rutherford. Concerts begin at 8:30 p.m.

The Stork Club

Debra Lynn Perry

Mr. and Mrs. Franklin J. Perry, Jr. of 5 Hill Street announce the arrival of a third child, Debra Lynn, born February 12 in Columbus Hospital, Newark. The seven pound, 14 ounce youngster joins Franklin Joseph III, 11 and Barbara Ann, eight. Mrs. Perry is the former Esther Miron. The paternal grandparents live in Union. Mr. Perry is employed by Federal Industries, Belleville.

Lisa Cerami

A second child, Lisa, was born March 12 in Clara Maass Memorial Hospital to Mr. and Mrs. Joseph Cerami of 117 Margaret Avenue, Nutley. The seven pound, 11 ounce baby has a three-year-old sister, Anna Marie. Mrs. Cerami is the former Mildred Domeneck, daughter of Mr. and Mrs. A. Domeneck of 27 Mt. Pleasant Avenue. The paternal grandparents live at 26 Lincoln Terrace. Mr. Cerami is a hairdresser at La Mour Beauty Salon, Newark.

Joseph C. Lombardi, Jr.

Mr. and Mrs. Joseph C. Lombardi of 17 Heckel Street announce the arrival of a third child, Joseph Jr., born March 14 in Beth Israel Hospital, Newark. The eight pound boy joins Paula, 12, and Rosalie, eight. Mrs. Lombardi is the former Mary Giel of the Heckel Street address. The paternal grandparents are Mr. and Mrs. Alonzo Lombardi of Forest Street, Montclair. Mr. Lombardi is self-employed in the landscaping business, Lombardi and Son, Montclair.

Marianne Scarpelli

A second child, a daughter, Marianne, was born March 16 in Clara Maass Memorial Hospital

to Mr. and Mrs. Frank A. Scarpelli, Jr. of 153 Passaic Avenue. The seven pound, two ounce baby joins Frank, 3rd, 3 1/2. Mrs. Scarpelli is the former Giovanna Santoro, daughter of Mrs. Raymond Santoro of 85 Dover Street, Newark, and the late Mr. Santoro. The paternal grandparents live at 151 Passaic Avenue. Mr. Scarpelli is a state-inspector in the Department of Weights and Measures.

Ronald Tortoriello, Jr.

Mr. and Mrs. Ronald A. Tortoriello of 220 Montgomery Street, Bloomfield, are receiving congratulations on the arrival of their first child, a son, Ronald Anthony, Jr., born March 16 at Clara Maass Memorial Hospital. His birth weight was seven pounds, two ounces. Mrs. Tortoriello is the former JoAnn DeSimone, daughter of Mrs. Edward J. DeSimone of 223 Montgomery Street. The paternal grandparents, Mr. and Mrs. Frank P. Tortoriello, Sr., live at 17 Lake Street. Mr. Tortoriello is a foreman for the Rex-Hide Brake Lining Company.

Andrea P. Cafro

Mr. and Mrs. Ralph Cafro of 221 Little Street announce the arrival of a second child, Andrea Patricia, born March 16 in Clara Maass Memorial Hospital. The seven pound, 11 ounce baby joins James, 5 1/2. Mrs. Cafro is the former Joan Korbel, daughter of Mrs. Anna Korbel of 8 Bernice Road. The paternal grandparents are Mr. and Mrs. James Cafro of 216 Walnut Street, Nutley. Mr. Cafro is a warehouseman at Port Newark.

Women's Guild Holds Meeting

The Women's Guild of the Belleville Reformed Church held a meeting recently at the home of Mrs. Peter Franchino of Bellevue Gardens.

The following were received as new members: Mrs. Ray Barnes, Mrs. Robert Alderson, Mrs. Louis Davenport and Mrs. Ira Muchler.

Mrs. Mary Thoen will replace Miss Ethel Johnston as Service Secretary for the remainder of the year. Miss Johnston, a resident of May Place, Nutley is moving to Toms River. The Guild presented her with Elizabeth Elliot's book, "The Savage My Kinsman."

It was announced that the Spring Hat and Bag Party will be held Friday, April 5, in the Sunday-school room. Refreshments will be served.

College Choir To Sing Vespers

The Bloomfield College Choir will present a vesper service of "Worship Through Music" in Montgomery Presbyterian Church at 4 o'clock Sunday afternoon, March 31.

The Choir, under the direction of Clyde J. Holt, recently completed its fourth annual tour of the eastern states. It has won wide recognition for the excellence of its musical presentation.

The public is invited to hear the 40-voice choir sing the works of Haydn, Rossini, Mueller and others.

The service of worship will be conducted by the pastor, the Rev. Arthur W. Stevens.

An offering will be received.

