BURNETT WANTS STABILIZED TAX RATE

They Want Better Service

Councilman Vincent P. Strumolo, at right, and Postmaster General J. Edward Day met in Newark recently and discussed the matter of slow mail service for his constituents in the Silver Lake district. Strumolo claims the one-day mail service from the Belleville sub-station to Silver Lake via Newark is too much.

How long should it take a letter to make the two-mile journey from downtown Belleville to near Silver Lake?

Certainly not 24 hours, cried Councilman Vincent P. Strumolo indignantly last week, and he wants something done about it. Namely: Faster service. And pronto.

What irks Strumolo, and his equally irked constituents, is that a strip of park land and several north-south bound streets effectively isolate his district from the rest of Belleville.

A Goofy Detour

The Post Office Department compounds this geographic felony by routing all mail bound from Belleville to far away Silver Lake via Newark. They say this makes for greater economy for Uncle Sam's mailmen.

For economy it's fine; but for speed it ain't.

In a resolution introduced before the Town Council recently, Strumolo expressed his "grave concern" over the lack of proper postal service for his district. The councilmen concurred in Strumolo's efforts to gain faster mail service and approved the resolution 4-1.

Family Night At School 10

"Family Night" will be held this evening at 8:00 p.m. This will be the annual "Family Night" with a special program featuring Marie Shepard, concert soloist.

Election of officers for 1963-64 will be held during a short business meeting. Students must be accompanied by parents.

After 50 Years . . .

Grace Baptist Minister To Retire In Florida Home

Rev. Albert V. Lawson, pastor at Grace Baptist Church for the past nine years, retired from the ministry and his post at the church April 1 after almost a lifetime spent in church work. A farewell service was held March 31 at 8 p.m. at the church, which was attended by many friends of Rev. and Mrs. Lawson.

He said he and Mrs. Lawson planned to settle in Memorial Homes Community, Florida.

Rev. Lawson, a native of Brooklyn, took his preparatory work at Cook Academy and graduated from Colgate University and the Colgate-Rochester Divinity School. Upon his retirement, Rev. Lawson will have completed just short of fifty years of Christian preaching.

He began his Christian service as a teen-age boy preacher in various missions and in street-corner preaching in Brooklyn and New York City. He attended Bible Institutes for five years be-

fore his more formal academic preparation, during which time he served as Bible Lecturer, interim and student pastor at the church. Bushwick Dutch Reformed Church in Greenpoint and at the Baptist Church of Cincinnati, N.Y.

During preparatory school, college and seminary he served with the Baptist Churches of Elmira Heights, Horseheads, Easton and the Malby Chapel at Rochester, N.Y.

His first pastorate, following graduation from seminary, was with the First Baptist Church of Springfield, Ohio, where he served for over ten years. The next three and a half years he served with the Armed Forces as Chaplain and holds the rank of Major in the Inactive Reserve.

Rev. Lawson came to Belleville from the First Baptist Church of Benton, Ill., where he served for over eight years.

Rev. Lawson plans to devote himself to writing and occasional preaching and lecturing.

John 'Rod' Burnett Takes Office As Town Manager

The new \$14,000 Acting Town Manager, John R. Burnett, took office yesterday morning with one overriding thought in mind: the development of a stabilized tax rate.

"Taxpayers in Belleville should have some idea of what their tax bills will be over a period of several years. I shall direct my every effort to the development of a tax base and municipal budget, which will result in a stabilized tax rate. Taxpayers should be expected to project their real estate tax bills in much the same way they plan for their mortgage payments," observed the former City of Newark Finance Director.

The 56-year-old Burnett served as Director of Revenue and Finance in the reform administration of former Newark Mayor Leo Carlin. Burnett lives with his wife at Normandy Beach, having taken up residence there upon his retirement from his Newark Finance post last July.

Burnett was appointed to an "Acting" capacity until the Administrative Code could be amended to eliminate the requirement of membership in the International City Manager Association. The Council will amend the Code to permit Burnett's permanent appointment to the Manager's post in May.

Burnett was also appointed to the non-salaried post of Town Clerk.

The new Town Manager is drawing \$1,000 less than ex-Manager Southerns.

In a letter of application to the Town Council Burnett submitted a detailed review of his municipal experience. Excerpts from the letter follow:

As a career municipal employee and official of the City of Newark for thirty six years, twenty-five of them on admini-

stration, I have had the opportunity to observe the operation of the municipal government from the inside.

As a career municipal employee and official of the City of Newark for thirty six years, twenty-five of them on admini-

stration, I have had the opportunity to observe the operation of the municipal government from the inside.

(Continued On Page 8)

Band Contest Cancelled

Because some of the bands scheduled to take part in the band contest slated for the Municipal Stadium on the evening of Saturday, April 27, have withdrawn from the contest because of a lack of time to prepare for the intricate marching routine, the event has been cancelled. The bands, however, will participate in the parade to be held at 2 p.m. on the same day.

Thug Loots Cash Register Of \$192 In Store Robbery

Alfred E. Giannetta, 47, proprietor of the Bell Liquor Store at 2 Bloomfield Avenue had the unpleasant experience of looking down the wrong end of a revolver last week.

An armed thug entered the store shortly after 9:30 p.m. April 9, leveled a long-barreled chrome revolver at Giannetta and demanded cash.

Giannetta prudently handed over the days receipts — \$192 in cash. Then, prodded along by the thug's gun, he was pushed into a rear room.

He was described as being about 24 years old, 5-feet, 7-inches tall, and dressed in a black leather jacket. He disappeared eastward on Davenport Avenue driving a late model Impala and while Chevrolet Impala.

Spring Vacation

Some 5,295 Belleville School children will happily head for home this afternoon at 1 p.m. the annual 11-day Spring Vacation. Classes will resume Monday morning, April 22.

It will be the fifth vacation on the school calendar for students, who now have one to go — Memorial Day — before summer vacation begins. But school personnel won't be idle. Custodians will be busy repainting empty classrooms during the vacation.

It's Nearly Here . . .

Cherry Blossom Time Will Take Over Town Next Week

HELL HEAR IT ALL

James W. Hannon, 103 Washington Avenue, has been called as a member of the new Federal Grand Jury in Newark.

Blossoms, Beauties, Bands Slated To Parade In Streets

Within three weeks the cherry blossoms will be out in Belleville's Branch Brook Park, and their appearance will signal the beginning of a week-long observation of the Cherry Blossom Festival.

The Senior and Junior Chambers of Commerce have already begun plans for the annual observances of one of the town's most colorful celebrations and the beginning of summertime activities.

The week's activities get under way Friday evening at 8 p.m. April 19 with a beauty contest at Belleville High School and a dance. Fred ("That Lucky Man") Devlin will supervise the contest which will select a Cherry Blossom Queen and her court of nine cuties.

To the winner will go a \$500 scholarship and a week's round of fun and excitement as Queen. A \$250 scholarship will go to the runner-up, and a \$125 scholarship for the third place winner.

Seven nurses from Clara Maass Memorial Hospital have already tossed their nurse's caps into the ring and present some pretty stiff competition.

Saturday night, the 20th, the Cherry Blossom Ball will be held at the Elks Club. Al Lange's orchestra will provide the music.

April 27 the Cherry Blossom Parade will make its way down Washington Avenue, passing for a five-minute display of its musical skill before the reviewing stand.

At the head of the parade will be the U.S. Air Force Band. Leading the parade will be Grand Marshal Peter Rodino, assistant Marshal Alan H. Bernstein, and Mayor Robert M. LaTanza. Following will be the town council members and other town officials.

Also scheduled to appear will be nine bands, including St. Rose of Lima Band, St. Brendan Cadets; Belleville High School Band; St. Joseph's of Iron Bound Drum and Bugle Corps; St. Lucy's Drum and Bugle Corps; the Original Hobo Band; and Air Force Band. The parade will be led by the ROTC detachment, the Belleville Marching Band, the Drum and Bugle Corps; and the Neptune Shoreliners.

A Saturday night drum and bugle contest is planned for the 27th at Municipal Stadium. Admission will be \$1.25 for adults and 75 cents for children.

Additional details of the coming festival will appear in this paper next week.

Belleville Boy In Prize-Winning Club

An Evening Out With The Strumolo Group

Vincent T. Strumolo Association is having its third yearly outing Sunday, April 21, when a bus ride to New York City is made by the bands and wives of the association.

The bus will leave from 64 Franklin Street at 5 p.m. for Patricia Murphy's, and will return at 9 p.m. Donations are \$2.00. Additional information may be had from Mrs. Theresa Del Russo at PL 1-1724.