Guild Members At Ceremonies

Three Belleville members of the Mount Carmel Guild of Newark were among several hundred women who journeyed to Emmanaburg, Maryland, recently to attend a ceremony at which Mrs. Thomas J. Smith of Newark received the annual St. Louise de Marillac Medal for services rendered through the Mount Carmel Guild.

Mrs. Smith served as president of the Guild and as archdiocesan president.

The local women were Mrs. Salvatore Parrillo of 55 Frederick Street, Mrs. James Rega of 400 Joramelon Street, and Miss Marie A. Serritella of 46 Magdolna Street. Miss Serritella is a charter member of the Guild.

The three women will attend a dinner being held tonight at the Chanticleer in Millburn in honor of Mrs. Smith and several other guests who received the Cross Pro Ecclesia et Pontifici.

Red Cross Asks For Additional Funds

Belleville chapter of the American Red Cross again made a plea for additional funds in which to maintain its social services to town residents and servicemen.

Edward J. Mahler, chairman of the local chapter said "our first consideration is people." Among its many services are blood banks, first aid, swimming instruction, and aid to servicemen.

Those wishing to offer support are asked to contact the Red Cross at 337 Washington Avenue either by telephone or in person, or someone will call at your home if requested.

Local Chapter of Hadassah Sets Dance For Wednesday

Mrs. Henry Goldman, the national Education Chairman of Hadassah, will be the guest speaker at the annual Donor Dinner-Dance of the Belleville-Nutley Chapter of Hadassah to be held at the Goldman, West Orange, on Wednesday, April 3, at 8 p.m.

Mrs. Frederick Miller of Belleville and Mrs. Ramon Thaler of Nutley are co-chairmen of the evening.

Other members of the dance committee are Mrs. Herman Freidman, Mrs. Abe Weinstein and Mrs. Jerome Weiss.

Highlighting the evening's activities will be the celebration of the opening of the Mother and Child Pavilion in the Hadassah Medical Center in Israel. This pavilion is devoted to prenatal care of the mother and care of the newborn child.

It will also be used for related teaching and research and will provide community health services such as student health, plus the newest in hospital care.

Will Marry

MISS MARY G. GELUSO

Mrs. Vivian Gelluso of Franklin Street announces the engagement of her daughter, Mary Grace, to David L. Smith, son of Mr. and Mrs. Le Roy F. Smith of Tyson Place, Bergenfield.

Miss Gelluso is a graduate of Belleville High School. Her fiancé was graduated from Bergenfield High School and from Stevens Institute of Technology. Both are employed by General Motors, Export Division, Bloomfield.

No date has been set for the wedding.

Social Agencies To Hear Newark Man Speak Apr. 1

Henry W. Kritzmaier, president of Creative Communications Associates of Newark, will address the April meeting of the Belleville Community Welfare Council.

Kritzmaier will present his views on "Improving the Council's Image," concentrating especially on the many phases of an adequate public relations program for the organization. The meeting will be held April 1st in the board room of the DeWitt Savings and Loan Association at 8:15 p.m.

Kritzmaier is a graduate of Syracuse University and attended Rutgers School of Law. He served for a time as a correspondent with the Newark Evening News and was Public Relations Director for the Welfare Federation of Newark for a ten year period.

In making the announcement, Allan H. Bernstein, president of the Council, emphasized that the program topic would give members an opportunity to compare present public relations questions with similar difficulties that have been met and solved in neighboring areas.

Dr. Fleischer Talks To Tri-Towners Tonight

The regular monthly dinner meeting of the Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley will take place tonight, March 28, at Park Methodist Church, Bloomfield at 6:45 p.m. o'clock.

Mrs. Florence Rutan, chairman of the Civic Participation Committee, is in charge of the program, and her guest speaker is to be Dr. Robert D. Fleischer, Superintendent of Schools in Nutley.

"The Role of the School in the Community."

Spring Dance For The Demo Club

Belleville Democratic Club will hold a Spring Dance at the Belleville Elks on Saturday, March 30, announced chairman Barney O. Simonetti and Helen Barry. Final preparations are being made and the affair promises to be a complete success the two reported.

Ticket chairman, Chet Prosser, expects a sell-out. An interclub contest on the sale of tickets is being conducted by the club with Rose Zappa leading the field and Joe Mastrandrea running a close second. The prize for selling the most tickets is well worth the effort — two tickets for a Broadway show.

The program committee, under the chairmanship of Virginia Simonetti and Helen Barry, have obtained gifts which will be awarded at the affair. In addition, the Democratic National Committee has donated several pictures of President Kennedy as an added incentive.

"A delegate-at-large is a gentleman who attends the convention without his wife." — Pans (Ill.) News-Palladium.