Committee women are Mrs. Gertrude Trimarco, Mrs. Christine Pizzuto, Mrs. Helen Strumolo, Mrs. Vicki Ruffolo, Mrs. Jean Cetrillo, Mrs. Josephine Leungno, Mrs. Katherine Simini, and Mrs. Anna Risoli.

Belleville Police Department, the department," he said proudly. "The town lent us the equipment. They're working for nothing."

And "working for nothing" is what everyone does. But they're really working for something — the construction of a much-needed baseball diamond for the town's youth. With luck, says Marrotti, the field will be ready for

"These men spend their weekends here, working for nothing," said Marrotti Saturday morning as he watched a big backhoe operation leveling the field. "Those men are from the street

These Men Are Really On The Ball

The men above, and many not shown, can usually be found behind the Montgomery Street Presbyterian Church every weekend busily raking, hauling, and planning for Belleville's youth. They are all volunteers who are building a baseball field for Little Leaguers. Kneeling in foreground is Detective Michael V. Marrotti, a member of the juvenile squad and president of the local Police Benevolent Association who heads the group. From left is Frank Liskowicz, George Ferro, Henry Weaver, George Lister, Mario Risimmi, and John Gosinski, who are helping to make the field one of the newest in town.

One hot day in July last year a small group of men gathered in a rough field behind the Montgomery Street Presbyterian Church, rolled up their sleeves, and went to work.

Today, ten months later, there is the very definite form of a baseball diamond there. On two sides are incomplete sections of a six-foot storm fence enclosing what had once been a rough plot

of unused town property. Who brought about the transformation from a weed-grown field to a diamond in the rough? A group of dedicated men, that's who. And it hasn't cost the town a red cent.

Who Started It All? Under the direction of Michael V. Marrotti, a detective who heads the juvenile department of the

Vara Replies To Sullivan's Charges About Addonizio

Ralph Vara, former Town Democratic Chairman and local Superintendent of Public Works and Affairs, who is not seeking the office of chairman this year because of a town edict which bars running for elective office by

Sullivan's statement concerning the alleged support of George Addonizio for Belleville Town Democratic Chairman, Chairman Dennis P. (I RUN ESSEX) Carey, was not apprised that in the latter part of November, 1959, the Chairman, Mr. Carey, called me, as the Belleville Democratic Chairman, into his private sanctuary and there introduced me to G. George Addonizio, a new and helpful Democrat from Belleville whose support and assistance would be welcomed and appreciated by the Democratic party of Essex County.

"In my presence, at that time the press was called in and Mr. Addonizio gave a public statement, which was subsequently published, in which he repudiated his previous allegiance to the Republican Party and declared his full support of the Democratic Party without reservation.

"I deny and challenge Sullivan's claim that Republicans have been entered as Democratic candidates in this year's primary, whereas, the record clearly shows that Joseph L. Mastandrea, a County Committeeman of ten years service, was 'dropped out' and replaced by Joseph Barrett, a registered Republican, who could not vote for himself in the second Ward, eight districts of political scheming between Mr. Sullivan and his counterpart, Mrs. Mae Meade Mastandrea, senior worker on the Essex County Election Board? Were there not other such occurrences, I'd like to inquire of Mr. Sullivan?"

Vara challenged Sullivan's qualifications of leadership office he had since assuming the party locally "while feathering his own nest in getting a secure job as Deputy County Sheriff at \$11,250 per year." Vara called this "pretty good pickings for a fellow who had been 'dumped' as a local official by the people of his home town in a local election only last May."

Vara asked, "Did this 'post' job influence Sullivan's voting against his supposed 'bosom friend' Donald Fox when it came time to choose a candidate for State Senator and Sullivan served on the hand-picked Carey nominating committee?"

Sandfort Says Dairy Farmers Lose Markets

New Jersey's 180-day milk law is destroying the dairy farmers market, Pete Sandfort of Garden State Farms said this week. Lower prices on milk and cream sharply affect how much consumers will buy and farmers can sell, he stated.

Sandfort disclosed that Garden State Farms' sales of fluid cream through its dairy stores have increased 235 per cent at the lower prices which the "jug milk" dairy has had in effect since last November. An analysis of Garden State Farms' fluid cream sales was made over a four-month period, ending in February this year. It was compared to the corresponding four-month period from November 1961 through February 1962.

Garden State Farms dropped its prices from 73 to 54 cents a pint and from 39 to 29 cents a half pint for heavy cream, and from 28 to 23 cents a pint for "half and half" (cream and milk) as soon as Governor Richard J. Hughes suspended OMI's price-fixing controls last October.

The Garden State Farms prices are 19 cents, 10 cents, and 5 cents, respectively, below the previous OMI minimums Sandfort had asked for the same low prices as early as April, 1962.

Sandfort said he has been able to hold the low prices because cream was left free of OMI price controls when Governor Hughes asked for, and the Legislature passed, the controversial 180-day temporary milk law last December 5.

"Our experience in supplying consumers fluid cream at competitive prices proves that the state agencies in the milk controversy have been clearly wrong from the start in discounting the effect that price has on consumption," Sandfort said.

Belleville Boy In Top Marching Unit

For the second consecutive year Saint Peter's College Glee Club of Jersey City won first place in the annual Catholic Intercollegiate Glee Club Festival held last week at Jamaica, N.Y. Among the judges was The Metropolitan Opera Company. One of the bases was Michael Dacey of 27 Church Terrace, a freshman in the College of Arts and Sciences.

Belleville Bridal Shop Opens Specialty Department

Brides Beautiful by Biondi, a large selection of evening gowns, which for over five years has been in the business of supplying custom and ready made bridal gowns, is expanding its facilities at 13 Washington Avenue, Belleville to include a new department located at 137 Washington Avenue.

Public demand for prom and graduation dresses, as well as for after-five gowns, has been responsible for the creation of the new department which will cater exclusively to these needs. Both long and short prom gowns will be available, plus a wide selection of graduation dresses, in a variety of colors and in the most fashionable styles. For wraps, evening coats and short jackets will be stocked, as well as gloves of all lengths and

With her at the beginning was one seamstress and salesgirl, Miss Ann Gavrun of Jersey City. Miss Gavrun is still with the store, but the sales force has been expanded to five, and the store, having outgrown its first location at 143 Washington Avenue, is located in more spacious quarters at 139 Washington Avenue.

Mrs. Biondi has served customers from all the surrounding towns, as well as from Lakewood, Trenton, New York City and Long Island. Mrs. Biondi created the gown which the daughter-in-law of Governor Hughes wore to the Inaugural Ball.

The new department, which opened for business on April 1, will leave the older store completely devoted to the needs of the bride, including accessories and gifts for the bridal party.

Ralph E. Lippert, plant manager of Andrew Jergens Company has been named vice-president-in-charge of the Belleville Plant, announced president of the company, Andrew Jergens. Lippert has been associated with the company for 20 years. Graduated from the University of Cincinnati with a B. S. in mechanical engineering with memberships in Tau Beta Pi and Pi Tau Sigma honorary. Lippert joined the organization as an engineer in 1943.

Active in civic and local service organizations, he is a trustee of the Belleville Foundation, secretary of the Rotary Club of Belleville member of the Belleville Manufacturing Association, president of the Association of Camp Ro-Li and a member of the Newark Association of Commerce and Industry.

Lippert will continue to be responsible for all operations at the Belleville Plant.

Rebecca Anne Bridge

Mr. and Mrs. Peter J. Bridge of 136 Beech Street announce the arrival of a second child, Rebecca Anne, born March 19 in Clara Maass Memorial Hospital. The eight pound, four ounce child joins Mark David, two years. Mrs. Bridge is the former Anne M. Dubyna of Waterville, New York. The paternal grandparents, Mr. and Mrs. Charles Bridge, are also of Waterville. Mr. Bridge is a journalist employed by The Newark Evening News.

YOU AND YOUR INSURANCE

(A public service column about all forms of insurance.)

Insure Your Summer Fun; Practice Pool Safety

"Do I need," a reader asks, "special liability insurance for my backyard pool?" Protection against claims for personal injury or property damage arising from accidents in backyard pools less than 30 inches deep is automatic if you have either a liability insurance policy or a homeowners package policy. Deeper pools can be insured by paying an additional premium.

While insurance protects you in the event of an accident, proper safety planning very well may prevent that accident.

Approximately 2,500 persons die each year as a result of swimming accidents—thousands more are injured. Many of these tragedies occur in backyard pools.

Pool activities should be properly supervised, particularly where children are concerned. When the pool is not in use it is a good idea to keep it covered with a tarpaulin. The pool area should be fenced and the gate kept locked. Underwater lights and other electrical equipment should be checked periodically.

Swimming is fun; accidents are not. Make the coming season in the sun a safe one. This column will be glad to answer questions you may have about property and casualty insurance. Send them to:

Adjustment Board To Study Garden Apartment Proposal

The Adjustment Board met Tuesday, April 2, and tabled for further study the proposal by the Shesue Builders to build a 60-unit garden apartment on Jerusalem Street.

The board pointed out that there was not enough parking facilities provided for and also suggested a setback of 20 feet from the building line.

The owners agreed to come back with a revision of plans.

The International Electrical and Plag Co., of Belleville was granted a variance, subject to concurrence by the Town Council, to build a second story to their present structure located on Homish and Heckel Streets.

A nine-unit apartment proposed by Cosimo Ritacco to be located on the corner of Passaic and Mitchell Streets was denied a variance. Many objectors to this proposal were present. The board recommended two-family dwellings for this area.

The Bell Ridge Plumbing Supply proposed for a one-story business structure to be located at 382 Cortland Street was tabled for further study.

The next regular meeting of the board, which was to have been held on Tuesday, April 16, was postponed on account of the Primary election falling on the same day, and will be held instead on Thursday, April 18.

NEWBORN BABIES LIVE LONGER LIVES

Physicians now prescribe pre-natal vitamins and minerals for expectant mothers that insure healthier babies. Immediately after birth baby takes the special vitamins that aid normal growth.

Because of this added help, plus the new drugs which can overcome an invading virus quickly, infant mortality is decreasing. In our prescription laboratory, carefully stored to protect potency, are the vitamins and medicines for any regular or emergency need.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

use sometime this summer. However, much work remains to be done.

Town Donates Land Use

The field is being prepared, said Marotti, for the use of 13 teams in the Belleville Little Leagues. But sandlot teams from nearby Silver Lake will probably use the field when it's not in use by the regular teams.

The town gave the group a five-year lease gratis. But even so, Marotti figures they are still \$5,000 short of material needed to complete the job. He has his fingers crossed and expects the remaining cash to come from the usual source: volunteer work and donated material.

In addition to the many man-hours of labor given by fathers, team sponsors, and just interested parties, supplies have been

become acquainted with the rules of safe cycling.

Inspections chairman Joe DeBacco has declared his sports shop on Washington Avenue the "Bicycle Inspection Station" for the program. Anyone may take a bike to DeBacco's and he will be accorded a free and expert inspection of all parts necessary to safety. All those who do take their bikes for inspection will be given an official Bicycle Institute of America Safety League membership card plus B. I. A. literature on how to care for a bike and rules of riding. All those whose bikes are found to be in good condition will also be given a handsome B. I. A. decal to put on their vehicle.

Kiwanis Program chairman DeJong will arrange speakers for any interested groups, such as scout troops, and is in charge of placing posters on bike safety.

The Recreation Department will include a program of bicycle riding skills as a part of this summer's playground activities. Riders will compete in their ability to handle their bikes in steering, stopping, starting, obstacle course, and hand signals.

Cook sets forth 12 rules which the Bicycle Institute sets up for

An Excellent Decision

Our Town Council, in a rare display of harmony, unanimously voted to hire John R. Burnett as Town Manager and Town Clerk.

Belleville's first Town Manager, William A. Sommers, was fired from his job on November 20 of last year. Since that time, Charles B. Tedesco, a career employee, has been holding down the job of Acting Town Manager and Town Clerk.

After the sad experience the Town of Belleville had with ex-Manager Sommers the selection of Burnett appears to be an excellent choice.

Burnett is a fiscal expert, having served as Finance Director for many years in the reform government of former Newark Mayor Leo Carlin. Burnett was the architect of the plan which provided for the changeover of Newark's government nine years ago from Commission to Mayor-Council under the Faulkner Act, the same state legislation which governs our new form of government.

Burnett was Executive Secretary and Director of Newark's Central Planning Board during the preparation and adoption of the Newark Master Plan.

Burnett has prepared municipal budgets in excess of \$90,000,000, an amount 40 times larger than our municipal budget. He put into effect a full revaluation of real estate, and additionally supervised a detailed study of each personal property tax assessment.

On his record Burnett has what Belleville needs. Burnett has a reputation for being impeccably honest. In his dealings

with municipal employees Burnett has the reputation of being firm but fair.

At 56 Burnett will bring to his new job mellowness of age and a healthy experience in municipal government. He assumes his new post with the unanimous support of the Town Council, a situation we would like to see continued. The Belleville Times-News joins our Town Council in extending the warm hand of welcome just as we did with his predecessor, William A. Sommers. But, as in the case of Sommers, should Mr. Burnett attempt to make deals involving taxpayer money and/or municipal jobs inimical to the best interests of our community or contrary to the intent of the Faulkner Act we shall expose him and invite the Council to run him out of town.

When Belleville citizens voted to change their form of government they also were voting for a new deal. Under Sommers the people got the government change but ended up with a wheeling and dealing public official who made our former Commissioners look like award-winning boy scouts.

To the Town Council go our compliments for selecting a good man for a difficult assignment. To Mr. Burnett we extend every wish for a successful career in Belleville. We pledge to Mr. Burnett and the Town Council our full cooperation to the end that Belleville, a town we all love, can once again take its proper place in the family of Essex County communities.

Cool Cat Gets Quick Cure

How to revive a cat "frozen stiff as a board" was the problem which a U. S. Naval officer at Fort Meyer, Va., recently had to face. The tabby, a house pet,

was discovered deep-frozen in the family refrigerator.

With the help and advice of a veterinarian and his two assistants, he found the solution — a teaspoonful of neat 100 percent octane premium grade gasoline.

This brings to mind a similar story from Oklahoma. The cat down there was revived by a drink of hi-test gasoline. To everyone's amazement the cat jumped up and raced madly about, then suddenly slumped to the floor.

It was out of gas.

UP SPEAK

GRATEFUL FOR CARE AND ASSISTANCE

To the Editor, The Times-News:

It is in keeping with the Easter season to express the gratitude which is in my heart for those who came so promptly to my assistance when I suffered an attack requiring hospitalization on March 25.

I will never forget the expert care which I received from Nurse Edith Davis, of Federal Industries, First Aid Squadmen Kenneth Nyegaard and Frank D'Antonio, of the Belleville Fire Department, Doctors Stoll and Gardam and the personnel of Clara Maass Memorial Hospital.

We are so fortunate to have this fine hospital within Belleville's borders. The efficiency and esprit de corps of all concerned with my recovery was a living testimonial to the Spanish American War heroine for whom the hospital is named.

There are two kinds of gratitude: the sudden kind we feel for what we take; those to whom I pay tribute share the larger kind we feel for what we give.

ALLAN CRISP
238 New Street

HE THANKS ALL THE POLICE, EMERGENCY

To the Editor, The Times-News:

appreciation of the Italian Florio Society for the immediate response and aid given to Mr. Michael Marino on Tuesday March 26th by the Police Department and the Emergency Squad.

Very truly yours,
SALVATORE IPPOLITO,
President

THOSE CRAZY CATS DRIVE HER CRAZY

To the Editor, The Times-News:

I have a problem concerning the many cats that are allowed to roam around the neighborhood. I have discussed this with my non-cat owning neighbors and some of the people I am associated with here at the Clara Maass Memorial Hospital and they have the same complaint.

If dog owners must obey regulations such as obtaining licenses and keeping the dog tied up and curbing it when walking it, why in the name of heavens can cat lovers allow their cats to run all over other peoples property?

I am getting mighty tired of cleaning yard, shrubs, walks and flower beds after the cats have made their mess. As you know a cat never "messes" his own place so therefore the rest of us get it — and how!

These cats are ruining the bulbs that are just coming up, the acid is killing the new grass and shrubs and are continually digging holes in the now frost free dirt. I have spent lots of time and money trying to fix up my property and yard and would like very much to spend some time in the yard getting a breath of fresh air after a day at the office, but the small from these cats makes this almost impossible.

The final straw, and the reason for this letter is, last evening just at dusk I went into the yard to put out some garbage and tramped in some cat mess on my shoes into my freshly cleaned kitchen — so I've had it with the cats — and hope you will publish this letter so others can voice their opinions about them. I do not dislike cats, but think if you own one, take care of it in your own yard and not allow it to roam from sun up to sun down all over the place.

I for one would be interested in seeing some sort of an ordinance passed in town regarding cats, the same as we have concerning dogs.