High School News

Future Teachers Honor Their Present Teachers

BY JACKIE FOSTER

The Future Teachers of America of Belleville High School recently held a tea in honor of all the new and practice teachers in the school. Among the guests were Mr. Samuel Slikin, original advisor of the club; Mr. Raymond Smith, principal; Mrs. Michael Rossi, former advisor; and Miss Agline Miller, the present club advisor. This event was held in the school cafeteria and refreshments were served.

Speeches were delivered by some of the guests. The teachers gave accounts of their colleges and the way of life there. They attend or have attended the following colleges: Mr. Jacone, Paterson State, Miss Gmina, Montclair State, Miss Breiten, Ursula College; Miss Torompeo, Georgian Court, and Mr. Obrowski, Montclair State. There was also a presentation of the club's charter (1949) by Mr. Slikin. The conclusion of the tea came with a speech by Mr. Smith on the advantages and opportunities to be found in the teaching world. The rewards and personal satisfaction of teaching were also brought out to the group.

New Rules Are Made For Varsity Sports

BY PAULINA RUBINO

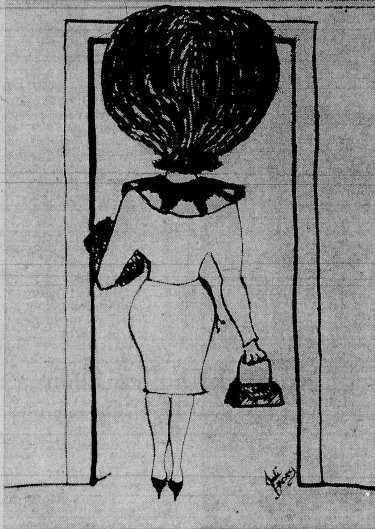

The Belleville High School sports department recently held an assembly for all ninth, tenth and eleventh grade boys. At the assembly Mr. Herman Wische, director of sports, spoke on the qualifications and rewards of the many sports the boys are able to participate in at B.H.S. Any boy wishing to go out for a sport must have at least a "C" average in three major subjects. Also, candidates must pass a physical and purchase school insurance.

Another topic of discussion was the letters that any player can earn for outstanding achievement in a sport. Next year the sports department hopes to hand out letters at the finish of the season instead of making the players wait until later in the year for a sports assembly.

The requirements for earning a letter differ for each sport. In football and basketball, a candidate must play half of the quarters of the season's games to make him eligible for a letter. In track, 12 points are required. In baseball, a player must play three games and a pitcher must pitch 25 innings to qualify for a letter. Although the coaches hope to distribute the letters at the end of each season, the players earning sweaters will have to wait until they can be ordered.

All boys are urged to fulfill necessary requirements and go out for any or all the sports offered. According to the physical education department, sports makes a man think and act quicker and belonging to a Belleville High team should prove to be an enriching and different experience.

Are They Making Doorways Smaller Or . . . ?

'Henrietta The Eighth' Was Huge Success

BY MARLISE JAMES

"Henrietta the Eighth" the senior class play, played to capacity audiences at its three performances last week. The first performance was a matinee on Thursday afternoon which was given for seventh and eighth graders from Belleville grammar schools. The Friday and Saturday night performances were for high school students and any town residents who wished to attend.

The play itself was a light comedy. Henrietta, played by Pat McNamara, was the eighth secretary hired by busy Claire Sutton (Sue Hoch) who was running against Annabelle Mason (Julie Motzer) for a place on the parole board.

Part of Henrietta's responsibility was to look after Claire's three daughters: Adele (Arline Schiavone and Ginnie Cuzzi), Wilma (Angela Serio) and Carol (Barbara Raccioppi). How Henrietta helped each of them to solve their personal problems, especially those concerned with their boyfriends (Jimmy (Ed Criswell), Darryl (Ray Morrison) and Baggy (Jimmy Fogarty), made for a large and amusing part of the evening.

Henrietta also had to solve her own problems with Ray Taylor (Oleg Moiseenko). During the course of the play, the Sutton family goes through three maid played by Veronica Rempuski, Camille Semini and Beverly Ben-

Plans For The Junior Prom Are Completed

BY LAURA BAKER

The Junior Senate has been busy working to make the Junior Prom of 1963 a great success. The Prom will again be held at the beautiful Westmount Country Club. From eight to one on Monday evening, April 15, the students will enjoy one of the most memorable occasions of their life.

The entertainment will be supplied by the very popular Rose Band. Three of Belleville High's own students, Larry Robinson, Linda Zoppa, and Carol Spalletto will display their own vocal ability.

From bids went on sale last week and will be sold until April 8. No further bids will be sold after that date unless there is a valid reason. The cost of a bid is \$17.50. They can be purchased from Mr. Di Maggio, Junior Senate Advisor, during ninth period or after school. When purchasing a ticket both the name and address of the student and date must be given. Letters will be sent to parents concerning a general outline of the Prom.