Your cooperation is appreciated.

Sincerely,
MRS. EDNA K. MALLEY
15 Smallwood Avenue

Belleville Man Is Named Head Coach

Louis M. Long, Jr. son of Mr. and Mrs. Louis M. Long of 29 Celia Terrace who started out as an assistant coach in football and basketball at Great Mills High School in Maryland has been elected to head football coach.

Lou recently attended the Football Coaches Conference at Atlantic City. He will continue as Assistant Coach in basketball. Lou is a social studies teacher who played his sports at Belleville High and Bloomfield College.

He is married to the former Gay Faragalli of Freehold. They have a daughter, Robin Lynn. They are now residing in Leonard Town, Md.

Cuomo Named New Singer Official

THOMAS CUOMO

Thomas Cuomo, 65 Bernice Road, has been appointed controller of the Anderson, South Carolina facility of the Singer Manufacturing Co., effective April 1. He will be responsible for all financial functions of the plant.

Cuomo, formerly cost accounting manager of Diehl Manufacturing Co., Somerville, a subsidiary of the Singer company, has been with the organization since 1960. Prior to that time he was with General Electric and Daystrom, Inc.

He is a lifetime resident here and a graduate of Belleville High School where he played basketball and head coach at Great Mills, Maryland, high school.

He attended Bloomfield College where he majored in social studies. He also managed to rack up several more letters for various sports while there.

Cuomo is married to the former Miss Ida Marra of Belleville. They will make their new home in Anderson, S. C., with their daughter, Cindy Lou.

Library Closes On Good Friday

The Belleville Public Library will be closed all day Good Friday — April 12, but will maintain regular Saturday hours on the 13.

Regular Library Hours are: Monday, Tuesday, Thursday, Friday, 9 a.m. - 9 p.m. Wednesday, 9 a.m. - 5:30 p.m.

Saturday, 10 a.m. - 5 p.m. The library is located on Washington Avenue, at the corner of Academy Street.

BECK'S COLUMN

By MAX BECK

Did you know that Television was introduced at the New York World's Fair on April 30, 1939? RCA came out with a receiver with a screen 8" x 11", and these sets were for sale. An occasional experimental program could be seen until the Federal Communications Commission authorized in May, 1941, commercial TV to be started on July, 1941. There were 21 stations licensed in the country, the first license going to WNBT, the NBC station in New York, starting with a commercial sponsor. The beginning was slow, very slow. The writer serviced 2 sets which were in operation in Nutley. Both owners since have moved. There may have been more sets in operation in town of which we don't know. The owners of TV sets were known to the station in the beginning and a notice went out every time when TV was broadcast. We soon had requests for service from owners of sets in neighboring towns. The only other technicians capable to service TV sets at that time were supplied through RCA.

It was not until about 5 years later that TV really "took off." Some wide awake tavern owners installed sets in their bars and on nights when there was boxing, you could not get in at some of these places. Wherever there was a TV set in a private home, the owners found out how many "friends" they had. TV was expensive those days and the entertainment of the many "friends" and the wear and tear on carpets and furniture made owning a TV set costlier yet. In less than 10 years TV became a multi-billion dollar industry.

Now we are on the threshold of an entirely new phase of TV, beautiful, exciting, life-like color TV.

We service what we sell.
NO 7-2275

'After 9' Phone Rate Reduction Now Nationwide

The "After 9 P.M." bargain telephone rates which have been in effect since October 1 within New Jersey are now being applied to interstate calls, the New Jersey Bell Telephone Co. says.

Under the lower rates, New Jersey residents will be able to make a three-minute, station-to-station call anywhere in the continental United States for a maximum of \$1.00 plus a 10 per cent excise tax. The "After 9 P.M." calls within New Jersey are 35 cents maximum for 3 minutes, station to station. Both reduced rates apply between 9 p.m. and 4:30 a.m.

Coincident with the reduction of interstate calls, there will be a five to 10-cent increase in intrastate person-to-person calls placed up to a distance of 800 miles. The increase is being made so that person-to-person calls of short distance will produce a proportionate share of revenue for telephone service, the company said.

Low Long Is Coach

Low Long, a nine-letterman at Belleville High School in three ball games, basketball, football and basketball, has been named head coach at Great Mills, Maryland, high school.

He attended Bloomfield College where he majored in social studies. He also managed to rack up several more letters for various sports while there.

BELLEVILLE, NEW JERSEY
Frank J. Orechio, Editor and Publisher

Sister Angelina takes great pride in showing her students some of the finer points of scientific endeavor during their Second Annual Science Fair at the school

at 25 North 7th Street last month. Most of the displays were improvised from such diverse material as drain pipes, salad bowls, and hub-caps.

St. Anthony's Students Are Science-Minded During Fair

When it comes to improvising, St. Anthony's students are no slouches. In fact, it's hard to beat those kids over at St. Anthony's School.

Recently they held their Second Annual Science Fair and by clever use of such mundane articles as hobby pins, storm window sashes, and other odds and ends, they managed to erect some impressive scientific displays.

The two-day event attracted proud parents and interested residents from throughout the town, said school officials. The four best projects of the seventh and eighth grades were to be sent to Essex Catholic High School to be judged during the New Jersey Regional Science Fair.

Winners were: Stephanie Pescia and Robert Castelluccio, both grade eight; Stephen Parrillo, grade eight; Stephen Parrillo, grade eight; Stephen Parrillo, grade eight; Stephen Parrillo, grade eight.

and Valarie Poci, both seventh graders. Their projects will be sent to Catholic High School.

Special mention was given projects by Salvatore Pizzi's "Living in Another Planet" display, which used hub caps and salad bowls to demonstrate the outer galaxy.

Other winners were: Grade 8 — First place, Catherine Di Benedetto; Honorable mention, Mario Porzio and Theodore Diaco.

Grade 7 — First place, Hugo Bartell; Honorable mention, Michele Villane and Robert Fitzsimmons. Grade 6 — First place, Salvatore Pizzi; Honorable mention, Vincent Di Benedetto and Robert Pignatelli. Grade 5 — First place, Albert Pugnet; Honorable mention, Shirley Scavone and Victor Squitieri. Grade 4 — First place, Madeline Ludovico; Honorable mention, Rosary Ann Matia and Victor Daniel Stango.

Grade 3 — First place, Michele Moretti; Honorable mention, Barbara Parrillo and Alfonso Ferrer.

Sister Superior, Angelina Intelliano, M.P.F., congratulated students and assured them the mutual exchange and awareness of what others are doing in the scientific field fosters a love of science in Catholic students.

The judges for St. Anthony's School were Rev. Joseph L. Afanador, Atomic Energy Commission, traveling science teacher; Dr. Francis Crocenz, Western Ave., Morristown; Miss Angela Noto, teacher, Clifton High School; and Sister Cecilia, M.P.F., St. Philip Neel Special Education School.

these homes prove gas heat is economical!

The heating costs for the homes shown above prove how economical Gas Heat really is. There are "no hidden costs". A gas furnace lasts longer. There are no moving parts to wear out or replace. No fuel tanks to rust out. No service contracts to pay. Public Service gives, without charge, prompt, efficient service on the gas burning parts and controls of gas heating equipment. For a free heating survey call your plumbing contractor, gas heating installer or Public Service.

SOCIAL AND CLUB NEWS OF COMMUNITY INTEREST

Evening Membership Group
To Install New Chairman

Walter T. Sincox, 116 Washington Avenue, will be installed as chairman of the Evening Membership Department of the Women's Club of Belleville at the annual banquet Wednesday evening, April 17, at Branch Brook Manor.

She has served in the evening membership department as music chairman; financial secretary; corresponding secretary; and vice chairman.

She is also a student at Lutheran Collegiate Bible Institute at Teaneck, and a part time bookkeeper for Yudin's paint store.

Before the dinner, Mrs. Richard A. Shaffer, liaison officer, will give the invocation. A regular business meeting presided over by Mrs. John W. Noonan, chairman, will follow. Mrs. Robert L. Osborne, federation secretary, will lead the members in the collect.

Officers will be installed by Miss Lieselotte E. Gottert, eighth district vice-chairman of the state evening membership department. Other officers to be installed are Miss Claire Boland, vice-chairman; Mrs. Robert L. Osborne, recording secretary; Mrs. Salvatore J. Olivetti, financial secretary; and Mrs. Warren Sheppard, corresponding secretary; Mrs. Howard Beresford, nominating chairman.

Mrs. James J. Dunn, banquet chairman, is in charge of arrangements and decorations for the annual affair.

Miss Maddams
Feted At Shower

Miss Phyllis Maddams, daughter of Mr. and Mrs. William Maddams of Franklin Avenue, Belleville, was given a bridal shower recently by her cousin, Mrs. George Williamson, of Belleville Avenue, Belleville.

Mrs. M. E. Pardun, Miss Maria Pardun, Mrs. Clarence Robst, Mrs. Walter De Voy, Mrs. Walter Gliby and Mrs. William Maddams of Belleville attended.

Miss Irene van Gerven and Mrs. Joseph B. Gilies of Clifton attended, also Mrs. W. R. Biggs, Mrs. George Harle and Mrs. Allen Miller of Nutley.

BPW Welcomes
New Members

The Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley held its membership tea and reception for new members on Sunday, March 31, at the Civic Center, 84 Broad Street, Bloomfield.

Miss Ann Boehmer and Mrs. Marie Corley of Nutley were members of the committee that planned the tea.

Mrs. Alexandria M. Lapham of Belleville and Mrs. Mary Jayne Johnsee of Nutley were among the new members welcomed into the club.

The Tri-Town BPW Club exists for the purpose of elevating the standards for women in business and the professions. It aims to promote the interests of business and professional women, to bring about a spirit of cooperation among them, and to extend opportunities in industrial, scientific and vocational activities.

Engaged

MISS JOANNE ACKERMAN

Mr. and Mrs. William Ackerman of De Graw Avenue, Newark, announce the engagement of their daughter, Joanne, to John N. Mele, son of Mrs. John Mele of Buckel Street, and the late Mr. Mele.

Miss Ackerman, a graduate of Newark School of Fine and Industrial Arts, is with Worthington Corp., East Orange. Mr. Mele, a graduate of Belleville High School, is with Vim Stores, Bloomfield.

No date has been set for the wedding.

Two mind-readers met on the street. "You're feeling great," said one to the other. "How am I?"

While women can keep a secret just as well as men, it takes more of them.

Mrs. Haring Wins
Award In State
Art Competition

In the annual art competition among members of the New Jersey State Federation of Women's Clubs held recently at Douglass College, New Brunswick, Mrs. Floyd M. Haring of 22 Continental Avenue, representing the Woman's Club of Belleville, won first place in the water color non-professional class.

Judges for the competition, in which some 150 women entered paintings, were Mrs. Cornelius Lowe of North Branch, Robert Bradshaw, associate professor of art at Douglass, and Bert Paul Kun of Highland Park, a teacher and professional painter.

Mrs. Haring, a past president of the Belleville Woman's Club, is not only Art Chairman of the Belleville club, but Art Chairman of the 8th District of the State Federation as well. She has exhibited five times in the statewide competition, receiving first place award three times and a second place award once.

She has studied pottery-making, sculpture and weaving at the Newark Museum, but so far as painting goes, is completely self-taught. She has augmented her own feeling for the art media by a study of books, attendance at demonstrations, and regular painting sessions at the Woman's Club workshop.

A LOT OF GOOD EGGS

Homemakers can look forward to a good supply of eggs, broilers and turkeys during the coming year.

The U. S. Department of Agriculture reports about the same amount of turkeys and eggs will be available in 1963 as in 1962. And there'll be more broilers on the market.

Broiler prices should be lower this year than last, and egg prices during the second half of 1963 are expected to average somewhat lower than a year ago.

U. S. Department of Agriculture.

MORE BEEF COMING TO MARKET

Consumers will find record supplies of fed beef available at their grocery stores — now through June — according to the U. S. Department of Agriculture.

The way USDA statisticians see it, there'll be 8 to 10 per cent more fed beef on sale during the first half of this year than last.

In the United States, one-fifth of a man's income goes for food; in Japan, two-fifths; and in India, three-fifths, according to the U. S. Department of Agriculture.

what size is a child?

There's no one answer — at any one age. Children's feet differ as much as children do. That's why we carry such a large stock of Stride Rites — with the good fit that Stride Rite quality, and our experience, assures.

Juniors And Seniors See Motion Picture

By LAURA BAKER

All Belleville High School Juniors and Seniors attended the performance of Darryl F. Zanuck's movie, "The Longest Day."

The students saw the film on April 4 at the Belleville Theater in Montclair. This picture provides a great deal of educational value, as it deals with the significant invasion on Normandy during the Second World War.

This three-hour picture has been widely acclaimed for its spectacular battle scenes and massive acts of courage. It readily displays what men are capable of doing when their freedom and lives are at stake.

Varied Migratory Habits Of Birds In Jersey Area

By FARRIS S. SWACKHAMER

Every fall I look forward to the arrival of white-throated sparrows. These little fellows with black and white striped chests and white bills are always fascinating to watch. They have the knack of jumping in the air and kicking backward simultaneously with both feet to uncover food hidden beneath the leaves. Sometimes walking through the woods you'll have a great commotion before spotting the earnest songsters intent on the day's meal.

Migration brings them to New Jersey in late September or early October. They leave again the last week of April or soon thereafter. Most of the birds we see during the cold months probably come from the northern United States or Canada, but not all of them. White-throats are frequently spotted in High Point State Park and Stokes State Forest during July, their breeding season. They are known to nest a few short miles across the border in Pennsylvania's Pocono Mountains.

Usually when we think about migration, arctic birds come to mind with their 2,500 mile round trip. The golden plover is another traveler who breeds in northern Canada and winters in central South America.

Vertical Migration The white-throats, on the contrary, may only travel 60 or 70 miles from wintering areas in New Jersey to summer homes in the mountains north of the state. At the radar-measured rate of 17.5 miles per hour, the journey is over in three or four hours. They simply go from the warmer lowlands to the higher ground to nest, making an altitudinal or vertical migration.

Justice Douglas comments in "My Wilderness: East to Katahdin" that spring moves up the slopes of the Smokies at the rate of a foot a day. He is a cousin of the white-throat. The Carolina junco, moves up with it. Other cousins, the white-crowned sparrows and the gray-headed juncos do the same thing on the slopes of the Rockies. They nest on the high eastern slopes and when the cold weather comes migrate downward to winter among the foothills and bordering plains.

Such migrations are not limited to the United States. In India, migrants from Siberia mingle on the plains with others that have merely descended from the nearby Himalayas. Grouse and coots nest in mountain lakes of the Argentinian Andes and winter in nearby alkaline marshes on the plains.

Leave Hunts Sometimes vertical migration does not take place in spring and fall. Violet-green swallows leave their lowland haunts in May for

breeding grounds in the hills. When a late storm blows in from the north, covering the mountains with snow, the birds go back to lower, warmer areas. These migrations, if they may be called such, measure but a few air miles. Some more cosmopolitan violet-green swallows spend the winter in Mexico or Central America. Occasionally birds combine horizontal and vertical migration. Field work along the Front Range in Colorado indicates that some come north along the plains up

Spring Is Really Here

By MARLISE JAMES

Mix up that vinegar and molasses! Spring fever has hit Belleville High with a thud.

After the drowsy winter has left for another year, everyone should be bursting with vim, vigor and energy. We should all be out taking our 30 mile physical fitness hikes, but instead the urge that is utmost in the school is to sleep. Instead of vivacious, sunny faces, most students look as though they haven't had more than eight hours sleep over the past five days. Of course, there is always the chance that they haven't, but this can't take everyone into account. It just has to be wide spread spring fever.

Other than using vinegar and molasses, how can this be cured? The administration could place traps to dump buckets of water on any student who walked around with eyes closed and bump. There are so many things to be done, that everyone should ruin some of the student's hair get busy. I'm going to start work styles. We could have a period just as soon as I finish a for milk, Graham crackers, and short nap zzz.

M. Rosamilia Attends State Conference

Belleville Schools were represented at the first annual Spring Conference of the New Jersey Association for Supervision and Curriculum Development in Atlantic City by Michael Rosamilia, general supervisor of public schools.

Conference sessions were held from April 4 through April 6 on the central theme of "Exploring Dimensions of Teaching - Today and Tomorrow."

Principal speakers were: Dr. Frederick Raubinger, Commissioner of Education, Dr. William Van Til of New York University, Dr. Arthur Fosha of Columbia University, Dr. Ronald Doll of Hunter College, and Dr. Kimball Wiles of the University of Florida. "The purpose of the conference," said Dr. Carl Hassel, Moorestown Superintendent and Chairman of the meetings, "was to bring the best thinking about curriculum directly to the New Jersey administrators and teachers who determine school programs and actually teach them in the classroom."