This is a very important occasion on the calendar of any Belleville High student. Boys are urged to get busy and ask their favorite girl.

Some of the action also takes place with the "Coke Set" Marie Brisk, Frances Maiorano and Tiny Sampaio. Ding and Dong (Tom Terzo and Bob Byers) were also important figures.

The senior class feels the play was a huge success and they wish to thank all cast members, Miss Mary Jamgochian, and student director and stage manager, Sherry Haines and Angela Cuozzo. Thanks also to the ushers, make-up, prop, and costume committees. A large thank you played by Veronica Rempuski, Camille Semini and Beverly Ben-

Organizational Leaders Attend Youth Conclave

BY PAULA ZACCONE

Five seniors represented Belleville High School at the eighth annual conference sponsored by the Newark Youth Council held on Saturday, March 23. Angela Cuozzo, Aileen La Mura, Mary Lioia, Barbara Meola and Judi Underwood were selected to attend on the basis of academic leadership.

At Broadway Junior High School the girls participated in the following discussions: Educational Outlook, Youth Employment, Drop-Outs, Use of Time Out of School, and Delinquent Behavior. The theme of the event was "What Youth Can Do."

Professor Neal Brown of Rutgers began the "Buzz Sessions" with a brief speech concerning youth. After having lunch, the students viewed a film, "Manpower — The Challenge of the 1960's."

Refreshments and a social hour concluded the day. Afterward, the delegates, the conference gave those attending an ideal opportunity to meet representatives from many schools and organizations of Essex, Hudson and Union counties.

It Happens Next Week

BY LAURA BAKER

On Wednesday morning all Student Council Representatives will assemble. This meeting will take place during third period. Final plans will be made for the event.

"THERE 'N' BACK"

SAVE TIME — SAVE MONEY!
NO NUISANCE OF CHANGING!

trace of a float in the Cherry Blossom Parade. Plans for the Belleville High Carnival will also be completed.

April 5. The Elementary School Concert will be held in the high school auditorium on Friday evening. The concert will begin at 7 o'clock and end at approximately 10. This concert provides an excellent opportunity to see the pro-

gress that is being made by these young students under the capable direction of Mr. F. Seelbach and Mr. J. Seltz.

Aircraft Navigation Services Will Undergo Expansion

International expansion of the Tacan-DME radio navigation service that guides the world's aircraft is being discussed by John B. Kennedy, an engineer of ITT Federal Laboratories.

The Tacan DME system, an ITT development, provides pilots with continuous information on their positions relative to networks of Tacan-DME beacons that have been installed across this nation and in Europe.

The U. S. Federal Aviation Agency and the International Civil Aviation Organization have decided to double the number of available channels to provide increased coverage. Mr. Kennedy describes several technical approaches that make it possible to pack the new channels into the radio channel space currently in use for Tacan. The combination approach adopted uses a new system of pulse coding plus interleaving of the new frequencies with those already in use.

"The younger generation has one big advantage over the old—it still has plenty of time to outgrow what ails it."—North Industry (O.) Observer.

VIEW FROM THE SIDELINES

By RAY FERSKO

BASEBALL TEAM BEGINNING TO CLICK

The Bellboy baseball team has been working hard this week in preparation for tomorrow's scrimmage with East Side, Paterson. This is a good team that has been a dominating baseball power for years. Head Coach Petti who served as an assistant coach is looking forward to this practice game as the Blue and Gold should greatly benefit from it.

The 24-hour virus was a big detriment to the team this past week as many boys were forced to the sidelines by sickness. However, things are beginning to straighten out.

Even with sickness and inclement weather, the squad accomplished a great deal this week. The pitching staff seems to be shaping up considerably. Dave Hatch, who had arm trouble last year seems to be showing much promise. Ray Datrio, lone south paw, may be just what the squad needs. If Ray comes through, the chances for success will be fairly good. Rich Luzzi hasn't pitched since Little League, but is working on the mound as well as in practically every other position. Coach Petti is trying to develop him into a possible relief man. The remainder of the pitching staff is composed of Freshman George Dambrowski and Rich Pacciarello.

In the infield it looks as if Soph Frank Ray, who saw a little action last year, will get his share of it this season. Coach Petti is working hard teaching young Ray the double play situation to second base. If he can master the needed rhythm, he should be all right.

In shortstop, Mike Liliola looks good but is turning his body away from the ball too much. As the season progresses he should develop in the field as he has impressively developed at the plate. Freshman Ron Tomashevsky is picking up the second base pivot very well, and should make his share of double plays. However, Ron still needs a great deal of help in the batter's cage.

At first base, John Peslake, an ex-outfielder who has picked up the fundamentals around the bag, seems to be coming along well. Wayne Sascavage is also doing well at first. Behind the plate Lenny Loungo and utility men Luzzi, Bill Bures and Lou Ranero, seem to be holding their own.