Belleville High Plans To Hold 'Career Night'

On Wednesday evening, April 10, Belleville High School will hold a "Career Night" for Sophomores and Juniors. Expert consultants in approximately 20 different occupational areas will meet with interested students from 7:30 to 8:30 p.m.

The consultants will discuss the nature of their jobs, the requirements necessary to enter the field, working conditions, employment trends, and salary earnings. At the conclusion of the session, a question and answer period, led by the consultants, will be held in each group.

Many of the consultants will be local members of the Kiwanis Club and former Belleville High School graduates who have been successful in their respective occupations. The Kiwanis Club has a vocational guidance committee, which helps students obtain information on various occupations.

BHS Students See Special Film Thursday

Darryl F. Zanuck's production of "The Longest Day" has been a project for over 700 junior and senior students at Belleville High School recently.

The film depicts the saga of men and events on a single day June 6, 1944 when the Allied troops landed on the beaches of Normandy. The movie, based upon the book written by Cornelius Ryan, has been reviewed, and studied by the students in their English classes. In history courses the juniors and seniors are researching, and discussing the historical events leading up to the crucial day that was to change the course of history.

Also, as a follow-up after seeing the film the students made an interesting comparison and evaluation of the movie with both the book and the actual events of history.

VIEW FROM
THE SIDELINES

By RAY FERSKO

The Bellboys lost their season openers, but seem to be getting down to normal now. Against Bloomfield, the Blue and Gold had the sacks loaded in the second, third and fourth innings. The root of the trouble, though, was the fact that all these rallies were started in the latter part of the innings with two marks already chalked up. These two-out rallies were in vain since the team couldn't get that clutch hit at the opportune time.

On Saturday the Bellboys will go up against Nutley's Maroon Raiders at Park Oval in Nutley. Nutley is 3-0 with victories over East Side, Newark, Paterson Central and East Orange. Montclair is also coming up, having a 4-0 record. On Tuesday, April 16, the Bellboys are in for a real tussle as they face Greater Newark Tournament State Champions, Garfield High. The Boilermakers are 3-0 and should continue to win if they stay at this heavy pace.

One boy who is showing a great deal of promise and poise in both pitching and pickoffs is Ray Datrio, Datrio, a junior southpaw, did very well against Bloomfield, by not allowing any walks, and held up very well under Big 10 Championship pressure. It is my opinion that the ball is going to start to bounce the Bellboys' way and make for some good wins. The team has had bad breaks and is working under poor conditions. The strange field at each game is showing its mark on the team. Nevertheless, once you have reached bottom, the only way to go is up, and that's where the Blue and Gold is going to go with an upset over powerhouse Nutley on Saturday. The Bellboys have good right-hand power and it should show at Park Oval. A combination of strong pitching by probable starter Ray Datrio, and the hitting of Syneski, Lilia and Luzzi could mean victory for an ever improving Bellboy nine.

Freshmen Roll On 12-Hit Barrage

Pete Spera's freshmen got off to a strong start as Sal Taibi pitched a one-hitter against Bloomfield Tech. The hit came in the 6th inning with two outs. The team looked very good, as there were no field errors, and they hit well from the plate. Rus Matton, Taibi and Jim Palio hit 500, and Jim Pignelli hit 3 for 3.

It is interesting to note that practically the entire squad is made up of ex-Little Leaguers and Farm Leaguers, who were schooled by the Recreation Department. There are 19 freshmen on the squad and they all have shown strong native ability. Today the talented Freshmen will face Newark Tech at 3:30 in Branch Brook Park Extension 4 Diamonds. Taibi should go again with Bruce Sincos standing by. All in all, this year's crop of Freshmen is most outstanding, for many are playing on the Varsity and J.V. Teams.

Track Preview

The track season is blossoming into full bloom this week as the cindermen have their season's first dual meet this afternoon with Passaic at Belleville. Passaic is very strong sprint-wise and it will take a great deal of effort for the Bellboy sprinters to match them. Distance-wise Jim Harvey, Rich Zigler, Bob Doerer and Bob Pagano should have little trouble in squeezing past the Indians. However, the Blue and Gold appears to be rather green in the quarter-mile. The weight of this event will be carried on the shoulders of Jim Orsini, Toby Deambola and Arthur Assantini.

Passaic has lost its All State sprinters Perry and Slaughter, who are now running for Fordham. Nevertheless, they still have an enterprising group of underclassmen. Gus Brown, Tom Greco and John Thomas, the latter a senior who has come a long way, should help Belleville sprint-wise.

In the 180-yard hurdles, Chris Lepere, Bob McGeown, Pat Ugero and Walter Phibbs all look good, but, again, so does Passaic. The Bellboys have little depth in the 120-yard high hurdles but they do have John Stasilish and Rich Bennichi to help. In the high jump it's Harvey, Byers and Brown again. These three should venture well into a point-getting season. Brown and McGeown also seem to dominate the broad jump as Brown hit over 20 feet last year. There is little depth in the broad jump and the Indians are strong in this particular phase. In the weight events it looks pretty close, with Avalone, Moisenko, Sica and Lukow holding the banner for Belleville. Belleville should dominate in pole vaulting because this is Passaic's first year for the event, while Belleville has two experienced men in Peter Eccles and Jerry Lepree.

All in all, it looks like a hard meet and one in which Belleville will have to really work for its points. The same holds true for this Monday's dual meet with the Orange Tornadoes. Orange has two exceptional weight men and an all-state sprinter in Ron Armstrong. Thus, the Tornadoes, like Passaic, will make Belleville work.

Opponents Win Two As Bellboys Falter

Lyndhurst And Bloomfield Gain Twin Victories

By RAY FERSKO

The Bellboy nine got off to a poor start last week as they lost their first two games. The baseball team, however, is starting to get down to business, and they looked impressive in their last six innings.

On April 4 the Blue and Gold met Lyndhurst and faltered to a 10-0 shut out. Dave Hatch was the losing Bellboy pitcher. Last week 1 said that the Belleville nine could not notch off any victories if they kept the ball high. This proved most apparent last Thursday. Hatch threw high and there were bad winds, which more or less paved the way for Lyndhurst.

George Connelly looked good in this contest, along with Johnny Visco, but two men can't carry a ball club. Lyndhurst, which picked to take the Passaic County Tournament, had its greatest rally in the 7th inning, scoring 5 runs. In the last two innings, Freshman Rich Pucicello came in and didn't give up any earned runs. Lyndhurst 0 3 0 2 0 0 5 0 0 10 Belleville 0 0 0 0 0 0 0 0 0 0

Early Bloomfield Rally

The Bellboys played their first Big 10 Conference game on Saturday and lost 4-0. The winner, Bloomfield, scored in the first, second and third innings, scoring three left-handers with a 3-0 record for this year. He struck out 15 Bellboys, and has recorded 32 for 16 innings. He is averaging two strikeouts for every three batters.

The Bengals took an early start in the first inning with John White hitting a home run on a 3-1 count, with 2 outs to the inning. Bloomfield scored another two runs in the second inning when Walter Heller hit a single, which drove in 2 runs. The two men got on base by a hit and an error. Then they moved up on a passed ball, but it was White's right field home hit that brought them home.

Datrio, the Bellboy pitcher, shut out the Bengals in the last 6 innings with his sharp, fast ball. Belleville settled down after the third inning and played ball, but the game had too easily been taken in the opening minutes. Bloomfield 1 2 1 0 0 0 0 0 4 Belleville 0 0 0 0 0 0 0 0 0

OLYMPIAN BOWLING LEAGUE STANDINGS

Carl Orechio Agency again took over first place by winning all three games from Costa's Delicatessen team. White Oak Pharmacy also took three games from Belleville Travel resulting in a tie for second place with Costa's.

Barbone's Chevron took two games from Rose Reilly Agency. A & F Auto beat The Nutley Sun team two games.

RECREATION-KIWANIS JUNIOR BOWLING

At Olympic Bowl the Recreation - Kiwanis Junior Bowling League's are rolling toward their season's end. The League will come to a close on April 20.

With four weeks of bowling left, we find Branch Brook Lanes leading the girls division by 15.5 games. The real battle in this league is among Belleville Times, Olympic Bowl, the Pantry and Crescent Press who are all grouped within 2 1/2 games as they clash for second place.

In last week's bowling, Belleville Times team swept 3 games and jumped from fourth to second place. Crescent Press also took all three games to close in on the leaders. Caught in the squeeze were Olympic Bowl and the Pantry, each of whom won two out of three and who are now tied at third place.