In the outfield George Conelly, John Sysneski and Joe Cervasio are all working hard. All three boys should give the team a good share of base hits.

BOATHOUSE SECURED

The crew team under the direction of Stan Schor and his assistant, Mike Lally, will be practicing at the Newark Yacht Club. The team is fortunate in securing this area while the new boathouse is being contemplated.

This year's crew should do well with the return of its "National 8" but will have many problems confronting them. They are:

1. How soon can they get afloat?
2. How soon will facilities be made available?
3. Getting the shells in rowing or workable condition.
4. Perhaps the most important factor of all — the weather.

There will be a chance for some Sophomores and Juniors to move into the varsity boat. A few Juniors who have potential are Ben Schwartz, Ron Rapuano and Robert Bonkowski.

To date the team has had workouts, but has been limited to the gym. The workouts have helped in trimming off a few pounds and in conditioning, but there is no substitute for actual rowing on the water. Crew, being the type of sport where Belleville competes with College freshmen and prep schools such as Rutgers, Frosh, water time is a very vital factor. Many opponents are already on the water, therefore the Bellboy oarsmen have their work cut out for them.

TRACK TEAM PREPARING FOR MEETS

The track team began outdoor workouts this week but suffered setbacks with the weather. The team moved into full swing on Monday as it is preparing for the coming big 10 Relay, on April 10 at Foley Field, Bloomfield. Belleville will enter 32 boys. Between now and the 10th, Coach Testa will be busy looking for good sprinters and distance runners. The team must still work on endurance and form in preparation for the relay. The team will also be learning how to pass the baton and improve timing. The weight men have also been working hard, for the first dual meet will be on April 11, when the Powerful Passaic Indians stalk to Belleville.

Easter Egg Hunt Planned By Recreation

The Belleville Recreation Department will conduct its annual Easter Egg Hunt at the Belleville Municipal Stadium on Saturday, April 13, at 10:30 a.m. Like last year the hunt is for children up to the age of nine.

In the interest of fairness the youngsters will be divided into two age groups and the prizes will be properly divided between the two groups.

If bad weather causes postponement of the event it will then be held on Monday, April 15, at 4 p.m. Those who want last minute information if the weather is questionable may obtain it by calling PL 9-3121, where an automatic answering device will give the latest information. A beautiful and an excellent turnout is expected.

Gold Edges Out Blue In Sharp Tussle

By RAY FERSKO

It was a tight from start to finish last Wednesday night when Nick Petti's Gold team slipped past Charlie Travers' Blue Boys.

This was the first of what is to be an annual event among Belleville Grammar School students.

The game was significant, as it helped bring about a bond of friendship between the grammar schools and the high school. The main purpose was accomplished on Saturday mornings, when the boys were taught the fundamentals and were enlightened as to how basketball is to be played in Belleville. The men who made this game possible are Head Coach Al LaBallo, Nick Petti, Charles Travers and Director of Athletics, Herman Wische.

Another man who has helped tremendously to encourage athletics within Belleville is Dr. Frank Durkin, superintendent of schools. Dr. Durkin has been supporting the program all year and feels very strongly about the future outcome of Belleville sports.

The game, which was officiated by John Jacone and Nick Di Ruggerio of the N.J.I.S.S.A., got off to a slow start. Art Sheridan was the first to make the scoring column for the Gold Team as he hit two deuces from the floor. Pete Greco followed suit from the side. This was the first of 6 points scored by the tall, shifty ball handler. Captain Joe Pisano, hit a foul shot with 35 seconds to the quarter, giving Petti's Gold a distinctive 7-0 lead.

As the second quarter got started, Lou Giacomini broke the ice for the Blue Team with a bucket from the line. The Blue Team continued to pour them in from the line as Doug Cheney and big Gordon Potis scored one and the teams four foul, nine Captain Mike Butts hit a three-out of four, thus giving him an impressive 750 shooting percentage.

The Gold Team went for a mere two points this period and they were scored by Mario Gabriel. The main reason for the Gold's small score was the impressive job done on defense by Joe Wadloski. Young Wadloski continually broke up the slow 2-3 Gold offense. Finally, Gordon Potis sunk a Blue basket and the first half ended 9-8, Gold.

The scoring was even in the third quarter, as both teams hit three field goals. Pete Greco and Art Sheridan shared the Gold's third period scoring with Greco hitting for four and Sheridan two. On the Blue team the scoring was done by Rich San Filippo and Lou Giacomini, along with a deuce that was mistakenly thrown in by a member of the opposing Gold.

In the fourth quarter, both teams battled it out as the Blue went for five points, all scored by Doug Cheney. The Gold team scored four by Dan Burns tying the game 19-19. Finally, with 40 seconds remaining, Joe Pisano intercepted a Blue pass and looped the winning goal. The final score was 21-19, favor of the Gold squad.

At the conclusion of the game, both teams were presented with well deserved trophies, and the players and their parents were invited to partake in refreshment.

by observing a few simple precautions

1. Make sure your heating system is in good operating condition. Check pipes for adequate clearance; chimneys for needed repairs.
2. Keep electrical servants in good repair. Appliances last longer and give better service when they're treated right. Over loading circuits is dangerous. Add electrical capacity to handle added appliances where necessary.
3. Good housekeeping, practiced inside and outside of the home, makes good "fire prevention" sense. Think twice about slow-away or throw-away items and don't give fires a place to start.
4. Pay it safe! Develop fire safety habits around your home and provide adequate fire insurance coverage to take care of losses in the event you do have a fire.

R PRACTICING PHARMACY IS AN ART

Most prescription drugs are now pre-compounded by the pharmaceutical firms. But, many of them are so potent, have such similar names, that it requires expert knowledge to always be certain we dispense exactly what the physician prescribes.

There are still prescriptions for tinctures, lotions, capsules, eye preparations, etc. which require individual compounding. We welcome these prescriptions, even though they take more time to prepare.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Encyclopedias, Anyone? They're New At Library

TIMES Encyclopedias, Anyone? Three new reference sets were added to the library this week as well as many more novels and general information books. Collier's Encyclopedia, newly revised and expanded to 24 volumes will take its place on the adult reference shelf. Our Wonderful World, a fascinating volume set of practical as well as historical and biographical information has been added specifically for use by teen-agers. And Britannica Junior, a 15 volume children's encyclopedia has been purchased for the Junior Department.

Encyclopedic Questions "We get many questions at the library regarding encyclopedias," Ben Grimm, library director said. "People frequently call us for advice on which of the several available encyclopedias to buy. The answer, of course, usually depends on the use a family plans to make of the encyclopedia. Different sets are geared to different age and study levels; some sets are designed for longer, connected reading on broad topics; others yield shorter answers on more specific subjects. Some have general indexes, some are indexed volume by volume, and still others have no indexes at all."

Compare Them Here The library has several publications on hand which describe, compare, and evaluate the various children's and adult encyclopedias.

"We're always happy to pass such information on to residents — along with accurate price information or anything else we can find out for them," Grimm said. He pointed out, too, that the Belleville Library owns most of the major encyclopedias and any one interested can examine the different sets in person before buying.

In addition to the reference sets, the following books were included in the new additions to the library:

GOING AWAY by Clancy Sigal. Sweeping yet personal novel recounting the life of an American style "angry young man" in his struggle for fame and self-identification in the turbulent world of the '40s and '50s.

CHILDREN OF THE A-BOMB compiled by Dr. Arata Osada. A moving collection of memories of the day the atomic bomb fell on Hiroshima, written by surviving grade school, high school and university students.

LOOK TO THE RIVER by William A. Owens. A short, vibrant novel with the ring of a folktale. Tells of a backwoods boy who takes to the road, driven simply by the need to go.

HERE TO STAY by John Hersey. A collection of Hersey's true pieces, written over the past 20 years, which demonstrate man's courageous determination to survive.

ENCYCLOPEDIA OF TROPICAL FISHES by Herbert Axelrod and William Vorderwinkler. New revised edition of the standard work on tropical fishes.

THE ENTERPRISING AMERICANS by John Chamberlain. A lively account of the growth of American business from its early beginnings to the present day.

RAISE HIGH THE ROOF BEAM, CARPENTERS AND SEYMOUR, AN INTRODUCTION by J. D. Salinger. These two long, great stories earned with Seymour Glass now bring into book form all of Salinger's Glass family stories.

THE RODGERS AND HAMMERSTEIN STORY by Stanley Green. Traces the earlier separate careers as well as the 18 years of partnership of the most famous musical lyricist team of the American stage.

HERE I RAISE MINE EBBEN-EZER by Mrs. Kemper Campbell. The opinions, thoughts and notions on a variety of subjects of a tough-minded seventy-five year old lady lawyer. Special and very, very good.

THE LIGHT OF DAY by Eric Ambler. Swift-moving superior novel of suspense that opens in Istanbul when an adventurous shady-dealer suddenly finds himself in over his head in a mysterious international conspiracy.

HARPER'S BIBLE COMMENTARY by William Neil. A one volume, highly readable, authoritative survey of the Bible, interesting as well as illuminating.

PISTOLS AND PEDAGOGUES by Fallon Evans. A light, bright, unusual novel which joins comedy with suspense and gangland shenanigans to produce a riotously funny off-beat story.

STONE WALLS by Miriam deFord. A history of prisons and prison systems throughout the civilized world with outspoken discussion of the moral and practical problems of imprisonment.