TEAMS	W	L
Branch Brook Lanes	53.5	12.5
Belleville Times	38	28
Olympic Bowl	37.5	28.5
The Pantry	37.5	28.5
Crescent Press	35.5	30.5
American Legion	31.5	34.5
Rose Reilly Agency	31.5	34.5
Jolly Cleaners	12.5	50.5

In the boys' division last week all teams held their same positions. Colony Club, on a three-game sweep, stretched their lead to nine games. With only 12 more games to be played only Tiber Hardware can possibly challenge Colony Club. There still is room for battle for the second place honors.

TUESDAY

Festival Of Passover Preparations

The Festival of Passover began for Belleville's Jewish population Monday, April 8, and will continue until April 16. But before the annual celebration the story is retold of the Exodus From Egypt by the Jews at a Seder Table, where children are acquainted with their history. Here Mrs. Chava Berkal instructs her pupils at Congregation Ahavath Achim.

Easter Sunrise Services Are Set By Protestant Churches

The Protestant churches of Belleville will unite in celebration of Easter at the Community Sunrise Service at 5:30 o'clock Sunday morning.

The service will be held in the Mill Street section of Branch Brook Park near the bridge over the Second River. The worshipers will gather on the hillside overlooking the profusion of cherry trees, which are expected to burst into blossom shortly before Easter Day.

After the singing of an Easter hymn and the reading of the Gospel account of the Resurrection of Jesus, a meditation will be delivered by the Rev. Leonard Evans, pastor of the Roseville Presbyterian Church, Newark.

To provide for the large number of people anticipated, the service will be amplified.

The annual Sunrise Service is sponsored by the Belleville Council of Christian Churches. The Rev. Arthur W. Stevens of Montgomery Presbyterian Church is in charge of arrangements. The Rev. Robert Siegel of Bethany Lutheran Church is the president of the Council.

TOWN ORDINANCE

PUBLIC NOTICE is hereby given that the following Ordinance was passed on second and final reading at a meeting of the Town Council of the Town of Belleville, held Tuesday evening, April 9, 1963 having been read in its final form at least one week prior thereto and is therefore now a law and hereby published according to law.

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE ESTABLISHING A SANITARY CODE FOR THE TOWN OF BELLEVILLE, IN THE COUNTY OF ESSEX, PROVIDING PENALTIES FOR VIOLATION THEREOF, AND REPEALING CERTAIN ORDINANCES." Adopted January 25, 1967.

Passed first reading: Feb. 24, 1963. Passed second reading: April 9, 1963. Adopted: April 9, 1963.

ATTEST: Charles B. Tedesco, Acting Town Clerk.

Robert M. Laterra, G. George Adamo, James R. Golden, Thomas P. Greco, Vincent T. Strumolo, COUNCILMEN. No. 214.

TOWN ORDINANCE

PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Town Council of the Town of Belleville held Tuesday evening, April 9, 1963 and further notice is hereby given that the second and final reading of said ordinance will be considered by said Council at a meeting to be held at the Town Hall, Washington Avenue and Belleville Avenue, Tuesday Evening, March 12, 1963 at eight o'clock P.M. when all objections to the passing of the ordinance be and the same is hereby further amended by adding the following:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE PROVIDING FOR THE REGULATION AND CONTROL OF VEHICLE TRAFFIC AND PARKING ON CERTAIN STREETS IN THE TOWN OF BELLEVILLE, AND THEREOF." Adopted August 26, 1954.

The Municipal Council of the Town of Belleville, in the County of Essex, do hereby amend, to read as follows:

SECTION 1. That Section 2 of said Ordinance be and the same is hereby amended by adding the following thereto: "That it shall be unlawful to park any motor vehicle for a period of time exceeding one (1) hour on the south side of Washington Street from Ralph Street to Main Street."

SECTION 2. That Section 3 of said Ordinance be and the same is hereby further amended by adding the following thereto: "That Academy Street from Hurnbaker Avenue to Washington Avenue be and the same is hereby designated as a one-way street for eastbound traffic."

SECTION 3. That Section 2 of said Ordinance be and the same is hereby further amended by adding the following thereto: "That no parking be permitted on the south side of Academy Street from Washington Avenue to Stephens Street. That no parking be permitted on the south side of Edward Place from Bow Street to Washington Avenue."

April 11, 1963
Fee: \$14.50
Fee: \$13.00

TOWN ORDINANCE

PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Town Council of the Town of Belleville held Tuesday evening, April 9, 1963 and further notice is hereby given that the second and final reading of said ordinance will be considered by said Council at a meeting to be held at the Town Hall, Washington Avenue and Belleville Avenue, Tuesday Evening, April 23, 1963 at eight thirty o'clock P.M. when all objections to the passing of the same will be heard and considered.

SECTION 1. That Section 5.3 of Article 5 of the Administrative Code of the Town of Belleville, N. J., be and the same is hereby amended, to read as follows:

SECTION 5.3 MANAGER - QUALIFICATIONS. The Municipal Manager shall be chosen by the Municipal Council on the basis of his executive and administrative qualifications with special reference to his actual experience in, or his knowledge of, accepted practice in respect to the duties of his office."

SECTION 11. This Ordinance shall become effective immediately after final passage and publication in accordance with law.

MODERN FITNESS. A mother in a suburban home discovered her teenage son slumped dejectedly in a chair in the living room, the picture of anguish and depression.

She asked her husband, "What was sitting nearby, what calamity had struck Junior."

"He wants to go to the corner drug store," the father said, "but the car won't start."

Briegel Heads Camp Service For YM-YWCA

Louis R. Briegel, former camp director of the McKeesport (Pa.) YMCA will assume the post of director of camping services for the YM-YWCA of Newark and vicinity.

Taking up his new position during the week of April 1, Mr. Briegel will supervise operation of the four camps run by the "Y," which are also used in off-season by community organizations for planning sessions and recreation.

He will direct operations of Camp MacDonald, residence camp for girls between ages of eight and sixteen, located in Branchville; Camp Klametha, residence camp for boys of eight to sixteen years, located in Newton; Linwood, retreat center for families and senior citizens, located adjoining Stokes State Forest in Sussex County; and Camp Dawson, day camp located in Towaco for boys and girls between the ages of seven and thirteen. The four camps last season provided a total of 28,391 camper days.

Buses providing transportation to Camp Dawson make stops at School Three, Jerusalem Street and Union Avenue, Belleville.

Operators Now Place Calls To Europe By Dial

New Jersey Bell Telephone Company offers only a dial tone away from telephones in Great Britain and West Germany with the Bell System introduction of operator dialing on transatlantic calls.

The new service, a milestone in world communications, will be extended to France in July and to Italy and Switzerland in the fall. It's a major step toward overseas dialing by the caller himself, the company said.

New Jersey Bell calls to England, Scotland, Northern Ireland and Wales are being handled by operators in the Bell System's Long Lines center in White Plains, N. Y. Calls from the Garden State to West Germany go through overseas operators in New York City.

In the past, overseas calling required operators here to connect with foreign operators to relay the calls. The new service permits New York and White Plains operators to dial directly to the desired number in Europe.

In the event of language difficulties encountered by the operator, facilities have been arranged for transmission of a special "language" digit in dialing. If an American operator needs assistance, the signal brings in a specially-trained European operator.

Cannonball Fired From Pirate Ship Is Museum Attraction

A rusty cannonball, pocket marked with age, a relic of the 17th century, is one of the oldest and prized exhibits in Pleanity Arsenal's Ammunition Museum at Dover.

Dwarfed by a surrounding display of shiny, massive projectiles, rockets and bombs of foreign and U.S. design, the innocuous appearing 18 - pound iron sphere has proved a fascinating item of historical interest to the more than 15,000 spectators who annually visit the Museum.

Fired from the pirate ship of Sir Henry Morgan, the infamous English buccaner, when conquering a Spanish fort on the coast of Panama around 1700, the round, solid missile antedates the other 15,711 ammunition exhibits currently on display.

Chevrolet Has 'Idea' Cars At Coliseum Show

Chevrolet will present thirteen idea-packed cars of today and tomorrow plus a host of special features at the International Automobile Show opening April 13 in New York City's Coliseum for nine days.

It will be the first public appearance of two low-swept Corvair advanced design cars - the Monza GT, a sleek silver fast-back coupe, and the Monza SS, a flame red roadster with identical basic styling.

Chevrolet will also display a new Corvette Sting Ray "show car" painted light blue with a candy apple pearlescent finish reminiscent of the famed Chevrolet - engine Scarabs built by Sportsman Lance Reventlow.

Prominent in these "idea cars" and also in the ten production automobiles in the Chevrolet display will be the special sports-type flavor which has long been characteristic of the International Automobile Show.