Scout Leaders Hear National Director Talk

J. H. BROWNE

J. H. Browne, National Director of Exploring Service, Boy Scouts of America, will be the guest and key-note at a conference on Exploring for all adults in Robert Treat Council Saturday, April 6 at Newark Academy, announced William H. Keith, president of Robert Treat Council of Newark, Irvington, and Belleville.

Browne became the head of the Exploring Service for the National Council in October, 1959. He is responsible for developing and promoting the Exploring program for high school young men. Keith said that the Exploring program is designed to provide challenging activities for boys in six interests areas: social, vocational, outdoor, citizenship, service, and physical fitness.

The conference opens at 9:30 a.m. and will end 5 p.m. Exploring leaders, committeemen, Scoutmasters, commissioners, and a number of members of district and council operating committees have been invited to participate.

The Council now has 30 Exploring Posts, Sea Ships, and 20 Air Squadrons, and new units are being organized in the Council's seven districts.

Men related to the new units now in formation will be able to receive their basic training by participating in the conference.

Scout Display Illustrates Weather Forecast Progress

Leonardo DaVinci's inventions of weather instruments were brought to Belleville by Explorer Post 302 last weekend and placed on display in the Shop-Rite supermarket located on Washington Avenue as part of the forthcoming "Scouting in Action" show.

The models were made from sketches found in Leonardo's notebooks by the arts and sciences department of IBM in New York City and are on loan.

One instrument indicates wind direction, another shows wind force, and a third measures humidity. The ideas were used 500 years ago in a castle in Milan, Italy.

Books comprising parts of the Explorer Post "Weather" library, also on display set up by treasurer Joseph Seelye, and may be seen in Belleville Public Library, Number Three and Seven Schools, and the A & P Supermarket on Franklin Avenue. They show present day material available on all levels.

These displays will be joined by models of a 1749 weather kite, Blanchard's research balloon of 1794, and "Spy", the 1962 weather satellite. All may be seen at the weather booth conducted during "Scouting in Action" at Belleville High School gym Mar. 30.

Other features will be a film strip on weather signs, electric games, up-to-minute weather report and free drawings for weather kits, text books and related articles.

School Bonds Go To N. Y. C.

Financial Firm

In a brief meeting at School 8, March 20, the Board of Education sold \$2,982,000 in school construction bonds to Halsey Stuart Co., Inc. of New York City, the lowest of seven bidders who attended the meeting.

The annual interest was 3 per cent. The Board had estimated interest at 3.5 per cent during formation of the school budget. "It's much lower than we had estimated," said vice president Ernest S. Arvidson.

Casting the lone abstention was Mrs. Thomas F. McCool, who gave no reason for her negative vote.

All board members were present when the 21-year maturity bonds were awarded.

The board also approved the United States Testing Company of Hoboken to conduct laboratory tests required in the construction of the new senior high school.

"The man who has done the most to arouse the working class is the man who invented the alarm clock." — Pittsburgh (Pa.) Oakland News.

Child Clinic Is Demonstrated To Civic Leaders

The Belleville Child Guidance Association met Tuesday evening, March 19 at the Women's Club of Belleville.

Parents, teachers and civic leaders attended to discuss the aims of the association and to learn of the operations and future plans of the North Essex Child Guidance Clinic housed in quarters made available by Clara Maass Hospital.

The Clinic serves the communities of Belleville, Bloomfield and Glen Ridge and Nutley.

Dr. Eisenberg, executive director of the clinic, ran a film of "A Clinic at Work" and answered questions concerning the facility. Eisenberg said every community has a need for a child guidance clinic and that North Essex was one of the first in New Jersey to avail itself of matching state funds for the purpose.

\$20,000 of the Belleville municipal budget is allocated for this need. Thirty five new members joined the association at the conclusion of the meeting.

Rabbi Victor Cohen was elected president succeeding Mrs. Michael Albertine. Other Officers elected were Mr. Robert Cook, vice president; Mrs. James Caldwell, secretary; and Mrs. Richard A. Shaffer, treasurer.

Trustees of the association are Michael Rosamilla, Daniel McCarthy, Mrs. Richard Drake, Mrs. Richard A. Shaffer, John Hewitt, and Mrs. Angelo Marone. Mayor Robert M. Laterza's appointment.

The president also appointed Mr. Paul F. Bernhardt publicity chairman and Salvatore Calabro chairman of private materials.

DEATH NOTICE

MRS. GRACE ABBOTT, wife of Byron K. Abbott, 210 Stephens Street, Belleville, N. J., March 24, 1963. Mother of Mrs. E. L. Abbott, of Safford, N.Y., Byron J. Abbott, of Raleigh, N.C., Joseph Abbott, of Flushing, N.Y., George Barbieri, Long Beach, N.Y., Vincent Abbott, of Belleville, N.J. She also leaves 10 grandchildren and 1 great-grandchild.

CARD OF THANKS

ABBOTT—We would like to thank the police and fire departments for their quick response to an emergency call for MRS. GRACE ABBOTT. We would also like to show our humblest appreciation to John Doherty and George Lester of the police department, and also Mr. D'Antonio and Mr. Dunn of the fire department. And for all the respiratory work they did.

Mr. B. K. Abbott

Nutley And Belleville Have Their Share Of Parks Supervised By The County

The Essex County Park Com-
mission, one of the autonomous
boards in Essex County govern-
ment, is in charge of 23 parks
throughout the county with a to-
tal area of 5,159 acres.

Little Change Noted In Requirements For 1962 Tax Returns

Many taxpayers are becoming
needlessly concerned about the
changes recent tax legislation
might make in requirements for
preparing 1962 individual income
tax returns, according to Frank
S. Turbett, Jr., district director
of the Internal Revenue Service.
Individual taxpayers will find
that the form is little changed
from last year, Mr. Turbett said.
Practically the only change is
the necessity to list their Social
Security number on returns even
if they haven't done so before.
This number, which will serve
as their tax account number,
should also be given to any cor-
poration or savings institution
paying them dividends or inter-
est.

Business taxpayers will find
two principal changes on their
1962 returns, Director Turbett
said. These are in regard to the
new rules of computation of de-
preciation and investment credit.
Mr. Turbett said that the changes
Congress made last year in
travel and entertainment expenses
will not affect 1962 returns.
The changes will however, affect
the records kept by taxpayers
during the current year to sub-
stantiate deductions claimed for
these items on 1963 returns.

Controller's Console In Air Traffic Is Described

A device much like a television
screen will aid the nation's
Air Traffic Controllers in their
mission of safely guiding air-
planes on noninterfering invisible
routes in the sky. The device
technically known as a Mosaic
Radar Hand-Off System, is de-
scribed by Herbert H. Naidich
of IIT Federal Laboratories. It
has been given the highest priority
in the Air Traffic Control
System of the Federal Aviation
Agency.
The device will present each
controller with a radar picture
of the area under his responsibility.
Superimposed on the picture
will be numbers and letters that
may designate aircraft, routes,
and airports and drawings such
as maps. Mr. Naidich pointed
out that the device will be
extremely flexible for rapid
and simple change of the dis-
play information.
The IIT scientist also foresees
the developmental device as solv-
ing the serious problem of con-
tinuity that has long existed when
aircraft leave the sector of one
Air Traffic Controller and must
be handed over to the Controller
of the adjacent sector.

'Milk and Honey' Is Presented By Hadassah

Belleville-Nutley Chapter of Ha-
dassah at its March meeting held
Tuesday, March 26, at Congrega-
tion Ahavath Achim, presented a
version of the long-run Broadway
musical, "Milk and Honey".

The adaptation brought to the
stage an original technique of pre-
senting musical comedy perfected
by Marilyn Friedman pro-
gram vice - president, and the
members of her large and talent-
ed cast.

"'Milk and Honey' was written
by Don Appel and Jerry Her-
man, and on Broadway starred
Mimi Benzel, Robert Weede and
Molly Picon.

"Legislator: The same man
who, when a little boy went to
the grocery and forgot what his
mother sent him there for." —
Hitler (N.D.) Record.

"The greatest of faults is to be
conscious of none." — LaGrange
(Ind.) Standard.

Keep That Fire In The Fireplace

If you have a fireplace keep
your home fireproof by placing a
screen in front of it when in use.
And never, never leave chil-
dren alone in the house, no mat-
ter whether there is a fire in
the fireplace or not, says the
National Board of Fire Under-
writers. Fire deaths in the Unit-
ed States during 1961 totaled ap-
proximately 11,700, and deaths by
International Telephone and

were highest among children un-
der 14 years of age and elderly
persons of 65 and over.

Educational Aid Program Approved By IIT Directors

A new \$100,000 educational aid
program in the United States in-
volving both matching and rotat-
ing grants has been announced
by International Telephone and

Telegraph Corporation.
The heart of the new program
approved by the Board of Direc-
tors, is the matching grant
through which IIT joins with its
more than 25,000 U.S. employees
in encouraging broader support
of higher education in this coun-
try.
The program calls for IIT to
match all personal gifts of not
less than \$10 nor more than \$1,
less of such gifts.
900 actually made in any one
calendar year by eligible em-
ployees to eligible schools. In or-
der to be eligible, an employee
must be on regular active serv-
ice at IIT or one of its divisions
or subsidiaries at the time he
makes the gift. Nearly all re-
cognized institutions of higher ed-
ucation in the United States or
its possessions qualify as recip-
ients of such gifts.