Prominent in these "idea cars" and also in the ten production automobiles in the Chevrolet display will be the special sports-type flavor which has long been characteristic of the International Automobile Show.

The production Chevrolets to

displayed are an Impala Super Sport coupe, Impala convertible, Chevy II Super Sport coupe, Chevy II Nova station wagon, Corvair Monza coupe, Corvair Spyder convertible, Corvair Sting Ray convertible and a Sting Ray coupe.

Also, two Corvair Greenbriers fitted with exciting camping and vacation items will be on display.

Surrounding these automobiles Chevrolet will present a variety of engineering exhibits and entertainment that will add up to a "show within a show."

Of special interest to children will be a six and one-half foot miniature Sting Ray Corvette. It is electrically-powered and has a fiber-glass body like its namesake. Each day of the show, one of the miniatures will be given away to a show visitor.

Easter Marks Start Of New Season Along Jersey Shore

Easter marks the beginning of a new season along New Jersey's 120-mile resort-studded seashore. First special events of the spring, including religious obser-

ances, fashion parades, egg-taking 32 lives and causing more than 100-million dollars in damage.

Open air religious services, in addition to the regular service in the churches, will be held in nearly all resorts, a reminder that the New Jersey seashore was originally developed by religious groups as a chain of seaside retreats from worldly distractions.

Restudy Of Flood Control Asked As Army Calls Plan "Economically Unjustified"

The long awaited Comprehensive Reservoir-Tunnel Plan for the control of floods in the Passaic Valley cannot be economically justified according to the U. S. Army Corps of Engineers. As a result, Governor Richard J. Hughes has called for a reopening of the Corps' study of the basin to include economic and social, as well as engineering factors.

It is a subject which has been of vital interest to this community ever since the inception of the study.

Norman J. Griffiths, chairman of the Governor's Passaic Valley Flood Control Committee expressed regret over the Corps' conclusion. He said he and his committee had enthusiastically backed the "Reservoir - Tunnel Concept" presented in an information Bulletin "Passaic River Basin Flood Control Study" issued jointly by the New York District, Corps of Engineers, and the Governor's Committee in December 1960.

He added, however, that due to extremely high costs - estimated by the Corps at approximately \$450 million - which were not previously anticipated, lack of sufficient value of benefits to justify those costs, and many objectionable features which were only evident when the plan was developed in detail and submitted for review, he and his committee have no other choice than to concur with the Corps' decision.

The principal features of the Comprehensive Reservoir-Tunnel Plan which was developed by the New York District and forwarded to the North Atlantic Division, Corps of Engineers last July for review are:

1. Extensive channel improvements of the lower river and the major tributaries above Two Bridges;
2. The construction of a tunnel 45 feet in diameter for a distance of seven miles from Little Falls in Nutley to supplement the flood carrying capacity of the Passaic River between those locations;
3. The development of two dry detention basins to store flood waters of the Whippany River at Troy Meadows and the Ramapo River in and above Oakland; and
4. The construction of a multiple purpose reservoir on the upper Passaic River in Great Swamp above Millington for flood storage, stream flow regulation, recreation, and wildlife conservation.

The Governor's Committee, joining with Governor Hughes to recommend that the Passaic Valley be further studied by the Corps of Engineers as the only means of obtaining a practicable and acceptable program of relief, said it appreciates that this additional delay may be dangerous and costly and that it shares the disappointment of the thousands of residents of the basin who have expected and deserve the earliest solution possible to their difficulties.

Because of the seriousness of the flood potential in the basin and the ever increasing pressures of urbanization which include major highway locations, school construction and residential, industrial and commercial development, the committee emphasized that the problems of the basin must be recognized and solved at the earliest possible date.

While additional funds will be required from Congress for completion of the studies and the New York District now is not in a position to indicate a date when its investigations will be completed, Griffiths stated that he has been assured by the Corps of Engineers that the Passaic Valley survey will be given top priority. He was further assured that full consideration will be given to the many economic, social and engineering factors involved in a solution to the very complicated and unique problems of the basin.

Residents Oppose New Apartment Construction At 476 Joralemon Street

Crowding and traffic problems caused the Belleville Board of Adjustment to table a request April 2 for approval of a proposed 60-unit \$700,000 garden apartment at 469 Joralemon Street.

Some 35 petitions from neighbors presented by Leslie W. Finch, lawyer for the group, asked that the request for a variance be denied. Plans indicated a U-shaped design with ten six-unit structures to be erected in a two-family residential zone.

Board members will make a decision April 16.

Fidelity Union Records Gains In First Quarter

C. Malcolm Davis, president of Fidelity Union Trust Company, has announced that net operating earnings for the three months ended March 31 were \$1,108,000 compared with \$1,073,000 for the first three months of 1962.

Per share earnings, on the 1,230,000 shares outstanding, were 88 cents a share compared to 86 cents a share for the first quarter of 1962.

Total capital funds advanced to \$50,092,000 at the end of the first quarter compared to \$47,883,000 as of March 31, 1962, marking the first time in the bank's history that they have exceeded \$50 million.

New phone book now being prepared for Newark

Here's good news. The new directory now being prepared will have larger, easier-to-read type. And a cheery new cover—in full color—showing a pictorial map of New Jersey.

NOW'S THE TIME TO MAKE YOUR LISTING IN THIS NEW BOOK MORE HELPFUL—HERE'S HOW: If you fit one or more of the descriptions in the check lists below, an additional phone book listing for yourself or your business will make it easier for people to reach you—help you avoid missing calls—or possibly losing business.

HOME PHONE LISTING FOR:

☐ A wife who is active in clubs or groups.

☐ A relative living with another family member.

☐ A teenager living at home.

☐ Several people residing together as a single household.

BUSINESS PHONE LISTING FOR:

☐ A businessman with customers in areas covered by other phone directories.

☐ A key employee who is frequently contacted by customers.

☐ A businessman whose firm is known by more than one name.

☐ A businessman who wishes customers to call another number after hours.

Why not arrange for helpful additional listings in the new phone book now? It's the one and only, complete, guide to phoning in your area. Additional listings cost surprisingly little—let you get the most from your phone book, by making it easy for people to reach you. To make arrangements, or for more information, call the Telephone Business Office.

Special Note To Businessmen: The Yellow Pages directory also closes soon. Be sure your ad appears in this handy buyers' guide.

NEW JERSEY BELL

Obituaries

Eugene T. Sullivan

Services were held at William V. Irvine & Sons' Memorial Home, 278 Washington Avenue.

John W. Platner

John W. Platner of 254 Joralemon Street, Belleville, died March 25 at Clara Maass Memorial Hospital following a short illness. He was 63.

Mr. Platner, a resident of Belleville for 30 years, was a traveling auditor for Public Service Gas and Electric Company. He had been with the utility for 40 years.

Surviving are his wife, Mrs. Margaret Goldacker Platner; a daughter, Mrs. Charles B. (June) Browne of Bound Brook; and three grandchildren.

Services were held March 27 at the Kierman Funeral Home with the Rev. Clarence Bleakney of Newark officiating. Interment was in Cresthaven Memorial Park, Clifton.

Salvatore Pascale

Salvatore Pascale, a retired barber and former Belleville resident, died April 1 at Fort Lauderdale, Fla. He lived at 911 NE 12th Street.

He is survived by three sons, Fred, Edward, and Albert, all of Belleville; and two daughters, Mrs. Sarah DeWard, Fort Lauderdale, and Mrs. Elsie Bambara, Belleville; and 12 grandchildren.

A Requiem Mass was held at St. Clements R. C. Church, Wilton Manor, Fla. following by interment Thursday morning, April 4 at 10:20 a.m. in Lauderdale Memorial Gardens.

Seacord Funeral Home, Fort Lauderdale, was in charge of arrangements.

Leslie T. Woodruff

Leslie T. Woodruff Sr., who retired as owner of a dairy bearing his name died March 20 at Clara Maass Memorial Hospital of a heart ailment. He was 78.

Mr. Woodruff, who lived at 254 Joralemon Street, founded the dairy in 1911 at Newark then under the name of the Glendale Dairy. He later changed the name to Woodruff Dairy and retired in 1953 and left operation of the business to his son, Leslie Jr. of Belleville.

He was a founder of the Independent Milk Dealers Association of Essex County and became president during 1938-39. He was also a Mason.

He is survived by two daughters, Misses Florence, Belleville, and Helen of Morristown; a brother, Sheldon, Fair Haven; a sister, Mrs. Dorothy Stouffer, Elizabeth, and a great-granddaughter, and a great-great-granddaughter.
